They Enter And Exit To Strains Of Band Music

Newly elected city officials and council members were more or less serenaded by a band led by Rex Gaither following the closing of the polls Tuesday night. Gaither, defeated for alderman, got the band together and gave the new officials a welcome into the circle of City Fatherhood.

First Gaither and his band played for the city council immediately following adjournment of regular meeting Tuesday night.

According to the songs sung by the band, the old and new mayors and aldermen "have plenty of style all the while." Anyway the band sang that old song about "Style all the While" to each out going official and the incoming officials.

After the little concert for the council, Gaither asked the council for permission to arrest the officials-elect, claiming they had committed unforgivable crimes by beating their opponents.

When asked for his opinion Mayor O. W. McDonald said he thought the officials elected had committed heinous crimes. The aldermen agreed.

Then the band went out and rounded up W. A. Butler, mayor-elect; Bert Hise, re-elected chief of police, and W. T. Hoskinson, ward alderman-elect. Edward B. Henley, ward alderman-elect, could not be found by them.

The three officials were tied with a rope and marched through the city with the band. The group, followed by a small crowd, stopped at different points in the business section and the band gave the officials a concert.

Budget Balancing In Canada Likely To Cost Uncle Sam

OTTAWA, Ont., April 7.—(UP)—Canadian citizens and United States business must pay heavily to balance the Canadian government budget and maintain the nation's credit under terms of new drastic tax schedules just announced.

The schedules call for increases in excise sales and income taxes. The special import excise tax on United States goods is tripled; a heavy tax is levied on fire insurance premiums paid United States companies.

Canada is faced with estimated expenditures for the fiscal year, which started April 1, of \$399,000,000. Revenues on past rates of taxation would amount to only \$319,000,000. The deficit of \$80,000,000 is expected to be made up by the new and increased taxes.

The special excise tax on all imports of one per cent imposed on year ago has been raised to 3 per cent.

A new import as a tax of 15 per cent on gross premiums paid by Canadian insurers to foreign insurance companies. Under the new schedule, an income of \$4,000 which paid \$16 tax under the old tax schedule will now pay \$32; an income of \$10,000 which paid \$232, will now pay \$354; one of \$50,000 which paid \$6,704, will now pay \$8,922.

The sales tax was increased from four to six per cent.

Wee Baby

KANSAS CITY, Mo., April 5.—(UP)—Sound and symmetrical, a 1-pound baby boy, believed to be the smallest child ever born alive, carried forward a stout fight for life here today.

And doctors gave the tiny boy, less than fourteen inches long, his doubled fists about as large as his 6-foot father's thumbnail, an excellent chance to win.

The baby, the physicians said, is only early and undernourished, but he is fully developed.

Mr. and Mrs. William St. John, the parents, were caught unprepared by the arrival, which was two and one-half months earlier than expected. They had a few baby clothes laid away, but even these were far too big.

Nestled in soft clothes, the child slept today in a cardboard box for a crib.

The mattress was a nest of hot water bags and the box once had contained a dozen cans of coffee.

The father is 18 years old, the mother 17. They have been married about a year.

INJURIES ARE SUSTAINED BY 4 OTHER YOUTHS

Chester Thomas, 19 son of W. S. Thomas, 1424 Avenue 2, was fatally hurt and four other youths were injured at 9:00 o'clock Friday night when the automobile in which they were riding struck a horse-drawn cart on highway 19, a short distance south of Brownwood.

Thomas lived about 45 minutes after the accident, dying on the operating table shortly after reaching the hospital, never regaining consciousness. His head was crushed.

The injured.

Funeral services were held at 1:30 o'clock Saturday at McInnis Funeral Home chapel. The three boys most seriously hurt were W. T. Harris, Jr., George Davis and Luther Crawford.

Robert Baker, son of Sol Baker, was driving the cart. He operates a dairy south of town and was returning home after making his nightly milk deliveries. Baker was uninjured, having leaped from the cart when he saw the car was going to crash into it, but his horse was killed.

Nature of Injuries.

X-ray picture made at the hospital Saturday revealed that young Harris' back is broken and physicians have put the boy in a plaster cast. He is the son of Mr. and Mrs. W. T. Harris, 1505 Eleventh Street.

Davis, son of Mr. and Mrs. Elmo Davis, 607 Second Street, also is suffering from an injury to his back and from abrasions over his face and body.

Crawford, 1600 Brady Avenue, sustained deep gashes over both eyes and small cuts over his entire face and both arms. Several stitches were taken to close some of the cuts on his face.

Clyde Reed received treatment at the hospital following the accident for a fractured right arm at the wrist and a severe cut on his head. He was discharged from the hospital after his injuries were dressed.

The six injured boys landed on an automobile driven by George Davis which belonged to his father, Davis, Reed and Harris were riding through the city Friday night and stopped and picked up Crawford, Thomas and W. T. Harris who were standing on the sidewalk near Arcadia News Stand. The boys drove out the road by Greenleaf cemetery and onto highway 10 at Brezy Point and were driving back toward town.

When the automobile struck the horse and cart it turned over and over several times, landing on its wheels 50 or 75 yards down the road from where the horse lay dead. The boys were thrown out of the car. The automobile, a closed, two-door model, was damaged almost beyond repair and the cart was torn into pieces.

M. A. Andrews, local transfer man, who lives near where the accident occurred, was the first person to reach the crash and could tell that the car rolled over several times.

McInnis Funeral Home ambulance was called and carried Thomas, Crawford, W. T. Harris and Davis to the hospital.

Funeral services were held at McInnis Funeral Home chapel at 1:30 o'clock Saturday afternoon by Dr. M. E. Davis, assisted by Rev. P. T. Stanford. After the short service here the cortege went to Pleasant Valley Cemetery where another short service was held.

Pall bearers: John Angel, Raymond Green, Melvin Coston, Carl Engle, J. B. Whitehead and Elbert Whitehead. Honorary pall bearers were members of the Brownwood High School football team.

Highway Designated Between Bronte And Ballinger Thursday

AUSTIN, April 7.—(UP)—A threat to "go around Dallas" with through east and west traffic by use of highway 15, instead of state highway 1 was made here today by Highway Commissioner Come Johnson upon receiving notice that Dallas citizens have enjoined Dallas county commissioners from removing obstructions to the building of a connection between the Commerce Street viaduct in Dallas and state highway 1.

The commission entered formal minutes today designating a state highway from present highway 70 near Bronte to highway 4 or highway 30 near Ballinger, conditional on the counties furnishing right of way and paying half of construction cost. The state will not take the road over for maintenance, it was specified, until those conditions are met.

Extortion Letter Causes Placing Of Heavy Police Guard

CHICAGO, April 1.—(UP)—A \$5,000 extortion letter threatening the abduction of his 5-year-old son today brought a police guard to the home of Alderman David A. Sutton.

KANSAS CITY WOMAN WRITES TO COLEMAN FOR CANNING ADVICE

COLEMAN, Texas, April 6.—(SP)—The wholesome value of legitimate publicity has been forcibly impressed upon Miss Gertrude Brent, Coleman county home demonstration agent, last year when the Coleman county third annual fair was being advertised a daily newspaper carried a picture and story about the pantry of Mrs. John Cook with more than 1,000 containers of food.

Miss Brent has just received a letter from a Kansas City, Kansas, lady asking for information about canning. "I reread the paper with the picture and writeup in a train we were cleaning," the lady wrote. The clipping from the paper was enclosed in the letter.

"We have a chance to grow some garden," the lady wrote, "but it is too cold yet to plant. We have our ground and seed ready." The writer of the letter explained that she had canned beans in glass jars with very poor success. "Some of them kept alright," she wrote, "but most of them spoiled and were flat sour and it took hours of boiling; so much trouble in fact that it was not worth the time or beans saved."

The Kansas lady says she has been putting up all kinds of fruit and preserves for years and expresses the belief she can successfully can meats and vegetables if furnished the Coleman county recipe. Miss Brent has furnished the information with the assistance of Mrs. Cook.

Recapture Clause Of I. C. C. Act May Be Abolished Soon

WASHINGTON, April 7.—(UP)—The house interstate commerce committee today favorably reported a bill for retroactive abolition of the recapture clause of the interstate commerce act.

The proposed new rate making clause returns to the old idea of "a fair and reasonable return" on railroad investments.

The committee also agreed to place before the house a companion piece of legislation altering the rate making base under which the interstate commerce commission sets rail freight rates.

Through repeal of the recapture provision, under which the government was entitled to collect one-half of all excess profits made by the carriers over a six per cent return on their valuation, approximately \$361,000,000 allegedly owed the government by the railroads would be wiped off the books. However this amount only \$13,000,000 ever has been actually paid into the government.

PRIMARIES TO DECIDE DEMO-GOP NOMINEES

BY RAYMOND CLAPPER
 United Press Staff Correspondent
 WASHINGTON, April 5.—(UP)—
 Two unique primaries today usher in the active stage of the great American game of selecting a president.

In the largest state, New York, and in the most independent state Wisconsin, both parties are selecting convention delegates. These are the first big April primaries which will pretty well decide how the presidential nominations are to go—Illinois, Pennsylvania and Massachusetts coming later in the month.

New York—the great prize in both parties, will select its district delegates today, 90 in each case. Later at state conventions, the republicans will select seven additional delegates at large and the democrats four.

New York does not provide for pledging its delegates but the republicans will be all set for renomination of President Hoover. The democrats are doubtful. Managers of Governor Franklin D. Roosevelt claim more than half of the delegates will be personally friendly. The chief of Tammany Hall, John F. Curry, declared here last week that he and his allies would control the delegation and would prevent it from pledging itself until the convention meets in Chicago. In any case, it is expected to vote as a unit.

Governor Roosevelt and his New York rival, former Governor Smith, are expected to be named delegates at large later. The picture of Roosevelt going to Chicago with the greatest number of delegates in a group bound under the unit rule to vote for someone else is fantastic but theoretically possible. Smith might easily find himself in the same position.

In Wisconsin, both parties are having contests. The democratic fight again is between Roosevelt and Smith. The state chairman is backing a Roosevelt slate. The national committeeman is backing an unpledged state slate which is understood to be pro-Smith. Wisconsin has 26 votes in the democratic convention.

The republican fight is between the LaFollette and the administration factions. An unpledged but pro-Hoover slate is in the field against the LaFollette line-up which is pledged to Senator George W. Norris of Nebraska. Senator Blaine Repp, Wis., is with this group. Wisconsin has 27 votes in the republican convention and has almost invariably cast them for some insurgent leader as a protest gesture.

The delegate line-up among democratic candidates thus far is: Roosevelt 129; Brown, 23; Reed, 36; un-instructed, 44.

THE THINNESS OF THE THAT

A traveler informed a Pullman ticket agent that he wanted a Pullman berth on the train to New York.

"Upper or lower?" asked the agent.

"What's the difference?" asked the traveler.

"A difference of 50 cents," replied the agent, continuing, "the lower is higher than the upper. The higher price is for the lower. If you want it lower you'll have to go higher. We sell the upper lower than the lower. In other words, the higher the lower. Most people don't like the upper, although it is lower on account of its being higher. When you occupy an upper berth you have to get up to go to bed, and get down to get it up. You can have the lower if you pay higher. The upper is lower than the lower because it is higher. If you are willing to go higher it will be lower higher. But the poor traveler had fainted.

HER DAILY GOOD TURN

Jean had been naughty and had been sent into the den to "think things over." After a while she came out all smiles and said, "I thought and I prayed."

"Fine!" said her mother. "That will help to be good."

"Oh, I didn't ask God to help me to be good," said the child. "I just told Him to help you put up with me."

MUSTA MISSED HIM

"Hello, Brown! Have you seen Smith lately? I've been looking for him high and low for the last three months."

"Well, those are the places. He's been dead about that long."—Tit-Bits.

Hoover's Leadership

THE WHITE HOUSE has sent another economy message to the Congress, urging that something be done to reduce governmental expenditures as an aid to the balancing of the budget.

But if it is not "another commission" that he wants, Mr. Hoover declared Tuesday, after Senator Jones of Washington, an administration supporter, had introduced a resolution to set up a committee of three senators, three Representatives and two appointees of the President.

There has been no time in recent American history when the government more sorely needed capable leadership in the White House, and no time when such leadership has been more emphatically unavailable.

There has been no time in recent American history when the government more sorely needed capable leadership in the White House, and no time when such leadership has been more emphatically unavailable.

A home in Sperry, Oklahoma, to trade for good farm, preferably grain land. Write Box No. 633, Forsan, Tex.

OUT OUR WAY

By Williams

Waters and Mrs. Dora Atwood of Brownwood visited Mr. and Mrs. C. C. Boyd and Miss Martha Richards Friday afternoon.

The people of this community were made sad when they heard that Brownwood was killed in a car wreck in Brownwood Friday night, April 1st. He is the youngest son of Will Thomas, being only 19 years of age. He is survived by his father, Will Thomas, three brothers and two sisters, Homer and Carl.

Mr. and Mrs. Dave Miller of Cross Out attended the funeral of their cousin, Chester Thomas, on Saturday.

Mrs. Sikes of Grosvener attended the funeral of Chester Thomas on Saturday.

Mr. and Mrs. John Tabor spent Sunday evening with Mr. and Mrs. J. C. Jones.

Mrs. Mollie Holland and children of Burkett spent Saturday night with her mother, Mrs. Bertha Tabor.

Brown County Highways

COMPLAINT about the slow progress being made toward the completion of Brown county's highways probably does no good except to relieve the feelings of citizens who are provoked by the apparently interminable delays that have been encountered, but if it accomplishes that purpose there has been a great deal of relief of late because everybody has been complaining.

Good progress is being made on highway 7 beginning at the Coleman county line, and on highway 129 beginning at the Eastland county line. But highway 7 east of Brownwood is not even under contract for surfacing, and on the south end of highway 129 the progress is so slow as not to be visible to the naked eye of the average citizen.

There probably are reasons for these delays, but for three and a half years Brown county people have been paying taxes for improved highways and they now want highways instead of excuses for delay.

Revenue From Liquor

THERE HAS BEEN much activity in and near Congress during the past few weeks while taxation measures designed to balance the federal budget have been under consideration, to promote measures for levying taxes on beer as a means of replenishing the treasury.

Such taxation is impossible because the Congress can not levy it without nullifying the Eighteenth Amendment. But the claims of the wets are baseless, as are the charges that billions of dollars are being expended for prohibition enforcement.

Other claims of the wets, that repealing prohibition would restore

prosperty and put a million men to work, are equally ridiculous when they are measured by actual facts.

The Primary Pledge

SINCE it was foreordained to occur sooner or later, the decision of Tom Love to seek an early court ruling on the status of the Democratic primary pledge should be welcomed. There have already been court rulings on the subject, but the pledge ordered by the State Democratic Executive Committee to be applied to this year's precinct primaries differs somewhat in the letter if not in the spirit from those of other years, and Mr. Love will perform a real service for the party and for his following of conscientious objectors by having the question disposed of quickly.

The pledge this year is to require all who participate in the precinct primaries to promise to support the presidential nominees of the party. Heretofore a pledge by voters in the primary elections was required to support the nominees of the primary, and this was held not to include the presidential nominees who are chosen by the national convention.

No matter what the court's decision may be, those Democrats who disapprove the presidential nominees will go into the primary and vote, and then will bolt the ticket in November if the spirit moves them to do so. In view of this fact, the State Committee probably should not have placed so much emphasis upon the pledge. Democrats who have an inadequate conception of the obligations of party loyalty are not affected by the pledge, and the others do not need the pledge to keep them regular.

The New Bonus Bill

BEFORE the present session of Congress ends, it is quite possible that the legislators will be urged to pass a new soldiers' bonus law, passing on at once to the ex-service men the \$2,000,000,000 remaining on the face of the adjusted service certificates.

Just where Congress would find that \$2,000,000,000, considering the present state of the treasury, is not stated. Certainly an expenditure of that size would not help the labors of those who are striving to balance the budget. Yet Washington correspondents are writing that there actually is a chance for such a bill to pass.

Trees Need Boron

While small amounts of the element boron are toxic to citrus trees, a certain amount is necessary for normal growth, according to University of California plant specialists.

Ebony

At the trustee election held at the Ebony school house Saturday, a very light vote was cast. S. H. Reeves was re-elected.

There was Sunday school and church meeting as usual at the Church of Christ Sunday morning, and singing there at night.

Mrs. Mack Reynolds and little daughter, Miria Nell, arrived home from a Brownwood hospital Saturday and are now safely enshrined within the Reynolds home nest.

There was a party at the David Love home Saturday night.

Mrs. Sam Hodges and Miss Ruth Briley, teachers in the Ebony school, spent Thursday night in the Stanley Reeves home.

Reide Haynes took the Ebony school boys to Indian Creek Saturday to play ball. It resulted in another victory for Ebony. Thus far the Ebony team has not been beaten this year.

Mr. and Mrs. E. O. Dwyer were selling produce and shopping in Brownwood Friday.

Robert Beakly of McCulloch county bought some cattle from the people of the Ebony community last week.

Mrs. Alice Rossow, who has been spending the winter with her sister, Mrs. Guy Reynolds, has gone to her daughter in New Mexico.

Mrs. John Reeves and daughter, Mrs. Sam Hodges of Texhoma visited Miss Dollie Reynolds Friday.

Grandmother Ketchum is still confined to her bed with a crippled foot.

Mrs. John Dwyer took dinner with the John Briley family Sunday and visited her mother, Mrs. Clara Wilmeth, in the Jim Wilmeth home Sunday afternoon.

Wayne Roberts, senior in the Mullin High School, spent the week-end with his parents, Mr. and Mrs. Charlie Roberts.

Mr. Beckham and another helper spent Thursday night at the Jim Wilmeth home. They came to deliver the cattle bought by Robert Beakly.

Homer Reeves and Joe Harris made a trip to Brownwood Saturday. No rain in this part of the country for more than three weeks, but hills are green and corn is coming up. Also turkeys are hatching.

Mr. Cunningham, a real estate dealer of Brownwood, accompanied a Mr. Blanton from Fort Worth to our community Monday. They stated their business as locating a place to plant a large pecan orchard. They visited the Jim Wilmeth pecan orchard.

Dwyer; Prayers—Friend—Bernice Norris; 2. Dangers of Friendship—June Locks; 3. Jesus as a Friend—Vivian McDaniel; 4. My Best Friend—Mary Helen Little; 5. On Saturday morning April 2, the Zephyr High School club was entertained with an April Fool sunrise breakfast by their sponsor and director, Miss Inez Patsick.

Leaving at five o'clock in the morning, they arrived at the Cahler Cave and were greeted by a blazing fire, which had been prepared by Charles Cahler.
