MUENSTER, COOKE COUNTY, TEXAS 76252 JULY 16, 1965

NUMBER 34

A few weeks ago the U.S. Congress passed a long overdue bill to repeal excise taxes on luxury items which had applied as a "temporary" measure ever since the early part of World War II. For that part taxpayers were grateful. We were irked by the nuisance as well as by the cost of shelling out an extra 10 per cent on many items, especially since some of those so called luxuries can be more correctly regarded as necessities.

With removal of those excise taxes we got a long publicity spiel from the administration reminding us how very fortunate the nation is in having about \$550 million trimmed off its annual tax bill. Everybody would have more money to spend for his own benefit. In fact, it was predicted that the extra spending would stimulate business sufficiently to produce a corresponding increase in other federal revenue. It made delightful reading. Sort of like telling how we could eat our cake but still have it.

Last week another important tax bill was passed, but administration publicity did little to spread the word on how it would affect taxpayers. Ballyhoo this time was on the blessings of medicare and the nation's wonderful social advancement in providing medical and hospital care for its old folks. We had to look elsewhere to see that the estimated cost for the first year of the program is \$5 billion.

How do you like that? Lots of publicity to tell us we can save a half billion, but very little to tell us we have to pay ten times as much.

Regarding what it will cost us individually, an estimate can be made from the Senate provision that S.S. tax next year apply on incomes up to \$6800 a year. Folks who make \$4800 or less will not feel the bite until 1968 when the rate goes up from 7 1/4% to 9 1/4%. But if you are employed and receive over \$4800 your part of the S.S. tax can go up as much as \$67.50 next year and your employer's an equal amount. If you are self-employed the tax can go up as much as \$97.20 — in the first year. After that it gets worse. And remember, that's in addition to income tax.

If you have worried about inflation you have even more reason to worry now. Next to be expected is a round of demands for higher wage rates. Some have been heard already, and more will be heard as people realize their tax is higher. The next result will be higher production cost, eventually reflected in a higher cost of living, plus inevitably higher income tax and higher social security tax.

The outlook isn't a bit cheering. We'll have bigger incomes but the gains will be wiped out by increased expenses. Meanwhile our savings will have lost some more of their value and we'll be worse off than we are now.

This time, as through the past two decades, the ballyhooed benefit of pay increase is a cruel hoax. The worker does not improve his economic status when wage gain is offset by higher living cost. Actually he's a loser to the extent that real value of his savings has shrunk. At the same time it is a bitter injustice to all who have to live on fixed income or their savings. They have had money stolen from them.

Another effect of inflation to be felt very soon over all of the nation is the increased cost of automobile insurance. While resenting the extra money we have to pay we can easily understand that it is unavoidable. The rate is not arbitrarily set by insurance companies, rather by state insurance boards after a thorough study of claims being paid by the insurance companies. Some of the cost increase can be blamed directly on the public for its increasing number of accidents and some can be blamed on inflation. We're well aware that both of those factors exist, also that insurance companies have to get more if they are going to pay more.

So the general public is stuck. We pay the higher rate whether we like it or not, simply because most of us like the features of responsibility and protection we get in insurance. We want to provide that others will be reimbursed for damage or in-

Life Saving Class Begins Monday in Local Swim Pool

Next Monday, July 19, has been set for the beginning of junior and senior life saving classes in the Muenster swimming pool. Carl King, pool manager, announced the classes this week and said that registration will be held at 9 o'clock Monday morning.

The first class will be held immediately after registration, so students are asked to report in their swim suits.

Junior life saving will be taught for sure, King said, and senior life saving will be taught if enough apply for it. Instructors will be Peggy Hellman, Carl King and Robert Russell. Miss Hellman is a certified Red Cross water safety instructor. King and Russell have Red Cross ratings as senior life savers.

King urges every strong swimmer who has the time to report for the special classes. A person never knows if or when he will have occasion to help a swimmer in distress, and there is added incentive in simply developing one's own ability and resourcefulness in the water.

The course also offers instruction in artificial respiration, procedure in case of boating accidents, and other emergency instruction.

Al Trubenbach Heads Hospital District Directors

Temporary directors of the Muenster Hospital District selected Al Trubenbach for their president at their organizational meeting last Friday night in the hospital. Other officers elected were J. H. Bayer, vice-president and Joe Galloway, secretary.

Prior to that the nine members of the board took their oath of office as temporary directors of the hospital district. Mayor Earl Fisher administered the oath.

The directors, in addition to Trubenbach, Bayer and Galloway, are Robert Bayer, Albert Dangelmayr, Al Felderhoff, Norbert Felderhoff, Tim Stormer and Ray Voth.

Their first duty is to call an election to determine whether people of this area wish to create a hospital district and assess a tax to pay the hospital's debt and indigent accounts.

If the district is approved the directors will negotiate transfer of the hospital from the Muenster Hospital Authority to the District, issue tax bonds, and assume responsibility for operation of the hospital.

They serve as temporary directors until election process provided by law becomes effective. Terms of Al Felderhoff, Ray Voth, Norbert Felderhoff, Albert Dangelmayr and Joe Galloway will expire in April following creation of a hospital district and terms of the other four will expire a year later.

Cards 14, Robins 14 Jays 13, Ravens 1

The Jays are still holding a perfect record as the junior loop of local Little League baseball nears its end. Next Wednesday's game is the last on schedule. Team standings up to now are Jays 7-0, Cards 3-3-1, Ravens 2-4-1, Robins 0-5-2.

In Wednesday's opener the Cards cashed in on gifts and settled for a 14-14 tie with the Robins. Twenty walks and two errors helped their 5 hits. The Robins played on 7 hits, 3 walks and 5 errors. Cardinal hitters were Glenn Felderhoff, triple and double, Tommy Otto triple and single, Kevin Sickling a single. Robin hitters: Earl Koelzer two triples and a double, Jim Schmitz double and single, Terry Walterscheid and Danny Fette each a single.

Next game the Jays were on a hitting spree while holding the Ravens hitters, and the outcome was 13-1. Jays had 9 hits, 7 walks and 4 errors to run on; the Ravens had 13 scattered walks. Hitting for the Jays were Kevin Pels a triple and a single, Jim Endres a double and a single, Terry Huchton, Randy Wolf, Glenn Grewing, Howard Hess, and Charles Taylor each a single.

Wm. Moore, 70, of Forestburg Dies

William Henry Moore, 70, of Forestburg died last Thursday morning at 9:45 in Muenster Memorial Hospital after a long illness.

Funeral services were held at 2:30 Friday in the Forestburg Church of Christ with Rev. C. E. Cole officiating and burial was in Perryman Cemetery under direction of Scott Bros. Funeral Home.

Mr. Moore was a native of Forestburg, born there on June 12, 1894. He was married to Miss Lenora Smith of Forestburg on December 7, 1919. He was a stock farmer.

Survivors are his wife, a daughter, three sons, one sister two brothers and nine grandchildren.

Crash Injures 6, Smashes 2 Cars And 2 Buildings

Six persons were hurt, two cars were demolished and two buildings were damaged in a car accident on Main Street about 11:30 Monday night.

According to George King of the Department of Public Safety a parked station wagon occupied by Mrs. James Hammer and two children, James Russell and Leslie Gail, was hit by a car driven by Ivan Koelzer. Other occupants in the Koelzer car were Irma Vogel and Mr. and Mrs. Charles Hamilton of Fairview, Okla. After the collision both cars crashed into nearby buildings.

All Except Mr. Hamilton were taken to Muenster Memorial Hospital for treatment of injuries and one of the six, 3-year-old James Russell Hammer, was dismissed Wednesday morning.

The sequence of events as related by Patrolman King: Mrs. Hammer and two children were parked beside the curb headed north in front of Schmitz Blacksmith Shop on the west side of the street.

They were there to meet her husband, who was parking a truck nearby. The southbound car driven by Koelzer went out of control and hit the front of the Hammer car, which was moved backward by the force of impact and crashed into the southeast corner of J. C. Trachta's recreation hall tearing the south and east walls apart at the corner. Koelzer's car continued after the impact, clipping off the post which supported the roof in front of the blacksmith shop. The roof collapsed and Koelzer's car stopped when it hit a heavy steel pipe just beyond.

2 Big G. Teams In Cahoots Lick Local Boys 6-4

A mixup in their schedule was bad for the Muenster Mavericks Monday night. Two Gainesville teams, both of which had lost previous games this season to the local fellows, appeared for contest. Apparently no one could decide which team should play, so they did the next best thing. They combined top talent of both teams and licked the Muenster boys 6-4.

Actually the home town boys defeated themselves — by obligingly grouping about a half dozen errors. Willie Walterscheid gave up 2 hits and a walk in four innings. Roy Reiter allowed one hit and no walks in five innings.

Muenster hitters were Tom Flusche, Adam Wolf, Carl Walterscheid and Charles Ashford.

BIRTHS

Mr. and Mrs. Ervin Richard Walterscheid are parents of a daughter born Monday, July 12, at Muenster Hospital. She weighed seven pounds, seven ounces and is a sister for Ruthie, Joe, Damian and Timmy. The grandparents are Mrs. C. M. Walterscheid and Mr. and Mrs. Raymond Boerner of Pilot Point. She's a great-granddaughter for Mrs. Mike Kleiss.

It's a third little boy for the Bill Birdens, and another grandson for Mr. and Mrs. J. M. Weinzapfel. Billy and Andy's baby brother, Jonathan Edward, was born June 30 at Pascagoula, Miss., weighing seven pounds two ounces. The baby's father is in the Navy.

NEWS OF THE SICK

John Riggs is on crutches, his left leg in a cast, since last Wednesday when he broke his ankle jumping a fence at Colonial Acres Farm.

Henry Huchton was admitted to Muenster Hospital last Thursday morning after breaking a hip in a fall at home. He had surgery to pin the bone Friday.

Mary Felderhoff six year old daughter of the A. J. Felderhoffs of Gainesville, has her left arm in a cast since Saturday when she fell at the family home breaking both bones.

John C. Bengfort, 85, of Lindsay is a patient in Gainesville Hospital since Friday after being seriously injured when his pickup was struck broadside by a transport truck at the intersection of Hwy. 82 and FM 1199 at Lindsay.

Hospital Reports Small Profit for 6 Months Period

Directors of the Muenster Hospital Authority learned last Thursday that the hospital operated at a slight profit in June in spite of a low census of patients. They also learned that they have a slight profit for the year to date after making allowance for accounts that are more than 90 days past due.

Sister Mildred, administrator, said accounts receivable exceed accounts payable by \$105.39 in June. The average number of patients was only 13.5 a day, which normally is not enough to break even. This time however the average bill was higher because of a larger percentage of surgical patients.

Figures were also reviewed since the first of the year as follows: January, average census 18, profit \$1016.42; February, average census 17, profit \$968.21; March, average census 15.7, profit \$762.43; April, average census 15, loss \$315.51; May, average census 13, loss \$457.79; June, average census 13.5, profit \$105.39. Net profit considering only accounts receivable and accounts payable is \$2,079.15 for the six months. No deduction is made to offset bad accounts, but it was noted that all unpaid accounts 90 days or more past due total only \$2031.85 since the hospital opened in February 1964.

The records were presented as an indication that the hospital is showing good progress financially even though it is only in its second year of operation.

Directors of the hospital authority voted to have an audit of the hospital operation made as soon as possible, the purpose being to have certified records ready for transfer to Muenster Hospital District if and when it is created by local voters.

Henry Huchton was admitted to Muenster Hospital last Thursday morning after breaking a hip in a fall at home. He had surgery to pin the bone Friday.

Scouts and Dads Set Weekend for Lake Camp-out

Boy Scouts of the Muenster troop, No. 664, and their dads will have their annual camp-out at Lake Texoma this weekend.

Scoutmaster Ed Schneider explained this week that it is practically the same as last year. The scouts and dads will camp overnight at the lake preparing supper Saturday and breakfast Sunday. The site is Paw Paw Creek.

At 11 a.m. Sunday the campers will be joined by the rest of their families for a Field Mass to be celebrated by Father Alcuin and a picnic dinner immediately after. That ends the scout program and each family follows its own plans from then on.

Schneider pointed out that visitors will be welcome to join the camp-out, but, like scouts and dads, they'll have to have their own food and bedding. Same applies to the Mass and picnic dinner Sunday. Others are welcome, but are expected to have food.

The picnic dinner is planned as a single big event, all food to be spread on the same table and all eating in a group.

Boys and dads will meet at the KC Hall at 1 p.m. Saturday with bedding and food for the camp-out. Those who do not have transportation can make arrangements by calling Scoutmaster Schneider Friday night.

It is expected that most of those will return home with their families Sunday afternoon. Any who do not have a way home are advised to make definite plans before leaving.

Mothers and others joining the event are reminded to be at the camp site on Paw Paw Creek by 11 a.m. Sunday.

Directions for those who do not know the way: Take highway north out of Whitesboro, turn left on pavement about 1/2 mile north of Gordonville turn-off, after about 2 miles turn right at sign "Rock Creek Camp", just before Rock Creek Camp turn right, cross bridge and continue to Paw Paw Creek. Signs marked "664" will be set up as guides Saturday afternoon.

Notes on Building and Improvement

The Harold Knabes have just started construction on a three bedroom brick veneer house with two baths, attached garage and central heating in the southeast part of town.

Also under construction is Rex Anderson's new home at Forestburg. It will have three bedrooms, two baths, central heat, brick veneer, double garage.

The Joe Galloways will soon get to move into their new house on Sycamore Street. Painters are there now. They have three bedrooms, two baths, central heating and cooling, fireplace, double garage, brick veneer.

Five Calls Keep Firemen Hustling Tuesday Afternoon

Muenster firemen had a busy day Tuesday on five separate calls that kept them going from 1 to 6:30 p.m. with only 30 minutes off duty.

Three of the calls were for grass fires which broke out along the Katy railroad right of way after the diesel locomotive had passed and one call was for return to a grass fire that broke out a second time.

First call was to the right-of-way near Sinclair pump station about 3 miles northwest of town. The men got back near 3 o'clock and were called to Muenster Mill's grain elevator beside the railroad tracks about 30 minutes later. Smoke which caused the alarm came from slippage of V-belts when the elevator mechanism jammed. No flame broke out, but outside the firemen had another grass fire awaiting them. They worked to a point about a half mile east of town.

Before they finished there they had a job waiting east of Myra, to help Gainesville firemen on the Katy right-of-way.

And when they finished that they had another call to the site of their first fire where the blaze had broken out again.

Upon returning the firemen had a special suggestion to people in the areas of right-of-way fires: It helps a lot if persons familiar with the area are there to tell where the gates are. Sometimes it saves fences, too.

400 Persons See New TP&L Office At Open House

About 400 persons visited the new Muenster headquarters of Texas Power and Light Company at its open house Monday from 2 to 7 p.m.

They saw the modern new building which includes the recently established office of TP&L in this community and the community room which is available to religious, business and civic groups of this area. They also received refreshments of punch and cookies and a souvenir gift package consisting of two light bulbs, a ball point pen and a "Reddy Kilowatt" cookie cutter.

In addition all had the opportunity to register for three attendance prizes. The winners and their prizes were Mrs. Joe Vogel, an electric ice cream freezer; Mrs. Al Walterscheid, and electric hair dryer; Roy Lusk, an electric clock.

Bobo Jaska, local office manager, said that he and company officials were well pleased by the big attendance at their open house, especially in view of the fact that many took time from their work to come. They regard it as an indication that Muenster is glad to have TP&L as a member of the business community.

Hosts for the event were personnel of the local headquarters: Assistant District manager Jaska, Secretary Mrs. Val Fuhrmann and Lineman Kenneth Selby, assisted by Mrs. Jaska, Mrs. Selby and Home Service Adviser Tulu Hickerson of Gainesville, all wearing white carnations. Extra helpers at the punch and cookie table and the gift table were Mike and Becky Jaska, Margie and Fred Fuhrmann and Kathy Selby. About a dozen congratulatory pot plants and floral arrangements added to the festive look of the two main rooms.

Among the visitors were company representatives from Dallas, Sherman, Gainesville, McKinney, Plano and Van Alstyne. From Dallas were Vice President and Mrs. L. A. Bryon, also Vice Presidents J. F. Skelton, C. W. Woodriddle, T. L. Austin Jr. and G. W. Eichelberger. From Sherman were Division Manager W. E. Wittington and Power Consultant, James Bellamy. From Gainesville, District Manager and Mrs. Fred Lynn.

In California

A telephone call from Rosa Driever to her aunt, Angela Laake, Wednesday reported her safe arrival in California. She flew by jet, Mrs. Ernest Medders taking her to Love Field in Dallas Wednesday morning. Rosa is visiting her son, Michael and family while she is on two week vacation from Muenster Enterprise.

Double Funeral Held for Victims Of Car Accident

Double funeral services were held Saturday at 11 a.m. in St. Luke's Church at Irving for Mary Lou, 8, and Dennis, 3, children of Mr. and Mrs. Morton Wright of Irving. Burial was in Calvary Hill Cemetery at Dallas. Rosary was recited at Colonial Funeral Home in Irving Friday at 7:30 p.m.

Father Robert C. Rehkemper officiated at the Requiem Mass. Msgr. Smyth, Father Ryan and Father Fallhauer were present in the sanctuary.

The two children were killed instantly in a one-car crash in California July 6. The family was returning to Texas after visiting in California. Mr. Wright and son Jimmy who were also hospitalized were dismissed and flew with the rest of the family to Irving Friday afternoon.

Bearers for Mary Lou were Lora Rohmer, Linda Spaeth, Darlene Rohmer and Kathy Sutton.

Bearers for Dennis were Allen Spaeth, Steve, Dwayne and Kenny Rohmer.

Survivors in addition to their parents are two brothers, Jimmy and Michael of the home, the maternal grandparents, Mr. and Mrs. John Rohmer of Muenster, the paternal grandparents, Mr. and Mrs. D. M. Wright of Dallas.

Among family members from Muenster at the funeral were Mr. and Mrs. John Rohmer, Mr. and Mrs. Tony Rohmer, and Steve, Kenny and Billy, Mr. and Mrs. Johnny Rohmer and Darlene, Mr. and Mrs. Emil Rohmer and Lora, Deanna and Dwayne and Victor Rohmer, Mr. and Mrs. Maurus Rohmer of Gainesville; Miss Ida Rohmer of Fort Worth; Mr. and Mrs. Joe Spaeth and Linda, Everett and Allan of Longview; Sisters Fidelis and Romana Rohmer of Jonesboro, Ark., Sister Christine Hesse and companion of Fort Worth.

Other Muenster relatives attending were Messrs. and Mrs. Werner Cler, Frank Felderhoff, Ed Endres, Herbie Miller, Miss Theresa Hesse, Alois Hesse, Mrs. Nick Yosten, Mrs. Henry Felderhoff, (Continued on page 8)

CDA Court Hears 6-Months Report On Library Work

The July meeting of Court St. Mary, Catholic Daughters of America was held in the home of Mrs. R. N. Fette Friday night. Grand Regent Mrs. Al Schmitt call for routine reports of standing committees. Mrs. Steve Moser and Mrs. Joe Luke gave the semi-annual report of work done at the Muenster Public Library and said that in the past six months members have donated a total of 843 books. They said also that 2,359 books were loaned during that time. The library is open two days a week during the summer.

Allan Fisher and Laurie Wimmer, winners in the state poetry contest, were introduced before the meeting. They were among winners in the local CDA contest and Laurie received honorable in the state contest. Mrs. Joe Felderhoff presented each a gift in recognition of their achievement.

The court plans to sell Christmas cards again this year at \$1.00 a dozen. The cards show a color photograph of the High Altar of Sacred Heart Church at Christmas time.

Members brought articles they have already made for the annual Holiday Bazaar to be held next November. Several dozen pieces were shown.

The meeting was held in the back yard of the home where refreshments were served to 38 members.

IMMUTABLE LAW

The New York Times recently carried a story on New Zealand, where an all-embracing welfare state has been established. For example, unemployment and extreme poverty have been eliminated and adequate housing, health service and education are available to all.

few visiting Americans are satisfied with what they see. They complain of poor service, of a take-it-or-leave-it attitude toward work when other jobs are readily available, of a lack of competitiveness and what they regard as an air of backwardness compared to the United States.

This caused The Wall Street Journal to observe: "The point is simply that any society deliberately fashioned in the framework of governmental gratuities for everything from planting wheat to painting water colors is bound to grow mediocre or worse. That is practically an immutable law, whether the people concerned are New Zealanders, Swedes, Russians, Britons or Americans, and it should not be particularly difficult to see why..."

forms in this endeavor, government inevitably plays a role. The problem is how to help those who truly need help without sapping the initiative, the independence and the ambition of vast masses of people. When that happens, national decadence and decline must follow, no matter how great any country's material wealth may be.

INVALUABLE PROTECTION

A spokesman for the Chamber of Commerce of the United States has something of unusual interest to say about the drive to repeal section 14(b) of the Taft-Hartley Act — the section which permits states to adopt Right-to-Work laws. Last year, he recalled, Congress passed a law outlawing job discrimination on the basis of color, race, religion, or sex. But now, he went on, the present Congress is debating "whether to legalize discrimination in employment because of membership or the lack of membership in a private organization — a labor union." It will be interesting to see how Congress can double-talk this issue.

It is difficult to see how anyone could reconcile repeal of 14(b) with Congress' previous legislation action. To discriminate against a man because he does or does not want to join a union is certainly as bad as to discriminate against him because of the color of his skin or the church he attends. No man is free when the right to earn a living is conditioned upon forced membership in any organization.

A good union has nothing to fear from 14(b). It will gain and hold its membership on the basis of services rendered. But when membership is compulsory, there is no need to provide good and effective service — the rank and file are helpless. Right-to-Work provides them with an invaluable protection.

RUN ON THE BANK

So far, the stressed goal in the war on poverty program has been aid to the Appalachian region. However, says Senator Cotton of New Hampshire, six more Appalachias are being considered, among them the Deep South, northern New England, and the Ozarks. The Senator goes on to say: "The fly in that ointment is that it's like a run on the bank. The funds will be long gone before many in line reach the window. This is especially true of Uncle Sam's bank which is already borrowing money to keep enough in the till to pay the tellers."

In other words, the administrative costs of such programs have a habit of biting deeply into the funds provided. One sometimes wonders if the principal beneficiaries aren't the armies of bureaucrats, some very highly paid, who manage to jump on the bandwagon.

Beyond that, ending poverty demands far more than any conceivable government program. The long-range, lasting cure is an expansion, vital and vigorous economy which eternally creates more jobs and opportunities.

Probably the carrying capacity of no other form of transportation has been increased as much in recent years as that of the gray train.

A Good Question!

After government-paid medical care for the aged and ultimately perhaps, government-paid care for every one else, what will happen? Will America become a nation of healthy, independent men and women, strong in mind and body? Or is it more likely to become a nation of coddled weaklings who shrug off what has been done for them, and ask for more?

TAX PAUPER

The next time you are pressed to pay a bill and you are reluctant to part with the greenery without a struggle, I suggest you mail this letter along with it, just to show your creditors how difficult it is for you to pay off:

"Dear Sirs: In reply to your request to send a check, I wish to inform you that the present condition of my bank account makes it almost impossible. My shattered financial condition is due to federal laws, state laws, county laws, city laws, corporation laws, liquor laws, mother-in-laws, sister-in-laws and outlaws.

"Through the laws I am compelled to pay business tax, school tax, gas tax, water tax, sales tax, liquor tax, food tax, furniture tax and excise tax. Even my taxes are taxed. "I am required to get a business license, car license, truck license, not to mention marriage license, driver's license, dog license and gun license. I am also required to contribute to every society and organization which the genius of man is capable of bringing to life; to woman's relief, the unemployment relief and the gold-digger's relief.

"For my own sake, I am required to carry life insurance, property insurance, liability insurance, burglary insurance, business insurance, earthquake insurance, tornado insurance, unemployment insurance, old age insurance and fire insurance. My business is so governed that it is no easy matter for me to find who owns it.

"I am inspected, expected, suspected, disrespected, re-examined, informed, required, summoned, fined, commanded and compelled until I provide an inexhaustible supply of money for every known need, desire, or home of the human race. If I refuse to donate to something or other, I am boy-

cotted, talked about, lied about, held up, held down and robbed until I am almost ruined.

"I can tell you honestly that except for the miracle that happened, I could not enclose this check. The wolf that was at my door just came in and had pups in the kitchen. I sold them and here is the money."
—Owingsville (Ky.) News- Outlook.

BITTER ABOUT LITTER

While it may be true, as is often charged that Americans are careless about scattered litter and indifferent to helping clean it up, the indictment does not hold universally. On a highway near Providence, R. I., for example, a trailer truck loaded with 20,000 cans of beer spilled 1,900 units of its cargo.

It proved beyond a doubt that litter has bitter foes in that community. Before the truck driver could get his vehicle out of the stream of traffic civic-minded citizens had picked up every single can. More than that, they had taken the litter away and no doubt wasted little or no time in disposing of it. Showed a fine spirit. Or did it?

Could You Give Mouth to Mouth Resuscitation?

What would you do if you discovered a person who had just stopped breathing? Would you panic, waste precious moments by running for help or begin immediately to give mouth-to-mouth resuscitation?

As swimming and water sports become more popular — in many places without life guards — you could encounter just a situation.

Other causes such as asphyxiation, injury to the head, electric shock, choking or poisoning can also stop a person's breathing.

Whatever has stopped the breathing — drowning, choking, asphyxiation — start mouth-to-mouth resuscitation at once. Seconds count.

Open the victim's mouth; clear out any food particles, chewing gum, false teeth or other obstructing matter.

Tilt the victim's head back; lift his neck and tilt until his chin points upward.

Blow air into the victim's lungs by one of two methods. One way is to close off his nose by pinching his nostrils shut with your fingers or close off his nostrils with the side of your cheek, sealing your mouth over his mouth.

When working with a child, seal your mouth over both his nose and mouth.

Blow at the rate of 12 deep breaths per minute — or about five second intervals. For infants and small children, blow gently at the rate of 20 short, shallow breaths per minute.

With each breath you blow, the victim's chest should rise. After blowing in the breath, the rescuer should remove his mouth and listen for the sound of returning air.

If the victim's chest does not rise and no outflow is detected, the rescuer needs to try quickly to clear the passage. To do so, turn an adult on his side and strike several sharp blows between the shoulder blades. You can hold infants or small children by their heels or with their head down, give several sharp pats between shoulder blades. Then clear the mouth.

These directions should help you in case you encounter a disaster, but the more training and preparation you have the better. Contact your local health department, local civil defense office or Red Cross for information on life-saving instruction.

Local News BRIEFS

Leaving Sunday for a week's vacation in Colorado were Mr. and Mrs. Donnie Walterscheid, Mrs. James Mollenkopf and Lisa and Mrs. C. M. Walterscheid. Mrs. C. M. Walterscheid will remain in Colorado Springs for an extended visit. Little Craig Walterscheid is having his vacation with his grandparents the John Pelzels in Pilot Point.

All the family, four generations of them, were together Saturday at the home of Mr. and Mrs. Don C. Cooke. In Muenster to spend the day at the family home were Mr. and Mrs. Harold Cooke, their daughter and son-in-law, Mr. and Mrs. Gene Alexander and daughters Dana and Nikki, Mr. and Mrs. Don M. Cooke and children Dedie and Mark, all of Fort Worth. It was three-week-old Mark's first trip to see his great-grandparents and the first time the entire family was together at the family home.

Mary Kay and Robert Gremminger of Garland are spending this week in Muenster with relatives. Their parents, Mr. and Mrs. Teddy Gremminger and Wayne and Brenda, brought them to Muenster Friday. Teddy was on vacation and the family spent last weekend in Houston. They toured the Astrodome and also saw the Astros play the Los Angeles Dodgers. Their little daughter Brenda stayed in Denton with her uncle and aunt, the Willard Hartmans while her family was in Houston. Thursday all enjoyed the day at Six Flags.

A family gathering at the J. M. Weinzapfel home greeted Lt. Col. and Mrs. David Bright and seven children when they arrived here last Thursday evening to visit her parents before getting settled at his new assignment in Greensboro, N.C. They had been in Bonn, Germany, for four years. Joining them for supper were Msgr. Thomas Weinzapfel of Dallas who returned to Dallas after the get-together; Father Joe Weinzapfel of Dallas who came from Tulsa to end his vacation at home, he left Saturday, and Mr. and Mrs. Henry Weinzapfel and three children. All were happy to see Mrs. J. M. Weinzapfel up and around. She had been dismissed from Muenster Hospital earlier in the day, is recovering rapidly from surgery June 28.

Mr. and Mrs. Jim Stockman and children of Oklahoma City spent the weekend with her mother Mrs. R. M. Zipper and Joan. They took David back with them after a vacation visit in Muenster.

Mr. and Mrs. Gene Hartman and Jeanna and Pamela of Denton were weekend visitors with their parents, the Dick Cains and Victor Hartmans

The dress factory is back in operation Monday this week after being closed a week for vacations. Mrs. Ola Roberg, plant manager, and her husband, Louis Roberg, spent their vacation in El Paso with the Kenneth Lloyd Kings. Capt. King is stationed at Fort Bliss. The Robergs brought 4 year old granddaughter Kimberly King back with them for a visit.

Miss Shirley Walterscheid of Fort Worth is ending the second week of her vacation here this week. She and her mother Mrs. Harold Walterscheid spent three days last week in Oklahoma City with their sister and daughter, Mrs. Jim Harris and family — helped the Harris celebrate their ninth wedding anniversary July 7. Monday Mrs. Walterscheid and Shirley went to Wichita Falls to spend the day with relatives, the Chris Jensens and Roy Plumlees.

Newlyweds Mr. and Mrs. Thomas Dankeleiter returned Friday from their wedding trip, seeing places of interest in Colorado and New Mexico and driving through Kansas and into Nebraska for sight-seeing. They're helping put finishing touches to their new home, meanwhile are living with the Tommy Hesse family.

Mr. and Mrs. Dickie Cain of McKinney combined business and pleasure on a trip to McAllen. They left Thursday taking Mrs. Wilfred Klement and sons of McAllen home after their visit here with the Norbert Klements and the Bernard Wolfs. The Cains returned to Muenster Monday and picked up their children Troy and Scott who stayed with their grandparents, the Norbert Klements and Tammy who stayed with the Wendell Richeys. Little Shauna stayed in Dallas with the Bill McCollums.

J. A. Fishers See Eastern States

Mr. and Mrs. John Fisher are back from a three-week vacation sight-seeing and visiting in Washington, D.C., New York, Maine and Canada. Their daughter, Miss Rosemary Fisher, was on the first part of the trip with them. They took her to Camp Bendito in Maine where she is a crafts counselor for girls' summer camp for eight weeks.

The three went sight-seeing in the Nation's Capital and then on to the World's Fair where another daughter and her family, the Max Rumelhart, Matt and John, of Bath, Maine, met them for two days of sight-seeing. Together they all went back to Bath for a few days at the Rumelhart home, took Rosemary to Camp Bendito and returned to the Rumelhart home to see the Rumelhart's furniture leave for his new Navy assignment in Durham, N. C.

Then in two cars the Fishers and Rumelhart drove to Canada. They crossed the ferry at Quebec City and visited the Shrine of St. Anne de Beupre. Other Canada highlights included a visit to the Shrine of Our Lady of the Cape at Three Rivers and St. Joseph's Shrine in Montreal. Back in Chicago, the group parted company. The Rumelhart's flew to Metairie, Wash., to visit his relatives and the Fishers headed for home. They returned Thursday night.

After a visit with his family, the Rumelhart's will go to Milwaukee, Wis., where Lt. Commander Rumelhart will take a three-week shortcourse at Marquette University before reporting for his new assignment with the Navy. He'll teach ROTC at Duke University in Durham, N.C. It's a three-year assignment.

Mrs. John Kelly and children and Mrs. J. C. Darlik and children all of Fort Worth spent several days last week with their parents and grandparents, the Henry Henseheids.

Funeral services were held in Lubbock Friday morning for Mrs. Helen Lakey who died there Wednesday. She was a cousin of Mrs. M. H. King and a niece of R. M. Felty. She formerly lived at Hood.

Visiting the Ernest Medders family the past week were Blaine and Kirk Purcell of Washington, D.C. A number of social events were given in their honor. They are sons of Congressman and Mrs. Graham Purcell. Blaine is a capitalist page.

SAFETY DEVICE — In order to combat the growing number of accidents involving slow-moving vehicles, a safety emblem has been developed to alert motorists approaching from behind. The emblem, shown mounted on the rear of the above tractor, is brilliantly colored for quick recognition either in daytime or at night. A comprehensive program to encourage use of the emblem by farmers and others who operate slow vehicles and to acquaint the public with its meaning is being coordinated in Texas by the Texas Farm Bureau Safety Department.

Pat Endres is back home after a weeks vacation on the farm. He visited his grandparents, Mr. and Mrs. Matt Neu at Lindsay.

Mr. and Mrs. Leon Fleitman entertained in their home with a barbecue supper Saturday evening. It was a welcome home party for Henry Starke who received his discharge from the army on July 3, and a farewell for David Haverkamp who will leave on July 28 to enter the service. Fourteen couples were present.

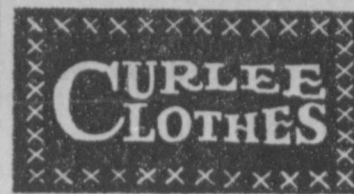

A fish fry at the home of Ben Otto in Gainesville Saturday evening was a farewell for Mr. and Mrs. Gene Fahey of San Antonio who had spent a week with her father. Among guests were Mr. and Mrs. Melvin Otto, Mr. and Mrs. Tommy Otto and Jim Otto of Gainesville, and Mr. and Mrs. Al Schmitt and family of Muenster.

Muenster Get-Together Club members had their July social with Mrs. Joe Hoenig as hostess in her home. She served a dessert plate and coffee after a series of progressive 42. Miss Annie Hellman was high scorer in the games and Mrs. Joe Horn won the consolation award. Mrs. Jake Pagel drew the door prize. Mrs. Horn invited members to her home in August when she will be club hostess.

Mr. and Mrs. Ed Swirczynski and children Debbie and Gary of Fort Worth spent Wednesday with his parents, the Joe Swirczynskis and other relatives. They were on their vacation.

It seems that most knocking is done by folks who aren't able to ring the bell.

Unions like anyone else, should be required to sell themselves to their members through good service and high purpose, and as long as they do, men and women will proudly want to join.

Building Notes - -

Tommy Dankesreiter's new house near the southeast city limit. It features three bedrooms, two baths, central heat and cooling, brick veneer, double carport.

Two new houses are finished and occupied for about two weeks: One is the Gold Medalion home built by Ernest Medders across the road south of his house. The J. D. Howards are there. Nearby is Larry Hennigans. Both are three bedroom houses, two baths, double garage, brick veneer.

A major addition is almost ready for use in the Kralicke house. It includes a bedroom and bath, family room, fireplace and its own air conditioning unit.

Charles Switzer is making slow but steady progress on a do-it-yourself remodeling job at his home on West Second. The addition includes two rooms and a carport.

The Andy Schoechs are adding a bathroom, remodeling their old bath and installing an electric central heating unit.

On East Second the Pete Hammers are having a utility room added to their home.

John Mosman is putting a new roof on the house just vacated by George Swirczynski.

A new commercial building is the 50x100 beer warehouse just finished by Urban Endres on North Mesquite. It's made of pre fabricated steel.

The rural area has two new hay barns, both of sheet iron. Bruno Fleitman's measures 64x50 and Leo J. Haverkamp's measures 80x66.

Albert Herr has given a new look to the grain elevator he purchased at Myra. He added roof and siding of corrugated iron.

Victor Hartman's house and garage have a new outside paint job.

4-H Workshop

A recordbook workshop for 4-H Club members was held in the TP&L building Tuesday morning. Conducting the workshop were Mrs. Evelyn Yeatts, Ass't. Home Demonstration Agent, Miss Betty Parr and Mr. Paul Jenkins all of Gainesville. There were 20 members and 6 adult leaders present.

Swirczynskis End Nine Day Vacation

Mr. and Mrs. Herman Swirczynski and son Ricky reported a delightful time on their nine-day vacation which took them to Colorado Springs, Oklahoma City and Amarillo.

The trio left July 4 by car for Oklahoma City where they visited their son and brother, Brother Gerard Swirczynski. They visited him until Tuesday when they left their car and flew to Colorado Springs, Colorado. There they were guests of Mr. Swirczynski's sisters and families, the Charlie Knaufs and the Clarence Erpeldings. They went sight-seeing in and around Colorado Springs.

They left Colorado Springs by plane on Sunday for Amarillo for a visit with another son, Mr. and Mrs. Clifford Swirczynski. They were all Sunday dinner guests of Mrs. Swirczynski's parents.

They visited until Monday afternoon when they flew to Oklahoma City to pick up their car for the return trip home.

**Dodgers 8, Yanks 2
Braves 6, Giants 2**

The Braves and the Dodgers continue their tie for top spot in the senior division of Muenster's Little League. Standings are Braves and Dodgers each 4-1 and Yanks and Giants each 1-4 since last Friday's games, in which the scores were Dodgers 8, Yanks 2; Braves 6, Giants 2.

In the opening game the Yanks made a good start with three of their four hits and a fielder's choice grouped together for 2 runs. But then they ran out of steam, only 1 hit and 4 walks scattered through the rest of the game. Dodgers made 1 each in the first, third and fourth and 5 in the fifth, working on 6 hits, 2 errors and 7 walks. The hitters were Tommy Hess 2 singles, Mike Felderhoff a double, J. D. Rumley a single for the Yanks; Tim Endres a double and a single, Stan Endres, Ronny Hess, Doyle Hess and Chick Stoffels each a single for the Dodgers.

In the second contest the Braves were ahead 5-2 when the game was called off at the end of the fourth inning. Braves actually had fewer opportunities to work on, 3 hits and 6 walks compared with 3 hits, 3 errors and 4 walks for the Giants, but did a better job of base running. The hitters: Carl Endres and Ken Schmitz each a triple and Herb Fisher and Dale Hellman each a single for the Braves; Alcuin Schilling a double, Tim Endres and Alvin Hoenig each a single for the Giants.

Fasten Your Seat Belt

"Fasten your seat belts, please," is a customary warning for airline passengers. But, it's an admonition for motorists, too.

Your chances of being killed in an accident increase five times if you are thrown from the vehicle. Using your seat belt can keep you safe. Accident studies show that use of seat belts can eliminate at least one-third of all automobile injuries.

Seat belts are the best low-cost feature available for a car, yet many people fail to install and use them.

One person may use "claustrophobia" as an excuse for not using seat belts. He may tell you, "If the car should catch fire or submerge, I wouldn't want to be trapped inside."

What this person doesn't realize is that less than one percent of all injury-producing accidents involves fire or submersion. By helping you remain conscious for quick escape, seat belts improve your chances of surviving. They can be unfastened instantly with one hand.

And anyone thinking seat belts are strictly for the speedster, is sadly mistaken. More than half of the accidents causing injury or death involve speeds of less than 40 miles per hour. Seat belts offer the same protection at low speeds that they give on the race track.

"I never take the car on trips," a man said recently, "So, why should I use seat belts?"

Here's why. Three out of four traffic deaths occur within 25 miles of home. Seat belts give protection in town as well as on the highway.

This year one of every four cars, according to statistics, will be involved in a traffic accident. True, seat belts won't stop accidents, but they will reduce deaths and injuries.

Before you turn the ignition key in your car, fasten your seat belt. And if you ride with someone else, it is as important as ever — if not more so — to buckle your seat belt.

Double Funeral - - -

Mrs. Henry Pels, Jr., Mrs. Joe Henry Walterscheid.

Also Mr. and Mrs. Wm. Sutton and family of Mesquite, Mr. and Mrs. D. M. Wright and Mr. and Mrs. John Wright and family of Dallas along with numerous relatives and friends from Grand Prairie, Euless and Irving.

Also attending the funeral were the Sisters of the Holy Family of Nazarene from St. Luke School in Irving.

Snakes' eyes are covered by hard, transparent, plastic-like caps so they can burrow without hurting their eyes. They have no eyelids.

Sixth Birthday Party for Janet

Janet Henscheid celebrated her sixth birthday Monday afternoon with a party at City Park. Her mother, Mrs. Rufus Henscheid was hostess for fifteen little cousins and friends.

Gifts, games and refreshments made it a gay event for the youngsters. Balloons and horns were party favors. Mrs. Joe Galloway and Monica Yosten assisted in serving birthday cake, ice cream and drinks.

Mr. and Mrs. Harold Nortman and Mr. and Mrs. Ray Hess of Muenster vacationed in South Texas last week.

jury caused by us, often beyond our ability to pay, and we also want protection against unscrupulous people who might otherwise ruin us financially. Insurance is a matter of both conscience and prudence.

In this respect it can be added that something more needs to be done about the element of conscience in insurance. This state's driver responsibility law demands that anyone who causes an accident be able to pay for damages and/or injuries, either by insurance or by his own money. But some people neglect to insure and can't pay after they cause an accident. The law provides penalties for them. But the usual outcome

is that the victim is unpaid and the offender gets little or no penalty, on the theory that you can't get blood out of a turnip.

The situation could be remedied very simply by a law requiring that a car must be covered by liability insurance before it can be licensed. Some people would howl about it, but after all, there is responsibility as well as right in driving a car.

Texas lumber production reached a peak in 1907 when 2,229,600,000 board feet were produced. During World War II period lumber production was 1,400,000,000 board feet annually. Since 1957 Texas lumber production has been less than 1,000,000,000 board feet each year.
