VOLUME XXIX

MUENSTER, COOKE COUNTY, TEXAS 76252 - OCTOBER 8, 1965

NUMBER 46

The United Nations General Assembly Monday afternoon came nearer than at any previous time in its career to meeting the objective it was originally intended for. The address by His Holiness Pope Paul was an eloquent plea for peace among nations and brotherhood among men under the Fatherhood of God.

Essentially it was a reminder to all of the world that people or nations intent on their selfish schemes, to the exclusion of God's Will, make a terrible mess of things. There are no world problems today which cannot be solved if men and nations will guide themselves by a sincere desire to do things as the Creator wants them to.

The Pope's speech was only an elaboration of the angelic message at the time of Christ's birth — "Peace on earth to men of good will." The way to eliminate war and reduce human suffering is to substitute love and understanding for selfishness and intrigue which too often dominates the dealings among nations. The noble purpose which he held up for the UN was no different from the one originally proclaimed in the organization's charter. But the method of operation prescribed by him was so very different from the one that has been in use.

Already we hear there will likely be political implications resulting from the Pope's endorsement of United Nations. It can be interpreted as a repudiation of views to the contrary, and critics of the UN can expect to be accused of disagreeing with a very eminent man of God.

The issue isn't quite that simple, however. On the other hand it can be said there was a good reason for his appearance before the world delegates, pleading with them to approach their problems in a spirit of good will. That spirit has often been conspicuously absent in the past. The fact that the speech was made indicates that something about the UN does not have the Holy Father's endorsement.

A better interpretation is that the UN has his endorsement in principle. The ideals set up for the organization at its founding are completely praiseworthy. Its object was to eliminate war and strive constantly to bring greater happiness to all people of the earth. Without a doubt he approves of that purpose.

Without a doubt also he disapproves of one of the very first procedures adopted by the UN. Prayer was ruled out. Rather than offend communist members, the others decided then and there to handle world affairs without Divine help.

The real, tragedy is that they were operating not just on normal human standards but rather on a set of standards that was contaminated by a number of godless delegates. It's hardly necessary to say that there is a big difference between the spirit that might have been at the UN and the one that actually took over. It makes the shabby UN record more understandable.

All that, however, does not change the basic fact that UN was founded on a good idea and a workable method. It is better to solve world problems by negotiating than by violence, and that can be accomplished better by being together than by being scattered. There can be no doubt that Pope Paul endorses this principle — nor that he strongly disapproves of the many miscarriages of justice and compaction.

The Holy Father's plea to the world before the General Assembly is popularly referred to as a historic event. That is true in the simplest sense, because it is something new and different in history. It may also become true in the sense that it marks a turning point in history. As many of us know, there was growing danger that UN would go on the rocks. Because of years of misuse it was badly run down, clearly unable to serve its purpose. But the original good idea is still there and the original usefulness can be established if the old faults can be eliminated. That, it seems, is the UN feature endorsed by Pope Paul. That is the feature which can bring world peace and a new high standard of human contentment — provided negotiations are lifted to a new high standard of human brotherhood under the Fatherhood of God.

Local People Buy Complete Issue of Hospital Bonds

All bonds to finance the debt of the Muenster Hospital, in the amount of \$320,000, have been sold to people within the Muenster Hospital District. Al Trubenbach, president, announced Wednesday night after a meeting of the district directors.

The bonds were offered locally at an interest rate of 4 per cent rather than sell them through an investment firm with an interest rate of 4 1/2 per cent. Eliminating that extra expense, Trubenbach explained, will save local taxpayers many thousands of dollars by the time the debt is paid. Another motive for the local sale was to give local people the opportunity of a good investment. Earnings on the bonds are tax exempt.

He also stated that some of the bonds are still available even though all have been subscribed. Anyone wishing to buy is invited to contact a member of the district board for more information.

Plan Is Shaping For United Fund

Muenster's part in the current county wide drive for United Fund apparently will get into motion next week. Bobo Jaska, who shares the job of community chairman with Arthur Endres, says that preliminary work is under way now and probably will be finished in time for announcement next week of solicitors and the kickoff date.

Young Farmers To Meet Monday

A lecture and demonstration on farm mechanics will feature the next meeting of the Young Farmers, to be held in the ag building of the public school Monday night, Oct. 11, at 8 o'clock.

Drivers Warned On Illegal Passing Of School Buses

The Texas Department of Public Safety announced an intensified enforcement program against motorists who illegally pass a school bus stopped to take on or discharge children.

Captain W. J. White, commanding officer of this district of the Highway Patrol, warned motorists that Patrolmen would issue arrest citations for this violation.

"The law is very clear as to a driver's responsibility," the Captain said. "It requires the driver of any vehicle, upon meeting or overtaking from either direction, any school bus which has stopped on the highway for the purpose of receiving or discharging passengers, to stop their vehicle immediately before passing the school bus. After stopping, the driver may then proceed past the bus at a speed which is prudent and not in excess of ten miles per hour. Even then, the driver must use due caution for the safety of the children. The statutory fine, prescribed by law for violation of this act, is one dollar to two hundred dollars, plus court costs."

"During the first six months of this year, Texas had two persons killed and 97 injured in accidents involving school buses," White said. "This is tragic and useless. School buses are plainly marked and motorists know that they carry priceless cargo — our children."

Tiger Cubs Will Play Windthorst

The Tiger Cubs of Sacred Heart face their third foe of the season here Sunday afternoon at 2 when they take on the Windthorst youngsters.

To date the Cubs have a perfect record the first victim being Sadler-Southmayd and the next being Lindsay. Experience of past years indicates that the record is in danger, however. The two schools have about a 50-50 standing in previous games.

Art Show Sunday Draws 200 to See Varied Exhibits

Muenster's second annual art show Sunday in the Parish Hall had visitors coming and going during the afternoon and into the evening in spite of rain. About two hundred registered in the guest book.

The show this year had more exhibits and more attendance than its counterpart last year. Those who came were art lovers and thoroughly enjoyed themselves.

Artists from Saint Jo, Nacoma, Bowie, Gainesville and Muenster exhibited work in oils, water color, pastels, crayon, charcoal and line drawings... classified as western art, landscape, seascape, portrait, still life, animals-birds, and abstract.

Added attractions were a one-man show by Alex Lutkenhaus... a collection of his work not entered for judging. He also displayed his rocks and gems which was a popular feature.

Judges pinned ribbons on outstanding entries in children's and adult's divisions. St. Mary's School of Gainesville and Sacred Heart School had exhibits.

The show was sponsored by Muenster Hospital Auxiliary and almost entirely by Alex Lutkenhaus. The Auxiliary expressed grateful appreciation to him for the time, talent and work he put into the event.

Another popular attraction was Miss Patricia Harmon, 17, from Aubrey who brought her electric organ and presented selections throughout the show. She received an amethyst pendant on a sterling chain from Mr. Lutkenhaus.

Pat Fisher won the door prize, an amethyst pair of earrings donated by Mr. Lutkenhaus.

Auxiliary members served coffee. Proceeds of fifty and twenty-five cents are shared by the Auxiliary's Hospital fund and Sister Roberta's art class.

Hornets Nudged 29-24 by Rugged Ardmore B Team

The Ardmore B Tigers had bonus points and the Hornets did not. That was the difference, by a count of 29-24 in a hot contest on Muenster High field Thursday night.

It was the second game this season in which the extra points jinx hung over the Hornets. A week before they settled for an 18-18 tie after missing three opportunities to add the points that would have won. This time they missed four tries after as many touchdowns.

Otherwise the game was fine. The visiting boys from across Red River had a well balanced outfit of good husky fellows and James Polk's boys were long on determination. The fans got more than their money's worth.

Muenster started bad, its only fumble of the game on the first scrimmage play, giving Ardmore the ball on the Hornet 33. Six plays later sharp shooting Calvert passed to glue fingered Long for the first touchdown. Howard's kick (Continued on page 8)

Auxiliary to VFW Has Reception for Five New Members

Muenster VFW Auxiliary welcomed five new members at the October meeting Monday night in the VFW Hall and conducted formal reception ceremonies for them.

They are Mmes. Danny Wilson, John Fleitman, Johnny Wimmer, Dick Dittfurth and Maurus Rohmer.

After the ritual there was a brief period of introducing and welcoming the newcomers. Mrs. Raymond Walterscheid, president, conducted the business session during which honor roll requirements for the month were carried out. Members voted a contribution to the VFW National Home Christmas Fund and took care of ten per cent of membership dues.

Mrs. Don Flusche reported on the recent benefit dance and Mrs. Danny Wilson and Mrs. Arthur Bayer volunteered to be refreshment hostesses for the next three months.

Thirty-one members were present. Mrs. Maurus Rohmer won the door prize, and Mrs. Don Flusche and Mrs. Pete Hammer served refreshments after adjournment.

Lindsay to Host Catholic League District Meeting

St. Peter's parish of Lindsay will be host for the annual Fall meeting of the North Texas District of the Catholic State League next Sunday afternoon, October 10.

The meeting will begin about 2 o'clock, following benediction in church at 1:30, with short welcome messages by the pastor, Father John Walbe, and heads of the three parish societies, Nick Block, Mrs. Norbert Zimmerer and Paula Schmitz.

Other speakers will be David Strittmatter of St. Peter's parish and David Arendt of Lindsay High School. And Gregory Hundt, district Rural Life chairman, will present two winners of the last Catholic State League essay contest to read their essays.

Principal items for the business session is to decide on a definite date for future district meetings and to elect a president succeeding Andrew Roewe of Windthorst, who resigned to accept the office of state president.

Some state officers expected at the meeting are Mrs. Arnold Frerich of Rowena, president of the Women's Union; Kenan Gully of Rowena, president of the Youth Section; Mrs. Al Walterscheid of Muenster, vice president of the Women's Union; Doyle Voth of Lindsay, vice president of the Youth section; and Joseph Krause of Dallas representing the Insurance Section and Catholic Central Union of America.

A social event will begin after the meeting and extend into the night.

Tigers Favored in Game Friday With Collinsville High

If comparative scores are an indication the Sacred Heart Tigers are favorites by several touchdowns in the game Friday night at 7:30 on the Tiger field. Sacred Heart beat Collinsville, both by decisive scores. It looks like the easiest game of the season for Walter Wolf's boys.

Because of that the Tigers are confident. However they have been reminded not to be cocky. Comparisons on paper often differ from those on the field. The Tigers are far from a cinch.

Another consideration is the absence of hard running Larry Hess. He sprained a leg muscle while at work during the weekend and is likely to be out of uniform for two weeks. Otherwise all of the fellows are in good condition and ready to go.

Up to now the Tigers have a good season. They started with losses to the powerhouses of Whitesboro and Saint Jo, then took Callisburg, Era and Anna.

Medders' Horses Win Top Trophies In Oklahoma Show

Appaloosans from Muenster's Colonial Acres Farm walked off with the lion's share of honors Saturday at Tulsa's Appaloosa Show. The Ernest Medders' entries won all the top honors and trophies.

Queen Ann was grand champion of the show after being champion in her class and won the distinction of being high point horse in the state of Oklahoma.

Hullabaloo was reserve champion of the show after being tops in his class, and Ringo San Simone, tops in his class, was second high point horse in the state of Oklahoma.

Horse trainer Bob Smith and Mrs. Smith and Dan Murphy attended the show.

Win 5 Trophies In Oklahoma City

Appaloosa horses from Muenster's Colonial Acres Farm were among top winners in the Oklahoma State Fair Appaloosa Show Sept. 26 in Oklahoma City. Five entries won five trophies: a reserve championship, three first places and one second place.

Joker's Queen Ann was the reserve champion mare of the show after winning first in her class, Ringo San Simone was tops in the 1964 stallion class, Beau Gordio was first in the 1963 gelding class, and Humdinger's Hullabaloo was second in the 1963 stallion class.

NEWS OF THE SICK

Mrs. Eddie Krahl is back at home released from Wilson N. Jones Hospital in Sherman where she underwent surgery Friday.

Andy O'Connor was admitted to Nocona Hospital Tuesday.

Frank Needham is a patient at Gaston Hospital in Dallas since last Friday when he went for a routine check-up. He became sick on the way, driving to Dallas with his daughter Mrs. Johnny French of Sivel's Bend, and was hospitalized. Doctors said he had heart failure. Mrs. French stayed with him until Saturday afternoon when he was doing all right, but had just returned home when the hospital called that he had suffered a heart attack. Mr. and Mrs. French both went to the hospital and Mrs. French stayed with him. Sunday at 4 a.m. he had another, more severe, heart attack. By Monday afternoon he was improving and Mrs. French returned home. A telephone call Tuesday night confirmed improvement steady. Mr. Needham's address is Room 236 at Gaston Hospital.

Cletus Bayer, son of Mr. and Mrs. George Bayer, hurt in an accident during play at school last Wednesday, returned to classes in the sixth grade at Sacred Heart Monday wearing a neck brace. The brace will have to remain on day and night for six weeks. Cletus was a patient at Muenster Hospital Wednesday, Thursday and Friday.

On leave time overseas Cecil visited Switzerland, Austria, France, Belgium, Holland and Luxembourg, while in New York after his discharge he visited the World's Fair, Cecil trained at Fort Polk, La., and Fort Belvoir, Va. In Muenster Sunday at the family home, to see him and his many colored slides from overseas were his brother and family, the Ernest Wolfs of Gainesville.

KCs to Observe Patron's Feast at Program Sunday

Members of the Muenster Knights of Columbus and their ladies will observe the feast of their patron, Christopher Columbus, at a group communion and breakfast next Sunday. It is the council's traditional event, usually held on the Sunday before or after October 12.

John Mosman, chairman, said the program will be about the same as in previous years. Knights are asked to group in the front pews at the 9 o'clock Mass and receive communion together. After Mass they will go to the parish hall for their breakfast and program. The charge is \$1.00 per person.

Hornets to Start 9-B Race at Chico Saturday Night

Beginning Saturday night at Chico, the Muenster Hornets go into the serious part of their 1965 football season. Practice games are over. The District 9-B race is under way. They will be playing for keeps and they are determined to give other members of the loop a real tussle.

As of now the starting opponent is a dark horse. Coach Polk has reports that the Chico team was hit hard by last year's graduation but not much is known about the caliber of boys who took their place. The team could be on a par with the outfit that was barely nosed out by the Hornets last year. Assuming that is the situation Polk and the Hornets are set for a tough game.

At the same time the MHS boys have grounds for confidence. They won their opener and looked fine in games with strong reserve teams from Iowa Park and Ardmore. Their record is good for their preference practice games. And the team is still at its full strength. No injury or illness to date.

Other conference games on schedule this weekend are Saint Jo at Sanger, Callisburg at Valley View and Era at Alford.

Tigers Win 14-12 In Hot Contest With Anna High

Sacred Heart's scrapping Tigers marked up their third consecutive win at Anna Friday night by the slim margin of 14-12. In spite of dominating the play all the way through, with a 15-5 lead in first downs and 187-75 lead in net yardage, they had to settle for just two extra points as the measure of their victory.

It seemed that good luck was smiling on the home towners and bad luck was hounding the Tigers.

To begin, Steve Kralicke went all the way on the opening kickoff return but an intended helpful block from a teammate turned out to be a liability. Officials called it clipping on the 30 and penalized Sacred Heart back to the 45.

The Tigers went the rest of the way, however. On the seventh play Larry Hess tore through the right side for 20 yards to the touchdown. The try for extra points failed.

After the next kickoff Anna made a first down and kicked on the second series. Sacred Heart was on its 15. Two plays gained only a yard and the third lost ground to the 1. Trying to kick on fourth down Larry Hess fumbled behind the line and Anna recovered for a touchdown. The try for extra points failed and the count was 6-6 near the end of the first quarter.

The remainder of the first half the Tigers outgained the (Continued on page 8)

Tiger Reserves to Host Wichita Team Next Thursday

Another game has just been scheduled for the Tiger B team. Next Thursday night at 7:30 they will play Notre Dame of Wichita Falls on the Sacred Heart field.

The visiting team comes from a new parochial high school in Wichita Falls. At this time enrollment is limited to freshmen and sophomores, however there are about 400 of those and talent for the team is assumed to be abundant. Coach Walter Wolf is expecting his boys to have a big job.

Muenster Teams Take Top Honors In Grass Judging

Muenster FFA teams took the top spots in both senior and junior divisions in the 16th annual grass judging contest sponsored by Upper Elm-Red Soil Conservation District. The event was held last Saturday in the gymnasium of Cooke County Junior College. Eight teams participated in each division.

The Muenster teams had the two high scores of the contest and also placed five of their eight members in the top ten individual scores of the contest.

Procedure of the contest is to have four members participating on each team and to take the top three scores for the team total. Total number of possible points for an individual was 502 and the total possible for a team was 1506.

Members of the Muenster senior team are Terry Wimmer, Glen Klement, Leon Walterscheid and Jim Cler. Members of the junior team are Ken Yosten, Dale Shasteen, Don Hartman and Robin Wimmer.

Team scoring was as follows. Senior division: Muenster FFA 1186, Era FFA 1104, Gainesville FFA 975, Cooke County 4-H 919, Callisburg FFA 796. Junior division: Muenster FFA 1114, Era FFA 1080, Prairie Valley FFA 1078, Nocona FFA 655, Gainesville FFA 646.

The five Muenster contestants in the top ten are Leon Walterscheid, 1st, 444; Don Hartman, 3rd, 399; Ken Yosten 4th, 397; Terry Wimmer, 7th, 380; Glenn Klement, 10th 362.

Dean Isaac, range conservationist with the Soil Conservation Service, identified each plant in the contest and gave some of its identifying characteristics after the judging was completed. The Board of Supervisors of the Upper Elm-Red SCD were host to the noon luncheon for all contestants, team instructors, visitors and others helping conduct the contest. Trophies were presented to the three winning teams in each division and individual trophies to the three top individual scorers.

The contest requires a great deal of skill and ability to recognize and properly identify the 50 plants used from a list of over 125. The contestant must correctly name each plant and tell whether the plant is annual or perennial, warm season or cool season, native or introduced, grazing value as to whether good, fair, or poor, and wildlife value whether good, fair or poor. Training of this nature is intended to give the future farmer some worthwhile information about management of grasses, so as to keep them thrifty and productive.

Pee Wee Gridders Of Public School Start Next Week

The 1965 football season for the Juniors of Muenster Public School begins next week. The game is set for Tuesday night, 7:30 o'clock, at Valley View.

The junior loop includes all schools of the 9-B District except Chico and Alford plus Lindsay, which has Alford's place on the schedule. That makes seven members and six conference games for each member.

Muenster's prospects in the league are limited as usual by the school's small enrollment in the elementary grades. Coach Polk said that he needs fifth and sixth graders to complete his lineup. Most other teams are made up of eighth graders and a few seventh graders.

FIRE FACTS

Fire Prevention week, officially proclaimed each year in the United States and Canada, marks the Great Chicago Fire of 1871, which killed 250 people and destroyed 17,430 buildings at a cost of 168,000,000.

It was originated in 1911 as Fire Prevention Day by the Fire Marshals Association of North America, to encourage public interest in fire safety. On recommendation of a National Fire Protection Association committee, it was extended to a week in 1922.

Fire Prevention Week is always the Sunday through Saturday period in which falls October 9, the date of the Chicago disaster.

According to National Fire Protection Association research:

Fire kills about 11,700 people yearly in the United States. Nearly 30 per cent of the victims are children.

Over one-third of the children killed in dwellings are alone when fire breaks out.

The average daily fire toll in the United States is 32 lives, 1,520 homes, 14 schools, 8 churches, 5 hospitals and nursing homes, 120 stores, and 135 industrial plants.

THE TEN COMMANDMENTS, TOO?

On Sunday, August 15, 1965, The Rev. Robert E. Watts rose in his pulpit in La Jolla, California. He began: "Last night I laid aside the sermon which I had prepared for today, because of an irresistible feeling that I must offer certain suggestions and conclusions concerning . . . the holocaust of riots through which we are passing . . ."

Many years ago, Dr. Watts was graduated Phi Beta Kappa from Yale Law School. He practiced law in Chicago and New York. For several years he served as Chief Assistant US Attorney in New York City; he was a special assistant to the Attorney General of the US, and the general counsel to the National Labor Relations Board. Dr. Watts was ordained in 1958. Midway in his sermon we find the following paragraphs; read them with his distinguished career and credentials in mind:

"There has been advanced by various philosophical followers of the Rev. Martin Lu-

"IF YOU CAN FIND TIME, TURN TO THE FRONT PAGE."

ther King, Jr., one of the most extraordinary suggestions ever made in Anglo-Saxon or American legal annals. As a mixture of sophistry and soft-headedness, brewed by non-legal or corroded legal minds, I assert that this suggestion has spawned the present wave of destruction now sweeping the country. In brief, this proposed doctrine is that of any individual citizen or group of citizens, after meditation, come to the conclusion that any law is unjust, and further conclude that if apprehended he or they are willing to accept the penalty imposed for violation of the law — then it becomes morally justifiable to break the law openly and notoriously.

"Of course, the worst thing about this doctrine is that there are no dividing lines in it. If it is valid for a small violation, it applies equally to a more serious one. Once you start this approach there is no stopping. It is like a roller-coaster which nears the top of the track. Once you push it over a little bit, it plunges all the way.

"The amazing thing is that many clergy . . . have openly and officially accepted this doctrine . . . and large numbers of clergy . . . have been sent, or have gone on their own violation, to southern areas for the sole purpose of expressing racial concerns by open law defiance pursuant to this new assertion of moral right. Finally . . . we seen instance after instance of reluctance on the part of elected officials to meet lawlessness quickly and firmly lest there be an adverse effect upon their personal political careers at the ballot box. Thank God, not all our officials are of this character, but too many are. . ."

To which we would add only: Hear, hear! — and Amen.

TRAFFIC DEATHS NEAR 50,000 A YEAR

In 1962 highway deaths topped the 40,000 mark, and in 1965 the 50,000 mark is not far away. In 1964 America's highways were stained with the blood of 48,000 persons.

Tragedy did not stop with the deaths, but added 3,840,000 persons to the injured list, according to the Travelers Insurance Companies which has completed a survey of statistics from motor vehicle departments. Four million copies of The Travelers report are distributed annually.

Adverse weather was not an important contributing factor. Records show that 90% of the fatal crashes occurred on clear days and on dry roads. The remaining 10% occurred in fog, rain and snowy weather.

Excessive speed continues to hold top spot in the list of accident causes, with driving on the wrong side of the road and reckless driving taking second and third places respectively. Pedestrians were at

fault in many of the fatal accidents, with crossing between intersections being top killer. Youthful drivers hold the greatest responsibility in the highway death list. They were involved in more than 29% of the fatal accidents while representing about 15% of all licensed drivers in the country. Older drivers, those over 65, were involved in 7.7% of the 1964 fatalities. They represent about 7% of the driving population.

UNBRIDLED MONOPOLY POWER

The unions have been using the last ounce of their political power in an effort to bring about a major change in the Taft-Hartley Act. That change is to eliminate Section 14(b), which authorizes the states to enact Right-to-Work laws. If the effort is successful, every worker in major industry will have to join and pay dues to a union, regardless of his wishes and beliefs, or lose his job.

We will see what happens. But if Taft-Hartley is to be changed and amended, there are certain other steps which urgently need to be taken. As the Los Angeles Times puts it, "It should be amended to prohibit discrimination by unions on the basis of race, color or creed. It should be amended to prohibit the use of duties for political purposes. It should be amended to provide for secret balloting in union representation elections. Union leaders would fight most such amendments to the bitter end. But equity, fair play, and just plain common horse sense demand that the one change not be made without the other."

The unions, with their power and special privileges, want to have their cake and eat it too. They seek unbridled monopoly power which cannot be countenanced in a free nation — if that nation is to remain free.

Five Finalists in 'Miss Muenster' Contest Chosen

Muenster's Jaycee contest to select "Miss Muenster" to participate in Muenster Day at the State Fair Oct. 17 advanced another step Sunday when five finalists were chosen from a group of 12 candidates.

The 12 girls and their sponsors — Jaycees wives — were guests at a tea at Colonial Manor with Mrs. Ernest Medders as hostess and three judges from Dallas screening contestants.

The five finalists are Candy Fette, Patsy Hartman, Gloria Haverkamp, Debbie Schilling and Barbara Schmitt.

Judges, Miss Florene Smith, Mrs. Ruth Ann Smith and Jack Smith, graded contestants on a point system including poise, personality, intelligence, ambition, and over-all appearance.

One of the five will be Muenster Day Queen. She will be selected Saturday night after final screening by judges at a dance at Colonial Manor. Others at the dance will be Jaycees and their wives.

For the tea Sunday the table was in pink and silver. Mrs. Tommy Herr poured and guests helped themselves to finger foods.

Other girls attending were Mary Wimmer, Paulette Walterscheid, Donna Tuggle, Paulette Endres, Margie Fuhrmann, Janice Yosten and Janice Trubenbach. Sponsors were Mrs. Henry Weinzapfel, James Mollenkopf, Willie Walterscheid, Jerry Hoenig, Don Bayer, Walter Grewing, Tommy Herr, Bernard McNamara, Kenneth Selby, Wylie Lewis, Dan Luke, Clyde Walterscheid and Ray Evans.

Student Council Changes Method to Name Tiger Queen

In the first official meeting of the newly organized student council of Sacred Heart High School Monday the group discussed the annual football queen contest and for the first time in the school's history of football queens and homecomings changed the method of electing the Tiger queen.

There will be no contest and no vote gathering this year. The Tiger squad will choose its queen. And her identity will remain secret until time for the coronation ceremony at homecoming on November 6.

In preliminaries, the football boys will select four girls from each of the four classes. From these they will choose their queen and her three princesses.

Father Benedict Is FHA Speaker

Father Benedict Buegler was a guest speaker at the Tuesday night meeting of Muenster High FHA Chapter. His talk was themed on morals and standards required of teenagers.

During the business session Rose Knabe, vice president, presided and members elected Debbie Cain as organist to replace Linda Owen who moved to Wichita Falls.

Chairmen of four committees were announced. They are Rocky Amoroso, social; Debbie Cler, courtesy; Carol Mosman, budget; and Doris Lutkenhaus, publicity.

Mrs. Henry Weinzapfel, chapter advisor, met with the group and they arranged to attend the State Fair on Muenster Day instead of Rural Youth Day which is homecoming at MHS. Hostesses served cookies and Cokes during a social period after adjournment.

The heaviest artillery barrage ever heard on the Western Hemisphere was released on July 1, 1863, when 218 cannons were in action at Gettysburg.

Sister and Brother Celebrate Together

A birthday celebration was shared Sunday afternoon by a sister and brother, Mary Lou and Larry Fleitman, when their parents, the Eddie Fleitmans, were hosts in the family home. Grandparents and godparents were special guests.

Mary Lou was nine and Larry was three on October 3. Gifts, birthday cake and ice cream and drinks were party highlights. Larry's cowboy cake delighted the little boys.

Present were Mr. and Mrs. Joe Bauer of Gainesville and Mr. and Mrs. Al Fleitman, the grandparents; Mr. and Mrs. Henry Felderhoff, Larry's godparents, and their family, Joe Bauer Jr. of Gainesville, the honorees' brother Allen and sisters Lenora and Charlotte. Mary Lou's godparents, the Cletus Bauers, were unable to attend and mailed a gift.

The practice of giving away road maps was initiated by auto companies in 1914, reports Marathon World. Today, about 200 million of these maps are given away each year by the industry, while other agencies contribute another 20 million.

Family Observes 25th Anniversary At Al Hess Home

Silver wedding anniversary of Mr. and Mrs. Al Hess was observed with a family dinner at their home Saturday evening. They hadn't planned a celebration because all the children couldn't be present but those who could be at home arranged the party.

Mr. and Mrs. Roy Monday and Mr. and Mrs. Bob Fitch

and children Wayne and Lee Ann, all of Dallas, and Dennis Hess of Denton joined Diane, Alan and Myron, still at home, in observing their parents' anniversary. Sister Malachy of Fort Smith, Ark., was unable to attend.

The children gave a set of silverware to the parents as an anniversary gift.

The anniversary dinner also honored three birthdays. Mrs. Hess was married on her birthday on Oct. 2, 1940, and the first grandchild, Wayne

Fitch was born Oct. 2, 1963. The other grandchild, Lee Ann Fitch, was one year old Sept. 29.

Mrs. Hess was Miss Antonia Hundt of Lindsay before her marriage. The nuptial ceremony was in Lindsay and they have spent their entire married life at Muenster, on a farm two miles northwest of the city until two years ago when he went into the furniture business. They built a new city home and moved into it in January 1964.

Ed Meek bought his first food and drink stand at the State Fair of Texas the year Jack Benny was born — that, of course, was 39 years ago. Later he bought the two Big Eli #5 Ferris wheels, a pair of miniature trains, several other rides — and he even met Erma, his wife of 43 years, on the State Fair Midway. Ed has seen a lot of soda pop flow — and he's getting ready to fill the cups again on October 9, opening day of the 1965 State Fair of Texas in Dallas.

GRASSED WATERWAYS - like this one in the SCS photo above on Dr. M. P. Knight's farm, are the foundation of a good conservation program. The primary purpose of a waterway is a safe outlet for excess water. Note how the terrace at top of photo has penetrated into the waterway. Another use for waterways is for hay as is also shown in the above photo. A good Coastal bermuda grass waterway will produce 3 to 5 tons of high protein hay per acre when adequately fertilized. More than 200 waterways are still needed in the Muenster-Saint Jo area. Waterways should be located and staked prior to small grain planting.

the 10. Two plays reached the 2 and the next was another fumble. Anna recovered a half foot from the line as the half ended.

Starting the next half Anna took the kickoff and plowed through the middle of the field for 75 yards and a touchdown. An attempt for bonus points failed. The Coyotes were leading 12-6.

Sacred Heart responded immediately with a 70 yard scoring drive. Kralicke started it with a 36 yard gain and six more plays finished the job. Larry Hess made the last yard and Kralicke boomed over for the all important 2 points to break the tie. Sacred Heart was ahead 14-12.

The comeback of the Coyotes was their best performance of the game. After a first down they kicked and recovered as Sacred Heart fumbled it on the Tiger 36. Short gains with the help of two offside penalties advanced two first downs to the Tiger 10, where the situation suddenly changed.

A holding penalty plus a fouled up play set the Coyotes back to the 30, and two plays later Leon Endres intercepted on the 20.

The Tigers started goalward again making two first downs to midfield on five plays before an interception stopped them.

On the next series Anna failed to make its yardage and lost possession. Then Sacred Heart kicked on its first series and Anna did likewise. As the game ended the Tigers had completed two first downs to the Coyote 27 and were still in possession.

Knights Shaded 18-12 by Pickton

Lindsay's Knights dropped a heart breaker Friday night. It was an 18-12 loss to the Pickton Eagles after a sizzling hot game in which Lindsay was the more consistent gainer but the visitors cashed in on a few spectacular plays.

First score of the game was such a play. Early in the game, following interceptions by each team Diamond hot footed 51 yards for the Pickton score. Later in the same quarter the Eagles got another TD on a 25 yard sprint. Lindsay's first came in the second quarter on two big plays of their own - Mike Hundt's pass to David Arendt for 30 and Gieb's run for 20.

In the third quarter Lindsay tied the count with a stubborn 44 yard drive ending in Gieb's 6 yard plunge.

In the final period Lindsay was apparently headed for the winning TD when calamity struck. Pickton intercepted on the Eagle 17 and uncorked a combination forward pass and lateral pass on the next play for 63 yards and the winning score.

Tax Office Set up

Lindsay school officials are pleased with their new tax office. The school district voted independent recently, and moved taxing duties from the office of the county tax assessor to the Lindsay office. The district has undergone a new valuation program, bringing values up to a more realistic figure than that used by the county.

County FB & City Share as Sponsors In Fire Training

Cooke County Farm Bureau's part in sponsoring a representative at the annual Texas Firemen's Training School was completed last week with presentation of a check for \$52.80 to cover expenses at the school. It was given a week after arrival of a certificate stating that Jerry Wimmer, representing the Muenster Fire Department, had passed the course.

The Farm Bureau's participation in firemen training is a part of its rural fire protection program. In Cooke County firemen from both Muenster and Gainesville answer calls to rural fires. Wimmer was one of 140 firemen from almost 100 counties who attended the school this year under sponsorship of the county Farm Bureau and the Texas FB insurance company.

The City of Muenster, which sponsored a fireman at the school for many years, continues to share sponsorship now.

The city benefits in two ways from that program. The first is in keeping pace with new developments in fire fighting equipment and technique, the other is a credit allowed on the city's fire insurance key rate. The cost of the course is more than offset by the savings on local insurance premiums.

The Firemen's Training School was held at A&M University July 25-30 and August 1-6. Total registered attendance was 2,041 persons, up from 1,921 last year. There were 327 towns represented, 459 in Texas, 53 in other states and 15 outside U.S. Also represented were 29 military reservations. Equipment and supplies loaned and/or donated for the course were estimated at \$287,000.

Hornets - - -

was good for an extra point. From then until shortly before the end of the quarter both teams were standing pat, until Muenster took inspiration from Joe Hartman's recovery of a fumble on Ardmore's 38. After that Ken Stormer gained 6, Dale Klement 12, and Stormer zig zagged the remaining 20.

A similar opportunity came a few plays later as the Hornets recovered another fumble on the Tiger 37. But response was not the same. Muenster lost ground and had to kick.

Ardmore snapped back with an 85 yard scoring drive. Eight plays, including one 35 yard scamper, did it. Calvert went over from the 3. A wide kick following the TD was Ardmore's only failure to add bonus points.

In the next two series both

teams had to kick. Then Muenster lost possession on an interception and Ardmore threw four incomplete passes. With less than a minute to the half Muenster made 37 to the 10 in three plays before running out of time.

A fired up Hornet team came back to the field and stopped the Tiger runners cold. From then on the visitors made a net of only 7 yards by rushing. But their passing clicked in a big way, for gains of 128.

A penalty gave Ardmore a first down on the first series and the Hornets held on the next series claiming the ball on the Tiger 42. Then came three big plays. Klement 15, Stormer 16 and Klement 11, making the count 13-12.

Ardmore's retaliation was a barrage of passes from Calvert. Four of six tries were hits and the pay-off went to Gillham for the last 10 yards.

Another went to Long for two extra points. Ardmore was leading 21-12.

Muenster promptly came back with another touchdown drive for 80 yards. A penalty gave 15 paces for free, a pass to Hellman made 8, and hard driving on ten other plays by Stormer and Klement did the rest. Klement went over from the 2 on the first play of the fourth quarter.

The Hornets trailed by only 3 points. Prospects were encouraging. But only until the first play after kickoff. Calvert's pass hit Long on a full gallop and he went to pay dirt. 65 yards in all. A run by Mann added 2 for a very comfortable lead of 29-18.

However Muenster remained very much in the game. After an exchange of kicks Swirczynski passed to Stormer and Hellman for 20 and 21 and ground gains put Muenster on the 13, but then came a

series that lost yardage to the 25.

Next play Ardmore fumbled, Glenn Klement recovered, and Muenster had another chance. Two terrific tries by Klement made the 21 yards for the final TD.

Ardmore held on to the ball for the remaining minute.
