

Mr. Glad

NEW YORK, Nov. 25.—(AP)—There's a kick in being glad! Take for that the word of Mr. Glad, himself, who in the heart of Manhattan, on the corner of 43rd Street and Broadway, will inaugurate today his second winter of giving sandwiches and coffee to the hungry.

Mr. Glad is the head of a large and thriving sales corporation—that that much was learned under seal of secrecy. His name isn't Glad.

"I took that name," he said, "because I am glad to have regained my health and glad to have regained the material possessions I once lost."

The name fits well the ruddy, healthy smile that radiates from beneath his snow white and bushy hair. He is 57 years old, mild of manner—and brotherly. He started being "Mr. Glad" last winter when he stood on a corner not far from his office and handed out nickels so that unemployed men might have car fare to look for work. For a long time, neither his friends nor his employees. Not even his wife, knew about it.

When he began handing out sandwiches, coffee and gloves in addition to nickels, he had to have help. A few close friends were let in on the secret. Some of them will help him this afternoon between 4:30 and 8:30 o'clock to hand out a thousand sandwiches and as many cups of coffee—that will be the initial supply but more will be rushed to the scene if necessary.

Mr. Glad had intended to give away a thousand gloves, also, but he decided to reserve them for later distribution because of the prevailing mild weather.

GUESS-CROSBY SEEKING JOBS

ARDMORE, Okla., Nov. 23.—(AP)—Held blameless in the fatal shooting of two Mexican college students here last June 7, William E. Guess and Cecil Crosby, former deputy sheriffs, were looking for a job today. Sheriff C. E. Byrd said he had not decided whether they would be reinstated as deputies.

Guess and Crosby opened a filling station after losing their commissions but recently sold the business. Following joint acquittal of murder charges in the death of Manuel Garcia Gomez by a district court jury yesterday, Judge Asa E. Walden announced he would dismiss murder charges pending against Crosby in the death of Emilio Cortes Rubio, kinsman of the Mexican president.

Guess, who fired the shots that killed the two students, was acquitted in self defense. He testified he fired his pistols when the youths produced pistols as he sought to question them on a dark street where they had parked.

Salvatore Cortes Rubio, third member of the ill-fated vacation party driving home from American colleges, presented testimony that show the boys believed they were being held up, due to the fact the officers wore no uniforms. He was not molested.

F. M. Dudley, assistant state attorney general who directed the prosecution at the behest of Governor William H. Murray, said dismissal of the charges against Crosby killed the matter.

The jury presented its verdict early yesterday morning. International interest was aroused by the case and the state department at Washington and Governor Murray sent expressions of sympathy and regret to the Mexican government. Students in some parts of Mexico staged protest demonstrations after the acquittal of Guess last June.

Cotton Spinning In U. S. For October Is More Than Year Ago
WASHINGTON, Nov. 23.—(AP)—The cotton spinning industry was reported by the census bureau today to have operated during October at 85.1 per cent capacity on a single shift basis, compared with 88.1 per cent in September this year and 77.1 per cent in October last year.

Spinning spindles in place October 31 totaled 32,430,508 of which 25,188,112 were active at some time during the month with the average, on a single shift basis, being 27,693,305, compared with 32,886,880; 25,235,916 and 28,722,089 for September this year and 33,966,916; 26,153,792 and 26,178,028 for October last year.

Active spindle hours for October totaled 6,594,525,142 or an average 581 hours per spindle in place, compared with 6,540,450,573 and 201 for September this year and 6,239,336,658 and 184 for October last year.

KLEBERG WINS CONGRESS SEAT 14TH DISTRICT

SAN ANTONIO, Nov. 25.—(AP)—For the first time since Harry M. Wurzbach, a Seguin Republican, beat Carlos Bee, the Democratic nominee 11 years ago, the 14th Congressional district of Texas today was listed in the ranks of the Democrats with the election of Richard M. Kleberg of Corpus Christi.

Victor over Carl Wright Johnson, San Antonio Democrat, and Chas. W. Anderson, San Antonio Republican, as well as a number of minor candidates in the special election held yesterday, Kleberg will participate in the organization of the House of Representatives December 7th.

On the basis of the returns which had been tabulated early today Kleberg's majority was 5,114 votes over Johnson, his nearest rival. The vote from all boxes except 37 in the 11 county district was:
Kleberg, 18,866; Johnson, 13,752; and Anderson, 5,586.

Led in Nine Counties
Kleberg's victory came as the result of the overwhelming capture of the vote in nine counties, including his home county of Nueces, of the district and the good race he ran in Bexar county which Johnson carried over Kleberg of 4,287 votes. The vote on the basis of returns from 133 out of 163 boxes in Bexar county was:
Johnson, 12,762; Kleberg, 8,475; and Anderson, 4,024.

Kleberg came into Bexar county with a lead of 10,391 votes, carrying the district by a greater majority than any other candidate has ever done. Johnson's vote in the district was only 1,090 votes. Anderson received 1,562 votes in the district outside of Bexar county to run second in the district exclusive of Bexar.

The Corpus Christi man carried his home county by an overwhelming majority over both candidates. The vote there was: Kleberg, 5,199; Johnson, 242; Anderson, 262.

The only other county besides Bexar which Kleberg lost was Karnes, the home county of Judge Thomas B. Smiley. The vote there was: Smiley, 1,144; Kleberg, 197; Anderson, 99; Johnson, 22. Smiley received a vote of 1,519 votes in the district. He made no active campaign.

Democratic House Control.
WASHINGTON, Nov. 25.—(AP)—Democratic organization of the new house appears certain as a result of the party's victory in the fourteenth Texas congressional district yesterday at a special election.

Election of Richard M. Kleberg of Corpus Christi, democrat, gave his party a strict majority of one of the house membership of 435.

The new lineup:
Democrats, 218; republicans, 214; farmer-laborite, one; vacancies, two.

The outcome encouraged the democratic membership as the leaders laid plans to elect Representative John N. Garner of Texas as speaker, and take over the house after thirteen years of republican domination.

The Texas election attracted national-wide attention because of the close effect it would have on house organization.

President Hoover scanned the returns at the White House, while Garner received them at his hotel quarters, as they straggled in from the district that had been held by the republicans since the Harding landslide in 1920.

The democrats hope now to capture the fifth New Jersey district at a special election next Tuesday to fill the vacancy created by the death of Representative Ernest R. Ackerman, republican.

Crusaders Rejoicing
WASHINGTON, Nov. 25.—(AP)—Election of Richard M. Kleberg, a Democrat, in district, was heralded today by a statement by the Washington headquarters of the crusading anti-prohibition wedge in the "dry South."

"The crusaders have cracked the dry South," the statement said. "The Texas victory will spur the crusaders to greater efforts in the organization of the South, particularly North and South Carolina and Georgia where battalions are being formed."

The organization said it supported Kleberg and Carl Wright Johnson, Democrats, both described as anti-prohibitionists, against C. W. Anderson, a Republican, whom it said, had the support of the Women's Christian Temperance Union.

At Home With Probable Next House Speaker

Folks, meet the probable next speaker of Congress as he appears at home. He is Representative John N. Garner of the 15th Texas district who is almost certain in the Democrats' hold the balance of power in the forthcoming session. The white-haired veteran Democrat, swamped by the letters of congratulation, is shown above dictating letters to his secretary, who also is Mrs. Garner. At the lower left you see him instructing a laborer in the art of repairing a plow at Garner's farm at Uvalde, Tex., just before departing for Washington. At the lower right he is shown assisting in gathering the pecan crop on the farm.

WARM WEATHER DUE IN TEXAS

By The Associated Press.
Warmer weather was in prospect in most of Texas today as the first cold wave of winter moved southward.

Lower Rio Grande Valley and the coastal points reported a brisk north wind yesterday. The Panhandle was strewn with broken telephone and telegraph wires.

Telephone service was disrupted at Goose Creek and Baytown where 1.36 inches of rain fell in a few minutes. Traffic was interrupted several hours. The rain in that section was accompanied by a norther.

From Central Texas Waco and Llano reported cloudy, cold weather. Amarillo reported a minimum temperature of 22 degrees. The South Plains bundled up for its first cold wave.

Cold Wave Moves East
KANSAS CITY, Nov. 25.—(AP)—A cold wave that has swept western states for almost a week is moving into territory far east of the Mississippi valley, restoring atmospheric conditions to seasonal normalcy.

Weather observers forecast showers and lower temperatures today generally "throughout" the east, which has enjoyed a period of unusual warmth.

Conditions of winter prevailed in the Pacific coast and the Rocky Mountain region. Clearing weather was forecast for the middle west but temperatures remained low.

Snow caused trouble for motorists, wire crews and railroad men in an area extending eastward through North Dakota, forrunner of the winter storm, struck the Great Lakes region yesterday.

Southern California citrus growers continued stocking smudge pots to build smoke screens. Although losses generally were reported small, damage to truck, crops in the vicinity of Brawley, Calif., was estimated at from 75 to 95 per cent.

A freeze yesterday terminated the longest growing season in the history of the Ozarks as householders were reveling in their second crop of raspberries.

Snowshoes, a toboggan and tobacco were dropped from an airplane yesterday to three Sacramento men, Art Evans, Frank Carey and Gene Smith, snowbound for ten days in a mountain cabin at Echo Lake, Calif.

Telephone Lines Down
PAMPA, Texas, Nov. 25.—(AP)—Long distance telephone lines connecting Pampa with other cities of the Texas Panhandle continued out of service today. Workmen were expediting repairs. The lines were broken in numerous places by a sleet storm which hit the Panhandle Sunday.

Snow at Pampa
PAMPA, Texas, Nov. 25.—(AP)—A driving snowstorm descended on the north plains of the Texas Panhandle before noon today. Overcast skies indicated rain might follow. Quanah and other points reported sleet.

Snow at Amarillo
AMARILLO, Texas, Nov. 25.—(AP)—Snow, which melted as quickly as it fell, was reported over a great part of the Panhandle today. By noon the skies began clearing and the sun shone at intervals in the afternoon. The minimum temperature last night was 31 degrees and the mercury climbed rapidly today.

Folks, meet the probable next speaker of Congress as he appears at home. He is Representative John N. Garner of the 15th Texas district who is almost certain in the Democrats' hold the balance of power in the forthcoming session. The white-haired veteran Democrat, swamped by the letters of congratulation, is shown above dictating letters to his secretary, who also is Mrs. Garner. December 16 to Be Brownwood's Next Better Market Day

Better Market Day will be congenitally pleased with the success of the square dance at Memorial Hall last night, which was a Better Market Days entertainment feature. Many people from various communities in Brown county were present, and people in the city from Temple, San Angelo, Menard and other towns also attended.

The horse and mule auction sale beginning early this afternoon is one of the features of the final day of the Better Market Days.

Closing at 4 P. M. Today
The closing event will be at the Memorial Hall this afternoon at 4:00 o'clock when a general meeting will be held. Announcements will be made at that meeting of next month's plans.

FARMERS WILL HOLD MEETING HERE SATURDAY
A meeting of Brown county farmers to be held in the county court room Saturday at 2:00 p. m. has been announced by L. A. Nunn, Jr. announcing the meeting Mr. Nunn said:

"The whole cooperative marketing system is being attacked by grain and cotton merchants and others. They are trying to get Congress to repeal the marketing act. They think this would kill the big co-ops and the little ones would then be easy to destroy."

It is expected that resolutions will be adopted and Congressmen petitioned to protect the interests of the farmers, Mr. Nunn said.

Tom Mix Is Near Death As Result Operation Tuesday
HOLLYWOOD, Calif., Nov. 25.—(AP)—An official bulletin issued by three physicians attending Tom Mix, film actor, stricken with peritonitis, stated his condition was unimproved at 10:00 a. m. today.

The Bulletin said: "Tom Mix's condition is unimproved. We consider him to be in a most serious condition. It will be two or three days before a definite statement can be made." It was signed by Drs. R. N. Smith, John Q. Scroggy and Howard O. Dennis.

The circus, screen and real life cowboy entered the hospital Monday and an emergency operation was performed for rupture of his appendix. Peritonitis followed. Serum to fight the infection was brought here by plane from San Francisco.

Next Monday night will be annual roll call and get-together night for the Brownwood Knights of Pythias lodge, according to announcement made by W. P. Denny, keeper of records and seal. He urges all members to attend, and asks any who can not be present to please write him their excuses.

Progress In Bank Opening Blocked, Chairman States

"The reorganization and reopening of the Citizens National Bank is being held up by a dozen persons who, as guarantors of the Coggin National or as stockholders of the Citizens National will defeat all the plans that have been made and throw upon this community an incalculable loss unless they can be induced to carry their share of the burden of financing the new institution," declared J. F. Renfro, chairman of the reorganization committee in a statement this morning.

Mr. Renfro and his committee of several men have labored continuously on the problem of refinancing the Citizens National Bank for the past six weeks, and was frankly discouraged this morning.

Up to Guarantors
"Neither individually nor as chairman and spokesman for the reorganization committee do I wish to say anything that will reflect unfairly upon anybody," Mr. Renfro said, "but the facts are the facts and we might as well face them squarely. We lack \$10,000 more money in hand to refinance the bank, and we know the bank is not going to reopen until the money is in hand. Seventy-six of the Coggin National Bank guarantors have paid in full. Several others have paid in part. A few, including the most substantial business and professional men in Brownwood, have paid only very small portions of their guaranty pledges or have paid nothing. At least \$10,000 more should be forthcoming from these men, and if they will dig up that amount we may be able to secure the remainder from Citizens National shareholders and depositors."

Betting at Long Odds.
The three sources of aid for the bank reorganization committee, as pointed out by Mr. Renfro, are the guarantors, the shareholders and the depositors. "This committee is not handling that phase of the work, but it ought to be called to the attention of the public that depositors who are refusing or neglecting to agree to the plan of restricted withdrawals are betting deposits at long odds in order to satisfy their selfishness. If they accept the restricted withdrawal plan and the bank reopens, they will get all their money within a year, possibly in much less than a year. If they do not accept the restrictions and cause the bank to go into receivership, they will never get more than one-fourth of their deposits, and will have to wait at least a year to get that much. They are betting against mighty long odds."

McCarthy and State Highway Engineer To Meet Saturday
Harvey Dean, headquarters engineer of the state highway department, and O. H. McCarthy, vice-president and general manager of the Frisco, are to meet here Saturday for the purpose of settling misunderstanding between the department and the railroad relative to the overpass across the railroad on Highway 7. Resident Engineer Leo Ehlinger said today that the two officials are due to be here Saturday and believes that something definite can be worked out at the meeting.

Work on the overpass has been held up several weeks on account of a misunderstanding as to closing some grade crossings on the railroad through the city. The first agreement on the overpass was for the railroad and state to share the expenses of construction.

Governor Sterling Says Criticism on Martial Law Ceased
KILGORE, Texas, Nov. 25.—(AP)—Gov. Ross S. Sterling, in an address today before the Kilgore Lions Club, commented that criticism directed at him for declaring martial law in the East Texas oil field apparently had "died out."

The Governor expressed satisfaction over the cooperation by oil operators and other residents of the field in enforcing the prohibition orders.

Accompanied by Brig. Gen. Jacob Wolters, commander of the militia-men in the field, Gov. Sterling went to Overton to continue his two-day inspection tour. He planned to complete his survey tonight.

On his trip through the rich producing area yesterday he seemed surprised at the extent of operations, saying the field was about twice as large as he had imagined. It was his first trip to the field.

Draws \$24.50 Fine For Shooting Mule
It is against the law to shoot another man's mule even if the animal is in your field eating your feed. Earl Byrd of this community found out when fined in Justice Court last week. Byrd was charged with shooting a mule and Judge E. T. Perkinson assessed a fine and cost of \$24.50. The mule was not killed but the owner did not like the idea of his animal being shot.

Achievement Day At Center Point
A very interesting achievement day program was held by the Center Point home demonstration club Tuesday, according to report from the community.

Stolen Auto Is Found In Pasture
An automobile stolen from C. A. McCutchan Sunday morning was discovered Tuesday in a pasture, five or six miles from Goldthwaite on the Waco road. The car had been stripped of three tires, rims and tubes. Goldthwaite officers found the car and notified city police here. The car will probably be brought to Brownwood late today.

Houston Woman Given Five Years For Murder
HOUSTON, Nov. 25.—(AP)—Albina Kowalik, 24, was under a five year prison sentence today as the convicted slayer of R. L. Urquhart, a tire salesman. During her trial, Miss Kowalik testified Urquhart struck her "like a yellow dog," and she fired in defense of her life. The salesman was shot to death July 4.

Is There An Oil Trust?

For several years the people and the press have constantly spoken of the "major oil companies" and the "independents."

Stop Wild Speculation

A congressional bank investigating committee is at work on a comprehensive measure tightening the Federal reserve act and the National banking laws against speculators in an effort to prevent recurrence of the frenzied financing of 1928 and 1929.

Food Supply Adequate

Reports show that the Texas supply of food for the people and livestock is ample for all purposes.

Citrus Fruits In Favor

The American public is showing a growing taste for citrus fruits, having used more than 167,000 crates during the last season.

Turkey Market Good

The Thanksgiving turkey market has been satisfactory. While the first offering sold at 11 and 12 cents, prices have advanced to from 15 to 18 cents a pound.

RAINNEY IS SLATED AS NEXT DEMOCRATIC HOUSE FLOOR LEADER

WASHINGTON, Nov. 25.—(AP)—A boxing champion of half-century ago may don the Democratic gloves for the House of Representatives in the political ring this winter.

He is Henry Thomas Rainey of Illinois, who now appears slated for the party's floor leadership of the House, if his friend, John Garner of Texas, wins the Speakership.

From present indications, the 71-year-old veteran will find lessons learned in winning Amherst's heavyweight championships in 1883 useful in driving party policies through a closely divided House.

Rainey and Garner came to the House together March 4th, 1903, the same day the Democratic gloves were worn at the Republican legislative career.

Two characteristics make the Illinois member easily spotted in the House. A shock of snow white hair waves over his forehead.

Rainey served his legislative apprenticeship on an labor committee where he won attention as an advocate of the 8 hour day.

DUBLIN JERSEY SHOW DATES SELECTED AT COMMITTEE MEETING

Joe Shelton of Brownwood attended a meeting of the executive committee of the Heart of Texas Jersey Show at Dublin last week and dates that the dates for the 1932 show were set for May 18, 19 and 20.

Applications for admission into the association, from Mitchell, Nolan and Denton counties were favorably voted on by the committee.

C. H. Staples, head of the dairy husbandry department of Louisiana State University, and a Jersey judge of national repute, was unanimously selected by the committee to judge next spring's show.

FEED AND SEED LOAN PAYMENTS ABOVE \$16,000

Of the \$45,463.22 in feed and seed loans made by the government in Brown county, payments had been received and cleared at the St. Louis office, and accounted for to the Washington office, to the amount of \$18,166.63, or 38 per cent of the total.

Mr. Ellis made the visit to Brownwood Tuesday in place of Ben T. Morrill, district agent, who has been in Brownwood every Tuesday for some time.

Brown County Above Average

Mr. Ellis said that Brown county's percentage of loan payments was above the average of the payments made in 86 counties in Texas in which the feed and seed loans were issued.

Early High Notes

In my last write up I forgot to mention about our good rain we had on Monday night and Tuesday day last week. We have also had two good rains this week up to Friday and a brisk little norther came with the last ones, which folks were all glad to see. Mr. and Mrs. Lester Harris made a business trip on Wednesday last week to the Salt Branch community and also visited with relatives. Mr. J. W. Wyatt is the proud owner of a brand new car which he purchased on Wednesday of last week. Mrs. Cull Earp has been suffering again for the past ten days with another very bad carbuncle, the worst one she has ever had. Mrs. Milt Wyatt is still in the hospital in Santa Anna. Mrs. Arthur Vernon. Will Griggs and Arthur Vernon attended the dance at the Memorial Hall in Brownwood Monday night. Mr. Vernon helped furnish the music for the occasion. The Parent-Teachers program put on at Early last Friday night was reported as being very good. A large crowd attended and seemed to enjoy it immensely. Mrs. Trapp of Brownwood made a very interesting talk. Several readings and short plays were rendered. Another P. T. program will be staged in a short while, but this one will be a play of which the title will be "Peppery Pa." or One Night at a Singing School. Miss Mae White of Brownwood attended the play at Early last Friday night and is spending the week here with her sister, Mrs. George Griggs, and family. Purris Williams and Miss Gladys Dorsett, students of Daniel Baker College, had supper with Mr. and Mrs. Arthur Vernon on Thursday night of last week. Mr. Dorsett, who lives on the Thomas ranch, happened to a painful though not serious, accident Monday at the intersection of the old May road and highway No. 10 as he was skidded into by a heavy loaded truck of cotton seed. He received treatment in a Brownwood hospital a day or two before returning home. Charlie Anderson attended the Howard Payne-Simmons football game at Abilene last Saturday. Mr. Bill Moore and family have moved into their new home which has just been completed. Troy Miller and family of Burkburnett visited relatives here last week-end. Billie Burns and family of Brownwood visited here Sunday in the home of Mr. and Mrs. Quince Wilson. Mrs. Mattie Brown has returned to her home at Brady after a week's visit here in the home of her sister, Mrs. Warren Portson. Mrs. Fritz Magford and baby and Miss Kathryn Evans of Masco spent a few days here last week with their parents and grandparents. Mr. and Mrs. G. W. McHan. Brother Vaughn of Abilene, Christian minister, preached at Boyd's Chapel last Friday night, Saturday night, Sunday and Sunday night. Mrs. Lester Medcalf, Miss Inez Scott and Mr. and Mrs. Wilbur Salyer and little son, Jack, all of Brownwood, attended church at Boyd's Chapel Sunday. Mr. and Mrs. Winston Taylor have gone down in South Texas on a deer hunt. We don't know about Mr. Taylor, but were saying Mrs. Taylor is a deer. Charlie King, in company with S. A. McKie and Burt Hurlbut of Dallas, T. H. Humphreys of Alvin, Mark Leverette of Menard spent a week on the W. B. Pencil ranch near Kerrville deer hunting, but had bad luck and did not get a deer, but all had a fine trip just the same. Mr. and Mrs. John Anderson left for their home Monday morning after a week's visit here with his sister, Mrs. N. B. Graham. Mesdames Lee Chrane, Jasper Wright and Billy Brogdon canned a couple of yearlings at the home of Mrs. Chrane on Wednesday of last week. Robert Goates and wife and little daughter, Dorris Evelyn of Brownwood visited his parents here Monday. Tuck Green and wife and baby of Woodland Heights visited here this week with his mother, Mrs. Annie Green. Mrs. Dee Newberry and children of Brownwood spent Sunday here with her mother, Mrs. L. Perry. Mrs. McCurdy and daughter of Bethel spent Saturday here with Mrs. Scroggins. Mr. and Mrs. Bugh Stewart visited a while one night last week with Mr. and Mrs. George Griggs. Several from this community were shopping and transacting business in Brownwood Monday, Tuesday and Wednesday, the Better Market Days. Lots of them attend-

ed the entertainments furnished each night at the Memorial hall. Mr. Joseph Starkey and family of Bangs visited here on Wednesday of last week with his brother Ruben Starkey and family. Ester Harris and wife and two sons, Ona Lee and Odell, spent Sunday afternoon here with Mr. and Mrs. Cull Earp. Misses Fannie and Laura Davis and Clark Riggs spent Sunday in the home of Mr. and Mrs. J. W. Vernon. Mr. and Mrs. A. J. Goats and Mrs. June McLaughlin visited relatives at Blanket Sunday. Mrs. Cull Earp had venison dinner with Mr. and Mrs. John Jackson a few days ago. It was a ham of a black-tail New Mexico deer killed near Lordsburg by their son Jesse. Mr. and Mrs. Clabe Gilly of near Blanket visited their daughter, Mrs. Clabe Reagan, a little while Monday morning.

Goldthwaite

Alex Rose died at his home in the western part of town last Sunday morning and was buried in the Pleasant Grove cemetery on Monday afternoon. Mr. Rose was one of the old settlers of this county. He lived in the Pleasant Grove community for a number of years and reared his family there. Several years ago he and his wife moved to Goldthwaite and lived here till the time of his death. Mr. Rose was a member of the Baptist church and lived an honest, straight life. He was a very quiet unassuming man, but always stood for the highest ideals in life. Such men as Mr. Rose are always sadly missed when they are taken from a community. He leaves a wife, two sons, Will and Neal, of this county; four daughters, Mrs. Arch Featherstone, Mrs. Walter Featherstone, Mrs. Shaw and Mrs. Miller, all of this county, a host of friends and other relatives. To the sorrowing family and friends we offer sympathy. Mrs. L. B. Porter is improving following a very serious operation in the Sealy Hospital in Santa Anna. She is visiting here with a number of friends and other relatives. To the sorrowing family and friends we offer sympathy. This class is due to be one of the best high school games offered Brownwood fans this season in that the two teams appear to be about evenly matched in ability, experience, size and what not. And as time for the game nears, the contest looms as a toss-up with either club likely to emerge winner.

GAME WILL BE PLAYED ON HPC GRID AT 1 P. M.

THE opening feature of the 1931 Thanksgiving bargain football attraction for Brownwood fans will be the "Championship" battle between the Lions of Brownwood High School and the Mavericks of Eastland High School, neither of whom have been able to annex an Oil Belt victory this season. This contest is scheduled for 1 o'clock tomorrow afternoon on the Howard Payne ground and it will be concluded in time for the spectators to reach Kirkpatrick Field for the Daniel Baker-A. C. C. battle. This clash is due to be one of the best high school games offered Brownwood fans this season in that the two teams appear to be about evenly matched in ability, experience, size and what not. And as time for the game nears, the contest looms as a toss-up with either club likely to emerge winner.

Democratic Leaders Expecting Victories From Two Districts

WASHINGTON, Nov. 23.—(AP)—Democratic leaders are counting on special elections to increase by two their majority in the House of Representatives before Congress convenes. Mr. Sparks, 610 East Baker St., employee of the Community Gas Co., is resting at his home after a painful injury to his left foot. Mr. Sparks was working with a pencil in the fleshy part of the hand near the thumb. The wound was dressed and the child is able to return to school. When she fell down with a milk bottle in her hand as she was returning home from school Monday afternoon, Carolyn Conlisk, 7 year old daughter of Mr. and Mrs. C. V. Conlisk, 718 Avenue D, suffered a painful cut in the fleshy part of the hand near the thumb. The wound was dressed and the child is able to return to school. J. F. Sparks, 610 East Baker St., employee of the Community Gas Co., is resting at his home after a painful injury to his left foot. Mr. Sparks was working with a pencil in the fleshy part of the hand near the thumb. The wound was dressed and the child is able to return to school.

JACKETS WILL MEET PIRATES OF S'WESTERN

Howard Payne's Yellow Jackets, defending champions of the Texas Conference, left this afternoon for Georgetown where tomorrow they make their last defense of the grid title they annexed one year ago by trouncing the Pirates of Southwestern 59-0. And once more the Jackets need a victory over the Pirates, not for the championship, but for a tie with the Simmons University Cowboys, current leaders in the 1931 title chase. Coaches Chesney and Keaton took their entire squad to Georgetown for the Thanksgiving battle against the Southwestern Methodists. Several of the Jackets were nursing more or less serious injuries, these having been sustained in the terrific battle Saturday in Abilene against the Simmons University Cowboys. But as a whole the Baptists are in good condition for their hard battle tomorrow afternoon in Georgetown.

Holder

Mr. Elmer Jones was in Rising Star one day last week. Mr. and Mrs. J. C. Jones and Ethel were shopping in Brownwood Thursday of last week. Mr. Louis White has been busy moving his feedstuff to De Leon, where he will make his home another year. Mr. Charlie Boyd and Mr. Bud Snow were shopping in May Friday. Mrs. Rosie White and children visited her mother, Mrs. J. C. Jones Thursday night and enjoyed some phonograph music. Mrs. John Tabor spent a few days with her sister, Mrs. Luther Jones of near Blake who are the proud parents of a girl. Mr. and Mrs. Joe Wilkerson of Center Point visited Mr. and Mrs. W. H. Jones Sunday. Mr. and Mrs. Luther Dunn of Owens spent Sunday with their grandparents, Mr. and Mrs. C. C. Boyd. Mr. F. M. Jones spent Sunday with Mrs. Rosie White. Mr. and Mrs. John D. Purry, Mr. and Mrs. Malone and son, Odus, Mrs. Lydia and Ole Tabor and Miss Ethel Jones visited the Hog Creek cemetery and cleaned off some graves, as it had been raining several graves were sunk in.

FOUR INJURED IN ACCIDENTS

R. A. Dorsett, route 1, Blanket, is receiving treatment for a severe gash on top of his head and bruised shoulders and back as a result of an automobile accident Monday afternoon. Although his injuries are painful, they are not serious, doctors state. Mr. Dorsett's automobile and a truck occupied by two men crashed head-on at the junction of old Highway 129 and Highway 10, east of Brownwood. Witnesses say the truck started around a line of other automobiles and was on the left side of the road. Mr. Dorsett's car was practically demolished. Dorsett was knocked unconscious and was carried immediately to the hospital. Burned by Gasoline Torch. R. D. McCulstain, 1616 Fisk Ave., employee of the Southwestern States Telephone Company, is rapidly recovering from a severely burned right hand. The burn was received Saturday when a gasoline torch exploded while Mr. McCulstain was working at May. He was taken to the Medical Arts Hospital for treatment and according to reports, the burn is rapidly healing. Child Falls with Milk Bottle. When she fell down with a milk bottle in her hand as she was returning home from school Monday afternoon, Carolyn Conlisk, 7 year old daughter of Mr. and Mrs. C. V. Conlisk, 718 Avenue D, suffered a painful cut in the fleshy part of the hand near the thumb. The wound was dressed and the child is able to return to school. Receives Injury to Foot. J. F. Sparks, 610 East Baker St., employee of the Community Gas Co., is resting at his home after a painful injury to his left foot. Mr. Sparks was working with a pencil in the fleshy part of the hand near the thumb. The wound was dressed and the child is able to return to school.

MEAT CANNING SEASON IN COLEMAN COUNTY TO REPLENISH PANTRIES

COLEMAN, Texas, Nov. 23.—(Sp.)—With the meat canning season at hand Coleman county home demonstration women are preparing to very materially supplement their pantry shelves already filled to overflowing with vegetables and fruits. Many pantries have as many as 1,000 cans of fruits and vegetables already available for winter use. Besides meats of various kinds that will be prepared from now until winter ends, there will be a certain amount of winter vegetables that will be put in containers. Last year, according to Miss Gertrude Brent, home demonstration agent, more than 500 fat calves or heaves were transferred from pens to cans and this year she expects an increase in the number. But beefs and calves will not furnish all the meat that will be put in containers. A hunter returning to Coleman this week told of a ranchman who had killed a deer that he canned. Perhaps other deer will meet a like fate in sections where they are plentiful, as well as wild turkeys. The canning epidemic in Coleman county has been a boom to farm families and has enabled them to live cheaper and better than they did before the advent of a demonstration agent. Many farm people, as well as town people, believe that the work of the demonstration agent and the farm agent has been more beneficial to rural districts than any other agencies, and their usefulness will increase as time passes, because more and more people are being convinced that it is economical to prepare their own foods when and where it is possible. Some farm women are canning more than their families need and are making advantageous sales to town people who desire something different from varieties purchased in stores.

WICHITA, Kas., Nov. 23.—(AP)—The Sheldon-Shay Jewelry Company was robbed of diamonds and other gems valued at \$15,000 and \$450 in cash by two unmasked gunmen today. The bandits tied the jeweler with fishing cord and left them on the floor behind the show-cases.

WOMAN GIVEN 2 YEARS HERE ON LIQUOR CHARGE

At 2:30 o'clock this afternoon a jury returned a verdict of one year returned in the penitentiary in the case of Julia Lamar, charged with liquor law violation, the second woman to be sentenced at the present term of court. She entered a plea of guilty to the charge. Mrs. John Drew, charged with possession of liquor for purpose of sale, was given a sentence of two years in the penitentiary by a jury in 35th district court Tuesday afternoon after she had entered a plea of guilty. She is one of the few women in this county to draw a penitentiary sentence for this offense. Mrs. Drew vigorously objected to the sentence and screamed and cried her displeasure and fought with officers as they led her from the court room. Judge Miller Comments. Judge E. J. Miller said today this sentence is one of the best things that has happened in 35th district court in twelve months. "There are a lot of women here who think they can violate every law of God and man and laws of decency and get by with it," he said. "It is true that juries have showed mercy on women brought into this court, but nevertheless, women who violate the laws are just as guilty as men and should be dealt with accordingly. This case should be a lesson to other women here who are laboring under the impression that even if they are caught violating the law, juries will be lenient with them," Judge Miller stated. The court continues to handle with dispatch, the criminal cases which were taken up this week. Following are cases which have been disposed of since the report in Tuesday's Bulletin. Frank Martin was given a two years suspended sentence after a plea of guilty to a charge of possession of liquor for sale. The case of M. A. Rhodes, charged with possession of liquor for sale, was dismissed on motion of the district attorney. Suspended Sentences. Stuart Reese, charged with possession of liquor, was given a two years suspended sentence. He entered a plea of guilty. The case of Tom Carpenter, charged with possession of liquor, was dismissed on motion of the district attorney. George Ethridge was given a year's suspended sentence after entering a plea of guilty to a liquor violation charge. Joe Anderson, colored, was sentenced to two years in the penitentiary on a charge of automobile theft.

Ernest Hamberlin Trial Is Set for 10th of December

The trial of Ernest Hamberlin, charged with intent to murder in connection with an affray last June with former policeman Henry Hamilton, was postponed today and set for 9 o'clock Thursday morning, December 10, in 35th district court by Judge E. J. Miller. Hamberlin and his attorneys, Gib and Mark Callaway, appeared before the court and asked for the postponement in order to have further time to prepare the case. The trial was called for today, but attorneys said they were not aware of the fact. Hamberlin was not in court when the case was called, but was summoned by his attorneys shortly afterwards. Hamberlin was released from county jail last July 2 on \$2,000 bond.

Bank Opening and Market Days Are C. C. Board Topics

Reports on Brownwood Better Market Days and on the present status of the closed Citizens National Bank were the chief topics of the weekly Chamber of Commerce luncheon today. Secretary Hilton Burks reported that merchants have decided to have a Brownwood Better Market Day the third Wednesday in every month, the next day coming on December 16th. The first of Brownwood Better Market Days, which closes today, has been a success, considering that this is the starting of the plan and also bad weather, he said. Fred S. Abney made an optimistic report on the re-opening of the Citizens National Bank. He said he conscientiously could say that he believes that the bank will be opened. Lacking only a few thousand dollars of having the capital stock raised, the people of Brownwood will not allow the bank to fail to re-open, he declared.

MORTUARY

U. R. SHELLABARGER. Funeral services for U. R. Shellabarger, 46, filling station operator, who died at his home about five miles from Brownwood on the Bangs road early this morning, will be held at 3:00 o'clock Thursday afternoon at Bangs Methodist church. Mr. Shellabarger operated a filling station near his home. He was born May 30th, 1885, in Dayton, Ohio. He is survived by his wife and two sons, Vaughn Ray and Mahlan. His father, Mahlan Shellabarger, three brothers and two sisters also survive. The brothers and sisters are: Earl, Willis and Jessie Shellabarger. Mrs. Neoma Ivy and Mrs. Mary Shelton.

STATEMENT TO THE PUBLIC

Recent and unexpected happenings in the Ready-to-Wear industry have presented an opportunity for me to enter into the manufacturing business. It is with mingled feelings of regret and happiness that I announce the complete closing-out of my present business. The Shop of Youth, a wide circle of loyal friends, a deep-rooted love for Brownwood and its surrounding territory... the place I enjoyed for many years and which has been so good to me... has now passed into the hands of a business man who is enjoying my good fortune with me. I shall no longer take part in the administration of my business and I have no desire to enter in any way into the business of the Shop of Youth. I feel a larger business venture is being developed in California. It brings me the long desired opportunity to express my own individuality in a measure than is possible in a retail store. Allow me to extend my deepest appreciation for your many years of uninterfered patronage and believe me that you and Brownwood will always be a part of my life.

For Your Own Information

Mrs. J. W. Jennings, of The Shop of Youth, has earned an enviable reputation as a designer of women's beautiful apparel. Only as recently as 1929 has she completed a course and received a diploma in Paris, France, as designer and pattern maker. Her fame has been carried, and pattern making is being taught in her own workroom in Brownwood, Texas, by fashionable workmen in most every important city in this country as well as several foreign countries. As stated in her message in the upper left hand corner of this advertisement, her next venture will be in the manufacturing field in California.

The Most Important Event of 1931

Due to the above mentioned reason, and for that reason alone, the Shop of Youth will be permanently discontinued. The entire \$25,000 stock of Women's Apparel, Accessories, Millinery, Silks, Woolens, etc., will be offered to the public at prices that will insure its rapid disposal. Every article has felt the keen edge of price destruction and is included without reservation. It's the "once-in-a-lifetime" opportunity to acquire the ultra-smart things, usually beyond the average purse at prices less than you would pay for even "power-than-average" quality.

GANDHI BREAKS WITH ENGLAND

LONDON, Nov. 25.—(P)—Mahatma Gandhi made a clean break with the British government today and announced that since the round-table conference had come to nothing he must go back to India and start his campaign of "non-violent non-cooperation" all over again.

"Notwithstanding the laudable efforts of some delegates to pump life into the corpse which we call a round-table conference," he said, "I fear I must abandon whatever slender hope I ever had of obtaining a full responsible self-government."

Nothing but "terrible repression" in India can come out of the conference, he said, "but repression never has harmed a nation sailing toward its goal with fixed determination."

Information received here today from India said agitation had begun there for a campaign of violence, following indication that the round-table conference here probably will end this week without a settlement satisfactory to the nationalists.

The situation in Bengal was said to be especially critical and the Marquis of Lichian, under-secretary of state for India, declared in the House of Lords that in some Bengal districts every British officer is doing his duty in "deadly terror of his life." The menace of bomb throwers, it was reported, has become so great that Viceroy Lord Willingdon now travels in airplanes instead of by train.

"Draconic action must be taken to end this menace to liberty and social peace," the Marquis warned the Lords in grave tones.

Coincident with the under-secretary's warning, 14 Indian delegates to the conference issued a statement saying that mere grant of provincial autonomy to India would not be accepted.

Texas Convict Shot While Making Break For Freedom Monday

HOUSTON, Texas, Nov. 24.—(P)—J. B. Jennings, 32-year-old convict, was wounded critically late yesterday in a break for freedom from Reprise Farm near Angleton.

Lee Simmons, prison warden, reported Jennings was shot once with a shotgun as he broke from a work gang.

The attempted escape was made before Captain Kelly, farm manager, and C. A. Umphrey, guard, Simmons said Humphrey fired the shot.

Jennings was sent to prison from Rains county December 8, 1930, on conviction for a statutory charge

"A Well Rounded Christian" Subject Of Dosier Sermon

The Nazarene revival is making good progress. "The inclement weather has not abated the spirit of the meeting any, souls are praying through," says a report from the revival.

Evangelist Dosier Tuesday night used for a text Rev. 4:7. His subject was "A Well Rounded Christian." In part he said, "The lion in the text stands for strength. The ox represents the patience of God's people. And the beast with the face of a man, intelligence. While the eagle is the soaring saint who rises above the petty things of the world."

The pastor, Rev. I. L. Flynn, reports that a Thanksgiving service will be held Thursday morning at 10:30 o'clock. All are invited to this service.

Services each night at 7:30 o'clock at the Primitive Baptist church.

Twenty-two thousand head of feeder lambs were shipped from San Angelo recently to the Dalhart section of Texas for winter feeding.

AUTOMOBILE INDUSTRY TUNED UP FOR BETTER BUSINESS AS SOON AS DOLLARS ARE FREED

(Editor's note: The following article on the business outlook in the automobile industry was written for The Associated Press by Alvan T. Macauley, president of the National Automobile Chamber of Commerce.)

BY ALVAN T. MACAULEY (Copyright, 1931, By The Associated Press)

DETROIT, Nov. 24.—(P)—The whole world is watching the automotive industry more closely right now than ever before. People have become convinced it actually can be the "self starter" to set American business running toward a new prosperity.

The industry is "tuned up" finer than ever before in its history. When the spark comes to energize this "self starter" for business, it will set going a perfect "machine." Slight though tangible indications may be, many persons can now see what may be the gathering of this "spark." It will develop fully with the release of the American dollar from the many restraints which have held it.

Just like a stone thrown into a quiet pool, every automobile dollar is going to spread ripples of business and prosperity to every part of the country. It is because of this that the industry will have supreme importance in the eyes of the world during the next six months or year.

Buying Slowed Down

Automobile buying of late has slowed down. But that is only natural. The country has been waiting for the new models. Through the winter months, buying, as shown by new car registrations, will not be the true measure of the industry's real activity and the extent of its country-wide employment of labor—the really important thing. We are going in the second year in which the tendency has been for retail sales to go ahead of manufacture. New car stocks for that reason are slow normal. Production will have to exceed sales through the winter to build up a supply of cars great enough to meet sales in the spring. It is automobile production which the world will watch closely.

Bankers, business men and economists have a "feeling" about general business. That is one of the intangibles in the present situation. If it is something not just bred of hope, it may actually be of great importance.

Improvements Noted

Slight tangibles which have appeared in the last few weeks are the betterment of the position of wheat, small actual gains in industrial activity which are beginning to appear, a strengthening of the commodity prices at their lower levels and decreases in two successive weeks of "money in circulation." This latter is taken to indicate a release of hoarded funds. It may be the first indication that the shackles of fear which have held the American dollar are beginning to loosen.

Perhaps this, too, is an intangible but it is a fact that every day the public is growing more and more in need of new automobiles. The country's motor cars, vital necessities of our modern times, are wearing out. Every day makes greater the number of new cars which must be built for replacement.

The actual necessity for the release of the automobile dollar is here with us now, because mechanical things do wear out and replacements have for some time been below normal. Many thousands who have held back from buying through fear of impressions which new cars might make on their associates, are beginning to realize their mistake.

LEADERS OF ORGANIZED AGRICULTURE SUPPORT FEDERAL FARM BOARD

WASHINGTON, Nov. 25.—(P)—Leaders of organized agriculture, given their say today before the Senate agriculture committee, came seeking "strengthening" supports for the Federal Farm Board.

Their words were expected to launch a new farm relief contest in Congress, for they pointed to the banned equalization fee and export debenture principles for aid. President Coolidge and President Hoover both have rejected those principles.

Members of the two-year-old Farm Board who yesterday fired back shot for shot in a defense of their aid for American agriculture before the committee were given a listening role with the new turn of affairs.

Representatives of the nation's three national farm organizations were offered the speaking chair in turn by Chairman McNary of the committee. They were E. A. O'Neal, president of the American Farm Bureau Federation; Louis J. Taber, master of the National Grange, and John A. Simpson, president of the Farmers' Union.

Mr. Hoover's Farm Board, created by Congress at the outset of his administration, apparently had the support of the organized farmers in so far as it had operated. But the organization leaders asked for more.

Senator McNary's inquisitive and partly hostile committee was still busy assimilating the voluminous report which Chairman Stone of the Farm Board suddenly shot at it yesterday at the opening of the farm hearings. In this the board detailed all its operations as a standing answer to the expected assault of the committee.

UNION THANKSGIVING SERVICES AT CENTRAL METHODIST CHURCH

The annual union Thanksgiving services of Brownwood churches will be held at 10:00 o'clock tomorrow morning at the Central Methodist Church. Dr. G. C. Schurman, pastor of the First Christian Church, will deliver the Thanksgiving sermon. Other appropriate Thanksgiving numbers have been planned for the program.

The union services every year are sponsored by the Brownwood Ministerial Association and everybody is invited to attend, according to announcements from this body today.

Three Killed Today When Auto Struck By Fast Passenger

HOMER CITY, Pa., Nov. 25.—(P)—Three persons were killed and five others seriously injured near here today when their automobile was demolished by a Pennsylvania railroad passenger train.

The dead: Jasper Kunkle, 40; Mrs. Al Mulholden, 35, and her oldest son, 12.

Mrs. Kunkle and four children, two of them her's and two Mrs. Mulholden's were taken to a hospital and attending physicians held little hope for their recovery.

The Kunkles and Mulholdens are neighbors.

THREE BROTHERS KILLED IN CROSSING ACCIDENT

TALIHINA, Okla., Nov. 26.—(P)—Three brothers, Robert, Leonard and Homer Lee, were killed in a crossing crash near Abilene, six miles southwest of here, when their speeding car skidded 30 feet into the path of a Frisco passenger train late yesterday. The bodies, badly mangled, were brought to an undertaking parlor here.

SKELETONS BELIEVED TO BE THOSE OF TRIO NEGROES

SEALY, Texas, Nov. 25.—(P)—Officers believed today the skeletons of two women and a baby found in a pasture seven miles west of Sealy were those of an aged negro woman, her daughter and infant child who disappeared last February. E. E. Kastrop, justice of the peace, had not returned an inquest verdict but said all indications were that the women and the infant were murdered. Remnants of clothing found near the bodies bore what the justice of the peace thought were bloodstains.

Pantages Case Goes To Jury Tuesday In Los Angeles Court

LOS ANGELES, Nov. 25.—(P)—Alexander Pantages, wealthy theatrical man facing a possible sentence of from 1 to 5 years in prison if convicted on a charge of attacking Eunice Pringle, young dancer, heard his case delivered to the jury last night.

Pantages was visibly nervous as he listened to the closing arguments. The defense charged the case was a "frameup."

The present trial is the second for Pantages on the same charge. He was convicted in October, 1929, and sentenced from 1 to 50 years in prison. The state supreme court, however, granted him a new trial, ruling the trial judge erred in failing to allow the defense to question Miss Pringle about her past life.

BRIDGES WILL REMAIN OPEN FROM 7 TO 12

WASHINGTON, Nov. 25.—(P)—The treasury today ordered international bridges between six Texas towns and Mexico kept open until midnight in response to petitions urging such action.

Assistant Secretary Lowman issued instructions to the collector of customs at San Antonio to keep open the bridges at Del Rio, Eagle Pass, Laredo, Zapata, Roma, and Brownsville from 7 a. m. until midnight, instead of closing them at 9 p. m. as heretofore.

The action came as a result of petitions from the mayors, county judges, sheriffs, police chiefs, and other officers in the border towns claiming that extension of the opening hours would facilitate traffic with Mexico and bring about a better feeling of Mexicans toward Americans.

The bridges along the Texas-Mexican border for a few months were open all night but were ordered closed at 9 p. m. when the treasury received petitions from congressmen and other prominent citizens saying that conditions on the Mexican side were leading to financial and moral degradation of Americans.

The earlier closing brought many protests but no change was made until the latest petitions were received.

The new opening hours go into effect Thanksgiving night.

Bridges at Thayer, Hidalgo and Rio Grande City will continue to close at 9 p. m. because no request had been received from those places for longer hours and some protests against longer hours had been filed.

Teachers of Texas Gather in Amarillo

AMARILLO, Texas, Nov. 25.—(P)—A small number of officials and delegates, and a host of commercial exhibitors were in Amarillo today, making final arrangements for the opening of the fifty-third annual convention of the Texas State Teachers Association tomorrow.

Chamber of Commerce committees and officials of the public school system, Amarillo College and West Texas State Teachers College at Canyon, held their last meeting yesterday and announced that plans had been made the entertainment of 5,000 or more visitors.

Pre-convention activities were to open with a tea at the Canyon Teachers College this afternoon, at which the Panhandle chapters of the American Association of University women will honor Miss Sarah M. Sturtevant, professor of education at the Teachers College, Columbia University, New York.

The first annual dinner of the southwestern division of the national organization of educational exhibitors, will be held tonight.

Exhibitors entered by schools throughout the state were being set up today. They filled the building set aside for them and overflowed into hotel lobbies, the general convention hall and the 40 sectional meeting places.

Eighty selected high school band members were here from over the state, rehearsing with 30 from Amarillo under Director Oscar Wise. The all-state school band was made a feature of the annual convention at last year's session.

Chief business of the convention will concern juvenile delinquency, evils of the athletic system and the election of officers.

IN THE COURTS

Justice Precinct No. 1 E. T. Perkins, presiding, O. L. Thomas was fined \$19.35 on a charge of drunkenness and disturbing the peace. Clyde Lucas was fined \$14.65 on a charge of swindling.

Independents Seek Crystallize Blocs For Next Congress

WASHINGTON, Nov. 25.—(P)—In two separate gatherings independent minded members of the senate and house sought today to crystallize the blocs in which they seek a balance of legislative power.

The senatorial independent Republicans planned to dress up a legislative program. Prominent before them were significant employment projects, to be paid for by bond issues, and direct federal relief plans for giving the unemployed food and clothing.

The house group, numbering several republicans, the one farmer-laborite member, Kvale of Minnesota, and the Democratic Howard of Nebraska, expected at today's meeting only to pledge itself to see that house rules were liberalized. Later on they plan a caucus at

Large Audience Hears Dr. Powell Discuss Membership Canvass

About 250 Baptists, representing the churches in the Brown County Baptist Association, were present at the First Baptist church here Monday night to hear Dr. R. L. Powell, pastor of San Angelo First Baptist church and organizer for district 16 for the Every Member Canvass in Texas, speak in interest of the canvass.

Dr. Thomas H. Taylor, president of Howard Payne College, and Dr. A. E. Prince, moderator for the county Baptist association were in charge of the meeting. Joe Trussell led the devotional.

Dr. Powell explained how the Every Member Canvass, which is a Southwide movement to raise forty million dollars, will help the local church. The Canvass will be from November 29 to December 6, and every Baptist in the south is expected to help in raising the budget.

This budget, he said, will help the denomination, of course, but the main object is to pay the local church expenses and debts along with the denominational budget. It is not really the movement that counts but the spirit behind the movement, he declared.

The churches of the Brown County Baptist Association expect to do their part in the Every Member Canvass, it was said at the meeting.

Dr. Powell spoke this morning at Comanche and will speak tonight at Hamilton.

Our hearts were made sad last Thursday morning, November 19, on learning of the death of William J. Sorrels of Mullen. About two weeks ago Willie took his bed suffering from a carbuncle on the back of his head, in which he took blood poison and on November 17, 1931, at 6 o'clock the death angel made his appearance. At the time of his death he was at Luling working on a highway bridge. His mother, brother, and two sisters were at his bedside when death came. In his death this earth was robbed of a noble son and brother, who was loved and honored by his family.

Willie was born July 5, 1897, in Montague county. He came to Brown county with his parents in 1901, where he grew to manhood. Later they moved to Mullen. At the age of 16 Willie was converted and joined the Baptist church at Salem. He leaves his mother, Mrs. E. E. Russworn, five sisters, and one brother as follows: Mrs. Jack Daniel, Mrs. Claud Russell, Mrs. Jim Russell and Miss Myrtle Sor-
