## Gramm's aide unveils private property rights bill at local Farm Bureau office

by Janet Felderhoff  
John Marlow, North Texas Regional Director for US Senator Phil Gramm met with interested persons at the Cooke County Farm Bureau office in Gainesville on Monday, Sept. 18. His purpose was to explain Senator Gramm's Private Property Rights Restoration Act.

"As a result of direct communications from meetings like this with Farm Bureaus, ranchers and farmers all across the state, Senator Gramm felt it was necessary to again introduce the Private Property Restoration Act of 1995," remarked Marlow. "Private Property Rights wasn't an item on the contract with America and it has passed the House overwhelmingly." There are now two bills before the senate, the bill Gramm is co-sponsoring and Omnibus Property Rights Legislation. The difference between the two is the level of loss that must be incurred before compensation.

"The bill's basic premise is a clause in the Fifth Amendment that reads, 'Nor shall private property be taken for public use without just compensation,'" said Marlow. "What this is called is the Takings

Clause of the Fifth Amendment. Traditionally this is applied to the building of highways or other public use of private land where the highway department would have to pay you market value of the land that they took."

He went on to explain that the Supreme Court has recently ruled that the Takings Clause also applies to regulatory takings. "Government agencies such as the EPA and the Fish and Wildlife Service for several decades now have been staffing up and expanding their power through the Endangered Species Act or the Wetlands Protection Act and coming on to private land uninvited, restricting the use of that land through the enforcement of these regulations, thereby causing a substantial loss of value of the property," Marlow noted. "Rendering it utterly useless in many cases. They have been doing this without compensating the land owner. The Supreme Court says that is unconstitutional."

Gramm's bill would make government agencies get permission before coming onto private property to inspect or to regulate. It would

make the government agency prioritize what is really in the interest of the public.

"The way it does that it invokes an internal cost benefit analysis in the agency," said Marlow. "It does this by making the agency with the money that is going to compensate the land owner for the loss of value on their land, that money comes directly from the government agency's operating budget. It takes money off their bottom line to compensate you for your loss. It really makes that agency prioritize and justify what is indeed in the public interest and indeed worthy of regulation and worthy of you losing value from your land."

The bill is now pending in the Senate. Senators Gramm and Hutchinson of Texas both support the bill. The question said Marlow is whether President Clinton will sign the bill if it passes. "The message to farmers and ranchers in Texas is you have the support of your House members and your Senators on this issue. You need to communicate to your President that you want your rights to your property back and you want the government out of the

regulation business when it comes to private property.

In the Omnibus bill the level of loss is 33 percent loss before the property owner can be compensated. Gramm felt that amount was too high. His bill proposes 25 percent or \$10,000, whichever comes first.

One party present remarked that he felt that if the government damaged even one fence post on his property he should be compensated for it. If he damages his neighbors property he must pay for the damage he noted.

"Right now the government is taking 100 percent," said Marlow. "Even one percent is wrong, but we've got to go with what we can go with."

Gramm feels that if society benefits from your loss through a regulatory taking, society should pay you for that loss. Besides being only fair, enacting this simple principle into law is the only way to force government regulators to compare costs with benefits before they decide to deprive a property owner of the value of his or her property.

## Effective tax rates lowered by City

by Stephen D. Broyles  
The Muenster City Council approved the budget for next year at the last council meeting. Well aware of re-appraisal increases on property values and their impact on people, city council members reviewed projected revenue and expenditures very closely. As a result, the council was successful in approving the lower effective tax rate authorized by tax code.

The approved effective tax rate is .420000 per hundred, compared to last year's rate of 0.469874. The following example explains what this means for a resident of Muenster. If property was appraised at \$80,000 after exemptions, the Muenster City property tax last year was \$375.90. Let's assume that the same property was appraised at \$90,000

after exemptions, this year. As a result of next year's lower tax rate, the Muenster City property tax would be just slightly higher at \$378.00 - despite a \$10,000 increased appraisal value.

The Water District Board has also lowered its effective tax rate. However, due to a projected budget deficit at the lowest effective tax rate of 0.108910 per hundred, the Water District Board approved an effective tax rate of 0.112177 for next year. This is still lower than last year's 0.124174 tax rate. Using the same figures as discussed in the above example, last year's tax rate resulted in a Water District tax of \$99.34 on property appraised at \$80,000, after exemptions. Next year's tax rate on \$90,000, after exemptions, will result in a Water District tax of \$100.96

## Rohmer's Restaurant passes to second generation, Dina and Troy Sicking

by Janet Felderhoff  
As of Sept. 1 Rohmer's Restaurant in Muenster has new proprietors. Troy and Dina Sicking bought the business from Dina's mother, Agnes Rohmer.

"We don't plan to make any major changes," Dina commented. "Everything will be basically the same." Her mother will still help out, but will now have more time for herself.

"I learned a lot from my parents, especially my dad (Emil Rohmer)," said Dina. "He had a good start. We want our customers to get an at home feeling."

As always Rohmer's will offer lunch specials that include enchiladas on Wednesdays and barbecue ribs on Thursdays. They have home-made desserts and a wide selection from the menu. Friday and Saturdays nights are all you can eat catfish, fried shrimp or boiled shrimp specials.

Others services offered by Rohmer's are catering and private dining for wedding rehearsals, Christmas parties, etc.

Troy will continue to work at Peterbilt in Denton and help evenings and weekends. The couple's two children Jason, 17, and

DINA and TROY SICKING, new proprietors of Rohmer's Restaurant. Janie Hartman Photo

Jennifer, 16, also help at the business.

Dina credited dependable help, such as long-time employees Pat Yosten, Karen Mosier, Cheryl Mollenkopf, Mark Grewing, and Monica LeBrasseur for being able to step into the business and keep things going like they were.

Emil Rohmer started his restaurant career in 1953 with the Ace Cafe on Hwy. 82. He rented that building. In 1959, he bought the Walterscheid home across the highway. The rock exterior building was remodeled by removing walls and adding on. When opened as Rohmer's Restaurant it seated 88 people. In 1963 Emil added a catering service.

Rohmer's Restaurant received favorable reviews in Frank Tolbart's column in *The Dallas Morning News* in 1977, in two dining out manuals, "Great Home Town Restaurants in 1984, and "The Best Country Cafes in Texas" in 1986, and also in the Texas magazine of the Houston Chronicle.

Business hours are 6:30 a.m. to 10:00 p.m. Monday through Saturday. Rohmer's is closed on Sunday.

THE MUENSTER KNIGHTS OF COLUMBUS made a donation to the Cooke County Woman's Center recently. The \$1400.00 was earned at the "Wurst for the Best" fundraiser last February. Pictured are, 1 to r, Grand Knight Ed York, Wurst Chairman Tom Felderhoff, Bill Black and Judy Krahl, representing the center. Janie Hartman Photo

## NCTC Board of Trustees vote to leave college tax rate unchanged

The 1995 tax rate for North Central Texas College will remain unchanged - at 13.04 cents per \$100 of assessed valuation - following action by NCTC's board of trustees meeting in special session on campus Tuesday, Sept. 5.

The trustees chose not to go with a new "effective" rate of 12.94 cents. The effective rate is that which, according to the Cooke County Appraisal District (CCAD), would generate the same amount of revenue as in the previous year.

"The fact that the new effective rate for 1995-96 is slightly below the current rate for 1994-95 is due primarily to a rise in countywide taxable values of some \$6 million, or about 6.8 percent," said Dr. Ronnie Glasscock, NCTC president.

Dr. Glasscock stressed, however, that the effective rate is calculated according to the college's total tax rate, with no distinction made by CCAD between the portion NCTC assesses for maintenance and operation (M&O) and portion it assesses to pay off bonded indebtedness.

"This is important to remember," he said, "because the

college has reached a point where it's paying more toward principal and less toward interest on its bonded indebtedness. As a result, a lesser amount is needed to service that debt.

"Therefore, in apportioning part of our tax rate for M&O and part for debt service, there will necessarily be a slight drop in the debt service portion. Keep in mind that college exercises no control over this portion of its tax rate; that is, no higher rate than that necessary to service the debt can be assessed."

What results, he reported, is "a sort of quirk in the arithmetic." When the debt service portion of the college tax rate drops, the M&O portion goes up slightly to "make up the difference," in a sense. This past year, the M&O rate stood at 10.94 cents, and the new effective rate raised it by less than half of one percent to 10.99 cents.

In discussing the issue, several trustees voiced their feeling that the resulting minimal gain in M&O revenue, while welcome, would represent very little substantive progress toward closing the \$93,000 gap which exists between local tax revenues and the level of spending

necessary to operate and maintain the college's physical plant.

Dr. Glasscock told the trustees that he had no recommendation to offer regarding the college tax rate, preferring to defer to the judgment of the governing board.

Trustee Alan Ritchey opened the debate with a statement indicating that he actually favored an even larger decrease in college taxes than that to be realized through the new effective rate. Nevertheless, he moved to adopt the effective rate as the 1995-96 tax rate. The motion was seconded by trustee Neil Tibbetts but was defeated by a 3-2 vote.

Board chairman Urban Endres was out of town and not able to attend the meeting. Not voting because he presided in the chairman's absence, vice chairman Dr. Milton Dickson indicated that he too would have opposed the motion.

Agreeing in principle that "efforts to keep property taxes down are admirable," trustee Charles Draper said he could not, in this particular case, accept what he views as the only two alternatives - to allow college facilities to slowly deteriorate or to continue shifting more and more of the responsibility for their maintenance and operation to students through higher tuition and what amounts to "user fees."

"I would hope," he said later, "that eventually we can get back to using a greater share of our tuition and fee income as it's supposed to be used - to cover costs of improving and expanding instructional programs, to help offset the costs of new technology such as Internet, distance learning and so on - rather than continue diverting so much of it to make up

## Letters to the Editor

### Letter to the Editor,

Having just arrived back home, after almost a week of wonderful care by the staff at our local Muenster Hospital, I want to bring to the attention of our local citizenry how fortunate we are to have such superb facilities and staff right in our own community. In the last several years I have been in four other medical facilities, which were good, but in no way give you the sincere care received here in Muenster Memorial Hospital. It is such a comforting feeling to know you are being cared for by friends and neighbors. Among them you find kind folks, former business friends and on and on. I would like to give a list of them all, but since that is not possible, I would like to say "THANKS" to each and everyone, Dr. Edd, Dr. Currier, the nursing

staff, and too, we don't want to forget the clergy that comes calling even though they have full daily schedules. I was attended to my spiritual needs by Fr. Joe Weinzapfel and Pastor Fr. David. Our hospital administrator, Jack Endres seemingly didn't stop for a minute applying himself to the numerous details of a hospital. We are very fortunate to have a person of his caliber looking after our hospital. Of course we shouldn't leave out the Hospital Board that gives of themselves unselfishly for great direction of advancements and improvements. Of course it would be dreadful if we didn't have those friends and family that come in to help pass some of the time. Thanks to all.

### In my opinion - is it also yours?

Do you enjoy reading brief, interesting news items about area residents, or your friends, neighbors, relatives or former residents? Are you willing to share such "little bits" of your own? Then start the ball rolling by telling us so we can tell other readers.

Vacations, graduations, anniversaries, new jobs, new babies, visitors from out of town, special awards, even bragging rights are interesting news items.

Please share your news of your holiday guests, or family gatherings, with friends, relatives, neighbors and former residents who enjoy reading about happy times and holiday celebrations occurring in their hometown. Call 759-4311 or send a note to Box 190, Muenster, TX 76252.

Elfreda Fette

## PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1995

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 50 proposes a constitutional amendment providing that the legislature by general law may authorize the Texas Higher Education Coordinating Board to issue general obligation bonds of the state in an amount not exceeding \$300 million to finance educational loans to students. The maximum interest rate to be borne by the bonds must be set by law. The legislature may provide for the investment of bond proceeds and may establish an interest and sinking fund to pay the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of \$300 million in general obligation bonds to finance education loans to students."

### PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional amendment that would authorize the legislature to exempt from ad valorem taxation the property of an organization chartered by the Congress of the Republic of Texas if the property is used primarily for the charitable, benevolent, or public service activities of the organization as defined by general law. The Comptroller's Property Tax Division has identified the Grand Lodge of Texas, also known as the Masonic Lodges, as the primary organization which would qualify for this tax exemption.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt from ad valorem taxation property of an organization chartered by the Congress of the Republic of Texas that is used primarily for the charitable, benevolent, or public service activities of the organization."

### PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 51 proposes a constitutional amendment that provides that the farm and ranch finance program fund shall be administered by the Texas Agricultural Finance Authority and not by the Veterans' Land Board, as provided by current law. In addition, the proposed amendment provides that the proceeds of \$200 million of the \$500 million in bonds authorized by the Texas Constitution for the farm and ranch finance program fund may be diverted to the agricultural fund and the rural micro-enterprise development fund, also authorized by the Texas Constitution, to be used for agricultural and rural economic development programs.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the use of existing bond authority of the farm and ranch finance program to include financial assistance for the expansion, development, and diversification of production, processing, marketing, and export of Texas agricultural products."

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 46 proposes a constitutional amendment that would allow an encumbrance to be fixed on homestead property for an owelty of partition. In divorce and probate situations, a piece of property may be owned jointly by two

or more people, and each person owns an undivided interest in the property, as opposed to a specific portion of the property. If one owner wishes to purchase the other person's interest in the property and wishes to obtain a loan to finance the purchase, the lending institution requires all interests in the property to be used as security for the loan; this is called an owelty of partition. Senate Joint Resolution 46 would allow the lending institution to foreclose on the homestead property for an owelty of partition if the purchaser defaulted on the loan. In addition, the proposed amendment would allow the refinancing of a lien against a homestead. Finally, the proposed amendment would allow a purchaser or lender to rely on an affidavit that states that the property to be conveyed or encumbered is not the homestead of the affiant.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting an encumbrance to be fixed on homestead property for an owelty of partition, including a debt of a spouse resulting from a division or award of a homestead in a divorce proceeding, and for the refinancing of a lien against a homestead, including a federal tax lien resulting from the tax debt of the owner."

### PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 34 proposes a constitutional amendment which would increase by \$500 million the constitutional authorization of the Veterans' Land Board to issue and sell general obligation bonds of the state to provide housing financing to Texas veterans. The proceeds from the bonds authorized by this amendment shall be used to augment the Veterans' Housing Assistance Fund II to be administered and invested as provided by law. The bonds authorized by this amendment shall be incontestable after execution by the Veterans' Land Board, approval by the attorney general, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to increase by \$500 million the amount of general obligation bonds that may be issued to augment the veterans' housing assistance fund II."

### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 64 proposes a constitutional amendment which would extend the tax exemption under article VIII, section 1-b(b) of the Texas Constitution for the residence homestead of a person age 65 or older to the surviving spouse of a person who received the exemption. The surviving spouse must be age 55 or older when the deceased spouse died, and the property must be the residence homestead of the surviving spouse when the deceased spouse died and remain the surviving spouse's residence homestead. A surviving spouse who already receives an exemption under this section of the Texas Constitution is not entitled to an additional exemption under the amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting from ad valorem taxation the residence homestead of the surviving spouse of an elderly person."

### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would reduce the amount of general obligation bonds authorized for the superconducting super collider fund from \$500 million to \$250 million.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment reducing the amount of general obligation bonds authorized for undertakings related to the superconducting super collider research facility from \$500 million to \$250 million."

### PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 80 proposes a constitutional amendment abolishing the office of constable in Mills, Reagan, and Roberts counties. In Mills County, the office of constable is abolished, and the powers, duties, and records of the office are transferred to the sheriff. In Reagan and Roberts counties, the office of constable is abolished and the powers, duties, and records of the office are transferred to the sheriff only if a majority of voters in each of the respective counties favors the proposed amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the abolition of the office of constable in Mills, Reagan, and Roberts counties."

### PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 7 proposes a constitutional amendment that would allow investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia. Currently, such investments are prohibited by article XVI, section 70(r) of the Texas Constitution, which would be repealed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that would abolish the constitutional office of state treasurer effective September 1, 1996. The transfer of specific constitutional powers and duties to the comptroller of public accounts takes effect on that date. The statutory powers and duties and the state treasurer are transferred to officers and agencies of state government as the legislature provides by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of state treasurer."

### PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment requiring that land devoted to wildlife management be taxed on the basis of its productive capacity. The proposed amendment also adds a temporary provision to the Texas Constitution validating the changes to the law made by Chapter 560, Acts of the 72nd Legislature, Regular Session, 1991, which amended the Tax Code to allow land used for wildlife management to be appraised as agricultural land. The temporary provision also provides that a property owner is not authorized to claim a refund of taxes paid unless the tax payment was challenged before the effective date of the proposed amendment. The temporary provision expires on January 1, 1998.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow open-space land used for wildlife management to qualify for tax appraisal in the same manner as open-space agricultural land, subject to eligibility limitations provided by the legislature."

### PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 31 proposes a constitutional amendment providing that the legislature may exempt from ad valorem taxation income-producing personal property and mineral interests that have a taxable value which is insufficient to recover the costs of administering the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxation personal property and mineral interests having a value insufficient to recover the administrative costs of collecting the taxes."

### PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution No. 35 proposes a constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life."

### PROPOSITION NO. 14 ON THE BALLOT

House Joint Resolution 68 proposes a constitutional amendment that allows the legislature to raise the current ad valorem tax exemption for disabled veterans and their surviving spouses and minor children. The tax exemptions would be raised based on a veteran's disability rating as follows:

Disability	Maximum Tax Exemption
10%-30%	\$ 5,000
30%-50%	\$ 7,500
50%-70%	\$10,000
More than 70%	\$12,000
Age 65 and 10% or higher Loss or loss of use of limb	\$12,000
Blindness or paraplegia	\$12,000

The spouse and children of any veteran who dies while on active duty may be granted an exemption of up to \$5,000. The amounts of the exemptions provided for in this proposed amendment may be repealed by the legislature by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to raising the limits of the exemption from ad valorem taxation of property owned by disabled veterans or by the surviving spouses or surviving minor children of disabled veterans."

## Perry: Proposition 3 can have "3-to-1" job return

Voters will have a chance Nov. 7 to create jobs through Proposition 3, Agriculture Commissioner Rick Perry said recently. The proposition will help build the state's agribusiness manufacturing base by providing financing to help companies, such as food processors and apparel manufacturers, start-up or expand.

"Being number three on the ballot is appropriate because about three additional jobs are created for each new ag processing job," Perry said. "For instance, a food processor may employ five people, but approximately 15 additional people will be employed through trucking, shipping, restaurant and supermarket positions. This figure may even be higher for other agribusinesses because the job creation impact varies depending on the product, according to state economic models."

The Proposition 3 position was granted a drawing for ballot placement in the Nov. 7 election, during which 14 constitutional amendments will be decided. Proposition 3 asks voters to approve transferring \$200 million in existing bonding authority from the Texas Agricultural Finance Authority's Farm and Ranch Finance Program to TAFE's Loan Guaranty Program, increasing its funding from \$25 million to \$225 million.

"It's important to note that this ballot initiative asks only to transfer existing bonding authority from one program to another," Perry said. "It is not asking voters to approve new debt or new taxes."

If approved by voters, the transfer will still leave \$300 million in funding for the Farm and Ranch Finance Program, which helps farmers and ranchers buy land, Perry said.

Transferring bonding authority will help create additional jobs and economic development statewide by strengthening the TAFE Loan Guaranty Program. Through loan guaranties to 49 companies, TAFE so far has directly created or retained more than 1,400 jobs; indirectly created or retained more than 4,700 jobs; and contributed more than \$400 million to the gross state product, Perry said.

The Texas Legislature created the program in 1987, and in 1989 Texas voters approved funding the program with \$25 million in bonding authority. The Legislature formed TAFE to help businesses that cannot receive conventional bank loans because they are start-up operations or because the company's income or collateral does not fit a bank's underwriting criteria, Perry said.

"Four years ago, only 8 percent of Texas' raw agricultural goods remained in state to be processed into value-added products such as convenience foods and clothing," Perry said. "That figure is now up to 10 percent thanks in part to the assistance TAFE has provided. However, we still have 90 percent of our goods shipped out of the state or out of the country along with the jobs and industry created by processing a product."

Adding just 1 percent to the state's processing rate would contribute \$2.2 billion in economic activity to Texas each year. Bringing the state's processing average up to the national average of 20 percent would add \$22 billion to the state's economy, Perry said.

"By voting yes on Proposition 3, Texans can provide a tremendous economic development and job creation boost at no cost to taxpayers," Perry said.

## Overhanging trees and curb clean-up needed

Trees are beautiful and add a lot of making Muenster a nice community to live in. However, limbs hanging over roads are dangerous. Many limbs extend over the curb low enough to force vehicles to drive in the middle of the road, or else to drive with limbs hitting them. If you have trees in your yards close to the road, please check them. If they are extending low enough to block pick-up trucks or cars from driving

on the right side of the road or parking by the curb, please trim them as soon as possible.

Another area that needs some attention is curb clean-up or grass growing in the street by the curbs. Grass growing there will weaken and damage the street base and surface. Street repairs may be reduced if people spray these areas by the curb when the grass first starts growing. This will also help the city save funds.

## NCTC Tax Rate

the shortfall in M&O revenues from taxes."

Draper moved to set the total college tax rate for 1995-96 at 13.04 cents, the same as in 1994-95. While keeping the total rate the same, it would, in effect, raise the M&O portion of the total rate to 11.08 cents - a slightly higher increase than would have been achieved by adopting the new effective rate.

Draper pointed out that leaving the rate unchanged, as opposed to going with the effective rate, would cost the average homeowner only about 75 cents more on his total yearly tax bill. However, it would generate for NCTC an estimated total of about \$7,800 more for maintenance and operation for the year than the effective rate.

"This small amount certainly won't make a major dent in the \$93,000 shortfall," he remarked, "but at least it's a step in the right direction."

In seconding Draper's motion, trustee Karon Sullivant said, "This board has always been extremely conservative when it comes to taxes, and I believe it's our responsibility to hold the line whenever possible. But we can't forget that it's also our responsibility to assure that college facilities are kept in good repair."

"After all, the taxpayers built and own these facilities, and I think we would be derelict in our duty to do otherwise. I don't believe that gaining a little ground by leaving the tax rate unchanged can be considered unreasonable."

Ritchey agreed that it isn't necessarily unreasonable, but he said his wish to reduce taxes or, at the very least, to not go beyond the new effective rate was "a matter of principle." He also stated that he viewed the results of last November's elections as a mandate to taxing entities at all levels, from the federal government on down, to reduce taxes.

Sullivant and fellow trustee Jerry Headrick both said they had difficulty with a comparison of how the federal or even the state government operates to the manner in which the college handles its financial affairs.

"For one thing, it's important to keep in mind that considerably less than 10 percent of NCTC's \$12 million budget is funded by local taxes," Sullivant pointed out, "and this local tax revenue is collected for one purpose - to cover the costs of operating and

Continued from Page 1

maintaining the college's in-district physical plant. The plain fact is that it falls far short of doing that."

After the meeting, Dr. Glascock said he hopes the public clearly understands that local tax revenues are used solely to operate and maintain colleges facilities within the district - that is, Cooke County. By law, these funds cannot be used to offset M&O costs at out-of-district campuses or teaching sites. At extension sites, M&O is covered by student tuition and fees.

The vote to leave the college tax rate unchanged was also 3-2, with trustees Draper, Sullivant and Headrick voting for and Ritchey and trustee Neil Tibbetts voting against. Dr. Dickson later indicated that had he been able to vote, he would have supported the motion.

In other business, NCTC trustees:

- Heard a report from Dr. Doug Crawford, dean of instruction, on the positive results of a concerted effort by college officials this semester to hold the line on allowing classes with marginal enrollments to "make" - not only as a cost-savings strategy but also as part of an overall initiative by NCTC to better serve students by streamlining and revamping its entire class scheduling process.

- Heard a report from Dr. Eddie Hadlock, dean of students services, giving preliminary enrollment totals for the fall 1995 semester just underway. At the close of registration, total headcount stood at 4,234, a drop of 47 students from fall 1994.

- Approved a contract for assessment and collection of college taxes by the Cooke County Appraisal District.

- Tabled consideration of a proposal to solicit bids from third-party service providers for maintenance of the college's 179 personal computers and several Novell networks. Further consideration will be given to the feasibility of hiring an in-house maintenance technician or, perhaps, a "director of technology" who would also play a key role in getting the college online with Internet.

- Heard a report from Regina Organ, director institutional advancement, that NCTC has received notification that it will be awarded a Public Outreach Grant of \$8,700 by the Texas Forest Service.

## IT'S THE GIFT OF A LIFETIME.

Making a bequest to the American Heart Association says something special about you. It's a gift of health for future generations — an unselfish act of caring.

Your gift will fund research and educational programs to fight heart attack, stroke, high blood pressure and other cardiovascular diseases. And bring others the joy and freedom of good health.

To learn more about how you can leave a legacy for the future, call 1-800-AHA-USA1. Do it today.

## Services held for Oplus Links, 79, on Sept. 16

Oplus Links, a life-long resident of Rosston, died at age 79 at Frontier Manor Care Center on Thursday, Sept. 14, 1995. He was born on Jan. 3, 1916 to Frank and Nettie (McLaughlin) Links of Rosston. On March 9, 1940 he married Ernestine Roberts in Marietta, Oklahoma. A farmer, he was also a driver in the oil field trucking industry before retiring. He served in the U.S. Army during WWII and was of the Baptist faith.

Survivors include three daughters, Bettie Sue Jordan, Bobbie Lou Hamilton, and Margaret Ann Keneda all of Lubbock; also nine grandchildren and eleven great-grandchildren. Also three sisters, Angie Raney and Myrtle Wilson of Gainesville and Annie Ward of Wichita Falls; and one brother, Conner Lewis Links of Lubbock.

Preceding him in death were his wife in 1978 and two sons, Roy Dean Links and Michael Ray Links in 1971.

Services were directed by Clement/Keel Funeral Home on Saturday, Sept. 16 at 4 p.m. in Rosston Baptist Church. The officiating minister was Rev. Dennis Pellet, pastor. Burial was in Rosston Cemetery.

## Betty Sue Hunt Matlock dies at age 55 on Sept. 15

Mrs. Betty Sue Hunt Matlock died on Sept. 15, 1995 in Denton Community Hospital at age 55. She had been a resident of Forestburg for 30 years. She was born on Feb. 17, 1940 to Joe and Dorothy Hunt. A homemaker, Mrs. Matlock was a member of the Assembly of God faith; an employee of Josten's, Inc. in Denton for 8 years.

Survivors include one son, Dale Stoner of Krum, TX; four daughters Mrs. Cheryl Purser of Ponder, Miss Paige Matlock of Ft. Worth, Mrs. Prudy Bayer of Muenster, and Mrs. Misty Patterson of Alford. Also ten grandchildren and one great-granddaughter. Also her mother, Mrs. Dorothy Hubbard of

Muenster; two brothers Roy Hunt of Trenton, N.J. and Elmer Hunt of Sunset; and five sisters, Mrs. Velda Freeman of Forestburg, Mrs. Helen Freeman of Alford, Mrs. Georgia McClure of Forestburg, Mrs. Oleta Salinas of Ft. Worth and Mrs. Billie Vandever of Forestburg. Also numerous nieces and nephews.

Services under direction of Burgess-Fry-Owens-Brumley Funeral Home were held Tuesday, Sept. 19 at 2 p.m. in Living Word Assembly of God Church in Alford. The officiating minister was Rev. M.L. Milton, pastor of the Living Word Assembly of God Church. Interment was in New Harp Cemetery.

## Even Start program receives grant award

Texoma Council of Governments has received notification of a grant award in the amount of \$298,093 for a new three county program called Even Start. TCOG competed for funding with 56 other organizations statewide and received the largest of twelve grants awarded for '95-'96. Even Start is designed to provide educational services to families who have children ranging in age from 0 to 7 years.

According to the program statute, the purpose of the program is to "help break the cycle of poverty and illiteracy by improving the educational opportunities of the nation's low-income families by integrating early childhood education, adult literacy or adult basic education and parenting education into a unified family literacy program."

Even Start will operate in Cooke, Fannin and Grayson

counties working with the schools and social service agencies to recruit eligible families. Identification and recruitment of families most in need of services will be conducted in accordance with program directives to serve those families with low level income, low levels of adult literacy or low levels of English proficiency. Services will include in-home visits by family educators to teach parenting skills to new parents and to offer training to all parents on how to be your child's first teacher. Day care and transportation costs may also be covered for participating families.

Recruitment of families will begin in November and educational activities will begin in January of '96. For more information, call Mr. Bob Rhoden, Even Start director, at 903-893-4257 or Janice Bates, Special Programs coordinator, at 903-813-3551.

## C.C. Pro-Life sponsors Cemetery of the Innocent

As has been done in the past, to commemorate the death of unborn children by abortion in Cooke County, a cemetery of the unborn will be erected, one cross for each of the 81 children aborted in 1994. We are looking for people to sponsor each cross. More than one person may sponsor a single cross. All proceeds from the

sponsorship will go toward Cooke County Pro-Life. A donation of \$5 is asked per sponsorship. If you can spare the change in support of life, please contact the youth office at Sacred Heart Church at 759-2511, ext. 44. Thank you. Also please pray for those who are aborted, receive abortions, do abortions, and promote abortions. God bless us all.

## Community Service Advisor to aid elderly

Thanks to advancements in medical techniques and good health practices, the average older person today is as alert and capable of meeting life's daily challenges as any younger person. But with the ever-increasing complex changes in various public programs and entitlements of concern to the elderly, it is difficult for even the most astute person to remain fully informed in such matters - for this reason the Community Service Advisor Program was formed.

The Community Service Advisor is a trained professional skilled in the various public benefits programs who functions to assist and counsel the elderly in certain law-related problems. The CSA is neither a lawyer nor a para-legal, but is an advocate for the elderly. The Advisor offers

counseling and assistance in Social Security, SSI, Insurance Evaluations, Medical Bills, Utility Adjustments, Medicaid (spend-downs and spousal impoverishment), Consumer Fraud problems, and provides representation for clients before Administrative Law Judges on Public Benefits matters.

Services are provided for any person age 60 or over, with special emphasis on low-income, frail, rural and/or minority elderly.

Services are provided for Cooke, Grayson and Fannin Counties. For more information call director, Maurine Harrison at 1-800-677-8264 in Sherman. Maurine is in Gainesville on Tuesday of each week. To call for an appointment call Maurine or the Pecan Creek Center in Gainesville 665-3493.

**PROGRAM FOR REDEMPTION OF GERMAN HISTORICAL BONDS**

A major Swiss bank through the offices of a prominent Swiss Security House is prepared to exchange cash for German Historical Document Bonds, also known as Dawes and Young, series C and M, upon authentication as genuine. The purpose of this exchange program is to remove a large portion of existing bonds from circulation. The Swiss bank will pay approximately \$1.10 for each bond, which have face amounts of \$1000.00. To individual investors, these bonds have little or no value. The London Accord of 1951 specifically provides that these bonds are not subject to compound interest and Germany never agreed to honor them. This is a limited time program to allow bond holders to exchange their bonds for cash. The Security House has approximately 3 billion dollars to buy these bonds from all over the world. Once the allocated funds have been depleted, the exchange program will cease.

The Security House has offered a finders-fee of \$100.00 for each \$1000.00 bond located. This could be a substantial sum of money for those who locate bond holders who wish to sell the bonds. If you know of individuals who own these bonds and would be willing to discuss the option of selling the bonds, or if you desire additional information about any aspect of this program, please call: Muenster Enterprise, (817) 759-4311.

## "Rainbows" help children deal with grief

A child is a miniature adult with the same feeling of grief and despair for a loss as an adult, but with less life experience to help them deal with their feelings of grief. Sacred Heart Parish is pleased to announce that it will sponsor a program, Rainbows For All God's Children, which is designed to help provide the emotional stability that a child needs to verbalize his or her own feelings and begin to deal with them.

and begin to accept what has taken place in the family.

The weekly support groups will begin Monday, Oct. 9, at 3:45 p.m. and will be held for six consecutive Mondays. Each session will last approximately 45 minutes. The last session which involves the parent and child begins at 3:45 p.m. and lasts until 6:30 p.m.

Local coordinators for the Rainbows Program are Barbara Fuhrmann and Jeanne Greathouse.

Both parent and child must register to participate and deadline for registration is October 2. Dates for the weekly sessions are Oct. 9, 16, 23, 30 and Nov. 6 and 13. For further information, call 759-2511, ext. 44. The application at right can be completed and returned to the business office in the convent or mailed to Sacred Heart Church, ATTN: Barbara Fuhrmann.

This Christian program will help children share their feelings through workbook activities, sharing and discussions. "I think many children in our community could benefit from this program. If they are helped to go through the grieving process now, they will be happier and healthier as teenagers and adults," comments Barbara Fuhrmann, director of religious education in Sacred Heart Parish.

Everything will be completely confidential. The children are required to sign an agreement that they will not discuss what they hear outside of the discussion groups.

The program is open to all area children, kindergarten through eighth grade, who are living in single-parent families, step-families, or families that are going through painful transitions, such as divorce, death of a parent or significant other. It consists of 12 sessions, divided into two six-week semesters. In addition, each six-week semester is concluded with a wrap-up session that includes the parents and children. The first semester will be held this fall and the second semester will be in the spring.

During the weekly sessions, the children are divided into groups of three to five, according to age and each group will be facilitated by a sensitive, caring adult. The facilitators are trained and provided with the materials needed to help these children put their feelings into words, work through their grief, build a strong sense of self-esteem

## CC Heritage Society holds its membership meeting

The annual membership meeting of the Cooke County Heritage Society will take place on Tuesday, September 26, 1995 at 7:00 p.m. at the Morton Museum of Cooke County. The featured speaker will be Dr. Ernest Martin. His topic will be an archeological dig that he conducted at the Dillard Site, a late prehistoric village on the Red River in Cooke County.

in archeological work since the age of twelve, Dr. Martin is a member of the Texas Archeological Society, the Dallas County Archeological Society, and the Tarrant County Archeological Society. Dr. Martin's report on the work that was done at the site has been printed in the Bulletin of the Texas Archeological Society and copies of the report are available for purchase at the Morton Museum of Cooke County.

Refreshments will be served. The meeting is free and open to the public. For more information, please call 668-8900.

Born in Gainesville, Dr. Martin received his B.S. from the University of Texas at Arlington and graduated from Baylor Dental College as a Doctor of Dental Surgery. He has practiced in Gainesville since 1977. Interested

**"We found out that electric cooperatives are the best kept secret in the country... or the city, for that matter."**

Building your own home is a big step—and naturally, my husband and I were a little worried about moving out of town. Our builder told us that in this area, we would be members of an electric cooperative that offers rates, service and reliability second to none.

Anytime you build your own home, it's a challenge. We were amazed at how responsive the cooperative representative was in helping us design an energy-efficient home, complete with a heat pump.

I never thought I'd hear myself say it, but getting our power from the electric cooperative has been one of the most positive things about our move. I'd recommend the cooperative to anyone."

—Mrs. Judy Aldrich, Killeen, Texas

## New Arrivals

### Hutson

Brad and Betty Hutson are proud parents of a son, David Bradley Hutson, born in Gainesville Memorial Hospital on Sept. 12, 1995 at 7:04 a.m., weighing 6 lb. 5 oz. and measuring 19 inches in length. Also welcoming him is a sister, Kendra Hutson, age 14, of Saint Jo. The grandparents are Kenneth and Mozell Hutson of Forestburg and Gertie Luttmeyer of Muenster and the late Ferd Luttmeyer. The great-grandmother is Jewel Gaston of Saint Jo.

### Pritchett

Lisa Lynch Pritchett announces the birth of twin sons, Hunter Lynch Pritchett and Trevor Bass Pritchett. They were born on Wednesday, Sept. 13, 1995, each weighing 5 lb. 2 oz. in Medical City Hospital in Dallas.

Grandparents are Doyle and Virginia Lynch of Forestburg. The great-grandparents are Mrs. Imogene Lynch and Mr. and Mrs. Clifford Hudspeth of Forestburg and Mr. and Mrs. Melvin Pritchett of Terrell.

### Willis

Linda and Richard Willis of Rosston are proud to announce the birth of a son, Ryan John Willis in Gainesville Memorial Hospital on Friday, Sept. 15, 1995 at 8:21 a.m., weighing 8 lb. 2 oz. and measuring 21 inches in length. Ryan John is a baby brother for Krissy age 16, Kayleigh age 5 and Troy age 2. The grandparents are Richard and Mary Willis of New York and Mrs. Jo Dale of Muenster. Great-grandparents are Harry and Kathleen Willis of Pennsylvania and Jean and Nial Womer of New York.

## Garrett celebrates 3rd with sports marathon

Garrett Walterscheid celebrated his third birthday on September 10. Garrett's parents, Kim and Lisa, and his brothers, Dustin and Bret hosted a party in their home. Guests enjoyed hamburgers, hot dogs and a special "Sesame Street" cake.

After Garrett opened presents, his grandparents, Loyd and Gwen Trubenbach and Willie and Queenie Walterscheid officiated a sports spectacular. Guests competed in a football, baseball, soccer and Koosh paddle marathon. Players included: Tyler, Jordan, and Lee Walterscheid; Melinda and Collin Walterscheid; Mitch, Kyle and Derek Endres; along with Kristen LeBrasseur.

Cheering on the teams were aunts and uncles, Jean and Glenn Walterscheid and Terry and Dianne Walterscheid.

Special guest coaches were godparents Toni Trubenbach and Kenya and Bob Endres.

On Tuesday, Garrett shared "Cookie Monster's favorite cookies" with his friends at Wanda's Tender Loving Day Care Center.

GARRETT WALTERSCHEID

## News of the Sick

Carl Walterscheid is a patient in Dallas. Get well wishes will reach him addressed as follows: Carl Walterscheid, Baylor Medical Center, Roberts Building Rm. #1502, 3500 Gaston Ave. Dallas, TX 75246.

## Write On

Let's Eat McDonald's is the nation's leading fast food chain way ahead of the runner-up Kentucky Fried Chicken, Burger King, Pizza Hut, Wendy's, Taco Bell, Hardee's, Dairy Queen, Subway, and Domino's follow.

Kellogg's and McDonald's spend more money on advertising, followed by Budweiser, Kraft, General Mills Cereal, Coke/Diet Coke, Pizza Hut, and Miller Beer. In the potato chip race, Lay's

leads with the highest sales, followed by Ruffles and Pringles.

Wrigley's Extra gum is enjoyed by more Americans than Trident, Carefree, Wrigley Doublemint, Freudent, and Wrigley's Big Red.

Unpopped popcorn, which buyers prepare at home, outsells ready-popped varieties. Orville Redenbacher leads the sales followed by Betty Crocker Pop Secret.

If you or someone you know are having problems with alcohol, please give us a call 817-759-4769

## Small study groups will be formed in SH Parish

At all weekend and Sunday Masses in Sacred Heart Church, Sept. 23 and 24, parishioners age 18 and over will be invited to sign up for small study groups. Most groups will meet for six to eight weeks, beginning the second week of October.

Options include:  
 "Healing Through Consecration" (video series) on Louis de Montfort's Consecration to Mary, on Monday afternoon, 2:30 p.m. with Helen Yosten.

"Morality and Forgiveness" (videos and discussion) on Tuesday evenings, 7:30 p.m. with Barbara Fuhrmann.

"Stories in Scripture and Tradition" (lecture and discussion) on Wednesday evenings, 6 p.m. with Father Frowin.

"The New Catechism" using Catholic Updates, on Mondays at 2 p.m. with Lorena Taylor (space limited).

"Action 2000" using meditation on daily readings on Tuesdays, 9 a.m. with Lucille Hess and Mary Lee Hennigan (space limited).

"Action 2000" meeting weekly or biweekly year round, on Wednesdays, 7:30 p.m. with Roger and Janie Taylor (space limited).

"Old Testament Survey" on a weekday afternoon with Father David.

"Lives of the Saints" a look at the lives and writings of selected saints, Thursdays at 1:30 p.m. with Father David.

"Documents of Vatican II" study and discussion on Monday evenings at 7:30 p.m. with Father Joe Weinzapfel.

"Parenting" (video tape series) on Wednesdays during Religious Ed classes, 7 to 8 p.m. with Father David.

## Alyssa Stewart honored on first birthday with party

ALYSSA STEWART

"Our Alyssa is one!" rejoiced friends and family who attended her birthday party at the home of her parents, Darlene and Rick Stewart. There was a pink and white Panda Bear cake made by her mother, continuing a tradition in the family. Dinner was served, followed by dessert of cake and ice cream.

Attending were Kody Truebenbach and Sabrina Truebenbach; Kim Stewart and Raymond Stewart; Rhonda and Duane Walterscheid; Leo Sandmann, Julie Hess; Shirley Henscheid; and grandparents Mrs. Evelyn Stewart Koesler and Florence and Johnny Rohmer; and uncle and aunt Chuck and Doris Koesler and children Tony, Jessica and Kristina; and dearest friend JoAnn Huchton and Valerie and Dana.

THE MANTID is an insect often called praying mantis because it lifts its front legs as if it were praying. It takes this position when hunting. A full-grown, large mantid varies from 2 to 5 inches in length. It easily escapes unnoticed, in form and color it resembles the plants on which they stay. Eggs are laid in masses, and "glued" to plants and remain there during the winter. The young hatch in the spring. Mantids help humans by eating harmful insects.

Janie Hartman Photo

## Baptism

### Block

Travis Glenn Block, son of Glenn and Sonya Block of Lindsay, was baptized Sunday, Sept. 17, 1995, following the 10 a.m. Mass in St. Peter's Church in Lindsay. Father Eugene Luke officiated the ceremony. Godparents are uncle and aunt Dale Ray and Natalie Alexander.

Travis wore a baptismal gown made from the 1915 wedding gown of his great-great-grandmother, Rosa Orth Fuhrmann. The same gown was also worn by Travis' mother and her sisters and brother at their baptism.

A lasagna dinner was hosted by Travis' parents in their home. Serving as the table centerpiece

was a cake baked by his godmother. Gifts were opened and displayed. Pictures were taken and a video of the ceremony was recorded by Uncle Kevin Block.

Attending were grandparents Diane Eberhart and Wilbert and Anna Mae Block; great-grandmother Pauline Block; Selina, Rick and Alexandra Brak; Katie and Bethany Eberhart; Dale Ray, Natalie, Melissa, and Kristen Alexander; Bill, Annette, Michelle, Nicole, and Neil Bayer; Kevin, Brenda, Mallory, Garrett, Jessica, and Darryl Block; Tim Block; Pat, Tammy, Sabrina, and Kyle Bezner; Father Eugene Luke; and Travis' big brothers Joey and John.

## Lindsay Franciscans donate money to needy

Lawrence and Marie Zimmerer hosted the Sept. 12 meeting of the Lindsay Lay Franciscan Fraternity. Minister Therese Hermes opened the meeting. All sang the St. Francis song, and recited the Holy Spirit and the St. Francis prayers. Marie Zimmerer read the Scripture prayer.

Members voted to contribute \$300 to a needy parishioner of St. Peter's Church and \$150 for improvements to the convent building for Sisters of St. Peter's parish.

A letter from James B. Flickinger SFO was received requesting a donation for the St. Francis Amazon Relief Project (a project to help lepers). This area on the Amazon is known as the "Green Hell" because of its

extreme heat, rampant disease and widespread poverty. Yet Bishop Flickinger describes it as a "Touch of Heaven" for the love shown each other by the patients. Members of the Lindsay Fraternity voted to contribute \$180 to the project.

Plans to participate in the upcoming "Life Chain" were discussed.

The meeting closed with the healing prayer, many petitions, and ritual prayers.

Members signed a Get-Well card for Veronica Klement, who is a resident at St. Richard's Villa of Muenster.

Hostess Marie Zimmerer served refreshments of cookies, ice cream, fruit slices and coffee to all attending.

## From My Side of the Fence

by Ed Cler

Many years ago, in the late 20's, the only house on the Luke farm that my dad had acquired in 1922, was a four room old style building made up of a frame and 1"x12" lumber covered with weather boards. Hardly a totally secure place.

This old house sat empty most of the year, but at threshing and hay baling time it had to be cleaned up and used as a cooking and dining area for the hard working men that made up the crews for these operations.

At the time, I was a kid of 11 or 12 and could drive a Model T Ford well enough to get by, so when everyone else was busy, I would be drafted to drive Mom over to the Luke farm, and also help her as she cleaned and prepared the old house and cook stove, in preparation for feeding the crews.

Well, it didn't take Mom long to get into the job, and as she was sweeping and mopping, I was her go-getter. You know, go get this, go get that, so I was out of the house getting another bucket of water or some such, when I heard Mom scream once, then again long and loud.

Scared out of my wits, I came in on the run to find Mom pale as a ghost, and clutching her dress just under her armpit. She finally calmed enough to tell me a mouse had run up her dress and she thought she had it gripped in her hand, along with part of the dress.

As I looked at the death grip she had on that poor little mouse, I couldn't help but grin a little as I told her to release her hold as that mouse wasn't going to scare anyone, ever again.

She had squeezed the life completely out of it.

# It Was News Then ...

**50 YEARS AGO**  
August 24, 1945

Both schools will open here on Sept. 10. Rhineland parish observes golden jubilee. Soldiers Memorial Monument erected at Sacred Heart Cemetery. U.S. Secretary of the Treasury, OPA announces rationing will end soon on gasoline, canned fruits, vegetables and fuel oil and hopefully soon on shoes. New Arrivals: Mr. and Mrs. Theo Vogel announce birth of Janice; Mr. and Mrs. Leo Henschel announce birth of Carol Marie.

**30 YEARS AGO**  
August 20, 1965

Muenster Memorial Hospital is praised by auditor who presents report to Directors of Muenster Hospital Authority and temporary Directors of the proposed Muenster Hospital District. Obituary: George Hess, age 8, fails to survive open heart surgery. Muenster native, Sister Amora Felderhoff observes golden jubilee of profession as a Benedictine nun at Holy Angels Convent in Jonesboro, Ark. Weather situation is vastly improved by 2.53 inch rain. Fire started by lightning completely razes W.F. Davidson home in Marysville. Muenster Swimming Pool will close Sept. 5. Wedding: Lou Ann Reiter and Alcuin Paul Kubis marry in Sacred Heart Church. New Arrival: Bradley Dean Biffle to Mr. and Mrs. Jimmy Jack Biffle. Golden Wedding: Mr. and Mrs. Max Koelzer observe 50th anniversary.

**10 YEARS AGO**  
August 23, 1985

Fifth annual Forestburg Watermelon Festival set for Aug. 24. State Rep. Charles Fennell of the 80th House District will be the featured speaker at the dedication of the new Forestburg Homemakers Community Center on August 23 at 7:30 p.m. The event culminates more than 5 years of local fundraising activity. Obituaries: A. J. Felderhoff, 55, of Gainesville dies of injuries received in a tractor accident; Mary E. Koelzer dies at age 76. There's a reason why Muenster streets look better lately, because unpeeped thousand potholes have been filled by more than 175 tons of hot mix cold lay asphalt applied with shovels, then packed with a heavy roller. Muenster City Sales Tax rebate is \$15,315.

**50 YEARS AGO**  
August 31, 1945

Future Use of Camp Howze said to be indefinite. Weddings: Sophie Mae Schad marries John Streng; Sarah Stoffels marries Pfc Jack DeFrance.

**30 YEARS AGO**  
August 27, 1965

Hospital District election set for Sept. 25. Obituary: L.F. Bruns, 74, Muenster native, dies in Gainesville. J.M. Weinzapfel is named an honorary member of the Soil Conservation Society of America. Local Jaycees set up rest stop for Labor Day to encourage highway safety. Rest stop will be open for 48 hours and members will offer free coffee, doughnuts, soft drinks, milk, cheese, safety literature and brochures. Don Bayer and Wylie Lewis are co-chairmen. Muenster High roster lists 30 Hornets; SH Tigers list 30 players. New Arrivals: David Reiter to Mr. and Mrs. Doug Reiter; a daughter for Mr. and

Mrs. Claude Walter; a son for Mr. and Mrs. Alfred (Fritz) Hermes; a son for Mr. and Mrs. Robert Fuhrmann; a daughter for Mr. and Mrs. Gilbert Boydston; a son for Mr. and Mrs. David Forgey; a daughter, Kimberly Ann for Mr. and Mrs. Norbert Hoedebeck. Combined scholastic enrollment of both schools shows gain to 758. Wedding: Dolores Voth and Jimmy Zimmerer are married in St. Peter's Church.

**10 YEARS AGO**  
August 30, 1985

"Yard of the Month" honors could not have been more appropriately selected, than by awarding "Elder Park" this distinction. Located north of The Charm Shop, the once-cluttered and deserted vacant lot is now one of the greenest spots in town and one of the loveliest and most original. Initiated by Gary Fisher, aided by Kiwanis members and many volunteers, the ugly duckling vacant lot evolved into a beautiful park, an inviting place where residents can pause during a walk from home, sit a while, catch up on the latest news around town, or just appreciate the visual beauty. Slight relief from heat is experienced as temperature drops below 100 degrees, but rainfall for the month is less than one inch. Obituary: Henry (Hank) Reinart of Lindsay dies at age 73. Weddings: Veronica Lynn Edwards and Chris Allen Greanad are married in Forestburg; Donna Sue Arendt and Ronald (Rusty) Reed are married in St. Peter's Church of Lindsay; Diann Caplinger and Gary J. Zimmerer are married in Sacred Heart Church. Clifford Endres, PhD, is awarded a Fulbright grant to study in Izmir, Turkey. He is a faculty member of the University of Texas at Austin. New Arrivals: Zach for Janell and Jimmy Kupper; Renee Marie for Mr. and Mrs. Gary Wayne Balthrop; Kristin Ann for Bob and Carol Zimmerer. Football: Hornets edge Chico in scrimmage; Perrin wins over Tigers 2-0 in scrimmage; Lindsay Knights shine in scrimmage with Alvord.

**50 YEARS AGO**  
Sept. 7, 1945

Frank Yosten, Seaman second class, United States Naval Reserve, serving aboard the USS Jarvis when the ship was hit by enemy air attacks off Guadalcanal on Aug. 9, 1942, said to be Missing In Action is now listed among casualties in action. This is the first word the family has received in more than a year. Joseph Dangelmayr, community pioneer, father of Bishop A. Dangelmayr, dies at age 81. Kitchen/Pantry Shower is set for local Benedictine Sisters. Pfc

Harry Fisher is enroute home from the Philippine Islands after serving overseas 3 1/2 years. He is a real veteran of the Pacific War, having served in the famous 32nd "Red Arrow" Division in its long fight against the Japanese. He was with the Division when they took Buna and landed at Saidor afterwards. He then fought on the Driunmor River at Aitape and took part in the struggle for Ormoc on Leyte. His last campaign was the battle for the Villa Verda Trail in Northern Luzon.

**30 YEARS AGO**  
September 3, 1965

Freak accident in Myra takes life of 17 year old Myra youth, Harold Holland, when a blade comes loose from the car's fan and strikes him in the neck, severing the jugular vein. August rainfall measures 5.29, next to wettest August on local weather record. New Arrivals: First twins to be born at Muenster Memorial Hospital arrive, a boy and a girl to Mr. and Mrs. Herman Stoffels; a son, Roddy Michael Berend to Mr. and Mrs. Leroy Berend; Brian John Meurer to Mr. and Mrs. John Milner to Mr. and Mrs. Lawrence Milner; Wesley Lynn Reynolds to Mr. and Mrs. Kenneth Reynolds.

**10 YEARS AGO**  
September 6, 1985

Scholastic enrollment of both schools totals 655, gain of 33 over 1984. September scorers continue: after 23 days of 100 plus in August, Sept. 1 reading sets record at 108 degrees. Obituary: A.J. Huchton dies at age 55. Wedding: Kelley Lynn McCollum and Derrin Keith Orsburn are married in Dallas. New Arrivals: Mark Joseph Bayer to Mr. and Mrs. Carl Bayer.

**BART HENSCHID** had a busy summer, watering flowers at home and at Schilling's Fina Station. He also pulled weeds, picked up trash, cleaned the garage and did some mowing. Tiger football started last month and Bart has been assisting Coaches Nasche and Walterscheid and helps on the sideline at every game.

Mindy Renee Graham of Muenster graduated from the University of North Texas during summer commencement ceremonies. She is the daughter of Dr. Gerald and Donna Graham of Muenster.

Graham received a bachelor of science in biology degree.

## Light Up A Life campaign planned for Nov. 26-Dec. 14

The Cooke County Home Hospice Auxiliary has completed their plans for their 1995 Light Up A Life campaign set for Nov. 26-Dec. 14. Co-chairman for this year's event are Angela Antonetti of Muenster and Denise M. Pearce of Valley View.

On Nov. 2 the group will address invitations and enjoy a covered dish meal at Whaley Methodist Church in conjunction with their regular meeting.

The event will kick off Nov. 26 at Bealls Dept. Store at 2:00 p.m. with songs by the First Baptist Church Children's Choir. Special friends will light the tree.

Committee members list released is: Publicity - Antonetti and Pearce, and radio - Diane Boone; Flyers - Norma Williams and Jane Kilcrease; Trees - Dena Anderson, Norma Williams and Boone and all county reps to decorate; Scheduling - Dena Anderson, Joyce Cargill, and Mary Ellen Gibbs. Reps will be calling community members soon to sign up to assist at tables on various days.

All monies from LUAL go to the service of patients of Cooke County Home Hospice.

## Fort Worth Home and Garden Show Sept. 22-24

A garden of delights that caters to the five senses forms a unique and spectacular centerpiece for the 5th Annual Fall Fort Worth Home & Garden Show, September 22-24 at Tarrant County Convention Center.

The designer gardens are the semi-annual crowning touch display created by the Texas Association of Landscape Contractors (TALC), and exemplify the latest garden design trends as interpreted by Tarrant County's top landscape designers and contractors. Showgoers who stroll through the gardens can experience an array of pleasing effects that highlight auditory, fragrance, visual and textural experiences.

Speakers imbedded into rock outcroppings bring the sounds of nature and subtle strains of music to garden visitors. A gentle mist rises above a pond, and the pungent fragrance of perennial herbs fills the air. Seating areas are scattered throughout the garden, as are fountains, pools and other water treatments. Unusual plants such as Oregon grape mahonia and gold dust acuba are a treat for the eyes.

According to Tom Vehman, spokesman for TALC, the gardens are the result of the combined creative efforts of the organizations' member landscape contractors and designers. On the practical side, throughout the weekend, home gardeners can bring their garden or landscape plans and consult with TALC members. Both the gardens and the designers will offer attendees a wealth of new ideas to make their yards more beautiful.

General admission tickets available at the door are \$5.00 for adults, \$5.00 for children. Special discount coupons are available at all Fort Worth Area Wolfe Nursery, Texas Commerce Bank and Jack in the Box locations.

Show times will be Friday, Sept. 22, 2 p.m. to 9 p.m.; Saturday, Sept. 23, 10 a.m. to 9 p.m.; and Sunday, Sept. 24, 11 a.m. to 6 p.m.

The "Ronald McDonald Benefit Flower Sale" will be conducted at 4 p.m. Sunday with proceeds going to the Ronald McDonald House.

According to Home & Garden Show producer, Mike Clark, president of Friends Productions, "the flower sale is always one of the biggest crowd pleasers at the show, because attendees know they can buy top quality seasonal flowering plants at wholesale prices. If they know that they are also helping the Ronald McDonald House, they will have the added benefit of helping out families who need support during a child's time of illness."

## Country Tidings by Ruth Smith

Mrs. Odessa Berry entered the Community Hospital Friday. At this writing she is to have tests Monday.

Mr. and Mrs. Dale Hudspeth had as their guests Sunday for lunch and for the day Chad and Debbie Hudspeth of Denton and Mr. and Mrs. Domanic James and children of Watauga.

Mrs. Juanita Greanad has as her guest her sister Mrs. Cornelia Holsborg of Denton. They visited Mr. and Mrs. Rob Gailer in Alvord and enjoyed playing "42."

Bill and Dorothy Christian of Stephenville visited Tip and Ruth Christian Monday to Wednesday. Lois and Clyde Bewley were in Gainesville Friday.

Jewel and Carroll Dill had lunch Sunday with Laura Belle and Ted Jackson.

# Sacred Heart recognizes academic achievements of '94-95 student body

Sacred Heart School's annual academic awards program was held Tuesday, Sept. 12 in the community Center. Sponsored by the Sacred Home and School Society and Sacred Heart Student Council, the event is held to recognize the academic achievements of students from the previous school year and to provide an incentive to work hard to achieve academic excellence during the present school year.

Fr. Frowin Schoech opened the evening with prayer. Principal Jack Murdock welcomed students, parents and friends. He also made presentations.

Class Awards for last year's high school students were announced. The nominee and winners were as follows with the winners' names in bold: English I -- Valerie Bartush, Elizabeth Fuhrmann, and Jessamy Sicking; English II -- Jennifer Campbell, Tanya Knauf, and Bart Sicking; English III -- Brandon Mayer, and Toby Hess; Advanced English Literature III -- Karrie Endres, Nicole Endres, and Chrissy

Yetter; Health/P.E. -- Kelly Rigler; US History -- John Bartush, and Jennifer Campbell; Spanish I -- Nicole Endres, and Jeanna Trammell; World Geography -- Valerie Bartush and Jessamy Sicking;

Also Homemaking -- Brandon Bayer, Karrie Endres, and Jake McCoy; Journalism -- Scott Frost and Scott Poole; Speech -- Leslie Grewing; Drama -- Ian Desmuke; Typing -- Valerie Bartush, Crystal Klement, Jessamy Sicking, Amanda Wimmer; Business Math -- Heath Bayer; Geometry -- Jennifer Campbell, Bart Sicking; Algebra I -- Valerie Bartush; Algebra II -- Nicole Endres; Art I -- Heath Bayer and Ian Desmuke; Biology -- Jennifer Campbell; Physical Science -- Amanda Wimmer; Advance Science -- John Klement; Religion I -- Valerie Bartush and Jessamy Sicking; Religion II -- Tanya Knauf; Religion III -- Karrie Endres, Nicole Endres, and John Klement; Computer Science -- Nicole Endres, Wendy Pels, Jeanna Trammell; Science of Human Behavior -- Nicole Endres.

Being awarded Master trophies for achieving "A" honor roll status all during high school were Karrie Endres and Nicole Endres.

Recipients of "A" trophies were Brandon Bayer, John Bartush, Jennifer Campbell, Leslie Grewing, Corey Hess, Tanya Knauf, Kelly Rigler, Joel Schilling, Bart Sicking, Paul Swirczynski, Valerie Bartush, Shauna Endres, Trisha Endres, Elizabeth Fuhrmann, Crystal Klement, Jessamy Sicking, Amanda Wimmer, Duncan Campbell, Janet Fetsch, Russell Fette, Deann Felderhoff, Courtney Grewing, Lucien Gehrig, Patrick Miller, Amanda Mollenkopf, Joseph Reiter, Betty Trevino, Debra Voth, Nicholas Yosten, Adriane Bartel, Debra Dangelmayr, Kayla Felderhoff, Anne Flusche, John Flusche, Michele Fuhrmann, Joanna Gehrig, Jennifer Hess, Sarah Hess, Kristen Knauf, and Gina Yosten.

Trophies for "B" honors were presented to Michael Becker, Scott Frost, Toby Hess, John Klement, Joey Martin, Jake McCoy, Scott Poole, Jeanna Trammell, Chrissy Yetter, Wendy Pels, Ian Desmuke, Glen Dangelmayr, Dobe Fleitman, Jill Hess, Teresa McCarty, Amanda Russell, Brad Schilling, Melinda Vickers, Tara Yosten, Becky Endres, Matthew Fuhrmann, David Hesse, Tammie Lopez, Yvonne Martin, Angel Sicking, Jeffrey Yosten, Adam Barnhill, Joe Becker, Jennifer Hess, Leah Rigler, Amy

Truebenbach, Andrea Bartush, Jessica Berres, Jana Coker, Stephen Hofbauer, Adam Klement, Melissa McCarty, Matthew Nasche, Jo Sparkman, and Joshua Walterscheid.

School Password Champions Valerie Bartush and Jessamy Sicking were recognized along with Chrissy Yetter, second place. Bart Sicking and Paul Swirczynski were the US History Champs. Joel Schilling and Glen Dangelmayr were in second place.

All 32 students who qualified for the Duke University Talent Identification Program since 1991-92 were asked to stand and be recognized for their achievement. To qualify a student must score within the top three percent in a National normed achievement test in Math, Verbal or Composite.

Winners of numerous competitions held throughout the year were recognized at the awards program. Mr. Murdock announced that he had counted 146 students who had won one or more awards out of a possible 259 eligible students. That was about 56 percent winning.

Circle of Life Leadership if for Everyone! was the theme selected for the award program. Decorations in the Community Center were made by Ms. Dorothy Bengfort's 8th grade class. Mrs. Mary Bayer and Ms. Jo Bedowitz assembled the awards packets and the programs.

ONE OF THESE LINDSAY HIGH School Seniors will be crowned football queen at Homecoming ceremonies Friday night. The candidates are, left to right, Keleigh O'Dell, daughter of Joe and JoDee O'Dell; Elizabeth Cler, daughter of Charles and Alyce Cler; Christine Fuhrmann, daughter of Carol and Michael Fuhrmann; and Shawnda Underwood, daughter of Don and Vickie Underwood. Dave Fette Photo

## Lindsay Junior 4-H enrolls 19 members

Lindsay Junior 4-H held an organizational meeting on Tuesday, Sept. 12 in the Lindsay Cafeteria. There were 19 members enrolled. Tentative plans were made for programs for the 1995-96 year.

Officers are Brandon Schroeder, president; Elaine Hess, first vice-president; Emmy Trammell, second vice-president; Hannah Trammell, third vice-president; Rachel Lively, council delegate; Kevin

Lutkenhaus, alternate council delegate; Leah Hermes, secretary; Phillip Fleitman, treasurer; Julie Gieb, reporter; and Mark Lutkenhaus, parliamentarian.

There were nine adults present at the meeting.

The next meeting is scheduled for 7 p.m. October 10 in the Lindsay Cafeteria.

Julie Gieb submitted the meeting information.

HIGH SCHOOL CLASS AWARDS from the 1994-95 school year at Sacred Heart were presented to (left to right) Nicole Endres, Jennifer Campbell, Valerie Bartush, Kelly Rigler, Jessamy Sicking, and Karrie Endres. Dave Fette Photo

## Good news shared by MISD Elementary

Students in Muenster elementary are sharing their Good News. Teachers send students with Good News Pass to the office. Students call their parents to share their Good News. Then students enter their names in the Good News Book. The Good News Book is on display in the elementary hall for all to admire. If parents cannot be reached by phone, a Good News Postcard is sent to the parents. The first two students to share Good News are Crystal Butler for making 100% on her spelling test, and Jenna Bersberger for making 100% on her spelling test. Kindergarten students studied the Marvelous M' last week. Sharon Ledbetter's class concentrated on the nursery hymes "Little Miss Muffet," and Mary, Mary, Quite Contrary," they also practiced writing the letter "M."

Rosemary Dankesreiter enforced the study of the letters "S," "D," and "M" by sharing songs in which the letters were repeated. Students also used pictures to help them identify the initial sounds.

Kindergarten students in Tammy Tischler's class also studied the letter "M." They made marvelous structures with marshmallows and learned the song "No More Mud Today."

First grade students in Mrs. Darla Lile's class made 100% on their 6 word spelling test. They learned about compound words and contractions. During their language class they studied correct word order in a sentence, and telling and asking sentences.

Second grade students in Melinda Fuhrmann's social studies class made "Family Trees" to show how families are related. They also read "The Relatives Came" by Cynthia Rylant and learned what relatives are. In Science, Mrs. Fuhrmann's class learned how to write reports. Each student chose an animal to research. Students answered five questions about their animal on one sheet, then transferred the information to another sheet using their best handwriting. Next, students proofread and illustrated their work.

DUKE UNIVERSITY has named Sacred Heart students (left to right) Jeff Hartman, Diane Becker, Jessica Koessler, Melanie Bartush, Holly Hartman, and Jacqueline Bartush as qualifiers in their 1995-96 Talent Identification Program. They scored in the top three percent in a national normed achievement test. Dave Fette Photo

## Allison Walterscheid selected for scholarship

Allison Marie Walterscheid, a graduate of Lindsay High School, has been awarded a scholarship by the Texas Interscholastic League Foundation.

Walterscheid received a Carl B. & Florence E. King Foundation Scholarship in the amount of \$8,000 payable \$1,000 each semester, renewable for four years. This year the King Foundation awarded a total of 13 grants to students who have participated in University Interscholastic League Academic State Meet Contests and who compiled an outstanding record of academic and extracurricular achievement.

Walterscheid placed first in 1995 and sixth in 1994 in Informative Speaking at the UIL Academic State Meet. In addition, she placed first in One-Act Play and qualified in Lincoln-Douglas Debate at the 1994 State Meet. She was a member of the National Honor Society, Quiz Bowl Team, Student Council, Pep Club, Speech & Debate Team, Spanish Club, golf team, tennis team and cheerleading squad.

Walterscheid plans to attend The University of Texas at Austin and major in chemistry and biology.

## Lunch Menus

### WEEK OF SEPT. 25 - 29

## Tigers fumble game to Era 16-8

Injuries, sickness and five fumbles all added to the Sacred Heart Tigers 16-8 loss Friday night to the Era Hornets. "Injury and sickness were part of the problem," commented Coach John Nasche. "It wasn't even the playing of the subs, they played well, but the upper classmen were worried and we lost our composure. We got it back too late in the game."

The Tigers took the opening kick and began on their 30 yard line. The second play of the night saw a loose ball covered by Mark Linnell for the Hornets. Runs by Matt Redmon and Jody Wilson took Era to the 16. Then the Tiger defense got tough and held the Hornets to four plays and a minus two yards.

From their 18, the Tigers offense was unable to move and punted. Jeremy Scoggins returned the punt to the 9 yard line. Knocking on Sacred Heart's door, Brandon Bayer, Joseph McCoy, Joel Schilling and Michael Becker held Era, then forced a fumble, covered by Joseph McCoy on the eleven. Three plays later, the Tigers fumbled the ball back. Jacob Price covered for the Hornets on the 18. Two Redmon runs took Era to the one, but another fumbled ball was recovered by McCoy and The Tigers took possession on their one yard line. Scott Frost gained two, but Schilling was caught for a 1 yard loss. The next play the Tigers were caught by Dustin Bookhout for a safety. With 2:03 on the first quarter clock, Era took a 2-0 lead.

The Hornets took the ball at midfield and carried it into the 2nd quarter, then punted on 4th and 3.

Beginning from their 18, the Tigers moved to midfield on a Frost 37 yard pitch out run. A motion flag, a quarterback sack, an unsuccessful screen, delay of game and an incomplete pass forced a Sacred Heart punt on 4th and 31. Frost's 45 yard kick had no return and put Era on their 21 yard line. A quarterback sack by Jake McCoy forced the Hornets to punt. The Tigers first play was fumbled and covered by Redmon on the Tigers 44.

The teams exchanged punts, with Era picking up two first downs before 4 unsuccessful passes turned possession over to the Tigers as time ticked off the clock for the halftime break.

The Hornets took the 3rd quarter kick and just seconds into the play time, Bookhout broke for a 70 yard touchdown run. Wilson kicked the point after, giving Era a 9-0 lead with 11:41 on the clock.

The Tigers next attempted drive ended in two plays when Price intercepted a Sacred Heart pass near midfield. It was then 3 plays and kick, 3 plays and kick, and 3 plays and kick, with Sacred Heart starting their next drive on their 15. A Matthew Fuhrmann pass to Paul Swirczynski took them out to the 25. But the next play was another fumbled ball, and Price covered for Era on the 41.

The Hornets carried the ball into the final quarter, going 59 yards in 8 plays and scoring with 11

minutes remaining in the game. A Jody Wilson run was good for 6 with the two point conversion bringing the Hornets to a 16-0 lead.

The Tigers got in 3 runs before once more fumbling the ball, which Bookhout covered. Three plays later Joseph McCoy recovered the ball on the 40.

Sacred Heart got in 16 plays, moving 60 yards for their first score. Runs by McCoy, Frost, and a 26 yard completed pass from Fuhrmann to John Klement moved the ball inside the 10. Schilling got the Tigers to the 4. Two Frost runs later, and Sacred Heart was on the score board. Frost ran in the extra points for a 16-8 ball game with 3:04 remaining in the game.

An on-side kick was covered by Era, as they ran out the clock with 11 runs.

"We have to be a little less negative on the field," Nasche said. "Everytime we got something positive going, something negative would happen."

Nasche believes Era was more ready to play and the Tigers were a little over-confident. "The defense was our bright spot. If we could have played well on both sides of the ball, we should have won," the coach concluded.

**Next Action - Lindsay**  
The Tigers travel to Lindsay Friday night to attempt a repeat of last season - to defeat the Knights. "Era was a wake-up call for Lindsay," Coach Nasche stated. "We have to execute perfectly and hopefully the breaks will come our way."

The Tigers are trying to get everyone healthy, and hopefully by Friday they will be full strength with the exceptions of Toby Hess and Jeff Yosten who are out with broken bones.

"Lindsay's one of the area's toughest teams. We're looking forward to the challenge," finished Nasche.

Game time is at 8:00 at Lindsay.

THE MUESTER HORNET offensive line, Matt Chisam (53), Jeff Flusche (65), Darrell Charles (54), Jason Sicking (75) and Michael Boydston (73) blocks the Bearcat defenders away from Scott Hermes' developing play. Dave Fette Photo

## Muenster clawed by Bearcats 26-13

"Other than 6 fumbles and an interception, the Hornets played hard," commented Muenster Coach Randy Tankersley on the Hornets 26-13 loss to Henrietta. "Their effort was enough to win, but the execution wasn't."

Behind the strong throwing arm of Brian Parrish, Henrietta gained 313 yards in the air against Muenster, while being held to 27 yards in 26 carries on the ground.

"I was proud of the way the team came together after Eric's (Miller) injury," Tankersley continued. "The boys didn't fold, but worked hard to stay focused."

Miller dislocated his left elbow early in the game and will not see action for 4-6 weeks.

The teams once more traded punts with Chad Roller picking off a pass to end the first half of the ball game.

Muenster controlled the 3rd quarter clock, running 17 plays. The drive began at the Hornet 16 yard line. Sicking, Klement and Roller took turns running the ball, assisted by a 15 yard conduct penalty. From the one yard line, Cody Sicking took the ball in for the touchdown. Matt Chisam added the extra point for a 14-7 game with 2:32 on the clock.

Henrietta bounced right back and surprised Muenster with an 82 yard touchdown pass play to Darin Wheeler. The Hornets blocked the attempted extra point and the Bearcats took a 20-7 lead.

Sicking and Klement got in runs for 18 and 14 yards before the Cats picked off a Muenster pass.

Henrietta carried the ball into the final quarter to Muenster's 12 yard line before coming up just inches short of a 1st down.

Muenster got in two plays and fumbled again after a long run to midfield. Six plays later, the Bearcats scored again on a 23 yard pass play to Prince. The PAT failed for a 26-7 score with 8:12 on the clock.

Two plays later, Cody Sicking busted free for a 60 yard touchdown run. The extra point run failed and the scoreboard read 26-13 with 7:21 remaining in the game.

The Bearcats moved inside the Hornets 20, and attempted a 31 yard field goal. The kick was no good and Muenster took over on the 20.

After 4 plays, the Cats took the ball and played out the final seconds reaching Muenster's 5 yard line before time ran out.

Sophomore Scott Hermes stepped in as quarterback when Miller was injured and "performed super" according to Coach Tank. "I can't say enough about the way Cody Sicking ran," the coach continued. "Now everyone will be keying on number 30."

Tankersley also wanted to note the tremendous job Coaches Ted Heers and Kent Josselet are doing in keeping the boys on the team focused.

**Next Action - Blue Ridge**  
The Hornets travel east to Blue Ridge for this week's game. The Tigers are members of district 19A and have 8-8 starters from a 4-5-1 '94 team.

Their quarterback Gary Don Hendrick passed for 795 yards and 11 touchdowns last season as a Freshman. Another player to watch will be linebacker Daniel James and lineman Corey Hopper.

"They're good, a little bigger, but not as fast as we are," stated Coach Tank. "They've improved tremendously over last year though." The coach believes if the Hornets cut down their mistakes, they could add another win to the season.

### NOTICE!

The football game at Blue Ridge with the Muenster Hornets has been changed to begin at 8:00 p.m., not 7:30 as scheduled.

## Second week of Football Contest proves upsetting

There were lots of missed games in the second week of the Enterprise football contest. Of the 53 entries, 48 missed SMU's loss, 44 picked Muenster to win, 37 missed Lindsay as the winner and only 3 picked North Texas' upset.

Locally 38 believed Sacred Heart could defeat Era while 14 picked Savoy to win over Saint Jo. Five forgot to mark any winner in that game.

Everyone was given the Whitesboro/Nocona game that ended in a tie and Pantego, who defeated the School of the Deaf after Hyde Park canceled the game.

This week's winner was John Sandmann of Lindsay, who missed only 3 games. He can pick up his \$15 at Community Lumber Co. Jon LeBrasseur missed 5 for a \$10.00 second place. Third place went to Mickey Haverkamp. Mickey correctly had 24 game winners picked, including the tie breaker game. Also guessing 24, but missing the tie breaker were Mike Stoffels, Paul Swirczynski and Dobe Fleitman.

Second and third place prizes can be picked up at Hennigan Auto Parts and Tops & Teams.

Coming in with a close 23 were Duane Haverkamp, John Nasche and Mike Hacker. Ten contestants guessed 22 while 8 picked 21.

## Power Point contest state winner has perfect score

The grand prize winner in week 3 of the Power Points football contest won with a perfect score. Juan Villarreal, 36 of Seguin, TX tallied a perfect 136 points. He was one of 3 Texans to accomplish the feat, and his tiebreaker guess of 48 points was closer to the actual total in the Dallas game (40) than his rivals.

Locally Chris Stoffels won the Power Points contest of \$10.00 cash from the Muenster Enterprise. Stoffels finished with 130 points.

Interest in the Power Points contest continues to grow each week. To make turning in your entries easier, we have extended our deadline to 3:00 p.m. on Friday. Also, we continue to receive mailed-in entries on Monday morning that can not be entered into competition. Power Point entries are mailed to Denver, Colorado on Friday afternoon. To take part, you MUST have your entry at the Enterprise office by 3:00 p.m. FRIDAY.

# Hornet Cross Country runs at Lake Ray Roberts

The Muenster Hornets took to the road Saturday on a little wooded run at Lake Ray Roberts and came back in winning fashion. The varsity boys, Bradley Fisher, Greg Fisher, Vince Felderhoff, and Brad Escobedo, ran a tough and challenging 3 mile course. The boys ran well for their first meet with Bradley finishing eighteenth out of eighty-five runners. The varsity girls, Mindy Hennigan, Julia Fleitman, Holly Fuhrmann, Kristen Chisam, Misty Klement, and Valerie Erwin, did a super job in the meet. The girls had been working hard and the work paid off allowing the team to finish third in the competition. Julia Fleitman finished a strong fifth and Valerie Erwin finished a close eighth. "I thought both teams did a nice job and all the runners need to be commended for their efforts," added Coach Kent Josselet.

The Muenster Junior High also took to the road Saturday to compete in the cross country meet at Lake Ray Roberts and came away with impressive finishes. The Lady Hornets, Kristi Lutkenhaus, Lauren Danglemayr, Krystle Sparkman, Keri Felderhoff, Kelly Felderhoff, Allison Endres, Megan Hennigan, Misty Barnhill, and Kristen Grewing, did a great job. "These young ladies showed a lot of heart and desire," commented Josselet.

They scored 72 points and came away with a second place team finish. The Junior High Hornets, Brian Miller, John Flusche, Jeff Klement, Darren Hennigan, Brandon Klement, Casey Walterscheid, and Jason Lutkenhaus, also did exceptionally well in the meet. These young men scored a team total of 34 points and came away with the Junior High Boys Division Championship. "I was really proud of these young men and women for their heart, competitiveness, and school pride," the coach concluded.

## Bowie Fall Bash set for Oct. 7

The Fall Bash 6th annual bicycling event will be Oct. 7 in Bowie. The scenic farmlands and rolling hills around Lake Amon Carter entice cyclists to view the fall foliage. Riders may choose routes 10 miles to 100 miles, including a mountain bike detour for the adventuresome.

The bike ride begins with a mass start at 9 a.m. Entry fee is \$15.00 per person if registered by Sept. 25, after which it is \$20.00. To receive an entry form call the Bowie Chamber of Commerce at 817-872-1173 or write 115 Tarrant St., Bowie, TX 76230.

# Sports Briefs

### Quiet killers

The most fearsome opponent for some young athletes is their heart condition.

Sudden death can occur in teenagers with heart disorders who appear perfectly normal but suffer heart failure during the stress of athletics.

Among the "quiet" killers of teenage athletes are:

\* Hypertrophic cardiomyopathy, a hereditary heart condition that thickens the left ventricle, which can impede blood flow and disturb heart rhythm.

\* Long Q-T syndrome, which results from irregularities in heart rhythm, causing seizures, fainting and death. In children, this heart condition rarely produces symptoms prior to sudden death.

\* Wolff-Parkinson-White syndrome, which also results from abnormal heart rhythms.

Dr. Jeffrey Towbin, an associate professor of pediatrics and molecular genetics at Baylor College of Medicine in Houston, said parents and children need to be aware of a family history of heart disorders. "If we knew these kids were at risk, we could recommend therapies and possibly prevent them from participating in sports."

Many heart disorders can be detected in infancy through EKG readings and electrophysiological studies.

# Football Footnotes

The football must weigh between 14 and 15 ounces. It is to be inflated to an air pressure of between 12-1/2 and 13-1/2 pounds. The long circumference must measure between 28 and 28-1/2 inches. The short circumference must be between 21-1/4 and 21-1/2 inches.

A player will be ordered off the field by the official for an improper uniform. Numbers must be at least 8 inches in the front of the jersey, and 10 inches on the back. Uniforms that are similar in color to the football and can conceal the ball are also forbidden.

# Ooops!

Scott Frost was mistakenly identified in last week's Enterprise as Jason Frost. We apologize to the Frost family for the mix-up.

## ADVANCED NO-STITCH CATARACT SURGERY PERFORMED HERE

THE INTRODUCTION OF THE NO-STITCH cataract procedure and the acquisition of the most modern cataract surgery equipment at Day Surgery have given our patients the highest quality cataract

surgery available anywhere. This new surgical technique has improved both the quality and the safety of cataract surgery with a quicker recovery time than ever before.

# Junior High/Junior Varsity Action

**Sacred Heart 0 Era 36**  
The Sacred Heart Junior High was handed their 2nd defeat of the season last Thursday in Era. The young Hornets out-scored the Cubs 36-0, taking advantage of two interceptions, which turned into touchdowns.

Era took the opening kick and wasted very little time. Eight plays into the game and the Bees were on the scoreboard, 8-0.

The Cubs got in two good plays, a Keith Felderhoff pass to Jeff Hartman and a 1st down run by Keith Felderhoff before losing ground and punting the ball away. Once Era got the ball, it again took 8 runs to give Era a 16-0 lead.

Sacred Heart's next drive was shortened after a fumble, but luckily for the Cubs, Keith Felderhoff covered a loose ball the next play to regain control.

The Cubs next drive was assisted by a 15 yard personal penalty on Era, but the next play, the young Hornets picked off a Cub pass and ran it in for another touchdown. Add the extra points and Era had a 24-0 lead at halftime.

The Cubs were unable to get the needed 10 yards their first drive of the 2nd half, booting the ball to Era. This Era drive didn't turn into points as the Cubs defense shut down the Bees forcing a punt. Three Josh Walterscheid runs

gained only 5 yards so Era got the ball back. Two plays later a pass play turned into 6 points and a 30-0 game.

Walterscheid got in 4 good runs before Sacred Heart fumbled the ball away. Again the Cubs held Era taking over on their own 35 yard line. On 4th and 6 with less than a minute to play, Era again picked off a Cub pass and ran it in for a touchdown and a 36-0 final score.

## Muenster 12 S&S 8

The Muenster Junior High Hornets traveled to Sadler/Southmayd last Thursday evening for their first game of the season and brought home a 12-8 victory.

Muenster took the opening kick off and on the first play from scrimmage, Bryan Miller scored on a 75 yard reverse play. The extra point failed and the Stingers took an early 6-0 lead.

Early in the 2nd quarter, S&S scored on a short run. The 2 extra points gave them a 8-6 lead.

Miller scored again in the 2nd period on a 37 yard run. Again the PAT was no good and the Stingers took a 12-8 lead into the locker room at halftime.

Good blocking by Darren Hennigan, Josh Luke, Jim Stoffels and Jeff Klement assisted in both Muenster scores.

After a scoreless 3rd quarter, late in the final period, the Stingers put on a defensive stand led by Stoffels, John Flusche and Danny Felderhoff, stopping the young Rams on a 3rd and 1 and 4th and 2.

Also having a good game were Casey Walterscheid, Randy Grewing, Nick Silmon, Dillon Sicking and Justin Fleitman.

Next action for the young Hornets was Thursday when they hosted the Blue Ridge Cubs.

## Muenster 8 Henrietta 19

The Muenster Hornets took on the Henrietta Bearcats last Thursday night and fell a bit short losing 19-8. The Hornets lone score came from John Roller scampering 50 yards on a trap play. The Hornets had two other scoring opportunities in the first half but just never could push the ball across for the score. "We made a lot of mental errors close to the goal line that cost us," commented Coach Ted Heers. "Offensively we need to execute our blocking schemes better and develop a better feel for where the holes will be against the defense."

In the second half, Henrietta did a good job of controlling the ball. According to Heers, "The Bearcats executed extremely well and did a good job of blocking. The

humidity really zapped our players late in the game and that hurt our pursuit to the ball." The coach continued, "We need to continue to work with our safeties to play back to front until the ball crosses the line of scrimmage. Our goal as a team going into next week will be to cut down on mental mistakes, be better prepared physically, and to execute each and every down to the fullest."

This Thursday the Hornets take on Blue Ridge at home. The Junior High will play at 5:30 followed by the Junior Varsity at 7:00. So ya'll come out and support the teams.

## Golf Gab

by Dot Endres

Roll out the banner! Turtle Hill had its first lady to make a hole-in-one! Kay Wimmer is the proud lady. The no. 4 white flag was tagged using a five wood. Kay was playing in a foursome with husband Ray, and Judy and Tom Flusche.

Rule: A player may repair damage to the green caused by the impact of a ball, but may not repair spike marks until after he has holed out.

That's par from Turtle Hill!

CHARLIE BROWN of Brown Motor Co. awards Garret Hellinger of Lindsay the area's "Friday Night Hero." A \$100 donation will be given to the Lindsay School Library Fund as a part of Brown Motor Co.'s Touchdown for Literacy Program. Hellinger gained 128 yards in 7 carries in last week's game against Callisburg. He also ran for 2 touchdowns (80 yards and 52 yards) and threw a 15-yard pass for a third. Garret also led the Knights in tackles with 19.

## KAUZ-TV has complete high school sports coverage

KAUZ-TV's Sports Director Andy Austin would like to announce the latest effort by KAUZ-TV to provide more complete sports coverage, with the addition of "Friday Night High School Football Update."

Every Friday night at 11:35 p.m., after David Letierman, Andy Austin and Chris Horgen will take an in-depth look at the latest scores and highlights of area teams. Sports Director Andy Austin said, "With our show coming on at

11:35 we can leave our photographers in the field longer, so we can catch last minute highlights or post game reaction." Sports Guy Chris Horgen added, "Our show should give everyone a chance to see scores and highlights whether they were at the game or not."

Friday Night High School Football Update, began last Friday at 11:35 p.m. on KAUZ-TV Channel Six. Brought to you by Six Sports First, your home team.

### CONTEST RULES:

- Only one entry per person per week. Persons entering must be 12 years old or older.
- This page of schedules, results, predictions, pictures and the contest itself is supported by advertisers appearing here. Each ad contains a scheduled high school, college or pro game for Friday, Saturday or Sunday of the week of publication. Read each ad and circle the winner. Entries on forms other than original newspaper page will not be accepted.
- In order to determine the prize winners in case of ties, you must predict the score for the tiebreaker game listed in the featured ad above.
- Print your name, address and phone number clearly in the space provided.
- Deliver the full contest entry to The Muenster Enterprise BEFORE

- 5 P.M. FRIDAY, the week of publication. Mailed entries will be accepted only if postmarked before Friday 5 P.M. Address for mailing entries is P.O. Box 190, Muenster, Texas 76252. Entries received late because of postal delay will be counted for the grand prize, but will not be eligible for the weekly prize.
- The featured ad is picked at random each week. It contains the tie-breaker listing and is one of the winner/loser picks. Winner will pick up their prizes at that business each week on or after Tuesday of that week.
- To be the grand prize winner, a contestant must enter every week. Contest will continue as long as either Muenster team remains in play. Winner of the \$100.00 grand prize will be determined by the best winning percentage throughout the contest after the lowest score is thrown out.

## Tri-county senior fishing festival slated for Sept. 22

Seniors age 50+ from Cooke, Grayson, and Fannin Counties are encouraged to participate in the Tri-County Senior Fishing Festival, which is scheduled to be held the morning of Friday, Sept. 22 at Waterloo Lake in Denison with events including Big Fish, Little Fish, First Fish, Most Fish, Men's Casting, and Women's Casting Contest. A registration fee of \$3.00 includes entry into all contests and lunch, and the first

125 entrants will also receive an official Fishing Festival t-shirt and a "goodie bag" of items contributed by local merchants. Participants may register or receive more information by either contacting Linda Baker at the Sherman Senior Center at 903-892-7316 or Teresa Foster at the Area Agency on Aging at 903-813-3581, or they may pick up a registration form at their local senior center.

# Lindsay takes big win over Callisburg

The Knights goal line defense held the Wildcats three times in Lindsay's big 27-7 win Friday night at Callisburg. The Knights were picked as underdogs against the class 2A defending district champions, but proved the predictions wrong with a strong victory.

"It was a very hot, humid night, with most of the boys playing both ways, and that made it tough on all of us," said Coach Charlie Meurer. "Lindsay played hard --- not all that well, so we have lots of room for improvements."

Lindsay could not move the ball in the opening possession and punted on 4th and 4.

The Wildcats, starting on their 30 yard line, slowly moved down field to the 3 yard line in 9 plays. But on 4th and goal, Lindsay's linemen stopped Callisburg, taking control on the 5.

Three Jeff Hale runs and Lindsay was at midfield. A Kenny Jones carry and 15 yard penalty set the Knights on the 16. On 3rd and 9, Garret Hellinger found Jones open for a 15 yard touchdown pass. Aaron Krebs kicked the extra point for a Lindsay lead of 7-0 with 2:31 remaining on the clock.

Callisburg started their next drive at their 19. Six plays later, they were punting from the 19. The Knights carried the ball into the 2nd quarter, but 4 consecutive incomplete passes and a 10 yard penalty saw Lindsay lose the ball on 4th and 20.

From their 27, the Wildcats were given a second chance when Lindsay was flagged for roughing the kicker. From midfield, 5 plays got the Cats to the 8 yard line. Again the Knights defense shut the

door on Callisburg, when on 4th and goal from the 7, Aaren Krebs, T.J. Goldsmith, Clint Gallagher, Jeff Hale and Brian Covington teamed together to drop the Cats for a 7 yard loss and no score.

Penalties plagued the Knights next drive forcing a punt. The blocked punt was picked up by Jeff Hale for a 22 yard gain and Lindsay's offense was kept alive. Five plays later, the time ticked off the clock for the halftime break.

Callisburg began the second half on their own 10 yard line. A dozen plays later, they ran out of downs and punted. On the Knights first play of the half, Garret Hellinger broke away on an 80 yard touchdown run. Krebs kicked the extra point for a 14-0 lead halfway through the quarter.

The Wildcats ate up the time their next drive, getting in 14 plays to the 3 yard line. On 4th and goal, Shawn Hanks, Jamie Baggs and Hellinger stopped Callisburg just inches from a score.

From their one, the Knights couldn't get out of the hole, and booted the ball out to midfield. Four plays later, the Knights regained control when Garret Hellinger picked off a Cat pass. But the Knights were unable to move and punted the ball away. A 15 yard penalty assisted Callisburg to the 39. Three plays later, after the Cats quarterback Jeremy Possey was caught for a loss, but let free, he passed a 25 yard pass to Steven Barnes in the end zone for 6 points. The PAT kick by Andy Headrick was good for a 14-7 score with 6 minutes remaining in the game.

The Knights bounced right back though, and two plays later, Garret

TIME WILL TELL ... as Aaron Krebs (60) adds another point to the scoreboard in Lindsay's big 27-7 win over Callisburg last Friday. Below right, Zack Bowman almost made this completion. Janie Hartman Photos

Hellinger again flew down the field for a 52 yard touchdown. Krebs kicked the PAT and Lindsay extended their lead to 21-7 with 5:25 on the clock.

The teams exchanged punts, then with Callisburg's ball being picked off by Shawn Hanks, the Knights regained possession for 3 plays. A 35 yard punt by Hale was fumbled, and covered by Hanks on the one yard line. On 1st and goal, T.J. Goldsmith had the honor of adding icing to the cake with a final touchdown. The extra pass points failed for a 27-7 score with 1:19 still on the clock.

Callisburg made a final attempt to improve their score, but another pass was picked off by Hellinger as time ran out on the clock.

"Callisburg's a very quick football team. The game was closer then the score indicated," Meurer said. "We had 3 goal line stands. We play real well when we're inside our 20."

Game Statistics submitted by Bridget Anderle

5/37 Punts/avg.	2/27
8/70 Penalties/yds.	3/25

Next Action - Sacred Heart  
Friday night is Homecoming for Lindsay as they will host the Sacred Heart Tigers. The Knights are not looking for a repeat of last year's clash when Sacred Heart upset Lindsay 14-7.

"We'll try to play well, but traditionally at Homecoming we play poorly because of all the distractions," commented Meurer. "We'll have to get out, play hard and eliminate our fundamental errors."

Robert Sharp may possibly get to see his first action this week. But Chris Escobedo and Zack Schumacher will be out with torn ligaments in their ankles. Game time begins at 8:00 p.m. on the Knights field.

#### HOW TO PLAY

Select a winner from each of the week's games, listed below. Select in descending order of your CONFIDENCE in your choices. Win points at left for each correct selection toward possible total of 136 points. See complete rules below. You must be at least 8 (eight) years old to enter. To enter, clip along dotted line, then place game entry in POWER POINTS container at co-sponsor's retail outlet(s). Entrants must list name, address and phone number below.

LIMIT: You may enter only one coupon statewide per week.

DEADLINE: 3 P.M. FRIDAY

TIEBREAKER 1  Total points scored (both teams) in OILERS game.

TIEBREAKER 2  Total offensive yards (both teams) in this game.

#### THIS WEEK'S GAMES

- |                            |                           |
|----------------------------|---------------------------|
| Arizona at Dallas          | Philadelphia at Oakland   |
| Chicago at St. Louis       | Washington at Tampa Bay   |
| Denver at San Diego        | Green Bay at Jacksonville |
| Houston at Cincinnati      | San Francisco at Detroit  |
| Kansas City at Cleveland   | Texas at Notre Dame       |
| Minnesota at Pittsburgh    | Texas A&M at Colorado     |
| New Orleans at N.Y. Giants | Rice at LSU               |
| N.Y. Jets at Atlanta       | Baylor at N.C. State      |

#### POWER POINTS OFFICIAL RULES

- Object of the game is to amass as many of the 136 possible points as you can. Simply review the week's schedule of games, listed on entry form, and decide which game you are surest of picking a winner in. Write the name of your projected winner on the 16-point line. If that team wins its game that week, you win 16 points. Write the name of your second-surest winner on the 15-point line, and so on down to the 1-point line, which game you figure to be a long shot. Next, fill in Tiebreaker 1, the total points scored by both teams in the week's Cowboys or Oilers game. If this step fails to produce a winner, the judges will apply Tiebreaker 2, total offensive yardage from scrimmage in this game. If a winner still doesn't emerge, a drawing will be held among those contestants still tied. Decisions of the judges are final. The weekly winner of the contest will receive \$1,000.
- No purchase necessary. Facsimile game entry forms will be accepted and are available at all outlets of participating co-sponsors. Enter contest by dropping entry form into POWER POINTS container at participating co-sponsors.
- Weekly deadline for entry will be 2 p.m. Fridays except when noted otherwise on weekly entry form.
- Neither this newspaper nor any co-sponsor will be responsible for illegible entry forms or those lost, stolen or damaged in any way.
- Limit: one entry per person per week. Each entry must represent the original work of one entrant; "group" entries, "systems" or other attempts to enter multiple entries will be disqualified. Filling out extra forms and putting your friends' and relatives' names on them violates this rule. Any such entries are destroyed prior to grading.
- Contestants must have reached the age of eight (8) years by the Sunday of any week's play.

## NOTICE

**BID INVITATION**  
The Muenster Water District solicits bids for the construction of a 1,200-foot roadbed, having a 30-foot subgrade crown. Gravel and timbers shall be provided for the job. The grade, roadbed and gravel must be constructed to meet Cooke County, Texas minimum road specifications for collector streets having a 30-foot subgrade crown. A 24-inch by 35-foot corrugated timbers and a 30-inch by 35-foot corrugated timbers must be installed as part of the construction. Construction is to be located off of County Road 426, approximately one-half mile west of Farm-to-Market Road 373 in Cooke County, Texas. Construction is to commence the first part of October, 1995. Please send sealed bids to Muenster Water District, c/o City Hall, P.O. Box 208, Muenster, Texas 76252 on or before 5:00 p.m. on September 28, 1995.  
For any questions on specs, please visit with Stephen Broyles, City Hall, City of Muenster, Texas.

**BID INVITATION**  
The Muenster Water District solicits bids for the purchase and delivery of crushed limestone base material or creek gravel to comply with Cooke County road building specifications. The District needs approximately 41,655 square feet of road surface gravel to meet county specifications. Gravel should be delivered to road site at County Road 426, approximately one-half mile west of Farm-to-Market Road 373 in Cooke County, Texas in the first part of October, 1995. Please send sealed bids to Muenster Water District, c/o City Hall, P.O. Box 208, Muenster, Texas 76252 on or before 5:00 p.m. on September 28, 1995.  
For any questions on specs, please visit with Stephen Broyles, City Hall, City of Muenster, Texas.

**NOTICE OF PUBLIC HEARING**  
The Muenster Zoning Board has received a request to expand Fischer's Meat and Grocery Store to within 2-1/2 feet of its eastern property line. A hearing on this request will be held on Oct. 9, 1995 at 7:30 p.m. in the City Hall meeting room. All interested persons may appear at this time and speak for or against the request.

## NOTICE

**THE STATE OF TEXAS**  
**NOTICE TO DEFENDANT:** "You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 a.m. on the Monday next following the expiration of forty-two days after the date of issuance of this citation and petition, a default judgment may be taken against you."  
TO: Iris Gerber Damson, Edward Gerber, W.B. Stark, Cora B. Stark, Virgil Riddle, V.B. Warr, Henry M. Wilson Jr., Jay H. Hoag, Walker Jamar, George S. Eveleth, Annie Eveleth, Anna Berstein, Vernon L. Norwood, Francis B.K. Norwood, Milton B. Edelson, Viola Waldon, V.N. Waldon, Henne Free Mead, Bruce Strum Trust and if any of the named defendants be deceased, their unknown heirs or legal representatives, Defendants, Greeting:  
You are hereby commanded to appear by filing a written answer to the Plaintiff's Original Petition at or before ten o'clock a.m. of the Monday next after the expiration of forty-two days after the date of issuance of this citation the same being Monday the 30th day of October, A.D., 1995, before the Honorable District Court of Cooke County, Texas at the Court House of said County in Gainesville, Texas. Said Plaintiff's Petition was filed in said court on the 13th day of September, A.D., 1995, in this case, numbered 95-433 on the docket of said court, and styled, Loyd Gibbs, Plaintiff, vs. Iris Gerber Damson, et al and if they be deceased their unknown heirs and representatives, Defendants.

The names of the parties to the cause are as follows: Loyd Gibbs, Plaintiff, and Iris Gerber Damson, et al and if they be deceased their unknown heirs and representatives are Defendants. A brief statement of the nature of this suit is as follows, to-wit: Plaintiff will suffer substantial damages and injuries unless a receiver be appointed. Plaintiff would show that the court has the power to appoint such receiver and grant the relief prayed for as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates thereof, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas, this 13th day of September, A.D., 1995.  
Attest:  
Pat Payne, Clerk, District Court, Cooke County, Texas  
/s/ Susan Hughes, Deputy

# Farm & Ranch

## Farm Safety & Health Week promotes growth of safe practices on farm

The agricultural industry continues to be one of the most dangerous industries in Texas and the United States, and each year, hundreds of producers are killed or severely injured in farm-related accidents, Agriculture Commissioner Rick Perry said.

In an effort to increase health and safety awareness in America's farms and ranches, the week of Sept. 18 - 24 was designated as National Farm Safety and Health Week.

"This year's theme, 'Sowing the Seed of Health: Practice Safety,' emphasizes the importance of safe farm practices and safety education," Perry said.

"The three-year-old Farm and Ranch Safety Program at the Texas Department of Agriculture provides friendly tips and reminders for producers and their families," the commissioner said. "TDA is involved in education with our safety booths at fairs, livestock shows and trade exhibitions. In addition, we work with the Texas Safety Association's agricultural safety committee on farm safety programs and with the Texas Workers Compensation Commission on methods of

reporting agricultural-related accidents to a central location, establishing reliable statistics and identifying problem areas, and developing training to prevent these accidents."

Some 1,300 deaths from agricultural-related accidents occur every year on farms and ranches nationwide. An additional 120,000 farmworkers are injured, many of them permanently. Children and adolescents also face serious risks. About 300 of the nation's young are killed, and 23,500 are injured needlessly every year while working or playing on farms and ranches.

"The health and safety of all our agricultural workers is vital to Texas," Perry said. "Events like the National Farm Safety and Health Week help emphasize important and easy ways for our agricultural producers to stay safe, healthy and productive."

National Farm Safety and Health Week was created in 1942 by President Franklin D. Roosevelt.

For information on TDA's Farm & Ranch Safety Program, contact Lola Lemmon, safety coordinator, at 512-475-1611.

## Research team combats resistant greenbugs

Got an itch? Just as mosquitoes have bothered people for generations, a pesky type of greenbug has been a nuisance for more than a century on wheat and for nearly 20 years on sorghum.

One reason the greenbug has become such a problem is that it has developed ways to overcome or "resist" insecticides once used to kill it.

Dr. Thomas Archer, a professor of entomology at the Texas Agricultural Experiment Station in Lubbock, heads a team that has developed a way to detect and manage the resistance of greenbugs to insecticides used on sorghum and wheat.

Greenbugs are aphids that suck the nutrients and liquids from the plants. The saliva used for feeding by the aphid is toxic to the plant, just like a mosquito's saliva causes us to scratch a mosquito bite. Greenbugs can severely reduce a plant's yield, or even kill it.

Insecticide-resistant greenbugs were first detected in Kansas in 1990 and have since spread into the Texas Panhandle, as far as Plainview. They can also be found in eastern New Mexico and eastern Colorado.

The greenbug has developed resistance to most insecticides registered for its use, particularly the organophosphate insecticides, Archer noted.

"There are limited options other than insecticides for controlling greenbugs," said Archer. "You can use resistant plants, but they are only resistant to greenbugs, so you still need chemicals to back them up. Beneficial insects such as parasites and predators can control aphids, but they are not totally dependable."

Archer has used a multi-tiered approach towards identifying the resistant greenbugs, determining how resistant the population in a field might be, and developing techniques for controlling them.

The first step was to find the pesticide dosage needed to kill the insects in the laboratory. Greenbugs were placed in a vial treated with insecticides, and then Archer determined the number that had died. This was done with susceptible and resistant aphids.

The question the experiment station scientists wanted to answer was how to increase the effectiveness of the insecticides. Their approach was to mix the insecticide with another chemical that would block resistance. A greenbug's body can adjust to one insecticide, and it grows resistant to that insecticide. By mixing two insecticides together, the greenbug's body must deal with two toxins, and it can't handle it.

Two insecticide combinations were used by Archer and his crew, Lorsban plus Furadan, and Lorsban plus Prentox. Lorsban and Furadan are insecticides, while Prentox is a synergist, which increases the efficiency of an insecticide.

These combinations stayed effective longer than they would have if each were sprayed by itself. Lorsban plus Furadan provided peak control for 14 days, and Lorsban plus Prentox provided peak control for seven days.

When combining chemicals, care must be taken not to aggravate an insecticide resistance problem, Archer cautioned. Farmers should not arbitrarily mix chemicals, but only use proven mixtures determined by research.

Gel-electrophoresis has been used to detect resistance by examining greenbug genes. This system is highly accurate and expensive. It also takes from two weeks to two months to receive the results.

Ed Bynum Jr., a research associate with Archer, has come up with a way to determine in about two hours if a field has greenbug resistance. He uses a process called discriminating dose. Archer and Bynum placed different rates of insecticides in petri dishes, and sent these dishes to different fields.

Forty-three field tests were conducted in 1994. If most or all of the aphids contacting the dish were dead, the field was considered susceptible. If 50 percent or more of the aphids were alive, the field was considered resistant to the insecticide. Of the 22 samples analyzed using gel-electrophoresis, 21 were found to have the same results as the discriminatory dose predicted, which proves the accuracy of the discriminating dose method.

"We will be evaluating insecticide resistance management again in 1995," said Archer. By using the discriminating dose analysis, using the mixtures to control the resistant populations, and sampling more parts of a field at less expense, he said, "We now have a handle on managing insecticide-resistant greenbugs in both wheat and sorghum."

## County Agent's Report

by Craig Rosenbaum

### COUNTY STEER ENTRIES DUE

4-H and FFA members who plan on exhibiting steers at the 1996 Cooke County Livestock Show must have their entries in and their animals placed on record and feed by Sept. 29, 1995. Entry fees will be \$5 per animal and all entry cards must be filled out completely by each exhibitor. Entries will be made to the Vocational Agriculture Instructor for FFA entries and all the Cooke County 4-H entries will be made to the County Extension Office.

If you have any questions, contact the County Extension Office 668-5412 or your Vocational Agriculture Instructor.

### 1995 COOKE COUNTY HAY SHOW

Winter feeding is not the most pleasant task but is an integral part of good livestock management. Supplementation of winter hay supplies may or may not be needed depending on hay quality. Through forage analysis, producers understand their hays' feeding quality and have a better idea of livestock nutritional needs. Hay shows provide an excellent opportunity for producers to analyze their hays both chemically for protein content and physically for feeding qualities.

This year the Hay Show will be held on Thurs., Oct. 12, at 7 p.m., at the Cooke County Fairgrounds, Don Dorsett, Extension Forage Specialist from Texas A&M, will evaluate the hays for the Show. Also at the Hay Show, results of a demonstration evaluating different Sudan varieties on the Fuhrmann

Brothers Limousin Farm will be discussed.

Doug Robison, Agriculture Instructor at North Central Texas College, will analyze the hays for protein content. Doug requests that hay samples be turned in by Fri., Sept. 29, in order to complete the chemical analysis. Hay samples will be collected and arrangements can be made by calling the County Extension Office 668-5412 or Doug Robison or T.J. Davidson at North Central Texas College 668-7731.

Producers entering hay samples are asked to submit a full small square bale. Producers may submit three (3) samples per individual. Producers submitting round bales are encouraged to get as complete a sample as possible.

FOUR CALVES reach in from 3 sides to get a lunch of fresh milk. The cow didn't seem to mind the extra kids and let them have their fill.

### AG IN THE NEWS

-A recent U.S. General Accounting Office study shows that in the past 29 years, the federal government has increased its land holdings by 19 million acres. As of 1993, the Bureau of Land Management managed 268 million acres; the Forest Service, 11 million; the Fish and Wildlife Service, 87 million, and the Post Service, 76 million. — Western Livestock Journal.

## Management seminar offered free to dairy producers

A special management seminar for dairy producers located in north central Texas is slated for October 17, 1995 at the Holiday Inn North Conference Center, 2450 Meacham Blvd., Ft. Worth, TX. Titled, "Turning Management Practices Into Profits." The program will begin at 10:30 a.m. and should conclude by 4:30 p.m.

Producers wishing to register for the free program should call 800-303-3513 by October 13, 1995. A complimentary luncheon will be provided.

## "Turning Management Practices into Profits"

A special seminar for dairy producers in north central Texas

### Featuring

- Mr. Vince Arreola, Gore's Dairy  
"Minimizing Calf Losses on Large Dairies"
- Mr. Jack Ashenfelter, The Touchstone Group  
"Improving Personnel Management Practices"
- Dr. Jimmy Horner, Horner Nutrition Service  
"Making Transitional Feeding Programs Work"
- Dr. Max Sudweeks, Texas A&M-Overton  
"How 22-month Freshening Can Work on Your Dairy"
- Dr. William Weiss, Ohio State University  
"Vitamin E, Immunity and Mastitis"

Tuesday, October 17, 1995

10:30 a.m. to 4:30 p.m.

Holiday Inn North Conference Center

2540 Meacham Blvd., Ft. Worth, Texas

A complimentary barbecue lunch will be served.

To attend, call 1-800-303-3513

**Vote yes on Nov. 7 for Prop. 3**

by Rick Perry Agriculture Commissioner

A farmer and his wife go into town one night for dinner and ask the waitress how much a hamburger costs. The waitress says, "\$4.50." The farmer leans over to his wife and whispers, "Bess, do you realize we've got a cow at home worth \$285,000."

Like that farmer, Texas has a lot of valuable cows at home. In fact, we're the nation's number one cattle producer, as well as top nationally in sheep, Angora goat, cotton and wool production. The trouble is, we're sending most of our cattle and other ag products elsewhere to be made into more valuable items like hamburger, steaks, cowboy boots, designer sheets and wool sweaters.

A yes vote on Nov. 7 for the constitutional amendment, Proposition 3, can help change that. Proposition 3 proposes making use of an existing \$200 million in bonding authority to strengthen a unique business development program - the Texas Agricultural Finance Authority's Loan Guaranty Program. Because the bonding authority already exists, a vote for Proposition 3 will not increase taxes or debt for the state.

Why is this such an important vote? Because we're not just talking about agricultural production. When we send our raw agricultural products elsewhere for processing, we are also sending away jobs. Ninety percent of Texas' agricultural goods along with the jobs created by processing these products are shipped out of state to be made into expensive merchandise elsewhere.

Hundreds of jobs have remained in Texas thanks to businesses helped by TAFE. More than 1,400 jobs have been created or retained by 47 companies helped with \$25 million in loans from TAFE. The 47 companies helped by TAFE have directly created or retained 1,400 jobs. A total of 4,700 jobs have been produced when these 1,400 jobs are combined with the spin-off job impact. So transferring \$200 million to the TAFE program is like adding more than 37,000 jobs to Texas.

To create that many jobs otherwise, you would have to add another Southwest Airlines, Pennzoil Co. and Motorola to Texas. These three major employers in the state provide jobs for about 37,000 people.

The job growth fueled by the loan program is not isolated in just rural areas. Several companies helped by TAFE are located in or near Dallas-Fort Worth and Houston.

However, TAFE's job creation has come almost to a standstill after its initial funds of \$25 million were used between 1991 and 1993. We had more than 200 companies show interest in the program. But this interest dropped off in 1993 when companies learned that only limited funds remained.

Why is government involved in loans to ag processing companies? Because the Legislature decided when it created TAFE in 1987 that viable agribusinesses that could not obtain traditional loans from banks needed some assistance. Businesses might not be able to receive conventional loans because they are just starting up, or their income and collateral do not fit a bank's underwriting criteria.

TAFE is not solely a government program because banks must participate in a portion of each loan made by the program. In fact, businesses cannot apply for assistance until they have a bank willing to share in the loan.

Clearly, even with its limited funding, TAFE has shown how much more valuable our ag production can be here at home in Texas. Let's quit sending this wealth and our jobs and dollars away. Let's keep our wealth at home and make the most of it. Say "yes" to Proposition 3 on Nov. 7. By doing so you also will be saying "yes" to job growth, business growth and economic growth.

**REAL ESTATE**

MOBILE HOME FOR RENT: 2 bedroom, fully furnished, a block from school on N. Walnut. Phone 759-2938, Jerome Pagel.

**Jell-O Eyeballs**

Shudder! These look (and feel) like real eyeballs

2 (4-serving-size) packets lemon gelatin  
 1 1/2 cups boiling water  
 24 blueberries

Pour boiling water over gelatin and stir to dissolve completely. Pour mixture into ice cube trays with rounded bottoms (should fill 2 trays). Refrigerate 30 to 45 minutes or until just beginning to thicken. Remove from refrigerator and press a blueberry into the center of each piece (make certain the blueberry touches the bottom of the tray). Return tray to refrigerator for 1 1/2 to 2 hours.

To unmold, place bottom of ice cube tray in warm water 15 to 30 seconds and run a knife around the edges of each cube. Turn the "eyes" out on a serving plate and refrigerate until serving time. Makes 24.

**OVERLOADED** with 16x80s. We need your help. Call NATIONWIDE DENTON, 800-234-4062.

WHY RENT WHEN YOU CAN OWN? Single, double and triples. We are making deals! Only at NATIONWIDE DENTON, 800-234-4062.

**FOR SALE:**

House and 5 acres, 4 bedroom, 3 bath, brick, well-maintained with woodburning fireplace. Sunporch, lots of trees, close to school and hospital in Muenster city limits. Shown by appointment only. 817-759-4166

**TRAILER PARTS AND SUPPLIES**

STRUCTURAL STEEL AND PIPE

Complete Line of Bolts and Miscellaneous Hardware

METAL SALES, INC.

Highway 82, West of Gainesville (817) 665-0336

**Jack-O-Lantern Pops**

1 1/2 cups firmly packed brown sugar  
 1 cups (2 sticks) margarine, softened  
 2 eggs  
 2 1/2 teaspoons milk  
 2 1/2 cups quick or old-fashioned, uncooked oats  
 2 cups all-purpose flour

2 teaspoons baking powder  
 1/4 teaspoon each: soda and salt (salt optional)  
 1 teaspoon ground cinnamon  
 10 wooden sticks

Prepared vanilla frosting and assorted candy pieces for decoration

Beat sugar and margarine until creamy. Add eggs and milk; beat well. Mix oats, flour, baking powder, baking soda, salt and cinnamon. Combine, mixing well. Cover; chill about 2 hours.

Heat oven to 375 degrees. Roll dough into 1 1/2-inch diameter balls. Place 3 inches apart on ungreased cookie sheet. Insert a flat wooden stick into side of each ball of dough. Using bottom of glass dipped in sugar, flatten to form 2 1/4-inch diameter circles. Bake 14-16 minutes or until edges are light golden-brown. Cool 1 minute on cookie sheet; remove to wire rack. Cool completely. Makes 2 1/2 dozen.

**Why is government involved in loans to ag processing companies?**

Because the Legislature decided when it created TAFE in 1987 that viable agribusinesses that could not obtain traditional loans from banks needed some assistance. Businesses might not be able to receive conventional loans because they are just starting up, or their income and collateral do not fit a bank's underwriting criteria.

TAFE is not solely a government program because banks must participate in a portion of each loan made by the program. In fact, businesses cannot apply for assistance until they have a bank willing to share in the loan.

Clearly, even with its limited funding, TAFE has shown how much more valuable our ag production can be here at home in Texas. Let's quit sending this wealth and our jobs and dollars away. Let's keep our wealth at home and make the most of it. Say "yes" to Proposition 3 on Nov. 7. By doing so you also will be saying "yes" to job growth, business growth and economic growth.

## Multi-use permits are being issued for feeding operations

New permits being issued by the Texas Natural Resource Conservation Commission (TNRCC) for confined animal feeding operations are among the first in the nation to combine air and water quality protection regulations into one permitting system.

The new regulations, which became effective in July, are designed to protect both air and water quality while streamlining the process that some livestock and poultry producers have to go through in order to receive the permits, said Eric Chasteen, TNRCC permit writer, at the recent Innovations and New Horizons in Livestock and Poultry Manure Management conference here.

"Our primary goals are to protect air and water quality. We also want to promote sound management," Chasteen told the group of 200 producers, researchers and industry officials gathered for the meeting.

The regulations are found in Title 30 of the Texas Administrative Code, also referred to as the Subchapter K rules. The Texas Water Code and the Texas Clean Air Act authorize the TNRCC to regulate the management of livestock and poultry waste from confined animal feeding operations (CAFO's).

Depending on the type of operation, anyone planning to construct and/or operate a confined feeding operation before this year was required to meet regulations under the Water Code and Clean Air Act, and sometimes had to apply for different permits under the two acts. Additionally, they had to apply for a U.S. Environmental Protection Agency general permit.

Whether a business qualifies as a confined animal feeding operation depends on the number of animals it contains. For example, a dairy will qualify with 250 milking cows, a beef cattle operation with 1,000 head and a swine operation with 1,500 pigs.

About 600 confined animal feeding operation water permits and 206 air permits were issued by the TNRCC under the old regulations. Annually, an average of 69 CAFO's are permitted under the water program and 49 are permitted under the air program, he said.

Applying for several permits is expensive in time and money for both the producer and the governmental agencies involved. Also, there were at times conflicting rule requirements between the air and water quality permits in Texas and the EPA permit.

The new regulations are a result of a collaborative effort between TNRCC, the CAFO industry and other cooperating agencies. However, the operation must still qualify for an EPA permit separately, Chasteen said.

To qualify, the CAFO must include in its permit application its best management practices, such as how it will process all of its waste water or how it will handle dust problems. Additionally, it must include what facilities it will build to handle such practices. Potential pollution sources, or areas of the facility that may come into direct contact with animal wastes, significant recharge zones, or any agricultural chemicals that may be used, stored, or disposed of at the facility, must be added to the application, he said.

Once all of the information is received, the applicant is asked to publish a public notice. All public comments must be made in the form of a written, sworn statement that describe in detail how the application, if approved, would affect a person, property or another legal interest.

If no comments are received from a 1 mile radius around the operation, and there are no major changes in the application, the TNRCC will issue a permit.

If the comment is found to have technical merit - or evidence that the application for authorization does not meet all technical requirements of the rules or that the applicant's past compliance history has resulted in an impact to water quality in the state -- the TNRCC will ask the applicant to do one of several things: the applicant can either withdraw his application, forward the application for a contested case hearing, file a request that the TNRCC review that comment for technical merit, or request that the TNRCC suspend processing of the application for a period of no more than 30 to allow the applicant time to provide the additional information.

## County Agent's Report

by Craig Rosenbaum

### MAJOR SHOW LIVESTOCK ENTRIES

4-H members who plan to enter the major livestock shows will need to have their entries submitted to the Extension Office by Nov. 22. Major livestock shows include Fort Worth, San Antonio, and Houston primarily.

Also, remember *Swine Validation for Major Livestock Shows* will be held at the *Cooke County Fairgrounds Mon., Nov. 27, from 5 to 7 p.m.* All Market Swine Shows at the Spring Major Livestock Shows by 4-H and FFA members must be validated at this November 27th time and location.

If you have any questions concerning Swine Validation, contact the County Extension Office or your local Vocational Agriculture Instructor.

### 1995 CORN RESULTS

1995 was a fairly good year for corn production in Cooke County. Those producers who got their crops in early were fortunate in receiving rainfall to develop a good corn crop.

In 1995 we had three variety demonstrations located from the southern part of the county between Era and Valley View to the northern part of the county in the Sivel's Bend Frog Bottom area. Locations on the Zimmerer and Selby Farms were planted in heavy clay soils. The Fuhrmann location was in a sandy loam soil type. Planting dates ranged from March 11 until March 24. All harvesting was done from August 16 through August 18.

Above average yields were noted on the Fuhrmann location due to ample rainfall. Late rainfall allowed for good yields at this particular location. With the good growth conditions, aflatoxin was minimal at this particular location.

Early rains allowed for good growth at both the Zimmerer and Selby fields. We had a very cool, wet spring which contributed somewhat to holding back early growth at these two locations. The rain seemed to play out down in the Era community and yields showed the lack of summer moisture.

Producers considering planting corn need to be aware of the possibility of aflatoxin in corn during periods of stress.

The FDA Center for Veterinary Medicine "Action" levels for aflatoxin in feed grain in interstate commerce are 20 parts per billion for dairy, immature animals, and immature poultry, 100 parts per billion for breeding cattle, breeding swine, and mature poultry, 200 parts per billion for finishing swine (100 pounds or greater), and 300 parts per billion for finishing cattle.

If you plan on planting corn, several areas to avoid are heavily wooded fence rows, heavily terraced, poorly drained fields, shallow, rocky soils, and any other condition that might cause stressful plant growth. In other words, corn needs to be planted on your better ground and hope for moisture at the right time.

Price wise, crop income on 4,000 pound milo is comparable to 65 bushel corn.

The following chart gives yields of the various varieties located at the three Cooke County demonstration plots. The parenthesis denotes the rating of that particular variety at that location. If you have questions, give me a call.

## Ag Briefs ...

A Japanese company is planning a 27,000 sow-hog operation near Perryton, Texas. The subsidiary of Nippon Meat Packers Inc., Japan's largest meat company, has acquired 6,000 acres for the hog operation, designed to produce high-quality pork.- *Feedstuffs*

Almost 1,000 Texas college students have returned to school this fall with scholarships provided by Texas 4-H or FFA. The value of 4-H and FFA scholarships from 1991 to 1994 was \$14.2 million. Most of the money was raised during livestock shows and rodeos around the state. - *Texas Comptroller of Public Accounts*

USDA announced it will prohibit the labeling of frozen poultry as "fresh." Poultry products never chilled below 26 degrees Fahrenheit may be labeled fresh. The National Cattlemen's Association supported the change to clarify freshness for consumers. - *NCA*

Some veterinarians say the little-known John's disease is coming out of the shadows. The veterinarian predicted that the disease, which causes weight loss and severe, generally deadly, scours in cattle, will probably be one of the most important diseases of cattle in the next 10 to 15 years. - *Livestock Weekly*
