Jaycees complete successful year; install new officers

By Janet Felderhoff
Muenster Jaycees marked another year of accomplishments during their Annual Installation and Awards Banquet held Saturday, Feb. 16. The event was held in the Muenster KC Hall where guests gathered to share in the local organization's celebration of the past year.

Besides chairing numerous projects and fund-raisers, the group again gave generously of its bounty. A total of \$38,950 was donated to various causes including \$16,500 to organizations, charities, and scholarships; \$9,800 to needy families and trust funds; \$2,200 to Little League and Coach Pitch; and \$10,500 to the new ballpark.

In keeping with the Jaycee motto that notes, "Service to humanity is the best work of life!", the members selected a person to honor whom they feel carries out that purpose. Imelda Rohmer received that honor for 2008.

After a social hour, Master of Ceremonies Wayne Klement, Junior Chamber International (JCI) senator, opened the program. He compared the Jaycees to the Energizer bunny, noting that they just keep "going and going" as they enthusiastically take on projects each year.

Klement told of a time when the Muenster Jaycees won a large travel trophy that was over six feet tall. He displayed part of it saying it was once very shiny and beautiful. He told of how more than 20 Jaycees took off very early one Sunday morning taking a trip to Mineral Wells in order to win the travel trophy and to show just what they

organization. The third is selected by the outgoing president.

Bindel said that the Key Man award is given to the Jaycee member who the organization feels went above and beyond the call of duty as a Jaycee member. "He is the person that you can say was 'Mr. Jaycee' for the last year," remarked Bindel. "I feel he has been an integral part of our organization. He takes part and gets involved in projects and is not hesitant to put in his two cents and he'll get right in there to work with everyone else." Justin Hartman was named Key Man.

Speaking of the Outstanding Chairman recipient, Bindel said, "He has not been a member for very long, but since he has been one, he has not been hesitant to take charge of a project and run it. He has taken on a couple of projects this last year, projects where you never know what kind of turnout you are going to get, and he ran them well. Both projects are ones that raised money for needy families and helping needy families is a huge part of our organization." Chris Dangelmayr received the Outstanding Chairman award.

Bindel presented the President's Partner award to Steven Knabe. "He has really been a big help to me throughout the year. ... He has always been there to help and answer my questions or help with problems."

Installation of officers was the next order of business. Fisher performed the installation. Accepting offices were

throughout her life."

Bindel expressed satisfaction in the recruitment of new members over the last several years. He noted that they are taking an active role in the organization. A new meeting room is being built for the group since there are more active members than the current building will hold. "Several of our newer members have taken an active part and have volunteered a lot of their time to its construction," Bindel reported. "Looking back over the last year, I feel it has been a good year for the Jaycees."

Besides the construction of a new meeting room, Bindel said the Jaycees have some things in the works that will benefit their baseball complex and make it better for the baseball leagues. He said he feels confident in where the Jaycees are headed in the future and feels that they will be in good hands with Tommy taking over.

Tommy Huchton joined the Muenster Jaycees in 2005 and the following year served as their secretary. During the past year he served as treasurer.

Projects that Tommy has slated for the organization in 2008 include completion of the new meeting room, putting grass on the infields, and working on getting batting machines and eventually lights on both fields. He said he is hoping on a successful Germanfest and plans to continue to recruit new members.

The evening concluded with Steven Knabe leading the group in reciting the Jaycee creed.

Imelda Rohmer honored as Jaycee Outstanding Citizen

JCI Senator Willie Fisher introduced Imelda Rohmer as the recipient of the Outstanding Citizen award. He remarked of the recipient, "She is someone who unflinchingly puts God first and others before herself. When a need presents itself or a request is made of her, she's always ready to help. The words 'No' and 'I'm sorry I don't have time' are simply not in her vocabulary. While humility may well be her greatest trait, she is a person of deep prayer, strong and abiding faith, and unsurpassed charity, truly seeing Christ in each person she encounters and going out of her way to serve those in need. When you see her on the go, you know she is on a mission of service."

Rohmer is a member of the Sacred Heart Parish Liturgical Committee and is respon-

sible for coordinating lectors, ushers, greeters, and altar servers. She also serves as a lector, Eucharistic minister, greeter, and leads Monday evening Marian devotions. She broadcasts a taped Rosary from her home over Channel 2 on certain evenings and often leads the Rosary for funeral services. She also served her parish as a member of its Stewardship Committee since its inception several years ago and as president of the St. Anne's Society.

Fisher said that Imelda's service to her fellow man extends outside her parish. She served as treasurer of Social Concerns. "In this position, she has not only brought hope through monetary assistance to those who find themselves in difficult circumstances, but equally as important to them have been her love and con-

cern, her prayers, and her time and willingness to listen," he said.

"So many of Imelda's good works are 'little things,' the kind normally known only to the person to whom they make all the difference in the world. Hers is a long history of ministering to shut-ins and those in need, be it visiting with them, praying with and for them, bringing them a specially prepared meal, transporting them, or doing an errand for them."

Fisher made mention of Imelda's flowerbeds and yard, a source of beauty to be enjoyed by all who pass. She also weeds, waters, and plants the flowerbeds at Sacred Heart Elementary and High Schools and picks up litter with the Golden Oldies at Keep Muenster Beautiful trash pickup events.

could accomplish. Father Ken Robinson, pastor of Sacred Heart Catholic Church, offered a prayer before the meal. Jaycee Tony Hartman led the Pledge of Allegiance.

Muenster Mayor John Pangel, a former Jaycee member and officer, welcomed guests. He praised the local group for all of their community service. Pangel remarked that the Jaycee organization is a great builder of leadership skills in its members.

Outgoing President Darren Bindel presented the three annual awards given to members each year. Two of the three, Key Man and Outstanding Chairman, are selected by vote of the whole

organization. The third is selected by the outgoing president. Bindel said that the Key Man award is given to the Jaycee member who the organization feels went above and beyond the call of duty as a Jaycee member. "He is the person that you can say was 'Mr. Jaycee' for the last year," remarked Bindel. "I feel he has been an integral part of our organization. He takes part and gets involved in projects and is not hesitant to put in his two cents and he'll get right in there to work with everyone else." Justin Hartman was named Key Man.

Darren Bindel concluded his two years of service as Jaycee president with several comments. He first congratulated Imelda on her award. "The Jaycees motto is 'Service to humanity is the best work of life' and after listening to Willie, it sounds like that has been Imelda's motto as well

Preparing for a Smooth Digital Television Transition

By Senator Kay Bailey Hutchison

On Thursday, Feb. 7, an AMBER Alert message flashed across TVs all over Texas, as the Emergency Alert System (EAS) broadcast information on a five-year old Austin boy who had just been abducted. Thanks to the swift action of authorities and implementation of the AMBER Alert system, the boy was safely recovered 13 hours later and returned to his family. For more than 40 years, variations of the EAS have worked in concert with radio and television broadcasters, cable companies, and satellite providers to inform the public of emergencies. Today, it warns citizens about severe weather hazards, helps mobilize communities to search for and recover kidnapped children, and enables the government to immediately address the nation in the event of a national emergency.

One year from now, on Feb.

CAPITOL COMMENT

U.S. SENATOR

KAY BAILEY HUTCHISON

17, 2009, the nation's full power broadcasters (large TV stations covering multiple cities) will switch from an analog to a digital broadcasting format. This change will dramatically enhance the clarity of television broadcasts, resulting in less interference, sharper pictures, and better sound. The efficiency of digital broadcasting may also allow for new and diverse television programming.

Most importantly, transitioning to digital television, or D-TV, will free up the frequencies on which data is transmitted to the public, otherwise known as broadcast spectrum, for important safety activities that will increase the nation's ability to respond to terrorist attacks and national disasters. Digital broadcasting will continue to transmit emergency messages, like AMBER Alerts, but some of the spectrum space will be reallocated to implement a nationwide public safety communication system to support police, fire departments, rescue squads, and other first responders. The challenges facing first responders on Sept. 11, 2001, and during Hurricanes Katrina and Rita illustrate how badly this capability is needed, and the 9/11 Commission recommended a na-

tionwide public safety system in its final report to Congress. So what does the D-TV transition mean for you?

Nationwide, about 13% of homes have older television sets and receive over-the-air programming using antenna or "rabbit ears." In Texas, this number is much higher, with more than 20% needing to take steps to prepare for the transition. These households will need converter boxes to change digital broadcasts into an analog format so their TVs can display public safety and emergency broadcasts. If a television is only equipped with an analog tuner, it will work as it does now until analog broadcasting stops at midnight on Feb. 17, 2009. After the transition, consumers can keep their older, analog TVs if they obtain a set-top converter box.

A converter box will translate the digital broadcast signal into an analog signal that an older TV will display. Each television that is neither outfitted with a digital tuner nor connected to a cable or satellite service requires its own converter box. D-TV converters will be available nationwide at electronic stores and other U.S. retailers.

The coming transition poses special challenges for border communities. Last year, I introduced legislation that allows broadcasters along the southern border to continue analog broadcasts for five years, but maintains Federal Communications Commission (FCC) authority over broadcasts, based on

public interest.

To help defray the cost of obtaining converter boxes, the National Telecommunications and Information Administration will issue up to two \$40 coupons per household to go toward the purchase of converter boxes. Consumers may apply for their coupons until March 31, 2009 by calling 1-888-DTV-2009 (1-888-388-2009) or by visiting www.dtv2009.gov. The coupons must be used within 90 days of being issued.

Those subscribing to a cable or satellite television service may not be affected by the D-TV conversion, but consumers should contact their cable or satellite provider to make sure service will not be disrupted. Many newer televisions are already equipped with a digital tuner and will not require a converter box to function after the transition. If you are not sure, you should contact the manufacturer to check the capabilities of your TV.

I encourage consumers to arm themselves with information and prepare well in advance of the transition. There are a number of resources available to help consumers get ready. Learn more from the FCC at www.fcc.gov, or visit the broadcast industry's D-TV website, www.dtvanswers.com. To speak with someone by phone, call 1-888-CALL-FCC (1-888-225-5322).

Not since the conversion from black-and-white to color television in the 1950s, or from multiple party line telephones to private household lines nationwide, has the U.S. communications industry undertaken such sweeping change. However, with the right information and preparation, consumers can have a smooth transition and continued access to the public information that helps keep us all safe.

Endres weds Neu in Sacred Heart Church

Lacy Endres of Muenster and Mark Neu of Lindsay were united in marriage on Dec. 15, 2007. Father Ken Robinson officiated for the double ring nuptials held at 2 p.m. in Sacred Heart Catholic Church in Muenster.

The bride is the daughter of Phil Endres and Marlene Pagel of Muenster. Her grandparents are Clara Endres of Muenster and the late Edward Endres and the late Maurice and Geneva Pagel.

Parents of the groom are Tommy and Michelle Neu of Lindsay. His grandparents are Gene and Emma Pelzel and the late Polly Pelzel, and Charles and Mary Neu.

Given in marriage by her father, the bride wore a Christian Michele gown by Group U.S.A. The white satin gown featured a satin side drape with clear embroidered flowers with gold threading that was accented with buttons down the back of the cathedral length train. The shoulder straps were of thick satin. Her A&A design veil fell to waist length and was decorated with a satin ribbon edge. She carried a bouquet of fresh red roses with greenery. For the traditional something old and something borrowed, the bride wore a cross necklace belonging to her paternal grandmother. Music for her procession was "Trumpet Voluntary."

Decorating the church were two candelabras and white pew bows surrounding red rose petals.

ATTENDANTS

Kelly Endres of Denton and Sandy Endres of Muenster served as the bride's maids of honor. Bridesmaids were Kyla Frost of Stephenville, Kristen Roller of Haltom City, and Tiffany Richey of Austin, all friends of the bride. Macie Pagel, niece of the bride, was junior bridesmaid. They wore red satin charmusee Dale & Johnny Dresser gowns with embellishment of rhinestone trim at the empire top and down the back at the gathered waistline. Each carried a white silk bouquet with greenery. They processed in to "Paschelbel's Canon in D."

Madeline Neu, groom's niece, was flower girl. Mason Liles, cousin of the bride, was ring bearer.

Brian Neu of Lindsay stood with his brother as best man. Groomsmen were Kevin Neu of Lindsay, groom's brother, Ricky Endres of Muenster, bride's brother, and Andy Zimmerer of Lindsay and Brandon Ferguson of Muenster, both friends of the groom.

Troy Pagel of Muenster, bride's brother, and Jon Reed of Muenster and Matthew Baugh of Gainesville, both friends of the

Mr. and Mrs. Mark Neu ...nee Lacy Endres ...

groom, ushered guests.

Altar servers were brides cousins Brady Endres and Jordan Henscheid of Muenster and groom's cousin Chad Walterscheid of Muenster.

Laurie Pelzel, groom's aunt, gave the First Reading and Prayers of the Faithful. Lisa Pagel, sister-in-law of the bride, gave the Second Reading. Offertory gifts were presented at the altar by Bobby and Sharlene Hartman, bride's Godparents, and Leslie and Marilyn Sandmann, groom's Godparents.

Eucharistic ministers were Gene and Emma Pelzel, groom's grandparents; Clinton Endres, bride's uncle; Debra Neu, groom's aunt; and Paulette Swirczynski, bride's aunt.

Vocalist Theresa Thompson, cousin of the bride, and pianist Isaac Davis provided music for the occasion. Music included preludes "Lo, How A Rose Er' Blooming", "Sunrise, Sunset", "The Wedding Song", for the seating of the parents "Bach's Jesu, Joy of Man's Desiring", "The Lord Is Kind and Merciful", "The Greatest Gift", "Like a Seal on Your Heart", "How Beautiful", "Ave Maria", and "Mendelsohn's Bridal

March".

RECEPTION

A reception was hosted by the bride's father in the Lindsay Centennial Hall. Rohmer's Restaurant catered a turkey and dressing meal.

Betty Rose Walterscheid created the wedding cake. She cut the cake with the assistance of Marilyn Sandmann. Courtney Neu and Brianne Sandmann served the meal and cake.

A rehearsal dinner was held on Dec. 14 in the upstairs of The Center Restaurant.

The bride graduated from Muenster High School in 2002, earned an Associate of Science degree from North Central Texas College in 2004, and graduated from the University of North Texas with a Bachelor of Business Administration degree in Organizational Behavior & Human Resources. Nortex Communications employs her in accounting.

Mr. Neu graduated from Muenster High School in 2002. He is employed by Pond King as a floor manager.

After returning from a wedding trip to Playa del Carmen, Mexico, the couple is residing in Muenster.

Lightning—the underrated killer

In the United States, there are an estimated 25 million lightning flashes each year. During the past 30 years, lightning killed an average of 62 people per year. This ties the average of 62 deaths per year caused by tornadoes. Yet because lightning usually claims only one or two victims at a time and does not cause mass destruction of property, it is underrated as a risk. While documented lightning injuries in the United States average about 300 per year, undocumented injuries are likely much higher.

CASA seeks administrative volunteers for their team

CASA's mission is to provide volunteer advocates for Cooke County's most vulnerable children, those who have been brought into the legal system due to abuse and/or neglect. Because there is never a lack of children to serve, the agency continually recruits advocates. CASA also offers other volunteer opportunities such as serving as an Administrative volunteer on CASA's "A (Administrative) Team".

CASA's "A Team" supports the agency by providing administrative assistance to CASA staff and volunteers, donating as little as one day a month regularly in the office to answer phones and do other clerical work. "Not everyone is ready to be a CASA Advocate," said CASA Director Vicki Robertson. "Some people either can't commit because of job or time restrictions. Others aren't 100% sure that they can do what an Advocate does. It's the good news for us is that a person can be a part of our efforts to assure that abused and neglected children end up in safe and permanent

homes without being an Advocate."

Robertson says that the "A Team" was established a little over a year ago. They have provided valuable assistance to CASA staff, who are, at times, overwhelmed by the administrative tasks that go along with advocating for the children. At the present time, CASA has a deep need for additional members for its "A Team." "We are looking for 10 to 12 people who can give CASA one day a month (or more if they wish) in the office to help with administrative tasks such as answering phones, doing letters, and other clerical tasks."

To be a part of the "A Team," a person must be at least 21 years of age, have clean criminal and CPS backgrounds, and have time to give for the cause. CASA will be conducting a short "A Team" training in March. If interested, one may request information by contacting the CASA office by telephone at (940) 665-2244 or checking out CASA's website at www.casant.org.

MMH Auxiliary votes to purchase needed items

Two new items were added to the list of things that the Muenster Hospital Auxiliary has purchased or plans to purchase, for use at Muenster Memorial Hospital. At the Monday, Feb. 11 meeting, Vice-President Adelia Wilson brought a list of items for consideration from Nursing Director Renata Pagel.

One request was a rolling chart carts for the nurses' station. With numerous patients in the swing bed program, the charts are often needed during meetings. A rolling cart would make transporting them to and from areas much easier. It would also free up work space at the nurses' station. The cart chart holds 20 charts.

Overbed tables for patient rooms was the second request. The current tables have to be cleared of any items before the patient's meal can be served. The proposed overbed tables have a shelf that comes out to hold the food tray and would also provide more storage for the patient's personal items. It was decided to start by purchasing four tables, one for each of the private rooms.

Donations in honor of Augusta Walterscheid and Frank Zimmerer were acknowledged by the Auxiliary. It was decided that since Augusta had worked in the kitchen for many years, it would be appropriate to donate something needed in that area in her memory.

President Penny Fisher asked for volunteers for the Scholarship Committee since it is time to seek applicants. Carol Ayles and Jewel Otto agreed to serve. Part of the

criteria is that the student reside in the Muenster Hospital District and intend to pursue a career in the medical field. Winner will be selected at an Auxiliary meeting.

It was reported that the wall in the patio area had been painted as requested. Fay Hamric took charge of getting the wall painted. It is hoped that a mural can be painted on it by local art students or someone interested in the project.

The possibility of holding quarterly meetings was discussed. Some thought more members might attend meetings if there were fewer of them. It was decided that this might actually cause fewer to attend. A change in time was discussed. Members agreed to try meeting at 5:30 p.m. in hopes that more could come at an earlier time.

MMH Administrator Lynn Heller agreed to have maintenance staff spread enriched soil and eventually mulch on the flowerbeds under the Auxiliary's care. Adelia Wilson and Janet Felderhoff agreed to pursue this project.

Aileen Knabe said that she had the tray decorations ready for patients for Valentine's Day.

The next meeting is scheduled for Monday, March 10 at 5:30 p.m.

After the meeting, members visited the Physical Therapy room to view the new Plyoback Ball Rebounder. Donations from the Muenster Kiwanis earned at their Pancake Supper were used to purchase this piece of equipment.

Cooke County scores on "Souper" Bowl Sunday

The real winners of the Cooke County "Souper" Bowl Sunday of Caring are the children and families of Cooke County. Local churches have been participating in the "Souper" Bowl Sunday of Caring, a national effort, for the past nine years by passing a bowl on Super Bowl Sunday to donate to VISTO's (Volunteer's In Service To Others) food bank or another charitable organization. But VISTO has added an additional component to the national effort with a Souper Bowl Sunday Luncheon. A

variety of soups were prepared by the VISTO Board of Directors and donors got to keep the bowl to remember there are still empty bowls in Cooke County. Michelle Baldwin, executive director of VISTO said, "This was a real neighbor helping neighbor event."

"Once again, the compassionate people of Cooke County have surpassed my hopes and expectations with a phenomenal display of generosity...Between the actual lunch, individual church collections, a donation from Wal-Mart, and bell ringers stationed at Wal-Mart, we raised approximately \$6,400. I am honored to be a part of such a noble effort," said Ms. Baldwin.

The money raised will help buy food for the emergency food bank and the Back Pack Buddy program. The Back Pack Buddy program helps make sure some Cooke County school children and their siblings don't go hungry over the weekend during the school year.

Some of the churches participating include First Presbyterian, First Baptist Gainesville, First United Methodist, Lake Kiowa Chapel, Calvary Baptist, St. James Methodist, St. Paul's, and Valley View United Methodist.

VISTO Board of Directors are John Hare, Mary Wood, Susan Metzler, Renee Gregory, Sharon Dill, Chad Shauf, Ned Newman, Don Yeager, Bob Manner, Earl Russell, John Metzler, Cindy Walker, Tanyas James, Nancy Darwin, and Scott Melton.

David and Debbie Wilkes and Tod Holt of Perryton are proud to announce the engagement and upcoming marriage of their daughter Lacie Jo to Lucien James Gehrig, son of James and Cynthia Gehrig of Muenster. The couple is planning a May 17, 2008 wedding at Sacred Heart Catholic Church in Muenster. The bride-elect is a 2000 graduate of Perryton High School and received her Bachelor of Business Administration in Marketing from Texas A&M University in 2004. She is currently employed by Poly-America, LP in Grand Prairie as a sales and marketing analyst. The prospective groom, a 1999 graduate of Sacred Heart High School in Muenster, received his Bachelor of Science in Civil Engineering from Texas A&M University in 2004 and is currently employed by Jones & Boyd, Inc. in Dallas as a project engineer. The couple plans to reside in Irving.

Pet safety tips

• **Bring water:** Car travel can make your pets feel anxious and result in nervous panting.

Hot summer temps can often change your daily routine with your pet. Depending on where you live, it may be too hot to take your pet outside during the day. Pet owners must take precautionary steps to make sure their pets are adequately hydrated and not overheating when playing outdoors during the summer.

• **Know the symptoms of heat stroke:** Dogs cannot cool down as easily as humans and are more likely to suffer heat stroke during the summer. The symptoms of overheating include excessive panting, drooling, sluggishness, and unresponsiveness. Dogs with thick coats, short muzzles, and heart or breathing problems are at greater risk for heat stroke and should remain indoors with air conditioning during extremely hot days.

Time to stop dating violence

By Anita Perry
I hope Texas parents will talk with their teens about what real love should look like in a dating relationship. We need to spread the word across our state that abuse in teen dating relationships must stop. That effort must start with education and awareness.

Recently, I spoke at a news conference held to raise awareness about teen dating violence. Among the speakers were two teenagers, Nabil Gomez and Manuel Veloz from Reagan County High School, who bravely stood at the podium to spread the word of the dangers of dating violence to parents, the media, and most impressively their peers. "Control is not love" was the strong message printed on the poster standing behind them.

Nabil and Manuel are part of a Students Taking Action for Respect (or STAR) Team. STAR is a growing community of more than 400 youth leaders across the state carrying the message of teen dating violence prevention to their classmates and community groups. The first program of its kind in the nation, STAR has reached more than 13,000 students in 150 Texas communities since its inception.

I'm so proud of Nabil and Manuel and the hundreds of other youth around the state who lend their strong voices to the growing chorus combating the dangers of dating violence. I am proud of them because sometimes it's hardest to confront a friend, more than anyone else, with the message that how they are being treated by a girlfriend or boyfriend is just not right. As much as we adults hope that our message is heard, teens often listen best to their peers.

Unfortunately, relationship abuse among teenagers is all too common, partly because

many don't understand what constitutes inappropriate behavior. While physical and sexual abuse are the obvious offenses, verbal and emotional attacks can also frighten and control a person in a dating relationship. We must also recognize that this abuse victimizes young men as well as young women.

According to the Texas Council on Family Violence, 75% of young people ages 16 to 24 report personally experiencing some form of abuse in their dating relationships or knowing someone who has. Think about it, if you have four children, teen dating violence will personally touch three of them. As a mother of a son and a daughter, I find that statistic heartbreaking. We must do all we can to protect Texas children from this kind of abusive behavior.

That's why I am pleased that our state continues to lead on the issue of teen dating prevention efforts. Just last year, Texas passed legis-

lation that requires every school district in the state to create a dating violence policy. We are only the second state to require such a policy in the place children spend most of their time—in school. There is now a National Helpline for teen dating violence, managed in Texas by the Texas Council on Family Violence.

Thanks to the ongoing efforts by educators, lawmakers, and the entire Texas Dating Violence and Prevention Team, Texas continues to make the necessary strides to end teen dating violence.

I urge you to, show your love for your sister, son, or friend by speaking honestly with them. If they are in a hurtful relationship, show your concern and support by listening, encouraging them to get out of the abusive situation and seek help. Together we can move one step closer to the end of dating violence and make a safer Texas for our youth.

Lindsay 4-H recycles for KLB

Recycling is an important project to the members of the Lindsay 4-H Club. Over 30 kids have welcomed the challenge of recycling in their homes for the past two years. The kids recycle newspapers and aluminum cans and bring them to each meeting to show that they can make a difference to the community. The cans are taken to the Lindsay FFA recycling hut and the newspapers are taken to the Lindsay trailer located by the Lindsay Post Office. This past fall they voted to also collect used magazines which they take and distribute throughout the County at hospitals, clinics, and rest homes. The kids have learned the importance of recycling from the Keep Lindsay Beautiful (KLB) organization. KLB continues to support efforts in recycling and making Lindsay the best community in Texas. 4-H photo

Sacred Heart students compete in TWU's Edible Car Contest

Valentine's Day, Feb. 14 was celebrated in a unique manner at Sacred Heart Catholic School. Middle school science students competed in an edible car contest sponsored by Texas Woman's University (TWU). The College of Arts and Sciences and the Department of Mathematics and Computer Science co-sponsor the annual event.

Teams of middle school and high school students were invited to enter the contest. Students were required to develop a car using only edible ingredients. Cars were judged for their aerodynam-

ics, detailed design, and speed. Cost analysis of cars required that ingredients not exceed \$10.

Students gathered after school hours or at family homes in order to build prototypes and a final car. Failed prototypes were often eaten in despair.

After the final race, the winners were announced. These teams are eligible to

enter their car in the competition at TWU on Feb. 29.

Dear Friends and Neighbors:

It is Youth Fair time again and the Friends of Muenster are making their annual appeal to you, the citizens of our community, to help our youth as they prepare their projects for the Cooke County Youth Fair. This year the Youth Fair will be held in Muenster at the Circle A Arena, just north of town on Highway 373. The Home Economics division will be in the KC Hall in Muenster.

The Muenster Friends is a volunteer organization that helps collect money to be paid to the students as premiums on their projects. One hundred percent of what is donated goes directly to pay for premiums to the students who participate in the Youth Fair from our community. Last year a total of \$21,525.00 was paid as premiums to the students of the Muenster community, \$12,075.00 of which was paid by the Muenster Friends organization. This year the sale will be limited. We would like to compensate every youngster, even those who do not make the sale. This makes your donation even more important than ever.

The youth of our community put forth a great amount of effort and expense and also a great deal of pride in their projects. Please help them out with a donation of \$1000, \$500, \$250, or an amount of your choice. Your support does not go unnoticed.

Please take the time to visit the Cooke County Youth Fair in Muenster this year. You will truly appreciate where your money has gone in support of our youth. The Youth Fair will be held on February 27th through March 1st.

Thank you, in advance, for taking this into consideration. We look forward to seeing you at the Youth Fair this year!

Tigerettes advance in playoffs

The Sacred Heart Tigerettes, District basketball Champions, hosted the DeSoto Canterbury Lady Cougars Tuesday night in the Area round of the TAPPS playoffs.

After a cold start, the Tigerettes went on to defeat the Lady Cougars 56-36 and advance to Regional this Saturday.

"We just could not buy a basket in the 1st half," noted Coach Jon LeBrasseur. "Once the shots started falling in, the game got easier."

With 4 minutes on the clock, the game was tied 4-4. The Tigerettes got the shots away, but they wouldn't fall in the 1st quarter, that ended with the visitors ahead 8-6.

After a quick Canterbury basket, Lauren Creed popped in a 3 to close the score to 10-9. Sacred Heart stepped up their defense, making points out of turnovers.

Sam Wimmer, Kara Felderhoff, Kristin LeBrasseur, and Creed put points on the board to give the Tigerettes a 25-16 halftime lead.

Sacred Heart scored 13 points to the Lady Cougar 2 in the first half of the 3rd quarter, with Felderhoff, LeBrasseur, and Wimmer extending the Tigerette lead to 38-18. Canterbury then had an 8 point run to end the period 38-26.

The Tigerettes started the final quarter with turnovers before regaining control. Raynee Hogan, Creed, Wimmer, and Felderhoff added points to the scoreboard for a 52-34 score with 3 minutes remaining in the game. Two baskets by Hogan gave Sacred Heart their largest lead of the game, 20 points! No one scored the last 2 minutes of the game for a 56-36 final.

"I like where this team is

headed, and hopefully we will peak at the right time," Coach LeBrasseur said.

Three Tigerette scores were in the double digits, with Samantha Wimmer leading with 22, followed by Kara Felderhoff 13 and Lauren Creed 11. Raynee Hogan added 6, and Kristin LeBrasseur 4. Wimmer was the team's leading rebounder with eight and also had nine steals.

As a team, the Tigerettes had 22 offensive rebounds against a much taller team and turned the ball over only 10 times.

The #3 ranked Trenton Lady Tigers entered the gymnasium at Howe High School Tuesday night with an undefeated 31-0 season record. The Muenster Lady Hornets met their challenge and pulled out a 48-44 Regional Quarter-Final victory.

The District 14A champs defeated Frost 27-25 in Area action before facing the Lady Hornets. Muenster had Ector 62-34 and Grafrod 87-50 under their playoff belt.

Rebecca Growing put the first points on the boards and the first 6 for the Lady Hornets. But missed shots and turnovers kept Muenster's scoring low in the 1st quarter. Alison Teafatiller added 4 more for a 12-10 1st quarter Trenton lead.

Trenton extended their lead to 7 before Taylor Klement got a basket. Laura Heers hit two free throws, Sam Endres a 3, and a free each by Lindsey Watson and Growing for a 28-21 Trenton halftime lead.

Growing got a quick basket to start the 3rd quarter, but the Lady Tigers extended their lead to 9. Shaina Felderhoff hit a 3, and Growing 2 points to close the score to 32-28 with 4:28 on the clock.

Several turnovers followed, with Heers hitting two free throws. A few steals later, Growing got 2 from the charity stripe to tie the game 32-32. A lay-up by Lia Heers gave Muenster their first lead since early in the game. Klement added another 2 points, with Trenton getting 1 for a 36-33 Muenster lead going into the final quarter.

Laura Heers caused a turnover, and Growing scored, was fouled, and made it a 3 point play for a 6 point Muenster lead. After several free throws and baskets by Growing and Laura Heers, the Lady Hornets had a 48-42 lead under 3 minutes.

Action slowed down, as Muenster worked on the clock. Trenton added two free throws at 1:04. With no scor-

ing the last minute, the Lady Hornets handed Trenton their first loss of the season, 48-44.

The Muenster Hornets advance to the Area round of the basketball playoffs after an exciting 39-38 Bi-District win over the Sam Rayburn Rebels Tuesday night. The Rebels were District 16A Runner-Up, coming into the game with a 22-6 record. Muenster, at 15-11, was 3rd place in District 15A.

The Rebels took the opening tip, but after a few turnovers, Matt Flusche put the first points on the board. Baskets by Tanner Herr and Eric Hellman gave Muenster a 7-4 lead with 3 minutes on the clock.

Sam Rayburn ended the quarter with a 7 point run to

take an 11-7 lead.

A Hellman free throw and baskets by Herr and Nick Flusche briefly put Muenster back on top. The halftime break saw an 18-18 tie.

The Rebels outscored Muenster 8-6 in the 3rd quarter, but the Hornets with baskets by Hellman and N. Flusche slid Muenster ahead 28-26.

M. Flusche scored 5 points the next couple of minutes, but the Rebels got more, to take a 37-33 lead with 3:05 remaining in the game.

A 3-pointer by N. Flusche closed the score to 37-36 at 2:15. Hellman added a basket and was fouled, for a 3 point

play and a 39-37 Hornet lead with 1:31 still on the clock.

Muenster worked the clock, but got called for a foul with 16 seconds hanging on the clock. Sam Rayburn hit their first free throw, then Muenster got the rebound and was immediately fouled before the Hornets could get into shooting position. At 10 seconds, the shot was missed, the Rebels rebounded and called a time out at midcourt. A missed shot by Sam Rayburn was rebounded by M. Flusche who was fouled with 4 seconds. Flusche's free throw didn't fall, but he got the rebound and shot as time ticked off the clock for a 39-38 Hornet victory.

Matt Flusche, Eric Hellman, and Nick Flusche were high scorers for the Hornets with 11, 11, and 10 points. Tanner Herr added 6, and Shane Presnall 1. Defensively, Herr shut down the Rebels big scorer.

Tigers fall to Cougars 55-51

The Sacred Heart Tigers ended a very successful basketball season Tuesday night. The District Champion Tigers were defeated in conference play, before losing in the first round of the playoffs to the Cougars of Canterbury from DeSoto Tuesday night.

"Wow - what a game," commented Tiger Coach Jon LeBrasseur. "They ran out on us early, but our boys fought back. There must have been 15 lead changes the last two and one-half periods."

Canterbury took the tip and scored, but baskets by Patrick Mojica, Nick Popovich, Colt Spruill, and John Krawietz gave the Tigers a 9-3 lead 3 minutes into the game. The Cougars tied the game 10-10 at 2:51, taking a 4 point lead with a scoring run. At 1:37, the Cougars

added 6 more points with no time taken off the clock. The 1st period ended with the visitors ahead 22-13.

The teams took turns scoring with 3 pointers by Sam Sparkman, Krawietz, and Mojica to help give the Tigers a 32-31 halftime lead.

Points by Nick Popovich, Mojica, Krawietz, and Kevin Kulle in the 3rd quarter kept the scoring even with the Cougars for a 47-46 score going into the final period.

The Cougars soon took the lead 48-47. "We played too hard to die - Don't die!" Coach Jon told the team during a time out. With 5:39 on the clock, Kulle took back the lead.

Fourteen seconds later, the Cougars had a 50-49 lead. Canterbury then killed several minutes off the clock, just holding the ball until drawing a foul. With under 2 minutes, the Cougars extended their lead to 3. Popovich closed it to 1, then again the visitors worked on the clock. A turnover at 43.2 seconds allowed the Tigers to inbound. At 34.4, Sacred Heart was fouled and inbounded near the bench. The shot was

missed, Canterbury rebounded, but Sacred Heart's defensive pressure forced the Cougars to double dribble.

Sacred Heart inbounded at 13.4, but a quick mistake by the Tigers allowed the Cougars to inbound. As soon as the ball hit the court, a Cougar was fouled. With 11.1 seconds on the clock, Canterbury hit both free throws to extend their lead to 54-51.

The Tigers' inbound missed a 3-point attempt and the Cougars were fouled on the rebound. At 1.6 seconds, the Cougars got another point to end the game 55-51.

"I am so proud of where this team is and how they have pulled together to be a very good team," Coach LeBrasseur noted. "We just ran out of time."

Kevin Kulle, Patrick Mojica, and Nick Popovich led the Tiger scoring with 12, 11, and 10 points. John Krawietz added 9; Sam Sparkman 4, Kyle Knabe 3, and Colt Spruill 2.

Knights edge out Ector 57-55

The Lindsay Knights, District Runner-up, traveled to Howe Monday night to begin boys playoff action. The Knights faced the Ector Eagles, 3rd place finishers from District 16, in Bi-District competition.

Ector took an early lead, as much as 9 points, before Lindsay closed it to 1 point at the end of the 1st. Baskets by Preston Mendez, Josh Heilman, and Clayton Starnes closed the score to a 17-16 Knight lead.

Ross Jones scored 5 to add to a 16-1 run by Lindsay, but Ector soon tied the game 24-24. Colton Hermes and Keith Hermes kept the Knights in the game. A basket by Jones with 28 seconds on the clock gave the Knights a 30-28 halftime advantage.

In the 1st half, outside shooting and missed free throws hurt the Eagles, while the Knights had to play the bench, with several Lindsay

players in foul trouble early in the game.

The start of the 3rd quarter went Lindsay's way, gaining a 6 point lead before the Eagles scored the next 7 to take a 1 point lead at 30 seconds. A last second shot by Nick Bezner put the Knights back in the lead, 45-44 to start the final frame.

Lindsay committed too many turnovers, giving Ector a 3 point lead. With just under 5 minutes on the clock, Heilman popped in a 3 to tie the game 48-48. The Eagles hit three free throws, Mendez a 3-pointer and a basket for a 53-51 Lindsay lead.

Ector hit the next two baskets, taking a 2 point lead with under a minute on the clock. Garrett Block dropped in his first points of the game to tie the score 55-55. A double dribble call against the Eagles gave the Knights the ball with 20 seconds on the clock.

An air ball shot was fielded by Ross Jones with 5.8 seconds remaining in the game to put Lindsay on top 57-55. A buzzer shot by Ector slid off the rim for a Knight Bi-District victory.

Leading scorers for the Knights were Ross Jones and Preston Mendez with 15 and 11 points. Josh Heilman added 8, Keith Hermes 7, Colton Hermes 6, Joey Block 4, and 2 apiece by Nick Bezner, Garrett Block, and Clayton Starnes.

The Eagles' five starters scored all their points. No scores came from the bench. Ector was 11-25 from the free throw line.

Lady Knights win in playoffs

The Lindsay Lady Knights continued in the basketball playoffs. After receiving a Bi-District bye for winning the District Championship, the Lady Knights conquered the Wortham Lady Bulldogs 68-23 in the Area round last Friday night at Burleson. The win advanced Lindsay to the Regional Quarter-Final round Tuesday against Bland.

Lindsay jumped out into the lead, taking a 34-12 score into the locker room at halftime. The Lady Knights proved that they were the better team as they outscored Wortham 18-3 in the 3rd quarter. Emily Fuhrmann, Chelsea Hermes, Rose Hermes, Christina Eckart, and Hillary Hoelker all put points on the board in the 3rd.

In the final period, the

Lady Bulldogs started showing their tiredness, giving up easy baskets. Wortham scored only a 3 and five free throws in the 4th, while C. Hermes put in the lay-ups, with Elizabeth Martin and Beverly Knabe making the final Lindsay points.

"I was very proud of all the girls," commented Coach Donald Neu. "We were short-handed due to injury and sickness." Senior post guard Stephanie Neu was out with an injury. Coach Neu noted that Katelyn Brewer, Hillary Hoelker, Elizabeth Martin, and Beverly Knabe did a great job stepping up.

Chelsea Hermes, Christina Eckart, and Katelyn Brewer all scored in the double digits with 19, 13, and 11 points. Hillary Hoelker added 8, Beverly Knabe 6, Emily Fuhrmann 5, Elizabeth Martin 4, and Rose Hermes 2 points.

Leading rebounders were Eckart and Brewer, with C. Hermes, Eckart, and R. Hermes getting the most steals.

Wortham ended the season 14-15 in their 7th consecutive playoff season. The Lady Bulldogs were 3rd place fin-

ishers in District 13, with a Bi-District win over Poolville.

Regional Quarter-Final

The Lady Knights continued in the playoffs with a 45-29 Regional Quarter-Final win over Merit Bland. Bland, the District 16A Runner-Up defeated Valley View 33-21 and Hubbard 54-34 before Lindsay knocked them out of the playoffs. The Lady Knights got a bye, then won 68-23 over Wortham to reach the Quarter-Final.

Chelsea Hermes scored 21 points for Lindsay, with six rebounds, four assists, and three steals. Christina Eckart added 12 points, had eight rebounds, and four blocks. Emily Fuhrmann scored 3 points with 10 rebounds, Hillary Hoelker 2 points, and Rose Hermes six steals and four assists.

The Lady Knights' next action will be Friday against Santo in the Regional Semi-Final game at Fort Worth Wilkerson and Grines Center at 8 p.m.

Santo won the District 11A Championship, got a bye, defeated Seymour, 46-24 and Windthorst 67-61.

Lindsay softball season begins

The Lindsay Lady Knights opened their softball season Tuesday, Feb. 12, with a loss to the Chico Lady Dragons by a score of 9-2. The Lady Knights jumped to an early lead, scoring 2 runs in the 1st inning, and then committed several errors in the 4th and 5th innings when the Lady Dragons took the lead.

Alyx Ethington took the loss for the Lady Knights. She faced 32 batters, struck out 8, walked 4, and allowed only 4 hits.

Kendall Neu, Natalie Rose, Haley Hughes, and Emily Copeland all had hits.

Lady Knights in softball tournament

The Lindsay Lady Knights went 1-3 at the Argyle Tournament last weekend.

They opened with an 11-4 win over Nocona. Alyx Ethington faced 24 batters, striking out 10, walking 1, and giving up 3 hits. Getting hits for Lindsay were Bethani Eberhart, Jordan Heilman, Kendall Neu, Haley Hughes, Natalie Rose, Jessica Thurman, and Diane Brown.

In the second game, Lindsay lost 10-0 to Liberty Christian. Ethington and Rose pitched the game together, facing 27 batters, walking 7, striking out 4, and allowing 3 hits.

On Friday, in cold weather, the Lady Knights faced Argyle, falling 15-0. The following game, Lindsay lost to Krum 12-3. Getting hits were Eberhart, Neu, and Ethington. Rose faced 29 batters, struck out 3, walked 6, and allowed 4 hits.

Lady Eagles fly over Lindsay

The Lady Knights traveled to Argyle Monday and were handed a 10-0 loss. "Offensively, we hit the ball better, but couldn't get it out of the infield," noted Coach Robin Hess. "Defensively, we committed nine errors, which most of them were from lack of focus."

Haley Hughes connected for a double which almost went over the fence. Shortstop Bethani Eberhart was the defensive standout for Lindsay and Alyx Ethington the pitcher. Facing 30 batters, Ethington struck out 3, walked 5, and allowed 8 hits.

Lindsay will play Godley, Saint Jo, and Alvord this weekend in the Alvord tournament.

FARM & RANCH

Beef cow numbers down due to drought, higher expenses

The effects of a severe drought in the Southeast and higher prices for land, feed, and other inputs are chief reasons for a decline in U.S. beef cow numbers in 2007, according to American Farm Bureau Federation (AFBF) analysis of the U.S. Department of Agriculture's (USDA) semi-annual report of the nation's cattle inventory.

There were 338,000 fewer beef cows in the U.S. at the end of 2007 than at the end of 2006, meaning herd liquidation has occurred in 10 of the last 12 years. A year earlier, the USDA reported a drop of 103,000 cows during 2006. The 2007 beef calf crop was the smallest in the U.S. in 56 years.

"The USDA report is an indicator of U.S. beef production for the next two to three years," AFBF Livestock Economist Jim Sartwelle said. "The decline in U.S. beef cow numbers is no great surprise given the extent of the drought in several southeastern states, increasing expenses, and other developments in the beef processing sector. We can draw some fairly stark conclusions about the size, shape, and location of the U.S. beef cow herd heading into an increasingly volatile era with ever-increasing costs of production."

The beef industry also faces some sobering economic and structural realities, Sartwelle said. High feed and non-feed input costs, skyrocketing land values, and slowly recovering beef export markets are all at play. Regarding excess capacity in the feeding and

processing sectors, Sartwelle said those parts of the U.S. beef industry were built when total cattle and calf numbers exceeded 130 million head, dwarfing today's 96.7 million head.

Overall, USDA reported a 207,000-head drop in heifers kept for beef cow replacement. Of that total, nearly 150,000 head are older replacement heifers expected to calve during 2008. Sartwelle said a relatively strong market for feeder heifers through much of 2007 and the lack of forage in many areas are the chief reasons for these decreases.

"We're not going to have a big calf crop during 2008, and

we're not likely to build cow numbers significantly this year, either," Sartwelle said. "We're just not likely to exit 2008 with a larger herd than what we started this year with."

U.S. beef producers begin this year with 16% fewer beef cows than in 1978, Sartwelle said, but beef production per cow has increased by 30% during that time. "Flat-to-declining inventories place greater emphasis than ever on the development and adoption of cost-effective reproductive, health, and nutritional practices and technologies for this sector to produce enough beef for our consumers here and abroad."

Long-term projections: farm prices for corn, soybeans & wheat

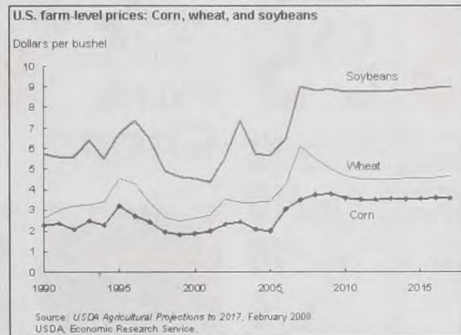

Projected farm-level prices for corn, wheat, and soybeans reflect, in part, movements in U.S. stocks-to-use ratios.

Corn prices continue to rise through 2009/10 as increases in ethanol production strengthen corn demand. As ethanol expansion slows, stocks rebuild somewhat and corn prices decline. Then in the longer run, corn stocks-to-use ratios fall slowly as gains in corn used for ethanol production and moderate export growth outpace increases in production (resulting from generally higher acreage and gains in yields). Consequently, corn prices resume moderate growth and

remain historically high.

With competition from corn keeping soybean acreage lower, stocks are held relatively constant, the stocks-to-use ratio falls, and soybean prices remain high throughout the projections.

Wheat prices decline from current levels in the early years of the projections as higher production facilitates the rebuilding of stocks. As wheat acreage declines in the later years of the projections, stocks decline and push wheat prices up.

Congress ponders COOL delay

House Ag Committee Chairman Collin Peterson (D-Minn.) told the *Wall Street Journal* that the law to

implement mandatory country-of-origin labeling (COOL) may be postponed due to the delay in finalizing a new farm bill.

House and Senate versions of the 2007 farm bill make some much-needed adjustments to the mandatory COOL law scheduled to be implemented in Sept. 2008.

Language in both the

U.S. economic slowdown shouldn't hurt agriculture

Joe Glauber, USDA's Chief Economist noted that evidence from the past suggests a significant U.S. economic slowdown would have minimal effects on farm product prices.

Grain markets have gone down substantially, supposedly on concerns about the economy, but Glauber said not to worry.

"I think what you may be seeing there is more technical trading effects of some fund managers who are moving money out of equities into commodities or out of commodities into cover positions and equities," Glauber said. "In the long run, the underlying market fundamentals are what's going to be important in commodity markets."
