

# MUENSTER ENTERPRISE

VOLUME X

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, SEPTEMBER 27, 1946

NUMBER 44

They say an event doesn't have to be important to rate as news if it is unusual. So it's probably all right to mention that our fair city was honored by the visit of a possum — beg pardon, an o'possum — last Friday night.

Last week yours truly had a yen to express his jubilation over the arrival of some long awaited motype mats but decided to notice the results before waxing enthusiasm. Well, the result, as many of you may have noticed, was gratifying. Once again these lines have letters of uniform height in a straight row and they're not smudged with all those tiny hair lines between letters.

We're hoping now that the rest of the mats we ordered will soon arrive so we'll be able to clean up our pages completely. Then a few more replacements to eliminate other troubles and we'll be in a mood to whistle while we work.

Another reason we're anxious to get things in tip-top condition is the parochial school's little journalistic venture. Those youngsters have visions of a slick looking job to make their contemporaries in other places turn green with envy. We want what it takes to cooperate with them.

We understand that the kids got very nice response on their ad selling trip around town. At the rate they are going they should have no trouble financing the paper. That's swell, and we might add that the business men who took space are sponsoring something really worth while. They're encouraging one of the very best methods to help kids to write. As the teachers will tell you, articles prepared for publication are done more carefully than ordinary essays. Personal pride prompts students to do their best on such assignments.

Don't be down hearted because of our failure to give a complete story this week on plans for that proposed recreation center. It's just possible that this silence could be a version of the well known hull before the storm. So though there's nothing definite developing yet, we have reason to believe that interest is building up sufficiently to lead to definite action before long.

Betcha our trouble is that nobody has wanted to assume leadership in getting it started. But as heads get together in private chats that will gradually be overcome. One of these days a couple of fellows will call a meeting and we'll find out where the project stands.

A news release last week told about a new fantastically powerful poison, an ounce of which could kill all the inhabitants of the United States and Canada. At about the same time Henry Wallace was spouting off his crackpot ideas of appeasing Russia. Which leaves us wondering about the greatest potential danger to civilization. Is it a super poison, the atomic bomb, or the radicalism of people like Wallace?

As long as we can follow the traditional American way of life we'll take our chances with the bombs and poisons. We have no fears about anything getting hurt while we pursue ideas that guarantee the rights and dignity of the individual. But if we have to be exposed to poisonous and explosive ideas we don't feel quite as safe. Wrong thinking can cause turmoil and disaster even when weapons are mere sticks or stones or slingshots.

## Hornets Bow To Laneri 20-7 In Season Opener

In spite of losing by a score of 20 to 7 the Muenster Hornets made a big and favorable impression on home town fans in their game with the Laneri Hi Micks at Leeper Stadium in Gainesville last Sunday afternoon.

It was the first game of their football careers and revealed considerable talent that gives promise of developing into a well coordinated, hard hitting assemblage by the end of the season.

The boys were noticeably jittery and lacking in confidence as they started against the Fort Worth opponents and struggled through almost all the game at a disadvantage before discovering their own strength. Apparently in desperation, they resorted to passes during the closing minutes of the game and scored their only touchdown.

Aside from the enthusiasm aroused among the fans those last few plays were interesting as an indication of the team's possibilities. Taking the ball on their 25 yard line, the Hornets passed for a 30 yard gain on the first play. The next pass was good for a touchdown but was called back because of offside. A third attempt was intercepted but after holding for downs the Hornets scored from the 50 on another pass.

The Micks played a steadily alert game mixing passes and running plays and taking advantage of the Hornets' frequent fumbles, especially during the opening minutes the local lads broke their own advance up the field by losing the ball.

Scoring was scattered through all the quarters, Laneri counting in each of the first three and Muenster in the last.

Mr. and Mrs. Charles Wolf are the parents of a daughter, Barbara Hope, born at the local clinic on Wednesday, Sept. 18. The little lady was baptised by Father John, assisted by Mrs. Cecil Sims and Bill Wolf as sponsors on Friday.

Mrs. Herman Swirczynski and baby left Sunday to spend two weeks in Emporia, Kansas, with her sister, Mrs. Alex Knauft and family. Little David Knauft, thought to be recovering from an intestinal infection was taken back to the hospital last week for an operation.

Sgt. Billy Joe Miller of Orlando, Fla., is here on a 16-day furlough visiting his parents, Mr. and Mrs. T. Miller and family.

Mrs. E.F. Ackley of Gainesville is here for a visit with her daughter, Mrs. Ralph Richards. Mrs. Ackley has been ill for several weeks and this is her first time to be up and around.

Miss Eugenia Walter of Fort Worth is here for a two week's visit with her parents, Mr. and Mrs. John Walter. She had her tonsils removed at the local clinic last week.

Little Richard Hess, son of Mr. and Mrs. Ed Hess, was taken to Gainesville Tuesday for a leg operation at M & S hospital.

TWENTY-FOUR MILLION BOARD FEET of lumber are expected to be salvaged in the nation's first army camp demolition job now being conducted by War Assets Administration at Camp Hoenig, near Hoenig, Texas. Workmen are shown removing roof sheathing by the "strong-arm" method. Recovered building materials will be sold to priority holders for veteran housing.

## MUENSTER ENTRIES AWARDED RIBBONS AT NOCONA HORSE SHOW

Muenster won two blue ribbons and two white ribbons in the Nocona horse show Sunday, when Dr. T.S. Myrick's Don Oro placed first in the Palermo division and August Felderhoff's Red took first in the reining class.

Alois Trubenbach's Daisy was third in the Paint show and Lou Wolf's Pal was third in the colt class.

R.L. McNeley served as announcer for the show in which some 250 entries were made. A large number of local horse fanciers attended the event.

## IT'S YOUR HONEY IF YOU'LL ROB THE BEES

Anybody want some honey? An unworkable quantity is free for the taking in the garage behind Arnie Rohmer's residence, the place John Wieler recently bought from J.C. Trachta.

Mrs. Wieler discovered the swarm of bees Tuesday and took off without delay. Joe Trachta heard about it and asked Claude Cannon to go up and clean out the swarm. Cannon took a look and took off. Says he doesn't care to play with bumble bees, thank you.

Latest reports are that the honey is still there for anyone who has the nerve to get it.

Mr. and Mrs. John Kuborn of Yankton, S.D. and Mr. and Mrs. Pat Boden of Santa Ana, Calif., spent from Monday to Thursday here with Mrs. J.P. Fisch and Mrs. M.J. Endres. The ladies are nieces of Mrs. Fisch. On Wednesday Bert Fisch of Fort Worth came in to spend the day with his mother, sister, and the visitors. The Californians had been visiting in S.D. and the Kuborns are accompanying them home to spend the winter in California.

Ben Seyler returned Friday night from a week's visit in Colorado, having driven his daughter, Miss Mary Seyler, to Loreto Heights College in Loreto, near Denver. He was accompanied home by his mother, Mrs. Frank Seyler, who spent the past two months in Colorado for her health.

A combined wash house and utility room is under construction at Joe Knabe's home. Enterprises

## MUENSTER WINS HOT SOFTBALL GAME FROM FIRESTONE, 8 TO 7

In a story book last inning the Muenster softball boys came through Monday night to defeat the Firestone team of Gainesville 8 to 7. Entering the last half of the ninth a run behind, the boys overtook a rally that netted the necessary two before they made their second out.

The Gainesville visitors, runners up in that city's softball league, gave the local boys one of their best games of the season. Early in the game they overcame Muenster's first inning lead and remained in front until the last inning.

Much of the local boy's success was due to the fine pitching of Walter Becker. He allowed few hits or walks.

Two homers were scored, one by Buck Knabe, and the other by one of the visitors.

## Hornets Will Play Valley View Friday Night at Gainesville

A long dormant inter-city rivalry will come to life Friday night at 8 o'clock when the Sacred Heart High School Hornets take on the Valley View High School team in Leeper Stadium at Gainesville. Though neither the contesting players nor schools have ever met before, the game recalls stiff competition of slightly more than a decade ago when youngsters of the two towns battled for county basketball honors.

As in last Sunday's game and two others scheduled later in the season, the Hornets have the odds stacked against them. Valley View players have the benefit of years of experience whereas the local lads are just beginning.

They stand a good chance to profit, however, from two valuable lessons in their game with Laneri. One is that their aerial game is at least as good as their ground game, and another is the importance of hanging to the ball. In practice sessions this week Father John is bearing down on those angles of the offense and is also working to tighten the entire defense.

## Fats, Leans Play Benefit Game For Football Boys

Muenster turned out in droves last Thursday night to see fats and leans, both men and women, struggle their way through two benefit softball games. Net receipts of approximately \$100 were given to the equipment fund of the football team.

Pat and lean classifications on the teams were determined by weight — under or over 185 for the men and under or over 145 for the ladies. The winners: fat men and lean ladies.

## Subiaco Alumni Plans Party At Lindsay, Oct. 27

Meeting at Lindsay Monday night members of the North Texas district of the Subiaco Alumni association initiated plans for their annual benefit picnic, proceeds of which go to the abbey building fund.

Lambert Bezner, president, disclosed that the date is Sunday, Oct. 27, and the place is the Lindsay school basement.

Starting this week, Alvin Hartman is a member of the Enterprise staff. He replaces George Welch of Gainesville, who quit last week to begin working in Dallas.

## 179 Head Stock Sold At Opening Sale Saturday

The first sale of the Muenster Livestock Auction Commission company last Saturday afternoon proved to be a big event surpassing the expectations of its owners, Babe Felker and W.F. Solomon. A total of 179 head of livestock passed through the auction ring in less than two hours and thirty minutes. The crowd of bidders and spectators was well over 300.

Following their good start the partners were busy all this week getting ready for an even greater auction next Saturday. They are making contacts with more buyers and sellers besides completing and expanding the facilities of their place.

One expansion is in the number of pens. Last week's experience convinced the men that they had underestimated their requirements for catch pens to hold animals after sale. The intention is to provide a pen for each buyer. Completion work consists of a roof along the south side of the building, sand on the arena floor, painting and partitioning off a separate room for cold drinks, etc.

Stock for Saturday's sale began arriving Wednesday.

## GARDEN CLUB SETS OCTOBER 29 AS DATE FOR FLOWER SHOW

Meeting in special session Tuesday evening in the home of Mrs. Jim Cook, the flower show committee of the Civic League and Garden Club initiated plans for the annual show.

Mrs. Cook and Mrs. Ben Hellman, chairman of the committee, were assisted in making plans and arrangements by Mmes. Joe Luke, Dick Miller and J.M. Weinzaepfel.

They announce that the show this year will be a community event, displaying exhibits by members and non-members, and that special interesting and entertaining features will be offered and a program presented.

The date is Tuesday, October 29, beginning at 3 o'clock and continuing during the evening hours. The place is the K of C hall.

A detailed list of solicited entries, awards and other information will be released by the committee soon.

## Small Airplane Simplifies Travel Between Bulcher And Oklahoma Oil Leases

Going from one group of oil wells to another used to be a major problem to Chester Pollard of Bulcher but now it's a matter of only a few minutes.

J.B. Wilde, who delivered a Piper Cub to Pollard last week, explains that some wells are in Oklahoma and some in Texas. The air line distance between them isn't great, but the shortest road distance, by way of the highway 77 bridge, is about a hundred miles. Now Pollard gains in both speed and distance.

Church resumes 6-8-10 Sunday Service Schedule

After two weeks of a new winter schedule of church services, pastors of the Sacred Heart church announced Sunday that the old summer schedule would again become effective next Sunday.

The reason: conflict with working hours of farmers and cheese plant employees. Attending church at 7 the cheese plant men could not get to the job on time and farmers had to do their milking chores either too early or too late. Henceforth, as before, Sunday Masses are scheduled for 6:8, and 10 o'clock.

Muenster Knights Will Observe Columbus Day

Three separate events will mark the Muenster K of C council's observance of Columbus Day this year. One is the corporate reception of Holy Communion, another is a picnic and the third a dance. As a convenience to members the observance is being postponed from Saturday, October 12, to the following Sunday and Tuesday.

Members only will participate in the communion service Sunday morning. Their families are invited to the Sunday afternoon and night party. Everyone will be welcome at the dance Tuesday night, Oct. 15.

## Enterprise Subscription Rate Increased Fifty Cents A Year

Something that has been postponed on this paper for a long time will be postponed no longer. Effective now the subscription price is increased 50 cents a year. The new rate is \$1.50 per year in Cooke County and \$2.00 per year outside the county.

Confidentially, the suddenness of this decision is the result of a sudden realization that war time wear and tear are going to be expensive to this plant. Prices listed for repairs and replacements are high — and present indications do not encourage the hope of reductions any time soon. Hence it's sound business on our part to start looking for additional revenue.

In making this announcement, however, we feel somewhat proud in having held the line as long as we did. All through the war, while other commodities went up and our own costs went up proportionately, we stuck with our original depression price. Many a subscriber has been surprised to learn that we had not made a change. Some even suggested that we do it. So, we have a feeling that no one will be very much surprised or disappointed.

Even though economic conditions of the day were different we feel that the change is justified. The Enterprise has grown. The average edition used to be four pages, now it's eight.

We realize, of course, that 99 out of 100 understand these things without being told, but they are anyway — just in case somebody would like to know the reason. And if such a person still doesn't approve, we'd like to add that most weeklies of the country sell for \$2.00 or more per year.

## LOCAL NEWS BRIEFS

Mr. and Mrs. Anthony Luke were Wichita Falls visitors Sunday.

Paul Tempel was back at his

duties at the FMA Store Monday after a two-week vacation.

J.B. Wilde made a business trip to Fort Worth Monday in a new Piper Cub cruiser.

A large number of Lindsay young people attended the Muenster-Fort Worth football game in Gainesville Sunday afternoon.

Henry Fleitman returned Friday from a three weeks' vacation visit with relatives in Fort Wayne, Ind., and West Point, Neb.

Mrs. Arnold Rohmer was back at her duties in the Bank Saturday after a week's illness of influenza.

R.M. Zipper and daughter Joan, spent Sunday in Pilot Point with his brother, John Zipper and family.

Mr. and Mrs. J. L. Noland of Tulsa, Okla., are here for an indefinite visit with their son, Ford Noland and family.

Otto and Larry Walterscheid are spending this week in El Paso and will visit Carlsbad Caverns before returning home.

Mr. and Mrs. Gus Sicking and family spent Sunday with their daughter, Mrs. Pete Prescher and at Gainesville.

Miss Alma Sandmann, employed at Camp Howze, spent the weekend with her sister, Mrs. Pat Hennigan and husband.

Mr. and Mrs. Matt Muller and family spent Sunday in Gainesville with her brother-in-law and sister, Mr. and Mrs. John Corcoran.

Giles Lehnertz has gone to Houston to enter college at the University of Houston where his brother Gene Lehnertz, is also a student.

Miss Thelma Kathman a student nurse at St. Joseph's hospital in Fort Worth, spent the weekend with her parents, Mr. and Mrs. Frank Kathman.

Mr. and Mrs. Hollis Kidd announce the birth of a daughter their first child on Thursday, Sept. 19, at the local clinic. She has been named Jesse Bell.

Mr. and Mrs. Terrell Johnson of Dallas were weekend guests of her mother, Mrs. Frank Seyler. Mr. Johnson was recently discharged from the Navy.

Mr. and Mrs. Bert Fisch and daughter, Miss Mary Nette, and son, Wilbert, of Fort Worth spent Sunday with his mother, Mrs. J. P. Fisch, and his sister, Mrs. M.J. Endres.

Miss Dolly Lehnertz, a student nurse at St. Joseph's hospital in Fort Worth, spent Saturday night and Sunday with her parents, Mr. and Mrs. Joe Lehnertz and family.

Miss Martha Hennigan of OLV academy, Fort Worth, spent Saturday night and Sunday with homefolks and attended the Muenster-Laneri football game at Gainesville Sunday afternoon.

Misses Emily Fette and Loretta Hartman, student nurses at St. Paul's hospital in Dallas, arrived Saturday afternoon and spent until Sunday evening with their parents, Messrs. and Mmes. Joe Fette and John Hartman.

Miss Geraldine White, who has been the guest of her sister, Mrs. James Hott and family, left Sunday to return to her home in Durant, Okla. Her sister and little niece, Linda, accompanied her and spent until Wednesday with her parents.

Mr. and Mrs. John Wilde and Mr. and Mrs. Ed Walterscheid of Raymondville are visiting relatives and friends here this week. They were in Pilot Point Monday

### Ready for Rainy Days

Rain won't spoil this young lady's first day at school. Mother and doggie are ready to go along, too, all dressed up in nylon rainwear. Products of modern research and inventive skill, the nylon raincoats, hoods and mittens are coated on one side with synthetic rubber, will resist cracking and repel mildew.

to attend the wedding of their grandson and nephew, Albert Wiesman.

Mr. and Mrs. Leonard Endres and sons of Fort Worth visited his mother, Mrs. M.J. Endres, and his grandmother, Mrs. J.P. Fisch, Sunday and attended the football game between the Muenster Hornets and Laneri Micks at Gainesville Sunday afternoon.

On the first anniversary after VJ-Day, War Assets Administration, charged with the sale of government surplus property, is able to declare the disposal job 30 per cent completed. Disposals have soared from \$54,000,000 per month in August, 1945, to \$900,000,000 per month in June, 1946, the latest month for which complete figures are available.

There's no tax on safety — it's as free as the air — but brother, there's a tax on accidents and you pay it! The government doesn't send us an Accident Tax Bill — but the tax is there — in increased insurance costs — in the price of the commodities we buy. The Texas Safety Association predicts that the cost of accidents for this year may hit the million mark! Play Safe — and Save.

### Going Fishing? Here's How!

To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies, Basil pooh-poohs anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #!X&\*!?!!

But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.

**SET YOUR SIGHTS**

It takes  
planning  
to achieve  
a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

**HIGHLIGHTS OF REGULAR ARMY ENLISTMENT**

- Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
- A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
- Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

**NEW, HIGHER PAY FOR ARMY MEN**

In Addition to Food, Lodging, Clothes and Medical Care

Rank	MONTHLY RETIREMENT INCOME AFTER:		
	Starting Base Pay Per Month	20 Years' Service	30 Years' Service
Master Sergeant or First Sergeant	\$165.00	\$107.25	\$185.63
Technical Sergeant	135.00	87.75	151.88
Staff Sergeant	115.00	74.75	129.36
Sergeant	100.00	65.00	112.50

**ALBERT WIESMAN, FORMER LOCAL LAD, WEDS AT PILOT POINT**

A pretty wedding was solemnized in Saint Thomas church at Pilot Point Monday morning at 8:30 to unite Miss Carolyn Schoepner, daughter of Mr. and Mrs. John Schoepner, and Albert Wiesman, son of Mr. and Mrs. Frank Wiesman of that city, formerly of Muenster.

Rev. Paul Charcut, Pastor officiated at the double ring ceremony and was celebrant of the nuptial high mass in the presence of a large assemblage of relatives and friends of the couple.

The bride wore a lovely gown of white taffeta and net, the fitted bodice of taffeta designed with a V-neck outlined with a ruffle of lace and fashioned with bracelet length sleeves. The lace ruffle was repeated at the waist and the full skirt was of net. Her finger-tip veil was held in place with a silver tiara, and as a bit of sentiment for "something old and borrowed" she wore as her only jewelry a handsome gold cross and chain belonging to her mother. Her flowers were a shower bouquet of gardenias.

Miss Clara Schoepner, sister of the bride, was maid of honor, wearing a dress of blue organza over taffeta made with a shirred bodice and gathered skirt and short puffed sleeves. She wore a white flower headdress and carried a colonial bouquet of pink and white carnations, chrysanthemums and asters.

Miss Cecilia Haverkamp of Muenster, cousin of the groom was bridesmaid. She was attired in a frock of yellow taffeta and net, the pointed basque bodice of taffeta featuring short puffed sleeves. The multi-gored skirt of net was fitted at the waist and fell into a wide circular swirl. Her headdress was of yellow daisies and she carried a colonial bouquet of orchid asters and chrysanthemums and white carnations.

The bridegroom was attended by his cousin, Lawrence Wiesman of Harlingen and the bride's brother, Lawrence Schoepner.

Mothers of the couple wore corsages of white carnations and the groom's grandmothers wore corsages of fuchsia colored carnations.

Immediately after the church rites a wedding breakfast was served to the bridal party in the home of the groom's parents and at noon dinner was served to a large number of relatives and friends in the parish hall. An informal reception followed with a buffet supper in the evening after which a dance was held in the high school gymnasium.

Following a wedding trip Mr. and Mrs. Wiesman make their home in Harlingen where he is engaged in farming. He is a na-

tive of Muenster and attended Sacred Heart school, moving to Pilot Point with his parents six years ago. He served almost two years in the Navy, part of the time in the South Pacific, receiving his discharge last May.

Mrs. Wiesman was born and educated at Pilot Point and was employed in Dallas before her marriage.

Among out of town relatives at the wedding were the groom's grandmothers, Mrs. Theo Wiesman of Muenster and Mrs. John Wilde, Raymondville, Mr. and Mrs. J.J. Haverkamp Mrs. Bob Yosten and Mr. and Mrs. Al Fleitman, Muenster; Mr. and Mrs. Ed Walterscheid, Harlingen; John Wilde, Raymondville; Mr. and Mrs. Carl Wiesman and Mr. and Mrs. Paul Wiesman of Gainesville.

**BIRTHDAY DINNER HONORS JOE AND BILL BIFFLE**

Mr. and Mrs. Ernest Biffle entertained with a dinner party in their home at Myra Sunday at 6 p.m. honoring their twin sons, Joe and Bill Biffle, on their birthday.

The linen covered table was beautifully appointed and centered with a large decorated cake. Places were laid for 18 relatives and friends, including Mr. and Mrs. Walter Richter of this city, and all members of the Biffle family with the exception of David Biffle, who enlisted in the army air corps four weeks ago and is training in New Jersey.

**For Your Car, the Squeeze Is On!**

Thousands of cars are being forced off the highways and into the junk yards by old age. Thousands more are doomed to go before the full flood of new car production catches up with the demand. But that's no reason your car has to go.

There's many a good tune played on an old fiddle. If your car is still basically O.K., we can put the engine in tip-top shape with a guaranteed Engineered Set of Pedrick Rings. And—even if cylinders are badly worn—we guarantee to stop excessive oil consumption. This is an iron-clad, all-inclusive, written guarantee that covers both labor and rings. Even though your car has piled up more miles than you ever dreamed it could, even though it's hattered and worn, there may still be plenty of mileage and plenty of pleasure left in it. Let us show you how Pedrick Rings renew engine power, give you real savings in gas and oil. Call us for an appointment.

Everybody from factory to dealer is doing everything that can be done to speed deliveries to you

We have been informed by the Chevrolet Motor Division that the past month has witnessed only a slight improvement in the rate of production of new Chevrolet passenger cars. As a result, shipments of new cars to dealers for delivery are still far below the level we and the factory had hoped to attain by this time. In fact, through August, Chevrolet's output of cars in 1946 was only 22.6% of the number turned out during the corresponding period of 1941.

We know that Chevrolet is doing everything possible to step up its production totals—to ship more and more cars to us and to its thousands of other dealers throughout America... and we know, too, that we are assured of getting our full proportionate share of the current output and of future production gains.

Disappointing as the total figures have been—and despite the fact that Chevrolet was out of production entirely during the first three months of the year—it is nevertheless true that Chevrolet led all other manufacturers in production of passenger cars during June 1946, and has continued to maintain its lead in total production from that day to this.

We shall continue to make deliveries of new Chevrolets to our customers just as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you take delivery of your new Chevrolet, giving BIG-CAR QUALITY AT LOWEST COST.

## Election Notice

Notice of election of supervisor within subdivision No. three of the Upper Elm-Red soil conservation district.

To all natural persons holding title to farm or ranch lands lying within Subdivision No. 3 of the above named soil conservation district, organized under the provisions of House Bill 444, Acts of the 47th Legislature, who have attained the age of 21 years, and reside within a County, all or any part of which is included in the said soil conservation district, and who hold title to lands lying within the subdivision No. 3 of the said district, Notice is hereby given that:

In accordance with the provisions of the State Soil Conservation Law, Acts of the 47th Legislature, regular session, qualified voters of subdivision No. 3 of the said soil conservation district will assemble at Muenster City Hall, Louis Cafe Bldg. at 8 P.M. on the 1st day of October, 1946, then and there to elect one of the qualified voters residing within said subdivision to serve as a Member of the Board of Supervisors of the above named soil conservation district.

Subdivision 3 is the following described area: Beginning at the Red River on State Highway No. 77, thence along same Highway south through city of Gainesville, thence one mile south of said city of Gainesville on Highway No. 77 where farm to market road, known as Hood Road, thence southwest on Hood Road to Hood, thence south to Leo, thence south to county line, thence west along Cooke County line to Montague County line, thence north along Montague-Cooke county line to Red River, thence east along Red River to point of beginning.

## Notes On Soil Conservation

By Harris W. Wright

Soil conservation work of the week consisted principally in the planting of hairy vetch and sweet clover and the construction of terraces.

Meinrad Hesse of the West Muenster group planted six acres of vetch. He applied 200 pounds of 20 per cent superphosphate per acre and disked it into the soil before planting the vetch.

Terrace construction was started on the Weinzapfel-Meurer-Reiter farm of the North Muenster group. Approximately two miles of terraces will be constructed. Norbert Knabe, tenant, also planted about ten acres of sweet clover. The clover was planted on land that is to be retired from cultivation in an effort to increase its fertility before planting pasture grasses.

Hubert Felderhoff of the North Muenster group completed 1.5 miles of terraces on his farm during the week.

Approximately .6 miles of terrace lines were run on the Leo Rohmer farm of the Northwest Muenster group.

On the O.G. Rennels farm, in the Muenster group, 1.7 miles of terrace lines were run. Rennels is carrying out his coordinated conservation plans in cooperation with the supervisors of the Upper Elm-Red Soil Conservation district.

"A warning is all that's needed to tempt the average fellow."

## MILLION AND A HALF VISITORS EXPECTED BY FAIR MANAGEMENT

Plans for handling an expected record crowd of over a million and a half visitors to the State Fair of Texas, held at Dallas October 5-20, were announced Saturday by Police Inspector O. P. Wright, Fair Park Chief of Police.

A special force of 160 men, uniformed members of the Dallas Police Force, detectives, and special guards to patrol areas and police crowds in assigned areas have been picked for the job of seeing that events and crowds run smoothly for the benefit of the spectators.

No-parking areas, one-way streets, and the marking of suitable routes leading to the Fair grounds have all been considered to solve the problem of increased traffic flow. Internal parking grounds have been designated as the old race track, the softball field south of the Administration Building, and a space near Washington Ave.

Anybody kin pull a load downhill.

**MRS. ED WILLIAMS IS  
SHOWER PARTY HONOREE**  
Mrs. Ed Williams, who moved to Wichita Falls this week, was honored with a party and handkerchief shower as a farewell tribute by members of the local WMU Tuesday afternoon. The party was given in the home of Mrs. D.C. Kline.

During the afternoon Lotto and other games were enjoyed after the handkerchief presentation and the afternoon was concluded with the serving of a delicious plate supper to eight ladies.

**ATTEND K OF C RITES  
IN RHINELAND SUNDAY**

John Wieler, Henry Luke, Joe Fisher Sr., and Harry Fisher of the Münster council Knights of Columbus, and Jake Beizer, Ray Beizer, Lambert Beizer, Walter Nortman, Charlie and Ewald Berend and F.E. Schmitz of the Gainesville-Lindsay council, were in Rhineland Sunday to attend a Knights of Columbus initiation.

**VISITOR FROM MISSOURI  
IS COMPLIMENTED**

Mrs. John Hellman, a guest in the G.H. Hellman home for the past two weeks was honored with a series of parties during her stay here.

Mr. and Mrs. Arthur Hellman entertained with a Sunday dinner for which guests, in addition to the Hellmans, included Mr. and Mrs. Joe Otto and Isabell and Jim Fette.

The Rudy Hellmans were hosts at an outing and picnic supper at Katy Lake, personell including also Mr. and Mrs. Jimmy Lehnertz.

A delightful dinner at Miss Anna Hellman's on Wednesday and an enjoyable dinner party at the Henry Fette's on Thursday did honors the group at 6 p.m. After the Münster-Fort Worth football game Sunday the G.H. Hellmans served a sumptuous duck dinner to the Fettes, Hellmans and Weinzapfels.

The visitor left Monday by rail from Sherman to board a plane at Tulsa after a stop with the P. W. Hellman family, and will visit relatives in Saint Louis, before returning to her home in Frankford, Mo.

**CDA MEMBERS ENJOY  
COVERED DISH SUPPER**

Members of the local court Catholic Daughters of America entertained with a delightful covered dish supper Monday evening in the K of C hall, having their husbands as special guests.

Following a delicious fried chicken menu, progressive 42 series were enjoyed. High score prizes were won by Mr. and Mrs. Al Schad, and consolation favors were presented to Paul Fisher Mrs. Jake Pagel. Mrs. Ben Seyler drew the door prize.

George Koelzer spent the weekend in Hereford with relatives and on his return Monday was accompanied by his mother, Mrs. John Koelzer, and his sister and brother, Miss Theresa and Ben Koelzer, who attended the Mosier-Hellinger wedding in Lindsay Tuesday and are here this week for visits with other relatives. En route they stopped at Wichita Falls for a bedside visit with their daughter and sister, Miss Rose Koelzer, who is in a hospital there having undergone a major operation last week. She is reported recovering normally.

Mrs. Emmet Fette will be hostess for the regular monthly social of the local court Catholic Daughters of America next Monday evening, Sept. 30, in the K of C hall. The affair will begin at 7:30 and the hostess welcomes a full attendance.

Mr. and Mrs. Joe Lutkenhaus and Mr. and Mrs. Alex Lutkenhaus and three children of Gainesville have returned from a week's visit in Amarillo with their daughter and sister, Mrs. Oscar Dettin and family. Mr. and Mrs. Alex Lutkenhaus also visited relatives in Nazareth and enjoyed a trip to Palo Duro Canyon.

Mr. and Mrs. J.M. Weinzapfel spent Monday in Fort Worth with their daughter, Mrs. Hugh Jackson and family, and also enjoyed a visit with their son, the Rev. Thomas Weinzapfel of Texas, who spent the day there before going to Dallas where he is attending a retreat this week. The group also visited with Mrs. Herbert Meurer at St. Joseph's hospital. She is responding favorably to treatments following a skin graft operation recently.

**GLAMOROUS KITCHENS TO SPOTLIGHT GREAT GAS EXHIBIT AT FAIR**

A premiere showing of what is heralded as the glamorous New Freedom Gas Kitchen will spotlight the greatest display of gas appliances ever shown at the state Fair of Texas opening in Dallas October 5.

Marvelous appliances for home comfort and convenience will be shown in sparkling array in Lone Star Gas Company's stately building, officials of the company announced. These are the gas cook stoves, heaters, refrigerators and air-conditioners the industry has been planning during long years of war. Now they are here and the dreams conjured from the planners' drawing boards will appear in 14 great display rooms of the unique building. The structure is identified by a huge tower topped by a simulated blue gas flame done in neon lights.

Four kitchens, each distinct in design and color, will be displayed. One of the kitchens will show the gas appliances in actual operation and Lone Star experts will be available for consultation on menu planning and meal preparation, and kitchen planning and designing. All the kitchens will be complete in every detail, from top of the steel cabinets down to the linoleum on the floor.

The most magical of all the new gas wonders will be the all-year gas air-conditioner that selects heating, cooling or independent air circulation by the flip of a switch. These air-conditioning units will be on display for inspection and in actual operation to bring comfortable temperature for visitors who will have easy access to lounging chairs, free ice water and clean rest rooms in the modernized building.

**School Daze**

MÜNSTER PUBLIC SCHOOL

We have had so many inquiries about our school this year and so many requests to continue the School Daze column that we decided to get our copy in this year regularly even though the faculty and student body are busier than ever.

Most of our friends know that our school is more than double in size this term due to consolidation with Hays and the transfer of students from Valley Creek. Not only is our quantity greater but the quality of the new students has amazed us all. We have some of the most diligent students, loveliest girls and capable athletes the kind that any school would be proud of. We want you to get acquainted with them.

One of the greatest noises to be heard around school is about the English themes. A three-page one is required every Friday of all the English students. The only excuse is infantile paralysis. Four absent students sent their themes in with the bus driver last week. Keep up the good work.

The first themes were written on "First Impressions of This School". So many wrote of the cleanliness of the school and the friendliness of the faculty and

student body, that it made us all proud. And almost every theme mentioned the courtesy of the Sacred Heart P-TA in asking us to eat lunches at their school. We are very happy about the excellent lunches that have been served. "Junior Miss" Club is organizing and has big plans for the year. Miss Chapman and Mr. Hays, county agents, have met with us to tell us about 4-H Club work. We want to have very active

clubs this year. Several of the have already put calves in feed lots. Watch further papers for news of our ball teams, who's who of our student body, and general news about the busiest, finest group of boys and girls we know of.

Iowa leads the nation in egg production, with more than four billion a year.

Miss Josephine Hirsy and Mrs. L. Calhoun of Dallas spent last Wednesday with the former's mother, Mrs. Joe Hirsy.

Walter Denney, employed in oil field work in Longview, was here from Wednesday to Saturday to visit friends.

**EARLY AND THOROUGH TREATMENT URGED AS CURE FOR PYORRHEA**

Austin, Texas. — Contrary to the popular belief that pyorrhea is incurable, this is only true in the most advanced cases. Dr. Geo. W. Cox, State Health Officer, advises those persons who even suspect the presence of pyorrhea to take time by the forelock to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment since the symptoms are often so vague that the patient is unaware of its existence," Dr. Cox said. "Regular visits to the family dentist are therefore extremely important."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble. Dr. Cox said, and when this has been done, intelligent routine home-care of the mouth by the patient will effect a cure in the majority of early cases.

Concern regarding pyorrhea should not be based upon the misguided notion of its incurability, according to the State Health Officer, but rather that it be discovered by the dentist when still in a curable stage.

**KATY ADDS 10 MORE DIESEL SWITCHERS**

St. Louis, Mo. — Purchase of ten more 1,000-horsepower diesel switchers as a continuation of a complete dieselization program was announced today by Donald V. Fraser, president of the Missouri-Kansas-Texas Lines.

The switchers will be used in the Katy's yards at Fort Worth and Waco, Texas, and are expected from the manufacturers next January. They will cost close to a million dollars.

The Katy is awaiting delivery of a diesel-powered streamlined passenger train for use on its "Texas Special" route between St. Louis and San Antonio. Seven 4-500-horsepower freight diesels also will be delivered early next year, Mr. Fraser said.

One good thing can be said for automobiles. They made mortgages respectable.

means of liberties guaranteed by our way of life — as long as short-sighted people are willing to listen. What an ironic situation! He sings the praises of a country that would throttle him in a minute.

The idea of super poison and atomic bombs can very well be fitted in our negotiations with Russia. We admire Jimmy Byrnes for his decision to take no more abuse from Moscow and we think Truman was correct in supporting him rather than Wallace. Surely we don't have to wait any longer to see the trend of Russian plans. Stalin is getting things like Hitler did, by scheming and bluffing and political phrenology. Next he'll follow Hitler's other scheme to take over the rest of the world.

The sooner we put a stop to Stalin's expansion the better for all of us. We can do it now because we're in a position to call his bluff. Let him know that if necessary we can wipe out huge sections of his country. When dealing with a bully a person can't exercise the nice points of diplomacy. He's got to show a big stick.

We wonder whether it's too much to hope that firing Wallace will lead to more house cleaning in the federal government. Removing a few more of the confirmed pinks might stop our headlong rush into socialism. Something will have to be done soon if we are ever to find our way back to sensible living.

Twenty years ago nobody would have believed that we'd ever take pushing a round the way we do it today. That politicians, for the sake of regimented votes, would take orders from labor bosses, that industrialists would be hamstrung in the operation of their own business, that small business men would have to submit interminable reports on their activities, that farmers would have to apply to the government for a portion of the pay their products bring.

**For Sale**

that government would use the taxpayers' money in industry to compete with those same taxpayers' that we might even have to fill out long official forms before being permitted to see a government appointed doctor. People like Wallace call it planned economy. Actually it's plain regimentation, pushing around.

Yes sir, let's have a return to Democracy. Let people take care of their own affairs while the government sticks to its one legitimate function — protecting the rights of its citizens against internal or external violations.
