

## Groundwork initiated for new Muenster ISD buildings

By Janet Felderhoff

Construction work began this week on the new practice gym facility, Elementary school, and field house for Muenster ISD. Contractors began moving earth for the project on Monday. Since plans were completed last fall for the practice gym and field house, they will be built first. Construction was delayed when the District learned that it would have to re-pay money to TEA that had been sent to Muenster ISD erroneously.

Superintendent Clay Richerson noted that the architect is currently drawing up plans for the Elementary building. He expects the plans to be completed by Jan. 31, with work scheduled to get underway on March 12, 2012. It is anticipated that the new Elementary facility will be completed by March 25, 2013.

At the Wednesday, Oct. 12 Board meeting, Superintendent Richerson reported that all contracts were sent out and the pre-construction meeting held with good attendance.

The District submitted plans for the construction project to the City of Muenster. The City granted permission for excavation to begin. Bore samples are being taken by Geo-tech. Security fencing was slated to be in place for the week after the Board meeting.

Architect W.C. Ferrell

spoke about a survey to assist with designing future buildings. Board members will receive a questionnaire toward that purpose.

Discussion took place on forming a Construction Committee and what guidelines should be set for the Committee. The Board appointed Mel Walterscheid, Neal Flusche, and Doug Hermes to that Committee. They voted to set a \$5,000 limit on change orders. Any change order more than \$5,000 must receive Board approval. Mr. Richerson is authorized to approve up to \$2,500 per item for a change order.

Wolfe Ridge Wind Farm requested a tax credit from its first two years of operation. Richerson explained that according to tax laws, entities that have a tax abatement agreement, the first two years they pay full taxes. In the third year, the business may apply for a tax credit from the State. To receive the credit, the business must make an application to the State Comptroller that is verified and accompanied by tax receipts for the first two years. Wolfe Ridge completed the requirements. Muenster ISD's Board gave its approval for the credit. The District will now send a check to Wolfe Ridge, and the Texas Education Agency (TEA) will reimburse the District. The Board allowed the tax credit

See SCHOOL, pg. 2

Muenster ISD students in Pre-K through 8th Grade, teachers, and others watched a ground breaking ceremony last Wednesday afternoon for what will one day be their new Elementary school, practice gym, and field house. All Board members except Doug Hermes were present. Pictured breaking ground are, from left, Kim Walterscheid, Neal Flusche, Board President Steve Trubenbach, Superintendent Clay Richerson, Ben Bindel, Richard Dangelmayr, and Mel Walterscheid. ## Huge shopping experience set for weekend with Gainesville Trade Days

By Jacquita Lewter

Cooke and Grayson County residents have the unique opportunity this weekend to experience the grand opening of Gainesville Trade Days, Oct. 21-23, located at the Gainesville Outlet Mall, 4321 North I-35. This initial event of the Gainesville Trade Days offers a three day weekend indoor shopping, browsing, entertainment adventure, beginning at 8 a.m. and running until 5 p.m. daily.

The mall's 28,000 square foot Convention Center affords space for up to 200 vendors' booths, and many of those spaces are already filled according to Michael Raven, property management executive. "Our goal is 200 booths, and we hope to see that number by Friday," Raven said. Vendors are offering a wide selection of items, including unique clothing, eclectic jewelry, knives, bling, and personalized articles, to name just a few.

John Patterson, general manager of Gainesville Outlet Mall, said the concept of Gainesville Trade Days grew from an idea to create

needed traffic to come to the location. "We have plenty of people to draw from in the surrounding area," Patterson said, "so we thought about creating a trade day. We looked at Canton, a town of 5,000 population, which easily draws 200,000 people on trade days weekend. We also visited the McKinney Trade Days."

Drawing upon the availability of the indoor Conven-

tion Center, and the mall's convenient accessibility two miles north of Gainesville on I-35 at exit 501, decisions were made to move forward and plans were set in place. Full RV hook-ups are also available.

In addition to indoor shopping, the first Gainesville Trade Days will offer live music and entertainment on Saturday, Oct. 22. "A Night of Illusion" featuring pro-

fessional magician/illusionist Mago Ali, intertwined with comedy, clowns, and an amazing performance by a fire eater, will be presented at 2 p.m. and again at 6:30 p.m. The hour and a half show is sure to keep the audience on the edge of their seats. One adult ticket purchased at \$15, allows two free children's tickets. Each additional child is \$5.

See SHOP, pg. 3

## Early voting is Oct. 24 - Nov. 4

By Janet Felderhoff

Those who wish to cast their votes early for the Nov. 8 election have the opportunity to do so between Oct. 24 and Nov. 4. Texas voters will be asked to decide on the 10 proposals that the Texas Legislature approved to go to the voters of Texas to be considered for inclusion as amendments to the Texas Constitution. These 10 proposals cover a wide variety of issues.

On the local level, Cooke County voters are being asked again by North Central Texas College (NCTC)

to pass a bond to help improve campus facilities. The proposition to be voted on is: the issuance of bonds in the amount of \$30,704,000 for the construction, renovation, acquisition, and equipment of school buildings on the District's Gainesville campus and the levying of the tax in payment thereof.

Although voters will be able to cast votes at one location for both the bond and the Texas Constitutional amendments on Tuesday, Nov. 8, they will have to do early voting in two locations.

For NCTC, early voting by personal appearance will be from 10 a.m. - 7 p.m. from Oct. 24 - 28 and from 10 a.m. - 6 p.m. from Oct. 31 - Nov. 4. Early voting will be in Room 103, North Central Texas College Gainesville Campus, 1525 West California Street, Gainesville.

To vote early on the proposed Constitutional amendment, voters must go to the Gainesville Civic Center located at 311 South Weaver Street. Voting hours are between 8 a.m. and 5 p.m. on weekdays.

See VOTE, pg. 2

## Some species thrive despite brutal habitat

By Janet Felderhoff

Summer 2011 will long be remembered for its extremely hot temperatures and very dry conditions. Many daytime temperatures climbed past the 100° mark by, at times, as many as 10 points. Day after day the sun shone hot, night fell with the temperatures still hovering around 100° bringing little relief, and the rain did not come. Grass shriveled and died while pond water levels began to diminish. The earth baked and cracked open in many places. The surface in many places was so hard that a shovel could not pierce it.

So, what survives in that type of climate? Very little other than ragweeds and broomweeds.

But there were some native plants that managed to sprout without much water and in spite of the heat grew to form flowers. They were a welcome sight even though many stood covered in dust and smaller than normal in height.

On Saturday, Oct. 8, just before we were fortunate enough to receive a much needed beneficial rain, some of these spots of color were photographed. Some began blooming while it was still very hot, others put flowers on as the daytime temperatures became more bearable.

## Wildflowers thrive in drought

These hardy wildflowers provide an oasis of color in prairies and roadsides covered with dead grasses and trees suffering from the drought and especially hot summer. Pictured is a meadow of sunflowers north of Muenster, and in-

set are, from left, eryngo (sometimes called purple thistle), maximilian sunflower, blue sage, and gayfeather or liatris. Photos were taken Oct. 8 shortly before a 3 1/2 inch rain. Janet Felderhoff photos

# Letters to the Editor

**Letter to the Editor, Just the Facts**

As a taxpayer, I believe the voters should understand the **FACTS** about a bond election and not be led by misinformation.

Here's an easy way to check the **facts** concerning your property taxes. Within the last two weeks, all property owners should have received their 2011 property tax bills. Find that bill and check what the college tax amount is; please note that amount is only 2%-4% of the entire tax bill. That is the **ONLY** portion of the tax bill that the NCTC bond impacts. To understand the impact on **your** taxes, double the amount of NCTC taxes on the property bill.

For example, a tax payer with a \$100,000 property in Muenster paid \$2,668 in property taxes this year. Will that person's NCTC property tax double to \$5,336 if the NCTC bond passes? No, because that same tax payer only paid **\$72 in taxes to the college** - less than 3% of the total taxes paid. If the bond passes, then that tax payer would pay around \$144 in NCTC taxes, for an increase of about \$6 per month.

Check the facts and don't be misled.

Steve Broyles  
Muenster, TX

**Letter to the Editor**

Can we afford what we want, rather than what we need? Most of us in Cooke County want the best for NCTC because we are proud of our college, but just as in our private lives we cannot always afford the very best but have to settle for what is really needed. As our finances grow more restricted here in this area of drought - some farmers and ranchers are in danger of going under, and many more years of drought are predicted - it is harder to dig up the money to pay property taxes. Any increase in taxes could be the difference in surviving, or not. We are also hearing that there's a 50% chance of the US going into another deep, deep recession - maybe depression - very quickly. Then the world financial situation looks hazardous enough that even the smartest people cannot determine the chances of worldwide depression..... What will we actually be able to pay under this scenario - any of us?

Most of the taxpayers in the county are facing increased taxes that were voted in recently for expansion projects in their public school districts (bonds approved). A farmer/rancher facing an additional \$1,000 annual tax for NCTC bonds may actually be betting the farm on this vote. The working family probably will not be any better off.

Why your vote is so very important in this election: The pro-bond people have chosen well in timing this repeat vote. Very few voters will bother to vote in any election that does not offer election of national offices, nor a highly contested local office election. So they have chosen a time when very few taxpayers will bother to vote. All they have to accomplish is to organize that very small minority that actually want the issue to pass, and they will out-vote a lethargic, non-voting citizenry.

So as is always the case, it's up to the voter - or non-voter - to decide the level of taxes. If you leave the voting to others - well, you really will be betting the farm.

John G. Aytes  
Muenster, TX

**Fellow Texans:**

The Texas Department of Transportation (TxDOT) is developing a rural component to our recently adopted State-wide Long-Range Transportation Plan, and is asking your help in developing this blueprint for how Texas addresses its future rural transportation needs.

This rural component, known as the Texas Rural Transportation Plan (TRTP) will be the foundation for many rural planning efforts underway at TxDOT and will include the efforts of local, regional, and federal transportation partners. The plan will also include a needs assessment through 2035 for all modes of the state's rural transportation system, including highways, rail, water ports, airports, pedestrian and bicycle facilities, pipelines, and Intelligent Transportation Systems; and a prioritized list of rural added-capacity projects.

Because transportation is important to all Texans, we encourage comments, questions, and feedback about the plan. Additional information can be found on the TxDOT web page: txdot.gov, search word "rural plan." We encourage you to review this information and provide your feedback.

Public meetings on the plan will be held around the state in February 2012. We anticipate submitting the TRTP for public hearing and adoption by the Texas Transportation Commission later in Spring 2012.

We hope you will participate in this planning process. Your input is vital for TxDOT to fulfill its mission of providing safe, effective, and efficient movement of people and goods throughout Texas.

**Automatic lawn watering systems**

An automatic timer is part of most buried sprinkler systems, but can be added to any sprinkler system for a very low cost. Automatic timers make it easy to set sprinkling systems to apply specified amounts of water during the best times.

Set systems to turn on between 4 and 8 a.m. and set the system to turn on for three 10 minute sessions with each session two hours apart to improve water infiltration and reduce runoff.

Equip the system with moisture sensors so the system does not turn on when it is raining.

Set the automatic timer to water every three or four days adjusting the time and frequency, as needed, to accommodate changes in water demand.

# Check before doing County business during move dates!

After almost two years of being relocated to various locations, Cooke County offices will be returning to the County Courthouse. Renovation nears completion and all involved are anxious to return to the historic County building. A few offices will remain at their present location. Remodeling to its original state eliminated some office space in the Courthouse.

The County phone system will be down Thursday and Friday, Oct. 27 and 28.

Most offices will be open for business the day after their move date.

The following offices will be closed on the move dates listed below.

- County Commissioners office - Oct. 24;
- County Attorneys office - Oct. 25;
- Auditor - Oct. 26;
- Human Resources - Oct. 27;
- County Clerk and Treasurer's office - Oct. 27 - 28;
- 235th District Court - Oct. 29;
- District Clerk's office - Oct. 31;

Offices located in the Cooke County annex building will be moving between Nov. 1 - 4; These offices include the County Court At Law, criminal and civil department of the County Clerk's office, Compliance office, and the District Attorney's office.

Please call ahead to find out where you should go to conduct your business on these dates!

## SCHOOL .....continued from pg. 1

based on advice from Moak and Casey Law Firm.

**REPORTS**

**Superintendent** Richerson explained that enrollment for grades 9-12 is 141. This may put the District in small class for 1-A.

He stressed that parents must understand the importance of the State of Texas Assessments of Academic Readiness (STAAR) exams and how they can impact a student's graduation.

"They are just starting to get information out to parents," said Richerson. "It starts with this year's freshman class and affects their graduation. If they do not get credit for passing the end of course exams, they may not graduate. So, it's important. In the statute, if a student does not pass a test, they can retake the test many different times." A senior who has not passed a freshman class can retake that test even as a senior in an attempt to pass and graduate.

Richerson said that there is a link on the District's web page that parents can go to and read frequently asked questions and find more information. "Every day, TEA comes out with more information," he added. The process is ongoing as they form various facets of the STAAR requirements.

Students in grades 10-12 will still graduate with the TEKS standards.

**Elementary Principal** Lou Heers highlighted September events including U. S. Constitution Week, flu shots, ITBS tests, and CogAt tests.

## Jill Walterscheid Balthrop 1963 - 2011

Memorial Mass for Jill Balthrop of Whitesboro was held at 10 a.m. on Saturday, Oct. 15 at Sacred Heart Catholic Church in Muenster, with Father Ken Robinson officiating. Services were directed by McCoy Funeral Home of Muenster.

Jill died at the age of 48 at 10:45 a.m. on Sunday Oct. 9, 2011 at Harris Hospital in Fort Worth.

Born July 14, 1963 in Gainesville, Jill was one of the four children born to Margie and Herbie Walterscheid. She attended school at Muenster ISD, graduating in 1981. She excelled in sports, especially in track, throwing the discus. She is the record holder for the longest discus throw at Muenster High. She, in fact, won State in Discus. She was 2nd in Shot Put at State in her senior year. Jill is the first female to be presented with Muenster High School's prestigious "Hustling Hornet" award.

Jill, after graduating, married and started her family. She attended Cooke County College while her children were in school. She graduated college as an RN Nurse and worked mostly at Denton Regional Hospital.

Survivors include her daughter Renee Freeman and husband B.J. of Muenster; and son Randy Balthrop of U.S. Military, Germany; two

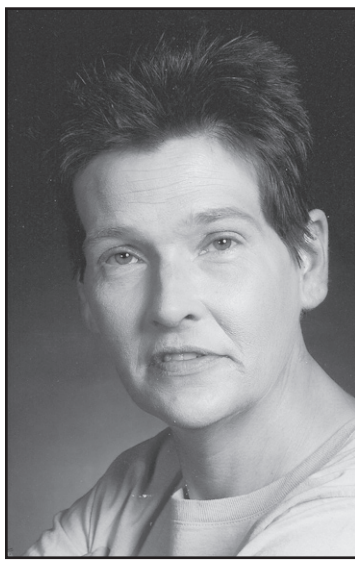

grandchildren Austin and Candice Freeman; mother Margie Sickling and stepfather Wilfred "Boots" Sickling of Muenster; sisters and brother-in-law Robin and Danny Hess of Lindsay and Judy Walterscheid of Oklahoma City; brother and sister-in-law Bert and Delanne Walterscheid of Muenster; special friend Ronnie Boaz of Whitesboro; and several nieces, nephews, and cousins.

She was preceded in death by her father; grandparents Rosie and Conrad Walterscheid and Marie and Buddy Reiter; and several aunts and uncles.

During the funeral Mass, the First Reading was Emily Fuhrmann. Kendra Walterscheid gave the Second Reading. Prayers of the Faithful were read by Jimmy Kupper. Eucharistic ministers were Carol Koelzer, Jacé Koelzer, Kathy Vogel, and Viola Rohmer. Altar servers were Sylvan Walterscheid and Butch Fisher.

Music ministers were Isaac Davis, pianist, and Jack White and Christy Hesse, vocalists. Songs included "Amazing Grace," "The Lord Is My Light and My Salvation," "Just A Closer Walk With Thee," "Only In God," "Songs of the Angels," and "How Great Thou Art."

Judy Walterscheid gave

Jill Balthrop

the eulogy. She said, in part, "Judy went to school at Muenster ISD, graduating in 1981. She excelled in sports, especially Discus... One teacher said that all the kids looked up to her for being so good at Disc and Shot Put..."

"After she was diagnosed with lupus, she continued to work even as the pain got worse. How she worked as long as she did is still a mystery to us. She was one 'tough cookie.'"

"Jill is now with her daddy in Heaven and no longer in pain. Jill has the peace and comfort with Jesus... This is not 'good bye,' this is only 'see you later.'"

A Rosary and Vigil led by Father Ken were conducted at 6 p.m. on Friday, Oct. 14 at the funeral home.

## Dan Flint, Jr. 1922 - 2011

Funeral for Dan Flint, Jr. of Gainesville was held Oct. 12 in the Geo. J. Carroll & Son Funeral Home Chapel. Burial was in Fairview Cemetery. Dan was born Oct. 7, 1922 in Gainesville to Dan and Ferol T. Elkins Flint, Sr. He died at the age of 89 on Monday, Oct. 10, 2011 in Gainesville.

Dan was always proud of his Valley View roots. He graduated from Valley View High School, Cooke County College, and Dallas School of Mortuary Science. He was licensed as a mortician in 1947 and served a lifetime as a mortician and funeral director on the staff at Geo. J. Carroll & Son Funeral Home.

A veteran of World War II, he served in the U.S. Army Air Corp. He married Evelyn G. McKenzie on April 15, 1949 and they had a good life together for 64 years.

Survivors are his wife; son and daughter-in-law Dan "Sparky" and Carol Flint, of Gainesville; daughter and son-in-law Nancy and David Moore of Gainesville; son and daughter-in-law Patrick and Susan Flint of Suwanee,

Flint; and sister Joanne Forrester.

Memorial contributions may be made to Whaley Methodist Church.

Flint; and sister Joanne Forrester.

Memorial contributions may be made to Whaley Methodist Church.

## Police Notes

from Muenster Chief of Police  
Mark Blankenship

The Muenster Police Department conducted business for Oct. 1 thru Oct. 15 as follows: Calls for Service: 30; Citations 26; Incidents 03; and Arrests 02.

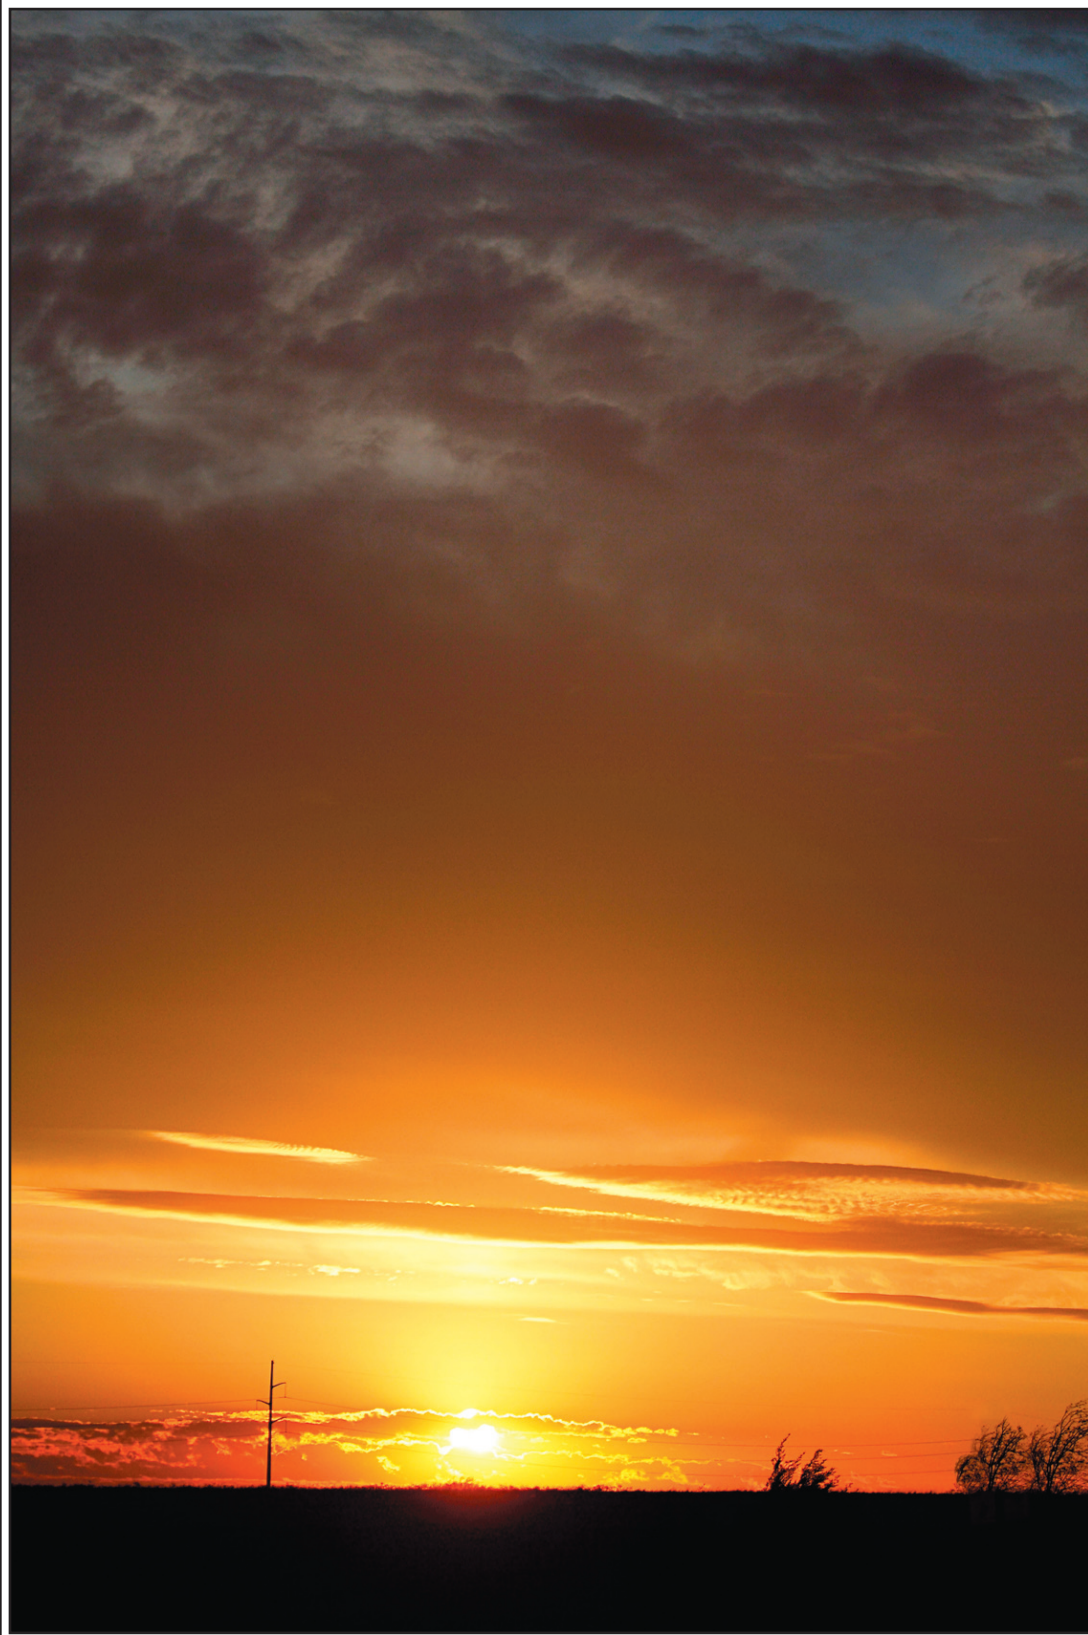

These services are in addition to routine patrol, safety, and security services within the city of Muenster.

Just a reminder, during the past 60 days we have issued several warning citations and verbal warnings about traffic violations that are occurring within the city. Soon we will start issuing court citations for these violations. We encourage everyone to focus on their driving habits to avoid a court appearance. The violations most observed are SPEEDING, FAIL TO STOP @ SIGN, DRIVING ON THE WRONG SIDE OF ROADWAY, IMPROPER PARKING, and SEATBELT VIOLATIONS. The speed limit in the city is 30 MPH unless otherwise marked. SCHOOL ZONE speeds are 20 MPH and 15 MPH and the use of cell phones is prohibited in an active School Zone. Please help us keep everyone SAFE.

The use of non registered motor vehicles is prohibited on public streets. A citation may be issued for this violation.

Remember, Oct. 31 is Halloween. Children will be on our streets TRICK or TREATING in their costumes, officers will be out in force, so LET'S BE EXTRA CAREFUL.

## Fall weather fires dramatic, colorful sunset

Fall is officially here. Clouds brought cooler weather during the week and rain over the weekend, but it was not enough to quench the thirst of the current drought conditions. This photo was taken on E. Hwy. 82 on Wednesday, Oct. 5. Thomas Otto photo

## SHOP .....continued from pg. 1

Appetites can be completely satisfied at Gainesville Trade Days with tasty offerings of funnel cakes, chocolates, speciality baked potatoes, Frito chili pies, hamburgers, hot dogs, and more. Four restaurants are located on the premises for all visitors' dining pleasure. These include Applebee's, The Cracker Barrel, Veronica's Mexican Food Restaurant, and Simply Grilled. The Rocky Mountain Chocolate is also on site.

Patterson and Raven plan to make Gainesville Trade Days an every month event. Second Monday Trade Days are set for the week-end before the second Monday of each month. In advance of the November Trade Days, Allen Cockerham's Americana Carnival out of Fort Worth will be at the mall location the first weekend in Nov. 3, 4, 5, and 6.

For information, call 940-668-6092 or online john@gainesvilleoutletshops.com.

Love many things, for therein lies the true strength, and whosoever loves much performs much, and can accomplish much, and what is done in love is done well.

Patrick and Janet Bowman of Muenster and Matt Bezner of Lindsay announce the engagement and approaching marriage of their daughter Lydia Rose Bezner to Ethen Robert Hager of Montague. The future-groom is the son of Robby and Bobbie Hager of Montague. They have chosen Saturday, Nov. 26, 2011 as their wedding day and plan to be married at 5 p.m. at La Cantera Ranch & Resort in Valley View. Miss Bezner is a 2008 graduate of North Hills Private Home School and Mr. Hager graduated from Gold-Burg High School in 2008. Attendants for the bride are Michelle Pagel, Corrie Marsh, Jessica Pagel, Shannon Hager, Kenzie Hager, Taylor Hager, Amy Pagel, Junior bridesmaid Harley Hager, and flower girls Brylie and Charli Rose Hager, daughters of the couple. Serving as groomsmen are Ross Hager, Kory Atteyah, Jeremy Ringstaff, Eli Dangelmayr, Brack Littlepage, Levi Littlepage, and Anthony Guerro.

## Fall festival slated Halloween weekend at nursing home

Residents at Muenster Health & Rehab are looking forward to celebrating Halloween, with trick-or-treaters welcome all Halloween weekend. So bring your little ones for a safe and fun good time.

Then, an afternoon full of spooky fun will begin at 2 p.m. and end around 4 p.m. on Sunday, Oct. 30. The free fall festival will include games, food, prizes, and more. A costume contest will highlight the afternoon, so be sure to dress up! Residents and staff will judge the contest.

If you have any questions or would like to volunteer or provide goodies, please call 759-2219.

The Cooke County Fair Association (CCFA) held their annual Tractor Benefit on Sept. 17. Co-winners of the Grand Prize were the Mueenstler Jaycees and HEP Oil. Representatives for each organization who were on hand are pictured. They are Mitch Creed, left, for the Mueenstler Jaycees and Herky Biffle, right, for HEP Oil. Also pictured is Jeff Hellman, CCFA president. The Cooke County Fair Association was the real winner that night because both of these generous winners chose to allow the Fair Association to retain the prize. Money raised that night will be applied to the rebuilding of the fairgrounds which were destroyed by a storm in 2006. Courtesy photo

## Don't pass a stopped Texas school bus

Texas law prohibits vehicles from passing any school bus that is stopped and has its flashing red lights activated to protect children getting onto and off of a school bus. However, some motorists still break the law and place schoolchildren at risk of injury or death.

During National School Bus Safety Week (Oct. 17-21), Texas Highway Patrol Troopers in many rural areas of the state rode on or followed school buses to catch motorists who break the law.

When a vehicle illegally passes a stopped school bus with the red lights activated, Troopers riding on the bus will radio ahead to other Troopers who will then pull over the offending motorist and issue a ticket that could cost up to \$1,000. Troopers will also be patrolling areas where school buses pick up and drop off children, looking for motorists violating the school bus law.

"The safety of children riding on school buses is important, and we will do everything we can to ensure that Texas drivers obey the law," said Steven C. McCraw, director of the Texas Department of Public Safety. "Drivers will receive tickets if they do not stop for school buses as required."

In 2010, Texas Highway Patrol troopers wrote 414 tickets for passing a stopped school bus. There were 762 crashes in Texas involving school buses last year. In

those crashes, one person died and 89 people had serious injuries, according to the Texas Department of Transportation, which tracks traffic crashes.

## New Arrivals

Clara Felderhoff

### Felderhoff

Chad and Elizabeth Felderhoff of Tulsa, Oklahoma proudly announce the arrival of their daughter Clara Grace on Oct. 4, 2011. Clara was born at 9:48 a.m. She weighed in at 8 lb. 14 oz. and was 22" long. Proud grandparents for the first time are Norman and Margie Trout of Rockwall and Ronnie and Sharon Felderhoff of Muenster. Great-Grandparents include Jean Trout of Rockwall, Arthur and Evie Felderhoff of Muenster, and Raymond and Helen Metzler of Lindsay.

### Fleitman

Chad and Debbie Fleitman of Lindsay joyfully announce the arrival of their son Dylan Michael Fleitman. Dylan was born Monday, Oct. 3, 2011 at 4:51 p.m. in North Texas Medical Center. He weighed 8 lb. 12 oz. and was 21 1/2 inches in length. Welcoming their brother to the family are siblings Jordan 17, Nicole 14, Ashley 10, Winston 4, and Danielle 2. Grandparents are Winston and Rose Mary Fangman of

Gainesville and James and Renita Fleitman of Saint Jo. Great-grandparents are the late Henry and Rose Hess, the late Alphonse and Augusta Walterscheid, and the late John and Anne Fleitman.

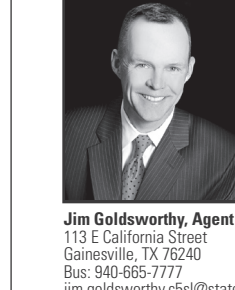

### Fleitman

Kenny and Jennifer Fleitman of Lindsay announce the birth of their sixth daughter Josephine Marie Fleitman. Josie was born at 5:18 p.m. on Sept. 8, 2011 at North Texas Medical Center in Gainesville. She weighed 7 lb. and 11 oz. and was 20 1/2 inches long. She has five sisters Makenzie 10, Kylee eight, Tatum six, Sydney four, and Emery two. Grandparents are Annette Fleitman of Lindsay, Lynn Magee of Longview, and David Magee of Tulsa, Oklahoma. Great-grandparent is Nita Magee of Shreveport, Louisiana.

## Crowning ceremonies mark conclusion of the Daughters of The King Seminar Series

Crowning and Purity Pledge Ceremonies held at First Baptist Church - Muenster on Saturday, Oct. 8, marked the conclusion of the Daughters of The King (DOTK) Seminar Series. The ceremonies -- for high school girls at 2 p.m. and for junior high girls at 7 p.m. -- recognized those who met attendance requirements to complete this rite-of-passage and training to better understand their position as true royalty, as daughters of our heavenly Father.

In the sanctuary, the altar table held a crown to represent our heavenly Father and King, and a tiara on a satin pillow to represent His daughters. These were backed by candles, a white floral arrangement, and a white Bible. The altar table was flanked on each side by candelabra and greenery.

Guests entered the sanctuary to view a slide show of the Royal Journey these girls began in June and continued

through September. Family and friends were welcomed by Sheri Tisdale. Angelika Lamar gave the invocation. Princesses in elegant attire and carrying bouquets of daisies tied with pastel bows entered the sanctuary to the processional "Ode to Joy."

High school girls being honored were Kayla Acuna, ShyAnn Bartel, Jori Magee, Tara Gunnels, Rachel Hare, Mikaela Lamar, Tracie Vogel, and Delaney Wright. Junior High girls receiving recognition were Mahayla Bohl, Abby Luttmer, McKenna Proffer, Alaina Reiter, Kimber Walterscheid, Natalie Walterscheid, Alyssa Barnes, Morgan Eldridge, Allison Haubold, Samantha Koesler, Macie Pagel, and Cassie Wright.

Pastor Ralph Gourley gave a message on the Biblical significance of affirmations and blessings. Each young lady was presented by her grade-level leader who gave a brief biographical introduction and the meaning of her name. Then the princess shared her favorite Bible verse from the DOTK program as well as the session that meant the most to her and how it touched her heart. The princess was presented affirmations by her mom or mentor and received a blessing from her dad or step-in dad. Each mom crowned her daughter with a sparkling tiara while Dad proclaimed her a daughter of The King of kings.

The princesses stood together before the audience to give their purity pledge, led by Pastor Ralph Gourley -- committing their lives to physical, mental, and spiritual purity in honor and respect for God, her family,

and her future spouse. Parents then presented purity rings to their daughters as a symbol and reminder of their pledge to purity.

Pastor Ralph Gourley presented a challenge to the congregation to walk with these girls as they continue their royal journey through the teen years and entry to young adulthood -- to encourage and support them, to model lives of purity before them, and to continue to teach and disciple them in their spiritual growth. The greeting line for these daughters of The King was followed by a reception in the FBC fellowship hall.

The fellowship hall was decorated as a conservatory with a number of seating areas of white wicker and wrought iron accented with pink and pastel cushions and pillows and surrounded by plants and floral arrangements. Pink sheer curtains with rose tulle swags covered the windows. A white wrought iron arbor with English ivy and pink roses served as a backdrop for pictures taken by Gene's Photos.

The serving table was covered with a white lace cloth and centered with an arrangement of white mums, pink sweetheart roses, and daisies. An ivory three-tiered cake decorated with ivory scroll-work and daisies was served with pink wedding punch. The coffee bar was covered with a lace-over-pink cloth and held candles and matching floral arrangements of white mums, pink sweetheart roses, and daisies encircling the silver coffee service. The cake was by Sandy Geyer, and floral arrangements were by Zoe Ann Bell.

Leaders who gave princess presentations for the high school ceremony were Tracie Bohl and Sheri Tisdale for grades 10-12 and Tina Lutkenhaus and Natalie Proffer for Grade 9. Leaders making princess presentations for the junior high ceremony were Sandy Gourley and Robbi Watson for Grade 8 and Angelika Lamar and Erin Christenson for Grade 7.

JLynn Hare and Lisa Pagel took photographs for DOTK events, and Glenn Wright took those pictures and designed the slide show presentation. Robbi Watson and Tina Lutkenhaus were reception coordinators. Lora's Flowers and Betty Rose Walterscheid also contributed to the ceremonies.

Good actions give strength to ourselves and inspire good actions in others.

Plato

## S.H. Church invites all "saints" to attend the All Saints' Vigil

Once again the "saints will be marchin' in" as Sacred Heart Church has its annual All Saints' Day Vigil on Monday, Oct. 31 at 7 p.m. All are invited to come to church dressed as one of their favor-

ite saints. The saints parade is open to everyone. Last year, a few brave adults and high schoolers joined the parade, and hopes are that more will join in this year. The communion of saints will process in with Fr. Ken. After Mass, all of the saints will receive a yummy goodie bag. Please arrive 20 minutes before Mass to line up at the west entrance of church.

If you have any questions or need help with ideas or costumes, call Jenny White at 759-2571.

## Final 2011 History Round Table slated Nov. 1

History lovers owe it to themselves to "git on over to Saint Jo" on Tuesday, Nov. 1 at 2 p.m. and "take in" the third and final 2011 edition of the History Round Table hosted by the Montague County Historic Commission.

Featuring the newly restored Stonewall Saloon, and taking place in the newly opened Lazy Heart Grill, this history forum is a two for one experience. Free to the public, the MCHC will seat guests in the big room of the restaurant to share tales of by-gone days and enjoy light refreshment.

You are invited to come celebrate All Saints Day in style on the north side of the Saint Jo Square. Please, no ghosts allowed, only memories.

## S.H. Machinators organized to inspire pursuit of careers

Sacred Heart Catholic School Machinators, from left, above - Juan Orocio, Aaron Davis, Devin Sicking, Darian Peters, and Jason Knabe working on the right angle drive; below - Aaron Davis, Michael Fleitman, and Darian Peters preparing the drive wheel; at right - Seniors Quinn Sicking and Austin Springer working on robot components. SHCS photos

### SH Machinators prepare for Game Day

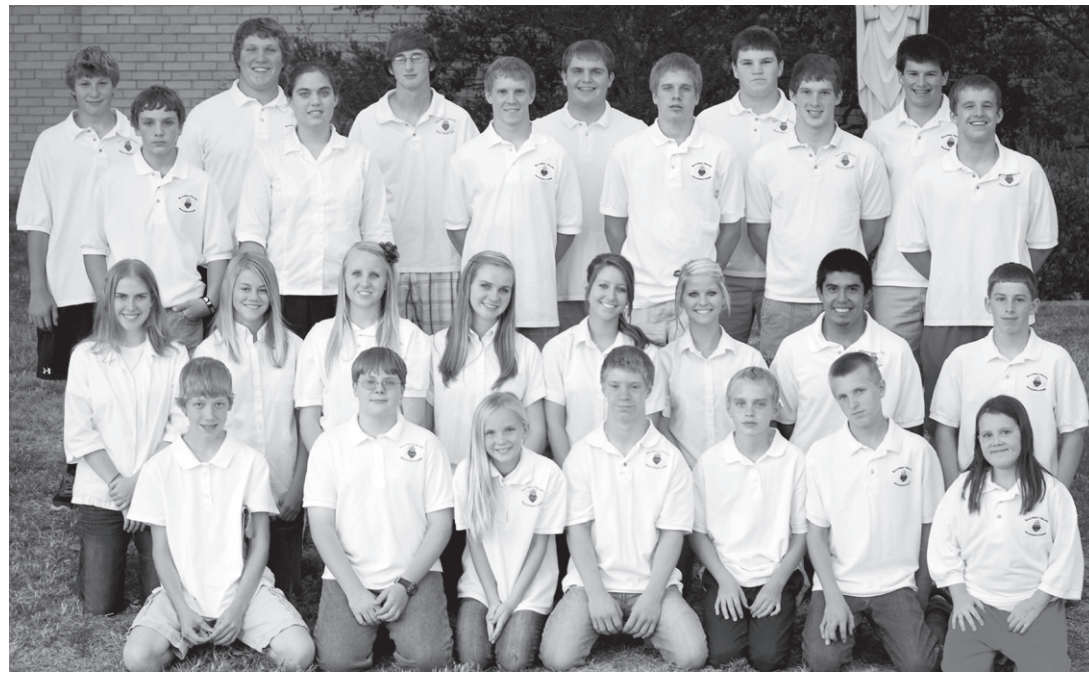

The Sacred Heart Machinators robotics team is busily working to complete all their projects as the Game Day deadline approaches at a rapid pace. Because the Machinators elected to participate in the NT BEST Competition, as well as the robotics competition itself, this gave them a variety of projects that all have to be completed by Game Day. Currently, the team is working on four different areas that have to be ready to go by Saturday, Oct. 29, the competition day at Howe High School. First and foremost is the building of the robot itself. Even though the robot need not be ready until the Friday before Game Day to compete, to be able to give a good showing at competition it helps if the drivers are given time to practice driving the robot in order

to be fully prepared for the competition conditions on game day. This makes it imperative that there is at least a fully operational prototype of the robot running a week or two before competition. Besides this project, there are the BEST areas of competition, which include the team marketing booth, the team marketing presentation, and the team fundraising and community involve-

ment projects. These last projects are all areas that are judged in the BEST competition, which is separate from the actual robot competition. None of these projects need to be completed until Game Day, but there is still plenty of work to be done in all areas as the Sacred Heart Machinators each pitch in and work to make the possibility of going to State a reality once again.

**If your determination is fixed, I do not counsel you to despair. Few things are impossible to diligence and skill. Great works are performed not by strength, but perseverance.**

Samuel Johnson

Sacred Heart Machinators and their team assignments include, from left, front - James Cochran (9th, Presentation Team), Devin Sicking (7th, Build Team) MacKenzie Mason (6th, Booth), Daniel Hesse (8th, Build Team), Tyler Walterscheid (7th, Build Team), Michael Fleitman (8th Build Team), Catherine Fleitman (8th Build, Presentation Team); second row - Stephanie Johnson (11th, Booth), Brooke Henry (10th, Booth), Mikayla Fleitman (10th, Booth), Bailey Walterscheid (10th, Booth), Kylie Hess (10th, Booth), Kinzie Hess (9th, Booth), Juan Orocio (10th, Presentation), Aaron Davis (9th, Build Team); third row - Darian Peters (9th, Build Team), Christina Rohmer (11th, Engineering Notebook), John Paul Hesse (11th, Presentation Team), Austin Miller (12th Build Team, Booth), Michael Davis (12th, Build, Presentation), Justin Brown (11th, Build Team); back - Grant Springer (8th, Build Team), Austin Springer (12th, Build Team), Andy Ware (12th, Marketing, Build Team), Quinn Sicking (12th Build, Presentation Team), Garrett Wheeler (10th, Build Team), Michael Weinzapfel (11th, Build Team). Not pictured: Elizabeth Weinzapfel (9th, Booth Team), Rebecca Klinke (9th, Booth Team), Madison Hesse (9th, Booth Team), Nick Turner (7th, Build Team), Peyton Reiter (10th, Booth Team), Mikenzie Fleitman (10th, Booth), Morgan Hesse (10th, Booth Team), Keith Metzler (10th Build Team), Jason Knabe (9th, Build Team), and Isaac Barnhill (11th, Build Team).

Thomas Otto photo

### Machinators to compete for bugs

Sacred Heart Machinators will be competing in the BEST (Boosting Engineering, Science, and Technology) Robotics Competition of the North Texas hub. The BEST competition exists to expose students to engineering, computer science, and technology by simulating the production of a robot in a business setting within a six-week period of time. The

goal is to inspire students to pursue careers in engineering, science, technology, and math by having them participate in a sports-like engineering based robotics competition. Participation in these project-based programs helps students learn to analyze and problem solve utilizing the engineering design process which further helps them develop

technological literacy skills. These are the skills that the industry seeks when looking to hire employees into the workforce.

The theme for this year's competition is "Genetically Engineered Bugs." The team is given a set of tasks that they have to program their robot to perform, and the team is judged based on their ability to apply what they have learned and "drive" their robot around a specified course to complete each task. The team receives points for recovering as many "bugs" as they can in a designated amount of time. They can receive bonuses for providing a food source for the bugs and by capturing all escaped bugs.

This year, the team has decided to go for the BEST award which involves being judged not only on the performance of the robot, but also on the knowledge of the team and how they present their information to the judges. They will be judged on their booth information which is an exhibit that showcases all the work that was done by the students including photos, newspaper articles, power point presentation, running video, and information on how the robot was assembled. They are also judged on their engineering notebook, marketing and advertising, oral presentation, student participation, and school and community support.

The Machinators are inviting the community and all Sacred Heart students, faculty, and staff to join them at Mall Day and Game Day to show their support for the robotics team and help them to get points toward the BEST award.

Mall Day is Oct. 22 at 10 a.m. at Midway Mall in Sherman.

Game Day is Oct. 29 with the opening ceremony beginning at 8:45 a.m. at Howe High School in Howe.

### White is National Merit Commended Student

The National Merit Scholarship Corporation has recently notified Emily White that she has been named a National Merit Commended Student in the 2012 National Merit Scholarship Program. Commended Students are recognized for their exceptional academic promise demonstrated by their outstanding performance on the Preliminary SAT/National Merit Scholarship Qualifying Test.

Over 1.5 million students

Emily White

took the 2010 Preliminary SAT/National Merit Scholarship Qualifying Test last October and entered the National Merit Program, a nationwide competition for recognition and awards conducted by the National Merit Scholarship Corporation. Of the 1.5 million students who took the test, 34,000 high performers are now being named Commended Students on the basis of a Selection Index score.

Emily is a Mother of Divine Grace Home School senior. She is the daughter of Jack and Jenny White of Muenster and the granddaughter of Mary White of Candor, New York and the late Bert White, and the late Joe and Ruth Felderhoff.

## Tigers tumble to high flying Eagles

After given a District opener win over Amarillo Arbor, who forfeited their season due to lack of players, the Tigers of Sacred Heart faced the Colleyville Covenant Christian Cougars last Friday at Nolan High School Stadium in Arlington.

"I have to give them credit for stopping our running game," commented Coach Dale Schilling on the Tigers' 21-13 loss. "Defensively we had a couple of blown coverages that led to big plays for them. Colleyville played a really good football game."

Sacred Heart took the opening kick to their 42 yard line. Mark Bartush and Josh Biffle shared five runs to reach the 1 yard line. With 9:19 on the clock, Biffle crossed the goal line to put the Tigers on the board. Austin Aldriedge added the extra point for a 7-0 score.

An inside kick placed the Cougars at midfield. Four plays later, 7-7.

The Tiger offense failed to get a 1st down and punted. Again in four plays, Cov-

intercepted a pass, but Sacred Heart could not cash in on the turnover.

Michael Davis and Hayden Schilling got in a few good tackles before Schilling covered a loose ball on the Covenant 42. Again the Tigers didn't take advantage of a turnover and punted on 4th and 9.

The teams exchanged punts with no scoring as the halftime break arrived.

The 3rd quarter was also scoreless, with Davis, Austin Springer, Justin Brown, Hesse, and Quinn Sicking making tackles, and Biffle, Bartush, and Brown running the ball.

The final period saw the Cougars score with 9:54 on the clock to increase their lead to 21-7.

The Tigers lost 3 and punted their next attempted drive, then stopped Covenant at midfield. Seven plays later, Bartush scored on a 31 yard run. The PAT kick was blocked for a 21-13 score with 58 seconds remaining in the game.

5/39	Punts/avg	5/21
2/0	Fumbles/lost	3/1
4/40	Penalties/yds	5/50

**Individual Stats**  
RUSHERS: Mark Bartush, 22/103; Josh Biffle, 20/59; Justin Brown, 2/20. TACKLES: Michael Davis, Justin Brown. TURNOVERS: Interception - Austin Aldriedge; Fumble Recovery - Hayden Schilling.

**Next Action**  
The Tigers will face Lake Country this Friday night with hopes of improving on their 1-1 District record. "Lake Country is a run oriented team," said Schilling. "The key will be to stop their running game and we'll have to move the ball on the ground."

The Eagles had a District loss to Lubbock Christian last Friday in a low scoring match.

Sacred Heart will be challenging the Eagles, pushing to get out of the lower end of the District standing.

Kickoff is at 7:30 p.m. at Tiger Field.

The Flusche flush - Steven Flusche (33) and Andy Flusche (44) bring down the Dragon offense in Muenster's District win over Chico. Deanna Hellman photo

Josh Biffle (10) attempts to dodge a defending Eagle as Michael Davis (54) knocks another opponent out of the play. Pat Springer photo

enant scored to take a 14-7 lead with 3:45 remaining in the 1st period.

A face mask call, runs by Biffle and Bartush, and completed passes to John Paul Hesse and Aldriedge moved the Tigers to the Cougar 42 to start the 2nd quarter. An incomplete pass and fumbled play gave Covenant the ball. Two plays later, Aldriedge

Colleyville worked the clock as time ticked away on the Tigers' chances for a win.

## Muenster Junior High Cross Country in Decatur meet

Muenster Junior High Cross Country runners traveled to Decatur on Oct. 8 to compete in a 3200m race at the Reunion Run. Three girls and two boys ran in the 8th grade division. Alison Morris finished 79, Katie Pagel 96, and Kelsie Sicking 101. Justen Ashley crossed the finish line in 26th place and Trace Klement 49th for the Stingers.

Bailey Klement, Morgan Eldridge, and Macie Pagel finished the 7th grade run in 82nd, 91st, and 107th place.

Bryce Herr ran a 13:08.45 to take 11th place in the boys 7th grade division. Devon Brinkley came in 35th and Billy Felderhoff 79th.

## Hornets cool Dragons 41-6

The Muenster Hornets remain undefeated on the season after last Friday's 41-6 District win over the Chico Dragons.

Muenster held Chico to 9 yards passing (while picking off two Dragon passes) and only eight 1st downs in the game. The Hornets had 392 yards of total offense, holding Chico to 172 total yards.

"We played a good 1st quarter offensively and defensively. The 2nd quarter, we played a little too satisfied, not playing with a lot of intensity," commented Hornet Coach Brady Carney. "The boys came out the 3rd, found a little more energy, and finished the game on a high note." Carney added that defensively the Hornets did a really good job defending the pass, but the Muenster offense had too many dropped passes.

The Dragon offense took to the field as the game began. Chico got to the Hornet 17 before an incomplete pass and three runs for losses gave the ball to Muenster on their own 28. Trevor Hess and Chase Hammer moved the ball across midfield. An 11 yard Tyler Anderle to Cole Walterscheid pass play moved Muenster to the 36. With 4 minutes on the clock, Dalton Koelzer scored. Hunter Klement added the extra point for a 7-0 score.

Klement's kick landed the Dragons on their 14 yard line. Unable to gain ground, Chico punted. The 11 yard boot gave the Hornets possession on the Dragon 28. Hess gained 22, false starts lost 10, and pass interference gained 15 to the 8 yard line. A Hammer run and Muenster was on top 13-0 with 14 seconds on the clock.

Two flags and a sack forced a Chico punt on 4th and 30. Sitting pretty 28 yards from paydirt, Muenster couldn't get anywhere in four plays.

Chico got a break with a 54 yard run that set up the Dragons' only touchdown. With 7:37 on the clock, Chico was on the scoreboard 13-6.

The Hornets moved the ball to the Chico 6, but couldn't cross the line. A 28 yard field goal attempt failed. The Muenster defense

again held the Dragons, forcing a punt.

From midfield, Hammer ran for 16, followed by Anderle passes to Koelzer for 18, Koelzer again for 10, and to Andy Flusche for an 8 yard touchdown play. Klement's PAT gave Muenster a 20-6 lead with the halftime break only 43 seconds away.

The Hornets took the 3rd quarter kick, moving the ball 51 yards in 6 plays. Clint Sidwell had the honor of running the last 14 yards for 6 points. Klement booted the PAT for a 27-6 lead 2 minutes into the 2nd half.

The Dragons' first offensive attempt in the 3rd quarter ended at three plays after Clint Sidwell intercepted a pass. Fourteen snaps later, Anderle and Koelzer connected for a 17 yard touchdown pass. Klement added the PAT for a 34-6 score.

Chico got in a good run, but lost the ball on downs to the Hornet defense.

Muenster then carried the ball into the final period. The three play drive was topped by a 41 yard Anderle to Andy Flusche completion followed by an Anderle to Colton Lang 14 yard TD pass. Klement's final PAT of the night gave Muenster a 41-6 lead 5 seconds into the final stanza of play.

Chico got in a dozen plays, working time off the clock, but the drive ended when Lang intercepted a Dragon pass. Each team got in three runs before the last second ticked off the clock.

TACKLERS: Luke Crabtree, Andy Flusche, Dalton Koelzer, Steven Flusche, Cole Walterscheid, Mark Jones. Sacks: Luke Crabtree (4), Cole Walterscheid (1). Interceptions: Clint Sidwell and Colton Lang.

**Next Action**  
After two weeks on the road, the Hornets stay home Friday night to host the Eagles of Valley View. "Valley View has a very sound football team - they don't give up a lot of points," Coach Carney noted, adding that offensively, the Eagles have a talented running back Landon Boaz, who Muenster will have to contain.

Valley View, like Muenster, won their battle with Petrolia, and the Eagles are looking for District win #2 Friday.

The Hornets want to keep that undefeated record, looking for season victory #8.

Action begins at 7:30 p.m.

# Texas Game Warden Reports Cubs K.O. the Covenant Kittens

**Once a Game Warden, always a Game Warden**  
 Uvalde County Game Warden Rachel Kellner and Javier Fuentes got word from retired Game Warden Capt. Bill Hellums that he had heard suspicious shotgun blasts west of Uvalde. After a lot of stopping and listening, the wardens finally found two individuals shooting skeet. The wardens let them know that they had heard the shots and wanted to make sure no one was hunting doves. After searching the bed of the pickup, the wardens discovered mourning doves and four other nongame birds. Hunting in closed season and minor in possession citations were issued. Warden Kellner let Captain Hellums know the good news and he was grinning from ear to ear.

**Wardens assist in search for missing boater**  
 Medina County Game Warden Jeff Benson responded on Aug. 25 to a call from the sheriff's office regarding an overdue boater on Medina Lake. The subject's vehicle and personal water craft were located at a local marina that evening by family members, but an aerial search that night failed to turn up the missing boater. The following morning, Benson and Game Warden Jorge Tamayo searched the area by boat.

A day later, the body of the missing man was discovered near a private boat dock by the property owner. The body was recovered by the sheriff's office.

**Dad joins kids on illegal hunt**  
 Zapata County Game Warden Stevan Ramos and Carson Wardlow were patrolling in San Ygnacio on Aug. 18 when they saw a pickup truck stop a couple of blocks in front of them. Warden Wardlow stopped his truck when he saw what appeared to be a gun barrel sticking out of the passenger-side window. As the wardens watched, the passenger shot twice, and the driver got out to retrieve a white-winged dove from the bushes just off the road. The wardens quickly made contact and found that the passenger and driver were both juveniles. Their father was also in the vehicle. One citation was issued for hunting in a closed season and a warning issued for using illegal means and methods. Civil restitution was filed for one white-winged dove.

**Wardens recover boat crash victim's body**  
 Game wardens were notified on Aug. 18 of a single boat accident in which the operator had been ejected and was missing on Lake LBJ. Burnet County warden Brent

Whitus, Lampasas County warden Jim Lindeman, and Llano County warden Kevin Webb responded to the scene and initiated an investigation and recovery operations. The following morning, Burnet County Warden Ronnie Langford and Llano County Warden Rick Snitkin along with personnel from various local agencies recovered the body. Investigation ongoing.

Thursday, Oct. 13, the Sacred Heart Cubs took on the Colleyville Covenant Kittens. Colleyville took the opening kick. The Kittens got two 1st downs and used about 4 minutes off the clock before Sacred Heart stiffened up and forced a punt from the Cub 45.

The Cubs started on their 25 yard line. Tyler Spruill took a hand-off from Kason Reeves and scampered 41 yards to the Kitten 35. Later in the drive on 2nd and 10, the Cubs found themselves in the middle of a broken play where Reeves found Tyler Walterscheid open for a completion, moving the ball to the 13. The quarter ended with Spruill picking up 4 yards, putting the ball on the 9 yard line.

The 2nd quarter started with the Cubs losing 6 yards. On 3rd and goal from the 15, Reeves connected with Jared Dangelmayr for 14 yards. Fourth down saw Spruill finding paydirt over the right side. He also ran in for 2 points to give the Cubs an 8-0 lead with 6:44 left.

The Kittens' second possession also found them moving the ball before the Cub defense made a stand. Daniel Hesse came up with an interception at the Cub 20 yard line. After three Cub runs only gained 4 yards, they were forced to punt.

The Cub defense came up big, with Grant Springer and Tyler Spruill teaming up for a sack on 2nd down. The Kittens tried a reverse, but Ethan Henry made a nice tackle for no gain.

With 1:10 left in the 1st half, the Cubs got the ball back at their own 47. Reeves

hit Zach Flusche for a 40 yard pass play, then Tyler Walterscheid for the TD. Spruill ran in the conversion, for 16-0 at the half.

The Cubs took the 2nd half kickoff and returned it to the 33 yard line. On 2nd and short, the Kittens intercepted a pass. Three plays later, the Kittens struck with a 45 yard TD pass completion. The conversion attempt was no good, for a 16-6 score.

The Kittens tried an on-side kick, with Daniel Hesse making a nice play on the recovery for a Cub 1st and 10 at the Colleyville 44.

The Cubs moved the ball to the Colleyville 30 where they faced 4th and 11. Reeves found Jared Dangelmayr for a 15 yard pass completion. On 3rd and 6 from the 11, Reeves handed off to Spruill who rambled up the middle for the TD. The conversion made the score 24-6.

Colleyville took the ball on their next possession and drove down the field to the Cub 12 yard line where they were facing a 4th and 6. Spruill caused a fumble recovered by the Kittens, but the ball went over to the Cubs on downs.

After exchanging possessions, the Cubs took over, taking a knee to run out the clock for a Cub win.

## Muenster cross country runners at Reunion Run

On Saturday, Oct. 8, Muenster Cross Country runners competed in the Reunion Run at Joe Wheeler Park in Decatur. The varsity divisions consisted of 1A, 2A, and 3A schools.

Alvord won the Girls Varsity division, having five runners finish in the top 12. Megan Holt of Lindsay won the race with a time of 12:15.68.

Muenster's first finisher was Paige Herr, coming in 26th with a time of 13:27.55. Teammates, their places and times were: 62, Michelle Sicking, 14:16.24; 63, Lauren Rohmer, 14:19.98; 68, Lana Heers, 14:28.22; 72, Shelbi Sicking, 14:51.85; 74, Lora Walterscheid, 14:55.03; 94, Amber Walterscheid, 18:02.11.

Burleson Centennial took the Varsity Boys Team Championship, while a Gainesville Leopard won the course at 17:08.39. Trevor Cheaney was the Hornets' lone runner. He finished with a time of 21:14.81 to place 64th.

The Lady Hornets had five competing in the Girls Junior Varsity division. They were: 47, Demi Koelzer, 15:40.75; 71, Kalyan Dangelmayr, 16:20.35; 72, Mikaela Lamar, 16:21.10; 77, Kendi Bayer, 16:31.08; 101, Kristen Reiter, 17:59.63.

Austin Creswell ran in the Boys Junior Varsity division, finishing 6th, clocking in at 26:46.51.

## Lindsay, Chico tied for 1st

The Lindsay Lady Knights defeated the Forestburg Lady Longhorns by scores of 25-14, 25-23, 25-18 Friday night. Stats were: Tara Atkins, 4 aces (AC), 5 digs (D), 29 assists (A); Jalyn Anderle, 9 kills (K), 2 blocks (B), 5 D, 2 A; Taylor Atkins, 10 K, 3 D; Nicole Fleitman, 3 AC, 4 K, 6 D, 2 A; Katie Arendt, 3 AC, 8 D; Jordan Fleitman, 15 K, 4 B, 4 D; Rebekah Manon, 3 K, 4 D; Lucinda Krahl, 2 D.

The Lady Knights moved to 9-1 in District and 25-12 overall with their victory over the Valley View Lady Eagles Tuesday evening. Scores were 25-9, 25-10, 25-6. Stats included: Tara Atkins, 4 AC, 18 A; Anderle, 9 K, 5 B, 4 D; Taylor Atkins, 3 AC, 2K; N. Fleitman, 5 AC, 4 K, 2 D; Arendt, 3 AC, 2 D; J. Fleitman, 11 K, 3 B; Elizabeth Wallace, 3 K.

### District 11A standings Volleyball

Lindsay 9-1  
Chico 9-1  
Forestburg 7-4  
Saint Jo 5-6  
Collinsville 4-6  
Valley View 2-8  
Gold-Burg 0-10

### JUNIOR VARSITY VOLLEYBALL

The Lindsay JV Lady Knights improved their record to 22-6 by beating Valley View by scores of 25-7, 25-15. "The girls played well and they are undefeated in District play," noted Coach Robin Hess. Kimberly Page had 5 assists, and Megan Schumacher had 6 kills.

# Pirates disarm the Knights

### By Pat Springer

The Collinsville Pirates jumped out to an early lead against the Lindsay Knights Friday and maintained control with a strong rushing game to take home a 20-7 win.

The Pirates rushed for a total of 214 yards, while the Knights only managed to gain 69 yards on the ground. Pirate Cory Ragsdale scored the first touchdown of the game on a 1-yard run that capped off an 80-yard drive. The point after attempt failed and the Pirates led 6-0.

Deep in their own ter-

ritory, quarterback John Haverkamp ran 25 yards to give the Knights some momentum. Unfortunately, they came up short on a 4th down conversion and Collinsville took over on their own 43-yard line.

The second score of the 1st quarter came from Collinsville's big running back Catfish Brown on a 5-yard run with 1:09 left on the clock. The Pirates' 2-point conversion was good and the Pirates were up 14-0.

Haverkamp connected with Dawson Holt for a 29-yard gain on their next drive, but a few plays later

the Knights were forced to punt.

The Knights, out-sized by many of the Collinsville players, had trouble containing the Pirates who struck again quickly for 6 on a 69-yard pass from Ragsdale to John Lewis. The 2-point conversion failed. Collinsville led 20-0 with just over 9 minutes remaining in the 1st half.

"We didn't match their intensity early in the game," Coach Cody Bounds said.

The Knights came out ready to joust in the 2nd half with a 28-yard kickoff return from Garrett Yancey, a 12-yard run by Haverkamp, a Yancey pass reception, and a Hud Harrison 10-yard run. Tyler Dennington put the ball in the end zone on a pass reception from Haverkamp. The PAT by Garrett Yancey was good and the Knights were finally on the board in the 3rd quarter with 7.

The Knights had a chance to go in for a second score in the 4th quarter, but a bad snap ended an otherwise impressive drive. The game ended with Collinsville taking the 20-7 win.

The Knights, 1-1 in District play, will face Petrolia this week at Petrolia. Petrolia is 2-5 for the season and 0-2 in the District.

"We won't be changing our game plan, we just have to start faster. We'll try to run the ball better," Bounds said. Kickoff is at 7:30 p.m.

Game stats: Rushing - Hud Harrison 2 for 13; John Haverkamp 11 for 31; Blake Walker 2 for 23; Total: 17 rushes for 69 yards. Receiving - Tyler Dennington 4 for 25; Hud Harrison 2 for 35; Jace Wann 2 for 26; Garrett Yancey 4 for 50; Dawson Holt 1 for 29. Defense - Tyler Dennington, Jace Wann, Blake Walker, Hud Harrison, Tanner Kuhn, Nick Rose, Connor Fuhrmann, Dakota Ellender, Neely Rose, Chisam Reiter.

## HOW WELL DO YOU KNOW DEER?

BY OUTDOORSMAN J. WAYNE FEARS

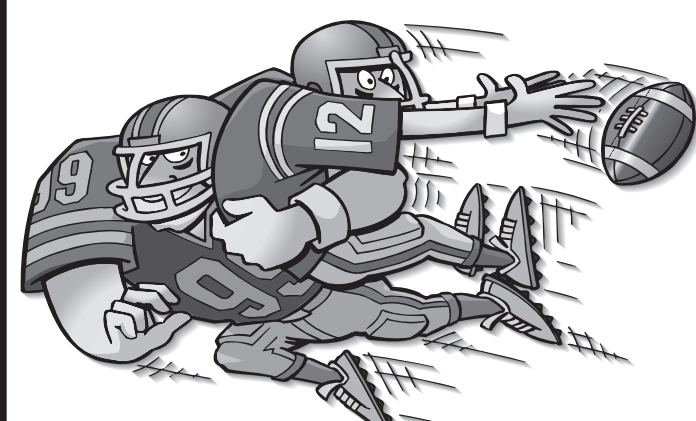

### Have a thorough knowledge of the property you hunt

You must understand the lay of the land you hunt, including the land's contours, where the creeks and the streams run, and where the roads go through the property. You also need to know the traditional movement patterns of the deer on that property, because deer on any woodlot will establish routes of travel. Once you understand what those historical routes are, you can go to that same land year after year and find deer.

If you spend your time learning one piece of property thoroughly, you'll bag more big deer more consistently than those who hunt 3 or 4 different locations during a season. The only exception to this rule is the areas where trophy bucks are much more abundant than they are in most regions. Learn the best spots to hunt on the properties we have to hunt.

## I don't need to advertise!

You're right ... there is a time NOT to advertise.

**Ten reasons not to advertise**

1. You have all the business in town!
2. Everybody loves you so much they just can't trade elsewhere!
3. There are no new people moving into your area!
4. You have more business than you can handle!
5. The economy is so healthy, anybody could make money in business!
6. You want to keep your large inventory!
7. You have no competition!
8. You don't really want to work very hard anyhow!
9. You have netted your first \$millions!
10. You have to hire more help to handle business!

The time to **START** advertising is if ...

1. You do not agree with all of the above statements.

The place to advertise is with

1. The media that will get your message to the most families in your customer area!
2. The media that is most reasonable in cost.

Advertise in the media that meets all the qualifications... the **Muenster Enterprise**

## Texas dairy landscape shifting, but commitment to Texans remains constant

Texas' dairy landscape continues to evolve, the latest milk production statistics from the Milk Market Administrator show.

For the first time, Castro County in the Texas Panhandle is the top milk producing county in the state, taking over that spot from Erath County, which had held the position since June 1990. At the same time, Hopkins County in East Texas is no longer in the top 10.

These latest statistics show changes that have been a decade in the making. For many years, Northeast Texas and its grass-based dairy system ruled Texas' dairy industry. But in the late 1980s, the dairy industry in Central Texas expanded and prevailed atop the milk production rankings. Now it's the High Plains region, where the wide open spaces and moderate climate are quite inviting to producers from across the country.

Although the industry is shifting within Texas, it is - as a whole - very healthy. For the first eight months of 2011, statewide milk production rose by more than 8 percent as a result of an expanding cow herd, mostly in the western region.

As a result, Texas likely will become the sixth largest milk producing state in the nation before the end of this

year. Yes, Texas' dairy industry has its challenges, largely now from Mother Nature. The ongoing record drought, with no end in sight, has dairymen struggling to find hay and other forage for our cows at an affordable price. Producers are searching as far as Canada for good sources of forage.

But producers are committed to meeting the appetite of our state's growing population for milk and other wholesome dairy products. The production for this growth will be provided by various areas of the state, but it will most definitely continue to

expand in the Panhandle. While future industry growth likely will stay in the Panhandle, that does not make our dairies in Central, North or East Texas any less vital.

Our dairies - no matter where they are located - not only feed our state. They contribute to local and state economies. But, most importantly, as your neighbors they are dedicated to remaining part of your community.

*from Darren Turley, executive director of the Texas Association of Dairymen, Inc.*

## U.S. October corn crop estimates down

The U.S. Department of Agriculture's (USDA) October USDA crop report noted a drop in both estimated harvested acres and expected yield of this year's U.S. corn crop.

The USDA crop report estimated that U.S. corn farmers will produce 12.433 billion bushels of corn this year, down from September's estimate of 12.497 billion bushels. U.S. corn crop farmers now are expected to harvest 83.9 million acres, down 452,000 acres from the September report.

"The Farm Service Agency has been releasing certified acreage data monthly since August, but this information was not included in previous WASDE [World Agricultural Supply and Demand Estimates] reports because the data were not complete," said Todd Davis, American Farm Bureau Federation crops economist. "By looking at the early released data, many analysts have predicted that the planted and harvested acreage would decline by as much as 500,000 acres."

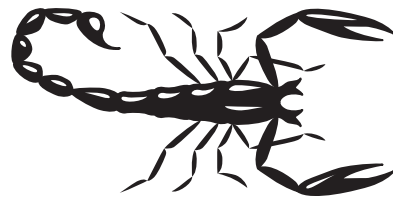

Davis noted that extreme weather conditions, including flooding in the Corn Belt last spring, contributed to lower expectations for this year's U.S. corn crop.

## County Agent's Report

### Scorpions have been a nuisance in 2011

Scorpions seem to be more prevalent this year. The number of questions concerning scorpions entering homes is well above any that I can remember. This fits with what I am observing at my house, where I have found as many scorpions in 2011 as I have in the past 10 years combined.

Scorpions are nocturnal, hiding during the day and

becoming active at night. This behavior helps them manage temperature and water balance, which are important functions for survival in dry habitats. Many species dig burrows in the soil. Their bodies are flat, which allows them to hide in small cracks and under stones, bark, wood, or other objects on the ground. From these hiding places, they wait or search for prey. Chief foods are small insects, spiders, centipedes, earthworms, and other scorpions.

The striped bark scorpion is the most common scorpion in Texas. It can be found indoors or outdoors in a wide variety of habitats. It is often found under rocks or boards and in debris. Striped bark scorpions are active foragers that do not burrow and are distinctly associated with dead vegetation, fallen logs, and human dwellings. It is common for this scorpion to climb trees and walls, and they often are found in the attics of homes. During periods of hot weather, scorpions may move into living areas to escape the high temperatures in attics.

Scorpions are difficult to control with insecticides alone. Therefore, the first control strategy is to modify the area surrounding a structure.

Remove all trash, logs, boards, stones, bricks and other objects from around the structure.

Keep grass closely mowed near the structure. Prune bushes and overhanging tree branches away from the

structure. Tree branches can give scorpions a path to the roof.

Store garbage containers in a frame that keeps them above ground level.

Never bring firewood inside the structure unless it is placed directly on the fire.

Install weather-stripping around loose-fitting doors and windows.

Plug weep holes in stone or brick veneer structures with steel wool, copper mesh, pie-

ces of nylon scouring pad, or small squares of screen wire. (Steel wool will rust when wet, so it should be used only on dark-colored facades.)

Use sealant around roof eaves, pipes, and any other cracks into the structure.

Keep window screens in good repair. Make sure they fit tightly in the window frame.

Naturally derived pesticides for managing scorpions include active ingredients such as rosemary oil, cinnamon oil, clove oil, thyme oil, peppermint oil, and pyrethrum. Naturally derived products generally degrade more quickly than synthetic pesticides so they may not provide a long residual control.

Synthetic pesticides for scorpion control may contain active ingredients such as permethrin, cyfluthrin, cypermethrin, lambda-cyhalothrin, deltamethrin, propoxur, carbaryl, or bifenthrin. Look for products containing these active ingredients or consult a pest control operator.

As you probably know, scorpion stings are painful and produce local swelling and itching that may persist for several days. Reaction to the bite may vary based on sensitivity of the individual. Extremely sensitive individuals may require medical attention. There are no scorpions in Texas that are considered lethal to man.

### Dates to remember

Oct. 25 - Marketing Club - 7 p.m., Gainesville Farm Bureau Building.

Nov. 7 - Fall CEU Program - 6 p.m., First State Bank Conference Building (3 CEUs, sandwich meal, \$15 - Please RSVP 940-668-5412).

## TDA market recap

For the week ending Oct. 15, feeder cattle prices at Texas Panhandle auctions and San Angelo were steady to \$5 higher per hundredweight, while Oklahoma City was mostly steady. Texas direct feeder cattle sales were steady to \$2 higher. Market influences remain unchanged as historically high fed cattle prices, prospects for tighter feeder supplies, the drought, and lack of grazing were all factors. Fed cattle prices were \$2 lower and wholesale beef prices were higher on Choice-grade and lower on Select.

Corn, grain sorghum, and wheat were higher. As for futures markets, feeder cattle, fed cattle, cotton, wheat, corn, and lumber were higher.

Parts of north and east Texas, and the Coastal Bend reported an inch or more of rain, but most of the state recorded little or no precipitation. Topsoil moisture remains in mostly short to very short supply.

Most crops were again rated in fair to very poor condition, except grain sorghum, which was mostly good

to poor. Corn was 87% harvested, equal to the average for this date. Grain sorghum harvest was behind normal at 73% complete. Winter wheat seedings were 52% complete, well behind the average 72% because of very dry conditions, and 19% of the acreage has emerged. Peanut harvest is 58% complete and 81% of the soybean acreage has been harvested. Orange and sugarcane harvest are also underway in the Lower Rio Grande Valley. Pastures were rated in 94% very poor to poor condition as supplemental feeding and livestock herd reductions continue.

**THE NEW GAINESVILLE LIVESTOCK AUCTION, LLC.**  
[www.gainesvillelivestock.info](http://www.gainesvillelivestock.info)

Sold at Friday's sale OCT. 14 there were 2398 cattle sold, compared to 3536 the previous week. Sold at Tuesday's sale OCT. 18 were 299 Goats, 79 Sheep, and 181 Hogs, compared to last week - 430 goats, 64 sheep, and 178 hogs. The calf market would be 5 to 10 higher with some classes such as the steer 375 to 525 could be 15 higher on the sets of fancy worked steers. Stock cows would be steady. The packer cows would be 3 to 5 higher on the cows that can make the long ride.

### Just a thought

Everybody should pay their taxes with a smile. Try it, but they may ask for cash.

Laughter is the remedy for life's many ills. It can cure more quickly than any little pill.

When you forgive a wrong, you'll surely confuse the person who did it.

Never pick an argument - even when it's ripe.

## EARLY VOTING HOURS FOR NORTH CENTRAL TEXAS COLLEGE
