

Earle Mayfield Delivers Chain Store Attack at Meeting of Merchants

DALLAS, Tex., Feb. 13.—(P)—Independent merchants were in the field today to fight chain stores in Texas after a meeting here at which the Merchants Protective League was organized and 800 independent merchants heard former United States Senator Earle B. Mayfield deliver a scathing attack upon chain store systems.

In his address last night the former Senator termed chain store systems "the greatest menace to the continued prosperity of Texas and the nation."

Absentee Ownership
He centered his attack on what he termed absentee ownership and foreign control, under which the asserted the chain units "took everything and gave little in return to the communities in which they were located, becoming mere siphons for the sucking of money to a few centers in the North and East."

The major remedy proposed by him was legislation to compel chain systems to become part of the communities they serve by paying their share of city, county and state taxes, by contributing to eulogymary and charitable organizations and by investing a percentage of their profits, earned in Texas, in Texas properties or securities. Such legislation, he said, would be constitutional as well as equitable.

Mark McGee Speaks
Other speakers on the program were Mark McGee of Fort Worth, former Adjutant General; James V. Allred of Wichita Falls, former District Attorney there, and Bert Bean, Wichita Falls merchant.

The newly organized association earlier in the day had elected H. S. Forman of Dallas, president; vice president, Earl Cullum of Dallas; O. R. Duff of Ennis, Bert Bean of Wichita Falls and Henry Alexander of Harshack; secretary-treasurer, H. G. Harrow of Dallas. Temporary headquarters are to be maintained here.

The executive committee selected included: Earl Cullum of Dallas, H. G. Clay of Paris, R. F. Brooks of Waxahatchie, Henry Law of Fort Worth, H. G. Moseheart of Ennis, O. C. Robinson of Terrell and J. E. Bentley of Dallas.

The League laid plans for forming district organizations in each Senatorial district of the state and the executive committee was directed to formulate a legislative program.

\$30,000 Damage by Fire at S. M. U.

DALLAS, Tex., Feb. 13.—(P)—Laboratory equipment and a frame building which housed it on the campus of Southern Methodist University were in ruins today as a result of a fire early today. President C. C. Seelman estimated the loss at \$30,000 and advanced the theory that the fire started from a gas or chemical combustion.

Plans For Third Square Dance Are Near Completion

Plans for the third square dance given by the Business and Professional Women's Club at the Soldiers and Sailors Memorial Hall are fast being completed, announced members of the club today. The date of the dance has been set for February 28th.

The club is making arrangements to have the dancing and speakers which have been put in the hall for the Chamber of Commerce banquet on February 25th to remain in the hall for the dance. This is being done to overcome the difficulty of hearing the music over the other noises. The local fiddlers will be present in all parts of the building can hear the music.

Another feature which will be added at this square dance is that a check room for the purpose of taking care of the dancers' hats and wraps will be maintained.

Members of the club are expecting this dance to be just as successful, if not more, than the previous dances, which seemed to have been thoroughly enjoyed by all who attended them.

Start Remodeling Hall Music Store

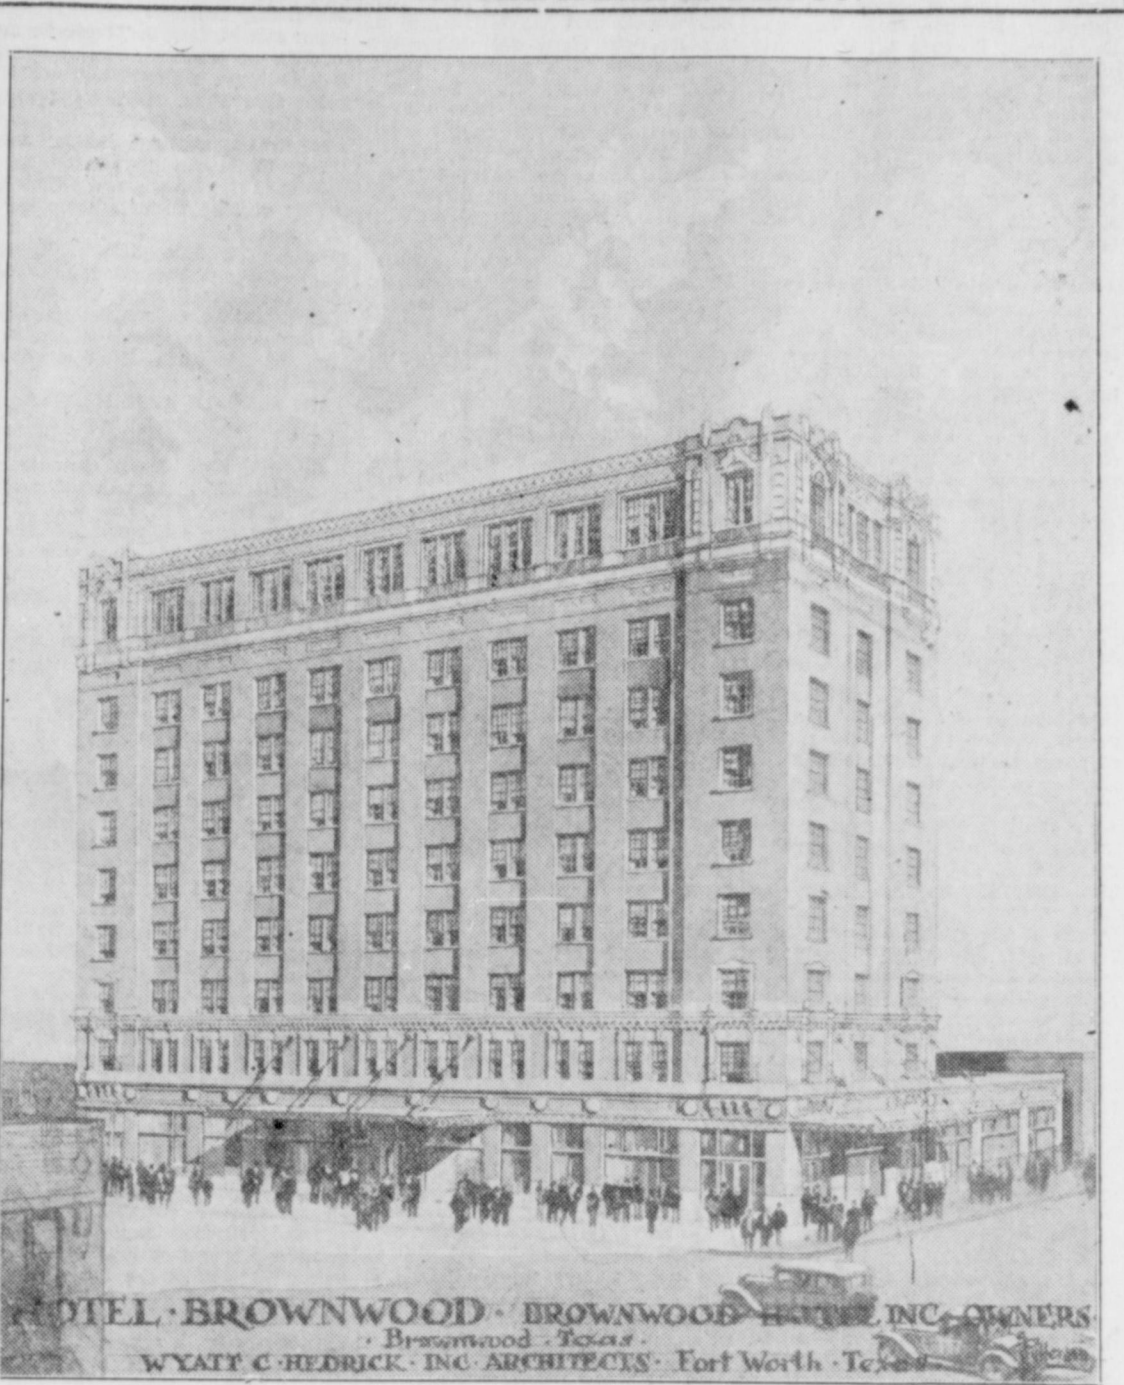

Work was started this week on remodeling the Hall Music Company store on East Lee Street. The building was damaged some time back during a fire which swept the establishment and caused damage to both fixtures and stock.

The work of remodeling will take approximately two weeks and while the work is progressing the company will continue doing business in the building.

OIL ACTIVITY

ANAHUAC, Tex., Feb. 13.—(P)—More than 7,000 acres of land in Chambers county were involved in recent leases and assignments, indicating unusual activity in oil circles. Seismograph crews have been busy in the county for several weeks making locations of salt domes.

ACTUAL WORK TOWARD CONSTRUCTION OF NEW HOTEL HERE IS BEGUN

Hotel Brownwood will rise three stories higher than that pictured here, this cut being the architect's drawing of how the completed structure would appear under the original plans. Excavations were begun this week for the erection of a twelve story structure.

25 YEARS FOR W. S. HAM ON MURDER CHARGE

ABILENE, Tex., Feb. 13.—(P)—W. S. Ham was convicted by a jury here today on a charge of murder in connection with the slaying of N. V. Nixon, El Paso chauffeur, in 1920, and his punishment was fixed at 25 years in the penitentiary.

Only one day was required for Ham's second trial here, a hung jury having resulted in the first trial.

Another man, Percy Howard, had been given the death sentence in connection with the slaying, but his execution had been delayed several times by Governor Dan Moody, who declared he wished first to see how Ham's trial terminated. Testimony against Howard was furnished principally by Ham and by Howard's former wife.

Howard and Ham, according to testimony read, employed Nixon to drive them from El Paso to Big Spring. On the second day of the trip, according to the record, Howard ordered Nixon to stop the car, then went a short distance from the road and dug a shallow grave.

Howard then called Ham and Nixon, Ham's testimony showed, and while Nixon stood looking into the hole, Howard hit him with a shovel and shot him in the head and body slumped into the hole and was covered up.

Because he feared Howard, the testimony stated, Ham did not tell anyone. Ham was arrested in California in 1923, nearly two years after Nixon's body was dug up by coyotes.

AUSTIN, Feb. 13.—(P)—Governor Moody said today he would have to consider the record in the trial of the case of W. S. Ham at Abilene before deciding definitely what he would do about commuting the death sentence of P. W. Howard. Howard's execution date had been set up to May 9th pending disposition of the Ham case, the Governor having been advised by Howard's former wife that she had given incorrect testimony at Howard's trial.

Seine Law Appeal Hearing March 6

GALVESTON, Tex., Feb. 13.—(P)—Hearing on the appeal against the Holbrook anti-seine law today was set for March 6, after the Court of Civil Appeals granted a motion to that effect. The appeal was filed by commercial fishermen following the refusal of District Judge C. G. Dibrell to grant an injunction to prohibit members of the State Fish, Game and Oyster Commission and officers here from carrying out provisions of the law, which prevents the use of seines in fishing in Galveston Bay and other coastal waters.

TERRELL SUIT TESTIMONY TO START MONDAY

AUSTIN, Feb. 13.—(P)—Taking of testimony on charges preferred against Comptroller S. H. Terrell before the House of Representatives will not start until Monday. The House sitting as a committee of the whole granted a postponement until then on request of attorneys for Terrell.

Accounts Being Checked
Addressing the committee, former State Senator T. H. McGregor, representing the respondent, declared that the comptroller's department was now being audited by public accountants, and it was desired to await completion of the work before starting to meet the charges preferred in the House. He said many of the items complained of in the state auditor's report as "unsatisfactorily accounted for" had been cleared up.

Postponement until Saturday was requested by attorneys for the respondent, but members of the committee questioned the presence of a quorum then and suggested a continuance until Monday, next to the last day of this special session of the Legislature.

"We have no disposition to unnecessarily delay this hearing," McGregor said. "But we do not feel justified in sacrificing the rights of Comptroller Terrell to expedition."

He pointed out that the charges had not been definitely preferred until Tuesday and declared that the House should not "crowd us into it."

"A person charged with a felony has at least two days in which to respond," he said. This proceeding will involve the handling of thousands of documents, hundreds of thousands of accounts and millions of dollars.

Mr. Terrell had previous to the filing of these charges employed public accountants to check the accounts of his department and we have already cleared up numbers of items involving the respondent, through the state auditor's report in an incriminating way. This audit should be completed by Saturday.

The request of Rep. Alfred Petch of Fredericksburg, who, with Reps. Joseph McGill of El Paso and Coke R. Stevens of Junction, in acting as attorney for the House to develop the charges, that the respondent be directed to furnish the proponents with the partially completed audit being made by accountants employed by Comptroller Terrell, brought the reply from Senator McGregor that "no audit is complete until finished, and we will not agree to hand over a piece meal audit."

Former Attorney General W. A. Keeling, associated with Senator McGregor as counsel for Comptroller Terrell, said Terrell's department had "clamored" for the parts of the state auditor's report before it had been sent to the Legislature.

"The comptroller clamored for fragmentary reports, but he did not get a fragment until the report came to the House," General Keeling said. "We are not going to pass around any fragments of our reporting."

The House voted, 78 to 34, to postpone hearing until Monday.

Witnesses Summoned
Forty-one witnesses, 17 of whom were employees of the comptroller's department, were summoned by the House. Former Attorney General W. A. Keeling, representing Terrell, said he would bring his witnesses on as the proceedings advanced.

State Auditor Moore Lynn and his assistants were named as the main witnesses in support of the charges, based on findings of his department as set forth in a report to the Legislature.

Among allegations were some that the comptroller had failed to account satisfactorily for certain state funds he had had in his possession, the aggregate amount of the money unaccounted for being approximately \$60,000.

This was the second investigation of charges against a state officer undertaken by this Legislature, the House having exonerated the late J. T. Robinson, commissioner of the General Land Office, of wrongdoing after a hearing at a previous session.

Workers Conference is Held Here Today

The regular workers conference and meeting of the Baptist ministers of both Brown and Coleman counties is being held today at Howard Payne auditorium. This meeting is a regular affair and an attempt is being made to hold the meeting of each county together and make it a sectional meeting.

There were about seventy-five present at the meeting, with over twenty of these coming from Coleman county.

Rev. A. E. Prince, pastor of the First Baptist Church was the main speaker of the day, addressing the assembled ministers during the morning session. Rev. C. E. Lancaster of Coleman delivered the regular chapel address at the school. The next meeting of this body will be held at Burkett.

FRANGES FISH HATCHERY

SAN ANGELO, Feb. 13.—(P)—Sixteen members of the State, Fish, Game and Oyster Commission, after an inspection, pronounced San Angelo's new fish hatchery the most complete in Texas. It is stocked with bass, catfish, crappie, perch and bream.

Prominent Citizen Claimed by Death

FRED L. HAYES

ALLEN AWAITS JURY VERDICT

EASTLAND, Tex., Feb. 13.—(P)—Called insane by his own mother despite his own assertions he was sane, E. V. Allen, 29, condemned bank robber, today awaited a jury verdict which either will send him to the electric chair or to a state institution, possibly for the remainder of his life.

Closing arguments in Allen's sanity hearing started last night. His hysterical mother closed Allen's plea for life behind bars in preference to death in the chair. Sobbing, at times hardly able to talk, and at the last hysterical, Mrs. Mattie Yowe, mother of twelve children, told the sanity hearing jury that six members of her immediate family—herself included—were afflicted with insanity.

Allen's insanity, she said, dated from an attack of fever when he was still in his teens, an attack from which he never recovered fully, physically or mentally. Besides this son, two other sons, a brother, and a cousin had shown signs of insanity.

Convicted of the bloodiest holdup of the First State Bank at Carbon in December, 1927, Allen had exhausted every other means of escaping the electric chair when his petition for an insanity hearing was allowed. The day before his scheduled execution.

DEFINITELY END RUN ON BANK

SAN ANTONIO, Texas, Feb. 13.—(P)—A run of the City-Central Bank and Trust Company, one of San Antonio's largest banks, which started Tuesday, was definitely ended today.

Although savings department patrons continued to withdraw small accounts bank officials estimated deposits exceeded withdrawals in the commercial department fourfold.

W. R. King, president of the bank, issued a statement at noon declaring the bank had met the test placed upon it and the flurry was over.

The bank was enforcing the sixty-day rule, requiring customers in the savings department whose accounts exceeded \$100 to give sixty-day notice of intention to withdraw their funds.

The bank today received \$5,000,000 from the local federal reserve bank.

T. E. LANCASTER OF WINCHELL SUCCEUMS TO HEART ATTACK

Thomas E. Lancaster, 68, postmaster at Winchell, Texas, died at 7:15 Thursday morning at the home of his daughter, Mrs. Bland Harper at 1603 First Street. Mr. Lancaster became ill Wednesday afternoon while in Brownwood on business and was taken to the home of his daughter. Death is attributed to an attack of heart trouble.

Mr. Lancaster had lived in Brown county the past 35 years, having come to this county from Tennessee, his native state. He had been postmaster at Winchell for about ten years but before moving to Winchell, Mr. Lancaster lived at Zephyr. Mr. Lancaster was born February 27, 1861 in Tennessee.

Mr. Lancaster is survived by his widow and seven children, these being Rev. P. E. Lancaster of Devine, Mrs. M. H. McCray of Graham, J. C. Lancaster of Waco, Hal W. Lancaster of Winchell, T. A. Lancaster and Mrs. Bland Harper of Brownwood. A number of brothers, grandchildren and other relatives also survive.

Mr. Lancaster had been a member of the Methodist Church the past 40 years. He belonged also to the Masons and Modern Woodmen. Funeral arrangements had not been completed today, these being held up pending arrival of out of town relatives. However, burial will be made in the Jenkins Springs cemetery, it is announced.

Poultry Body Is Holding Meeting

Members of the Southwestern Poultry Association are holding a meeting at B. Dabrowski in the county court room at the court house.

H. P. C. Players to Cross Cut Friday

The Howard Payne Players will present their current play "A Full House" at Cross Cut tomorrow night. The play is a comedy, and has fourteen characters numbered in the cast, and among these are amateurs who are well known to players here. The local cast includes Mary Alice Watson, Mable Stone, Blanche Donahoe, and several others.

The play is well cast and will afford the people of Cross Cut an evening of good entertainment. It will be presented here next Tuesday evening it has been announced.

FATAL SHOTS DESCRIBED BY AGED MOTHER

FORT WORTH, Feb. 13.—(P)—Mrs. Ada Jenkins, aged mother of Mrs. J. W. C. Johnson, today described the fatal shooting of her daughter by her estranged husband.

Weak from the shock, Mrs. Jenkins was able to give only the barest account of the tragedy yesterday in Trinity Park. Her statement was taken by Assistant District Attorney Manning.

Johnson had called for his wife, who was staying with Mrs. Jenkins at her home, and with the mother drove to the park in a coupe.

"We were sitting in the car, and he was begging her to come back to him," Mrs. Jenkins told Manning.

"No, I'm not," Mrs. Johnson replied.

Fired Three Shots
Johnson then declared he had rather be dead than separated from his wife. Mrs. Jenkins stated, and Mrs. Johnson asked him why he did not kill himself, then.

"Johnson then opened the car door, and as she started to get out of the car fired three times," Mrs. Jenkins said.

Johnson, charged with murder, was put in the county jail. An attempt will be made to hold him without bond.

Sobbing and caressing the body of his wife, Johnson was found in his car by a passerby. The woman had been shot three times.

Johnson told police he arrived from Torrance, Calif., Tuesday night to learn his wife had sued for divorce.

Noah Beery Is Waging a Fight Against Death
HOLLYWOOD, Calif., Feb. 13.—(P)—Noah Beery, motion picture bad man, today in real life was waging a desperate battle against the death he has so ably portrayed in numerous roles on the screen.

At the Hollywood hospital where the film "heavy" yesterday underwent an operation for appendicitis, his condition was described as dangerous.

Operating physicians said a gangrenous condition of the appendix was found and that it was vet early to tell whether the infection had spread.

Library Gets Files Brownwood Papers

The library at Howard Payne was presented with complete files of the Pecan Valley News and of the Brownwood News recently by A. B. O'Flaherty, publisher of the News. These files begin with Volume 1, Number 1 of the Pecan Valley News, dated January 1st, 1894. At a later date the name was changed to the Brownwood News and the paper still continues under that name, and the files in the library are complete until the end of 1925.

T. R. Havins librarian said that the stack room of the library was being enlarged to accommodate the new books and documents that would be placed there by the government. A short time ago the library was designated as the government depository for all documents and these will make it necessary that more room be prepared to take care of the increased number of books.

LARGE CROWD AT RECEPTION MC'S COLLEGE

About three hundred people attended the formal opening of Mc's Business College, 200 1/2 East Broadway, Monday night. Talks, songs and refreshments came in the evening's entertainment.

The program for the formal opening started yesterday at about 4:30 o'clock with a parade of cars, decorated with colors and signs, led by the Colts Band. Seven or eight cars made up the line and started in front of the college building on East Broadway, going toward the court house, then down Center

avenue and finally back to the college again where the band played for quite a while.

In the reception room and typing room of the college there had been displayed some of the work of the students. Many of the visitors seemed very interested in this work and spent some time in looking over the displays of shorthand, typing and bookkeeping.

McElroy Welcomes Visitors

The main room where the opening was held was crowded to capacity. P. B. McElroy, president of the evening's program with a brief talk, welcoming the visitors and stating the purpose of bringing the school before the public. Mr. McElroy acted as master of ceremonies.

The Howard Payne Quartette, composed of Morgan Hall, Bob Mayo, Eiland Scarbrough and Hampton Keathley, entertained with two pleasing songs.

Miss Willie Faye McElroy, accompanied by Mrs. Eiland Scarbrough, gave a saxophone solo.

Rev. P. T. Stanford, pastor of

the Central Methodist Church, spoke on the subject, "Women of This Age in the Commercial World." He said that this territory was fortunate in having in its midst an institution devoted to the training of young men and women for business. This is a new day for the commercial world, he said. Women and girls have as good a chance as men to get a business education. Dr. Stanford said that in 1870 there were only 360 typists in the United States. Now there are eight or ten million women, who have chosen business as a career. He stressed that this was the age of specialization and the day of opportunity for those who prepare themselves. In closing he asked the question, "Who will be the presidents and leaders of the banks of this city, of the colleges and of the other institutions?" Those who are now preparing themselves to take up the work and do it well, he said.

Miss Edna Germany, accompanied by Mrs. Eiland Scarbrough, gave a very beautiful solo.

Ben Davis, coach of Debate at

Howard Payne College, gave a highly interesting talk on "Business Administration." He said that the most difficult thing which confronts us is solving the problems which present themselves in this age of transition. The leaders in every field must be efficient, stated Mr. Davis and business has entered so much into most everything that is done that a business education is very desirable. The question is not of taking someone's place in the world, but taking your place, he further pointed out. The industrialized and commercialized world today does not want specialists in business, but specialists in some phase of business. Honesty and efficiency are the main things, Mr. Davis said. He urged that preparation for the opportunity when it came was a very important thing.

John, Jr. and Hamilton Caldwell of Chapel Hill, accompanied by Amis Caldwell at the piano, then entertained with "Am I Blue?" and for an encore gave "I Get the Blues When It Rains." All three of the entertainers are young, but gave an excellent performance.

Eiland Scarbrough, accompanied by Mrs. Scarbrough at the piano, sang a favorite song, "Mother Machree," which was thoroughly enjoyed.

After the program was finished the visitors were served cakes and hot coffee as they passed out of the assembly room.

Members of the faculty express themselves as being well pleased, indeed, with the response given to the formal opening.

AUTOMOBILE STEALING RING IS DISCOVERED

The arrest of W. E. Boswell, local automobile salesman here on Friday night, is declared by officers to have brought to light one of the largest automobile stealing rings in the history of the state, operating in Oklahoma, New Mexico and Texas.

Headquarters of the ring, it is said, have been made in Brownwood and in Clovis, New Mexico.

Boswell was taken in custody here about 1:00 o'clock Friday night and Saturday was taken to Abilene by Department of Justice men who had been working on the case and tracing the many clues which had been given them by an arrest in New Mexico. It is said that officers will be implicated before the affair is cleared.

According to a dispatch from Abilene Tuesday, Boswell was charged in federal court there with violating interstate transportation law and his bond was set at \$7,500. Another man, Coleman Armstrong, is being held in the Clovis, New Mexico, jail on similar charges and is said by officers to be a partner of Boswell.

Officers of the department of justice have been working for more than a year and has disposed of many stolen automobiles during that time. Several automobiles have been recovered here and at other places. Four cars had been recovered here today and were being held by officials. One of the cars was found in the possession of P. B. McElroy, president of Mc's Business College, who had bought it in Brownwood. Another car, a light sedan, was also recovered here and was traced to Clovis, where it had been stolen. Edgar Wilford had a Ford coupe which he had purchased and which was stolen at Coleman and the others were taken in similar manner.

Several cars were found in Coleman, two in Brady, some in Goldwater and Lanpassa. These automobiles were traced to different parts of the state and the ownership established in towns from Dallas to Clovis. Insurance men from Dallas traced several cars to the so-called ring and an officer from El Paso, who is here, stated that cars stolen at that place had also been found in the possession of these men.

Officers of the Department of Justice have been working for over a week in all parts of West Texas and New Mexico tracing the cars and the men and they are being aided by sheriff and deputies over the entire section. It was said that the cars which had been stolen from many towns were being sold both in the Brownwood and Clovis section.

The affair was brought to the surface last week when officers in New Mexico and Texas were informed who had in his possession an automobile which was identified as the property of a local gas company. Investigation followed and the operations of the group were uncovered and the arrests made with more predict in the near future.

With the arrival of the federal officers here Sheriff Denman has devoted practically all the time of both himself and his deputies to aiding the officers in tracing local clues and his office is lending valuable information and assistance to the stopping of the work of the band.

Representatives of many state and national finance and insurance companies have been here this week checking their lists of stolen automobiles with the ones recovered by the officers in their work here. These men are vitally interested in the work of the officers and are aiding both local and federal officers in their search.

TOM BELL, FORMER BROWNWOOD MAN, TO BE BURIED SATURDAY

Tom Bell, of Corpus Christi, formerly of Brownwood, died in Corpus Christi on Thursday Feb. 6. The remains arrived in Brownwood Saturday morning's Santa Fe and were taken to the McInnis Funeral Home.

Mr. Bell was formerly in the cotton business in Brownwood, later moving to Corpus Christi with Mrs. Bell and their daughter, both of whom will be unable to attend the funeral on account of sickness.

The active pall bearers will be Messrs E. B. Henley, Sr., Walter Early, G. C. Duncan, W. R. Roberts, W. D. Armstrong and D. S. Camp. Honorary pall bearers will be Messrs J. W. Taber, R. P. Nunn, Ed. G. Hall, R. B. Rogers, J. W. Remington and C. Y. Early.

FEBRUARY IS Prosperity MONTH

B. A. Fain Tells of Trip to Market and of Conditions

B. A. Fain, president of Hemphill-Fain Company, who returned from a market trip this week to New York said this morning that he had a very enjoyable trip and was feeling much better concerning the future of the entire country after talking to many eastern manufacturers. He said that everyone in the markets were in a more cheerful mood concerning the business for spring and for the rest of the year and that there was a noticeable amount of prosperity being shown in the entire section.

He said that the stock crash had hit rather hard, but that most of the people had recovered and that things were going back to normal fast. He said that several told him that with the eastern manufacturers in the market and are now paying more attention to their work and to the conditions other than the market.

Mr. Fain said that the styles for spring were of a large variety, and that the manufacturers were featuring many new ensembles and dresses. He said that the dresses for spring which he saw were all to be worn three inches below the knee, no extremes either in shortness or in length was noticeable.

He said that the weather conditions were ideal, and that the weather there was not as cold as when he left Brownwood. The country as a whole looks good and all indications point to a good crop everywhere unless something interferes.

In concluding Mr. Fain said that he was glad to see the new hotel being started when he returned and that he was glad to see this marked increase in business. He said that he believed that the business here would increase rapidly with the coming of the year.

Earliest Railroad Tunnel

The Woodhead tunnel, which was begun in the spring of 1833, was the world's first railroad tunnel. The first train passed through it December 2, 1845, over what was then known as the Manchester, Sheffield & Lancashire railway, now the Great Central division of the London & Northeastern railroad.

Just Arrived at Ward's

Boys Clubs Enter Two Teams Stock Judging Contests

The Future Farmers of Texas Club is now practicing and studying preparatory to making a stock judging tour during the spring. This club is composed of the boys in the vocational agricultural classes in the Brownwood schools and the judging is used as practice for the work that they learn in class.

The teams this year will be composed of four men and will be divided into two teams. They have four contests booked for the spring, prior to the state meeting at College Station during the week of April 21st.

The first judging by the two teams will be at Brady on March 5th, then Dublin March 20th and Stephenville on April 12th. The two teams will then enter the contests at the Fat Stock Show in Fort Worth and will compete with club boys from other sections of the state. There are several boys in Brownwood who are being considered and if all requirements are met will be included on the teams.

The eligibility for places on the two teams is the same as in all athletics and the same rules govern this branch of work. To be eligible to compete with the teams a boy must be passing three of his subjects at the time of the contest as well as have passed three of his subjects during the term prior to the time of the contest.

J. T. Stovall, who has charge of the boys' work, states that there is much interest being shown in the work and that the boys and their enthusiasts have prospects to win places in the contests which they will enter during the spring and believe that they will win places in all contests.

New SPRING FASHIONS

Our new Spring models are being enthusiastically received by every smart woman. You will find them utterly new and charming with their fitted contours, modified skirt lengths and soft individual trimming. It's hard to believe they can be priced so low!

Chic Spring Coats Smartly Tailored \$14.75

The new coats follow the feminine trend—introducing subtle flares, flattering collars of fur or self fabric, a novelty of trim. There are styles to become every figure—in new greens, navy, blue and other new colors.

Green Broadcloth fashions—this chic coat with the large Lapin collar. The circular flare is very new.

New Fashions in Costume Jewelry 98c

To supply that chic air of completeness to your new frock there are sparkling necklaces, bracelets, rings and earrings in clear lovely colors—milky simulated pearls—metal and wooden novelties.

Hats for Little Misses \$1.49

Winsome little hats in gay Spring colors. Brimmed, bob-the-face and beret types in soft braided straws, felts and novelties.

New Felt Hats \$2.98

There are any number of stunning new hats in our millinery section—copies of French imports, in felts and soft straws. The felt model pictured has a draped brim that becomingly frames the face. The crown introduces a set-in bow of straw.

Fashionable Footwear for Spring \$3.98 to \$6.00

Of course you want new slippers for Spring! ... and such lovely models as we have! Patent pumps that fit like a glove—graceful strap slippers in all the smart costume colors—sassy ties for street wear. And they're all very reasonably priced!

The Proposed Oil Tariff

THE TEXAS State senate the other day rejected a resolution by C. C. Small of Wellington which asked Texas Congressmen to support the proposed tariff of one dollar per barrel upon oil.

Everybody wants the oil producers to prosper, because when they are prospering they spend much of their profits in the exploration of new fields, and the operation of their business is a tremendous stimulant in all lines of commerce and industry.

Something ought to be done to the law so as to make it take care of cases like this one.

Not Seeking Negro Votes

HOWEVER unwise the recent action of the State Democratic Executive Committee may have been and to this newspaper it seems to have been very unwise indeed, we do not believe the Committee was deliberately bidding for the support of negro voters as is charged by Mr. Alvin Moody, titular head of the "Anti-Tammany" Democrats, and by Thomas B. Love, candidate of that faction for the Governorship.

Two Are Shot in Duel in Mexico

MEXICO CITY, Feb. 11.—(P)—Jose Angel Trujillo, mayor of Toluca, Jalisco, and Juvenico Munoz, former rebel chief, shot each other to death in a duel in the main plaza of that town, says a dispatch to La Prensa.

There need be little fear of negro influence, however, in the coming campaign, even if the primaries are opened to them. Only a very small percentage of the negro citizens of this state ever vote in any election, and a still smaller percentage will be interested in this year's campaign.

The "anti-Tammany" Democrats will come into the primaries this year on exactly the same basis as do those Democrats who were loyal to their party in 1928. They will agree to the same pledge, will vote for the same candidates, in the same voting places and under the same conditions as govern the voting by the "regulars."

Some Queer Laws

THERE are many queer legal regulations of which most people are unaware because they never have occasion to feel the inhibition they are capable of enforcing; and some of them ought to be removed.

Cotton Market Collapses

GENUINE alarm is felt throughout the cotton growing region as the futures market steadily declines. A total loss of about \$12 per bale has been recorded during the past three weeks, as a result of the release of large quantities of cotton that had been held off the markets; and the statement is made in the market reviews that holders began selling because they expect the application of federal aid to sustain the prices.

Brownwood School Notes

Senior High DOROTHY JOHNSON, Reporter The students warmly received Mrs. Martin Tuesday in the general assembly and were glad to hear the message which she brought.

Marriage Licenses

Intend to Marry W. N. Toland to Miss Rosa Joyner. Homer Thomas to Miss Irma Coffee.

Howard Payne College Notes

By FLOY NICHOLSON Last evening in our gymnasium, two of the Howard Payne girls' basketball teams played the high school teams of Early and Mullin. Team Number two, coached by "Breezy" Joe Gramland, played the Early girls and won with a score of 40-6. The Mullin girls, after a hard fought won over team Number one.

Miss Ella Haskew Dean of Women has been ill for a day or two. According to report she is convalescing and will be able to meet classes tomorrow.

Dr. Davis returned last night from Birmingham, Ala. where he has been attending the national education meeting. He reports a good trip and says that he has traveled "fifteen hundred miles and made eight addresses" since he left here last week.

The Dramatic Club seems to be the liveliest organization on the campus at present, and credit is due Miss Antoinette Sparks, director, who, until Christmas, had been away on leave of absence. Their first play, "A Full House," is almost ready for presentation. The club is working hard for the past three or four weeks, and will be ready Friday, February 14, to take the play to Cross Cut.

MORTUARY

B. K. HAWKINS FUNERAL Funeral services for Bert K. Hawkins, veteran Santa Fe employee and for many years a prominent Mason of this city, will be held at 3 o'clock Tuesday afternoon at the Austin Avenue Presbyterian Church with Rev. R. B. Twitty, pastor, assisted by Dr. John Power, rector of St. John's Episcopal Church, officiating.

Soldier Stages One-Man Battle

MEXICO CITY, Feb. 11.—(P)—Residents of the suburb of Candelaria were awakened in the early hours of the morning by the staccato sound of rifle firing in the main street when a soldier was staging a one-man offensive. The soldier knelt, fired a clip of cartridges, reloaded, advanced several yards and repeated the performance. What he was firing at was a mystery, for ahead there was nothing but a deserted street.

Two Are Shot in Duel in Mexico

Daniel Baker College Notes

By GEORGE M. SULLIVAN One of the dearest friends and most loyal supporters that Daniel Baker has ever known passed from us Friday morning, Mr. Fred Lewis Hayes, citizen and civic worker of Brownwood, has ever been a loyal supporter, booster and friend of our institution.

Mr. Hayes was an educated man, a smart and experienced man. He attended the high schools, and he loved Daniel Baker.

Mr. Hayes was a lover of sports, following the cycle of sports the country over. He had been manager of professional baseball teams, coach and manager of football teams. His last love was the Brownwood athletic teams during the years he has been in Brownwood.

FEDERAL FARM FACTS

Soybeans, introduced into United States from Japan more than 100 years ago, have started to become widely used as a feed for livestock. Another use for the beans, the U. S. Department of Agriculture says, is as human food. Oil extracted from them is valuable.

Mrs. Q. M. Morris

Funeral services for Mrs. Alta Belle Morris, 28, wife of Quintman M. Morris, 1696 Belle Plain Avenue, were held at 1:30 Sunday afternoon from the Santa Anna Methodist Church at Santa Anna with the pastor, Rev. J. W. Blanket, officiating. Burial was made in the Santa Anna cemetery with Austin-Morris Company, Brownwood, directing.

Wasted Medicines

A member of the British parliament stated recently that every year more than 4,000,000 bottles of medicine are wasted because the average table-spoon holds more than four drams, which is the usual dose.

Watch the Pennies

Remember, "mony a mickle mak's a muckle"; and further, beware of little expenses; a small leak will sink a ship.—Franklin.

Little Items of Local Interest

Mr. and Mrs. John Veith have arrived from Palestine to make Brownwood their home. They are located in the Weatherly Apartments. Mr. Veith is a traveling salesman for the Gibson Art Co.

A new fountain has been purchased by the Harpers Confectionery and is being installed in the building today. This is an electric, fountain equipped fountain and of late type.

Dr. Katherine Postlewaite has arrived from El Paso to join her husband, Dr. Basil Postlewaite, chiropract and to make Brownwood their home. They are located at the Apex Apartments, 407 West Adams Street.

Howard Payne's girls basketball team defeated Mullin High School Tuesday night, 8 to 6 in a game played at the Brownwood Blanket championship battle. The Howard Payne team is coached by Toots Gilger, Yellow Jacket football star.

Brownwood High School's girls basketball team defeated the Mansfield High school Tuesday afternoon on the High School court, 30 to 18. Alma Webb, forward and Myra Bell Galbreath, center and captain, were the Brownwood stars of the game.

The girls basketball teams of Brownwood High School and Howard Payne College will clash on Thursday night at 7:30 o'clock in the Howard Payne gymnasium. These two teams are about equally matched and a good game should be seen when the two get together.

J. T. Stovall, agricultural director in the local schools, made a trip to Zephyr Monday afternoon to assist Hugh Driskill in choosing two pens of chickens to use for breeding purposes. Mr. Stovall culled a pen of Rhode Island Reds and a pen of White Leghorns and a pen of Rhode Island Reds, he also placed about 1,000 yard of terracing for Hugh Driskill. He said that Mr. Driskill was very interesting in improving both flocks and soil in a diversification program.

Captain and Mrs. John D. Robnett (SC) U. S. Navy, House "P" Navy Yard, Boston, are receiving congratulations on the birth of a grandson, Alfred Reed Peley, Jr., born in Shanghai, China, on February 5, 1930, to Lieutenant and Mrs. Alfred Reed Peley, U. S. Marine Corps. Mrs. Peley was formerly Miss Margery Idaline Robnett. They were married on April 18, 1928, at the First Baptist church, Back Bay, Boston, Mass.

Mrs. Elizabeth Jane McLean, 84, for 50 years a citizen of Brownwood and Brown county, died at 8:20 Tuesday night at the home of her son, S. A. McLean, at 1601 Brady Avenue. Mrs. McLean, with her late husband, came to this county 50 years ago and died at 32 years. Mrs. McLean had made her home in Brownwood. She was born October 17, 1845 in Missouri.

Funeral services for Mrs. McLean were held at noon Wednesday from the Jenkins Springs church with Rev. Blanket, officiating. Burial was made in the Jenkins Springs cemetery.

Mrs. McLean is survived by two sons, W. B. McLean of Melvin and S. A. McLean of Brownwood.

Zephyr

Rev. J. D. Smoot filled his regular appointment at the Methodist church Sunday and Sunday night.

Mr. J. L. VanZandt and family were shopping in Brownwood Saturday.

Messrs. Karney Kaser and R. T. Donaho were in Brownwood Sunday.

Mr. and Mrs. J. Melton were visiting in Brownwood Sunday.

Mr. L. T. Griffin was in Brownwood Saturday.

Mr. Warren Clark of Brownwood was in Zephyr Sunday.

Mr. and Mrs. J. H. Coffey were shopping in Brownwood Saturday.

Mr. and Mrs. Joe Lockett of Mullin were in Zephyr Friday.

Mr. J. L. Boland is visiting relatives at Colan.

Miss Ina Guthrie of Brownwood spent the week-end with Mary Belle Timmins of this place.

Miss Bernice Morris spent the week-end with home folks.

The 4H club met Friday night. A short program was given and new officers were elected. W. K. Cahler was re-elected president, May VanZandt was re-elected secretary and treasurer, J. L. VanZandt, Jewell Baker, Jean Couch, program committee.

Miss Maurine Hollingsworth was shopping in Brownwood Saturday.

Miss Lottie Beth Morris was shopping in Brownwood Saturday.

Cross Cut

Last Friday night, February 7, a box supper took place at the Cross Cut school building. The affair was a great success. Forty-nine dollars were received for the athletic fund.

Last Thursday night, February 6, Cross Plains Buffaloes were defeated by the Cross Cut boys. The score was 13-5. The Cross Cut girls also won the victory over the Cross Plains girls. The score was 5-15.

Mrs. Coy Ellison and Nelda Gregg attended the county tournament at Brownwood Friday, February 7th.

Mr. Joe Long of Bryds Store gave a party Saturday night, February 8. Misses Coy Ellison and Nelda Gregg attended the party. Messrs. Eldon Gregg, Alec Edwards and Bernard Griffin also attended the party. Every one enjoyed themselves.

Mr. McCasland: Fools can sometimes ask question that wise men can not answer.

Dubb: Is that the reason I failed on my last history test?

Mr. Hughes: Geraldine, what is a ten-letter word meaning hold-up?

Ceraline: S u s p e n d e r s. Mrs. Crothers: Chloee, make a sentence using climate.

Chloe: The pole is so greasy I can not climb it!

Mr. Hughes: Dubb, on your test paper write a joke.

Dubb wrote: Guernsey is a joke.

EXCAVATION FOR 12 STORY HOTEL BROWNWOOD BEGUN

A large crowd of interested citizens were on hand Monday to watch the starting of the excavation work on the site of Hotel Brownwood at the corner of Fisk Avenue and Baker Street. Gas was being piped to the steam shovel which was rented by the J. O. Everett Company from the Hall Brothers rock crusher and placed on the ground Wednesday. Excavations with the shovel were started at about 11 o'clock. Laborers will be put to work one day this week.

The hotel building will rise twelve stories instead of nine as in the original contract, stated Mr. Everett yesterday afternoon. Mr. Everett arrived in Brownwood Sunday evening to start the work.

Plans for changing the hotel from a nine story to a twelve story structure were submitted to him last Saturday and he signed the contract to the effect that his company would construct and finish nine stories of the hotel and build the exterior walls and the elevator shafts of the other three stories, adding a cost of \$30,000 to the original contract price. The former contracts including construction, plumbing and other contracts, amounted to approximately \$375,000, and thus the completed structure will represent an investment of well above \$400,000.

Use Home Products

Mr. Everett said that all clay products throughout the construction of the hotel would be made by the local brick plant and that the construction company would use local labor in so far as it was consistent with business.

W. B. Draper of Dallas, architect-

Andy Brown of Dallas, construction superintendent, arrived in Brownwood early this morning and will handle the construction end of the work for the contractors. Mr. Brown also said that local labor would be used and everything that goes into the building will be purchased here as far as possible. He said that instead of shipping in the tools used in the work that a great many of them would be bought from local companies. At different times there will be used in the work from thirty-five men to several hundred as the building progresses.

Mr. Everett in speaking of the new hotel said that it would be strictly modern in every way and would be just as good a hotel as found in the large cities. The latest type of elevators will be installed. There will be linen and trash chutes in every corridor. With every room in the hotel there will be also all the bath rooms with both tub and shower baths. The entire second floor of the hotel will be made into sample rooms. The lobby and the coffee shop will be attractively decorated and the whole exterior of the building will be stone trimmed.

The building will be a reinforced concrete structure and 325 tons of reinforcing steel will be used. The structure will be faced with red colored brick.

LIONS HEAR TALK ON INSIDE WORKINGS OF MAKING A NEWSPAPER

The Lions Club met in their regular Tuesday luncheon hour at the Southern Hotel today, holding a short but interesting meeting. Announcements, talks and initiation of new members made up the program.

In the attendance contest the Reds were ahead of the post-ponement of the joint civic clubs meet was made. The meet has been changed from February to March on account of the Chamber of Commerce banquet on the 25th of February.

An interesting talk was made by H. P. Mayes, publisher of The Bulletin, on "The Inside Workings of a Newspaper." This talk was in keeping with a decision made by the club some time ago to have every week some member of the club tell about some phase of his business.

Before adjournment the district meeting of Lions Clubs at Junction was discussed. It is probable that several members of the local club will attend the meeting.

Fire Causes Loss at Lumber Yard

A fire Monday morning completely destroyed a small workshop at the rear of the South Texas Lumber Company yard on Fisk Avenue. The small structure was in flames before being noticed and was practically burned before the fire company arrived and had water on the blaze.

Quick work of the company kept the high wind from sweeping the flames into nearby lumber sheds. A stack of large timbers beside the shop was damaged as was a pile of cedar poles. No estimate of damage had been reached at noon, and the origin of the fire was undetermined.

82nd Birthday Is Celebrated Sunday By Mrs. Millhollon

Mrs. S. J. Millhollon celebrated her eighty-second birthday last Sunday at her home, near Chapel Hill. Mrs. Millhollon, who makes her home with her son, Bart W. Millhollon, was honored with a birthday dinner given by her son and his wife and attended by a number of the immediate family, others having called during the afternoon to extend congratulations. Among the many gifts received was a large birthday cake topped with eighty-two candles, a gift of Mr. and Mrs. J. A. Boler. Attending the dinner besides the celebrant, Mrs. S. J. Millhollon and Mr. and Mrs. Bart Millhollon were: Mr. and Mrs. Lee Millhollon, Mr. and Mrs. J. A. Boler, Mr. and Mrs. Charles L. Camp, Mr. and Mrs. C. A. Ferguson, Mr. and Mrs. Joe M. Millhollon, Mr. and Mrs. Joe A. Taylor, Mr. and Mrs. Henry Millhollon; Messrs. John Ingram and George Keyser.

BERT HAWKINS SUCCEUMBS TO LONG ILLNESS

Funeral services for Bert K. Hawkins will be held at 3 o'clock Wednesday afternoon from the Austin Avenue Presbyterian Church, it was announced shortly before 3 o'clock today. Rev. R. E. Twitty, pastor, assisted by Dr. John Power, rector of St. Johns Episcopal Church, will be in charge of the services at the church.

Bert K. Hawkins, 62, for almost 40 years an employe of the Santa Fe and for the past 27 years general foreman at the Santa Fe roundhouse in Brownwood, died at 10:30 Monday night at the Santa Fe Hospital in Temple, where he had been under medical care the past four and one half months. Mr. Hawkins had been in very poor health since last June, in fact he had been able to work only three weeks since that time. His death is attributed to heart trouble and a general physical breakdown.

The body will arrive in Brownwood tonight on the Santa Fe from Temple and funeral services will be held Wednesday, the hour not having been determined shortly after noon today. Burial will be made in Greenleaf Cemetery with the Masons in charge at the grave.

Mr. Hawkins has long been prominent as a railroad man and as a leader in Masonic circles in Brownwood and throughout the state. Mr. Hawkins entered the service of the Santa Fe in May, 1891 at Temple where he worked as a machinist and foreman until July, 1892 when he resigned. He re-entered the Santa Fe service in March, 1893 and in June of that year he was transferred from Temple to Goldsboro, then the terminus of the Santa Fe. The following year, 1894, Mr. Hawkins was transferred to Brownwood, which that year became the terminus of the Santa Fe out of Temple. He resigned his position as foreman with the Santa Fe here in 1895, but in March, 1896 he re-entered the Santa Fe service in Brownwood as foreman at the roundhouse. In February 1902, Mr. Hawkins was transferred to Beaumont as master mechanic and foreman but in October of that year he returned to Brownwood on account of his health and from that time to the time of his death, he had served as roundhouse foreman in this city. Flags at the roundhouse were at half mast today out of respect for Mr. Hawkins.

Mr. Hawkins, as stated, was also very active in Masonic circles. He was a member of the Blue Lodge, Chapter, Council and Commandery and during the years that he was actively engaged in Masonic work he filled all the various offices in the bodies in which he held membership. In 1918-1919, Mr. Hawkins served as Grand High Priest of the Royal Arch Chapter of Texas and after serving in this capacity, he was appointed a member of the Board of Directors of the Aged Masons Home in Arlington and he continued to be a member of this board until his death.

Birthday Dinner Marks Anniversary For W. G. Grady

Mrs. W. G. Grady and daughter Misses Maggie and Eulalia, entertained with a surprise birthday dinner Sunday to honor the seventy-first birthday of W. G. Grady.

The dining table was centered with a large cake topped with seventy-one burning candles, with roses and ferns to add beauty to the setting. A turkey dinner was served. Places were laid for Mr. and Mrs. Grady, Mr. and Mrs. Dick Grady, C. M. Grady, Mr. and Mrs. Cecil Grady, Grady Anderson, Ray Wooten, Charlie and Henry Grady, Mr. Clark and son of Indian Creek, and Mr. and Mrs. W. R. Kelly, Mrs. A. G. Smith and V. L. Grady of Santa Anna.

Veterans to Meet at Old Home of Jefferson Davis

T. A. Witcher makes the following announcement concerning the Confederate Veterans Reunion which will convene at Jefferson Davis' old home near the Mississippi River from June 2nd to 6th. The state of Mississippi has appropriated \$40,000 for the entertainment of the veterans. Railroad fares has been reduced for the veterans to one cent a mile each way.

Local Officers Go To Coleman Banquet

Three officers of the local national guard company attended the banquet of the B company of the Texas National Guard at Coleman Tuesday night. Those who went to the banquet were Lieutenants Rex Gauthier and wife, Lieutenant J. S. Palmer and Lieutenant Gus Rosenberg, who was accompanied by Miss Aletta Benninger.

The banquet was an elaborate affair and more than 100 were present, including the Coleman, officers and wives and mothers of the members of the company and the city officials of Coleman, who were honor guests of the guard and several friends from nearby towns.

The hall was filled and a good program was given by local talent of Coleman and this with the good food was enjoyed.

Predicts a Low Yield of Onions

LAREDO, Texas, Feb. 12.—(P)—Roy Campbell, collector of customs of the Laredo district and well known agriculturalist of South Texas, predicts the lowest yield per acre of Bermuda onions in Southwest Texas since 1918.

The forecast was made after a survey by Mr. Campbell of the section from Raymondville in the Lower Rio Grande Valley, through the Laredo district to Eagle Pass. The effect of the damage by the cold weather has been exaggerated, Mr. Campbell said, and while the maturity of the crop has been retarded to some extent, that also has been exaggerated.

"In 1929 we began shipping onions from the Raymondville section about March 15, and from the Laredo section about April 1st. Up to and including April 8, 1929, there were 638 carloads shipped. Up to the 15th there were 1,234 carloads shipped in 1929.

Methodist Standard Training School to Begin Next Sunday

The Standard Training School for Brownwood Methodism will begin at 3 o'clock next Sunday, February 16 at the First Methodist church, and continues through Friday night. Two classes will be held Sunday afternoon and two in the evening. Every day afterwards until Friday there will be taught two classes every night. The three Methodist churches here and the churches in the surrounding communities are cooperating to make the school a success.

The following courses will be offered in the school: Junior Materials and Methods, instructor Mrs. Clay E. Smith; Religious Education of Young People, instructor Mrs. T. Wesley Hook; Worship, instructor Rev. J. I. Patterson; Old Testament Survey, instructor Dr. William H. Coleman; The Methodist Church and its Work, instructor Rev. E. H. Lightfoot.

The text books to be used in the school are now at the First Methodist church and will be issued to anyone wanting to attend the school. It would be well to get the books and read them through before the school begins, state instructors.

The board of managers for the school are: Dr. William H. Coleman, Rev. P. T. Stanford, Walter Helmecke, Rev. W. J. Cloud, Rev. J. S. Cook, A. D. Murphy, Rev. Paul W. Utley and A. J. Williams.

The following were selected as committee chairmen: Publicity, A. D. Murphy; Books, Rev. P. T. Stanford; Finance, H. F. Mayes and C. M. Carpenter; Enrollment, Mrs. William H. Coleman and Mrs. E. M. Boon; Entertainment, Mrs. E. M. Boon and Mrs. S. E. Morris; Educational Director, Rev. J. I. Patterson; Arrangement, Thad E. Son.

The school is expected to be largely attended and those who have been appointed to the various offices of directing the school are putting forth their best efforts to make the school a wonderful success, it was said today.

Are Bettis & Gibbs Home Merchants?

Certainly all the old timers know the Bettises & Gibbes—but perhaps in our fast growing city there are many more recent citizens who are interested to know the history of these people.

First we are going to tell you about the Gibbes—O. H. Gibbes and wife, Alice Gibbes, some forty-eight years ago came to Brown county and settled near what is now known as the town of May, Texas. When the people found the cotton industry profitable he put in one of the first cotton gins near May, Texas, later locating his gin and family in May. Four children were born—Leona Gibbes, Winnie Gibbes, Barney Gibbes and Henry Gibbes. These children were educated in Brownwood schools and colleges.

Now the Bettises—Mr. B. H. Bettis would not have known that he was not born in Brown county if his parents had not told him he was born in Alabama. Mr. Bettis' parents settled in Brown county, near the town of Blanket when Mr. Bettis was a very small boy. Mr. Bettis now lives at May, Texas, where he has been engaged in the mercantile business for many years. He has reared a large family of both

boys and girls—all have been and are being educated in Brownwood schools.

Joe M. Salyer Is Seeking Office District Clerk

Joe M. Salyer, a citizen of Brown county for thirty-two years, announces that he is a candidate for the office of District Clerk of Brown county, subject to the action of the voters in the Democratic primaries. Mr. Salyer is acquainted with almost every resident of the county, and becomes a candidate for the first time in his life. Mr. Salyer's education includes one year in S. M. U. and one year

at the Texas A. & M. College. He owns and operates his own farm. "I am confident of my ability to handle this position satisfactorily, and if elected promise faithful and efficient service. A large number of my friends have urged me to make this race, and I am very grateful to them for the pledges to support me. I shall endeavor to meet all the voters of the county during the coming months, and will appreciate a careful examination of my record as a citizen and of my fitness for the office which I seek," Mr. Salyer says in offering his candidacy to the public.

Food Values
The Department of Agriculture says that there are 750 calories per pound in eggs. Beef contains about 1,000 calories per pound, depending upon the age and quality of fat. Since eggs are measured 10 to 13 per pound, it would appear that it would take between 15 and 20 eggs to equal a pound of beef in calorie food value.

SUBSCRIPTION \$1.00 per Year.

The Proposed Oil Tariff

THE TEXAS State senate the other day rejected a resolution by C. C. Small of Wellington which asked Texas Congressmen to support the proposed tariff of one dollar per barrel upon oil.

Everybody wants the oil producers to prosper, because when they are prospering they spend much of their profits in the exploration of new fields, and the operation of their business is a tremendous stimulant in all lines of commerce and industry.

Something ought to be done to the law so as to take care of cases like this one.

Cotton Market Collapses

GENUINE alarm is felt throughout the cotton growing region as the futures market steadily declines. A total loss of about \$12 per bale has been recorded during the past three weeks, as a result of the release of large quantities of cotton that had been held off the markets.

Not Seeking Negro Votes

HOWEVER unwise the recent action of the State Democratic Executive Committee may have been and to very unwise indeed, we do not believe the Committee was deliberately bidding for the support of negro voters as is charged by Mr. Alvin Moody, titular head of the "Anti-Tammany" Democrats, and by Thomas B. Love, candidate of that faction for the Governorship.

Two Are Shot in Duel in Mexico

MEXICO CITY, Feb. 11.—(AP)—Jose Angel Trujillo, mayor of Toluca, Jalisco, and Juvenio Munoz, former rebel chief, shot each other to death in a duel in the main plaza of that town, says a dispatch to La Prensa.

EXCAVATION FOR 12 STORY HOTEL BROWNWOOD BEGUN

A large crowd of interested citizens were on hand Monday to watch the starting of the excavation work on the site of Hotel Brownwood at the corner of Fisk Avenue and Baker Street. Gas was being piped to the steam shovel which was rented by the J. O. Everett Company from the Hall Brothers rock crusher and placed on the ground Wednesday. Excavations with the shovel were started at about 11 o'clock. Laborers will be put to work one day this week.

The hotel building will rise twelve stories instead of nine as in the original contract, stated Mr. Everett yesterday afternoon. Mr. Everett arrived in Brownwood Sunday evening to start the work.

Plans for changing the hotel from a nine story to a twelve story structure were submitted to him last Saturday and he signed the contract to the effect that his company would construct and finish nine stories of the hotel and build the exterior walls and the elevator shafts of the other three stories, adding a cost of \$30,000 to the original contract price.

Use Home Products

Mr. Everett said that all clay products throughout the construction of the hotel would be made by the local brick plant and that the construction company would use local labor in so far as it was consistent with business.

W. B. Draper of Dallas, architect.

Andy Brown of Dallas, construction superintendent, arrived in Brownwood early this morning and will handle the construction end of the work for the contractors, Mr. Brown also said that local labor would be used and everything that goes into the building will be purchased here as far as possible. He said that instead of shipping in the tools used in the work that a great many of them would be bought from local companies. At different times there will be used in the work from thirty-five men to several hundred as the building progresses.

Mr. Everett in speaking of the new hotel said that it would be strictly modern in every way and would be just as good a hotel as found in the large cities. The latest type of elevators will be installed. There will be linen and trash chutes in every corridor. With every room in the hotel there will be also all the bath rooms with both tub and shower baths. The entire second floor of the hotel will be made into sample rooms. The lobby and the coffee shop will be attractively decorated and the whole exterior of the building will be stone trimmed.

The building will be a reinforced concrete structure and 325 tons of reinforcing steel will be used. The structure will be faced with red colored brick.

LIONS HEAR TALK ON INSIDE WORKINGS OF MAKING A NEWSPAPER

The Lions Club met in their regular Tuesday luncheon hour at the Southern Hotel today, holding a short but interesting meeting. Announcements, talks and initiation of new members made up the program.

In the attendance contest the Reds were ahead by one member. Announcement of the postponement of the joint civic clubs meet was made. The meet has been changed from February to March on account of the Chamber of Commerce banquet on the 25th of February.

An interesting talk was made by H. F. Mayes, publisher of The Bulletin, on "The Inside Workings of a Newspaper." This talk was kept with a decision made by the club some time ago to have every week some member of the club tell about some phase of his business. Mr. Mayes' talk was enjoyed very much by the other members and some real facts connected with the newspaper game were learned.

Two new members, O. L. Billings and Homer Clark, were initiated into the club. Before adjournment the district meeting of Lions Clubs at Junction was discussed. It is probable that several members of the local club will attend the meeting.

Fire Causes Loss at Lumber Yard

A fire Monday morning completely destroyed a small workshop at the rear of the South Texas Lumber Company yard on Fisk Avenue. The small structure was in flames before being noticed and was practically burned before the fire company arrived and had water on the blaze.

Quick work of the company kept the high wind from sweeping the flames into nearby lumber sheds. A stack of large timbers beside the shop was damaged as was a pile of cedar poles. No estimate of damage had been reached at noon, and the origin of the fire was undetermined.

The clouds of smoke and cinders caused a large crowd to gather from the business district and from other parts of the town.

82nd Birthday Is Celebrated Sunday By Mrs. Millhollon

Mrs. S. J. Millhollon celebrated her eighty-second birthday last Sunday at her home, near Chapel Hill. Mrs. Millhollon, who makes her home with her son, Earl W. Millhollon, was honored with a birthday dinner given by her son and his wife and attended by a number of the immediate family, others having called during the afternoon to extend congratulations. Among the many gifts received was a large birthday cake topped with eighty-two candles, a gift of Mr. and Mrs. J. A. Boler. Attending the dinner besides the celebrant, Mrs. S. J. Millhollon and Mr. and Mrs. Bart Millhollon, were: Mr. and Mrs. Lee Millhollon, Mr. and Mrs. J. A. Boler, Mr. and Mrs. Charles L. Camp, Mr. and Mrs. C. A. Ferguson, Mr. and Mrs. Joe A. Millhollon, Mr. and Mrs. Joe A. Taylor, Mr. and Mrs. Henry Millhollon; Messrs. John Ingram and George Keyser.

BERT HAWKINS SUGGUMBS TO LONG ILLNESS

Funeral services for Bert K. Hawkins will be held at 3 o'clock Wednesday afternoon from the Austin Avenue Presbyterian Church, it was announced shortly before 3 o'clock today. Rev. E. B. Twitty, pastor, assisted by Dr. John Power, rector of St. Johns Episcopal Church, will be in charge of the services at the church.

Bert K. Hawkins, 62, for almost 40 years an employe of the Santa Fe and for the past 27 years general foreman at the Santa Fe roundhouse in Brownwood, died at 10:30 Monday night at the Santa Fe Hospital in Temple, where he had been under medical care the past four and one half months. Mr. Hawkins had been in very poor health since last June. In fact he had been able to work only three weeks since that time. His death is attributed to heart trouble and a general physical breakdown.

The body will arrive in Brownwood tonight on the Santa Fe from Temple and funeral services will be held Wednesday, the hour not having been determined shortly after noon today. Burial will be made in Greenleaf Cemetery with the Masons in charge at the grave.

Mr. Hawkins has long been prominent as a railroad man and as a leader in Masonic circles in Brownwood and throughout the state. Mr. Hawkins entered the services of the Santa Fe in May, 1891 at Temple where he served as machinist and foreman until July, 1892 when he resigned. He re-entered the Santa Fe service in March, 1893 and in June of that year he was transferred from Temple to Goldthwaite, then the terminus of the Santa Fe. The following year, 1894, Mr. Hawkins was transferred to Brownwood, which that year became the terminus of the Santa Fe out of Temple. He resigned his position as foreman with the Santa Fe here in 1895, but in March, 1896 he re-entered the Santa Fe service in Brownwood as foreman until 1902. In February 1902, Mr. Hawkins was transferred to Beaumont as master mechanic and foreman but in October of that year he returned to Brownwood on account of his health and from 1902 until the time of his death, he had served as roundhouse foreman in this city. Flags at the roundhouse were at half mast today out of respect for Mr. Hawkins.

Mr. Hawkins, as stated, was also very prominent in Masonic circles. He was a member of the Blue Lodge, Chapter, Council and Commandery and during the years that he was actively engaged in Masonic work he filled all the various offices in the bodies in which he held membership. In 1918-1919, Mr. Hawkins served as Grand High Priest of the Royal Arch Chapter of Texas and after serving in this capacity, he was appointed a member of the Board of Directors of the Aged Masons Home in Arlington and he continued as a member of this board until his death.

Mr. Hawkins was born May 15, 1867 at Creston, Iowa, where he was reared and where he received his apprenticeship in his chosen trade with the Burlington System. Mr. Hawkins came to Texas in 1891 and shortly afterward entered the service of the Santa Fe at Temple.

Mr. Hawkins is survived by his widow and two daughters, these being Mrs. A. E. Orts and Mrs. Billy Caudle, both of Brownwood.

Birthday Dinner Marks Anniversary For W. G. Grady

Mrs. W. G. Grady and Eulalia, daughters Misses Maggie and Eulalia, entertained Sunday with a surprise birthday dinner Sunday to honor the seventy-first birthday of W. G. Grady.

The dining table was centered with a large cake topped with seventy-one burning candles, with roses and ferns to add beauty to the setting. A turkey dinner was served. Plates were laid for Mr. and Mrs. Grady, Mrs. and Mrs. Dick Grady, C. M. Grady, Mr. and Mrs. Creel Grady, Grady Anderson, Ray Wood, Charlie and Henry Grady, Mr. Clark and son of Indian Creek, and Mr. and Mrs. W. R. Kelly, Mrs. A. G. Smith and V. L. Grady of Santa Anna.

Veterans to Meet at Old Home of Jefferson Davis

T. A. Witcher makes the following announcement concerning the Confederate Veterans Reunion which will be held at the Old Home of Jefferson Davis, near the Mississippi river from June 2nd to 6th. The state of Mississippi has appropriated \$40,000 for the entertainment of the veterans. Railroad fares has been reduced for the veterans to one cent a mile each way.

Local Officers Go To Coleman Banquet

Three officers of the local national guard company attended the banquet of the B company of the Texas National Guard at Coleman Tuesday night. Those who went to the banquet were Lieutenant Rex Gaither and Lieutenants J. S. Palmer and Lieutenant Gus Rosenberg, who was accompanied by Miss Aletta Benninger.

The banquet was an elaborate affair and more than 100 were present, including the company at Coleman, officers and wives and mothers of the members of the company and the city officials of Coleman, who were honor guests of the guard and several friends from nearby towns.

The hall was filled and a good program was given by local talent of Coleman and this with the good food was enjoyed.

Lieutenant Rosenberg said that he was well pleased with the affair and was surprised that a national guard company could furnish such an affair with all members present and the attentiveness of Coleman, as shown by the Coleman company.

Predicts a Low Yield of Onions

LAREDO, Texas, Feb. 12.—(AP)—Roy Campbell, collector of customs of the Laredo district and well known agriculturalist of South Texas, predicts the lowest yield per acre of Bermuda onions in Southwest Texas since 1918.

The forecast was made after a survey by Mr. Campbell of the section from Raymondville in the Lower Rio Grande Valley, through the Laredo district to Eagle Pass. The effect of the damage by the cold weather has been exaggerated, Mr. Campbell said, and while the maturity of the crop has been retarded to some extent, that also has been exaggerated.

"In 1929 we began shipping onions from the Raymondville section about March 15, and from the Laredo section about April 1st. Up to and including April 8, 1929, there were 838 carloads shipped. Up to the 12th there were 1,234 carloads shipped in 1929.

Methodist Standard Training School to Begin Next Sunday

The Standard Training School for Brownwood Methodism will begin at 3 o'clock next Sunday, February 16, at the First Methodist church, and continues through Friday night. Two classes will be held Sunday afternoon and two in the evening. Every day afterwards until Friday there will be taught two classes every night. The three Methodist churches here and the churches in the surrounding communities are cooperating to make the school a success.

The following courses will be offered in the school: Junior Materials and Bible instruction, Mrs. Clay E. Smith; Religious Education of Young People, instructor Mrs. T. Wesley Hook; Worship, instructor Rev. J. I. Patterson; Old Testament Survey, instructor Dr. William H. Coleman; The Methodist Church and its Work, instructor Rev. E. H. Lightfoot.

The text books to be used in the school are now at the First Methodist church and will be issued to anyone wanting to attend the school. It would be well to get the books and read them through before the school begins, state instructors.

The board of managers for the school are: Dr. William H. Coleman, Rev. P. T. Stanford, Walter Helmcke, Rev. W. J. Cloud, Rev. J. S. Cook, A. D. Murphy, Rev. Paul W. Utley and A. J. Williams.

The following were selected as committee chairmen: Publicity, A. D. Murphy; Books, Rev. P. T. Stanford; Finance, F. Mayes; and G. M. Carpenter; Enrollment, Mrs. William H. Coleman and Mrs. E. M. Boon; Entertainment, Mrs. E. M. Boon and Mrs. S. E. Morris; Educational Director, Rev. J. I. Patterson; Arrangement, Thad E. Son.

The school is expected to be largely attended and those who have been appointed to the various offices of directing the school are putting forth their best efforts to make the school a wonderful success, it was said today.

Are Bettis & Gibbs Home Merchants?

Certainly all the old timers know the Bettises & Gibbs—but perhaps in our fast growing city there are many more recent citizens who are interested to know the history of these people.

First we are going to tell you about the Gibbses—O. H. Gibbs and wife, Alyce Gibbs, some forty-eight years ago came to Brown county and settled near what is now known as the town of May, Texas. When the people found the cotton industry profitable he put in one of the first cotton gins near May, Texas, later locating his gin and family in May. Four children were born—Leona Gibbs, Winnie Gibbs, Barney Gibbs and Henry Gibbs. These children were educated in Brownwood schools and colleges.

Now the Bettises—Mr. B. H. Bettis would not have known that he was not born in Brown county if his parents had not told him he was born in Alabama. Mr. Bettis' parents settled in Brown county, near the town of Blanket when Mr. Bettis was a very small boy. Mr. Bettis now lives at May, Texas, where he has been engaged in the mercantile business for many years. He has reared a large family of both boys and girls—all have been and are being educated in Brownwood schools.

Henry Gibbs is manager of the Brownwood store, as this store progressed it enabled these people to put in another store. Mrs. Winnie Gibbs Blatherwick is manager of the Coleman store, Mrs. Leona Gibbs Sturges and husband manage the Ballinger store. All stores are located as near Brownwood as possible. These people are certainly progressive home merchants—they solicit your business on the merits of the merchandise they sell and the service they render to their customers and the community.

Joe M. Salyer Is Seeking Office District Clerk

Joe M. Salyer, a citizen of Brown county for thirty-two years, announces that he is a candidate for the office of District Clerk of Brown county, subject to the action of the voters in the Democratic primaries. Mr. Salyer is acquainted with almost every resident of the county, and becomes a candidate for the first time in his life.

Mr. Salyer's education includes one year in S. M. U. and one year

at the Texas A. & M. College. He owns and operates his own farm. "I am confident of my ability to handle this position satisfactorily, and if elected promise faithful and efficient service. A large number of my friends have urged me to make this race, and I am very grateful to them for the pledges to support me. I shall endeavor to meet all the voters of the county during the coming months, and will appreciate a careful examination of my record as a citizen and of my fitness for the office which I seek." Mr. Salyer says in offering his candidacy to the public.

Food Values

The Department of Agriculture says that there are 770 calories per pound in eggs. Beef contains about 1,000 calories per pound, depending upon the age and quality of fat. Since eggs are measured 10 to 15 per pound, it would appear that it would take between 15 and 20 eggs to equal a pound of beef in calorie food value.

DUKE & AYRES TO OPEN NEW STORE FRIDAY

Duke & Ayres, 5 cent to one dollar store will open in its new location at 205 Center Avenue on Friday and Saturday, February 14 and 15.

The remodeling of the store has been going on for several days and the merchandising of the store started last week. All new fixtures were specially built here and some of the most modern and up to date ideas have been put into use in the store. Special counters and shelves have been built and a special jewelry case has been made and installed at the head of the other counters. It is arranged so as to be artificially lighted and is something new in display cases.

New ceiling lights have been installed, the walls painted and papered and a complete rearrangement of the furnishings have been finished. A new idea in show windows, which are completely backed with mirrors, has also been put in effect and an attractive display is the result.

Carpenter and painters are just now putting on the final touches, but several clerks have been busy for days in merchandising the store. The goods are unpacked and arranged in the proper places, marked and checked for the opening date. All new merchandise is being used and has been very attractively arranged on the counters.

Invitation to Public O. W. Oney, district manager of 19 Duke & Ayres stores in Texas, a brother of J. B. Oney, local manager, is supervising the opening. He stated today that everything would be in readiness tonight for the opening on Friday morning. He said that all the people of the city were invited to come and inspect the store regardless of whether they wanted to buy or not. Everyone, he said, is welcome to visit the store in its new location and see the great improvement in this new store over the old one on West Baker. Everything is modern and all new ideas are being put into practice, further stated Mr. Oney. This is the last store that the company has built and is better because of the experience gained in remodeling and building the other stores.

About twelve clerks were used in

the merchandising of the store and Mr. Oney said that from fifteen to twenty would be used during the opening days. Two new men Charles Sansing of Mexia and Oliver Love of Belton, have been added permanently to the store force. They will make their home in Brownwood and assist J. B. Oney in conducting the two stores here.

Former Store Continues

The new store will open Friday, but the old store on West Baker will still be maintained for probably eighteen months yet. J. B. Oney will have charge of both the stores until the old location is closed out. Then, it is said, he will continue in charge of the new store altogether. Mr. Oney is also very enthusiastic about the new location and the wonderful improvement. He feels that it is a step forward in the progress of the store and city. He welcomes all to the opening Friday morning, he says.

BANGS METHODIST ACTIVITIES

BANGS, Texas, Feb. 5.—(Sp)—A splendid interest was shown at the Epworth League last Sunday evening. The attendance was much better, but it is not what it should be and we trust every young person in the church and those who have no church home will accept our very cordial invitation to join us next Sunday at 6 p. m. in the devotional service. The following program has been arranged:

Subject: "The Fundamentals of Christian Living Revealed in Play" Song: "True Hearted, Whole Hearted."

Prayer, by the President, Prof. W. C. Mitchell. Scripture Reading, by Hope Schulte.

Piano Solo, by Miss Lillie Pearl Alcorn. What is Play?, by Miss Eluid Gwathmey.

The Challenge of Play, by Miss Ruby Lois Layman. Benefits of Play, by Audrey Dabbs. League Benediction, by all.

A large crowd filled the church last Sunday and many took part in the pioneer service. It was indeed interesting to hear from the lips of charter members some of the early history of our organization.

Starting under an old brush arbor with some dozen or more members, preaching in the old school house for six or seven years, and then building the first church were some of the things brought out. The present building is the second house of worship since organization and many of the charter members are living in the community. This service was followed with the sermon which was delivered by our good presiding elder Dr. W. H. Coleman. The message was timely and appre-

ciated by every one present. The women of the church served lunch and this also was greatly enjoyed by some two-hundred people. Among the visitors were J. W. Shore and wife of Coleman, Jesse Shore and wife of Coleman. The churches of the charge were well represented in the First Quarterly Conference which followed lunch. The Womens' Missionary Societies met in joint session for mission study Monday afternoon with Mrs. Maude Williams leader. The societies are working on a play which will be given in the near future, for the benefit of piano fund. Title, "A Howling Success". The Sunday school attendance was the largest we have had for several years.

REPORTER

BANGS, Feb. 12.—(Sp)—A committee was appointed at the joint session of the Young Women's and the Senior Missionary Societies to select characters for the play, "A Howling Success." There will be some twenty or more taking part, and all will be men except one. The tentative date has been set for Tuesday evening, February 18th. We extend a very hearty invitation to all surrounding communities to come out and enjoy the best play of the season. If you can't laugh, better stay at home. The regular business meeting will be held on next Monday afternoon at 2:30 p. m.

The funeral service of W. F. Norton, age 83, was conducted at the Methodist Church on last Tuesday at 2:30 p. m. The pastor, Rev. Paul W. Utley had charge of the service and was assisted by Rev. West of Santa Anna and Brother Tucker of Bangs.

We are indeed happy over the increased attendance and interest in our Sunday school. Special attention is being given to the new "Program of Work" which is designed to enlist every member of the church in the Sunday school. It is our desire to bring the homes of our people into a close and vital relationship with the work of the school. Our teachers are taking more interest in the "Leadership Training" and we hope to enlist many in the school which will start in Brownwood on February 16th. Our pastor, Rev. P. W. Utley is attending the Conference Leadership School at Fort Worth this week. The next Workers Council will meet in the home of Mrs. Maude Williams on Monday evening, February 24th.

The Epworth League will meet at the regular time next Sunday evening with an interesting program. Come out and see the work this group is doing.

Miss Myrtle Gaines, who has been the Scott and White Hospital, Temple, has returned home. We are glad to report Miss Myrtle is much better and we hope her complete recovery is near.

There will be preaching next Sunday both morning and evening. The pastor will fill the pulpit, using the text, "Our Glorious Heritage" and at 7 o'clock, "Opportunity."

Inspector Praises the Schools at Richland Springs

RICHLAND SPRINGS, Tex., Feb. 12.—(Sp)—The Richland Springs schools were praised by the inspector from the Department of Education, Miss Opal Gilstrap. In the report received she commended the school for its effective organization, administration, quality of work observed and care given buildings and property.

Richland Springs has advanced ahead of most towns in matters educational and prides itself in its good schools. It is working on a consolidation plan that will ultimately make it a large, strong school and district, and give opportunity to all rural schools about. Vocational courses are planned when the plan is carried through.

Gentle "Help"

Ticker's Tips

Dear Friends: I don't want to pry into the personal affairs of any of you, young men here in Brownwood, and you can have a sweet Sheba or not for all I care.

Of course, it's better for the jewelry business if you have several.

But whether you have one or many, it's a mighty good idea to send her some kind of a Valentine. If you want to make a regular hit with her just tuck one of those beautiful Zircon Stone Set Rings from the ARMSTRONG JEWELRY CO.'s Store into the mail box for her, and the next time you're out with her, Boy, Oh, Boy.

Then we have pretty nifty Valentines also, the kind that don't strain your old pocket book either, for Sweetie, and Mother, Little Sister and even for Dad.

But take my advice and don't fail to send HER a Valentine.

TICKER.

P. S. Say, if you want to help me, buy your Jewelry this week, the Boss is out of town, and if we do good business maybe he will think my ad did the job and give me a raise.

INVESTIGATING REPORT WATER CONTAMINATION AROUND BRECKENRIDGE

AUSTIN, Texas, Feb. 11.—(AP)—Reported contamination of the water supply of Breckenridge and other towns in that section of the state as a result of cattle being frozen in the streams is being investigated by the state health department. The condition is blamed on the recent extreme cold weather in which a number of cattle is believed to have perished.

An order was issued by the health officer requiring a survey of all streams with the view of eliminating possible pollution quickly. Warning also was issued to water companies to inspect their sources of supply to prevent a grave situation.

Sounds O. K.

To hunt on a farmer's land in many places in Germany, it is first necessary to get permission. A price is set on every piece of game taken off his land, and he usually is paid the market price for the game.

PLANT WESTERN PECAN TREES

Our trees range to 7 years old. 10 feet high, priced 25c up. We survey, plant, and top-work.

LIONS WALLOP BLANKET HIGH IN FAST GAME

BROWNWOOD High School's undefeated Lions annexed the 1930 basketball championship of Brown county Tuesday night by defeating the fast Blanket High School quintet in a spirited battle on the Howard Payne court by a 24 to 19 count.

Blanket took the lead in the second quarter and was never headed by the Class B champions, the game was one of those hard fought affairs that was not decided until the closing seconds of the battle.

Brownwood's best defense that allowed Whitmore and Bragg, Blanket sharpshooters, very few shots at the basket, was perhaps the turning point of the battle but all the credit does not go to the Lions defensive game because of the individual star of the game, Tongate.

Harris Did His Stuff
But the entire Brownwood team played jam up good basketball, especially did Bull Face Harris turn in a first class exhibition.

Tongate Broke The Ice
Tongate opened the night's scoring with a field goal, this coming after several minutes of milling. But immediately after Tongate looped a two point counter, Bragg came right back with a field goal and after a lapse of two or three minutes, Bragg registered again, this giving Blanket the lead for the only time during the game.

Chicks from best blood-tested flocks. — Witcher Produce Co.

free shot for Blanket this being the only counter for the Class B champions during the second quarter. Harris contributed three more points to the Lions' total before the half ended which gave the Lions a 11-8 lead.

Shortly after play was resumed Taylor and Tongate registered field goals to swell the Lions total to 15, thus giving Brownwood a ten point advantage. Blanket rallied at this stage of the game and before the rally was halted the Class B champions had accounted for seven points, bringing the count to 15-12.

Thrilling Finish
Henderson opened the scoring business in the fourth quarter with a field goal but this was more than offset by a free pitch by Harris and Tongate's sixth goal of the game. Gleaton, who went in for Bragg after three minutes of play in the last period, registered a field goal and Henderson counted another which with Gleaton's gratis shot, brought the speeding Blanket leads to within one point of the Lions at 20-19.

MARRIAGE ANNOUNCED
Mr. and Mrs. Charles L. Faulkinberry announce the marriage of their daughter, Anice to Mr. Eulas Oliver on Sunday morning, February the ninth at eight o'clock. Rev. A. E. Prince, D. D. officiated. The ceremony was performed at the home of Dr. A. E. Prince in the presence of the brides parents, Mr. and Mrs. Charles L. Faulkinberry, her sister, Miss Maxine Faulkinberry and Miss Gladys Hagen and Mr. Russell McBroom.

Commissioners in Regular Session Monday; Pay Bills
Commissioners Court met in regular session Monday at the court house and attended routine business matters. Bills were passed on and the treasurer authorized to pay them.

Tunnels in Washington
There are tunnels to both the senate and house office buildings in the national capital. In the one leading to the senate office building there is a monorail electric car system. This convenience has not been installed in the tunnel leading to the house office building. A tunnel for transmission of books connects the Library of Congress with the Capitol.

Nugget of Wisdom
Let us be of good cheer, however, remembering that the misfortunes hardest to bear are those which never come.—Detroit News.

Most Coast Line
Michigan has by far the greatest coast line of any state.

County Teams Named By Coaches-Officials

FIRST TEAM	POSITION	SECOND TEAM
W. McBride, May	Forward	Lancaster, May
C. Chrane, Early	Forward	Page, Early
Whitmore, Blanket	Center	Turpin, May
Bragg, Blanket	Guard	Stevens, May
Wheeler, Williams	Guard	Henderson, Blanket

Honorable mention: G. Chrane (Early); R. Nedson (Clio); Horner (Zephyr); Tidwell (Blanket); Thompson (Blanket); Morris (Woodland Heights); Polk (Woodland Heights); H. McBride (May); Patslek (BrooksSmith); Gentry (BrooksSmith); Ray (Bangs); Pike (Bangs); Griffin (Cross Cut).

J. W. Patterson Funeral Was Held Here Wednesday
Funeral services for J. W. Patterson, 57, who died Sunday noon at his home in Santa Anna, were held from the Melvin Funeral Parlor at 10 o'clock Wednesday morning with Dr. A. E. Prince, pastor of First Baptist Church, officiating. Burial was made in Greenleaf cemetery with the Brownwood Masonic lodge in charge of services at the grave.

Mr. Patterson died suddenly Sunday noon. He was born March 15, 1872, in Calhoun county, Mississippi. Until two years ago he had made his home in Brownwood and Brown county for 25 years or more. He reared his family in Brownwood, educating his children in Brownwood public schools and at Howard Payne College. About two years ago he moved to New Mexico but a little more than one month ago, he moved to Santa Anna.

Mr. Patterson is survived by his wife and five children, the children being Mrs. A. W. Gibson, of Lamesa; H. L. Patterson, of Las Cruces, New Mexico; Mrs. H. L. Craven, of Lamesa; J. P. Patterson, of Los Angeles and Mrs. Fulton Emerson of Big Lake. Two brothers, Joe Patterson, of San Antonio, George Patterson of Houston, and three sisters, Mrs. Lon Hill, Mrs. Ada Kozart and Mrs. Della Smith, all of Santa Anna, also survive.

Commissioners in Regular Session Monday; Pay Bills
Commissioners Court met in regular session Monday at the court house and attended routine business matters. Bills were passed on and the treasurer authorized to pay them. Some instances of people in the county who were in need and whose condition called for county aid were cited and these cases passed on. Certain bills for two given another.

A. Arcie was named as inspector for the concrete work on the highway work being done by the county and will start immediately. The court also decided to pay for the removal of telephone lines which are now on the old right-of-way of the Brownwood north and south railroad.

Loud Speakers in Memorial Hall For C. C. Banquet

Loud speakers and amplifiers are being installed in the Memorial hall today by C. H. Gilliam to be used during the annual Chamber of Commerce banquet Tuesday, February 25. With the addition of the speakers it will make it possible for everyone in the house to hear every word that is said during the course of the evening.

New Members in Clear Creek Club

The Clear Creek Home Demonstration Club met with Mrs. Charlie Mathews on February 5 with ten members present. We had two new members added to the club this meeting and enjoyed the presence of two visitors.

Rev. J. S. Cook, pastor of the First Methodist Church, returned Saturday morning from Memphis, Tennessee, where he had been to attend the annual meeting of the Educational Association of M. E. Church, South, which met in Memphis February 5 and 6.

Dr. Cook was elected to represent the Central Texas Board of Education at the meeting. He has the following to say as a report from the discussions brought up at the conference: "The two days program was exceedingly interesting. Opportunities were afforded to view the educational situation from many angles. The problem of the church schools is far from being solved. This is true in all denominations and in all sections of the country. The problem of the small church school is especially acute."

Speakers were heard from many denominations and from many sections. A bird's eye view of their conclusions would read like an obituary for the small church school as we now have it. However, there were some who felt that something could be done and many were enthusiastic over a proposed nationwide inter-denominational campaign for funds for the endowment of small church schools.

GOOD RESULTS CITY SCHOOLS HEALTH WORK

The city school board recently elected Mrs. J. N. Franklin school nurse and put her in charge of the health program for the public schools of the city. Since her election, the children in the ward schools have been carefully examined and all serious physical defects noted. Parents have been notified of those defects and urged to take their children to the physician or dentist of their choice for examination.

Second Inspection
The school nurse has just completed the second inspection of the pupils of the Brownwood Heights ward school, and was pleased to find that 29 cases of 33 percent of physical ailments had been corrected since the previous inspection. Many others have promised to have corrections made during this month. The school nurse is beginning a

Teachers Assist
Superintendent Woodward has each teacher in the ward schools to be present during the examination of the pupils for whom she keeps the records, assist with the examinations, and carefully study the ailments of all physically defective children. Each teacher is also asked to lend encouragement to pupils who contemplate having corrections made, and seek to develop classes that are 100 percent physically fit.

Missing Youth Is Located on Farm and Returned Home
Darwin Tullos, fourteen year old grandson of Mr. and Mrs. James McGarrity, who has been missing for the past seventeen days was found near May and was returned to Brownwood Tuesday. The boy, who left home over two weeks ago, had been employed on a farm near May, where Rev. A. R. Watson, father of Mrs. McGarrity and Morris McGarrity, found him after being notified that he had been located by means of the radio broadcasts. He is apparently unconcerned about his leaving and is not prone to discuss it.

Man's Point of View
The girl who marries a widower loses all the fun taming him.—Los Angeles Times.

inctive thing, "You'll find him helping somebody." Sure enough the description proved correct. When the man who had gone to the station to meet Sir Bartle found a distinguished-looking man assisting an old lady from the train, he knew that he had his man.

Text: Matt. 9:1-13 And he went into a ship, and passed over, and came into his own city. And, behold, they brought to him a man sick of the palsy, lying on a bed; and Jesus seeing their faith said unto the sick of the palsy: Son, be of good cheer; thy sins be forgiven thee.

And as Jesus passed forth from thence, he saw a man named Matthew, sitting at the receipt of custom; and he saith unto him, Follow me. And he arose, and followed him. And when the multitude saw it, they marvelled, and glorified God, which had given such power unto men.

Boy Scouts Are Celebrating 20th Anniversary Week Boy Scouts over all the country are celebrating their 20th anniversary week. The Boy Scouts of America, Boy Scouts of this city are doing their part in celebrating the birthday of scouting. All this week they will wear their Boy Scout uniform and hard hat to do the good Turn Daily.

Mrs. Forsythe of Zephyr Is Hurt in Automobile Mishap Mrs. R. D. Forsythe of Zephyr received treatment at the Medical Arts Hospital for minor bruises received in an automobile accident about 1 o'clock yesterday afternoon on the Elkins road.

BROWNWOOD HATCHERY Poultry Supplies The Virginia was the first boat built in Mainz. She was built by the Popham colony, 1007-08, and under command of Capt. James Davis sailed from Plymouth with the Somers and Gates colony for Jamestown June 1, 1609.

San Saba County Pioneer Visiting Here Indulges in Reminiscences of the Early Days and Indian Fighting

Jehu Jones, 75, of San Saba, is one of the old-timers of this section. He has lived in San Saba county for over 70 years and saw this county when there were no towns, just little villages and when there were few white men, but plenty of Indians. He was visiting in Brownwood yesterday and said that the city was quite different from the first time he saw it, almost 70 years ago.

Buffalo Vanishing Mr. Jones said that the country was full of game of almost all kinds. The buffalo were not so far west of here, but were gradually being driven back by civilization. Antelope and deer ran in herds like sheep and the streams were full of fish.

Was a Texas Ranger His father before him was a Texas Ranger and Mr. Jones joined the Ranger forces in 1873 and continued in the service for two years. During that time he had many dealings with Indians and was a member of the Texas Rangers, he chased the Indians for miles and miles or was at times chased by the Indians, but at that time pitched battles were not as numerous as in the earlier days.

Some Misconceptions There are many, many misconceptions of the Indians, however, explains this old settler and especially so in the idea of their fighting equipment and some of their customs. One misrepresentation which is common in stories is that the white men and the Indians stopped to hold a consultation before a battle.

SUNDAY SCHOOL REPORT FOR FEBRUARY 9 The Sunday school attendance for February 9 was 3,213, which was 88 less than on the previous Sunday. The attendance on the second Sunday in February, 1928 was 2,268, in 1927 was 2,868, in 1926 was 2,913 and in 1925 was 2,683.

STATUS DANIEL BAKER SOON TO BE DETERMINED

Probability that final settlement of questions relating to the future of Daniel Baker College will be effected next week is intimated by information reaching the college office here today as to meetings of special committees and of the Synodical commission scheduled for Monday, Tuesday and Wednesday of next week.

HEAD OF ASSOCIATION TELLS WHY WOOL PRICE EXPECTED TO STAY UP SAN ANGELO, Texas, Feb. 10.—(Sp.)—A proposed increase in the tariff on wool from 31 to 34 cents per pound, greater consumption of wool in 1929 than during any year during the last eight, excepting 1922 and 1923; smaller stocks on hand, increased importations and the lengthening of women's skirts by fashion's decree, are some of the reasons why T. Albert Kincaid of Otona, president of the Sheep and Goat Raisers' Association of Texas, believes that wool prices in 1930 will not be lower than last year and probably higher.

"Barney" Cravens In Tire Business In Brownwood Now L. M. (Barney) Cravens, for years a merchant and farmer of Winchell, has joined the company of Clyde Maner in the business of selling tires. These two men will run the Hicks Rubber Company's store on South Broadway, Mr. Maner having been with this company for the past year.

IRON COUNTY MAN IS A CANDIDATE FOR MORRIS SHEPPARD SEAT SHERWOOD, Tex., Feb. 5.—(P)—C. A. Mitchner, Iron county attorney, who has announced for United States Senator in opposition to Senator Morris Sheppard, is 60 years old. He has been county attorney here four months, having been appointed by the Commissioners' Court.

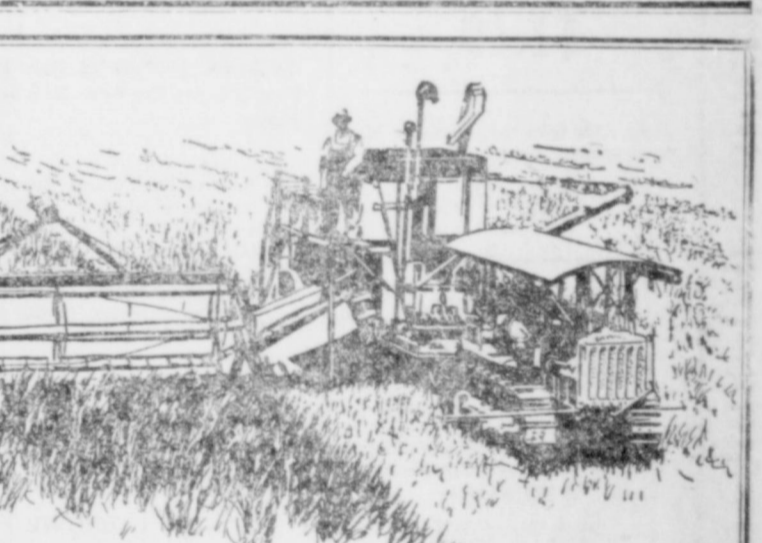

Wasted Medicines A member of the British parliament stated recently that every year more than 4,000,000 bottles of medicine are wasted because the average tabernacle holds more than four drams, which is the usual dose.

TWO KILLED BY WILD TRACTOR

HOUSTON, Feb. 10.—(AP)—Two persons were killed and 12 automobiles badly damaged here today when a tractor got away from its driver and ran wild. The tractor was driven by A. McCarty, who lost his balance and fell from the clutch apparently stuck as he tried to shift gears. The tractor ran over McCarty instantly killing him. Wade Gatewood, 35, walking along the street, tried to jump on the tractor and stop it, but he too lost his balance and fell, the tractor passing over his body. He died on the way to a hospital.

MOORE CANDIDATE FOR TAX ASSESSOR FOR BROWN COUNTY L. H. (Lawrence) Moore, who has been a resident of Brown county since he was five years old, is a candidate for the office of county tax assessor, in the primary campaign now getting under way. He has spent almost his entire life in the Cross Cut, Grosvenor, Mount View and Chappel Hill communities, being engaged in farming most of the time. He now owns his home, and has been making a success of his business. He has had considerable business training, having taken special courses in this line, and knows enough of the duties of the tax assessor's office to enable him to attend the office in a very satisfactory manner.

HIGHWAY WORK MAY STOP AT CITY LIMITS

Unless the city of Brownwood is able to work out definite plans for a satisfactory routing of Highways Nos. 7 and 10 through the city limits and unless the city and Santa Fe officials are able to agree on plans for an underpass or overpass for these roads, these two highways will stop at the outskirts of the city and the present unsatisfactory entrances will be used, according to a report made by Hilton Burks, secretary of the Brownwood Chamber of Commerce, Monday noon to his board of directors at the regular weekly luncheon held at the Southern Hotel.

This report made by Mr. Burks after a conference with Leo Ehlinger, resident engineer in charge of highway construction work in this county. It was learned that the Highway department had planned to build a new bridge across Pecan Bayou, a short distance up the river from the present bridge, but unless the city is able to meet with the requirements of the highway department, this bridge will not be built. Highway work will stop on the hill at the present junction of the Brownwood-May and Brownwood-Comanche roads and if this work is stopped there, the old route will be used into Brownwood. Besides this work on Highway 10 toward Brady will be halted at the end of Coggin Avenue.

Committee Named
In an effort to avoid halting highway work outside the city limits, C. M. Carpenter, president at today's Chamber of Commerce luncheon, appointed a committee to appear before City Council at its next regular meeting, asking that council arrange a meeting between Santa Fe officials, Highway officials, the Chamber of Commerce and City Council. It is hoped that in such a meeting, definite and satisfactory plans can be worked out, thus assuring the building of the bridge across Pecan Bayou and the construction of a suitable pass over or under the Santa Fe right-of-way.

W. D. Armstrong reported today noon on her recent trip to Washington as Brownwood's representative in this city's bid for the \$1,500,000 veterans hospital that is to be located somewhere in Texas. Mrs. Armstrong stated that she had the local commission about all of Brownwood's assets and although nothing definite is assured this city, Mrs. Armstrong feels confident that Brownwood has an excellent chance to get this new hospital. The Chamber of Commerce thanked Mrs. Armstrong for her good work.

Bible Is Read in Sixty-Eight Hours and 55 Minutes

After 68 hours and 55 minutes of continual reading the Bible Relay at the Central Methodist Church ended at 5:30 Saturday afternoon when P. T. Stanford, pastor, reading the last two chapters of Revelations. The relay started Wednesday, February 5, at 8:44 p. m., and a voice is constantly heard until the last "amen" of Revelation was read Saturday afternoon. There were 122 individuals who participated in the reading and 230 relays were made. Out of about 200 guesses there were two who guessed that it would take 69 hours to read the Bible through. Mrs. C. R. Troxel, 1329 Avenue G, and Miss Madalyn Joines, 707 Coggin Avenue, were the winning guessers. In the absence of Miss Joines, Mrs. Troxel was given the Bible which had been used in the relay and Miss Joines will be awarded another Bible.

Cards were passed out to the congregation and 87 individual signed cards to read the New Testament before June 1. There were 66 people who agreed to read the entire Bible this year. This is the result which the relay sponsors were striving for, states Rev. Stanford. The relay was put on to focus interest to Bible reading and it is thought that it was successful.

TWO RAIDS MADE BY SHERIFF SATURDAY

Sheriff M. H. Denman and Deputies Hallmark, Guthrie and Jack raided the R. D. Woods place in the Coggin Addition Saturday night and arrested Hershel Ives and Fred Moore in the county jail. Mr. Denman and Deputy Hallmark entered the front and when the occupant fled to the rear he was arrested by the two deputies there. A quantity of liquor was taken in the raid and some was poured out before the arrest was made, the officers state.

Another raid Saturday night was made on a stand belonging to Curtis Hood, near the post office. In this raid several slot machines were taken by the officers. The proprietor was not in at the time.

Cows Fed on Ticker Tape

While flying over the barren lands of the Texas Gulf, Lady Maud Hoare, the first woman to travel by air from England to India, saw many starved looking cows, she recently related. Upon landing she asked what they were fed on. "Waste paper from the telegraph machines," was the reply.

Baby Checks BROWNWOOD HATCHERY

House Destroyed Sunday; Believe Fire Bug at Work

A vacant house at 1708 First street, owned by Mrs. Edders Walters, was practically destroyed by fire last night at 12:40 o'clock. The fire originated in a clothes closet near the center of the house and the entire structure was afire before an alarm was sounded.

Fire Chief Rance Pettitt said Monday morning that this fire was similar to several others recently in Brownwood which had destroyed vacant houses. He said that in his opinion it had been set afire and that there was a fire bug working in the city. All fires of this nature have been discovered after gaining good headway and all have originated in a closet near the center of the structure which gave them a good start before being noticed, he said.

In the investigation this morning of the burning of the Walters home it was found that all doors were locked and that all windows were fastened which made it necessary for entrance to be made with a key. Mr. Pettitt said that his department was going to make efforts to find who was responsible for this loss of property and a thorough investigation is to be started immediately.

COMMITTEE VOTES TO BAR BOLTERS AS CANDIDATES, 21-9

AUSTIN, Feb. 11.—(AP)—The State Democratic Executive Committee today decided by a vote of 21 to 9 to bar as candidates in the 1930 election those persons who bolted the presidential ticket in 1928.

A resolution by Winbourn Pearce of Temple, deferring definite action until the second Monday in June, was passed 21 to 9 after the committee had been instructed by par 1928 bolters when it met at that time. The amendment to restrict the amendments was offered by Maury Hughes of Dallas, and it, too, was adopted by a vote of 21 to 9. A motion to allow bolting voters to participate in the primary this summer was adopted with only one dissenting vote.

Protests Against Confirmation of Moody Apointees

AUSTIN, Feb. 3.—(AP)—Nomination of John Valls, district attorney of Laredo, together with the other appointments of Governor Moody made during the recess between the last and present sessions of the legislature, will likely be disposed of this week by the senate committee on governor's nominations.

Hal Brennan of Laredo headed a delegation from that city here today to appear before the committee to protest Valls' confirmation. Governor Moody had been asked by Brennan and his group to withdraw the appointment of Valls after the incident in which the Mexican government closed its consulate at Laredo when Valls threatened to arrest General Calles, former president of Mexico, on a conspiracy to murder charge.

Swindle to Attend Meetings Interest of Consolidation

County Superintendent J. Oscar Swindle will attend a meeting tonight at the Mt. Zion school which is being held to discuss the consolidation of that school with the school at Bangs. Representatives of the Bangs school will be present at the meeting and the subject will be thoroughly discussed.

Former Brownwood Citizen Dies in Santa Anna Sunday

Information has been received here that J. W. Patterson, formerly of Brownwood, died suddenly Sunday at his home in Santa Anna. Mr. Patterson was well known in Brownwood and his death comes as a distinct shock to Brownwood friends. He was here several days ago and apparently was in the best of health.

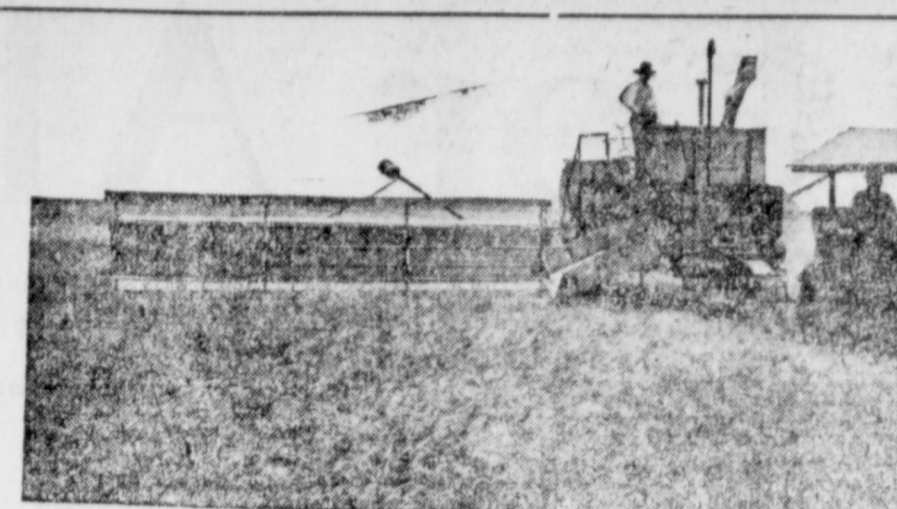

Ancient Legal Expression

The expression "A man's house is his castle" was first used by Sir Edward Coke, famous English jurist, 1552-1634, in his Institutes, part III, "Against going or riding armed."

Nugget of Wisdom

Let us be of good cheer, however, remembering that the misfortunes hardest to bear are those which never come.—Detroit News

HOLT COMBINE IS NOW CATERPILLAR

Seventy-five Year Working History of Combined Harvester of "Caterpillar"

A change in the name of the Holt Combine to "Caterpillar" Combined Harvester, was announced by R. B. George Machine Company dealer for "Caterpillar" Tractors and the newly-named "Caterpillar" Combined Harvester in Dallas.

The new name is given to the Combine which has an 85 year working history back of it, 75 in California, a new land of the

49 gold strike, was so weighed down by high prices for even the commonest articles that anything which suggested a cheaper method of producing the needed food supplies was eagerly tested. That is why California led in the development of harvesters from the imported Michigan machine of 1854 to the present day.

Stockton, California, became the center of the harvester industry. It is here that such features as link belt chains, the first side hill combine, the first friction clutch, were introduced by Benjamin Holt. Daniel Best of San Leandro, California, perfected the use of the gasoline engine for powering harvesters. The features in the present "Caterpillar" Combine can be traced directly to this background.

The windrow system, offered the farming public three years ago for the first time, has also been perfected in the 1930 models until it is ready to make practically any small grain or seed crop anywhere "combine-able."

INVESTIGATION OF PROHIBITION CONDITIONS TO BE UNDERTAKEN

WASHINGTON, Feb. 11.—(AP)—A thorough-going investigation of prohibition conditions will be undertaken tomorrow by the house judiciary committee, promising a protracted continuation of the controversy that has been in progress for two months.

Chairman Graham has announced that all who so desire will be heard, and a long list of witnesses, speaking for the anti-prohibition side of the argument has been announced.

The investigation will be incidental to hearings on proposals for the repeal of the Eighteenth Amendment. A sub-committee is to conduct hearings on measures to modify the anti-liquor laws.

Representative Schaefer, Republican, Wisconsin, intends to demand an investigation of prohibition administration in the District of Chicago and in the state of Washington. He expects to ask such an inquiry of the judiciary committee on Thursday.

Wheeler Resolution Meanwhile, a resolution for a

TWO FORCED TO DRIVE FAR FOR DESPERADOES

SHREVEPORT, Feb. 10.—(AP)—After being forced at the point of pistols to drive three desperadoes into Oklahoma and Texas, Maurice Darnell and Duke Harrell of Vivian, near Shreveport, were back at home today relating a thrilling escape from their captors near Clarksville, Texas.

Three men accused of kidnaping and robbing Darnell and Harrell were in jail at Sulphur Springs, Texas. The men, but did not find more money in Harrell's shoe. They then forced the two men to drive them all night into Texas and points in Oklahoma.

Friday morning near Clarksville, Texas, Harrell and Darnell by a ruse escaped from their captors, but left their automobile, a search was instituted for the fugitives and they were captured at Mt. Pleasant, Texas and taken to jail at Sulphur Springs.

It was stated the trio recently broke jail at Sulphur Springs.

Favorable Report on Hughes Name

WASHINGTON, Feb. 10.—(AP)—The nomination of Charles Evans Hughes to be Chief Justice was reported favorably to the Senate today by the Senate judiciary committee by a vote of 10 to 2.

Senator Norris indicated he was opposed to the confirmation of Mr. Hughes because he had resigned from the court to run for President and, having been defeated, had now been returned to the court, a practice which Norris said was unwelcome. He also said he opposed the confirmation because of Mr. Hughes' recent representation of large business interests as a lawyer.

Female Worms Cautious

The difference between a male and female worm is easily distinguished: the female always is careful enough to sound her horn when passing a red light.—Bay City Daily Times

STATE BANK AT MERKEL CLOSES

MERKEL, Tex., Feb. 10.—(AP)—The Farmers State Bank of Merkel failed to open for business today and an announcement said its assets had been turned over to the State Banking Department.

R. O. Anderson, active vice-president, said: "Condition over which the local management had no control prompted us to turn over the assets to the State Banking Department for protection of depositors. No other bank is involved. The other Merkel bank and all other banks in this vicinity are in splendid condition. Plans are being worked out for reorganization and payment of depositors."

An attorney for the bank said the closing had been forced by the recent closing of a Fort Worth Bank which held cash assets of the Merkel bank. Local conditions had nothing to do with it, he added.

The bank had a capital stock of \$50,000. In its statement of Dec. 31, last, individual deposits were shown at \$393,384.71, loans \$245,991.54 and total resources \$526,245.24.

The bank was organized in 1912. J. S. Swann was its president.

Hillsboro Man Remains in Jail

HOUSTON, Feb. 10.—(AP)—A. L. Gilmore, 46, Hillsboro church sexton, remained in jail here today while the Harris county grand jury investigated the shooting Saturday at a rooming house in which Joe Warren, 50 of Hillsboro, farmer, was killed.

In a statement after the shooting, Gilmore said he fired six shots at Warren when he found Warren with Mrs. Gilmore. Five shots took effect. Gilmore declared Mrs. Gilmore left him about two weeks ago and that he trailed her to Houston.

Warren's body today was sent to Denton for burial.

Swindle Attends Consolidation Meet In Coleman County

J. Oscar Swindle, Brown county school superintendent, was the principal speaker at a meeting for consolidation purposes at the Rae school, located in the northeast portion of Coleman county, Friday night. He was invited to this meeting by Miss Maude Laws, superintendent of Coleman county schools.

The schools affected by this proposed consolidation include those at Echo, Rae, Camp Colorado, Union Hill, Lone Star and possibly Independence communities.

Mr. Swindle said that the property values and scholastic population of these districts meet all requirements of the state for state aid, for consolidation, and thinks that possibly the plans as proposed will go through.

Debaters Lose to Baylor Team

The women's debating team, Miss Willie Faye McElroy and Miss Annie Laurie Woodward, of Howard Payne College was defeated in debate Thursday night by the team of Baylor College at Belton. The team, accompanied by Ben David, coach, left for Belton Thursday morning and got back to Brownwood early this morning.

This was Miss Woodward's first inter-college debate and it is said that they did well for the first debate of the season. They will be prepared for Simmons University on February 13.

Haiti Commission to Sail Feb. 22nd

WASHINGTON, Feb. 10.—(AP)—Henry P. Fletcher of Pennsylvania, former United States Ambassador to Italy, said today the presidential commission to investigate conditions in Haiti planned to sail from either Miami or Key West, February 22 to

MURDER CHARGE MADE AGAINST SAN SABA MAN

SAN SABA, TEXAS, Feb. 10.—(AP)—Ervin Grant was in the county jail here today charged with murder, and his father, Robert Grant, was dead as a result of a quarrel at the Grant home Sunday. The elder Grant died after his head had been crushed by a large rock, investigators declared. Cause of the quarrel was not learned.

Legge Believes Mexican Curb Serious Problem

WASHINGTON, Feb. 10.—(AP)—Chairman Legge of the Federal Farm Board asserted today before the House Immigration Committee that restriction of Mexican immigration would result in a serious labor shortage in the agricultural southwest.

If Mexican labor cannot be obtained for growing vegetables and small fruit crops, he said, "the land will probably be devoted to cereals, of which the country now produces a very great excess, and on which we are putting forth our best efforts to try to curtail the acreage."

REHEARSALS START ON "MERRY WHIRL" BANK AT ENNIS CLOSES DOORS

Jimmie Holmes, director of the Merry Whirl and of the annual Howard Minstrel Revue, has started rehearsals in earnest for the presentation of the combined shows here February 20th and 21st. Mr. Holmes has been busy for over a week selecting the cast of over 100 who will take part in the show and now has everything in readiness for the work.

Mr. Holmes is well known in this section of the country as a director and producer, having given his shows in many towns of Central Texas. One of his greatest successes was in Abilene where he gave his show two nights last fall before packed houses. In that place the cast was practically taken from Simmons, McMurphy and A. C. C., while here he will use the high school as well as the two colleges.

Mr. Holmes was with George White's Scandals for several seasons and with other New York productions on the road for several seasons and thoroughly understands his business. He stated Monday that the entire cast would be announced in the next few days.

Two Youths Fined On Charges Here

Clarence Davis was given a fine, which with costs amounted to \$18 by Judge E. T. Perkinson on a charge of vagrancy; and James Lakey, the same amount on a charge of violating the state highway laws regarding the right license number on cars. Both young men were picked up by the sheriff's department on suspicion recently and these charges placed against them.

Scout Troop to Be Organized at May

Boys at May, or in surrounding communities, who are interested in the forming of a Boy Scout troop, are requested to meet at the First Methodist Church of May on Thursday night, February 13, announced Jack Brunberg, scout executive, Pecan Valley Council, today.

Someone will be sent from here to assist in the organization of the troop and to help in getting it started. Mr. Brunberg said that several troops had been formed in the council and that the interest in the program was still growing rapidly.

Let's Make Prosperity Month A Reality

We like the Prosperity Month idea, and yet it is more than an idea; it is crystalizing into reality. Confidence, Co-operation and Fair Dealing can well extend the prosperity movement through the entire year.

Hemphill-Fain's offers you the first requisite to prosperity—the best of clothing at economical prices. Your neat appearance reflects prosperity. Look prosperous and be prosperous.

"Believing that never before in the history of a New Year have conditions been so happy and prosperous, and that never before have we had the good fortune to greet this situation so early in the New Year, and never before have we banded together at this time to celebrate and observe the existing good fortune, I heartily approve and enthusiastically request that the month of February, 1930, be set aside as PROSPERITY MONTH and observed and celebrated accordingly. I, therefore, as Chief Executive of the City of Brownwood, Texas, proclaim February PROSPERITY MONTH for the City of Brownwood."

O. W. McDONALD, Mayor.

AN ACROSTIC ESSAY CONTEST

The contest is based on the best one hundred word Essay, using the word PROSPERITY in Acrostic form, and the subject must concern the City of Brownwood. The word PROSPERITY must be evident in a vertical line and each letter capitalized as indicated below.

For the best Essay, The Brownwood Bulletin will give \$5.00 (five dollars) in cash.

The Lyric and Gem Theatres will give two tickets each for the next fifteen best Essays, on the same subject.

The contest is open to any one, regardless of age, during the month of February, and will close on Friday night, February 28th. All Essays must be mailed to the ESSAY EDITOR, Lyric Theatre, Brownwood, Texas. A judging committee will be announced later in the Brownwood Bulletin.

The following is an example:

Prosperity is evident
in our city as never before have
business conditions been so good.
New industries which have located
here in the past year caused an
increase in pay rolls and
our moneyed citizenry have
exercised sound business
judgment by not
playing the stock market.

Tell It To Everybody!!

Business will always be good for the merchants who stand ready to give the buying public what it wants. And it's particularly good business right now!

We have what you want and at the right price.

The First Essential to Prosperity

Piggly-Wiggly stores have a policy of supporting any movement that is for the progress of our town and community. In line with this policy, we take pleasure in co-operating to help make February Prosperity Month, and believe with the restoration of confidence the movement will gain momentum.

It is also the policy of this store to serve our customers in a way that will enable them to practice thrift, which is the first essential to prosperity.

WHILE we are not the oldest real estate firm in Brownwood, we have been established here long enough to be sincerely interested in Brownwood and its future, and to feel that its prosperity and development deeply concerns us. We are pleased with the co-operation of the merchants who are expressing optimism at the outlook for the future, and with them we are glad to add our word.

We have many bargains in Brownwood property and believe we are safe in advising that you can buy with confidence and with profit.

IT IS A GOOD SLOGAN

Helpy-Selfy, a Brownwood institution, naturally is vitally interested in any movement for the betterment of Brownwood and Brown County. This organization is heartily in sympathy with the Prosperity slogan, with its sentiment of optimism.

Helpy-Selfy has contributed, and will continue to contribute to the economic welfare of many people in this section, by saving money on their grocery accounts from month to month.

YOU TOO...

can participate in the Prosperity of the country by buying Hatch Chicks here. They Treble in Profits.

—Custom Hatching—
Mondays — and — Thursdays

This month has been designated as prosperity month as an aid to restoration of confidence and industrial normalcy. In this movement we are glad to join and are thankful in sympathy with its purpose.
