

SEE-SAW GAME WON BY LIONS AFTER BATTLE

BROWNWOOD'S High School Lions and May's Tigers battled through one of the hottest and hardest fought games of the 1930 basketball season Friday night at Howard-Payne gymnasium and after the dust of battle had settled, Brownwood held the long end of a 31-26 count, thanks to a field goal dropped in by Roy Taylor in the last 15 seconds of play. Friday night's argument was one of those kind that is never decided until the umpire's whistle ends hostilities. The lead changed continually but neither team was ever able to gain and hold a commanding lead. Brownwood held a one-point advantage at the end of the first quarter but at the half the two

teams were knotted at 17-all. In the third quarter the Lions once more forged ahead, the count standing at 22-20 when the period ended. To begin the fourth period, the Lions registered three points on McQueen's free shot and Tucker's field goal to increase their lead to five points at 25-20. It was then that Tony opened up and in almost as many plays, three field goals were chalked up by M. McBride and the other by W. McBride. These three counters put the May lads out in front 26 to 25 but shortly after this, Harris made good on a gratis shot to tie the score at 26-26. W. McBride and Turpin again put the Tigers out in front with a field goal each, giving May a 30-26 lead with only two minutes playing time remaining. Box Score:

Iron Left Burning Result in Small Damage by Fire

Fire that originated from an overheated electric iron at the home of J. C. Reynolds, 711 Avenue C, Saturday afternoon about 4 o'clock, caused slight damage before the blaze could be extinguished. Mrs. Reynolds was called to the home of J. F. Reynolds, 901 Vincent Street, on account of the death of her husband's mother and in her haste forgot to disconnect the iron from the light socket. The iron ignited the ironing board and as the board burned, it toppled over on a bed and ignited the bedding before being noticed. A fire alarm was turned in and the fire put under control before much damage was done.

WILDCATS ARE VICTIMS HILL BILLY ATTACK

DANIEL BAKER'S blue and white clad Hill Billy basketball team, the one that is defending the title and prestige gained by the championship 1929 quintet, opened its home conference schedule Monday night with a victory over the Abilene Christian College Wildcats by a 25-27 score. Despite the apparent closeness of the score, the game was more one sided than the final count would indicate. However, in the first half, the two teams seemed rather evenly matched, at least the Billies were unable to capitalize on their superior floor work and team play. Both teams started slowly and little scoring was done throughout the first half which ended in a 12-12 deadlock. The Brownwood team did not have the pep and fight that featured the play of the Blaiemen earlier in the season, all of which may well be attributed to the grueling six day journey through East Texas last week. Daniel Baker's Freshman team made it unanimous Monday night

JACKETS GIVE COWBOY QUINT TOUGH BATTLE

ABILENE, Texas, Feb. 3.—(Sp)—Simmons University's delayed offense was seen at its best in the last five minutes in a game filled to the brim with action last night at the Central, and by its clever usage the Cowboys raced away from the Howard Payne Yellow Jackets to win their third straight Texas Conference victory by a score of 45 to 27. Josephus Bailey Cheaney's unheralded Yellow Jacket shot about three-fourths of the performance proved striped terrors and managed to give the Cowboys a worse score than has any other Texas Conference opposition that has appeared on the Abilene court in the last two years. Jackets Get Lead

The guests actually held in the lead, amounting at times to as much as four points, for a spell, in the first half. At the intermission the rivals were tied with 15 points each, and although the Cowboys got away at the beginning of the second half to stay ahead for the rest of the show, Howard Payne was in striking distance almost all the way. With three and a half minutes to go to Cowboys' margin amounted to only 6 points. With that edge, the four forces went into the fourth court formation. Two alternatives presented themselves: to the athletes from Brownwood: they should either let Simmons keep the ball and be sure of defeat by a small majority, or they should rush the Cowboys and take a chance of being beaten much worse. They chose the latter course with the results detailed above.

The Simmons system had no time to take the form of a "stall", and as pass after pass was completed to Gregg, McCollum or Matthews under the baskets, the Cranfill hoops piled up the total in imposing fashion. The box score:

BILLIES PLAY LISTLESSLY IN SECOND GAME

A DETERMINED and inspired Abilene Christian College basketball team played a determined and inspired game against the Daniel Baker Hill Billies Tuesday night and as a result, the Billies are today nursing their fifth 7-1 A. A. defeat of the 1930 basketball campaign. The Wildcats, with Cheeves showing the way, took a 14-4 lead in the first half of last night's battle and with this 10 point margin to play on the Christians were able to withstand the desperate Hill Billy attack in the closing period. When the gun finally ended hostilities the Wildcats held the desirable end of a 28 to 24 score.

This reverse came as a distinct surprise to the Hill Billies and any number of alibis might be offered for the Daniel Baker defeat but suffice it to say that the Wildcats outplayed, outfought, outsmarted and most important of all, the Abilene outfit did the major part of the scoring. However, Tuesday night's game was the eighth in a row for the Blaiemen six of which were played away from home.

LOCAL BANKER SEES FEBRUARY BEGINNING OF PROSPERITY HERE

"We will not need any artificial stimulation of business during February, for there is a decided trend toward more and better business already," said O. C. Walker, president of the Brownwood State Bank and a member of the Chamber of Commerce.

Mr. Walker was referring to the recent proclamation made by Mayor O. W. McDonald in which February was set aside and named Prosperity Month.

"This Prosperity Month idea is good, can do no harm and might be a great help," he said. "But I really think that business is already picking up without its aid right now."

Mr. Walker based his statements on his own business, saying that during the past ten days his bank deposits increased as much in proportion as they showed a decrease during a similar period in December.

"The country is fundamentally sound, and this section of Texas, particularly Brown County, is at present in a fortunate situation. Farmers tell us that there is nearly enough moisture in the ground now to make a good crop this year, and indications are such that we will have more rains this month."

"That condition will revive general business conditions considerably in this section, and in addition we have the public and private building program which will bring much work to the county and which will circulate this year considerable more money among the people and the merchants than if they were not in existence."

"It now looks as though it were a certainty that instead of a nine story hotel, this city will have a twelve floor hotel Brownwood. Those interested in this proposition are getting together on this idea and it seems as though they have put the deal over."

"This will mean more publicity for Brownwood, it will mean more people coming here over the better roads we are building. The cheap situation will mean more industrial firms sending their scouts here to look into the matter of sites as they learn of a plenitude of water from the new water pro-

ject. All these projects are taking shape and are making toward prosperity for this section, and February will see an undoubted change toward this goal, either with or without the artificial stimulation of a Prosperity Month," he concluded.

BROWN COUNTY NOT ONE-SIDED COTTON GROWER

Although the government is advocating a campaign for the reduction of cotton acreage, Brown county is not afraid of over planting in cotton thinks O. P. Griffin, county agent. Brown county has never hurt the cotton market, he says. Diversified farming was stressed so much in this county several years ago and is still so stressed by the different farm associations that the cotton acreage of the county has been reduced to about 50 per cent, while some counties of the state plant nine-tenths of their land in cotton. Brown county does not do this and so there is no need for the campaign to reduce the acreage. All indications show that there will be a larger acreage of cotton planted in the county this year, according to Mr. Griffin, but that is not alarming as the county city have a very large acreage last year.

A major part of the oat crop in the county was killed during the recent cold weather and a part of the wheat crop. Some of this land will be planted in cotton, some of it will be replanted in oats and wheat and some of it will be planted in row feed. Naturally the cotton acreage will be increased a little by replanting the oat crop with cotton.

The thing that the farm authorities want and are working for is that every farmer in this county first raise enough feed to supply all of his livestock's needs, if not some to sell; then raise a garden and have enough vegetables to eat and a few to sell and then direct the rest of his time to cotton if he wants to. The cotton crop should really be considered secondary, it is thought.

The acreage in the county will be increased some, but not enough to hurt prices, it is thought. Mr. Griffin sees no reason why there should not be a good cotton crop raised in this county this year if the land soon gets the right seasoning. It is pointed out that the cold weather aided the cotton crop in that during the sub-zero weather a lot of the insects were killed and there will not be so many to bother the cotton this year. The cold, too, helped put seasoning in the ground, but the county needs a good deal of rain yet.

In speaking of the cotton crop and future markets, Mr. Griffin has the following to say:

"That the farmers of the South planted too much cotton in 1929 is a lamented fact. Nothing but a crop failure in Texas prevented a very large yield and a very low price. Every indication points to a larger acre yield this year. The hard winter will reduce the number of boll weevils and the soil has been put in fine condition by the freezes. If last year acreage is planted the chances are that most farmers will not receive the cost of production for their cotton next fall."

Farm Board Warning

"Every organization related to the cotton growing industry is advocating a smaller planting than last year. The Farm Board has already said it can do nothing to hold the price up if too much is produced. Campaigns will be waged in each cotton growing state to cut down the acreage to a safe figure."

"But how will all this affect the individual farmer who raises cotton? Will the acreage actually be cut down; or will there be enough who increase their acreage to affect those who reduce?"

"These questions cannot be answered until it will be too late. Fortunately there is no need for acreage reduction in Brown county as a whole. If every cotton county in Texas will plant as small a per cent of the fields to cotton as Brown county does, there will be no over-production. However, a word of warning concerning the production of plenty of feed crops would not be out of place. The winter oat crop is killed and the winter wheat crop is killed and the winter feed grain in the county and in Texas for 1930. With the prospect of making a good cotton crop there is apt to be too little feed produced especially if seasons are not favorable to feed crops. This points to high feed prices: for feed cannot be either raised high if it has to be shipped in, and a farmer can hardly profit from a good cotton crop if he has to buy his feed for the next year in a high market."

"The production of some vegetables has improved wonderfully on the farms of Brown county in the past few years. Hundreds of farm homes are equipped for steam pressure canning. Doubtless hundreds of others will secure this equipment this year and provide fresh vegetables and fresh meat for their tables the year round. Of course this does not take up much cotton acreage, but it helps to fortify the farmer against disaster resulting from either draught, insects or low prices."

"Again, there is seldom a market that will make the production of cotton profitable for the inefficient producer. After all is said and done the farmer who makes the most money out of cotton this year will be the one who makes the largest yield per acre of a good staple. If too many acres are planted there will not be time enough to cultivate properly, fight insects, or to gather it after it is made. On the other hand cotton is our best money crop and the one most likely to enable the efficient producer to pay his debts. A modern acreage for the individual farm and that so managed that a large yield per acre will be secured, is the safest, not only in the present situation of uncertainty, but at all times."

BROWNWOOD HATCHERY

STATE HEALTH ENGINEER URGES APPOINTMENT OF CITY INSPECTOR HERE

H. E. Hargis, health engineer of the State Health Department was in Brownwood Tuesday. He made some inspections during the day and attended the city council meeting Tuesday night.

Mr. Hargis said that he was here primarily to try to get an enforcement of the state milk ordinance. Under the state law, he said, the city, where the ordinance is enforced is supposed to have an inspector and the milk sold in the city graded A, B and C according to sanitation and equipment of the dairies. He thinks that this work should be taken up in Brownwood. He said that the city would get better milk and that with the milk inspected and known to be pure there would be a greater consumption. He says that the move would help the people and the dairy owners too.

The state has agreed, states Hargis, to test the milk free of charge in towns where the milk ordinance is enforced if the milk is sent to the department. This is a good move on the part of the state, it is said, for it eliminates a lot of the expense which has formerly been upon the city.

He said that the health department can do comparatively little work until the city puts on a program of regular inspection of dairies, meat markets, cafes and drug stores. He thinks that the city needs quite a bit of health work done along the inspection line where food is dispensed and where food is prepared.

Mr. Hargis said that the City Health Officer Dr. T. B. Bailey has done mighty good work with health conditions in the city this year and complimented him highly. He said that Dr. Bailey was doing his work well but that the work of inspection was not supposed to be in the Health Officer's work and that he was not authorized to do it. He thinks that besides the city health officer there should be an inspector to devote his whole time to inspection work.

While he was here he inspected the water plant and reported that he found it in good shape. He took some samples of the water to be sent to Austin to find the bacteriological condition.

Mr. Hargis also inspected the site of the sewer disposal plant and said it was one of the best things for the city that he could think of; it is something, he added, that the city needs and will be a great help to health conditions.

Two Are Overcome by Gas Fumes at Crystal Ice Plant

Benjamin Bowman and Earl Paris, employees of the Crystal Ice Company, are in a hospital here as a result of being gassed near midnight Tuesday while eating their lunch at the Crystal Ice Plant. The two youths on duty last night, became suddenly ill while eating their lunch and thinking they had been poisoned, young Bowman went to the telephone and called his father, J. M. Bowman.

When Mr. Bowman reached the ice plant he found the two boys stretched out on the floor and unconscious. An ambulance was called and the boys were rushed to the Medical Arts Hospital where it was discovered they had been gassed instead of having been poisoned. Their condition at the time was very critical and had not Mr. Bowman reached the plant when he did, the two could not have lived long, it is stated.

Gas fumes from the boiler room in the basement of the ice plant are believed to have been the cause of this near fatality. The two are recovering nicely, hospital attendants state.

San Angeloans to Vote on Bonds

SAN ANGELO, Feb. 6.—(Sp)—Property owners of San Angelo will vote March 5 or 6 on two bond issues, one of \$90,000 for addition of eighteen class rooms to six schools and \$60,000 for a physical educational building for the senior high school and junior college. The City Commission Tuesday authorized the election. Owing to the lowering of the school age to 6 years, it is estimated that 450 new pupils will be enrolled next fall. The proposed physical educational building will provide a gymnasium and basketball court, baths, lockers and equipment for boys, and a room for physical education, with baths, lockers and equipment for girls.

Perfect Diamond

The term "first quality" in a diamond signifies a stone absolutely white and free from all flaws and imperfections. The finest old East Indian, the Jagers-fontela, the Rivers and the Blue Wesselton diamonds are all approximately one grade.

SUBSCRIPTION \$1.00 per Year.

A Point in His Favor

FARLE B. MAYFIELD, candidate for Governor of Texas, was not a bolter in 1928 when so many Texas Democrats refused to endorse him.

Addressing the Editor of this newspaper in a characteristically courteous vein, Mr. Mayfield writes:

In the editorial entitled "Baiting West Texas" that appeared in the Brownwood Bulletin on January 23 or 24, you say "Less than two years ago he (Mr. Mayfield) was repudiated by an overwhelming majority of the people of Texas, followed within two months by his own repudiation of the party that had kept him in public office for sixteen years."

The Unprofitable Dairy Cow

THE SLAUGHTER of all Texas dairy cows whose productivity is unprofitable is advocated by the Southwest Dairy Association as a remedy for one of the major ills that afflict the dairy industry.

It has repeatedly been shown that the cost of keeping a poor cow is as much as that of keeping a good one. For several years there has been a continuous campaign not so much directed to convincing farmers and dairymen that they ought to improve their herds, as to develop plans for helping them to make improvements.

There is another difficulty, too, in which the farmer requires some aid, and that relates to the marketing of his dairy products. The very nature of the industry is such that it must depend upon local markets; and the maintenance of a local market for any product is beset with many difficulties and accompanied by many uncertainties.

Brownwood School Notes

Reporter, Pauline Cadenhead

Through the kindness of Mr. Calvin Gilliam our school was privileged to listen in to the American School of the Air. We all enjoyed the program. Mr. Gilliam offered ten dollars in prizes for the three best letters written to The Majestic Theater of the Air, telling them of our appreciation of the program.

Our geography teacher, Miss Bucher, has been sick. Miss Wilson is substituting for Miss Bucher.

Senior High Dorothy Johnson
Although our girls were defeated by score, they were not defeated in spirit. They played May, and were glad of it.

The entire student body are proud of them. The girls of the team say "Not how we won, but how we played the game."

Howard Payne College Notes

By FLOY NICHOLSON

Dr. H. H. Moorhead, who is a returned missionary from Brazil and who is in Brownwood this week for the purpose of conducting a training school at the First Baptist Church, will be at Howard Payne Hall during his stay.

Miss Antoinette Sparks, director of the Dramatic Club, reports that the cast of "A Full House" is hard at work, and the play will soon be ready for presentation.

A banquet to be given at the Hotel Southern on February 20 is being planned by the members of the public speaking classes of the college.

Mr. Jack Shelton, brother to Miss Annalee and "Cap" Shelton of our faculty, who is an ex-student of Howard Payne, is now the manager of the Million Dollar Foundation Farm at Luling, Texas.

A District Budget Conference was held at Coleman Tuesday and was attended by Rev. Mullan, President Taylor, and all student preachers in Howard Payne.

Monday night Dr. and Mrs. Jewell Daugherty entertained the members of the Fidelis and Berean Sunday school classes in their home with a Valentine party.

Tomorrow our Girls' Debating Team will leave for their first debate of the season.

The members of the Lincoln Scholarship Society met yesterday to organize, and the following officers were elected.

A banquet to be given at the Hotel Southern on February 20 is being planned by the members of the public speaking classes of the college.

News of Brown County Communities

Bangs

Misses Mildred Martin and Shir... Williamson of Indian Gap were... of Miss Melba Walker Sun...

Blanket

Charles, seven weeks old baby of Mr. and Mrs. Dewey Adair, underwent a major operation at a Brownwood hospital Saturday and is now doing nicely.

McDaniel

Joe Tervooren and family of the Woodland Heights community, were guests of his brother, C. L. Tervooren and family Sunday.

Byrds

Old man winter is still visiting in this part of the county. The sun came out and shone just long enough Sunday for Mr. Ground Hog to see his shadow, so according to an old saying we are due for six weeks more bad weather.

Cross Cut

Funeral services were held for Mrs. Blake McLaughlin of Cross Cut Thursday, January 30. Monday night, February 3, the Cross Cut boys and girls invaded the Cross Plains court and won the victory. The score for the girls was 22-16, and the boys' score was 20-16.

Jenkins Springs

The Ground Hog saw his shadow Sunday there have six weeks more of bad weather to look forward to. Mrs. Donaho was called to San Saba county last week on account of the sickness and death of her mother.

Goldthwaite

The people of this community were grieved and shocked last Tuesday when a message was received here that Everett Chambers was dead. Mr. Chambers lived here for several years, coming here from Kentucky. He married Miss Ruth Ford who was reared in this city.

Zephyr

Rev. Clark of Zephyr preached at the Presbyterian Church at eleven o'clock Sunday. Mr. and Mrs. Gariand Petty of Brownwood were in Zephyr Sunday. Mr. and Mrs. Joe Lockett of Mullin were in Zephyr Sunday.

May

Mrs. E. E. Reynolds an old resident of the May community died at her son's home, Mr. Tom Reynolds of Brownwood, and was buried at Pleasant Valley Sunday afternoon. Brother Carol and Rev. Sam Steele conducted the funeral services. She left 12 children, 9 boys and 3 girls to survive her death.

Bill Der Sany

GRIT WILL REMOVE Trouble Easier Than Soft Soap. While at the social last Thursday night the young people organized a dramatic club. They are planning to put on several plays and the funds they receive will go to the B. Y. P. U. and Epworth League. The officers of the dramatic club are the following: President, Rev. D. L. Barnes, Secretary and Treasurer, Miss Billy Kate Ruth, Instructor, Mrs. Edith Petty, Mrs. M. E. George and Mrs. Mary Michael.

New President of Mexico Wounded by Assassin's Shot; Plot Is Suspected

WASHINGTON, Feb. 6.—(AP)—President Hoover through the State Department today communicated to President Ortiz Rubio of Mexico his pleasure that the Mexican Chief Executive had escaped serious injury when shot yesterday by a would-be assassin.

Mr. Hoover characterized the attack as "cowardly." His message read: "While deeply distressed to learn of the cowardly attack made on you and your family, Mrs. Hoover and I rejoice with the American people that you and Senora De Ortiz Rubio have suffered no serious harm and that you have been spared to carry on your constructive program.

"While deeply distressed to learn of the cowardly attack made on you and your family, Mrs. Hoover and I rejoice with the American people that you and Senora De Ortiz Rubio have suffered no serious harm and that you have been spared to carry on your constructive program. Please accept our most cordial wishes for your complete recovery and be assured that the government of the United States earnestly trusts that Mexico, under your wise and able guidance, will enjoy an era of spiritual and economic progress."

MEXICO CITY, Feb. 6.—(AP)—In office barely twenty-four hours, President Ortiz Rubio today was resting easily at his home recovering from the effects of an assassin's bullet, while his government, temporarily without its leader, took up the task of investigating the outrage.

"The investigation, the first outstanding question to come before the new government, fell to the lot of former President Portes Gil in his new role of Secretary of the Interior."

"The city was calm this morning and the populace was greatly relieved to read in newspapers that the President was considered out of danger and that he probably would be able to take up his duties within a week."

Eight Under Arrest Daniel Flores, gunman, who lurked on Ortiz Rubio's trail for several hours yesterday during the inauguration ceremonies, which passed off without a hitch and then struck when trouble was least expected, was held at the military prison while seven others were under arrest on suspicion of implication in the plot which the government attributes to adherents of Jose Vasconcelos, defeated candidate in the last presidential election."

The investigation into the shooting had assumed wide ramifications today, but authorities gave no indication as to what had been discovered. Troops which patrolled the streets in small groups during the night to prevent any disorder were withdrawn today with the situation completely in hand."

Rubio's House Guarded President Ortiz Rubio's house was guarded in all directions. None except those with credentials were permitted to walk along the street in which the entrance to the home is located."

Official functions in connection with the succession of power to which many American visitors had been given an honored place were canceled last night in view of the shooting, but it was believed the program might be resumed today or tomorrow with the President out of danger."

MORTUARY

MRS. GEO. P. WALTER Mrs. Caroline Walter, 70, wife of George P. Walter, 506 Malone Avenue, died shortly after midnight Sunday, death claiming her after an illness of several years duration. Funeral services for Mrs. Walter will be held at 4:30 Monday afternoon from the Austin-Morris Funeral parlors with Dr. John Power, rector of St. John's Episcopal Church officiating. After Dr. Power has finished reading the funeral rites, the Brownwood unit of the Eastern Star, will take charge.

MRS. MOLLIE TIPTON Mrs. Mollie C. Tipton of Blanket, died at 2:30 Wednesday morning at her home in Blanket, Texas. Funeral services were held at 10:00 Wednesday afternoon at Jones Chapel with Rev. Newton officiating. Burial was made in Greenleaf cemetery.

MRS. EMMA REYNOLDS Funeral services for Mrs. Emma Elizabeth Reynolds, 70, who died at 8:30 o'clock Saturday afternoon at the home of her son, Tom Reynolds, at 901 Vincent Street, were held on Sunday afternoon at 2:00 o'clock from the Pleasant Valley Baptist Church with Rev. C. V. Carroll officiating. Burial was made in the Pleasant Valley Cemetery.

MRS. JAMES WELTY Mrs. Martha Isabelle Welty, 83, wife of James Welty of Blanket, died early Monday morning at her home in Blanket. Mrs. Welty was born April 27, 1846 in Illinois, but had lived in Blanket and Brown county the past 46 years.

MRS. EMMA REYNOLDS (Continued) Mrs. Reynolds had been sick about one week, her fatal illness being attributed to a fall about one week ago. Mrs. Reynolds had lived in Brownwood and Brown county for a number of years. She was left a widow by the death of her husband three or four years ago. Mrs. Reynolds was a member of the Baptist Church.

MRS. J. A. MORTON Mrs. Martin Jane Morton, 38, wife of J. A. Morton, 1302 Lake Street, died at 6:30 Thursday evening at a Brownwood hospital. Mrs. Morton was born in Tennessee, on May 7, 1891, but had lived in Brownwood the past 25 years.

MRS. MOLLIE TIPTON (Continued) Mrs. Tipton is survived by three brothers, Jack, Adams of Bronte, Ennis Adams of Arizona, and George Adams of Oklahoma.

MRS. JAMES WELTY (Continued) Funeral services were held from the Pleasant Valley Baptist Church with Rev. C. V. Carroll officiating. Burial was made in the Pleasant Valley Cemetery.

MRS. J. A. MORTON (Continued) Mrs. Morton is survived by her husband and three children, these being Virginia, Christine and Elizabeth. Mrs. Morton was a member of the Belle Plain Baptist church.

MRS. J. A. MORTON (Continued) Active pall bearers will be Warren Lockett, Henry Mount, Will Turner, George Walsh, Robert Smith and John T. Yantis.

MRS. JAMES WELTY (Continued) Mrs. Welty is survived by her husband and five children, C. F. Welty, of Lubbock, J. W. Welty, of Eden, Mrs. Sallie Stages, of Yuma, Ariz., Mrs. A. M. Ludden, of Blanket and Mrs. J. A. Eoff, of Blanket.

MRS. EMMA REYNOLDS (Continued) Besides those already on the highest tribunal, including Justice Stone, there came into the picture Calvin Coolidge, another former President, and Charles Evans Hughes, who once served on that tribunal.

MRS. JAMES WELTY (Continued) Funeral services were held from the Pleasant Valley Baptist Church with Rev. C. V. Carroll officiating. Burial was made in the Pleasant Valley Cemetery.

MRS. J. A. MORTON (Continued) Mrs. Morton is survived by 12 children, all of whom were here for funeral services Sunday.

MRS. J. A. MORTON (Continued) Mrs. Morton is survived by her husband and three children, these being Virginia, Christine and Elizabeth.

MRS. J. A. MORTON (Continued) Mrs. Morton is survived by her husband and three children, these being Virginia, Christine and Elizabeth.

MRS. J. A. MORTON (Continued) Mrs. Morton is survived by her husband and three children, these being Virginia, Christine and Elizabeth.

Silver production in the United State for 1929 was 69,937,000 ounces. The name of Christiana, the capital of Norway, was officially changed to Oslo in 1924. It is the same city with a new name.

PURINA DAIRY FEED WITCHER PRODUCE COMPANY

Run-Down and Nervous, Eating Made Her Ill, But Orgatone Relieved Serious Stomach Disorders.

"I have tried most every kind of medicine there is for the past two years," said Ida Mae Garland of 804 Johanna Street, Austin, Texas, to a representative of the Orgatone Company recently, "but it seemed that I just kept falling in health."

"I suffered from a general run-down condition, was very nervous and subject to fainting spells. I would be hungry, but when I tried to eat, it made me sick, and I would get very nervous and upset. I would have dizzy fainting spells from being bilious, and sometimes I felt so badly I didn't want to do a thing. I wanted to be left alone and go to bed. I would have gas on my stomach that caused me much misery."

"Then I read the Orgatone advertisements and decided to try it. After taking three bottles I have improved in every respect and feel more like my old self again. I don't have those nervous, dizzy fainting spells like I used to. I can enjoy a good meal and I am gaining in strength. I can now do work that I haven't been able to do for nearly two years."

"I tried everything I heard of to improve my condition, but nothing gave me much relief until I tried Orgatone, and I will say it is the best I have ever used. Genuine Orgatone may be bought in Brownwood at the Camp-Bell and Peetles Drug Stores. (Adv.)"

First Jeweler: I have had it proved to me that advertising brings results. Second Jeweler: How? First Jeweler: Yesterday evening I advertised for a watchman and during the night my shop was ransacked by burglars.

Clio

There has been quite a bit of warm, cloudy, weather the past few days and grain is beginning to look better.

We are very sorry to report the death of Mrs. Reynolds, one of our oldest citizens who was loved and respected by all who knew her. She was buried at Pleasant Valley cemetery, Sunday afternoon.

We are sorry to report that Mr. Kennedy is real sick with the flu. Mr. Flynn of Brownwood is visiting Johnnie Price this week.

Our school is progressing nicely. The honor roll for this month is as follows: First grade; David Krichke, James Hughes Gibbs, Ersell Vick, Rosanel Kelley, Thomas Hill, Second grade; Ethelene Shafer, Vera Ezra, J. L. Southall, Bertha Kelley, Fifth grade; Floy Trigg, Oleene Ezra, Elizabeth Stevens. Sixth

That Old, Troublesome Word "IF"

Once upon a time people were worried a lot by "If." A few still are. You can tell them if you listen to them when they're shopping.

"If you are sure that rug won't fade...." "If you're positive that is pure wool...." "If you'll guarantee these eggs as fresh...." "If you think this washing machine will work better than the other one...." "If...if...if..."

The trouble with such people is—they don't read the advertisements. People who do read them do not have to depend upon "ifs" in their buying. They know what they are getting, because they have the definite, printed, reiterated assurances of the advertiser.

Most people nowadays do read the advertisements. They shop intelligently and quick. They know beforehand what they want, why they want it, how much they will have to pay, and where to go.

Intelligent buyers substitute "know" for "if" by reading the advertisements.

Lull After Storm in Mayor Tate's Fight in Dallas

DALLAS, Texas, Feb. 6.—(AP)—Awaiting the return of Police Commissioner W. C. Graves from Mexico City where he has gone to attend the inauguration of President Ortiz Rubio, the Dallas official family was enjoying a "lull after the storm" today after Mayor J. Waddy Tate, the "hot dog" chief executive, had declared open warfare on the commissioners for overriding his veto.

The commissioners tabled six of eight charter amendments proposed by the Mayor yesterday. He retaliated by placing his veto on a board order calling for bids on 50,000 copies of the city manager charter amendments to be submitted in an election in April. He opposes the manager plan. Commissioners John Harris, R. A. Wylie and John M. Fouls decided to let that rest until Commissioner Graves returns, since they would need a four-fifth vote to override the veto.

In the course of the commission meeting the Mayor threatened to exercise his court authority and eject a newspaper reporter from the session. He called for a policeman, but before the officer arrived the commissioners had pacified the Mayor.

Then Tate declared to the commissioners that City Attorney J. J. Collins had told him he could have all four of the city commissioners removed from office because they signed pledges before the election last spring to submit the city manager form of government drafted manager form of government drafted by a charter commission.

E. C. Fain in Race As Candidate For County Treasurer

TO THE VOTERS OF BROWN COUNTY: You will be given the opportunity to choose me in the July primary as your next County Treasurer. This is an elderly man's job and if I am elected can confidently promise to make you... not the best but one of the best treasurers Brown county has ever had.

My friends are very enthusiastic over my announcement. Some few say that I am not well acquainted. But the fact is this: I have never run for any public office before and naturally lack political training and experience. However, while I do lack political training and experience, I have had many years of training and experience in successful business.

EARLY COMPLETION TESTIMONY EXPECTED IN HARBAUGH CASE

SAN ANTONIO, Texas, Feb. 6.—(P)—Early completion of testimony was foreseen here today when the trial of Mrs. Alta Harbaugh...

The high point of the trial was reached when Mrs. Harbaugh took the stand yesterday. She had been identified as the decoy who stopped the car carrying Stevens at the top of a hill six miles from San Antonio...

The night of September 24, she related, she was at her sister's home when Lynn Stephens entered. He wore no clothes, the defendant said, and with him was Joe Rhomer, also under a murder indictment...

Forced into auto The witness related her brother made her get into automobile with him, and drove into the country for several miles. A second car arrived with "Skeet" Hobrecht. The only person she could identify were Hobrecht and Joe Rhomer...

The car carrying the federal agents came over the hill. She walked from her car, which partially blocked the road. No coherent word was spoken, she testified, and she declared she heard no shooting...

Two Cases To Be Tried At Midland

MIDLAND, Texas, Feb. 6.—(P)—Two murder cases reversed by the appellate court, will be tried in Midland during the February term of district court.

Leah Bailey is to be tried Feb. 10, the case having been brought to Midland county on change of venue from Ward county, where she was convicted of murder in connection with the shooting of Dan Horn, peace officer.

The other case is against H. W. Haynie, charged with murder in connection with the death of John Lain in Martin county.

RICE CROP WORTH MILLION DOLLARS LIBERTY, Texas, Feb. 6.—(P)—Liberty county's rice crop for the 1929 season was worth more than a million dollars, it is shown by figures compiled by Elmer H. Boyd, president of the Devers Canal company.

The largest acreage in the canal's history was planted, 13,000 acres, and an unusually good yield was made. The company furnished irrigation water to farms in the county.

RADIO-FILM MERGER The whole French radio industry is being merged with certain film interests, according to reports from a Paris bank. More than \$48,000,000 worth of stock is to be floated, the object in view being a hookup of cinema and broadcasting.

Thousand Dollars in Taxes Involved in Jefferson Suit

BEAUMONT, Texas, Feb. 6.—(P)—Thousands of dollars in taxes on oil in tank cars in the state are involved in a suit filed by the Prairie Oil and Gas company against Jefferson county to enjoin the county from collecting a levy of \$4,500 on oil valued at \$300,000.

Oil to the value of the amount mentioned was stored in the southern part of the county. The county's claim is that the oil was in storage and therefore taxable, while the company's contention is that it was in transit and not taxable.

The case will be tried before Federal Judge W. Lee Estes in Federal court at Tyler.

WENR MOVING WENR, Chicago, is moving from its present location on Michigan avenue to Wacker drive. The first piece of equipment to be moved is the huge pipe organ. It will take from four to six weeks to move it.

Overall Will Suit Filed in Federal Court at Angelo

SAN ANGELO, Feb. 6.—(Sp)—Suits to construe the will of Mrs. Matilda Tyler, Overall involving Coleman county property that has been enriched by oil and is estimated to be worth several million dollars has been filed by John Overall Carter of Minnesota, a nephew of the late Mrs. Overall in United States district court here. Carter was bequeathed only \$1,500.

J. P. McCord of Coleman, executor of the will, and thirty-five other individuals and seven institutions are made defendants. The individuals are either relatives of Mrs. Overall and her husband, the late Richard H. Overall, or long time friends of the founders of the Overall ranch, one of the most famous in West Texas.

Institutions listed as defendants and the amounts each received include: Southern Methodist University, \$10,000; Methodist Church, South of Coleman, \$10,000; Southwestern University, \$10,000; Central College, Fayette, Mo., \$10,000; Texas Woman's College, Ft. Worth, \$5,000; Methodist Orphans' Home, Waco, and Virginia K. Johnson Rescue Home, Dallas, each \$5,000. The money in the church at Coleman at Coleman for building and equipping a hospital was presented before Mrs. Overall's death in 1927.

After making many requests, the will left the residue of the estate for division between Mrs. Lucy R. Van Cleve, Mrs. Charles M. Pease, and Mrs. Mary McCully, children of Mrs. Overall's sister, Mrs. Maria L. Miller. Carter is a son of the late Mrs. Lida O. Carter, who was a sister of Richard H. Overall. He sets out that Mrs. Van Cleve is dead and that the portion of the estate due her should go to all the heirs of Mrs. Overall and her husband instead of only to the heirs of Mrs. Van Cleve.

England Rediscount Rate Is Reduced

LONDON, Feb. 6.—(P)—The discount rate of the bank of England was reduced today from five to four and one half per cent. The reduction was due to the recent inflow of gold and improvement of the national monetary situation which assisted recently in reductions of the bank rates of Germany and France.

Lull After Storm in Mayor Tate's Fight in Dallas

DALLAS, Texas, Feb. 6.—(P)—Awaiting the return of Police Commissioner W. C. Graves from Mexico City where he had gone to attend the inauguration of President Ortiz Rubio, the Dallas official family was enjoying a "lull after the storm" today after Mayor J. Waddy Tate, the "hot dog" chief executive, had declared open warfare on the commissioners for overriding his views.

The commissioners tabled six of eight charter amendments proposed by the Mayor yesterday. He retaliated by placing his veto on a board order calling for bids on 50,000 copies of the city manager charter amendments to be submitted in an election in April.

In the course of the commission meeting the Mayor threatened to exercise his court authority and eject a newspaper reporter from the session. He called for a policeman, but before the officer arrived the commissioners had pacified the Mayor.

Then Tate declared to the commissioners that City Attorney J. J. Collins had told him he could have all four of the city commissioners removed from office because they signed pledges before the election last spring to submit the city manager form of government drafted by a charter commission.

E. C. Fain in Race As Candidate For County Treasurer TO THE VOTERS OF BROWN COUNTY: You will be given the opportunity to choose me in the July primary as your next County Treasurer.

My friends are very enthusiastic over my announcement. Some few say that I am not well acquainted. But the fact is this: I have never run for any public office before and naturally lack political training and experience. However, while I do lack political training and experience, I have had many years of training and experience in successful business.

Let's get acquainted before the election. Ask those who know me best. When you know me like my friends do, then you will be glad to vote for me too.

If I am elected I want to promise my friends in advance that they will never be embarrassed by me trying to park in office over time.

Sincerely, E. C. FAIN

FARM ORGANIZATIONS HELD VERY SUCCESSFUL MEETING SAYS LUCAS

Characterizing the two farm meetings held at Dallas this week as very successful both in attendance and in the work accomplished, H. G. Lucas, retiring president of the Texas Farm Bureau Federation, said that there is much to be done in these lines in the future, particularly this year.

Mr. Lucas returned Saturday noon from Dallas where he attended a meeting Tuesday of the directors of the Texas Farm Bureau Cotton Association, and the next three days the annual gathering of the federation.

There is a general reorganization of the cotton organization in the state, using the old body as a foundation for the building up of the Texas Cotton Cooperative Association, which, in turn is a member of the American Cotton Cooperative Association, a \$30,000,000 concern.

The new organization plans to establish concentration points throughout the state for the purpose of handling members' cotton for classification and for settling with members.

Believes Plan Ideal

Mr. Lucas, who is one of the state directors of this association, says that this plan, started by a committee appointed recently by Governor Dan Moody, seems to be an ideal one for working out the cotton marketing problem in this state.

Harry Williams of Dallas, general manager of the association, and a director in the larger organization, is one of the leading workers in this new body.

In the state bureau federation Mr. Lucas is now a director, having given up his position as president, which he held for the past two years, to J. E. Montgomery of Beville.

It is the federation's idea this year to work out a uniform plan for all local associations and make an active membership plan and the members have decided to put the officers on a salary basis so that they give all their time to this work.

They are also planning to work with various other educational institutions and agencies in the state, coordinating the work of education for the farm population all along the line. Of the many resolutions passed by this body one was with regard to the endorsement of the federal body in reducing the cotton acreage of the country, and another was to endorse the road bond issue and making the payments from a gasoline tax instead of a land tax.

Mr. Lucas will speak at the Texas Tech short course at Lubbock next week and will leave Brownwood in time to attend a banquet there Monday night. It is expected that among speakers on the program there will be included a member of the farm board, a representative of the American Farm Bureau Association, a farm loan man and other agricultural leaders.

HIGH SCHOOL SPEAKERS LINING UP FOR DEBATE AND ORATORY CONTESTS

The question used by high schools this year in the Interscholastic League debates is, "Resolved, That the Sterling Plan for Financing a State System of Highways in Texas Should be Adopted." The students in Brownwood high school who are trying out for the debating squad are working hard, according to J. Fred McGaughy, debate coach.

During the last week in February the try-outs in debate will be held for Brownwood Senior high school students, both girls and boys teams. It is announced.

The following students have signified their intentions of entering these try-out contests at which time individual speakers for first, second and third places will be picked: Robert Henry, second year man, who went to the state contest last year; Charles Moore, second year man, chosen as alternate of last year's squad; Deward Sumpter second year man; Jeff P. Wilkes, first year man; Thomas Broughton, first year man; Leander Hall, member of Junior high school debating team in 1928; Robert Lee Holt and Willie Keith, both first year men; Miss Leota Leach and Miss Mary Frances Riley, both on the Junior high team in 1929; Miss Ina Guthrie, alternate of Senior high team last year, and Miss Ernestine Durham, of Junior high team, 1928.

The teams which are chosen from the try-outs, both boys and girls, will meet Abilene on March 7 at Abilene and again on April 5 at Brownwood in the first practice debates. These two debates are the only ones arranged for so far in the schedule, but there will probably be more before the County Interscholastic League meet, it is said.

The high school will feel keenly the loss of three of last year's debaters who went to state for the local school, it is said. Miss Norma Keeler is not debating this year, while Pae McElroy and Orville Walker are trying for Howard Payne's debating teams.

State Oratorical Contest

Mr. McGaughy also announced this morning about the State Oratorical Contest, which is sponsored in Texas by the Fort Worth Star Telegram. He said that fifteen of twenty students in high school, which is more than ever before entered the contest in Brownwood have said that they will make the try-outs. Each student that enters the contest must write his own speech on some phase of the constitution of the United States, the talk being six minutes long. Also this year after the speech on the constitution, each contestant must give a five minute extemporaneous talk. This last talk, Mr. McGaughy said, was to eliminate the practice of someone else writing the speeches for the contestants. If their first talk is good and the contestant cannot make a good extemporaneous talk he will be greatly discredited. The eliminations in Brownwood will be held some time the latter part of March.

The Star Telegram offers the prize to the state winner in the contest, but there are no prizes offered for the winners of the county and district contests, Mr. McGaughy said. He thinks it would be a good idea for some one interested, to offer a prize for the winners in the county and district. It would stimulate more interest and be for a mighty good cause, he thinks.

Courtney Gray is Candidate Today for County Judge

Announcement was authorized today that Courtney Gray, Brownwood attorney, is a candidate for the office of County Judge of Brown county. He has had the matter under consideration for several days, following the urgent solicitation of many friends, and this morning asked The Bulletin to state that he is a candidate.

Mr. Gray has been practicing law in Brownwood for the past sixteen years, and is known throughout the county. He is a dependable citizen, always conservative in his views and tolerant in his opinions, but always in sympathy with and supporting progressive movements in both the city and county. He will take with him to the office of county judge a thorough knowledge of the law, an adequate understanding of the business affairs of the county, and a spirit of fairness which has characterized his life in this community for the past twenty years or more. He solicits the vote and support of the Democrats of the county.

Jack Howard Buys Red Top Station

Jack Howard has purchased the Red Top Service Station, located at 100 East Broadway, from K. W. Smith and will continue the business without any changes at present, he states.

Mr. Howard is already known in the filling station business as he and Mr. Smith, as partners, first started the Red Top Service Station in 1922 and continued the partnership until September, 1928, when Mr. Smith bought Mr. Howard's interest.

Now Mr. Howard has purchased the entire business and stated that he will continue to give service as he did when he was in the business before.

Revision Added to Beauty Of that mighty poem, Gray's "Elegy Written in a Country Churchyard." It is known that Gray made many revisions and changes in it. The final form of beauty in which we know Poe's exquisite "To Helen" is finer than his first draft—in which "the glory that was Greece and the grandeur that was Rome" did not appear.—Boston Herald.

OFFICERS NAMED BY COUNCIL OF BOYS' AND GIRLS' CLUBS

About fifty boys and girls of the County Club Council met in the court house Saturday morning, at which time officers for the new year were selected and other business matters attended to.

With the old president, James G. Allcorn of Woodland Heights, presiding, a talk was heard, given by James Phillips of Birds, who described his recently won trip to Chicago and the stock exhibit.

Morris Polk of Woodland Heights Club was chosen as the new president; James Phillips, vice-president; Lillian McBride of Indian Creek as secretary, and Juanita Chaillett of Indian Creek as reporter.

The boys and girls clubs of the county are supervised respectively by O. P. Griffin, county agent, and Miss Mayes Malone, home demonstration agent.

INCREASES MILK PRODUCTION EVEN IN ZERO WEATHER

"Keeps 'Em At It"

The Senior Two-Year-Old Registered Jersey Heifer, Patty's Pretty Lady, No. 762978, belonging to R. O. Sheffield of Brooksmith, Texas, still continues to increase in her milk production, using our GOLD ARROW DAIRY FEED.

During the month of January, her 5th month, and the coldest weather in many years, she produced 982 lbs. of milk, which tested 567% fat, making 55.67 lbs. Butter Fat, and is 2.9 lbs. more than she produced her first month. The test was made on the coldest day of the year in Zero Weather.

This is an unusual record for a cow of this age, and is much more than could reasonably be expected from the best mature dairy cows under average dairy conditions.

NEWS ANNOUNCES A FOIL OPENING

Invitation Extended to Public to Visit School in New Home Tuesday

For the past twenty-seven years the name "Mc's" has been synonymous with reliability, not only in Brownwood but also over a large part of western and central Texas...

And for about twenty-odd years of that time P. B. McElroy has been busy teaching and has not made any effort to reach out and bring in students—they all came to him.

Program Arranged The public is invited to inspect the plant starting at 7 p. m. and on until 10 o'clock, during which time there will be continuous program of music and talks, while refreshments will be served to all comers.

The machinery being set up by the Federal Farm Board for the marketing of various classes of agricultural products was discussed in a meeting of about thirty members of the Brown County Farm Bureau held in the court house yesterday afternoon.

Reports on the annual meeting of the Texas Farm Bureau Federation were made by the two delegates who attended in Dallas last week.

Dr. C. E. Moore, pastor of the Christian Church at Lockhart, who was formerly pastor of the First Christian Church here, had a severe heart attack this morning at the home of his daughter, Mrs. E. H. Easley, of 805 Third Street, whom he is visiting.

PENALTY CITY TAX REMITTED UNTIL MARCH 1

City Council met in regular semi-monthly session Tuesday night with Mayor O. W. McDonald presiding and all members present. There were also about twenty people present who were interested in the business before the council, some to listen at the discussions and some to bring up matters of business.

Lauder Meek and Mr. Hall both were allowed by council vote to set gasoline pumps at their places of business.

The council voted that C. Remington had paid a fine unjustly and he was reimbursed for the amount of the fine.

Aid For Band Then the discussion of the Old Gray Mare Band was brought up by members of the band and other interested parties and the question was discussed by the council members. It is thought that the band is an asset to the city and that it needs some financing to go ahead and represent the city with credit to themselves and Brownwood.

The Sanitary Sewer Inspector made a report to the council stating that out of thirty-eight inspections in the city there were only four sewers out of commission.

A representative of the West Texas Construction Company appeared before the meeting to bring up the question of paving some of the streets in the city. It was explained that the city at present has no building campaign in view and may not have for some time, however when it is done, paving is taken up it will be on a competitive basis and any company can make a bid for the job.

Recommend City Inspector H. E. Hargis of the State Health department appeared before the council and urged the hiring of an inspector for the city to inspect the places where food is sold and made ready for sale.

The regular city election date was set by the council as April 1, 1930. It was first discussed then passed by the council to read all penalties on delinquent taxes if these taxes were paid before or on March 1.

A few minor matters were discussed and all visitors were asked if there was other business to be brought up. No other business was raised and no other business for the day was brought up by aldermen.

Mr. McLaurin is preaching splendid sermons in Presbyterian Church. Rev. E. W. McLaurin, pastor of the First Presbyterian Church of Ballinger, is preaching each evening at the First Presbyterian church and each morning at 9:30 o'clock in the chapel at Daniel Baker College.

Edwin L. Basham Is Hurt In Fall From Loaded Truck Edwin L. Basham, 1217 Avenue A, an employee of the city, was thrown from a load of pipe on Austin Ave. Wednesday evening, the pipe having become loosened and rolling over him after he fell.

UNIQUE ADVERTISING MACHINE MADE BY LOCAL MEN NOW ON DISPLAY

Standing on the corner of Chandler Street and Center Avenue is a tall, two faced, moving advertising board a Brownwood product, and the first put out by local firm. This new advertising medium, now running twenty-six advertisements, is attracting quite a bit of attention.

The board stands about twelve feet high, and has two glass faces back of which are strings of advertising cards moving and changing continuously. These are actuated by a motor, an automatic switch turning them on at 7 a. m. each day, turning on the lights to illuminate the sign as soon as it becomes dark, and then turning off the entire board at 11 p. m.

Boys and girls of Brownwood and surrounding territory are today offered the opportunity of winning an all steel Goodyear Zeppelin 30 1-2 inches long and finished in bright aluminum. The Safety Tire Company of Brownwood, Goodyear Dealers, have offered twelve of these Zeppelins as prizes in a novel letter writing contest.

During the past few years the Goodyear company has entered extensively into the manufacture of Zeppelins for the government and the Zeppelin has become quite popular as an emblem of Goodyear dealers. Homer Duncan, local manager for the concern is sponsoring the contest and elsewhere in the Bulletin will be found their ad setting forth the rules and details of the contest.

TWELVE ZEPELINS TO BE GIVEN AWAY BY SAFETY TIRE CO.

A school in firemanship will be conducted at different times under the supervision of Fire Chief Rance Pettitt. The purpose of this school will be to instruct Boy Scouts who are applicants for the merit badge in firemanship. The merit badge examination in firemanship will be given under the direction of Chief Pettitt. Scouts will be required to have at least 6 hours of practical instruction upon these classes will be made at the Scout office. Examination certified by Chief Pettitt will be the only examination accepted for the Court of Honor in Brownwood.

This movement is one of many similar movements being developed under the direction of the Scout Executive. In keeping with the efforts of the National Council, E. S. A., to make the merit badge subject practical experience in a boy's life the work in the merit badge will be placed on a higher plain and require more efforts on the part of the Scouts.

About 50 Boy Scouts are going to give their service on Saturday, February 15, to the keeper of the city parks and they will assist him in making the flower garden ready for spring planting. This is one of the regular monthly troop "Good Turns" that will be carried out during the year. All Scouts desiring to participate in this work will be asked to report at Coggin Park at 9 o'clock Saturday morning, Feb. 15, and come equipped with spades, garden hoses and rakes. They will also bring lunch and all eat their lunches together at the park.

Popping Exhaust Is Taken For Pistol Shots, Police Called

Hearing the popping of an unmuffled car exhaust resident of the south end of town, thinking a pistol battle was on, called for the police. The racket occurred after 11 o'clock last night and was seemingly occasioned by a youth who enjoyed his noise rather than having a thought for the rest of others.

If a man washes his hands in clear warm water he removes some 1,600,000 germs of organisms. When he uses warm soapy water he removes more than 4,000,000 organisms.

TWO SPEAKERS WILL ADDRESS MC'S PUPILS

Rev. P. T. Stanford, pastor of the Central Methodist Church, and Ben Lavid, a debator on Howard Payne College team, and head of the oratory department of the school will give short addresses to the visitors of Mc's Business College during their formal opening.

MESSAGES From Mc's Business College

BY MARIE MILLER VISITORS Charley Bynum, district clerk for Brown County, was a pleasant visitor in our night school.

Mrs. Reid Warren was also a visitor in night school. Mr. and Mrs. Stanley Price, both former students of Mc's who are now both employed, were pleasant callers at night school.

Miss Lillian Willard has accepted a position with the Pecon Valley Electric Co., but she intends completing her stenographic course in the evening classes.

Evangeline Tyler, who finished a course in Stenography, has recently accepted a position with the First National Bank at Canadian, Texas.

Miss Willie Belle Hayes, a very popular student, spent the week-end with her parents in Coleman this week.

Miss Ruth Redford and Mr. Carl Smith, visited friends and relatives in Llano this week-end.

Mr. Charles Heald, has been absent from school the last few days as he is working in Rising Star.

Ruth McAlister spent Saturday and Sunday with her parents near Santa Anna.

Miss Malene Carter spent the week-end in Winchel. Miss Duralea Teafather, our former short-hand teacher, is ill at her home in Wichita Falls.

Thief Can Have Pants, Too, Says Lost Coat Owner A coat belonging to Tom Posey was reported to have been stolen from a student in the Howard Payne auditorium during rehearsal of the P. T. A. play "Corporal Eagen" last night.

Fire Chief to Hold School For Scouts On Firemanship

A school in firemanship will be conducted at different times under the supervision of Fire Chief Rance Pettitt. The purpose of this school will be to instruct Boy Scouts who are applicants for the merit badge in firemanship.

The merit badge examination in firemanship will be given under the direction of Chief Pettitt. Scouts will be required to have at least 6 hours of practical instruction upon these classes will be made at the Scout office.

Examination certified by Chief Pettitt will be the only examination accepted for the Court of Honor in Brownwood.

This movement is one of many similar movements being developed under the direction of the Scout Executive. In keeping with the efforts of the National Council, E. S. A., to make the merit badge subject practical experience in a boy's life the work in the merit badge will be placed on a higher plain and require more efforts on the part of the Scouts.

About 50 Boy Scouts are going to give their service on Saturday, February 15, to the keeper of the city parks and they will assist him in making the flower garden ready for spring planting.

Officers Elected By S. S. Class The Jewel Sunday School Class of the Central Texas Hospital with Dr. Daugherty as teacher and Miss Kowarschke as superintendent met Monday evening in the living room of the hospital for the purpose of electing new officers.

LIBRARY AT HOWARD PAYNE DESIGNATED AT DEPOSITORY BY LEE

T. R. Havins, librarian at Howard Payne College, has been designated as a government depository for all kinds of government documents. This does not mean, however, that the Howard Payne library will be required to keep any and all documents sent out by the government. The librarian will make requests for documents desired and only those requested will be sent. In other words, a selective plan has been adopted, whereby any and all government documents are made available, yet only those desired will be kept in the library.

In order to be designated as a government depository, a library must be open to the public. At present the library has all Congressional records from Washington's administration until the present time.

The government documents are a great benefit to the college, Mr. Havins states, especially in the teaching of economics, government and history, and use will be made of the opportunity now offered of receiving documents on all these subjects.

Our Best Wishes and Congratulations to Mc's Business College

Upon their growth and development during the past 27 years.

We wish you even more success during the years to come.

An Invitation Is Extended All to Come in Now!

We have the greatest selection of OK'd Used Cars, at the Lowest Prices in Our History.

If you expect to buy a Used Car this spring, come in NOW! We have the widest selection of fine used cars in our history. Many of them can scarcely be told from new. They are good for thousands of miles of satisfactory service, and the prices will absolutely amaze you. This is an unusual opportunity to get exactly the car you want, at the price you want to pay.

Our Famous Red USED CARS

Tag Protects You

Attached to the radiator cap of each of our reconditioned cars is the famous Chevrolet red "O. K. That Counts" tag. This tag shows you exactly what vital units of the car have been reconditioned or marked "O. K." by our expert mechanics. It is your absolute assurance of quality and value. Look for this tag—and KNOW that your purchase is protected!

Look at these Bargains!

Late 1928 Chevrolet Coach, looks as good as day it was bought. Driven only few thousand miles. Has bumpers, spare tire, radiator cap and other extras. Don't fail to see this car. Twelve months to pay.

1929 Chevrolet Coach, almost good as day it was bought. This car at a great saving.

We have 2 new 1929 Chevrolet Sedans at \$100.00 under list, and 2 new 1929 Coaches at \$75.00 less than list. These cars carry the usual 90-DAY GUARANTEE AND FREE SERVICE.

All cars at \$200.00 or over sold "With an OK That Counts." Car can be driven 3 days and if unsatisfactory, can be returned and full credit allowed on another car of equal or higher price.

Two Lots to Serve You. Lot No. 1—W. Baker (Back J. C. Penney Co.) Lot No. 2—W. Baker (Front Hayes Hotel)

Davenport Chevrolet Co. Phones 80, 1922, 2284 Brownwood, Texas

CITY POLL TAX PAYMENTS GO ABOVE ANY PRECEDING YEAR; ABOUT 6,000 PAID IN COUNTY

More people paid poll taxes in the city this year than any previous year, according to Joe Leach, city tax collector, who said that his office issued approximately 2,300 receipts this month. The city office was open until 1 a. m., many people delaying to the last minute coming in before the dead line appeared.

Last year the number of poll taxes at a dollar apiece paid totaled nearly 2,200 he said, and this year went over a hundred greater.

BROWNWOOD ENDS FIRST MONTH 1930 WITH BUILDING PERMITS SHOWING TOTAL OF \$392,600

Building permits for the month of January, 1930, in Brownwood totaled \$392,600, according to figures released Saturday by Henry Mount, architect. This total, the largest for any single month during the past twelve months, is due chiefly to the letting of contracts for Hotel Brownwood, construction on which will begin at an early date.

In addition to the Hotel Brownwood project, building in this city during January was rather light, a total of only \$17,000 being recorded for the entire month.

HIRAM SMITH HOLDS INTRUDER AT BAY WITH ONLY BLUFF

Holding an intruder at bay with no weapon in his hands, Hiram Smith, proprietor of Smith's grocery and market, at the corner of West Baker and Booker Streets, held the man for the arrival of the officers late Saturday night.

Mr. Smith, who lives in a house on a lot back of his place of business, was notified about 11 o'clock by his family that some suspicious men were around his store. He put on an overcoat and went down to the building and says he recognized one man who ran away at his approach.

Another man, who gave his name as W. H. Truckberry, he found inside the store with the door open. Mr. Smith said he stepped in the door and pretending he had a gun frightened the intruder into submission.

One of his family then phoned the police, another stood at the rear door of the store and Mr. Smith guarded the front. Two officers arrived and put the man under arrest.

Later, the Sheriff's men with another from the police department arrested two others, who gave their names as Roy White and Bob Dowdy, one of whom, Mr. Smith claims he identified as the man who ran from the store.

An examining jury will be held for the men on charges of burglary before Judge E. T. Perkinson at 10:00 a. m. Tuesday.

Home of Kavanaugh Smith Burned Sunday Night, Loss Heavy

The home and contents belonging to Kavanaugh W. Smith, 1814 Fourth Street, were almost completely destroyed at 10:45 p. m. Sunday when a fire of undetermined origin destroyed his home while he and his family were visiting in another city.

The fire was well under way when the department arrived but was inaccessible, seemingly starting in a closet in the center of the six room house and burning up under the roof. The firemen could not locate it at first due to the dense smoke, but soon after going in it burst out all over the roof.

The house, valued at about \$4,000 and the furniture at about \$2,500 was partially covered by insurance through the firm of Carpenter and Wood, who stated that there was \$2,800 coverage on the building and \$1,500 on the contents.

It is highly probable that burglars started the fire Sunday night which all but destroyed the home of Kavanaugh W. Smith, 1814 Fourth Street, according to Mr. Smith, who states that the firemen found the back door open and a box of shells and a gun were found the following morning in the back yard, apparently dropped as intruders got away.

The fire was thought to have originated in a closet in the center of the house and it was in this closet where the gun and shells had been kept. A careful check of the burned contents of the house is being made to determine, if possible, if anything had been taken from the house before the fire started.

Church Entertains Visiting Minister

The members of the First Christian Church entertained Dr. C. G. Schurman, pastor of the West Amarillo Christian Church, last night at the local church. The ladies of the church served a nice supper and several interesting talks were made. Almost all of the members of the official board and their wives and several other members of the church were present.

R. R. Holloway acted as toastmaster and the program opened with a song, sung by all present. Dr. Schurman gave two very amusing readings in the French-Canadian dialect. Miss Alice Skerritt then gave several beautiful selections on the accordion and Miss Jane Woodruff gave a reading.

Dr. Schurman made the main talk of the evening, speaking along the line of church building and methods of promoting and increasing the membership of the church. Short impromptu talks were made by Gladden Wilson, Dr. O. N. Mayo and Dr. J. M. Horn. Several songs by all present closed the evening's entertainment.

Dr. Schurman preached at the First Christian Church Sunday and has been visiting here since. He left for his home in Amarillo this morning.

PUBLIC SCHOOL PUPILS IN CITY NUMBER 2,896

There is a total of 2,896 pupils enrolled in the city schools of Brownwood at the close of the first semester according to a report from Superintendent E. J. Woodward. Almost three thousand boys and girls are receiving their elementary education in the various schools of this city. Four hundred and ninety of these students are enrolled in Senior High School and 601 are enrolled at Junior High, which makes a total of 1,091 pupils in the high schools of the city. There are 1,805 pupils from the first to the fifth grades, in the various ward schools. There are 117 seniors enrolled in Senior High this year.

The total enrollment at the close of the first semester this year shows a slight increase above last year's enrollment at the close of the first semester, which was 2,885. This shows that there are 11 more students on the record books at this time than there was last year.

The enrollment in the ward schools at the close of the first semester was as follows: Coggin, 633; Ford, 365; South Ward, 285; Brownwood Heights, 218; Looney, 188; colored school, 118.

In all the schools there are the following totals for the different grades: First grade, 404; Second grade, 305; Third grade, 328; Fourth grade, 290; Fifth grade, 241; Sixth grade, 236; Seventh grade, 269; Ninth grade, 219; Tenth grade, 178 and Eleventh grade, 117.

J. R. Stalcup is principal of the Senior High School; C. F. Wesner is principal of Junior High School; Miss Nellie Anderson, principal of Coggin Ward; Mrs. W. L. Turner, principal of Ford Ward; R. B. Lee, principal of South Ward; Miss Lizzie Bullion, principal of Brownwood Heights; Mrs. Minnie Mayhew, principal of J. E. Looney Ward and R. F. Hardin, principal of the colored school.

The number of teachers at the various schools is as follows: Senior High, 22; Junior High, 21; Coggin Ward, 20; Ford Ward, 9; Brownwood Heights, 6; J. R. Looney Ward, 6 and colored school, 4.

FIRST PRESBYTERIANS BEGIN REVIVAL WITH SERVICES ON SUNDAY

Twelve additions to the church marked the beginning of a week of evangelistic services at the First Presbyterian Church Sunday morning, when the pastor, Rev. W. B. Gray, D. D., preached the opening sermon. The services will be continued each night this week, with First Presbyterian Church at Balingler, in the pulpit. He preached Sunday evening using as his text: "Ye are the Light of the World."

The revival now in progress here is one of a series of such meetings being held simultaneously in Presbyterian churches all over Texas, after two years of preparatory work. Pastors of the churches in each Presbytery are assisting each other, and no professional evangelists are being used.

"We are depending upon personal work by the members of the church rather than upon pulpit oratory," Dr. Gray explains. During last week thirty or forty workers in the First Presbyterian church were in daily conference as to plans and work for the revival, and the results of this activity were reflected in the twelve accessions to the church on Sunday.

In connection with the service Sunday morning at the First Presbyterian Church, the congregation accepted by unanimous vote a proposal that had been made for the liquidation of building indebtedness, with the purpose of clearing the building of all liens by March 31st, next, so that it may be formally dedicated at some time during the spring.

Though rapid progress is being made in establishing an American potash industry, the United States still spends \$18,000,000 a year for potash imported from Europe.

2 MORE CASES OF SMALLPOX

Outside of two new cases of small pox, and these not found within the city limits, there is no new development following yesterday's announcement of twelve cases found in Brownwood.

Dr. T. B. Bailey, city health officer, said that the two new cases were found among transients in a camp close to the city, and that these are not severe.

Regarding the severity of small pox these first cases have been light, but if the disease spreads it will become more severe due to the stronger growth of the cultures from one person to another.

"Vaccination is the only known method of checking small pox," said Dr. Bailey, "and it was the first real preventive discovered. It is the nearest to 100 percent effective if used before infection. While statistics show that there are only five percent of the persons in the United States made immune from this disease, this small number has aided in a large measure to control it. If there were ninety-five percent of the population vaccinated the disease would be checked entirely."

In discussing the length of time vaccination makes a person immune

Cave Men

The trouble with some of our hands is that we are too good, causes our wives to find a fault with us, and some of them almost wish they were rid of us. What we need to do is to be more and trilling; then our wives are obliging to us as if we were some valuable.—Versailles Leader.

A BROWNWOOD INSTITUTION—FOR MORE THAN 27 YEARS

Noah McGaughey of Bangs Enters Race For Commissioner

Announcement of his candidacy for the office of County Commissioner to represent Precinct Four was made today by Noah McGaughey of Bangs.

Mr. McGaughey has lived in the Bangs vicinity for over 40 years, spending most of his time as a farmer. He has served as book-keeper for the Bangs Gin Company for the past two seasons, and has assessed taxes in the west part of the county for the past four years, in addition to assessment work for the city of Bangs. At present he is working as an assistant in the tax collector's office.

"I earnestly ask that you investigate my record," he says in making his announcement as a candidate. "If elected, I will put forth my very best efforts to be the best commissioner the county has ever had. I feel sure I can take care of the road work of the precinct, and

while I consider the road work very important it occurs to me that the general business of the county is of equal or greater importance and I shall do my best to aid in a satisfactory administration of them."

Mrs. A. D. Johnson Dies At Kingsbury

News has been received of the death recently of Mrs. A. D. Johnson at Kingsbury. Mrs. Johnson was the wife of Mr. Johnson, who was for four years manager of the Southern Hotel here. Mr. and Mrs. Johnson left Brownwood about two years ago for San Angelo where Mr. Johnson was assistant manager of the Saint Angelus Hotel, leaving there later for Kingsbury where he is now an oil drilling contractor.

PROSPEROUS FEBRUARY IS IN SIGHT BELIEF OF CARPENTER

"Prosperity month? Of course, we will have prosperity in February," said Mr. Carpenter, of the real estate and insurance firm of Carpenter and Wood and a member of the board of directors of the Chamber of Commerce, referring to Mayor O. W. McDonald's proclamation naming February as Prosperity Month.

"All indications point to February as the starting of prosperity for this section as well as for all of Texas and the nation," he said. "Even January has shown a decided change from last year."

Loans Paid Promptly
In commenting on the month just ended, Mr. Carpenter said that farm loans are being paid promptly showing a healthy condition in the country. He said that all Federal Farm Loans have been paid promptly in this area through his office, and that there are no delinquencies in city loans either.

Taking the business in the various lines he handles through his office as a barometer showing that this section is entering on a period of great prosperity, Mr. Carpenter pointed to certain indications to

show his point. He said that during January his firm had more business than all the past six months together, and far more business than was done in January of last year. Collections are better and there have been more applications for rent houses than ever before.

Better Business Trend
"These are but indications to us that there is a general trend toward more business in all lines," he said. "There seems to be a general sentiment of more confidence in matters pertaining to money, more buying and the people are getting ready to do considerable business from here on. The problem of payment of taxes is now over, and February will see a general renaissance of business."

"Of course, the vast public and private projects started in the country have something to do with this, but even outside of them there is a heavy trend toward better conditions all along the line." Mr. Carpenter is certain that real estate transfers will see a new life during this next month, ushering in a new era in this line in both city and country property.

MARRS CALLS RURAL SCHOOL INJUNCTION STATE CALAMITY

"One of the greatest calamities which has befallen public education in Texas," is the characterization of State Superintendent of Schools, S. M. N. Marrs with regard to the recent injunction granted to restrain the disbursement of the appropriations for rural school aid.

In a letter to county superintendents throughout the state he outlines the situation and appeals to the county teachers for their loyalty. The letter, a copy of which came to County Superintendent J. Oscar Swindle this morning, in full reads:

"To All County and City Superintendents:

"The injunction granted by Hon. R. B. Minor of the Fifty-Seventh District Court at San Antonio prohibiting the disbursement of the appropriation for rural aid and high school tuition is one of the greatest calamities which has ever befallen public education in Texas. If this decision is correct, Texas can never have an efficient school system until the constitution is amended. If all of the money appropriated by the state must be distributed per capita, there will always be weak schools. In a democracy, there should be equality of opportunity, and equal money does not give an equal chance to the boys and girls in the rural districts.

"The case has been appealed to the Fourth Court of Civil Appeals in San Antonio, and it may be thirty days before we obtain a final decision. In the meantime, there can be no relief. High schools should not dismiss the transferred high school pupils, as it is believed the legislature can make a new appropriation to pay the tuition. It is possible that the legislature may give relief also in the case of transportation and bonuses for consolidation.

"But the state aid schools that are expecting to receive money to pay salaries of teachers will be disappointed if the injunction is sustained. I sincerely hope that all such schools will carry on as late as March 1, 1930. I am making this appeal to the teachers, as I know the large majority of them are patriotic and earnestly desire the welfare of our schools. It must be distinctly understood, however, that no debt can be carried over to be paid from the income of a succeeding year, and the teacher must be willing to donate her services for the extra time, if the injunction is eventually sustained by the higher courts. I am confident that the citizens of many communities would be equally patriotic and, if necessary, raise a sufficient amount by private subscription to pay the salaries of

the teachers. Let us not fail the children in this crisis.

"Very sincerely yours,
(Signed) S. M. N. MARRS,
State Superintendent.

"There will probably be a delay in the payment of state funds to rural school districts on account of the recent injunction tying up the funds of the state aid, but it is my opinion that the rural districts will ultimately receive their money," said J. Oscar Swindle, county superintendent, in referring to the recent letter from the State Superintendent, S. M. N. Marrs. He made the suggestion that the teachers and the trustees of the various districts in Brown county, get together and come to some understanding about the matter. "If there is any sacrifice to be made, the people and the teachers should share this responsibility between them and keep the schools going. This matter will be worked out for the good of all, I feel sure," he concluded.

UNDERTAKING BUSINESS CONTINUED AT THE OLD AUSTIN-MORRIS STAND

With the wrecking of the old Austin-Morris furniture home going on at the corner of Fisk and Baker streets, to make way for Hotel Brownwood there is still one phase of that company's business which is being carried on as usual at the old location.

This is the undertaking business, located in that part of the building at the corner of Baker and Hawkins. According to Roy Morris, a number of funerals have been held in the chapel there, and others will continue to be held there, until the new parlors in the Masonic Temple are completed.

Work on these are going forward rapidly and it is likely that they will be open for service by February 15, according to Sam Morris, who is in charge.

This will be one of the finest and most modern plants of its kind in Texas when finished they state, all the latest methods and improvements for such a home being used and put in there.

It will be located on the Depot Street side of the store in a semi-landed section of the city. An entrance on Depot Street will open directly into a large, beautiful chapel, 25 by 44 feet in size. This will be all artificially and dimly lighted and will be of a neutral tan in color.

The main office of the undertaking parlors of the Austin-Morris Company will be entered from Brown Street.

The furniture section of the business will be located in the north end of the building, with a large entrance on Adams Street. The entire building will be lighted by two systems, one from a connection with the light company, and the other, (the same lights) handled by the throwing of a switch to the company's own power plant in the building. This will be operated by a gas engine fed with natural gas.

An attendant will be on duty in the undertaking parlors at all hours of the twenty-four, both for calls for burial and for emergency calls in the ambulance.

This company has three licensed embalmers, including H. D. Harwell, D. L. Connally and Roy Morris, all with long experience in the business. They are assisted by Miles Nixon in their work.

City is To Arrest Those Without 1930 Auto License Plates

The city will clamp down on those who do not own 1930 auto licenses, and Recorder James McCartney says he will accept no excuses for offenders not complying with the law. He stated that there was much publicity in the papers urging car owners to buy their plates in January, and that there is no excuse for the delay.

The fine, he said, will probably be \$13.70, which the car owner will have to pay in addition to the ten per cent delay fee when he finally buys his plate.

MORE SHEEP AND GOAT MEN IN COOPERATIVE MARKETING BODY

Sentiment of sheep and goat men of this section at a meeting held in the court house yesterday was to the effect that as an organization was already perfected and doing business in a cooperative way, they might as well align themselves with this and get the benefits more quickly than if they attempted to form a separate body now.

The meeting was called for wool and mohair producers in the counties surrounding Brown for the purpose of forming a cooperative with not less than half a million pounds of wool promised so that the growers would be able to receive the benefits under the recent farm board loan act. About seventy-five attended, the meeting being opened and presided over by L. A. Nunn, president of the Brown County Farm Bureau Association.

Former Congressman Oscar Callaway, a grower of Comanche county, talked on the subject of the work being carried along this line by the American Mohair Producers' Cooperative Marketing Corporation of Uvalde, of which body he is a director.

As a result, ten growers, mostly from this county, signed a contract to market all their wool and mohair through this organization. These ten represented about 2,000 sheep and about 100 goats. A number who signed up last week with this concern added a total of over 2,000 more sheep and 2,000 more goats.

O. P. Griffin Brown county agricultural agent was backing this meeting, hoping that a local organization could be formed, one of sufficient size to guarantee the half million pounds of wool and mohair, so that the members could gain by the use of farm board loans.

With so much sentiment in favor of the big organization already functioning, he and others interested in the project dropped the idea and were in favor wholeheartedly in the big organization at this time.

Under the present law growers attached to a cooperative will be able to receive an advance payment for their product from the farm board which in most cases is more than they are able to get selling it to individual buyers.

The repeal of 2500 obsolete or useless laws is recommended by the state code commission, of Mississippi.

BOARD DRAWS UP OUTLINE OF 1930 SCOUTING

At a meeting of the Executive Board of the Pecan Valley Council B. S. A. Sunday afternoon the program for the ensuing year was drawn up and assigned to the several committees representing the organization. The largest attendance ever had at a board meeting was registered yesterday. The features of the program for the year will be centered about scout-leadership training, camping, troop organization, health and safety, sea scouting, court of honor, and council finances, and educational publicity. Briefly outlined the program follows:

Leadership Training: At least four standard training courses to be held in different sections of the council area. These courses to be such that they will apply on a scout-leaders work for the scoutmaster in every undertaking of the council during 1930. A motion to hold monthly meetings of the executive board instead of quarterly meetings was adopted and all members of the board pledged their attendance at all regular meetings.

Camping: Efforts are going to be made looking toward the securing of a permanent all-year camp site for the whole council. The summer camp is going to be made more attractive than before and efforts will be made to have as nearly 50 per cent attendance of the total scout enrollment as possible. Emphasis is to be placed on troop camping during the spring and fall months of the year. The week-end hikes and overnight camps will be encouraged.

New Organizations: Efforts will be made to fulfill all requests for new troop organizations that have come into the council office. And this committee will be assigned the task of interesting new communities not now having troops in such organizations.

Health and Safety: Dr. H. B. Allen representing the Brown County Medical Association presented the plans for giving every scout now registered and all new scouts coming into the troops in Brown county the advantage of a free health examination by the scouts own physician. This examination will be free and a copy of the examination report will be given to the scouts parents, a copy will be filed with the family physician, and a copy filed with the scout executive when the scout registered. This is the first council in the United States to inaugurate such a movement and will be a great benefit to all concerned as it will give those in charge of scouts an opportunity to assist them in their physical development. This should be of special interest to the parents of scouts who will thus be informed of the exact physical condition of their sons and will be offered suggestions as to what can be done by them for correcting such physical weakness as may be discovered, the scout executive declares.

Sea Scouts: The Sea Scout program will be inaugurated under the supervision of Hubert Coston. This will be a new department of the

A DECISION ON THE VET HOSPITAL LOCATION TO BE MADE NEXT FRIDAY

The selection of some one area in Texas for the U. S. Veterans Hospital will be made by the location commission in Washington Friday, according to a wire received from Dr. Mollie W. Armstrong and read by the directors of the Chamber of Commerce at their weekly luncheon in the Southern Hotel Monday noon.

Mrs. Armstrong who has been representing Brownwood's claim for this hospital, said she had an interview with General Hines, who heads the commission, and stated that Brownwood still has a chance for this \$1,500,000 to \$2,000,000 hospital.

The exact location will be made later, just the area to be decided upon Friday, she said. A letter along the same lines was received by Hilton Burks, secretary, from Senator Morris Sheppard.

The directors passed a resolution endorsing the idea of February as Prosperity Month and also passed their proclamation of Mayor O. W. McDonald, and urged all the business houses of the city to give their cooperation to it. J. Clayton Tunstall, manager of the Lyric Theatre, one of the Public chain which started this plan, spoke to the directors on the idea.

A number of the directors with Mr. Burks and J. T. Stovall, vocational agricultural instructor, were chosen to attend a wool organization meeting in the court house this afternoon, which has been called for the purpose of getting a warehouse for wool in Brownwood.

Among other matters discussed with the directors was that concerned with the roads, the directors to see what can be done to bring the highway into the city and build them through the town, including seeing when the bayou bridge could be built.

MUSICAL COMEDY, JANE, PLEASES LARGE CROWD AT H. P. AUDITORIUM

A fine home-talent musical comedy, "Jane," was attended by a large appreciative crowd at the Howard Payne Auditorium Friday night. The play was under the direction of Cameron Marshall, who was assisted by Imogene Lane and Beth Williams. The music for the play was given by an orchestra under the direction of Edward Doyle. The pianist was Miss Alice Skerritt. A beautiful chorus of twelve girls added very much to the success, showing their performance indications of a lot of training to have filled their parts so well. The chorus was made up of the following girls: Misses Lois Honea, Jo Eads, Violet Cross, Jane Woodward, Bob Knox, Inez Petsick, Imogene Lane, Greta Little, Bernadine Rudd, Olena Campbell, Velma Weatherly and Olga McDonald.

"Mighty Lak a Rose" was a beautiful violin solo given by Chester Parks. An encore was also played by him. Both pieces drew down the hearty applause of the audience.

The play opened with a scene in the home of Mr. Goodspeed, candidate for governor, played by Edna Germany, and on the night of the election. Mrs. Goodspeed, played by Edna Germany, has made all the plans for her husband's election and calls herself "The Woman Behind the Governor." She is highly gratified by the news that her husband is elected. The real plot opens when she draws a promise out of John, Bob Mayne, that he will call off his engagement to her daughter, Jane.

The character, Jane, was very pleasingly played by Leona McKie, the central figure throughout the play. She sings several songs and leads the chorus in several charming dances.

Bob Mayne took the part of John Sumner, Jane's fiance. His singing was good and he also got the majority of the laughs by his performance in acting the perplexed young lover and in a scene where he pretended insanity.

Senator Snow was played by Hampton Keathly. His song, "Why Should I Sigh," was a good performance.

The newspaper reporters, Bill Yarborough, Allen Hunt and Kenneth Wise, helped to furnish amusing situations. Two of their songs, "Extra" and "News, News, News" were among the entertaining features of the play.

Other good performances were: Aunt Mary Sumner, John's Aunt, played by Lula Jo Harvey; The Butler, Ben Beach, and Mr. Octavo, a publisher, James Wagner.

The second act had a lovely setting. Real flowers were twined around a trellis at the back of the stage and with a painted curtain background made a fine stage setting. The performances of the chorus and the reporters with the antics of John made up the first part of the scene.

The Care of Baby Chicks For First Month

The kind of care baby chicks receive during the first few or three weeks after they have been delivered from the hatchery determines whether or not they will live and grow into profitable poultry flocks, according to C. T. DeBerry, who operates the Brownwood hatchery.

Regardless of how sturdy and hardy the baby chicks' ancestors may be, regardless of its own inherent health and vigor, it cannot successfully overcome neglect, and carelessness the first few weeks of its life," the local man said. "On the other hand, if the baby chick is given the right kind of brooding conditions, mortality is extremely low.

"Before the baby chicks are delivered, it will pay to get everything in readiness. In the first place, the chicks must be kept warm. They should be kept in a temperature of about 100 degrees for the first week. This will require an efficient brooder stove, which can be obtained from a reliable company, or your hatcheryman will be glad to recommend or sell a brooder capable of doing the work.

"The brooder should be kept in a suitable building, and should be dry

Fiction Never Surpassed

Although there were no magazines in the days when they were written, the two most popular short story collections in the world are both more than 600 years old. The "Arabian Nights" and the "Decameron." Dozens of stories can still compete with the old ones for sheer speed of plot, and for knowledge of human nature.—Golden Book of the World.

England's "Desert" is the largest uncultivated land in England is Dartmoor.

S. R. Cade Died
Lubbock Sunday

Dr. A. F. Taylor, of Brownwood, received a message shortly after noon Monday telling of the death of S. R. Cade, in Lubbock at 6 o'clock Sunday afternoon. Mr. Cade's family lives in Brownwood at 1614 Avenue D.

Mr. Cade operated a cotton farm near Slaton and made that city his headquarters but his family lived in Brownwood because of school accommodations. The wife and other members of the family were at the bedside when Mr. Cade died.

Funeral services for Mr. Cade will be held at 3 o'clock Tuesday afternoon at Cross Plains, according to information given Dr. Taylor.

Tillman S. Johnson
Making Expansion
Of His Laboratory

The expansion of the Johnson laboratory in the Citizens Bank building is now going on with Tillman S. Johnson, in charge, adding another room and more equipment to his business.

Coming from a post on the Louisiana State Board of Health, Mr. Johnson set up his laboratory in Brownwood about six months ago, and because of added business has had to add to his space.

He is installing a dark room for X-ray developments and a blood chemistry apparatus for diagnosis.

It is believed that a person might live for three or four months without eating anything provided he were given water and did not exercise himself.

OUR BEST WISHES GO OUT TO
Mc'S BUSINESS COLLEGE
upon the formal opening of their new location. May they prosper even more during the years to come.

Delegates Back
From State Farm
Bureau Meeting

Much good will comes as a result of the annual meeting of the Texas Farm Bureau Federation held in Dallas this week, according to Mrs. H. A. Miller, assistant secretary of the Brown County Farm Bureau, who returned from the convention this morning.

Mrs. Miller said that the Federation members listened to some excellent talks made by nationally known farm persons, and that ambitious plans were made for the new year for the expansion and the work of the body.

She said that J. E. Montgomery of Beeville, the new president, who succeeded H. G. Lucas of Brownwood, is a fine man for the position, and that he is the type to carry on the work of Mr. Lucas, who has held that job for the past two years.

She was especially interested in a talk on "The Farm Woman's Place in National Life" given by Mrs. Phoebe K. Warner of Claude. Mrs. H. L. Peterson of Dallas, Mrs. Miller stated, made a fine hostess for the women who attended the convention.

M. L. Cooper of Route 6, secretary of the Farm Bureau in this county, also returned from the convention today.

Thompson Pawn
Shop Is Robbed,
Loss About \$150

Prying open a rear window in the W. H. Thompson pawn shop at 1002 Fisk Avenue, thieves entered in the night and got away with about \$150 of merchandise. Mr. Thompson reported the loss to the police and county officers as soon as he discovered it Monday morning.

The front door had been worked on by the intruders, but they failed to get in there and went to the rear window, where they took off the screen and then jimmied the window.

The lost articles included overcoats, suits, shot guns, a victrola and a horn, Mr. Thompson said.

There was no telling at what time it occurred. Coming home late from the Memorial Hall dance Mr. and Mrs. Thompson did not find any indication of entry, though they did not look for any such. It might have happened later in the night.

Mr. Thompson was held up by armed men in his pawn shop and robbed of \$12 and several pistols, some of which he later recovered, one night in September.

Fire Loss Very
Low During Last
Month, Says Chief

A total of only sixteen alarms were answered by the Brownwood Volunteer Fire Department during the month of January, according to Rance Pettitt, chief.

The fire loss, according to Mr. Pettitt, was very low during the month, totalling in the city but \$3,208.50, the majority of which occurred this past week in two fires, one on Main Boulevard where there was no water available and a small house burned to the ground and an automobile on Avenue J the same evening.

Here to Supervise
New Store Opening

O. W. Oney of Mexia has arrived in Brownwood to supervise the opening of the Duke & Ayres store in their new location on Center Avenue. The opening will be February 14 or 15. Mr. Oney is a brother of J. B. Oney, manager of the local Duke and Ayres store and will stay with his brother here until after the store is opened in the new location. Mr. Oney who makes his home at Mexia is manager of 19 of the Duke and Ayres Stores in Texas.

The building on Center Avenue recently vacated by Brewer's Jewelry Store is being remodeled for the accommodation of the store and will be completed in a short while. Already, Mr. Oney states, the fixtures for the store have been built and now the store is being merchandised for the opening. The change being made here is one that has been looked forward to for some time, he said. The location is better and the store will be made a modern, first class establishment.

Mr. Oney stated that for some time both stores would be maintained in Brownwood, the old store which is on West Baker and the new stores on Center Avenue. The company still has a lease on the building they now occupy and will continue the two stores until the old lease runs out or is disposed of. J. B. Oney, local manager, will have charge of both stores until the old location is closed out.

Began Great Institution
At the first commencement of Harvard college, on August 9, 1642, a class of nine was graduated. The college was founded by Rev. John Harvard who bequeathed half of his estate (about \$3,700) to the erection of a building.
