Saturday night November the 9th, a number of farmers of this community met to discuss the question of some variety of cotton seed for the whole community. Every one present was in favor of the "one variety cotton seed." They were very much enthused and are asking the co-operation of all the farmers in order to make this movement a great success. Another question discussed was the "Pure Jersey Club." This is an important question and it will help our community very much financially. Every one interested in this club is urged to be present at the next meeting.

There was a number of good suggestions and talks made on both propositions. Our community will grow financially if we get together and organize these two clubs, so let us all boost and work for that purpose.

A meeting is called for Saturday night November 16th, at 7:15 o'clock. Every farmer is urged to be present, as several important questions will be discussed. Come and give us your ideas on this subject. Don't forget the time and date.

SECOND CLASH OF YEAR FOR THESE TEAMS

FOOTBALL fans of Brownwood have a real treat in store for a Friday (tomorrow) afternoon...

will likely be Galloway and Sanders, ends; Oliver and Thomas, tackles; Williams and Cahill, guards; Pierson, center; McQueen, quarterback; Whitehead, full; B. Thomas and Harlow, halves. Coach Hall has a number of good reserves in both the backfield and line...

Bangs High School football team closed its home season Monday when Santa Anna invaded the Dragons' den and patted them by a 26-0 score.

Bangs is coming to Brownwood tomorrow afternoon for the avowed purpose of licking the Junior High lads. Reports from Bangs indicate that the Dragons are much stronger now than they were when they battled the Brownwood boys to a scoreless tie six or eight weeks ago.

Bangs has a nifty little pep squad that will be in Brownwood tomorrow afternoon in all its glory. In addition to this a large number of Bangs fans are planning to attend the game and boost their team on to victory.

pep squad will also be on hand to lend color to this feature little attraction. The pep squad of pretty little junior girls will entertain the fans between halves with several novel stunts.

Officials of Junior High expect a record crowd at tomorrow's game, in that a first class little football game is assured. The two teams are well matched and fans should see a game replete with thrills.

NEW MANAGER LYRIC AND GEM

J. Clayton Tunstall arrived in Brownwood Tuesday to take over the Mid Texas Theaters Inc. interests here which include the Lyric and Gem Theaters. Mr. Tunstall comes from Chickasha, Oklahoma, where he has been for eight years with the Public people.

Grover S. Campbell of Dallas, president of the Mid Texas company, has been in this city several days attending to changes which are being made in both theaters.

Mr. Tunstall is taking the place of Fred P. Hoenschmidt who has been managing the two theaters since the Public subsidiary took them over from local ownership.

COWBOYS ONLY OBSTACLE IN JACKETS' PATH

Team Standings

Table with columns: Team, GP, W, L, T, Pct. Rows include Howard Payne, Simons, St. Edwards, Trinity U., Southwestern.

WEEK'S SCHEDULE

Friday: St. Edwards vs. Trinity at Waxahatchie. Saturday: Austin College vs. Simmons at Abilene.

With half of the 1929 Texas Conference season passed on to the history that records the ups and downs of all members of this athletic organization, fans of the various schools as well as of the conference find that 1929 history is well on its way to repetition this year.

To be sure the Yellow Jackets have two more teams to dispose of before they can lay claim to the 1929 title. With one of these two remaining foes being the luckless Southwestern University Pirates, it seems almost a certainty that the Jackets will go into their final game of the year against the Simmons University Cowboys undefeated.

The proteges of Coaches Cheney and Keaton have demonstrated more power than did the championship club of 1928 and other teams have only an outside chance to stop the 1929 Jackets short of the conference title. Southwestern, already defeated by St. Edwards, Simmons and Austin College, is not due to give the champions much trouble, despite that the 1929 Jacket-Pirate clash will be staged in Georgetown before a Thanksgiving crowd of Pirate supporters.

Cowboy Chances Slim: Simmons University tied Monday by the Trinity Tigers, is the only outfit that can beat the Jackets out this year and to do this the Cowboys must defeat Austin College and St. Edwards, to say nothing of walling the Jackets on December 6. Should either Austin College or St. Edwards stop the Cowboys, the conference title would go to the Jackets regardless of what the outcome of the Jacket-Cowboy tilt might be.

In other words it looks like preaching is about over as far as the 1929 title chase in the Texas Conference is concerned. Of course the last word hasn't been said but Captain Jimmy Fields and his able assistants out at Howard Payne will be in on the chorus of this final song.

Two interesting clashes are on this week's program, these being between St. Edwards and Trinity, Austin College and Simmons. Most critics will favor the Saints to whip the Tigers and the Cowboys to take the Kangaroos. But fans have not forgotten that the Kangaroos figured in one of the biggest upsets of the 1928 season, when they unexpectedly took the Cowboys into camp by a 6-0 score, this being due to a long pass that Kelleher grabbed and carried over for a touchdown. As to the Saints-Tiger battle, one might class it as a toss-up and not go far wrong.

Howard Payne does not see action again until next Tuesday when they invade Lubbock for a clash with the Matadors. This marks the first meeting with the Bull Fighters since the season of 1926, when Dad Amis sent a team of second stringers to Lubbock, an act that angered Tech officials, causing a temporary break in athletic relations.

WOULD LIKE TO TELL EVERY BODY ABOUT IT

"Orgatone is the Real Medicine For Stomach Trouble and You Can't Say Too Much for It," Says Brownwood Man.

"After suffering for twenty years my health has been restored by the use of Orgatone. I am so happy over it that I just feel like I want everybody to know about this wonderful medicine," said J. H. Terrell, 414 Lipscomb Street, Brownwood, Texas.

"During all these years I suffered terribly from indigestion and stomach trouble. After eating I would have a very uncomfortable feeling on account of my food souring and causing gas to form. I was a very nervous person and suffered from sour food on my stomach. I also suffered with awful pains in the small of my back. And this with all my other troubles made it almost more than I could stand. I just kept getting weaker and run down all the time. Until I was hardly able to get around at all. All the doctors told me I was a chronic dyspeptic. I had severe headaches, and was very nervous and restless. I got to where I couldn't eat without suffering intense pains in my stomach and my kidneys were beginning to bother me, too.

"I took a lot of medicine that did me no good at all until I was discouraged over my condition, but I made up my mind to try Orgatone and it did wonders after the very first few doses. I am enjoying as good health in every way as I ever did in my life. I never have those dizzy spells and my appetite is just fine. My nerves are perfectly quiet all the time and I sleep like a child every night. Orgatone has proven a real medicine in my case and it was just what I needed. I would like to tell everybody what it has done for me. I feel that I can't say too much for it.

Genuine Orgatone may be obtained at Camp-Bell and Peerless Drug Stores. (Adv.)

SWEETWATER IS OPPONENT IN LAST GAME

BROWNWOOD High School's Lions, 1929 edition, will bring to a close their home football season Saturday afternoon at Howard Payne park when they encounter the Sweetwater Mustangs in their return to Class A competition after stepping aside Monday to hand the Comanche Indians their annual drubbing. The Lions have three more Old Belt games on schedule for the current season, these being with Sweetwater, Big Spring and San Angelo, three of the weaker teams of the district.

Brownwood has met six Old Belt eleven's this season and although only two of these games resulted in Brownwood victories, the Lions gave good accounts of themselves in all games, with one exception, that being the tilt with Breckenridge. The Lions opened their 1929 campaign against Ranger and much to the surprise of all concerned, Brownwood walked off with a 12-7 victory, one that stamped the Lions as the "mystery team" of the district. And they have lived up to that title throughout the campaign.

Two weeks after the Ranger tilt, the Lions invaded Abilene, held the Eagles scoreless in the first half, only to fall in the end by a 13-0 score. And the last Abilene touchdown came in the closing seconds of the 1929 campaign. It was a break that gave Abilene possession of the ball deep in Brownwood territory. One week later the Lions met the powerful Cisco Lobos in Brownwood and despite the fact that the Lions took a seven point lead in the opening seconds of the game, the Lobos came back strong and whipped the Brownwood lads 24-7, doing the job rather decisively. Then came the Breckenridge disaster, but why mention this, especially in view of the fact that Coach Woodward's lads were well used up after the Abilene and Cisco encounters.

Then came the Mineral Wells game and Brownwood's second Old Belt victory, this being by the narrow margin of 7-0, despite that the Lions were a constant threat at the Mountaineers' goal. This game was played in Mineral Wells on the best football field and in the best grid stadium of the Old Belt. One week later the Lions were at home to the Eastland Mavericks, but why mention this calamity. In this game the Lions staged one of the greatest uphill battles of the year to come from behind a 12 point advantage and take the lead at 13-12 only to see the game go to Eastland by a 14-13 count. This victory was handed to the Mavericks when Billy Moore, Brownwood reserve center, lost his bearings and ran the wrong way after intercepting an Eastland pass, this run giving the Mavs a safety and the two

points that brought them victory. That brought the Lions to their annual clash with the strong Class B team from Comanche and running true to form, the Lions waded through the Indians, 19 to 0.

First Annual Meeting: But back to the game here Saturday with Sweetwater's Mustangs. This will be the first clash in history between Brownwood and Sweetwater teams. But as both teams are in the Old Belt district, this will be the first of a series of annual tussles between the Lions and Mustangs. Although this is Sweetwater's first year in the Old Belt, the Mustangs have given good account of themselves as football players in all games, despite that they have yet to win a game.

Perhaps the biggest and best game of the year for the Mustangs was their 19-12 game with Ranger, the Bull Dogs being lucky to win by the one point margin. Sweetwater stepped out two weeks ago and held the powerful Breckenridge team scoreless in the first half only to be subdued 32 to 6 in the last half.

The Mustangs are coached by Lowe, a former Trinity star, and by "Boddie" Head, who needs no introduction to Brownwood fans. Boddie is coaching the Sweetwater line although he has no young giants to work with, the Mustangs forward wall has proved its merits throughout the season. Boddie, one of the best all around football players that ever donned a uniform for Daniel Baker, will be here Saturday in all his glory. Sweetwater is in good condition for this game and its certainty the Mustangs will be battling to the last ditch in an effort to annex their first Old Belt game of the season. On the other hand, Brownwood will enter the game in fair condition as no injuries have been reported since the Comanche game Monday. The Mustangs will arrive in Brownwood Friday night on the Santa Fe.

This game will be one of the feature attractions on the Rural School Day program that is to be held here Saturday under the auspices of the Chamber of Commerce. All visiting school children from over the county will be provided tickets to this game.

Clear Creek Club Doing Good Work

The Bulletin has received the following interesting report from the Clear Creek Club:

"The Clear Creek Club is still active and doing good. We have not reported in some time, but we are meeting regularly and taking in new members all the time. We now have a membership of twenty.

"A most enjoyable evening was spent in Mrs. Bob Childress' home Friday, November 1, when all club members, their families and others were invited to a Halloween party, was much fun and merriment throughout the evening. Those who had charge of affairs worked hard for the success of the evening. And judging by the laughter and expressions of 'wonderful time' etc. it was indeed a success. There were about fifty or sixty present. The club met again at regular

meeting with Mrs. C. T. Bell, Wednesday, November 6th, with twelve members, three visitors. One new member was enrolled.

"Miss Malone met with us and gave a meat and vegetable demonstration, which was enjoyed by all. We have also elected new officers for another year. The club spirit seems to have revived and we are looking forward to a prosperous year in club work."

Three-Room House Burns, Loss \$600

A fire of undetermined origin destroyed a three room house belonging to George Neville at West Lee and Cordell Streets at 5:30 a. m. Monday. The loss to Mr. Neville was about \$600. Mrs. Fern Kindred was living there at the time but was away over the holiday. She lost part of her furniture.

86,000-mile RECORD for RIVERSIDE!

FREE Mounting Service at all stores

86,000 Miles of Service

Delano, Calif., July 29, 1929

Montgomery Ward & Co. On July 10, 1923, I purchased from your Portland, Oregon, house, a Riverside Cord Tire. This tire I have driven over all kinds of roads, mountains, desert, and a great deal of this mileage was over very rough roads. It has given me 86,000 miles on the rear wheel of my Dodge Roadster with just one puncture, and is still good for many miles more; but was taken off on account of tube which was completely rotted out.

Yours very truly, J. H. RALSTON

RIVERSIDE users frequently write us of the phenomenal mileage records produced by these wonderful tires... records of 40,000-50,000-60,000 miles and even more. Recently we received the unsolicited letter reproduced herewith; and the customer was good enough to send us the tire that produced this outstanding mileage record.

This message is addressed primarily to the "Doubting Thomas" motorist who thinks that tire performance is to be judged entirely by price. This of course is a mistaken impression. The reason for the low price of RIVERSIDE First-Quality Tires lies completely in the way they are sold—not the way they are built. These tires cost as much to build as any other tire, but they cost less to sell.

Selling millions of tires every year direct to motorists, at the lowest selling cost ever known, is alone responsible for your saving of \$2 to \$15 on every RIVERSIDE you buy!

DR. G. E. CAMERON ORDAINED AS MINISTER IN BAPTIST CHURCH

Rev. G. E. Cameron, formerly pastor of the First Methodist church in Brownwood and a resident of this city for the past three or four years, was ordained as a minister in the Baptist church, on October 31st, at Louisville, Ky., upon his return from that city, he announced this morning. The ordination occurred in the Wall Street Baptist church in Louisville, following a careful examination by a council of eleven Louisville Baptist ministers with Dr. John R. Sampey, president of the Southern Baptist Seminary, as chairman of the council. Dr. F. F. Gibson, pastor of the church and a member of the ordination council, is a brother of Mrs. Cameron and one of the outstanding Baptist ministers of Kentucky.

MRS. ARMSTRONG BACK FROM REHABILITATION CONFERENCE OF SOUTH

Considerable work in connection with rehabilitation of ex-service men was planned for the coming year, as reported by Dr. Mollie W. Armstrong, state rehabilitation chairman of the American Legion Auxiliary, who returned Wednesday morning from a three day trip to the Legion Hospital at Kerrville and to San Antonio.

In the latter city Mrs. Armstrong met with Mrs. F. M. Carpenter of Seur Lake, state president, and Miss Ada Mae Maddox of Austin, secretary. Plans were made especially for the sending of Christmas boxes to the disabled service men who are in Texas hospitals and at other places in and out of the state.

Mrs. Armstrong said that the Auxiliary in Brownwood is depending on various organizations in Brownwood aiding the Auxiliary with this work as in the past. She said that the Business and Professional Women's Club is sending its annual Thanksgiving boxes to the four Texas boys who are at the leper colony in Louisiana.

At Kerrville Mrs. Armstrong conferred with the director of Legion Hospital, and plans were made for a twelve month program for making poppies to be sold in Texas. This year the men received a total of \$2,397 for this work, the Auxiliary paying the noncompensated men one cent each for 23,970 poppies.

She visited the health center at Kerrville where fifty children of disabled veterans are being trained. The playground is being equipped there with modern material. Arrangements have been made with the Kerr county home demonstration agent to organize a special club among the 200 wives of service men now in that city, Mrs. Armstrong said.

LIONS CLUB BEGINS WORK LOOKING TO THE CHRISTMAS HOLIDAYS

The matter of getting the Christmas spirit into the citizens early in the season was discussed at the Lions Club at the weekly luncheon, at the Southern Hotel Tuesday noon. Buzz Canon was made head of a committee to look into window decorations about town, getting the committee to look into window decoration as possible.

Dutch Woodward, coach of the Brownwood High School Lions, and Price McQueen, captain of the team, were special guests of the club today.

Santa Fe Clerks of This Division in Meeting Here

The clerks and officials of the Southern Division of the Santa Fe Railroad met in Brownwood Tuesday for the purpose of discussing affairs of the railroad, betterment of conditions and other problems that might be brought up.

Miss Velma Bumpas of Brownwood was chairman of the meeting and those present were: Temple—W. H. Grazier, chief clerk to Superintendent M. R. Tarrant, trainmaster; B. C. Pirie, Jr., chairman of Clerks' Association; D. A. Shannon, secretary, and Lelia Dona, Alva Thompson, Henrietta Parr, Mrs. Curtis Waters, E. T. Hartzel and E. D. Rich, clerks.

Lampas—G. R. Ruff and P. A. LeCompte, Jr. Lometa—Gus Waves. Coleman—R. L. McKinzie and O. T. Burns. Ballinger—W. E. Willingham. Brownwood—Velma Bumpas, L. P. Greer, M. W. Ryan, W. O. Walker, J. D. Manning, A. E. Orts, F. Lamm, W. R. McCormick, J. R. Thompson, yardmaster; John Angell, storekeeper; J. Osburn, ticket agent; C. C. Robinson and J. J. Paul, trainmaster.

After the meeting the members had lunch at the Harvey House and tonight they are to be entertained at the home of J. J. Paul of Brownwood.

Man With Bloody Clothes Denies Knowing of Fight

The sheriff's department was informed of a severe fight raging in a house in Brownwood Heights Monday afternoon. Deputy Sheriff Luther Guttire investigated and found one man and one man only at the house. His clothes were covered from head to foot with blood, and in his car were found a bloody butcher knife and bath towel. He was placed under arrest, but when questioned he said he had cut his finger, the blood from that getting over everything. He would admit no fight, and there was no one with knife wounds who has made a complaint, nor were there any with knife wounds found in any of the city hospitals by Tuesday noon.

PLANS TO MAKE THIRD ANNUAL MEET SUCCESS

Visits to various Brownwood business houses and industrial or manufacturing plants during the day, a luncheon at Soldiers and Sailors Memorial Hall at noon and free tickets to all the delegates from the various schools to the Brownwood-Sweetwater football game at 3 p. m., will be the high points in the day's program for the rural school pupils who are to visit Brownwood next Saturday on the third annual Brown County Rural School Day.

The program will follow in the main the same general plan as in the previous years. The observance of school day was made a big success on the former occasions, and those having the plans in hand for this year state that they hope to make next Saturday even a bigger success than its predecessors.

For the visits to the business houses and other places of interest, the pupils will be divided into groups of 15 or 20 each. Printed programs with the pupils' names on them will first be furnished to the visiting school children. The programs will specify the group the pupils are to visit. The programs will also contain the names of the various business houses and manufacturing plants to be visited during the day. Each group will start at a different place and continue down the list until all houses on the list have been visited.

Luncheon and Program

At noon the pupils of all groups will meet at the Memorial Hall where lunch will be served. After lunch the groups will start on their list of business houses where they left off and continue until all have been visited. At about 3 o'clock they will assemble at Howard Payne park and receive tickets for the Brownwood-Sweetwater football game.

This Rural School Day is sponsored by the Chamber of Commerce, Supt. Oscar Swindle and the business men of Brownwood. Here is what some of the leaders say: Hearty Welcome Extended

"We extend a hearty invitation to all the people living in the rural communities to attend Rural School Day and Mrs. Armstrong, president of the Chamber of Commerce.

"We think Rural School Days of the past have been successful and believe with the plans that have been made this year, this one will be the best yet. We will do our 'bit' to make it a success, states W. D. Armstrong, chairman of the entertainment committee, Chamber of Commerce and Mrs. Armstrong, president of Business and Professional Women's Club.

"We will be glad to have our college museum and libraries open for the inspection of the rural children. We will also have assistants to explain the different things of interest to them," O. E. Winebrenner, president of Kiwanis Club and Dean of the Science Department at Howard Payne College.

Others of Brownwood join in these sentiments. Last year there were about 800 visitors from the schools of the county here on Rural School Day. The number is expected to be larger this year.

Letters have been sent to the various schools in the county by Superintendent J. Oscar Swindle asking for the name of the children and sponsor or chaperon teachers, who will be delegates on school day here Saturday.

Medical Body Hears Technical Papers Read Here

Papers on technical subjects were read by two Dallas physicians at the semi-monthly meeting of the Brown County Medical Society held at the Chamber of Commerce Tuesday night.

Dr. J. Sweeney of Dallas talked on Hypertension, while the paper by a Dr. Mahon of Dallas was on the subject of tumors of the neck. Dr. T. R. Sealy of Santa Anna was a guest of the society, and told the members of the progress of the proposed work of the Texas State Association of this year, the association to follow out the program as laid down by the late president, Dr. Joe E. Dilly.

Judges Brady and Jenkins on Same Bench in Austin

The news from Austin telling of the supposed killing of a young woman by Judge John W. Brady came as a shock to Judge C. H. Jenkins of Brownwood, who spent four years on the Court of Civil Appeals bench with the Austin man.

SCHUBERT CHORAL CLUB PRESENTS PROGRAM TO APPRECIATIVE CROWD

Despite the rain Friday night a representative crowd of Brownwood people turned out to enjoy the Schubert Choral Club's offering of the Schubert Choral Club at the Howard Payne fine arts auditorium, and many in the city were able to appreciate the excellent musical numbers to the full.

The program was about equally divided between numbers by the club and those by the members who were attired in colonial costume, and the talented young violinist, Miss Elizabeth Early.

Miss Early has a most pleasing platform manner, which, with her playing, won the hearts of her audience. Her rendition of "Air de Ballet" by Venth, and the quaint "Dudziarz" by Wieniawski, were possibly the best played of her many numbers and the best received by the audience.

Some Favorites Of the Choral Club numbers the three best liked were: "Bird Songs at Eventide" by Coates; the crooning song "Ma Curly Headed Baby" by Clutsum with an interesting

tableau; and Beethoven's Minuet with the child dancers. This dance of the minuet was arranged by Mrs. Lon Smith. The orchestra was directed by Miss Mae Branom with Miss Dorothy Branom as orchestra accompanist. The school chorus was arranged by Mrs. Harold Scott and Mrs. C. R. Smith. The club was directed by Miss Drey with Mrs. W. D. McCulley as accompanist. Proceeds of the evening went to the treasury of the Business and Professional Women's Club.

The program in full follows: Patriotic Choruses, (a) Star Spangled Banner; (b) America—Public School Students.

(a) Reverie—Vieuxtemps; (b) Dudziarz—Wieniawski; (c) Oberlass—Wieniawski—Miss Elizabeth Early.

(a) To a Wild Rose, MacDowell; (b) Bird Songs at Eventide, Coates—Schubert Choral Club.

(a) Air de Ballet, Venth; (b) Mazurka de Concert, Musini—Miss Elizabeth Early.

(a) Love's Old Sweet Song, Molloy; (b) Ma Curly Headed Baby, Clutsum; (c) Minuet, Beethoven—Schubert Choral Club.

Dancers: Jean Evans, Jane Queen, June Buck, Lucy Mae Brown, Mary K. Stalcup, Eloise Townsend.

(a) Ave Maria, Schubert-Wieniawski; (b) Hejra, Kati, Hubay—Miss Elizabeth Early.

WAGGONER IS ELECTED HEAD MERCHANT BODY

Henry C. Waggoner of the Hemphill-Pain Company was chosen president of the Brownwood Merchants' Association at an annual meeting held in the Chamber of Commerce Tuesday afternoon. Mr. Waggoner will succeed E. J. Weatherly, who was president for the past year and who presided at this meeting.

A list of thirty-five members of the association was reported on by the nominating committee, these thirty-five being voted upon by the twenty-five members present. Mr. Waggoner getting the greatest number of votes was made president and the other officers and directors were named according to the votes cast.

S. E. Morris was chosen vice-president; Mr. Weatherly, secretary, and J. W. Jennings, H. F. Mayes, Henry Gibbs and Elmer Haynes, directors.

Mrs. H. B. Muse was retained as acting secretary of the association, which has recently moved its offices to the Citizens National Bank Building.

The Balloon Ascension

Advertised for last Saturday, failed to happen, due to the express company's tardiness in delivering this Balloon from Akron, Ohio. But she came Tuesday and regardless of the swerving wind and threatening weather she went up, but when 200 feet in the air she took herself at the rate 60 to nothing southward, almost taking with her the three Burlees holding to the anchor rope, then after reposing beyond the building for a few seconds, giving slack to the rope. She took a lunge skyward, taking up the slack, and almost taking up the three Burlees. Then the Boss says—"Bring her down boys."

We will put her up again when the weather behaves. So keep an eye out for this big balloon.

Twenty Clubs in Brownwood High School Present Avenues for Wide Range of Interests of Pupils

BY DOROTHY JOHNSON
High School Student

Perhaps nothing has added so greatly to the interests of Brownwood high school as the various clubs. These twenty organizations tend to promote school interest and spirit, and create a higher appreciation of the good qualities of life than cannot be brought out by the courses alone.

These are only a few regulations as to the membership of these clubs. Most important is the fact that each student is allowed to belong to only two clubs, and is advised to belong to only one.

These clubs are sponsored by the teachers, who instruct as carefully in the clubs as in the classes.

As the clubs progress, the abilities of the members become more apparent. Most clubs have prepared a general outline of the work to be accomplished.

Art Appreciation
The Art Appreciation Club, under the supervision of Mrs. E. J. Miller, is a very unusual one, as there are few teachers who can undertake to sponsor such a club. The name of the club is significant of its aim.

The members will endeavor to create art appreciation by making a thorough study of the best pictures, sculptures, and handicraft. In studying the pictures, the members will be guided by a book, "How to Judge Pictures," loaned to the club by Mrs. J. W. Sattenham. The club sincerely appreciates her interest and assistance.

Already the club has studied several of the most beautiful pictures ever painted. Judging by the effect that the study of these pictures has had upon the members, one is inclined to believe that the full purpose of the club will be realized.

Mr. J. Piner Powell's Commercial Club is composed of thirty members, the limit of number of mem-

bers for any club. The zeal of the members is due to the variety in the programs, which alternate, aside lectures once a month, discussions by business men and women once a month, a debate or report once a month, and reports by members or interviews with business men and women concerning their profession.

Training Stenographers
A club very similar to the Commercial Club in purpose, is the Typing Club, directed by Miss Carol Cox. The club will be instructed by Miss Cox in manners and duties of a good stenographer. Those who belong to the club feel that, when the school term is ended and their courses are completed they will be efficient stenographers, through the careful instruction of Miss Cox.

Pep Squad
Members of the Pep Squad show more spirit than any other group in the school. But why should they not, with such leaders as Misses De Rama Parker and Beryl Burnett? The Pep Squad is right here to cheer the boys on to victory. Without the Pep Squad interest in the games. The new suits have arrived, so the members are also well dressed. Just watch them at the Comanche game.

Study of Europeans
The Spanish and European Travelers Club was organized to study the manners, customs and dress of Europeans; however the Spanish Club limits its studies to Spain. The clubs are sponsored by Miss Carolyn Rice and Joe L. Wiley, respectively. The European Travelers extend a sincere invitation to Brownwood citizens to visit the club. A promise of full pleasure of an imaginary trip to Europe is made.

Science Club
In order to promote the interest of science for all students, H. T. Hayes is leading a Science Club. This club is making a thorough

study of the lives of great scientists and their accomplishments through the scientific magazines of the day. Experiments are sought and reported on by the boys (all members of this organization are boys, incidentally). Many of the smartest students in the high school are found belonging to this club.

Learn Tennis Art
Mr. T. C. Wilkinson, in sponsoring the Tennis Club, hopes to make it possible for the members to learn the true art of the game. The students are studying from two books: "Thirty-four Common Tennis Errors and the Remedies and Tennis for the Junior Players," the "Club Player, and the Expert," by William Sildon. Programs are arranged for another year when the appointments were read out at the annual conference of the Central Texas Methodist Conference, at Hillsboro, last night. Rev. J. W. Mayne, pastor of Central Methodist Church for the last two years, who had asked to be moved, becomes pastor at Ranger and is succeeded in the pastorate here by Rev. P. T. Stanford.

Appointments in the Brownwood district are as follows: Presiding elder, W. H. Coleman; Ballinger, T. E. Bowman; Bands, Paul W. Utley; Blanket, J. D. Smoot; Bronte, C. C. Hightower; Brownwood, First Church, Joseph S. Cook; Brownwood, Central, P. Starford; Coleman, E. H. Lightfoot; Coleman Circuit, J. B. Weathers; Comanche, C. M. Bond; Comanche Circuit, P. E. Cantrell; Drasco-Pumphrey, T. H. McBrayer; Gustine-Lankin, Preston Broxton; Indian Creek, W. J. Cline; May, D. L. Barnes; Norton, Mazeland, E. W. Swearingen; Novice, Chester A. Wilkerson; Proctor, W. N. Byrd; Robert Lee, B. B. Edmalston; Rockwood, O. A. Norton; Santa Anna, Joseph I. Patterson; Talpe-Crews, W. F. Smith; Winchell-Mount View, J. Jones; Winters, W. J. Morris; Winters, T. H. Burton.

Live wire organization is the Spelling Club. The members not only are endeavoring to improve their spelling, but also to learn new words and their correct usage. An interesting contest is now underway, after the contest programs of games through the use of words will be given. The members are glad that Mrs. Shelton is the sponsor of the club.

One of the most "heard of" organizations in Brownwood, is the Girls' Glee Club, under the leadership of Mrs. Tris Hornberg Scott. Mrs. Scott, being a talented musician herself, knows the full details of a good choral club. She has accomplished much in her former clubs and hopes for an even better one this year.

Miss Marjorie Gresham has a Current Literature Club. This club is devoted to the study of modern literature. The weekly paper "Current Literature," is used for the guidance of the latest and best literature.

One of the few organizations of the school devoted entirely for pleasure is the Short Story Club. Miss Olive Smith, supervises the club with great diligence. Miss Smith brings out the good points of good literature and its value, and its preference to poor literature. There are several who wished to join the club but could not, as the membership was closed. The Dramatic Club, instructed by Mrs. J. Fred McCaughy, is the only one of its kind in high school. The purpose of it is to make a technical study of drama by reading some plays and dramatizing others. The club hopes, during the school year to put on several plays for the public.

The Debating Club or Woodrow Wilson Debating Society is directed by J. Fred McCaughy. He plans to teach the art of debate in order that the students may enjoy and take part in the public debates. He will give excellent training for those who wish to enter this branch of interscholastic league work.

COLEMAN AND COOK RETURN TO BROWNWOOD

Rev. W. H. Coleman presiding elder of the Brownwood district, and Joseph S. Cook, pastor of the First Methodist Church here, were returned to their respective stations for another year when the appointments were read out at the annual conference of the Central Texas Methodist Conference, at Hillsboro, last night. Rev. J. W. Mayne, pastor of Central Methodist Church for the last two years, who had asked to be moved, becomes pastor at Ranger and is succeeded in the pastorate here by Rev. P. T. Stanford.

Appointments in the Brownwood district are as follows: Presiding elder, W. H. Coleman; Ballinger, T. E. Bowman; Bands, Paul W. Utley; Blanket, J. D. Smoot; Bronte, C. C. Pastors Known Here

Frank L. Turner was returned to Hamilton Circuit. He was first licensed from the First Methodist Church of Brownwood.

L. L. Felder was returned to the First Methodist Church of Waco. He was once pastor of the Central Methodist Church here, preceding J. W. Mayne.

C. R. Wright was returned as presiding elder of the Waxahatchee District. He was once pastor of the First Methodist Church of Brownwood.

R. L. Crawford will be at Palmer his year. He was once financial secretary of the First Methodist Church here and got his start in the ministry while in Brownwood.

The Commissioner of T. C. U. will be O. F. Sensabaugh, who was at one time the presiding elder of the Brownwood District.

Henry Francis, brother of Bruce Francis of the Bulletin, and who used to be pastor of the Indian Creek Church will fill the pastorate at Bunyan again this year.

George F. Koneguy will be pastor of the Anglin Avenue Methodist Church of Cleburne this year. He used to live in Brownwood and worked for the Bulletin for a number of years before entering the ministry.

J. H. Stewart, who at one time was presiding elder of the Brownwood district, will fill the pastorate at Arlington this year.

J. H. Baldrige goes to Meadowbrook, Fort Worth. He was the first pastor of the Central Methodist Church here.

W. B. Andrews, who was once pastor of the First Methodist Church of Brownwood, was reappointed director of superannuate endowment and superannuate homes.

C. Q. Smith was reappointed hospital commissioner. At one time he was pastor here. During his pastorate the First Methodist Church was built.

GREAT CROWD HEARS LECTURE ON HOLY LAND AT UNION SERVICES

A crowd that overtaxed the capacity of the Howard Payne College auditorium Sunday night, heard the lecture of Dr. W. B. Gray, pastor of First Presbyterian Church in which he gave a resume of his recent visit to the Holy Land, illustrated with numerous interesting slides at a union service by churches of Brownwood. The auditorium has a seating capacity of something over 1,200. All seats were taken and many people stood around the walls during the lecture, while many others were turned away.

The services were broadcast over KGKB. Dr. E. A. Prince, pastor of the First Baptist church, presided. For the scripture reading Dr. W. R. Hornburg, pastor of Coggin Avenue Baptist church, had the audience repeat with the first, and Dr. Gray read the 139th Psalm, after which he offered the invocation. Dr. C. A. Johnson, pastor of the First Christian church, took an offering for the United Charities. This offering amounted to \$98.63. Morgan Hall led the congregation in the singing of the hymns and a solo was sung by Cameron Marston, who has offered the invocation. Dr. C. A. Dr. Gray gave for his discourse on the Holy Lands and conditions existing there today a resume of much that he has given in his series of lectures of the subject at his own church during the last few weeks. The large audience heard the lecture and views the slides shown with intense interest.

Boards Created By Legislature

AUSTIN, Texas, Nov. 12.—(AP)—The forty-first legislature created three boards and commissions with an aggregate membership of 24, the personnel to serve at \$10 per day and expenses while transacting official business.

In spite of Gov. Moody's appeal to the legislature in his formal message to reduce boards and commissions and consolidate departments in the interest of efficiency and economy, the lawmakers created some new ones.

The board of education has nine members, not including a committee of five appointed by it to consider text book adoption. This makes 14 persons serving in connection with it.

The barbers' board has four members, this being a new commission. The game, fish and oyster commission of six members was created to replace the game, fish and oyster commissioner, who remains, however, as executive secretary of the commission.

Weatherby Motor To Auction Used Cars Next Friday

A. G. Johnson, said to be an auctioneer of national repute, is going to do some selling of used cars for the Weatherby Motor Company next Friday, it was announced by that concern.

Harvey Jones, of that company, said that in automotive auctioneering circles Mr. Johnson has no peer.

"He is constantly in demand by the larger automobile dealers to help them move their surplus stock of used cars. This highly versatile auctioneer will soon be in our city to conduct one of the largest and most interesting sales ever held in this community. Watch the newspapers for the announcement of this big sale, and then attend it if you want a real treat," said Mr. Jones.

Here's Mr. Johnson's creed—a simple creed—the kind people like. He says:

"I am thoroughly convinced that the Golden Rule is practical religion and that it works both ways—for others and for me.

"I respect all religious creeds and shall not interfere with any man's honest political convictions.

"I shall always be square with those who trust me and always fair with those who do not.

"I want to live as long as I can be useful to my country, my community and to those who love and trust me.

"I firmly believe that selfish interest defeats self-interest—that my permanent profits and lasting satisfaction in success will only come through capable and dependable service.

"I would not exchange my friendships for all the currency in the world.

"I am unspcakably grateful to my Maker for each and every day that I am permitted to live, and I always want to live so that several will really miss me when I take the long, long trail.

"I want so to live that my Mother will smile down and still call me her son.

THE BROWNWOOD SHOW GETS INTERNATIONAL CORNISH MEET

Brownwood, Texas, is to be congratulated upon securing the International meet of the American Cornish Club, who has members in practically every state in the union and three members in England.

The club will be well represented this year as they expect to coop at least 700 Cornish, in addition to the regular show of other breeds.

California will be well represented by its famous breeders as will several of the other states with their breeders of national fame.

Canada will send a delegation that will be a credit to any show. Mr. M. B. Crosby, president of the club, will

Hold Off Selling Road Bonds Until Market Improves

Enough county road bonds are being purchased by the First National Bank here to keep the program of road and state highway building going in Brown county, according to Judge E. M. Davis, who stated that the commissioners court will not put a big issue on the market now with the price so low.

"The price for such bonds as we have for sale," said Judge Davis, "is but 97, and from all indications we will be able to get par and possibly more by waiting until February. For that reason we are holding back a half million in bonds at this time, and only selling a few locally to keep up the program."

DEEPEST SHAFT STARTED

Sinking of the deepest colliery pit shaft in England has just been started near Deal. It will be 3,029 feet deep and will open a vein of coal four and one-half feet thick, which is estimated to contain 1,000,000,000 tons of fuel. Its diameter will be 20 feet.

Injuries Back in Fall from Tree

Raymond Harlow, son of Mr. and Mrs. W. J. Harlow of 1604 Tenth Street, fell about twenty feet out of a tree Sunday afternoon, and seriously injured his back.

He was with a party of young people on a picnic on the Colorado River near Indian Creek. He had climbed a tree to gather pecans when a limb of the tree gave way and he fell about twenty feet to the ground. He is now in a local hospital.

Another Good Cow Making A Splendid Record on Our Gold Arrow Dairy Feed!

PATTY'S PRETTY LADY, a senior two-year-old registered Jersey heifer, No. 763978, owned by R. O. Sheffield of Brooksmith, Texas, produced during the month of October 1,213.6 pounds of milk, which tested 5.28%, making 64.7 pounds of butter fat. This is equivalent to 77 3-4 pounds of high grade butter, and is a wonderful record for a cow of her age. This is the second month of her test. Keep your eye on her. You will hear more from her!

People, who are making good with their dairy cows, are learning the value of a perfectly balanced, scientifically prepared dairy ration, and are naturally turning to our

Gold Arrow Dairy Feed!

Brownwood Youth Wins Honors at Texas University

Mike Muse, son of Mr. and Mrs. R. V. Muse, of this city, was distinguished himself as debater at Texas University where he is a student. He is one of twelve to survive the second round debate try-outs held last Thursday night at the University. He will enter the final debate tryouts to be held December 17.

The following story of the debate tryouts was carried in last Friday's issue of the Daily Texan:

"Second round debate tryouts were completed Thursday night for the selection of the twelve men who will compete in the final round December 17 to select the squad to represent the University in all intercollegiate debates.

"The twelve men who successfully survived the second round of competition were Mike Muse, Zolile Steakley, Marvin Butz, Will Crews Morris, Ben Davis, Jarrrell Garonzik, Edward Reichelt, Bennett Lay, Frank Knapp, F. A. Waters, J. L. Mofford, and Joe Spurlock.

"The question of debate was 'Resolved: That Installment Plan of Buying is a Danger to American Prosperity.'

"The final squad to represent the University in all intercollegiate debates will consist of twelve men selected from the six who will represent the University in the Oxford debate December 12, and the twelve men who survived the second round of elimination last night."

48-Year Old Marriage License Is Restored to Capt. and Mrs. Taylor

Bringing with him memories of the days when in Texas the gun was law and Indians and buffalo roamed the plains, Captain Drew Kinkay Taylor, ex-Texas ranger and peace officer of the border of Texas, and wife were in Brownwood Friday and Saturday visiting Mrs. Taylor's sister, Mrs. C. A. McCutchen, who is ill.

Captain Taylor is now 72 years old, yet he stands erect and walks like a young man. His father, Captain M. J. Taylor, served with the Confederates all through the Civil War. Captain Taylor is a native Texan. He was born in Polk county in 1857 and has always made his home in this state. He joined the Texas Rangers in 1873 and was a ranger and peace officer for 32 years.

On the 24th day of October in 1881 48 years ago, Captain Taylor married Annie Hardman of Brownwood. The marriage license issued to Capt. Taylor was left in the county clerk's office here when recorded, and remained there until recently when Judge E. M. Davis

1,951 BALES OF COTTON GINNED

The cotton production in this part of the state is far less this year than it was last year according to the reports from the various gins in Brownwood. The estimate is that the gins have ginned only about half the number of bales that they had ginned at this time last year, and the ginning season is practical, by over.

Mr. McDonald of the McDonald-Moore and McDonald-Owens gins states that his first gin has ginned this season 673 bales, compared with the 1,600 bales at this time last year. His other gin has ginned 798 and at this time last year had ginned 1,300. He goes further to say that last year's crop was about two-thirds normal while this year crop is only about one-third normal. He attributes this shortage of crop to the various insects, dry weather and inferior cotton seed. He hopes better seed will be planted next year thereby increasing the staple of the cotton and increasing the value per bale.

A farmer near Centralia, Wash., seeded 1,000 acres of land in half a day, using an airplane.

POULTRY SHOW PREMIUM LIST IS ANNOUNCED

A premium list for the Mid-Texas Poultry Show to be held in Soldiers and Sailors Memorial Hall, December 10 to 14 inclusive, is now off the press and in the hands of the poultry breeders, who will exhibit here next month.

An All-States Turkey show and an International Meet of the American Cornish Club will be held at the same time. S. A. McHorse, superintendent of the show, states that the auditorium will probably be filled completely with chickens and turkeys on those dates, and that people from all over the United States and Canada will be present to witness, principally the Cornish show.

The Mid-Texas people are in charge of the entire show, with Mr. McHorse in direct charge. J. J. McDaniel is president of the Mid-Texas Poultry Association; Joe Foster is vice-president; W. S. Jarett is secretary; treasurer and E. M. Cook, assistant superintendent. J. I. Lewis and Walter Burton are named as the American Poultry Association judges for both the chicken and turkey shows, while a man from Canada will judge in the Cornish show.

Single chickens will have an entry fee of fifty cents; pens \$2, and single turkeys, seventy-five cents.

Premium Lists
Premiums will be paid on all the standard and non-standard varieties where competition justifies, as follows:

Man Covered With Blood Held On Drunk Charge

Otis Soap is being held in the county jail on a charge of being drunk. Soap was arrested Monday when the Sheriff's attention was called to a fight in the north end of the city, and he was found alone with blood over his clothing. He disclaims a fight, however, and stated to the Sheriff that he cut his finger on glass, thus causing his bloody appearance.

Legion Preamble Is Praised as Great Document

The preamble to the Constitution of the American Legion was said by Mark McGee, former state commander of the Legion, to be the greatest document outside of the Bible and the Constitution of the United States, ever penned by man. It was written, he said, in the blood of the men who died in the Great War. The preamble is as follows:

"For God and Country, we associate ourselves together for the following purposes: To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

COUNCIL HAS SHORT MEET

City Council met in regular session Tuesday night but due to the absence of C. E. Boyett, one of the aldermen, no important business was transacted. Mayor McDonald had planned to bring up the South-side sewer question for discussion and possible action last night but it was deemed best to wait until all members were present.

Although it had been expected that counsel representing Community Natural Gas Company would appear before Council last night to seek the passage on second reading of the ordinance allowing Community Gas to charge less than its franchise rate for the gas used by Brownwood consumers, the question was not brought up.

Ira Hall appeared before Council and discussed street paving, this being in accordance with plans to pave several streets in the future.

Frank O'Hearn asked for and was given a street light at the intersection of Avenue C and Twelfth Street.

The ordinance excluding the land of Mrs. J. W. Trapp from the city limits was passed on its second reading Tuesday night.

City Manager Hennen was instructed to lay a four inch water line on Avenue C from Third to Sixth streets.

FEW CHANGES IN HEART OF TEXAS DISTRICT

"We got as nearly as possible to our old districting of the Heart of Texas, and the same number of counties," said Hilton Burks, secretary of the Brownwood Chamber of Commerce, in reporting on the action of the directors of the West Texas Chamber of Commerce at a meeting held in Stamford Saturday, which he attended.

"We lost five counties in the readjustment but gained five others," Mr. Burks said. The redistricting of the W. T. C. C. was made following the meeting and annual convention held recently at El Paso, when it was decided to cut the vast territory into ten districts, equal in size and each district with one director as representative.

The Heart of Texas district lost in the shuffle the counties of Runnels, Concho, Eastland, Callahan and Menard, but gained the counties of Gillespie, Blanco, Burnet, Bosque and McLennan. District 10 now comprises the seventeen counties of Coleman, Brown, Comanche, Erath, Bosque, McLennan, Coryell, Hamilton, Mills, San Saba, McCulloch, Mason, Gillespie, Blanco, Llano and Burnet.

W. P. Hallmark of Dublin is the director of this newly defined district. W. P. Murphy of Brownwood resigned his position as director to which he was reelected at the El Paso convention.

The new president of the W. T. C. C., W. H. Hamilton, is said by Mr. Burks to be a young, but very capable man and one who will make a good leader for the body.

Woodward Water Representative
Following the selection of directors and the redistricting of the districts, the directors unanimously voted that Senator Walter C. Woodward of Coleman be made the W. T. C. C. representative in the matter of water rights for this section of the state.

This choice was made to protest in Austin any transfer of water rights which would affect the Colorado River basin. It was understood that the Syndicate Power Company with J. Alexander at the head, was planning on disposing of

another company a purported 1,200,000 acre feet of water rights on the Colorado River, which amount is said to be more than the mean annual flow of this stream and its tributaries.

The matter of river bed legislation with regard to the state claiming certain oil wells, was another subject discussed at Stamford Saturday, Mr. Burks said.

For attempting to read during Communion service, a protest was made against the use of the revised Prayer Book, and three men were ejected from Truro, England, Cathedral.

In a recent month 15,135,000 tons of lignite were produced in Germany.

SAINTS GIVEN REAL LICKING BY CHAMPIONS

WITH the largest crowd of the current season in the stands at Howard Payne Park to cheer them to victory, the Yellow Jacket football machine of 1929, a smooth working and powerful unit that clicked on all eleven cylinders...

Monday's victory leaves the Jackets far out in front of the 1929 title chase of the Texas Conference with three victories and no defeats or tie games to mar their record.

Neither team was able to push over a touchdown in the first quarter of Monday's battle, despite that Nig McCarver slipped around his own right end for 35 yards...

Buck Gibbs opened with a two yard thrust through right tackle and McCarver doubled the distance through the opposite side of the line.

That remarkable parade down the field, through over and around the Saints, was begun by Nig McCarver's field yard crash through his own left tackle. Buck Gibbs followed up with a four yard crash at right tackle, then added insult to injury by doubling the distance through the same gaping hole, this giving the Jackets a first down on their own 37 yard line.

McCarver was stopped at right tackle but Captain Fields found a gap at left tackle for three yards. Nig McCarver was the next man called on and being somewhat peeved at being stopped at right tackle on his last effort, he followed his interference across the line of scrimmage and then headed north.

ST. EDWARDS TAKES THE BALL ON THE 27 YARD LINE AS THE THIRD QUARTER ENDED

ST. EDWARDS took the ball on downs on the 27 yard line as the third quarter ended. After an exchange of punts, the Saints had the ball on their own 46 yard line. Macki ripped off five yards through the line but Figari was tossed for a four yard loss by Cloninger.

Then began a parade of substitutions for the Jackets. These reactions for the Jackets were held until Hutchinson's punt was blocked and the Saints recovered on the Jacket 22 yard line.

BUCK GIBBS OPENED WITH TWO YARD THRUST THROUGH RIGHT TACKLE AND MCCARVER DOUBLED THE DISTANCE THROUGH THE OPPOSITE SIDE OF THE LINE

Buck Gibbs opened with a two yard thrust through right tackle and McCarver doubled the distance through the opposite side of the line. Gibbs came right back with a five yard crash through right tackle, this netting a first down on the Jacket 41 yard strip.

The indomitable Nig McCarver added impetus to the Jacket drive when he stepped around right end for 13 yards and a first down on the Saints 42 yard line, this sprint causing the Saints to call time out for consultation.

Any plans made by the Micks to stop the Jackets were fruitless for on the first play, Buck Gibbs tore around left end for seven paces. Jimmy Fields then tapped center for two more markers and Gibbs found a gaping hole at right tackle for seven more yards, this netting the Jackets a first down on the Catholics' 25 yard line.

McCarver contributed five yards around right end and Captain Fields crashed through center for seven yards and a first down on the visitors' 13 yard line. Gibbs reduced the distance five yards on two plunges and again the Saints took time out.

Undaunted, the Saints came back strong and offered a serious threat, only to be stopped on the Jacket 15 yard line. Grimland's kick-off was weak and the Saints took the ball on their own 44 yard line. On the
