FmHA Supports Farm Safety For 'Just Kids'

In conjunction with National Farm Safety Week, September 20-26, the Farmers Home Administration (FmHA), an agency of the United States Department of Agriculture, has again selected the Farm Safety for "Just Kids" program as its public service project for 1992-93, through its Wellness Program's Public Safety Campaign, according to Kelly L. McMillin, FmHA Acting County Supervisor for Bailey County.

Farm Safety for "Just Kids" is a non-profit organization dedicated to educating parents and children about farm injury prevention. This organization stresses raising awareness levels regarding on-farm hazards. Each year, farm accidents result in the death of 300 young people and 5,000 serious injuries. The primary age group effected is five to 14 years old.

Educational material, including a film, warning decals, and children's

Judge Proclaim Farm & Ranch, Health Week

Bailey County Judge Marilyn Cox proclaimed September 20 to 26 as Farm and Ranch Safety and Health Week in Bailey County at the request of Allen Smyer, Bailey County Farm Bureau president.

This year marks the 49th annual observance of National Farm Safety and Health Week, co-sponsored by the National Safety Council and the U.S. Department of Agriculture; with the theme, "Take Charge of Your Safety and Health".

When you look out your kitchen window and see your land, buildings, machinery and animals, you may smile with justifiable pride. After all, it's your work, determination and management skills that made it possible. But until you look in the mirror, you haven't seen the one who can best "Take Charge of Your Safety and Health". Safety, with your help, will prove protective for you, your family and employed workers:

* Protect yourself and others by making safety part of every activity-on the job, at home, at leisure and on the road. Machines are replaceable if damaged or

destroyed in an accident. But, that's not true for people!

* Protect by knowing how to prevent farm injuries and illnesses. Read and follow instructions in manuals and on labels. Note safety and health articles in magazines and newspapers. Read booklets on the subject and pay attention to safety reminders on radio/TV. But, just knowing isn't enough-you must act on that knowledge to reduce risk of costly injury and illnesses.

* Protect by always keeping shields and guards in place, and by stopping machines before servicing or dealing with operating problems. When the job dictates, use the appropriate personal protective equipment-gloves, hard hat, safety shoes, respirator, safety goggles, etc.-to reduce risks to your health and safety.

What is said to be the very best basketball players in the Panhandle area "The Dream Team of '96" will be playing in Canyon High School September 22 at 7:30 p.m.

The season opens October 20 when the team plays the Canyon Lions' Club in Canyon.

The team hopes to play 30 to 50 games against Service Clubs and Booster Clubs.

"Every player rates as an All-Star and included on the list of players is Denise Hunt, Panhandle Hall of Fame Head Basketball Coach in Muleshoe," said Joe King, coach and general manager.

Included on this team are three basketball coaches and five assistant coaches.

Misty L. Gay Bartley was among 210 students who received degrees during the summer commencement at Angelo State University. She received a Bachelor of Business Administration, Magna Cum Laude, with a major in Marketing

Sandy Adair has been named Educator of the Week at Watson Junior High. Principals awards went to Kevin Edwards, sixth grade; Armanda Hahn, seventh grade; and Cynthia Contreras, eighth grade.

Seventh Grade Wins Big Over Lubbock Cooper

The seventh and eighth grade football team played Lubbock Cooper seventh and eighth grade teams with the Muleshoe seventh grade team defeating Lubbock Cooper 42 to 0. Lubbock Cooper defeated the eighth grade team 32 to 6.

The seventh grade team is undefeated for the year.

Johnny Flores rushed 144 yards for the Muleshoe team.

The first Touchdown of the game came in the first quarter when Arturo Flores scored from the one yard line in the first quarter. The extra point was no good and the Mules led 6-0.

In the second quarter Toby Villa scored on a run and Robin Revalcava added the extra points on a running play.

Flores scored another touchdown in the third quarter and Michael Woodard ran for the extra points.

In the fourth quarter of the game Sanchez scored from the five yard line. Flores added the extra points.

Woodard made the final touchdown of the game on a 16

Shawnlee Perry's Cause Of Death Not Known

Lab tests on the remains of Shawnlee Perry failed to reveal a cause of death, according to reports by pathologist Dr. Jody Nielson.

"We didn't determine anything specific," Nielson said. "There's really nothing new."

The body was too badly decomposed to determine a cause of death.

Earth police, the Lamb County Sheriff's Office and the Texas Rangers continue a homicide investigation but have had no new information, according to Earth Police Chief Curtis Coffman.

The decomposed body of five year old Shawnlee was found August 26 by a farmer shredding weeds in the back of an abandoned farm bunkhouse, which was surrounded by trees off County Road 64, two miles north and three miles west of Earth.

The child had been missing since May 7, when she was last seen about 7 p.m. playing near an abandoned church near her home in Earth.

Nielson will forward her report to Lamb County Justice of the Peace R.J. Brock next week.

Contact Unemployment Commission For DUA

Individuals interested in filing Disaster Unemployment Assistance (DUA) Claims may do so by contacting the Texas Employment Commission 112 E. Ave. B,

Muleshoe, 806/272-3260. You will be instructed in what steps to take. You will be given an appointment time, as DUA claims will be taken by appointment only. DUA claim takers will be coming to Muleshoe from Lubbock, beginning Thursday, September 24, 1992, from 9:30 a.m. to 4:30 p.m. (will be in Muleshoe one-day a week only).

The deadline for filing for DUA in Muleshoe is Oct. 8, 1992.

Each claim is considered individually, therefore anyone who thinks they may be eligible for assistance should visit with a TEC representative here on Thursdays prior to the Oct. 8 deadline.

TEC in Muleshoe is accepting appointments at this time, you must go in.

Appointments will be made for you and you will be directed to the Special Location in Muleshoe for you to file your claim.

Persons in Bailey County who are unemployed as a result of

excessive rain and hail occurring May 1 through July 30, may be eligible for disaster unemployment assistance under Presidential Disaster Declaration FEMA-960-DR, according to Texas Employment Commission officials.

Persons in Briscoe, Castro, Cochran, Crosby, Floyd, Hale, Haskell, Lamb, Lubbock, Parmer and Swisher counties may also be eligible for disaster unemployment.

To be eligible for DUA, individuals must have worked or have been scheduled to work in disaster area, but because of the disaster no longer had a job, a place to work in the area, or could not get to their place of work because of disaster damage; or they must have been prevented from working by an injury or illness resulting from the disaster, or must have become the head of a household and need employment because the head of

Cooper Pirates Win 28-14 Over Mules

The Mules played their best game of the season Friday night against the Lubbock Cooper Pirates at Woodrow, south of Lubbock.

Lubbock Cooper dominated the first half of the game and at half time the score was Lubbock Cooper 21-Mules 0. The Mules came back strong in the second half scoring two touchdowns and holding the Pirates to one. The final score of the game was Pirates 28-Mules 14.

The Mules kicked off to the Pirates and they put the ball into play on the Mules 31 yard line. On the first play of the game the Pirates picked up 10 yards for a first down. The Pirates then picked up nine yards on the next play. Several plays and three first downs later, the Pirates ran in a touchdown from the three yard line. The point after kick was good and with 5:51 left in the quarter, the Pirates led 7-0 over the Mules.

When the Pirates kicked to the Mules the ball was fielded on the 12 yard line and was returned to the Pirates 29 yard line. The Mules were unable to move the ball and were forced to punt it back to the Pirates.

The Pirates put the ball into action on the Mules 37 yard line. The Pirates recovered their own fumble but were unable to move the ball and were forced to punt it away.

Following a 15-yard punt, the Mules put the ball into play on their own 47 yard line. Two plays later the Mules fumbled the ball and the Pirates recovered on their

Our N.G. Doris Lambert is at home trying to gain some strength back in her system and it may take a few days. We miss you, Doris, and may you be back with us soon.

Our V.G., Mildred, was our N.G. for the meeting.

Regular correspondence and business of the lodge was taken care of. We received several pieces of mail, one was a letter from our President Christene White. We made a donation tonight to go toward helping to make it possible for our aged to attend the Dallas Fair, Christmas and our Rose Float for the 1993 Parade.

June read the roll call of the thirteen members present. Frances and Dorothy served refreshments. They are always so good and enjoyed by all. Skating was a great turn out Friday evening. Our next skating will be Oct. 30. Keep listening and watching for something special for this night. We sure miss you members that are not at Lodge for some reason. May we see you soon!

**Letter To
The Editor**

September 10, 1992

Dear Editor:
First, let me thank you for allowing this letter to be published.

My parents, George D. and Willie Neal came to the plains when it was young and sparsely settled. They bought land from the XIT holdings. Dad plowed and broke the land with teams of Mules until he bought the first rubber tire tractor in Bailey County. As it seemed fitting, my mother donated the tractor to your Heritage Center where it now sits by the depot.

In December 1938 they were forced to leave the plains and move to Central Texas because of my father's health. It was with great sadness they left, leaving my dear friends. My mother is now 88 years young and would love to hear from any of these dear friends or their descendants. They lived close to Circleback and Baileyboro. Here is a list of some of their friends: Milams, Burl, Margaret, and Rusty Black; Lynkins; Coopers; Frog and Jessie Mae Luman; Warrens; Ellis; Mathis; Raldo Mucham; Buford Hunt; and Julian Lanier.

Please, if anyone knows these dear friends or their descendants please have them write to:

Willie Neal
Rt. 3 Box 185
Hamilton, Texas 76531

She can tell you how Muleshoe was over 50 years ago.

Thank you very much,
Ruby Lee Neal Jones

Helping Tomorrow's Leaders Today

Materials for the 1992-93 Coca-Cola Scholars Program are available in over 19,000 high schools across the United States. This merit-based scholarship program awards 150 scholarships each year, making it the

largest business-supported scholarship program of its kind.

High school seniors can compete for 50 four-year \$20,000 scholarships and 100 four-year \$4,000 scholarships, for study at any accredited U.S. college or university. Selection is based on leadership, achievement and commitment, both inside and outside the classroom.

The Coca-Cola Scholars are a very diverse group. Last year's recipients included a young man who achieved high academic success and spent many hours volunteering in his community while living in a group home; young people who volunteered through Appalachia Service Project, Habitat for Humanity, United Way and other organizations to rebuild

communities. Young people who are deeply concerned with environmental issues, and initiated recycling programs. Young people who are concerned about the homeless and the hungry, and initiated clothing drives and soup kitchens.

More information and an application for this unique scholarship may be obtained from the scholarship coordinator at your high school. The application deadline is October 31.

Disables Act

All mid-sized business in America must remove the physical barriers and strip job applications of questions that might bar disabled people from working there.

Copley, Pugh United In Double Ring Ceremony

Mr. and Mrs. Todd Pugh (nee Tina Copley)

Tina Copley and Todd Pugh were united in marriage on Saturday, August 15, 1992. The double ring ceremony was held at the Clovis First Assembly Of God Church, with the Rev. J. M. Barnard performing the ceremony.

Tina is the daughter of Wayne and Margaret Copley of Muleshoe, and Todd's parents are Bob and Gail Pugh of North Apollo, Penn.

The bride wore a white satin gown enveloped by intricately-patterned pearls and applique swirls across the bodice and puffed sleeves. The high illusion neckline dipped to an elegant basque waistline. Cut-out pearl and lace appliques highlighted the cathedral-length train. Three strands of romantically draped pearls crossed the diamond shaped opening on the back of the dress, with a bow just below the waistline. Complimenting her gown, the bride wore a nylon net bodice

length veil with dainty silk flowers and leaves interspersed with crystal beadwork, sequins and pearl sprays made by the bride. She carried a bouquet of white lilies and white roses, enhanced with stephanotis and green ivy, joined with white nylon ribbon.

For something old, Tina wore a birthstone ring of her grandmother Ruth Fought, which Ruth received on her 16th birthday, and in turn was given to Tina on her 16th birthday. Something new was Tina's dress. Something borrowed was Jill Foster.

Gail Copley of Muleshoe, sister of the bride was Maid of Honor. Gail wore a forest green tea length dress of satin, with princess seams to shape the bodice that dipped to a basque point. She carried a bouquet of white roses and ivy united with forest green nylon ribbon.

The groom was attired in a black

tux over a white shirt. He wore a white bow tie with a boutonniere of a single white rose.

Best man was Jim Pugh of Atlanta, Ga. Jim is brother of the groom.

Candle-lighters were Davida Nash of Grewer, TX., niece of the bride, and Sarah Davis of Clovis, N.M. They wore forest green tea length satin dresses, accented with white lace around the fitted waist, and each one had a wrist corsage of white roses.

Jennifer Davis of Clovis, N.M. registered the guests. She wore a tea length green satin dress and a corsage of white roses.

Pastor Kent Barnard, Youth Pastor and Music Director of Clovis First Assembly Of God Church, played the traditional Wedding March as the bride entered the Sanctuary. Tina presented her mother with a white long stemmed rose and was given in marriage by her Father and Mother.

Singers for the wedding were John and Debbie Vistine singing "The Wedding Song", Pastor Kent Barnard and wife singing "Love Is The Reason", and Brian Hurst singing "Holy Communion" as the couple lit the unity candle, and had communion under the direction of Pastor J.M. Barnard.

At Commencement of the ceremony, Tina presented the groom's mother with a white long stem rose.

Following the ceremony, a reception was held at the Clovis First Assembly Of God Activity Center. Servers for the occasion were cousins of the bride, LaTavia Copley of Denton, Texas, Tiffany Copley of Muleshoe, Donna and Lisa Nash of Plainview, and Janet Shugart of Lubbock, TX. The bride's table was covered with forest green table cloths with brass and crystal appointments and baskets of white and forest green silk rose-rice bags. The wedding cake was a three tier white cake, decorated with pearls and white lilies.

The grooms table was accented by brass appointments and a German Chocolate cake with sugar coated strawberries.

The bride wore a navy blue dress with bone accessories as the couple left for their honeymoon.

The couple will reside at 278 Leonard Ave. North Apollo, Penn.

Tina is a 1992 graduate of Muleshoe High School and Todd has taken a position as Youth Director at First Assembly Of God Church in Leechburg, Pa. and is also employed in electronic sound systems, upon his departure from the U.S.A.F.

MICROWAVE TIPS

One can make a good fondue in a microwave. A good cheddar fondue is made with 2 cups of shredded cheese, 2 cups of Swiss cheese, 3 tablespoons of all-purpose flour, nutmeg and a cup of white wine.

Put ingredients in a bag and shake. Microwave the wine first in casserole dish on Medium High for 3 to 6 minutes, until very hot—not boiling. Stir in mixture from bag and stir again, with whisk, every 2 minutes, microwaving 4 to 8 minutes. Serve hot, with bread cubes, slightly toasted.

Lone Star Ballet Opens Season

The Lone Star Ballet honors the opening of its Season of Dance with a gala celebration. The production with dazzling costumes and a variety of music and dance will be presented in the Amarillo Civic Center Auditorium on October 10th and 11th, thanks to the Arts Committee of the Chamber of Commerce, Civic Amarillo, and the Texas Commission on the Arts.

The opening night performance will begin at 8:00 p.m. and is designed as a tribute to Christopher Columbus. Sunday's performance October 11th will begin at 3:00 p.m.

"NEW WORLD, NEW PEOPLE" will focus on the Spanish, American, Indian, Mexican, and Western Pioneer cultures. Guest artists include: The West Texas State University Symphony Orchestra, under the direction of Gary Garner, and the Amarillo Opera, under the direction of Mila Gibson. Other guests include the Prairie Dogs Western Country Music Band and representatives from the Khawadi Indians.

Special arrangements have been made to bring the Ballet Folklorico of Chihuahua, Mexico to Amarillo to this event. This large group of dancers will bring this region a diverse mixture of song and dances

from the various Mexican provinces.

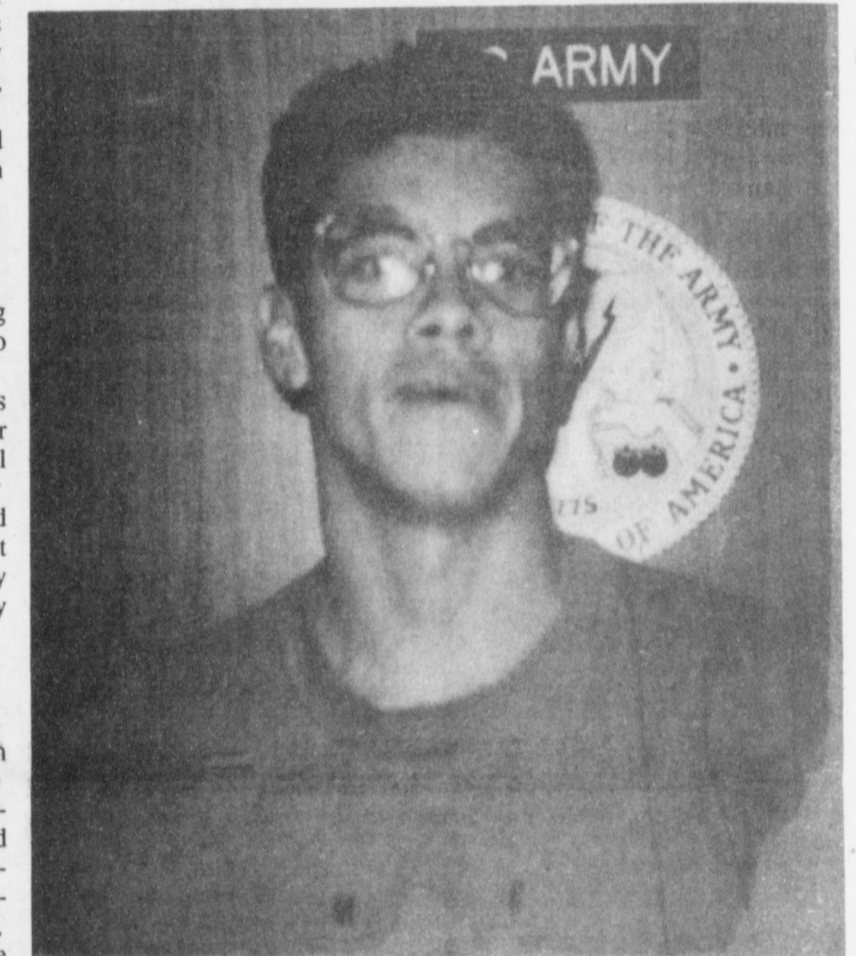

Last year, the Lone Star Ballet visited Chihuahua. While in Chihuahua, the Lone Star Ballet performed in many venues from concert stage, to school gymnasium, to village square. "We are pleased to be able to return the warm hospitality shown our dancers during their trip to Mexico," said Juana Ree Forrester LSB Administrative Secretary. "From what I understand, our audiences are in for a real treat," she added.

Through the Lone Star Ballet's DANCIN' PEOPLE Outreach Project, 1000 Amarillo Independent School District students will enjoy one of the two performances.

LSB, Artistic Director, Neil Hess said, "the arts serve man and stimulate imagination, generating a love for beauty and a passion for learning. We are delighted to be presenting this gala evening that reflects a bounding of diverse culture."

Tickets are available at the Lone Star Ballet office, 1000 Polk, or by phone with a credit card (806) 372-2463. Prices are \$6, \$12, and \$18.

Join in the Quincentennial Celebration of Columbus' Voyage. Don't miss Lone Star Ballet's 1992-93 Seasons of Dance.

Kiwanis Club Meets

Eight Kiwanians, one honorary Kiwanian, one guest and sweetheart Summer Wiley met for breakfast at the Dairy Queen. Why is the turn out so low? I don't know. We need to sit down with all Kiwanians and have a round table discussion to see what is the matter. We sure miss all of those who do not show up for the meetings. It is sure good to see those who do show. We thank you for your presence.

Vice-President Randy Lewis called the meeting to order. Glenn Morris led the club in the pledge to the flag. R.A. Bradley gave the invocation-Jim Lutz was present this morning-Jim has been looking for a friend for two weeks. Jim can not find a friend, he couldn't even find the friendship coin. Jim, you have one more week. Honorary Kiwanian present this morning was Dee Morris. Dee it is always good to see your smiling face. Sweetheart, Summer Wiley was present this morning. Summer, you add much to the meeting each Friday morning. Randy read a thank you note from Summer for the ear rings and necklace. Summer, we should be thanking you. Summer, I have a question. Do we change your name to Fall and then Winter, and Spring, then back to summer again? Does it change with the seasons, or do we always have Summer with us?

Our guest this morning was Muleshoe's Head Coach, Randy Adair. Coach Adair told us of the approach that was being taken by his whole coaching staff and their interest in all of the sports department but most of all in the young people themselves. Coach stated that his whole staff was interested in the complete student. They are interested in their grades and learning, as well as their ability to perform in sports. Whether it be football, baseball, track, tennis, basketball, or whatever. Coach praised the whole MISD system. Coach Adair not only praised the whole school system, but the community. Coach stated that he wouldn't call Muleshoe a Diamond in the rough, but more like the diamond already cut and polished. Muleshoe was a well kept secret, because it was a wonderful place to live, raise your family, and grow up in. Coach Adair stated that he was selfish because he was interested in his two youngsters. Coach, this writer believes that if you are not interested in your own children, you can not be interested in other youth. Believe me, being involved with and loving youth is what keeps an old man young at heart. Thanks to Coach Adair and all of his staff. Keep up the good work-Go Mules!

The Maid of Honor, Valley Alsup, sister of the bride, wore a street length black fitted dress, with a large wine collar. She carried a spray of black lilies and wine roses.

Bridesmaids were Rebecca Simpson, cousin of the bride, and Stephanie Cook, step-sister of the groom. Their dresses were styled to match the Maid of Honors.

Best Man to the groom was Eddie Sanders, brother of the groom, and groomsmen were Tom Uphold and Carl Matthews, uncle of the groom.

Grace Simpson, cousin of the bride and Billye Alsup, sister of the bride were flower girls. They wore dresses of floral print in wine, navy, and black, with off the shoulder bodices, and carried wreaths of flowers of the same colors.

Mark Cook, step brother of the groom and Ric Alsup, brother of the bride, served as candlelighters.

Guests were seated by ushers Henry King, uncle of the bride from Lubbock, and Richard Mathews, uncle of the groom.

Ring Bearer was John Alsup, brother of the bride.

The music selection, "Always" was played before the wedding began, and during the procession

bouquet of black lilies, wine and white roses, and navy blue wildflowers.

The couple stood before candelabras and arrangements of lilies, roses and wildflowers. The musical arrangement theme from "Beauty And The Beast" was chosen. As the couple left the chapel, "Love Of A Lifetime" was heard.

A reception was held after the wedding at the Chapel. The brides table was dressed with a white lace tablecloth. Silver appointments served the three tiered white cake, garnished with wine and navy roses, sitting atop a fountain.

Special out of town guests were all formerly from Muleshoe. They were grandparents Mr. and Mrs. Charles King of Lubbock, and Audie King of Kingsland and the late C.M. King; and great-grandparents Mr. and Mrs. Eddie Lane and Mr. and Mrs. Charles Alsup of El Paso and the late Eva Alsup.

After the reception, the couple left on a limousine tour, with stops at various sights of Amarillo. Upon returning home from a honeymoon trip to Colorado Springs, Colorado, the couple will reside in a new apartment in Amarillo.

Erin is the daughter of Richard and Delina Alsup of Amarillo, formerly of Muleshoe. She graduated from home schooling and works at Hancock Fabrics.

Donald is the son of Carl and Sharon Cook, with Donald Ray Sanders, Sr. He graduated from Amarillo High School, and is in construction work in Amarillo. He is also a transportation specialist for the Texas Army National Guard.

Keeley DeAnn Burriss

Mr. and Mrs. Shane Burriss of Muleshoe would like to announce the birth of a daughter, Keeley DeAnn Burriss. She was born August 28, 1992 at the Plainview Methodist Hospital. She weighed 6 pounds 13 ounces.

Keeley's grandparents are Mr. and Mrs. Jackey Burriss of Muleshoe, Mr. and Mrs. Eddie Howard of Lazbuddie, and Larry Hodges of Springdale, Arkansas.

Her great-grandparents are Mr. and Mrs. H.D. Ruthardt of Muleshoe, Mr. and Mrs. Volley Hodges of Friona, Mr. and Mrs. Ruben Taylor of Friona, and Mr. and Mrs. Thomas Howard of Muleshoe.

Keeley's great-great-grandmothers are Opal Strickland of Friona, Edna Howard of Muleshoe, and Joyce Spalding of Hugo, Oklahoma.

Muleshoe Athletic Booster Club Meets

Athletic Booster Club had its first 1992-93 meeting last Tuesday evening at the High School Cafeteria. We appreciate the presence of all who were there. Larry Rasco, President, informed the group that there had been more Muleshoe caps ordered. The caps will be differently marked, so you need a cap with a different style! Coach Adair said he also ordered some new caps. Coach Adair gave reports on all the football teams, and he had several positive comments. He said that each week he sees improvement and is proud of his players. He was also pleased to announce three more young men had come out for football this week. "Our chances for defeating Lubbock Cooper are really good", says Coach Adair. Let's get out there and support our Mules Friday night against Lubbock Cooper.

Hosting the event at the Muleshoe Heritage Foundation Depot were their daughter, Marilyn Black of Amarillo; and their sons and daughters-in-law, Stan and Pat Black of Abeline, Cliff and Carren Black of Muleshoe, and Steve and

Vicki Black, also of Muleshoe.

Eugene and the former Gladys Waggoner were married on September 16, 1942 in Portales, New Mexico.

Out of town guest for the occasion were from Amarillo, Dimmitt, Abilene, Benbrook, Farwell, Bellaine, Munday, Irving, Lanson, Plainview, O'Donnell, Lubbock, Plano, Springlake, and Clovis, N.M.

Know The Weather

Does more rain occur over the ocean at night or in the daytime?

Rain is more likely to occur from clouds above the oceans at night. This is contrary to the situation on land, where most of the rain is experienced during the daylight hours.

Water does not absorb heat from the sun's rays as readily as does land. The earth heats up in the daytime and the heat

thermals which rise produce clouds, and these clouds, as they rise, produce rain.

The process over the sea is often the reverse, especially if cold winds move in over the water at night. The warmer water, and warmer air just above it, will often rise and produce rain at night. So the general rule is more rain over land by day and more rain over the sea by night.

Sheep, Goat Referendum Set October 29

The Texas Sheep and Goat Raisers Association is sponsoring an October Sheep and Goat Referendum for predator control. If passed by producers during an October 29 ballot election, the referendum will provide funds solely for predator control. Funds are to be raised through a per-head-sold checkoff of not more than 20 cents per head.

Ballots will indicate: First, whether or not the voting producer is interested in supporting a referendum dedicated to area-wide predator control, which would be additional control on predation to any program now in place and Second, producers will vote for three directors to represent their district on the commodity producers' board, provided the referendum passes.

Prospective board member candidates must contact the Texas Sheep and Goat Raisers Association office for necessary paper work. They also need ten producer names on a petition to be listed on the ballot.

The Texas Agricultural Extension Service will conduct the election with local county Extension offices serving as the voting sites in each of the designated counties

Mules...

Cont. from Page 1

In the second half, the Mules came on strong against the big and strong Pirates.

The Pirates kicked to the Mules after half time and the ball was returned to the Pirates 30 yard line. Holding was called against the Mules and the ball was moved back to the 20 yard line. The Mules picked up several first downs before punting the ball back to the Pirates.

Putting the ball into play on the Mules 27-yard line, the Pirates were unable to move the ball and with 6:38 left in the quarter, the pirates punted the ball back to the Mules.

The Mules put the ball into play on the Pirates 33 yard line. Once again the Mules picked up several first downs and with 2:31 left in the quarter the Mules scored a touchdown on an eight yard pass. A two point conversion was good and brought the score to Pirates 21-Mules 8.

Lubbock Cooper put the ball into action on their own 43 yard line. Three plays later, being unable to move the ball, they were forced to punt to the Mules.

On their next possession of the ball, the Mules were unable to move the ball and were forced to punt back to the Pirates.

The Pirates put the ball into play on their own 40 yard line. The Pirates fumbled the ball and the Mules recovered at Cooper's 46 yard-line. With 7:55 left in the game, the Mules made it into the endzone. The point after kick was no good and the score stood Pirates

21-Mules 14.

The Mules kicked to the Pirates and they put the ball into play on their own 19 yard line. The Pirates fumbled the ball and Muleshoe came up with it.

After four attempts to move the ball, the Mules were forced to turn the ball over to the Pirates on downs.

With 5:13 left in the game,

Lubbock Cooper was forced to punt the ball back to the Mules.

Muleshoe put the ball into action on their own 49 yard line, but were unable to move the ball.

With 2:58 left in the game, the Pirates took possession of the ball on their own 49 yard line.

In the last minutes of the game, the Pirates made it into the endzone for their fourth touchdown of the

night. The point after kick was good and the final score of the game was Lubbock Cooper 28-Muleshoe 14.

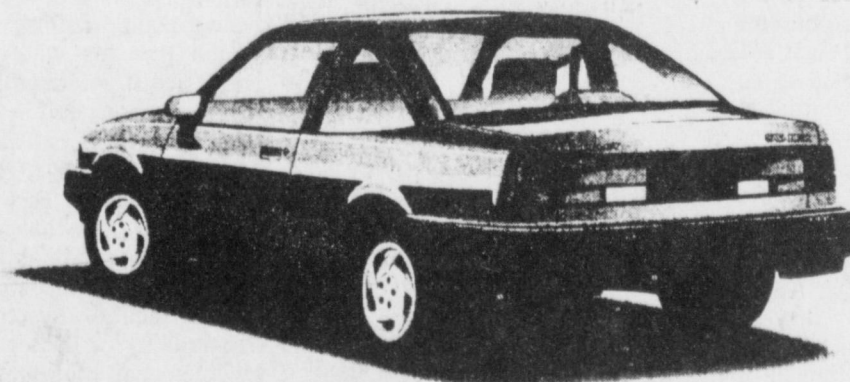

Next week the Mules will take on Lubbock Roosevelt in Benny Dougless Stadium and all of you football fans are urged to go out and back the Mules. They are working hard and who knows what the outcome of the season will be.

Collider Required To Understand Building Blocks Of The Universe

The Super Conducting Supercollider is the next step required to advance the field of high energy physics, project director Dr. Roy Schwitters told a Texas Christian University audience recently.

"Today we are at a plateau of understanding," Schwitters commented about the part of science that tries to address the makeup of the physical world and how its pieces fit

Schwitters said the supercollider will provide new experimental information about quarks and leptons, sub-atomic particles considered to be the building blocks from which the universe is constructed. Trying to understand the composition of these particles when they cannot be taken apart is the challenge faced by physicists, he said.

"It's very much like trying to understand how a car is put together if you can't open the hood and look inside," Schwitters said. The physicist's approach would be to crash numerous automobiles together

and watch where the pieces go. After observing a number of crashes, the patterns of how the vehicles fell apart during the collisions could shed some light on how they are assembled, he explained.

Schwitters noted that the supercollider will allow scientists to view how particles fall apart. In a 14-foot diameter circular tunnel 54 miles in length, two rings of superconducting magnets will accelerate protons in opposite directions. Using four special detectors along the tunnel, scientists expect to gather data on 100 million particle collisions a second. They believe that a few hundred collisions a year will offer the unique insight required to understand how nature's building blocks are put together. Experiments are scheduled to begin in 1999 when construction of the Ellis County facility is completed.

ASCS Employees Attend Texas State Conference

Clayton Yeutter, Counsellor to the President for Domestic Policy, met with local employees of the Agricultural Stabilization and Conservation Service and agriculture leaders from across Texas. Yeutter coordinates all domestic policy activities for the President through the operations of a new Policy Coordinating Group (PCG). The PCG is the domestic equivalent of the National Security Council. Prior to coming to the PCG, Yeutter served as Secretary of Agriculture. While at Agriculture he was actively involved in farm legislation and in negotiations to open export markets for American farm products throughout the world.

Security Yeutter met with the group at the Texas State Conference of the Agricultural Stabilization and Conservation Service recently held in Lubbock, Texas. The training conference was designed to train local employees in program administration and to improve the effectiveness of the farmer-elected County Committee System.

Jerry D. Harris, Chairman of the Texas State ASC Committee, stated that Clayton Yeutter has consistently worked to expand the role of U.S. Agriculture in the world. Domestic policy involves agriculture in every way. Secretary Yeutter's visit with ASCS committees and employees demonstrates the place farm programs have in our domestic policy.

The Agricultural Stabilization and Conservation Service is the United States Department of Agriculture agency that administers farm programs passed by Congress. This includes programs that effect many local farmers and ranchers.

Chairman Harris noted that this meeting brought together local agriculture leaders and Administration policymakers for training and helped find ways to improve the service provided through policy decisions and improve the knowledge of ASCS employees.

Building for the Future!

The Texas farmer builds two things better than anyone else in the world. He builds the next generation, passing along a special kind of wisdom ... respect for the soil, honesty, independence and faith in the future. He also builds his land, leaving it better than he found it. That kind of building usually requires borrowed long-term capital. That's where we can help ... just as we have for 75 years.

Variable rate will be 8.5% on October 1.

10 year fixed rates are available for land purchase and improvements for 7.5%.

Other rates and terms available beginning at 5.9%.

Texas Herb Growers As Diversified As The Lone Star State

From basil to thyme more than 100 Texas herb growers are supplying supermarkets, restaurants, florists, nurseries and craft shops with fresh and dried herbs in one of the fastest growing segments of the produce industry.

"The demand for fresh herbs and herb garden plants has grown steadily over the past years," Agriculture Commissioner Rick Perry said, noting that September is Herb Awareness Month. "And innovative Texas growers have stepped in to help fill this growing niche market. Herbs are not only an important part of a healthy diet, they also are in demand for arts and crafts."

Nationwide herb consumption has increased from 1.8 pounds per person in 1983 to 2.3 pounds per person in 1990, according to the U.S. Department of Agriculture. In Texas, Charles Hall, an agricultural economist at Texas A&M University, is conducting a survey this fall to determine what economic impact this sector is having in the Lone Star State.

In Texas, herb growers are as diverse as the varieties of herb available, and many focus on their local market. For instance, in the East Texas hamlet of Frankston, grower Gen Rigsby supplies Houston and Dallas restaurants with fresh herbs and edible flowers. Rigsby, owner of Herbal Gen, cultivates herbs and flowers on two acres and from three green houses for a year-round operation.

Meanwhile, in Mission, Ken Schultz grows herbs on 20 acres to provide Houston grocery store chains with fresh herbs. Schultz also has a nursery at his Tomball operation where he sells herb plants to home gardeners.

And near Dallas, Carl and Regina Sterling, owners of Blue Cottage Herb Farm, not only provide fresh herbs to area restaurants, they also conduct weekly tours of their herb

farm, complete with a five-course meal using fresh herbs. The Sterlings operate a small bed and breakfast and offer classes on growing herbs, cooking with herbs and using herbs in crafts.

As part of Herb Awareness Month, the Texas Herb Growers and Marketers Association will hold its sixth annual conference from Sept. 18-20 at Texas A&M University in College Station. The organization has 155 members who are herb growers, marketers and promoters.

The conference is open to the public and will include workshops on growing herbs, herbal wedding

decorations, food processing, starting an herb business, culinary herb usage and insect and disease control. For fee and registration information contact Dr. Sam Cotner, at Texas A&M, (409) 845-7341, or Gwen Barclay, president of the Texas Herb Growers and Marketers Association, at (713) 592-9178.

- Each page measures a large 15 x 11 inches
- Presents the entire state in stunning detail
- Appendices and specialty maps of many different features

THE ROADS OF TEXAS is the culmination of a mammoth project that has involved many individuals for over two years. When you get your copy of THE ROADS OF TEXAS you'll wonder how you ever traveled the state without it.

This 172 page atlas contains maps that show the complete Texas road system (all 284,000 miles) plus just about every city and community! Texas A&M University Cartographics Laboratory staff members produced the maps, based on county maps from the State Department of Highways and Public Transportation. The details shown are amazing—county and local roads, lakes, reservoirs, streams, dams, historic sites, pumping stations, golf courses, cemeteries, mines and many other features too numerous to list.

THAT'S RIGHT, we said opportunity keeps knocking. It does so because there is no limit to God's love for man. Our Creator is not One who wound up this old world and then left it and its inhabitants abandoned like a forgotten toy. He is the One who cares most of all about us. He is the One who will leave the ninety-nine sheep in the fold and come searching for the one that is lost. As a poet once put it, "He pursues us down the days and down the years." He wants us for Himself because He loves us and He will never give up the pursuit. Most wonderful of all, His chase is that we may have life and have it more abundantly. Only when we stop running away and let Him into our lives can they be fulfilled. Go to Church Sunday and meet with God who has always loved you.

Is something wrong with your life—
 an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure.
 Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church is everyone.
