

Sunday is the day when this country remembers the forgotten man. It's Father's Day, the day especially designated to honor the good fellow who is taken for granted too much of the time.

Like Mother's Day the event has been commercialized to the extent that we hardly think of it except in terms of our obligation to remember him with a gift. All of which is fine as far as it goes. A token of affection is altogether appropriate but he should be remembered with more than a mere gift.

There is no greater satisfaction to a dad than the thought that his kids rely on him, cooperate with him and respect his judgment. Father's Day is a proper occasion to think that over and start doing something about it. Promote him. Consider him as something more than the family breadwinner. Consult with him and confide in him whenever possible. Without a doubt the relationship will be mutually beneficial — pleasing to him and profitable to his kids.

Latest developments in that liquor control amendment bill leaves a lot of us feeling as though we have had our legs pulled. A couple of weeks ago we were rejoicing that at last a semblance of fairness will be applied to local option provisions only to discover that the whole thing is a ridiculous farce.

Before the governor puts his OK or veto on the bill the author comes forth with a statement that 96 counties of the state cannot qualify for its benefits — and Cooke county is one of those listed.

It seems that the only precincts or cities which can vote themselves wet are those existing in counties which have at one time voted themselves wet and have since gone dry again. How's that for a muddled up, hare-brained provision?

Will someone please explain why a county that has shifted from dry to wet and back to dry should qualify under the bill while a county that has remained dry all along should not qualify? What difference does past and dead history make when a precinct's only concern is to change its present status?

For a clearer picture of the bill's provision let's compare two of the counties affected. Grayson is eligible, Cooke is not. That means that a city or precinct in Grayson can hold this election whether or not it has ever voted wet before but Muenster cannot vote in spite of the fact that it has voted more than 90 per cent wet ever since 1933.

If this thing is intended to let precincts control their liquor status, why the asinine wording or double talk or whatever it happens to be?

The net effect is that the bill is worthless to places like Muenster. The only way we could ever qualify for a local option election is to vote the entire county wet. A ridiculous provision. The only reason people want a local option election is because they can't swing the county vote.

Regardless of the dumb wording the bill has a very definite merit. It is a step in the right direction. It proclaims that local option can apply two ways — that wets can have their precinct in a dry county as well as drys can have a precinct in a wet county. From there it's not so much farther to remove the discrimination against the precincts which do not qualify now.

As a matter of fact it isn't at all certain that the present measure will stand up under the scrutiny of the state supreme court. Discrimination so obvious and so unjustified isn't likely to be considered as harmonious with the state constitution.

This screwy turn of an eagerly awaited change marks another occasion for Muenster people to regret their failure to get out and vote back in February, 1934. That was when local citizens by the dozens sat at home toasting their toes by the fire and lost the election by 2 or 3 votes. Had they turned out they could qualify for a local option election under this bill.

Discussions inspired by the amendment have brought out a few rather interesting facts about the local beer and liquor situation. For one thing it may be interesting to youngsters hereabouts to learn that this precinct went dry before the county did. It was back in about 1910 when Muenster's comparatively few wet votes were soundly outnumbered by the drys in the rest of the area.

(Continued on page 10)

DAIRY FARMERS SALUTED—June is dairy month in Texas by official proclamation of Gov. Beauford H. Jester. The proclamation is a tribute to 338,000 dairy farmers in Texas who own 1,400,000 milk cows, valued at \$150,000,000 and which produced four and one-half billion pounds of milk in 1946 with a net value of \$100,000,000. During the past 20 years Texas has advanced from twentieth to eighth place in value of dairy products.

With Gov. Jester, seated, when the proclamation was issued were, left to right, Henry Moeller of San Antonio, state chairman for dairy month; Mayor Wendell Mayes of Brownwood; Mayor R. J. Kroeger of Harlingen; milk producer Hardy N. Hay of Route 2, Waco; State Health Officer Dr. George W. Cox of Austin; Bryan Blalock, of Marshall, president of Texas Dairy Products Institute; and milk producer H. S. Barton of Buda.

2-year-old Hellman Child Electrocuted By Hot Netting Fence

Little Phillip Hellman, two-year-old son of Mr. and Mrs. P.W. Hellman of Tulsa, was killed instantly last Friday afternoon when he came in contact with a charged netting fence.

The accident took place in the back yard of the Hellman home into which the family had moved only two days before. The netting was a regulation poultry fence enclosing a brooder house and chicken yard.

Examination revealed that the fence was electrified by contact with the flexible steel conduit covering the electric wire which led into the brooder house. Conduit and wire made a connection where insulation had worn off and the charge was transmitted where the conduit touched the fence.

It is believed that the child was instantly killed by first contact with the fence and the flesh of his shoulder was seared when he slumped against it. His four-year old sister, Judy, with whom he was playing, was burned slightly on her arm.

Funeral service was held at Tulsa Sunday afternoon with the child's uncle, Rev. Thomas Weinzapfel of Texarkana, officiating. Muenster relatives attending were the grandparents, Messrs. and Mrs. J.M. Weinzapfel and G. H. Hellman, and Mr. and Mrs. Rudy Hellman.

Survivors in addition to the parents are two brothers Gus and Michael and one sister, Judy.

ROBERT S. MITCHELL IS NEW DIRECTOR OF LOCAL SOIL OFFICE

Robert S. Mitchell was this week transferred from Corsicana, Texas to Muenster, where he will serve as Work Unit Conservation Director for the Soil Conservation District.

Mr. Mitchell was graduated from Texas A & M College in 1939 and majored in Agronomy and Agricultural Education. In 1940 he began working with the Soil Conservation Service and has been doing that type of work ever since except for three years spent in the armed forces as an engineer-gunner in the European theater. After receiving his discharge from the army air forces he was again employed in the Soil Conservation Service, being located at Corsicana until his transfer to Muenster.

Ed Endres Is Cub Master For 4 Dens of Recently Organized Cub Scouts

Twenty-five lads of the community, aged 9 to 12, have been organized into Cub Scout Pack No. 164, divided into four dens, and are having regular weekly meetings. Ed Endres is Cub Master.

Den mothers are Mrs. Ervin Hamric, Mrs. J.W. Fisher, Mrs. Clem Hofbauer and Mrs. Henry Pick, and the committee consists of Albert Henschel, Clem Reiter, Clem Hofbauer and Melnard Hesse.

Den chiefs are Larry Hofbauer, Jerry Fuhrmann and Randy Bayer. A fourth den chief is to be named. The meetings are held at the homes of the den mothers.

GI Agriculture Students Get Practical Experience In Poultry Husbandry

The importance of following a regular poultry culling and worming program was emphasized by a discussion, demonstration and practical experience in the GI vocational agriculture class Monday night. The meeting was held at the Meinrad Hesse farm.

Following the discussion and demonstration by Instructor Hugh Barnhart the group culled, wormed and vaccinated Hesse's flock of 200 hens and pullets.

Two new students, Earl Koelzer of Muenster and Deward Martin of Freemound, have increased the class membership to 17. Both joined at last Friday's meeting.

A new project introduced at the Monday night class is securing a carload of 20 per cent super phosphate. Since the members cannot use a full carload the success of their plan depends on finding local farmers to help make up the carload. The fertilizer is intended for use in connection with next year's legume crop.

Notes On Soil Conservation

J.H. Embry and J.A. Denison, whose farms are located northeast of Saint Jo, have recently completed a coordinated soil and water conservation plan on their farms, through the assistance of Soil Conservation Service technicians. Both of these men have signed agreements cooperating with the Upper Elm-Red Soil Conservation District. As part of their plans, these men are seeding vetch this fall to serve as a winter cover crop and later they will plow it under for the purpose of using it as a soil building crop.

A.E. Thompson, Norbert & Edgar Klement, Henry Pick, and J. W. Hess are mowing their pastures to remove all undesirable vegetation and give the better grasses a chance to grow. This is a highly recommended practice since it helps kill the weeds and gives the newly planted grasses a better chance of survival during dry weather. Various farmers have reported a better stand of grass than they ever expected as a result of mowing their pastures.

Felix Yosten, cooperator in the Northwest Conservation Group, has an excellent stand of bermuda which he planted this year. Some of the runners on this grass are already as much as six inches long. Mr. Yosten intends to use this newly established pasture for terrace outlet protection.

Scouts Compete Sunday For Two Day Swim Course

Muenster's representatives in a 2-day Boy Scout life saving course at Lake Texoma on June 20 and 21 will be determined by swimming tests next Sunday afternoon. Scoutmaster Nick Miller advised this week.

The boys will meet at the K of C hall at 1 o'clock and any who fail to appear will miss an opportunity to attend the life saving course.

Earl, Quintin and David Lehnertz, Clarence Hellman, Sid and A.J. Huchtons and Leslie Cain who are employed in oil field work at Randlett, Okla., spent Monday here with their families.

BUILDING ACTIVITY HINDERED BUT NOT STOPPED BY HARVEST

Though slowed down by the harvest rush, building activity at Muenster continues steadily.

Of the two business jobs under way, Jimmy's Station annexes are almost complete. Stucco work is finished on both wings and the original building and the big job, in addition to touching up, is the new driveway. With luck the workmen can finish next week.

The Miller-Rohmer-Wimmer repair shop is finished and open but gasoline pump installation is still held up by material shortage.

Of the home construction jobs two are almost finished and two have a good start. Frank Hennigan's and Norman Luke's are both approaching the final touch stage. Earl Fisher has poured foundation and basement concrete and is going up with frame work. Henry Fette is nearing completion on the garage which will serve as a work shop while the adjoining house is being built.

Outside of town Theo Vogel is building a double garage and Casey Jones is starting on his new home near Forestburg.

Mr. and Mrs. Hoedebeck Are Complimented On 47th Wedding Anniversary

Mr. and Mrs. Fred Hoedebeck were honored with an informal reunion party Sunday in observance of their 47th wedding anniversary. Planned by their children who brought covered dishes, the affair was held at the home of the honor couple's son-in-law and daughter, Mr. and Mrs. Clem Reiter. In the evening a delicious chicken dinner was served buffet style.

Personnel included Mrs. J.M. Howell and daughter, Mr. and Mrs. Ray Hoedebeck and family, Mr. and Mrs. Alfred Hoedebeck and sons, and Mr. and Mrs. Eugene Hoedebeck, all of Denison; Mr. and Mrs. Henry Schumacher and family of Gainesville; Mr. and Mrs. Andy Arendt of Lindsay; Mr. and Mrs. Leo Hoedebeck and family, Mrs. Maggie Schumacher, Frank and Norbert Hoedebeck, Mr. and Mrs. Clem Reiter and family and the honorees.

Mr. and Mrs. Hoedebeck were married in St. Francis of Assisi church, Teutopolis, Ill., on June 7, 1900. She is the former Miss Anna Schumacher. They engaged in the restaurant business there until 1909 when they moved to Muenster, settling on a farm. They moved to Tishomingo in 1929, farming there until 1941 when they moved to Denison. They returned to Muenster in 1945.

Mr. Hoedebeck is 70 years old and his wife is 66. Both are active and enjoy good health. They are the parents of 18 children, 13 of whom are living, and have 26 grandchildren. Both are natives of Illinois. Mr. Hoedebeck of Teutopolis, and Mrs. Hoedebeck of Lillyville.

For the celebration the refreshment table held a large decorated cake with the figure "47" made of 18 candles representing the 18 children born to the honor couple.

The living children are Alfred, Ray, Eugene and Mrs. J.M. Howell of Denison; Cletus of Dallas; Rev. Paul Hoedebeck of Subiaco, Ark.; Bob of Ada, Okla.; Joe of National City, Calif.; Mrs. Alfred Spurgeon, Oklahoma City; Leo, Frank, Norbert and Mrs. Clem Reiter of Muenster.

Community Farmers Near Half-way Harvest Mark; Quality and Yield Good

LINDSAY WILL HONOR REV. JOSEPH FUHRMANN ON SILVER JUBILEE

The Lindsay parish has made plans for a gala celebration honoring the Rev. Joseph Fuhrmann, O.S.B., Ph.D., on Sunday, June 15, in observance of his silver sacerdotal jubilee. Father Joseph will be celebrant of a solemn high mass at 10 o'clock, and at noon dinner will be served in the school auditorium to immediate members of the family and to visiting clergy.

In the afternoon a general community picnic and bazaar will be held on the school grounds.

On Saturday night Father Fuhrmann will be honored at a reception and program in the hall. The program will consist of congratulatory messages, vocal and instrumental numbers and a playlet.

Father Joseph, first native son of the Lindsay community to be ordained to the priesthood, is president of Corpus Christi College-Academy, Corpus Christi, Texas. He is a son of the late Mr. and Mrs. Henry Fuhrmann and his brothers and sisters are Mike, Joe, Matt, William and Henry Fuhrmann of Lindsay, Tony Fuhrmann, Muenster, Mrs. Anna Loerwald and Mrs. Fred Mosman, Lindsay, Mrs. A. C. Flusche, Denison, Mrs. Alfons Koehler, Muenster, and Mrs. Max Koehler, Vinita, Okla., all of whom will be present for the jubilee observance.

News Of Sick And Injured

John Eberhart was feeling well enough to be up a while Wednesday after being confined to bed since Sunday night when he suddenly became seriously ill. It will be some time before he can return to his duties as mail dispatcher and his grandson, Ray Wilde, is substituting for him.

Mrs. Frank Kathman submitted to surgery Tuesday at Gainesville Sanitarium and is recovering normally. Her daughter Miss Thelma Kathman of Fort Worth, spent Tuesday, Wednesday and Thursday at her bedside.

Della Rose Fette, little daughter of Mr. and Mrs. Joe Fette, underwent an operation for hernia Wednesday at M & S hospital in Gainesville and will be a patient there for about 10 days.

Dale Wilde, baby son of Mr. and Mrs. Richard Wilde, has recovered from an operation for the removal of his tonsils and adenoids, performed at Gainesville last Thursday.

Smyrel Owens who underwent an operation for a ruptured appendix at Gainesville Sanitarium on May 30 was moved to his home here Monday and is convalescing nicely.

Herbert McDaniel who has been ill with a stomach ailment was a patient at Gainesville Sanitarium Wednesday for X-ray and observation.

Earl Walterscheid sustained a fractured left hand while working in the oil fields at Randlett, Okla., last Friday and will be at home here with his parents, Mr. and Mrs. C.M. Walterscheid, until the latter part of the week when he expects to return to work.

Child Has No Ill Effects From Civet Cat Bite

Leon Hess, 5-year-old son of Mr. and Mrs. Gary Hess, who was bitten on the finger by a civet cat Monday of last week, is showing no apparent ill effects but is taking anti-rabies serum as a preventive measure. There is no infection.

The child was playing in the field when the accident occurred and after the animal was killed its head was sent to Austin for examination but decomposition had set in to such a degree that it was impossible to determine whether it was affected with rabies.

There are, as a rule, ten eggs to one pound.

While threatening clouds keep a respectful distance farmers of the community continue their all out grain harvesting campaign and at the middle of this week have about 50 per cent of the crop under control.

Binder work in general is well advanced and combining has a good start. Another week at the prevailing pace should find practically all the binder-cut crops in the shock and combine-cut crops under roof.

Early reports from farmers and grain dealers indicate that the year's crop is generally good — certainly much better than predicted during the wet weather a month ago. Scattered low lands felt the effect of standing water and at least one strip southwest of town was damaged by hail but the net effect as compared with the community crop was small.

Compensating for that loss the quality of the grain is exceptionally good. Ed Rohmer, buying for Morrison Milling Company, reported receiving one load with a test of 65, delivered by Lawrence Zimmerer of Lindsay, and Dick Cain, Kimbell buyer, reports one load testing 64. The 64 test load, he said was the community's first of the season and was delivered last Friday by Tony Walterscheid.

Where tests fall below 60, the buyers advise, the fault is not with the quality of the grain but rather with moisture content or a large percentage of chert or oats content.

The unusually large occurrence of chert is explained by two factors. Severe temperature last winter retarded wheat and gave the hardy plant pest a better than normal break. Later the chert thrived on wet weather while grain did not improve proportionately.

Both Cain and Rohmer report many loads of high moisture content. Farmers, they say, are a little too anxious to get their crops in and as a result are taking a loss on their test. Several loads of grain were too wet to be accepted.

The attitude of millers this year is not to accept any grain that reaches the danger point. Crowded by a bumper crop they do not have time or space to dry the grain. Besides, with plenty of good wheat available they are not willing to take the chance of losing damp grain and possibly spoiling other wheat also.

No definite reports are available on the yields. Farmers are not far enough along to make an estimate.

The most active grain market of the area is at Myra where Abner Enderby reports receiving three carloads to date. He shipped out his first carload Wednesday. Muenster's two elevators have a combined volume of less than two carloads. One reason is that a larger percentage of local wheat is in shocks waiting for threshers.

Oats apparently, will be somewhat harder to sell this year. Dick Cain disclosed that several buyers who previously accepted much of the local crop are not taking any this season. They have plenty in their own localities.

MUENSTER SOFTBALL TEAMS BREAK EVEN IN WEEK'S FOUR GAMES

Muenster broke even in its softball games for the past week. The girls divided honors in two games with Saint Jo and the boys won from Dennis Flats and lost to Hood.

The Dennis Flats contest was an easy 15 to 4 victory on Wednesday, the 4th. Two nights later Hood and the local boys played a close game in which the Hood team came out at the big end of a 6 to 5 count. A special feature of that game was the fine performance of the Hood pitcher. He struck out 13 batters. Meanwhile Muenster's fielders played air tight to compensate for only two strike-outs by their pitchers.

The girls won 10 to 8 from Saint Jo Friday night and lost 12 to 8 Monday night.

Mr. and Mrs. Al Schmitzer and family of Denison spent Sunday with the Matt Muller family and were accompanied home by Miss Rosalie Muller who will be their guest for several weeks.

Local NEWS Briefs

Most Rev. Bishop A. Dangelmayr of Dallas is here for a vacation visit with members of his family.

Mrs. Mike Tarantola and little son of Weatherford are here for a visit with her sister, Mrs. T.S. Myrick and family.

J.H. Flood of Waco is here this week on business with the REA and is the guest of Mr. and Mrs. R.L. McNelley.

Miss Rose Mary Schnitker returned to her home in Denison Monday after visiting relatives here for a week.

Mr. and Mrs. C.C. Hogan and children of Fort Worth spent Wednesday here with his sister, Mrs. Dick Cain and family.

Mr. and Mrs. Curtis Martin and children spent the weekend in Mineral Wells with relatives and joined them on a fishing trip.

T.P. Frost has returned to Muenster after spending the past five months in Tennessee where he was employed with a construction company.

Terese Walter and Dolores Walter spent from Thursday to Saturday in Fort Worth with their sister and aunt, Miss Eugenia Walter.

Catholic Daughters of America are reminded of a regular monthly meeting this Friday night at 8 o'clock in the K of C hall. The session will feature the formal installation of officers and a full attendance is urged.

Mr. and Mrs. Wilfred Fisch and children, Susan and Johnny, of Tulsa, stopped here Saturday for a visit with his aunt, Mrs. M.J. Endres, and his grandmother, Mrs. J.P. Fisch. They were en route home following a vacation spent in Galveston.

Mr. and Mrs. Tip Self of Dallas spent the weekend here with relatives. She is the former Miss Hilda Fleitman, Sunday afternoon members of the family gathered at Henry Fleitman's home for

games, and visiting and refreshments were served. Other out of town guests were Mr. and Mrs. Anthony Laux of Lindsay.

Mr. and Mrs. J.W. Fletcher returned Tuesday morning from a week's vacation trip. They visited her mother and brother in Pilot Point; their children, Mr. and Mrs. Darrell Trotter and Mr. and Mrs. Wm. Terrell and daughter in Fort Worth; his brother, J.S. Fletcher, in Austin; relatives and friends in San Angelo, Lubbock and Petersburg, and their son, Jack Fletcher and wife in Wichita Falls. While Mr. Fletcher was away Frank Schilling substituted as rural mail carrier on route 3.

Waterworks Association Meets Here Wednesday

Muenster was host Wednesday night when the North Texas Waterworks and Sewerage Association held its regular monthly meeting and dinner in the parish hall.

The principal feature of the program was a discussion on chlorination of water.

Three More Boy Scouts Pass Second Class Tests

Three scouts of troop 164 appeared before a board of review Monday night and passed tests to advance them to second class scouts. They are Michael Driever, Neal Fisher and Henry Weinzapfel. This brings the number of second class scouts in the troop to seven.

Other business at Monday's meeting consisted of routine activity and a report by Randy Bayer, leader of Patrol 4, on a hike and outing Sunday at the Wilson farm.

Veterans Urged To File For Terminal Leave Pay

Washington, D.C. — In view of the approaching deadline of August 31, all eligible Army veterans who have not already done so are urged to file claims for terminal leave pay at once.

Necessary forms for filing terminal leave claims are available at all post offices.

Nylons, Tough and Sheer

Sheerer and more durable stockings are being produced through the use of a new nylon processing oil, a large oil company says. The stockings are said to be smoother and less inclined to break when the wearer brushes against desks, chairs, etc.

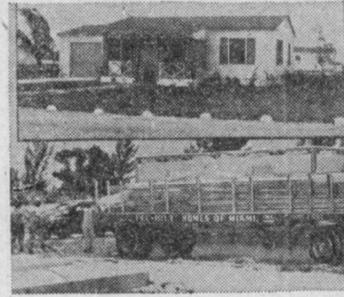

WHEELS substitute for Horace's hind legs, as the paralyzed pooch outruns his friend, little Elizabeth Ann Deyerle, in Pittsburgh.

NEW LEGS NOT BAD. Joey Hoffman, 11-year-old youth of Latrobe, Pa., is writing a letter of encouragement to Glenwood Brann, the Malden, Mass., youth who lost both legs in cowboy and Indian game.

SUES FOR WRONG BABY. Mrs. Leonard Sosa, Bronx, N. Y., sues hospital for \$200,000, claiming she was given a boy for the girl born to her eight days before.

A NEW HOME IN 5 DAYS. Miami, Fla.—Five days after erection starts, a new Tec-built house is ready for occupancy. Pre-fabricated sections are loaded into two Fruehauf truck-trailers for speedy delivery to the jobsite.

HONEYSUCKLE

No girl with a sprig of honeysuckle in her hair need long for the synthetic fragrance that comes from a bottle. Equally at home on the roadside and on the garden fence, the honeysuckle makes up in nostalgic fragrance what it lacks in showiness. Its nectar is a favorite of the bumblebee and the hummingbird; its perfume is one of the sensory delights of Texas in May. It is a romantic tie that links Grandmother's garden with the more formal one of today.

Brought into close view, the fragile trumpets of the honeysuckle have an appeal for the eye. Yet this attraction is incidental to the fragrance it spreads over the neighborhood or the countryside. It grows without coddling—on the formal trellis, the clothesline post out by the alley or the tall fence that surrounds the tennis court. Often its twining vines and green leaves hide a nest in which song birds are hatched.

Honeysuckle season comes with the shedding of winter clothes, with the junior prom, with walks in the lengthening twilight, with the early crickets. The flower's effect is cooling and soothing, giving release from tension. Even those who pass by on the street can not miss its invisible touch. With a yellow moon in the sky and with the honeysuckle's fragrance pervading the May air, is it any wonder that June is the month of weddings?

Little Delbert Walterscheid is in Wichita Falls to spend several weeks with his uncles and aunts, Messrs. and Mmes. Cris Jensen, and Amber Estes. He left Monday morning in company of Mr. and Mrs. Estes who had spent the weekend with her parents, Mr. and Mrs. W.T. Richter.

—Miss Florentine Trubenbach, daughter of Mr. and Mrs. F.J. Trubenbach, received her nurse's diploma at graduation exercises held at Santa Rosa Hospital School of Nursing in San Antonio on May 9. She is now on duty at the hospital.

of Lindsay, grandparents, as sponsors.

Billy Joe Nieball has been presented with an Eversharp pencil as an award for making the highest grades in his room at the Public school in the standardized end of the term tests. The youngest son of Mr. and Mrs. Paul Nieball, Billy Joe is nine years old and in the third grade. Miss Elfreda Luke is his teacher.

Mrs. J. D. Linn who spent the winter in Fort Worth with a daughter is here since Tuesday to spend the summer at her home south of the city. She was accompanied by her daughter, Mrs. C. W. Mitchell of Oxnard, Calif., who will visit here before returning to her home. Joe Linn drove to Fort Worth to bring his mother and sister to this city.

MRS. BEN LUKE HOSTESS TO GET-TOGETHER CLUB

Mrs. Ben Luke entertained members of the Get-Together Club in her home on Wednesday afternoon, June 4, when the regular monthly social of the organization was held.

Mrs. Jake Pagel presided during the brief business session after which 5 tables were arranged for progressive 42 series. Mrs. Joe Kathman won the high score award. Mrs. Jud Boyles the consolation favor. Mrs. Anthony Luke the galloping prize and Mrs. L. Burchfiel the guest prize. Mmes. Joe Horn and Jud Boyles received birthday gifts from their Sunshine Pals.

The hostess served a delicious fried chicken dinner to the members and the following guests: Mmes. Fred Herr Sr., Anthony Luke, Frank Herr and L. Burchfiel and Miss Lena Herr.

It was announced that the meeting next month will be with Mrs. Joe Luke as hostess in her home.

The D.C. Kline family moved to Gainesville last Wednesday and the house they vacated is being occupied by Mr. and Mrs. Carl Schilling.

WHAT WAS GAINED?

Telephone employees will have to work at least 43 weeks to make up wages lost in the recent strike, according to statistical estimates.

The average-striker lost \$172.76 in wages during the four-weeks walkout. To break even, they'll have to work until the \$4 weekly increase amounts to the lost wages. The workers' net gain during the next year will be less than \$32 per striker.

Youngsters Ars Healthy

Life has become much safer for children, according to a recent report of the Metropolitan Life Insurance Co. The health of U.S. children has never been better, and the death rate (age 1 to 14) is at a record low. Penicillin and other new drugs get much of the credit in cutting pneumonia deaths.

Local
NEWS
 Briefs

Sisters Leonarda, Emyard, Canisia and Alberta left Friday for the motherhouse in Jonesboro, Ark.

Little Miss Lynette Walterscheid is spending this week in the country with her uncle and aunt, Mr. and Mrs. Hugo Lutkenhaus.

Jack Adams and Billy Showers of San Antonio are here taking a two-week vacation with Mr. and Mrs. Joe Bergman.

Paul Nieball Jr. has accepted a position with Watts Bros., drug store in Gainesville. He is book-keeper and clerk.

Relatives here learned Tuesday that Mrs. George Yosten, 68, died at her home in Stanton, Neb., Monday. Survivors include the husband and 8 children.

Misses Marian Gremminger, Jewel Marie Hoffman and Terese Walter and Bernard Swirczynski, Earl Otto and Billy Joe Miller enjoyed a picnic and outing with swimming at Sherman Sunday.

Sister Anastasia and Sister Martina left Monday to spend two weeks at Montague conducting a catechism class for children and adults of that community.

Mrs. C.W. Ratliff and sons, Dan and Michael, of Lubbock arrived last Thursday for a two week's visit with her parents, Mr. and Mrs. John Fette, and other relatives.

Joe Trachta attended the annual firemen's convention in Amarillo this week, representing the local department. He was accompanied on the trip by his wife, and his brother-in-law John Furbach.

Mrs. Bill Stelzer left Wednesday morning to spend several days in Fort Worth with her niece, Mrs. Henry Luebbert and family, and her sister, Mrs. Anna Havis. The Luebberts' little daughter, Henriette, had her tonsils removed, and is recovering rapidly.

Louis Nieball of Dallas visited his parents, Mr. and Mrs. Paul Nieball, last week Thursday and Friday and was accompanied home by his little daughter, Patsy Lou, who had spent six weeks here with her grandparents. Louis is employed in the insurance department of the War Administration in Dallas.

Mrs. Werner Yosten and infant son, Daniel Joseph, were moved to their home here Tuesday from M & S hospital in Gainesville and the baby was baptised Wednesday afternoon in Sacred Heart church by Father Jose, assisted by Mrs. N.J. Yosten and John Bengfort.

Washington News Letter

By Congressman Ed Gossett
 Washington, D.C., June 7 — Immigration laws are full of holes and are poorly administered. Many thousands of folks are now slipping into this country who have no right to be here. On top of all of this, great pressure is now being put on Congress to pass the Stratton Bill to let in 400,000 refugees, i.e., persons now in the DP camps of Europe. This bill is supported by one of the most pernicious, powerful, and well financed lobbies ever known. A lot of the preachers of the country have been fooled by this propaganda and have endorsed this program.

This Sunday I will appear at a University of Pennsylvania round-table in Philadelphia on a radio debate on the subject, "Should Our Immigration Laws be Relaxed". My answer, of course, is a positive NO.

The House this week completed action on the Tax Bill and the Labor Bill. The Labor Bill was passed in the House by a vote of 320 to 79. The bill as finally passed is a weaker and a much milder bill than the one originally passed by the House. Its strength and usefulness will largely depend upon how it is administered.

Here are a few of its principal provisions and objectives.

1. It prohibits the closed shop but permits the union shop where agreed to by a majority of employees in a plant. The bill yields to the States jurisdiction to legislate on the subject.
2. It attempts to ban jurisdictional strikes and boycotts.
3. It undertakes to restore freedom of speech to employees, which has been virtually prohibited by the Wagner Act.
4. It bans featherbedding, such as Pettilo engages in.
5. It outlaws strikes against the Government.
6. It prohibits political contributions by unions as well as by banks and corporations, and requires unions to make annual financial reports.
7. It attempts to prohibit Communists from holding office in labor unions operating under the Act. (There are now at least 9 big CIO unions that are Communist dominated.)
8. It prohibits a check-off of money from a workers wages for union dues unless the worker gives his consent in writing.
9. It gives the President authority to seek through the Attorney General an injunction to prevent a strike affecting the national health and safety of the people. The injunction would expire after 75 days. The President may then report the situation to the Congress with a request for additional legislation to meet the crisis.
10. It defines unfair labor practices by unions as well as by employers. Heretofore unions could not, under the Wagner Act, do anything that would constitute an unfair practice and were not even required to bargain in good faith.
11. It permits suits for damages against either side to a labor-management contract for breaches of contract.
12. Employers are no longer required to bargain collectively with foremen, and any welfare funds provided by contract must be administered jointly by em-

Star Displays DAV Tag

BURBANK, CAL. — Alexis Smith, movie star, displays "blow-up" of 100,000,000th Identio-Tag issued by Disabled American Veterans. Funds realized from Identio-Tag have enabled the DAV to maintain its increasing program of rehabilitation and service to the nation's wartime disabled veteran. The miniature auto license plate tag, which provides key-loss insurance, is distributed to more than 20 million motorists each year. Miss Smith, star of "The Two Mrs. Carrrolls," shows tag denoting number of American veterans disabled in war service.

ployer and union.
 13. It attempts to regulate picketing and to prohibit violence to employees going to and from work during a strike.

Unfortunately for the laboring people and for the general public, the new bill does not attempt to curb monopoly over human labor as now practiced by certain labor leaders. Therefore, the new law will have but little effect upon the present concentration of economic power in the hands of a few men. Industry wide bargaining, which is the key to the power of John L. Lewis and some others, was banned in the original House bill, but is permitted in the new version.

The new law will not apply to railway employees who come under the provisions of the Railway Labor Act.

The new labor bill was enacted over bitter opposition from those who believe labor unions should be above the law and not subject to the same laws that other people are. It is a bi-partisan measure, having received the overwhelming support of both Democrats and Republicans.

Congressman and Mrs. Wingate Lucas of Fort Worth, together with myself and Mrs. Gossett, yesterday attended a beautiful wedding at the United States Naval Academy at Annapolis, Md. The occasion was the marriage of Richard William Bass, Jr., son of Mr. and Mrs. R. W. Bass of Denton, to Courtenay Wright, daughter of Mr. and Mrs. W.F. Wright of Fort Worth. Young Bass had just graduated with honors from the Naval Academy.

The black bear, panther, bobcat, lynx and deer inhabit the big Ticket, an area in the southern part of the East Texas Forest Regions.

**It Happened
10 Years Ago**

June 11, 1937

Mrs. Ben Seyler shows signs of recovering from effects of auto crash injuries; has five blood transfusions. Delegates from parish societies attend first meeting of CYO in Dallas with Msgr. A. Dangelmayr presiding. Thunder, rain and lightning storm hits Muenster. Mrs. John Tempel suffers painful effects after being struck by lightning bolt. Rain delays grain cutting and threshing. Softball recess declared during threshing season. Miss Agnes Weinzapfel arranges to enter Victory College. Anthony Luke joins the service staff at Ben Seyler's garage. Andy Hofbauer returns to his store duties after being ill.

5 YEARS AGO

June 12, 1942

General plan is outlined for celebration of Lindsay's golden jubilee on July 1. Mayor asks observance of Flag Day. Bill Biffle, Myra youth, is missing after Java battle. Auto use stamps go on sale at post-office at five dollars each. Mrs. Frank Seyler returns home after undergoing a major operation in Fort Worth. Joe Magez underwent a major operation in Sherman Friday. Fire Chief Henry Luke and Fire Marshal Frank Hoedebeck left Monday to attend the annual firemen's convention at Corpus Christi. Henry Grotte, 50, of Bulcher, is found dead at his home Monday; funeral is held Tuesday at Bonita.

**CATHOLIC DAUGHTERS TO
HAVE SOCIAL THURSDAY**

The regular monthly social for Catholic Daughters of America will be held next Thursday, June 19, instead of the usual fourth Thursday, it was announced this week.

Mrs. Jake Horn Jr., will be hostess entertaining in her home, and she invites a full attendance. The time is 8 p.m.

X-raying Oil Fields

A new advance in petroleum research is this X-ray machine, which takes pictures of how oil, gas, and water flow thru rocks thousands of feet underground. The X-ray focusses on samples of oil well rock, into which fluids found below ground are injected. The resulting X-ray pictures reveal in miniature how oil behaves in various earth formations. An engineer in Gulf Research Laboratories, which pioneered the development, is shown adjusting a cylindrical rock sample, while a secretary prepares to record X-ray findings. The machine is expected to lead to greater percentage of oil recovery.

GARDEN MEETING TODAY

The Civic League and Garden Club will have its regular meeting and program this Friday afternoon at 3:15 in the public school. Mrs. Steve Mosler will discuss the topic, "Landscaping My New Home", and Mrs. Urban Endres will be in charge of the floral arrangement for the month.

Mr. and Mrs. Jake Pagel were Dallas visitors Tuesday.

**STARLIGHT OPERETTA
STAFF BRUSHING UP
FOR CASINO SCHEDULE**

Lights are burning into the "wee small hours" of the morning at Dallas' Fair Park as the Casino staff rushes preparations for the opening of the great 1947 Starlight Operetta season on June 16th. Onstage at the Fair Park Auditorium, Maurice Kelly, dance director, puts his chorus through the paces polishing up routines for use in "Showboat", opening production of the mighty season.

Meanwhile, as the Casino staff busies itself, sale on season tickets at the downtown Dallas boxoffice continues brisk. Many residents of the "Starlight Land" area have written for season reservations and a great interest in the coming season is being displayed in the areas outside Dallas. General seat sale for tickets for all nine productions opened Monday, June 2. However, people interested in season seat purchase may still obtain them at the downtown Dallas Operetta boxoffice. Single seat prices for any of the season's nine top shows of "Showboat", "Blossom Time", "Fire Fly", "No No Nnette", "Merry Widow", "Rio Rita", "Student Prince" and "Desert Song" are \$2.40, \$1.80 and \$1.20.

**BOBBY DALE WALTERSCHEID
HAS BIRTHDAY PARTY**

Little Bobby Dale Walterscheid was honor guest at a party given by his mother, Mrs. C.M. Walterscheid, at the family home Tuesday afternoon in observance of his sixth birthday.

A delightful musical program was presented by little Theodore and Norma Jean Walterscheid who played the accordion and sang.

Twenty-six little friends were guests and after presenting the honoree with gifts, enjoyed games and refreshments.

A really great man is the one who makes every man feel great.

Local NEWS Briefs

Miss Gladys Wilde began summer school at NTSTC Tuesday. She enrolled for a six-week course.

Mr. and Mrs. Henry Schniederjan and son spent Sunday in Dallas with his sister, Mrs. Verona Jackson.

Mr. and Mrs. Amber Ester of Wichita Falls spent Sunday and Sunday night here with her parents, Mr. and Mrs. W.T. Richter.

Miss Kathleen Richter returned to Dallas Saturday after spending a week with her parents, Mr. and Mrs. W.T. Richter and other relatives.

Mrs. S.A. Tuggle and daughter, Miss Frances, are spending this week in Gruver with their daughter and sister, Mrs. Otis Farrow and family.

Frank Iseman of Whitesboro was here to spend the week with his nephews and nieces, Messrs. and Mmes. Ted and Tony Gremminger and John Knabe.

Bill Luke made a weekend business trip to Hereford and stopped in for visits with the Mike Koelzer, Emil Herr, Carl Luke and Ed Jesko families.

Mr. and Mrs. Ray Evans and

—The Gainesville Community Circus will perform at Fair Park, Dallas, June 12, 13 and 14 under sponsorship of the Dallas Optimist Club.

Mrs. Buddy Bernauer spent Monday in Dallas and was accompanied home by Mrs. Eddie Hart and children who are spending this week here with her and are also visiting relatives and other friends.

Mr. and Mrs. Joe Linn entertained with a dinner Sunday honoring Mr. and Mrs. Jack Davis as a farewell courtesy. Mr. and Mrs. Davis moved this week to make their home in Wichita Falls after living south of the city on an oil lease for the past year.

Miss Dolly Endres who attended college at West Texas State College at Canyon during the past term has enrolled for the summer at NTSTC at Denton where she is continuing her college course. Her brother, Gilbert Endres, drove to Canyon for her last week and she visited briefly with her parents, Mr. and Mrs. W.H. Endres and family before going to Denton.

Messrs. and Mmes. Stan and Paul Yosten of Fort Worth are on their annual two weeks' vacation. They left Sunday to attend the diamond jubilee celebration of their aunt, Sister Ruperta, at Grand Island, Neb., and will go from there to Colorado and other points of interest, stopping here for a visit with relatives before returning to their homes.

Mr. and Mrs. Joe Swirczynski, their son, George, and Mrs. Bob Yosten left Sunday for Grand Island, Nebraska, where their sister and aunt, the Ven. Sister M. Ruperta celebrated her diamond jubilee on Tuesday, the 10th. Returning the latter part of this week, the Muenster group will be accompanied by Sister Ruperta, Sister Ladislaus and Sister Angelina who will visit relatives in this city.

Miss Laurie Wilde who attended college at Our Lady of Cincinnati College, Ohio, during the past term is at home for the summer vacation with her parents, Mr. and Mrs. J.B. Wilde. She was met early Monday at Texarkana by her parents and her sister, Miss Gladys Wilde, and the four of them drove on to Fort Worth where they attended a meeting and luncheon that featured an advanced showing of the new Chevrolet truck.

Leo Appel of Galena Park spent the latter part of last week here and was accompanied home Friday by his wife and children who had been the guests of her father, Jos. Fisher and other relatives for 10 days.

son, joined by her sister, Miss Evelyn Dickerson of Ardmore, left Sunday for a week's vacation visit with relatives in Benton, Ill.

Mr. and Mrs. Johnny Fisher and three sons of Healdton, Okla., spent the weekend with Mr. and Mrs. Ray Evans. The Fishers are former Muenster residents.

Bill Hoehn and Joe Weinzapfel made a cross country flight Sunday in Emmet Fette's Aeronca Champion. They stopped at Lubbock for a short visit with Bill's cousins.

Mr. and Mrs. Maurice Pagel returned Friday from their wedding trip that took them through Colorado, New Mexico and Arizona. They are at home in the cottage adjoining the Jerome Pagel home.

Mr. and Mrs. Ervin Hamric and sons spent Sunday in Ardmore with her sister, Mrs. H.C. Billingsley and family and were accompanied home by Mary Gall and Leroy Billingsley who are spending this week here with relatives.

From where I sit... by Joe Marsh

Here's to the Women-Folk!

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood Keepers of the flame..."

Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

35th Anniversary

OF BUILDING COMMUNITY PROSPERITY IN TEXAS AND IMPROVING LIVING CONDITIONS...

SERVING HOME, FARM, BUSINESS, INDUSTRY WITH DEPENDABLE, LOW-COST ELECTRICITY...

HOME

FARM

BUSINESS

INDUSTRY

This month marks the 35th anniversary of the founding of Texas Power & Light Company... 35 years of progress, of development, of growing with Texas... 35 years of serving you. During this time, economies have been effected, efficiencies of operation developed and use of service increased so that your cost per kilowatt-hour for TP&L electricity is but a fraction of what it was in 1912. This is particularly significant in view of the fact that the cost of living as a whole is far greater than it was 35 years ago.

From a modest beginning in 1912, serving 14,934 customers in 13 communities, Texas Power & Light Company has expanded until, today, it serves more than 210,000 customers in 459 cities and communities. Over 2,500 TP&L men and women dedicate each working day to furthering community prosperity and a better standard of living, through an abundant power and light service.

Pioneer of high-voltage transmission line service in Texas, this Company now has more than 13,000 miles of transmission and distribution lines... providing dependable, low-cost electricity to a 52-county area of North, Central and East Texas. As the existence of this service has been a vital factor in the past growth and development of this area, so today it provides a basic requirement for continued industrial and economic progress.

As we observe this 35th anniversary of serving you, we look forward with confidence and anticipation to our share in building an even greater Texas of the future and to many, many more anniversaries in your service!

Gainesville

Assures Future of Farming

MINNEAPOLIS, MINN. — Effective mechanization definitely assures the future of farming. Shown above in action is the New Bale-o-Matic, an automatic hay baler that performs the complete operation, a long stride in the best use of cost-reducing, time-saving and drudgery eliminating modern farm machinery. A product of Minneapolis-Moline, it picks up the hay, ties it into firm oblong bales in slices with two steel wires, while hay is under compression. Size, density and weight of the bales is automatically determined and counted, and the only manpower necessary is the tractor operator.

**OMER BARNHARDT AND
 JUNE WALKER MARRY
 FRIDAY AT SHERMAN**

Miss June Walker of Sherman and Omer Barnhardt of Muenster, son of Mrs. Caroline Barnhardt of Sherman, were married in a pretty ceremony performed at the Woodman Circle Home in Sherman on Friday morning June 6, at 10 o'clock. Monsignor Edward McCullough, pastor of Saint Mary's church, officiated at the ceremony. The couple exchanged vows before an improvised altar of ferns, palms and gladioli.

Mrs. Milo S. Brame played the wedding music and accompanied Miss Kathleen Franklin who sang "Ah Sweet Mystery of Life" and "Because".

J. A. Alexander, a close friend of the couple, gave the bride in marriage. She wore a navy blue gabardine suit with a white handkerchief linen blouse trimmed with val lace, and navy blue accessories. A coronet of white rosebuds with navy blue ribbon falling in folds to her shoulder fashioned her hat and she carried a bouquet of white rosebuds centered with an orchid and showered with white rosebud streamers. Her only jewelry was a single strand of pearls, a gift from the bridegroom.

The couple was attended by Miss Zilda Griffin of Sherman and Thurman Kennedy of Burburnett. Miss Griffin wore a dusty rose suit with white organdy blouse and navy accessories. Misses Lavelle Owen and Wanda Roper lighted the candles.

A reception honored the couple after the ceremony. Miss Delores Barnett presided at the bride's book and Misses Jean Morrison and Betty Keifer presided at the tea table.

Mr. and Mrs. Barnhardt left on a wedding trip to New Mexico and when they return they will be at home in Muenster where he is employed at the Muenster Manufacturing company. For traveling the bride wore her wedding suit with white accessories.

Mr. and Mrs. L.A. Barnhardt and children of this city attended his brother's wedding.

When your sins find you out, it's just about as bad as when the collectors find you in.

State Amendment To Be Voted On In August

SENATE JOINT RESOLUTION NO. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for benefit of the public free schools, shall never exceed Thirty (30) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the At-

torney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107

Prairie View Agricultural and Mechanical College of Texas	5.34416

"Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall reallocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or reallocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serial-

ly or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

"Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A.D. 1947, at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election.

This Is No Gag!

Bob Burns' farm at Canoga Park is no mere invention of the famous Screen and Radio wit's imagination. In spite of his many jibes on his weekly Radio programs, Bazooka Ranch is a well known Berkshire breeding establishment. This sale entry found its new home in Durbin, North Dakota, and Bob and neighboring Berkshireman A. H. Simons load it at the Ranch to start the 2,000 mile trip. No, Bob's Uncle Slug never raised famous hogs like this back at Van 'n' are.

The American Way

By George Peck

EUROPE SENT US HER FINEST

The fanatical, misguided zealots who are trying to transplant one or other of the totalitarian slave systems to free America have counted some chickens before they were hatched. One of these chicks is their assumption that the sons and daughters of men and women who migrated to this country from Europe would welcome their ideologies.

One has but to give this a bit of thought to realize why, with a few isolated exceptions, these American citizens of foreign forebears are turning deaf ears and giving the cold shoulder to these would-be destroyers of "The American Way."

What is now the United States was first of all settled by people who had come from Europe to escape restrictions of their religious, political and social liberties, and who set up on this continent a new social order of life.

After the Revolutionary War, word began to trickle back to Europe that here in America something new and beautiful had been launched. Millions of Europeans, weary of oppression and lack of opportunity in the lands in which they lived, cast longing eyes at America and determined that some day they would pull up stakes and come to this land of freedom and opportunity.

During the 19th Century, millions of them did come. America needed them, welcomed them and put them to work. Here they began to enjoy the things they had dreamed about; here they found no caste system; here they discovered that a man by his skill and toil could carve his own niche in society.

But, of the great many millions who looked with eyes across the sea and planned eventually to come here, only a comparatively few millions actually came. It takes great courage to tear one-

self up by the roots and trek to a foreign land.

And so, those who actually did come, were those who wanted freedom and opportunity badly enough to courageously take the plunge. They had the real pioneering spirit that was so necessary to assist in the further developing of America. They were the strong, the courageous, the intelligent of the countries from which they came. They were the "cream of the crop."

They made a tremendous contribution to the building of America. America contributed in large measure to them. The rosy reports they had about this glorious land, they found to be no exaggeration. They came — they saw — they worked — they participated in the good things that America offered — they were content.

That is why the communists and peddlers of other economies failed to arouse a spark of interest among our citizens of foreign ancestry. These people are descendants of the strong, intelligent and heroic of Europe. In the final analysis, there is something to heredity and especially when it is given an opportunity to take root in an ideal environment. The courage which inspired their forebears to come here, is reborn and relives in them — they are not in the market for anything but good sound Americanism.

Canned Berries Need Little or No Sugar

—Photo courtesy Ball Bros. Co.

Many of the berry family will go into jars without sugar at all and keep perfectly for later use. If you want to be famous for delicious blueberry or huckleberry muffins, canning without sugar is preferred. To can blueberries or huckleberries for use in muffins, place two or three quarts of cleaned berries in a square of cheesecloth. Gather up the corners of the cloth and allow the berries to dip into boiling water until spots appear on the cloth. Then dip quickly in and out of cold water. Pack into hot Ball jars. Add neither sugar nor liquid.

Process 20 minutes in hot water bath.

Other berries, except strawberries and red raspberries should be heated slowly until the juice runs free before being placed in jars for processing. If sugar is short in your household, can any berries by processing 10 minutes in hot water bath after cleaning, crushing, and stewing them in their own juice. If you have sugar, jams will, of course, use less of your supply than preserves. When you are using corn sirup as part of the sugar required, remember to cook the jam a little longer, in small batches, and stir often.

pecially in children during an outbreak of this disease. It is not advocated that schools, churches, and theaters be closed. Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

NATION'S PUBLIC DEBT IS \$6,700 PER FAMILY

Today's public debt is equal to \$6,700 per family, compared with \$1,380 per family in 1940, \$540 in 1930, and \$1,070 in 1919, when the World War I Federal debt reached its peak, according to the Institute of Life Insurance.

"A long-term study of the nation's public debt," the institute says, "points up the size of the debt repayment job currently facing the American people, with a Federal debt of \$259 billion." "The situation calls for the most intensive long-range effort on the part of the people and the government," holds the institute, listing hard work, thrift, maintenance of a high level of production, an expanding economy, and popular support of all measures to keep down spending as "essential elements of such an effort."

A neighbor's bees are perhaps his most secure property.

Citation by Publication THE STATE OF TEXAS To Joseph Sieger and Ivy Price

And each and all other proper persons, including all record lien holders, all unknown owners, and heirs, administrators, and legal representatives of all such unknown owners, owning and claiming any interest in the property hereinafter described:

You are hereby notified and commanded to appear at the next regular term of the Sixteenth District Court of Cooke County, Texas, to be held at the Court House thereof in the city of Gainesville on the First Monday in September, A.D. 1947, the same being the 1st day of September, A.D. 1947, then and there to answer a petition in a delinquent tax suit filed by the City of Gainesville suing in its behalf, and also in behalf of State of Texas and Cooke County, Texas, and all political subdivisions of said county whose taxes are assessed and collected by the Assessor and Collector of Taxes of said County, in said court on the 17th day of April A.D. 1947, in a suit numbered 503 on the docket of said court, wherein the said City of Gainesville is plaintiff and State of Texas & Cooke County are interveners, and Frankie Sieger, Joseph Sieger, W. W. Price and Ivey Price defendants. Said suit is a suit to collect taxes, interest, penalties and costs on the following described real estate* located, at the time said taxes were assessed, within the boundaries of said county and each political subdivision in whose behalf this suit is brought and described as follows, to-wit:

BEING all that certain tract or parcel of land in the city of Gainesville Cooke County, Texas, out of the A. Boutwell Survey, and being part of the Leedy Tract which said lot is described as follows:

THENCE North with the west line of said Weaver Street, 51 feet South of the lot formerly owned by the said H.P. Ware;

THENCE West with its South line 200 feet to East line of Throckmorton Street;

THENCE South with the said East line, 51 feet; corner;

THENCE East 200 feet to the place of beginning.

said taxes in said petition, are alleged to be delinquent, justly due, owing, and unpaid for the respective years and in the respective amounts as follows, to-wit:

Years	To Whom	Amount
1924	W. C. Price	\$61.71

HEALTH OFFICER GIVES ADVICE ON FIGHTING NEW POLIO OUTBREAK

Austin. — Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is now occurring in certain sections of the State.

At one time it was generally believed that this infection was transmitted primarily by discharges from the respiratory tract. It is now believed that poliomyelitis may be another of the several gastrointestinal in-

fections. Therefore, control measures most include clean-up campaigns and improvements in sanitation.

Stringent efforts should be made to eliminate house-flies, mosquitoes, and rodents to destroy their breeding places. Every effort should be made to institute approved garbage collection systems, and secure safe water supplies. Where adequate municipal sewage disposal systems are not in operation, it is necessary to install and maintain sanitary septic tanks and outdoor privies.

All swimming pools should maintain those standards approved by the Texas State Department of Health. This includes maintenance of proper chlorine level. Where such standards are not maintained, those pools should be closed to the public.

All raw foods and vegetables should be washed thoroughly before use and protected from filth and insects. All food handling establishments should adhere strictly to the State law concerning the sterilization of dishes and utensils. These restaurants with insufficient personnel to maintain approved sanitation, should close one or two hours a day so that employees can assist in maintaining cleanliness and high sanitation standards.

Approved milk supplies, rodent control measures, high sanitation standards, and strict personal hygiene are all important. Polio cases should be quarantined for 14 days and excreta from cases and contacts should be handled with the same scrupulous care as in typhoid fever or bacillary dysentery.

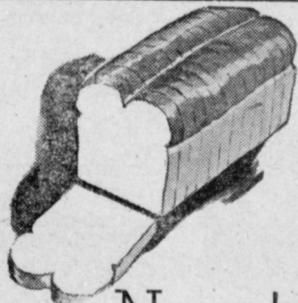

Over-exertion in children should be avoided. Children should not visit homes where there is illness. It is advisable to reduce to a minimum all human contacts, es-

Lindsay News

Mr. and Mrs. Joe Bezner Jr. are the parents of a daughter, their second girl, born at M & S hospital in Gainesville on June 2.

Since Tuesday Miss Lu Ella, Arendt is employed in Gainesville at Schad and Pulte in the book-keeping department.

Friends here will be interested in hearing that Johnnie Schmitt, son of Mrs. Otto Schmitt of Lindsay, was re-elected grand knight of the Sherman K of C council at the annual election of officers last Wednesday.

Mr. and Mrs. Ferd Luttmer have moved into their recently completed new home and the apartment they vacated at Mrs. Maggie Schumacher's is now occupied by Mr. and Mrs. Milton Ramsey.

Father Conrad is spending this week at Subiaco Abbey attending the annual retreat for Benedictine Fathers.

Mr. and Mrs. A.C. Flusche of Denison visited relatives and friends here Sunday.

Miss Gene Bengfort of Dallas spent the weekend with her parents, Mr. and Mrs. John Bengfort.

Miss Frances Spaeth of Dallas was here for a Sunday visit with her parents, Mr. and Mrs. George Spaeth.

Mr. and Mrs. Ferd Luttmer have moved into their recently completed new home and the apartment they vacated at Mrs. Maggie Schumacher's is now occupied by Mr. and Mrs. Milton Ramsey.

Father Conrad is spending this week at Subiaco Abbey attending the annual retreat for Benedictine Fathers.

DALLAS RITE UNITES LAWRENCE SCHMITZ AND MARY ALICE PASS

Miss Mary Alice Pass of Dallas, became the bride of Lawrence Schmitz of that city, son of Theo Schmitz of Lindsay, in a double ring ceremony performed Tuesday morning, June 10, in the rectory of Our Lady of Perpetual Help Church, Dallas, with the pastor, Rev. Father Bernard, officiating.

The bride wore an aqua ensemble with a white straw picture hat, white gloves, shoes and bag, and a shoulder corsage of gardenias and carnations. She was attended by Miss Lois of Dallas who was attired in a pink costume with white accessories.

Clarence Metzler of Lindsay, cousin of the groom, was best man.

Relatives attending the ceremony included Theo Schmitz, Pat Schmitz, Harold Schmitz of Lindsay and Mr. and Mrs. Eugene Schmitz of Muenster.

The couple was honored with a reception, buffet supper and dance for some 60 guests in the Lindsay community hall in the evening and are making their home in Dallas where he is in business.

Mr. Schmitz is a native of Lindsay and was educated there. He was in business in Gainesville before entering the Seabees in 1942 and served over seas for more than a year. Since his discharge he has made his home in Dallas. Mrs. Schmitz is the daughter of Mrs. Rosa Pass of that city.

HUNDT-DIETER RITES SET FOR JUNE 25TH

Lindsay. — Mr. and Mrs. Joseph Hundt have announced the engagement of their daughter, Miss Clara Hundt, to Francis Dieter, son of Mr. and Mrs. Valentine Dieter.

The wedding will be solemnized in Saint Peter's church on June 25 at 8 o'clock a.m.

Both young people are popular in the community and a number of pre-nuptial courtesies are being planned for the bride-to-be.

Holsteins in "1000 Pound Butterfat A Year" Class

A seven year old Holstein cow, is the first of her breed in Texas to produce as much as 1,000 pounds of butterfat in a year's time.

The Holstein Friesian Association has informed Extension dairymen of Texas A. and M. College that the cow produced 27,408 pounds of milk and 1,087.3 pounds of butterfat in 365 days, on three-times-a-day milking.

The new record makes the cow the highest butterfat producing Holstein in Texas, and second highest producer of all breeds in the state. Texas' butterfat champion is a five year old Jersey. Last January, she completed a record of 1,144 pounds of butterfat to top all breeds in the state.

Men who drive one-handed are headed for the church. Some will walk down the aisle—others will be carried.

DON'T TAKE CHANCES ON SELF DIAGNOSIS AND SELF TREATMENT

Austin. — "It is an unfortunate fact that some people are to risk their health—possibly even their lives — by prescribing for themselves and taking a drug that they have read about somewhere and which has been termed a 'miracle drug,'" states Dr. Geo. W. Cox, State Health Officer.

"Although such drugs as penicillin, streptomycin, thiouracil and sulfa drugs have been of great value in combating diseases that have heretofore been very difficult to control, nevertheless, they can be very dangerous products in untrained hands. They were never intended to be used promiscuously for self-medication," the State Health Officer asserted.

If a pharmacist refuses to sell a particular drug and explains that it cannot be supplied without a physician's prescription the would-be purchaser should not become provoked. That pharmacist is giving sound public health advice and is also complying with the law. The State Health Officer declared that self-medication is never advisable, and even "miracle drugs" should be taken only when a doctor prescribes them.

Confetti---

About a year later a county dry election carried and that's how it stood until FDR pushed across the national prohibition repeal in 1933.

After that, Cooke county, like lots of other places started selling beer and liquor again but toward the end of the year the supreme court decided that all counties must revert to their pre-Prohibition status.

A little more than a month later came the election which should make Muenster voters blush with shame. They thought the issue was in the bag and fizzled away their best chance to get a wet majority on the records.

Many local people will also recall a certain rather disappointing development in that election. With all boxes accounted for the result was announced as a very close wet victory. But then a small cross-timbers box called in and said "hold everything, our report was wrong", and reported enough additional dry votes to change the outcome. The incident aroused a bit of suspicion, too. By an unfortunate coincidence the box making the corrected report submitted its ballots on Monday instead of Saturday night.

Considering Muenster's history of being pushed around on the liquor and beer situation it's easy to understand why people are irked by the present legislative farce.

This community has been wet from the very beginning — honestly wet. It voted that way and very few homes were ashamed to admit that they made their own brew. But it has consistently re-

sented sneaking around corners, drinking inferior stuff, worrying with cops, and especially being deprived of a privilege that others are permitted to enjoy. In this bill they saw a ray of hope only to be let down by dumb, discriminating terminology.

Imagine a Radio for:

- the Hard of Hearing
- for Normal Hearing
- for Group Hearing

Emerson Radio

Listen to magnificent tone through loud speaker — through magnetic ear receiver — or both — at any desired volume. For bedroom, for hard-of-hearing—for listening when others want "quiet."

Emerson Radio Model 1003, AC-DC. Superheterodyne, with all advance features, in handsome walnut finish cabinet.

COME IN FOR DEMONSTRATION.
