VOLUME XI

MUENSTER, COOKE COUNTY, TEXAS, FRIDAY, AUGUST 8, 1947

NUMBER 37

## Public School Staff Problem for Coming Year Almost Solved

With the fifth member of the teaching staff already engaged and the sixth expected to sign up within a few days, the Muenster public school is practically set up for the coming scholastic year.

Superintendent John Hoffman disclosed Wednesday that the new teacher is Mrs. Effie B. Hem-bree of Gainesville. With 13 years of experience principally in Bonham schools, she will teach in the upper elementary grades. The name of the teacher who is expected to join was not disclosed. Other teachers already engaged are Hoffman, Mrs. Jess Mitchell, Mrs. W.B. Wylie and Miss El-freda Luke.

With six teachers, Hoffman said, the faculty is already larger than it was last year, and the school will be able to arrange a more satisfactory schedule of courses. However he still has hopes of finding a seventh teacher so the school will be able to qualify as an accredited high school.

The trouble, Hoffman said, is that the qualifications preferred for the seventh teacher are hard to find. A man to teach basic science and manual training is desired and applicants to date have not had suitable back grounds in those courses.

## Notes On Soil Conservation

R.M. Zipper set an example of terrace maintenance Wednesday afternoon on his farm one-half mile north of Muenster in the Bruno Fleitman Conservation Group. Mr. Zipper increased the capacity of his terrace enough to carry an additional stream of water one foot deep and 3.2 feet wide and also added 4 feet to the width of his terrace. The excellent job of terrace maintenance was done by maintaining the channel of the terrace also. Co-operators attending the Terrace Maintenance Method Application meeting were: Al Hess, R.M. Zipper, Charles Cler, Roy Endres, Jr., Bruno Fleitman, and Joe Hess.

Charles Fisher and Henry Pick started construction of a terrace system on Joe Fisher's farm, 3 miles north-east of Muenster, in the Henry Pick Conservation Group. Mr. Pick called a Method Application meeting Thursday to observe the "Island Method" of terrace construction. Paul Fisher, Charles Fisher, Henry Pick, Robert Bayer, Irvin Walterscheid, Edward Bayer, Tommy Walterscheid, Joe Fisher, Sr., R.S. Mitchell and H.B. Armstrong attended the meeting. Mr. Armstrong, local soil conservation engineer, stated that terrace construction and terrace maintenance should be done as soon as possible before land is prepared and fall crops are sown.

Theodore Vogel, cooper in the West Muenster Conservation Group, is well pleased with the mixed Hubam clover and John-son grass hay he recently baled. Mr. Vogel states, "My cows gave more milk as soon as I started feeding clover hay."

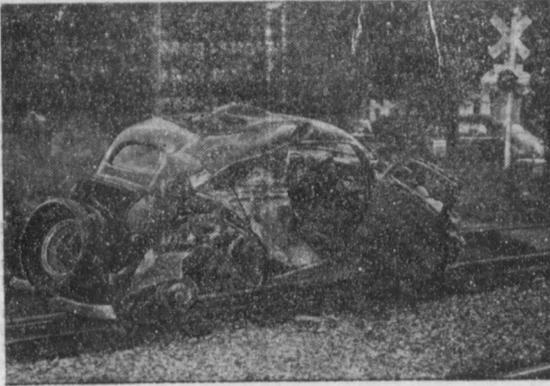

Leo Rohmer, cooper in the Northwest Muenster Conserva-tion Group, fenced his best Hubam clover for seed harvest and turned his cows on 50 acres of Hubam clover that was over-seeded in grain. Mr. Rohmer says his milk production has increased a third since pasturing this clover. "I turned 20 head of cows on my poorest stand of clover and carried an extra can of milk to the plant every morning for three weeks."

## John Furbach Re-opens Jewelry Store In Amarillo

Completing arrangements which were under way for the past several weeks, John Furbach this week re-opened his jewelry business at Amarillo. He expects to spend a month there helping to get the business organized then leave it under the management of his present assistant. He will continue to live in Muenster.

Furbach operated a jewelry store in Amarillo for many years and when his building lease expired early in 1946 elected to take a year's rest before looking for a new location.

Mr. and Mrs. Crawford Linn of Gainesville visited his aunt, Mrs. J.D. Linn Friday evening.

The driver of this car disregarded a plainly marked warning sign and crossed the tracks directly into the path of a passenger train. His machine was swept up like a leaf and raked over the tracks. The driver and two occupants were killed. Signs, lights and bells are placed at crossings for the protection of motorists. Yet 2,000 were killed last year, and 70,000 injured, because they did not trouble to stop, look both ways, and listen for the warning whistle.

## BALL TEAM BOWS TO ERA; BEATS NOCONA, WICHITA AND SAINT JO

A thorough trimming at Era Friday night was the only blot on Muenster's softball record for the past week. The balance of the games consisted of wins over Saint Jo, Nocona and Sacred Heart of Wichita Falls.

Thursday night's game with Nocona was a breeze. The local lads made a big start with an opening 7 run rally and added steadily to their lead in the following innings then cinched it with 6 in the last inning for a total count of 19. Nocona scored by ones and twos for a total of 8.

Friday night Era retaliated for the dubbing Muenster gave a week before. Before their home fans the Era boys were on their toes making the most of every break while Muenster failed to measure up to its usual standard. The score was 17 to 9.

Sunday afternoon's game with the Sacred Heart parish at Wichita Falls made the second win in Muenster's two games with that club. But the game wasn't easy like the first, played here several weeks ago. This went to three extra innings before Muenster finally nosed out 15 to 16.

Playing Saint Jo here Monday night the boys had another easy one. They pounded the ball steadily the first four innings for 17, coasted through the fifth and added 7 more in the last two. Saint Jo never got within sight of the lead. The final count 24 to 7.

## NEW LAW REQUIRES PUTTING THE "B" ON BANG'S DISEASE COWS

College Station — All Texas cattle that are tested for Bang's disease and found infected must be branded on the left jaw with the letter "B" and reported to the Texas Livestock Sanitary Commission, to conform with House Bill 525, recently made law by the State Legislature.

Dr. E.A. Grist, veterinarian of the Texas A and M College Extension Service, explains that it is now the duty of the veterinarians who do Bang's testing to place the brand on cows that react positively to the disease. A penalty will be fixed upon any person who refuses to allow the branding, or who sells or disposes of cattle for milk purposes when he knows them to be infected.

The branding of Bang's-infected cows will enable better control of the disease, says Doctor Grist, since control measures must be planned on the basis of individual herd problems.

In the fiscal year, September 1944 to August 1945, 133,891 head of cattle were tested for Bang's disease in Texas, with 9,435 showing up infected. Many of those reacting cattle probably found their way into other herds, says Doctor Grist. The requirements of the branding law will help hold down the spread of the disease.

Mr. and Mrs. Herbert Meurer and children, John David, Robert and Miss Jeanette, left Sunday for Boston, Mass., where Mr. Meurer will attend the national convention of the Knights of Columbus. The Meurers will visit her sister, Mrs. Tom Gallery and family in New York and will tour for sight-seeing before returning home in about three weeks.

Mrs. Frank Schoech of Dallas and her daughter, Mrs. Dick Meyer and sons, Dick and Kenneth, of Saint Louis, Mo., spent Thursday with Mrs. John Furbach.

## Notes on Community Remodeling and Building Activity

A remodeling job begun this week will double the storage space in the FMA warehouse across the highway from the cheese factory.

J.W. Hess, in charge of the work, stated that another floor will be built at either side of the center driveway to permit double deck storage of cartons, crates, etc. It will make space available all the way from the floor to the roof.

Another improvement is a foot extension on the height of doors to make room for higher truck loads.

Work began Thursday on the Muenster Mill which will be favored with the addition of a 20 x 54 foot annex and a 4 foot dock on the south. Meanwhile the interior will be remodeled for convenience and service, the office will be enlarged and redecorated and the whole structure will be covered with white asbestos siding. Arthur Felderhoff, manager, stated that business will continue as usual during the building program.

In the northwest part of the city Felix Yosten is building a new home. It is located across the street from Mrs. Wm. Walterscheid.

On North Main street the Klement Estate house, one of the early landmarks of the community, is being torn down to make room for a modern bungalow that will be occupied by Mr. and Mrs. Frank Klement.

West of the city the Al Fleitman home is being torn down and will be replaced by a new structure. The family has improvised living quarters in a granary while the work is in progress.

An extensive redecorating program has been completed at the J.B. Wilde home which received new wall paper, paint, varnish and interior remodeling.

## Wilmer Luke Succeeds Lambert Bezner As Head Of Subiaco Alumni Group

In their regular annual session held in the Muenster parish hall July 30 members of the North Texas District of the Subiaco Alumni association elected Wilmer Luke as president for the coming year. He succeeds Lambert Bezner, who held the position for two years.

Other officers are Ben Voth, vice president, and Ray Bezner, secretary-treasurer.

The group also made preliminary plans for its annual Subiaco benefit bazaar, which is scheduled for the latter part of September.

## Tony Otto Buys Filling Station From Ray Tempel

In negotiations completed last Friday Tony Otto became the successor to Ray Tempel at the service station on Highway 82 at the east limits of the city. He will operate his new business under the name of Otto Filling Station. Mr. Otto is new in Muenster business circles having moved to town from the farm the latter part of last year. Tempel has joined the personnel of J.B. Wilde Motor Company.

## F.A. BONE, 65, PASSES WEDNESDAY; BURIAL AT GAINESVILLE FRIDAY

F.A. Bone, 65, of Wichita Falls, relative of the Seyler families here, passed away Wednesday night at 7 o'clock following a two weeks' illness.

Funeral services will be held this Friday morning at 9:30 at Saint Mary's church in Gainesville and burial will be in Fairview cemetery.

Mr. Bone, a native Texan, formerly resided in Gainesville. He married Miss Louise Seyler of this city in 1910, and moved to Wichita Falls about a year ago from Amarillo.

His death came as a shock to relatives and friends as he was in apparent good health until about two weeks ago when an infection set in following the extraction of several teeth. Double pneumonia developed Saturday.

Survivors include his wife and one daughter, Mrs. A.J. Cone of Albuquerque, N.M., one grandson and one granddaughter. Local relatives are sisters-in-law, Mmes. C.J. Bernauer, Joe Otto and Frank Seyler, and a large number of nieces and nephews.

## Scout Troop Will Hold Court Of Honor Aug. 15

Court of honor for members of Boy Scout troop No. 164 will be held next Friday, August 15, at Sacred Heart church with six scouts tagged for advancement and several others scheduled to receive merit badges, according to Scoutmaster Nick Miller.

The recipients of advancement certificates to second class scouts include Roger Wolf, Henry Weinsapfel, Daniel Luke, Niel Fisher, Johnny Fisher, Damien Hellman and Michael Driever.

Larry Hofbauer, Jerry Fuhrmann and Eugene Luke will receive recognition as Cub den chiefs, and several merit badges, to be announced later, will be awarded.

## News Of Sick And Injured

Miss Gladys Wilde sustained a fractured right arm, just above the wrist, Tuesday evening when she and members of her family were driving to Katy Lake, Saint Jo. She had her arm extending from the window and when the car drove over a cattle guard it tipped to one side causing her to strike her arm against a post.

Miss Miriam Koesler who is employed at St. Vincent's hospital in Sherman underwent an operation for the removal of her appendix Sunday morning and is recovering normally. She will be moved during the weekend to convalesce at the home of her parents, Mr. and Mrs. Alfons Koesler here.

Eddie, infant son of Mr. and Mrs. Clarence Hellman, was reported recovering Thursday from pneumonia following a serious illness. The baby is a patient at M & S hospital in Gainesville.

Rita Hoehnig, daughter of Mr. and Mrs. Joe Hoehnig, had her tonsils removed at the local clinic Monday morning.

Douglas, 2-year-old son of Mr. and Mrs. Albert Fleitman, suffered minor head injuries and body bruises when he fell from a moving car Sunday evening. The family was enroute home and fortunately the car was going at a slow speed when the top opened the back door of the sedan and fell on the road.

Marvon Bailey, 11-year-old daughter of Mr. and Mrs. Martin Bailey of Saint Jo, had her tonsils removed at the Muenster clinic Sunday morning.

Edward Starke, 16-year-old son of Mr. and Mrs. Joe Starke, sustained a double fracture of his left arm Monday morning when he fell from a wagon at the Strake farm.

Charlie Hellman sustained painful burns on his right hand Thursday when hot tar was spilled while he was patching a water tank.

Herbert McDaniel was back at work Tuesday after suffering a minor paralytic stroke is his left arm Friday.

Lawrence Moser has been suffering pain and discomfort from a boil on his left hand this week — he had it lanced Tuesday.

Tom Carter, Rt. 2, Marietta, Okla., underwent an operation at M & S hospital in Gainesville the latter part of last week and is recovering normally. He is employed by Couch Drilling company at Walters, Okla., and is a former resident of this city.

## Shower House, Lights Field Changes For Gridders Under Way

The football team and the football crowd will both benefit from improvements that are now in progress at the parochial school. Players will have a new shower building and the fans will have lights permitting night football games.

Father John Walbe, football coach, is supervising construction of the 44 x 26 concrete tile shower building about midway between the parish hall and the high school building. Unoccupied school boys of the city are helping him.

Activity thus far has consisted in digging for the foundation, laying water and drain lines and making concrete blocks. Next week according to Father John, actual construction will probably begin.

The project of installing lights was taken over completely by members of the parochial athletic committee. Equipment has been ordered and Father John is confident it will arrive in time to permit completion before the opening game late in September.

A new field is also a part of the program. It extends north and south instead of east and west, and can be approached from either street — north of the parish hall or south of the school. The field has been plowed and leveled and if favored by sufficient rain in the near future, may grow a fair grass surface before the first game. Bermuda will be sodded next spring.

Seats are also planned, however the committee has not definitely decided to install them this year.

## BETTER ADD SALT TO YOUR DRINKING WATER IF YOU SWEAT A LOT

Austin, Texas — If your work is such that it causes excessive perspiration add a pinch of ordinary table salt to each drink of water you take, to prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating.

It is a wise precaution to keep the body supplied with salt, and thus avoid much possible suffering and loss of time from heat cramps.

## Delayed War Casualty: Victor Sicking Burned By Flare Plowed Up At Camp

Add one to the list of Muenster World War II casualties.

Victor Sicking received second degree burns on his hands and abdomen Monday afternoon from an old flare bomb he turned up while plowing on the reclaimed Camp Howze farmland.

Sicking states that he first kicked the object and was about to pick it up when it went off. His wounds are responding normally to treatments given at the Muenster clinic.

## Sisters Together Here First Time In 15 Years

Mrs. Henry Stelzer and her sister, Mrs. Rosa Everman of Celina, Ohio, were reunited for their first visit in fifteen years while Mrs. Everman visited here during the past 10 days.

Accompanying Mrs. Everman were her daughter, Miss Effie, and Mr. and Mrs. Ferd Kettler and daughter, Ruth, of Dayton, Ohio. Mrs. Kettler is also a niece of Mrs. Stelzer.

Most of us around here like to think we have quite a town, but every now and then we hear some blunt remark that gives a rough jolt to our civic pride. A few days ago, for instance, a visitor said that our main street reminded him of a ghost town.

When we hear such comments we instinctively hasten to prove that the town is anything else but. In spite of appearances we're convinced that we have something to be proud of. We say that the volume of business and industrial activity here would do credit to a town twice as large. We say that we have a substantial cooperative citizenship with a reputation for getting things done. We point with pride to better than average homes and community property. We can show in ever so many ways that Muenster is a thriving center for a thriving community, but we can't deny that some of the uncomplimentary remarks are wholly justified.

It is a fact that much of the main drag looks like a ghost town. It is a fact that the town should by all means have better recreational facilities, better medical facilities and better educational facilities. And, when it comes to a show-down, we doubt whether there are any people at all who do not assume that some day we will have all those things.

Since we feel that way, since we are convinced that many of those improvements are definitely a part of our future, nothing could be more reasonable than a course of action to get them as soon as possible. To postpone them is only to postpone the benefits we expect to derive from them.

While we're on the subject let's just consider some of the projects individually. One is the co-operative hospital, already delayed more than a year by building problems — and partly also by the fact that some cautious people are waiting for a sure thing instead of helping to make a sure thing out of a good idea.

During the past year, as so often before, we saw that the number of hospital cases here can support our own hospital, and also that hundreds of visitors could be saved considerable time and money if the patients had been here. In many cases the time and money spent driving to distant hospitals amounted to more than a membership in the local hospital association.

The same applies to our school problem. We have no doubt that eventually the community will have a first class public school plant with some of its facilities jointly used by the parochial school. Well, if we are going to have it eventually, why not soon? Why postpone the benefits to be derived from it?

Last year there was considerable interest in some sort of community recreation center, specifically a lake suitable for swimming, boating and fishing, plus a few other attractions and concessions that will satisfy the average person's yen for recreation. Muenster needs such a plan — needs it for the sake of tiny tots and older people who do not drive a hundred miles or more to find such a place, and also for rambling youngsters who would gladly take their recreation closer to home. The idea has a tremendous appeal and Muenster is made up of the kind of people who can find a way to have it. Well, why delay it? The sooner we have it, the sooner we can start enjoying it.

As regards those Main Street improvements the same old principle still applies. Every property owner up and down the street has visions of a modern, attractive building some time in the future.

Since that much is settled the thing to do is start planning for the earliest possible completion of those improvements. Why should owners postpone the pride and comfort they will derive from really nice business houses? Why postpone the customers' greater pleasure of trading in nicer places? Why postpone the greater pride we all hope to have in a more attractive town?

It is true that these things can't all be done in a day, but it is also true that the community can adopt a different attitude and start regarding improvements as goals that will be accomplished as quickly as possible instead of being left to develop in the same old slow, easy way.

With this community's spirit of cooperation any worth-while civic undertaking is a mere breeze. We've got the kind of

Mr. and Mrs. Lex Linn and trooper during the war. The house children of Pasadena, Texas, they vacated, belonging to Charlie Haverkamp, has been occupied since Tuesday by Mr. and Mrs. Richard Yosten who moved there from an apartment at John Fette's.

Mr. and Mrs. Joe Starke had as guests last Wednesday, Thursday and Friday, Mr. and Mrs. Norbert Jacobi and five daughters of Electra. Mrs. Jacobi is Mr. Starke's sister.

Instructor Emmet Fette and Grady Chupp of Nocona made a dual cross country flight to Wichita Falls and Frederick and Walters, Okla., Monday.

Personnel of the FMA cheese plant and store and their guests enjoyed an outing at Katy Lake Tuesday evening. Swimming and boat riding were followed by a picnic supper and informal diversion.

Mr. and Mrs. Herman Fette had as guests Sunday her cousins, Mr. and Mrs. Valgean Poarch and son of Watonga, Okla., and her parents, Mr. and Mrs. J.F. Brown and daughter, Miss Wanda, of Gainesville.

Mr. and Mrs. R.L. McNelley were hosts at a barbecue party Saturday for REA employees and their guests. The affair was held in the outdoor living room at the McNelley home and was enjoyed by some 30 persons.

Mr. and Mrs. Jess Mitchell and son will move to Muenster next week from Whitesboro. He is employed with the REA office personnel and Mrs. Mitchell will be a teacher in the public school when the new term opens. They will occupy an apartment at the F.J. Yosten apartment house.

Mr. and Mrs. Darrel Trotter of Fort Worth announce the birth of a 7 pound, 10 ounce daughter, their first child, Tuesday night, Aug. 5. Mrs. Trotter is the former Miss Dorothy Nell Fletcher of this city and Mr. and Mrs. J.W. Fletcher are the maternal grandparents. The paternal grandparents live in Stamford.

Joe Voth and Mrs. Tony Trubebach Jr. shared honors at a birthday party Sunday night in the home of Mr. and Mrs. Voth with Mrs. Voth as hostess. It was a surprise affair. Personnel included Messrs. and Mmes. Herman Fette, Joe Trubebach, Martin Trubebach, Tony Trubebach and Joe Voth.

Bill Eberhart has re-enlisted in the Army and left Thursday, accompanied by his wife and son, for Camp Hood where he is to be stationed. He served as a para-

### GIFT SHOWER COMPLIMENTS MISS BETTY HARTMAN

Miss Betty Hartman, bride-elect of Albert Danglemyr, was complimented with a miscellaneous gift shower Tuesday evening in the home of Mrs. Arthur Endres with Mrs. Al Walter and Miss Dorothy Hartman as co-hostesses.

The party rooms were decorated with arrangements of red crepe myrtle and the guests enjoyed paper and pencil games and contests. Prizes were won by Mrs. Oscar Walter, Mrs. C.J. Kaiser and Miss Irene Mudrack, who presented them to the honoree, after which she opened her shower gifts for the guests to admire.

Refreshments of pink and white ice cream, angel food cake, lemonade and party mints were served to approximately 60 guests.

Miss Hartman's marriage to Mr. Danglemyr will be an event of next Tuesday. The rites will be performed in Sacred Heart church with the Most Rev. Augustine Danglemyr of Dallas, brother of Mr. Danglemyr, officiating at 8:30 a.m.

### New Cradled Air Mattress Eliminates Rolling Off

Washington — No longer will a soldier sleeping on an air-filled mattress be in danger of rolling off during the night. A mummy-shaped mattress just revealed by the Army, is the answer.

The Army says it has a cradled cross section which provides a hollowed-out effect and overcomes the tendency of a sleeper to roll off the ordinary air mattress.

It has other advantages, however. It weighs less than four pounds, and can be folded readily packed for carrying. It is about 10 percent lighter than oblong mattresses. It is so constructed that it can be used inside Army cold-weather sleeping bag. It is made of light-weight nylon cloth, coated with butyl rubber.

Army tests show that air-filled mattresses prevent contact with the snow-covered or frozen ground better than other materials. Woolen blankets and down-filled quilts are excellent covers, but underneath the sleeper they compress, and do not prevent body-heat loss to the earth.

### Now You Can Type Chinese, All 54,000 Characters, On American Made Typewriter

Overcoming difficulties that for generations had stumped the Chinese themselves, an American manufacturer has developed a typewriter which reproduces the approximately 5,400 characters used in writing

Chinese.

An experienced typist can type Chinese with the machine three or four times as fast as a Chinese clerk can write clearly with his ink brush. The manufacturer hopes he can sell enough of them to revolutionize Chinese office work.

**BIRTHDAY OUTING HONORS VISITOR FROM INDIANA**

Miss Helen Mae Mudrack, visiting relatives of the Hartman families, was honored with a picnic and outing at Lake Texoma Tuesday in observance of her 18th birthday. The party was planned by her aunt, Mrs. Felix Becker.

Personnel included Mr. and Mrs. Felix Becker, Leo and Miss Rose Marie Becker, Mr. and Mrs. Alphonse Hoehn, Mrs. Joe Sicking, Virgil Streng, Misses Rosalee and Coralee Fuhrmann, the honoree and her sister, Miss Irene Mudrack.

The visitors will return to their home in Fort Wayne this Friday. They will be accompanied by their cousin, Alvin Hartman, who will spend a two-week vacation visiting relatives in Fort Wayne.

**Soaring Worm Prices Bring Prosperity To Family of 7**

Olympia, Wash. — The price of worms hasn't escaped inflation. It was learned from an attractive 35-year-old housewife, Mrs. Agnes Kenmir.

The price per dozen was 18 cents last year. Now Mrs. Kenmir gets 25 cents per dozen and is do-

ing a rushing business.

The Lacey, Wash., mother of five finds business so good that the Kenmirs plan to build a new home soon and place a sign in the front yard: "This is the house that worms built."

Mrs. Kenmir, her husband, Lawrence, and eldest son, Joseph, 16, find that on good nights between midnight and 5 a.m., they can "pick" 2500 nightcrawlers from the capitol grounds in Olympia.

**"Suicide Leap" Is Only A Paratrooper Winning Bet**

St. Paul, Minn. — Two cruising St. Paul detectives thought it was a suicide leap when they saw a man jump out of a second-story window.

They helped him from the ground, apparently uninjured. He gave his name as Lloyd A. Evans, 18, who had been visiting friends here. He formerly had been an army paratrooper and had bet his friends 25 cents that he could

make the jump without injury.

"I won the bet, too," Evans said, as he turned and walked into the house.

PUBLISHED EVERY FRIDAY—MUESTER, COOKE CO., TEXAS  
 R. N. Fette, Editor — Rosa Driever, Assistant Editor  
 Subscription Rates: In Cooke Co., \$1.50; Outside Cooke Co. \$2.00

Entered as second-class matter December 11, 1936, at the post office at Muester, Texas, under the Act of March 3, 1879.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of the Enterprise will be gladly and fully corrected, upon being brought to the attention of the publisher.

Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

## THIS IS THE KIND OF COMMUNIST PROGRESS RECOMMENDED FOR US

The believers in the totalitarian state always argue that that form of government does the most to advance the interests of the "common man." They prate of production for use instead of production for profit, and point to the achievements of dictatorship in advancing the standard of living of the worker.

In the light of that, some figures concerning the Russian economy are of interest. In less than a year, the price of black bread, the staple item in the diet of the average Russian, has in-

Why put your Car behind the 8?

Keep the Engine **MOBIL OIL CLEAN** with **Mobiloil**

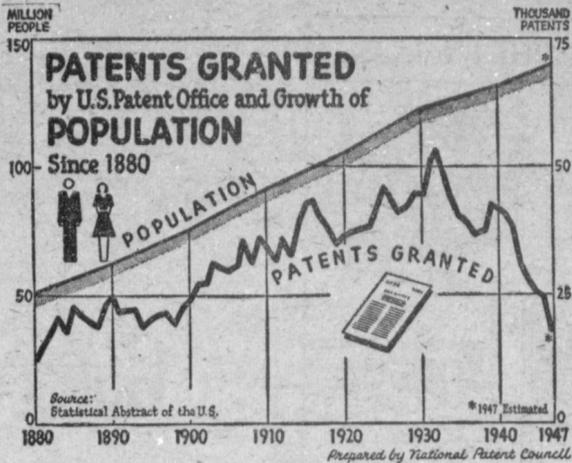

Mobiloil cleans as it lubricates... resists the formation of "varnish," "lacquer" and "hot sludge." Bearings and pistons stay cleaner, last longer when you have a "Mobiloil Clean" engine. Let us change the oil in your car today to clean, free-flowing MOBIL OIL. It takes the beating that the metal in your engine can't.

Patents kept pace with the growth in population of the United States during the period of its greatest development. But in 1933 there was a sharp break, a slight recovery in the late 1930's and then a steady, almost unbroken downtrend that this year may carry the total of patents issued to a low point unequalled since 1882! It is probably no coincidence that during the period from 1933 to date that the American Patent System has been under frequent fierce attack. However, a backlog of patent applications has piled up in the Patent Office, the heaviest in history, despite vast increases in Patent Office personnel and facilities since 1882. Said John W. Anderson, president of the Council: "This graph tells a remarkable story, showing, as it does, how patents helped build an industry to support a rapidly rising population. The break in the first year of the New Deal shows one alarming effect of the relentless attacks by subversionists on the American way of growth."

creased 240 per cent. Milk has gone up 220 per cent, sugar 196 per cent, butter 136 per cent and beef 114 per cent. The cost of clothing and all manufactured goods have also advanced tremendously, and are usually unobtainable at any price. But, in the same period, the wages of Russian workers have gone up only 25 per cent.

The "fortunate" Russians are not burdened with a free, competitive economy such as that in the United States. They don't have to suffer along with such typically capitalistic monstrosities as great factories producing a growing flood of consumer goods — nor do they have chain stores and independent stores all competing with each other for consumer favor. In Russia everything is owned and controlled by the state, and the factories produce and the stores sell only what the masterminds at the top think fit and proper. The result, according to a U.S. Department of Labor survey, is that the living standards of American workers are about 1,000 per cent above those of their Russian counterparts.

Keep that in mind when you hear the virtues of Communism and other "isms" compared to the vices of the competitive free enterprise system of production and distribution.

### Some New Traffic Rules That You Should Know

Did you know that under the new Uniform Traffic Code—

All vehicles must carry one or more white lights in front and red behind if on a state highway, and that this includes all types of farm and horse-drawn vehicles?

You must report to the State Department of Public Safety within 24 hours all accidents in which anyone is injured or where damage is \$25 or more?

You must pull to the side of only 55 cities in the United States.

the road or street and stop when an ambulance, fire truck or other emergency vehicle is approaching?

You cannot park within a block of a firetruck at the scene of a fire?

### Working Girls Advised To Quit Using Naughty Words

Chicago. — The working girl was advised this week to stop saying naughty words, if she wants to keep on working.

More and more working women are using profanity, and the boss doesn't like it one darn bit.

The bosses don't like frilly dresses either, and they don't like baby talk in a falsetto voice, but swearing is the No. 1 peeve. Dr. J.M. Thompson told commercial teachers attending the annual summer business education conference at Northwestern University.

### Nimitz Wears Texas Navy Buttons While in Texas

Whenever Fleet Admiral Chester W. Nimitz, U.S.N., Chief of Naval Operations in the United States Navy, visits his home state of Texas he changes the buttons in his uniform and wears those of the Texas Navy, a small but potent "fleet" of vessels which protected the coastline of that State from 1839 to 1845, when it was incorporated into the United States Navy.

Fleet Admiral Nimitz, was commissioned an Admiral in the Texas Navy on October 12, 1945. Last year he learned that the Scoville Manufacturing Company of Waterbury, Conn., had found the dies from which they had made the buttons for the uniforms of persons in the Texas Navy and he immediately asked them to make him a set.

The estimated daily population of Rockefeller Center is 152,132, and is surpassed by the population of only 55 cities in the United States.

Mmes. Victor Hartman, Alois Haverkamp, Frank Schilling, Al Fleitman, Ed Endres, Ray and Walter Klement and Albert Fleitman, Joe and Leo Hesse and the hosts.

### Citation by Publication THE STATE OF TEXAS

TO: Clarence Pendergast, whose residence is unknown, and if he be dead, the unknown Heirs of Clarence Pendergast, deceased; Betty Lou Smith whose residence is unknown, and if she be dead, the Unknown Heirs of Betty Lou Smith, deceased; GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25th day of August, A.D., 1947, at or before 10 o'clock A.M., before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas. Said plaintiff's petition was filed on the 7th day of July, A.D., 1947. The file number of said suit being No. 15011. The names of the parties in said suit are:

Bessie Enis, Wiley Enis, Cora Ella Adams, J.B. Adams, Susie Howell, John Howell, Guy R. Pendleton, Wilma J. Pendleton, Douglas E. Pendleton, James Lee Pendleton, William Pendleton, Dale Pendleton, Ruth Pendleton, Shirley Pendleton, James L. Pendleton, Margaret Hein, John F. Hein, Mary Pendleton, Eugene E. Pendleton, Patricia Pendleton, Henry J. Pendleton, Minnie L. Putnam, Gordon W. Putnam, Vada Marie Henderson, Mabel Mae Michaelson, Charles J. Smith, Nannie De La Plaza, Arturo De La Plaza, Bonnie Lopez, Ray L. Lopez, Ernest Pendleton, Dorothy May Perry, Ray Perry, Elsie Frazier Frank Frazier, Mary P. Lee, Robert E. Lee, Ekel K. Pendleton, Clyde John Pendleton, L.H. Pendleton, as Plaintiffs, and

Clarence Pendergast, and if dead, his unknown heirs, Betty Lou Smith, and if she be dead, her unknown heirs, and Ray Suydam, as Defendants.

The nature of said suit being substantially as follows, to wit:

Plaintiffs sue for partition of the hereinafter described land and allege that said land is not susceptible of partition in kind and pray for appointment of Receiver and that said land be sold at private sale for cash and after payment of costs and charges that the proceeds of said sale be paid over to the owners

of said land in accordance with their respective interests therein, said land described as follows:

106-42-100 acres of land out of Lots 1, 10 and 12, in League 4, out of the Hunt County School Land in Cooke County, Texas;

BEGINNING 712-1/2 varas North of the most Southern Southeast corner of the said League Survey, a stake in the east boundary line of said Block 1 in said League;

THENCE North 1246 1/2 varas, a stake in the east boundary line of Block 12 of said League;

THENCE West 475 varas;

THENCE South 1246 1/2 varas.

THENCE East 475 varas to the beginning;

and being the same land conveyed by B.P. Gavey and wife, Tina Garvey to A.J. Pendleton and wife, Sarah Pendleton, or record in Vol. 68, page 350 or the Deed Records of Cooke County, Texas.

Plaintiffs allege that the defendant Clarence Pendergast, or if he be dead, his Unknown Heirs, own an undivided 19-180ths interest in the land above described, and that the defendant Betty Lou Smith, or if she be dead, her Unknown Heirs, own an undivided 19-720ths interest in said land, and defendant Ray Suydam owns an undivided 19-180ths interest in said land.

Issued this the 7th day of July, A.D., 1947.

Given under my hand and seal of said Court, at office in Gainesville, Texas this the 7th day of July, A.D., 1947.

(SEAL) Martin G. Davis, Clerk District Court, Cooke County, Texas (34-5-6-7)

## Local NEWS Briefs

Mr. and Mrs. R.L. McNelley were Dallas visitors Monday.

Richard Cain made a business trip to Fort Worth Monday.

Ben Luke has a new maroon Hudson sedan since Saturday.

John Bayer left Sunday to spend a month with relatives in Carroll, Iowa.

Tony Trubebach Jr. and Dr. T.S. Myrick were first and second in tie down roping at the Forestburg rodeo Saturday night.

Guests of Mr. and Mrs. Cecil Cain Friday were Mr. and Mrs. Marvin Patterson and children of Wichita Falls, and Mr. and Mrs. R. Welch of Gainesville.

Mr. and Mrs. August Friske spent Sunday in Gainesville with their son, Arnold Friske and family, who drove them back to Muenster Sunday night.

Miss Marian Gremminger left Saturday to take a beauty culture course in Dallas. She is the daughter of Mr. and Mrs. Tony Gremminger.

Little LaQuita and Rita Cain are in Amarillo for a vacation visit with their grandparents, Mr. and Mrs. J.S. Hogan and other relatives.

Guests of Mr. and Mrs. Richard Cain Sunday were his brother and sister-in-law, Mr. and Mrs. S.W. Cain of Dallas.

W.P. Bratcher was back at J & L Supply company Monday after his annual two weeks' vacation, most of which was spent with friends in Dallas.

Mrs. John Furbach, accompanied by Mrs. Joe Lehnertz, drove to Wichita Falls Sunday afternoon to meet Mr. Furbach at the airport. He returned home after a visit in Amarillo.

Miss Florence and Joe Moster, Charlotte Hoedebeck and Miss Lorene Derischweiler accompanied Norbert Hoedebeck and Eugene Schmitz to Wichita Falls Sunday to see the Muenster-Wichita Falls ball game.

Misses Lillian and Anselma Knabe left Monday morning to spend a two weeks' vacation in Hereford with their brother, Adolph Knabe and wife, and their uncle and aunt, Mr. and Mrs. Frank Knabe.

Mrs. Walter Richter spent from Thursday to Sunday in Fort Worth with Sgt. and Mrs. Jack Needham. While she was there, little Billy Frank Richter was the guest of his grandparents, Mr. and Mrs. Frank Needham at Myra.

Mr. and Mrs. Cecil Cain announce the birth of a 6½ pound daughter, Cynthia Ann, at the local clinic Saturday morning. Mrs. Cain is the former Miss Ida Belle Travis and the infant is the first grandchild of Mr. and Mrs. J.A. Travis. Mrs. Maggie Cain of

Myra is the paternal grandmother.

Mr. and Mrs. Richard Yosten spent last Thursday in Hendrix, Okla., with her parents and were accompanied home by her brother, Ralph White, Hendrix, and her sister, Mrs. Roscoe Condor and son, Roy Joe, of Utica, Okla., who visited with them and with Mr. and Mrs. James Hott until Monday.

The home of Mr. and Mrs. J.B. Wilde was the scene of twelve o'clock dinner Saturday honoring Mr. and Mrs. J.B. Wilde on their 26th wedding anniversary and Mr. and Mrs. Ray Wilde on their first anniversary. Immediate member of the family and Mr. and Mrs. John Eberhart were guests.

Scouts of Air Squadron 164 enjoyed an outing and swimming party at Sherman Sunday afternoon. Scouts and their guests attending were Paul and Michael Luke, Bernard Luke, Leonard Walterscheid, Kenneth Wiesman, Floyd Lehnertz, Buddy and Steve Markham, Charles Pagel, Bill Hoehn, Herbert and Jerome Fette and Misses Lillian Knabe and Florene Arendt.

Henry Fleitman returned last Tuesday from a three-week visit in Colorado with cousins and with friends. He was in Denver, Akron, Fleming and Rockford. Around Akron, he said he saw exceptionally good wheat crops. Combines were just beginning to run and the yield in that area varied from 25 to 40 bushels per acre.

Misses Ruth Fisher, Betty Lue Buckley and Betty Jean Fleitman and Gerald Bayer and Norbert Magas returned Sunday from San Antonio where they spent a week attending the Summer School of Catholic Action. Mr. and Mrs. E.P. Buckley drove to Denton to meet the girls Sunday afternoon. They made the trip by train. The boys came in Sunday morning by bus.

Mrs. Frank Seyler returned last Thursday from a week's visit in Fort Worth with her daughter, Mrs. Elwyn Hope and family.

Arnold Knabe, Thomas Felderhoff, Donald Endres and Misses Coralee and Rosalee Fuhrmann and Regina Henscheld were Sherman visitors Sunday afternoon.

Mr. and Mrs. S. L. Duffey and children of Fort Worth were weekend guests of her parents, Mr. and Mrs. Reeve Cooke.

**DORIS LEE HORN HAS PARTY ON 7TH BIRTHDAY**  
 Doris Lee Horn was honored with a birthday party Sunday afternoon when her mother, Mrs. Jake Horn Jr., entertained in the family home. She was 7 years old. The presentation of gifts to the honoree was followed by games, and group pictures were made, after which birthday cake and other refreshments were served. Favors were miniature flower baskets filled with candy. Personnel included Charlene Hellman, Theresa Schad, Gene Wieler, Vivian Swirczynski, Patsy Horn, Mary Catherine Walterscheid, Mary Ann Eckert, LuRena Wolf, Ann Luke, Shirley Hoedebecke, the honoree and her sisters, Florene and Shirley Horn.

**MEETING AND SOCIAL HELD AT WALTERSCHEID HOME**  
 Members of Alphonse Walterscheid's threshing ring gathered at the Walterscheid home last Wednesday night for their annual end of the season business meeting, followed by a social for which they were joined by their wives. Refreshments were served by Mrs. Walterscheid. Personnel included Messrs. and Meses. J. J. Haverkamp, Joe Wimmer, Adolph Walterscheid, Joe Vogel, Andrew and Martin Hacker, Herman Luttmer, Joe Hoenig, John Streng and John Walterscheid and Joe Luttmer, Leroy Sickling, Andy Walterscheid and the hosts.

**17 YEAR LOCUSTS ARE DUE FOR RETURN VISIT**  
 The 17-year locust is back again this summer and he thumbs his mandible at poison spray or dust. Hidden away in the ground since 1930, they have been living the life of Rip Van Winkle, sleeping and eating off tree roots. But the periodical cicada, as the biologists call it, does not harm wheat and other crops. The chief damage locusts do is to people's nerves but why people would begrudge a little bug the only 30 days adult life he has is unexplained. Besides, they don't do any damage at all in their seventeenth year. They come out of the ground after sixteen years as nymphs, find a suitable mate, lay their eggs and die. Hardly seems worth growing up for that. Six or seven weeks after the females lay their eggs in ridges of tree limbs, the eggs hatch without even the proud mama there to say they have papa's nose and grandfather's eyes. Then the little nymphs, disappointed at the economic situation or maybe afraid of the atom bomb go underground for 13 to 17 years, depending on the type and cycle, they eat free off juicy roots without even fumbling for the tab. The 17-year locusts are not to be confused with the noisy little cicadas known as "dog-lay" locusts, which can be heard singing on a hot August afternoon.

**IT'S "PURE HOGWASH"**  
 Washington — Curtailment of government propaganda has been demanded by Rep. Forrest A. Harness of Indiana, chairman of a House expenditures subcommittee on publicity and propaganda in government agencies. Holding up a foot-high stack of government press releases which, he told colleagues, represented "one week's output to a single newspaper," the Congressman declared that most of it "is just pure hogwash," costing taxpayers \$75,000,000 a year.

**Helicopter Saves Cherries**  
 Postoffices are not the only places to benefit from the helicopter. The helicopter saved the ripening Santa Clara, Cal., cherry crop from damage in the wake of a heavy rain by flying over the orchards at tree top level. The down-draft of the helicopter blew the raindrops off the fruit which would have swollen and burst under the heavy sun.

**WHITE MAN CHEATS; GETS HIS RAIN FROM INDIAN RAIN CLOUDS**  
 Flagstaff, Ariz. — Hopi snake dancers were described Tuesday as incensed over the white man's invasion of their realm as rain-makers. Advised that rain was precipitated over Roosevelt Dam by dropping dry ice into a cloud from an airplane, Indians declared the rain clouds actually were produced during their Southwest pow-wow ceremonies July 4.

"We object to white men spilling water out of our clouds that happened to drift south," a spokesman said. "If white men want water, let them do their own dancing and make their own clouds."  
 Customer — "So now you and your son are carrying on the business together?"  
 Contractor — "Not exactly. I run the business and my son does the carrying on."

**Eliminate the Positive**  
 There was a knock at the kitchen door. When Mrs. Smith opened the door, there stood a lanky youth, black as the ace of spades.  
 "Good maw'nin', ma'am," he said. "I is lookin' fo' somebody dat wants somebody to do sump'in. You all doan know nobody to do nothin' does yo'?"

He — "What is home without a mother?"  
 She — "I am — tonight."

**Do you want profitable grazing this fall?** Small grain pastures pay out big.

**But you have to start NOW!**

There are the experiences of thousands of dairy farmers to prove how right this recommendation is. And there are profit figures, too. For instance:

In Vernon County, Missouri, a carefully checked pasture of Balbo rye furnished lush grazing virtually all last winter, produced \$200 more milk in 10 weeks than was produced in the same 10 weeks the previous year on dry feed, and saved an estimated additional \$150 in grain and hay supplement!

**FALL, WINTER, EARLY SPRING PASTURES!**

Sow small grains for fall, winter and early spring pastures and you are bound to come out ahead. Here's why it pays out so big:

Seed in August, or up to the middle of September, and you'll have several weeks of green pasture this fall when your permanent pastures are through. A mild, open winter may give you more weeks of pasture, cutting down still further the drain on stored roughages, grains and concentrates. Then, next spring, your cows can graze on the small grains before your permanent pastures have come to life.

In the spring, too, if your native pastures are good or your growth of small grains is so fast that your cows can't keep it down; you can let the grain head out for threshing. In any event, you'll

have got the benefit of the small grain pasture and have a green manure crop to plow under and boost the fertility of your soil.

**HERE ARE THE STEPS TO TAKE**

Figure on about an acre of small grains pasture for each cow.

Learn from your county agent or your dairy plant fieldman what small grains are best for your locality. It may be Balbo rye, barley, wheat or winter oats or two or three of these. He'll know.

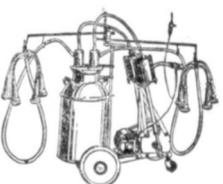

Have the soil tested and use the amounts and kinds of fertilizers that are needed. Then seed heavily—half again as much or even twice the normal seeding rate.

Get busy now. Get the seed in as early as advisable in your territory. Early planting and cross drilling of the heavier seeding rate will give you a sod that stands up under heavy grazing in the wet weather that may come in the late fall or early spring.

Planting in the dust of summer may not seem smart but you'll find that these small grains in fertilized soil spring up, amazingly with the first late summer rain. They suddenly turn dust into pastures of rich, green feed.

And better pastures more weeks of the year mean more milk produced more economically. That, of course, is the way to success and satisfaction in dairy farming; it always has been and always will be.

**DIABETES CONTINUES HEAVY TOLL IN SPITE OF MEDICAL PROGRESS**

Austin, — Despite the fact that modern medicine can do much to help the diabetic live out a normal life span, nevertheless diabetes took a toll of several hundred lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While deaths from the communicable diseases such as typhoid fever, malaria, diphtheria and smallpox are annually decreasing in this country, diabetes is still taking a tragic number of human lives each year, especially in the middle aged group," Dr. Cox said.

Until recent years diabetes was not noted as a major health problem, but it became accepted as such in direct ratio to the development of medical laboratory procedures, which made the disease more easily diagnosed.

Dr. Cox said that diabetes is generally recognized as a class disease. It seems to attack the white collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economic conditions apparently are factors, since it seems a fact that those persons whose occupations call for manual labor and simple living are not frequently affected.

Dr. Cox stated that simple, wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes, and an annual physical examination, especially in middle aged persons, is important so that if the disease is present, competent treatment can be instituted while the disease is in its early stage.

**The Beauties of Nature**

An artist painting in the country had a farmer spectator.

"Ah," said the artist, "perhaps you, too, are a lover of the beauties of nature. Have you seen the golden fingers of dawn spreading across the eastern sky, the red-stained, sulphurous islets floating in the west, the ragged clouds at midnight, blotting out the shuddering moon?"

"Nope," said the farmer, "not lately. I've been on the wagon for over a year."

**TO HELP WOMEN** mill-workers with their housework, a carpet mill in Amsterdam, N.Y., has installed a laundry service in its plant. The women's washing is done while they work at their mill jobs.

Agriculture, with more workers than any other industry, had a death rate last year of 54 per 100,000 workers, compared to the all-industry rate of only 31.

**Tucker '48 Newest Entry in Auto Field**

CHICAGO—Preston T. Tucker, six-foot president of Tucker Corporation, stands beside the most modern automobile yet produced, the new Tucker '48, which is only 60 inches from ground to top. With a powerful 150-horsepower engine mounted directly between the rear wheels, the Tucker '48 combines many engineering advances which Tucker says are not found in any other automobile on the market today. Since the new Tucker '48 was shown to dealers and distributors, thousands of persons have sought to place orders for early delivery of the car. Quantity production is expected later this year.

hunting-trip trains. "Sportsmen" shot buffalo from windows and hunters slaughtered them ruthlessly.

Sometimes the animals appeared to stretch to the horizon, packed so closely together that the track could not be cleared. In 1873, the Santa Fe shipped more than 250,000 hides. The bones were collected for fertilizer. One hundred skeletons made a ton of bones and sold for \$8; more than \$2,500,000 worth were shipped east before the trade came to an end. — excerpt from the book "Santa Fe Trail."

Several thousand visitors to the annual Safety Convention and Exposition were tested by the Drive-o-meter and it was found that men averaged a quicker response to danger than women did.

Anna Mae Dankesreiter at Muenster.

Mr. and Mrs. Anthony Laux spent Sunday in Muenster with her father, Henry Fleitman, who returned Thursday from a visit in Colorado.

Pvt. Walter Schmitz has completed basic army training at San Antonio and is now stationed in Denver, Colo. He is the son of Mr. and Mrs. Joe Schmitz.

Mr. and Mrs. Dan Tubb of Oklahoma City arrived Saturday for a week's vacation visit with her mother, Mrs. Henry Gieb and other relatives, Mrs. Tubb is the former Miss Lonja Gieb.

Herbert Hundt left Wednesday for North Dakota to harvest his 700 acre flax crop. His wife and children will leave the latter part of the week to join him. They expect to be away about a month.

Members of the Gun Club enjoyed their monthly social in the community hall Sunday evening. The party was marked by a large attendance and refreshments were served after the group enjoyed games and music.

Mr. and Mrs. Jake Horn Jr. and daughters were Sunday dinner guests of Mr. and Mrs. Phillip Metzler. Little Anna Belle and Virginia Metzler accompanied them home and remained in Muenster until their parents went for them Monday evening.

Misses Ann, Emilia, and Rita Hermes, Marie and Florence Zimmerer, Gertrude Bengfort, Mary Louise Bezner, Betty Lou Bezner, Lucille Fuhrmann and Mildred Fleitman, and Miss Gertrude Rauschuber of Valley View have returned home after visiting relatives in San Antonio and attending the Summer School of Catholic Action.

Mr. and Mrs. Francis A. Wiese Jr. announce the birth of a 7½ pound son, Harold Francis, born Tuesday July 29, at M & S Hospital in Gainesville. The baby's mother is the former Miss Clara Mae Mosman and the grandparents are Mr. and Mrs. F.A. Wiese and Mrs. Clara Mosman. The great-grandparents are Mrs. Anna Wiese and Mr. and Mrs. Fred Mosman.

Mr. and Mrs. F.A. Benenate and son have returned to their home in Detroit, Mich., after a visit with her mother, Mrs. Joe Bezner and family. Mrs. Benenate and son had been here since May and Mr. Benenate came for them last week. He was accompanied by his brother, Leo. Joined by Mrs. Joe Bezner the group spent several days in San Antonio with relatives and were back here for the weekend. They left for their home in Detroit Sunday.

**SURPRISE SHOWER HONORS MRS. RAY WILDE THURSDAY**

Mrs. Ray Wilde of Muenster was honored with a surprise pink and blue shower Thursday afternoon when relatives and friends gathered at the home of her mother, Mrs. John Bezner in Lindsay. Mrs. Martin Theimer of Gainesville was hostess for the event.

Upon arrival at the party scene Mrs. Wilde was presented with a corsage of pink and blue carnations by her hostess. During the afternoon paper and pencil games and contests were enjoyed. The party rooms were decorated with roses and fern.

Presentation of the many lovely gifts was made by Mr. Theimer who had them arranged in a large pink and blue umbrella.

Attractive refreshment plates were served to the honoree and Mmes. J.B. Wilde, John Schmitz, Jake Horn Jr., Anthony Klement, Eugene Schmitz, Herbert Bezner, Bomar Woods, Phillip Metzler, Henry Fuhrman, Jake Bezner, Val Dieter, Bernard Wolf, Pat Schmitz, Fred Luebbert, Frank Loerwald, Wally Tate, Joe Bezner Jr., Bruno Zimmerer, Lena Schmitt, and Misses Gladys and Laurie Wilde and Theresa Loerwald. Mrs. John Eberhart and Mrs. Ray Bezner sent gifts.
