VOL. NO. 48 BROWNWOOD, TEXAS, THURSDAY, FEBRUARY 14, 1929 NUMBER 7

## MAN KILLED IN TRUCK AND TRAIN COLLISION 16 PEOPLE CAUGHT IN FEDERAL PRO NET

### LIQUOR RAIDS MADE BY SQUAD HERE THURSDAY

Federal prohibition officers, headed by George A. Hammonds, deputy prohibition administrator with headquarters in Fort Worth and W. L. (Bill) Zent, federal agent in charge of the San Angelo office, accompanied by State Ranger D. O. Smith of Abilene, Sheriff Frank Mills and deputy of Coleman and Sheriff M. H. Demman of Brownwood swooped down on several places in Brownwood at about 4 o'clock yesterday afternoon, and before the day's work was done a total of 16 men and women, both white and black, were lodged in the Brown county jail. In addition to the 16 arrests made, the raiders gathered in about 90 gallons of corn whiskey and several hundred bottles of beer, as well as several ounces of morphine.

Those arrested were: Evelyn Cox, Andy Page, Ausy Woolridge, Mrs. M. V. Drew, Otto Stone, Roy Adkins, Mrs. Roy Adkins, W. T. McKinney, Myrtle Smith, Ruth King, P. S. Smith, P. L. Williams, C. K. Williams, R. P. Maulsby, and two Negro porters.

These were to be taken to San Angelo Friday where charges of liquor law violations will be filed against them before the federal prohibition commissioner. Fifteen of the number will be charged with sale and possession of intoxicating liquor and one, W. T. McKinney, manager of the Texas Hotel, will be charged with a violation of the federal narcotic laws, due to the fact that the raiding officers found several ounces of morphine in his possession, the officers stated.

**Free-For-All Scrap**  
P. S. Smith, Myrtle Smith and Ruth King will be charged with destroying federal evidence and resisting federal officers in addition to charges of liquor law violation. It was stated. These three were arrested at 1101 Beale's Plain Avenue where a free-for-all fight took place immediately upon the entry of the officers. Occupants of the house began smashing and emptying corn liquor breaking jars over the furniture and otherwise tearing up things in general. The two women arrested, as well as Smith, put up a stubborn fight before being arrested and lodged in the county jail.

**Hotel Raided**  
Brownwood was all astir when it became known that the raiding party had swooped down on the Texas Hotel on Baker Street, in the heart of the business district. As the officers began loading prisoners taken from the hotel, rumors became rampant. The raiders obtained a large quantity of liquor in their raid on the hotel. Mr. McKinney, manager of the hotel, two Negro porters and others were taken into custody at the hotel.

Mr. P. Maulsby was arrested at 401 West Hayes Street.

Bill Zent, federal agent of San Angelo, stated Thursday night that his men had been working in Brownwood for several weeks and had everything mapped out for Thursday night. Purchases had been made from almost every person arrested by advance men, the officers stated. Other warrants are to be served here, it is said.

### BROWNWOOD GIRL IS REPRESENTATIVE OF RESEARCH COUNCIL

Miss Lucy Perry Knox, daughter of Mr. and Mrs. Harry Knox of Brownwood, and a graduate of Daniel Baker College, has received many honors since leaving Brownwood.

Miss Knox, last year, received her M. A. degree from Columbia University, mastering on Anthropology, and is now working on her Ph. D. degree. She is now in Honolulu, a secretary for J. Merie Davis, head of International Pacific Relation Research Work. There are eight stations throughout the East in this work, with representatives which assemble each summer at some stated point for a discussion of the work and send reports to all governments. This summer the assembling point will be in Tokyo, Japan and Miss Knox will attend this meeting. She has received enviable recognition in her chosen work since leaving Columbia University.

Miss Knox, upon completing her course in Daniel Baker College with an excellent record, attended the University of Mexico and later taught in Mexico City. She later became interested in anthropology when she was secretary in the Educational Department for Gamio, a noted anthropologist. Miss Knox has accepted her present position for two years.

### JUNIOR BAND OF SANTA ANNA PUBLIC SCHOOL

This band was organized by Mrs. J. R. Lock, Santa Anna, in the "A" section of the Third Grade, which she teaches. The band has played at football games, staged a street parade and played on other public occasions. The money for the instruments was obtained by popular subscription, and each child bought this suit.—Courtesy The Texas Outlook.

### CALLS ROBISON PERFECT MODEL STATE SERVANT

AUSTIN, Feb. 14.—(P)—One of the "curse" of Texas is the misery salaries paid state officers and inadequacy of remuneration, is a constant temptation to break down the integrity of honest men," Gen. Jacob F. Wolters said today in testifying before the committee investigating the land office.

He said he regarded J. T. Robison, Land Commissioner, "as a model of a perfect public servant."

**Saw Nothing Wrong**  
Asked by E. F. Smith, attorney for Robison, if he saw anything wrong in Robison's acceptance of a gift of \$2,250 from friends in West Texas to pay off a mortgage of his farm, the money having been raised without Robison's knowledge and turned over to the chief clerk of the land office to pay off the debt "as a surprise" Mr. Robison, General Wolters replied that he did not.

Explaining the transaction whereby land owners were assessed one cent an acre to pay expenses of repossessing public lands, Robison's drawing checks on the fund to refund the contributors, after costs of the revaluation had been paid, for their prorata of the unused balance, and some of the payees endorsing and returning the checks to Robison, Smith asked if he "saw anything wrong with that."

"I do not see any moral iniquity in the transaction, but under my code I believe, as a public official, I would have returned the checks," General Wolters replied.

As attorney for the Texas Company, General Wolters called on Commissioner Robison last December and asked him to postpone sale of leases on 103,000 acres of land, advertised for sale in January, he testified.

"I found him perfectly willing to postpone the sale if under the law he could do so," he said. "He explained to me he had received a specific request for one tract, and he would place it on the market unless the Legislature met and repealed the law or he was stopped by injunction."

### GOLTHWAINTE BOY SHOTS SELF IN LEG ACCIDENTALLY

C. L. Featherston, sixteen year old son of Mr. and Mrs. A. K. Featherston of Goldthwaite, shot himself accidentally with a .32 caliber automatic pistol in the right leg Tuesday night and was brought to the Central Texas Hospital for treatment.

The accident occurred at the home of an uncle of young Featherston fifteen miles east of Goldthwaite in a car by his uncle and father.

Doctors probed the wound and located the bullet just under the skin. It had gone completely through the bone of the right leg just below the knee, but did not shatter the bone.

### RICHARDS GETS SENTENCE OF THREE YEARS

DALLAS, Tex., Feb. 11 (Sp).—"Guiltily," with punishment fixed at three years' imprisonment, was the verdict returned Saturday night in Judge Grover Adams' court by the jury in the case of Ben C. Richards Jr., charged with forgery.

"I know I am not guilty, as does God in heaven," said Richards after he was taken to the office of the county jail shortly after the verdict was returned. "My life has been an open book and not one black mark has there been prior to this frame-up."

After deliberating more than five hours, the jury returned its verdict at about 10:15 p. m. Saturday.

**Vote 11 to 1 Often**  
One member of the jury said the vote was one for acquittal and eleven for conviction all the time, but dispute later developed, claim being made that the first ballots were more favorable to the defendant.

About two hours before the verdict was returned the jury asked by note to Judge Adams that documents introduced in evidence at the trial be sent to the jury room. Judge Adams collected the documents and sent them to the jury by Bailiff J. J. McAlpin, over objection of Defense Counsel John Tipps. A large crowd was waiting in the courtroom when members of the jury filed down with the verdict.

"Let there be no demonstration of any sort when the verdict is read," warned Judge Adams. He then read the verdict, and a tense atmosphere pervaded the courtroom. Richards apparently unruffled, leaned over and said something to a woman relative sitting near him.

"I ask that the jury be polled," said Tipps, and Judge Adams asked each of the jurors "is this your verdict?" They said it was.

"Mr. Sheriff, take charge of the prisoner," ordered Judge Adams, and Richards was taken from the courtroom.

**Will Ask New Trial**  
Tipps said a motion for a new trial will be filed Monday. He explained that Richards can not make bond until this motion has been acted upon.

"He will never serve a day in the penitentiary," declared Tipps while he and Richards were in the jail office.

The defense has two days in which to file a formal motion for a new trial and then as much time as the Judge allows for filing an amended motion. If the motion for a new trial is overruled, the defense will appeal to the Court of Criminal Appeals, Tipps said.

"Three years—that's not so much," said some one in the jail office.

"It's much for an innocent man," declared Richards. "Is this my guilt?"

"I don't any more believe he is guilty of the charges presented than I do that my best friend is, and I think the Court of Criminal Appeals of Texas will bear me out in this belief," said Tipps. "I do believe sincerely that the venue should have been changed and this case should have been tried in some other county where public sentiment was not against Richards," said Tipps.

**City's Earliest Names**  
The earliest name of Bethlehem was Ephrath or Ephratah.

### HAYES HOTEL IS PURCHASED BY H. P. EVANS

Plans are being made for the construction of a five story, 170 room hotel here, following the purchase by H. P. Evans of the Hayes Hotel and adjoining property, \$72,000 being the figure representing the various deals which were announced by Fred Hayes and Mr. Evans on Monday morning.

The Hayes Hotel, at present three stories and thirty-four guest rooms, is situated on a lot with a front of forty-two feet on West Baker Street and one hundred feet on Main Avenue. With this building is a lot on Baker Street of fifty-eight feet and one hundred feet deep, this being included in the purchase. East of this lot is one with a seventy foot frontage on Baker Street and with the same depth as the others, which Mr. Evans has purchased from the Brooke Smith Realty Company.

This will give Mr. Evans a frontage on Baker Street of 170 feet and 100 feet on Main Avenue. Practically all of this lot will be used for the proposed hotel, with the exception of a twenty-five foot strip on the east, allowing air and sunlight, it is stated.

For these plans, Mr. Evans has no definite drawings at present, but he states that he expects to build a semi-mission tile roofed structure in a "U" formation with a patio in the center, the present hotel forming one wing, the bottom section of the "U" across the back lot and another wing similar to the present building on the east. This would make the hotel face on Baker Street with a 145 foot front, the court opening on this street.

**Five Story Addition**  
His present plan is to build a five story addition along the back of the lot and when this is finished to raise the present structure two more floors and then when this is all completed to build the east wing. He estimated between 170 and 175 guest rooms when the entire structure is completed. Just how long it would take in building or how soon he would start, he did not say at this time. His plans include modern fireproof construction all around, steel and concrete to be used.

Mr. Evans has been in and around Brownwood since 1917 as an independent oil operator and has been here continuously for the past three years. He said that he is primarily an oil man, and brought this property and will build as an investment, believing in the future of the city. He named C. W. Arnold of Houston, formerly of Brownwood, as the manager. All papers will be completed, said Andrews, Dallas, Ford Ward, Groves, Indian Creek, J. R. Looney, May (High and Grammar), McDaniel, Thrifty, Turkey Peak, Williams, Weedon, Winchell, Woodland Heights and Zephyr High School.

### COMMISSIONERS MEET MONDAY WITH MUCH WORK TO BE DONE

The Commissioners Court of Brown County will probably meet weekly hereafter, the commissioners at a meeting held Monday deciding that with the press of road work, this change from the first and third Mondays to be more in line with the work to be done. Business before the members Monday was not finished and they adjourned to meet again Thursday morning.

James L. Sandlin of Brownwood and E. B. Campbell of Cross Cut were deputized in the sheriff's department and their deputations were approved by the commissioners. Mr. Sandlin was made a special deputy and will remain with the Santa Fe railroad.

Land of the Indian Creek county line consolidated school district, also the grounds of the former Oakland school district; and the two story addition to the Risler school were ordered sold by the commissioners.

A road about three miles long reaching from the old Brownwood-Rising Star road, one half mile south of the Bethel church, was declared a public road of thirty-five feet width, and will be called the H. P. Taylor public road. Land for the road is donated by property owners along the route.

### TRUCK DRIVEN BY JOE BEALL RUNS INTO CARS

Joe Beall, 27, of Coleman, was instantly killed when the truck which he was driving ran into the middle of a speeding passenger train at a Santa Fe crossing, three miles west of Brownwood, at 7:40 a. m., Tuesday.

Train No. 76 bound toward Brownwood was traveling a course parallel to the road along which, in the same direction Beall was driving a two and a half ton truck for the Johnson Storage & Distributing Company. He was enclosed in a tight cab, which seemingly excluded the sound of the approaching train which gained on him as he made the turn to cross the tracks.

The truck hit the second coach of a three car train, the impact turning the truck over and tearing it apart, throwing Beall out and against the cattle guards, according to reports obtained of the tragedy.

The body was brought into Brownwood by the crew of the train and the Austin-Morris undertakers took charge. Beall is survived by his wife.

The body was later removed to Coleman where funeral services were held.

### ACCOMPLISHMENTS AND AIMS OF C. OF C. TO BE TOLD BY R. L. MCGAUGH

The accomplishments of the Brownwood Chamber of Commerce during the past year and its aims and purposes for the year 1929 will be brought out in an address to be delivered by R. L. McGaugh, chosen as the man to give the keynote speech at the annual Chamber of Commerce banquet at Memorial Hall Tuesday night.

Mr. McGaugh was named as the speaker by President C. Y. Early and Secretary Hilton Burks of the program committee.

Music for the occasion is being planned by W. D. Armstrong and Mr. Burks and announcement of the organization to entertain during the meal will be made soon.

Mr. Armstrong, in charge of the sale of tickets for the event, said that all business houses will have representatives present at the banquet, which will be held between 400 and 500 tickets are now out. Others had best make their reservations early, he said.

### SENATE IS NOT TO INTERFERE IN SHIP SALE

WASHINGTON, Feb. 14.—(P)—The Shipping Board today formally approved the sale of the United States lines and the attached eleven ships, to J. W. Chapman, Inc., for \$16,300,000.

The transaction was concluded after the Senate Commerce Committee decided not to interfere with the sale.

The sale involves the most important group of ships ever controlled by the Shipping Board, the United States Lines included the famous Leviathan, the world's largest steamship, in addition to the George Washington, Republic, America, President Harding, and President Roosevelt. The Merchant Line is made up of the American Farmer, American Banker, American Shipper, American Merchant and American Trader, all passenger-cargo vessels.

The Chapman firm, under the terms of the sale, agrees to operate the ships for at least ten years and to construct new supplemental tonnage.

WASHINGTON, Feb. 14.—(P)—The Senate Commerce Committee today voted not to interfere with the proposed sale by the Shipping Board of the Atlantic fleet of government vessels to Paul W. Chapman, Inc. of New York.

The decision leaves the Shipping Board free to act and it has informed the committee that six of the seven board members favor the sale to Chapman for \$16,300,000.

Chapman's bid was for the eleven ships of the United States and American Merchant Lines, including the giant liner Leviathan.

Chapman proposes to build immediately two ships of the size of the Leviathan and to construct seven vessels over a period of ten years. The bidder would pay immediately 25 per cent of the price for the government ships and he guarantees to continue the fleet under the American flag for ten years.

With this sale the government will have disposed of the prize ships of its wartime fleet.

### ALL MEAT IN A SMOKE HOUSE STOLEN TUESDAY

Hams and middlings and in fact all of the meat hung up in a meat house belonging to F. W. W. Owens, eight miles from Brownwood on the Bangs road, were not where he had left them last night when he went into the meat house Wednesday morning to get a supply for breakfast. Owens made a complaint to the sheriff's office regarding the theft.

## BROWNWOOD BEAUTY SHOP

## Goldthwaite

Last week the Eagle Publishing Company sold an interest to Mr. R. M. Thompson of this city. Mr. Thompson was editor and owner of the paper for twenty five years and is personally known by many of the readers of the Eagle. Mr. Thompson took charge of the business this week. The former owners will still hold interest in the company but Mr. Thompson will be editor and business manager.

A. M. Curry of Snyder and Martin Wilson of Sweetwater bought a car load of goats from tax assessor E. A. Tyson a few days ago.

Mrs. C. L. Featherston visited her daughter in Lometa last week.

T. M. Curry of Blanket visited friends here last week.

Herman Rudd has accepted a position with Parker Motor Co., of Memphis, Texas, and left for that place last week.

Mrs. Ed Hamilton has returned from San Antonio where she spent some time attending a beauty culture school.

Last Friday morning the top of P. G. Palmer's residence caught fire from the flue. The fire was discovered so soon no damage was done.

County Judge L. E. Patterson came home from Temple Sunday. He is not improving as fast as was hoped he would. However he is taking his place in court this week.

The people of this community were sorry indeed to have the broadcasting station moved from our town, but we congratulate Mr. Wilson on the good reports we hear and the fine programs they are sending out over KGKB. We predict for them a great future in the work.

Mrs. Fritz Dinkloger is home from San Antonio where she has spent some time in a sanitarium.

Work is progressing nicely on the repairing of the building where Bills Cafe was burned a short time ago. W. A. Richards owner of the cafe will continue his business at the same place as soon as the building is completed.

Mr. P. G. Palmer is still improving some from his recent sick spell. His many friends are hoping he will be able to come to town as soon as the weather gets good.

Mrs. Fuller is still confined to her room and most of the time to her bed. Her friends are hoping for a speedy recovery.

Mrs. J. E. Brooking was sick the first of the week but we are glad to report her much better.

# ARMY FLIERS TO ALTITUDE 39,000 FEET

DAYTON, Ohio, Feb. 13.—(P)—Two army fliers in an old army plane reached an unofficial altitude of 39,000 feet from Wright field yesterday, and brought down with them an account of a condition above the clouds which meteorologists long have suspected but never have been able to prove.

The fliers, Lieut. Johnson and Captain A. W. Stevens, pilot and photographer, were forced down by depleted fuel at Norton Field, Columbus, Ohio.

The instruments attached to the plane, used in many tests and altitude flights, indicated they had reached an altitude out-reaching the record of 38,420.5 feet held by Lieut. C. C. Champlin, of the United States navy. No record was claimed because rules of the Federation Aeronautique International prescribe that the plane must land at the field from which it left the earth.

The two pilots blamed their failure to establish a record for a two-man plane on another phenomenon of the air: excessive visibility.

"The ordinary horizon line when flying is between seven and eight thousand feet," they explained. "After we got above the clouds of ice we couldn't see the ground and the horizon line above must have been at least 50,000 feet—and we didn't know where we were."

## BOY SCOUTS FIND SOME INTERESTING FACTS OF LAW VIOLATIONS HERE

There are many people yet in Brownwood violating traffic laws according to a report made by a group of Boy Scouts who were mobilized last Saturday and made checks on traffic at six downtown intersections.

A report of the findings of the group of boys working on traffic violations said that in two hours 119 cars ran past red lights, 209 cars started across the intersections on yellow lights; 102 pedestrians walked across streets against red lights and 147 against yellow lights.

Another group was set to work checking vehicles with wrong license plates. Twenty boys found from seven to twelve violations each in a two hour period. These violations included using 1928 and even 1927 plates, and cars having but one plate.

Other groups of scouts were sent out to the various theaters of the city to check fire hazards, and others to check the buildings in town without proper fire escapes. These two groups have not as yet made written reports but H. V. Henken, city manager, who brought these reports to the attention of the city council Monday night, said that when disclosed, will bring out some interesting points.

The mobilization was a part of the anniversary ceremonies of the Boy Scout movement, and each of the hundred or more boys who participated, were given credit for a good turn during the day.

The council unanimously accepted the reports and commended the boys on their work.

**LOCAL MEN WILL SPEAK AT PECAN CONVENTION AT JUNCTION NEXT WEEK**

A tentative program has been arranged for a meeting of the West Texas Pecan Association to be held at Junction Saturday, February 23rd. With talks on the industry in the morning, the afternoon will be devoted to demonstrations in adjacent orchards of pruning and top working trees.  
 A committee composed of J. T. Stovall, vocational agriculture teacher of Brown county and secretary-treasurer of the association, A. J. Bierschwald of Junction, and Dr. J. F. Burt of Junction, president of the association, drew up plans for the convention and have been busy making arrangements for prominent men in the pecan line to speak. A group of men interested in pecans in Brownwood are scheduled to go to this meeting and will spend the day in Junction.  
 The program as outlined follows:  
 "How Bankers Can Aid Pecan Growers," W. C. Herpel, a banker of San Antonio; "Co-operative Marketing of Pecans," by an expert on this subject from A. & M. College;

"Advertising Food Value and Medicinal Value of Pecans," Dr. Burt; an address by J. F. Willman of Austin, pecan specialist of the State Department of Agriculture; "Need of a Strong West Texas Pecan Association," Secretary Stovall; "Plea for a Local Membership," C. W. Atchison of Kimble county, regional vice-president of the association; "Marketing Problems," H. G. Lucas of Brownwood, director of the association; a general discussion of local pecan shelleries, led by Joe Oliver; announcement by a Mr. Prince of Junction of the winner of the \$10 award given by Brooke Ramey for the best pecan recipe, and in the afternoon demonstrations of pruning and top working.

**OIL MEN FORM A PERMANENT ORGANIZATION**

Permanent organization of an oil men's club was effected at a meeting held in the county court room on Monday night and the money raised for equipping a room for the organization. H. P. Evans was elected president, K. J. Michel, vice-president, W. Z. Champion secretary and John Brock, treasurer.

The club will occupy the room in the Hayes Hotel building in which a barber shop is now located. The committee appointed at the previous meeting to investigate and report on the cost of obtaining suitable quarters, furnishings and other general necessary expenses and to make recommendations, stated that it considered the location named the best and most available that had been offered, stating that Mr. Hayes had agreed to cut the rent on the room from \$50 to \$25 a month, letting the oil men have it at the latter price. A motion was made that the offer be accepted and Mr. Hayes thanked. At this point H. P. Evans, who was presiding as temporary chairman, asked to make a statement. He said that he had bought the Hayes Hotel since the offer was made by Mr. Hayes to the committee, as the audience had learned through The Bulletin that afternoon. In brief, Mr. Evans said that the \$25 a month would amount to \$300 a year and that as the present owner of the hotel he believed it would be worth \$299 a year, and therefore if the room was desired as club headquarters the price would be \$1 a year. The room was engaged for one year on that basis.

**Many Memberships**  
 The committee submitted a list of furnishings for the club room, the total of which, with rent, lights, etc. would amount to about \$450. It was suggested that memberships at \$10 each be taken to cover this expense, the goal at the time being set at 50 memberships, or \$500. Forty-seven memberships were enrolled at once, placing the amount available at the time at \$470. The charter membership list open for fifteen days before finally closing the organization.

The committee formerly appointed on organization was continued, to collect the membership funds and make the purchase of the club room equipment. The committee consists of F. S. Preston, K. J. Michel, Tom Hodges, W. Z. Champion and Claud Sullivan.

A committee on constitution and by-laws was appointed, consisting of J. F. Al Schleuter, F. Lee Akers and R. B. Irwin.

The next meeting will be held on call of the chairman.

**Woodpeckers Make Trouble**  
 Linemen in California are worried over the activities of white-headed woodpeckers, who drill holes in the cedar poles carrying wires. Into these holes the birds insert acorns and other nuts. The nuts become the home of big grubs, some of these the woodpeckers eat and others decay with the nut, further exposing the wood to deterioration.

**DR. CAMERON RECOMMENDED FOR MINISTRY**

At the first session of the quarterly conference of the First Methodist Episcopal church, South, held Wednesday evening at the First Methodist church in this city, Rev. W. H. Coleman, D. D., presided.

The meeting was attended by the officials of the church, and by a number of other members. The routine business for the conference was promptly transacted, and the reports showed the church to be in good condition, and the pastor Rev. Joseph S. Cook to have done an efficient and harmonious work. A very pleasing and outstanding feature of the conference was the commendation of Dr. Cameron for the work of the ministry as expressed by the unanimous vote of the body on recommendation of the pastor, Rev. Joseph S. Cook. The work of the Christian ministry is regarded as a high and sacred calling, and to be unanimously endorsed for such a work by those among whom he has lived, and by those who know him most intimately is a compliment of highest character, according to a member of the local conference.

**Despised Class**  
 Then alien government of Palestine, whether of Rome or its deputy princes, the Herods, collected its taxes and customs through speculators who bought up the right of collecting the revenue (publicum) for their own advantage. While these men were often natives, they were classed by the Jews not only with the social outcasts, but also with the heathen, as if outside of Israel altogether.

# Morrow Announces Daughter's Troth to Colonel Lindbergh

It is doubtful if any wedding announcement has ever held the personal interest of the world at large as has the engagement of Colonel Charles A. Lindbergh to Miss Anne Spencer Morrow, daughter of Dwight W. Morrow, ambassador to Mexico, the news of which is contained in today's dispatches.

Col. Charles A. Lindbergh

## A LINDY INTERVIEW

NEW YORK, Feb. 13.—(P)—The New York American today printed the following telephone interview with Colonel Charles A. Lindbergh at Havana:

## Aerial Honeymoon Public's Guess

NEW YORK, Feb. 13.—(P)—Mr. and Mrs. Charles A. Lindbergh presumably will have an aerial honeymoon. Since his return from Paris the Colonel's only means of transportation has been by air, except

such automobile trips as have been necessary to get him to and from flying fields.

HAVANA, Feb. 13.—(P)—Curious-

years old, five feet, five inches tall, and has large brown eyes and dark brown, unbobbed hair. The colonel is 27 years old, more than six feet tall, and a blonde. Both are Presbyterians.

At Smith College, Northampton, Mass., from which she was graduated last year, Miss Morrow was one of the most popular girls of her class. Besides showing a decided aptitude for her studies, she was prominent in many social and extra curricular activities.

Wrote Class Songs  
She wrote the lyrics for a song for her class and a senior song as well. She was a member of the Manuscript club, the International Relations club and the Alpha fraternity, and was an usher at the junior prom. Her mother, Mrs. Elizabeth Cutter Morrow, is a trustee of the college.

Although known as a studious young woman, Anne is less so than her sister, Elizabeth, a few years her elder, who is a teacher at the exclusive Dwight school for girls at Los Angeles. Anne is said by friends to be fond of attractive clothes and to have a greater interest in people than books.

Runners that Colonel Lindbergh was interested in the Morrow girls persisted almost from the time he first met them year ago on his first good will flight to Mexico. But even members of the Morrow family professed not to know which of the girls it might be. Generally he was seen with them together, and both had made flights with him.

When Elizabeth returned from Europe last November where in Turkey she visited the colonel's mother, Mrs. Evangeline Lindbergh, rumor had it she was to be the bride. She declined, however, to discuss the matter, and the colonel when later questioned on the same subject likewise maintained his customary silence regarding all things other than aviation.

Mr. and Mrs. Lindbergh need not worry about the wolf at the door. The Lone Eagle hopped to fortune as well as fame when he made his flight to Paris, although he has declined many offers of a financial nature, and Mr. Morrow was a partner in J. P. Morgan and Co. before he became an ambassador.

Rev. W. H. Matthews, former president of the First Methodist church here, died Tuesday at Gatesville, according to information reaching Brownwood today. He was 64 years old, and serving as presiding elder of the Gatesville district at the time of his death. He was born at Crystal City, Ala., April 30, 1864, and came to Texas in 1882 and married Miss Anne Poole in 1892.

Besides his wife, there survives the following children: Mrs. Warren Ambrose of this city, W. H. Matthews, Jr. of Amarillo, Mrs. Ward Maxwell of Fort Worth, Mrs. Lester Boykin of Cleburne and Ben Matthews of Tehuacan, and two brothers and a sister, S. Y. Matthews of Dallas, Tom Matthews and Mrs. C. A. McClesky of Temple.

The body will be taken to Waco for burial and the funeral services held at St. John's Methodist church Thursday morning at 10 o'clock, conducted by the Rev. G. J. Bryant of Gatesville. E. B. Hawk of Fort Worth, E. W. Bridges of Waco and P. E. Riley, presiding elder of the Waco district.

The Rev. Mr. Matthews was the first commissioner of the Methodist Episcopal Hospital at Fort Worth for five years.

## WORLD DAY OF PRAYER WILL BE OBSERVED AT EPISCOPAL CHURCH HERE

Various churches of Brownwood will observe "World Day of Prayer," Friday, February 15th, according to Mrs. H. G. Lucas, who will be in charge of the services on that day. This year's services will be held at the St. John's Episcopal Church and will begin at 3 o'clock Friday afternoon.

"That They All May Be One," is the theme of this year's program, which is divided into three major parts: "One in Purpose," "One in Service" and "One in Consecration."

## EXPECT BRITISH PROPOSALS FOR DISARMAMENT

LONDON, Feb. 14.—(P)—It was learned in well informed quarters today that proposals for a new agreement on obtaining the disarmament problem may be made by the British government to the United States in the near future.

It is believed that responsible officials here are studying how the existing armament stalemate can be terminated and that after a lengthy process of consulting the dominions and obtaining their agreement, the proposal may be embodied in the answer of the British government to the recent Kellogg note.

It was in this note that the United States government stated it was unable to accept the proposals put forward in the Anglo-French naval accord but at the same time it would welcome any further suggestions thus leaving the door open for future negotiation.

## AIR EXPRESS PLACES ORDER

DETROIT, Feb. 14.—(P)—Erie P. Halliburton, president of the newly formed Southwestern Air Fast Express, placed with the Ford Motor Company yesterday an order for five all metal tri-motored Ford transports with which to establish an extensive air passenger service in the Southwest.

The express lines will link St. Louis and Kansas City with Tulsa, Oklahoma City, Dallas and Fort Worth by an air line operated exclusively for passenger service. If the line is a success, Halliburton said he is prepared to make the system a link in a transcontinental route connecting at St. Louis with air lines from the east and reaching through El Paso, Texas, to the Pacific Coast.

The planes to be used will carry fourteen passengers. Headquarters of the line will be in Texas.

## ABANDON HOPE FOR RESCUE 19 SEAMEN

BOULOGNE-SUR-MER, France, Feb. 14.—(P)—Hope has been abandoned for the rescue of nineteen members of the crew of the trawler Etolie Du Sud sunk in a dense fog on February 5th near Plymouth.

The French consul at Plymouth today reported the Etolie Du Sud was the vessel struck by the British freighter Manchester Commerce on that day. The report said only one life preserver was found and it was believed impossible that any of the crew could have reached shore safely.

## Chicken Thieves Raid Pens, Take Many Fine Birds

A chicken thief went to the home of Mr. and Mrs. Clem Longley, 1812 Ninth Street, Sunday night and stole two pens of fine prize winning chickens, which included 18 hens and two roosters of the finest Silver Lace Wyandotte stock. The pen, which is directly back of the house, was torn open and the chickens quietly removed. The owners were not aware of the theft until they went out Monday morning to feed their chickens.

On Sunday night, the chicken house of Mr. and Mrs. Stewart Helvin on Eighth Street was raided, and six Rhode Island Red hens were stolen, which included two sitting hens and their eggs, the eggs being thrown in the street near the home. Mrs. Longley stated that the loss of the chickens means much to them at this time, since it is hatching time and they have received many orders for baby chicks and eggs.

And Good Advising, at That Parents are advised by an attorney never to neglect to say "Good night" to their children. After 2 a. m. it should be said in a whisper.—Ottawa Journal.

# ORGATONE, SENSATIONAL MEDICINE ON SALE AT CAMP-BELL AND PEERLESS DRUG STORES

## POLICEMAN OF WICHITA GIVES FACTS

Well Known Local Official Says he Feels Like Different Man Since Taking Orgatone.

A. Spencer, residing at 1926 Bass St., Wichita Falls, Texas, one of the best known police officers in this section of Texas, is still another prominent citizen who comes forward with his unqualified indorsement of Orgatone, the medicine that is accomplishing such surprising and gratifying results throughout the South and West.

Patrolman Spencer not only stands high in this community but his acquaintance and popularity extends over a wide area of territory. While on his beat in Wichita Falls, a few days ago, he called at Allison's Drug Store and in relating his experience with Orgatone said:

"I have never paid much attention to medicine in general. In fact, I had very little faith in any of them, but I had been keeping up with the Orgatone testimonials and I began taking it because a friend of mine told me it was one of the best medicines he had ever tried. I had been drinking this hard water; also irregular meals on the night beat which did not seem to agree with my system and I got in a run-down bilious condition. Well, I might as well say I took it, for the results have been fine and there's nothing too good for me to say for Orgatone. I had a tired, drizzly feeling for several months, also constipation and suffered with gas on my stomach. My liver was sluggish, too, and I just felt generally run down.

"After eating I would have a disagreeable, full sensation, and my stomach would fill with gas and bring on a bloated and miserable condition that I couldn't get rid of for hours. I would be so nervous I could hardly sleep at all, and what I ate disagreed with me and failed to give me the necessary strength and nourishment.

"My appetite became very poor, and I got so I didn't want anything at all to eat and I didn't relish what I did force myself to eat. I have taken two bottles of Orgatone and am now on my third and I am more than pleased with the results. I sleep well now and am not bothered with my kidneys at all like I was. My appetite has picked up remarkably and I eat heartily and enjoy it as I haven't done in a very long time. My general condition is much better in every way.

"I dislike publicity, but I don't mind recommending this good medicine for I certainly am highly pleased with the results I have obtained from it.

"While it is very unusual for trained nurses and practicing physicians to give their indorsement to a proprietary medicine, many of them have felt it their duty to do so in favor of Orgatone. When a medicine accomplishes the remarkable results Orgatone has done, and is doing, all over the country, nothing else is to be expected. There are many others in the noble work of healing and relieving pain who value Orgatone and whose names have already been given to the public.—Adv.

DR. HATFIELD OF WICHITA ENDORSES ORGATONE  
"I suffered for Five Years With Stomach and Nervous Troubles," Says Well Known Professional Man.

One of the most noteworthy features in connection with the introduction of Orgatone through the West and South is the large number of doctors and professional men who have unhesitatingly and voluntarily given this wonderful new discovery in medicine their unqualified endorsement.

Dr. Alfred Hatfield, whose office is located at 137 1-2 N. Main street, Wichita, Kan., is one of the latest to come forward and add his testimony to the thousands of others who have been restored to health by its use.

## TRAINED NURSE IN HIGHLY PLEASD EXPERIMENT

MRS. CROSS OF ENID TELLS HOW ORGATONE HAS HELPED HER

"If I had only known about this Orgatone four or five months ago, I should have been telling how much suffering it would have saved," said Mrs. J. K. Cross, a well-known and highly respected woman of Enid, who has filled the important position of nursing and is a graduate of a school of nursing at Nevada, Mo., and who enjoys an enviable reputation in her profession. Mrs. Cross resides at 1129 East Elm street, Enid, Okla.

"In my own case," she continued, "the medicine has simply been so highly satisfactory that I believe it's no more than my simple duty to let other people know about it. I suffered for over four months with kidney trouble, and the way three bottles of Orgatone has relieved me and made me feel stronger and better is surprising.

"This trouble reduced me to a general run-down condition and interfered with my work of course, for a nurse's duties are trying on the strength and nerves under the most favorable conditions. I had a general run-down feeling for several months, also constipation and suffered with gas on my stomach. My liver was sluggish, too, and I just felt generally run down.

"After eating I would have a disagreeable, full sensation, and my stomach would fill with gas and bring on a bloated and miserable condition that I couldn't get rid of for hours. I would be so nervous I could hardly sleep at all, and what I ate disagreed with me and failed to give me the necessary strength and nourishment.

## Want the Wedding in Mexico City

MEXICO CITY, Feb. 13.—(P)—Mexicans hoped today that Colonel Charles A. Lindbergh and Miss Anne Morrow, daughter of Ambassador Dwight W. Morrow, would be married in this country's capital. It was here that the romance of the famous aviator and the heiress began.

The following statement was issued at the American Embassy last evening: "Ambassador and Mrs. Morrow have announced the engagement of their daughter, Anne Spencer Morrow, to Colonel Charles A. Lindbergh."

Efforts to have the ambassador elaborate on the statement were unavailing. "He was asked as to probable time and place of the marriage but persisted in a smiling silence, broken only finally with the remark: "All you can say on such points is there guess work. I think your guess will be good if you say the time is not yet fixed."

News of engagement—which had been often rumored—spread quickly over the city and everywhere it was presumed that the wedding would take place in this capital. May or June was given in usually authoritative sources as the time.

Former President Calles, who welcomed Colonel Lindbergh at Valbuena Field at the completion of his good-will flight from Washington that endeared him to Mexicans said:

Fond of Them  
"This is a great pleasure to me as you know I am very fond of both these young people. As Mexico has been the scene of their romance I sincerely hope they will be married in this country.

"Certainly their own people cannot hold them nearer their hearts and wish them more happiness than we Mexicans. These two families and these two young people are very dear to us. They have our best wishes for, and I know they will have a happy married life."

Miss Morrow, who arrived with her mother yesterday from the United States, after a seventeen-hour delay at the scene of the dynamiting of the presidential special Sunday in Guanajuato, was extended felicitation by a small group of intimates who dined at the embassy last night.

In view of the announcement of the engagement Mexicans look for two visits shortly, one from Colonel Lindbergh himself, and the other from his mother, Mrs. Evangeline Lindbergh. Mrs. Lindbergh left Constantinople a few days ago, where she taught chemistry in the American college for the United States. It is presumed her somewhat early return was made in view of her son's approaching marriage.

Friends Say She's His Ideal Mate  
NEW YORK, Feb. 13.—(P)—Miss Anne Spencer Morrow, the future Mrs. Charles A. Lindbergh was described by friends today as an ideal mate for the flying colonel.

## Motor Car Dealer Surrenders After a Double Killing

TALOGA, Okla., Feb. 14.—(P)—Surrendering voluntarily after a double killing late last night, Lloyd Hollingsworth, 27, Canton motor car dealer and garage man, was held in jail here today to face charges for the slaying of his father, William Hollingsworth, and brother, William Hollingsworth, Jr.

Hollingsworth told officers he went to his father's farm, 13 miles west of Canton, about midnight, and after an argument picked up a shot gun and killed the two.

## Wurzbach to Be Called to Testify as to Patronage

Farish Is Not Candidate for Stewart's Place  
FORT WORTH, Feb. 14.—(P)—W. S. Farish, of Houston, president of the Humble Oil and Refining Company, today characterized as absurd a report that he was a candidate of the Rockefeller faction to succeed Colonel Robert W. Stewart, as chairman of the board of the Standard Oil Company of Indiana.

## THOUSANDS ARE QUICKLY RESTORED TO HEALTH

Wichita, Blackwell, Enid, Ponca City, Shawnee, Sherman, Wichita Falls and Denison men and women by the hundreds, of all ages, in all walks of life, received the most astonishing and gratifying results. Miserable people reported that they had been entirely relieved of these distressing symptoms and restored to complete health and happiness as a result of this amazing medicine.

News of the astonishing success of Orgatone in Wichita, Blackwell, Enid, Ponca City, Shawnee, Sherman, Wichita Falls and Denison quickly spread over the entire states of Kansas, Oklahoma and Texas and scores of cities, towns and villages in these states were wiring and writing for Orgatone and being supplied as quickly as was humanly possible.

## OVER FIVE HUNDRED BOTTLES ORGATONE SOLD IN WEEK

SCIENTIFIC STOMACH TABLETS TAKE SHERMAN AND SURROUNDING TOWNS BY STORM —106 BUY IN ONE DAY.

Orgatone Tablets have simply taken Sherman and surrounding towns by storm. Remarkable as it may seem, over five hundred bottles of these tablets have been sold in Sherman during the past week. On last Saturday alone over 100 people to be exact, 106 by actual count called at the Dyer and Jones Drug Stores to obtain these tablets and tell what they had done for them. Such a record is absolutely unique and without precedent not only in this city, but in the entire state.

Among the large number in Sherman who have been benefited is the wife of Mr. M. L. Dillon, well known citizen, who resides at 107 West Cherry street, who said recently: "Since childhood my wife has suffered with stomach trouble and neuritis, accompanied by savage bloating of the stomach and gas pains, headaches of so violent nature as to nearly rend her nerves apart. Her condition had grown steadily worse, and even resulted in operations in an endeavor to check her maladies and restore her health. Yet, despite all the efforts made to secure relief, it appeared to us that she was going down hill all the time, and I know that life had become a burden to her as I have had to stand by and watch her sufferings and be powerless to help her.

"We finally heard about how Orgatone was helping Sherman people, and learned of many of our friends using it, so we bought a bottle and after about two weeks' time Mrs. Dillon's general condition improved greatly, and she could sleep better and the results obtained are far greater than she could have hoped for. It is continuing the use of this famous treatment for we are convinced that therein lies the secret of her complete restoration to health and happiness, a thing which has appeared impossible heretofore, and we have found that Orgatone is the only preparation which would give her the relief to which she is entitled.—Adv.

## How To Raise Poultry

ARTICLE V  
SAVE THE SOREHEADS  
Simple Measures Applied Early May Ward off Disaster From Chicken Pox, Says Dr. L. D. LeGear, V. S., of St. Louis, Mo.

"Go to bed with the chickens? Most certainly not!" exclaimed a well known radio entertainer in mock indignation. "No, indeed, I'd never be able to sleep on those sticks the way they do." For more reasons than one, I am inclined to sympathize with this gentleman's point of view. Nevertheless, I firmly believe that short of literally going to bed with them, the man who comes nearest to living with his chickens is going to get the greatest profit out of them. He will do so because he knows his flock both individually and collectively. The slightest change in their habits or appearance will immediately attract his attention and if disease threatens he is able to nip it in the bud long before it reaches the danger point.

Of course, not every one can give full time to the care of his fowls, nor is it altogether necessary. There are certain times every day when they must receive attention for feeding and the like. Then, scan each fowl as closely as possible and single out for closer examination any that show the slightest signs of possible disease. One particularly malignant disease which may crop up at any time, more especially in the fall of the year, is chicken pox or sorehead. As this disease may be carried by mosquito, your flock may become infected no matter how careful you have been to keep your own houses, yards and runs in a sanitary, healthful condition.

A number of eruptions or nodules, varying from the size of a pinhead to that of a pea or hazelnut, appear on the comb, wattles, eyelids, ear lobes, beak and nostrils and sometimes on other parts of the body, such as the neck, legs, under the wings, on the rump and about the vent. On the body the nodules may become larger than on the head. The nodules begin as small, red or reddish gray deposits with a shiny surface. They gradually enlarge, becoming dry, shriveled, uneven and wartlike in appearance, while the color changes to yellow, brown or dark brown. As these nodules increase in number and the inflammation extends, large areas of the skin will become thickened and covered with hard, dry crusts, closing the nasal openings and eyelids, often making it difficult to open the beak.

If the attack is mild the eruption are limited to the head, the nodules are distinct and small and the general health is not affected. The nodules seem dry, heal and shrink the crusts become loose and recovery is rapid. But in malignant cases the eruption is more general, the nodules are large and there is considerable inflammation and thickening of large areas of skin. When the crusts are rubbed off there will be a watery discharge from the ulcerated surfaces, which will later thicken, become thick and yellow and will give off a disagreeable odor. In this type of the disease there is fever, rapid loss of flesh, prostration and death.

At the very first sign of this disease give the whole flock large doses

of epsom salts, once each week for two or three weeks at least. Mix one pound of epsom salts in a small temping wet mash feed for each one hundred leghorns, or one pound for each 75 of the heavier breeds. For half-grown stock give one-half the amount. Put the mash out in long troughs so they can all get to it and eat it up in a few minutes. If wet mash feed is not being given, the epsom salts can be put in the drinking water, but in a wet mash it is much more effective. Remove all affected fowls to a separate location well removed from the poultry flock. Then make a thorough clean up of all houses, coops and feeding equipment.

Clean and disinfect all hoppers, troughs and drinking fountains, roosts, drooping boards and other removable equipment. Remove and burn all litter and droppings. Finally, make a strong solution of some good coal tar dip and disinfectant and spray it into every nook and cranny where mosquitos, parasites or disease germs might find a hiding place. If possible, always change clothing and shoes before going from infected fowls to healthy ones.

Give each of the affected fowls from one-half to one teaspoonful of epsom salts and repeat the dose two or three days later if there is no improvement. A local application is also very helpful with a small swab or feather, apply a good dip and disinfectant, or tincture of iodine to each of the sores, crusts and nodules after removing the scales. The disinfectant should be used full strength, so be careful not to let it get in the eyes. Also apply once each day or two some reliable sore-head remedy. A good poultry prescription tonic in large doses will be found very beneficial at this time. Careful following out of this treatment should give highly gratifying results if started soon enough.

In the fall about the time chicken pox usually appears in your locality, I advise giving all young fowls and in many cases older ones, too, large doses of epsom salts once a week for three or four weeks. Give same amount of epsom salts and in the same way as recommended above. I also advise extra precautions in cleaning and disinfecting at this time. All houses and sleeping quarters should be thoroughly cleaned and disinfected every week or ten days for some time. The disinfectant should be forced into all dark corners and hiding places of mosquitos and other insects with a good force pump. I have been using this treatment for preventing chicken pox for several years with excellent results. If my chickens do take the disease at all it is usually in a very mild form.

Vaccination with a specially prepared vaccine is being used with varying results in some localities. The question is whether the disease is serious enough to justify the trouble and expense even if it was effective.

Griffin Makes Talk At Opening John Deere Store

O. P. Griffin, county agricultural agent, spoke to a group of farmers Saturday afternoon at the close of John Deere week at the new warehouse of W. G. Locker, who handles that line of farm implements in this territory.

Mr. Griffin outlined the needs and work to be done on a farm of from 100 to 1000 acres, advising diversification and the keeping of 400 or 500 chickens and ten milk cows.

A demonstration of a mixed feed grinder was made by R. L. Little of the Letz Manufacturing Company of Crownpoint, Indiana. The new store is managed by Mr. Locker himself, with the assistance of John McCullley and Earl King. During John Deere week, J. P. Thomas, Jr. of Dallas and C. A. Vaughn, both members of the plow company's organization, assisted at the opening of the store.

FATHERS MEET WITH SONS AT SCOUT DINNER

The nineteenth anniversary of the beginning of Boy Scout work in America was celebrated Friday night at a Father and Scout dinner served in the dining room of the Howard Payne girls dormitory and attended by about 250 men and boys. A splendid dinner was served by the dormitory dining room organization, and an entertaining program was presented under the joint direction of Thos. H. Taylor and Jack Brunberg, the latter being Scout Executive for the Pecan Valley Area.

A novel plan was developed in the entertainment features of the program. Long tickets similar to those used by the railroad companies were issued, and with J. Herbert Ragsdale as conductor the party was taken on a trip through the dining car, to Dad Town, then to Reverence, to Joyville, Badgerville and finally to Boy Town when "taps" was sounded. Clifford Pouncey served as brakeman and Mr. Taylor, the trainmaster, was known as the engineer. Glidden Wilson was fireman.

Charts Presented The program began immediately after the dinner had been served. Scout Executive Brunberg presented three charts, bearing the Scout oath, to President Edgar Goddard of Howard Payne, President J. Thos. Davis of John Tarleton College at Stephenville, and Miss Eula Haskey, dean of women at Howard Payne. There were a group of songs in which fathers and sons joined, and this was followed by the presentation of a group of Scouts from the Bangs troop, with their scoutmaster, Supt. Wedgeworth of the Bangs public school.

Mr. Brunberg in a brief address recalled that while Scouting began in England 21 years ago, it was chartered on Feb. 8, 1910, in the

United States. An international celebration of the founding movement is to be held soon in England. Mr. Brunberg then spoke of some of the principles of Scouting, and appealed to the fathers present to become interested in their boys and to aid them as their lives unfold into manhood.

Oswald Daugherty, one of the two Eagle Scouts in Brownwood, entertained with several violin numbers. Edward Brewer, the other Eagle Scout, was bugler for the evening. President Davis Speaks

The principal address of the evening was by President J. Thomas Davis of John Tarleton College at Stephenville, who devotes all his time to educational work for young men and is regarded as an outstanding leader in boys' work.

Declaring that he has always loved and sympathized with them, Mr. Davis directed his address principally to them. He spoke of the sacred relationship between father and son, and explained that the fathers can not always do all that they want to do for their sons because of the necessity for taking care of the daily needs of the family and attending to the daily business cares. He said, however, that many men over-estimate the importance of their business and neglect their boys while attending to it. Sometimes the fathers are too severe on their boys and expect them to do the impossible thing.

"Our boys are entitled to play, and play as hard as they can," he declared. Boys yield to restrictions when they believe they are being treated fairly, the speaker continued. Discipline causes rebellion when the boys think it is unfair and undeserved, but boys do not want special favors. Some of the greatest movements of all history have been launched by boys, and the youth of the country has always borne the burden of armed defense. Boys, said President Davis, do not look for the "soft snaps," but first of all, "Is it right?"

The address was concluded with a statement of statistics showing the value of careful educational training. Figures prepared by various sources were given, to show the comparative earnings of uneducated men, and an appeal was made to the boys to carry on their school work with all necessary diligence until they had completed their preparation for doing the big and profitable things of life.

Scout Executive Brunberg made several announcements as to special Scout activities for next week just before the party was concluded.

Zodiac Constellations The constellations of the Zodiac are: Aries, the ram; Taurus, the bull; Gemini, the twins; Cancer, the crab; Leo, the lion; Virgo, the virgin; Libra, the balance; Scorpio, the scorpion; Sagittarius, the archer; Capricorn, the goat; Aquarius, the water bearer; Pisces, the fishes.

At the Filling Station "Fill her up," said the absent-minded motorist to the waiter as he parked himself in the restaurant with his sweetie.

DEATH CLAIMS LILLY LANGTRY

MONTE CARLO, Feb. 12.—(AP)—Lily Langtry, famous actress and long known as "the Jersey Lily," died here today after an attack of bronchitis.

The famous beauty and one-time friend of King Edward VII. had been ailing for the past three weeks. Her condition grew worse with the cold weather which has been sweeping all parts of Europe during the last few days.

LONDON, Feb. 12.—(AP)—An Evening News dispatch from Monte Carlo today stated that Lady De

Bathe, more widely known as Lily Langtry, noted actress, was dead of heart disease.

The "Jersey Lily" as she was known to thousands of her admirers, was one of the loveliest women of her day and had a wide circle of friends, including King Edward and other members of royal families in Europe.

She conquered American as well as the rest of the English-speaking theatre-going world in her numerous tours a generation and more ago and remained a great public favorite to the time of her retirement about fifteen years ago.

Lady De Bathe, who was almost 77, was stricken ill in London early this winter and left for the Riviera, apparently having reached convalescence last month.

Eagle Roped in Coleman County

COLEMAN, Feb. 12.—(AP)—Eagle roping is a new sport in Coleman county and Henry Jameson of Talpa, near here, claims the championship.

He reported today that while riding over a hill, he saw an eagle devouring a rabbit. The bird did not see Jameson until he was almost upon it, but took wing immediately. Jameson had his rope in his hand and caught the bird around the neck and wings despite a stiff wind, he said.

The eagle, measuring 27 inches from tip to tip, was exhibited by Jameson as evidence.

## STATE OIL NEWS

**DALLAS, Tex., Feb. 14.—(P)—**On a 24-hour test, group one corporation's (Texon) No. 1-B University Reagan county, the world's deepest oil well, established a new peak of 1,947.5 barrels of 56.3 gravity oil. This was an increase of 140 barrels over the previous 24-hour period, the biggest day's gain since the well began flowing on Dec. 1 from the fourth day, entered at 8,523 feet.

The Refugio county oil field has been extended out one-half mile with the bringing in of the Mission Drilling Company's No. 1 Nellie B. Cummins from a depth of 3,700 feet.

**IN KANSAS**  
**WICHITA, Kas., Feb. 14.—(P)—**The Gardner Petroleum Company's No. 2 Benson in the NE SW of 31-18- McPherson county, after being opened up yesterday flowed 25 barrels an hour in a seven hour test. The hole is bottomed at 2,964 feet.

Haworth and Schreck will drill a wildcat test on a block of 1,500 acres in South Central Marion county. The test will be in a seven hour test. The hole is bottomed at 2,964 feet.

**Simms Makes An Offer On Control Of Pennok Stock**

**NEW YORK, Feb. 14.—(P)—**The Simms Petroleum Company has offered to acquire through an exchange of shares controlling interest in the Pennok Oil Corporation, which has oil and gas leases in Kansas, Texas, Oklahoma and Montana. It was learned today.

The offer is for exchange of one share of Simms capital stock for four shares of Pennok capital stock, providing at least 51 per cent of outstanding Pennok stock is deposited on or before March 29th or within 30 days thereafter if the time limit be extended.

Simms, now producing about 10,000 barrels of petroleum daily, has a large potential production in West Texas.

**Facts About Columbus**  
Christopher Columbus did not die in prison, as many seem to suppose. Neither did he die in poverty. The story, often repeated, that he died in utter destitution is merely one of the many legends with which his biography is distorted. His will indicated that he possessed considerable wealth at the time of his death at Valladolid in 1506.

## 300 LISTEN TO BAND CONCERT

About three hundred people heard a concert given by the Old Gray Mare band at the Soldiers and Sailors Memorial Hall Wednesday night.

A dozen or more popular and classical numbers were played by the band under the leadership of Merle Baker, band master. In full uniform the band made an agreeable appearance on the stage, and the music was exceptionally good.

Rex Gaither, manager of the band, made the announcements prior to each number.

## Mrs. Hammonds Included in List of Witnesses

**OKLAHOMA CITY, Feb. 14.—(P)—**Mrs. O. O. Hammonds, former confidential secretary to Henry S. Johnston, suspended Governor, and her uncle, James R. Armstrong, were included in the list of witnesses who will testify in Johnston's defense before the senate court of impeachment, filed today with the court.

## FIRST STEP TO CURTAIL OIL IS NOW EFFECTIVE

**OKLAHOMA CITY, Feb. 14.—(P)—**The first step in reducing the daily average oil production of Oklahoma to a maximum of 650,000 barrels, as agreed upon by operators at a recent meeting at Tulsa, became effective today. Proportion of production went into force in the Greater Seminole and St. Louis areas.

The Mission pool agreement, to take effect at midnight tonight, has encountered considerable opposition and developments were awaited today. The agreement, which provides for drilling in of the wells now on the sand and for pinching production to 200 barrels per well per day, and also delaying the second crop of two wells to each forty acre unit until March 15th, is opposed by the Apopose Oil Company, Mid-Kansas Oil & Gas Company, H. F. Wilcox Oil & Gas Company, and Senator W. B. Pine.

## COMMISSIONERS MEET, \$300,000 ROAD BONDS TO BE SOLD FRIDAY

The appointment of one hundred road overseers for the county was made by the commissioner court in session Thursday morning. These men are chosen for one year and each oversee from four to six miles of the roads in the county.

Tax matters relative to back payment on lots in town were taken up and passed by the court in this session, which was a hangover from the regular Monday meeting.

Matters of taking up old district road bonds are to be taken up on the arrival of Van H. Howard, bond man of San Antonio, who is expected to be in Brownwood Thursday evening.

Bids for the purchase of the first issue of road bonds of \$300,000 will be opened at 10 a. m. Friday, and the bonds sold to the highest bidder.

## BUCK STATUE IS UNVEILED

**AUSTIN, Feb. 14.—(P)—**The Senate paused today to pay tribute to the living, in unveiling and accepting the portrait of Colonel Beaumont B. Buck of San Antonio.

"My children and children's children will point to this day with pride," the distinguished Texan told the Senate. "You have lengthened my days and have filled my family with ineffable happiness. The least I can do is thank you." Colonel Buck was accompanied by Mrs. Buck and their daughter, Miss Lucy Buck, his aide, Captain E. V. Hunnicutt, and Mrs. Hunnicutt and a group of Austin reserve officers.

His portrait, given to the state by the Texas Reserve Officers Association, was hung in the Senate Chamber several months ago, but it had not been accepted by the Senate.

Governor Moody, accepting the gift for the Senate and the state, said he had received no honor which he enjoyed more. He asserted the portrait of the world war leader of the Third Division was worthy to hang alongside that of Albert Sidney Johnson.

## GLEE CLUB TO PRESENT MUSICAL COMEDY AT H.P.C. THURSDAY NIGHT

"The Singer of Naples," a musical comedy, will be presented to the public at Howard Payne Auditorium Thursday at 8 p. m. by sixty High School pupils under the leadership of Mrs. Harold Scott. The comedy, in two acts of two scenes each, is being sung by thirty-six members of the Girls Glee Club and twenty-four of the Boys Glee Club of the school.

Lloyd Nixon is stage manager and Miss Elva Whidden, pianist. Sixteen characters and a chorus of guests, servants, bannetquins, street singers and art students make up the cast. Guido Mastani, sung by Bailey Forrester, and Gabrielle, sung by Belva Hanna, are the principal characters.

The scenes are in the present, act one being in a countless garden in Naples, and act two a street scene in Rome.

## Auto Accident Injuries Fatal to Abilene Man

**EASTLAND, Tex., Feb. 14.—(P)—**Samuel Wright, 23, Abilene died here last night of injuries received when he was crushed between two automobiles on the highway near Olden earlier in the night.

## ARE FAVORABLE TO LEASING OF MUSCLE SHOALS

**WASHINGTON, Feb. 14.—(P)—**A meeting of members of the House military affairs committee, which Chairman Morin declared was not a regular and valid meeting, today ordered favorably reported the Madden bill to lease Muscle Shoals to the American Cyanamid company for 50 years.

## WOULD ACCEPT FARMER GIFT

**AUSTIN, Feb. 14.—(P)—**A bill was introduced in the Senate today authorizing the Board of Regents of the University of Texas to accept a gift of approximately \$200,000 from the E. D. Farmer estate in Parker county.

The gift would be administered as the E. D. Farmer international scholarship fund and would be used to provide student scholarships between the University of Texas and the National University of Mexico. The approximately \$200,000 represents the amount that would be paid the state in inheritance tax should the sum be settled on some institution outside the state. Farmer died May 29, 1924.

## Case Against Chief Guillems Still In Perkinson's Court

The case in justice court against Chief of Police George A. Guillems charging simple assault filed by G. W. Arant, will be tried before Judge E. T. Perkinson Saturday, it was announced Thursday.

Judge James McCartney said that the law provides that when there are two courts concurrent in jurisdiction that the case is tried in the court where the first suit was filed and he stated that no suit against Mr. Guillems had been filed in the municipal court.

## FINIS GARRETT NOMINATED

**WASHINGTON, Feb. 14.—(P)—**Finis J. Garrett, of Tennessee, present minority leader of the House of Representatives and former Senator Irvine L. Lenroot of Wisconsin, were nominated by President Coolidge today to be associate judges of the United States Court of Customs Appeals.

Mr. Garrett will retire from the House on March 4.

## KANSAS BANK ROBBED, MEN ARE CAPTURED

**INDEPENDENCE, Kas., Feb. 14.—(P)—**An hour and a half after he had held up and robbed the Chautauqua State Bank at Chautauqua, 33 miles southwest of here, of \$1,000 today, two men were captured by Harry McIntyre, marshal at Elgin, Kas., in Oage county, Oklahoma. The money was recovered and the men were taken to Elgin.

## Advertising Tax Bill Referred to Attorney General

**AUSTIN, Feb. 14.—(P)—**Two bills sponsored by regional chambers of commerce providing a tax for advertising purposes were referred to the Attorney General's Department today by the House committee on revenue and taxation to determine their constitutionality. Hearings on the measure were heard last night.

Representative Kayton objected to the measure in that it provided that Chambers of Commerce, Business Clubs and any other organizations should share in tax funds collected by a city coming under the provisions of the proposed law. He maintained many taxpayers were opposed to the Chamber of Commerce idea and should not be forced to contribute to this organization.

## Woman Questioned Regarding Murder

**ST. JOSEPH, Mich., Feb. 14.—(P)—**Although claiming to have obtained conflicting statements from Mrs. Ethel Lewis, held after charges by her daughter that she had poisoned her infant grandson last Sunday and killed seven other children during the last five years, county authorities admitted today that four hours of questioning had failed to alter materially her denial of the daughter's accusation.

Mrs. Lewis, according to Prosecutor Wilbur N. Cunningham, admitted having placed a "sore mouth medicine" in milk given Clarence Wesley Gorham, 18 months old, who died Sunday.

## WELL NEAR PAMPA AFIRE

**PAMPA, Tex., Feb. 14.—(P)—**Marland Production Company's number one, semi wildcat gasser in the central part of the Gray county gas and oil area, caught fire today after blowing the tools out of the hole. The well is six miles south of Pampa on the Brown-Finley section thirty two, block B2, and its flow is estimated at 25,000,000 feet.

The derrick was burned, and last reports from the well said the flames were shooting high. No one was injured.

Officials of the company said it may be necessary to shoot out the fire.

## Horticultural Station for This District Proposed

**AUSTIN, Feb. 14.—(P)—**Whether a horticultural and experimental station will be established under direction of Agricultural and Mechanical College authorities at some West Texas point probably will be determined by the House within the next week for the committee on agriculture today reported favorably a bill providing for the station.

The measure, written by Rep. James Philby of Pife provides that experiment be within San Saba, Lampasas, McCullough, Mills, Mason, Brown, Llano, Menard and Concho counties.

## Bill on Citrus Fruit Pending

**AUSTIN, Feb. 14.—(P)—**A law forbidding the sale of citrus fruit between September 1 and December 15 of each year, unless the fruit has been inspected and passed by a citrus fruit inspector of the state of the United States bureau of agricultural economics is pending in the House. It was written by Representatives W. R. Montgomery of Edinburg and Polk C. Hornaday of Harlingen, and is aimed at the marketing of unripe, overripe and frost damaged fruit, they said.

It provides further that it shall be unlawful during the remaining period of from December 6 to August 31, when inspection is not required, for any person to sell, offer for sale, transport, deliver or prepare for sale or transportation, any citrus fruit which is immature or otherwise unfit for consumption.

The last English king to command soldiers in action was George II, who directed the charge of the Suffolk regiment at Dettingen.

## CRUISER MONEY RECOMMENDED

**WASHINGTON, Feb. 14.—(P)—**A recommendation for a \$12,370,000 appropriation to begin the cruiser construction program was forwarded to congress today by President Coolidge.

The budget's recommendation forwarded by the President, however, was little more than half of the amount proposed by the Navy Department and Secretary of War. It was called for questioning before the Senate appropriations committee considering the Navy supply bill recently passed by the House.

Secretary Wilbur was questioned behind closed doors and afterwards he refused to discuss his conversation with the committee regarding the cruiser allowance recommended by the President.

The \$12,370,000 would be available during the next fiscal year, beginning next July 1 and it has been assumed the President would propose another appropriation to permit starting work during the current year.

## MT. PLEASANT MAN SENTENCED

**MOUNT PLEASANT, Tex., Feb. 14.—(P)—**Wade Wilborne was sentenced today by Judge R. T. Wilkinson to die in the electric chair April 12 for killing his wife, Mrs. Rosa Wilborne, in February, 1928.

## Awards To Be Given For Essays on Rubber

Awards have been announced for the best essays on "The History of Rubber and Its Value to Industrial Life" written by school pupils in the county and given by the Looney-McDonald Tire Company of Brownwood.

An award of \$25 for the library fund of the winning school is the high one to be given, and a \$15 and \$10 awards follow. The best essay from each school will be submitted to a competent committee who will judge on the basis of English and the contest will be run under the rules adopted by the Interstate Scholastic League, according to J. Oscar Swindle, county superintendent.

U. S. IS MAKING PROGRESS IN CURBING AVIAN TUBERCULOSIS

While it is primarily a problem for owners themselves to solve, avian tuberculosis in the United States is being combated to a marked increase through educational literature and help from federal and state sources. About 7 per cent of flocks tested have reacted to the tuberculin, inserted in the wattle from a hypodermic needle as shown below. BY FRANK I. WELLER. WASHINGTON, (AP)—Because the country is awakening to a broad educational interest in avian tuberculosis, Dr. A. E. Wight, federal officer in charge of eradication work, believes there is marked progress in efforts to control a previously neglected disease that menaces the billion-dollar poultry industry. In many states, particularly in the north and west where avian tuberculosis is especially destructive,

physical examination of farm flocks has been made incident to the tuberculin testing of cattle. During the fiscal year 1927, inspections were made of more than 21,600 flocks containing about 15,500,000 birds, of which nearly 6 per cent were infected. Tests in 27 states, not including the nine known to have a high per cent of infected poultry, 9,300 out of 85,000 reacted. Tuberculosis of fowls is widely distributed over the United States. The federal bureau of agricultural economics says that at eastern markets receiving large shipments of poultry from various sections, a considerable portion of the rejections are for tuberculosis. Annual monetary loss is reckoned in millions of dollars for the entire industry which, in the point of farm income, is exceeded only by dairy and hog products. Unless extremely valuable birds are involved, tuberculin testing of poultry is not advised. A quick and sure way to control the disease is to eliminate the older birds annually. It is pointed out that the average production of all flocks is greatest in their first year, and that the largest return from sale of fowls for slaughter is soon after the close of the first laying period. Since infestation does not become apparent, ordinarily, until the fowl is 2 or 3 years old, it may develop insidiously throughout the entire flock. Annual disposal of mature birds and frequent cleaning of quarters will insure a larger income and remove 75 per cent of all poultry diseases, specialists say. Dr. Wight makes a salient point of the fact that tuberculosis of fowls is readily transmitted to hogs, and that a great deal of the disease found in swine is of the avian type. Flocks who have been paying a premium for hogs from areas free of bovine tuberculosis, now are asking that the avian type be eliminated, too.

NORTHCOTT TO SAN QUENTIN. SAN QUENTIN, Cal., Feb. 12.—(AP)—Gordon Stewart Northcott, sentenced to hang April 15 for the slaying of three boys at his Wineville ranch, entered San Quentin prison today and became convict No. 46,957. He was rushed immediately through the routine preliminaries and placed in condemned row. "It's been a lot of fun, now that it is all over," Northcott told his guards as he passed through the prison gates. "I have no regrets and have done nothing of which I am ashamed. I am still innocent, no matter what the jury decided, and would do anything I have done over again." He announced that his two attorneys, A. P. G. Steffes and A. M. Cameron, were planning an appeal for him based on the fact that he was a Canadian citizen.
