In a short feature article about Muenster's Bavarian wood carvers in last Sunday's Dallas Morning News, Frank X. Tolbert mentioned that Gunther Goetz and Ludwig Kieninger were an immediate artistic success, and financial success should come as soon as there is an awareness of them over the Southwest.

To which this column responds with thanks to Mr. Tolbert for what it estimates as their biggest help to date toward making the Southwest aware of their presence. As the old saying goes, it takes advertising to put over a product or service, either as paid messages in print or over the air, or as recommendations from person to person. Being humble beginners in the business world these artists are not financially able to buy their advertising, so they have to depend on what others say in their behalf.

That's where Tolbert was so very helpful. His complimentary comment on the front page of Section 3 of the Dallas News was much more effective than any ad the artists could afford for years to come. As of now they are much better known than they were a week ago. And Tolbert deserves to enjoy the awareness of having done a good turn to two deserving fellows.

Words of praise for the community are likewise appreciated. We like to have it known that our "tidy and prosperous" city is the center of multi-million dollar business endeavors in oil, dairying, dairy processing, feed mills, clothing manufacture and farming. All of which amounts to a rather definite hint that Muenster can be rated as one of the better small cities of the state.

This column likes that, and it is prompted thereby to add a few facts which sustain a big measure of community pride. First of all Muenster is one of the few small towns outside metropolitan areas which grew during the last decade. The 30 per cent increase, though far short of a boom, indicates good, healthy progress. And bank deposits of about \$3.5 million indicate a stable economy supported by productive farms and a substantial over-all payroll. As we have been told frequently, Muenster is a lot of city for its 1200 population.

Equally significant is the fact that much more progress is in sight, as indicated by building activity now under way and on plans. Started are a convent for parochial teachers, a Chevrolet agency and a Fina service station. Definitely coming are a post office, a telephone exchange and a 30 bed hospital. Besides, plans are shaping up for new homes and possibly other business ventures. There's plenty to inspire confidence in Muenster's future.

Something new that may eventually have a bearing on this area's prosperity is bovine dentistry, which is now in the experimental stage in a herd at Paris, Texas. Considering the importance of dairying and beef raising hereabouts, this idea could eventually put lots of extra dollars in local people's pockets.

The theory is that stainless steel bridgework can add four to six years to a cow's productive life... by the simple fact of allowing her to go on eating a square meal.

Livestock people know that the ivory of cow's teeth wears down each year, and, on sandy land, a cow is just about a smooth mouth in eight to ten years. She eats less. Besides, because of exposed nerves in worn down teeth, she also drinks less. As her intake decreases, so does her output. She quits paying her way. Stainless steel caps, costing about \$20 for the eight front teeth, are believed to be what Bossy needs to prolong her appetite and her usefulness.

If the experiment bears out that theory lots of the better cows will have dental appointments. Twenty bucks is a good investment for several more years of high milk production or several more husky beef calves.

News from Washington tells of an official crackdown following a sudden jump of American exports to communist countries. In three weeks after July 25 shipments shot up 800 percent over the rate of the preceding three months. Rightfully, congressmen complained that U. S. was subsidizing red economies, and li-

Confident Tigers Prepare to Host Alvord Friday

The memory of a 28-0 wall-oping in last year's opening game is sharpening the spirit of Sacred Heart's Tigers as they prepare to host the Alvord High Bulldogs Friday night. Kickoff time is 7:30.

Coaches Adam and Walter Wolf as well as their charges are confident that they will come out with the long end of the score. But they don't expect a cinch.

Though losing 7 of their 1960 starters, the Bulldogs still have lots of tonnage plus the services of Quarterback Monk, who was the big threat last year.

On the other hand Sacred Heart coaches are counting on lots of improvement in their boys. Last year's squad of lightweights has had a year of growth and experience but very few losses. Besides there are additions of youngsters who were beginners last year but are contenders for a spot on the first string now.

The boys are also ready physically. Scrimmages last week slowed down Johnny Wolf, Donny Hess, Jerome Hennigan and Jerome Fuhrman, but all are back in stride this week and raring to go.

Weinzapfel pointed out, however, that the State Board may make allowances in view of the Authority's total holdings, including a building site and a reserve fund set aside to guarantee the hospital's first year of operation.

Nine Girls Enter Jonesboro Classes

Nine Muenster girls have gone to Holy Angels Convent in Jonesboro, Ark., seven of them returning and two there for the first time.

Mr. and Mrs. Felix Yosten took their daughter Bernadette and her classmates Shariene Sicking and Ruth Bayer and their niece, Lorraine Mayer of Fort Worth to school during the weekend.

Mr. and Mrs. Robert Knabe drove to Jonesboro with their daughter Mary, taking with them Evelyn Fetsch, Kathy Voth and La Verna Otto. Mr. and Mrs. Bob Swirczynski took their daughter Sonja and Patsy Zimmerer. La Verna and Sonja are the new students at Jonesboro.

Sept. 10 Set as Filing Date for Hospital Grant

Though little hope is held for reaching the \$250,000 goal in the hospital drive before September 10, an application for Hill-Burton aid will be submitted to the State Board of Health for its meeting on that date.

J. M. Weinzapfel, president of the Muenster Hospital Authority, said this action is being taken on recommendation of the architect, because the complete statement as it now stands may still be good enough to merit the board's confidence.

If it is approved the project gets an earlier start, if not the application will have to be submitted again in three months.

Requirement of the Health Department is to have subscriptions for the entire fund and negotiable assets for a third of it. On Wednesday the total of subscriptions was \$214,005.93 and assets of cash, stocks and bonds were about \$80,000. This is \$36,000 short in one fund and less than \$4,000 short in the other.

Weinzapfel pointed out, however, that the State Board may make allowances in view of the Authority's total holdings, including a building site and a reserve fund set aside to guarantee the hospital's first year of operation.

Regardless of the State Board's decision the fund campaign will continue. Whether approval is given at the September meeting or three months later does not change the fact that Muenster needs \$250,000 for its share of the building cost.

Paul and Adolph Herr of Arlington drove over Sunday to visit their sister, Mrs. Matt Muller, who is convalescing from recent surgery.

A new operator has been added at Muenster Beauty Shop. She's Miss Geneva Bryant, coming from Oklahoma and living here with Mr. and Mrs. Bill Kathman.

Local KCs Plan Field Mass and Picnic at Texoma

Plans are in the making this week for the Muenster K of C council's annual field day at the Walnut Creek resort on Lake Texoma next Sunday.

Members, their families and their friends are invited to gather there for a field mass at 11 o'clock and remain into the afternoon for a picnic dinner, swimming, boating and lakeside recreation.

Each family is reminded to bring its own food and drinks and be there in time for the mass.

MHS Faces Tough Odds in Opener At Pilot Point

Odds will be stacked high against the Muenster High Hornets Friday night when they open their season playing Pilot Point's Bearcats. The game will be in Pilot Point, starting at 8 o'clock.

It's not only a matter of tackling a team with higher rating, but the present standing of each team in its own class. Pilot Point is figured as a power in its Class A district. Muenster is figured as below par in its Class B district. That could make a big difference in comparative strength of the teams. It practically cinches Pilot Point to avenge last year's 6-0 loss here.

Other problems also face Coach Glenn Richardson of the Hornets. Veteran Mark Hellman, still nursing a strained tendon in his ankle, will not be in the game, and Jimmy Wiesman, though expected to play, will be slowed down by an injury. They are the Hornets' two top backs.

Assigned to replace Hellman at quarterback is Weldon Vogel. His three running mates will be Wiesman, Roy Wimmer and Gary Dickerson.

On the basis of weight and experience the line will fare better. Probable starters are John and Dickie Pagel, Harold Flusche, Robert Klement, James Whit, Donny Vogel and Ronnie Russell.

Another satisfying factor for the Hornets is a slight build-up of reserve strength since school started. Four more have reported bringing total squad membership to 18.

Substitutes on hand as the game opens will be Noble McElreath, Tommy Flusche, Tommy Mosman, Roy Monday, Eddie Hellman and Donny Wilson.

Leo Hess surprised his parents, Mr. and Mrs. Albert Hess and family by driving in Monday from Chula Vista, Calif. Friday Leo goes to Dallas, transferred there by Corvair, for a month's employment. His wife, Mary Lou, couldn't come with him because she was unable to get her vacation at this time. She has plans to join him the last two weeks while she is on vacation.

Muenster Mourns Death Ending Brief Illness of Sister Celine Trubenbach

Muenster was shocked and saddened Tuesday morning by the sudden death of Sister M. Celine Trubenbach, O.S.B., 53, principal of Sacred Heart High School. She died at 7:30 in Gainesville Sanitarium where she had been a patient since Sunday afternoon.

The illness which led to her death started with severe headache last Thursday afternoon. She entered the hospital after failing to get relief from medication and seemed to be on the way to recovery. She was much improved Monday

Meeting Sept. 5 To Study Control Of Cattle Grubs

A community wide program estimated to be worth more than \$100,000 a year to cattlemen of this area is the objective of a meeting to be held Tuesday night, Sept. 5, at 7:30 in the Muenster Livestock Auction sale arena. Anyone interested is invited to attend.

The subject is control of cattle grubs which not only damage flesh and skin but torture the animals and retard their gain of weight.

Dick Cain of Muenster Livestock Auction explains that cattle with grubs are subject to a price dock of about 2 cents a pound, less in light cases, more in severe cases. In one local sale of a big herd of calves, that penalty came to about \$7000 he said. He estimates the local loss in a year's time at near \$100,000. But that does not include the weight element. Many animals would weigh 40 to 50 pounds more if not bothered by the pests.

Efforts to organize a community wide program of grub control will be taken up at Tuesday night's meeting. Foy Lowe, manager of Franklin Serum Co. of Fort Worth, will show a film and also talk on the grub's operation and ways to control it. Also present will be a livestock buyer from Neuhoff Packing Company of Dallas to explain how meat and hide is damaged by the pests.

The program is jointly sponsored by Muenster Milling Co. and Muenster Livestock Auction.

and on Tuesday, about an hour before the end, she told Mother Imelda that she expected to be back in class the next day.

Geo. J. Carroll and Son Funeral Home made arrangements to have the body flown to the motherhouse in Jonesboro, Ark., from where it was immediately taken to St. Bernard's Hospital for an autopsy. Results of the autopsy as reported here Wednesday, indicate that a heart attack was the probable cause of death. There was also evidence of asthma and pneumonia.

Funeral services with requiem high mass were held Thursday morning in Holy Angels Convent Chapel at Jonesboro and burial was there in the Sisters' cemetery. A requiem mass was also held here Wednesday.

Sister Celine, the former Margaret Trubenbach, was a daughter of pioneer residents, Mr. and Mrs. W. M. Trubenbach. Her father who died in 1956, came to Muenster in 1893, five years after the colony was founded. With the exception of about five years 1905-1911, in Lindsay, Muenster was home for the family. Sister Celine was born Jan. 17, 1908, at Lindsay.

She attended school here until she entered the convent of the Olivetan Benedictine Sisters. She made her vows at Convent Maria Stein in Pocahontas, Ark., July 2, 1927. She taught in Sacred Heart School for 10 years.

Surviving are her mother, one brother Andrew Trubenbach and three sisters, Mrs. Frank Hacker, Miss Eleanor Trubenbach and Miss Marie Trubenbach, all of Muenster. All of them and Father Alcuin Kubis were in Jonesboro for the funeral.

Work Begins on New Fina Station Adjoining Center

Next on Muenster's building program is a new Fina service station south of the highway at the east city limit opposite the new Wilde Chevrolet agency, which got started last week.

The station, to be built and owned by Community Lumber Co., will be leased to American Petrofina of Texas, which will sub-lease to its local agent, Dan Luke. Building design will follow plans customarily used by American Petrofina.

First step in the construction is installation of gasoline storage tanks, which on Tuesday was awaiting the arrival of excavating machinery.

The building will be located 100 feet east of The Center and its front will be in line with The Center. It will measure 18x50 feet, housing the office, accessories sales room and warehouse. Outside equipment will include four gasoline pumps, a diesel pump and a car lift.

Teague Quits as Coach at Laneri

An old familiar figure to fans of the Sacred Heart Tigers will be missing when the Laneri Ravens report here for their game this year. He is J. W. (Red) Teague, Laneri coach the past three years and also Boys' Ranch coach while that school played the Tigers. Teague quit Laneri to become principal of Everman Junior High.

The new Raven coach is Bennie Davis, a graduate of Tulsa University.

Six from Muenster Receive Nursing School Diplomas

Muenster has six young women graduated from nursing school this year. Three have received their diplomas in formal commencement exercises and three are awaiting their diplomas in graduation programs in September.

Sister M. Carmella, O.S.B., daughter of Mr. and Mrs. George Bayer, and Sister Estelle Marie, O.S.B., daughter of Mr. and Mrs. Felix Yosten, will be among graduates of St. Mary-Corwin Hospital School of Nursing in Pueblo, Colo., on September 4. Another nun receiving her diploma in the ceremony is Sister Germaine, O.S.B., daughter of Mr. and Mrs. Alex Knauf of Colorado Springs, formerly of Muenster, and a granddaughter of Mr. and Mrs. Joe Swirczynski of this city. The three will be on the nursing staff of St. Bernard's Hospital in Jonesboro, Ark.

Miss Ann Luke, daughter of Mr. and Mrs. Henry Luke, has successfully completed the course of study at St. Paul Hospital School of Nursing in Dallas. The ceremonies will take place September 10. A graduate of Sacred Heart High School, Miss Luke has joined

the hospital's staff as a nurse in the Intensive Care Unit.

An early graduation, on July 23, brought diplomas to three from Muenster in a class of 14 at St. Joseph's Hospital in Fort Worth.

They are Misses Pat Vogel, Suzanne Hesse and Pat Bayer. Their parents are Messrs. and Mmrs. Theodore Vogel, Meinrad Hesse and Martin Bayer. This trio remained at St. Joseph's as members of the staff.

Miss Vogel is head nurse on the surgical floor, Miss Bayer is head nurse on the medical floor and Miss Hesse is working as a surgical nurse in the operating room. They entered nursing school together after their graduation from Sacred Heart High School.

Two other nun-nurse students are continuing their course. Sister M. Loraine Eckart, O.S.B., is a senior student at St. Joseph's Hospital School of Nursing in Hot Springs, Ark., and Sister M. Verona, O.S.B., is a junior student at St. Joseph's. They are daughter of Mr. and Mrs. James Eckart and Mr. and Mrs. Oscar Walter.

WHERE CAUTION IS NEEDED

Next spring, according to expectations, direct passenger plane service will be inaugurated between New York and Moscow.

Representatives of this country and of the Soviet Union have been conducting negotiations for some time.

It is now announced that a basic agreement has been reached and only technical details need to be ironed out.

Benefits can certainly result. The travelers who fly the route will be given faster, more convenient service. More important, any peaceful relations between the two nations may contribute in some measure to a better understanding and to an eventual lessening of tensions.

But one hopes that the U. S. negotiators kept on their toes and wrote unequivocal safe guards into the terms finally agreed upon. The rea-

son for that is simple. The U. S. airline that will provide World Airways — a self-supporting private enterprise with service is Pan American some 40,000 stockholders. The Russian airline that will provide service is Aeroflot — and it is wholly government-owned and a branch of the Soviet air force.

So, if Aeroflot were allowed to, it could offer ridiculously low fares — losses are nothing to a socialized enterprise, or to a military arm, because increased taxes can always be levied to cover them. It would be used as a weapon in the Soviet economic war against us.

The new service seems a desirable addition to international air traffic. But American rights and needs must be carefully protected.

BIGGEST JOB FOR AGRICULTURE

At more or less regular intervals we hear talk — apparently of a trail balloon nature — to the effect that wage and price controls may be in the offing. And existing and proposed agricultural programs impose or would impose on American farmers stricter and more unpredictable controls than any they have ever experienced.

So something said in a recent speech by H. R. Davison, president of the American Meat Institute, is of real importance now. In his words: "The livestock and meat industry has, during the last 20 years, done the biggest job for American agriculture. All the talk about programs, all the talk about government, all the talk about quotas, all the talk about production controls, etc., are meaningless in contrast to the fact that the biggest increase farmers have had during this period has been the market for meat food products. It has accounted for an increased feed grain outlet of 75 per cent in 20 years. Of harvested forage — 60 per cent. Of pasture and range forage — 30 per cent. The production of beef, for example, has almost doubled in this period."

And during those years, never forget, meat has moved in the free market — the market which is ruled, not by fallible human judgement, but by the natural law of supply and demand. The consumers have benefitted right along with the farmers.

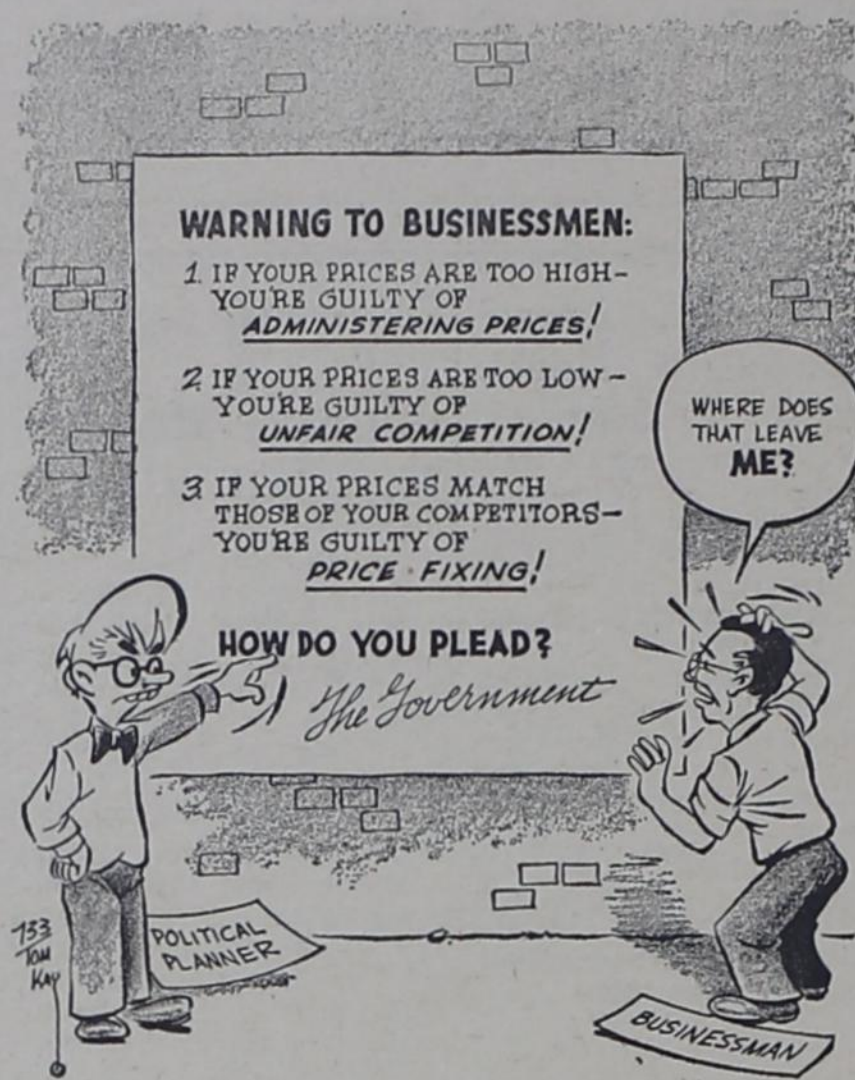

WISE WORDS FROM THE PAST

A century and more ago the phrase "welfare state" was not known. But the philosophy it describes was — and had been all through recorded history. And some of the greatest Americans warned tellingly against its dangers.

For instance, Abraham Lincoln said: "The legitimate object of government is to do for a community of people whatever they need to have done, but cannot do at all, or cannot so well do, for themselves, in their separate and individual capacities. In all that people can individually do as well for themselves, government ought not to interfere."

Then, long before that, Thomas Jefferson expressed the same philosophy in other words: "I place economy among the first and most important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence, we must make our choice between economy and liberty or profusion and servitude. If we run into such debts, we must be taxed in our meat and drink, in our necessities and our comforts, in our labors and in our amusements. If we can prevent the government from wasting the labors of the people, under the pretense of caring for them, they will be happy."

We can profit, if we only will, from these wise words from the past.

No Place Left to Go

LIMITS THAT DON'T LIMIT

The public debt limit has turned out to be pretty much of a farce. It seems to this "Viewer" that Congress ought to quit bothering with it — it just doesn't seem to limit.

President Kennedy, on June 30, signed a bill raising the temporary (there's that word "temporary" again) limit on the Federal debt from \$293 billion, effective for the fiscal year ended June 30, 1961, to \$298 billion for the new fiscal year commencing July 1, 1961. This was necessary because Federal spending will push the debt up to a new peak.

It is a foregone conclusion that there will have to be another hike in the debt limit for fiscal '62, because of the \$5 billion-plus deficit shaping up for that year.

We are skeptical of the value of the debt ceiling because this is the seventh time since 1954 that Congress has agreed to a "temporary" debt limit in excess of the "permanent" ceiling. As for the latter, it has been raised from \$275 billion set in 1946 to \$283 billion in 1958 and \$285 billion in 1959.

The object of the debt ceiling was to put the brakes on

government spending. The spending has gone merrily on. As we said at the outset Congress ought to quit bothering with these debt ceilings either "temporary" or "permanent" — they seem to serve no purpose.

THE EDWARD YELLIN CASE

On June 21, 1961 Congressman Francis E. Walter, Chairman of the House Committee on Un-American Activities, complained about a serious evasion of "obvious responsibility" by Alan T. Waterman, Director of the National Science Foundation. That responsibility was to terminate a \$3,800 fellowship granted to Edward Yellin by the tax-supported National Science Foundation. Yellin had been granted this fellowship in spite of his exposure as a communist colonizer before the House Committee on Un-American Activities.

The colonization program of the communist conspiracy involved a plan whereby intellectuals and white-collar workers were directed to leave their own chosen fields and obtain employment in the basic industries of the United States. This program was started in late 1948. The communist intellectuals going into America's basic industries as factory workers were directed to conceal their educational background. A major objective of this program was to place intelligent leadership in factories to mislead innocent union members into following the communist program to disrupt industry.

On February 10, 1958 Edward Yellin testified before the House Committee on Un-American Activities and refused to answer questions regarding his affiliations with the communist conspiracy and the communist colonization program. Yellin

was identified as a member of the Communist Party by Joseph E. LaFleur, a former FBI undercover agent in the Party. The committee hearings revealed that Edward Yellin concealed information that he had attended the City College of New York and the University of Michigan when he applied for employment in a Gary, Indiana steel mill. Later Yellin was indicted by a Grand Jury and convicted for contempt of Congress.

This man and many other college-educated communists like him have been sent into factories around our nation to further the communist plot to enslave the American people. It is a tragic blindness upon the moral blindness of this age when the money of American taxpayers is used for granting a college fellowship to one who is committed to enslavement of the American people by the Kremlin slavemasters.

The case of Edward Yellin and the National Science Foundation is merely one of many examples we could cite showing the foolish suicidal path being taken by our policy makers on the internal and foreign fronts. The communist conspiracy's policy aims at total victory. Our policy on the domestic and foreign fronts, if we have any policy, appears to have no goal. We are drifting into the chains and slavery of tyranny.

Reunion Honors Sister Kathleen

Sister Kathleen, on her first visit in Muenster in five and a half years, was the honoree at a reunion of her relatives — the Schmitt and Hess families — Sunday in City Park. She was the guest of her parents, the Eddie Schmitts, over the weekend, stopping here enroute to Rhineland where she will teach school for the new term.

Joining the Muenster relationship for the get-together with a picnic dinner at noon were Mr. and Mrs. Leroy Schmidtkofer and daughters Susan and Mary of Lindsay, Francis Fisher of A&M College who was home and a friend who came with him. Over 50 kinfolk were present. Sister Kathleen's parents took her to Rhineland Sunday afternoon, and remained there overnight as guests of the Joe Browns. Driving with them were Sister Bertha and Sister Christopher also assigned to Rhineland school. The three came here together from Jonesboro Saturday.

Back From Trip to Florida, Kentucky

Because their daughters are in Florida and Kentucky, those were the vacation sites for Mr. and Mrs. John Wieler this year. Accompanying them on the 11-day trip was Mrs. Wieler's sister, Mrs. J. C. Trachta. They returned Sunday night.

At Jacksonville Beach, Fla., they were with their younger daughter and her husband, Mr. and Mrs. Mike Newbill. The Newbills Sr. also live there and together they enjoyed deep sea fishing and sight-seeing including the Fountain of Youth, the old Ponce De Leon Hotel, the Wax Museum at Elizabethtown, and the Naval Base at Jacksonville.

Mrs. Newbill accompanied the Muenster trio to Kentucky to visit at Fort Knox with Lt. and Mrs. John Broome. His parents from Hopkinsville, Ky., were there at the same time and they all went sight-seeing in the area and at Louisville. Mrs. Broome has joined the teaching staff at the Post School. She is librarian.

See Kin, Friends On Arkansas Trip

Mr. and Mrs. Felix Yosten saw dozens of friends during their weekend trip to Arkansas in addition to their nun daughters. With them was their son Cyril who they took to Subiaco after visits in Jonesboro and Little Rock.

The Yostens took their daughter Bernadette, niece Lorraine Mayer of Fort Worth, and the girls' schoolmates, Sharlene Sicking and Ruth Bayer to Holy Angels Convent and after visiting nuns and Miss Maggie Simons spent some time with their daughter, Sister Estelle, a recent nurse graduate, and another nun-nurse, Sister Carmella Bayer who are both on duty at St. Bernard's Hospital.

On their rounds they met Chaplain Father Louis and chatted with him. He and Miss Maggie and former local girls in the convent all sent regards to their friends here.

From there Mr. and Mrs. Yosten and Cyril went to Little Rock to see their daughter and sister, Sister Celeste, and after that their destination was Subiaco where Cyril registered for the school term. Here again they met and visited with dozens of friends.

Scout Fun Night Honors 4 of Troop

Local Boy Scouts' fun night for the month of August was an outing at City Park with a splash party and wiener roast honoring four members of the troop as a farewell gathering. Rickey Endres, Pat Hennigan Jr., Jerry Taylor and Danny Wilde were feted before their departure for Subiaco, Ark., to attend school.

Scout mothers in charge of refreshments "did it up big", with pie and ice cream and Cokes after a wiener roast and marshmallow toast. Hostesses were Mrs. Wilfred Reiter, Mrs. Johnny Streng and Mrs. Charles Taylor.

Some of the Scouts took the opportunity to advance in swimming and life saving. L. B. Bruns was there to grade and pass them.

Mary Ellen Endres Demonstrates Party Plates at HD Meet

Miss Mary Ellen Endres, Sacred Heart 4-H Club member, demonstrated party refreshments for the Muenster Home Demonstration Club at the monthly meeting Wednesday. The club met in the home of Mrs. Alois Rohmer.

Mary Ellen, talented 12-year-old, demonstrated making three refreshment plates. As she assembled food and prepared a drink to accompany it, she gave recipes, explained procedure and stressed serving light nutritious food rather than heavy foods. Members sampled the refreshments.

During the business session members voted to change their meeting date to the second Wednesday of each month and to remind each other that the next meeting is on September 13.

Date for the Celenise program has been set for September 20 and more information on this demonstration will be released in advance of the day.

Members turned in their individual work sheets and received the new year books. At the next meeting they will fill out the programs, hostesses and other information necessary to complete the books. Mrs. Paul Fisher will be hostess for the Sept. 13 meeting. She will bring the program on Highway Safety.

Mrs. Herbie Fleitman conducted the business session in the absence of the president. After adjournment the hostess, Mrs. Rohmer, served strawberry shortcake and coffee to 12 members and two guests, Mrs. Alvin Hartman and Mary Ellen Endres.

Outing at Park Is Fuhrman Reunion

Members of the H. J. Fuhrman family had a reunion outing in City Park Sunday while Mr. and Mrs. Bill Fuhrman and children Bobby and Tina of Fort Worth were here so all the relationship could be together for a visit with them.

Everyone brought eats and drinks for a picnic dinner at noon. Joining those from here were the Robert Pultes and children of Gainesville.

New Cheer Leaders

Sacred Heart High pep squad lost no time in getting organized and naming cheer leaders. This was one of the first things the girls did after school started and they have been practicing to cheer for the Tigers at Friday night's game.

Chosen cheer leaders are Alice Walter, senior, heading the group of Patsy Endres and Charlene Otto, seniors, Patsy Klement, junior, and Rita Noggler, sophomore.

Friends Call to See Sister Bertha

Youngsters and oldsters dropped in at the Sisters' convent Saturday afternoon and Sunday morning to visit with Sister Bertha, former veteran second grade teacher at Sacred Heart School, while she was in Muenster over the weekend.

She arrived from Jonesboro, Ark., Saturday morning in company of two other Sisters. The three are assigned to Rhineland school for the term. Local Sisters drove to Dallas to meet their train. With Sister Bertha were Sister Christopher and Sister Kathleen. The latter was the guest of her parents, the Eddie Schmitts, who took the three to Rhineland Sunday afternoon.

### Ungraded Primary Starts Third Year At Sacred Heart

Attendance was perfect Wednesday of last week as 62 beginners of Sacred Heart School reported for their special Metropolitan Readiness Tests. Special thanks are extended this week by the primary teachers to all the parents whose fine cooperation got the program off to a good start.

The ungraded primary program is now in its third year at Sacred Heart and there are 174 pupils enrolled in the primary department. Levels G and H were added this year to round out the complete eight levels in the program. The teachers feel this program has been a great help in meeting the individual needs of children. Those working in the program are Sisters Genevieve, Henrietta, Brenda, Pauline and Rose.

Plans to introduce the ungraded primary system in parochial schools of Sherman and Denison were discussed here last Sunday in a meeting of their teachers with Sacred Heart primary teachers. Local teachers explained merits and methods of the program and showed materials they are using.

The visiting teachers were Sister Alberta of Denison; also Sisters Roberta, Paula and Margaret Joseph and Mmes. McKinney and Frances of Sherman.

### Home-School Meet Re-set for Sept. 5

Sacred Heart Home-School Society meeting, cancelled Tuesday this week on account of the death of Sister Celine, has been re-set for next Tuesday after novena devotions.

Officers elected last spring before the end of the term will assume duties. The new roster of officers lists the following: Ed Endres, president; Ray Sicking, vice president; Mrs. Richard Grewing, secretary. Mrs. Gene Schmitz, treasurer.

### Football District Teams Adopt Set Of Regulations

Regulations for football in District 37-B of which Muenster High is a member, remain practically the same as last year, superintendents and coaches of the six schools decided here last Saturday at their meeting in Muenster State Bank.

District chairman for this season is Superintendent L. B. Bruns and secretary is Coach Glenn Richardson.

For the first half of the season starting time for the games is 8 o'clock. On and after October 13 the starting time is advanced to 7:30.

Admission charges are 75 cents for adults and 35 cents for children. Exceptions here are band and pep squad members in uniform and bus drivers. They will be admitted without charge.

The rule applying to tied-score games is also unchanged, the winner to be determined on the basis of penetrations. If the teams are tied also in that respect first downs will decide. Statistics to be considered for such decisions are those kept by an official on the field. Each game will have four officials.

After the season three trophies are to be awarded: for championship, runner-up and sportsmanship. At the time of those awards coaches will again select all-district teams. Nominations are to be made in writing before the meeting and no coach will nominate players of his own team.

The district will again sponsor a junior schedule for schools that have junior teams. Schools concerned will draw up their schedule.

### Classes, Pep Squad At MHS Organize

Classes at Muenster High have organized for the term and have elected officers. Pep Squad has organized too and named cheer leader and majorettes.

Heading the senior class is Dickie Pagel as president. Other officers are Paulette Walterscheid, vice president; Betty Jean Klement, treasurer; Diane Horn, reporter; Martha Sue Meurer, secretary. Robert Klement heads the junior class. Tommy Mosman is vice president; Bobby Tuggle is secretary-treasurer; and Nancy Rathburn is reporter.

Sophomores elected Linda Fette president; Allen Reiter, vice president; Sandra Cain, secretary; Kathy Trubenbach, treasurer; Larry Gobble, reporter; Billy Don Wolf, sergeant.

Freshman class officers are Tommy Flusche, president; Rita Trubenbach, vice president; Debbie Fette, secretary; Joyce Rumley, treasurer; Brenda Cason, reporter.

Cheer leaders are Della Wimmer, Bobby Tuggle, Paty Fette and Rita Trubenbach. Betty Jean Klement is drum major and Sharon Schumacher, Rosemary Fisher and Paulette Walterscheid are majorettes.

### California Trip Is Vacation for 4

The up and down streets, the cable cars, Cliff House and Fisherman's Wharf all fascinated Mr. and Mrs. Al Trubenbach and his parents, Mr. and Mrs. Tony Trubenbach Sr., on their two-week visit in San Francisco, but nicest of all, according to Mrs. Al Trubenbach was seeing their little granddaughter while they were guests of the Lloyd Trubenbachs.

Lloyd who is stationed at Camp Presidio, and his wife took the visitors on extensive sight-seeing tours.

Other stops for visits were in Glendale to see Mrs. Tony Trubenbach's brother Pete Tempel and family, and at Sea Side where they were guests of Mr. Trubenbach's half-brother, Will C. Bindel. The Muensterites returned home Tuesday.

### State Ups Fee on Driver's License After September 1

AUSTIN — The Texas Department of Public Safety reminded Texas drivers today an increase in license fees has been ordered by the Legislature effective September 1.

The Texas operator's license hereafter is increased from \$2 to \$3 for a two-year period, the commercial driver's license is increased from \$3 to \$4.50 for a one-year period, and the chauffeur's license goes up from \$4 to \$6 per year.

The fee for a duplicate of a lost license remains at 25 cents.

"We urge all drivers to be sure they send the right amount in with their renewal applications," said Col. Homer Garrison Jr., DPS Director. "Those which are accompanied by the old fee will have to be returned to the sender, causing unnecessary delay and inconvenience."

He said the \$3 two-year operator license is still lower than the fees in 12 other states, and is exactly the same as in five other states. He reported Texas now has 4,838,000 currently-licensed drivers.

"Incidentally," said Garrison, "we would like to urge drivers to take care of their licenses, in spite of the fact that it only costs 25 cents for a replacement. Last year we received 85,000 applications for duplicates of lost or mutilated licenses."

If you can't write it and sign it, don't say it.

### Marysville News

By Mrs. John Richey

Mr. and Mrs. John Richey and their young nephew, Marc Barnes of Gainesville, drove to Sulphur, Okla., Sunday to visit Mrs. Richey's aunt, Mrs. Inez Ballinger. Returning home they were supper guests of Mr. and Mrs. John Barnes in Gainesville and left Marc with his parents. He had spent five days with the Richeys while his mother was ill and in the hospital.

Among those cheering Mrs. Mary Pruitt with a bedside visit at Gainesville Sanitarium the past week were Mr. and Mrs. W. F. Davidson.

Mr. and Mrs. Grady McElreath, accompanied by Mr. and Mrs. Melton Ramsey weekended in Shreveport, La., for sight-seeing. Rickey and Robby Ramsey enjoyed the weekend on the farm with

their aunt and family, the Sam Sparkmans.

Mrs. J. N. Shaw spent Friday in Gainesville with her sister, Mrs. Emma Breckenridge. Their sister, Mrs. Myrtle Blount of Gainesville, joined them.

Mr. and Mrs. Bo Snow of Greenville drove to Westview Friday afternoon to return their nieces, Reba and Elizabeth Roe to their home after a week's vacation with them. Mr. and Mrs. Snow came to Marysville for the weekend as guests of her parents, the W. F. Davidsons. Joining them for the noon meal Sunday was Ed Wardell of Gainesville who was guest speaker at the Methodist Church Sunday morning.

The Henry Mozings and daughter Shirley were dinner guests of Mr. and Mrs. Joe Doughty Sunday after Rev. Mozingo conducted services at the Baptist Church. Miss Linda Whitt and the Weldon Doughtys and family joined them for dinner.

Mr. and Mrs. Bill Moon joined Mr. and Mrs. Max Harrell and children of Gainesville Sunday to spend the day sight-seeing in Oklahoma. Kim and Rex liked Turner Falls and Lake Murray with a picnic dinner best.

Mrs. Buford Whitt and daughter Linda drove to Fort Worth Wednesday to bring James Whitt home after a vacation visit with his brother, Rev. Billy Whitt and family. They also brought the Whitts' grandsons, Jeffrey and Keith, with them and Misses Sharon Whitehead and Janie Guthrie. The four had a three-day visit with the Whitt family and James and Linda drove them back to Fort Worth.

Mr. and Mrs. Ray Winchester and family of Arlington were weekend visitors with his parents, the C. L. Winchesters.

"The college I went to has turned out some great men." "When did you graduate?" "I didn't graduate. I was turned out."

**ASC Office Lists Program Duties Of Committeemen**  
 ASC farmer-committeemen, who will soon be elected by their neighbors for the coming year, have important program responsibilities. This makes it all the more important that representative farmers be elected to the job.  
 ASC committeemen have charge of the local field administration of such national farm programs as acreage allotments, marketing quotas, commodity loans, the feed grain program, the Sugar Act program, the National Wool Program, the Agricultural Conservation Program, the Conservation Reserve Program, and farm stor-

age facility loans. Other duties are assigned to the committees by the Secretary of Agriculture as the need arises.

Each year, farmers who are taking part in one or more of the farm programs which the committees administer elect a community committee from among their own number. The chairman and vice chairman of this committee also serve respectively as delegate and alternate to a county convention, where the county ASC committee is elected.

In Cooke County, the farmers who are eligible to vote for the community committee and for delegates to the county convention will cast their ballots by mail or in person at the County ASC office. These ballots are being mailed and must be post-marked or returned to the County ASCS office not later than September 15, 1961.

"Should I take junior to the zoo tomorrow?"  
 "Heck, no. If the zoo wants him, let 'em come and get him."

**Tips From Your Hatchery**

See by the papers the cost of living went up last month. Reckon the statistician that compiles those figures don't know how cheap you can buy a dressed hen from the Muenster Hatchery. If you have a cook that is handy with the accessories, a hen costing less than a dollar will feed a lot of people with a meal that equals a banquet.

Yep, we are selling them, fresh bagged and frozen, ready without any extra expense, for your locker or freezer for 25c a lb., that is, in lots of six or more, average about 3 1/2 lbs ea.

Or if you haven't forgotten how to dress fryers, and really enjoy the goodness of fresh killed fryers, we have dandy, corn fed, White Rock or New Hampshire cockerels weighing from 2 1/2 to 3 lb. for 45c ea. in lots of 10 or more.

It's the high cost of high or easy living rather than the high cost of living. "Snake-Stop" repels snakes from gardens, houses, garages, campsites. One application lasts a month or more, effective only against real live snakes.

Hope to see you soon. Clive.

### Illinois Visitors Feted at Reunion

A family reunion of the Walter clan honored Mrs. Charles Everett and children, Peggy, Charles Jr., Allen, Tom and Rod of Olney, Ill., while they were here on vacation with her parents, the

Miller Funeral Home

John Walters and other relatives.

The get-together was a Thursday night event held at City Park with a covered dish supper and some 75 kin-folk present from Muenster, Gainesville and Valley View. The gathering also gave the relationship an opportunity to visit with Larry Hofbauer, vacationing here from River-ton, N. J., and Mr. and Mrs. Barry Blevins and children Melinda, Tommy and Phillip of Hallettsville, guests of her parents, the Joe Walters at Gainesville, during a week's vacation.

The Everettes returned home Thursday wishing they could have stayed longer but time was close to school opening and Charles Jr. will be entering the Air Force early in September.

### See 9 States and Canada on Trip

Nine states and Canada were visited this year by Miss Theresa Sicking and her mother, Mrs. Margaret Sicking, of Gainesville. They covered 4400 miles on the 18 days they were away for sight-seeing and visiting relatives. Mrs. Carma Morris of Gainesville accompanied them on the car tour but left them at Lincoln, Neb., as they were returning home. She will be there for an extended visit with her children.

Mrs. Sicking, 81, and on crutches, didn't miss a thing. She got around nimbly, even rode the 1880 steam powered train ten miles up 7000 feet at Hill City, S. D. And collected rocks along the way for a home grotto she has planned.

Of stand-out interest on the scenic side were the International Peace Gardens on the Canadian border, the White Shell Government National Park in Winnipeg, the 250 mile, 29-lake scenic drive, and the Lake of the Woods in Canada.

In the states they toured the Black Hills and Bad Lands in South Dakota, visited Mt. Rushmore, the Needle Eye, and Lake Superior and viewed beautiful crops as well other natural beauties in Wisconsin, Michigan, Minnesota, Iowa, Nebraska, Missouri, the Dakotas, Kansas and Oklahoma.

One of their most interesting experiences was a tour of Boys Town in Nebraska. Relatives they visited were in Spalding, Neb., and Saint Joseph, Mo. In New Rockford, N. D., they stopped to see friends.

### Friendly Neighbors Play 42 at Party

A progressive 42 session entertained members of the Friendly Neighbors Club at their August meeting Wednesday night when Mrs. David Trachta was hostess in her home.

Game prizes went to Mrs. Arthur Endres, a guest, for high score; to Mrs. Tony Koesler for second high and to Mrs. Earle Otto as consolation award.

The hostess served a salad plate and coffee to ten members and two guests, Mrs. Endres and Mrs. Ray Otto.

### Inspect Heating Equipment Now Gas Co. Advises

Lone Star Gas Company this week reminded local residents that now is the time to have gas heating equipment inspected and pilots lighted before the temperature begins to drop.

All users of gas central heating systems, floor furnaces, wall heaters, unit heaters and other gas heating equipment should call a heating contractor or Lone Star Gas Company now to avoid any delay in having their equipment serviced.

### Mrs. Ada Mitchell 84, Honored Twice

Mrs. Ada Mitchell of Hardy was twice honored the past week in observance of her eighty-fourth birthday which occurred on August 24.

A "grandmas' party" was held on Aug. 22 in the home of Mrs. Dick Cain, those attending bringing covered dishes for the noon meal. Thirty signed the guest register.

The honoree who still plays the piano presented musical entertainment, joined in some of the numbers by Mrs. Cain's father, J. S. Hogan, who played the violin. He was a special guest attending with Mr. Hogan and her sister, Mrs. Harrison Hunter who came from Burselon. Also present from out of town were Mrs. T. C. Rhone and children of Bellevue and Mrs. S. M. Steen of Fort Worth.

Mrs. Mitchell's second honor came on her birthday in the form of a covered dish dinner at her home, neighbors and friends surprising her at noon.

### Three Girls Enter St. Smith Convent

Members of the Al Hess family, Muenster, and the H. N. Stoffels and Adolph Fuhrmann families of Lindsay will be seeing their daughters settled at St. Scholastica's Convent in Fort Smith, Ark., the latter part of this week. Marjorie Fuhrmann will be in the novitiate, Veronica Hess will be a postulante and Linda Stoffels will enter the aspirancy.

Family gatherings honored the trio during the week. Among courtesies for them were a supper party for Marjorie Fuhrmann and her family here in the home of her uncle and aunt, the H. J. Fuhrmans. The Al Hess family was all together during the weekend before Dennis Hess went to Subiaco. Miss Carol Ann Hess was home from Fort Worth to complete the family circle.

Man discussing vacation with friends: "We stayed home this year. We took a pay-later vacation last year!"

**MA Degree Earned By Della Flusche**

Miss Della Flusche, daughter of Mr. and Mrs. L. W. Flusche of Decatur, formerly of Muenster, received the Master of Arts degree in history from Marquette University during the 1961 summer session. After a visit with her parents she will return to Milwaukee to teach at Divine Savior High School. Mr. and Mrs. Flusche and Della visited here Sunday and were dinner guests of the L. A. Bernauers. The couple's daughter, Miss Joanne Flusche, who is a student at St. Thomas University in Houston will visit her parents in September.

**PTA Reorganizes At First Session And Plans Program**

Getting organized for the school term and discussing programs and projects for the year occupied members of the Parent-Teacher Association at their first meeting of the season Monday night. Bill Lindsay, new president, presided. Suggestions presented as PTA projects this year include fixing playground equipment, supplying band instruments and putting up a tennis court. Those on the committee will bring reports to the next meeting.

Superintendent L. B. Bruns introduced teachers including two new ones on the faculty: Glenn Richardson, seventh and eighth grade teacher and coach, and Charles Ray Lynch, band master. Afterwards he explained the high school subjects and the laws of the state.

Coach Richardson announced the football schedule and mentioned that homecoming is set for October 14. Mr. Lindsay suggested a program on parliamentary procedure for the next meeting and appointed a committee of L. B. Bruns, Mrs. Albert Fleitman, Mrs. Paul Fisher, Charley Hellman and Mrs. Kenneth Selby to assist with program planning.

Members were also named to be in charge of the concession stand at football games on Sept. 8 and Oct. 6. Mrs. Paul Fisher said four 36-cup percolators have been ordered and can be expected to be here for the first game.

After adjournment Miss Doris Vavra served refreshments.

**Local News BRIEFS**

Sunday visitors with Mr. and Mrs. John Rohmer were their daughter and son-in-law, Mr. and Mrs. M. L. Wright and children Michael, Mary and James of Irving. The Wrights have just moved into their own home at 3122 Wm. Bruster Drive in that city.

Mr. and Mrs. Melvin Herr and daughters Tina, Kathy, Janice and Pamela of Wichita Falls divided a weekend visit with their families, the Frank Herts here and the Frank Mages at Gainesville. Sunday evening before returning home they were supper guests of Mr. and Mrs. Alvin Hartman.

Mrs. Gerald Stelzer and children Geraldine, Terry, Shirley Ann and Matt II stopped here last Wednesday night to Friday for visiting with Mr. and Mrs. John Schmitz and other relatives and friends. They were on their way back to Norwalk, Calif., after a car trip to Chicago to visit relatives. Enroute home they visited in Post with the Matt Stelzers. It was the Californians second stop with family members here and in Post. They also stopped when they were headed for Chicago two weeks earlier.

Mrs. Earle Otto and daughter Elaine drove to Lubbock for a weekend visit and brought her mother back home. She had been there with her son and his wife, the T. J. Hoffman. Mrs. Hoffman continues as a patient in West Texas Hospital and will be there two or three more weeks.

Mr. and Mrs. Bobby Howell and daughters Rebecca and Stephanie ended their annual vacation with a weekend visit here with her mother, Mrs. Tony Gremminger and her sister and family, the Maurice Pagels.

Since returning from their wedding trip to South Texas and the Gulf of Mexico, Mr. and Mrs. Sheldon Lutkenhaus are getting settled at housekeeping. They are at home in the L. A. Bernauer house, east of the Bernauer residence.

Mr. and Mrs. Al Yosten had as guests one day the past week Mrs. J. C. Dinnegar, Gene Dinnegar and his two sons, all of Watertown, S. D. They are Mrs. Yosten's aunt and cousins and visited first in Celina with Mr. and Mrs. Joe Tischler who came to Muenster with them. The visitors enjoyed area sight-seeing and were especially interested in the local oil fields.

Rodney and David Walter had a bit of a vacation the past week in Hot Springs, Ark., going there to see their sister, Sister Verona. Returning, they stopped at Subiaco to visit the abbey church and their cousin, Frater Frowin Schoech and friends including Frater Eric Zimmerer. Rodney and David will both be students at the University of Dallas this year. It will be David's first year, Rodney's second.

Mr. and Mrs. Norman Luke and children Karen, Susan and Norman Jr., returned to Shreveport, La., Monday after a five-day visit with his parents, the Joe Lukes.

Mr. and Mrs. Joe Hoehnig have their young granddaughter, Diana Cottle of Dallas, with them for the school term. She's a first grader at Sacred Heart. They went to Dallas for her Sunday, visiting in the home of their daughter, Mrs. Rita Cottle, after having dinner in Carrollton with their son, Rupert Hoehnig and family.

Miss Betty Jean Sicking and her future husband, Bill Schneck, were here over the weekend visiting her parents and family, the Bernard Sicking and seeing her brother Melvin before he went to Subiaco for the school term. This weekend Betty Jean will be back getting ready for her wedding on Saturday, Sept. 16, in Sacred Heart Church.

Miss Jeanette Klement and her father, Walter Klement, were in Fort Worth Sunday making arrangements for Jeanette to enter nurses training there when classes start. Jeanette remained for a few days visit with her cousin, Miss Marcy Klement, permitting Marcy's parents, the Norbert Klements, to come home after being at her bedside since she had surgery Friday morning.

A trio of sisters, Mrs. Gus Lutkenhaus, Mrs. Paul Fetsch and Mrs. Henry Henscheid, visited in Gainesville Sunday afternoon making calls on shut-in friends, Mr. and Mrs. Bob Stinnett at their home and Mrs. Tom Jackson, 92, at the Sanitarium. And they stopped in to see Mrs. George Lutkenhaus at her home, after visiting the shut-ins.

Mr. and Mrs. Wilfred Bindel and their children, accompanied by her parents, Mr. and Mrs. Joe J. Neu of Lindsay, drove to Irving Sunday for a visit with the Raymond Hoehnigs, then took the youngsters to see Story Book Land. On the way home they stopped at Carrollton to visit the Leonard Bindels and had supper with them.

Visitors here Friday in the J. M. Weinzapfel home for a few hours were his cousin and family, Mr. and Mrs. Matt Weinzapfel and Dan, Jim and Patricia of Evansville, Ind. It was one of the last stops of their vacation. Joining them for the visit were another cousin, Mrs. Tony Gremminger, her daughter Mrs. Bobby Howell and two little girls visiting here from Fort Worth and Mrs. Maruice Pagel and children. The Indiana Weinzapfel family's last visit here was in 1953 and they got acquainted with new additions to the family since that time.

A French poodle met a Russian wolfhound in Paris and inquired, "How are things in Russia?"

The Russian wolfhound replied, "Wonderful! I sleep in a 14-carat gold doghouse, I lie on a sable rug, and all day long they feed me caviar."

The French poodle was astonished. "If things are so good in Russia, why did you come to Paris?"

And the Russian dog said, "Well, once in a while I like to bark."

**First Celebration**

Tammie Sue Cain was the center of attraction at her first birthday celebration Sunday afternoon in the home of her grandparents, Mr. and Mrs. Dick Cain. She's the daughter of Mr. and Mrs. Dickie Cain.

A three-tier cake topped with one candle was cut and served with home made ice cream, gifts were unwrapped and movies made. Relatives and friends were present including Mr. and Mrs. George Petrus and children of Rhineland.

**Lindsay News**

Mrs. George Spaeth had as Sunday visitors her daughter and grandson, Mrs. Walt Barry Jr. and James of Dallas, who spent Saturday in Muenster with relatives.

Father Francis Zimmerman is here for a convalescent vacation with family members. He came home with his brother, Bruno Zimmerman, who was at Subiaco during the weekend seeing his son, Tommy, get settled for the school term. Others at Subiaco during the weekend either to take boys to school or to attend the Building Committee meeting were Paul Arendt Sr., Jake Bezner, H. S. Fuhrman, Mrs. Lawrence Zimmerman and Mr. and Mrs. Julius Hermes Jr. The Hermes took his brother Pat to school, Mr. Fuhrmann also visited his son, Brother Louis.

Miss Sharon Hacker of Valley View has enrolled at Lindsay High School as a freshman and is living with her grandparents, Mr. and

Mrs. Joe Prescher during the term. She is the daughter of Mr. and Mrs. Martin Hacker.

Mr. and Mrs. Lawrence Streng and family of Gainesville are anticipating a move to Lindsay within a week. Their new home is almost completed. The Streng children are already in school here, starting at the beginning of the term. Kathleen is in first year high, Shirley is a beginner, and LaVerna is in grade school. Marcella is four years old.

**St. Anne Society Has Business and Social Meeting**

Regular business session and social for St. Anne's Society of St. Peter's Parish was attended by 65 members Thursday night after the group gathered in church to recite the rosary.

The assemblage heard interesting reports on the Catholic State League convention in Weimar, told by Mrs. Norbert Zimmerman and Mrs. J. C. Schmidkofer, delegates, who also had pictures to add interest to their talks.

Another entertaining report was given by Mrs. Wilfred

Hess who attended the quarterly NCCW meeting in Sherman.

Father John had his first meeting with the society and commended the members on their attendance at the meeting and for sending such a large selection of articles to the mission exhibit at Weimar.

St. Anne's Society continues to grow. Eleven new members have been added bringing membership to 150.

Two members joined in a reception ceremony Thursday night before the meeting and nine were enrolled in ceremonies on the feast of St. Anne.

The business session was followed by refreshments of coffee, doughnuts and sweet rolls, served by Hostesses Mmes. Anton and Ray Laux, Miss Theresa Loerwald and Mrs. George Moster. Mrs. Alvin Loerwald won the attendance prize.

The newly admitted members are Mmes. Wilfred Bezner, Eddie Grewing, Rudy Dieter, Ray Haverkamp, Bill Dankesreiter, Henry Voth Jr., Aloys Voth, Robert Gruber, Julius Metzler, and Gene Owen and Miss Lean Streng.

**Wanda Jean Hess Clem Hermes Jr. to Wed September 23**

Mr. and Mrs. John J. Hess of Lindsay have announced the approaching marriage of their daughter, Miss Wanda Jean Hess, to Clem Hermes Jr., son of Mr. and Mrs. Clem Hermes, also of Lindsay.

The wedding is planned for Saturday, Sept. 23, at 4 p.m. in St. Peter Church.

Both young people are graduates of Lindsay High School. She was graduated also from Sherman Beauty School and is employed at Dorothy's Fashionette Beauty Salon in Gainesville. Mr. Hermes works for Felderhoff Bros. Drilling Company and also is associated with his father in farming.

Miss Dolores Hess will be her sister's maid of honor and Gilbert Hermes will be his brother's best man. Other attendants will be Mr. and Mrs. Alfred Hess.

A real restful vacation is what Mrs. Frank Kathman says of her three weeks away from home. She spent one week with her sister and husband, the J. K. Stovers in Chickasha, Okla., and with them visited her brother, Matt Ellis at Norman. The next two weeks were spent with her daughter and family, the Charlie Morris at Panhandle. Twice she went sight-seeing and shopping with them, once to Amarillo and once to Borger.

When filled with hot water, a thick glass will crack more quickly than a thin one.

**BIRTHS**

From Odessa come announcement of the birth of a son to Mr. and Mrs. Virgil Walter Monday morning, August 28. He's their first child. The proud papa telephoned the good news immediately to the grandparents, Mr. and Mrs. Al Walter. The baby's great-grandparents are the John Walters and the John Hartmans. A boy in the family is something special — the first child in the fourth generation of the family with the Walter surname.

It's another little girl for Mr. and Mrs. Cecil Neu of Valley View — their sixth daughter. She arrived at Gainesville Sanitarium Friday, Aug. 25, 6:45 a.m. weighing seven and a half pounds. Her grandparents are the W. M. Terrys and the Frank Neus of Valley View. Frank Trubebach is great-grandpa again.

Mr. and Mrs. Frank Benenate of Dallas have announced arrival of a daughter. They have two other girls and two boys. The newcomer is another grandchild for Mrs. Joe Bezner of Lindsay.

Birth announcement was received here Tuesday of the arrival that morning of an eight pound eight ounce daughter to Mr. and Mrs. Jim Collman of Paris, Texas. Mrs. Collman is the former Henriette Herron of Muenster and Mr. and Mrs. Herron of Denison are the grandparents. The couple has three other children, two boys and another girl. And Gus Knabe has another great-grandchild.

Mr. and Mrs. Lawrence Knabe Rt. 1, Gainesville, are parents of a son, weight seven pounds one ounce, born at the Sanitarium Monday, Aug. 28, 2:40 a.m. He's a grandson for Gus Knabe.

Mr. and Mrs. Melton Vrla of Mesquite Monday announced the birth of a son. They have two other children, a boy and a girl. Hilda Reiter is the baby's grandmother and Gus Knabe is great-grandpa again.

**Fifteen Muenster Boys Report for Subiaco Classes**

Subiaco, Ark., during the weekend, was like a Muenster homecoming. Parents, family members and friends were there seeing the local boys get settled for the school year.

Fifteen young men from Sacred Heart Parish are there, one more will go on Sept. 6, and Clinton Endres, presently laid up with a broken leg, looks forward to joining his classmates at mid-term.

Eleven of the students were previously at Subiaco and four are new this term.

The returning students are John Paul Endres, Robert Fetsch, Jim Gehrig, Dennis (Al) Hess, Melvin Sicking, Charles Sicking, Richard Schoech, Clifford Pels, Wayne Trachta, Robert Walterscheid and Cyril Yosten. There for their first year are Rickey Endres, Pat Hennigan Jr., Jerry Taylor and Danny Wilde.

Still to leave is Mike Kleiss. His parents, the Al Kleisses, will take him to Subiaco on Sept. 6, but he will not study there this term. With two others who are first year college scholastics he will go to St. Joseph's Seminary in St. Benedict, La. Since these three would be only ones in a separate class, Abbot Michael Lensing has transferred them and will take them to Louisiana.

Jim Gehrig and Clifford Pels are entering the novitiate at Subiaco Abbey. All the rest are scholastics except Robert Walterscheid and Wayne Trachta who are high school students.

Families there, either on Saturday or Sunday, were the Felix Yostens, Pat Hennigans, Dick Trachtas, Otto Walterscheids, Charles Taylors, Ed Pelses and Clifford Endres, Jerry Pels, Paul Fetsch, and Gus Lutkenhaus. From Lindsay there were Bruno Zimmerman with his son Tommy and Mr. and Mrs. Julius Hermes Jr. with his brother, Pat Hermes, both returning students and Paul Arendt, Jake Bezner and H. S. Fuhrmann who attended a meeting of the Subiaco Building Committee.

Father Francis Zimmerman accompanied his brother back to Lindsay and will spend a convalescent period with members of his family.

censing officials put on the brakes.

Implications in this bit of news are frightening. Facing the possibility that the threatening crisis might bring on an embargo, greedy business people made a mad dash to get all the profit time would allow, even though they knew the exports would increase the enemy's potential in a threatened war against us.

Some excuse themselves on the claim that the goods are not strategic. But common sense tells us that everything is strategic. Every day necessities, even though non-military, help to support an enemy's economy. Besides, it relieves the enemy of producing those items, thereby diverting more manpower to production of military goods: What kind of people are these who jeopardize the nation's safety for the sake of personal gain?
