## ATTRACTION, ENTERTAINING

That's what is being said about the Pure Food Show. You'll find a complete report of the days inside this issue of The Banner-Bulletin. Note what is going on, and don't fail to attend Saturday.

BANGS

Walter Bowen of Rising Star spent the week-end visiting his mother, Mrs. Maurice Bell, and other relatives. Andrew Greer of Lamesa visited relatives, and also transacted business here last week. Mrs. W. A. Scarborough, is visiting relatives in San Angelo. Mr. and Mrs. Denver Tweede, and daughter of Buffalo, attended services here Sunday. M. G. Lowery and Lloyd Isham of Comanche were Bangs visitors Saturday afternoon. Mr. and Mrs. Lee Tesson of Richland Springs were over night visit-

ors in the home of Mr. Tesson's father, Friday night. Miss Helen Walker of Austin returned to her home after several days visit to her sisters family, Mrs. Tom Martin. Mrs. George Smith, returned to her home at Austin Sunday, after a visit to her parents, Mr. and Mrs. A. McIntosh and other relatives. Mrs. W. T. Jackson, is in a hospital in Brownwood for treatment. Forrest Gilbert and wife visited Mrs. Gilbert's parents, Mr. and Mrs. George Pate at Comanche Saturday night and Sunday. Rev. and Mrs. O. C. Reid and family visited in Zephyr Sunday where Rev. Reid preached the Baccalaureate sermon to the gradu-

ing class of Zephyr high school. Rev. Dave McDonald of Mt. Zion filled the pulpit at the Baptist church here in the absence of the pastor. John Everage of Abilene was a recent visitor in the home of his sister, Mrs. E. D. Ferguson, his mother accompanied him home for an indefinite stay. Mrs. Fannie Butler and son, Walter visited in the home of Mr. and Mrs. Emmett Guthrie at Salt Branch, this week. The Women's Missionary Society of the Baptist Church, met in the home of Mrs. Frank Brooks, Monday afternoon. Assisting Mrs. Brooks as hostess were Mesdames Olin Strange, W. D. Seymour, Walter Brooks, Thirty women were present. A program from Royal Service was rendered, several items of business transacted. A refreshment plate was passed to each guest present. All wished for Mrs. Brooks many more happy birthdays, and that we would again enjoy the privilege of meeting in the home of this good mother. Mrs. E. M. Payne of Fry town was shopping in Bangs Tuesday. Mrs. Willie Miller is visiting relatives and friends in Brady. J. C. Alcorn is reported on the sick list. C. B. Guyger left Sunday for San Angelo where he is attending court. Mrs. Bessie Mays, of Brownwood was visiting friends in Bangs Sunday. Mrs. N. M. Merrett of Menard is visiting her mother, and grandparents this week. Mr. and Mrs. Henry McGeorge left Monday for Temple, where Mrs. McGeorge will take treatments in a hospital there. Lela Dale Gibson entertained Friday night with a birthday party. Various games were played. The color scheme of pink and white was carried out. The birthday cake was beautiful with its decorations of pink with the sixteen pink candles. Many useful gifts were received. The time to go came all too soon, and the youngsters hurried away. Ice cream and cake were served to the number that remained. Mrs. Dee A. Hise and Mrs. W. W. Pulliam went to Menard Thursday as delegates from Bangs P. T. A.

to the conference of the Seventh district. These ladies report a delightful and educational trip. They were met at the depot by Mrs. Leverett a former teacher here who was receiving delegates and visitors to the meeting. Boy Scouts were much in evidence to carry suit cases, bring ice water and help make the visitors comfortable. Helpful reports were heard from many associations but home were better considering the size and opportunity than Bangs P. T. A. GENIUS WHO NEVER WALKED DIED AFTER LIFE OF INVENTION

LOUISVILLE, Ky., April 26.—(AP)—C. Lee Cook, 57, "the genius who never walked" died last night after a short illness. Although an invalid since he was 28 year old, Mr. Cook was known

international for his achievement as a scholar, an inventor and an artist. He was an authority on law, linguistics, history and art. Taken from school at seven because his parents believed he would not live, Mr. Cook at eight had built a steam engine that worked. For twelve years he educated himself and worked on the average of 11 hours a day at a lathe of his own design, producing a product from which he obtained money to continue his work and experiments. He invented a device for loco-

motives to prevent the escape of steam from cylinders and the first engine equipped with it ran 175,000 miles without a repair. His metal-packing was used on vessels of the emergency fleet during the World War. He built lathes for shells and for heavy artillery under contracts for France. His oil paintings have been hung in prominent art centres of this country and Europe. When one year old he was stricken with muscular stagnation. When he was fourteen he developed curva-

ture of the spine. Although bent by these handicaps he worked 17 hours a day continually, always in a wheel chair. In a recent magazine interview he declared his aim in life was to learn more to help others. PROTECTION WATER: What's all the trouble? TAYLOR CALLS FOR PRECINCT CONVENTIONS

Information for the guidance of Brown county Democrats in conducting the precinct conventions on Saturday, May 5th, has been prepared by County Chairman Thos. H. Taylor and sent to the chairman of the thirty-two precincts in the county.

Blank forms will be mailed next week from the office of the County Executive Committee to the various candidates for district, county and precinct offices, upon which they can make applications for places on the ticket in the first primary to be held July 28th.

Precinct Conventions Mr. Taylor's statement relative to the precinct conventions, addressed to "All Precinct Chairmen of the Brown County Democratic Party," is as follows:

"As County Chairman of the Brown County Democratic Executive committee, I hereby call your attention and the attention of all Democratic voters in Brown county to the contents of Article 3167, of the Revised Statutes of Texas.

Pledge Required "Form No. One should be signed by all the voters taking part in the convention at the beginning of the meeting. It contains the pledge prescribed by the State Executive committee at its meeting in Austin on February 29, 1928.

"Form No. Two is a blank form for the minutes of the precinct convention. After signing form No. One, the Democrats present should choose a secretary, adopt such resolutions and issue such instructions as they may desire and then elect delegates to the county convention which will meet in the Brown county district court room, Tuesday afternoon, May 8th, 1928, at 2 p. m.

"The State Democratic Executive committee at its meeting in Austin on February 29 fixed the basis of representation from the precinct convention to the county convention at one vote for each 25 votes or major fraction thereof cast for Governor Moody in the general election of 1926.

"Ward Four, 6; Ward Three and Bangs, 5 each; Blanket, 4; Ward One, Ward Two and Zephyr, 3 each; May, 2; and the twenty-four remaining boxes, one vote each.

"After the adjournment of your convention, the chairman and secretary should sign the two blank forms enclosed and return them to me with copies of all resolutions adopted in the return stamped envelope. They should be mailed or sent by messenger so that I can receive them by Monday, May 7th.

"The Howard Payne College Treble Clef Club, under the direction of Cameron Marshall, will begin its annual tour next Thursday, it was announced. The club of twenty girls will play nine towns. They will travel by bus. Treble Clef will open in First Baptist Church, Austin, Friday, May 4 and will sing in First Baptist church of Houston the following Sunday. Other towns to be visited are: Navasota, Yoakum, Eagle Lake, Lockhart, Luling, Junction and Menard. Club will return here, May 9.

Costumes this year will consist of regulation vestee choir for first half of program and Spanish evening gown and shawl for second half. A number of new features and specialties are included on the program.

"THOMAS H. TAYLOR, County Chairman, Democratic Executive Committee."

# PURE FOOD SHOW AND MANUFACTURERS' EXHIBIT

## Now Showing At Sailors' and Soldiers' Memorial Home You Are Cordially Invited to Visit the Booths

**BIGGER, BETTER AND MORE WONDERFUL** than ever. The sixth annual Pure Food Show opened Monday of this week with a record breaking attendance for the crowning of the King and Queen.

**EXHIBIT BOOTHS DISPLAYING** highest quality of Pure Foods, manufactured products from raw materials in Brown county and most every household necessity.

**BROWNWOOD BUSINESS MEN** are among the leading citizens of Texas, and their faith in Brownwood and its future prosperity, is proven by the vast number of enterprises that are anxious to dis-

play and demonstrate to the buying public, the real value of the merchandise that is being manufactured in Brownwood, or goods that are offered for sale by the enterprising merchants that are making this part of the week's entertainment possible.

**INTERESTING AND ENLIGHTENING,** many things can be explained that you did not know about Brownwood as a manufacturing and trading center, by visiting the booths during this week. Much progress is being made, toward Brownwood fast becoming a city—even now it is useless to think of going elsewhere to buy most any article, when you can buy it at

home or it is in easy reach of you, and many times there is a great saving in the purchase.

**A NUMBER OF MERCHANTS ARE GIVING** you a special invitation to visit them at the Pure Food Show, also in their place of business. In this issue of the paper you will find their messages to you through an advertisement, that speaks the real sentiment of that particular organization, and bids you welcome at any time. Read these messages.

**EVERY CITIZEN IN BROWN** and adjoining counties should join in with the community spirit in making this week of get-together most profitable as well as an enjoyable occasion.

### ELABORATE PAGEANT FEATURES OPENING OF PURE FOOD SHOW

"The King is Dead. Long Live the King." With all the pomp and glitter of a court presentation under the regime of Louis XIV. Arthur Cameron, 800 Fisk Avenue, was crowned King, and Miss Virginia Taber, 611 Corsica Avenue, was crowned Queen, in coronation ceremonies which featured the opening of the sixth annual Pure Food Show, at the Sailors and Soldiers Memorial Hall, Monday night.

Nearly four thousand people packed the huge auditorium to witness the pageant, which according to comments, was one of the most impressive and elaborate affairs ever held in Brownwood.

**Feast of Seasons**—Vieling for favor with the crowning of King and Queen, was the "Feast of Seasons." Admired elaborate splendor as beautiful as the traditions of the Old World could dictate, this event was portrayed by individuals dressed in costume in keeping with the month, season, or holiday they represented.

Nearly five hundred individuals, including children participated in the pageant, which was officially begun at 8:30 o'clock with an overture and which was followed by the crowning of the king.

Among the outstanding scenes of the pageant were "Texas Independence," portrayed by the City Union Pep Squad, "Easter Dawn," and "School Days," portrayed by Pep Squad of Junior High School.

**Win Applause**—Miss Mary Beth Sawyer, as "Moon Goddess," and Gene Day, as her escort, won much applause in their scene, which was enlivened by an exhibition of the terpsichorean art. Tuesday's attractions of the Pure Food Show, will be featured in the afternoon by a cake contest. It was said, the night show will include several attractions, principally among which will be Rex Gaitner and his High School Band.

Twenty-four merchants of Brownwood have booths at the show, which are decorated in streaming colors, and where demonstrations of foodstuffs and household equipment is shown.

Monday night's program and those participating was as follows:

### STRONG MAN FEATURE AT PURE FOOD SHOW ON TUESDAY NIGHT

Music by the Brownwood High School Orchestra and a "strong man" demonstration by "Chesty Jim," former big time vaudeville performer, were features of the Pure Food Show Tuesday night. The high school orchestra played through the entire evening show, furnishing popular and classical music, and old time melodies. Rex Gaitner was directing. "Chesty Jim," who performed at the booth of Looney and McDonald, thrilled the crowd by spectacular exhibitions of strength. His act consisted of bending horse shoes, biting nails into bits, driving a nail through a board with his hand and balancing himself at an angle of more than forty-five degrees. In the afternoon a cake contest was held, and prizes awarded the winners. The contest, which will be held on several other afternoons of the week, is sponsored by Mrs. Earl Looney, chairman of the cake contest committee, and Mrs. E. B. Henley and Mrs. L. A. Honea. The prize winners in the contest were: Mrs. W. H. Melton, winner of first prize, angel food cake; Mrs. A. D. Murphy, second prize, angel food cake; Mrs. C. M. McClellan, third prize, white loaf cake. **STILL AN APE**—"I believe in metempsychosis: when I die I shall be incarnated in the body of an animal." hundreds of cups of free coffee to Pecan Valley brand of coffee during the week and taken a large volume of orders.

This booth is one of the popular places among the exhibits at the Food Show. Mr. Beck, superintendent of the big manufacturing department of the Walker-Smith Wholesale Grocery Company here, has general supervision of it and is well pleased with the interest that the public is showing in the demonstration of the products.

**Mill Products Display**  
The Austin Mill & Grain Company, one of the old and well known institutions, which has made extensive improvement and enlargement of its plant within the last year, has one of the most impressive and unique displays at the Pure Food Show.

Its well known Cake Flour, Gold Arrow Cream Meal and poultry and dairy feeds are featured.

**Agnew Grocery Display**  
A grocery booth that leaves but little to be guessed at is that of Agnew & Son. The completeness of the display of the brands represented indicates the completeness of the stock from which they come. The display features the Chase & Sanborn coffees and teas and the Fern-dell brands of canned goods. The firm carries a large and complete stock and serves a large patronage at its store here.

**Coca Cola Attractive Exhibit**  
The Coca Cola Bottling Company has an attractive booth at the Pure Food Show, showing the big bottles of Coca Cola that are put up for advertising and demonstration purposes, as well as the cases of the regular sized bottles for the trade. As stated in last week's Banner-Bulletin, the Coca Cola company has a very complete and modern plant here and is serving a large and constantly growing trade.

The Butter-Kist Bread The Brownwood Bakery, of which

J. A. Boler is proprietor, is featuring the Butter-Kist Bread in its Pure Food Show booth. The cleanliness and attractiveness of the booth indicates the quality of the bread advertised. Mr. Boler has here a complete and modern bakery, and all its products from the time the ingredients—which are selected with the greatest care—are received at the plant until they are ready for the tables of the customers are handled under the most sanitary conditions.

**Telephone Booth**  
The whole world has become familiar with the telephone booths, used for the purpose of long distance conversation, but still all are easily interested in such a telephone booth as that of the West Texas Telephone Company at the Pure Food Show. The booth is artistically decorated, and the unique arrangement for giving a list of towns and the rates of service to each, is a reminder of the far-reaching service of the telephone generally and of the large number of towns and exchanges embraced in the West Texas Telephone Com-

pany system, with its headquarters in Brownwood.

On either side of the booth there is a telephone for the convenience of visitors to the Pure Food Show, and good use is being made of these phones every day.

**Refrigerators Featured**  
The Texas Power & Light Company, displaying the slogan, "Electricity for Better Refrigeration," has a very interesting and attractive booth featuring refrigerators. The pure white refrigerators on display are a reminder that summer is coming on and of the comfort that electric refrigeration can bring to the home. While featuring the refrigerators, the display is a reminder of the various lines of service rendered by the Texas Power & Light Company, and of the great place that it occupies in the life of Brownwood and the other towns that it serves in this district.

**Many Other Exhibitors**  
There are many other booths at the Pure Food Show, representing various well known lines of goods handled by leading firms. The

**RANGER TEST  
IS SPUDDED ON  
JOPLING LEASE**

Walter Rawlins and Herbert E. Pelton have bought the Joplin lease, two miles west of town, and spudded in a Ranger lime test there yesterday.

Their location is 65 feet north of the well drilled and lost by the Texas Oil & Drilling Company on the Joplin tract. That well had a strong flow of gas and a good showing of oil, but a series of troubles after the gas came in unexpectedly and blew the tools out of the hole prevented its successful completion.

John Harbison, who drilled the well for the Texas Oil & Drilling Company, bought their interest in the lease last week with the intention of drilling a Ranger lime test, and in turn made the deal with the new purchasers. He has contracted to drill the well for them, and retains an interest in the lease.

Messrs. Rawlins and Pelton have been operating in the Laredo field for the last three years, their operations including both wildcatting and production. They are impressed with the possibilities of lime production here and will give their attention to the development of the property they have acquired.

Their confidence in this field is shown in their purchase from the Texas Oil & Drilling Company of 20 acres offsetting on the east the lease on which they are drilling, paying \$2,000 cash for the 20 acres.

**DULA LEAVES  
FOR COWTOWN**

After taking life easy at his home here for the past week or two, Arthur "Kid" Dula boarded a bus Thursday morning for Fort Worth to resume training for further spud-ders in the ring. Dula has not fought since his last hectic battle with Sandi Esquivel in Fort Worth about two weeks ago. His manager called Dula Wednesday night and advised him of a proposed jaunt to California where the Brownwood boy will likely seek further honors in the ring.

Dula did not know before leaving Brownwood whether he would fight in Fort Worth again before leaving for California, but it is likely that he will be given another good match as it will be two or three weeks before he will make the trip to California. Dick Griffin, manager and promoter of the Fort Worth boxing shows, will accompany Dula to California as will several of the most likely scrappers who have appeared in the Fort Worth ring the past winter.

**Completing Cheney  
Well as a Gasser**

COLEMAN, Apr. 26.—(Sp.)—When deepened two feet in the Fry sand at 2,133-39 feet, the Continental Oil Company's M. G. Cheney No. 1 Mary B. Alexander which had 7,000,000 cubic feet of gas, increased to 11,500,000 cubic feet and will likely be completed for a gasser at that depth.

The No. 1 Alexander is an east offset to the No. 1 Gardiner, three miles south of Coleman. The Gardiner discovery well was an oil producer from 2,300-03 feet and is still flowing more than 42 barrels daily after 70 days producing.

The same company started operations for producing the No. 1-C Overall in section 12, G. H. 15 survey, 8 miles southwest of Coleman and when the well was opened for cleaning out flowed 53 barrels and filled the hole within 300 feet of the top. The well discovered a new sand at 1,610 feet several months ago and has been shut in since that time, but a 4 inch Humble Pipe Line will afford a market for the oil. Operators of the lease estimate the well capable of producing 100 barrels daily on the pump at present.

**Central Texas  
Refinery**

At the interesting and attractive booth of the Central Texas Refining Company the public is given examples of a Brown county product from the time it comes from the ground in its natural state to the finished product in its various forms.

There are samples of the crude oil from the Alcorn and Byler leases in Brown county, these being the leases from which the oil is run to the refinery. From which the popular Cen-Tex gasoline and other products are made. Then there are the lubricating oils, motor oils and tractor oils, and the distillates, naphtha, kerosene and gasoline. R. W. Peavy, auditor for the company, has charge of the display.

The Central Texas Refining Company, starting business here a few months ago, is one of the important industrial institutions of the city, having a large investment here of more than \$200,000 expended since October 1st, 1927, and employing a large number of men. It has built a large local trade on its gasoline and other products and carloads of its product are being shipped constantly to the general markets. E. T. Green and John S. Owens, Brownwood oil operators, formed the Central Texas Refining Company here, in association with the Kent-Mid-dleton refinery people, leading oil refiners of the Mid-Continent fields. Their plant is under the direction of thoroughly experienced refinery men.

The Baker & Hodges well on the Eubanks land, south of the Cross Cut field, was drilled yesterday evening at 820 feet. It is about 1,500 feet south of the Cranfill & Reynolds No. 2 Eubanks, which was drilled in first of this week. The Porter & Blanchard No. 1 Eubanks is drilling at 200 feet.

### SOLONS OKEH EXPEDITIONS

WASHINGTON, April 26.—(AP)—After a hectic ten-day struggle, the senate has beaten a series of attempts to forestall American armed expeditions abroad.

The action, which started a controversy among senators as to whether it constituted an endorsement of the administration's Nicaraguan policy, came late yesterday as the senate passed the \$363,000,000 naval appropriation bill and there-by cleared its decks of all department supply measures.

Three amendments designed to place limitations around the use of American marines in Nicaragua were voted down in rapid order and by big margins prior to final passage of the measure itself.

One, over which the greatest stir was created, was that framed jointly by Senators Norris of Nebraska and Blaine of Wisconsin. Republican insurgents, and provided that the marines be withdrawn by next February 1, when their duty of supervising the next presidential elections in that county will have been carried out and the new administration installed.

This amendment was defeated, 52 to 22, seven Democrats joining 15 Republicans in support, and 19 Democrats lining up with 33 Republicans against.

Chairman Borah of the foreign relations committee, who has differed with the administration on Nicaragua, was among those voting in opposition, but he said the result could not be interpreted as one of approval of the administration's policy of intervention and elections supervision.

### PAGE DARWIN!

JACKSONVILLE, Fla., April 25.—(AP)—Page Darwin!

A physician is authority for the statement that the inner organs of the Miss Congo, a gorilla, could not be distinguished from those of a 12 or 14-year-old girl. The animal, said

to be the only female gorilla in captivity, appeared almost human in many respects, in the opinion of Dr. Ralph N. Green, Jacksonville.

The colitis, a disease common among humans, caused Miss Congo's death yesterday in Sarasota. The gorilla was valued at \$150,000 by her owner, John Ringling, circus millionaire.

## Dependability, Satisfaction and Honest Value!

Never before in our history have we delivered as many new Chevrolets as during the first three months of this year. Naturally a large part of this increased business required the trade-in of the new Chevrolet owner's previous car. These cars have been reconditioned with the result that many of them can hardly be distinguished from new cars.

Furthermore, these cars carry the official red tag "with an OK that counts" which shows the true condition under which the car is offered for sale.

Come in and inspect these used cars, and when you buy from us you may do so, confident that we want your goodwill, the same as we now enjoy with Chevrolet owners in this community.

### TWO NEGROES HELD IN JAIL ON CHARGE OF PISTOL TOTTING

Oscar and Frank Owens, two local negroes, are in the county jail on charges of carrying a pistol, filed against them in county court on Saturday. Oscar Owens was arrested Friday night by Guy Freese, speed cop of the Brownwood police force, and later turned over to county officials. Freese arrested Owens for speeding, after the negro had tried to outrun the motorcycle cop. Freese searched his car and found a pistol, the charge of carrying a pistol being filed against him the next day.

Frank Owens, a brother of Oscar, came to the sheriff's office Saturday in an effort to free his brother of the charges and in so doing was charged with the same offense. He told officers that the car and pistol belonged to him and that he had forgotten to take the pistol out of the car before letting his brother have it. He admitted to officers that he had driven the car to several different places with the pistol concealed in it. After this confession, County Attorney T. C. Wilkinson, Jr. filed charges against him and the charges against Oscar, his brother, remained on the county court docket.

### BANGS DELEGATION ATTEND REVIVAL IN THIRD STREET TENT

More than fifty young people from Bangs attended the Lynn Squyres revival meeting in the Third Street tent Tuesday night. The evangelist spoke on "The Key, the Hindrance and the Kingdom."

The key to the kingdom, Mr. Squyres said, was repentance toward God and faith in Jesus Christ. He declared the kingdom to be within men, quoting the words of the Master when he said "The kingdom of heaven is within you." He explained the hindrances as many. First, he said, is personal interference, getting self in the way, second, indifference; third, failure on the part of the preachers and people to co-operate, due often to over-rated denominationalism. The evangelist declared that nothing hinders the kingdom more than the strict denominational lines and creeds, as taught by the different sects. Thousands are converted by such, and have the interest in the entire program. The need of the church today, the layman evangelist declared, is the re-education of the Pharisaeic preacher and member, who have become so selfish that they had rather set forth their opinions than the Christ, to the rear of the ranks, and bringing to the front of men and preachers who are unselfish in their teachings, in order that the church may be blessed, and salvation and blessings may be brought to the seventy million men and women in America, twenty-seven million of whom are boys and girls who never darken a church door.

### Wolves Caught by Government Men in Coleman County

COLEMAN, April 21 (Sp.)—After trailing a large female wolf the larger part of a morning, O. L. Coleman, W. F. De Long and J. E. Hughes, government trappers working in Coleman county, captured the mother and a litter of nine puppies, two of which will be raised by Mr. Coleman for scientific purposes.

The trappers are three of the five men working in Coleman county through the recently formed Wolf Club which is reporting remarkable success in exterminating the predatory animals, long a menace to sheep men and stock men.

### MAY ABOLISH OFFICE CITY DETECTIVE

Probability that the office of city detective will be abolished in one of two ways, was seen Wednesday.

The office is now occupied by Cy S. Thigpen, unsuccessful candidate for chief of police in the recent election. He has been holding the office, always a bone of contention between the police department and City Council, for several months.

The police committee—Aldermen W. M. Baugh and O. T. Shugart—have decided to abolish the office, effective May 1, it was learned from authoritative sources.

Chief of Police G. A. Guilliams

has retained Gib Callaway and R. L. McLaugh as attorneys and unless the office is abolished, an attempt may be made in district court to enjoin the city from maintaining the office, which is under direct control of Council, it was learned.

Mayor-City Manager W. D. McCulley said nothing definite had been done in regard to the matter, and said Mr. Baugh was out of town. No mention of police matters was made in Council session Tuesday night, although selection of deputies was scheduled. Last week Council refused to approve a list of deputies submitted by Chief Guilliams, with the exception of one man. Guilliams refused to accept other applicants.

He told The Bulletin last week, following Council meeting, that he planned to take court action to restrain the city from interfering with him in the direction of police affairs.

City Attorney R. E. Lee said he does not believe the chief can enjoin the city unless he can prove

interference. The charter provides that Council may form as many departments as it may see fit.

### Superintendent of Vet's Home Freed of Labor Charges

AUSTIN, Tex., April 25.—(AP)—A. W. Taber, superintendent of the Confederate Men's Home was acquitted late Tuesday by a county jury of charges of violating the State law prohibiting employment of women more than nine hours a day or 54 hours a week.

The charges were filed at the instigation of the State Labor Department in connection with Taber's employment of two nurses. They were discharged after they had furnished information on which prosecution of Taber was based.

### Mid-Sun to Drill on Cross Tract in Clark-Buffalo Pool

The Mid-Sun Oil Corporation's test on the Harris tract in Coleman county, 16 miles north of Coleman, is a dry hole at 2,030 feet. Brooks Dozier, the contractor, is moving the rig from this test to the Clark-Buffalo field north of Thrifty, where the Mid-Sun will drill on the Cross tract. Their lease is south of the Baker & Hodges lease on the Cross.

### UNUSUAL TROPHY

M. E. Wakefield, Brownwood oil operator, was exhibiting an unusual trophy which had been picked up near Pioneer. It was a model of the head of a woman, carved in a kind of stone that is not found in this section. The workmanship was splendid, and the stone appeared to have been subjected to the weather for many years. Where the carving came from, or how, is undetermined.

### OIL WORKER DIES AS SKULL CRUSHED

ARLIE CAMPBELL, 35, of Rising Star, died late Thursday following an accident in a Cross Plains oil field, in which his skull was crushed when tubing being pulled from a well fell on him.

Campbell, brother of Mrs. Johnny Metz of Brownwood, was working

on the N. D. Newton tract near Cross Plains. An elevator used in pulling tubing slipped and the heavy pipe crashed down on Campbell.

He lived six hours after the accident, which occurred about 2:30 p. m. He was taken to a Cross Plains hospital.

### REPRESENTATIVES OF 11 4-H CLUBS HERE FORM COUNTY BODY

Four-H club boys, representing 11 clubs met at the court house Saturday morning with County Agent O. P. Griffin and organized a county club, with the following officers: J. D. Rogers, Center Point, president; Anson Oden, Brooksmith, vice-president; Raymond Holland, Holder, secretary.

There were three delegates present from each club, and others at the meeting but not delegates, ran the total number of boys present to about 50.

After the business meeting was over the crowd went to Coggia Park, where games were engaged in until noon, at which time the program closed. This meeting was to have been held a week or two ago, but was delayed on account of rain. Owing to the short notice on which it was called at this time, no opportunity had been given to arrange any special entertainment for the boys.

Secretary of Chamber of Commerce Burks and Judge E. M. Davis, who were at the park at noon, stated that the town would like to have the opportunity to entertain the boys, and asked if the club members would like to hold another meeting here next month. The boys voted enthusiastically for it. Mr. Burks then asked if they would like to have a Chamber of Commerce lunch on the program. The boys were loud and more unanimous. So it was

voted that a meeting should be held on Saturday, May 19th.

Clubs represented at the meeting were Brooksmith, Mt. Zion, Woodland Heights, Williams, Rocky, Holder, Center Point, Blanket, Zephyr, Delaware and Elm.

### Taylor and Hoffman Win Honors Here in Guard Inspection

Roy Taylor, sergeant 142nd Infantry, Texas National Guard, and Corporal Victor Hoffman, were awarded first and second prizes respectively, for the neatest appearing non-commissioned officers in the annual Federal inspection held Thursday and Friday nights by Captain Peter Paul Salgado, it was announced by Captain John Shockley.

First class private, A. C. Taylor, and private Harold Taylor, won first and second prizes, respectively, for the neatest appearing privates.

Captain Salgado who left this morning for Stephenville declared before his departure, that "It was the most successful inspection of the local units since their organization in 1921," it was said.
