Annivesary services were held at Odd Fellows Hall Sunday afternoon elebrating the anniversary of the birth of Joseph Wildey, founder of the order of Odd Fellows, who was born January 15, 1871. An interesting program, largely of historical nature, was presented before a large and appreciative audience, and it was declared to have been a very splendid meeting.

A paper on the origin of Odd Fellowship was read by Dr. A. Hills-man and a biography of the founder was given by Frank O'Hearn. Other numbers on the program dealing with historical phases of the order included a sketch of Rebekah Odd Fellowship by Mrs. Tom Glover and of Texas Odd Fellowship by E. J. Miller. A talk on fraternalism by Judge C. H. Jenkins proved to be one of the very interesting features

Joseph Wildey, Odd Fellows' under, was born in England, and came to America in 1818. 26th of April, 1819, he founded the Odd Fellows Order in America. Mr. Wildey had been a member of the Manchester Unity before coming to America, and the founding of the lodge in this country was based up-on that order. The organization in the United States operated as a branch of the Manchester Unity until 1842, when it became the Independent Order of Odd Fellows.

ANNIVERSARY JANUARY 22nd

This Week We Are Celebrating Our First Anniversary in The Grocery Business

Just one year ago, the 22nd we opened this store as a first class "Self-Serve Grocery," everything new and sanitary, and the response to our invitation of the buying public was most gratifying right at the beginning. Having adopted the policy of fair dealings, truthful advertising and handling only high grade merchandise at prices that were attractively low, we have acquired the good will of a large number of people in this community.

Since our opening we have steadily grown, ever and always working for the interest of those whom we serve, and have added many new customers who realize the real economy in buying at our store where there is a complete line of goods to select from, always fresh and appetizing at prices that save you money.

Not just now and then a bargain, but every day in the week you will find just what you want, and you may select it yourself.

We appreciate your very liberal patronage and solicit its continuance, also we invite others to join us in the coming year, in that you may be benefited, and we will have the pleasure of serving you,
