

# MUENSTER ENTERPRISE

VOLUME XLIII

MUENSTER COOKE COUNTY TEXAS 76252

AUGUST 31, 1979

NUMBER 41

The Administration's suggested way of "waging the equivalent of war" in the energy crisis goes strong on creating new federal agencies and concentrating on developing methods to use our abundant resources of coal and shale as well as solar and geothermal energy, but unfortunately it ignores vastly more practical ideas that could be applied by just giving up some of its present policies.

That is the general idea in an article published by the Arizona Daily Star, which concludes that "Government causes the energy shortage." The author is William H. Dresher, Dean of the College of Mines and Director of the Bureau of Geology and Mineral Technology of the University of Arizona.

He points out that approximately one third of mainland US is under government control. This includes 96.4 per cent of Alaska, 86.4 percent of Nevada, 66.2 per cent of Utah, 63.7 per cent of Idaho, 52.3 per cent of Oregon, 45 per cent of California and 43.9 per cent of Arizona. These are referred to as federal lands, implying that they are the property of the government and not the people.

These lands are governed by 24 federal agencies, principally the Bureau of Land Management; and they contain 50 per cent of all known US energy resources. That includes 40 per cent of all US coal, 70 per cent of all low-sulfur coal, 75 per cent of all oil shale, 85 per cent of all tar sands, 15 per cent of all tar sands, fifteen per cent of all United States developed oil reserves, 33 percent of all US estimated oil resource base, 20 per cent of all developed gas reserves, 25 per cent of all US discovered gas resource, and 43 per cent of all US estimated gas resource base. But, in spite of that enormous potential, in 1976 only ten per cent of US energy production came from these public lands.

Originally the government's "withdrawal process" declared the public land off limits for mineral development only when it was set aside for certain uses such as Indian reservation, trading posts, military bases, lighthouses, etc., but now it is being used for preservation purposes on a vast scale. Any federal agency could make withdrawals by just asking the Bureau of Land Management. That's been going on for years until in 1974 a check by 2 Department of Interior employees revealed that almost three fourths of the land has been withdrawn.

In addition, the government makes the leasing of these lands more difficult, especially offshore wells on the continental shelf. So far only 4 per cent of the shelf holdings have been developed for oil, mostly off Texas and Louisiana shores. An estimate of what the industry and the nation are missing is indicated by the fact that offshore wells are the big producers...only 3 per cent of US wells are offshore but they yield 20 per cent of the nation's gas and oil. It's estimated that production from the shelf alone could reduce American imports 30 per cent by 1985.

The obvious answer to our policy, it seems, is to wise up and invite the oil companies to get their offshore rigs going. But then we learn that all the delays before first production vary from 3 years in the Gulf of Mexico to 8 years in the Gulf of Alaska. And now they say that additional federal requirement and red tape will extend the delay by 2 to 4 years.

Another consideration is the economics of oil and gas production on the shelf. Between 1953 and 1967 the gross production there was \$27.6 billion of which the government got 22.9 billion in bonuses, royalties and rentals. Correct! 83 per cent of the gross, before taxes went to the government. This may be one of the reasons why shelf development has declined from 1365 wells in 1967 to 830 in 1974.

A report by Chase Manhattan Bank presents the situation in another way. Last

## Schools Enroll 688 Loss of 2 in Past Year

Completion of registrations at Sacred Heart and the Public school reveals little change in the community's scholastic count since last year. The net result is a drop of 2, from 690 to 688. Separate counts are 287 at Sacred Heart and 401 at the public school, as compared with last year's totals of 316 at Sacred Heart and 374 at the public school.

The decline at Sacred Heart was relieved somewhat by adding Kindergarten to the curriculum. Twenty five children signed up for the class, offsetting to some extent the loss of 54 students in the other grades. Most of that loss was in grades 1 through 8, a total of 52, whereas the four high school grades lost a net of 2.

Public school lost 9 in its kindergarten count but gained in the elementary and high school. Total in the grades is up by 22, total in high school is up by 5.

Combining enrollments shows that grades K through

8 this year have declined from 451 to 446. On the other hand the combined high schools have gained from 239 to 242, which accounts for the over-all loss of 2 in community total.

A review of past enrollments reveals a sharp decline from the high of 797 in 1968, which then did not include the kindergarten. At this time the total of 12 grades (without kindergarten) is only 628, a drop of 169 since 1968.

Enrollments in Sacred Heart and the public school and the combined count of both are as follows.

	SH	PS	TOTAL
K	25	35	60
1	17	29	46
2	22	27	49
3	19	36	55
4	18	26	44
5	22	29	51
6	19	35	54
7	15	31	46
8	20	21	41
total	177	269	446
Last yr.	204	247	451
9	23	41	64
10	16	26	42
11	34	31	65
12	37	34	71
	110	132	242
Last yr.	112	127	239
Total	287	401	688
Last yr.	316	374	690

## 8 Local Runners Get Medals in Race

Eight local runners were among the medal winners in the 5 mile twilight run sponsored last Saturday by the Muenster Jaycees. Gary Henscheid and Dale Schilling were No. 2 and 3 in the high school class and Connie Stoffels, Puppet Stoffels, Janet Hess, Mary Ann Heilman, Theresa Walterscheid placed in the top three of other classes.

Number 1 of the race was Mark Thompson of Sherman with a time of 26:20 and Tawni Vowell of Valley View was first of the ladies. 135 runners participated.

At the Jaycee Twilight Run Saturday evening, an unidentified runner accepts a most welcome cup of water from Wayne Klement. —Staff Photo  
More on page 9...

## For Labor Day

The city council has changed its meeting date next week because of Labor Day observance in Muenster. City Superintendent Steve Moster said that the regular meeting has been postponed to Tuesday, the 4th.

However no change is announced for the garbage collection. Moster said that the truck will make its calls on the regular schedule Monday.

## Area Harvests Good Milo Crop

The community's second good harvest of 1979 is currently under way. Following one of the better wheat harvests of Muenster history, the milo crop has been fine except in a small area, mostly near town which missed a few of the summer's better showers. Even there it is fair. The better yields, more than 4000 pounds per acre, have come principally from 5 miles or more south of town.

Both of the Muenster elevators have been receiving the grain steadily for more than a week and expect their season to last another week.

Price as well as yield has been pleasing. Presently the price is \$4.20 per hundred. On that basis a normal milo crop is paying off better than normal wheat did a few weeks ago.

## Coaches Confident After Test with Cowtown Teams

The season's first test for the Sacred Heart Tigers was satisfying considering the circumstances. Though outclassed, outweighed and outnumbered, they lost by only a touchdown while contending with physical problems of their own.

Injuries and sickness kept eight Tigers out of action, according to Coach Virgil Henscheid. Nevertheless they made a few first downs and did a fine job on defense. The opposition's only score was on a 7 yard power play following a 60 yard run.

The scrimmage was a three way program involving Sacred Heart, Fort Worth Country Day and Fort Worth Baptist. With roster of 70 and 50 respectively the Cowtown teams had a definite advantage in size and talent plus separate lineups for offense and defense whereas the Tigers had to play both ways. Effects of continued on page 9...

## Sign, Sign, Who's Got the Sign?

The disappearance late in July of the Muenster Garden Club's Yard of the Month sign remains a mystery. It was removed from Ray Klement's yard during the night, and has not been seen since.

Although it has been taken several times before, it has soon reappeared posted serenely atop some obviously inappropriate site—the trash can corner or a weedy patch somewhere.

August's winning yard selection was not made, and the September selection should be chosen this week. Members are hoping that the expense and time required to make a new permanent sign will not be necessary, and they appeal to all residents to help them in their search and rescue mission.

## New Football Field is Ready

Finishing touches are currently under way at Muenster Public School's new athletic project and all work is expected to be finished before the Hornets' first home game on September 14.

Grass has developed to a sturdy playing surface, a super lighting system is installed, and grandstands are ready at both sides of the field.

Other completed parts of the over-all installation are an all weather track surrounding the football field and a four foot cyclone fence enclosing the track as well as playing field and lights. Outside the fence are the grandstands and the concession stand, but not the rest rooms which were intended to be there. Apparently fans will have to wait until next year for completion of those facilities.

Also missing but due to be ready for the first game is a 6 foot cyclone fence enclosing the entire system except a parking lot in front. The lot, with entrance at Seventh and Pecan, has a surface of crushed rock and sufficient

space to park 400 cars. Likewise due to be installed before the first game are the new scoreboard and a flagpole. Both are at the scene awaiting workers.

In keeping with plans of the school board, the entire facility will be among the best of Class A and AA schools of North Texas. The

## Boyd Rolls Over Hornets in First Practice Session

As expected, the MHS Hornets ran into a lot of power in their scrimmage at Boyd last Friday night. The big and experienced Yellow-jackets performed up to their rating as a team that lost only one starter from last year's 8-2 team.

With that kind of opposition the Muenster boys could be grateful for small success, which unfortunately were not big enough to get on the scoreboard. For instance, they completed 6 out of 17 passes and they penetrated the 20 yard line in each of their three possessions of the ball. The style of scrimmage was 20 offensive plays and 20 defensive per team. Muenster was able to get close each time but ran out of plays before being able to finish the job.

On the other hand Boyd scored 4 times on its three possessions. One of the scores was a 70 yard romp by the team's sensation runner and another was set up by a 40 yard gain by the same fellow. Furthermore Boyd, with all its experienced personnel, was well advanced in its offensive system, which was clearly more effective than the Muenster defense.

Coach Jerry Stinson said that his team did not get along as well as they hoped to, but the real problem was not so much their weakness as the other team's strength. This practice clearly indicated where work needs to be continued on page 4...

## Ted J. Endres Survives as Crash Kills 3

Ted Joseph Endres is in intensive care in Westgate Hospital, Denton, with injuries received in a head-on collision of two vehicles at 9:15 Tuesday morning near Krum. He is the only survivor of the accident at which three other persons were killed instantly.

Endres was a passenger in a 1977 Dodge truck driven by James C. Vanbeber, Jr., 31, of Gainesville. In the other car, a 1972 Volkswagen, were Jackie Norwood Kubicek and her 2 year old daughter of Krum.

As told by the investigating state trooper, Michael J. Melton Mrs. Kubicek was driving north on FM 156 when she ran off the pavement. In trying to get back on the road she lost control of the car and was thrown in front of the southbound truck. Both cars were traveling about 55 miles per hour.

Ted is a member of the Ray Endres Jr. family which has been at his bedside constantly since receiving the report of the accident. He was pronounced in stable condition when dismissed from surgery Tuesday night.

football playing surface is tops, lights are super and the track has the only all weather surface in District 14-A. It will not be necessary any more to go to colleges or 4-A schools to run on approved tracks.

The track is built like a highway. First the sub soil had lime thoroughly worked in to prevent moisture from coming up. Then it received a base of crushed rock, also treated with lime and packed, plus a three inch course of asphalt. Finally it was surfaced with a 1 inch layer of resolute, the all weather material made of finely shredded tires. Besides being better for runners feet, the rubber surface keeps out moisture, which does the damage to paved surfaces in freezing weather.

The football field is in excellent condition, thanks to good shaping, planting, fertilizing, watering and favorable weather...along continued on page 11...

## YO Ranch on TV

The YO Ranch of Mountain Home (near Kerrville) will be a feature of the PM Magazine on Channel 8 TV Thursday at 6:30, according to word received here Wednesday. Of special interest to Muenster people: Myron Hess is a member of the ranch staff which is a popular summer camp and safari with a large variety of wildlife from Africa.

## Cynthia Klement Graduates at A&M

Mrs. Cynthia Felderhoff Klement received a Bachelor of Science degree in Industrial Engineering at Texas A&M University on August 18, one of over 1300 graduates. She maintained a grade point ratio of 3.2 on a 4.0 scale and also received a certificate for completing the cooperative education program.

She is married to Lynn Joe Klement; they live in their new home in Houston and she is now employed at Brown and Root as a cost engineer. Lynn Joe is employed by Houston Power and Light Co.

Attending graduation ceremonies were Cindy's husband and her parents, Mr. and Mrs. A.J. Felderhoff, her sister Mary of Gainesville, and a friend Cyn Dartz. They all spent the weekend in the Klements' new home. While in College Station they also visited with Mr. and Mrs. Lyle Klement and daughter Tricia.

This group of Myra Improvement Club members got the VIP treatment at Texas A&M University on August 17. Myra, one of four regional winners in the Texas Community Improvement Program was represented at the awards program and luncheon by the above group, front row l. to r. Evelyn Yeatts, County Extension Agent; Pearl Rosson; Bernice Sicking; Sandra Fuhrmann; Donna Fuhrmann and Kathy Vogel. Back row l. to r. Neill Tibbets, County Extension Agent; H. N. Fuhrmann; Paul Sicking; Fred Miller, Texas Power and Light Company and Myra Sponsor; Ben Fulton; Leon Fuhrmann; Larry Vogel. At center front, holding plaque is Richard Fuhrmann.

**WASHINGTON, D.C.** — American lawmakers rule by the consent of the governed, and are limited in their power by what the people are willing to accept. The Congress can pass laws but unless the majority of citizens are willing to obey them, they will not be effective.

With this in mind, four months ago I voted against a gas rationing plan. At that time, the vast majority of Americans did not believe there was an energy shortage. Without the support of the people, it is my belief that the plan would not have worked. It is also my view that had we approved that plan we would now be under a rationing program.

The situation has changed drastically. The reduction in imports from Iran and the sagging domestic production, together with large price increases by OPEC, has caused many Americans to reevaluate our energy position. The ruler of Libya has threatened to shut off exports of oil. And Nigeria could use the oil weapon against us if they object to our African foreign policy, particularly in regard to the lifting of economic sanctions in Rhodesia. Some OPEC countries such as Algeria, Iraq, and Oman are radically anti-American and could cut off exports at any time. The political situation in the more moderate Arab states is potentially volatile. One of my colleagues

**STATE CAPITAL HIGHLIGHTS**  
 By Lyndell Williams  
 TEXAS PRESS ASSOCIATION

**AUSTIN** — Texas Attorney General Mark White, after inspecting beaches damaged by the run-away Mexican oil spill Ixtoc I, said last week he hasn't ruled out the possibility of suing Mexico and the company which drilled the well.

Such legal action might pit the state's top lawyer against the governor, if the investigation showed faulty equipment caused the blow-out. The drilling company, SEDCO, Inc. of Dallas, is owned by Texas Governor Bill Clements.

"We're not going to hesitate to try to discover the fault in the blowout," White said, but added it could be months before the blame can be pinpointed.

White acknowledged the possible suit is a touchy political issue with state as well as international implications.

The offshore well which blew out on June 3 is the largest in history and has covered thousands of square miles in the Gulf of Mexico with crude oil.

Officials say the well is expected to be capped sometime in mid-September, and that crude oil will continue to wash onto Texas beaches for three months after that.

White's lawsuit is being considered to collect damages that have already been inflicted on the Gulf Coast tourist, fishing and shrimp-picking businesses and for clean-up costs, among other things. The oil spill which has covered 130 miles of Texas beaches has cost state taxpayers \$2.2 million so far.

**Clayton Launches Inquiry**  
 Speaker of the House Bill Clayton has also begun a legislative inquiry into the damage caused by the spill. The House Environmental Affairs Committee, chaired by Rep. Bennie Bock, D-New Braunfels, held a public hearing Friday at Corpus Christi.

The Speaker visited Port Aransas and Brownsville last week while acting as governor of Texas, the first time in history a House speaker has performed that chore. By a quirk of circumstances all three persons ahead of Clayton in the state's chain-of-command were out of the state: Clements was vacationing in New Mexico, Lt. Gov. Bill Hobby was vacationing in Wyoming and Rep. Bill Braecklin, D-Dallas, senate president pro tem, was in Alaska.

**Veto Costs \$63 Million**  
 The Legislative Budget Board announced Friday that a veto of new state construction projects could wind up costing the state \$63.4 million in two years. If the Legislature decides then that the construction projects which Clements vetoed in June are necessary,

inflation and other costs will have driven up the price. Inflation will account for an extra \$51.6 million and state fees for office rent will add almost another \$12 million.

The LBB prepared the cost report for Hobby who said, "Most of them (construction projects) were originally recommended by the governor."

**Clements to Europe Next**  
 The governor and a delegation of Texas agriculturalists will visit the Soviet Union and four Eastern European countries during a three-week trip next month.

Among those in the delegation are Carroll Chaloupka, president of Texas Farm Bureau; State Sen. Bob Price, R-Pampa; McAllen Mayor Othal Brand; and James H. Clements of Kingsville, president of King Ranch.

The entourage will visit Hungary, Poland, Yugoslavia and Czechoslovakia.

**Boy Can Play**  
 Attorney General White, in an opinion released last week, ruled that a 16-year-old orphan can play football at Lorena High School near Waco.

The boy lived in an orphanage at Corsicana last year and played high school football there. He was adopted by a Lorena couple and wanted to play football at Lorena, but the University Interscholastic League said no.

White's opinion upheld a law passed in the recent session which exempted foster children from "durational requirements" which had previously denied participation in sports for up to three years.

**Looking Ahead**  
 by Dr. George S. Benson President NATIONAL EDUCATION PROGRAM Searcy, Arkansas

**THE SOFTENING UP PROCESS**

Suppose you are watching your favorite Sunday afternoon television program when suddenly there is an interruption for an important message from the President of the United States. The image of the president in the Oval Room of the White House appears on the screen. In somber tones the president states that the government has just received an ultimatum from the Soviet Union, that in order to prevent destruction of the nation by nuclear weapons he has been forced to accede to the Soviet demands, that Soviet troops will begin landing in troop carrier aircraft at certain designated airfields around the country. He urges all citizens to remain calm and to cooperate fully with all instruction from Soviet officers.

What is this, some wild fantasy? No, it's a scenario of what could happen if current United States policy of unilateral disarmament is continued. Are you aware that official studies have been made by the Federal government on the possible ramifications of strategic surrender? Do you know that right this very minute you are a hostage of the Soviet Union? If these comments alarm you, that's good, because we're talking about what can happen if the United States Senate should approve SALT II — the second Strategic Arms Limitation Treaty.

What is SALT? How did it come about? What is the significance of these SALT agreements? Because of their extreme importance to the American people, and all free people everywhere, I hope to discuss them in considerable detail. But first, in order to place SALT II in proper perspective, it is necessary to think back over recent U.S. history and review some facts pertaining to U.S.-Soviet relations. Under the Eisenhower administration it was the policy of our government to challenge

the Soviets in their drive to control the world. We were listening to the late, great Director of the F.B.I., J. Edgar Hoover, who warned us: "We are at war with Communism and the sooner every red-blooded American realizes this the safer we will be."

We knew then we were at war, and we are at war now but we seem to have forgotten, or have been consciously lulled into a false sense of security? These were the days of the so-called "cold war," when we recognized the Communist threat for what it really was. During this period we had congressional committees investigating internal subversion and informing the people about the traitors at work in our midst. Freedom Forums and anti-Communist seminars were held across the length and breadth of the land, where our citizens learned the truth about Communism in the United States and about the Soviet threat.

Then, as administrations changed in Washington, the entire philosophy of the Federal government was changed from one of victory over Communism to one of accommodation, even appeasement of the Reds. For example, prior to the Kennedy administration it had been the policy of the Federal government to encourage military officers to take part in Freedom Forums and Strategy Seminars where their knowledge of Communism, the Soviet Union and Communist China would be available to the general public. Many Kennedy staff members and advisers were soft on Communism, some rabidly opposed to the anti-Communist movement, and some were security risks. They moved rapidly to neutralize the anti-Communism among the general populace by "muzzling the military" and similar moves. The intent was to soften the attitudes of the American people toward the Soviet slavemasters, to end the cold war, and promote disarmament.

**Letter to the Editor**

Dear Editor:  
 Thank you for your article "SH School Launches Upgrading Program"; it was excellent. We have great expectations and high hopes for Sacred Heart this year.

For many years the Benedictine Sisters have provided excellent educational opportunities for the young people of Muenster. We are very grateful for their work and we hope that they will be able to serve the people of Sacred Heart for many more years. I am especially grateful for the leadership provided by Sister Georgia Felderhoff and Sister Mary John Seyler. As principals they worked tirelessly to help establish a truly Christ centered school for the students of Sacred Heart.

This year begins a new era for Sacred Heart. For the first time the school will have a Catholic layman for principal. It is an important sign that the Benedictine Sisters

have been great educators in that they have led the school to the point that a lay person can now administer the school and build on the Christian, academic foundation that the Sisters have laid.

Mr. Daniel Morse comes to the Diocese of Fort Worth with the highest recommendation of the superintendent of Catholic Schools and the Religious Education Director of the Diocese of Great Falls, Montana. He is a creative, practical, hardworking, Catholic. Mr. Morse believes in the Catholic School philosophy and is enthusiastic about working to achieve the goals of the schools. He will, I believe, cause to grow and flourish the beautiful Catholic School in Sacred Heart Parish which the Benedictine Sisters have lovingly brought to maturity.

Sincerely yours,  
 Sister Mary V. Fulbright  
 Superintendent of Schools

**Washing Broilers Aids Refrigeration**

Laboratory studies at Texas A&M University have shown that broiler chickens can be stored longer in a refrigerator if first rinsed in cold tap water.

Dr. James H. Denton, poultry marketing specialist with the Texas Agricultural

Extension Service, notes that this procedure resulted in the lowest bacterial count after broilers were refrigerated at 40 degrees F. for eight days.

The different procedures included leaving the chicken carcasses in unopened retail packages; opening the retail packages to permit air circulation during storage; repacking broilers in air-tight plastic bags; and washing the carcasses in cold, running tap water for 60 seconds, then repacking in air-tight plastic bags.

Bacterial counts eight days storage exceeded spoilage levels on all groups except the washed carcasses, reports Denton. Washing the birds reduced the initial bacterial population, thereby extending their shelf life, he explains.

All other treatments did not extend shelf life. Repacking caused a slight increase in bacterial numbers, apparently due to increased handling, believes Denton.

September 1 is the wedding date of Kristina Inez Torres and Kenneth Wayne Schmitz. The bride-elect is the daughter of Mr. and Mrs. Richard R. Torres of Dallas. The groom-to-be is the son of Lorene Schmitz of Saint Jo and Eugene Schmitz of Muenster. An early afternoon wedding has been planned at St. Phillips Catholic Church in Lewisville, with the reception following at the Parish Center. Attendants will be Edye Schorn of Irving, maid-of-honor and Steve Pitzer of Columbus Ohio best man. Other wedding party members are Shirley Derichsweiler matron-of-honor and Irvin J. Derichsweiler groomsmen, both of Lewisville. Lori and Jeremy Schmitz of Muenster, niece and nephew of the groom will be flower girl and ring bearer. The couple will reside in Dallas after a brief wedding trip.

 Thurs. Toasted Cheese Sandwiches, tomato soup, celery sticks, apples, milk.  
 Fri. Barbecued Turkey Roll, potato salad, baked beans, pineapple slices, bread, milk.

**DPS Expects 37 Traffic Deaths in Labor Day Weekend**

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents will claim 37 lives in Texas during the labor day holiday weekend.

The holiday runs from 6 p.m. Friday, August 31, to midnight Monday, September 3. During the comparable 78 hour period last year, there was a preliminary death count of 45, with late deaths raising the toll to 62.

"Our estimate is lower this year because, due primarily to the supply and cost of fuel, weekend travel is reduced from 1978. But at the same time, we recognize that traffic will probably increase during Labor Day since it is the last holiday weekend of the summer," Speir said.

"We could easily have more deaths than estimated if drivers fail to put safety first. I would appeal to all motorists to save both fuel and lives by observing the 55 mile speed limit, and am hopeful that persons who are drinking will let others do the driving," he noted.

"People should also be aware that many holiday accidents happen close to home. Deaths in many of our cities are up substantially from 1978 levels, and it is possible that the majority of deaths during the Labor Day holiday will result from accidents in urban areas," Speir added.

To help keep traffic moving safely, DPS and many local law enforcement agencies will be placing special emphasis on traffic enforcement during the Labor Day weekend. All available DPS Troopers will be on duty statewide, and the department will also work with the news media in the "Operation Motorcade" program which seeks to focus public attention on holiday traffic safety problems.

**MBA degree increases job potential**

COLLEGE STATION — The MBA (master of business administration) degree is one of the hottest college credentials going today, probably second only to an engineering diploma in its ability to attract a job, said Dr. Carlton Stolle, assistant dean of the College of Business Administration at Texas A&M University.

Entering students in business at Texas A&M are up 28 percent over last year. The university's next largest increase is in engineering which expects a 14 percent increase.

"I don't see anything to slow the demand," said Stolle. "In some firms now it is a necessity to have an MBA just to get an entry level position."

Ends Vacation

Puppet Stoffels has returned to her home after spending most of her summer vacation with her sister Mrs. Sue Macon at Lake Country Estates, Mrs. Darla Middleton in Fort Worth, and their families; also with her brothers Nicholas and Doug Stoffels of Azle. Also visiting the Macon family were Ted Macon Jr. and Kathy Macon of Albuquerque, New Mexico.

Hornets...

be done and where the emphasis is in this week's practice. Also, though less satisfying than a win, the loss was more helpful in showing up the areas that need most attention.

The present sign is that MHS is due to get another lesson this week when it hosts the Indians from Nocona. After several slim seasons, the Indians apparently are putting it together this time and looking like a serious contender for district honors.

They'll bump heads with the Hornets here Friday, the starting time depending on whether the new or old field is used. If the grass is considered ready the new field will be used for the first time and the game can start at 6 because lights are available. But if the old field is used the start will be at 5 so that it can be finished in daylight.

Soap'n Towels Nite

Fans are reminded that no admission charge is made for a scrimmage, but soap and towels for the shower room will be most welcome.

YOU CAN BANK ON IT!

With the value of the dollar shrinking more and more people are asking how to make every dollar go further. A key ingredient in any formula for dealing with inflation is to learn how to control your expenses rather than allowing your expenses control you.

First step in setting up a budget is to divide expenses into two categories; fixed expenses (your regular bills, house payment, note payments) and discretionary expenses (day to day expenditures). You'll be able to determine fixed expenses easily enough... put them in the budget first. To determine your current discretionary expenses, spend the next month making a careful notation of each dollar spent and how it was used.

At the end of the month make a comprehensive list of these expenses. The next month, list any changes you want to make in the way discretionary income is spent. Determine those changes in advance by preparing a written budget. Stick with that budget. You'll be surprised at the changes you see when you control your money instead of it controlling you. You Can BANK On It!

Muenster State Bank Muenster, Texas Member F.D.I.C.

Great-Grandmother! Mrs. Ruthie Needham was the delighted hostess to her first great-grandchild Tuesday overnight, when three week old Anthony Michael Needham and his parents, Mr. and Mrs. Mike Needham of Austin were her guests. The young family returned home early Wednesday for Mike to return to the University of Texas where he is

working on his doctorate in Economics.

B. Fuhrmann Returns to Texas Tech Univ.

Bruce Fuhrmann came home August 21 for a week's vacation before returning to school at Texas Tech University where he is junior engineering student. Since January 1 he has been employed by Clark Equipment

Co. in their Test Lab in Buchanan, Michigan, as an engineer technician in their Student Co-op Program.

Before coming to Muenster he visited his brother and family, Mr. and Mrs. Fred Fuhrmann and son, Scott, in Pinehurst, N.C.

The largest lake in Texas, Sam Rayburn, covers 178.9 square miles.

Chinese fight cancer with herbs

COLLEGE STATION — Cancer-fighting herbs used in Chinese folk medicine might lead to an international exchange of scientists, says Texas A&M University scientist, Dr. S. L. Lee.

Under the proposed terms, these herbs, which have been used for centuries in China, will

be sent to Texas A&M where they will be broken down into their various elements, and analyzed to determine which elements are the best cancer-fighters.

Phone 759-4311 to report news items, or send notes to Box 190, Muenster.

### Klement Families Gather in Reunion

Children, grandchildren and great-grandchildren of the late Mr. and Mrs. John B. Klement were together Sunday August 19 at the New Edition in Gainesville for an annual family reunion.

The catered dinner was hosted by Jim Klement. There was much "remembering when", reminiscing and visiting. Great fun was their "favorite uncle" contest, won by Marie Reiter. She received a standing ovation and a bottle of champagne.

There were 150 guests. At-

tending were Mr. and Mrs. Norbert Klement, Mr. and Mrs. John A. Klement, Mr. and Mrs. Albert Klement, Mrs. Marie Reiter, Mr. and Mrs. Ray Klement, Mr. and Mrs. Ed Klement, Mr. and Mrs. Walter Klement, Mr. and Mrs. Martin Klement and Mr. and Mrs. Rody

Klement and family members including children and grandchildren. The group made plans to hold the reunion annually.

Ron Felderhoff flew in last week Saturday from Dubuque, Iowa for a week's visit with his parents and family, the A.J. Felderhoff. Meeting him at the airport were his brother Steve of The Colony and Jeff and Judie Felderhoff. Ron is employed by the John Deere Company in Dubuque, Iowa.

## HOW TO GET BETTER MILEAGE FROM YOUR CAR...

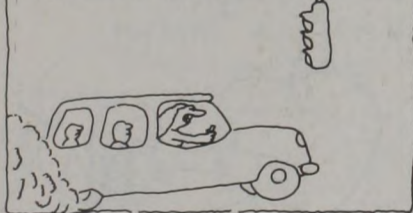

Obey the 55 mph speed limit.

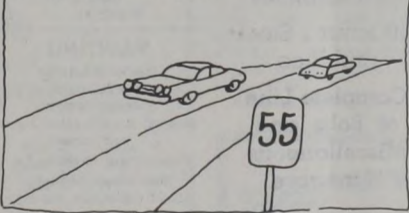

Keep your engine tuned.

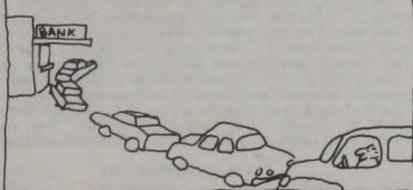

Avoid hot rod starts.

Drive at a steady pace.

Don't let the engine idle more than 30 seconds.

And when buying, don't forget the fuel economy label is part of the price tag, too.

**ENERGY. We can't afford to waste it.**

### FOOD for THOUGHT

An Agricultural Concern Of Interest to Everyone

A driver is responsible for getting a loaf of bread from the bakery onto the retail store shelf. A farmer invests in land, buildings, machinery, fertilizer, pesticides, seed and other supplies, as well as labor, to grow the wheat for the bread.

But the labor cost of getting the bread from the bakery to the store shelf is twice what the farmer gets for the wheat that goes into a loaf.

Presented by this publication and Sperry New Holland to promote a better understanding of the modern farm to family food supply system.

## THANKS

**TO MAXINE...**  
Thank you for all that you have done for us. We could not have made it without your support and help. We love you.

Pat, Tommie Sue and the Kids  
Our thanks to all of you for prayers, Masses, flowers and cards during my recent stay in the hospital. I could not have done so well if it wasn't for all of the prayers of such special people. A special thanks to Father Placidus, Father Stephen and Father Denis, also special thanks to Dr. Kralicke, the Nuns, nurses and the doctors at St. Paul's Hospital.

Tommie Sue

There aren't words to express our gratitude and thanks for everyone's thoughtfulness during the loss of our little Jeffrey. Many thanks for flowers, Mass Offerings, cards and food and to the Altar Society who prepared the family dinner, and to all for other expressions of sympathy. Special thanks to the guys who helped with the dairy, to Dr. Dowling, the Westgate Hospital staff, and Father Schumacher and Father Gajda for the service. We will never forget your thoughtfulness. God bless all of you.

Jimmy, Pauline, Jay and Jeremy Prescher, Hilda Prescher, Mr. and Mrs. Ben Fleitman, Sr.

I want to thank my friends Michael Pagel, Michelle Monday, Jean Pagel, Joe Pagel, Lisa Hamric, Danna Hamric, Diane Pagel and Jami Flusche who planned and conducted the Street Carnival to benefit the Cooke County Child Development Center and for donating all proceeds to the school. Special thanks are offered also to Beta Kappa and all the swimmers at the Swim-a-thon Saturday.

Bart Henschel

## Here's a Great Summer Recipe

**AUSTIN--Here's the perfect recipe for a summer day:**

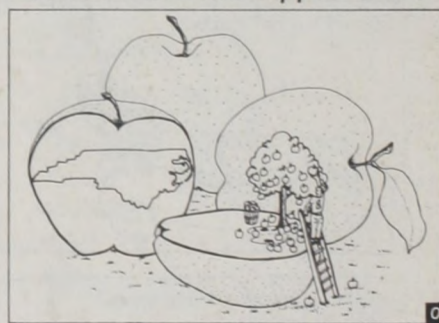

Take on hot Texas sun, mix with a full measure of blue sky and add a dash of sparkling lake water (almost any Texas recreation site or even your own backyard may be substituted). Blend in a generous amount of fun and

laughter and garnish with thick, juicy slices of ice-cold Texas watermelon.

Texas watermelon producers harvested 4.4 million hundredweight of the melons last year and the 1979 harvest is currently in full swing across the state, according to the Texas Department of Agriculture.

### North Carolina Apple Cake

In addition to producing the earliest fresh apples of the season, North Carolina cooks produce a fresh Apple Cake that should be designated as the state's gift to the culinary world. This is a moist, aromatic cake that makes a hit at Farmers Markets and bake sales as well as on the family table. It is normally baked in a bundt pan, but smaller amounts bake well in coffee cans or bread loaf pans. Baking time depends on the size of the container--from 45 minutes to over an hour. It's delicious served alone with coffee, tea or milk, or as an accompaniment for ice cream.

**CAROLINA APPLE CAKE**  
3 cups unsifted flour  
3 eggs  
1 teaspoon baking soda  
2 teaspoons vanilla extract  
1 teaspoon ground cinnamon  
3 cups diced, pared tart apples  
1 cup chopped walnuts  
1/2 cup raisins  
1 cup salad oil  
Confectioners' sugar

Combine flour, baking soda, cinnamon, salt and mace; set aside. In large bowl of electric mixer, at medium speed, beat together sugar, oil, eggs and vanilla until well combined. Gradually beat in flour mixture until smooth. Fold in apples, walnuts and raisins. Turn into greased and floured 10-inch bundt pan. Bake at 325°F. for 1 hour and 15 minutes or until cake tester inserted in center comes out clean. Cool cake in pan on wire rack for 10 minutes. Remove from pan and cool completely on wire rack. To serve, sprinkle with confectioners' sugar.

### Lisa Mollenkopf and Alric Gonzalez Exchange Vows in Two Ring Ceremony

MRS. ALRIC GONZALEZ —Mathews Photographers

Lisa Mollenkopf became the bride of Alric Gonzalez of Corpus Christi, in a Nuptial Mass and a double ring ceremony officiated by Father Stephen Eckart on Saturday, August 25 at 5 p.m. in Sacred Heart Church.

Parents of the couple are Mr. and Mrs. James R. Mollenkopf of Muenster and Mrs. Mamie Hawkins of Corpus Christi.

The bride attended Sacred Heart Elementary School, and graduated from Muenster Public High School. Both the bride and groom received bachelor of science degrees in Education from SouthWest Texas State University in San Marcos and both graduated with highest honors. They are completing their master's degrees in Speech Pathology master's degrees in Speech Pathology and Audiology at SWTSU and both are employed by the San Marcos Treatment Center.

Before an altar decorated with arrangements of pink and white gladioli, white mums, and lighted tapers, the bride was presented by her father. She wore a formal white wedding gown of scalloped chantilace fashioned with a fitted bodice, defined waistline, and scoop neckline framed in pearly scalloped chantilace. The full bishop lace sleeves, caught to a wide lace band, came to petal-points over her hands. The full Southern Belle skirt of cascading ruffles of matching scalloped lace swept to a cathedral train. Her full length imported illusion veil, framed in

matching lace fell from a scalloped lace mantilla.

The bride carried two long stemmed white roses and babies breath. She also carried her mother's rosary, blessed by the Pope, and her mother's prayer book, a wedding gift from her father. For "something old", the bride wore a gold cross and chain, a family treasure worn by her mother, her grandmother and her great-grand-mother.

#### Attendants

Gay Mollenkopf was her sister's maid of honor and Mrs. Debbie Hess was matron-of-honor. Brides matrons were Mrs. Yvette Hill of Houston, a friend, Mrs. Cindy Gonzalez, a sister-in-law of Corpus Christi and Mrs. Margie Klement, a friend of College Station. Each carried a long stemmed rose with babies breath, also a pink ruffled parasol; and they had clusters of babies breath in their hair. They wore pink polyester organza gowns of Colonial design, with capelet tops, fitted waists and ruffled tiered skirts trimmed in lace.

The flower girl was Rae Ann Walterscheid, bride's cousin, and the ring bearer was Norman Gonzalez, Jr. groom's nephew.

Victor Gonzalez of Corpus Christi was his brother's best man and groomsmen were Mike Coman of Pasadena, Alex Hill of Houston, friends of the groom, and Norman Gonzalez and Mark Mollenkopf, brothers of the couple. Groomsmen wore Addison Wine tuxedos and pink ruffled shirts and pink rosebud boutonnières. The groom was formally attired in white, with a white rosebud boutonniere.

Ushers were Pat Walterscheid, Craig Walterscheid and Kirk Mollenkopf, bride's cousins. Mass servers were Lonnie Henscheid, bride's cousin and Mike Hess a friend. Jay Mollenkopf, bride's brother carried the Unity candle.

Readings and petitions for

the Liturgy were given by Tracey Walterscheid, Lee Ann Mollenkopf and Sara Walterscheid, bride's cousins. Offertory gifts were carried by Ben and Frances Rogers, groom's cousins.

Wedding music was given by Frank Luke, organist; Connie Walterscheid flutist; also vocal soloists Mrs. Mildred Lawson and Dr. Martin Kralicke and a vocal group of Debbie Hess, Diane Grewing, Cheryl Burr and Vickie Fisher.

Altar decorations included violet bud vases into which the bridesmaids placed their long stemmed roses.

As the recessional began, the bride presented a rose to Mrs. Hawkins and the groom presented a similar rose to Mrs. Mollenkopf.

#### Reception

The bride's parents hosted a reception in the Sacred Heart Community Center, with dinner catered by the Ed Schneiders and music for dancing by Hay Fever.

Nancie Lippie of Muenster and Charlotte Johnson of College Station presided at the bride's book. The bride's table held candelabra and bud vases with the bridesmaids flowers, and a centerpiece of the Wedding Symbol: a cross with double rings surrounded by flower clusters. Guest tables held English ivy, flower clusters and pink and burgundy candles.

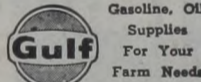

The three tiered wedding cake was decorated with the wedding symbol, doves, the peace symbol and a small Bible. Cake servers were Betty Rose Walterscheid, Colynda and Tammy Henscheid and Ruth Walterscheid, all bride's cousins.

For traveling the bride wore a pink sundress with jacket and matching accessories.

The rehearsal dinner was held in the home of the bride's parents for 45 guests.

A shower was given on July 3 by friends in San Marcos; another on August 4 by Margie Klement, Darlene Miller, Alma, Sharen and Karen Wolf; a display shower was given on August 22; and a brunch Saturday morning by Pat Wimmer and Debbie Hess in the Wimmer home.

### Garden Center Bulletin

Remember those purple blooming weeds, that wintergrass, dandelions and other weeds you had in your lawn early this spring. Well they all sprouted last fall between September and October. There is a product out called Balan, looks like and is applied like a fertilizer that when applied in early September will PREVENT those weeds from even sprouting. Best of all it is perfectly safe to use around trees and shrubs and it works. But it must be applied in early September. Come by the Muenster Garden Center and pick up your BALAN NOW.

The last pecan spraying for the pecan weevil will start just as soon as the pecans have changed from the water stage to the dough stage.

**Sean A. Johnston Is Honor Student**

Sean A. Johnston, son of Mr. and Mrs. Andrew Johnston of Danville California and grandson of Mrs. Henry Hennigan of St. Francis Village, Fort Worth, is an honor student and junior at the University of California, and, according to an announcement in The Valley Pioneer, is the winner of a major scholarship for his remaining year of undergraduate work.

He is a member of Phi Kappa Phi national honor society, and has been named to the Dean's Honor List every quarter since his freshman year. Johnston is currently serving as teaching assistant in biology of cancer and organic chemistry after spending recent summers as a student research assistant in cancer research at the Jonas Salk Institute in La Jolla, California.

Sean Johnston's mother, Mrs. Andrew Johnston, is the former Rose Hennigan, native of Muenster.

**Tom Otto On Band Tour in Rockies**

Mr. and Mrs. John Otto are receiving letters and phone calls from their son Tom, who is again touring with the High Country Band and singer Karen Dee.

Tom tells of the beautiful Rocky Mountains where at Rawlins, Wyoming they had a six weeks engagement, followed by Alliance and Ainsworth Nebraska for three weeks. He told about the endless miles of corn fields in Nebraska. At Ainsworth they entered a three day band contest, placing 4th with twenty bands participating.

At the present time they are in Buffalo, Wyoming for two weeks, moving on then to Gillette, Wyo. and Spearfish, South Dakota in September and are recalled to Rawlins Wyo. in October.

More exciting news is the release of their first record which came in the mail this past week. The two songs are "Second Fiddle" and "Working on a Feeling." They plan another record to be made in December.

Friends who wish to write to him may obtain his complete address from his parents at 759-2732.

—Staff Photo  
Theresa Walterscheid, one of the runners Saturday evening, is enjoying the Twilight Run, while covering the five miles at a brisk pace.

—Staff Photo  
Mark Thompson, first place finisher, is pictured with a wide lead, on the return of the five mile twilight run south of town.

Ice Skating champion Dorothy Hamill, the 1976 U.S. Olympic Gold Medal winner now with the Ice Capades, also is a dedicated American Cancer Society volunteer. "Contribute now," she says, "we want to wipe out cancer in your lifetime."

**Tigers...**

the double duty became apparent toward the end of the scrimmage.

The participants arranged their practice so that each team had two turns at offense and defense. Tigers started with 20 plays defending against Country Day and then had 20 at offense against FW Baptist. Then the Tigers sat out 20 plays by the other two before taking another turn each at offense and defense.

In view of Sacred Heart absences and the big opposing rosters, the Tiger staff is optimistic about its prospects. They expect the full line-up, except two or three, to be in action with Chico on the local field Friday night, 6 p.m.

**Bring Soap, Please**  
It will be another scrimmage, with no admission charge, however each fan is urged to bring a bar of soap to stock the shower room for the season.

—Staff Photo  
Andy Knabe does not break stride, receiving a cup of drinking water from Jaycees in the background, and continues to run the five mile Jaycee event. Stopping for a brief moment is an unidentified runner, taking advantage of a quick cup of water to cool his head.

—Staff Photo  
Runners Scott Felderhoff and Ron Fuhrmann register smiles and a fast pace during the Jaycee Twilight Run Saturday evening.

—Staff Photo  
Harold Flusche smiles his appreciation of the cup of water just handed to him by one of the Jaycees at the three mile marker on the return run approaching town Saturday evening.

Wide choice of Laredo hostelrys

Travel News Service

LAREDO—As befits a city with growing tourist, shipping and natural gas enterprises, this Rio Grande border community has a variety of hotels and motels. A Convention & Visitors Council publication lists 25 recommended places in Laredo and two others across the river in Nuevo Laredo. The list gives full data on each of the establishments, including facilities, rates, whether pets are accepted and if bus service is available. The list may be obtained from Dept. GW, Box 790, Laredo, Tx., 78040. The Council's phone is 512/722-9895.

A favorite of many is one with massive Spanish doors that open into a haven of Old World Spanish charm. It's La Posada, with a pool courtyard pool, views of Nuevo Laredo across the Rio Grande and a private club for exquisite dining. Others that Travel News Service has visited include the Holiday Inn, the Hilton Inn, Sheraton Motor Inn, all in Laredo, and the El Rio Motor Hotel across the river. Each has attributes.

Mr. and Mrs. Thurman Reid of Myra announce the approaching marriage of their daughter, Alisa, to Gary Joe Walterscheid, son of Mr. and Mrs. Joe Henry Walterscheid of Muenster. The couple plans to be married on September 15 in Sacred Heart Church. Attendants will be Pat Sconce, Pam Yosten, Karen Walterscheid, T.K. Johnson, Steve Walterscheid, Barney Reid, Tommy Tuggle and Sharon Sconce. The bride-elect is a graduate of Era High School and is employed by IJB in Myra. The future-groom is a graduate of Muenster Public High School and is employed by Valenite in Muenster. The couple will reside in Muenster. —Mathews Photo

Forestburg News

by Myrt Denham

August 27 and winged her way to California. She will visit her sister and husband Mr. and Mrs. Donald Priest and some friends in Ventura. Betty and the Priests will motor to Montana where they will all vacation, visit with cousins and also the Priests' son and wife. Betty will also visit her son Ted and wife who reside in the San Francisco area before she returns home in about a month from now.

Mr. and Mrs. Kenneth Rich and family of San Antonio visited his grandparents Mr. and Mrs. Willie Kuykendall Wednesday night August 22.

Mrs. Ouida Beavers of Bowie visited her mother Mrs. Ti Cook Tuesday August 21.

Well, isn't it wonderful that some people have jobs where they have the power to vote themselves a raise—without getting the approval and permission of or consulting with their BOSSES—the tax-payer. All they get is a boost in their taxes and that is about all they get.

Mr. and Mrs. Charlie Meyer visited with Mr. and Mrs. Jack Holt and Lynn of Gainesville Thursday August 23rd.

Mr. and Mrs. H.A. (Pauline) Dunn of Dyemound entered Baylor Hospital, Dallas Monday August 20th and at this writing she is still there undergoing tests, etc.

Mrs. Lizzie Gardner will celebrate her birthday Sunday September 2. We all wish her a Happy Day and many returns.

Myrtle McMillion is like a bird out of its cage—she has been "grounded" for four months due to her little car being in a "car hospital" since May. Myrtle just may have forgotten how to drive or what her car looked like.

Mr. and Mrs. John Hunt of Stratmore, Calif. and David Hunt of Springville, Calif. returned home Tuesday August 21 after visiting here with relatives and friends.

Mrs. Norma (Orrell) Morby of Rosston will be teaching Special Education or Plan A in Alford this next year.

New teachers at the Forestburg School are Mrs. Rosalie Reider of Muenster who will be teaching Math in High School. Mrs. Nell Roach of Rosston has taken over the duties of Mrs. Velma Freeman who retired at the end of the past school year.

Mrs. Naomi Scott returned home from Arlington on Thursday August 23.

Mrs. Bess Orrell celebrated her birthday Wednesday August 29.

Mrs. Ouida McCandless and Todd of Floydada made it to the Bowie Cattle Auction Barn Saturday August 25. There she met up with relatives and friends. She spent Saturday night thru Monday night August 27 with her parents Mr. and Mrs. Ray Jackson. On Monday the 27 Ouida and sister Jewell Dill made a business trip to Dallas.

Mmes. Wanda Perryman and Vera Mae McGee motored to Amarillo Saturday August 25 to attend funeral services for Mrs. Alta (Satterfield) Box—wife of the late Ray Box. Ray was a brother to Mrs. Perryman and nephew of Mrs. McGee.

Mr. and Mrs. Howard Sockwell attended a family birthday celebration honoring Mrs. Mabel Marchbanks and Howard K. Garrison. The celebration took place in the home of Mr. and Mrs. Dale Schweter of Lewisville on Sunday August 26. All relatives attending brought a covered dish. Mrs. Marchbanks is Mr. Sockwell's sister and Garrison is a grandson-in-law to the Sockwells.

Mmes. Cleo Lanier, Juanita Bailey and Veda Brogdon attended the unveiling of a Historical Marker and Dedication ceremonies of the United Methodist Church in Montague Sunday afternoon August 26.

Mr. and Mrs. Clifford Hudspeth attended the Berry family reunion in Rosston Sunday August 26.

Mr. and Mrs. Cecil McCandless and grandchildren visited with Mr. and Mrs. A.G. Barclay Sunday August 26.

Mr. and Mrs. Sam Parsons and Tonya of Wichita Falls spent Sunday August 26 visiting her parents Mr. and Mrs. Buford Greenwood. Mrs. Parson (Karla) celebrated her birthday that day.

Mr. and Mrs. Clayton Fenoglio and family of Bowie visited her parents Mr. and Mrs. Eddie McClure and Becky of New Harp Saturday night August 25.

Mrs. David Vandervetter and children of Decatur visited with Mr. and Mrs. Joe Hunt Monday August 27th.

The late I.C. and Fannie Harries reunion was held Sunday August 26 at the Forestburg Community Center. Only two brothers of the immediate family are living—they are Frank Harris of Duncan, OK, and Dan Harris of Saint Jo, Texas. Attending were: Mr. and Mrs. J.B. Angley and Mr. and Mrs. Henry Angley of Stillwater, Okla., Mr. and Mrs. Ernest Angley, J.D. Heard, Mrs. Orvil Turner, daughter Mrs. Peggy Norman and Susan, Lucille Rose and Frank Harris all of Duncan, Okla., Mr. and Mrs. Johnny Randolph of Lubbock, Mr. and Mrs. Kenneth Harrington and Wilfred Harris of Arlington, Mr. and Mrs. Howard Harris of Floydada, Mr. and Mrs. Lester Harris of Muenster, Mr. and Mrs. Charlie Harris of Henrietta, Mr. and Mrs. J.C. Donald and Dan Harris of Saint Jo, Mmes. Esther and Alice Shears and Rhett Shears of Forestburg.

Mr. and Mrs. Gene Lanier, Phyllis, Charles, Johnny and Janice and Mrs. Lenora Mone visited with Mr. and Mrs. Ancel Moore of Dallas Sunday August 26.

Mr. and Mrs. Steinke of Elhart, Indiana are the proud parents of a baby girl, Katherine Michelle, born August 19. Mike is the son of Mr. and Mrs. W.E. of Edwardsburg, Michigan. The Steinke's lived here in the early 1960's and Mike and older brother Walter attended school in Forestburg. Walter graduated here at Forestburg and he now resides in Alabama with his wife and children.

Let's save energy now.

To hold this down...

(your electric bill) turn this up...

(your thermostat)

Many thousands of Texas Power & Light customers enjoy the comfort of air conditioning in their homes and for most it is the biggest factor in their electric bills during the summer months.

If your home is air-conditioned, you can hold down your electric bill by turning up your thermostat. On whole-house systems, set the thermostat on 78° or higher. On window units, adjust the cooling control to maintain a room temperature in the upper seventies. Turn the air conditioner off if you're going to be away from home for several days or longer.

Check filters every 30 days. Replace dirty disposable-type filters; clean permanent-type by manufacturer's directions. Keep furniture and draperies away from air outlets and returns; clean grills often. Close draperies and blinds to keep out direct sunlight. Keep fireplace damper closed. Replace worn or missing weatherstripping and caulking around windows and doors. Ask an insulation dealer or a TP&L Service Representative to help you make certain your home is adequately insulated.

with on-schedule mowing and faithful weeding. There's ample reason why it has the look of a carpet.

The lighting system likewise is extra special. It consists of four 70-foot tapered steel poles 7 inches at the top and 20 inches at the bottom, each topped by a cluster of 8 metal Halite lights. Their light intensity at the field is rated at 25 candlepower, which is about twice as bright as previous lighting. Also they use less electricity and life expectancy of the bulbs is longer. Flusche Enterprises, which contracted for the lighting, said that it is rated among the best of North Texas.

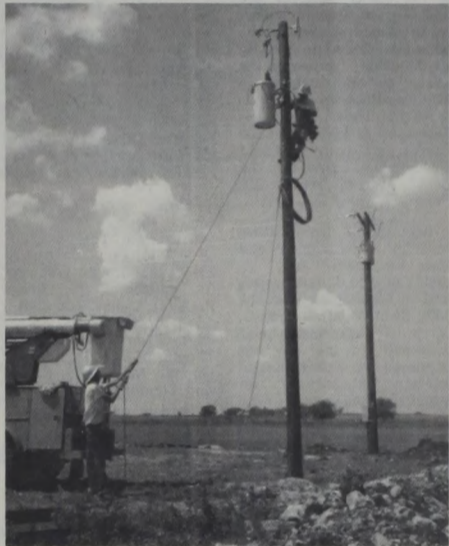

Installation of the lighting system was in keeping with its quality. Specifications for each pole's base begin with a 42 inch hole 10 feet deep and continue with a 24 inch hole to a rock formation 19 feet deep. These holes are filled with reinforced concrete in which are set four 2-inch bolts 6 feet long. These bolts secure the pole to the base. In erecting the lights a crane was used to lift the poles and spot them for bolting down.

Final installing job was focusing them Wednesday night. A stake for each of the 32 lights was driven into the field and technicians adjusted each light to focus on its respective stake.

The grandstand at the home side is 80 feet wide, has 16 rows of seats and a seating capacity of 750. It is located at the west side of the field, centered on the 50 yard line. Its framework is steel and it has aluminum for the stairs and bench type seats.

Across the field visitors have a pair of stands, one which was formerly on the home side, the other formerly on the visitors' side.

The concession stand, which was formerly used at the old field, has been skidded to its new location near the home-side grandstand.

Ancient History Department: The world's first car license plates were introduced by the Paris police in 1893. (That's Paris, France, not Texas) First American plates were in New York State in 1901.

**Abbot Alfred Visits Local Kin**

Abbot Alfred Hoeng is visiting relatives and friends for a few days in Muenster. A family reunion was held in his honor last Sunday at the home of a brother-in-law and sister, Mr. and Mrs. Theo Vogel.

Guests, in addition to the Abbot, were Messrs. and Mmes. Joe Hoeng, Alphonse Hoeng, Tony Hoeng and John Otto. Also Tom Hoeng, Claude Hoeng and Michael Adair.

The group was together for noon dinner; an afternoon of reminiscing and singing, to piano accompaniment by Abbot Alfred; and supper in the evening.

Scenes here were pictured last Friday as light poles were being erected at the Muenster High football field. No. 1 is one of the four units with lights installed before being hoisted into place by a crane. Nearby are Tom, David and Don Flusche of Flusche Enterprises, Inc., the contractor. Pictures 2, 3 and 4 are stages of lifting the pole into place by the crane. Picture 5 shows TP&L linemen energizing the lights, and Picture 6 is a view of lights and grandstand at the visitors' side. Meanwhile other jobs at the field are in progress. Charley Hellman mows the playing field. A grader operator, Charles Bayer, touches up the crushed rock surface of the parking lot, and another contractor applies the 1 inch surface of resolute to the all weather track.

SWIM-A-THON WINNERS

Staff Photo

**Winners Named In Swim-a-thon**

Swim-a-thon winners Saturday night, at the Beta Kappa event sponsored for the benefit of the Cooke County Child Development Center and the Scholarship Fund, were, in order named: Class I grades 4 and 5, girls Amy Still, Melanie Richey, Angie Barr, boys Joe Pagel, Bobby Norton, Tejay Fleitman.

Class II, grades 6, 7 and 8, girls Lori Still, Jackie Farrell, Christy Privett; boys Ronnie Fisher, Jim Bartush, Todd Fisher.

Class III, grades 9, 10, 11 and 12, girls Connie Stoffels, Karen Koch, Virginia Bartush; boys Steven Fisher.

Class IV, 18 years and older Lynn Bernbaum, Judy Krahl; boys David Krahl, Tom Sessions, Red Eberhart.

Twenty five dollars savings bonds went to the boy and girl winners in each class and ribbons were awarded to the first three places.

**Pledge Winners**

Melanie Richey collected the most money in pledges and won the AM-FM, tape player donated by Muenster Butane. Angie Barr and

Tonya Fisher tied for the next highest amount collected in pledges. Angie won the \$50 savings bond donated by Clyde Fisher. Tonya won the 11x14 portrait donated by Mathews Photographers.

All proceeds from the Swim-a-thon will benefit the Cooke County Child Development Center and the Beta Kappa Scholarship Fund.

Beta Kappa members are praising the participants and individuals who donated prizes and all who helped make the 1979 Swim-a-thon a success. They have expressed their gratitude for the generous support given to Beta Kappa Sorority and the two benefiting recipients.

PLEDGE WINNERS, ANGIE BARR, MELANIE RICHEY AND TONYA FISHER. —Staff Photo

**CONSUMER TIPS. Little things make a difference**

If your oil is not quite down to the "add oil" mark on your dip stick, then don't add a can; your engine will just blow off the extra anyway. The next time you buy a new battery, check out the completely sealed models that never need water. They cost more, but they'll save you a lot of hassles checking the water level later on... and if your power steering squeals when turning full left or full right, chances are you may just need to fill up the power steering fluid tank found under the hood.

The longest taxi ride on record lasted from September 9 to October 6, 1976. Two New Jersey women hired a cab to drive them 6,752 miles from Hoboken through 15 states and back. The fare, set in advance, was \$2,500.00.

"Do radial tires really help improve gas mileage?" —M.B., Conroe

Yes. Because of their special construction, radial tires produce less friction with the road surface. Therefore, it takes less power to roll along on them. Experts say gasoline savings can range from five to seven percent.

Lupe Evans, owner

**Pilot Point Nuptial Unites Latina Mayer, James Jezek**

Latina Ann Mayer and James Robert Jezek were married in St. Thomas Church in Pilot Point on August 25. Father Joseph Weinzapfel, pastor of St. Cecilia Parish in Dallas, and cousin of the bride, assisted Father Harry Fisher, pastor of St. Thomas of Pilot Point in the Nuptial Mass and double ring ceremony.

The bride chose a princess style wedding gown of ivory silk organza over satin crepe; the bodice featured a deep yoke of heavy antique Cluny lace accented with seed pearls in a scalloped design, extending from neck to waist. A border of ruffled lace trimmed the yoke and high neckline. Long fitted sleeves were trimmed in a scalloped design of seed pearls. Appliques of floral patterned lace design were scattered along the skirt hemline. The A-line skirt and sweeping chapel train were bordered in

a deep flounce of antique Cluny lace. Her waltz length veil of sheer silk illusion was attached to a lace covered cap.

She carried her Grandmother Gremminger's crystal rosary and a handkerchief and a colonial bouquet of silk flowers.

**Attendants**

Bobbie and Dan Jezek, sister of the bride and brother of the groom were marten of honor and best man. Rachel Mayer, bride's sister was maid of honor. Stacie and Lee Ann Mayer,

bride's cousins were bridesmaids. John, Tim and Mike Jezek, groom's brothers were groomsmen. Nicole and Chase Jezek, the couple's niece and nephew were flower girl and ring bearer.

**Reception**

The reception followed immediately after the ceremony in the KC Hall in Pilot Point. Decorations featured a garden setting.

Marlene Endres and Sharlene Pagel, cousins of the bride, presided at the silver punch bowls. Renita Gillespi was at the guest book. Barbara Berend served the bride's cake and Janie David served the groom's cake.

Among wedding guests were the bride's grandmother, Mrs. Vic Gremminger, also the bride's aunt Mrs. Dolores Howell and daughter Jill of Chambersburg, Pa. also Mrs. Catherine Morbitzer and Mr. and Mrs. Clyde Morbitzer and daughter.

The bride is a graduate of J. Earl Selz High School and Baylor University Medical Center of Dallas and is employed at Plano General Hospital as a registered X-Ray Technologist. The groom is a graduate of J. Earl Selz High School and Devry Institute of Technology in Dallas and is employed with Metroplex Cabinets in Lake Dallas.

The groom's parents hosted the rehearsal dinner at Georges Restaurant. Bridesmaids hosted a personal shower; eleven hostesses arranged the display shower; and Mrs. Billy Mayer, bride's aunt hosted the bridesmaids' brunch and the best man hosted the bachelor party.

After a trip to Eureka and Hot Springs, the couple will be at home in Denton.

**IT HAPPENED 40 YEARS AGO**

**August 25, 1939**  
County rejects legal beer by a wide margin...blocks local proposal for precinct control... Muenster leads wet vote by more than 90 per cent for legislation. Pagel's Store adds meat department. Refinery installs retail pumps for straight run gasoline. Gary Hess is recovering from pneumonia following operation for appendicitis. Mrs. Al Fleitman has major surgery in Sherman. Willie Fuhrmann has first bale of season's cotton at Lindsay. Bernard Gieb of Lindsay receives injuries in car accident. The John Grewings took their young son Walter to Galveston this week for foot treatment. Josephine Hellinger and Ben Fleitman marry at Gainesville.

**35 YEARS AGO**

**August 25, 1944**  
Local schools begin new term on Sept. 11. Banks are ready to make application for gasoline rations. Mrs. Lindemann, 88, formerly of Lindsay, dies at Windthorst. Herman Stoffels, stationed at Camp Carson, Colo., gets overseas orders. Seabee Arthur Felderhoff arrives in England. David Trachter reports OK in France. Elmer Fette writes from Saipan. Ferd Yosten is back in India after serving in China. Jake Bezner is elected president of National Subiaco Academy Alumni Association. George Angerer, 79, formerly of Muenster, is buried at Slaton. Due to a shortage of ice and cold drinks the traditional Labor Day picnic will be without the usual refreshment counters.

**30 YEARS AGO**

**August 26, 1949**  
Work begins this week on new \$300,000 public school building. Sacred Heart School staff consists of 12 teachers this year. Thea Livingston, 94 year old Myra Pioneer, dies. John Myrick sustains broken leg in first scrimmage session of the Gainesville Leopards and is a patient at Gainesville Sanitarium. Mr. and Mrs. Joe Tischler move to Celina to make their home. Federal grant on ten bed hospital is offered to Muenster. Mrs. M.J. Endres moved into her new home on Main Street. Jeanette Walter and Harold Nortman attend 4-H camp at Lake Trinidad.

**25 YEARS AGO**

**August 27, 1954**  
Heavy voting is expected Saturday in run-off election with the Shivers-Yarborough race for governor and the Klement-Robison race for commissioner of prime interest. John Hosea is new head coach at Muenster High. Julian Walterscheid, former SHH grid star joins Father Christopher as Tiger coach. J.F. Brown of Gainesville dies suddenly after long illness. Thief breaks into Leonard Hartman home and takes \$100 worth of jewelry and \$15 in cash. Both schools start Wednesday. Henry Weinzapfel and Alvin Noggler enter military service. Bernice Henscheid and Marianne Luke graduate from nursing school in Dallas. Stroke is fatal to Joe Pelzel, 57, of Pilot Point. Joe Fisher Sr. is back at home after making a Marian Year pilgrimage to Canada. The Andy Mudracks and family of Fort Wayne, Ind.,

are visiting the Hartman families. Tony Herr of Lindsay is recovering from a Black Widow spider bite. Adolph Fuhrmann receives serious injuries in post hole digger accident.

**20 YEARS AGO**

**August 28, 1959**  
Muenster schools gain 10; combined enrollment is 685. Remodeling work starts on building for Muenster Dress Factory. Capps Corner and Saint Jo combine school districts. John Aytes joins engineer staff of National Supply. Mrs. Ray Swirczynski is recovering from surgery. Sudden death ends brief illness of Mrs. W.B. Hoover of Myra. Joan Hennigan and Felix Pelzel marry at nuptial mass Saturday. Ben Voths observe silver wedding anniversary. Announcement has been made of the marriage of Roger Wolf and Sandra Bragg in Toledo, Ohio on August 8. Delia N. Burchfield wed in Saint Jo to John Parnell. Family party marks Willie Fuhrmann's 40th wedding anniversary. New arrivals: boys for the Max Rumelhart, and the Russell Herbs.

**15 YEARS AGO**

**August 28, 1964**  
Local schools begin with a combined enrollment of 723, ten more than last year. Work begins on rest home by Dick Cain west of town. Linda Whitt is Cooke County Farm Bureau Queen for 1964. Twenty instructors are assigned at SH School. Fifteen listed on staff at Public School. Arthur Hess is named president of newly organized trapshooter club. Hank Walterscheid and Louise Hermes marry. Lin-

sey has enrollment of 259 on opening day of school. Mrs. F.J. Gruber, 80, dies suddenly at Lindsay. Elaine Friske and John Daderio marry at Gainesville. City Library issues 50 certificates to students for summer reading. CDA court begins planning for 50th anniversary observance. Mrs. John Rohmer, Frank Yosten and Mary Lou Fleitman are recovering from surgery. New arrivals: a boy for the Jerry Endres and a girl for the Leroy Schmidkofers.

**10 YEARS AGO**

**August 29, 1969**  
Local schools enroll 786, 11 less than last year...385 are in Sacred Heart and 401 are in Public School. Paul Herr, 63, dies at Arlington. Dallas-Fort Worth Catholic diocese is divided. Bishop Gorman retires. Tommy Hess qualifies for 1000 Mile Club. New home nears completion for Louis Roberts. Mr. and Mrs. Hubert Felderhoff celebrate golden wedding. Light rain brings relief from heat. Swim pool will close Monday. Linda Corcoran and Thomas Brown marry at Lindsay. Mr. and Mrs. Willie Fuhrmann are honored on 50th wedding anniversary. Mary Pels is bride of Harvey Lamkin. Al Walterscheids are honored on 40th wedding anniversary. Martha Meurer ends trip abroad. MHS Band elects officers. Cheerleaders from SHH attend ETSU cheerleading school.

**5 YEARS AGO**

**August 30, 1974**  
Muenster blood bank is enriched by 83 pints, three above the quota in the semi-annual collection. Jaycees will have chicken fry Sunday. Week's rainfall measures 3.33 inches. Glenda Davidson Kennedy gets master's degree. Karen Sicking gets BS degree. Tigers win in scrimmage with Pottsboro. Hornets, Panthers meet Thursday in first grid action. Mrs. William Fette of Kilgore dies. Tony Fritsch of the Dallas Cowboys is a patient at Muenster Hospital. Alice Hellman sends greetings from Bulgaria. Terry Huchton, Glenn Grewing, Gary Barnhill and Louis Koelzer begin Navy training. Fred Hennigans celebrate 44th wedding anniversary, the Larry Hennigans their 15 and the Felix Pelzels their 15 at family reunion in City Park. Walterscheid-Beck wedding is performed in Utah. Susan Endres and Mark Metzler marry here. New arrival: a girl for the Robert Voths.

Leon Fuhrmann, president of the Myra Community Improvement Club, at right, accepted the award plaque presented to the Myra Community on August 17 at Texas A&M University by Dr. Daniel C. Pfannstiel, Director of the Texas Agricultural Extension Service. The awards program and luncheon were held in the Memorial Student Center.

**SNAP Honors Nine at Birthday Party**

Birthday honorees during August observed the special day at the S.N.A.P. noon luncheon, when 69 senior citizens attended and helped celebrate. A large, beautifully decorated cake was sent from the S.N.A.P. Center in Sherman, and was served to all. Honorees were Judy Langley of Gainesville; Joe Rison of Gainesville; and John Schmitz, Ann McDaniel, Sadie O'Connor, Rosa Becker, Tony Wimmer, Lu Vogel and Marie Henscheid all of Muenster.

**SNAP Menus**

Tuesday, Sept. 4 - Chicken-Rice Casserole, carrot-cabbage cole slaw, cornbread, margarine, purple plums, milk.

Wednesday, Sept. 5 - Meat Loaf With Vegetable, gravy, whole kernel corn, tossed green salad with dressing, whole wheat bread, margarine, applesauce crisp, milk.

Thursday, Sept. 6 - Pinto Beans with Ground Beef, seasoned mustard greens, apple juice, cornbread, margarine, oatmeal cookies (1), milk.

**Special Guests Attend S.N.A.P.**

Abbot Alfred Hoening of Corpus Christi and Father Harry Fisher of Pilot Point were special guests at the S.N.A.P. luncheon Tuesday, August 28 in the Community Center. Sixty eight senior citizens attended. Table games followed the luncheon.

**Adult Education To Start Sept. 15**

Mrs. Marie Mosman attended a two day workshop for teachers of Adult Education classes on August 10 and 11.

Also, students who received advanced help when preparing for college-level specialized courses, have expressed satisfaction with the program.

The two day, 12 hour session was held in Valley View and included teachers from McKinney, Sherman, Plano, Decatur, Gainesville, Valley View and Muenster and was directed by Thomas C. Myers and Dorothea Pasqua.

Mrs. Mosman has announced that classes in Muenster will begin after September 15. She may be phoned at 759-4138 for more information.

A brief explanation of Adult Basic Education classes brought out that classes in this area are valuable for those wishing to improve reading ability or to increase basic math proficiency and also in other basic areas. Classes offered locally in the past have been particularly successful and satisfying for the students. All areas of Basic Education may be included for students who wish it.

Local students who prepared for and received GED, General Equivalency Diplomas, in the past have expressed great pride and satisfaction in their achievement.

**Tops & Teams**

**Seminar Features Showing Flowers**

A "Show Your Flowers" Seminar will be held in the Cooke County Electric Co-op Building on Wednesday, September 5. Sponsored by the Muenster Garden Club, the afternoon session 4 to 5:30 p.m., will include a lecture on Flower Show Procedure and the evening session 7:30 to 9 p.m. will be a Floral Lecture and Demonstration.

Mrs. John D. Cooper, nationally accredited instructor and amateur accredited judge will direct the seminar and conduct the two sessions.

Admission will be \$1.50 for one or both sessions. More information is available from Mrs. King Koch, president of the Muenster Garden Club.

**Schlitz Is Hosting Slo-Pitch Tourney**

The fifth annual slo-pitch softball tournament sponsored by the Schlitz team will be held here Wednesday through Saturday of this week.

Tom Flusche, chairman, said 14 teams will participate in the double elimination tourney which will require at least 26 games and possibly 27. Wednesday and Thursday nights will have 4 games each starting at 7 p.m. and Friday will have 5 games, also starting at 7. The remaining 13 or 14 games are booked for Saturday beginning at 11 a.m.

Muenster will have two teams competing, The Schlitz team and the Schlitz Malt Liquor team. Other towns represented are Gainesville, Denton, Bowie, Sanger, Montague and Nocona.

**Confetti...**

year 30 major oil companies collectively made \$13.5 billion in profits, of which the shareholders received 5 billion as dividends. Also they invested 27.8 billion in new projects and paid \$65.2 billion to the government. In other words government received 13 times as much as the stock holders and 5 times as much as the oil companies. Still the president demands a windfall profit tax on oil!

The coal industry likewise has a problem with the government. The Bureau of Land Management has stated that it will issue no new coal leases until fiscal years 1980 to 1982.

Of course, coal encounters additional opposition from environmental cranks both in and out of the government who insist on absurdly high emission standards.

And to make matters still worse government is going along with the anti-nukes and throwing all possible obstacles in the way of nuclear power development.

As we think over those conditions we have to wonder: Is the federal government really trying to solve the energy problems?

It's easier to keep in touch when out-of-town relatives and friends read **The Muenster Enterprise** to find news of your family gatherings, reunions, visits from other relatives and friends, vacation trips, anniversary celebrations, weddings, parties, school activities, awards for school accomplishments, community events, parish activities, etc. Almost as good as a "long letter from home." Phone 759-4311 or send to Box 190, to share or report news.

Gainesville's only pharmacy with a druggist on duty at 7:30 a.m.

Open 7:30 a.m. to 8 p.m.

**Watts Bros. Pharmacy**

Gainesville

**New Track Needs Time for Curing**

Runners and joggers who have been looking forward to trying the new MHS track have a few months longer to wait.

On advice of the contractor, Superintendent L.B. Bruns announced this week that the surface is subject to damage until it is thoroughly cured.

He added that a special crossing of old carpets has been provided for players and bands to cross over to the football field and the gate will be locked for games.

**Bulcher Homecoming**

Sunday, September 2 is the special day for Bulcher residents, friends, relatives, neighbors and former residents. The annual homecoming will take place in the Community Park.

The first modern Olympic games were held in Athens, Greece, in 1896.

**Quarterback Club Organizes Tuesday**

The Hornet Quarterback Club of Muenster Public School will have its 1979 organizational meeting next Tuesday Sept. 4, 7:30 p.m. in the school auditorium.

The agenda includes an election of officers and a discussion of the projects planned for this year. It will also present the film of practice scrimmages with Boyd and Nocona.

**The Weather**

Moderate temperatures continued through the past-week as the community received only .03 inch of rain. Low and high readings were recorded as follows by Steve Moster. August 23, 70 and 94; 24th, 70 and 93; 25th, 74 and 90; 26th, 71 and 94; 27th, 70 and 94; 28th, 73 and 97; 29th, 72 and 97.

After .03, recorded Sunday, the month's moisture measure is 1.99 inch and the year's total is 29.62 inches.

**Homemakers Plan Installation, Dinner**

A dinner at The Center, followed by installation of officers and a business meeting will be held by the Muenster Chapter of Young Homemakers on Wednesday, September 5 at 7 p.m.

Members who have not indicated their intention to attend are asked to notify Sharlene Schilling or Debbie Fisher immediately, so that the necessary reservations may be made in advance.

Young women of the community, interested in joining the Young Homemaker Chapter may phone Mrs. Schilling at 759-2816 or Mrs. Fisher at 759-4486.

**Golf Tournament**

Members of the Muenster Golf Association will have their monthly tournament next Sunday at Nocona Hills. Contestants are asked to turn in their cards by 8:30.

**FOOD for THOUGHT**

**An Agricultural Concern Of Interest to Everyone**

About a billion acres of non-cropland are scattered throughout the country. But only 3 1/2 percent is suitable for converting into top-producing farmland without extensive financial investment.

And such additional land is least available in the more populous sections, including states in the Northeast, Appalachian, Pacific and Great Lakes regions.

Thus, the bulk of present and future increased food and fiber supplies must come from existing farmland which can be preserved for agricultural use.

Presented by this publication and Sperry New Holland to promote a better understanding of the modern farm to family food supply system.

**Schedule of Meetings**

**Quarterback Club**  
Quarterback Club meeting Tuesday September 4, 7:30 p.m. in the MHS Auditorium. Election of officers and film of scrimmage.

**Golf Association**  
Muenster Golf Association regular meeting, Sunday, Sept. 2 at Nocona Hills, preceding opening of tournament. Cards must be turned in by 8:30 a.m.

**Young Homemakers**  
Young Homemakers of Texas meeting, Wednesday, Sept. 5, at The Center, 7 p.m. Dinner, installation, and business meeting.

**Hood Club**  
The Hood Community Improvement Club will meet on the 2nd Monday of each month, in the future. The next meeting will be held on Monday, Sept. 10 at 8 p.m. in the Community Building.

Mr. and Mrs. Eddie Schad of Valley View will show films of their time in Africa. Members are urged to attend and visitors are welcome.

Life is what happens to you while you're making other plans.
