Butter, Fats Frozen Until Rationing Begins Monday

Meat Rationing Highlights Listed

Another week completed, and Con is still one of the hopefuls. It should be a comforting thought, however, in this case there is little room for comfort. The suspense is getting worse.

In general, the situation is something like this. I was saved from the ax this week by a very close miss. I was among the unfortunates called on the carpet. Some were dropped, some were set back, some were placed on probation. The latter group includes me. Hence, my neck is still on the block. And, to make matters worse, I won't know any more about my status until I get either the commission or the bad news. So, instead of having the tension relieved at the end of Gunney, I'm due to carry on with a greater measure of it. More and more I can appreciate why some officers are so proud of their commissions. Anything earned by that much sweat and grief is worth being proud of.

A conference with the tactical board is a memorable event indeed. The best place in the world for a person to find out about his faults. Yes, even better than the gossip that gets back to you. In this case, however, the procedure is different. The board lets you have it straight from the shoulder and it doesn't pull any punches. I was bluntly informed that my academic work, though still passing, was a matter of grave concern. Also that I failed to get the proper authority and volume in my commands, that I was not properly informed on military procedure and customs, and lots of other things that don't have to be mentioned here. After all, this isn't a confession. But the gist of it was I'm a poor prospect for an officer and I'm wasting my time trying to make the grade.

After that goes on for a while a fellow begins to wonder how it is possible for any one person to be so worthless and what kind of a verdict will follow the indictment. Certainly nothing less than a dishonorable discharge would be adequate. Actually it is meant to serve either of two purposes. It's a goat-getter or a pep talk. A person gets so thoroughly discouraged, that he quits, or he sets out to prove that they were wrong. I chose the latter course. Being officially informed that I am on the spot, I can rest assured that the going will be rough for the next week especially and perhaps for the next month.

Aside from all that, there's some relief in the thought that Gunney will soon be a thing of the past. Only three more days of it. Then to Communications and Tactics—two more unknowns that may prove even more exasperating than what we've had. Judging from the past two months, there's no reason to look for anything easy.

As a sort of grand finale to the course, we had the opportunity, Saturday, to see just how we are supposed to function after applying these theories for a while. It was a Division Artillery demonstration. One of those events that draws generals and colonels from hundreds of miles. And, definitely, it was an impressive show, proving beyond a doubt that artillery can deliver a sudden and effective wallop in a combat area.

First we saw an exhibition of what can be done with cold dope already laid out on firing charts. In less than a minute dozens of guys were converged on a small area blasting it to bits. It is easy to imagine the effect such fire would have in combat.

Then came the tricky problems of going into action without previous data. A forward observer directed the fire of a few guns until they were hitting the mark. After that the other guns joined in the barrage. Then the same show was repeated with an aerial observer directing the fire. All in all the demonstration presented an impressive picture of what well-directed heavy fire can do to the enemy. Once he has been discovered he has very little time to vamoose before the hail of jagged metal begins pouring on him. After the fire starts he has practically no chance at all.

However, there's one important point to remember along with all this. The enemy also has artillery. What we see is scientific mass destruction that can hit our side as well as the other.

Mr. and Mrs. Al Horn returned last Wednesday evening from a wedding trip that took them to the Rio Grande Valley and points in Mexico. They are now at home southeast of the city in the bungalow formerly occupied by Mr. and Mrs. Ray Swirczynski. Since Ray entered the army Mrs. Swirczynski and little daughter are occupying the apartment in the back of Jimmy's Cafe, which is now under Mrs. Swirczynski's management.

Community Is \$100 Over Red Cross Quota

Muenster has over-subscribed its Red Cross war fund quota by almost one hundred dollars. It was reported Tuesday, and donations are still coming in. When figures were tabulated Tuesday at noon the total was \$593.60. Muenster's quota was set at \$500.

Soliciting in this community was done by Mesdames G. H. Hellman, chairman, Jim Cook and Alford Harrison and G. H. Hellman.

In addition to contributions previously acknowledged the following have been made:

\$10.00 Donation
Muenster Civic League and Garden Club.

\$5.00 Donation
E. P. Buckley, O. B. Edelen, Barney Voth, Kleiss Brothers.

\$4.00 Donation
James D. Cook.

\$2.00 Donation

Hammer, Mrs. Hugh Jackson, Mrs. H. L. Tuggle, Mary Becker, J. P. Fisch, Jr., E. O. Teague, D. C. Kline, Jack Roberts, F. E. McLeod, Joe Starke, Bob Yosten, Joe Siegel, M. J. Endres, Hy Wolf, Martin Bayer, Bill Haverkamp, Herman Danslmayr, Buddy Fette, John Hacker, Joe Knabe, Anna Hellman, Meinrad Hesse, H. A. Walterscheid.

50 cent Donations
Billy Hoehn, Mrs. Ira Yeakley, Mrs. Jack Moore, Henry Walter-scheid.

25 cent Donation
Jack Hoehn.

In Cooke County two-thirds of the \$10,000 quota had been accounted for by last weekend and on Saturday county school teachers, who were chairmen in their respective districts, made their reports. On Wednesday the final figure was \$8,783 and contributions were still coming in steadily. The county total was at that time less than \$1,300 from the goal.

Ruling On Mail To Army Men Overseas Modified

Hereafter sealed parcels not exceeding 8 ounces in weight on which postage at first class rate is prepaid may now be sent to men in the Army overseas without an approved request from the addressee.

This is a modification of a previous order and will facilitate the sending of small articles such as eye glasses, watches, fountain pens etc., and also includes the sending of newspapers and magazines.

Three Names Will Appear On Ballot For School Trustee Election April 3

Apparently only three names will appear on the ballot for school trustees for the Muenster Independent School District when the election takes place on April 3rd. All three are retiring trustees. Albert Henschel, Frank Yosten and Meinrad Hesse.

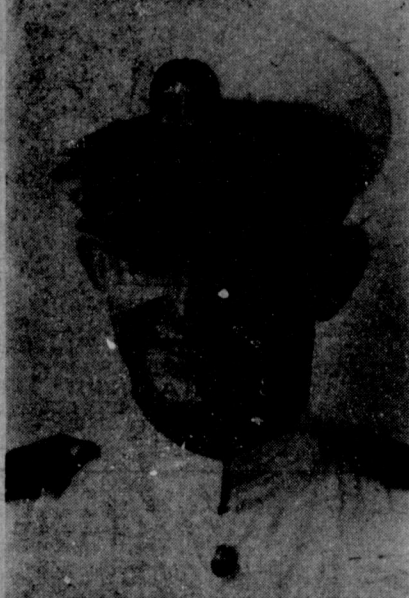

The election will be held at the public school and the polls will be opened at 8 o'clock and closed at 7 p. m.

Mr. and Mrs. Joe Luke and daughter, Miss Alma Marie, visited relatives in Munday, Texas, Sunday and Mr. and Mrs. Luke were baptismal sponsors for the new son of their cousins, Mr. and Mrs. Eugene Michels.

Mr. and Mrs. J. P. Fisch, Sr., had as their guest Monday and Tuesday his brother, Damie Fisch of Debuque, Iowa. The visitor and his wife had spent the weekend at Sheppard Field with their son and Mrs. Fisch remained there until Tuesday. She had planned on spending the latter part of the week here, but their visit to Texas was cut short when they received a message from another son who is in the service advising that he was home on a short surprise furlough.

Al Swirczynski of Dallas was the weekend guest of relatives here.

GETS COMMISSION

RICHARD FETTE WINS WINGS AS MEMBER OF NAVY AIR CORPS

Richard C. Fette, 24, son of Mr. and Mrs. Henry Fette, was commissioned an ensign in the United States Naval Reserve at Corpus Christi Naval Air Training Center last Wednesday, March 17, and awarded the coveted "Navy Wings of Gold".

The graduation ceremonies at which he and other members of class received their commissions and wings from Rear Admiral A. E. Montgomery, USN, commander of the NATC, marked the completion of a long, intensive course qualifying them to take their places with the fleet.

Ensign Fette arrived here Friday for a weekend visit with his parents and left Monday to report to Pensacola, Florida, where he has been assigned to a four-month course at photographer's school.

Young Fette had first passed rigid requirements of the basic and instrument courses and then went on to receive specialized instruction in flying the Navy's fighter planes. In addition to his flying activities he has mastered in ground school the technical subjects required of a twentieth century pilot.

Ensign Fette volunteered for flight training last June and received preliminary instruction at the Dallas Reserve Base. He is a native of this city and attended the local schools graduating from the Public High school in 1937. During his high school career he was an outstanding athlete and was one of the star basketball players on the school's team.

GEORGE P. GLEESON LEAVES; SUCCESSOR IS JERRY GORMAN

George P. Gleeson, director of the Elm Street USO at Gainesville since September, left this week for service with the Overseas division of the USO. Jerry Gorman has been named as his successor. Mr. Gorman is a native of New York and had been serving as director of the USO club at Laredo, Texas. He arrived during the past week.

Before leaving the country Mr. Gleeson expressed his appreciation and thanks to citizens of the Muenster community for their whole-hearted cooperation in his endeavor to furnish recreation and entertainment for the enlisted men of Camp Howze.

"I desire to assure all of my friends in Muenster, that while serving in my new USO station in the Panama Canal Zone, that their assistance and cooperation rendered me while in Gainesville will cause me to possess fond recollections of all of them and their activities", Mr. Gleeson said.

ANNOUNCE CHANGES IN POINT VALUES

Point value of dried and dehydrated prunes and raisins and of all edible dry beans, peas and lentils were recently reduced by OPA.

Point value of prunes and raisins was lowered from 20 to 12 points per pound, and point value of edible dry beans, peas and lentils was reduced from 8 to 4 points per pound.

In addition, dates and figs not hermetically sealed were removed from the current list of rationed foods.

Mr. and Mrs. Clarence Wilson have had as their guests during the week his sisters, Mrs. Vida Womack of Floydada, and Mrs. Pearl Johnson of Santa Fe, New Mexico, who have also been attending the bedside of their mother, Mrs. O. Wilson at Gainesville. Mrs. Wilson has been very ill and her condition was reported unimproved Tuesday.

Full Ticket Points To Lively Races For City Offices

Muenster Will Be Host For Catholic District Meeting

Plans To Hold Conclave On Same Date Rev. Paul Hoedebeck Says First Mass

Muenster has been chosen to be the host city for the annual district meeting of the Catholic State League and plans are underway to hold the conclave on the same day that Rev. Paul Hoedebeck will officiate at his first holy mass here.

Members of the two adult parish societies discussed the event at their regular meetings last Wednesday and, if possible, both events will take place on the same date, it was decided.

At the present time plans are vague, but committees have been appointed to work on details.

Rev. Hoedebeck, a native of this city, will be ordained to the priesthood sometime in May. He will say his first mass here shortly thereafter, supposedly about the 25th. An arrangement whereby both events could take place at the same time was considered ideal, and further announcement on the order of plans is to be made at an early date, it was said.

Rev. Hoedebeck is now completing his course of studies at Subiaco Seminary. He is a son of Mr. and Mrs. Fred Hoedebeck, former residents for many years, now residing in Denison.

Municipal Water Supply Approved By State Board

Muenster's municipal water supply has been approved and received an A or excellent rating by the Texas State Department of Health. Mayor Ben Seyler has been advised in a letter from Dr. George W. Cox, state health officer.

The approval of the water supply is due largely to the improvements which the city affected. In testimony of the water's satisfactory condition the state health department has authorized the erection and maintenance on all public highways leading into the city a permanent marker notifying the citizens of this city, as well as the traveling public, that Muenster's municipal water supply has received the approval of the Texas State Department of Health.

A portion of Dr. Cox's letter to Mayor Seyler said, "This public approval is a distinct honor for your water supply system, and has been awarded to only a small number of supplies within the state at the present time."

LEO N. HENSCHIED ELECTED PRESIDENT ST. JOSEPH SOCIETY

Leo N. Henschied was elected president of the Saint Joseph's Society of the parish when the annual election of officers took place Friday in connection with a regular meeting on the feast day of its patron. Other new members on the executive committee are Joe Hoeng, vice-president and Meinrad Hesse, secretary.

J. W. Hess was re-elected treasurer and Al Walterscheid and John Klement were re-elected banner carrier and marshal, respectively.

Mr. Henschied replaces C. J. Wimmer, who held the office of president for the past several years, and refused a nomination. Joe Hoeng was previously secretary of the society.

The meeting was marked by a splendid attendance and a report of the past year's activity was given.

Following business, the men joined the Mother's Society for a social hour and refreshments. The women had first also held their regular monthly meeting.

65-Barrel-Well-An-Hour Comes In At Fleitman's

Texas Company brought in a 65-barrel-an-hour well on the Joe Fleitman farm northwest of the city Sunday.

It is by far the best well in that sector and is destined to start additional activity in that area.

Campaigning Progresses For Election On April 6

Citizens of Muenster are looking forward to a lively contest in the races for city officials to be decided in the election of April 6. Campaigning is already underway and it is expected that votes will be openly solicited before another week passes. Muenster has a chance to witness some real pre-election fever.

A glance at the list of candidates filed up to Wednesday of this week reveals that the battle will be staged between prominent men, all of whom are worthy of the offices they seek and who also carry a great deal of personal support.

For the office of Mayor, two have filed, Frank Hess and J. M. Weinzaepfel. Ben Seyler incumbent is not seeking re-election he disclosed. He held the office for two consecutive terms. One other name was filed but was withdrawn shortly after the other two were listed, it was reported.

For alderman of position No. 3 L. A. Bernauer, the present official will be opposed by Henry Stetler. Both are good men and either of them, if running against a less prominent candidate, would sail through to an easy victory. But opposing one another and each claiming a good personal support the race promises to be a close one.

Andy Hofbauer has as his opponent for aldermanic position No. 4, Al Walterscheid. Both are looking forward to favorable support, and both have it. It will be hard to pick the winner before the ballots are counted.

Another toss up is John Fisher's race to defend his position of No. 5 alderman against H. M. Schmitz. This is the latter's second time to try for a city office. Last year he almost defeated I. A. Schoech in a heated write-in campaign.

All candidates are qualified and no matter who goes in a good man gets the office.

The deadline for filing names on the ticket is Friday and it was whispered that perhaps more names would be added to the list before the final hour.

ANNUAL CENSUS OF SCHOLASTICS BEGUN

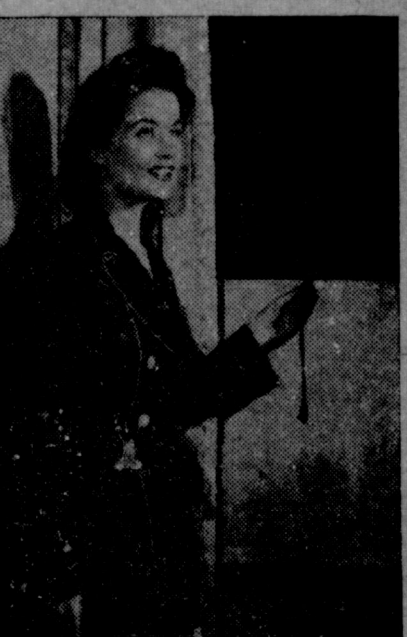

The annual census of school children began this week with Mrs. Joe Luke taking the yearly count of Muenster scholastics.

Albert Henschel, president of the school board, urged all citizens to cooperate with the census taker in order to complete the count as soon as possible.

Children eligible for the count are those who will be six years old the first of September, and all under 18 years of age at that date.

The census last year listed 328 children here, but this year's count will be larger due to consolidation with Linn.

'SWING' GIRL

Patricia Collins of Chicago illustrates how the new kind of "swing" girl—who must sleep daytime because she works the swing shift in a war plant—helps the victory drive by pulling down window shades. This not only provides better sleeping conditions but conserves fuel. By keeping shades completely drawn at night and in unused rooms at all times, American families can save 9,000,000 tons of coal and 10,500,000 barrels of oil a year, according to figures compiled by the Armour Research Foundation.

Saint Anthony's Discussion Club finished the current series of lessons on Tuesday of last week. The final session was held in the home of Mrs. Joe Bayer. Father Richard was a guest at the meeting which was adjourned with recitation of the litany of St. Anthony. Because of the lengthen season no social hour was held.

PARTY AT SWIRCZYNSKI HOME HAS FIVE HONOREES
 The home of Mr. and Mrs. Joe Swirczynski was the scene of a dinner party and family reunion Sunday honoring Pvt. Ray Swirczynski, who left Monday for the army. Sharing honors with Ray were four members of his family who have birthdays during the week, his wife, who observed her anniversary on the 22, his sister, Rita, who has a birthday on the 27 and his brothers, Bob and Arnold, who have birthdays on the 27 and 25, respectively.

For the dinner members of the immediate family, including Al Swirczynski of Dallas, were present. The dining table held a large decorated cake inscribed with "Greetings" on the top and the names of the honorees on the sides. Pink hyacinths further ornamented the large table.

During the afternoon a family reunion party for which uncles, aunts and cousins of the honorees were present was held and at six o'clock supper was served to the group.

Enjoying the affair in addition to the honorees and children and grandchildren of the hosts, were Messrs. and Mesdames Nick and Bob Yosten, Ed Pels, Ben Sicking, Paul Neibum and Joe Horn and their families, John and Frank Yosten and families, Mr. and Mrs. Leonard Yosten, and F. E. McLeod.

Your Health

BY GEO. W. COX, M. D.
 Texas State Health Officer

Austin, Texas: The careless or uninformed use of medicines cause much serious illness and even many deaths in Texas every year. Dr. Geo. W. Cox, State Health Officer, said today in a statement urging the public to use caution in self-medication.

"It is never safe to take medicine in the dark," Dr. Cox said. Always read the label carefully to make sure the aspirin you expect to take is not a bichloride of mercury tablet. As a matter of fact, poisons and medicines containing poison should be kept together, well out of the reach of children and marked in some distinctive manner. Another thing to remember," Dr. Cox said, "is that medicines should always be taken exactly as directed by a physician because many beneficial medicines can do untold harm if taken too frequently or in too large quantities. It is well to stop and think that you may be taking your life in your hands when you take medicines casually."

The Health Officer also warned of the danger in the inclination of many persons untrained to diagnose and treat their own ills. Such persons are likely to guess wrong, he asserted, and while they may not take medicine that is actually harmful, they are nevertheless postponing an accurate diagnosis and the resulting proper treatment that could help their illness.

"The safest rule is never to use medicine, internally or externally that has not been prescribed by your doctor and for that particular illness with which you are suffering," Dr. Cox concluded.

To: Thomas C. Harris, Defendant,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of April A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 24th day of February A. D. 1943, in this cause, numbered 13731 on the docket of said court and styled Cleo Harris, Plaintiff, vs. Thomas C. Harris, Defendant.

A brief statement of the nature of this suit is as follows, to wit: Being a suit for divorce stating that plaintiff and defendant were lawfully married on the 31st day of August 1941, and that soon thereafter the defendant began toward this plaintiff a course of cruel harsh and unusual treatment, which has continued to this time; that he has left her and his whereabouts is unknown to this plaintiff and that she is compelled to support herself by her own work and labor. That no children have been born of said marriage and that there are no property rights involved. That before her marriage the plaintiff's maiden name was Cleo Wingard which she asks be restored to her; wherefore she prays that defendant be cited to appear and answer herein and that upon final hearing she have judgment dissolving said marriage relation and for costs of suit and for general and special relief, as is fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 2nd day of March A. D. 1943.

**MOSAICS
of Sacred Heart High**

Our boys played two softball games last week. On Wednesday they played the public school and the final score was 13 to 9 in our favor. The second game was played with St. Mary's at Gainesville on Friday, and the score was 7 to 6 against us. This is the first defeat our boys have had in this softball season — a grand record.

We are happy to have Billy Joe Miller back with us after an absence of a few days when he suffered an injury to his knee cap.

Geneva Gremminger is also back after a few days absence due to illness.

We are sorry that Leo Felderhoff is absent from school due to a serious injury to his leg. We hope you will be back soon, Leo.

Introducing the Snoopers:
We snoop around and stick our noses in everyone's private affairs.

If there's something they don't want anybody to know we tell the whole school. Nobody knows who we are, but you can tell us by our large eyes and enormous ears. You see, we're the eyes and ears of S. H. H. S.

One day when we were snooping, we noticed that Frank and Rose Marie always play tennis after school. We checked the score and found that most of them were Love Games.

Speaking of love, we noticed certain people are interested in certain places. Marie Felderhoff and Marie Swinger have looked in every book they can find to get information about Linden, Texas. Galveston must be quite a place according to Lu. No?

The other day in 1st year Latin Class Sister Geraldine was dictating vocabulary. When she gave out the word "vestmentum", George Swirczynski remarked "That goes over my head" and the class popped out laughing. You see, "vestmentum" means clothing.

Geneva has developed the loveliest grin. You all remember the clown that put on the show some time ago. Well that's the way she grins and it really is the perfect compliment to her actions.

The other day when we came upstairs for Stury Period we noticed Harold Luke sitting at the Library Table and acting as if he

SAVORY OATMEAL VEAL LOAF
(Serves 6)
Cooking Time: 1 Hour
Temperature: 350° F.
1 pound veal, ground
1/4 pound bacon, OR
4 tablespoons shortening
1/2 cup boiling water
1 bouillon cube
1 small onion, ground
1 egg, well-beaten
1 teaspoon salt
1/4 teaspoon pepper
1/2 teaspoon celery salt
1 teaspoon paprika
2 tablespoons Worcestershire Sauce
1/2 cup catsup
1 cup oatmeal (either the quick- or regular kind, uncooked)

Dissolve the bouillon cube in water and cool. Combine all other fat. Cook in a moderate oven (350° F) for 1 hour. Serve plain or make a Quick Tomato Sauce by heating a can of tomato soup according to instructions on the can.

owned it. We know why, he's practicing for when he will be a business executive. Why don't you put your feet on the table while you're at it, Harold? The same day we heard Sister Geraldine tell Gladys, Sis, Johann and Juanita they were being foolish. Sister why are they foolish?

Somebody was out on the porch, but we don't know who or exactly what they were doing. Anyway Sister Gerarda must have told them to stop, for we heard her say, "Do you want me to raise Cain?" Then a smart little Freshie popped up and asked, "Since when do we have a Victory Garden?"

It seems that the Freshies have grown tired of the Shorthand Class invading their room every morning. That may not be the reason, but somebody put something in the stove in that room last Tuesday morning. The smell that Marie Swinger has looked in every book they can find to get information about Linden, Texas. Galveston must be quite a place according to Lu. No?

Dollie and Geneva, do you like to write compositions? Especially the 300 word kind? If you don't why were you writing one last Wednesday during Physical Ed.? Bet you don't do that again.

One day last week we over heard the upstairs girls discussing a very interesting subject. The topic was the different styles and colors of Mustaches. Now just who has a Mustache, girls?

We were under the impression that beans were rationed, but guess we were wrong. For Mildred had a bean shooter in school last week. It was quite a novel thing. The shooter part was a piece of

FARM NEWS from **FOOD FOR FREEDOM**
YOUR COUNTY AGENT FOR FREEDOM
TEXAS EXTENSION SERVICE

Make full use of pastures this year by rotation grazing and mowing. Save on labor by letting the cow harvest as much of her feed as possible.

Check calving dates on cows due to freshen this spring. Allow a six weeks to two months dry period. Increase the production and profit by feeding dry cows.

Lice Control
The cattle lice season is on. Treating with wettable sulfur either as a dust or spray will kill the blue and red lice. It takes rotenone to get the short nosed ox louse. As yet rotenone is not available for lice control but it is hoped a supply will be made available soon. County Agricultural Agents will have this information if and when it becomes available. In the meantime treat cattle with wettable sulphur.

Start fly control early. Destroy possible breeding places by keeping a clean, well drained lot. No herd of more than 10 cows can afford to do without a "walk through" fly trap. The county agricultural agent either has or can get plans for building this trap.

The following procedure is recommended in turning cows dry. First, quit milking. Second, feed

no grain for one week. Also take off of green pasture. For persistent milkers, limit the amount of water for two days. The udder can be milked out at the end of the first week but this is not necessary. Resume grain feeding when the cow is dry.

A comfortable cow puts more milk into the bucket! A shelter shed deep enough to keep cows dry in cold, rainy weather is the best means of providing comfort.

Good dairy cows need to rest, but they won't lie down in mud unless they are exhausted. Exhaustion lowers milk production about as much as wet and cold do. On that account the floor or earth under the shed should be higher than the ground outside and slope outward so that rain which blows in from the open side will run back into the gutter at the outer edge. To assure dryness the floor should be of sand, gravel or shell. Keep the gutter open.

The depth of the shed should be twice its height at the front. The length should be regulated by the number of cows and whether they have horns. Dehorned animals need 30 square feet of floor space each, but those with horns should be allowed 45 square feet.

It is not necessary to build anything expensive — a shed which will keep the cows dry and warm will do.
A. S. Briant, County Agent

Scat, Gremlins!

You say there ain't no such thing as farm gremlins? Maybe not—but our boys in the air forces are well acquainted with these imps who ice airplane wings, frost windshields, and slyly drink gasoline out of the tanks. Farmers who are part of the "ground crew" in World War II are having plenty of troubles too—tires wearing out, truck motors needing new parts, not enough gasoline, etc. Whether from gremlins or not, the troubles are all too real. The County Farm Transportation Committee says if you have troubles that are hampering transportation of vital farm produce, be sure to see them immediately and they'll do their best to help. And, study the booklet, "America's Trucks—Keep 'Em Rolling."

grades ranged from 50 to 100 with top honors going to Dewey, Thelma, J. L. Arnold, Florentine, Betty and Dossie.

A tin drive will be started next Monday. While we are gathering tin let us keep this in mind. The lowly tin can when salvaged means more copper for planes, tanks, ships and ammunition, and on our part make uncalled-for, this poem written by a soldier who gave his life at Bataan:

"And if our lines should sag and break
Because of things you fail to make,
That extra tank, that ship, that plane
For which we waited all in vain;
Will you then come to take the blame?
For we — Not You — must pay the cost,
Of battles you — Not We — have lost."

As yet there are no definite plans for a contest between the pupils but there will be one.

The emblem which was originally in Miss Harrison's room has been transferred to Mrs. Kline's

Take Care of your WATER HEATER

Drain the sediment from your water heater tank about once a month.

Don't set the thermostat too high; not over 150 degrees. (This is best for the plumbing, too.)

★★★ Modern gas water heaters are practically fool-proof, and many of you have models with tanks of solid Monel, factory-guaranteed for 10 years against corrosion. But they do need simple care; and new ones are mighty scarce till we win this war.

of his brother-in-law and sister, Mr. and Mrs. Al Hess at Muenster. Those present included Mr. and Mrs. Joe Hundt and daughter, Miss Clara, Mr. and Mrs. Herbert Hundt and sons of Lindsay. Pfc. Gregory Hundt of Love Field, Dallas, the hosts and the honoree.

COUNTY AGENT MEETS WITH LINDSAY 4-H CLUB BOYS

Lindsay.—4-H Club boys of Lindsay enjoyed an interesting meeting on March 11 when County Agent Albert Brient met with the group. Mr. Brient spoke on the inoculation of legumes and the treatment of seed. He explained that if any kinds of legumes were to be planted it would be advisable to first inoculate the seed.

'HITLER'S CHILDREN' STARTS AT TEXAS THEATRE MARCH 30

"Hitler's Children", the most talked of motion picture of the year will be the feature attraction at the Texas Theatre, Saint Jo, Texas, starting on next Tuesday, March 30th, for a three day engagement. "Hitler's Children" stars Bonita Granville and H. B. Warner, and is based on the story that was read by millions in Reader's Digest.

18 DOZEN COOKIES

Members of the Civic League and Garden Club made 18 dozen cookies for Camp Howze soldiers Saturday and placed them in the USO club rooms for them to enjoy Sunday afternoon. The League members engage in this activity once a month.

Few men are as lucky as they seem, or as unlucky as they think they are.

Saying the wrong thing is misfortune; but trying to explain it is disaster.

A man is that irrational creature who is always looking for a home-like atmosphere around a hotel and hotel accommodations when he is at home.

OUR BOYS WITH THE COLORS

At Desert Training Center

Sgt. Alois Rohmer was recently transferred from Camp Polk, La., to the desert training center in California, his mother, Mrs. Leo Rohmer has advised.

Felderhoff Brothers OK

Sgt. Frank Felderhoff and Pfc. Lawrence Felderhoff, sons of Mr. and Mrs. John Felderhoff, stationed in Africa and somewhere in the South West Pacific, respectively, are both OK, according to recent letters to their parents. Sgt. Felderhoff's letter was dated March 2nd and revealed that he was safe and well following major excitement in the area near which he is stationed. So far he has not been fortunate enough to meet other Muenster men stationed in that sector. Lawrence writes that he has seen considerable activity but that he is fine and has gained weight. Christmas presents from the states finally caught up with him, he added. Mr. and Mrs. Felderhoff have two other sons in the army, Pvt. Alphonse, at Camp Robins, California, and Pvt. Vincent in Virginia.

Greetings From Pvt. Rohmer

Pvt. Eddie Rohmer writes this week to advise that he is getting settled in the army. He is stationed at Indiantown Gap, Pa., and asked that his best wishes be extended to all his friends in this community.

Weekend Visitor

Sgt. Chester Bentley will spend the coming weekend here with his mother, Mrs. Ralph Richards, after which he will "check out—destination unknown", he reports. He trained at Randolph Field and has more recently been stationed at Majors Field, near Greenville.

Called Overseas

Cpl. Maurice Pagel has been called for duty with the army overseas, his parents, Mr. and Mrs. Earl Swingler, S 1-C, writing

from Dutch Harbor, Alaska, advises that he and Pat Hennigan, S 1-C, are still mighty fine. Though no longer room-mates the two buddies are stationed close together and enjoy daily visits. Since there is not a great deal of recreational facilities they look forward to mail call. Earl said. Regards were included for their friends in the community.

Moved To Pennsylvania

Pvt. Martin Klement who has been stationed at Fort Francis E. Warren, Wyoming, since his induction December 4, was last week transferred to Indiantown Gap, Pa., he has advised in a letter to his parents, Mr. and Mrs. John Klement.

Want Letters From Home

Pvts. Richard Swirezynski and Richard Yosten, stationed at Camp Hulen, Texas, since their recent induction, reveal that now is the time they would appreciate some letters from the old home town. Their addresses are identical: Btry. D. 552 CA AA Bn. Likewise Pvt. Leo Haverkamp, training at the same camp, advises that his address is Btry. A. 552nd CA AA Bn., and some letters from Muenster would certainly ease up the first strain that being away from home brings.

Home On Furlough

Sgt. Sidney Huchtens of Camp Maxey, Texas arrived during the weekend for a 10-day furlough with his mother and other relatives. He reports again for duty on the 30th of this month.

Transferred To Nevada

MILLIONS OF READERS gasped, roared, and exploded when they read about it in the READER'S DIGEST ... from the best-selling book "EDUCATION FOR DEATH" By Gregor Ziemer

now stationed at Tonopah, Nev., where he was recently moved after spending several months in California. He is with ground forces of the air corps. A son of Mr. and Mrs. Bob Yosten, he has been in the service since September 2.

Sgt. Bratcher Is Visitor

Sgt. W. P. Bratcher, who received his new rating on the first of this month at Independence, Kansas where he is stationed, this weekend finishes a ten day furlough. Mrs. Bratcher, employed at Camp Howze, also secured a vacation and they spent several days in Oklahoma City with relatives. He also visited his father in East Texas. Sgt. Bratcher is connected with an office division at the air base near Independence.

Back In Australia

Pfc. Harry Fisher, in a letter home this week, reports that he is back in Australia after spending five months in New Guinea. Though feeling fit all the time, the change in scenery is welcome, he added.

Always warm the pot before making coffee, then sprinkle a little salt on the coffee before adding the boiling water. This will improve the flavor.
