Alton Ladd named '88 KC's Good Neighbor

Alton Ladd received the very prestigious honor of being named the KC's "Good Neighbor of 1988," in a special ceremony in Sacred Heart Church on Sunday, Oct. 9, following the 8 a.m. Mass.

The award is an annual event coinciding with the Council's observance of Columbus Day.

In his presentation, Grand Knight John Walterscheid said, "This award is given annually to a person or persons of another faith in our community in recognition of their presence and good works."

"We often contemplate on 'What is a good neighbor?' A good neighbor is a person who does the little things that help to make his neighborhood, community and all the places he or she may go, just a little bit better.

"We often ask 'Who is our neighbor?' Is it just the person next door, or someone in the next town, or just down the road? We understand, of course, a good neighbor can be anyone who does the ordinary things extraordinarily well.

"The Knights of Columbus' Good Neighbor for 1988 came to Muenster in March 1979. Our Good Neighbor of 1988 graduated from Kansas State University in 1974 with a Bachelor of Science degree in Agriculture and a minor in Business. He was a personnel specialist for the United States Air Force with an honorable discharge at the rank of E4/Sgt.

"Our Good Neighbor was a member of the Muenster Jaycees until receiving the Exhausted Rooster status at age 35. He is a member of the World Tae Kwon

Do Federation and a student of Master Choi in Gainesville.

"He is a charter member of the Muenster Kiwanis Club, joining four years ago, now serving his third term of office as secretary/treasurer. He has been employed by AMPI in Muenster since his arrival here in 1979, holding several supervisory and management positions.

"A member of First United Methodist Church in Gainesville, he served three years on the Board of Directors as president or treasurer and three years as teacher of a Crusader Sunday School class.

"Through his Tae Kwon Do training, he has given demonstrations of control of mind and body while speaking to a local youth

group on the necessity of control, whether choosing or refusing the use of alcohol and drugs.

"These are only a few of the contributions made by Our Good Neighbor of 1988 to improve our community. I am proud to present Mr. Alton Ladd, the KC Good Neighbor of 1988."

A breakfast followed in the KC Hall for members, spouses and widows of members.

Nellie Martin and Hilda Sicking catered and Lupe Evans directed a group of girls in serving the meal. Decorations were provided by Mrs. Arnold Knabe. The speaker was John Crumley of Fort Worth, State Advocate of the Knights of Columbus. Another guest was Bill Gilpin of Fort Worth, Regional Coordinator of the Knights.

Morton Museum's curator meets with Centennial team

by Juanita Bright

Shawna Powell, curator of Cooke County's Morton Museum, met with the Muenster Centennial Museum team Thursday morning, Oct. 6, 1988.

They toured the museum site (EMS building at the corner of 4th and Oak St.) and retired to the Chamber meeting room for discussion and a question and answer period.

Mrs. Powell graciously consented to this meeting to share the benefits of her education and experience in museum management, and care and acquisition of antiquities. She provided sample forms which will be used to keep accurate accounts of items submitted and by whom. She stressed the importance of care in handling

these precious objects and the importance of maintaining a moderate and constant temperature in the museum.

Security was discussed at length with emphasis on smoke detectors, fire extinguishers, burglar bars on the windows, strong and secure locks on the entrances, and entrance bells on all doors. It was noted our most urgent, immediate need is display cases, preferably with glass top and fronts. Also needed are shelves, cases, or furniture items that could serve for display purposes.

Mrs. Powell reviewed possible problems that could conceivably arise and ways the museum personnel could avoid serious complications - such as an item being loaned by an elderly citizen who dies in the course of the year and two or three descendants each wanting to claim the item for themselves.

She also discussed methods of identifying the historical significance and ownership of items on display and appropriate

displaying techniques.

We are profoundly grateful to Mrs. Powell. She provided excellent guidelines and advice and generously offered to loan our museum two small glass display cases not currently in use at Morton Museum. Emil Rohmer volunteered to pick up the cases in his truck.

Attending the meeting were Bertha Hamric, museum chairman and centennial activities coordinator; Ray and Mattie Swirczynski, assistant museum chairman and chairmen of the centennial celebration telephone committee; the museum team: Al and Toni Hess, Alice Hennigan, Agnes and Emil Rohmer, and Juanita Bright, chairman of centennial steering committee and history division.

Everyone is encouraged to look through attics, closets, garages and barns for historically or culturally significant items to share and display in our Muenster Centennial Museum. If you have shelving or display cabinet to

Muenster Public School Board of Trustees meets

by Elaine Schad

After several months of hard work, preparing the District budget, the Muenster School Board had a relatively quiet regular meeting on Tuesday evening, Oct. 11.

They did, however, turn down a unique request from a junior student who asked that the Board amend the student dress code to allow male high school students to wear earrings.

While several Board members told the young man they respected his fortitude in presenting his viewpoint to the Board, they voted

to retain the present dress code.

The District policy manual was amended to require all principals to be on campus at least 20 minutes before class begins each day. Teachers are required to be on campus at least 10 minutes before class.

The paving project on Seventh St. is progressing as planned, reported Supt. Charles Coffey. The school district is paying for material, and the county is providing the labor. If weather stays good, the project could be finished in about two weeks, Coffey said.

Good News!

"If anyone in this faithless and corrupt age is ashamed of me and my doctrine, the Son of Man will be ashamed of him when he comes with the holy angels in his Father's glory."

Lindsay utility rates on the rise

by Elaine Schad

Utility customers of the Town of Lindsay will see an increase in water and sewer rates beginning on their Oct. 15 billing.

The Lindsay City Council, during their regular October meeting, approved an increase in the monthly water rate from a \$4 minimum charge to \$5, and for sewer from a \$3.50 minimum charge to \$4.

The rate increases are needed to make repairs and to upgrade both systems, and to bring prices in line with those charged by cities similar in size to Lindsay, said city officials.

In a related matter, the council accepted the low bid of \$4,995 from Cole and Smithen Co. of Denison for work on the sewer system. The company will install a weir box and effluent flow metering device to keep the system in compliance with state standards. The work, which is expected to begin in about two weeks, will take 30 days to complete.

The council has also asked a representative of Wortham and Associates engineering firm to present the result of a water needs study at the November meeting.

The council also approved a one-time, nonrefundable water tap fee to connect onto the city's system, the first such fee ever charged in Lindsay. The sewer tap fee was increased from \$75 to \$150, the first increase since 1964. Both new tap fees will take effect Oct. 15.

The city will also be talking with Lindsay school officials about modifying school utility rates. The school currently pays a flat \$15 per month fee to dump in the city dump and also pays a flat rate for sewer. City officials are thinking about proposing a school charge based on usage.

Muenster celebrates homecoming

As Muenster ISD's 1988 Homecoming game nears, preparations are continuing for several related events sponsored by various organizations.

Homecoming activities will commence with a special liturgy at Sacred Heart Church at 8 p.m. Wednesday, Oct. 19. The ceremony, arranged by MHS seniors, is under the guidance of Pam Fette and Theresa Walterscheid. Muenster Hornet football players, their coaches, cheerleaders, class princesses, queen candidates, and fans are extended special invitations. Bonfire festivities will follow.

As a Muenster ISD school-sponsored activity, the Muenster Hornet cheerleaders will lead a school-wide pep rally in the gym at 3:10 p.m. Friday afternoon. Student Council officers and representatives will then recognize the Homecoming princesses and queen candidates. Parents and fans are welcome to attend both the pep rally and the game at 7:30 p.m. against the Era Hornets. The 1988 Muenster Homecoming Queen will be announced during the halftime program.

The final homecoming event will be a dance Saturday, Oct. 22, from 8 p.m. to 1 a.m. at the VFW. Music will be provided by The Entertainer. Tickets are \$5 a person and \$8 a couple. No alcoholic beverages will be allowed at the dance.

Band festival is success

The MHS Marching Band performed at the Wichita Falls Marching Festival Monday, Oct. 10, at 7 p.m. They performed in Memorial Stadium for three judges who critiqued the band. No ratings were given at this performance.

The band gave the best performance of the year. The judges commented on how handsome the band looked and what a spirited group they were. They also stated that they have good playing abilities for a young band.

The judges wished the band good luck with future performances and said they enjoyed the band's routine.

We, the parents and friends of Sacred Heart School, appreciate the concern and effort of the Sacred Heart Student Council and Alumni in sponsoring the Homecoming Dance Saturday, Oct. 15, after the football game. We applaud the decision, in the interest of our young people, to not allow alcoholic beverages at the dance.

The Council and Alumni invite all the students and parents of our community, both Sacred Heart High and Muenster High, to come and have fun with us!

Caplingers celebrate

MIRIAM and J.D. CAPLINGER on their wedding day, 40 years ago

J.D. and Miriam Caplinger celebrated the fortieth anniversary of their wedding day on Saturday, Oct. 1, beginning with a Mass of Thanksgiving in Sacred Heart Church, offered by Father Victor Gillespie at 5 p.m. It was followed by a reception and dinner in the Community Center meeting room, attended by 60 guests.

Hosts were the couple's children, Paul Caplinger of Denton, Robert Caplinger of Carrollton, Jerry Caplinger of Norman, Okla., Mary Kay Endres of Dallas and Diann Zimmerer of Fort Worth and their spouses.

In addition, the Caplingers have two granddaughters and four grandsons.

The Mass of Thanksgiving included a very touching and reverent liturgy in which all family members participated.

In the entrance procession were their children and spouses, the anniversary couple, their wedding attendants, Mrs. Ray (Lucille Fuhrmann) Hess and Alfons N. Koesler Jr., Father Victor Gillespie and the altar boys.

Song leaders were Christi Klement, Denise Bayer, Melissa Bayer and Diane Grewing. Song selections were "On This Day, O Beautiful Mother," "Greatest Gift Is Love," "Only A Shadow," "Gentle Mother," and "Holy God, We Praise Thy Name" as the recessional.

Liturgical readers were Mary Kay Endres and Jerry Caplinger; presenting Offertory gifts of bread and wine at the altar were Paul, Susan and Cyle Caplinger.

The anniversary couple renewed their marriage vows following the Homily.

Eucharistic Ministers were Rosemary Dankesreiter, Mark Hermes, Sr. Mary Lin Koesler, Rudy Koesler, Lucille Hesse, Ben and Carol Fleitman.

During the reception and as part of the after-dinner program, Paul Caplinger related family history, telling that J.D. Caplinger, son of Sylvester and Serena Caplinger of Bonham, and Miriam Koesler, daughter of Alfons and Mary Koesler, were married in Sacred Heart Church at 9 a.m. on Thursday, Nov. 11, 1948 in a Nuptial High Mass celebrated by Msgr. Edward McCullough, pastor of St. Mary's Church of Sherman.

Music for the Mass was given by Tony Luke, organist, and the Sacred Heart Men's Choir.

The bride wore a long white, slipper satin dress with brief train. Her fingertip veil was attached to a lace and white silk rose halo. She carried white gardenias atop a white bridal prayer book.

The satin of the long full skirt was made in later years into a Mass vestment by the late Lena Streng.

In the wedding, the maid of honor, a cousin, Lucille (Fuhrmann) Hess, wore a light blue taffeta gown and carried a bouquet of white carnations.

The best man was the bride's brother, Alfons N. Koesler Jr.

The wedding breakfast was served in the home of the bride, and attended by Msgr. Edward McCullough; Father John Walbe; an aunt, Katie Mosman; A.C. and Veronica Flusche; and members of the immediate family; and godparents, Tony Fuhrmann and Mrs. Henry (Katie) Fuhrmann and

Join German dance group

by Juanita Bright

Wednesday evening, Oct. 5, was the first meeting of the newly formed Ethnic (German) Dance Group. It was a woefully small group in attendance (perhaps due to inadequate publicity or chronic forgetfulness or a multitude of other reasons) but a marvelous time was had by all.

The traditional music is invigorating, the motions and steps are quite simple and its such marvelous fun. Everyone is in-

cluded! Hopefully, many of our citizens will take this wonderful opportunity to learn and experience one of the joys our ancestors brought from Westphalia.

Most of the dances are partner-type dances, but don't let that discourage participation! Help in teaming up singles will be provided and anyone from 5 to 105 is welcome to join the fun. For more information, call Gina at 759-2548 or 759-2792.

Feast Day observed

Secular Franciscans of Sacred Heart Parish Sunday observed the feast day of their patron, St. Francis, with a special liturgy in church at 3 p.m.

Selected prayers, psalms, readings and songs of praise were used by the terteriaris to communicate with the saint from Assisi.

Marie Henscheid, prefect, led the prayers in memory of the fraternity's founder. Sister Barbara Bernauer gave the readings from the Book of Sirach and St.

Francis' letter to all the faithful. A renewal of commitment by members followed. Recitation of the Peace Prayer ended the service.

From church the group went to the home of Romana Bayer, vice prefect, for a social hour and refreshments served at prettily appointed tables.

The celebration of the feast is an annual event held locally on a Sunday near the Oct. 4 feast day of St. Francis of Assisi, the fraternity's patron.

FFA to hold supper, auction

The Muenster FFA has made plans to have a chili supper, auction and raffle off half a beef on Saturday, Nov. 12. At press time, the exact location had not yet been decided.

The purpose of this fundraising activity will be to fund many of the extracurricular activities in which FFA members participate. This coming November they will participate in a Leadership Contest at the District level, and hopefully will advance to the Area and State levels.

Judging contests in the Spring of the year will occupy many weekends and these are very beneficial in developing a person's decision-making skills. Many of

the proceeds would fund this particular area.

Also travel to conventions and leadership conferences would be a goal of the fundraising activity.

Many of the proceeds will remain here in Muenster to fund community service projects that the chapter will take on in the coming year.

Brad Bass, Ag teacher for the school, said "I hope that everyone in the community will be receptive to the idea. The young people in our program are excited about putting on this function."

During the next few weeks, FFA members will be asking for donations. If you can help, please let one of them know.

Museum opens new exhibit

The Cooke County Heritage Society announces the opening of a new exhibit at the Morton Museum of Cooke County titled "From Cotton Gins to Oil Fields: Industry in Cooke County."

From the early days of settlement, industry has played a vital role in the prosperity of this county and will, undoubtedly, continue to do so in one form or another. Industries which have prospered in this area include cotton gins, flour mills, oil companies, brick yards and freighting enterprises.

To learn more about these and other industries, visit the Morton Museum at 210 S. Dixon. For more information, call the museum at 668-8900.

Glenn Fisher and Vickie Bryce marry

Mr. and Mrs. Lee Bryce of Saint Jo and Mr. and Mrs. Earl Fisher of Muenster wish to announce the marriage of their children, Vickie Lynn and Glenn Edward. The ceremony was held in the Sacred Heart Catholic Church in Muenster on Friday, Sept. 30, 1988 at 7:30 p.m.

Father Victor Gillespie conducted the exchange of vows and was assisted in the ceremony by C.E. Cole, minister of the Saint Jo Church of Christ.

The bride was given in marriage by her father. She was attired in a lovely tea-length ivory shadow satin dress. The dress had a scooped neck bodice encrusted with seed pearls and with three quarter length puffed sleeves. Her hair was adorned with pearls and baby's breath. The bride carried a traditional bouquet containing cream bridal roses, stephanotis, baby's breath, seed pearls and accented with tiny peach and wedgewood blue ribbons.

Attendants of the bride were her sisters, Carla Pledger, matron of honor; Sharla Brookshear of Lake Dallas and Angie Bryce of Saint

Jo as bridesmaids. Their gowns were made of soft wedgewood blue floral chintz in tea length, designed similar to the bride's dress. The attendants to the bride each carried a single cream bridal rose.

Mike Kincy of Gainesville, nephew of the groom, served as best man and the groomspople were Regina Meranda of Arlington and Wayne Carroll of Muenster and Arlington.

Pianist Ruth Felderhoff and soloist Christy Hesse presented the wedding music and songs, "Up Where We Belong," "You've Got a Friend" and "The Wedding Song" which served as the processional and recessional.

Following the ceremony, a reception was held in the Sacred Heart Community Center. The guest book was attended by Kathy McGovern of Grapevine, at a table covered in a floor length satin cloth. The centerpiece was a seed pearl encrustment of the couple's wedding invitation.

The bride's table was decorated in floor length white satin cloths accented with peach lace and ribbon. The centerpiece was an antique silver candelabra belonging to the groom's parents. The heart-shaped, three-tiered cake was made by the bride's sister, Carla Pledger. Punch was served from a Fostoria crystal bowl.

The groom's table was covered in the same manner as that of the bride's table. It featured a red velvet cake, silver coffee service, with nuts and mints served from crystal. Judy Newell of Garland and Mary Cannon of Arlington, sisters of the groom, served. Hors d'oeuvres and finger foods were served from two tables covered in matching floor-length white satin cloths accented with peach ribbons.

Mrs. Jo Castle of Saint Jo coordinated the reception, assisted by Bobbie Thomas, aunt of the bride, Joan Demshock of Lutherville, Maryland, sister of the groom, and Gary and Marlene Fisher, brother and sister-in-law of the groom.

The couple will reside in Arlington, where the groom is employed by and attends U.T.A., working on his master's in Engineering. He graduated from

Texas A&M University in December 1986. The bride will continue her education at T.W.U. in Denton where she is majoring in

Accounting. Among honored guests was Mrs. Faye Dennis of Saint Jo, grandmother of the bride.

MPS students to collect for free learning equipment

Students of Muenster Public School have launched a campaign from now through January to collect 1300 seals from especially marked packages of Scott Paper Products. Through a national program called "Learning Tools for Schools," the seals can be redeemed for needed school equipment and learning aids.

The seals will be used to earn two new General Electric cassette recorders.

Students will begin collecting seals this week and we hope that friends, parents and members of the community will boost their efforts by saving seals, too.

"Learning Tools for Schools" seals are the apple symbols found

on specially-marked packages of the following Scott brands: Scott-Towels, Viva Towels, ScottTissue, Cottonelle, Soft 'N' Pretty, Waldorf, Family Scott, Scotties, Softkins, Viva Napkins, Scott Family Napkins, Baby Fresh and Wash-A-Bye Baby.

To help us reach our goal, we urge members of the community to save the seals and give them to MPS students.

The "Learning Tools for Schools" program expires Feb. 28, 1989. However, we would appreciate all seals being submitted by the end of January to allow adequate time for counting and batching.

Second graders study apples and Johnny Applesed

The second grade students celebrated Johnny Applesed's birthday Sept. 26. They enjoyed having a special lesson about apples and learning about Johnny Applesed whose real name was John Chapman.

Their teacher, Janie Weinzapfel, read a story to them about

John Chapman; and they learned a poem about him.

The class then learned all about apples and how they grow. Favorite foods made from the apple were also discussed. At the close of the lesson, each student enjoyed eating an apple from their teacher's apple tree.

3rd grade at MPS receives special award

by Mrs. Marionette Jump, Third Grade Teacher

We have gotten off to a good start! Our class is learning about two things we really enjoy. In Social Studies, we are learning about communities and in Science we're studying animals.

Last week, our class earned a special award. On Friday ("red and white" day), our entire class wore red and white. We got an award for having so much school spirit! This was a big game and we think we helped the school spirit along.

We're looking forward to another great month in October.

Students set Clean-up Week

The 7th grade Texas History class, taught by Priscilla Phillips, is helping to "Spread the Word, Not the Waste," to remind people to help keep our town and state clean. They want to share their concern about the abundance of litter in our area and across our state.

The students are asking that everyone join them the week of Oct. 17-21 to remember to put trash where it belongs.

The class will have posters displayed in businesses around town and at Muenster Public School. The students will spend

one class time picking up the school campus and are individually challenged to keep their lockers clean for a week. Several groups of students have written jingles that will be videotaped at school.

This project is encouraged by the Texas Highway Department to promote citizenship in our youth. Also, this project will be submitted with others toward Operation: Clean Sweep in conjunction with the Keep Texas Beautiful program.

The History students are very proud of this project and know it will be successful.

Sacred Heart wins over Lakehill, 32-3

Sacred Heart broke the back of Lakehill Saturday as the Tigers moved out to a 32-3 win over the Warriors in Dallas. The Tigers chalked up 23 first downs to Lakehill's 2 while gaining 208 yards to their opponents' 48. Glen Swirczynski was leading rusher of Sacred Heart with 108 yards followed by Curt Bayer's 53. The Tigers also gained 79 yards passing with Darrell Dangelmayr completing 9 of 12 attempts, 5 to Chad Fleitman for 49 yards and 3 to Chad Bayer for a gain of 32 yards.

Penalties plagued Sacred Heart, losing 115 yards and 4 touchdowns to the yellow flag. "I thought the officials were a little flag happy," said Coach John Sims. "Several penalties didn't need to be called. We did make mistakes and have some penalties ... we're working on eliminating this problem."

Dangelmayr's opening kick gave the Warriors the ball on their own 14-yard line. After losing 4 yards, Sacred Heart took possession on the 43. Two plays later, Dangelmayr passed to Ryan Hess for a 31-yard touchdown, only to be called back on an illegal forward pass infraction. Sacred Heart picked up 3 first downs as Dangelmayr ran in from 1 yard to give the Tiger a 6-0 lead.

Lakehill picked up their first first down before punting the ball over to SH. The ball was then fumbled, returning to the Warriors at the 20-yard line. Lakehill picked up their second first down and moved to the 7-yard line where the Tiger defense held, forcing a field goal, making the score 6-3.

Sacred Heart then nailed the coffin shut on the Warriors, putting an end to any scoring attempt.

Darrell Dangelmayr intercepted a Lakehill pass late in the first quarter to set up the first second quarter touchdown. The drive ended with a 6-yard pass to Chad Fleitman, the extra point run failed, giving the Tigers a 12-3 score.

Sacred Heart's next scoring drive started at the 19-yard line. Seven first downs and 81 yards later, the Tigers scored again after Curt Bayer went over from the 2-yard line. The extra point kick failed and Sacred Heart extended the lead 18-3 with 42 seconds remaining in the half.

Sacred Heart threatened again after Shawn Dangelmayr covered the fumbled punt return on the 30-yard line. A 21-yard pass from Darrell to Fleitman set the ball on the 9. Dangelmayr again went to Fleitman for a completed touchdown pass, only to be called back on an offensive pass interference call. Time ran out and the scoreboard read 18-3 at halftime.

Sacred Heart scored once in the third quarter. Shawn Dangelmayr blocked a Warriors' punt, giving

the Tigers the ball near midfield. A combination of talent from Curt Bayer, Darrell Dangelmayr and Chad Fleitman set the ball on the 9-yard line where Glen Swirczynski carried it in for a 24-3 score.

The final touchdown was set up when Ryan Bayer covered a fumble on the 7-yard line. Dangelmayr iced the cake with a 1-yard run followed by a 2-point conversion by Swirczynski.

Sacred Heart picked up two more touchdowns, only to have them called back on penalties. Swirczynski picked off a pass and ran it in, only to have it called back on a clipping charge. In the Tigers' next possession, Swirczynski ran back a Lakehill punt, but an illegal use of hands infraction put the ball on the 45-yard line. Sacred Heart did move inside the 20-yard line when time ran out.

"I was very pleased with the way the defense played - they all played well," Coach Sims commented. "You don't hold an offense to 11 yards without having an exceptional game."

Defensive standouts included Chris Hess, Ryan Bayer, Randy Miller, Glen Swirczynski and David Rohmer.

On offense, "Glen did a terrific job running," the coach continued, "Chad and Ryan did a great job of catching the ball." Coach Sims also complimented the offensive line of Miller, Chris Hess, Chad Fleitman, Ryan Bayer and Swirczynski on their blocking.

Sacred Heart will host Liberty Christian of Denton Saturday evening to finalize the 1988 Homecoming festivities. Liberty "will be the toughest team since Temple," predicts Coach Sims. "They're not much bigger than us, but they're quick."

Liberty holds a season record of 1-4, "but played tougher teams." Game time is 6:30 p.m.

Junior high loses close game 8-6

A tough Sacred Heart defense held Collinsville to 38 yards but came up with the short end, losing a tough 8-6 match.

Fumbles were the downfall for the Cubs. A first quarter fumbled punt gave Collinsville the ball on the 8-yard line. It took one play, and an extra point run and Collinsville led 8-0.

The second quarter saw the ball exchange sides several times and the half ended without a Cub first down or a point.

The second half saw great improvement in the Cubs' offense. After Sacred Heart held the Pirates, they moved the ball 61 yards to the 11-yard line, before losing a fumbled ball. Collinsville was held inside the 10 and returned the ball to the Cubs. Taking over on the 30-yard line, nine plays later, Martin McCoy scored on a 6-yard run with 14 seconds left in the game. A fumbled extra point attempt gave Collinsville an 8-6 win.

The Cubs picked up 7 first downs, all in the second half, while Collinsville earned only 2.

Darren Klement was lead rusher with 41 yards, followed by Martin McCoy gaining 36.

The Cubs play host to Liberty Christian of Denton Saturday, Oct. 15, on Tiger Field. Game time is 4:30 p.m.

Lindsay Knights win homecoming

The Lindsay Knights pleased a Homecoming crowd last Friday night by taking a 26-6 victory from the fumbling Era Hornets. Era lost 7 fumbles, 3 gave the Knights touchdowns.

Lindsay opened the scoring, taking its first possession on a 40-yard opening kickoff return by Kevin Parsons. This set up a 23-yard field goal by Bob Fleitman to give the Knights a 3-0 lead.

The Knight defense held the Hornets for no gain, then on the third play, John Fangmann covered an Era fumble on the 10-yard line. Parsons ran the ball in with 5:58 remaining in the first quarter. The PAT failed and Lindsay had a 9-0 lead.

Era fumbled again on the first play of their second possession. Brad Metzler recovered, spotting Lindsay on the Hornet 10-yard line. Era held Lindsay at the 15, taking over possession. After gaining 5 yards, Era fumbled again with Craig Neu recovering on the 1-yard line. Neu carried it in on the next play and Parsons added 2 on the PAT, extending the Knights' lead to 17-0.

Era fumbled a fourth time on the first play in possession with Troy Huchton recovering the ball on the 28-yard line. Lindsay moved the ball to the 8, where the Hornets held again.

The Hornets drove the ball to midfield in the second quarter but the Knights held on a 4th and 1.

Lindsay worked the ball for 6 plays before fumbling to Era. The Hornets picked up a first down then fumbled the ball back to the Knights. Jeff Arendt covered the ball with less than 2 minutes remaining in the half. Lindsay kept possession of the ball until time ran out, giving Lindsay a 17-0 score.

Era lost the ball again in their

opening second half drive. Craig Neu covered the ball on the 40-yard line, setting up an 8-yard run by Parsons and a PAT kick to make the score 24-0.

The Hornets got on the scoreboard with 1:37 left in the third quarter when Clint Worthey completed a pass to Chris Massengale for a 73-yard touchdown. The PAT failed and the scoreboard read 24-6.

Several plays highlighted the final quarter. A quarterback sack by Brad Neu; a high snap over Era's punter into the end zone, giving Lindsay a 2-point safety; and another fumble recovered by John Fangmann. The final score: Lindsay 26, Era 6.

Kevin Parsons, Mike Dieter and Craig Neu led the Knights' rushing game with 66, 63 and 61 yards respectively. Lindsay poured 218 yards on the ground in carries, but came up empty in the air.

Era gained 51 yards rushing and 110 yards passing. The Knights earned 15 first downs to the Hornets' 7 and punted once for 40 yards.

Lindsay travels to Petrolia Friday for a 7:30 p.m. district game.

Hornets face first loss, 19-14

For the second week in a row, the Muenster Hornets needed to score during the final three minutes to capture victory, but for the first time this season, the win eluded their grasp. The Valley View Eagles stiffened and held the Hornets at the 1-yard line with 1:58 to play to preserve a 19-14 district win. Muenster fell to 1-1 in district and 5-1 overall. Valley View went to 1-0 in district and 2-3 for the year.

The game provided the unlikely scenario of an offensive explosion in the first half and a defensive struggle in the second. For two quarters, each team gained huge chunks of yards and points. All the scoring was done in the first half except for an intentional safety the Eagles took with only 3 seconds remaining.

"We played hard and Valley View did a good job when they needed it," said Hornet Coach Bill Jump. "They deserve credit for capitalizing on our mistakes and coming up with the defensive stand."

Valley View opened the scoring with a 68-yard drive, culminating in a 5-yard pitchout to J.J. Williams for the score. Damian Krahl kicked the PAT. Seconds later, junior James Hennigan electrified the crowd with a stop and start run down the left sideline for a 73-yard touchdown run. Bobby Don Thornhill kicked the PAT to tie the score at 4:25 in the first quarter.

Valley View covered a Hornet fumble on the next series to set up at the Muenster 17-yard line. Faced with a 4th and 25 at the 32, Eagle quarterback Derek Mills hit Williams for a first and goal at the 3.

Mills scored on the next play. The PAT was blocked by J. Shane Wimmer and scooped up by junior Marshall Smith who raced 94 yards for the 2-point play for Muenster. Smith's heads-up play made it 13-9 with 11:16 left in the half.

"Marshall has exceeded our expectations all season," said Coach Jump, "and I wasn't surprised to see him make the big play. Last week, he had a key interception nullified by a penalty so it was good to see his 94-yard effort hold up."

Valley View didn't lose the momentum though. They scored

their winning touchdown with 5:42 left in the quarter when Tony Keen broke free for a 40-yard TD run. It was the longest run against Muenster this season. Krahl missed the PAT.

Thornhill converted a 34-yard field goal for Muenster on the final play of the half to leave the score at 19-12 until the safety with 3 seconds to play.

"We're proud of our kids' effort. We outgained them in the yardage department, we played extremely hard, and we had our chances to win the game," Jump said Tuesday afternoon. "Now we

are down to a playoff-type situation every game. We need to win them one at a time. We'll come back next week and be ready for Era."

Hennigan led the Hornets against Valley View with 173 yards on 24 carries. Donnie Boydston added 71 yards on 10 attempts. Leading tacklers were Scot Vogel in on 18, Troy Pagel with 10, Eric Dankesreiter and Hennigan in on 9.

Muenster will play Era at 7:30 next Friday, Oct. 21, here at Hornet Stadium for the 1988 Homecoming game.

JV runs record to 3-1

The Muenster JV squad avenged their only loss of the season, a 30-26 defeat, by beating the Valley View Eagles 6-0. In a hard-hitting struggle, linebacker Chris Kubis set up the game's only score with an interception and 10-yard return to the Eagle 7-yard line. Mike Vogel scored two plays later.

Standout defensive plays were turned in by Paul Black, Joe Paul Walterscheid, Kubis, Vogel and Scott Hudspeth. Doug Hennigan had two pass receptions and a fine punt return, while Mike Gobbie, Ryan Sicking and Tony Perryman

contributed gains offensively. Other players in the win were Jim Eckart, Kelly Colwell, Jason Biffle and Terry Felderhoff.

The JV will be in Saint Jo this Thursday to meet the Panthers at approximately 7 p.m. following the 5:30 junior high game.

The Little Red Hornets fell to 1-2-1 with a 12-0 loss to the Valley View Eagles. Turning in good performances were Kenneth Walterscheid, Darren Bindel, Cody Truebenbach and Michael Hacker.

Muenster KC Oilers win

The Muenster KC Oilers defeated Valenite 36-6 Tuesday, Oct. 11, at 7 p.m. at the Gainesville Boys Club.

The Oilers came from behind to win their first league game. After an early touchdown by Valenite, it was all Muenster. Jason Huchton led all scorers with 3 touchdowns, Cody Sicking scored 1 and 3 extra points, and Trent Truebenbach scored 1.

Cited for good blocking were

Jason Hess, Toby Hess and Darrell Russell. Cory Cain was the winning quarterback.

The defense was led by Coy Fisher, Wayne Muller, Cody Klement, Jay Reed, Jeff Walterscheid and Jason Hess.

The Oilers are 1-1 for the season and 1-0 in league play. They are coached by Cliff Sicking and Tom McElvain and are sponsored by the Muenster Knights of Columbus.

Hellmans win contest

The sixth week of The Enterprise football contest sees two new winners. Leona Hellman won the weekly top prize after picking 21 correct out of 25 games. The Saint Jo JV game was omitted because of a change in their schedule. Dale Hellman placed second, also with 21 right choices. The tie-breaker determined the winner, with Leona 12 points off and Dale 19.

Leona missed the Muenster, Sacred Heart, Dallas and New England vs. Green Bay games, and Dale missed Muenster, Oakridge, Raiders vs. Miami and New England vs. Green Bay. Of the 26 entrants, seven had 20 correct picks, five had 19 and six had 18.

All contestants correctly picked Petrolia over Windthorst. Only one missed TCU over Rice, Gainesville over Sanger, Lindsay over Era, Arkansas over Tech, Michigan over Michigan State and Baylor over SW Texas State.

Only two incorrectly picked Lakehill over Sacred Heart and the most missed game was Muenster's loss to Valley View with only two predicting the Hornet's defeat. Eighteen missed Green Bay over New England and there were 16 wrong guesses on the Washington-Dallas game and El Paso over Hawaii. Fourteen entries thought the Aggies couldn't pull out another win.

Winners picked up their prizes at Gregg's Chevrolet, last week's tie-breaker sponsor.

Paul Fisher helps FFA members

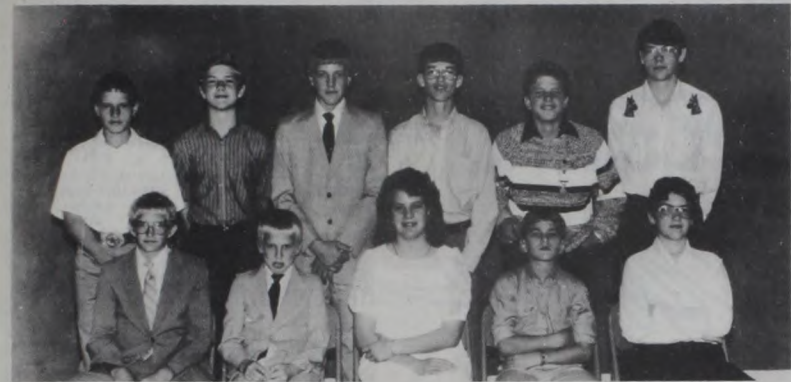

Not every person in the high school Agriculture program lives on the farm. Many live in town and lack the facilities to raise and produce any livestock.

This past Saturday, many of the needs were met when Paul Fisher allowed FFA members to build pens for hogs on his place.

Through cooperation, 10 pens were built for the use of FFA members. The members will use these pens and will show and sell their animals at the Cooke County Livestock Show in March. The Muenster FFA is very grateful to Mr. Fisher.

Elimination of insect pest saves producer \$10 billion

Biotechnology holds promise for more efficient crops and livestock

COLLEGE STATION - An evolving agricultural industry holds great promise for more efficient crop and livestock production in the coming decades.

Dr. Charles J. Arntzen, deputy chancellor for the Texas A&M University System, said the impact of a new technology-driven period holds broad ramifications for both agricultural production systems and agribusinesses related to food and fiber utilization.

Much of the technology is at hand, although some "refinement" may be necessary, Arntzen said, noting that early adopters are making use of the biotech research, particularly in animal agriculture.

"Biotechnology will shift the meaning of agriculture from the traditional image of a farmer on a tractor to a contemporary image of a high-technology industry," Arntzen said.

"Agriculture has gone through a series of technology-driven structural changes, with the mechanical phase beginning in the 1940s, and the chemical era starting in the 1960s. In the 1980s we entered the biotechnology era, and this is going to be much larger and have higher impact than either of the previous two," he said.

"We are entering a new phase

of discovering the underlying genetic basis that controls the traits and behavior and reproductive processes of plants and animals," Arntzen said, "and this will enable us to design new foods and fiber of increased value and lower production costs."

Biotechnology, he said, involves genetic engineering which researchers say will allow them to develop insect-free, disease resistant crops and livestock.

Arntzen said the biotechnology industry will protect as well as stabilize existing industries and also spawn new industries.

"Biotechnology holds the key for enormous profits for those who transfer its application into daily practice," he said.

"If one looks at work under way at Texas A&M University, he will see that scientists are putting in place the tools of biotechnology so that farmers and ranchers can compete on a global basis," Arntzen said.

He said that good biotech work also is under way in Japan and several countries in Europe.

"Work in biotechnology may call for new marketing strategies involving patented plants and animals," Arntzen said.

He said that genetically engineered plants can be patented

by the U.S. Patent Office. Work with transgenic animals, such as pigs that have genes added to produce leaner pork and other genes that will add extra value to sheep, still must be refined.

"We do not yet have patented cows that are ready to go out to pasture," Arntzen said, noting that there are moral and social issues left to be decided when dealing with the animal patent issue.

"Before the end of this century, the genetically-engineered and improved beef cow should be on site, but don't expect to see many of them in the next five years," Arntzen said.

Technology is a catalyst for change, he said, and these changes will have high impact on agriculture.

Arntzen said the new Institute of Biosciences and Technology (IBT) Center, an 11-story building to be constructed adjacent to the Texas Medical Center in Houston, should accelerate the biotechnology industry that is predicted to evolve into a \$200 billion business worldwide by the year 2000.

He addressed a technical session on biotechnology during the recent state faculty conference of the Texas Agricultural Extension Service at Texas A&M University.

KERRVILLE - Consumers have had a wide array of high quality meats at lower cost because a livestock insect pest problem has been solved.

The insect eradication program also has resulted in about \$10 billion in savings to U.S. livestock producers during the past three decades, said C.G. Scruggs of Austin.

Scruggs, a former magazine editor and early president of the Southwest Animal Health Research Foundation (SWAHRF), spoke here recently during a meeting of scientists, livestock industry leaders and government officials of the United States and Mexico.

"We are here to honor two scientists who have changed ranch management practices and reduced labor costs by eradicating a costly livestock pest. Their work also has impacted on consumers by providing them with larger supplies of wholesome meats at lower costs," Scruggs said.

Scientists honored were Dr. Edward F. Knipling and Dr. Raymond C. Bushland, who worked with livestock owners, county Extension Service agents, veterinarians and local, state and national government officials to rid the nation of the screwworm pest.

Knipling, assisted by Bushland, successfully developed the sterile male fly concept to achieve this goal.

Scruggs said ranchers in the early decades of this century had to maintain cowboy crews to check their herds regularly and treat wormy animals through the

spring, summer and fall, otherwise their economic losses were great enough to force them out of business.

Many cowboys of the 1930s through 1960s said that "they only had Sunday afternoons off from their duties of doctoring wormies," according to Dr. Bud Turner of Water Valley, vice president of SWAHRF.

With arrival of cold weather each fall, the deadly screwworm flies overwintered in Texas and Florida.

Knipling, then an entomologist with the U.S. Department of Agriculture, reasoned that "if the female fly mated only once in her lifetime, it might be possible to control screwworm populations with a technique of releasing sterile males in large numbers to overwhelm native fly populations."

Knipling returned to Texas in 1937 to test this theory, and Bushland soon joined him in the project. Mathematical models for fly control were devised, and small-scale sterilization of the flies began in the 1950s. Knipling and Bushland found that sterile male flies released in test demonstrations mated competitively with normal females, and resulting egg masses were not fertile.

Scruggs said that additional scientific testing followed. The Dutch West Indies island of Curacao was the site of a suc-

cessful screwworm fly test in 1954-55, and a program was initiated in Florida in 1957. Success of these programs launched a screwworm eradication effort in the southwestern U.S. in 1958-59.

A massive screwworm fly population control effort followed in Texas in 1962. To fund the Texas program, livestock owners organized the Southwest Animal Health Research Foundation (SWAHRF) to collect support money. Later, the federal government provided budgets for program continuation.

In 1972, the USDA and the government of Mexico moved to suppress the fly in all of Mexico north to the Isthmus of Tehuantepec. Scruggs said this continuing effort has eliminated the fly from about 90 percent of Mexico to date.

Recently, two more nations - Guatemala and Belize - joined in the massive effort to eradicate the costly screwworm fly during a U.S.-Mexico Commission meeting in Kerrville.

County Agent's Report

by Craig Rosenbaum

Winter weeds rob fertility and moisture from idle land prepared for spring planting. Tillage easily controls these weeds but during extended wet periods, weed growth can become so dense that planting is delayed.

Henbit and mustard are major

winter weeds in the Texas Blacklands. Both are difficult to control in wet soil once they reach 6 to 8 inches tall. When dry conditions exist in the spring, tillage effectively controls weeds but also leads to the loss of valuable soil moisture.

Herbicides can be used to prevent weed growth on idle land, which will eliminate the need for several tillage operations. These herbicides persist in the soil for 3 to 5 months at suggested rates. Control is provided during the winter months but normal her-

bicide applications are necessary at planting time.

Atrazine - Aatrex 80W, 4L and Nine-O are all labeled for corn, grain and forage sorghum land as a postemergence treatment in the Blacklands. Henbit, seedling dock and annual thistle are controlled with this treatment. Apply 1.0 to 1.25 lb./A. of 80W, 0.8 to 1.0 qt./A. of 4L or 0.9 to 1.1 lb./A. of Nine-O just as weeds emerge in November or December. For best results, add a surfactant at 0.5 percent of spray volume (1.0 qt./50 gal. of spray solution) or an emulsifiable oil at 1.0 percent of spray volume or oil concentrate at 1.0 qt./A. Apply the spray solution at a minimum of 10 gal./A. by ground or 2.0 gal./A. aerially.

Nitrogen solutions or a complete fertilizer may substitute for all or part of the water in ground applications. Check fertilizer - atrazine compatibility before mixing in the spray tank.

Do not plant any crop except corn, grain sorghum or forage sorghum in the spring.

If atrazine is applied to sorghum land in late winter and again as a preemergence treatment at planting, there is a possibility of crop injury under certain conditions. A cold dry winter will increase atrazine persistence. The spring-applied atrazine may add a concentration of herbicide sufficient to cause crop injury. This is dependent upon soil type and amount of rainfall soon after planting.

Herbicide selection should be based on time interval between application and planting, soil type and product cost.

Aerial application near fields of small grains or land to be planted to soybeans (or cotton if atrazine is used) may result in crop injury.

"What 4-H means to me"

by Carol M. Roberts,
County Extension Agent

This week, Oct. 2-8, 4-H members parents, and leaders across the United States celebrate National 4-H Week. 4-H is America's largest youth organization with approximately 4.75 million participants nationwide. Cooke County boasts some 400 4-H members who are among more than 388,000 4-H'ers in Texas. In celebrating National 4-H Week, we recognize that 4-H is truly a people development program.

In observance of this year's National 4-H Week theme, "4-H for Youth for America," Cooke County 4-H member Michael Proffer will tell you in his words what 4-H means to him:

Hello, my name is Michael Proffer. I enjoy the summer months

as most of my favorite hobbies are outdoor events such as shooting, biking, fishing, swimming, horseback riding, 4-H and animals of all breeds.

My main project, shooting sports, was one of my favorite projects. We started practicing after attending the classes at which I was able to help demonstrate proper shooting positions. As the class drew to a close, we started shooting at the police range. While on the range, and because of my past years in this project, I was allowed to assist the instructor, watch the younger or less experienced students for safety practices, and help adjust sights.

A new project I ventured into this year was Method Demonstration. We researched to collect the right information, checking for accuracy, and to place (the infor-

mation) in a sequence that followed a goal, to present an illustrated, accurate demonstration that would inform the public in a much needed area of firearm safety. I just hope our demonstration has reached someone, maybe preventing an accident. We competed at

county, district and state demonstrations, and if just one person can be saved by seeing this talk and demonstration, then all the hard work and many hours spent to prepare it are all worthwhile.

I don't think I've ever been so

involved in anything in my life, and never had more fun and put in more working hours, out of interest and love, as I have since joining 4-H. Sometimes I wonder is it worth it, all the work I mean, and in considering it, YES, YES, YES! It really is worth it all.

Micheal Proffer, age 15, member of the Muenster 4-H Club.

4-H is open to all youth third grade to age 19 regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

National 4-H week gets national attention

Lindsay 4-H Club meets

The Lindsay 4-H Club, in its most recent meeting, made plans to compete, qualify and participate in the upcoming Achievement Banquet. Also included in business handled during the meeting was a discussion of activities for the Livestock Shows; and project forms in general; and plans for new activities.

The meeting was held in the Lindsay Elementary Building at 7 p.m. on Sept. 12. The Pledge of Allegiance to the Flag and the 4-H Pledge were included in the opening ceremony. The club reporter is Andrea Gieb. The next meeting will be held on Oct. 11 in the Lindsay Elementary Building.

Anticipating National 4-H Week, the Muenster 4-H Club has sent a newsletter to parents and members, emphasizing family involvement. It notes that 4-H is a family affair; and family support is necessary whether it be for a project, or simply for transportation to and from a meeting.

The club meets the second Tuesday of the month at 7 p.m. at Sacred Heart High School. Its officers are Sherilyn Sicking, senior president; and Jeremy Bayer, junior president; Dawn Knabe, senior vice-president; and Michael Becker, junior vice-president; Daniel Proffer, senior secretary; and Lori Klement, junior secretary; Jordon Bayer, senior reporter; and Weldon Bayer, junior reporter; Werner Becker,

senior council delegate; and Heath Bayer, junior council delegate; alternates are Jared Bayer and Robert Proffer; recreation leaders are Michael Proffer and Jenny Schneider.

The adult leader is now known as club manager, who serves as coordinator for all team members and provides general guidance to the 4-H club units. She is Mrs. Evelyn Sicking.

Project leaders provide structural learning experiences, personal guidance and counseling for new 4-H members.

Activity leaders provide structural learning experiences in such areas as method demonstration, "Share-The-Fun," judging, exchange programs, community services or fundraising.

At a recent meeting, the following reports on summer 4-H events were given: Werner Becker, District Leadership Lab; Michael Becker, Sunburn Saturday; Charles Luttmr, Local Swim Party; Lori Klement, County Officers Training; Dawn Knabe, County and District Fashion Revue; Heath Bayer, County Record Books; Weldon Bayer, T.U. Electric Camp and Pet Show.

Also Jared Bayer, County Council, State Roundup Rifle Team, County Awards Banquet Planning Committee; Michael Proffer, State Roundup Method Demonstrations, District and State Record Books, Gold Star Judging; and Sherilyn Sicking, District Council Meeting, State Congress, Organization Leader and Members Program Planning, National 4-H Week Planning Committee.

A 4-H Record Book is a written documentation of a 4-H'ers learning and growing experience in a project area. 4-H'ers must show growth, leadership, community service, citizenship and a wide range of depth in their 4-H experiences.

Many other activities and projects were discussed at the meeting.

Help! We need leaders for the

foods and nutrition project if we are to have one. Adults, teen leaders and junior leaders all qualify. A teen leader is a youth 16-19 who takes total responsibility for a project, activity or event. A junior leader is a 4-H member age 13-19 who assists adult 4-H volunteers in any aspect of the 4-H program.

Also, we have a new agent. She is Carol Roberts and we welcome her.
