VOLUME VII

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, NOVEMBER 12, 1943

NUMBER 51

**It's queer how values are changed by viewpoints. Bad news when it happens to us has little effect on our morale, but when it happens to the enemy it cheers us no end. The past few weeks brought a specific instance to illustrate the point. We were not so gravely concerned by the coal strike which partially paralyzed our war industries and left many a home to winter's chills. We can take such major catastrophes in our stride.**

**But what satisfaction we get out of the thought that a few enemy mines have been closed. Remember when our bombers blasted dams and flooded the Ruhr? The coal production Germany lost then was a mere dribble compared with what we complacently forfeited while a power mad labor czar was forcing his demands on a docile nation. We gloated for weeks over the hardship we inflicted on the Reich. We did a bit of feeble griping about our own citizens who inflicted a far greater hardship on our country, but that's about all.**

**As regards propaganda values the Germans have bested ten to one on this exchange. It's one thing to be handicapped by enemy action. It's entirely different for a nation to be handicapped by the selfishness of its own citizens who value a little filthy lucre and personal power above the lives of countrymen on the front. As you have probably heard, Goebbels and company exploited the incident for all it was worth.**

**One thing the strike did convince us that all the talk about white house dictatorship only so much hooey. If there is a dictator in this country, we have our own idea as to his identity. Anybody who can defy the president and jeopardize the country's welfare at the same time has to wield a colossal political club.**

**Though strictly an amateur in the fields of statecraft and economics, Con rashly advances the opinion that this entire mess was a pathetic case of bungling. Our country has the power to nip such controversies in the bud. During emergencies it has as much right to order one man back to his job as to order another into the army. Likewise it has the right to crack down on any brand of traitors — no matter what method they use in assisting the enemy.**

**It is not as if the rights of the working man depended upon the success of the strike. Because the government has an organization set up for the sole purpose of securing justice for labor, and such a slightly used agency, to be sure, and one that has not commanded much respect to date. Nevertheless an official and bona fide agency with power to determine what demands are just or unjust. Our government should decide when it failed to insist on that agency's right to settle the controversy.**

**According to publicity released when the WLB was created, labor controversies were to be handled something like this. Men concerned were to present their case for consideration. WLB would decide on the justice of their demands. If the demand was judged fair they got the raise in pay. Otherwise they carried on at the old wage. WLB was to be recognized as a fair board whose decision would be acceptable to either faction. But the important thing is that problems were to be settled over a conference table while vital work went on as usual. Production was not to suffer because of strikes.**

**Think it over and decide whether anything is wrong with that idea. In principle it is perfect, and the only requirement to make it work in practice is fairness in the members themselves. Assuming that our government could find that many honest men, WLB is capable of handling our labor troubles. The only question then is, why doesn't the government back up the WLB? Why these inexcusable strikes? Are we to admit the government doesn't have the power to enforce its decrees?**

**Or could the political angle have something to do with it? Is it possible that vote conscious politicians are reluctant to antagonize certain factions by forcing them to toe the line? If so, what are they going to do to merit the respect of millions of others who resent such outrages against national security? How about service men, farmers, independent business men even the laborers who felt justified in the higher demands but thought first of the country's**

OUR BOYS WITH THE COLORS

**OK With 5th Army** — A letter this week from S. Sgt. Jimmy Lehnertz, written from somewhere in Italy, discloses that he is well and so busy that time for writing "just isn't". The letter was received by the Enterprise with the request "Please tell all my friends in Muenster hello. Tell them that I haven't time to write them individually, but that I'm thinking of them. My incoming mail is very light, maybe I'm on the go too much. As far as news is concerned, you probably hear more than I know. Just keep up with the advancing 5th Army, cause that's where I am. This part of the country is rather nice and the civilians want to give us what the Germans haven't taken. Eggs, chickens, figs and whatever else they happen to have. Received the August issues of the Enterprise and certainly did enjoy 'em. Now that I'm sure and give my regards to all, and write when you can, I want to know how everybody is getting along."

**Brothers Together Here** — Sgt. David Trachta arrived during the weekend from California to spend a 15-day furlough with his parents, Mr. and Mrs. Henry Trachta, and his brother, Pvt. Richard Trachta, also on furlough from Alaska. It was the first time the two brothers saw each other in 18 months. Richard left Monday afternoon for Seattle, Wash., where he is to be stationed indefinitely before going back to his post in Alaska.

**Receives Promotion** — Arthur (Bobby) Lutkenhaus, stationed somewhere in the Panama Canal Zone, has written his parents, Mr. and Mrs. J.H. Lutkenhaus, that he was recently made a corporal. He added that he was feeling fit and keeping quite busy.

**Meet In Italy** — S. Sgt. Anthony Luke and Pvt. Frank Moser recently met in Italy, they have written to relatives here.

**Two Weeks' Furlough.** — Liaison Pilot Harold H. Cooke of Abilene Army Air Field arrived Thursday for two week visit with his parents, Mr. and Mrs. Don C. Cooke. His wife and baby daughter of Fort Worth are also spending the two weeks here at the Cooke home.

**Ten Day Furlough** — Cpl. and Mrs. Paul Yosten arrived Thursday of last week to spend a ten day furlough with their parents, Messrs. and Mmes. Bob Yosten and T. Miller. They reside in San Antonio. He is stationed at Camp Normoye.

**Stationed in England** — Mr. and Mrs. John Felderhoff had letters last week from their son, Pvt. Alphonse Felderhoff, revealing that he is now stationed in England, where he recently arrived safely. He said to tell all his friends hello.

**Three Day Pass** — Pfc. Joe Henry Walterscheid of Camp Gruber, Okla., visited here the latter part of last week with his parents, Mr. and Mrs. Joe Walterscheid, while he had a three day pass.

**Miller Brothers OK** — Mr. and Mrs. John Miller have recent letters from their three sons in the service revealing that they are well. Henry, a warrant officer in the Navy, is doing sea duty; Christopher, S2C, is with the Navy somewhere in Hawaii; and Pvt. Charlie Miller is stationed with the army in Porto Rico.

**M. Sgt. Leon Hellman Moved** — Mrs. Leon Hellman is back in the city following a several weeks' visit with her husband, M. Sgt. Leon Hellman in Savannah, Ga. She advised that her husband was transferred recently and now has a new address with an APO number, New York.

**Bud Back In Texas** — Aviation Student C. M. (Bud) Hoehn is back in Texas continuing his pilot's training at Foster Field, Victoria, after spending several weeks at Garden City, Kansas, with a cadet detachment. He will receive his wings and commission as a lieutenant about the middle of January, his mother, Mrs. A.T. Hoehn, advised.

**Reports For Duty** — Ensign Richard Fette left Sunday for San Diego, Calif., where he was to receive further orders, following a 20-day leave here with his parents, Mr. and Mrs. Henry Fette. He had completed special training in Jacksonville, Fla., before coming to this city to visit.

### SHIP'S COOK

—Sidney B. Cason, S1C, son of Mr. and Mrs. J.B. Cason of this city, entered the Navy on March 13, this year, and took his boot training at San Diego, Calif., where he later qualified as ship's cook and is now engaged in that activity aboard the ship to which he is assigned. He was recently transferred to Hunter's Point, San Francisco.

### NOVEMBER IS XMAS MAILING TIME SAYS POSTMASTER GENERAL

Delivery of the annual flood of Christmas gifts and cards on time, always a serious problem, will be more than a problem this year, it will be an impossibility, unless Christmas mailings are made largely in November, says the warning issued by Postmaster General Frank C. Walker.

Transportation facilities are burdened to the limit with war materials and personnel, and the Postal Service has sent more than thirty-one thousand experienced employees into the Army and Navy, Walker pointed out. The only solution to the Christmas problem is: Mail in November. Mark parcels "Do not open until Christmas." That is the only way to avoid disappointment on Dec. 25 not only for civilians but also for millions of members of the armed forces still in the United States.

"It is the only way to avoid the possibility of a Christmas emergency in the transportation and postal services. If the public will cooperate by mailing Christmas parcels during November, the small volume of last minute, light mailings, such as greeting cards, can be handled up to December 10. An emergency can be avoided only if November is Christmas Mailing Month," Walker said.

To assure delivery of Christmas mail on time it is necessary that mailings be spread over a longer period of time, due to the fact that the volume of mail now is far above any previous records. Another reason for shopping and mailing earlier is that retail stores are short-handed. Early shopping will do away with many of the delays and inconveniences of shopping in crowded stores.

Postmaster General Walker observed that his warning is not an attempt to tell the public what to do, it is only an advance notification of what will happen if mailing is done late. He feels that the public is entitled to know the facts and that when they do know them, they will decide to "Mail in November."

Walter Luttmer is up and around, recovering nicely from an appendix operation performed two weeks ago.

### LARGE ATTENDANCE CHEERS 3-ACT PLAY HERE SUNDAY NIGHT

A large audience cheered the three-act comedy "Brother Goose" presented by Sacred Heart High School students here Sunday evening in the parish hall. The production was under the direction of Sister M. Geraldine.

All characters were well cast for their respective rolls, dialogue was witty, clever and fast, and each player gave a pleasing performance.

Henry Yosten, in the title roll, ably enacted the part of a harassed older brother trying to raise a younger brother and two sisters, interested only in girls, a limrick contest and football, respectfully. Robert Bayer, Johann Seyler and Alma Marie Luke, as the trio, gave splendid performances and the latter, cast as a grimy, bare-footed tom-boy was a natural.

Juanita Weinzapfel, who came as a housekeeper to straighten things out, and stayed to marry the older brother portrayed her part excellently, as did Gladys Wilde, cast in a difficult, affected and insincere roll.

Imelda Felderhoff, the housekeeper who quit, and Dolores Lehnertz, a colored maid, made the most of small parts. Della Rose Endres, a Southern charmer; Marian Starke of the Wee Blue Inns; Ruben Sturm, a truck driver; and Leo Felderhoff, a messenger, gave fine performances in supporting roles.

Behind stage effects were taken care of by Alvin Fuhrmann, Billy Joe Miller, August and Leo Felderhoff, Clifford Otto, Mary Ann Reiter, Geneva Gremminger and Harold Sicking.

Between acts, the Muenster Youth Band, under direction of Father Richard, offered well rendered selections.

### PREPARATIONS BEGUN FOR ANNUAL PARISH THANKSGIVING SOCIAL

Initial preparations are now underway by the four local parish societies for the traditional observance of Thanksgiving day, but one feature of the traditional program will be missing — the community turkey and sausage dinner will not be served, it has been announced.

General arrangements for the social are under supervision of the Mothers' Society and the other societies will take charge of special features.

The affair will be held in the parish hall, beginning at 1 o'clock and continuing until 11 p.m. The annual Thanksgiving dance will begin at 8:30 to supplement the bazaar. Gordon Shay and his orchestra from Wichita Falls will furnish the music.

### Christmas Cards Mailed Now Will Still Reach Overseas Destination

Christmas cards to army personnel overseas may still be mailed provided the envelope is sealed, and postage prepaid at the first class rate of three cents each. Postmaster Arthur Endres announced this week, following receipt of a postal bulletin to that effect.

Cards mailed in this manner within the coming week still have time to reach the most distant APO numbers, he said. Later mailings, however, have no assurance of reaching their destination by December 25, he added.

### Turkey Season Is Poorest In Local History

Hope To Ship One Car At Close Of Program

The annual Thanksgiving turkey picking and packing season which opened last week Wednesday, is, as was expected, only a feeble imitation of those of past seasons. It is even falling below the meager estimates made several weeks ago. According to Rudy Hellman, FMA plant manager, it is by far the poorest ever experienced in the 7-year history of the program.

First day receipts, from members, which ordinarily totaled around 7,000 birds, dropped this season to only 700. And receipts the following days have been consistently low. There just aren't many turkeys in the community. There were fewer raisers to begin with and the mortality rate of the young birds was high during bad weather.

Picking was done off and on during the week when there were a sufficient number of turkeys on hand to justify calling the pickers to work.

It is hoped to have a light car load ready for market at the close of the season, it was stated. As in past years the program is sponsored by Wilson and Co. of Oklahoma City in cooperation with the Farmers Marketing Association.

### GERALD STELZER IS GUEST SPEAKER AT HOLY NAME MEETING

Members of the Holy Name Society enjoyed an interesting meeting Monday evening, at which Gerald Stelzer, EM3C, was a special guest and gave a highly entertaining talk of his activity in the Navy. In an informal manner he also answered numerous questions asked by the assemblage. A large attendance was present.

Justin Hess reported that the local club room is ready for use following repairs.

Urban Endres, president, presided at the business session, and Arthur Felderhoff was named secretary to replace Frank Hennigan, now a student at Subiaco Academy.

Rev. Father Richard, spiritual director, spoke briefly, reminding the boys that next Sunday is their Communion Sunday and urged them to attend. The Eucharist will be received in a body at the 9 o'clock mass and a short conference will be held afterward.

**Souvenirs From Africa** — Mr. and Mrs. Matt Muler received a package last week from their son, Pvt. Arnold Muler, stationed somewhere in Africa. The box contained souvenirs and gifts for all members of the family and included also a collection of foreign coins and currency. Arnold also wrote to let them know that he is well and that along with his usual army activity he is seeing lots of interesting scenery, meeting some "swell" people, and getting plenty to eat.

**Cabled Greetings** — W.H. Endres and daughter, Miss Dolly, received a cable last week from their son and brother, Warrant Officer Gilbert Endres, stationed in Africa, wishing them happy birthdays. Mr. Endres observed his on the 3 and Dolly on the 7 of this month. He added that he was OK.

### War Chest Campaign Progresses

25 Per Cent Of Local Quota Has Been Raised

Citizens Urged To Make Contributions Promptly, Drive Ends Next Week

About one-fourth of Muenster's quota in the current War Chest drive was turned in up to Wednesday of this week, it was disclosed by Chairman J.M. Weinzapfel. This, however, did not include collections by solicitors busy in the community, who had not made a report of their receipts, he added. The amount accounted for had been left principally by individuals at the bank.

While the Campaign progresses slowly, there is no doubt as to what this community will do. Muenster will raise the appropriate quota before the drive comes to a close next week. Scores of persons are waiting to be called on by solicitors and dozens of others have pledged their amounts but simply haven't found it convenient to make the remittance.

Muenster's quota of \$1,500 out of the county's \$22,500 can be raised easily if every person does his share. It is urged that citizens make their contributions promptly and without depending on somebody to see them about it. The raising of the money is an obligation on the part of everyone and each is responsible, as much as are those who have been requested to serve on the soliciting committees.

It was pointed out that this is an opportunity for families who have not given a son to the armed forces to do their share for some one else's son in the service. The 17 agencies participating in the drive include relief also to stricken war-torn countries.

"Those of us here who have an abundance of food and clothing and privileges of a free people are perhaps slow in realizing the dire need of other less fortunate citizens in occupied bomb-shattered countries," the chairman said. "When one considers for a moment what this campaign means, he will give gladly and generously."

In addition to the solicitors already in the field four more have been named this week to work in their respective districts. They are Joe Hoenig, Al Fietlman, Clarence Hellman and Arthur Hellman. They may call for their supplies at the bank.

In Cooke county a total of \$7,578.76 had been accounted for up to Wednesday morning. This did not include reports from some 200 women soliciting in the Gainessville residential section, however. Rallies and special meetings have been held in several communities and four communities have been reported as topping their quotas thus far.

### John Furbach Invents Simplified Stop-Watch

John Furbach, Amarillo jeweler and watchmaker, who is well known locally, recently invented a simplified stop-watch, and offered his invention to the United States Government free for its use during the emergency. The simplified mechanism should be very useful as it has fewer parts, effecting economies in manufacture and requiring less repair services. An illustration of the watch, along with a news story regarding it, recently appeared in an Amarillo daily paper.

Also appearing in the same paper was another article telling that Furbach and Chief of Police Sid Harper of Amarillo will share the \$2,500 reward offered through the Pinkerton Detective agency for recovery of jewelry stolen from air express in that city last November.

The reward was paid in connection with the Persian Princess \$100,000 jewel theft case, in which three men have been convicted. Furbach furnished the tip that sent police on the trail of the jewels. After a man showed a piece of jewelry for appraisal, Furbach telephoned police and told of the valuable gem. Nearly all the jewelry was recovered.

Furbach is the husband of Angela Hoening Furbach, formerly of this city.

Guests of Mr. and Mrs. M.J. Endres Sunday were their children, Mr. and Mrs. Len Endres and sons and Sister Irma of Ft. Worth, and Sister Agnes of Dallas. Mr. Endres has been confined to his home for the past two weeks on account of illness.

### MISS SHULTZ MEETS WITH MUESTER 4-H CLUB GIRLS MONDAY

Miss Nette Shultz, county home demonstration agent, met with the local 4-H Club Girls for their regular meeting Monday afternoon in the parochial school auditorium. Sponsors Mrs. J.M. Welzapel, Mrs. Joe Luke and Miss Olivia Stock, and Teachers Sisters Gertrude and Georgia also met with the group.

Since the Muenster club is the largest in the county consisting of some 70 members, Miss Shultz divided it into two groups, the one composed of the grammar grades, the other of high school students, and identical sessions were held for each group.

The topic for the afternoon was "Work Clothes" and Miss Shultz spoke on the this subject. She displayed attractive coveralls and aprons suitable for wearing for work on the farm, in the gardens and fields and in the home kitchen. She stressed looking neat and attractive at all times and the garments she displayed proved that this can be accomplished and at the same time make the wearer feel comfortable and at ease. She had patterns and several members cut off patterns for their own use.

Other attractive and useful handmade articles shown were table mats made of corn husks and hand bags which may be made of any material to match a frock or coat. Members also availed themselves of these patterns.

Misses Rosalie Miller was chosen food demonstrator and Edna Margaret Hartman bedroom demonstrator for the coming year, and a brief recreation hour, featuring an historical contest, "States and Capitals" was enjoyed before adjournment.

#### On The Campus

Why was Billy Joe called "Blackie" all last week?

Why do they call Geneva "Jennie"?

Laura Lee and Ruben have adopted new names. They are Frex and Butterfly, respectively. Can anyone tell where they got them?

Talk about adopting names. Thomas Gremminger didn't. He just "sorta fell" into the name Galliegar.

It seems as if Johann, Jaunita and Dollie didn't have enough acting Sunday night, because Monday they were putting on their latest version of "Let's Pretend."

Wonder why Ruben was so ready not to believe what Leo was saying about November 8, but hoped he was telling the truth?

The Seniors had a delightful surprise Wednesday morning. Class rings had arrived much earlier than expected. They are the same design as other years, with a gold heart set in a background of black onyx. The letters S.H.H.S. and the word Muenster are engraved on the heart. They are the reward of four years work and the seniors certainly are proud of them.

1. Know the seven basic food groups and plan your meals from them.
2. Plan by the week so that two or more protein foods will not be included in the same meal.
3. Plan a vegetable plate or a nourishing soup as the main dish for several meals during the week. Use left-overs in soups and stews.
4. Use fresh foods in season. Cook most vegetables in a small amount of water; using only about one-half inch in a covered utensil.
5. Cut down your grocer's waste. Don't pinch fruits. Don't handle vegetables.
6. Serve smaller portions with the provision for seconds. Establish a rule for eating everything served.
7. Don't buy rationed foods for the sake of using stamps. Don't give away or trade stamps.

Economical to Use In All Kinds of Weather

This practical, profitable to use "more than just a mineral" mixture supplies your animals with all-important Vitamins and Minerals, so often deficient in most ordinary feedstuffs, and scorched range grasses. These elements, working together, it has now been proven, are responsible for many of the benefits formerly thought to have come from feeding PROTEINS ALONE.

GLAND ACTIVATORS — VIT-A-WAY'S amazing PLUS benefit — again fight waste by assisting your livestock to convert more of the feed they eat into more meat-milk-wool pounds through "stepped up" gland action. Swift Plaintiff, vs. Adelaide Swift Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce from the bonds of matrimony, plaintiff and defendant having been married October 8, 1937. A brief statement of the nature of this suit is as follows, to wit: Suit for divorce from the bonds of matrimony; plaintiff and defendant having been married on or about the 11th day of April, 1934, in Cooke County, Texas.

**MARIE ZIMMERER, JULIUS SANDMANN MARRIED TUESDAY**

LINDSAY.— A pretty church wedding was performed here Tuesday morning at 8:30 to unite Miss Marie Zimmerer, daughter of Mrs. John Zimmerer, and Julius Sandmann, son of Mr. and Mrs. Ben Sandmann. Rev. Conrad Herda, pastor of Saint Peter's church, officiated at the ceremony and at the nuptial high mass. Music was furnished by St. Cecilia's choir, with Mrs. Bill Fleitman at the organ.

The bride was attired in a lovely floor-length frock of white brocaded satin, fashioned with long fitted bodice and gathered skirt, sweetheart neckline and

short puffed sleeves. Her only ornaments were a gold chain and locket, given her by the bridegroom and she carried an arm bouquet of carnations. The bridal veil was full length, held in place with a wreath of gardenias.

Miss Louise Zimmerer was her sister's maid of honor. She wore a dress of dusty rose satin made similar to the bride's, with matching accessories and a corsage of gardenias.

Henry Sandmann attended his brother as best man.

Following the rites the bridal party were guests at breakfast in the home of the bride's mother and an informal reception for immediate members of both families was held during the day. In the evening festivities were concluded with a dance in the community

hall. The Zimmerer home was decorated throughout with chrysanthemums and the bride's table carried out the traditional all white theme. It was centered with a three-tiered wedding cake.

Mr. and Mrs. Sandmann are making their home 6 miles northwest of Lindsay on a farm. Both are natives of this community and attended the local school.

Among out of town guests at the wedding were Mr. and Mrs. Bill Schad and daughter, Mr. and Mrs. Andrew Zimmerer and children of Gainesville, Mr. and Mrs. Edgar Klement and sons, Mr. and Mrs. George Bayer and daughters, and Miss Lorene Lutkenhaus of Muenster.

Amusing games provided entertainment for the guests and prizes were won by Mrs. Andrew Zimmerer, Mrs. Wm. Schad and Miss Clara Hundt, who presented them to the honoree. Following the games the shower gifts were presented to the honor guest and the party closed with the serving of refreshments to 23 relatives and friends of Miss Zimmerer.

Personnel included the honoree, Mesdames John, Herman, Andrew, Joe, Raymond, Henry and Lawrence Zimmerer, Wm. Schad, Herbert Hundt, Frank Hellinger, Joe Benford, Edgar Klement, Ben Sandman, Ben Fleitman, Frank Popp and Annie Koerner. Christian Mothers Society held their quarterly meeting on Nov. 2 with a large attendance present. Principal speaker was Rev. Conrad Herda, spiritual director.

He read an appeal from the Catholic Women's Union that members offer spiritual bouquets to His Holiness Pope Pius XII on the fifth anniversary of his enthronement as Vicar of Christ, March 2, 1944. All offerings will be sent to the Holy Father at Christmas.

He also asked members to cooperate in gathering prayerbooks and other books in German and Italian for prisoners of war in this country. Those collected locally will be sent to Camp Howze.

An interesting report of activities at the Catholic State League convention, held in Seguin in August was also read.

Preliminary plans for the annual observance of Thanksgiving day were made.

Confetti---

(Continued from page 1) welfare? Aside from being poor statesmanship, our handling of the strike doesn't even appear to be good politics.

When it comes to economics we run into another question mark. Is the enormous raise in miners' wages consistent with current efforts to hold down inflation? Every day we hear that our one concern is to keep excessive money out of circulation. There are ceiling prices to hold down the cost of living. Because, as the government says, we must not permit expenses to pass incomes. But at the same time the government sanctions the dumping of tremendous excess purchasing power on the retail market. Next it will have to sanction higher ceiling prices to absorb the purchasing power.

Meanwhile other industries will be making their demands. They will want to be on a par with the miners. And there you have a vicious circle, spiraling up and up. Higher wages followed by higher prices, then higher wages again to pay the higher prices. The farther it goes the worse it gets, the harder it will be to stop. And it's definitely started now.

All the while, look who is holding the sack. The poor devil whose wages are frozen at a low level, such as the soldier. Or the guy who skimps and saves for war bonds. One cannot keep up with the rising costs. The other finds that the dollar he saved has only half its former purchasing power. Maybe only a fourth or even a tenth.

As long as mankind has to have wars, why doesn't someone place them on a sound financial basis? If this is everybody's fight, why don't we have uniform salaries, all of them based on the army's pay scale? That would stop inflation and strikes. It would slow down black markets and the mad scramble to defense plants instead of the service. Above all, it would hold down the war debt to a figure we could tackle with less despair when the shooting is over.

Daily for Practice

It isn't always that Choral Club members eagerly anticipate the time for their practice period, but when songs with the pep and power and beauty of Father Lord's "America We've Just Begun," Jimmy McHugh's "Say a Prayer" for the Boys Over There, and William A. Dillon's "Me and My Uncle Sam" are being learned, choral practice is a delightful treat. The Choral Club will contribute several numbers to the program on Sunday evening, November 21.

1943 Set Encyclopedias

Is Added to Library Thirty volumes of attractively black-leather bound encyclopedias are the most valuable addition to the library for years. Students realize what a storehouse of information these books are and wonder how they ever got along without them before.

School Donates Hundreds

Magazines to Red Cross Magazines of all kinds - Reader's Digest, Popular Science, Times Saturday Review of Literature, Sacred Heart Messenger, Catholic Digest and others were donated to the Red Cross through which agency they will be circulated at the army camp. Students of Lindsay High hope that their magazines will enlighten, comfort and entertain the men in service.

ARMISTICE 1918 DAY 1943

We, who will not be scarred in battle, have a glorious obligation to those for whose return we pray! We can, in part, fulfill that obligation this day by donating to the War Chest Drive, and every day by investing in War Bonds.

No one can say "I have given enough," just as no man in uniform can say "I have fought enough."

Give in the name of Victory!

FOOD

For our fighting men

from TEXAS FARMS..

Texas Farmers are cooperating fully in America's war effort... producing maximum quantities of foods for our fighting men and for the home front... foods needed for Victory. The fact that this year's Texas food harvest promises to be one of the greatest in Texas history is ample testimony to the earnestness of the Texas farmer's efforts to produce more food... the most essential "weapon of war."

Through its Wartime Farm Service Program, Texas Power & Light Company is assisting Texas farmers in meeting the larger food production goals needed for Victory. This Company's farm service representatives are "on the ground" assisting farmers in solving their wartime production problems. On many thousands of Texas farms dependable, low-cost electricity is helping overcome the labor shortage by doing jobs once done by men now serving in the nation's armed forces.

In war, as in peace, this Company's service helps to increase the productivity of Texas farms, and to provide better living in farm homes. Texas Power & Light Company serves more than 25,000 farm and rural customers directly from its own lines... and electric service from its transmission lines goes to many thousands of additional farmers through R.E.A. Cooperatives to which this Company provides electricity at low wholesale rates.

TEXAS POWER & LIGHT COMPANY

The facilities and resources of this Company are dedicated to winning the war as quickly as possible, and to doing such a thorough job of it as to forever discourage dictators who seek to destroy our freedom... destroy our American Way of Life!
