Taxes head county meeting

by Elaine Schad

Taxes were again the main focus of this week's meeting of Cooke County Commissioners, with three decisions made that could have great long-term future impact on taxpayers in Muenster and across the county.

Commissioners adopted the 1988-1989 budget and raised the tax rate by 8 percent, approved guidelines for granting tax abatements to new or expanding industries, and called for a Nov. 8 election which could raise the property tax exemption for the elderly and the disabled.

The tax abatement question drew the most interest from the audience of more than 30 people. People spoke both for and against the proposal which will grant abatements of up to five years, and even beyond, for new or expanding manufacturing, research,

regional distribution, regional service, regional entertainment or other basic industry facilities.

The industry must add at least \$2 million to the tax rolls after the abatement period, and must employ at least 30 people, according to the guidelines. Tax abatement recommendations will be made to the county for approval by a joint committee formed with representatives of the taxing entities involved.

Some people praised the abatement program as a way to bring jobs into a stagnant county

economy. Others criticized the program for penalizing small businesses and providing no guarantees that the abated industries will still be around in five years.

"One of the first things people ask when they are thinking about locating an industry in the county is what are your taxes," said Carl Smith, executive vice president of the Gainesville Area Chamber of Commerce. "We're not going to get new companies in town without a tax abatement."

B.C. Lemons, a county resi-

dent, said he was concerned about industries moving in, demanding more services and getting tax breaks, while small existing businesses continue to pick up the tab. "It looks to me like you're penalizing businesses already here, the ones who built these services," he said.

Another county resident said she was concerned about the tactics used by some large industries which build multi-million dollar plants, depreciate them out over the abatement period, and then

Bridge site decision on hold

A decision on the location of a Red River bridge between Gainesville and Ringgold will not be made until about the second or third week of September - a time later than highway officials originally estimated.

Dale Cantrell, district design engineer for the Wichita Falls district office of the Texas Department of Highways and Public Transportation, on Monday said district officials must meet in Austin with the bridge division of the highway department. They also must meet with the Oklahoma Highway Department before a decision on the location is made. These meetings have not been scheduled yet, Cantrell said.

Four sites currently are under

consideration for the bridge: Site II east of Spanish Fort to Petersburg, Okla.; a location that crosses northwest of Illinois Bend to Courtney, Okla.; Site IV east of Illinois Bend to Leon, Okla.; and Site V west of Bulcher (Rock Bluff).

In an earlier interview, Engineer Mike Murphy said Oklahoma highway officials favor the Courtney site because it falls near the center of two populated areas of that state and represents the least cost to Oklahoma.

A public meeting on July 26 in Saint Jo drew 326 people from Cooke and Montague counties. 310 of the people there turned in comment sheets in support of the

building of a bridge. Comment sheets from 16 people opposed the bridge altogether.

With people allowed to indicate more than one preference for a bridge location, endorsements on the comment sheets were 129 for Spanish Fort, 125 for Courtney, 66 for Illinois Bend and 106 for Rock Bluff. Rock Bluff is the location generally preferred by Muenster residents.

The 50-mile stretch of river between Gainesville and Ringgold is the longest distance of the Red River without a bridge. Murphy estimated earlier that cost for this project will be from \$2.5 million to \$9 million, depending on which site is chosen.

Bloodmobile to come Aug. 31

Red Cross is out for blood. Herman Carroll, Muenster Memorial Hospital administrator, on Friday said that a Bloodmobile from the Red River Regional Red Cross Blood Service will be in Muenster from 3 to 7 p.m. on Aug. 31 at the KC Hall.

"We're really short of all types of blood during summer months," a Red Cross spokeswoman said Friday. "We

count very heavily on Muenster, and they always come through for us. Muenster donors are such an excellent group that we put this drive right before Labor Day when the blood demand is especially great."

The quota Red Cross set for Muenster, based upon its population, is 59 pints. At the blood drive last spring, Muenster donors exceeded the quota by giving 92

pints.

Prospective blood donors must be between the ages of 18 and 73 (17 with parental consent), must weigh at least 110 lbs.; must not have donated blood in the past 56 days, had major surgery, pregnancy, histories of cancer or heart disease or exposure to AIDS or hepatitis. Donors should eat regularly and avoid alcohol on the day of the drive, she said.

When school bells ring...

Two familiar faces will be missing

Awards won by Edgar Dyer's students during many years, and other awards given in recognition of the excellence of his own teaching during those same years, are well-recognized.

This community, and professionals in the field of Agriculture and the school where Edgar Dyer spent the past 29 years, making a home here, and teaching FFA students in various Agriculture classes at Muenster High School give credit where credit is due and have expressed appreciation in many ways.

"But," Edgar Dyer related this summer, "one of the proudest and most emotional moments came during the 1988 All-Awards Banquet for students of Muenster High School, when a plaque and a gift of ostrich boots were presented to me upon the announcement of my retirement."

Representing the former students, past and present faculty and administration, Wayne Klement made the presentation of boots. Although scattering humorous anecdotes throughout his remarks, he none-the-less conveyed the appreciation of many, whether present or absent. Don Hellman presented the plaque from the PTO.

Klement said: "Edgar Dyer taught his students 1) Concern - not only for our livestock, but also for all individuals and property. 2) Patience - Dyer taught that good

EDGAR DYER

things don't come overnight. You've got to work for them! 3) Self-respect and self-confidence - no goal is too high if you set your mind to it."

The large crowd at the All-Awards Banquet gave him a standing ovation.

Edgar Dyer was also recognized, along with fellow classroom retiree Prue Selby, when the Muenster School Board and Administration hosted the annual Teacher Appreciation Dinner in late May 1988. Mrs. Selby and Dyer have each retired after 29

years on the faculty of Muenster Public School.

Another honor came on Aug. 10, 1988 when Dyer received the Honorary Life Membership Award of the Vocational Agriculture Teachers Association from the organization's president, Jerry M. Bearden, at the awards program at the Hyatt Regency Hotel in Fort Worth.

A native of Fannin County, Edgar Dyer is a 1949 graduate of Honey Grove High School. He served in the U.S. Armed Forces for two years, 1954-1956. In January 1959 he graduated from East Texas State University in Commerce with a Bachelor of Science degree and a major in Agricultural Education. He received his Master of Education degree from ETSU in May 1960 with an Ag Ed major.

He and his wife, the former Carol Riggsby, are parents of three children, Lenzy of Nocona, Lou (Dyer) Heers of Muenster and Lyle of the home.

Edgar Dyer began his teaching career at Muenster High School in 1959 and continued for 29 years, retiring in May 1988. He was the second teacher to be hired by L.B. Bruns after he became superintendent in March 1959.

He served as Parliamentarian for the Parent-Teacher Organization for many years. He served as a member of the City Park Board

Thirty-seven years in the classroom, 29 of them in Muenster Public School, will surely bring bittersweet memories for Prudence Wilson Selby when the first bell rings on Sept. 1.

She will recall a fourth grade boy, assigned an interview as a class paper, when he asked: "Mrs. Selby, why did you become a teacher?" She related later that she answered, thoughtfully, "I don't know why I became a teacher, but I'm awfully glad I did!"

She will recall a letter (among many received) when her imminent retirement was announced: "Dear Mrs. Selby, I just want to tell you how I feel about you and your retirement... The children will miss a super teacher... now and in the future. Because, in my book, there's no one better. I know from personal experience. You took a girl who could not even subtract in the 6th grade and taught her in your spare time. I know because it was me."

You taught all us kids to show caring and compassion and, most of all, respect for each other. You were understanding when we needed it the most. You were so patient when we tried to lag. You were so firm to keep us on the right track. All these things, plus love! You showed love to each and every student you taught.

You molded and guided so many kids and shaped their awkward ways. Muenster Public School will truly miss you. But I know you need time now spend with Mr. Selby and Kathy and her beautiful family.

I hope you have the very best time now. I hope you find the peace, joy, love and rest you deserve... because all of us former students helped make your job hard, not easy.

PRUE SELBY

Mrs. Selby, every student remembers one teacher more than any other. I'll always remember you with respect and love. You are a very special lady. I know God sent you and your teaching here as one of his greatest gifts.

Now take joy in the rest of your days, and know the good you've done for all of us and the great impression you are leaving with us. God bless and keep you. I send my best wishes for the best times of your life.

(Name withheld by Editor) Prue Selby was born in Bulcher, Texas and grew up in Woodbine, Texas. She graduated from Gainesville High School and earned an Associate of Arts degree

from Cooke County College and a Bachelor of Science degree from the University of North Texas in Denton.

She started teaching at Era in January of 1950 and spent the next eight years in the Era school system. She married Kenneth Selby of Era on Dec. 22, 1950.

She started teaching in the Muenster Public School in 1959. Her husband had previously been transferred here by Texas Power and Light Company, holding the position of Muenster Local Representative of TP&L.

Prue Selby taught sixth grade at Muenster Public School for 29 years. Her total teaching career spanned 37 years.

She was three times president of Muenster Classroom Teachers Organization. She is a past officer in the Cooke County Texas State Teachers Association (TSTA). She is a life member of TSTA; and has been a delegate to TSTA state conventions numerous times. She is a past member of the Muenster Public Library Board and has taught adult education at varying times. She has taught numerous second-generation students. She is a charter member of the Hillcrest Church of Christ in Gainesville.

When asked one recent summer morning: "What is your philosophy of teaching?" she answered after a moment: "Other

City trash can't find a home!

The public meeting, called for by the City Council concerning proposed new sanitary landfill sites, was not as violent as local rumors might have suggested. It was certainly less cooperative than was hoped for. Because of the complex date involved, the proximity of the meeting to presstime and the many opinions expressed, this writer doesn't know how to tell the story of the meeting and do it any justice. This report will therefore be a list of statements and opinions (some of them mine) meant to give the reader an idea of what was discussed. Statements will not be attributed to names since some were unsure, some were embarrassing and some should have been ashamed. Enough toes have already been stepped on.

About 60 people were present for the meeting. Only two, other than the Mayor, the Council and the City Manager, spoke up to support the city's efforts thus far. The rest were against the city or said nothing. These efforts have included, in part: several years' work to find a suitable site to dump solid waste on Grady McElreath land north of Muenster and recent work on a possible new position on J.D. Fleitman land also north of Muenster - spending \$23,000.00 on engineering studies and legal opposition expenses so far - paying \$38,600.00 to the City of Gainesville so far for the privilege of dumping Muenster's trash.

Projections are that the cost of proceeding with the McElreath site will exceed \$20,000.00. Thus a secondary site and, it seems, other sites are being studied.

The city tried to proceed quietly to study the J.D. Fleitman possibility but the word soon got out. Twenty-one houses are within a one-mile radius of the site with other potentials. The owners are really upset and fear environmental, aesthetic and property value damage.

The city assures everyone that they will not allow these damages to occur and they will follow state regulations in operating any fill site. A Type III permit requires daily compaction and covering as necessary. A soil covering of no less than six inches is required every month. The daily work will call for a judgment by the operator. That's one of the main concerns of the landowners. They suggested a city ordinance with teeth in it so somebody would go to jail if there was any odor or flies or damage of any kind. That brought the response that it would sure cut down on the number of city officials you'd have to deal with.

Next year's garbage operation in Muenster will be \$174,000.00 if current procedures continue.

The state required permeability rate for water through the clay which must encase a dump site should not exceed one inch of seepage per year.

'Fam' tour to visit Muenster

On Sept. 15, a 'Fam' (or familiarization) tour will be visiting in Muenster. A group of tour bus operators will be eating a meal in Muenster and seeing the sights in and around town. They will be escorted through the streets of Muenster so the town should be at its very best.

This group will be shown the historical sights around town, possible tours of dairies, feed processing, and meat processing, places to eat and other items a group might be interested in doing or seeing. It is hoped they will enjoy their stay and wish to return with a paying group of visitors. Most bus tours have 40-60 people on board that will be spending money in our community if we can show them we have something of interest to return to see or do.

The town should be clean, yards manicured, vacant lots mowed, and the people friendly during this visit to insure a good first impression. We only have one chance to impress them!

Good News!

Letters to the Editor

To the Editor:

In regard to the article in the Gainesville Register of Sunday, Aug. 14, 1988: In reporting the shooting death of Darrell Dee Followill, his past was brought up. This was the most useless, senseless, thoughtless reporting that I have ever heard of. His police record was clean for 8 years and did not have to be brought up at this time. This article served no purpose but to put a cloud on the name of a good family.

I have never met any finer people than this family. Anyone who would write, print or have anything to do with such reporting cannot come close to matching this family's goodness.

I think this man was killed in cold blooded murder because he was trying to go straight and someone was afraid he would start talking. In order for this sort of thing to stop, our laws and penalty must get stiffer. If you send a murderer to prison, you give him a better living than I have ever been able to give this young widow. This is not right. You say they have their rights. They lost their rights when they broke the law. If they want the rights of this country, they have to earn them.

What is it going to take to wake you people up? Think about your forefathers who worked and sacrificed so much to build this great country for you. Do you really believe that if they could see what you have done with their beloved country, they would be proud of you?

Gentlemen:

On Sept. 2, the Cooke County United Way will kick off its Fall campaign with a noon luncheon, featuring Representative Charles Stenholm as speaker. The importance of this year's United Fund Drive cannot be overestimated, and we urge each citizen of our community to attend this luncheon and to learn more about the United Way.

Since we have lost two of our major employers and contributors to the United Way (Southland Paint and National Supply), it will require a larger effort from everyone in our community to make our campaign goal. However, the history and character of Cooke County is one of resilience and triumph, rather than defeatism. We have every confidence that our community will rise to the occasion and the challenge which is presented to us.

Of this year's campaign goal of \$172,000, only approximately \$10 out of each dollar will go to the cost of the campaign and administration. The other \$90 will go to providing services to the people of Cooke County. Brochures will be available which will tell about the agencies we help, but it is difficult to find a controversial service among them: Your United Way funds will be used to help the blind, the impoverished and those down on their luck, the elderly and retired who need assistance with the unique problems of their lives, the children of our streets and our hospitals, the victims of crimes, and other worthwhile causes.

Because our economy has been so poor, never has it been more difficult to ask for and to raise funds. But because our economy has been so poor, never has the need been greater. The theme of this year's campaign is "You Make the Difference," so when asked to contribute to this year's campaign, please open your heart and your wallet generously and with pride. There are many in Cooke County who are counting on your help, and we can assure you with no uncertainty that you DO make the difference!

Sincerely,
Ron Underwood,
President
Sharon Driggers,
Campaign Chairman

DUMP Continued from Page 1

- Can't people go back to individual burning or carry trash to the county dump? No, federal and state laws prohibit it - even if some still do it.
- The landowners simply don't want the dump that near their property and homes. Whether or not the problems can be controlled.
- The city said it would be clean ... within reason ... the landowners would not accept that.
- Will the refuse be covered every day? It will be covered as conditions dictate.
- If property maintained, how would the dump compare to a dairy or a feed lot?
- Certainly there are other suitable sites where no one will be offended and insulted.
- Every man has his price. The Council is seeking the best deal for the city.
- It is not fair to devalue all our property in order to give the best deal to the city.
- There must be other methods or combinations which will not insult these people. If so, please tell us how to find it and pay for it.
- Why can't we all accept some of the problems we have and try to live and cooperate together. (That preposterous idea was quickly laughed or shouted down.)
- Both sides felt they were being called liars on several occasions.
- A major concern is cost effectiveness versus the desires of the people and safety for their land.
- Muenster is supposed to be number one. Why not be the first to start serious recycling and new disposal methods?
- The meeting was meant to have information. If the application for the Fleitman site is submitted to the state next week, it must undergo intense scrutiny, public hearings, possible legal battles and be approved before one load of trash can be dumped.
- As this story of sorts is written, a radio report is broadcast saying that national requirements to keep track of ground water around dump sites may be coming. Like it or not, we will sooner or later pay the cost of maintaining this fragile environment. We can and have spent a lot of money fighting to no avail. It would be nice to have some cooperative help to find a site for the city's waste, if in fact there are so many site around this county. City residents must be willing to pay the cost of transport and compliance. I admit that I need the county people. I dream about having just a little bit of land to work with and enjoy and I wouldn't want it soiled. Is the feeling mutual enough to merit some cooperative help?
- One way or another, the landowners stood up to fight. Only two people tried to support the City Council. If I were in their shoes, I'd figure nobody cared and I'd just pursue a less painful and more expensive route.
- You ought to try their job for a while. It's lots of fun and the pay is great!

Give the Gift of Life

Muenster residents have a chance next week to prove, once more, that this town has a heart.

A Bloodmobile from the Red River Regional Red Cross Blood Service will be at the Muenster Knights of Columbus Hall from 3 to 7 p.m. this Wednesday. The drive was set late in the summer, a Red Cross spokeswoman said, because this is a time that blood supplies run critically low.

Last spring, 92 pints of blood were collected at Muenster's drive. Donors, along with local volunteers who helped at the drive, poured through the doors, exceeding Red Cross's expectations for turnout. One man that day gave his 40th pint, joining the prestigious Five Gallon Club.

The process of donating blood is not entirely painless. And it does take time. But Americans are dying for blood. The 6 percent of Muenster residents who gave last spring are to be commended.

Let's hope these residents, and many others, turn out at the Bloodmobile Wednesday. Let's hope Red Cross hits a rich vein here.

move on to another abatement area. If that happens, Smith said the county would still benefit through the jobs created. "Isn't it better to have people in those buildings working rather than being vacant?" he said.

Commissioner Danny Knight said he feels the county abatement program was a start toward what could turn out to be new job opportunities and tax relief. "We don't have jobs, we don't have industries. And I think 50 percent of something is better than 100 percent of nothing," Knight said.

"Tax abatement could be devastating if it's not used properly. It's not a miracle worker, it's just a tool to use to attract these businesses," he said.

The abatement guidelines will take affect immediately. The county will review the program again in two years. The county hopes to coordinate its guidelines with other county taxing entities so everyone is offering about the same thing, said Cooke County Judge Jim Robertson.

The cities of Muenster and Gainesville have already adopted abatement guidelines. The Muenster School District has turned down a local tax abatement program.

In a related matter, Cooke County Commissioners on Monday approved a \$5.9 million budget for fiscal year 1988, and set the tax rate at 42.9 cents per \$100 valuation of property. The budget is about a 2 percent

How to Drive the Best Bargains on a New Car

FINANCING AHEAD

Buying a car, for most of us, is much more than just a drive around the park. You should be familiar with the many options available and know your trade-in value. You must seek out the best financing to make the best use of your money. Don't be pressured. When car manufacturers promote bargain basement financing, proceed with caution. Accepting the reduced financing rate may actually increase the price you pay for the vehicle.

At Muenster State Bank, you'll probably save money and enjoy lower monthly payments. Come see us!

for three years. He was a director of the Cooke County Livestock Show for many years. He was named: "Conservation Teacher" of North Central Texas in 1968 by the Fort Worth Press.

For 10 years, he and his students in FFA functioned as the Volunteer Clean-Up Committee for Germanfest and daily kept the festival grounds neat and clean.

In 1969 Muenster Knights of Columbus awarded their annual "Good Neighbor Award" to Edgar and Mrs. Dyer.

The Muenster High School and Dyer served as Cooperating Teacher for teacher training for East Texas State University. Many present-day surrounding Vocational Agriculture teachers did their student teaching under Dyer, including Saint Jo, Lindsay, Valley View, Callisburg, Alvord, Sadler-Southmayd and others.

When asked to share treasured memories that referred to 29 teaching years, Edgar Dyer said, "I was elated when I was remembered by present and former students and friends who gave me a pair of ostrich boots at the annual All-Awards Banquet for MHS. That's a highlight of a career - one that will never be forgotten.

"In my final year of teaching, I was privileged to have my wife, our daughter and son-in-law as faculty co-workers. Something like that doesn't happen often in a school of any size."

In reflection, Dyer said, "Sad memories involve deaths of students and friends - the death of Billy Ray Hellman during my first year of teaching ... the death of Glenn Fleitman in Vietnam - he was FFA president in his senior

year ... the death of my brother-in-law, Monroe Shepard. He was also an Agriculture teacher at Krum. We always worked together closely, and traveled to workshops and conventions together. His death occurred from toxic fumes inhaled while cutting a "clean" barrel.

"Happier memories, very happy memories, arise from enjoyment of work with students as well as faculty. We had an active FFA Chapter with many outstanding members. Several FFA members received the Lone Star Farmer degree, highest award at State level.

"There were many judging and leadership teams that competed at the district level. Several advanced to Area competition, and some went on to the State level.

"I'll always have pleasant memories of my teaching experience at MHS. The Hornets and Hornettes have provided many athletic games that I remember vividly.

"There are many memorable teaching experiences in the classroom, on field trips, and FFA Conventions. But as I've taught them, "What happens in Ag - stays in Ag." I won't go against my teaching and relate those stories. But you who were there, know them.

"I'm truly fortunate to have made Muenster our home. I truly appreciate everyone who contributed to my 29 years teaching career."

In July 1988, Dyer was one of the honored guests at the joint reunion of graduates of both schools. He was hosted by students who had been freshmen in the first group he ever taught at MHS.

Stenholm is guest speaker United Way Drive starts Friday, Sept. 2

The Cooke County United Way Campaign will officially start for 1988 at the Kickoff Luncheon next Friday, Sept. 2. The 12 noon lunch at the Gainesville Civic Center will feature an address by United States Congressman Charles Stenholm. Tickets are available in Muenster at the City Hall and cost \$6.50 each.

Now in his fifth term, Congressman Stenholm is one of the most recognized and most respected leaders in Washington, D.C. today. His conservative ideals and common-sense initiatives have gained him national prominence in many areas, especially agriculture, small business, veteran affairs and budget matters.

The Cooke County United Way hopes for a large turnout from Muenster for the luncheon as well as generous participation in the fund drive. Last year, Muenster or its citizens received, directly or indirectly, over \$13,000.00 in benefits and fund sharing. The Muenster Youth Council alone received \$5,000.00, which was divided among various Scouting programs, the swimming lesson program and summertime baseball program among others.

Countywide programs which receive United Way funding as part of their operating budget include the Red Cross, Friends of the Family, Home Hospice, 4-H and FFA, Salvation Army, Tex-

U.S. CONGRESSMAN
CHARLES STENHOLM

oma Council on Alcohol and Drug Abuse, the Cooke County Youth Center and other service programs.

The countywide goal this year is \$172,000.00. United Way officials know that giving is a personal matter but they hope that people will consider pledging one hour's pay per month. Two-thirds of last year's \$175,000.00 was pledged. It is much less noticeable as an hour's pay than a whole year's amount would be.

Cooke County officials are seeking a Muenster division chairman to oversee collections in Muenster. They hope to have that individual named by the Friday luncheon. Please call 665-1793 if you can help.

Exchange student arrives

Jens Martin Pelikan arrived at DFW on the evening of Aug. 18 to begin an adventure in education.

During the academic year 1988-89, Jens is enrolled at Muenster Public High School and will be learning not only U.S. History and Government, Computer Math, English language skills and Literature, but a whole new way of life.

Born and reared in Hamburg, the largest city in Germany after Berlin, Jens will have an oppor-

tunity to taste life in rural America firsthand; and because this is our Centennial year, he will have the special treat of learning how the people of his homeland came to this virgin territory to successfully mold a new town.

Jens is the son of Marianna Gunkel and Werner Pelikan. His favorite sports are tennis, golf, skiing and he wants to learn baseball.

David and Juanita Bright are Jens' host parents.

Committee makes plans

The Sacred Heart Parish Centennial Steering Committee met with Sacred Heart pastor, Fr. Denis Soerries O.S.B., on Monday, Aug. 22, 1988 to make further plans for the Sacred Heart Parish Centennial Celebration which is scheduled to be held during a three-day period June 2, 3 and 4, 1989 at Sacred Heart Parish of Muenster.

Plans are being solidified to have the Centennial Mass celebrated on Friday, June 2, at 6 p.m. on a large elevated altar to be constructed on the Sacred Heart football field.

On Saturday, June 3, plans are to have a Bazaar, various activities and continuous entertainment for all age groups to last all day and a dance Saturday night in the Sacred Heart Community Center to last till 12 a.m.

On Sunday, June 4, 1989, the day will include celebration of Holy Mass at the regularly scheduled time followed by a sumptuous meal at 12 noon, in the Sacred Heart Community Center. An auction will begin at 2 p.m. There will be other kinds of entertainment for all during the day.

MPS classes to begin Sept. 1

Students attending Muenster Public Schools will start classes on Sept. 1, the first day allowed by state law. Students who are new to the district should see the appropriate principal as soon as possible if they have not already done so.

Students who are returning pre-registered last Spring will be given class schedules on the first day of school.

Students in grades K through 6 should report to their teacher at 8 a.m. on the first day of school. Students in grades 7 through 12 will begin their first day with a brief assembly in the school auditorium.

difficult for others to understand who had not been in my situation.

Standing before a sea of faces, teaching to the best of your ability - every pair of eyes upon you, every pair of ears oblivious to outside distraction, attuned to every word you utter, you know you've had them in the palm of your hand - they are learning! That is happiness for this teacher.

"Students were unaware that their greatest compliment at the end of a school day was, 'the day went so fast!' You knew then you didn't let moss grow under their feet. Time did not lag.

"My most humbling moments came when I meditate upon how much respect my students have shown throughout the years. The doors they have opened - meeting me at the car to carry work into the classroom - assisting me when sidewalks or streets were icy - numerous little notes of appreciation secretly left on my desk - surprise parties, etc. I often wonder how I deserve this concern."

The Teacher Appreciation dinner in late May 1988, hosted by the Muenster School Board and the Administration told Mrs. Selby and fellow classroom retiree, Edgar Dyer, of the high esteem held for both who had each been on the faculty and in the Muenster Classroom Teachers Organization for 29 years. The silver tray to her and the belt buckle to him were gifts from the faculty; the plaques from the PTO. ***

In closing, Prue Selby said: "I still feel great ... I want to take a Fall vacation ... Kenneth and I will finally get to take a Fall Foliage Tour of New England."

But even then, the memories will surely recur, especially about the time she told a fourth grade boy: "Jeff, I don't know why I became a teacher, but I'm awfully glad I did!!!"

SELBY Continued from Page 1

than knowing how to present subject matter, an effective teacher should 1) care, 2) exert discipline, 3) have a sense of humor. To the next question: "What are your retirement aspirations?" she answered 1) sketching/painting, 2) quilting, 3) grandmothering. (The Selbys' daughter, Kathy, and son-in-law, Bill Enderby, and their three granddaughters, Courtney, Tiffany and Natalie Enderby, are ranchers in Gene Autry, Oklahoma.

After another moment, Prue Selby added: "Unless a teacher truly cares for the profession - the daily pressures will quickly cause a burnout. Fortunately, Muenster Public School is blessed with a caring and well-qualified administration and faculty. I'm glad to have been a part of this educational system." ***

I asked her: "Will you recall several of your treasured memories - happy or sad, fulfilling or funny?" She responded: "Going down memory lane of my 37 years as an educator can be a joyous experience or a very unhappy one. The saddest memories are those when I heard of the death of a former student. I have lost students to war, car or hunting accidents, drowning and cancer.

"Throughout the years, I have had the habit of saving samples of my students' work, especially poetic or artistic in nature. Hearing of the death of Mary Lou Fleitman, I presented to her little sister, Charlotte, a beautifully done pencil sketch of a little dog that Mary Lou did as a student in my classroom. For once I was glad that my 'pack-rat' habit filled a need.

"Perhaps the happiest moments of my teaching career would be

Baptisms

Felderhoff

Travis Joseph Felderhoff, son of Tim and Ramona Felderhoff, was baptized in Sacred Heart Church during the 10:30 a.m. Mass on Sunday, Aug. 21, 1988. Father Denis Soerries, O.S.B., officiated and godparents were Travis' uncle and aunt, Terry Felderhoff and Vicki Walterscheid.

Travis wore the christening gown worn by his brother and sister and all the children in the Ray Walterscheid family.

Participating in the liturgy was an uncle, John Felderhoff, during the Scriptural Readings. The Offertory gifts were presented by sisters Kelly and Lisa Felderhoff, and cousins, Ray and Leslie Felderhoff.

After the ceremony, a dinner was served in the Tim Felderhoff home. Attending were grandparents, Ray and Peggy Walterscheid and Frank and Eleanor Felderhoff. Also great-grandmother Catherine Hermes.

Also uncles, aunts and cousins, John and Cheryl Felderhoff and Ray and Leslie; Ronald and Patty Fuhrmann and Hollie, Sean and Ryan; Marilyn Trevathan, and Joshua and Kris Anne; Mark and Terrye Felderhoff and Eric; Terry Felderhoff; Glenn and Jean Walterscheid and Melinda; Mark and Carol Grewing; Lloyd Walterscheid and Vicki Walterscheid. Also Travis' brother and sisters, Derek, Kelly and Lisa.

Endres

Jennifer Dosia Endres, infant daughter of Jack and Mary Kay Endres of Dallas, was baptized in St. Rita's Church on Sunday, Aug. 14, 1988 at 1:30 p.m. Her godparents were an uncle and aunt, Dan and Jan Endres, who were also celebrating a wedding anniversary the same day.

Jennifer wore the same christening gown worn by her mother.

In attendance were the grandparents, Urban and Jane Endres and J.D. and Miriam Caplinger, all of Muenster; the godparents and their children, Michael and Russell of Fort Worth; an aunt, Diann Zimmerer of Fort Worth; and a great-aunt, Mame Breeding of Dallas; and Jennifer's brother, Eric. All were guests for brunch before the church service.

News of the Sick

Billy Rohmer is a patient at Muenster Memorial Hospital since Wednesday, Aug. 17, where he was admitted following an oil field accident about 1:30 p.m. when heavy equipment being loaded, slipped, and crushed his left foot, according to his wife, Laurie. Surgery was performed at 4 p.m. for extensive broken bones and bone grafts. Get-well cards will reach him at Muenster Memorial Hospital, Muenster, Texas 76252.

Earl Cunningham of Lindsay is a surgical patient in Dallas where he underwent a kidney transplant. Get-well cards will reach him at Methodist Central Hospital, Third Floor, Room 312, 301 West Colorado Blvd., Oak Cliff, TX 75265.

MR. and MRS. JIM BARTUSH

Couple wed recently

Mr. and Mrs. Earl Eubanks of Grapevine and Mr. and Mrs. Charles Bartush Sr. of Muenster announce the marriage of their children, Pamela Gayle Eubanks and James Addison Bartush.

The double ring ceremony was performed by Rev. Kip Riley, brother-in-law of the bride, on Saturday afternoon, July 23, 1988 in the home of the groom's parents.

Attendants for the bride and groom were Virginia Bartush, college friend of the bride and sister of the groom, and Troy Yosten,

longtime school friend of the groom.

Patti Ayres, sister of the bride, sang "Songbird." She was accompanied on the guitar by her husband, Barris Ayres.

The bride is a graduate of Grapevine High School and Stephen F. Austin State University. The groom is a graduate of Sacred Heart High School in Muenster. The couple will make their home in Laramie, Wyoming where Jim attends the University of Wyoming.

Raffle winners announced

Kenny Bezner of Lindsay was a big winner last Wednesday at a drawing to benefit the Muenster Minibus. Proceeds from the raffle totaled \$205.

Bezner, whose name was drawn first, selected a baby afghan made and donated by Laura Haverkamp

as his first prize. Hilda Sicking won an afghan made by Dorothy Hartman.

The drawing took place at Muenster City Hall last Wednesday morning. Funds raised from the raffle will be used in Muenster for maintenance and extras for the

present Minibus. It is also a start on raising Muenster's 20 percent on a replacement Minibus or toward adding another Minibus.

A special thank you from raffle coordinators goes to all who bought chances and those who support the Minibus service.

MRS. MICHAEL JOSEPH HARTMAN
...nee Amelia Jane Cleaver...

Killeen is site for Aug. 20 vows

The wedding of Amelia Jane Cleaver, daughter of Chaplain and Mrs. Tony Cleaver of Eatontown, New Jersey, and Michael Joseph Hartman, son of Mr. and Mrs. Willard Hartman of Killeen, was held in St. Joseph's Church of Killeen on Aug. 20 at 7 p.m.

Officiating were Rev. Charlie Van Winkle and Chaplain Tony Cleaver for the double ring ceremony and Nuptial Mass.

Wedding music was presented by soloist Elizabeth Edwards of Waco; organist Mrs. Barbara Gulig of Killeen; Floyd Gage of Waco; and Recy Terry of Killeen.

The bride was given in marriage by her father. She was wearing a formal bridal gown of white taffeta designed with a heavily beaded Sabrina neckline and fitted Alencon lace bodice, and Renaissance sleeves of taffeta and beaded lace forming a point over her hands. The full skirt was caught by a butterfly bow just below the waist of the deep V-back. The skirt had a deep pattern of beaded Alencon lace in front; the hemline was encircled in lace and flowed into a semi-cathedral train graced with diamond-shaped beaded insets.

Her bridal veil of illusion was caught in deep ruffles to a pearl-and-flower encrusted headband.

She carried a bouquet of white summer flowers centered with calla lilies and stephanotis.

The bride wore pearl and gold earrings, a gift from her parents on her twenty-first birthday. For "something old and blue," she wore an aquamarine ring, a gift to her mother from her grandfather.

ATTENDANTS

The maid of honor was Lynne Marlow of Killeen. Bridesmaids were Mary Hartman of Austin and Margaret Hartman of Galveston, both sisters of the groom; Elizabeth Willis of Harker Heights and Leslie Hardage of Austin. Attendants wore identical gowns of dusty rose moire taffeta, tea length, with three-fourths puffed sleeves, deep V-backs, and butterfly bows at the back waist. All the gowns were fashioned by the groom's mother, Mrs. Willard Hartman.

Olivia Ramos and Jessica Ramos, nieces of the groom, were flower girls; and Joey Ramos, nephew of the groom, was ring bearer.

Paul Suvunrungrisi of Austin was the groom's best man, Max Cleaver of Killeen, brother of the bride, Jason Sessom of College

Station, Sean Neyses of Killeen and David Tompkins of Arlington, cousin of the groom, were groomsmen.

Walt Ugalde of College Station was the usher.

RECEPTION

A reception followed at the Phantom Corps Club at Fort Hood. Buffet tables were decorated with baskets of silk flowers in varying shades of pink. Guest tables were decorated with candles and ivy.

Out-of-town guests attending the wedding included Mrs. Victor Hartman of Muenster; Alvin and Joanie Hartman; Kenny, Rhonda, Holly and Courtney Hartman, all of Muenster; Edna Tompkins of Arlington; Mike, Sharon, Teri Lynn, Jeff and Dana Fedor of Arlington; Jim and Deb Tompkins of Manchaca; Brian Tompkins, Mary Beth Tompkins and friend, David Tompkins and friend, all of Arlington.

Kathryn Gremminger of Denver; Walter, Georgia and Scott Wolf and Kim Dye of Gainesville; Terry, Deanna and Shawna Halbert of Paris, Texas; Gene and Judy Hartman of Denton; Tim and Jeanna Sutton of Denton; Dana, Pam and Kimberly Bloedel of Aubrey.

Harvey, Della, Stephen, Debbie and Vickie Schmitt and John Sprouse of Muenster; John, Pat and Christy Yosten of Muenster; Paula Yosten and Penny Pierce of Denton.

When the couple returns from a trip to Puerto Vallarta, Mexico, they will make their home in College Station. Both are students at Texas A&M University and both will graduate in December 1988. The groom is a member of Alpha Kappa Psi business fraternity.

Burney Almon honored at local exhibit

MR. and MRS. WILLIAM FLUSCHE

Flusches celebrate fifty years Aug. 20

William and Elvira Flusche celebrated their 50th wedding anniversary on Saturday, Aug. 20, 1988 with the renewal of their vows at 5 o'clock Mass at St. Peter's Church in Lindsay.

A reception followed at the Parish Hall. The couple was married Aug. 17, 1938 at Sacred Heart Church in Muenster.

Parents of the couple were William Flusche and Anna Flusche Loerwald of Lindsay and Edward and Minnie Eberhart of Muenster.

Bill and Elvira have four children, 11 grandchildren and six great-grandchildren. Their children are Imogene Zimmerer of Hood; William E. Flusche of Spring; James Flusche of Lindsay; and Mary Hess of North Richland Hills.

Holly Hess, granddaughter of the couple, sang during the Mass and Debbie Zimmerer, another granddaughter, gave the Readings. A grandson, Albert Zimmerer, and a niece, Clara Hermes, were Eucharistic Ministers. Ushers were grandsons, William W. Flusche and Carl Zim-

merer. The couple's four children presented Offertory gifts at the altar.

Sara Flusche and Lora Hess, granddaughters, presided at the guest book.

Debbie Zimmerer and Shelly Hundt, also a granddaughter, cut the anniversary cakes. Imogene Zimmerer baked and decorated the cakes. Cake servers were Christi Zimmerer, grand-niece, and friends Helen, Madelyn and Vivian Baxter.

During the evening, guests enjoyed dancing to music presented by Steve Eberhart.

Following the meal, William E. Flusche gave a talk, recalling his parents' wedding day and events that have happened during the past 50 years.

Mr. Flusche is a retired farmer and dairyman and Mrs. Flusche works as an evening cook at the snack bar of Cooke County College.

They spent all but four years of their married life in the same location, the farm northwest of Lindsay where William was born.

Hess renewal of vows Aug. 13

MRS. RANDY WILLIAM HESS
...nee Shannon Dean Fox...

A Nuptial Mass with double ring renewal of vows and formal religious blessing of their earlier civil ceremony was held for Shannon Dean Fox Hess and Randy William Hess in St. Peter's Church of Lindsay on Saturday, Aug. 13, at 5 p.m., officiated by Father Cletus Post, OSB.

The bride is the daughter of Mrs. Jan Fox of Gainesville and the late Ray Fox. The groom is the son of John Louis Hess and Marcella Hess of Lindsay.

The bride's grandfather, Edward Sheridan of Chattanooga, Tennessee, presented her at the altar.

Following the renewal of vows, the bride and groom lit their Unity candle and following the full ceremony, they went to the Blessed Virgin's altar to place a white rose tribute, while Roger Dieter sang "Hail Mary, Gentle Woman," accompanied by organist, Pat Hennigan Jr.

The bride was attired in an ivory satin gown designed with sweetheart neckline and shirring to the dropped waistline. Iridescent sequins and simulated pearls traced a pattern on the Venise lace. Short puffed sleeves had lace inserts. The full gathered skirt, with full length train, was

highlighted at the back waist with a large, soft bow.

Her chapel length veil of candlelight illusion was held by a halo of ivory orchids, roses, simulated pearls and delicate pearl sprays on one side.

She carried a bridal bouquet of ivory orchids, roses, English ivy and pearl sprays, entwined with a blue rosary which was borrowed from her sister-in-law, Sandra Hess.

ATTENDANTS

The maid of honor was a friend of the bride, Dawn Davis of Gainesville. She wore a pink tea length princess silhouette gown, designed with basque bodice, sweetheart neckline and puffed sleeves that extended to barely above the elbow. Her bouquet was of pink alstroemeria tied with pink metallic ribbon.

Danny Hess of Lindsay was his brother's best man. Stanley Hess, brother of the groom, and Kelly Zwinggi, a friend, were ushers.

Mass servers were Jeff Hermes, groom's cousin, and Marty Neu, a friend.

Presenting Readings of the liturgy were Carol Hesse and Curtis Reynolds, friends of the bride. Presenting Offertory gifts at the altar were godparents of the bride

and groom, Mr. and Mrs. Edward Sheridan and Mr. and Mrs. Herman Stoffels.

Church decorations included arrangements of white long-stemmed gladioli, pink carnations and roses with pink bows on all altars, and pink bows marking center aisle pews.

RECEPTION

A reception followed in St. Peter's Parish Hall.

Sandra Hess, sister of the groom, presided at the guest book. Dinner was catered by the Hermes Sisters. Guests danced to music by Marty Bartlett.

The three-tiered wedding cake was made by Mrs. Janis Hesse of Gainesville and cut by Carol Hesse. The chocolate groom's cake was made by Mrs. Hesse and cut by Carol Barnes of Gainesville. Serving the cake were Debbie Bixby, Janice Gilbreath, Melanie and Kathy Orsburn, Robin Hess and Tonya Fisher. All were also members of the house party.

The bride is a graduate of Gainesville High School and is employed at Gainesville Convalescent Center. The groom is a 1985 graduate of Lindsay High School and is employed at Metzler's Paint and Body Shop.

Out-of-town guests included Mr. and Mrs. Edward Sheridan and Bridget Fox of Chattanooga, Tennessee; Sylvia Fox of California; and relatives and friends from Denton, Gainesville, Muenster and Oklahoma.

Personals

A group of neighbors, relatives and friends called on Katie Herr on Tuesday at 4 p.m. to mark her 84th birthday with a surprise visit. Refreshments were angel food cake and ice cream, brought by Bertha Pick. Phone calls, cards and visits from nieces and nephews continued the next day to add to her good memories.

Inez Sparkman and Mary Jean McElreath of Muenster and Ruth Robison of Gainesville spent Monday in Arlington, visiting a cousin, Imogene Murrell.

Guests of Grady and Mary Jean McElreath on Thursday were her mother, Velma Ingram of Collinsville, her sister, Helen Branch Taylor of Iowa Park, her nephew, Rev. Mike Branch of Hopkinsville, Kentucky, her niece, Rhonda Gonzales, and Elena and Diana of Gainesville.

Watermelon Festival is eighth
The eighth Annual Watermelon Festival is now history - and we can go on to other things. The crowd was rather sparse this year, but the heat plus activities in various towns around hurt attendance everywhere. Seems these communities need to get together and not all schedule activities on the same day. It hurts each community.

Thank You!!!
I wish to say a very BIG THANKS to everyone that helped with the lunch served at the Festival - the ones that donated food, money, time and cooked the barbecue. A special thanks to Merle Hudspeth, Virginia Lynch, Bula Mae Berry, Mag Huckabay, Bobbie Wylie, Jewell Dill, Wynona Riddles, Wilma Moseley, Betty Miller, Faith Sandusky, Geneva Volkman and Judy Farrell for all their hard work.

Uz Homecoming Sept. 3
Leave us not forget the Uz Homecoming on Saturday, Sept. 3, at 12 noon under the shade trees of the old Uz school grounds. Everyone is invited.

Ladies Luncheon Sept. 8
Then come Thursday, Sept. 8, and it is Ladies Luncheon time. Doors open at 10 a.m. Lunch at 12 noon. So bring a covered dish or so and join the fun.

New Babies
Mr. and Mrs. Ronnie Hays are the proud parents of a little boy born at 8:38 a.m. Aug. 8 in the Gainesville Memorial Hospital. Young Cory Ray came in at 20 1/2 inches and 8 lb. 3 1/2 oz. His grandmother is Jo Knox of the 'Burg. His aunt is Debbie Knox and he has a sister named Roshonda.

Mr. and Mrs. Chris Gresham of Krum now have themselves a baby girl as of Aug. 12. The young lass is named Krista Jane and she weighed in at 7 lb. 11 oz. Her grandparents are Shirley and Eli Harvill of Vernon, Mr. and Mrs. Gresham of Rosston and great-grandmother is Eula Belle Boyd of the 'Burg.

Volkman return from Colorado
Geneva and Raymond Volkman returned recently from a trip to Creed, Colorado where they visited with Geneva's relatives, Mr. and Mrs. Virgie Schoff. On the way home they came by Littlefield, Texas where they visited with Raymond's cousins, Elvis and Weldon Gilkey and Janice France.

Personal
David Vandevetter entered the VA Hospital in Dallas on Sunday, Aug. 14, and had surgery on his arm the next day.

Mrs. Stella Bost of Oklahoma City is here visiting with Norma Morby and the Tolbert Fannings. She is the houseguest of Norma.

Mr. and Mrs. John Hunt of Stratmore, California are here visiting with the Greenwoods, Hunts and Dorothy and A.C. Hubbard.

Mrs. Gladys Barclay of Saint Jo spent Thursday, Aug. 18, with her friend, Myrt Denham.

Will Sandusky of Wichita Falls visited with his mom, Faith, from Thursday, Aug. 18, till Sunday, Aug. 21.

Jackie Farrell and her friend, both of Wichita Falls, spent the weekend with her parents, the Don Farrells, and Scott.

Jeff Carter on university staff
Jeff Carter, son of Jack and Vesta Carter, has moved to Emporia, Kansas on Monday, Aug. 15. He has accepted a teaching position in the Health Education Department at Emporia State University. He will also assist in the university basketball program. Jeff is a graduate of University of North Texas. We wish Jeff all the best and much success in his new job and home.

Reynolds hosts fish supper
Bennett Reynolds treated his friends, Jack and Vesta Carter, to a fish supper at Morrow's Cafe in Bowie Friday.

Dinner honors Myrt
Don and Judy Farrell and Scott, Jewell and Carroll Dill, Vatoni Selby and Myrt Denham motored up to McGehee's Fish Restaurant near Marietta, Okla. for a fish dinner Sunday. The trip and dinner were in honor of Myrt, who celebrated her birthday on Aug. 22.

Isn't it great...?
Isn't it great what hard work, some new supplies plus a few coats of paint can do to a house? Just look at what the Jess Balthrops have done with the Billy Covington house. Really looks nice!

Second party honors Myrt
The birthday of Myrt Denham was observed Monday with phone calls, drop-in visitors and afternoon guests. Judy Farrell and son Scott brought a birthday cake and gifts came with friends, adding to a fun time. Myrt said, "I have reached Medicare age! Hurray!! They say 'These are the Golden Years!'"

Hornets make home debut

Red blasts Chico

Fresh off a 2-0 scrimmage victory over the Chico Dragons, the Muenster Hornets 1988 edition will make its home debut Friday night at 6 p.m. against Howe. Howe, picked to win District 10AA, will test the Hornets and give Coach Bill Jump one more chance to select his starting lineups for the Sept. 2 season opener at Collinsville.

Last Friday's scrimmage began with the Big Red JV team thumping Chico 3-0. Led by running backs Mike Vogel (1 TD), and Ryan Sicking (2 TDs), along with linemen Chris Kubis, Scott Hudspeth and Paul Black, Muenster dominated, allowing the Dragons but 2 first downs. Quarterback Mike Gobble also played well, executing the offense very well.

The Big Red team got off to a slow start, but mounted an early scoring effort behind a 40-yard pass play from Jerry Brawner to J. Shane Wimmer. The reception set up a 2-yard TD run by Scot Vogel. Defensively, Muenster held Chico in check, not allowing them to penetrate the 30-yard line. Late in the scrimmage, junior James Hennigan cut loose for a 27-yard scoring run. Jump had praise and reservations about his team's performance.

"Physically, we played well," he said, "but we have a long way to go mentally. Howe will be a strong test."

Jump indicated that there were still a few slots up for grabs this week. "The starting lineups are not final," he continued, "and certainly by no means is anyone a sure starter. They have to continue to practice better and push each other. We have spots up for grabs

in all three divisions: line, backs and linebackers. This scrimmage will help open the coaching staff's eyes a little more."

The Muenster coaching staff singled out James Hennigan, Donnie Boydston, Brad McDaniel and Weldon Hermes against the Dragons.

The JV contest will get underway at 6 p.m. Friday with the varsity to follow. Immediately afterwards, the MHS Quarterback Club will sponsor their annual hot dog supper at no charge. It will be in the parking area behind the concession stand.

Soap & Towel Night at MHS

This Friday's home scrimmage against Howe will be Soap and Towel Night for the Muenster Hornets. Junior varsity action begins at 6 p.m.

Hot dogs will be served to players, parents and fans after the scrimmage.

Tigers vs. Alvord Thursday

7 p.m. scrimmage

The Sacred Heart Tigers had their first test of the year when they scrimmaged Collinsville last Friday night. "The team played better than I thought we'd be," said Coach John Sims, "but not as good as we should be."

Coach Sims gave extra credit to Glen Swirczynski, Darrell Dangelmayr, Curt Bayer and Chris Hess, with the running backs "doing an excellent job on the first scrimmage."

With 14 returning starters, the Pirates outscored the Tigers 3-0, actually scoring four times, with one touchdown called back due to a penalty.

Collinsville took first position, scoring 15 plays later on the first drive. Sacred Heart was unable to move the ball well during their first offensive 15 plays.

In the Pirates second drive, a touchdown was completed on the first play, but returned because of a penalty. The Pirates then drove 70 yards in 13 plays for a second touchdown. Then seven plays later, they scored again on the last play for a final Pirate TD.

In the Tigers' second attempt, 13 plays later ended at the 44 after a pass interception. Starting at the 30, Sacred Heart drove to the 2 yard line before time ran out.

Coach Sims praised the Tigers for an outstanding effort against Collinsville. Though they made

"tons of mistakes and a poor job of tackling," these should be solved for this week's scrimmage.

Three fumbles were recovered, one each by Darrell Dangelmayr, Chris Hess and Greg Hess.

Glen Swirczynski rushed for 93 yards in 14 carries. Darrell Dangelmayr carried seven times for 36 yards and Curt Bayer gained 19 yards in nine carries.

Of the eight passes thrown by Dangelmayr, Chad Fleitman caught 2 for 19 yards; Swirczynski 1 for 10 yards; 3 were incomplete and 2 intercepted.

Coach Sims was not completely happy with the defense, the outside linebackers, two freshmen, were inexperienced.

"Don Parks did outstanding on offense and defense along with the younger kids," commented Sims. "All the freshmen did outstanding, particularly on defense."

Sims was also pleased with the way the offensive line opened some good holes.

Sacred Heart will have one more scrimmage before regular season play starts.

Alvord JV will scrimmage the Saint Jo JV Thursday evening at 6:00 p.m. on Tiger Field followed by the Tigers and Alvord Bulldog varsity scrimmage at approximately 7:00 p.m. A Sacred Heart vs. Alvord Junior Varsity scrimmage will follow the varsity.

(Details in next week's Enterprise!)

Dove seasons, limits set by TPW

AUSTIN - September 1 is a revered and much-anticipated date among a large coterie of Texas hunters.

That is the first day of mourning dove hunting in the state's North and Central Zones. Hunters by the thousands scatter across fields of sunflower and croton to get a shot at the sporty mourning dove, or crouch in whatever shade is available at farm ponds to intercept doves coming to water.

Unfortunately, some hunters get carried away with the excitement and shoot other species that are protected by law. Texas Parks and Wildlife Department officials remind hunters that most birds not classified as game birds are protected by state or federal law, or both.

Capt. Wayne Chappell of the department's Law Enforcement Division said dove hunters should be sure of their target before pulling the trigger. "The only species of birds not protected by state or federal law are feral pigeons, starlings and English (house) sparrows," said Chappell.

The Texas Parks and Wildlife Commission Thursday, July 21, adopted 1988-89 dove hunting season dates and bag limits that are almost identical to the previous year's regulations.

A proposal by the department staff to increase the mourning dove bag limit during the special white-winged dove hunting season was rejected by the U.S. Fish & Wildlife Service.

The commission adopted the following season dates for mourning doves: North Zone, Sept. 1-Nov. 9; Central Zone, Sept. 1-Oct. 30, and Jan. 7-16; South Zone, Sept. 20-Nov. 18 (Nov. 14 in the Special White-Winged Dove Area), and Jan. 7-16.

The mourning dove bag limit is 12 mourning, white-winged and white-tipped (white-fronted) doves in the aggregate, to include not more than two whitewings and two whittips. The possession limit is twice the daily bag limit. Shooting hours for mourning doves are one-half hour before sunrise to sunset.

The white-winged dove season is Sept. 3-4 and 10-11 in the Special White-winged dove area along the Rio Grande. The bag limit is 10 white-winged, mourning and white-tipped (white-fronted) doves in the aggregate, to include no more than two mourning doves and two white-tipped doves; possession limit is twice the daily bag limit.

Chappell also said hunters should be aware that they cannot take white-winged doves in any zone of the state without a State White-Winged Dove Stamp. State regulations allow hunters to take two whitewings in their daily bag limit of 12 doves, but a \$6 whitewing stamp is required. Also, dove hunters who in past seasons were able to take teal ducks in addition to doves during the mid-September teal season cannot do so this year, since the teal season has been suspended by the U.S. Fish & Wildlife Service.

Shooting hours during the whitewing season are noon to sunset.

Whitewing hunters are reminded that the sanctuary system is still in effect, with certain designated areas closed to hunting on alternating years. This year, Sanctuary A is closed and Sanctuary B is open.

The sanctuary and zone boundaries and other dove regulations may be found in the department's 1988 Early Season Migratory Game Bird Hunting Regulations leaflet, available from TPWD offices during August.

Local bassers learn... Quality better than quantity

A bass tournament held merely for the fun of it, and for no financial benefit, was an entertainment project sponsored by Muenster Jaycees on Sunday, Aug. 21. All money realized from entry fees was returned in prizes.

Eighteen participated in the Sunday's fun. Shawn Vogel won the "largest fish" prize, when it weighed 5 lb. 6 oz., and the biggest individual stringer.

Fall soccer hopefuls to meet Saturday

The Cooke County Fall Soccer League is sending out the word that anyone who wishes to play is urged to attend a meeting at Edison Park in Gainesville on Saturday, 10 a.m. to 12 noon.

Everyone is requested to return a registration form on Saturday, which is available from Chuck Bartush Jr.

There are plans also to hold tryouts for all potential players,

from those under 6 years of age to those under 16 years of age.

Players who qualify for the under 16 group need to understand that their team schedules will start earlier in September than other age levels.

More information may be obtained from Loretta Felderhoff, 759-4479, or Chuck Bartush Jr., 759-2913 office or 759-2800 home.

St. Richard's Villa News

by Rosina Kubis

Events at St. Richard's Villa included mandolin and guitar music provided by Ray and Mabel Sicking of Myra. The residents enjoy their music and always look forward to their return.

Women residents were given facials by Jan Cain, before the birthday party. They all expressed thanks to Jan for providing makeup and giving her time to make them pretty.

Birthday party was held at 7 p.m. Honorees were Barney Barnett, Mildred Fulton and Betsy Mosler. Birthday cakes were provided by Mrs. Ben Fulton, Roberta Dickerson and Betty Rose Walterscheid. Cake and punch were served by Caroline Hess. Entertainment was provided by Joe Hoenig.

Barney Barnett was surprised on his birthday with a birthday pie, made by Billie Jean Davey and Roberta Walterscheid.

One day, Pam, Elizabeth and Russell Fette entertained with songs and guitar music.

Another day Linda Flusche, Mary Endres and their children entertained with songs and piano music.

Woodrow (Wilson) Williams entertained residents by playing the harmonica and guitar. Lucille Morgan assisted with singing.

Residents want to say "Thanks" to Methodist, Catholic and Baptist ministers for services held on Sundays and during the week.

Residents were entertained by the Melody Group Band, whose members are Ernest Muller of Rosston, Lehnis Perkins of Muenster, Pat Bell of Forestburg and Bill Skaggs of Gainesville. Everyone enjoys the performances. They all look forward to a return visit.

"Thanks" to all our regular volunteers. "You are deeply appreciated."

Staff and residents at St. Richard's Villa give special thanks to Lester and Kathryn Harris for

two bags of cookies; to Mrs. Earl Fisher for a large box of peaches and to Florence Grewing for wonderful watermelons.

Taxidermy course offered at CCC

Hunters and fishermen who want to preserve and display trophies can learn to do so in a special non-credit course beginning Aug. 31 at Cooke County College.

Taxidermy is the subject of the course and the teacher is longtime CCC biology instructor Bill Stanley.

The 15-week course will be offered in a unique three session format, with the first five-week session devoted to fish, the second session to birds and the third session to mammals. Students may sign up for one, two or all three sessions.

Classes will meet on the CCC campus on Thursdays from 6 p.m. to 9:45 p.m. The cost is \$25 per session, and students will need to provide some supplies.

"Anyone who's gone to a professional taxidermist to have a trophy mounted knows that it's very expensive," said Stanley. "The good news is that it's not all that difficult to learn to do it yourself."

Of course, some animal, bird and fish trophies - especially large, rare or valuable ones - should be trusted only to an experienced,

skilled professional. He adds, however, that learning to mount one's own smaller trophies can add a whole new dimension to a person's love of hunting and fishing, as well as for nature in general. Persons may enroll at CCC Continuing Education Office in trophies can add a whole new dimension to a person's love of information, call (817) 668-7731, Ext. 272.

GREETINGS:
YOU ARE HEREBY COMMANDED to appear and answer before the Honorable 235th District Court, Cooke County, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of this citation, then and there to answer the petition of Tony Gene Snider, Petitioner, filed in said Court on the 1st day of July, 1988, against Terry Youngblood Chapman Snider, Respondent, and said suit being numbered 88-359 on the docket of said Court, and entitled "In The Matter of Marriage of Tony Gene Snider and Terry Youngblood Chapman Snider," the nature of which suit is a request to grant a divorce.

The Court has authority in this suit to enter any judgment or decree dissolving the marriage and providing for the provision of property which will be binding on you.

NOTICE TO RESPONDENT: You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 a.m. on the Monday next following the expiration of twenty days after you were served this citation and petition, a default judgment may be taken against you.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Gainesville, Texas, this 17th day of August, 1988.

Bobbie Calhoun, Clerk,
235th District Court,
Cooke County, Texas.
/s/ Sue Comer, Deputy.

FARM AND RANCH NEWS

Current drought period gets CRP extension till Aug. 31

Texas producers will have more time to consider effects of the drought because of extension of the current signup period for the Conservation Reserve Program (CRP) through Aug. 31.

This move by the U.S. Department of Agriculture should be a "plus" for producers who need more time to analyze the drought's impact, said Dr. B.L. Harris, soils specialist with the Texas Agricultural Extension Service.

The present signup period originally was to have ended Aug. 5.

Harris said cropland which has been hayed in counties approved for drought relief is eligible during this signup for entry in CRP for the 1988 crop year, provided the land meets other program re-

quirements, Harris said. He said acreage designated as Acreage Conservation Reserve (ACR) and Conservation Use (CU) for the 1988 program year is not eligible for entry into the CRP for 1988.

Under this conservation program, producers receive annual payments to keep highly erodible land out of production and planted with a protective cover which can include trees. Besides the annual rental payments, CRP participants also receive up to 50 percent of the cost of establishing vegetative cover, Harris said.

He said filter strips, or cropland areas 66 to 99 feet wide with a permanent cover and located next to streams, lakes and estuaries, will be eligible for CRP in this extended signup even if the cropland

does not meet the soil erosion criteria.

"This provision was introduced in the sixth signup period last February to permit farmers to use CRP enrollment as a cost-effective option to control non-point source pollution," he said.

If trees are to be planted, the land needs only one-third of its total area designated as "predominantly highly erodible" to be eligible for CRP, Harris said. He encouraged producers to plant additional cover to protect wildlife and serve as windbreaks.

Producers should contact their local Agricultural Stabilization and Conservation Service (ASCS) and Soil Conservation Service (SCS) county offices for specific CRP program details.

Workers get training on chemicals

by Craig Rosenbaum, County Extension Agent
A training program on workplace chemicals is now available for agricultural laborers in Cooke and Montague Counties.

The training conducted by the Texas Agricultural Extension Service is among the requirements of the Agricultural Hazard Communication Act.

The intent of the Act is to make sure all agricultural laborers get information on chemicals to which they may be exposed. Training focuses on how to limit exposure to chemicals in the workplace through good work practices and on use of protective clothing and equipment.

The program will be presented in English and/or Spanish.

The training program covers chemicals labeled under the Federal Insecticide, Fungicide and Rodenticide Act and fertilizers with chemicals that are listed or defined in certain federal regulations as hazardous. Receiving training on the hazards of these

chemicals and on protective measures is among the rights guaranteed by the Act to agricultural laborers.

The training program will be conducted jointly by the Cooke and Montague County Extension Offices. Dates, locations and

times of the training sessions are: **Tuesday, Aug. 30, at 9:30 a.m.**, Cooke County Extension Office, Courthouse basement, Gainesville; **2 p.m.**, Montague County Extension Office, Courthouse, Montague.

Other sessions will be announced in coming weeks.

Pork producers urged to vote in referendum

by Craig Rosenbaum, County Extension Agent

In 1985 the U.S. Congress passed the Pork Promotion, Research and Consumer Information Act which established the National 100 percent Checkoff, effective Nov. 1, 1986. The purpose of the checkoff is to provide funds for pork promotion and research to enhance the pork industry. The checkoff is at the rate of .25 of 1 percent of value (or 25 cents per \$100) on all hogs and pigs, as well as on all imported hogs and pork products.

On Wednesday and Thursday, Sept. 7 and 8, 1988, all pork pro-

ducers will have the opportunity to vote in the Pork Referendum. This referendum vote will determine the future of the present Pork Referendum Checkoff. The voting will be held at the County Extension Office in the county of residence of the pork producer. All persons who have produced or owned two or more hogs or pigs for sale, from Nov. 1, 1986, until the referendum date, are eligible to vote. There is no age limit on those eligible to vote. The County Extension Office will be open from 8 a.m. to 12 noon and 1 p.m. to 5 p.m. on Sept. 7 and 8 for the voting.

There is a toll-free Referendum information line available for specific questions. That number is 1-800-255-2255. Pork producers are urged to vote in the upcoming referendum.

County, state hay list being developed

The drought in parts of Texas and in many sections of the Central United States has surfaced the need for many producers to find adequate forage to supplement cattle through this short grazing period. If you need hay for your cattle or if you have surplus hay for sale, we would like to know so we can help everyone throughout the State have access to forage for their livestock.

The State will be maintaining a list of producers who have hay for sale at the County Extension Offices. We would like to know what the producer forage situation is and if producers have hay for sale. Please call the County Extension

Office if you have hay for sale. Then each week please call to let the Extension Office know if you have hay for sale or if you have sold any hay you have listed. If you need hay, please call us and we will be able to give you the names and phone numbers of producers who have hay for sale. Remember, a new list of people with hay for sale will be developed each week so keep us informed of your situation. Counties with surplus hay will be listed on a statewide news release that will help bring the buyer and seller together.

Producer cooperation is very important to the success of this

operation. Please help us and your fellow livestock producers by letting us know weekly what your hay situation is.

Livestock Show on Saturday
by Elaine Schad
Texas and Oklahoma entries will compete in the first-ever Red River Classic Livestock Show to be unreeled Saturday at the Cooke County Fairgrounds, sponsored by the Cooke County Fair Association.
Deadline for arrival of all livestock will be 8 a.m., at which time steers and lambs will be classified and weighed. The heifer and breeding sheep shows will begin at 9 a.m., immediately followed by the steer and lamb shows.
Dr. Bob Kropp will be steer and heifer judge, while Bill Crutcher will judge the lambs. Both are from Oklahoma State University.
Besides premium awards, belt buckles will be awarded to the grand, reserve and breed champions, and for junior and senior showmanship.
For more information, contact T.J. Davidson at 668-8984 or Lisa Kupper at 726-3466.

Coming Aug. 27-28 Antique Machinery Show
This year has been very dry, however, county wheat and grain sorghum yields have been surprisingly good. Recently we harvested some of the grain sorghum variety plots on the Jerry Hudspeth farm at Valley View. With a year like this, we certainly see the need for the earlier varieties of grain sorghum for Cooke County. Some

County Agent's Report
of the medium to medium late varieties played out of moisture and resulted in poor yields. The varieties showing poor head extension were Warner 844, Oro XTRA, Triumph 2-70-D, and DK-50. The following chart shows the results of the grain sorghum variety plot.

GRAIN SORGHUM	BU. WT.	MOISTURE	ADJUSTED 14% #/AC
NK-2244	60	11.1	4503
WARNER 844	59	13.4	4387
ORO XTRA	60	15.3	4420
CARGILL 3385	60	10.7	4387
ET 505	59	12.7	4791
CARGILL 630	60	11.3	4612
FUNK 1492	59	15.3	3657
TRIUMPH 2-70-D	58	14.4	3663
DK-50	58	11.2	3817
NK 1580	59	11.2	3510

As always, keys to good sorghum production in Cooke County include early planting to take advantage of moisture and eliminate midge problems, and the selection of earlier maturing grain sorghum varieties.

This year was really a poor year to evaluate grain sorghum variety plots due to the dry spring and summer. Additional county and year's results are available at the County Extension Office for producer's information.
