## Commissioners' court applies for grant

by JoAnn Morton Editor

The Hansford County Commissioners' Court, at its Monday, Jan. 13 meeting, approved a resolution of participation in a performance reward program with the Community Justice Assistance Division of the Texas Department of Criminal

According to Hansford County Judge Jim Brown, the program can provide grants of up to \$50,000 to counties, to be used for alternative sentencing programs for criminal

Brown explained that if the grant

money is received, Hansford County can use it to help support alcohol and drug rehabilitation programs or for probationers, in addition to other alternative sentencing programs.

The commissioners' court also appointed four Hansford County residents to a grievance committee. Brown explained that names of current grand jurors are drawn at random, with four people selected to serve on the committee and two names chosen as alternates. Those whose names were drawn had not been notified as of press time. They will serve on the grievance committee with the county judge, county sheriff, county tax assessor\collector, county treasurer, county and district clerk and

Brown explained that the committee's function is to handle grievances brought before it by county employees who can not reach a settlement with their immediate supervisor.

In other business, commissioners adopted a policy concerning attendance at national conventions by county employees and elected

officials. As adopted, the policy states that Hansford County will not pay expenses for employees or elected officials at national conventions

Road easements were granted to Phillips 66 Natural Gas Co. and to Bracken Energy. Both easements are in Commissioner's Precinct No. 2, said Brown.

Regular business for county commissioners included approval of minutes of the previous meeting, approval of the treasurer's report and approval of claims for pay-

## Woman reports kidnapping at rest area

by JoAnn Morton Editor

A reported kidnapping in Hansford County had authorities in three states on the alert Tuesday, Jan. 14, but investigation revealed that no kidnapping actually took place, according to Hansford County Sheriff R.L. McFarlin.

McFarlin said that just before 11 a.m. Tuesday, a woman entered a Spearman service station on Collard Drive, saying her 12-day-old baby had been kidnapped from a roadside park on the Perryton highway. McFarlin's office was notified by the station's proprietors.

The woman, whose identity was

not released, said that she was traveling from Kansas to Borger, to her parents' home. She reported that she had stopped at the rest area just outside Spearman to change her baby's diaper when the kidnapping occurred, said McFarlin

She said that a man and woman in a yellow pickup with Colorado tags stopped, the man bound her with duct tape and the woman took the baby. She said that she managed to free herself and made her way to Spearman to the service station, McFarlin said.

Law enforcement authorities in Kansas, Oklahoma and Texas were couple while the investigation continued, said the sheriff.

During questioning, however, the 24-year-old Borger resident admitted that she did not actually have a baby but had purchased bottles, diapers, a diaper bag and other infant needs in Kansas which were placed in her car. "She even had a wet diaper in the car, to try to make everyone think there was a baby," said McFarlin.

given birth in Minnesota on Jan. 3 and was bringing the baby to

notified to be on the lookout for the Borger. But, without a baby to back up her story, she concocted the kidnapping.

> He said she was taken before County Judge Jim Brown and then transported to an Amarillo hospital for evaluation. No criminal charges were filed in the matter, and McFarlin said he does not anticipate any criminal action against the woman.

"It caused a lot of trouble for a lot McFarlin surmised that she had of people, but it's one of those told people in Borger that she had things," said McFarlin. "That's what we're here for. I feel sorry for her," he added.

**SARA JONES** 

Gruver High School band students Sara Jones and Santos (Jr.) Rivera have been selected to the All-Region Band for class 1A and 2A schools, with Jones earning first chair saxophone honors and Rivera earning eighth chair in the cornet section. Jones, age 15, is the daughter of Ken and Sally Jones of Gruver and the sister of Katle, age 6, and Kelly, age 4. She has been playing saxophone since 5th grade, and has been named to the All-Region Band for four consecutive years. In her 7th grade year, she earned second chair, and in 8th grade she was first chair in the saxophone section. She was in fourth chair position In last year's All-Region Band. Jones is also in her second year as a flag girl, plays basketball and is an honor roll student. Rivera is the son of Santos and Magdalena Rivera of Gruver and the brother of George, Mona and Angle. He participates with the FFA judging team at Gruver High School, in addition to being in the band. These two students, along with other members of the All-Region Band, will present a concert at 5 p.m. Saturday, Jan. 18 in the Mary Moody Northen Hall auditorium on the campus of West Texas State University in Canyon.

## FmHA to accept farm loan applications

PERRYTON - Applications for emergency farm loans for losses caused by drought between Jan 1, 1991 and June 6, 1991 are beng accepted at the Farmers Hone Administration office located in Perryton, FmHA County Supervi sor James M. Heck said.

Heck said farmers may be el gible for loans up to 80 percent of their actual losses or the operating loan needed to continue in basi ness or \$500,000, whichever is less For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent

"As ageneral rule, a farmer must have suffered at least a 30 perent loss of production to be eligible for

an FmHA emergency loan," Heck said. Farmers participating in the PIKor Federal Crop Insuranceprogram will have to figure in proceeds from those programs in determining their loss.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disister emergency loans to recognized farmers who work at and rev on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S.

## Hansford Happenings

Hansford Gun Club will meet Monday, Jan. 20 at 7 p.m. at Spearman City Hall. All current members and prospective members are welcome to attend.

Community Bible Church of Gruver will present R.C. "Happy" Hopper's "Happy Psalmist Ministry" in a special service on Sunday, Jan. 19 at 11 a.m. Hopper, recording artist and former television talk show host, has written over 450 songs. He has been featured on the Trinity Broadcasting Network and, according to the International Bible Society, is the first to write a song from every Psalm. The public is invited to share in this special event. The Community Bible Church is located on Highway 15 in Gruver, phone 733-2838.

Singles Together Around Christ (STAC) will have a chili supper Saturday, Jan. 18 at 7 p.m. at Trinity Presbyterian Church, 1801 S. Drake in Perryton. The group will also make plans for 1992. Interested persons are asked to contact coordinator Bernice Lawson at 435-5008 from 9 a.m. to 5 p.m. weekdays for more information.

The annual meeting of H & H School Em ployees Federal Credit Union will be Thursday, Jan. 16 at the Borger Community Activity Center on the campus of Frank Phillips College in Borger. Registration will begin at 6:15 p.m., with the business meeting beginning at 7:15 p.m. Refreshments will be served, and a total of \$1,000 will be given away by drawings.

The Spearman Elementary School library will hold a Book Fair from Tuesday, Jan. 14 through Friday, Jan. 17, 8:15 a.m. to 3:30 p.m. Interested persons can come to the school and purchase these inexpensive books to be used as gifts for children or grandchildren.

Hansford Hospice volunteers will meet Monday, Jan. 20 at 7 p.m. in the Gruver State Bank LaCasita Room.

Parents of children whose birthdate was before Sept. 1, 1987 and who will be 5 years old on or before Sept. 1, 1992 should come to the elementary school office to complete a Kindergarten registration form, according to elementary principal Richard Partney. The form can be picked up at the elementary school office between 8 a.m. and 4 p.m., Monday through Friday. The form should be completed before Jan. 31.

Those who wish to receive USDA commodities in 1992 should visit the Hansford County Judge's office during the month of January to certify or re-certify. Eligibility requirements and more information are available in the Hansford County Judge's office Monday through Friday, from 8:30 a.m. to

Spearman LaLeche League will meet Friday, Jan. 17 at 9:30 a.m. at First United Methodist Church nursery room, 407 S. Haney. The group informally discusses different phases of breastfeeding, and offers mother-to-mother help, including the latest medical research. Expectant mothers are especially encouraged to attend. The topic for the Jan. 17 meeting will be "Why Breastfeed Your Baby?" All women who are interested in breastfeeding are invited to attend, as are their babies. More information about the Spearman La Leche League Group is available by calling 659-

Entries for the PTA Reflections cultural arts program are being sought. This year's theme is "Exploring New Beginnings." Students in all school grade levels are invited to enter, and entries can be in four categories: literature, music, photography and visual arts. ## Police Files

**Gruver Police Department** 

Gruver police received a report of harassment in the 600 block of King on Monday, Jan. 7. According to Police Chief Steve Gaines, a man reported that he and his girlfriend were being harassed by another man. Police contacted the subject and advised him to cease his activity, said Gaines.

Gruver police were called to unlock a vehicle southwest of Gruver on Tuesday, Jan. 8.

On Thursday, Jan. 9, police received a report of an assault in the 500 block of East Broadway. Gaines said a juvenile had assaulted another minor, resulting in bodily injury. The subject had been handled by juvenile authorities in the past, and the incident was therefore referred to the juvenile department.

On Saturday, Jan. 11, an incident of criminal mischief occurred in the 900 block of Womble and the 500 block of East 10th, in which vehicles were "egged." Investigation revealed the involvement of several juveniles, who were required to clean the vehicles. No criminal charges were filed, said

Two silent calls to 9-1-1 were reported on Sunday, Jan. 12, and Gruver police were dispatched to check on the welfare of the residents at the source of the calls. Gaines said that the caller was attempting to place an international call and instead of dialing 0-1-1, dialed 9-1-1 by mistake.

Gaines said three warnings were issued during the reporting period, one for hazardous violation and two for equipment violations. One complaint was filed in municipal court for an ordinance violation, concerning a dog at large.

Spearman Police Department Between Jan. 6 and Jan. 12. Spearman Police Department received 31 calls for service, includ-

ing one report each of larceny\theft. simple assault and vandalism. Two calls were to report suspicious activity, and one hit and run was recorded. Two alarms were answered, and police answered two sick calls. Four miscellaneous calls for officers were logged, and police were called to unlock six vehicles. Officers were dispatched to one special detail and checked on one open door. Eight calls were received for animal control.

Incident reports were provided for some of the calls received, including a hit and run accident which is currently under investigation. A new vehicle at Gillaspie Auto & Truck Center was struck by an unknown vehicle on Jan. 6.

A chrome tailgate cover valued at \$30 was reported stolen on Jan. 8. The incident was reported to have occurred at the high school.

A car and a travel trailer in the 300 block of North Brandt were vandalized on Jan. 10. According to the police incident report, the vehicles were hit with a rock, breaking out a taillight lens, a windshield and a window. Total damage was estimated at \$450.

Police answered a call regarding a family disturbance in the 100 block of South Hazelwood on Jan. 12. No violence was reported.

Changing recipes for better health

In the 1990s, styles will be changing in your wardrobe, home decorating, music and food. But when it comes to the foods you eat and serve your family, chances are you are using the same old recipes heavy on fat, sugar and salt.

Update and revitalize those recipes. Learn to prepare your old family favorites in new, more healthful ways. Follow the trend toward leaner, lighter foods. This can be done through simple modifications.

The link between diet and health is important. Food alone cannot make you healthy, but good eating habits based on variety and moderation can help keep you healthy and even improve your health.

Good eating habits involve knowing how to prepare and select foods that fit into the Dietary Guidelines which suggest:

- Eating a variety of foods
- · Maintaining desirable weight · Avoiding too much fat, saturated fat and cholesterol
- · Eating foods with adequate starch and fiber
- · Avoiding too much sugar
- · Avoiding too much sodium
- · Drinking alcoholic beverages in moderation, if you drink

Most of us, however, could ben-

efit by modifying what we already eat. One way to modify your diet is to make adjustments in the types and amounts of ingredients in recipes so that the end result is just as satisfying but fits better with the dietary guidelines.

Very few recipes need to be followed exactly to assure a good qualyou followed a recipe but added bits of leftovers, substituted or left out an ingredient because you didn't have it on hand? ## Among the Neighbors

Mary and Hershal Ooley returned the early part of January from a months stay in California thru the Christmas and New Years Holidays.

They were guests of their son Pat and Patricia Ooley and family at Apole Valley. This is south of Los Angelos near Hesperia. Although it is in southern California, it is high in the mountains near snow covered peaks, very beautiful scenery.

They visited with grandchildren and the seven great-grandchildren in Riverside and elsewhere. Their grandson, Robert who is the son of Jimmy Ooley came from Santa Barbara bringing his infant son for Mary and Hershal to see for the first time.

Pat is a professional race horse trainer. At present he has 15 horses in active training and 17 horses preparing for the training. All this brought back memories to Hershal of his own horse training experi-

While they were visiting, Pat's nine year old grandson was in an accident while riding a three-wheeler in which his ankle became entangled in some barbed wire, nearly completely severing his foot. In a long surgical procedure, it was reattached and he is expected to recover fully.

Last week this paper carried the obituary of Mrs. Ailene Pierson, 94. She was the daughter of the late C.C. Becks and a sister of Mrs. Ollie Jarvis.

She had been living at Sequin near a daughter, and services were at Sanderson. Mrs. Pierson taught school here and has visited many times. Ollie is now the last survivor of this prominent early day pioneer family.

Edith and John Pipkin have been recovering from the flu, apparently catching it as they were returning from a trip which began December 19. They took their nine year old granddaughter, Kara Pipkin, and flew to Andover, New Jersey. They spent four days with their daughter Pauline and Paul Mayes and

family; then all flew to Buffalo, New York where they met Richard Pipkin and his family. Their daughter Betty and Bart Clifford from Ingersoll; Ontario, Canada also met them there. After touring the area, including Niagara Falls, they all went to Ingersoll for Christmas. The children, and some of the adults, had fun sledding in the deep snow and ice skating as the weather was clear and calm.

Carroll Harper is still in Ochiltree General Hospital in Perryton where he has been for a couple of weeks. He has been and still is quite ill with complications with pneumonia following flu.

Carrie Marie Berry has brought her Christmas and New Years Holidays to a close with her return Friday from Ft. Worth. Her son, Mike Berry, came for her and brought her home after a three weeks stay. She also visited her sister Drusilla Campbell in Ft. Worth.

A new resident of Spearman, Krista Holt, is not a new resident of Hansford County as she is a native and finished school in Gruver. She is the daughter of Georgia and Pat Holt, and a granddaughter of the late George and Clara Buzzard.

She has a degree in music from Southwestern University at Weatherford, Okla. She will be teaching piano from her home at 101 West 12th. She plans to have students of all ages, beginning with preschool. They will be taught basics and other students will be taught according to their ages and abilities. She will be teaching "Suzuki" music (No, it is not an instrument) a new concept in which "music by ear" is first taught for students who are not old enough to read music. It has been highly successful.

Krista's recreation is primarily with her family. She is affiliated with the Methodist church.

The neighbors welcome Krista to Spearman and wish her the best of luck in her venture.

Mary Ann and Roger Morris of Vega proudly announce the arrival of the first born - Roger Lewis Morris, IV.

He arrived at Northwest Texas Hospital in Amarillo on January 12, 1992. He weighed a hefty 9 lbs., 7 ozs. and was 23 inches long.

His grandparents are Ray and Judy Martin, Spearman and Mrs. Bess Morris, Vega.

His great-grandparents are Jane Meek and Elvin Martin, both of Spearman. Congratulations, Mary Ann and Roger!!

Garland Hopper returned Thursday from Houston where she spent about ten days over New Years. She flew down for a visit with her daughter, Gladi and Jim Hartman, and children, Jenifer and Joe. Fortunately they live out of the high water area, but the weather was damp and unpleasant most of her stay.

Joe and Enzie Copeland were relieved on Wednesday when their daughter, Joe Lynn called that she and husband, Bob Leland, had reached home in Broomfield, Colorado safely. They left early after checking on the conditions as the tremendous snows were hampering travel in all that area. They went around by Colorado Springs and had little difficulty. They had been here over New Years week-

Barbara and R.L. McClellan are delighted to learn that their daughter, Jeanie and Steve Holston are moving closer to Spearman. They have been living in Edwards, Mississippi where he is a Methodist minister. He will be the pastor of the First Methodist Church in Sunray. Of course, little ten month old Laurie Beth will be getting a special welcome.

John and Virginia Trindle are back from a leisurely drive through east Texas and Oklahoma.

Connie and Doug Steger and children spent Christmas with them, then Doug returned to his practice in Granbury. After a 12 day vacation with her parents, the Trindles drove them home. Later they drove to Flint, Texas for a short visit with Joyce Hoover, a former resident of Spearman. They drove into eastern Oklahoma to Antlers and called on Mrs. Killian. She was a frequent visitor to Spearman when her daughter, Margaret Adamson lived here.

Though the weather was cloudy and damp, the Trindles missed the heavy rains.

After two weeks in St. Anthony's hospital, Woodville Jarvis has been brought back to Spearman and is now in Hansford Manor. Mrs. Jarvis has been in Amarillo with him and other family members alternated in attendance.

couple moved to Spearman in October of that year. They are the parents of three children, Jasmine, Anthony and Julie.

Mrs. Bravo serves as the Chapter I Reading Aide for Spearman schools and has previously served special needs children for the school. She continues to serve as a liaison between the English and Spanish speaking communities by interpreting for school personnel and parents.

She is actively involved in the church, has served as past president of the Women's Guild, and remains active within the organization. Mrs. Bravo also teaches CCD classes in the parish. She visits the sick, and participates in prayer services when requested.

A member of Servidores de Cristo, she is actively involved with the Gruver mission, and participates in Mass as a leader and reader. Along with her husband, she presents music for Spanish Mass.

The Sacred Heart Catholic Church Women's Guild expresses appreciation for Mrs. Bravo's dedication and unending service, and says her worthy example stands as a reminder to all.

Ooley, who participated in area school rodeos from age 12 to 17, is now in the business of training race horses in Apple Valley, Calif. He purchased a horse called Deep Pivot for \$802 and, after training, the horse won \$21,000 in his first race, six furlongs. The horse has made several races since then, winning \$25,000 in his last race.

Ooley, who has 26 horses in training, will be moving his racing stable to Ponona in February.

talking "quilting" again? The new year's shows and workshops began with a bang last week-end with the 5-States Quilt Show in Guymon.

It is usually a two-day affair that includes several mini-demonstrations, lots of quilts to view, supplies to buy, quilt auctions, etc. There are places to sit, a concession stand and this all takes place at the Activity Center. So, if you are interested in this type of artistry contact me for information and dates.

This was the fourth of fifth year and is scheduled for the second Saturday and Sunday of January.

There was a quilt there that is now owned by Kaye Rhodes of Guymon, that belonged to her grandmother Opal McQueen, who lived here in Gruver back in the '50s or thereabouts. Kaye's last name was McQueen then and she attended schools here. I estimate she would be in her early 40s now but I am amazed at the early ages that some of our girls are getting interested and learning to appreciate the handwork, etc. Kaye also had entered a quilt in the show. I thought some of you might be interested in this fact.

Things going on in Gruver this past week-end included a bridal shower for Amy Burgoon, given at the home of Ann Dorman. One of the out-of-town guests was Amy's future mother-in-law. At this writing, I do not have her name or location of her hometown. Another guest was Laneida Burnam, currently from Abilene.

## **Public Notice**

On October 4, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) that proposes a new optional service called DigiLine<sup>SM</sup> Service. The application was assigned Docket No. 10655.

DigiLine Service uses a 144 Kbps facility, typically divided into two 64 Kpbs B Channels and one 16 Kbps D Channel to provide access to and from the public switched telephone network for circuitswitched voice communications. DigiLine Service also provides transmission of circuit-switched data and packet-switched data within the customer's service office area only. This service allows the simultaneous transmission of voice and data over a single residence or business telephone line from a serving office equipped for DigiLine Service.

The monthly recurring charges for DigiLine Service consist of three major rate elements: Basic Interface Facility (\$19.00); Basic Interface Equipment (\$12.00); and, an Integrated Services Network Component for each B Channel (rate varies from \$1.90 to \$7.25 per B Channel depending on the customer's class of service and location.) Other charges may also be applicable depending on the options requested by the customer.

DigiLine Service operates only with compatibly-equipped FCC Part 68 registered equipment. The service will be offered initially in the following exchanges and within the following serving offices:

Exchange **Serving Offices** Fleetwood, Richardson, Riverside Austin Fireside San Antonio Capitol, Medical Center Houston Clay, Medical Center

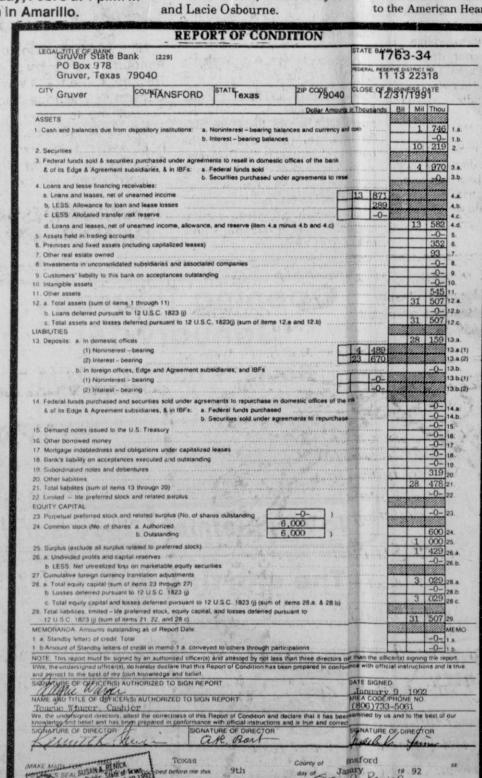

DigiLine Service may be furnished in other serving offices in any of the above exchanges in combination with foreign serving office charges. In addition, DigiLine Service may be available in other exchanges upon a customer's bona fide request. A bona fide request is a written request for service. Upon receipt of the bona fide request, Southwestern Bell will conduct an economic analysis to determine the financial viability of offering the requested service.

Southwestern Bell expects DigiLine Service to generate first-year revenues of approximately \$236,000.

Persons who wish to intervene or otherwise participate in this docketed proceeding should notify the Commission as soon as possible, but not later than by February 10, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N. Austin, Texas 78757. ## Lynx get district win

The 3-point shooting of Russell Shaver early in the game, and the all around play of Cody Pipkin under the basket gave the Spearman Lynx an eight point lead over the Stratford Elks at the half. They managed to hang on to one point of that lead at the end, to win their first district game 48 - 47.

Lynx coach Wendell Neff also pointed out that good defensive play by the Lynx guards Brian Beck and Khris Kelp produced a lot of Stratford turnovers which led to Spearman baskets.

The Lynx preceded their district win by beating an underrated River Road team 53 - 48. Pipkin and Shaver led all Spearman scorers in this game, as in the Stratford game. Pipkin posted 11 points in the River Road game and 16 points in the Stratford game. Shaver scored 10 points against River Road and 13 points against Stratford.

Coach Neffsaidhe was glad they are in the win column, but he hopes his team will play better when they travel to Sunray this Friday. This will be their second district game.

## Lynxettes start district play with a win

The Spearman varsity Lynxettes picked up two wins this week, including a 44 - 18 win in their first district game against Stratford on Tuesday.

The Lynxettes warmed up for their Stratford meeting by beating the Gruver Lady Hounds 36 - 24. The Lynxettes kept the Lady Hounds from ever getting into the game, with a smothering man-toman defense.

The Lynxettes brought the same defense into the Stratford game. They held the Lady Elks to only eight points for the entire first half. "Defense did it for us early, and our depth helped us late in the game," said Jim Kirkland, Lynxette coach.

The Lynxettes seemed to struggle a little on offense. They only managed to post 18 points in the first half. But in the third quar-

ter, three Lynxettes stepped up and hit three 3-point baskets in a row to loosen up the Stratford zone defense, and the Lynxettes began

Michelle Garnett was the first Lynxette to hit a 3-pointer. She was followed by Mary Cook. Hitting a 3-pointer for the third time in a row was Jill Lusby.

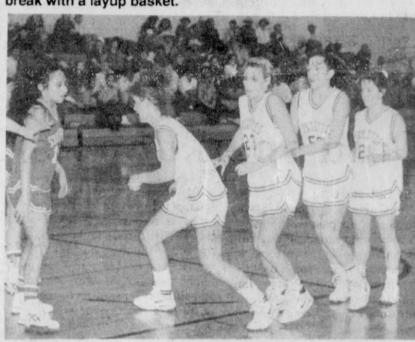

The Lynxettes' next district confrontation will be against Sunray Friday, Jan. 17. The Lynxettes will be playing this on the road. Coach Kirkland indicated that he expects his team to play the same kind of defenses they employed against Stratford. He hopes that the Lynxette offense will score through the whole Sunray game like it did in the second half of the Stratford game.

The famous crack in the Liberty Bell occurred while it tolled for the death of Chief Justice John Marshall on July 8, 1835.

Cody Pipkin (22) sails through the air to finish off a Lynx fast break with a layup basket.

## Greyhounds notch two victories against larger schools

Senior post player Trent Seagler (30) spins in the lane and puts up a shot against Perryton on Friday. In position for a rebound are Chad Brown (14) and Kevin Spivey (12). Struggling with a Perryton player for position under the basket is Brady Pool.

by Bob Bort

The Gruver Greyhounds are making a habit this year of beating up on the bigger schools. On Tuesday, Jan. 14, the Hounds beat the AA West Texas Comanches for the third time this year, after beating the AAA Perryton Rangers Friday, Jan. 10. Tuesday's game was not a classic, but Friday's game was.

With 6:52 left in the first quarter, Gruver took the lead against the Comanches for good, on a 3point play by Trent Seagler, 5-2. A Kevin Spivey 3-pointer a short while later made it 10-2, and Gruver never really worried, though the Comanches cut the lead to five points twice in the fourth quarter.

Gruver's biggest lead was 18 points, early in the third quarter, 44-26. The final score was 69-56.

Because there are only four teams in District 1-A, Gruver is having to play non-district games when other teams are in district competition. The Hounds would probably like to have some meaningful games, but they will have to wait until Jan. 28 at home against the Booker Kiowas. Meanwhile, they will have to try to keep themselves geared up, with games

against Texline, Stratford and tle Lynx. Spearman.

Last Friday, the Hounds played a gem of a game with the Perryton Rangers. The Hounds won 64-62, in overtime

According to Coach Tim Garland of the Hounds, "It was probably the best ballgame anyone's ever seen here in Gruver." Kevin Spivey hit a 3-pointer at the buzzer for the victory in overtime.

The coach of the Rangers is Royce Blackshear, who was head coach in Gruver from 1983 to 1988, when his assistant, Tim Garland, took

over, and Coach Blackshear moved to Perryton. It was Gruver's first victory over the Rangers in three tries since Garland became head coach, and it was reminiscent of the exciting 58-57 victory for the Hounds over the Rangers in late December 1984, when Luke Pittman scored 17 and Kip Pittman scored 14. Blackshear was the winning coach for the Hounds in that victory over Perryton.

It was also Coach Garland's 96th victory as head coach of the Hounds in his three-plus years. If things go the Hounds' way, he could go for his 100th victory as early as Friday, Jan. 24 at Spearman against

"It was a big victory, because we had lost two in a row, and we were sort of in a rut, and had played too hard in this ballgame," says Garlar d. "If we had lost, we might not have recovered."

Garland continued, "The last: four ballgames have all been close, against good teams. That will really help us in the long run, when the playoffs come."

Gruver is currently ranked number eight in the state according to the Texas Association of Basketball Coaches poll.

## Cold spell dooms Gruver Lady Hounds to two losses

by Bob Bort

The Gruver Lady Hounds played two games this past week against AA competition, and played well, but couldn't manage to come up with a victory. Spearman beat the Gruver ladies 36-24 Friday, Jan. 10, and on Tuesday, the West Texas Lady Comanches hung on for a 48-42 victory.

Had it not been for a cold spell in the second quarter, the Gruver ladies would have beaten WT for the third time this year.

An Anissa Ryan 3-pointer put Gruver up 5-4 against West Texas, and Wynn Maupin added a pair of free throws for a 7-4 lead, but the Lady Comanches came back to take the lead. Gruver regained the lead on three Mika McLain free throws, 14-12, and extended it to 18-12 as Tisha Ralston hit a pair of free throws, and Cora Meyer a jumper, with 4:59 left in the second quarter. But then the Stinnett-Phillips-Plemons girls got real hot, and Gruver got real cold. The result was a 15-0 streak that put WT up 27-18, and the Gruver girls couldn't rally to get the victory.

At times, the referees really seemed to have it in for the Gruver girls, as four girls were in foul trouble, with four fouls each, by the end of the third quarter. That really hampered a comeback attempt, as Ryan, Maupin, McLain and Julie Meyer were on the bench to start the fourth quarter.

Gruver did cut the lead to 41-37 on a Maupin jumper with 5:27 left, but they just couldn't do it on this

Last Friday, the Gruver ladies played well, according to Coach

Spearman is a juggernaut, ranked number four in the state, and a couldn't score against them," said Myatt.

Myatt said Coach Jim Kirkland of the Lynxettes told him Gruver has a bunch of "good, young kids." "In order to become like Spearman, or like Nazareth, we are going to have to have a commitment here determination," according to Myatt. "Having good young kids is not nec-

Steve Myatt, despite the loss. essarily enough to become like the perennial powerhouses."

The Lady Hounds are gearing up perennial powerhouse. "We just for their big district opener in Gruver Jan. 28, against the Booker Lady Kiowas. Booker and Gruver are expected to battle it out for the District 1-A title this year.

## Brownie troop busy

Spearman's Brownie Troop 90 has been very busy the last two

In November, the girls delivered peanuts that they had sold and worked on earning a badge and a patch.

Each girl helped make banana nut bread to be given to their parents for Thanksgiving.

In December, the girls took on a new project, adopting a needy family for Christmas. Each girl participated in making a stocking to be filled with toys, that they gave from themselves.

The troop also contributed badge.

canned food and fresh fruit. The girls delivered the stocking to their family on Dec. 12.

On Dec. 19, the troop held its investiture ceremony. As part of the ceremony each girl received the badges "Manners,", "It's A Small World," and "Dancercize."

Also, first-year Brownies received their Brownie pin, and second- and third-year Brownies received the World Association pin.

After the investiture ceremony, the troop had its Christmas party. Brownies resumed activities in

January and are working on a new

## Girl Scouts active

Spearman Girl Scout Troop 126 has had a busy month.

The girls helped play bingo with the Hansford Manor residents and also provided refreshments.

Mrs. Annette McIver taught the girls how to make heart-shaped rag wreath ornaments. At that same meeting they learned about the Jewish holiday of Hanukkah. They were served Ugath, a coffee cake from Israel.

The girls took a trip to Guymon for the Yucca Girl Scout Council's Holiday Happenings for Juniors. The wreath ornaments that they had made were used to decorate a Christmas tree, which was given to a needy family. The girls made reindeer necklaces made from clothes pins, learned some new songs and sang some old Christmas carols. In class and learned some "Street are involved.

Funk" dance steps.

The following weekend the Junior troops, along with the Cadette and Seniors troops and leaders Carolyn Cummings and Myrna Biggers, went to Amarillo for a little shopping, dinner at the Olive Garden, and then on to the ballet for the "Nutcracker.'

There are still some cans of the Girl Scout Nuts for sale, which the troops have already paid for and would like to sell as soon as possible. Varieties available include mixed nuts, toffee butter, dry roasted and honey nut. Interested persons should contact Carolyn Cummings at 659-2106 or Carma Dorton at 659-3634.

The troops express thanks to all those who have already purchased nuts. Profits from nut sales go directly to each troop and help pay for addition, they had a dramatic arts all the activities in which the girls

## TAES, TCFA to host manure program here

Ever since the 1950s and '60s, Feeders Association will sponsor cattle feeding has been part of the region's ag economy and feedyards have been a major local market for grain grown by area farmers.

Now, area feedyards produce 25% of the nation's fed beef and contribute \$14 billion to the economy. But feedyards produce something else - manure - a renewable resource that can help farmers return some of the harvested nutrients back to the soil.

To help area farmers learn more about using this renewable retension Service and the Texas Cattle County Extension agent.

"Feedyard Manure - A Farmland Fertilizer," a dinner and educational seminar Tuesday, Jan. 21 at Ivey's Hungry Cowboy in Spearman.

The program, which runs from 6 to 9 p.m., begins with dinner provided by TCFA. Then, area growers will hear TAES experts address various aspects of feedyard manure, including a look at its nutrient composition, the economics of manure, composting and the effects of manure on the soil profile.
