Spring Landscape & Gardening Seminar

"Elements of a Well Planned Landscape" will be the opening presentation for a spring landscape and gardening seminar to be held on Friday, March 21, at the Texas A&M Center, 6500 Amarillo Blvd. West, beginning with registration at 12:30 that afternoon. "Dealing with Pesty and Thirsty Gardens," "Patio Pizzaz," "Decorating with European Gardens and Mixed Baskets" and "Xeroscaping" presentations will round out the program. - A \$5.00 registration payable at the door will be charged. The program is being sponsored by the Panhandle District Extension Family & Consumer Science agents. Call Peggy Winegarner at 659-4130 or 733-2901 for more information.

Balancing Work and Family

Does it seem like the house is never clean, there is always laundry to do, and you never have any time for yourself? If so, you may wish to enroll now in a letter series on Managing Work and Family. This mailout will offer suggestions on organizing your household, getting children to help around the house, quick family meals and managing your time. Call County Extension Agent Peggy Winegarner at 659-4130 or 733-2901 to enroll and begin receiving the mailout series.

Attention of 8th grade Parents

Attention all parents of eighth graders. There will be a meeting at 6:30 p.m. on Monday, March 17 in the junior high library. The purpose of this meeting will be to discuss 8th grade graduation and the traditional parent sponsored party afterwards. All parents who would like to have input concerning these two issues are welcome to attend.

Spearman Elementary G/T Nominations

Spearman Elementary School is now accepting nominations for the 97-98 school year G/T program. This gifted education program is designed to challenge students with above average potential in academic and creative-productive thinking skills to accelerate above and beyond the regular school curriculum. Anyone wishing to nominate a student believed to be an intellectually or creatively gifted learner is encouraged to come by the elementary school office at 511 S. Townsend and complete the necessary form prior to the March 31 deadline. Those students nominated will go through a screening procedure which requires special testing. At the time of nomination, parents will be requested to grant permission for this testing. If you have any questions or need further information, please contact the elementary school office at 659-2565.

Weatherization Assistance Program

The Texas Department of Housing and Community Affairs provides services to make homes warmer in the winter and cooler in the summer through the Weatherization Assistance Program of Panhandle Community Services. Other grants are leveraged with these funds and could assist in repairs such as: Caulking, Weather-stripping, Insulation, Repairing/replacing door/windows, Plumbing, roofing, etc. These weatherization services are for low-income families. Each eligible applicant's house is assessed on a prioritized basis for allowable repairs. Call Panhandle Community Services' office at 435-2478 to see if you qualify.

Spearman Elementary Turns Box Tops Into Extra Bucks

To help raise money for their school, local students at Spearman Elementary are participating in a unique program from General Mills, maker of popular cereals like Cheerios and Wheaties, called Big G Box Tops for Education. The school will receive 15 cents for every qualifying General Mills cereal box top collected between now and March 31, 1997. A qualifying box top is the top flap of any General Mills cereal box that has the 1996/1997 "Big G Box Tops for Education" symbol.

Lawman and the Ladies Fundraiser To Benefit Make-A-Wish

City of Spearman Passes \$15 Million SPS Rate Reduction

The Spearman City Council voted last night (March 6) to lower electric rates for city residents. The City Council's decision was based on evidence which indicates that electric rates should be reduced by \$15 million throughout the Southwestern Public Service (SPS) territory in Texas. This interim rate reduction would be made on an equal percentage basis to each rate class.

"The evidence clearly shows that SPS is making too much from ratepayers, and the company's electric rates are not just and reasonable," said Spearman Mayor Burl Buchanan. He said the City Council spent three

weeks carefully considering reports filed by technical consultants and SPS officials, as well as testimony presented at two public hearings.

According to the state's Public Utility Regulatory Act, cities can set electric rates for customers within their city limits, and the Public Utility Commission of Texas (PUC) sets rates for areas outside the city. If the electric company disagrees with the electric rates set by the city council, the electric company can appeal the city council's decision to the PUC. The PUC may then conduct its own investigation and will make the final decision on the electric rates.

"We do not want the ratepayers of Spearman to be the only beneficiaries of the rate reduction ordered tonight" Buchanan said. "We believe lower electric rates are justified for Spearman and everyone in the SPS system."

Spearman's rate order for the \$15 million reduction was suspended until a review is made of the company's rate filing package scheduled to be filed with the city on April 16, 1997;

however, the rates are in effect as of March 6 and refunds or adjustments would be made.

"The costs of electric generation are declining quickly today, and costs to consumers should be coming down," said Jim Boyle, an Austin utility attorney who represents the City of Spearman. "It's time for SPS to have reasonable rates on Main Street instead of sending excessive profits to Wall Street."

Patio Decorating And Backyard Landscaping

submitted by Peggy Winegarner, Hansford County Extension Agent, FCS

A popular trend in home entertaining is to have friends or family over for patio or backyard events. Thus, there is an increased interest in patio decorating and backyard landscaping.

In response to that trend, members of the Panhandle District Extension Family and Consumer Science agents, have planned a spring landscape and gardening seminar to be held on Friday, March 21, at the Texas A&M Center, 6500 Amarillo Blvd. West, beginning with registration at 12:30 that afternoon.

"Elements of a Well Planned Landscape" will be the kick off presentation.

"Dealing with Pesty and Thirsty Gardens" will be detailed by Dr. Carl Patrick, Extension entomologist; and Robert Devin, Randall County Extension Agent-Agriculture.

Jean Wood, owner of Floral Expressions in Amarillo, will demonstrate "Patio Pizzaz" followed by Lou Anne Causey of Irwin Greenhouses, who will recommend modern patio and backyard decorating with European Gardens and Mixed Baskets.

Judy Spurlock, an experienced Extension certified Master Gardener, will do the final

presentation of the afternoon on the popular concept of xeroscaping featuring quality landscaping that conserves water and protects the environment.

Susie Breitting, Dallam County Agent-Family and Consumer Sciences; and Wynon Mayes, Randall County Agent-Family and Consumer Sciences, have planned the program and will be emcees.

The program will be held concurrently with the District I Family and Community Education (FCE) cultural arts contest. Entries from winners in the 21 county area will be on display in an adjacent area for viewing.

Winners in that contest to be hosted by Gray County FCE members will be announced at the conclusion of the seminar.

A \$5.00 registration payable at the door will be charged. Tickets and seminar information are available from each FCE agent in the Panhandle district.

Interested people are invited to attend to jumpstart Spring landscaping and patio decorating efforts.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio economic levels, race, color, sex, religion, handicap or national origin.

15th CRP Sign-Up Slated

The 15th Conservation Reserve Program sign-up will be March 3rd through March 28th. FSA (formerly ASCS) will be sending out a newsletter with details about eligibility requirements. FSA and the Natural Resources Conservation Service (NRCS) are working together to provide assistance to interested individuals.

The eligibility requirements are site specific for every farm. Rental rates are based on soil productivity, land value, and cropping history. Bid caps will be made for each county, but are not known at this time.

According to both FSA and NRCS, priority areas have been designated at the national level and within each state to better address conservation and environmental issues in a planned and coordinated manner. Priority areas in Texas include all of Bexar, Callahan, Deaf Smith, Fisher, Floyd, Garza, Haskell, Jones, Kent, Medina, Nolan, Randall, Scurry, Stonewall, Swisher, Taylor, Uvalde, and portions of Armstrong, Borden,

Briscoe, Carson, Castro, Crosby, Dickens, Gray, Hale, Hutchinson, Lubbock, Motley, Oldham, Farmer, Potter and Roberts counties.

Land enrolled into a CRP high priority area does not have to meet any other land eligibility criteria. Enrollment in a CRP high priority area, however, does not mean a producer will automatically be accepted into the program. Other requirements must still be met before an application is accepted.

The 15th CRP-sign up also considers environmental benefits such as the protection of wildlife habitat, wetlands, and streams. Locations are site specific and must meet specific criteria to be approved.

FSA and NRCS are working closely together to make the 15th CRP sign-up as easy as possible for producers in Hansford County. Interested persons should call the FSA office in Spearman for an appointment at telephone number (806)659-3036. The telephone number for the NRCS office in Spearman is (806)659-2330.

Laugh and Live

by Gary C. Smith

gcs@arn.net

When we were first married, I told my wife, Cathy, that my favorite food was rabbit. The first night after we got home from our honeymoon she prepared a wonderful dinner of mashed potatoes, green beans and fried rabbit. The next night, I came home from work and she had fixed more potatoes, more beans and more fried rabbit. The third night I came home and found that she had fixed up--- you guessed it--- more potatoes, more beans and more rabbit. I said, "Honey this is great. I really love your cooking. But tell me. Where are you getting all these rabbits?" She just smiled and said, "Oh, they just come up on the back porch, and when they meow, I hit them in the head with a milk bottle." Now I am not 100% absolutely positive what they put in their hamburgers over at Murmur's, but I do know that they taste good. Folks around here haven't been able to eat a Murmur's burger in the last few weeks, cause LaRue (Murmur) Whitefield has been in the hospital. I understand that she is better now and they are going to start serving burgers again today. So if you have missed Murmur's mystery meat burgers, today might be a good time to go by and welcome her home.

NOTE: Before I printed this article, the Church of Christ preacher read it and informed me that Murmur's burgers were indeed 100%, pure, American beef and that I was not a very nice person to imply otherwise. I guess what he was saying is that the burgers are full of bull. The same is true of me and some of my dearest friends.

Until Next Time,
May God Bless!

Thank You

The Hansford Hospice Volunteers would like to thank everyone who helped make our soup and stew luncheon a great success. A special thanks goes to the Hansford County Reporter and Radio Station KRDF for the publicity. Also we want to thank the Catholic Church for the use of the Parish Hall. We want to especially thank everyone who attended. Your support of our fund-raising activities ensures that Hansford County will continue to have a local Hospice program when our loved ones and friends need this special kind of care that only Hospice can give. It takes everyone's support for a community of our size to have a Hospice. Thank You!!!

Open Letter

An Open Letter to our Community,
With all of the awards and accolades the 1996-97 Spearman Lynxettes received at the end of the season, none meant more than the amount of support from our community. Your admiration, encouragement, and respect for our team propelled us into achieving our best, and we sincerely appreciate your dedication to our team and coaches. Again, we are extremely grateful for the amount of support the community showered upon us throughout the 96-97 basketball season. Let us continue to work together, so we can celebrate future victories for upcoming Lynx and Lynxette teams.

Sincerely,
The 1996-97 Varsity Lynxettes

To the '79-'80 Lynxettes, their families, and friends,
As you might expect, I have tremendous respect for all past, present, and future playoff individuals and teams. Surely, I would never intentionally overlook anyone who had reached the playoff level. However, as the '97 Lynxette team reached the playoffs, The Amarillo Globe news reporters called and asked for information on previous Lynxette teams. Based on the information that I had in the gym files, I responded to those questions. Unfortunately, the information on the regional appearance of the '79 - '80 team was not in that information. Therefore, the printed Globe News article overlooked the accomplishment of the '79 - '80 team. I apologize to all of the '79 - '80 athletes, coaches, and families. As you know, there is a great amount of Lynxette Pride in Spearman, and the 1996-97 Lynxette Team and Coaches respect and honor the accomplishment of the 1979 - 1980 team. We are truly sorry for the oversight.

Respectfully yours,
Marcia Shieldknight

Clifford Goff

Clifford F. Goff, 90, of Boise City, Oklahoma, died Friday, February 28, 1997.

The son of Albert and Myrtle Goff, Clifford was born June 9, 1906 in Albany, M.O.

Clifford came to the Oklahoma Panhandle to work wheat harvest in 1928. Here he met, and married Reba Estella Brown on April 20, 1930 at Methodist Parsonage in Boise City. He was a hard-working, honest man who loved his wife, family and friends. He served God and country while working in his community to make it a better place.

He was a member of Plainview School Board and the Cimarron County Memorial Hospital Board for a number of years. He was an active member of Marella United Methodist Church, serving as the Sunday School treasurer and usher. He looked forward to donating the Christmas tree to the church each year.

Raising cattle and farming occupied his life, but, he found it necessary to work for the WPA and State Highway projects during the depression to support his family. The Goff home was always open to everyone. Entertaining family and friends on his harmonica, accompanied by his wife on the piano, gave him great pleasure. He often participated in the Santa Fe Trail Daze Hee Haw, dancing the jig. Clifford really enjoyed telling and listening to good stories and everyone knew his favorite pastime was dominoes.

Clifford's grandchildren will remember him for his hard pats of affection on their backs and his daily routine of eating honey. One grandson was heard to say, "I bet Grandpa prays for those honey bees everyday."

Clifford is survived by his wife, Reba; six children and their spouses, Gwen and A.B. Steen of Tulsa, Oklahoma, Carolyn and Stan Shryock of Boise City, Clayton and Nadine Goff of Guymon, Clinton and Mary Ann of Salem, Oregon, Janie and Carl Kunselman of Spearman, Texas and Jeffrey Goff of Guymon; 14 grandchildren; two sisters, Ruth Carroll of Marionville, MO, and Joyce Gilbert Overland Park, Kansas; and two brothers, Glenn Goff of Perry, Iowa and Dale Goff of Kansas City, MO; 15 great grandchildren; and a host of nieces and nephews.

He was preceded in death by his parents; three brothers, Floyd, Gordon and Charles; three sisters, Ruby, Edna and Pauline; grandson Davis Shryock; and granddaughter, Jana Goff.

Funeral services were held Monday, March 3, 1997 at 2 p.m. at Marella United Methodist Church in Griggs, Oklahoma with Harold James officiating, assisted by Lloyd Mattocks. Burial was at Marella Cemetery.

The family suggest memorials be to either the Marella United Methodist Church or to the Marella Cemetery. Memorials may be left in care of the mortuary. Services were under the direction of Cimarron Mortuary, Boise City, Oklahoma.

Barbara James

Barbara James, 57, died Wednesday, March 5, 1997.

Services were at 3 p.m. Friday, March 7, 1997 in the Abundant Life Assembly of God with the Reverend Jimmy Robinson, pastor, officiating. Burial was in Edith Ford Cemetery by Stickleby-Hill Funeral Directors.

Mrs. James was born in McLean and graduated from Spearman High School. She married H.L. "Red" James in 1957 at Spearman. They moved to Canadian in 1972 from Spearman.

She was a homemaker and a member of Abundant Life Assembly of God.

She was preceded in death by a son, Andy Lee James, in 1983.

Survivors include her husband; a daughter, Peggy Veneklasen of Amarillo; her father, J. Henry Maxwell of Okmulgee, Oklahoma; and four grandchildren.

The family requests memorials be to the Don and Sybil Harrington Cancer Center, 1500 Wallace Blvd., Amarillo, Texas 79106.

Don E. Smith

Don E. Smith, 66, died Thursday, March 6, 1997.

Services were at 2 p.m. Saturday, March 8, 1997 in First Christian Church with the Reverend Don Wirsdorfer, a former minister of Burleson, officiating. Burial was in Hansford Cemetery. Arrangements were by Boxwell Brothers Funeral Home.

Mr. Smith was born in Ochiltree County and had been a lifelong resident of the Spearman area. He married Gwendolyn Davis in 1947 at Spearman. He was a farmer.

He was a member of First Christian Church, where he had served as an elder and deacon many times. He also was a former board member of Hansford Heart Association. He also held membership with Hansford Golf Club and was a past member of Oddfellows.

Survivors include his wife; two daughters, Linda Olson and Marilyn Lee, both of Pampa; a son, Bobby Smith of Spearman; a brother, Leroy E. Smith of Perryton; 10 grandchildren; and one great-grandchild.

The family requests memorials be to Hansford Heart Association c/o Adalyn Barnes, 822 Roland Street, Spearman, Texas 79081.

Focus On The Family

QUESTION: My little girl is sometimes sugar-sweet, and other times she is unbearably irritating. How can I get her out of a bad mood when she has not really done anything to deserve punishment?

DR. DOBSON: I would suggest that you take her in your arms and talk to her in this manner: "I don't know whether you've noticed it or not, but you have two personalities. A personality is a way of acting and talking and behaving. One of your personalities is sweet and loving. No one could possibly be more lovable and happy when this personality is in control. It likes to work and look for ways to make the rest of the family happy."

"And all you have to do is press a little red button, 'ding,' and out comes the other personality. It is cranky and noisy and silly. It wants to fight with your brother and disobey your mom. It gets up grouchy in the morning and complains throughout the day."

"Now, I know that you can press the button for the neat personality or you can call up the mean one. Sometimes it takes some punishment to make you press the right button. If you keep on pressing the wrong one, like you have been today, then I'm going to make you uncomfortable, one way or the other. I'm tired of that cranky character, and I want to see the grumpy one. Can we make a deal?"

"When discipline becomes a game, as in a conversation such as this, then you've achieved your purpose without conflict and animosity."

These questions and answers are excerpted from the book, Dr. Dobson Answers Your Questions. Dr. Dobson is a psychologist, author and president of Focus on the Family, a nonprofit organization dedicated to the preservation of the home. Among The Neighbors

by Helen Fisher

The dreadful floods in Ohio and Kentucky seem far away to most Hansford County people, but to Juanita Jackson, it is an alarming event.

Her daughter, Robbie, and Dean Rogers live in Cynthiana, Kentucky about 25 miles north of Lexington. It is on the Licking river, a tributary of the Ohio river, and divides the city of Cynthiana.

Juanita had tried repeatedly to reach them by phone, but finally, last Wednesday, Robbie was able to find an emergency line to call her. Their telephone system was completely out, as was the water supply, but, strangely, the electricity stayed on.

Robbie was glad to report that her family is all right, as their home is on higher ground, above the flood line. She had left her car in a garage for repairs in the business district and it was under water. All the business district and the entire down town section was inundated. All were having to buy bottled water for drinking, but later some water trucks reached them.

The city was under curfew and the National Guard had been called in to stop the widespread looting. The store owners were carrying weapons for the protection of themselves and their businesses.

Both of Juanita's adult granddaughters work in Lexington and they had been unable to return home up to that time. The other granddaughters, twins in high school, were at home as the schools were closed.

Juanita spoke with Robbie again on Monday and learned that part of the water system had been restored; the water had receded from the city pavements. The pavements covered in deep

mud resembled muddy, rutted rural roads. The schools had not reopened. All the population were required to wear face masks outside of their homes because of the contamination, and they were also required to get tetanus shots.

Robbie had managed to reach her church to assist in feeding the homeless people; they had fed 200 that day, at just the one church.

Welcome back, Dwayne Smith, after your long absence with the by-pass surgery.

'Tis a pleasure to hear your voice on Station KDRF.

The Monday Amarillo Daily news Focal Point section dealt with Gruver a very interesting article with comments from Dorothy Hudson, Archie Nelson, Mark Irwin, Shell Haynes, Bill Kelly Jr, LaLinda Agnew.

Linda and Leslie Dial Allen visited relatives in Spearman early last week.

His cousin Pat and Ed Dear had a family lunch for them. Edna Cunningham of Perryton, Cindy Blackman and Darlene Howell joined them.

The Allens are from Summerville, South Carolina, but Leslie grew up in Spearman and graduated in 1959.

Helen Etter, vice-president of the Hansford Hospital Board of Trustees, attended the training session for members of hospital boards held last week in Ft Worth. It was sponsored by the Texas Association of Hospitals.

Helen reports that there is a massive amount of information because of the far-reaching changes in hospital policies and care, largely mandated by governments. The entire industry is changing and bears little resemblance to practices that

have been in effect for decades. Her attendance at the sessions brings much useful information to this district.

Several families in Spearman are grieving over the loss of family members recently. Each and all have the sincere sympathy of the neighbors.

The Larry Trosper family lost his mother, Mrs. Emma Trosper, 76, on March 2. Services were held in Booker.

Janie Kunselman's father passed away in Boise City.

Jeff and Dacia Lust attended services for his uncle in Tennessee over the previous week-end.

Services for J.W. Pipkin, life-long resident of this area, are pending as of this writing.

Last week all of Spearman felt the loss of Don E. Smith, a resident of the area his entire life.

Dorcus Collard made her way back to the warmth of Hansford County from frigid Michigan a couple of weeks ago. The day she left Midland, Michigan the temperature was 9 degrees with a chill index way below zero. She lives part time there to be near her son Randy and family.

Dorcus' return was delayed this winter because of some surgery she had in December. She spent a pleasant Christmas in Albany, New York with her daughter, D'De. Since that is northeast of Michigan she had expected bitter cold, but one day it was in the 90s there.

Marva Hendrickson, formerly of Spearman, visited here with friends on Saturday. She now lives in Woodland Park, Colorado where she is a telemarketer. She went to Perryton from here for a Sunday visit with friends there, then to Buffalo, Oklahoma to be with her daughter.

While she was a guest of Mary Lou and Steve Mathews on Saturday, they had a dinner for Donna Hendrickson to celebrate her 40th birthday. Others

enjoying the evening were her husband, Randy, Paige Burgin, Robin Snider with Amanda and Meghan, Mark Mathews, Diane Hendrickson, Pampa, and Rhonda Williams with Ashley and Carson, Gruver.

Lyn and Joey Woolley recently enjoyed a four day vacation at Cozumel, Mexico. This is an island near Cancun, Mexico. It is noted for the clear waters, deep sea diving, underwater reefs and some other attractions. The Woolleys' underwater experience was limited to learning to snorkel, which they enjoyed.

They took a side trip to some ancient Mayan ruins nearby which fascinated them. On the return trip they flew to Dallas for a few days with her sister, Debbie Bryant.

Considered a first for Spearman last week was that of our local churches to sponsor a ski trip for their young people. The emphasis was not to be on Methodist doctrine, nor Baptist, nor First Christian, nor Trinity, but on Christian youth. The result was a wonderful bonding of all 45 youth who made the trip.

They left Thursday in a chartered Texas-New Mexico Trailways bus for Wolf Creek, Colorado. Of the 11 adults accompanying them, two would ride on the bus, alternating with the other nine.

When they neared Wolf Creek Pass, they found it closed due to the tremendous amount of snow

the day before. The possibility of avalanches caused the closings.

The group stayed at Pagosa Springs Lodge and skied in Purgatory on Friday. They were able to ski at Wolf Creek on Saturday. The ski trails were excellent, but the new snow was so deep that the least difficulty would plunge the skier waist deep in it, requiring assistance to get out.

Morning and evening devotionals were held with four adults taking turns presiding. They were Gary Ellsworth, Lindy Phillips, Robbie Dewberry and Sherry Boyd. Judy and Dennis Nelson, Teresa Kirk, Mary and Buford Baker, Larry Murphy and Angie Phillips were the other seven adults giving of their time and attention, and enjoying the week-end equally with the youth.

All were thankful that no injuries occurred in spite of the conditions. However, a few of the skiers returned with a raccoon like facial appearance after failing to use sun screen in the brilliant sunshine and glistening snow.

Gus McLain was transported to Hansford Hospital by ambulance on Thursday evening after being found unconscious at his home. He was transferred to High Plains Baptist Hospital in Amarillo, where the diagnosis was a massive stroke on the left side of his brain. He is unable to talk, or walk and just limited use of one arm.

Family members report his prognosis as critical. His son, Jimmy of Dallas, has been with him but has returned home. His son, Lester Denton, is with him as much as possible as are other family members.

The many friends of Beuna Lyon are much concerned about her condition since she suffered a slight stroke at her home last week-end. She is now in the home of her daughter, Catherine Lusby, of Canadian, and is showing little improvement.

Beuna has been ill for many months but is always cheerful and upbeat and all here wish her full recovery.

Well, President F.D. Roosevelt presided over the New Deal; Lyndon Johnson, the Fair Deal. Now, Clinton, -- surely it is the Ordeal!

Panhandle, from Lubbock county north.

The Agency consists of Troy James, Agency manager; Rich Melton, Agent in Spearman, Texas; and Oran Burton, Career Agent in Stinnett, Texas. We give thanks for all the friends and clients that made this award possible.

Out At The Lake

by Dorothy Hudson

Lake Depth--March 10, 1997--39 feet 9.5 inches

Jim Derington reports another week without many visitors. Sunday Richie Fletcher had his grandsons, Matt and Miles Messer, out fishing.

You that keep up with the new regulations for CRP land know about the wildlife that gives points now. If I understand it correctly, the seven listed for Hansford County are candidates for The Endangered Species List. They are Baird's Sparrow, Ferruginous (fer OO jin us) Hawk, Mountain Plover, Texas Horned Lizard, Lesser Prairie Chicken, Migrant Loggerhead Shrike, and the Swift Fox.

The Ferruginous Hawk was listed at the Park last April by Kenneth Seyffert of Amarillo. Kenneth is the one to call if you see a rare bird in the Panhandle--373-9580. When I heard that one was being seen in the valley at Old Hansford, I tried to find why it was special.

An article in the August 1994 Wildbird Magazine explains why. I will leave a copy of it at both libraries, in case anyone else is interested. The simpler name is regal hawk, and it is our largest hawk. The female is larger than the male. The word ferruginous means a shade of orange, and when you examine the bird you find that the feathers that cover the adults' legs to their talons and many of the other feathers on the dorsal side are a shade of orange.

Generally, this big hawk has a white breast and neck, and from below the flying bird, it looks very white with a dark V mark by the dark legs. To complicate matters, there is even a more rare black-phase regal hawk. This use of phase with the birds has been hard for me, as I tend to think of phase meaning something you go through for a period of time, but to birders, color-phase means an inherited or year around color having nothing to do with age, sex, or season. We found this condition with snow geese where some of them are blue and were originally thought to be a different species. In the hawk family we find the dark and light colors in the short tailed, rough-legged, red-tailed, Swainson's, Harlan's, and Ferruginous hawks. This means if you see a black hawk it may be any of the above.

A report on the black-phase hawk with the broken wing next week.

The Gruver Grapevine

by Harletta Carthel

Old Man Winter better beware, there were several signs of spring seen in Gruver this week: track, tennis, and golf meets; pickups pulling ammonia tanks; a pretty Easter frock in the window of Main Street; college kids home on spring break; gusty Panhandle wind; sneezes in church; and strawberries on sale at G&G.

We have a ninth Hansford County college athlete. Heath Archer, outstanding Spearman high jumper, is currently a part of the track program of Tarleton State University. A 1996 graduate of Spearman High, Heath holds the school's record of 6' 7 1/2" in high jump and was a regional qualifier in the event.

High school UIL academic competition will be held March 19 and 20 in Amarillo. One-act play zone competition will be March 18, in Shamrock. The top two plays will compete in district on March 27. Junior High UIL events will be March 21, at Frank Phillips College in Borger. Good luck to all our competitors.

A sizable group of basketball fans were in Austin this weekend for the state boys' basketball tourney. The Tim Garland Family, Lonnie Burnum Family, Paul Stavlo Family, Bob Tolleson Family, and Val and Marlene Winger, Dave and Dixie Karlin, and LaNetta and Tony Shapley reported an exciting series of games and a most enjoyable time.

Former resident Sherry (Morris) Crowley was in attendance at the track meet at Stratford this weekend. Sherry has three daughters, two in high school, Addie, and Jackie; and one in junior high, Ashley; who represent Sunray well in their many track events. Sherry is the owner of the Sunray Florist.

The Gruver Church of Christ will be hosting a spring gospel meeting from Sunday morning March 16 through Wednesday evening March 19. Everyone is invited to the series which will be held at 7:30 a.m. and 7:30 p.m. each weekday and 10:20 a.m. and 6 p.m. on Sunday.

Mike and Lee Wilhelm were in Illinois last weekend to celebrate the wedding of Mike's brother, Jeff. Mike served as best man in the event.

In keeping up with our Gruver graduates, Doug Garrett, son of Lou and Wayne Garrett is serving as worship director of the Live Oak Community Church in Lubbock.

Charlie Parrish and his wife, Shiloh (Finney) are living in Brownwood, Texas, where Charlie is in ministerial studies at Howard Payne University.

A delegation from Gruver was in Austin last week for the annual Panhandle Day in the capitol. Making the trip were Linda Weller, A.J. Ratliff, Mark Irwin, Buster Davis, Al McNeely, Annette McCloy, and Trish Fitzgaurd, from Gruver, and Gina Davis and Kelvin Knauf, from Spearman.

A group of young people spent Saturday on the slopes of Red River, New Mexico, skiing. The event was sponsored by the United Methodist Church.

Hugh Bell was in Amarillo last week for treatment for a rotator cuff problem.

Former resident, Marlene Terry,

underwent surgery to remove a kidney on Tuesday in St. Mary's Hospital in Lubbock.

Edith Wright is receiving treatment at Scott and White Clinic in Temple. Her address there is Edith Wright, %Elvin Wright, Scott and White RV Park, 2401 South 31st Street, Temple Texas 76508

Rosalie Cator is staying in Amarillo during the week for treatment and returning home on the weekends. Cards and letters sent to her Gruver address will be delivered to her by her family during the week.

I am just now learning that Christy Cooper is doing well following knee surgery that resulted from a ski accident.

I am happy to report that Ray Brandvik, who suffered a very mild stroke last week, is feeling well and was able to be in church on Sunday.

A dear person from our community, Ray Etter, is suffering some health problems and would appreciate our prayers.

If you have old eye glasses, there is need for them. The Volunteers in Missions Team of the Methodist Church will take the glasses to those in need of them in Guatemala July 3-13. The glasses can be dropped by the church office.

Several college students who have returned home for spring break have brought visitors with them. Lindsey Yeager, a student at Texas A&M is the guest of Roxane Holt, and George Essler, a Scotland (Texas) native and Texas A&M student is the guest of Wynn Maupin.

A belated birthday greeting to a very special lady. Vivian Green celebrated her 95th birthday on February 27.

Amazing person of the week. Tracking down the news sometimes requires numerous phone calls and repeated requests. The Tuesday before the big game with Lazbuddie and subsequent regional tournament, I asked Coach Garland if he had a picture of the boys' basketball team for the paper. He told me that he did not have an updated one but informed me who might have one I could use. The rest of the week was a blur of big games and travel for the boys team as they beat Lazbuddie and traveled to Levelland for three intense games with Springlake-Earth, Paducah, and Nazareth. Amid the bedlam and stress of coaching a team in four important games, making travel arrangements, and preparing plans for a substitute teacher; Coach Tim Garland had a picture of his team for me in the junior high office on my next scheduled Tuesday round. To remember a lowly request during one of the most momentous events of one's life is not only amazing but also commendable.

Gruver was featured on the Amarillo Globe News focal page on Monday. Although the article and pictures were very good, I wanted so much more of what is special about Gruver to be mentioned. What do you think is special or unique about Gruver? Let me know and we'll compile our own list.

Take it with you

Morse Morsels

by Mildred Lewis

Our new community building members and community will have a meeting on March 13th to discuss the needs of the new building. Please bring your ideas and suggestions at 9 a.m., 2 p.m., or 7 p.m. The building will be built soon. We have \$96,000. Our community building members are: Gene Gardner, Lovida Giblin, Johny Jarvis, Annette McCloy, Gary Urban, Carolyn Shield, Naomi Schroyer, Emit Schmidt, and Chet Pittman.

Sorry I didn't get my news in last week. If anyone from Morse has some news, call me at (806) 733-2173.

Some of our neighbors from

Morse - Rosemary, Dustin, Chris, and Chase Parks went to Angel Fire, New Mexico to ski over the weekend. Some of the high school students from Stinnett went with them.

Our Morse Cafe had their grand closing dinner. It was great big steaks. We will miss Mrs. Huffaker and Margret Reid. Lisa King is the new owner for the cafe, and Denease Apodoca will help her. Come on out and eat with them.

Some of our high school students were on the honor roll this six weeks: Seniors - Dustin Parks and Martin Schick; Juniors - Eva Schick and Heather Knox; Sophomores - Ashley Phillips;

Freshmen - Tap Giblin.

We were sorry to hear of the passing away of Shanon Lanes grandmother, Mrs. Beatrice Blankenship. She was buried in Calra, OK. Shanon and Justin Lane's little boy got sick. They had to take him to the South Eastern University hospital in Durant, OK. He is doing fine now.

We were also sorry to hear of the passing of Mrs. Cleo Minton of Borger. She was a very good lady. The Minton Funeral Home will miss her very much.

Gene and Linda Gardner went last week to move his mother back to Utah.

Dwight, Suzanne and Gina Gillispie and Eugene Thuett went to watch Spearman and Gruver boys play in some of the Finals this year at Pampa. Spearman got beat, but Gruver stayed in for a while.

We are having the Pee Wee Basketball Tournament the 14th

and 15th of March. Don't forget to come watch these small children play basketball. This is sponsored by the PTA.

The Pringle-Morse PTA will have a meeting on March 17th. They will elect officers, and discuss ULL.

Public School Week is the week of March 17th-21st. The Parent and Community Luncheon will be held 11:45 a.m. on Thursday, March 20th. Open House will also be Thursday, March 20th at 7:00 p.m. The band and choir will also present their Spring Concerts.

Spring break will be Monday, March 24th through Friday, March 28th.

Our church got a great blessing from Nikoli Eshin from Russia. He came to our church last Tuesday, Wednesday and Thursday. His interpreter, James Baird of Borger, was very good.

Our church is getting ready for some of our members to go help

Wirt and Linda Davis with Panama Missions. Some of the people who will be going are: Beth and Tom Dortch, Virginia Poole, and James Leib.

They will be helping build on Wirt and Linda's church doing different things for the good of the Lord. Also our church will be getting ready to go to Ft. Collins, CO for mission work. They will be gone July 12th to 18th. The ones that will go to Panama will be gone May 26th to June 2nd.

This week at church we had some visitors: Chet and Tonie Pittman and their 2 children. Their little baby girl is a cutie!

The little girl's name is Eva Jo, and their son's name is Paxton. We also had our college students there: Wes Leach from Angelo State at San Angelo, Sheila and Jana McCloy from Western Texas College in Snyder.

The Life Skills Class of Pringle-Morse had a cake sale. They are the 7th graders. They made \$201.00 for their community project.

This weekend our 7th & 8th grade students will be attending a track meet at Stinnett. I will give you the results next week.

Our H&H Credit Union will be having their meeting on March 20th at the Borger College Gym.

NOTICE

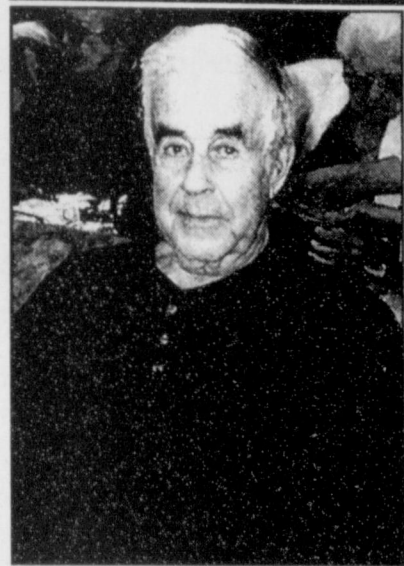

The Hansford County Reporter-Statesman will be closed Thursday and Friday, March 13th and 14th for Spring Break. We will resume regular business hours on Monday, March 24th.

William Alan (Mac) McGregor

Our March Resident of the Month is William Alan (Mac) McGregor, Jr. What follows is a historical cameo told by Mac McGregor.

At a farm on March 18, 1922, in Medicine Hat, Alberta, Canada, the world took on a new challenge when I was born. My parents were Katherine Southland, Cameron and William Alan McGregor. My father bred Angus cattle, and my mother assisted with everything to make life smooth for us. During my early childhood my father's innovative breeding techniques became widely known and demand for his services resulted in our move to the United States. First, we moved from the icy plains of Canada to Briarcliff Farms in upstate New York, and then to the wealthy temperate seashore area of Chesapeake Bay, Maryland.

As my father managed large Angus herds for investors, my brother and I learned his work and completed high school. I also found time for Lacrosse as a player, and later as a coach. Upon graduation from high school, I attended the University of Maryland and completed a degree in animal husbandry. I also completed a degree in matrimony, marrying a lady named Margaret after graduation. We had one daughter named Sandy, who now lives in Darrouzett. I established my own reputation working with the Dupont family Angus farms.

Major change entered my life with World War II. I was activated with the 36th Division of the Texas National Guard and spent a total of three years overseas. My first European landing was at Salerno, Italy. This quickly became not only Allied territory but actually an Allied stronghold from which missions were sent.

During that time, my knees began to give me trouble so I switched from infantry to OSS. On an OSS mission I took a stand and actively disagreed with my commanding officer about the safest route to take to Allied-held territory. He allowed me to go the way I wanted -- the Czechoslovakian resistance fighter and the downed American pilots we had rescued went with me. Sadly, the larger group was captured and taken to the most infamous interrogation center which was run by the Gestapo. The interrogation technique used there was to tie soldiers' hands behind their backs and then use that rope to lift them off the floor until their shoulders ripped out of their sockets. This horrible

HANSFORD COUNTY HOSPITAL DISTRICT

Solid Gold Selection

torture caused most men to talk. When the desired information was given they were individually shot in the back of the head. Their bodies were burned in ovens. Not one of our mission survived. Those of us who went the other way were lucky that time.

Later, I was captured but was taken to a different interrogation center. I was kept there for two months before being transferred to a camp in central Germany. Soon, we were force-marched about 200 miles to Bavaria in southern Germany. Nearly two years of my tour were spent interred in prisoner of war camps. The situation was not good; the shortage of food was endured by soldiers and prisoners alike. I dropped to 116 pounds due to the food shortage, but I did learn about the delicacy of cat meat! The guards had a cat that was not stupid. It would walk along the fence but would always stay out of reach. Finally I decided to catch him. I took small amounts of tuna from the Red Cross rations and placed them near a hole in the fence. Each day the tuna got closer to our barracks until I finally grabbed the cat and strangled it. - Tastes like fried chicken!!

Our group of POWs managed to retain a BBC radio without being discovered by passing it from one person to the next daily for safe-keeping. Each evening after being sure the guards were gone from the building, we all crowded around and listened to American radio programs. That small link to freedom and familiarity helped us keep our sanity during those frightful times.

When word reached camp that General Patton's men would be liberating us, I was one of the two men chosen to stand at the gate and welcome them. To my amazement, the first jeep through the gate contained a University of Maryland classmate of mine by the name of Perry Waters. Perry was this rather "hick farmer nobody" that I would never have expected to see anywhere, especially liberating our prisoner camp!

The love of my life arrived after the war. Her name is Beverly, and she became my second wife. She is the daughter of an artist and is a creative, lovely person. She brought three children to our marriage, whom I adopted, and we had two more. Now my children numbered six: Sandy, Robin, Duane, Stacy, Jamie, and Katie. We lived in various places including Del Rey Beach, Florida, and Santa Fe, New Mexico, before we moved to New Zealand to take on a farm of

20,000 sheep and 700 Angus. It was a beautiful country with wonderful people and world-respected schools. We were very happy there and would have stayed, but after three years we were forced to move back to the States to manage business interests here.

That move took us back to Santa Fe, New Mexico, to keep the land development project of three subdivisions being built soivent. Following that project's completion, I decided to abandon the risks of land development. Beverly and I began a lucrative business called CAC (Commercial Agency Consultants) to help smaller agencies recruit and appropriately serve corporate insurance accounts. There was no charge for our services; we would enter a partnership with the agencies we assisted.

Eventually, our brood moved to Alpine, California, a few miles from San Diego. Sometime during my time in San Diego, Beverly and I realized that we had developed different goals in our lives. We divorced but have remained very good friends over the years. We exchange regular notes to keep in touch.

Not that my life hasn't been wonderful. I have succeeded in several different businesses and have traveled throughout the world. I have the distinction of

having flown the first Angus cattle - two planes full, to be exact - into Cuba, to serve as breeding stock, just before Castro seized power. Of course, that was over 30 years ago, and I often wonder how many Angus cattle are now living in Cuba.

Various business interests have kept me on the move throughout my life. On one train trip to Miami I met a stewardess from North Carolina, named Gary Reynolds. She was a beautiful lady who happened to be named by a father who wanted a boy! She became my third wife, and we had a son named Greg. Later we divorced.

Half of my children now live in Montana right near my birthplace just across the border in Canada. Stacy, who has moved there, has just recently had a baby. Duane and Robin live in San Diego and together have developed a dyeing process that is being used worldwide in the textile market. They zip back and forth between Paris and San Diego, but have squeezed in time to come visit me. Sandy, as I mentioned earlier, is a teacher in Darrouzett and lives with her husband Verle Woods and their son Bryan. I actually came to Texas to live near her and spend time with my oldest grandson. Since I have only five grand kids, I hope to spend a lot of time with each one. There are many fascinating family stories to share with them as a part of their family heritage.

A Note From Activities

by Debbie Sanford

"March comes in like a lamb and goes out like a lion" - or is it - "March comes in like a lion and goes out like a lamb"? Either way, we're glad it is here and we are ready for Spring!

We'd like to thank everyone who helped with our Valentine Pageant last month. This year's reigning Mister and Miss Hansford Manor are William McGregor and Beulah Abston. Look for more about our pageant in next month's newsletter.

We will be celebrating the first day of spring on March 20th with a Family Night Buffet Supper. We'll enjoy an evening of entertainment, visiting and

eating the spring chicken (friend, of course).

Our Tuesday night bingo sponsor this month is the Rotary Club. Christian Buffet will be sponsored by the First Baptist Church of Gruver. We are planning to host Easter Egg Hunts for the Spearman Kindergarten classes once again this year. They always bring so much excitement with them whenever they visit the manor!

We hope everyone has a wonderful month, and will stop by to visit some time. Happy Easter, Happy Spring, and don't forget to wear green on St. Patrick's Day!

March Is Social Work Month

March is National Social Work Month. Erin Bergin, who has worked for H.C.H.D. since September, 1994, is our licensed Social Worker.

According to the National Association of Social Workers' Code of Ethics, professional social workers are dedicated to service for the welfare of mankind, to the disciplined use of a recognized body of knowledge about human beings and their interactions, and to the marshaling of community resources to promote the well-being of all without discrimination.

Social services are available to everyone who is admitted to Hansford Hospital, Hansford Home Care, Hansford Hospice, or to the Manor, as well as those patients' or residents' families.

Our social worker counsels families, explains procedures, and helps people contend with death.

Ms. Bergin's duties for planning discharges include making sure that a patient's home life promotes good health and recuperation. For some patients, support services such as Hansford Home Care, Meals on Wheels, or Hansford Hospice may be necessary.

In addition, she provides psychosocial evaluations and crisis counseling and works with patients concerned with financial arrangements. She assists patients adjusting to illnesses such as cancer and helps them find ways to extend and increase the quality of their lives.

Employees of the Month

January's Employee of the Month was Sue Reid, a CNA at Hansford Manor. Sue, who was born at Phillips, has two sons and two grandchildren. She came to work with us in March 1996, and has become very valuable to us.

Sue lists her hobbies as all kinds of hand work and games. When we asked her what she likes best about working here, she replied, "I love the people I take care of and my coworkers. Everyone is friendly!"

Congratulations, SUE, Good Job!

February's Employee of the Month was Vicki Risner, an LVN

Treatment/Charge Nurse at Hansford Manor. Vicki has a son and a daughter and one very adorable grandson. She and her husband Charles have been married 30 years.

Vicki has worked at the Manor for 1 1/2 years and is well-known for her delicious-but-healthy snacks and treats.

Vicki is always willing to do anything she is asked and cares about the Manor residents as "family." She appreciates her coworkers and the way they also care about our residents.

We're proud of you, VICKI!

We're Working for You!

In January...
Our Nurses and Doctors treated 144 patients through the ER;
Our Lab Department completed 3,371 lab tests;
Our Radiographer performed 167 radiology procedures;
Our Physical Therapy Department conducted 273 treatments;

Our Respiratory Therapy Department conducted 227 breathing treatments;
Our Hansford Home Care nursing staff made 530 home visits;
Our Manor Activities documented 2,503 group & individual interactions.

H&M News

The lab at our Hospital was inspected recently by CLIA (Clinical Laboratory Improvement Act) as a part of a regular inspection program. The team was here a day and a half going over all records from the past two years.

The inspection team from CLIA found no deficiencies in our lab, and everything is in compliance. Congratulations, Jim and Nan Nicholson, Tracy Wilson, and Don Followill. -- Keep up the good work!

Laura Ray, an LVN at Hansford Manor, just received her Emergency Medical Technician - Intermediate certification from the Texas Department of Health.

March is: Cataract Awareness Month, National Chronic Fatigue Syndrome Awareness Month, Eye

Donor Month, Hemophilia Awareness Month, National Kidney Month, Mental Retardation Awareness Month, National Nutritional Month, and National Social Work Month.

March 30 is National Doctors' Day.

New Board members, Lelia Bynum, Connie Dixon, Liz Hartsell, Ronda Jewell, John Kunselman, and Linda Lujan join Debby Sanford as volunteer Directors. These employees were elected by coworkers at a recent election.

Welcome to the Manor

Lynxettes Eliminate Ozona

On Friday, February 21 at Moody Coliseum in Abilene the Lynxettes proved that they are a force to be reckoned with. The Lynxettes made a fine showing by upsetting the number two ranked Ozona Lady Lions for a chance to grab that Regional Championship. On Saturday though, after a heartbreaking 52-53 loss to the Shallowater Lady Mustangs, the Lynxettes finished up their season by coming away with the Regional Runners Up honors.

The 8 p.m. game with the Ozona Lady Lions proved to be a defensive battle from tip off. First quarter produced only 7 points for the Lynxettes. Lindsey Smith opened the scoring with a 3 pointer while Keisha OQuin and Shayla Barber put up a basket each. Second quarter the Lynxettes struggled from the floor as L. Smith managed to add only one basket. At the half time the Lady Lions led 17 to 9.

First half seemed to be a wake up call for the Lynxettes as they went to work second half. The Lynxettes stayed with the Lady Lions third quarter 14 to 16, but fourth quarter is where the tides really turned. During the 8 minutes the Lynxettes over powered Ozona 13-2. At the beginning of 4th quarter the Lady Lions owned a 10 point lead of 33 to 23. During the 3rd quarter rally, Tara Butt and OQuin each added a pair of baskets. L. Smith and Misha Davis each tossed in a free throw.

When the 4th quarter kicked in so did the Lynxettes. That defensive unit set their sights on shutting down the Lady Lions. This feat was definitely accomplished as Ozona was held to only 2 free throws. The Lynxettes on the other hand picked up 13 awesome points. Of those 13 points, 8 of them were charity shots with 2 each from Barber, L. Smith, and Samantha Beasley. Tara Butt also worked the boards for a basket and L. Smith put in the "Big Three."

With only 15 seconds left in regulation time the Lady Lions led 34-31. Ozona fouled Beasley putting her on the line for a one in one. She sank both shots upping the score to 34-33. On Ozona's next possession, the Lynxettes fouled putting their top shooter on the line. She sank the top end but missed the second. Butt rebounded to take possession of the ball with only 3.5 seconds remaining. With a score of 34-33, the Lynxettes knew their only shot at winning was a 3 pointer. During time out Coach Shieldknight asked who wanted the last shot and L. Smith simply said, "Give it to me, I can make it," and the rest is history. The in bounds play put the ball into her hands just in time for her to swish an NBA 3 pointer from way downtown. That shot was nothing but net. Moody Coliseum came to life with total amazement and excitement for the Lynxettes along with disbelief and disappointment for the Ozona Lady Lions. The Lynxettes with their 18-14 record had just de-throned the Lady Lions from Ozona. Coach Shieldknight along with the 1000 plus fans stood in awe of the Spearman Lynxettes. This little 2A town with great big hearts had just won the game of a lifetime.

Lindsey Smith took high point honors as she scored 11 points. She was 3 of 4 from the line as well as a field goal, a 3 pointer and then the "BIG THREE". That shot can definitely be compared to any of Jordan's famous downtown buzzer shots. Except this one was much better as it belonged to the Lynxettes and won the ball game. Smith played a tremendous ball game and really showed her fine character with her ability to handle the pressure to make the big play.

Shayla Barber and Keisha OQuin shared the second high honors with 8 points each. Both of these Lynxettes did an excellent job both defensively and offensively. Not only did these two outstanding Lynxettes share in the second high honors, they both swished 3 baskets each from the floor.

Lynxette Basketball

Post Tara Butt did another super job for the Lynxettes. She worked the boards defensively and offensively. She tapped in 3 under the basket shots for a total of 6 points. Samantha Beasley went to the line and put in 2 big free throws that setup the possibility of the needed 3 point play. She exhibited great leadership and court control for this game, and was able to keep the ball moving to set up the offense. Misha Davis came in and was 1 of 1 from the free throw line. After Butt fouled out in the 4th quarter, she did a good job of taking over the role. Jennifer Neff, Camille Smith, Macy Shieldknight and Brooke Trantham came in off the bench and did a great job keeping the pace of the ball game going. All of the Lynxettes in one way or the other contributed to this tremendous victory.

As the buzzer sounded, the Spearman Lynxettes were on their way to the championship game where they would meet the Shallowater Lady Mustangs. The Lynxettes had definitely earned their one moment in time when that Big Swish came at the buzzer. No one can ever take that one moment away from the Lynxettes or any of the ecstatic fans who were either in Moody Coliseum or listening to the radio. Spearman Lynxettes proved they are true winners through and through.

Lynxettes Meet Shallowater In 2A Regional Championship

Saturday at 1 p.m. the Lynxettes met the Shallowater Lady Mustangs in the 2A Regional Championship game. What should have been a Lynxette victory turned into the most heartbreaking loss of the season. That championship ball game belonged to the Spearman Lynxettes and was simply stolen from them by the Lady Mustangs.

First quarter was a tremendous offensive effort for the Lynxettes. They led 19-6 with scoring coming from Butt, Barber and L. Smith. Butt found the basket for 9 points, L. Smith for 8 points, and Barber for 2. Second quarter the Lady Mustangs came together as they picked up their 19 point quarter, but the Lynxettes answered back with 16. Again the Lynxettes' own triple threat of Butt, Barber, and L. Smith pumped in points. Butt had 4, Barber had 3 and L. Smith had 7. Jennifer Neff also came in and played tough. She popped the net for one basket. At halftime things were looking good for the Lynxettes as they managed to hang onto a ten point lead of 35-25.

Second half proved to be disastrous in several ways for the Lynxettes. The ladies only produced a 6 point 3rd quarter to a Lady Mustang 11. The Lynxettes couldn't make a move it seemed without the officials calling them for a foul or charging the Lynxettes with some type of turn over. The officials called a total of 24 turnovers on the Lynxettes, several of which were controversial. The only Lynxette 3rd quarter scoring came with a basket each from L. Smith, Butt, and OQuin.

Fourth quarter was the most frustrating 8 minutes of the game. Everything worked for the Lady Mustangs, but no matter what the Lynxettes attempted, the officials seemed to squelch it. They made several extremely controversial calls such as a double dribble on Beasley that wasn't, an out of bounds on OQuin that wasn't, and an intentional foul on Beasley that was no more than the usual foul in the last 30 seconds to attempt to regain possession of the ball. Earlier in the game they had called back two baskets for Jennifer Neff that should have counted. She had not committed the walking or 3 second offense that they thought they saw. Barber was also called for a charging foul that would have contributed 2 points. Again this was controversial as all she did was dribble, turn and shoot the ball.

Midway through the final quarter the officials also made a point to visit with Jennifer Neff on an in bounds play. This action of the official may have been totally misunderstood by the listening public. To set the record straight, the official was simply telling Jennifer that she could not guard her opponent by putting her hands up close to the face. Jennifer listened to the official, the ball was in bounded and the game continued. All of the Lynxettes are gracious, well mannered players and would not intentionally be disrespectful to any official. It is hoped that this explanation will clarify this incident and give a better understanding of what did happen.

The fourth quarter brought the Lynxettes 11 points to Shallowater's 17. Barber helped out with 4 points, L. Smith for 3 and Davis and OQuin a basket each. The Lynxettes even managed to slide in another L. Smith buzzer shot but it was only a 2 pointer under the basket. When the buzzer sounded, the Lynxettes were one basket away from a trip to Austin. Shallowater walked away with a bitter sweet win of 52-53 over the Lynxettes.

Lindsey Smith finished her last game of the season as high point for the 5th time out of the last 6 games. She hit one 3 pointer, 6 field goals and was 5 of 6 from the line for a total of 20 points. She also grabbed a total of 10 rebounds which gave her a double-double for the game. She also hustled for 2 tie balls. Tara Butt was second high with 15 points. She tossed in 6 baskets and was 3 of 4 from the line. She is credited for 5 rebounds, 2 steals, 3 assists, and one creation. Barber connected for 3 baskets and was 3 of 4 from the stripe for a total of 9 points. She managed 5 rebounds, 2 steals, 1 tie and 1 assist. OQuin helped out with 2 baskets for 4 points. She worked the boards for 6 rebounds as well as 2 steals and 3 tie balls. Davis and Neff each popped the basket for 2 points. Davis also brought down 1 rebound. Neff hustled for 1 rebound and 2 tie balls. Samantha Beasley had a great night on the floor as she totaled 3 rebounds, 3 steals 3 tie balls, 3 assists and 1 creation. Brooke Trantham and Camille Smith came off the bench and did a good job for the Lynxettes. Trantham pulled down 1 rebound and both girls helped

out at point guard.

The Lynxettes were 11 of 15 from the line for 73%. Shallowater was 19 of 27 for 70%. The Lady Mustangs were sent to the line almost twice as many times as the Lynxettes. The Lynxettes were called for a total of 22 team fouls to Shallowater's 16. In the late 4th quarter, Tara Butt and Shayla Barber both fouled out. In the second half Shallowater was only charged with 6 team fouls which never put the Lynxettes in a one in one situation. The free throws were a big deciding factor in this Regional Championship game.

The Lynxettes end their season with a 19-15 record. Although the number may not be as impressive as some of the other teams, our team has more heart than any of the others. The senior players, Shayla Barber, Mindy Tigrett, Samantha Beasley, Macy Shieldknight and Tara Butt will be missed tremendously. They have done an outstanding job for the Lynxettes and should be commended for their hard work and determination throughout their years at SHS. The juniors, Jennifer Neff, Brooke Trantham, Lindsey Smith, Keisha OQuin, and Misha Davis will have an excellent year and will come back with more determination than ever now. The underclassmen, Kristin Beedy and Camille Smith have also done a good job for the Lynxettes, and they will come back strong next year. There are only good things ahead for the Lynxettes. They can and will have another successful season.

Coach Shieldknight summed up the year by saying, "In all of my association with Lynxettes teams, I have never had a team that I am prouder of than this one. This is just a great group of girls who work hard and deserved to win. These girls could have given up mid-way through the season, but chose not to. They have more heart than any team I've ever coached. They are to be congratulated for a job well done." The Lynxettes finished their 1996-97 Cinderella season as the 1-2A District Runners Up, 2A Bi-District Champs, 2A Area Champs and finally 2A Regional Runners Up. The Lynxettes are now a part of the "Elite Eight" in the State of Texas for 2A Girls' Basketball. Not too shabby for a group of young ladies from the Panhandle of Texas with a 19-15 season record. Seniors, Spearman thanks you for all of your hard work and will miss you next year. Lynxettes, Spearman is very proud of all of you and wishes you the very best of luck next year. Congratulations 2A Regional Runners Up.

PUBLIC NOTICE

NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT RENEWAL
CITY OF GRUVER, P.O. Box 947, Gruver, Texas 79040 has applied to the Texas Natural Resource Conservation Commission (Commission) for renewal of Permit No. 10751-01 which authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 200,000 gallons per day from the City of Gruver Wastewater Treatment Plant.

The plant site is located approximately 0.6 miles west of State Highway 15 and approximately 0.8 miles east of State Highway 136, southeast of the City of Gruver in Hansford County, Texas. The treated effluent is discharged to Farwell Draw, in the drainage area of Palo Duro Creek, in Segment No. 0100 of the Canadian River Basin, a nondesignated segment of a river basin flowing out of the state of

Texas and into Oklahoma. The unclassified receiving waters of Farwell Draw have no significant aquatic life uses.

The Executive Director of the TNRCC has prepared a draft permit which, if approved, would establish the parameters and limitations within which the facility must operate.

The Executive Director will issue the permit unless a written hearing request is filed within 30 days after newspaper publication of this notice. To request a hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) the name of the applicant and the permit number; (3) the statement "I/we request a public hearing;" (4) a brief description of how you would be adversely affected by the granting of the application in a way not common to the general public; (5) the location of your property relative to the applicant's operations; and (6) your proposed adjustments to the

Public Notice

application/permit which would satisfy your concerns and cause you to withdraw your request for hearing.

If a hearing request is filed, the Executive Director will not issue the permit and will forward the application and hearing request to the TNRCC Commissioners for their consideration at a scheduled Commission meeting. If a hearing is held, it will be a legal proceeding similar to civil trials in state district court.

Requests for hearing on this application must be submitted in writing during the 30-day notice period to the Chief Clerk's Office, MC 105, TNRCC, P.O. Box 13087, Austin, TX 78711-3087. Written public comments may also be submitted to the Chief Clerk's Office during the notice period. For information concerning technical aspects of the permit, contact Zdenek Matl, MC 148, the same address. For information concerning hearing procedures or citizen participation, contact Blas Coy, Public Interest Counsel, MC 103, the same address. Individual members of the public who wish to inquire about the information contained in this notice, or to inquire about other agency permit applications or permitting processes, should call the TNRCC Office of Public Assistance, Toll Free, at 1-800-687-4040.

Thirty-eight years ago, Interstate Savings and Loan Association

opened up its doors as Perryton Savings and Loan to help the Perryton community build dreams and reach goals. A lot has changed since then, and soon you'll start noticing a change in your hometown financial institution. Interstate Savings and Loan is changing its name to Interstate Bank. Our name may be changing, but some things will never change. We're still here to make your dreams come true. We'll still do it with the friendly, personal service the people of our community have come to expect from us, and the strength and security you need from a solid financial institution. Come down to Interstate Bank and get to know us...again!

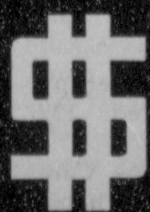

Good for You
®
...AND YOUR COMMUNITY TOO!

Come join us for our
Grand Opening Celebration.

March 18 at 1:00pm.

Come enjoy refreshments, pick up some souvenirs,
and learn about Interstate's new services.
