### **April is Sexual Assault Awareness Month**

Throughout the United States, people recognize April as Sexual Assault Awareness Month. In the late 1980's, rape crisis centers throughout the nation agreed upon this date during a meeting of the membership of National Coalition Against Sexual Assault. The purpose was to coordinate at a nationwide level to educate and promote understanding about sexual assault and its prevention.

A recent survey of Texans by KRC Research found that more than half of all Texans are not even aware of the sexual assault services available to them in their communities. Moreover, according to Annette Burrhus-Clay, TAASA executive director, approximately 13% of Texas residents have been sexually assaulted.

In 2001, Texas Association society. The grant wa awarded to identify Texan's attitudes towards sexual assault and develop a public awareness campaign around the issues. Thus, "Speak Up, Speak Out" was developed.

"This is a powerful campaign that has been built on a solid foundation of research," said Attorney General Greg Abbott. The Speak Up, Speak Out campaign encourages talking with partners, friends, and family about the seriousness of sexual assault in our society. This effort can help communities support rape and sexual assault in our

My friend Sheri Benton sent me the following story about Stress Management. I don't know about you, but I can use all the help I can get with stress management.

# Stress Management

A lecturer, when explaining stress management to an audience, raised a glass of water and asked, "how heavy is this glass of water?" Answers called out ranged from 20g to 500g. The lecturer replied, "The absolute weight doesn't matter. It depends on how long you try to hold it."

"If I hold it for a minute, that's not a problem. If I hold it for an hour, I'll have an ache in my right arm. If I hold it for a day, you'll have to call an ambulance. "In each case, it's the same weight, but the longer I hold it, the heavier it becomes."

He continued, "And that's the way it is with stress management. If we carry our burdens all the time, sooner or later, as the burden becomes increasingly heavy, we won't be able to carry on." "As with the glass of water, you have to put it down for a while and rest before holding it again. When we're refreshed, we can carry on with the burden."

"So, before you return home tonight, put the burden of work down. Don't carry it home. You can pick it up tomorrow. Whatever burdens you're carrying now, let them down for a moment if you can." "Relax; pick them up later after you've rested. Life is short Enjoy it!

### Letter to the Editor

#### Dear Editor,

I was born in Borger but my parents brought me home to Hansford County as soon as they could in January 1946. I was involved in the Morse Community through my freshman year in high school. I was involved in the Gruver Community through my senior year in high school and for another six months in 1969 when Kenneth Irwin gave me my first job at Gruver State Bank. Clay Gibner gave me a job at First State Bank, in Spearman, in 1972, and I have been involved in the Spearman Community for the last 33 years. My four children have graduated from Spearman High School and they have all competed just fine with the rest of the United States bringing home four college degrees from three states including one from New York University.

of Hansford County do a fantastic job of preparing our children for the future. A Spearman graduate, Robert Whitson, has just been named dean of the Oklahoma State University Division of Agricultural Sciences and Natural Resources. A Gruver Graduate, Nancy Hudson Sambaiew, has served the United State Department as Consul General in our Embassies in Tokyo, Japan, and Paris, France. A Morse graduate, Tom Womble, was Editor-in-Chief of the Texas Tech Law Review, serves on the Board of Trustees of Hardin Simmons University, and heads one of the most successful law firms in Houston, Texas.

I have been blessed in that I have been able to make a living in Hansford County. I believe there will always be enough business in Hansford County that schools will be needed. The Legislature may require that we consolidate our schools. To date this has not happened

threat of non-promotion, is on the brink of becoming counterproductive. At the risk of being misunderstood, I want to state that I am in favor of accountability in our schools. We need it. However, I believe there has to be a better, more effective way of achieving this that does not have such a strongly negative impact on our educators and students.

What can be done? First of all, take the time to do something. Until recently I have never attended a school board meeting other than as a teacher requesting permission for a choir tour. When I voiced my concerns about pres-sures and stresses impacting the students and teachers, I was told that this was the first time anyone had come to the board to express this issue. I was shocked because I know I am not the only person con-All the educational institutions cerned about this. Anyone is welcome to board meetings. Go just to observe and listen. If you have a concern, ask the appropriate way to address them and express your thoughts. You know what: they don't bite - they listen...and they listen well! (Proof of this is the resolution passed at the April board meeting and sent to Austin in sup-port of HB1612 and SB1717 details follow.)

Secondly, I am concerned about TAKS scores being the only criterion for promotion in 3rd, 5th, and, three years hence, 8th grades. HB1612 has been submitted this year by Rep. Dora Olivo to broaden promotion criteria to include students' grades, classroom performance, and teacher evaluation in addition to TAKS scores. To take action on this legislation, contact our state representative, Mr. Chisum. Warren (phone: 512.463.0736; FAX: 512.463.0211)

Accept that some days you're the pigeon, and some days you're the statue.

Always keep your words soft and sweet, just in case you have to eat them.

Always read stuff that will make you look good if you die in the middle of it.

Drive carefully. It's not only cars that can be recalled by their maker.

If you can't be kind, at least have the decency to be vague.

If you lend someone \$20 and never see that person again, it was probably worth it.

It may be that your sole purpose in life is simply to serve as a warning to others.

Never buy a car you can't push.

Never put both feet in your mouth at the same time, because then you won't have a leg to stand on.

Nobody cares if you can't dance well. Just get up and dance.

A little knowledge can be a dan- mation on the phone, through the gerous thing, particularly if it's shared by strangers.

Last year alone, almost 10 million Americans became victims of identity fraud. Despite increased law enforcement and consumer awareness efforts, consumers are concerned about becoming a target of this crime. The major threat now comes from online sources, but the traditional offline method of theft continues to require vigilance on the part of consumers.

According to U.S. Postal Inspectors, identity fraud occurs of your account information or when thieves open new accounts in other people's names and rack up debts on existing accounts, using consumers' Social Security numbers, bank account information, addresses or phone numbers. Identity fraud victims may spend years-and large sums of moneyrestoring their credit histories and their good names. Some consumers have been denied jobs or insurance or been arrested for crimes they did not commit. A recent survey indicates that the dollar volume of the crime was \$52.6 billion in 2004, sent to multiple merchants to disand much of that cost is accrued by pute fraudulent accounts. businesses.

### Words from Faith & Grace

#### by Cecil R. Biggers, Parish Lay Minister

We approach the fifth Sunday in the Church Season of Easter. We celebrate the meaning of Easter as we study our lessons on a theme of "faithfulness," Psalm 31, Acts 7:1-60, 1 Peter 2: 2-10 and John 14: 1-14.

The Psalmist cries to God to be a "rock of refuge to me" in his plight Peter describes Christ as a "living stone" who encourages us as "living stones to become His spiritual temple; John reassures us that Christ has gone to prepare a place for us, that Christ is the way, the Truth, and the Luke tells us the story of Stephen, a deacon of the early church, who is on trial for blasphemy and who is said to not understand the history of God with Israel. In his declaration, Stephen exhibits a command of the history of the relationship of God with Israel and declares Jesus as the Son of The Almighty as he is stoned to death by the crowd; yet, Stephens' prayer is "count not this sin against them, O Lord." May the Holy Spirit increase your faithfulness and use your life as a living stone in His Holy Temple. Thursday, April 21, 2005 - Page 3

### ALMA GERTRUDE "TRUDY" WARD

ANCHORAGE, ALASKA - Alma Gertrude "Trudy" Ward, 70, wife of former Gruver resident Tom Ward, passed away peacefully with family on Wednesday March 30th at ANMC in Anchorage, AK.

Trudy's Alaska residency began with her birth on May 7, 1934 at Kanakanak. Her younger years were spent in Dillingham where she met her husband of 50 years, Tom Ward. Trudy and Tom lived in Anchorage, Bethel, Unalaska, Kodiak and Sitkinak Island before resettling in Dillingham to raise their family.

Prior to retirement, her working career included secretary for State of Alaska Public Health Center and Fish and Game, and business partner with her husband, Tom, at the Chevron bulk fuel plant and dock.

Trudy's proudest achievements included being a Charter member of Dillingham Trinity Lutheran Church. Trudy is best known for her open door to anyone, including seasonal fisherman, her children's friends, Vista volunteers, visiting school teams and families in Dillingham. Trudy was preceded in death by two sons, Thomas Eugene Jr. and John Leon. She is survived by her husband, Tom, and children, Jimbo and Kathy Ward, Kay Lynn and Dana Thomas, Roy Ward, Sheila Brunsvold, Sonja and Paul Stoker, grandchildren Bristol Clarkson, Seth Thomas, Tricia Ward, David and Tommy Brunsvold, Kaila and Everett Stoker and greatgranddaughter, Meadow Clarkson.

In lieu of flowers donations may be made to Multiple Sclerosis Society Alaska Chapter, 511 W. 41st Ave., Rm 101. Anchorage, AL 99503.

### CAROLYN HAHN

JUSTIN, TEXAS - Carolyn Hahn passed away on Tuesday, April 19, 2005 at the age of 52.

Graveside services will be conducted on Saturday, April 23, 2005 at 1 p.m. at Gruver Cemetery in Gruver, under the direction of Martin Funeral Home of Elk City, Oklahoma.

Carolyn was born on August 6, 1952 in Spearman to Frances Claude and Joyce Ruth Jones. She graduated from Spearman High School in 1970 and was married to Tommy Hahn on December 14, 1975 at Spearman. They established their home in Gruver, later living in Perryton, Canadian, Leedey, Oklahoma, Dumas, Pawhuska, Oklahoma and then Justin, where she has lived for some two years. Carolyn worked for Dairy Queen Industries as a store manager, district manager and trainer.

She was preceded in death by her parents, two sisters and a niece.

Survivors include her husband, Tommy Hahn of the home; four children, Damon Hahn and his wife Nancy of Leedey, Okla., Anissa Nemeth of Frisco, and Jim and Todd Everson of Justin; 12 grandchildren; two sisters, Donna McRee of Elk City, Okla. and Nikki Clark of Canute, Okla.; and two brothers, Joe Bob Jones of Clinton, Okla. and Scott Starr of Garland, Texas.

The family requests memorials in Carolyn's name be made to the Ronald McDonald house in Fort Worth, Texas.

#### **MUSEUM HAPPENINGS**

The students who invaded the museum this week were the Higgins Elementary. Having kindergarten thru 5th grade is always fun because we group the students into teams representing all grades to move around the exhibits. The older kids acting as guides with the assistance of a lead teacher. As always, the kids did great and fun was had by all. Darrouzett is coming this week. If you have a group that would like to have a meeting or a special tour of the museum, please call us and arrange the event. We welcome all ages and interests.

#### LIPSCOMB COUNTY HISTORY

April 22, 1887 marks the date that the first issue of the Panhandle Interstate newspaper was published. The first issue had ads from a Surveyor and Land Agent, a Drugs and Sundries dealer, a Livery, Feed and Sale stable, the First State Bank of Kiowa, A Farm Implements co., the Southern Kansas Railroad, a lumber company, and a Dentist. Most of the companies were in Kiowa, Kansas. An Article "Kiowa to Lipscomb by Stage" tells us that a W.L. Brown has put on a hack between Lipscomb and "Buzzard Roost" making close connections with the stage between Kiowa, Kansas, and Mobeetie, Texas, thus giving through passage form Kiowa to Lipscomb without an lay over the entire distance.

This first issue described the weather, the first settlers, the railroad and our geography. Letters were published and a page of Items of interest were published. an example of interest was Woodson Bro's put up quite a quantity of ice last winter, with which they will supple the Lipscomb market when the hot days come.

On its 118th anniversary, we are still enjoying and learning from our first newspaper.

#### **MUSEUM QUESTIONNAIRE**

Karen Thompson poses with her new Little Sister, Melissa.

Two more Spearman girls now have Big Sisters. Big Sister Karen Thompson was matched with her Little Sister, Melissa, on February 22 and Big Sister Cindy Blackman was matched with her Little Sister, Katy, on February 23 through the local Big Brothers Big Sisters agency.

The organization's mission is to match children with caring volunteers who serve as mentors helping them develop positive life skills and social values. Volunteers are matched with children who can benefit from one-to-one attention and support. They become trusted friends who help the children through life's ups and downs.

The matches spend an average of two hours a week together. "We ask that the mentors don't spend a lot of money on their matches or try to always plan elaborate entertainment," said Kimberley Lopez, local agency case manager. "They just bring the child along for whatever activity they are already doing like planting flowers, baking cookies, doing crafts or community service projects. The kids love to help decorate for the holidays, go to Lynx games, or ride the combine. It doesn't take a lot to have a fun afternoon."

Spearman girls get 'Big Sisters'

Thompson and Melissa are looking forward to working in the yard, watching movies, reading and cooking. "Karen plans to involve Melissa in her church and family activities as well as some of her school projects," Lopez explained. "Melissa and her father recognized that she needs a positive adult female role model, someone all her own to talk to."

Blackman and Katy had been matched since October in the school based mentoring program of BBBS, Bigs in Schools. In this program, no contact outside of school by phone or in person is allowed. "Cindy and Katy hit it off right away," Lopez said. "Now that they have transitioned to the community program they will be able to spend more time together."

The two plan to play games, do crafts and watch movies. "Cindy always has something going and I expect to see Katy right alongside her helping," Loped added. "Katy

Spearman City Manager, Ed Hansen, reported that they had finished painting the water tower. It has been refilled with water and samples have been taken for testing. The water tower should be ready for use by the end of this week.

Mr. Hansen reported that it doesn't look like the city will be getting the grant for the sidewalks. It is based on several different items, but our unemployment is too low and the income is too high. The City is looking into other avenues to try and get the sidewalks done.

Mr. Hansen said that they are very happy that PTCI is in town and up and running.

The city manager stated that the winter gas bills were high but that we were doing better than some cities. Some of the cities that did not have contracts were purchasing gas on the spot market which had gone as high as \$10.00 per mcf last week. The City of Spearman entered into a contract, which will end at the end of this year, that allows them to purchase gas at \$6.57 per mcf.

Many thanks go out to Beverly of the Lutheran and Presbyterian Church for conducting services on Sunday, the 10th. It was reported to me that there was good attendance and that Beverly did an excellent job. Thank you again!

..... Monday morning was off with the usual greetings, chores, and the Newscurrents program.

We had a bit of a crazy week at the Manor. It was so windy and cold that afternoon so, we cancelled the shopping at home in Spearman and played dominoes and cards throughout the afternoon. The Preceptor Sorority host-

ed bingo that evening. The Residents enjoy the fellowship, winning bingo quarters, and of course the desserts that they are served afterwards. Thank you to the Preceptor Sorority!

Tuesday morning we had a crowd gather in the great room to watch the Price is Right. Ernestina and Gilbert Salgado's daughter was in the audience of the show. We had great fun hollering when we got glimpses of her. Ernie was especially excited. It was fun to cheer one of our own along. During happy hour after lunch

we traveled to Siberia via video. (We decided since this was income tax week we could not afford to travel in person) Appropriate desserts were served (including bread and water of course).

...... Wednesday morning we were blessed to have Anne Whitaker visit and lead Bible study. Thank you, Anne! The Residents enjoy her very much.

After lunch there was an inservice happening in the activity room so we watched 9 to 5 in the great room. The Residents thought it was very funny. We had a couple that had not seen it before so they were really hooting.

Suzie Lawrence is pictured above with her son, Sgt. Ryan Hall, his daughter, Rylee, and his wife, Dana.

When they entered, the Residents were cheer- had finished singing, we shared

Friday was off with a bang! The kindergarten classes of Spearman came to perform songs that they have been learning at school. They sang several group songs, then sevrefreshments as the Residents watched. Thank you for sharing the children. Friday afternoon was special too as we had the monthly birthday party to celebrate the April birthdays. The auxiliary brought in pie after pie. When the Residents had been served, a barbershop quartet from Amarillo by the name of Dynamite sang for us. They were outstanding! We all enjoyed their performance. Next time they come I hope that you will come up and enjoy them with us.

.....

..... Thursday was a very busy day. We started the day off exercising to Patriotic music. In between activities Ernie, Tara, Mona, and Dorothy Sparks were running all around the Manor decorating for a special visitor.

hosting bingo in the afternoon. We really appreciate them.

After bingo, our special visitor and his family arrived! He was

ing and waving American flags.

Ryan has just recently returned from Iraq. He is one of the soldiers serving there that the Residents and the staff have been sending gifts and encouragement to. We enjoyed his visit. He talked to the Residents for quite a while. He was very gracious to answer all the questions Thank you to the auxiliary for him back in the states. He lives in California but Mom, Suzie Lawrence lives in Gruver and is one of our favorite nursing staff at the Manor. Thank you for sharing

### Frank Phillips College **Community Choir**

presents spring concert The Frank Phillips College Community Choir presents its annual free Spring Concert Sunday, May 1 and Monday, May 2 at the FPC Fine Arts Auditorium. The May 1 show is at 3:30 p.m., while the May 2 performance will take place at 7:30 p.m. The focus of this spring's concert is Jazz music. A jazz band will accompany the choir, and several choir members will perform solos, duets and trios. The Community Choir has, as always, put in hours of hard work in preparation for the concerts. The public is invited and encouraged to attend this free event.

### Houndsound band ensembles bound for state

Two Houndsound ensembles are state-bound after receiving a Division I rating at the Region I Solo and Ensemble Contest.

The clarinet ensemble advancing is composed of Genesis Hernandez, Myra Hernandez, Jimmilee McCloy, Maria Mendoza, and alternate Brenda Mendoza.

The brass ensemble advancing is composed of Cory Graves, Jordan Hicks, David Parker, Matt Salazar, Justin Thompson, and Seth Thompson.

David Parker also received a Division II rating for his solo presentation.

The state-qualifiers will be competing May 30, in San Marcos.

### SHS band students compete in solo and ensemble contest

Ten Spearman High School and twenty-four Spearman Junior High band students traveled to Canyon to participate in the All-Region Solo and Ensemble Contest held on the Canyon Jr. High and West Texas A&M University campus, respectively. The group received 26 "excellent" ratings and 8 "superior" ratings.

Junior high woodwinds receiving "excellent" ratings were: flute solo - Brittany Hall; clarinet solo -Nataly Lopez and Claudia Soto; alto sax solo - Zack Hughes, C.J. Renteria, Jose Anaya and Brett Winegarner; and tenor sax solo -Caleb Odegaard and Andy

#### Mendez.

Junior high brass receiving "excellent" ratings were: trumpet solo - Jeff Hall, Chance Pack, Pedro Anaya and Jesus Mendoza; French horn solo - Carlos Enrives; and trombone solo - Josue Hernandez.

Junior high percussion receiving drum solo - Nic Garcia, Sergio Jacquez, Raul Pena and Dylan Sumner.

Jr. high students receiving a "superior" rating (the highest rating given) were: Fabian Frayre and Haley Smith - saxophone; Bond Pittman - trumpet; Gus Lopez trombone; and Tyler Schnell . snare drum.

SCHOOL BOARD ELECTION

There are two important elections in the near future for voters of Spearman ISD. One is the bond issue election scheduled for April 23, 2005. The next is the Board of Trustees election May 7.

There are brochures, drawings, pictures, and other information that details the bond issue. The breakdown of the bond issue involving both the junior high and elementary buildings is as follows:

### **Costs of Bond Issue**

Junior High Building	\$3,378,000
JH Admin./Connector	\$1,115,000
Kitchen/Cafeteria	\$1,782,000
Professional Fees, Surveys, & Bond Costs	\$1,490,000
Furniture	\$354,200
Communication/Data	\$189,400
TOTAL FOR JUNIOR HIGH	\$8,288,600
Elementary	\$3,121,000
Site-Work	\$299,000
Play Area	\$ <u>258,000</u>
TOTAL FOR ELEMENTARY HIGH	\$3,678,000

#### TOTAL FOR JR. HIGH & ELEM. \$11,966,600

The Birdwell money of about 1.3 million dollars is being held as a contingency in the event of a cost overrun. When one is doing renovation of a building, surprises are expected, but the architects have made a great effort to plan well, and it is anticipated that there will be no cost overrun, and that the Birdwell money will be available for facilities' needs identified at the high school.

The Board of Trustees has spent months getting input from consultants, architects, staff, and citizens' advisory committee in presenting the plan to be voted on April 23rd. There is no other plan being considered but the one submitted to the voters on April 23rd.

I urge you to vote for the bond issue April 23rd, and I ask for your vote in the Board of Trustees' election on May 7th.

The Scouts did most of the work on the merit badges at the Golden Spread Council Winter Camp at Camp Don Harrington located South of Amarillo. The Winter Camp held January 14-16 occurred in extremely cold weather, and the Scouts received the Winter Camp Patch. All of the boys received the Winter Camp Patch, the Polar Bear Patch, and the World Crest Patch.

Attending the Court of Honor were former Scout Master and Committee Chairman, Harry Stump; Committee member, Alton Ellsworth; Former Scout Master and Committee Member, Doug Cummings, and his wife, Linda; the current Scout Master, George Young, and his wife, Virginia, Assistant Scout Master and Committee Member, Britt Jarvis, and his wife, Linda. Also attending were Kristi Jarvis; Jeannie Couch and Rochelle Couch; Alfred and Cindy Avila and their daughter, Cha'tae; Manuel Mendoza; Alfredo and Isabel Moreno and their son, Cesar Moreno; and Daniel and Callie Hopkins.

The parents, grandparents, and Spearman Boy Scout Council provided the refreshments. We are all proud of these Scouts. The Spearman Lions Club sponsors Troop 551, and the Boy Scout program is open to all boys age 11 through 17.

NEWS

Clete Vanderburg and Ashley Hernandez were named January Students of the Month for Spearman High School.

SHS Students of the Month

Spearman High School named Clete Vanderburg as one of the January students of the month. Clete is in the 12th grade and is

the son of Joe and Kim Vanderburg. Clete has three brothers: Clancey, Brandon and Clayton and one sister. Britta.

Clete said what he liked best about Spearman High School is the one-on-one teacher interactivity, the small town atmosphere, and that everybody knows everybody.

Clete also said he liked the fact that Spearman is quiet. His high school years have been anything but quiet, however. Busy and successful... that's Clete. His extracurricular activities include National Honor Society, Future Farmers of America, 4-H Club and participating in One-Act Play. He likes showing animals and hanging out with his friends.

While participating in those activities, Clete earned recognition, including being a district FFA officer, FFA Chapter president and earned the FFA Star Chapter and the Lone Star Degree, not to mention taking 8th place steer at the 2002 Houston Livestock Show. In 4-H, he was the County Chairman, the Club President and served two years as the Council Delegate.

Ashley Hernandez is the other choice for January's SHS Student of the Month. Her family includes her parents Chris and Jessie Deakin, with brothers and sisters Steve Couch and Marie, Brianna, Austin and Terran Deakin.

Ashley is one very busy young lady. She is a member of the National Honor Society, Student Council, the National Forensics League and FCCLA. In addition to those activities, she plays tennis. When she's not involved in those things, she enjoys being with her many friends and family.

Ashley holds her own in terms of awards and honors. She's earned the World History Award and the Daughters of the American Revolution - American History Award. She was voted Senior class favorite, Most Likely To Succeed and Who's Who Among Spearman high school students. She was also, voted into Who's Who Among Americans high school students.

Reflecting back on her years at Spearman High School she sites Mr. Murdock and Mrs. Henton as the teachers who have most influenced her. The thing she likes best about the school is that the students, teachers and administration are all so easy to get along with.

Ashley said what she liked best about Spearman is the closeness of the community and the friendliness of the people.

Ashley's future plans include attending Texas A&M or West Texas A&M, where she will major in political science. Later she plans to attend Law School.

# **Question & Answer**

Editor's Note: Spearman ISD Superintendent Rodney Sumner has agreed to answer questions regarding the Spearman ISD bond election. The following questions were sent in by a taxpayer in Spearman ISD.

funding of any type? If yes, what is the status of that? If no, why not?

A. In the past the district has applied for various types of grants; however, I am unaware of any grants out there that relate specifically to facility improvement. The only state program is the Instructional Facility Allotment (IFA). This program provides assis-

tance to school districts in making debt service payments. Districts can only apply for IFA funds after a bond election has passed and before bonds are purchased. The amount of state aid under the IFA program is based on the size of the district, its property values, the

Q. Have our school personnel .number of students in average daily applied for any grants or state attendance (ADA), and the amount of the annual debt service. It is important to note that the IFA program is not fully funded by the legislature and has limited funds available to assist school districts. Therefore, districts are ranked by need with property poor districts at the top of this list for available funds. Since we are considered by the state above average in terms of property wealth we will probably

not qualify for any state assistance. However, we will apply for the IFA funds anyway in the case that we might receive any amount of state assistance.

Q. We see the estimates are from an architect. Have any contractors of ANY type estimated these costs? I have spoken to two contractors who both state that every single time they have been involved in a job of this sort the architect's estimates have been at least 1/3 lower than the actual cost. My fear is that we will approve this bond assuming we will end up with everything that has been presented to us, but instead we will end up with a lot

going to get. Please clarify this.

A. As we started working on this project estimating cost was particularly difficult. In trying to develop the most accurate cost possible, we asked our architects to work with teachers and administration to identify as closely as possible all the space requirements needed for the project. The architects keep a data base of costs for every aspect to the project and regularly update this data base in order to give cost estimates based on most recent projects. NO contractors have been contacted. It costs significant money to design a project to the point that it is ready to bid. Before a contractor can give an estimate they would need actual architectur-

less than we thought we were al blue prints. Due to the cost of producing blue prints and since the district does not have authorization to complete this project, the district has not proceeded any further until final approval is given by the tax payers. However, not having enough money to complete the project due to cost overruns and the volatility of constructions costs is a concern we all fear. We hope that the architects cost estimates are on. the high side and in all actuality the cost will come in lower than the project price tag. Any money left. over could be used toward improvements at the high school or be used to lower the bond principal. In addition because of this fear, the board has set aside the Gus Birdwell fund as a contingency in

case there are cost overruns on the project.

Q. Are we asking for MORE facility improvement that what we actually need?

A. Both the Board of Trustees and the Citizen's Facility Committee identified the following facility needs:

1. New Junior High School

2. Additional room/space at the elementary school

3. Better parking and traffic flow at the elementary/ junior high campus

The actual bond proposal addresses these identified needs and nothing more.

The City of Gruver would like to remind everyone how important it is to keep all property mowed. Yards, vacant lots and alleys that are not kept mowed and picked up of old debris harbor insects, shakes and of course hinder our progress in eliminating the cat and skunk population. With the rabies outbreak in Hansford County the City of Gruver needs the help of all citizens to keep our city a safe place to live. Again, please remember that alleys are the responsibility of the owner/renter to keep mowed. Thank you all for your help in making Gruver a beautiful and safe place to live.

## **Texas Businesses should file** property tax renditions

Texas Comptroller Carole to render exempt property, such as forms ask for the property owner's Keeton Strayhorn reminds Texas En businesses that April 15th was the ten deadline to render their property with county appraisal districts. To render is to list the taxable inventoyill ry, furniture and fixtures, machinand equipment and other property that a business owned or managed as of Jan. 1, 2005. Appraisal and districts may use the information to set property values.

Texas business owners are subject to monetary penalties if they file their annual property tax rendition late, fail to render or file an incomplete or false rendition.

"If some businesses are not paying their fair share of property tax, honest, hardworking business owners and homeowners," Strayhorn said.

Rendering allows property owners to record their opinion of their property's value and ensures that their property. Owners do not have

Property owners who need more time to file their renditions may file a written request with the chief to receive an automatic extension to May 15. The chief appraiser may also grant an additional 15 days after the May 15 deadline if necessary.

The Comptroller's office also announced that owners whose property was damaged by a storm, flood or fire last year may file a that places a greater tax burden on special decreased value report that could lower their final tax bills. This special form of tax relief also halts a lawsuit filed to collect delinquent property taxes on an older or disabled Texan's home, according to Alice Peddy, chief appraiser of the Hansford Appraisal District. "To stop a delinquent tax suit," Peddy said, "the age 65 and older or disabled homeowner files the deferral affidavit with the court in which the suit is pending."

Once a homeowner files a tax deferral affidavit with the appraisal district, no taxing unit can start or continue a lawsuit for delinquent taxes as long as that person owns and lives in that home.

Two new provisions in the law now address how an age 65 and older or disabled homeowner with a pending sale to foreclose on the

property tax bills in 2005 by taking advantage of homestead exemptions. Application forms are available at the Hansford Appraisal District.

Chief Appraiser Alice Peddy informs homeowners that Texas law allows them to file a one-time application for homestead exemptions. These exemptions reduce the appraised value of the home. "You do not have to pay a fee to file for a homestead exemption," said Peddy.

Property owners who have not received the general homestead exemption on their homes in which they were living on January 1, 2005, and those who became totally disabled or turn 65, must apply this year to receive their exemptions for 2005.

For the general homestead exemptions, homeowners must own and live in their homes on January 1, 2005. Homeowners 65 years of age and older and those who become disabled don't need to own their homes on January 1 to qualify for the age 65 and older or disabled homestead exemptions. State law provides that they may apply as soon as they turn 65 or become disabled, own the home of exemptions for homeowners. and live in the home as their princi- For school tax purposes, all homepal residence.

Peddy said that a property must improvement is taxed at its current meet four tests set by law to qualify for the residence homestead exemption. The person or persons claiming the exemption must own the property on January 1 (homeowners 65 and older or disabled need not own the property on January 1 for the age 65 and older or disabled homestead exemptions only); the property must be designed or adapted for human residence; the owner must use the property as a residence; and the property must be the principal residence of an owner who qualifies the same percentage of tax paid as for the exemption.

land, can qualify for the exemption if it meets the four tests.

'A property owner can still qualify for the homestead exemption if part of the residence is rented out or used for other purposes, such as a home business," Peddy said. "The home will not lose its exemption if the owner moves away temporarily for a period of less than two years, so long as he or she intends to return and doesn't claim another homestead exemption elsewhere."

Texas law provides several types owners may receive a \$15,000 general homestead exemption and homeowners 65 and older or disabled receive an additional \$10,000 exemption. The school tax exemption for those homeowners 65 and older or disabled provides a special property tax "ceiling" for school taxes. While the market value of an elderly or disabled person's home may fluctuate with the market, the school taxes cannot increase above the tax amount in the first year that person qualified for that homestead for the age 65 and older or disabled exemption.

Homeowners can reduce their long as the owner uses them for owner adds a new improvement, such as a room or garage, the new market value and the current tax rates. The new taxes are added to the previous tax ceiling to create a new ceiling.

> Homeowners 65 and older or disabled may transfer the same percentage of tax savings to a new home. The homeowner transfers the percentage of school tax paid on the former home, based on the last year the homeowner qualified that home for the tax ceiling, to the new home. The new tax ceiling is calculated to give the homeowner on the former home. The home-A mobile home, even on leased owner may not claim two different homes in the same year.

> > For example, if the homeowner had a school tax ceiling of \$100, but would pay \$400 in 2005 school taxes without the tax ceiling, the percentage of tax paid is 25 percent. If the 2005 school taxes on the new home are \$1,000, the new tax ceiling would be \$250, or 25 percent of \$1,000. The homeowner may request a certificate from the appraisal district where the former home was located that gives information about the tax ceiling. The homeowner gives this information

The surviving spouse also may transfer the tax savings with the school tax ceiling to another homestead, as discussed above.

The county, city or junior college district may decide to set a tax ceiling provision for homeowners 65 and older or disabled. Each taxing unit's governing body may decide to grant the tax ceiling provision or the local citizens in a taxing unit may petition for an election to vote on granting the tax ceiling provision in that taxing unit.

Homeowners should notify the chief appraiser when they no longer qualify for the general, age 65 and older or disabled homestead exemptions. A 50-percent penalty is added to delinquent home taxes if homeowners fail to notify the appraisal district and receive homestead exemptions to which they are not entitled.

Different types of taxing unitscounties, cities and special districts-may offer different homestead exemptions. Counties must offer a \$3,000 general homestead exemption on the portion of the county tax levied for farm-to-market roads or flood control.

Any taxing unit's governing body may grant an additional optional exemption on the homesteads of disabled or elderly residents, or both. This optional exemption may be no less than \$3,000 from the home's appraised value and has no limit on the maximum amount.

Taxing units may also offer a local option exemption based on a percentage of a home's appraised value. In 2005, any taxing unit can exempt up to 20 percent of the

### Don't get hit with a penalty! "Render" your taxable property by April 15th.

A "rendition" is a report to the appraisal district that lists all the taxable property you owned or controlled on January 1st of this year.

### Who must file a rendition?

You must file a rendition if you own tangible personal property that is used to produce income-such as the inventory and equipment used by a business. If you render late, don't render or file an incomplete or false rendition, a 10% to 50% penalty may be imposed.

### Are there any advantages to you?

The advantages of filing a rendition are:

- You give your opinion of your property's value. The appraisal district must notify you in writing of any value change and explain how you can protest that value to the appraisal review board.
- 138 You record your correct mailing address so your tax bills will go to the right address. If your bill is mailed to the wrong address, the law still holds you responsible for paying your taxes on time or paying extra charges for late payments.
- You can also file a "report of decreased value" to notify the appraisal district of significant depreciation of the value of your property in 2004. The district will look at your property before assigning a value in 2005.

### What's the deadline?

The last day for filing 2005 renditions is April 15. You can get an automatic extension to May 15 if you ask for it in writing on or before the April 15 deadline. The chief appraiser may grant an additional 15 days after May 15 for an owner who shows good cause in writing.

### A variety of homestead exemptions could lower your property taxes!

A homestead exemption lowers the property taxes on your home by lowering its taxable value. If your home is valued at \$50,000 and you receive a \$15,000 homestead exemption, your home will be taxed as if it were worth \$35,000.

### Who qualifies for an exemption?

Anyone who owns a home on January 1 and uses it as a primary residence on that date is entitled to a \$15,000 homestead exemption to lower school taxes this year ... and it doesn't matter if your home is a house, condominium or mobile home. Counties, cities and special taxing districts may also offer homestead exemptions.

### Are other exemptions available?

If you're disabled-or if you're 65 years old or older-you are entitled to an additional \$10,000 school tax exemption on your home. And if you qualify for the over-65 or disabled exemption, you're also entitled to a permanent, locked-in "ceiling" on the school property taxes on your home. (The county, city or junior college may adopt a tax ceiling to lock in 2005 taxes as the highest amount for 65 and older or disabled homeowners.) The over-65 homeowner's school tax ceiling transfers to the surviving spouse, if the spouse is 55 years of age or older at the time of death and lives in and owns the home. The age 65 or older homeowners (or their surviving spouses 55 years of age or older) also may transfer the percentage of school tax paid, based on their former home's school tax ceiling, to a new home.

### Do I have to apply each year?

No. If you had a homestead exemption on your home in 2004, you won't need to reapply for 2005 unless your chief appraiser requires it. However, if you haven't received an exemption on your present home-or if you've moved to a new home-you'll need to file for an exemption for 2005. If you are 65 this year, you may file for the age 65 or older exemption up to one year after the date you turned 65. And if you became disabled, you need to file for the disabled person's exemption.

### When and where should I file?

### ¡Varias exenciones de residencia pueden rebajar sus impuestos de propiedad!

Una exención de residencia reduce sus impuestos de propiedad. Por ejemplo, si su residencia tiene un valor de \$50,000 y Ud. recibe una exención de \$15,000, sus impuestos se calcularán como si el valor de su residencia fuera de \$35,000.

### ¿Quién califica para una exención?

Cualquier dueño de una residencia principal el día 1º de enero tiene derecho a una exención de residencia de \$15,000 este año para rebajar sus impuestos escolares... y no importa si la residencia es casa, condominio o casa móvil. (Los condados, municipios y distritos especiales de impuestos tambien pueden ofrecer exenciones de residencia.)

### ¡Hay otras exenciones?

Si Ud. es incapacitado-o si tiene 65 años o más-tiene derecho a una exención adicional de \$10,000 en sus impuestos escolares de propiedad. Y si Ud. califica para la exención de 65 años de edad o más o está incapacitado, tambien tiene derecho a un "tope" permanente en sus impuestos escolares de residencia. El condado, la ciudad o una universidad de dos años también puede adoptar un tope de impuestos en los impuestos del 2005 como la cantidad más grande para los dueños de hogar de 65 años o más o incapacitados. La exención para los que ya cumplieron 65 años o más y el tope máximo se pueden transferir al esposo/esposa sobreviviente si el o ella tiene 55 ó más años de edad y es dueño/dueña de la casa en donde vive. Los dueños de 65 o más años de edad (o su esposo(a) sobreviviente de 55 años de edad más) también pueden transferir el porcentaje del impuesto escolar pagado, en base al tope de su casa pasada, a su nueva casa.

### ¿Debo solicitarla cada año?

No. Si Ud. recibió una exención de residencia en el 2004, no hay necesidad de solicitarla de nuevo en el 2005-al menos que se lo pida su jefe de valoraciones. Sin embargo, si no ha recibido una exención en su residencia actual-o si ha cambiado de domicilio tendrá que solicitar una exención para el 2005. Si cumple 65 años durante este año, tiene hasta un año de esa fecha para solicitar una nueva exención. Si resultó incapacitado, tendrá que solicitar la exención de personas incapacitadas.

### ¡Cuídese de las multas! "Presente" su propiedad antes del 15 de abril.

Una "declaración de propiedad" es un reporte para el distrito de valoraciones en donde Ud. enlista toda la propiedad que poseyó o controló el día 1º de enero de este año.

### ¿Quién debe hacer una declaración de propiedad?

Debe hacer una declaración de propiedad si Ud. es dueño y gana ingresos de una propiedad personal-por ejemplo, el inventario y equipo utilizado en un negocio. Si usted no declara a tiempo, o si presenta una delaración incompleta o falsa, se le puede imponer una multa de un 10 hasta un 50 por ciento.

### ¿Que ventajas me da?

Las ventajas de hacer una declaración de propiedad son:

- Id. registra su opinión sobre la valoración de su propiedad. El distrito debe avisarle por escrito y explicarle como protestar el nuevo valor y el cambio ante su junta de revisión.
- Registra su dirección correcta para que le puedan mandar sus tarifas de impuestos. Según la ley, Ud. es responsable por pagar sus impuestos sin demora o de pagar cualquier multa que resulte por haberlos pagado tarde-aunque la tarifa se haya mandado a una dirección equivocada.
- ra También puede someter un "reporte de valoración disminuida" para avisar al distrito de cualquier reducción significativa en la valoración de su propiedad en el 2003. El distrito examinará su propiedad antes de designarle un valor en el 2004.

### ¿Cual es la fecha límite?

El 15 de abril es el último día para mandar sus declaraciones para el 2005. Puede obtener una extensión automática hasta el 15 de mayo si la pide por escrito en o antes del 15 de abril. El jefe de valoración/tasación puede extender su plazo otros 15 días despues del 15 de mayo si usted puede mostrar una razón justificada para la extensión.

¿Dónde hago mi declaración? Haga su declaración con su distrito local de valoraciones en: Hansford Appraisal District 709 West 7th Avenue · Spearman TX 79081-3407 (806) 659-5575 or 800-372-5411 Para más información, visite su distrito de valoración y obtenga una copia de "Impuestos Sobre la Propiedad en Texas I well 0521. Emily Miser won top hand Saturday at the Walkathon held at the Spearman Walking Track. Mayor Steve Benton determined the winning hands with Lynna Renner, Jordan Miser and Judy Nelson drawing the top hands. Texas Cooperative Extension sponsored the "Deal a Winning Hand for Women's Health" as walkers kicked off their spring exercise program. Donors for the event were Pizza Hut, Gordon's Drug, Sarah's Nails, B&B Sales, Murmurs, Simple Simon's, Dairy Queen and Bunkhouse.

Bowers of Pampa, grandsons of Joel Lee and Joyce Lackey, were in the group. Jim said they really did a nice job of cleaning up their camping site.

Does and their yearlings were more visible than usual this week. Jim saw them in groups of six to eighteen. They were looking a little rough as they were still wearing their winter coats. The bucks are still in hiding.

Another spring surprise was a spruce tree with what appeared to be reddish blossoms. Marguerite Nelson brought a cutting from the tree owned by Bobby and Carolyn Hicks here in Gruver. Bobby, one morning with the sun shining full on the tree, noticed the red blossoms and called his wife to come look. They have had this tall spruce since 1973 when they bought the house, but had never seen it with the redbud finery before.

With the help of the internet, I learned that the male cones of a spruce tree are found in the spring near the branch tips and are often mistaken for reddish buds. These cones have a short life. The female cones, which appear near the top of the trees, are produced in the summer and are not fertilized until the next spring.

### **Football Coach Jones Resigns Effective** Immediately

West Texas A&M University head football coach Ronnie Jones resigned Tuesday, April 19 following a University investigation that concluded he used state and school resources for personal gain.

The resignation was accepted and placed into effect immediately y Ed Harris, WTAMU athletics director.

Jones had been placed on paid administrative leave April 13 pending outcome of the investigation.

This September, Jones would have begun his fourth year at the helm. The Buffaloes posted a 5-27 record in three seasons under Jones.

Harris said WTAMU assistant coach and offensive coordinator Lee Hays will serve as acting head coach.
