No. 14

EDUCATIONAL RALLY HELD

Several Addresses in the Interest of Education and General Good Time Last Friday Night.

Those who attended the Educational Rally at the Christian Church Friday evening were well repaid for the time spent. The rally was given in the interest of Hereford College and was largely attended by the citizens of Hereford and community.

After the invocation given by Rev. J. C. Boyd of the Baptist Church, Miss Carter gave a humorous reading that put the house in a good humor for the rest of the program. Pres. Shirley then introduced Pres. Cousins of The West Texas Normal College who was the chief speaker of the evening. The peer of Mr. Cousins speech is seldom heard when education is taken for the topic. The handling of the subject showed that the speaker had put much time and thought in its preparation. In fact the greater part of Mr. Cousins life has been given to the subject of education in Texas. The speaker first dwelt on the duty that every person in a town or community owes to their children and their children's children in establishing and maintaining schools and colleges. It is a duty that we dare not neglect and one that we should be proud to carry out. The return on money thus spent cannot be measured in dollars and cents but will bring its returns in character, the uplift of the community and the raising of the standards of morality and virtue. He also dwelt with emphasis on the duty of the schools to the people, saying that they should not make claims that they are not able to carry out and promises that they cannot fill. Be honest with those they have to deal with and merit their patronage and support. Intermixed with the thoughtful things of the lecture were spots of humor and wit that added greatly to the entertaining part of it. The close was marked with a hearty round of applause.

Supt. Short of the High School was the next speaker and he spoke on the relation of the High School to the College where they were in the same town. Harmony and cooperation should be the things that should attend this condition if the greatest good is to be accomplished and mutual benefit result. He stated that such was the case at present and that he would ever strive to keep it so. Prof. Short having lived for a number of years in a town where there was a college and high school was especially well prepared to handle the subject.

S. T. Shore of the Christian Church spoke next and dwelt on the moral side of college life. Neglect the morals of a boy or girl during the time they are in college and there is no use in the rest of their education was the fact he brought out.

Rev. Sherman of the Methodist church then proceeded to the financial part of the matter and called for donations for the maintenance of the college for the next year. Quite a nice start was made and this will be pushed in town during the next few weeks and out in the state during the summer. Let us follow the advice of Pres. Cousins

and make our college what it ought and deserves to be.

The ladies of the Christian church as a fitting close served ice cream and cake. May this be one of many such occasions that will be given in the interest of education in Hereford and the Panhandle.

Dr. B. G. Prestridge of Alvarado, an old friend of the Brand, was in the city Tuesday looking after land interests which lie about eleven miles west of town. The Doctor was in attendance at the State Medical Association at Amarillo.

SECOND WEEK DISTRICT COURT

Some Prominent Criminal Cases Disposed Of—Several Eminent Lawyers and Sheriffs Here.

District Court has been working on the Criminal Docket this week, the case of The State of Texas vs. W. B. Slaughter being the first one called. The defendant in this case was indicted for theft in Hartley county, a change of venue having been taken to this county, and the jury returned a verdict of Not Guilty as charged.

In the case of The State of Texas vs. C. E. Oakes, Embezzlement, the District Attorney's motion for a continuance was refused and the case was dismissed on account of inability to secure out of state witnesses.

On Wednesday afternoon the case of the State of Texas vs. Mrs. B. Manley, Assault to Murder, went to trial. There is unusual local interest shown in the trial of this case, the courtroom being crowded to overflowing from the beginning. Messrs. Knight & Slaton of Hereford and Ridgell and Force of Rockwall are defending Mrs. Manley and the prosecution is being conducted by District Attorney Sellars, assisted by County Attorney Dameron.

The grand jury reconvened last Saturday, returned two indictments and adjourned until Saturday, May 13th. Two of their number, however, are engaged in auditing the county books this week.

Judge Jas. A. Graham of Amarillo, the newly appointed Chief Justice of the Seventh Court of Civil Appeals, has been attending court at Hereford this week. He states that the members of the new court will have a meeting in Amarillo next Tuesday for the purpose of selecting a clerk, bailiff and stenographer.

Among other visiting attorneys attending court here this week were, W. W. Moore and Del W. Harrington of Dalhart, Jno. W. Veale of Amarillo, L. C. Penry of Plainview and E. R. Ridgell and Judge Force of Rockwall, Texas.

W. D. Wagner, Frank B. Farwell, T. R. Day, C. E. Oakes and W. B. Slaughter of Dalhart, J. D. Rawlings of Sherman county, Barnett O'Bryan of the Channing Courier, J. E. McAllister and E. S. Collins of Channing and F. S. Vaden of San Antonio, have been in attendance on court here this week as witnesses in the Slaughter and Oakes cases.

R. C. Hopping, Sheriff of Palmer county, G. W. Martin, Sheriff of Hartley county, M. W. Armstrong, Sheriff of Oldham county and Sheriff Ward of Tucumcari, have been visitors in town this week.

In the case of the State of Texas vs. Mrs. Manly the jury returned a verdict of "not guilty" late Thursday afternoon.

WATER CARNIVAL AND BARBECUE

Date Set For Flow—Million Gallons of Water Thursday to Saturday, June 15-17.

Plenty to drink and plenty to eat. Pure, sparkling water, a million gallons and more if needed, will be poured out for the benefit of our visitors on June 15, 16 and 17. And to close the event, on Saturday a free for all barbecue, the kind that the cowboys used to give, will be given. This was the unanimous decision of the citizens at a general mass meeting Tuesday night at the court house. F. H. Oberthier acted as chairman and after an all round discussion, a motion was carried that a two days water carnival and barbecue would be given. Free transportation to and from the wells would be for all visitors, the barbecue for all comers.

This water carnival and barbecue is intended to furnish a pastime entertainment for the Odd Fellows and the thousand friends who will be here on the days mentioned. "These hale fellows well met" will be given the freedom of the town and country.

They will not be expected to pay for anything they see and want—free eat, free drink (water), free sleep and free air. A lot of all and each kind. The water gates will be turned loose. The three big irrigation wells on the McDonald Farms will be running in full force and while many people have seen water before, when they come to Hereford they will forget the small quantities and forever after talk only of the big gushes at Hereford.

Warning: "If you can't swim don't go near the wells."

The Odd Fellows conclave will be in session Thursday, Thursday night and Friday. On Friday afternoon their entertainment will begin, and if they know how to enjoy real hospitality, Hereford will show them the greatest time of their lives. Come to Hereford on the Carnival Days. Special rates will be granted by the Santa Fe and other roads and it is fully expected that three thousand people will be here on the third day, the big day.

The committee in charge will make a schedule of program which will be published in due time. This event will be largely advertised throughout the Panhandle and Texas, and even in other states. Circulars, hangers, etc., will be scattered everywhere announcing the event and the people of Hereford must make good.

Mary's Lambs.

If Mary was here now she certainly would be happy. 50,000 little lambs would surely disturb any school and cause the scholars to break the rules. From all reports there are that many lambs in Deaf Smith county right now. Some of the herds are showing over 100 per cent increase. The flock of Mayer J. H. Head has 600 frolicing lambs, including 32 doublets, and having lost by accident 19, his herd is 13 lambs ahead. Other owners have had equally or fortunate success.

Eastern Star Meeting.

All members of the Eastern Star are urged to attend the meeting to be held tomorrow (Saturday) afternoon at the regular hour.

YOU'LL LIKE HEREFORD!

Firm Changes.

The firm of Sumrall & Bennett, tinnern and plumbers, composed of Hall Sumrall and Chas. Bennett, has had a change, Mr. Sumrall selling his interest to W. W. Bennett, father of Chas. Bennett. The father and son will enlarge and continue the business under the firm name of Bennett Plumbing Co. They will still occupy the same place and solicit a share of the tinning and plumbing business.

I'll meet you at the Corner Drug Store. 38tf

MONDAY IS TO BE CLEAN-UP DAY

City Council Sets the 15 Inst. as General Clean-Up Day for the City of Hereford.

A proclamation issued by the city council and Mayor Head, and bearing the signature of J. H. Cardwell, Mayor pro tem, authorizes the announcing of Monday, May 15th as general clean-up day for Hereford.

This is not for the business section alone but for the entire town. So get busy early Monday morning and have your premises cleaned of trash so that when the wagons, furnished by the city, call all will be in readiness. These wagons will only haul trash when it is either sacked or properly piled, and will not haul dirt and ashes.

Music and Oratory.

On the evenings of Friday and Saturday, May 18 and 19, there will be given in the college auditorium two entertainments by the Music and Oratory departments of the College.

Friday evening will be given to the recital by the students of music and oratory and on Saturday a play will be given. Also at this time there will be awarded two scholarships for next term in Texas Christian University each amounting to fifty dollars. These are to be given to the students that have made the highest average grade during the past year. It is also necessary that three different branches have been pursued. There has been quite a deal of rivalry in this matter and the race has been close, in fact it is not yet decided who the winners will be.

The term just closing has been very successful in the way of good work and good spirit as not a single incident of a serious character has marred the year's work. The attendance has not been as good as it should have been, but under the conditions and circumstances it has been gratifying.

Come to these entertainments and enjoy yourselves and show your interest in the work that your and your neighbor's children are doing.

Special Edition.

The special edition keeps on growing. It will be a hummer and no business firm or shop keeper in Hereford can afford not to be represented in the advertising pages of this issue. If you have not made a contract for "space," don't wait to be solicited.

Will Drill For Oil.

Ed. F. Connell announced to a Brand representative this week that he had let the contract for an oil well to be sunk at Glenrio. The contract calls for two thousand feet, and further if necessary, and was let to the Reasnor Well Drilling Co., of Illinois.

REBELS WIN JAUREZ FALLS

Large Quantities of Ammunition Taken by Insurrectos—Establish Provisional Government at Jaurez.

After the bloodiest battle of the Mexican Revolution, the border city of Jaurez was captured by the rebels on Wednesday. Col. Garibaldi of the insurrectos receiving General Navarro's sword at about one o'clock. Much bravery was displayed by each faction. Col. Tamoborel, who had taunted the rebels as cowards was killed in the engagement. Gen. Madero, commander-in-chief of the insurrecto forces paroled Gen. Navarro and his officers after receiving their word that they would not leave the city.

Yesterday (Thursday) the provisional government of Mexico was established with the fallen city as the capital, and Francisco I. Madero as provisional governor. An entire cabinet was also named, distinguished men of the rebel cause, filling the places.

The Amarillo District Conference.

This body will convene in Hereford on the 17th inst at 8:30 p. m. The opening exercise will be a sermon by Rev. A. L. Webb of Canyon City. You will miss something "worth while" if you fail to hear Bro. Webb.

The Amarillo District embraces fourteen counties in the northwest corner of the Panhandle of Texas with 17 pastoral charges. This new district was formed last fall at Clarendon out of the old Clarendon district with the Rev. O. P. Kiker as presiding elder. Our elder has made a fine record so far and doubtless at the end of the year will be able to answer, "a good year Bishop."

The personell of his helpers and co-workers as follows: Rev. E. E. Robinson, Amarillo Polk Street Church; Rev. Leslie Robinson, North side; A. H. Hussey, Bovina; T. E. Graham, Channing; A. C. Smith, Dalhart; J. T. Howell, Dumas; B. J. Ashborne, Hansford; D. W. Hawkins, Ochiltree; A. L. Bowman, Panhandle; W. B. McKeown, Pampa; J. W. Mayne, Stratford; Thos. S. Hanks, Texline; W. P. Edwards, Wildorado. There are two or three new charges that have been formed and their pastors will be here to represent the same. Four lay delegates will be elected from each pastoral charge. Many of them will be present with a number of visiting ministers representing special interests such as College men, Missions, Church Extension, Laymen's Movement, Woman's Boards, etc. We are expecting four days of splendid service.

Communion service Thursday morning 9 a. m. Organization 10 to 11 a. m. Preaching 11 a. m.

The citizenship of the town is cordially invited to be present from service to service and day to day.

Most of the above brethren are known in the Panhandle of Texas and need no words of commendation from this scribe. The presiding elder, pastor and visiting brethren all desire a good religious occasion. Let us make it such. Judge J. E. Slaton will deliver the welcome address Thursday 10 a. m. May 18th.

J. L. Fuqua was in Amarillo Saturday.

THE WORK OF THE PUBLIC SCHOOLS

The following article taken from the Granbury News was written by Mrs. Henry J. Kerr, who taught in the Public School of Hereford some 6 years ago and at the time was Miss Kathline Nunley. She is a sister to Mrs. T. A. Cox.

"A strong tendency towards criticism of the public school system has long been noted by the reader of recent periodicals.

Indeed, in some instances, this attack has been open and severe. "What is the matter with our public schools?" may be heard on all sides. New York voices the cry and from the Pacific coast comes the echo. The new South arises to repeat the question; and the middle West joins the refrain.

The most vulnerable point seems to be the curriculum, and here the darts of inquiry are falling in great numbers. An article from "Success" recently quoted by this paper, prompted the writer to present in tangible form hitherto-unuttered but smoldering protests aroused by the complaints referred to above.

These protests are the outgrowth of an intimate relationship with the public schools of Texas. They emanate from the heart of one who for many years found her work in the school room a source of joy and uplift.

Chief among the complaints is the generally accepted conclusion that the course of study in the public schools in no way fits the pupil for his life work, that it simply gives him a start in many directions without thoroughly preparing him for any one line of work.

With due regard to the motive which prompts the censor of the public school, since we know it is a desire to improve present good, the writer believes the present system worthy of more credit than it generally receives.

True, it does not prepare the pupil for any special profession; but is the aim of our free schools to specialize? Are they not rather expected to so develop the general faculties of the mind as to render it capable of pursuing special lines afterward?

This, I believe to be the highest aim of early education. Let it develop the intellect of our youth, moulding the plastic clay into such form of character and intelligence as will enable the beneficiary thereof to stamp upon him his later life whatever impress he may choose.

Nowhere, except it be in the home, is influence more potently wielded than in our public schools. In the

primary and grammar grades this may be noted daily.

When the student reaches the high school, he still receives impressions which go towards making up his character. But these impressions are less numerous, his nature being less susceptible than it was in his more-tender years.

Every student of psychology knows that the mind is made up of different divisions—the intellect, sensibilities, and will. To properly educate the child, we must develop each of these; nor must the body be neglected. This is an important part of school work—the systematic development of the physical being. A competent teacher in a thoroughly equipped school room is prepared to direct the child along these lines.

It has been claimed that we try to teach too many branches, thus failing to teach any well. Some cause for complaint may be found here; let us see.

Take the old time school with its limited curriculum. "What fine spellers they were!" cries one. True, they knew the good old Blue-back from "hi" to "incomprehensibility." That is, the pupils could spell the words.

But what could he tell of their origin, meaning or use? Nothing! The grammar grades to-day requires the child to study words, and they are given new meaning, beauty and power in the process. Spell the word, write it, give its origin, define, use it in a sentence.

Look at the mental development which now results from the study of a word!

Memory, language, history, accuracy, rapidity of thought and skill in penmanship.

Is it not better that our free schools give a right start in all these directions rather than to specialize? There is not time in the eleven years of the course to do more.

A high school graduate should have a mind so broadly developed and well started on general lines, that he can ably take up any special line he may choose and follow it to his ultimate satisfaction and success.

The gray matter in the brain increases in proportion to the amount of work the mind performs. In the brain of the child who is being led to study and think for himself, these brain cells are constantly being re-constructed. This is what the child needs. Neglect any branch of study, and the part of the brain depending upon that source of thought as a

means of growth will remain dormant.

The farmer is all the more fortunate, if he have a knowledge of English, the barrister will get more out of life if he knows the world's best literature.

The physician is none the less successful, if early in life he learned how to find the square root.

Narrow our curriculum down to a few studies and many children will never know the joy of entering into those beautiful paths of knowledge that lead the soul upward where are spread out before it vistas of beauty and visions of glory.

Pestalozzi gave the child lessons

in geometry at the beginning, and under the guise of play. Froebel taught the principles of mathematics to the little ones.

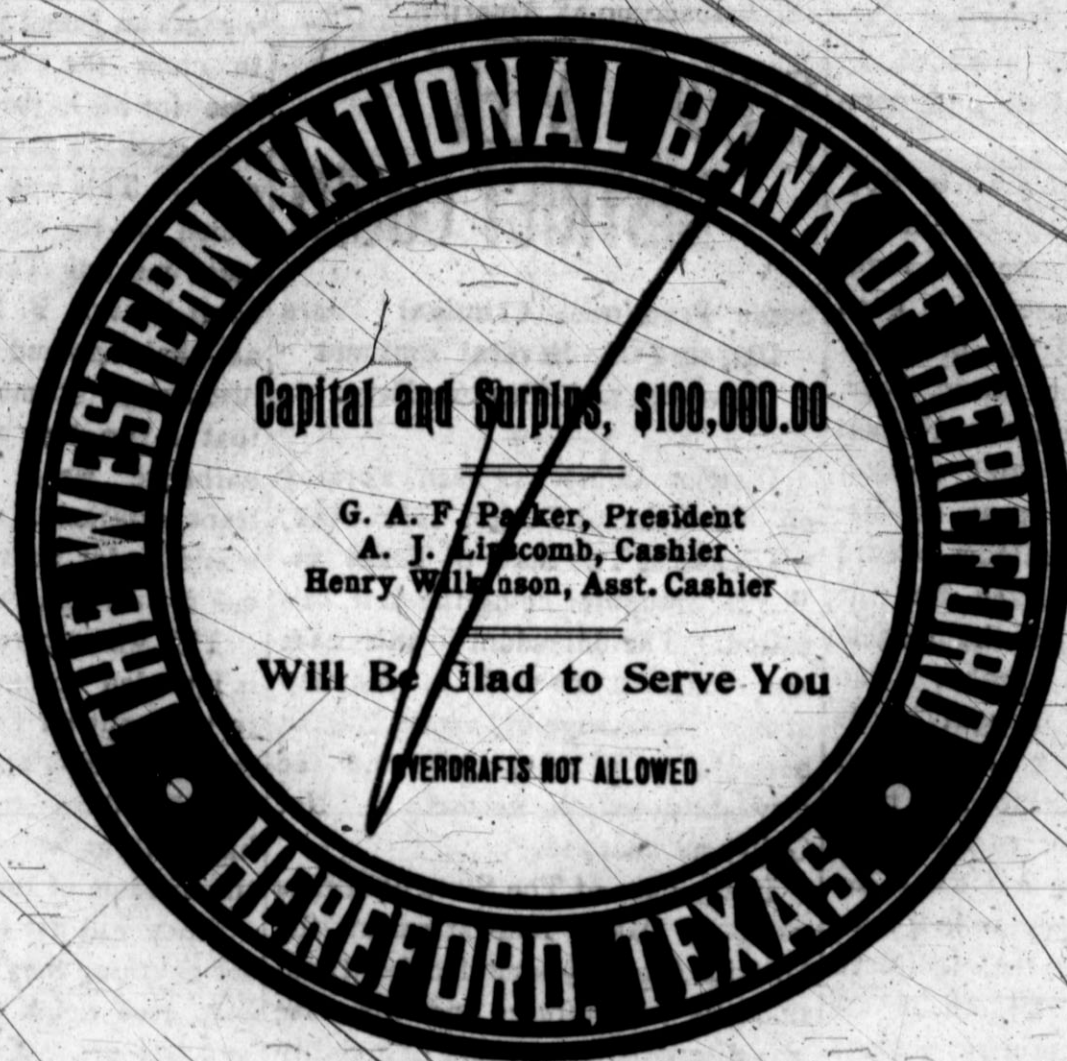

One little fellow in a rural school learned from his dearly beloved physiology that working immediately after eating delayed the processes of digestion, and never thereafter could he be urged to do the chores until he had rested awhile for his food to digest. Another lad took home and applied the knowledge he had gleaned from the little text, and against the protests of his older brother, insisted upon having their sleeping apartment ventilated at night. Thousands of cases might be cited

where the extension of the public school course has meant broader living and higher thinking for children who never reached the high school.

Again, the aim of the high school is not to fit men and women for special professions, but for the ordinary ways of life. Most of them tread in the lowly paths; and those who have talent and desire for deeper research or peculiar positions are well prepared for further investigation in the branches they prefer.

There should be a closer tie between the public school and the higher institutions of learning.

WORK OF THE PUBLIC SCHOOLS

(Continued from Page Two)

More credit should be given to Professor Arthur Le Fevre; former superintendent of public instruction in our State, for the tireless efforts he made to draw more closely the lower and higher schools.

Let our high schools affiliate themselves with our colleges and universities, especially with the latter, that the high school diploma may give the youth an entrance into wider fields of research.

Let us not demand of the public schools that they fit the young for any special calling—carpenter, blacksmith, machinist, bookkeeper, pharmacist, physician, teacher, lawyer—each has his special line of study. To successfully fit himself for his chosen work, he should have as a base on which to build, a common school education. Why not in

our public schools aim solely to cultivate the powers of concentration, accuracy, memory, reason, decision and volition, thus investing the youth with that which will enable him to achieve whatever worthy task he undertakes.

And the girls who are to become the wives and mothers of tomorrow, are they not entitled to receive from the public school such general culture as will give them poise of body, strength of character, keenness of intellect, and an appreciation of the beautiful in life? All these may be their heritage if they finish the public school course as it now stands. Let the "sweet girl graduate," who by virtue of necessity or choice determines upon a "career," go her way from the high school with her treasured parchment adorned with streamers of blue, to the halls higher culture, for from these she is no longer barred. There, let her and the youth whose footsteps have led him

hither, delve deeply into the pent-up stores of learning, fitting themselves worthily for the place they aspire to fill. Remember, they are building upon a foundation of solid stone. The impetus to achieve and the capability to apply themselves to the accomplishment of their aims were awakened and fostered in them by loyal, efficient teachers in the public schools.

Yet, if worthy and capable sages, or retired pedagogues, or even eminent statesmen, deem it wise to improve upon the present system of our public schools, methinks they can better do it by extension rather than curtailment. Add, if must be, the departments of manual training to the present course and extend the school period. Thus will the pupil who desires a course in manual training be permitted to complete the same in addition to the ordinary high school curriculum. This, it seems, might be the wiser plan, giving, as it would, a chance to secure partial preparation for one's chosen occupation. Something might be said in praise of the old practice of apprenticeship, where a boy began at the bottom and fitted himself for his trade by learning everything about it—as Squeers said, by doing it. This phase of the subject may be discussed later.

NO REASON FOR DOUBT.

A Statement of Facts Backed by a Strong Guarantee.

We guarantee complete relief to all sufferers from constipation. In every case where we fail we will supply the medicine free.

Rezall Orderlies are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so easily that they may be taken by any one at any time. They thoroughly tone up the whole system to healthy activity.

Rezall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. Two sizes, 10c and 25c. Remember, you can obtain Rezall Remedies in this community only at our store—The Rezall Store. For sale by Corner Drug Store.

Frio Items.

Rev. Hussey filled his regular appointment here last Sunday.

Mr. Jennings and wife of the Harrott neighborhood and Mr. Moore and wife of the Bandy neighborhood attended church here Sunday.

Walter Magers of Itasca, Texas, is visiting friends here.

Jim Green returned home Friday after spending a few months at Frost, Texas.

Dorris Stanley and Jim Green left Monday for Amarillo.

Mrs. Maggie Stanley and daughter spent Saturday night with Mrs. Womble near Sulphur Park.

Miss Claudia and Sammy Sain and Walter Magers spent Monday with W. B. Green and family.

We will meet Sunday afternoon at 4 o'clock for the purpose of organizing a Sunday school. All that are interested in a Sunday school are urged to be present.

Miss Maggie Ray Stanley is spending a few days at Amarillo with relatives.

Mr. Jennings and wife ate Sunday dinner with Frank Axs and family.

SUB-IRRIGATION

A New Tile Factory for Hereford. A Porous Tile—The Hardin Tile and System, Patented. All Infringements will be Prosecuted.

Plan showing how the demonstration acre at Mr. Womble's is laid. Length of line, 1320 feet. Distance apart, 25 to 50 feet. Depth under ground, 16 inches to 2 feet.

During the past week Mr. M. T. Burks, of Wildorado, Texas, representative of a local syndicate of Panhandle men, has been busy installing, upon the property of Troy Womble, 602 25-Mile Ave., the above system of porous tile for sub-irrigation. Mr. Burks brought with him to Hereford, J. Port Hardin, inventor and soil expert from Oklahoma City, who superintended the work of putting in the above system and made various tests of soils and sub-soils, and also took considerable data on the supply of water. The local syndicate Mr. Burks represents will be known as The Panhandle Sub-Irrigation Company with present headquarters at Wildorado, Texas. It is the intention of the Company to install plants for the manufacture of this wonderful tile at Hereford and Amarillo. This syndicate having secured control of all rights and privileges of said patents for the counties of Deaf Smith, Potter, Oldham, Carson, Armstrong and Randall.

The porous tile in this system is made of practically indestructible material and with proper care it becomes a permanent feature and continues from year to year to increase the value and productivity of the land in which it is installed. The tile is intended for sub-irrigation and surface drainage and is laid in the ground so as to carry the water in a continuous line of tiling by an uninterrupted flow by force of gravity from a tank at a high point of land to a well or other natural source from which the water is had primarily. The surface of the soil remains intact, there is no waste of land and all the water which does not escape in the land is saved.

They invite the people of Hereford to visit the demonstration now in and to see it often for the next few weeks, and ask that all farmers come to see it and become familiar with the great possibilities it presents for general use on the farm at a cost within reach of every man who owns land. This system is being widely used in various places and they will be glad to show you testimonials both locally and from a distance.

The above is our authorized announcement and ad paid for and we ask you to come and see for yourself or write for full information to

The Panhandle Sub-Irrigation Company
Wildorado, Texas

P.S.—We will have a couple of car loads of this tile in a few days and will be glad to fill any orders, and see to its laying personally.

OLD STORIES

that are facts never wear out. Among them must be listed the one about "Niggerhead" Coal being best. We've been saying this for 4 years and are backed up in the bold assertion by our many customers who will accept no other.

We have the most complete stock of Grain, Hay and Field Seed in Hereford. Come to see us south of Passenger Depot.

Reaping the Harvest.

Hereford theatre goers are assured a rare theatrical treat tonight in "Reaping the Harvest," which Mr. Edward Young is offering.

It is a pure, wholesome, rural drama, much on the style of "Sweet Clover," and like that great bill, was made famous by Otis Thayer, and played by him for nearly two years.

It provokes at times the greatest laughter, and the few exciting climaxes serve but to accentuate the rare humor that pervades the piece.

In the second act opportunity is given for good music and Mr. Young demonstrates his musical ability by giving a beautiful solo.

The title, which might be misleading, should not be taken literally, but in this case is only another way of expressing that old and true note of warning "as ye sow so shall ye reap."

Reduced summer prices 25-35. Reserved seats at Betts-Millard Drug Store.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all dealers.

Fresh On the Mind.

All who have paid up their subscriptions and have thus had their "reputation extended for another year" will please note the change of date on their labels. If proper credit has not been given, please call attention to the error now, while it is fresh on your mind.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Hereford People Appreciate This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They help sick kidneys. They are for backache, and other kidney ills.

Here is Hereford evidence to prove their worth.

Mrs. J. W. Fewell, 306 Miles Ave., Hereford, Texas, says: "About two months ago I got a supply of Doan's Kidney Pills from Woodburn & Sons Drug Store. I had been troubled by backache, lameness across my loins, dizzy spells and headaches and as Doan's Kidney Pills were strongly recommended to me, I decided to try them. I found this remedy to be a most reliable one for troubles of this kind and since using it, I have improved greatly. I now sleep better, am free from the distressing symptoms of kidney complaint and do not have that feeling of languor."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DEMONSTRATION ACRE NOW IN

Panhandle Sub-Irrigation Co. install Hardin Tile at Troy Womble's Place on 25-Mile Ave.

The Panhandle Sub-Irrigation Co., with present headquarters at Wildorado, Texas, have finished the installation of the free demonstration acre at Troy Womble's place on 25-Mile Ave. The company being represented by M. T. Burks.

The tile was installed under the direction of J. Port Hardin, patentee of the tile, inventor and soil expert of Oklahoma City.

The Panhandle Sub-Irrigation Co. is composed of Messrs. M. T. and J. V. Burks, Geo. F. Ballew and J. T. Northcutt all of Wildorado, Texas, and they control the sale of the Hardin tile in six counties of the Panhandle: Deaf Smith, Oldham, Potter, Randall, Carson and Armstrong.

It is the intention of Mr. Ballew to make his residence in Hereford in the near future, and as it is the purpose of the company to install local factories as soon as the business will justify the same. Mr. Ballew will be superintendent and representative at this place.

The company invites all that are interested in sub-irrigation to look over the demonstration acre at Mr. Womble's. Their opening announcement appears in another part of this paper.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. It is the only positive cure now known for the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the formation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

Kaffir corn and maize seed for sale. \$1.00 per bushel. A. G. BELL. 8-8t

FOR BALD HEADS.

A Treatment That Costs Nothing If It Fails.

We want you to try three large bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in the remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

For Sale by Corner Drug Store.

R. L. Wilson of Summerfield was a caller at the Brand office Monday. He says the weeds are looking good, wheat very well, oats fine. His principal crop will be maize and kaffir corn.

The Brand will have a fine lot of Calendars in a few weeks from which the merchants and banks may make their selections for 1912. The prices will be right. There is no use to be in a hurry about buying. 1t

YOU'LL LIKE HEREFORD!

When will the Special Edition come out? This question has been asked several times. The answer is this. It's a bigger job than we thought and as it keeps growing in size, the time of its issue is of little consequence. It will make noise enough when it "comes out" that every body will know about it.

Mrs. Frankie Houssels of Childress is in the city on Educational Work. She reports that much interest is being manifested along the line of co-operation between mothers and teachers. Mrs. Houssels will complete the work here in about a week.

RAISE CANE!

This is the year to raise cane. We have the seed—Sugar, Orange and Shumac. Sweet potato, cabbage and tomato plants are ready. ROSWELL SEED CO., ROSWELL, N. M.

This Cures Rheumatism

There's been a lot of scientific "guessing" about Rheumatism, but it's pretty well proved that Uric Acid in the blood is what makes the trouble.

Kidney weakness—failure to filter the blood, to rid the system of waste matter, results in the accumulation of uric acid

The passages become clogged with deposits—this sets up an irritation which affects the kidneys and bladder and the final result is an inflammation.

When the inflammation gets in you are in serious trouble—don't allow it to go that far—get ahead of it—avoid dangerous complications—start early and use

NYAL'S STONE ROOT COMPOUND

This preparation will restore the kidneys to their normal condition, cleanse the blood of poisonous waste matter, start rich red blood coursing through your veins and keep you in excellent health.

We are not recommending a patent medicine—this is a prescription medicine composed of drugs of known virtue—we know what they are and that is why we are so sure of our ground.

Certain relief from kidney troubles—in 50c and \$1.00 bottles. Whatever a good drugstore ought to have—and many things that other drug stores don't keep—you'll find here. Come to us first and you'll get what you want.

"THE NYAL'S DRUGSTORE"

BOUNDARY PARTY REACHES TEXICO

Surveying Corps, Headed by Cockrell and Scott, Arrive Yesterday.

Texico, N. M.—The Texas New Mexico boundary surveying party, led by Hon. F. M. Cockrell, United States commissioner, and Sam R. Scott, commissioner for Texas, reached this place this afternoon and pitched camp one mile west of here.

The line that is being run between Farwell and Texico fully proves out the line as heretofore established, under the recent claims as the Clark survey indicated. It is believed that the original state line will be maintained as the result of the present expedition.

Plants Now Ready.

Cabbage, potatoes and tomato plants now ready. See G. C. Major, South Hereford or phone 97. 12tf

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by all dealers.

Huiskamp's Calendar Shoes

Made in many different styles—all the latest creations for street or dress wear. These shoes have the material, style and workmanship of \$5.00 shoes, but sell for \$3.00 and \$3.50. Each pair of Calendar Shoes have a small calendar attached. Mark down the date on which you begin to wear them—when worn out count the days of comfortable wear you have had. You will be surprised and more than satisfied, and will never hesitate to buy another pair.

Parrott Paragraphs.

The seed time is truly here and the "men of wrath" are laying a foundation for a bountiful harvest because "they love husbandry." Such a happy, beautiful time as we had the last day of school is not oft repeated. If you could have partaken with us of our bountiful noon banquet you would echo the saying of one of our ladies, "talk of starvation in the Panhandle" and agree with us that what in this country of ours is all a "pipe dream."

Turkey, chicken, cured pink ham smoked with maize stalks, lettuce and radishes from our gardens, all home products. Then the dainties of life were not wanting for our good mothers know the art. There were about seventy that partook with us. Then the evening offered us a most delightful treat in one of Miss Wagner's most charming programs. It was all fine, but we cannot forbear mentioning the dialogue by Mabel Hacker and Charlton and Ned Neely. One don't often hear better things.

Mable Hacker is an artist. And then our quartette was greeted with enthusiasm by all on their first appearance in public. It consists of W. B. and J. Hacker and B. F. and R. S. Neely. They were repeatedly encored, in spite of the length of the program and the lateness of the hour, and so we won't tell what time it was when we got home. They made very good music and when they have had some more practice I am sure we will be proud of them. The following was the program:

- Song, "Welcome" 5 girls, 3 boys.
- Salutatory Loretta Wagner.
- Recitation, "What Adam Missed" Willie Fincher.
- Dialogue, "An April Fool" 4 girls.
- Recitation, "Legend of Bregenz" Hazel Hacker.
- Song, "Summer Time" 4 girls.
- Recitation, "The Boy's Complaint" Thomas Metcalf.
- Dialogue, "Keeping on the Right Side" 1 boy, 2 girls.
- Recitation, "Preacher's Vacation" Ethel Jennings.
- Song, "May" 5 girls, 3 boys.
- Recitation, "No. 39" Waldo Jennings.
- Scarf Drill 8 girls.
- Recitation, "When Father Hangs a Picture on the Wall" Will Hacker.
- Quartet Neely and Hacker Bros.
- Dialogue, "Mother's Aid Society" 5 girls.
- Recitation, "Over the Hill to the Poorhouse" Gladys Hacker.
- Song, "Lovely Spring Has Come" 4 girls.
- Recitation, "Shades of Spring" Florence Hacker.
- Dialogue, "Recipe for a Potato Pudding" 3 girls, 1 boy.
- Recitation, "Boys' Troubles on Last Day of School" C. Hacker.
- Song, "Commencement Song" School.
- Recitation, "A Six Year Old" Willie Metcalf.
- Dialogue, "Personating Olders" 2 girls.
- Recitation, "Mrs. Piper" Mabel Hacker.
- Quartet Neely and Hacker Bros.
- Recitation, "Nellie's Victory" Rhoda Bess Fincher.
- Song, "The School House" 5 girls, 3 boys.
- Recitation, "The Man Behind the Plow" Ned Neely.
- Song, "Beautiful Springtime" 4 girls.
- Dialogue, "Train to Mauro" 2 boys, 1 girl.
- Quartet Neely and Hacker Bros.
- Recitation, "An Incident of War" Alva Metcalf.
- Class Prophecy Floyd Hacker.
- Valedictory Meta Wagner.
- Song, "Farwell" 5 girls, 3 boys.

We are going to hold "Mother's Day" in memory next Sunday. All come and help us honor our mothers where honor is due. Mrs. Jennings called at Mrs. Duke's and Miss Neely's Monday. Mrs. Grant and little daughter are going to visit with her people in Snyder, Okla. Mr. Davidson is the guest of Mrs. Dukes this week. Our beautiful green plains makes us rejoice.

Jack.
Wants Hereford Property.
A. C. Elliott,
Hereford, Texas.
Dear Sir: Yours to hand and in reply will say that I will consider a trade for 1/2 to 3/4 section of good land near Hereford, at a reasonable price, for my four section ranch. I also have 4 lots and a 9 room house in which I would like to trade for Hereford property, if I exchange my land for Hereford land.
Respectfully,
If you have anything to match this trade see me for the details.
A. C. Elliott. It

The Texas Sheep

The sheep is the greatest politician of all animals. He has entered every campaign since the beginning of government and in a number of elections his fleece has been the paramount issue. Sheep have been mentioned in the platform of every political party and wool has been listed in the tariff schedules of every nation on the globe. As a statesman he has pretty well held his own and although occasionally beaten at the polls and ejected from legislative halls, his friends invariably resubmit the issue, and today his fleece is protected by a tariff of 11 cents per pound.

1910 VALUE PER HEAD \$2.90.
He is the most economical of all animals; his flesh is the purest of foods and has always been an acceptable sacrifice to the gods; his fleece makes the finest of raiments and has clothed mankind since the creation of the world. He is a very prolific animal and while furnishing food and clothing rapidly replenishes his kind. He is the only animal that possesses three natural and unfailing sources of revenue—food, clothing and reproduction—and he has so successfully managed these gigantic lines of industry since the beginning of time that today he is a captain of industry among the animals.

The sheep is the only animal that has been humiliated by being compelled to compete with vegetable fibre on the markets, but notwithstanding the progress of his powerful rival, King Cotton, he has held his own and today he is worth more on the market than at any time during the past half a century and his fleece is the yard-stick for computing values of all vegetable fibres, and King Cotton must get prices from the sheep before entering the market.

According to the Federal agricultural department census report on Jan. 1, 1910, we had 1,000,000 head of sheep and the latest estimate placed upon them is \$5,500,000. During the past decade we have shown an increase in number of sheep of half a million head in total value of approximately \$2,500,000.

Texas is the home of the sheep and the mountain regions afford cheap grazing and the mild climate is well adapted to sheep raising and wool growing.

The kidneys are working constantly—day and night they are filtering the blood—ridding the system of impurities. When they weaken, strengthen them with Nyal's Stone Root Compound. We guarantee it. E. T. Woodburn & Son, The Nyal Drugstore

The Secret of Youth

Do you ever wonder how you can remain young, or why other women older than you, look younger than you do? The secret can be put in a few words: "Preserve your health, and you will preserve your youth." By "health" we mean not alone physical health, but nerve health, as, sometimes, magnificently strong-looking women are nervous wrecks. But whether you are weak physically or nervously, you need a tonic, and the best tonic for you is Cardui. It builds strength for the physical and nervous systems. It helps put flesh on your bones and vitality into your nerves.

Take CARDUI

The Woman's Tonic

"My mother," writes Mrs. Z. L. Adcock, of Smithville, Tenn., "is 44 years old and is passing through the change of life.

"She was irregular and bloated and suffered terribly. My father stepped over to the store and got her a bottle of Cardui, which she took according to directions and now she is up, able to do her housework and says she feels like a new woman." Try Cardui in your own case.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free.

COMPOUND CALLOUSES

Tells Splendid Cure for Them and All Foot Troubles.

A compound callous is the secondary stage when it grows inward and pressure on the nerves, causing intense pain. Callouses never cure themselves but always get worse, sometimes irritating the whole nervous system. The following is a most effective and speedy cure "Dissolve two tablespoonfuls of Calocide in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) The soreness will disappear immediately and the callous can be easily peeled off. Repeat this for several nights. A little olive oil rubbed into skin is very beneficial."

This Calocide is a very remarkable preparation for all foot ailments. Bunions, corns and ingrowing nails get instant relief and are soon cured. Bad smelling and sore feet need but a few treatments. Calocide is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually enough to put the worst feet in fine condition. It will prove a blessing to persons who have been vainly trying ineffectual tablets and foot powders.

Every family has need of a good, reliable liniment. For sprains, bruises, soreness of the muscles and rheumatic pains there is none better than Chamberlain's. Sold by all dealers.

Castro County Clippings.

From Dimmitt Plainsman of Friday, May 5.

District court re-convenes in Dimmitt for one day, May 8th, to consider the matter of a rehearing for Allen Asher, who was convicted of burglary at last week's term of court. Asher is a mere boy and there appears to be some grounds for leniency.

Let no man doubt that Castro county has a fruit crop this 5th day May, 1911. Col. Jackson Frost will have to hurry if he beats us to it this year. The Plainsman has seen the goods. Mr. and Mrs. B. G. Ramey spent last Sunday at the Ramey ranch east of Dimmitt. They discovered the fine orchard on the ranch to be in the way of producing on a good scale and they brought specimens to Dimmitt. One plum switch 16 inches long has 152 young plums upon it. There are green peaches (6) on a sprout 14 inches long, and Mr. Ramey says there is about one-third of a crop of peaches. Plenty of mulberries. Cherries are to be very plentiful. Reports from other orchards are equally encouraging.

There is going to be some old fashioned riding of outlaw horses in Dimmitt next First Monday. There will be cash prizes for the riders who are able to apply for them after the dust has settled.

A very beautiful wedding took place Tuesday morning of last week at the Nazareth church. Miss Louisa Acker was married to Mr. Jacob Jost of Vineland, New Jersey. The special witnesses were, Mr. Philip Acker and Miss Marie Dirks, Mr. Jacob Acker and Miss Anna Leinen, all of Nazareth. The nuptial mass was said by Rev. Anselm Kaelin.

J. O. Jackson left Monday for northwest Arkansas. He will be away from Dimmitt for several weeks.

J. W. Alexander and Arch Conner started on a tour of the places in Texas where cattle are supposed to be purchasable. They started Monday and they went by way of Hereford and Fort Worth.

Bill Burnham of Hereford, who will have charge of D. C. Laird's cattle on the O. Y. O. ranch, was registered at Hotel Dimmitt this week.

Charlie Mapes went to Hereford this morning. He may go southwest after cattle.

When your feet are wet and cold, and your body chilled through and through from exposure, take a big dose of Chamberlain's Cough Remedy, bathe your feet in hot water before going to bed, and you are almost certain to ward off a severe cold. For sale by all dealers.

SUNDAY SCHOOL CLASSES ENTERTAINED.

The Protheon and the B. C. classes of the Presbyterian Sunday school were delightfully entertained at the Manse on Thursday evening of last week. Wide-awake, well informed teachers, good natured class rivalry and pride in individual work are some of the characteristics of these classes. Various amusements had been planned, but it was in two contests that the fun of the evening came. The first was a picture contest to represent the business houses and persons in town. Of course there were many conjectures as to who was who, but it was finally settled when Mrs. A. M. Jones gave the correct list. Next was a clothes line contest in which the men only were allowed to try for honors. They were given handkerchiefs and the contest was to see who could pin them to the line the quickest and neatest. Will Evants won first honor. Readings by Misses Bertina Witherspoon and Fay Horton, piano selections by Miss Percy Gallaher, and vocal numbers by Mrs. Ezra Norton and Miss Buelah Potter were all greatly enjoyed. Three toasts were given, one by Mrs. Arnold, "To the Teachers," Mrs. Irwin, "To the B. C. Class," and Mrs. Will Evants, "What B. C. Stands For." Ice cream with cherries and cake were served. Messrs. J. E. Garrison and Suggs are teachers of these classes.

A PICNIC.

The first picnic perhaps of the season was on Tuesday afternoon, when about ten couples of young people, chaperoned by Mr. and Mrs. Arnold and Mr. and Mrs. Gibson, went the Bradley ranch for a little outing. The party left town about 5 o'clock with all the requisites for a good time, fishing tackle, well filled baskets, light hearts and happy laughter. On reaching the grounds the more industrious members of the party made ready to cast the nets for fish, others looked after the loaves, while a few became fishers of men. (?) A camp fire was kindled and soon the savory odor of frying fish, broiling bacon, stuing coffee together with onions and other good things, made all anxious for the supper hour to come. Drop the handkerchief, wolf over the river

and other dignified games were played, while song and laughter echoed from hill to hill. The young people were glad to have with them Miss (?) Tot, who is now visiting in Hereford. All are anticipating another outing under similar conditions.

YOUNG PEOPLE WED.

A quiet little wedding was celebrated last Sunday afternoon at the parsonage, 4:30 o'clock, when Rev. J. M. Sherman, pastor, united in marriage Mr. Chester McElhenic and Miss Eva Hicks. Only a few friends were present. Miss Eva is the daughter of Mr. and Mrs. Henry Hicks and the family came to Hereford from Ohio. She has held a position as stenographer in one of the land offices in the city. Mr. McElhenic came from Illinois to Texas and is chief clerk at the freight department of the Pecos Valley road, which position he has held for some months with much credit to himself and entire satisfaction to the officials of the road and its patrons. The Brand wishes these happy young people success and contentment in their new relation.

A DINNER.

Complimenting Mrs. J. D. Jarrott, who has recently returned to Hereford, and Mrs. Emmett Cardwell on her birthday, Mrs. B. S. Arnold entertained the members of the Bay View Club with a 6 o'clock course dinner on Friday of last week. The dining table was quite pretty in its beautiful linen, cut glass and silver, while a large bowl of red geraniums in the center gave an artistic floral touch. Some of the place cards contained poetic gems, some questions to be discussed, while others called for toasts. Mrs. F. T. Roloson, in her pleasing way, acted as toast mistress. Mrs. D. A. Shirley gave a toast to the returned club member, and Mrs. J. E. Ferguson to Mrs. Cardwell on her birthday. A literary contest that was also a memory exercise was enjoyed by all. The genial manner of the hostess, the appetizing dinner and the absence of formality made this occasion exceedingly pleasant.

AT BRIDGE.

Mrs. Emmett Cardwell was hostess on Tuesday afternoon to a limited number of friends for a few games of bridge. Pot plants used here and there gave the rooms an artistic and pleasing appearance. After a most enjoyable hour, Mrs. Cardwell served ice cream with strawberries and angel food.

LADIES RECEIVE GOOD VOTE

New Feature Introduced in Trustee Election But Men Win Over the Fair Sex.

That the voters of Hereford, Independent School District had a new and novel feature introduced into the trustee election last Saturday was a surprise. To see a woman's name on a ticket right along with the men put a lot of gray matter at work in the creaniums of the stronger sex. Was it a joke or were the friends in dead earnest when they put the ladies on the ticket? These were the questions and were duly answered when the count was made and each one received a highly complimentary vote. The ladies were Mesdames S. B. Edwards and W. H. Garrison. And while they were defeated they were not in the least disconcerted. When called up, one of the ladies was so little concerned that she had not even inquired as to the result 24 hours after the polls were closed.

The men candidates elected were: R. H. Norton, 86 votes, re-elected; H. B. Webb, 80 votes; E. B. Bullock, 72 votes.

The hold overs were: J. L. Fuqua, C. W. Warren, F. H. Oberthier, A. P. Murchison. Hereford Public Schools in these seven men of good report have a splendid set of trustees, and the same progressive policy will be maintained by the new board.

Mother's Club Meet.

Shubert Club a Success.

As testified by the representative gathering at the First Christian church Saturday night, the Shuberts were a decided success. It is the only high class entertainment that Hereford has enjoyed in some time, and the ladies of the Christian church are to be congratulated by our citizens for having secured the attraction.

Wanted to Buy.

Sheriff's Sale.

WHEREAS, by virtue of an order of sale, issued out of the District Court of Armstrong County, Texas, on a judgement rendered in said Court on the 4th day of April, 1911, in a certain cause numbered 241 on the docket of the said Court, in which Roscoe Logue is Plaintiff and W. A. Price, J. D. Woodburn and Ed. Witthauer are the Defendants, I did on the 10th day of May, 1911, at 10 a. m. levy upon the following described tract of land situated in Deaf Smith County, Texas, the same being the land described in said order of sale, to wit: Beginning at a point 600 feet South of the N. E. Corner of Block 5 of Evants Addition to the town of Hereford, THENCE West 200 feet; THENCE South 147 feet, THENCE East 200 feet; THENCE North 147 feet to the beginning, the same being situated near the town of Hereford.

And on the 6th day of June, 1911, being the first Tuesday in the said month, between the hours of 10 a. m. and 4 p. m. on said day, at the court house door of said County, I will offer for sale and sell at public auction, for cash, the said described property, for the purpose of satisfying the Plaintiff's demand for \$611.55, costs of suit, and interest at the rate of 8 per cent per annum from the date of judgement.

Dated this the 10th day of May, 1911.

R. W. BAIRD,
Sheriff of Deaf Smith County,
Texas. 14-3t

\$1 The Hereford Brand \$1
