## CRIPPLE FALLS FROM TRAIN

Sustains Serious Wound in Head and Otherwise Bruised—Unconscious for Hours.

George O'Brien, a vendor of postal cards, was picked up on the right-of-way of the Santa Fe about a mile west of town, Monday night, in an unconscious condition. He was a cripple, having both legs off just below the knees. This was done, so he tells, about two years ago in a logging camp in Colorado. He was found by a Mr. Stafford and brought to town, his wounds were dressed by a local physician, and he was then carried to the rooming house on Dewey avenue. He remained unconscious until sometime in the night and when he awoke he found that he had been hurt and was in bed. He could tell nothing about how it happened but states that he crawled into a coal car and shut the door. He was arranging some cards and "the light went out," he said. Papers from a sheriff in Colorado in his pocket, testify to the fact that he is a sober and industrious man. When seen by a Brand reporter he stated that he once lived at Rosebud, Texas, and that he worked at Amarillo several months ago; that he was on his way down in Texas to hunt up two cousins. He denied being a regular tramp and said that he made his way by selling

pencils, post picture cards and novelties, and that he had about \$3.00 in change in his pockets when he entered the car. Those who had him in charge say that no money was found on his person. The boys who gathered at the drug store when his needs were being attended to "chipped in" a small purse for immediate expenses. The case was turned over to the city physician and he is being cared for in the proper manner.

Whether he was thrown from the car by some member of the train crew or by a companion is not known. Mr. Stafford states that the brakeman called his attention by pointing to the ground, and he went back along the track to find out what he meant. He soon came upon the man and he at once placed him in his buggy and brought him to town.

## BRAKEMAN FALLS FROM TRAIN

While extra 363, east bound, was passing thru the yards in Hereford Sunday night, George Turner, a brakeman, lost his balance and fell from the top of the caboose to the ground. He was unconscious for a while, but soon rallied. He was placed on the train and a physician accompanied him to Amarillo, where he entered the hospital. No bones were broken but he received a shock that will lay him up for several days. It is not known just how the accident happened.

Harmon Beach spent Wednesday in Amarillo on business.

## WHERE IS THE NEW RAILROAD?

Question From Iowa Subscriber—The Answer Given in Detail for Benefit of Others.

The Brand has an inquiry of this kind from an Iowa subscriber, but this is not the first time that The Brand has been asked the question— "Where does the Colorado, Hereford & Gulf Railroad propose to run its line? The answer will be given in full as many others have made the same inquiry. The first thing is to get yourself in front of a good Texas map. Find Deaf Smith county. Draw a line from Hereford in a north-westerly direction touching the north line of the county at about the center. This line, if extended to the Rock Island grade, which runs west from Amarillo, will locate Adrian, the new town in the Panhandle. Adrian is 36 miles from Hereford and 45 miles from Amarillo and is the junction of the Rock Island and the new road. This much of the C. H. & G. railroad is now being graded. The road from Hereford will extend south passing thru Castro county and on to the Texas & Pacific, touching the road somewhere between Stanton and Midland, perhaps at the former place.

Kelso, the particular town asked about, is about 17 miles from the line and the nearest town is Scherer. This town is about half way between

Hereford and Adrian. Any one who has a sectioned map of the county can locate Scherer. It is on section 23, block K7.

H. C. Adams of New York City, and Richard Morrell of Passaic, New Jersey, prominent members of the board of Directors of the Southwestern Engineering and Construction Company who were in the city recently have returned to their homes. This is their first visit to the Plains of Texas; in fact, their first time in the state. Both were pleased with their visit, with the newness and bigness of the country. While here they went by auto down and return over the proposed line of the C. H. & G. railway from Adrian to Stanton, Texas, the total distance traveled being about 600 miles.

## SECOND EDITION IS NOW READY

The Brand has just turned out a five thousand second edition of the Harvest Number of the Mirage. There is no better descriptive literature of the Plains published. A few hundred copies judiciously distributed will bring better results than flaming circulars. Why could not the Commercial Club use several thousand copies for free distribution? The price of this edition of the Mirage will be:—

Single copy 10 cents.  
10 copies \$1.00.  
50 copies \$5.00.  
100 copies, with ad, \$10.00.  
250 copies, with ad, \$20.00.  
500 copies, with ad, \$32.50.  
1000 copies, with ad, \$55.00.

## MAN DRIVES LONG DISTANCE

All the Way From Merkel, Texas, to Hereford in a Two-Horse Wagon.

F. F. Clark is a real prospector. He recently drove in a two-horse wagon all the way from Merkel, Jones county, Texas, to Hereford, crossing the Plains for the purpose of seeing it for himself. The distance covered was about 250 miles. In speaking of the country over which he passed, he frankly stated, without reservation, that Hereford and the surrounding territory was by far the best he saw while enroute. As a result of his close prospecting, for that was what he had in mind when he left home, he sold his wagon and team and returned to his home—to stay? Not at all. He tells his friend, J. P. Wood, with whom he visited while here, that he was going back to sell out his interests in Jones county and come back to Hereford. Mr. Clark is a successful farmer and has made his home in Jones county for 19 years, but says that he will cast his fortune with the good people of the Plains from now on. This is the kind of men the Hereford country is needing. The people who do not burn the bridges behind them, but come here in a kind of half-hearted, half-not-going-to-be-satisfied way, are not apt to make permanent citizens.

# Thrift in Buying Furniture

is not shown by how little you pay out, but by the quality of goods you buy. We handle only the best lines. the makers stand back of every piece we sell. Low prices for cheap grades will not go more than once. High grade goods at reasonable prices prevail at this store.

## Don't Poke the Fire With Your Pocket Book

You might as well burn up your money as to invest in the ordinary nondescript furniture, selected from big type display and "circus poster" description offered by some remote, unknown, far-distant concern. It is necessary, often, to select certain articles from catalog illustrations, especially in such bulky commodity as furniture, but *be certain of the goods you buy!* Furniture buying is an important matter. We buy only from first-class establishments, houses that always make good. Our lines comprise absolutely new, high-grade furniture, 1908 pattern. No old relics. No obsolete designs. High quality, low in price.

### RETURNED TO HEREFORD

Rev. J. W. Story To Occupy Pulpit of the Methodist Church Another Year.

When the news reached the city that Rev. J. W. Story had been returned to the Hereford Church, there was a feeling of gladness in the hearts of the membership of that church and all other religious people of the town. Mr. Story has had a most successful year in this charge and his people have shown their high appreciation of his work in many ways, one of which was to raise his salary from \$1500 to \$1800 per year. The pastor has a large circle of friends not members of his congregation and his good offices have been felt in the general uplift of the entire town.

The results of the past years work was very gratifying to the Board, having made a net gain of 102 members and raised for all purposes \$4096.37.

The Stewards of the Methodists Church met at the church Monday evening and organized for the current year's work. G. W. Barcus, W. G. Ross, G. A. E. Parker, W. B. Parmer, J. T. Inmon, D. W. Hawkins, D. F. Ashbrook, H. B. McKinley and J. W. Burks constitute the Board. D. W. Hawkins was elected president and G. A. E. Parker secretary and treasurer.

It was resolved to make a forward movement in every department of Church work, and to do at least as much to send gospel abroad as we do to support it at home.

#### New Lumber Yard.

Hereford now has its seventh lumber yard, the latest thing established this week by the Baskin-Joss Lumber Company, the local members of the firm being L. Baskin and J. F. Joss. Mr. Baskin has been in the real estate business here for the past two years and is well known in the business circles. Mr. Joss has only recently moved here from Fairview, Kansas, at which place he made his home for a number of years. He is president of the Fairview State Bank, and still holds that position. The company has also put in a yard at Scherer, the first town up the C. H. & G. road. A complete stock of building material will be carried at both places. The Hereford yard is located on Sampson avenue near the new depot.

We guarantee the best moving picture show ever in Hereford, now moving each night. Give us a chance to show it to you. First door north of Northern hotel.

Johnson-Bickmore.

#### The Fox Lumber Yard.

The Fox Lumber Yard in North Hereford is assuming large proportions. The long sheds, the big piles of lumber and the activity around the yard indicate a lively business. The firm of Fox & Galbreath are shipping their stock direct from the mills in East Texas and are furnishing the material for a number of new houses in Hereford and surrounding territory.

Interesting performance each night at the moving picture show.

#### A Bargain.

For the next 30 days we will offer two tracts of land for sale, each tract consisting of 300 acres, one tract four and a half miles from town, the other six and a half miles from town. This is all good farm land, and well worth the money we are asking. Write us for information. Murchison & Jones.

### HEREFORD IS THANKFUL

Large Congregation at Local Church on National Thanksgiving Holiday—Charities Remembered.

Yesterday at the Presbyterian church, people gathered in keeping with the beautiful custom established by our Pilgrim Fathers nearly three hundred years ago and their solemn session expressed their gratitude for the blessings of the year. Rev. W. H. Baker of the Presbyterian church delivered the invocation.

Rev. J. W. Story preached the annual sermon, taking his text from Psalms 147:20—"He hath not dealt so with any nation." The speaker reviewed the successes of the nation in its industrious, political and religious purposes. He called attention to the triumph by our national armies in every conflict, because the cause of "right against wrong" had always been the moving spirit. A per view of the blessings of the past year was given, showing how our country had been blessed above all others.

The choir rendered a few selections of special music, singing the

familiar national hymns.

At the close of the service an offering was taken for public charities, Rev. S. T. Shore making the appeal. About \$150 was raised. This fund will be in the keeping of

the committee which is composed of all the pastors and one layman from each church.

J. L. Fuqua was appointed treasurer of the fund, to whom all pledges and donations are payable. Rev.

O. W. Dean pronounced the benediction. It was announced that a prohibition rally would be held at Opera House Sunday afternoon at 3:30 o'clock, to which everybody is invited.

## Think Always of Quality

MANY buyers make a mistake by looking at the price alone. We could offer you a lot of fairly good looking clothes at \$7 and \$8, but we know what they're made of, how they're tailored and how disappointing they'll prove to you, so we recommend our better grades at \$10, \$15, \$20 and \$25. We know these garments for they come from the Schwabs of St. Louis who use only the best materials and employ only the most skilled workmen. You'll find real quality in Schwab Clothes. They are bargains every day in the year, Schwab's \$15 Special represents the best values in America at the price; and Schwab's \$20 "Better-Grade" is high above every other line in quality. It pays to get quality; it's the biggest bargain.

## Educational Column

One more month of hard work before Christmas.

This week ends the third month of the public school.

"If you would have things come your way go after them."

Clell Cochell and Mary Hill are new pupils in the eighth grade.

Lee Cocunougher is now enrolled in the seventh grade as a new pupil.

Mr. John Doak, a member of the Senior class, is spending his vacation with home folks in Texico.

The Chinese have a proverb—  
Do thoroughly what you set about;  
Kill a pig, kill him out and out.

Several of the grades had special programs on Wednesday afternoon, and a number of the parents were present.

Mr. and Mrs. E. H. Wray of the High school, are spending their Thanksgiving vacation in Canyon and Amarillo.

The public school dismissed on Wednesday evening for the rest of the week, this being the regular Thanksgiving vacation.

Miss Griffith of the High school, has been suffering the past few days from an ulcerated tooth, and was absent from her school duties Friday afternoon.

Some one has well said that the busiest existence is the least unhappy, and that the true science of living is knowing how to fill the vivid in life with useful occupation.

A bouquet of choice Chrysanthemums adorned the high School room on Tuesday. They were the gift of Mrs. A. C. Elliott, who believes that flowers have a language to brighten and cheer.

This is the first time in six years that the Teachers' Association of the Panhandle has not held a meeting somewhere in the district on Friday and Saturday following Thanksgiving.

The Italians are the world's greatest sculptors. The colossal statue of the youthful shepherd going forth to battle with Goliath, and the future king and psalmist of Israel, was such an event in Florence, Italy, that for many years it was the custom of the Florentines to reckon occurrences as happening so long "after the completion of the David." The David was completed in 1504, and the work was the more remarkable because its author was obliged to cut it from a block of marble 18 feet in length, which had been injured by a clumsy sculptor, and had been useless more than fifty years. This work was done by Michael Angelo, who was a Florentine by birth.

When he had completed this remarkable work he was honored as the foremost living sculptor of the world.

The present Pope is Leo XIII. It is said that St. Peter's chair has rarely held a broader-minded statesman. His views on social and political questions place him among the leading thinkers of the world. He is also a distinguished scholar. His tastes are highly intellectual; his letters and addresses are composed in elegant and polished Latin, and verses which he writes from time to time in Latin or Italian, have earned for him the title of poet. One who has known his private life for some years, writes that Leo XIII usually rises at six in the morning. At seven he says mass in his private chapel. This is followed by a light breakfast. Then he looks over his letters and papers until the arrival of his secretary of state at nine. The forenoon passes in conferences on state affairs and in giving audiences. At two o'clock he dines. Only a few are ever admitted to this repast, and they, according to Papal etiquette, are not allowed to sit with the Holy Father, but at a table just below him. In the afternoon Leo descends into the extensive gardens of the Vatican within the shaded paths of which the Pontiff takes his only outdoor exercise. Here for an hour or two he walks or drives, noting with interest the cultivation of his trees and flowers. Then follows other audiences and religious consultations on important matters till evening. From that time on till he retires the Pope is always studying. Since the creation of a united Italy, with Rome as its political capital, the Popes have never left the Vatican enclosure. This palace and its gardens are extensive, but however large the cage and however beautiful its gilded bars, the eagle feels itself a captive still. The Italian government, however, must feel relieved to have the Pope thus safely sheltered in these days of anarchism, bombs and daggers.

## SANTA CLAUSE LETTERS

Patron Saint Has Received A Number of Good Letters from Children.

The Brand is in receipt of a number of letters for dear old Santa. All these were sent in care of The Brand and it will be seen that he gets every one of them. The first letter was from young J. W. Johnson, the second from his brother John A. Johnson.

It is important that all the children's letters be in the office by not later than Saturday, December 5, so that there will be plenty of time for Santa Clause to get and read all of them. The Brand would be glad to receive letters from the children in other states, even from Alaska and the Panama Zone, for the paper goes to these far-off places and the children there must have Christmas presents as well as those in Texas. No one is barred, but be sure to get your letter mailed in time.

The superintendent of the sewer work is daily expecting the big ditching machine to arrive. As soon as it does, the work will begin in earnest on the sewer. Already seventeen cars of tiling have been unloaded; also one car of cement. There will be about one and a quarter miles of main sewer pipe and some five miles of laterals.

The main will be laid on Pennsylvania Avenue from block 78 near Bennett street to a point opposite block 33 in the Whitehead addition and thence south to the disposal grounds. The laterals will be laid in every alley from Twenty-Five Mile avenue to Witherspoon street in East Hereford and as far north as Welsh avenue. As funds are available the laterals will be extended.

### Wheat Above a Dollar.

In the Chicago market last week, No. 2 wheat took a sudden jump and reached the high record of \$1.08 7-8 closing firm. July wheat sold at \$1.02 and over. If this record means anything other than speculation, the farmers of the Southwest count on a dollar for their wheat next summer. But the Chicago market is more of a gamble than a legitimate market and the prices may be altogether fictitious.

### MRS. LIPSCOMB ENTERTAINS.

Mrs. A. J. Lipscomb was at home to a number of her friends Thursday November 19, from 4 to 6. Despite the inclement weather about twenty-five of the invited guests arrived at the hour of four. The outside condition of the elements was soon forgotten in the eagerness with which each lady engaged in a very interesting contest which the hostess had carefully prepared. A number of magazine pictures were distributed in the parlor and reception room, each picture suggesting the title of some recent book. This proved exceedingly interesting, however a thorough test was made of of the guests acquaintance with new books and many contestants consequently were "weighed in the balance and found wanting." Mrs. J. N. Russell greatly added to the pleasure of the afternoon by favoring the party with a delightful reading. Miss Gyles and Mrs. W. H. Ray assisted the hostess in dispensing the hospitalities of the home. A salad course consisting of salad wafers, coffee, olives and salted nuts was served at a late hour, after which the guests departed, feeling grateful to Mrs. Lipscomb for a

pleasant afternoon. Those present were: Mesdames J. A. Fox, N. J. Matthews, G. W. Irwin, W. R. Evants, J. P. Slaton, P. W. Price, Wm. F. Norris, E. H. Wray, W. H. Ray, Dalton Johnson, J. D. ### HEREFORD LADIES ORGANIZE ANOTHER CLUB.

Ten ladies of Hereford met recently and organized a "Modern Precilla Club." Each lady was instructed to invite one other lady to join thus limiting the membership to twenty. The purpose of the club is largely social. The ladies meet at three o'clock and fifteen minutes later take up their fancy work while busily engaged in their sewing, one member reads a book which she has previously selected for the entertainment of the others. Each week the Club is in this manner instructed along the line of the latest books. The last thirty minutes of the meeting is devoted to social intercourse during which time light refreshments are served.

The officers of this organization are Mrs. A. L. Gibson who acts as president and Mrs. Emmitt Cardwell who assumes the duties of secretary and treasurer. Though only few meetings have been had the ladies have found the Club exceedingly pleasant as well as beneficial.

Dean, pastor of the Baptist church, officiating. The Brand extends to them a hearty congratulation and best wishes.

### Purcell-Roberts.

At the home of the bride's mother last evening in the presence of a few friends and members of the families, Mr. Charley Purcell and Miss Reba Roberts were united in marriage, Rev. W. P. Edwards performing the ceremony that made them one. After congratulations were given, the party repaired to the dining room where they enjoyed a most delightful home supper. These young people are well known in the city and their many friends extend to them many best wishes for their future happiness.

### France-Smith.

At the parsonage Wednesday evening at 7 o'clock Mr. Byrl France and Miss Maude Smith were united in marriage, Rev. J. W. Story officiating. Only a few friends were present. Miss Smith is an accomplished young lady, and is popular with her many friends in the city. Mr. France is a young ranchman and is held in high esteem by his friends and acquaintances. The Brand wishes for them a long and happy life.

### Dimmitt Couple.

Last Tuesday afternoon a young couple from Dimmitt made application to the clerk for marriage license. They proved to be Mr. J. W. Carter, Jr. and Mrs. Dollie Marie Douglass. They repaired to the residence of Mr. and Mrs. John Cummins, where at 7:30 p. m., in the presence of a few friends, they were united in matrimony, Rev. J. W. Story of the methodist church officiating. The following day the happy couple returned to Dimmitt, where they will make their future home.

### Business Changes.

The Warren Grain Company's feed store changes management the first of the month. J. F. Collup, who had charge of it so long before, takes the management again. C. W. Warren becomes connected with the Stroud Hardware Company the first of January. Both are good business men and we bespeak for each abundant success in their undertakings.

### Force of Men at Work on Handsome New Station House

After a long and patient wait on the part of the people of Hereford the erection of the new depot is under actual construction. The foundation has been dug, two cars of crushed rock, one car of sand, and a lot of heavy timbers have been unloaded on the spot. A force of men are at work and it is expected to see the structure go right up without any further delay. The people of Hereford are thankful for all favors given—and they will work for more.

### FRESH AIR CRUSADE.

While the subject of the "great white plague" is now arresting the attention of the state and medical authorities and public meetings are being held in every town and city in the country to arouse the people to action, there could be a little "common sense" added to the scientific research that would do more immediate good than a book full of laws. Instead of trying to make laws to regulate the habits of the people, there should be a crusade for more fresh air and correct living. Let's bring this down to home. It is within the knowledge of The Brand that there are good people in Hereford who sleep in tightly closed rooms, no fresh air being admitted, except what might force its way thru small crevices. The result is the members of the family breathe and re-breathe the lifeless and poisonous air during the night. There has not been a single night this winter but that one window should have been left open in each sleeping room. Most of the time, two windows should be left open, the lower sash being raised 12 inches or more. The medical authorities admit that there is no cure for consumption except the "fresh air" cure. Believing this and knowing this, no one should permit themselves to be shut up in a room and try to sleep under such conditions. Some seem to be afraid of "night air." What kind of air do you have at night any way? Is it any different from the "day air," except possibly that it is purer and fresher? With plenty of "night air" in the room, there would be less danger from colds, catarrh and other similiar diseases.

A little common "horse sense" or "chicken sense" would help the human race in its fight against the dreaded disease of consumption. If chickens must have a large window or opening in their-houses in order to keep them free from disease, what about the poor human chickens sleeping in over heated rooms? At no time should a room, even in the coldest weather, be heated to a higher temperature than 65 or 70 degrees. Many of our homes, even occupied by supposedly intelligent people, are so warm and the air so impure that one feels like rushing to the window and letting in the good pure air. A good way to test the quality of air you are breathing is to go out into the open and fresh air, take a few full, deep inhalations, and then return to your room. The difference will be easily detected. Let the towns organize a "FRESH AIR CRUSADE" in addition to the agitation for sanitary laws.

### Not Heaven.

An East Texas editor died, and after he had entered the great Beyond saw the sights of his eternal abode and experienced the thrill of his reward he said disappointedly: "I can't see that heaven is very much better than East Texas after all." "But this is not heaven," replied a bystander.

## FORMER COLLEGE STUDENT DIES

Young Man Who Attended Hereford College Dies of Fever at Quanah.

Oscar Evans, a pupil in Hereford College two years ago, died at Quanah a few days ago. The Quanah Tribune-Chief gives an account of his death. The boy's friends in Hereford and the friends of his father will regret to hear of the untimely death of that young man.

"On Monday the Tribune-Chief man met Judge Evans, who is connected with the probate court at Roswell. He was on a sad mission, his eighteen-year-old boy Oscar C., having died here the day before.

It seems about six weeks ago, the boy wanting to see the world, had left Roswell with a bunch of cattle for Clarendon. He and another Roswell boy were working their way down the road picking cotton, and doing such other work as they found. He arrived here last Sunday a week ago, and had typhoid fever, though he managed to keep on going, thinking it was the effect of gyp water. He even worked a couple of days at the elevator, but his condition grew worse till he finally collapsed, and Dr. Frizzell was sent for Saturday.

The physician found the boy's bowels perforated, and that he was in a dying condition. The youth's people, who are a very good family, (the father having been judge of Coleman county a couple of terms) were communicated with, and Judge Evans arrived here Monday morning in time to make arrangements for the funeral which was held that evening.

The funeral was conducted by Elder Faulkner, and held under the auspices of the Odd Fellows lodge, of which Judge Evans is a very prominent member. The ceremonies were attended by many of our citizens.

### The Cannon Roared.

While campaigning in his home state, Speaker Cannon was once inveigled into visiting the public schools of a town where he was billed to speak, says Success. In one of the lower grades, an ambitious teacher called upon a youthful Demosthenes to entertain the distinguished visitor with an exhibition of amateur oratory. The selection attempted was Byron's "Battle of Waterloo," and just as the boy reached the end of the first paragraph, Speaker Cannon suddenly gave vent to a violent sneeze.

"But, hush! hark!" declaimed the youngster—"a deep sound strikes like a rising knell! Did ye hear it?"

The visitors smiled, and a moment later the second sneeze—which Mr. Cannon was vainly endeavoring to hold back—came with increased violence.

"But hark!" (bawled the boy)—

"that heavy sound breaks in once more,

And nearer, clearer, deadlier than before!

Arm, arm! it is the cannon's opening roar!"

This was too much, and the laugh that broke from the party swelled to a roar when "Uncle Joe" chuckled: "Put up your weapons, children; I won't shoot any more."

### How to Live and Keep Young.

So often people ask me how it is that I keep my youth so well and my hair is snowy white. I am past 70 and my energy is simply marvelous, but I never impress one with the idea of age, for my heart is still young in sympathy and interests of others. I know how to forget disagreeable things. I try to master the art of saying pleasant things. I do not expect too much of my friends. I keep my nerves well in hand. I try to find work that comes to my hand congenially. I do my best to relieve the misery of others, and try to remember the golden rule. I don't worry about things I can not help and I don't worry about things I can help. I try to look the world square in the face and to pray that my heart may be filled with love for all people and hope for the best always, and in consequence I am reaping the fruits of happiness in a peaceful old age.

MRS. E. R. D.

### A Friend's Advice.

I have a good recipe I would like to offer the readers of the Brand. Here it is:

One half oz F. E. Corn Silk.

One oz. Buchatol.

Four and one-half oz. elix. tonga comp.

Dose—One teaspoon full 3 times a day.

I used this for rheumatism and kidney trouble which I had in the worst way, and it always gave instant relief. You can have this filled at any good drug store for about 75 cents. A SUBSCRIBER.

### Mule Market.

Hereford is to have a regular mule market. Lee Green of Centralia, Missouri, has purchased property in the city and expects to return in a few days and begin the erection of a large barn. In this will be kept mules and horses. He has already sold in Hereford two car loads and intends to make it a good business.

### Combination Sale.

We will sell at public auction on section 27, 3 1/2 miles northwest of Friona, Texas, on Monday December 7th, 1,850 bushels of grain, five horses and mules, buggies, farm implements and other articles too numerous to mention. Watch for sale bills for date of sale. Free carriage to and from all trains. Free lunch at noon.

MCMULLEN, LILLARD & ATHERTON, Owners.

Will also offer for sale my farm, consisting of 160 acres of the north half of section 27. All under cultivation. Easy terms, made known on day of sale.

It P. B. ATHERTON.

Take a look at the following houses now in construction for a sample of the lumber we have for trade: F. H. Oberthier, O. E. Thomas, Hal Hawkins, W. M. Cogdell, Mrs. Hough, J. H. Bowers.

The Hereford Dramatic Company encouraged by the advances made the present week, have arranged with Mr. Newton to remain with them another week and assist them with another play on Saturday evening Dec. 5. They will present the greatest pastoral play ever written, entitled "Way Down East." This play has had phenomenal runs in all the larger cities, winning unstinted praise from clergy, and public men generally, and has made more money than was ever before made out of any other single production. It promises to be the greatest day ever seen in Hereford. Bear in mind the date, and secure your tickets early.

C. M. Hunt has returned from an extensive trip thru Illinois and other northern states. While there he talked with a great many farmers. He learned that good farming lands were selling from \$200 to \$250 per acre and that they were making a fair rate of interest on the investment even at that price. Mr. Hunt says that all the talk in that country now is the Panhandle of Texas. They talk it night and day and when they find a man from the Plains, they begin to ask him questions. From the greater interest shown in Texas, Mr. Hunt thinks that the future of this country is excellent. Hundreds are planning to move to the Plains, he says, and thinks that the near future there will be many volunteer prospectors coming down.

My man who is stealing lumber over in East Texas, will have to vamoose right away, so you will have to get busy if you want any more cheap lumber. J. A. Fox.

List of Contributions as Published Shows Heavy Givers to G. O. P. Barrel.

Albany, N. Y., Nov. 23.—George B. Sheldon, treasurer and representative of the national Republican committee, today filed a list of contributions to the recent national campaign.

The total amount contributed as shown by the report, was \$1,655,518. At the head of the list stands C. P. Taft, brother of the president-elect, with \$110,000.

Some of the large contributions follow: United League, New York, \$37,777; Union League, Philadelphia, \$22,500; Larz Anderson, of Boston, \$250,000; Andrew Carnegie \$20,000; J. P. Morgan, \$20,000; Alex. Smith Cochran, New York, \$15,000; Whitelaw Reid \$10,000; M. C. D. Borden, New York, \$10,000; Frank A. Munsey, New York, \$10,000; Jacob H. Schiff, New York \$10,000; Fred C. Smith, Michigan, \$10,000; Edith Agnes Corbin, Washington, \$10,000; W. J. Dohan Washington, \$10,000; S. Vail and associates, Washington, \$9,000; H. N. Coe, \$9,000; Mark T. Cox, New York, \$7,500; R. C. Kerens, St. Louis, \$7,000; William Barbour, Patterson, N. J., \$6,000.

Among those who contributed \$5,000 were Simon Guggenheim, Denver; A. M. Huntington, New York; James Speyer, New York, and Gifford Pinchot, Washington.

A summary of the net amount received and disbursed at New York and Chicago headquarters shows \$1,035,368.

In addition to the above there was collected by the national and finance committees in several states and turned over to the state committees for use in their own states, the sum of \$620,150.

## MORE HOOSIERS COMING TO TEXAS

Seven Families to Move From Indiana to Make New Homes Near Hereford.

The Hoosiers are coming. Hereford is to have the distinction of getting the largest single immigration of new people from the good old state of Indiana. Last week a number of prominent farmers came down and bought a large tract of land a few miles south of town. The tract will be divided into quarter sections and good houses and other improvements will go on to each quarter. At the first, there will be seven families to come down, among whom are E. H. Shockley, J. E. Bedunah, F. Slater, Jr., M. Whitehead, and J. W. Beatty, all prominent people from their communities. The deal was made thru the Baskin Land Company.

## Hereford Hardware Company

On Friday evening Nov. 27th, the charming western play, "Burley's Ranch," will be presented by the Hereford Dramatic Club. They have secured the services of Baxter Newton, formerly stage director with Angell's Comedians, to conduct the rehearsals and drill the players in their parts. The rehearsals have been held each evening and Mr. Newton is delighted with the prospects of a high class performance. The play is one that appeals to all theater goers, clean, wholesome comedy, a pretty heart story, and thrilling climaxes. Aside from the fact that it is put on by your home people, there is every inducement in the way of a fine entertainment. Secure your seats now at Park's drug store, and come out and enjoy a good evening's entertainment.

# FARMERS APPOINT FAIR COMMITTEE

Last week, H. G. Hays, President of the Farmers and Truckgrowers Association appointed a committee to concur with a similar committee from the Commercial Club. In his card he says:

Messrs. R. H. Norton, R. L. Bradley and Judge L. Gough have been appointed a committee from the Farmers and Truckgrowers' Association to look into the advisability of organizing a permanent Fair Association. The farmers are showing great interest in the movement, and it is confidently predicted that by the time of our regular fair next year, a permanent association will have been effected, grounds purchased and suitable buildings erected. If you have any suggestions to offer, speak to some member of the committee. The farmers' committee will co-operate with a similar committee to be appointed by the Hereford Commercial Club, so that all interests will be represented and our next fair be a great success.

Letter to Mr. T. D. Hunt, Hereford, Texas.

Dear Sir:—The cheap paint to buy is the one that covers more than you think; the cheap one to wear is the one that is young when old.

Mrs. Moore of Kelsey, N. Y., bought 16 gallons Devoe to paint her house two coats; her painters said it would take that. Had six gallons left.

Mr. James Ackley's house, in Cairo, (Catskill Mountains, N. Y.) was painted Devoe; it wore fourteen years; and the paint was in good condition then. He was going to paint, the last we knew, though: That's the way to preserve a house; repaint when there's no occasion.

Yours truly,

1909 Models Ready Touring Cars, Touring  
Suits, Roadsters

## "It's a Good Car"

No doubt other 4-cylinder cars will be offered around \$1,500. It remains for you to compare them. Here is one that has two years start of all others. It is not a makeshift—not an experiment.

This one has behind it all the reputation—all the skill and experience—we gained in making that incomparable car—the Thomas-Detroit 40.

The car combines the best foreign features with the best American. Yet it copies neither foreign or American.

A high-grade 4-cyl., five-passenger, 24-30 h.-p. car, made by the makers of the Thomas-Detroit Forty.

The Chalmers-Detroit '30' seats five comfortably, has a 110 inch wheel base and it weighs 2,000 pounds. Painting and upholstering are high grade. The motor develops 24-30 h.-p., sufficient to drive the car 40 to 50 miles per hour. The three-quarter elliptic springs, as used on the best foreign cars, give perfect comfort in riding. A car you can take pride in.

Compare it with rival cars—with any car costing up to \$2,000. We are willing to abide by your judgment.

Price \$1,600, with lamps, horn and tools, F. O. B. Hereford, Texas.

## SCHOOLS WILL AID

In Fight Against Consumption—Children Are Taught How to Prevent Disease.

New York, Dec., 3.—As a result of the great campaign against tuberculosis now being carried on throughout the world many public schools in the United States are taking a new departure in teaching to the children the nature, causes, dangers and prevention of consumption. A text-book entitled "Simple Lessons on Tuberculosis or Consumption" has just been placed in the seventh and eighth grades of the District of Columbia. The Massachusetts educational authorities, acting under a law of the Legislature of 1908, are establishing courses of instruction on tuberculosis in all of the schools of the State. In addition to these public movements many of the private organizations throughout the country have established, and are establishing, open-air schools for consumptive children, it being estimated that about two per cent of the pupils in the larger city schools have tuberculosis.

The first public school for consumptive and preconsumptive children to be established in the United States was opened in Providence, R.I., last January. The sessions were held entirely in the open, and the benefits of the fresh-air treatment were combined with the teaching and training of the public schools.

In Massachusetts a section on the nature, dangers and prevention of consumption, is being inserted in all of the physiologies. In the District of Columbia a special text-book has been provided in which instruction is given concerning sleeping in the open air, the dangers of spitting, the way to prevent consumption, and other kindred topics. Dallas, Texas, is the latest city to adopt the method of teaching children about consumption in the schools, and within a few days a "Tuberculosis Primer" will be in the hands of every pupil in the public schools. In North Carolina a separate section on tuberculosis has been placed in all the physiologies, is taught to all the children. In Baltimore steps are being taken to carry on a systematic campaign of education among the school children by means of lectures and circulars. Many other cities of the country are following this plan. A petition has been sent to the governor of South Carolina requesting that a text-book on tuberculosis, similar to that used in Washington, be placed in the public schools. Several of the other States are also taking steps along similar lines.

education of school children on the causes and dangers of consumption is receiving a great impetus, and experts on this subject conclude that within five years the majority of children in the United States will be taught concerning the evils and dangers of tuberculosis before they leave the lower grades of the public schools.

## DEMOCRATS SPENT \$619,410.06

Full Statement Has Been Filed By Officials of National Committee.

Chicago, Ill., Nov., 22.—The Democratic National Committee received in all \$620,644.77 and spent \$619,410.06 during the recent Presidential campaign, leaving a balance on hand of \$1,234.71. So reads a statement made public by officers of the committee, and the itemized statement will be filed for record in the office of the Secretary of State of New York, in compliance with the resolution adopted by the National committee at Lincoln, Neb., July 30. The statement, made public tonight, includes a certificate of audit by Myron D. King, auditor of the National committee. The statement is as follows:

Chicago, Ill., Nov. 18.—To the Democratic National Committee: Gentlemen—Following is a statement of all the receipts and expenditures: Total amount of money received by the Democratic National Committee for the year 1908 \$620,644.77 Total amount disbursed 619,410.06

Balance on hand \$1,234.71 In compliance with the election law of the State of New York, we have filed in the office of the Secretary of State, at Albany, a complete list of all receipts and expenditures of the headquarters at New York. And in compliance with a resolution of the National committee, passed at Lincoln, Neb., last July, we have filed at Albany a list of over 25,000 names representing 100,000 contributors who contributed through newspaper clubs, solicitors and other organizations, whose names are on file in the office of the chairman of the Democratic National Committee at Buffalo.

The auditors report, confirming the above is attached thereto. Yours respectfully, NORMAN E. MACK, Chairman. UREY WOODSON, Secretary.

## THREE MORE MISSOURIANS

Three Families From the Good Old State Move to Hereford This Week.

W. O. Dunham and family, his son and family, relatives of Mrs. D. R. Gass, and all from California Missouri, came in last Monday to make their home in Hereford. Also W. E. Hutchison and family from the same place. These good people have come to the Plains to cast their luck and lot with the best people on earth. They are welcome to the free State of the Panhandle. These Missourians have come to make a new home for themselves and to help build up the country. They will, no doubt, meet with some disappointments, as is always the case in a new country, but being made from that good old Missouri blood, they will know how to overcome such difficulties as they may meet.

## Choice Farm Lands

I am now offering for sale or trade 11,115 acres of choice lands—A PART OF THE SPRING LAKE TRACT—in the northwest corner of Lamb County, and the southwest corner of Castro County, Texas. All fine farming land, not a foot of waste land on the entire tract; this land adjoins the Star Ranch on the east. This land is in the shallow water belt, pure, soft water from 40 to 60 feet; this tract of land has some improvements in the way of fences and windmills. Will sell the entire tract in body or will cut in 160 acre tracts to suit purchaser. Will have two railroads to cross this land; also have the townsite of Halsell. 200,000 acres around this land was sold last year to actual settlers. Also have large tracts for sale and some improved and unimproved places around Hereford at bargain prices. Terms, \$4.00 per acre cash, balance in from one to ten years, 6 per cent interest.
