

**WHY NORRIS
STAYED
IN
FT. WORTH**
WILL BE THE SUBJECT OF AN
ADDRESS FOR
MEN ONLY
3 O'CLOCK P. M. SUNDAY
At the Big Tabernacle. The Stirring
Events of Ft. Worth and This Preacher Will
Be Given.

Knight-Hicks

Announcement of the marriage of Miss Drusilla Antoinette Knight and Mr. W. Bryce Hicks, both of Canyon, have been received by friends here.

Both bride and groom are well known here, Miss Knight having often visited here.

Mr. Hicks is a son of Rev. Hicks who was presiding elder of this district last year.

Their many friends here extend congratulations.

On Extensive Trip

Mrs. J. E. Ferguson left Friday morning for an extended western trip.

She went first to Roswell, New Mexico, where she made a short stay later going to Los Angeles, where she will visit a brother. Her trip will include a trip to the exposition and her return is not expected until the early autumn.

Home on Vacation

Mrs. W. Cogdel and son, Master Frank, went to Amarillo Tuesday. There they were joined by their son and brother C. W. Cogdel who will spend a ten days vacation here with home-folks.

Mr. Cogdel is in the employ of Magnolia Oil Co. at Dallas and this is his first vacation in three years.

Sells Calf Crop

J. M. Noel has recently purchased from J. M. Carpenter his 1915 calf crop, the price paid being thirty dollars. Mr. Carpenter will top out the big early calves and a few of the later ones to keep in his herd.

We are prepared to pack and send out ice cream and sherbet any time you may want it. Ring 300 tell us what you want and when you want it, we won't disappoint you. Geo. E. Burns, Drug Store. "Hurry back sometime."

Harvest Time

Is here and the Progressive, Up-to-date Farmer feels the necessity of co-operating with A GOOD BANK.

We earnestly solicit the accounts of farmers at this busy time and the COURTESIES of our institution are especially extended to them at ALL SEASONS OF THE YEAR.

The
First National Bank

E. B. POSEY, Cashier

RAINFALL since January 1—9.3 inches.

Independence Day

The plans for celebrating our National Independence day are going forward nicely. The committees are working hard and in unison, to have everything in shape for the great basket picnic to be held on July 3rd at Sulphur Park. Judge Gough has been selected to procure speakers for the day, and Messrs. Curtiss and McNeerney are the committee on music. So we know the program will be something worth the while.

A shade pavilion of ample size with plenty of seats for the crowd is being provided, under which will be the speakers platform.

Ice water for the crowd will be provided.

The committee, after thorough canvass, considered it best to allow one privilege to a good responsible party for a cold drink and ice cream stand, instead of furnishing ice, lemons and sugar as first suggested. This will relieve the ladies of much work. However, this arrangement will not debar anyone from making his own cream or lemonade if he so desires.

So come all ye old settlers with your families and your friends and neighbors, ye new settlers, also with your children and friends, whether you have been here two hours or forty-two years if you are in reach of the place and want to give yourselves and others a good time bring your dinners and come. Young men, its your move; get your best girl and bring her over for a good time.

The boys are arranging for a ball game on the heights. The committee on sports is short on variety. Bring something along and help somebody have a good time; bring flags and bunting—let's see what the colors look like once more.

One thing to remember is that the grounds are private and it is thru courtesy we get the use of them. See that you shut the gates and keep off the plowed ground.

—C. P. Galley.

"When I look at the flag," declared President Wilson in his Flag Day speech, "it seems to me as if the white stripes were strips of parchment upon which are written the rights of man, and the red stripes the streams of blood by which those rights have been made good. Then, in the little blue firmament in the corner have swung out the stars of the States of the American Union. So it is as it were, a sort of floating charter that has come down to us from Runnymede, when men said: 'We will not have masters; we will be a people, and we will seek our own liberty.'" Could a more beautiful and impressive tribute be paid Old Glory?

\$30 For Calves

Geo. M. Slaughter of Roswell, has sold his crop of 2,000 calves to J. W. Pucket of Amarillo for \$30 each fall delivery.

BIG UNION MEETING OPENS

Good Audiences Hear Dr. Norris—Stores Close for Services

The big union meeting of all the protestant churches of Hereford, opened last Sunday evening in a service conducted by the pastors of the four churches.

On Monday, Dr. J. Frank Norris and his singer, Mr. Scholdfield, arrived from Fort Worth and conducted their first service Monday evening.

The attendance has been large throughout and the interest good from the beginning. The big tabernacle has been well filled from the first. The song service is led by a large chorus composed of the singers from the various churches, led by Mr. Scholdfield. The song service is indeed inspiring. The solos given by Mr. Scholdfield are a part of the service that no one can fail to appreciate whether musically inclined or not. The singer has a wonderfully deep, rich voice, perfectly trained. The songs selected are rendered with a sweetness that touches the heart. Dr. Norris is fulfilling the highest expectations in his sermons and as a personal worker.

The people of the town are generally entering into the spirit of the meeting. Most of the business houses are closed from 10 to 11 a. m. for the morning service. Prayer meetings are being held in the afternoon at the various business houses.

The attendance from a distance is increasing as the meeting continues.

Agricultural Department New

Judge Ed. R. Kone and Mrs. E. M. Barrett, field lecturers of the Department now filling an itinerary covering several counties in South Texas, report crop conditions in that section excellent, a little backward in the region about Sinton. A large acreage of feed stuff had been planted. The boll weevil has appeared in many of the fields. Roasting ears, cantaloupes, and watermelons are becoming plentiful in the market.

All through that section of which Brady is the center, the oat crop, according to Wm. Connally, Department representative, is the finest ever produced. It is now in the shock, and conservative estimates places the production at 50 bushels per acre. Threshing will begin before this news reaches you. A few farmers of that section have or expect to make preparation to store either grain or cotton, and about 50 per cent of each will be "distressed."

Crops are reported fairly good throughout the Alta tract district. Tomatoes are moving rapidly from Jacksonville territory. Geo. B. Terrel, the Department's marketing agent, attended the Fruit and Truck Growers' Association meeting at Mt. Pleasant, which he addressed.

Mrs. J. L. Landrum, organizer and supervisor of Home Economic Clubs for the Department, reports splendid success at North Texas point visited according to itinerary. Though interfered with by the inclement weather at several places, she addressed good audiences of women and girls and demonstrated canning at Prosper, Gunter, Celina, Dorchester, Sherman and Pilot Point. Her demonstration of the canning processes evoked the interest of men as well as women and girls. General crop prospects were good at the time of report, but have since been damaged somewhat by excessive rains.

Jno. O. Allen, Department lecturer reporting from Annona; Red River county, on the 14 inst. represents the corn crops of Bowie and Red River counties at seventy per cent of normal (100); cotton, 100 per cent peaches, 60 per cent; truck crops, 85 percent; and hay crops, 80 per cent. Oats, with a fair yield, had

been about harvested, and Irish potatoes, with a 60 per cent of full crop yield, were being dug. Institutes were organized or reorganized at Malta, De Kalb and Avery. Judge Ed. R. Kone and Mrs. E. M. Barrett, Department representatives, were greeted by good crowds, and in several instances big crowds, at Fremont, Springfield, Orange Grove, Bentonville San Diego, Alice, Robstown and Corpus Christi. Judge Kone discussed before these audiences the dignity and importance of the farmers' vocation, diversification crop rotation and emphasized the importance of stock and poultry raising on the farm. Mrs. Barnett's principal theme was home economics stressing especially the home as the institution for which all others exist; the necessity for school training and home home making; school credits for all home work, thus correlating home and school life.

W. E. Prescott, the department's representative now campaigning the Panhandle, reports heavy damage to wheat by the hail of a week or ten days ago, particularly in Lipscomb and Ochiltree counties. Six thousand acres in the former county report a total loss. Generally, the wheat and oat crops, on land that had been well prepared, was in excellent shape.

Clarendon Race Meet

The Editor of the Brand is in receipt of a complimentary ticket to the Clarendon race meet that opens for three days—beginning July 1st.

Last week Glad Snodgrass sold and delivered to Horace Wade 43 head of white face heifer yearlings. The consideration was \$40 per head.—Floyd County Hesperian.

Good Price for Cattle

John Sigmud arrived Tuesday from his home in Naperville, Ill., to visit his ranch west of town. At Kansas City he was present when 42 head of his cattle were put on the market. These cattle were a mixed lot but the two-year-old steers, finished on Panhandle maize, brought \$8.50, within fifty cents of the very top price paid that day, and that for big three-year-old steers

which had been corn fed for eight months.

The shipment brought Mr. Sigmud something over \$3,000.

The cattle were raised on his own ranch and were home fed. The experiment has proved, even with the present condition of affairs, that the raising of stock and the finishing for market is profitable when handled like he did.

For Sale

Burbank's Original Improved Spineless Cactus. Highest pedigreed plants, forage and fruiting varieties; most nutritious of cactus creations. Orders for prompt delivery. R. Wehle, Kawana Dairy Farm, Santa Rosa, California. 21-3tp

BUY NOW FROM

Mrs. T. N. Heifner

Some Good Bulls

On Saturday last a bunch of 292 head of thoroughbred Hereford bulls were shipped from this point to a California ranch. The bulls, which had been bought in the country north of this place, were pronounced by old time cattle men as the biggest and best collection of thoroughbred bulls they had ever seen gathered together in one herd.

It is a long jump from the old time Texas long horns to a thoroughbred Hereford, but the transition has been brought about. The Texas steer of the olden days has vanished. It served its purpose. It was all very well in its day. But like the mastodon and other monsters of a prehistoric age, it will soon be but one of the myth of the days that are gone.—Higgins News

Fishing Parties Plenty

Tierra Blanco river near Hereford is a very popular Stream just now. Fisherman of all sizes from the old seasoned fisherman down to the boy just old enough to carry a rod is making life very hazardous for the bass, perch and cat that abound in this stream. Some bass as large as three and four pounds are being caught. This beautiful stream is certainly an ideal resort.

Likes The Brand

Amboy Ill., June 18th, 1915. Editor Hereford Brand, Dear Sir:— I wish to beg pardon for not sending my subscription before. Would not do without your paper as I have an interest in your Hereford country. Am glad crop conditions are good here. We are having lot of rain here. Inclose find check for \$1.00 for the Brand.

Wishing you and the country all the good that befalls to any country.

F. F. Gentry, Amboy Ill

Cheese Factory for Crosby County

The Crosbyton Review states that George W. Baker of that county is establishing a cheese factory on his farm near Crosbyton.

Mr. Barker says as soon as it is demonstrated that cheese will mature properly in this climate it will make land worth \$100 per acre. He says no feed in the world excels ensilage made from kafir corn.

"OCEANS OF WATER."

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

BOARD COMPLETE LIST

Two New High School Teachers Chosen

The Board of Education of the Hereford School district has completed the list of teachers for the coming school year. Superintendent Harrison was here from Plainview last week and the assignments were made for the different grades. Frank P. Wilson was chosen as teacher of Latin and Miss Gray for history. The complete list of teachers is as follows:

B. M. Harrison, Superintendent; Lin Fertch, Principal; Frank P. Wilson, Latin; Miss Gray History; Miss Wilson, English; Miss Price 7th Grade; Mrs. Geo. Garrison, 6th Grade; Miss Meda Woodburn, 5th; Miss Waldine Wilson, 4th; Miss Mary Gallagher, 3rd; Mrs. Fertch 2nd; Mrs. Garretson 1st; Miss George, Domestic Science; B. P. Castele, Manual Training.

Some Good Fruit

The writer stopped one day last week to inspect the raspberry and dewberry patch of H. B. Week in West Hereford. Mr. Week has as fine a patch of both as ever grew in any state or country. The dewberries are so heavily laden with big green berries that a bush is a weight to lift. The raspberries are just beginning to get ripe.

The vines are watered from Mr. Webb's own wind pump, as well as a fine grape vineyard and all kinds of fruit.

The query comes again, what is land worth that will produce such crops in a country where there is always a good market for such.

From Portland, Oregon

Mr. E. C. Jost of Portland Oregon was here last week several days looking after business interests.

Mr. Jost has some land just North East of town and has some interests in Castro county. He is very much pleased with the prospect here, like everyone from irrigated sections, he feels sure that this will be a great country when all this irrigatable land around here is brought under cultivation.

Drs. Presley & Swearingin, of Roswell New Mexico, will be in Hereford, at Dr. Price's office, 12 and 13 of each month to do eye, ear, nose and throat practice and fit glasses. 20-1f

Put your duds in our suds. Weaver Laundry, phone 196.

Sticking Pins in Nutmegs

That is the expert's way of telling the good ones. The natural oil in the nutmeg is what gives it its flavoring qualities—the more oil there is the greater the nutmeg's value for flavoring.

Stick a pin in a nutmeg that is full of this oil and oil will ooze out of the pin hole when the pin is withdrawn—little or no oil will follow the pin if the nutmeg is a poor one. So you see wherein two tins of perfectly pure nutmeg may differ widely in flavoring value—the one kind being ground from oily nutmegs and the other from nutmegs that could not pass the pin sticking test.

You must be certain that besides being pure the ground nutmeg you buy is *only* nutmeg. Looks tell it in a way—the oily kind is a smooth, rich brown—the other kind looks more grainy and is speckled with black woody particles. Your best assurance is to buy a brand that is packed by a company of integrity and reputation—and so packed that none of the flavor is lost through evaporation. Every bit of White Swan Ground Nutmeg is made from nutmegs that have, in the highest degree, passed the pin-sticking test—that are full of the oil that flavors. That's why White Swan Nutmeg costs a little more but, because it takes so little to give a rich flavor, is so economical to use.

Your grocer sells and recommends White Swan Nutmeg—and other White Swan Goods—ask him.

Waples-Platter Grocer Co. Wholesale Grocers TEXAS

HARRISON GETS

COAL BUSINESS

Will Take Over Grain and Coal Business of Fallwell & Son July 1st

In last weeks issue mention was made of Mr. Harrison's buying the grain business of Fallwell & son and Mr. McQueen of the McQueen Grain and Coal Co. getting the coal and ice business. However it appears that Mr. Harrison bought the entire business grain, coal and ice and later McQueen Coal and Grain Co. leased the ice business from Mr. Harrison who retains the coal and grain business. The following statement from Mr. McQueen gives the facts of the deal as they were consummated:

The Hereford Brand, City. Gentlemen: I have just read your news item regarding my buying the Fallwell and Brumley ice and coal business, and desiring to keep the records straight beg to say I have bought nothing at all from Fallwell & Brumley. I understand Mr. Harrison has bought their Real Estate, coal, grain, hay, salt and ice with their other equipment, effective July 1st. I have signed a contract with Mr. Harrison for the ice vault this year with the refusal of it for next year.

Please give this space in your paper.

Yours Truly,

J. W. McQueen.

S. M. Patterson

BELTON, TEXAS

en to death on Pike's Peak in August, 1911. Today the Fifth court of civil appeals in this city handed down a decision giving their estate to Carnegie Frank Skinner, a boy for a number of years, and who, although not legally adopted, Mr. and Mrs. Skinner named in their respective wills as beneficiary. In 1911 the estate was valued at \$70,000 and since that time has greatly increased in value.

Carnegie Skinner is now 18 years of age. He has been in care of the court since the death of his foster parents.

In 1903 both Mr. and Mrs. Skinner made wills in identical language leaving the property of each other after death to the survivor, with a reversion in favor of young Carnegie.

W. W. Fitzgerald, a brother of Mrs. Skinner, attacked the wills and

petitioned the court to set them aside. The case was decided in favor of the executors in the lower court and was affirmed today.

In 1911 Mr. Skinner was in poor health and he and his wife went to Colorado, where they decided to climb to the top of Pike's Peak, and in spite of the urgency of friends that they should make a tram trip instead to the top of the peak, they started out afoot.

When near the top they apparently were overtaken by a heavy snow-storm, for the bodies of both were found the next morning in the snow.

One of the interesting legal points involved in the case, whether or not, both having died at the same time, so far as there was any way to ascertain, the wills leaving the property to each other did not have the effect of canceling each other and making them void.—Fort Worth Record.

Listen, Mothers!

YOU know our reputation for carrying dependable merchandise. We now have one of the best known lines of Children's, Misses', Boys' and Girls'

to her home at Nazareth a little improved in health, after a short stay with home folks here.

Pressley Dyer and family visited relatives south of Dimmitt recently. Among those who dipped their cattle last week at the Wilson vat, were Messrs. Shore, Hill, McSpadden, Hanlan, Renfro and Waldrip.

The Wagner family attended a party at Nazareth on last Thursday night.

R. S. Neely returned from Fort Worth last week and alone again. Every time Rob goes away he sets the people all to expecting, by his decided resolve to bring "her" home this time. But this time he brought several new records for his Victrola which everyone will enjoy for Rob's home is in truth the one with the latch string on the outside.

The Parrott mail route petition has been duly signed sealed and sent in. We are daily expecting Uncle Sam to send a representative now to look over the route as planned, and hope that it will only be a matter of time now until the route is marked out to passers-by by the familiar mail box.

A great many people here believe they will replant much of the row stuff if moisture comes in a reasonable time to insure its growth for feed.

Mrs. Boydston and Zella visited at the home of Bascom Hughes in Hereford one day last week.

J. W. Hanlan has a badly crippled hand, the result of being kicked by a mule while unhitching.

It has been estimated that the proceeds from lectures delivered by former Secretary of State, Bryan, for chautauquas and lyceums would average him a nice little sum of three hundred and fifty dollars a lecture. At this rate by lecturing half the time he would receive an income nearly as large as that of the President's. His salary as Secretary of State was twelve thousand a year. Where is the financial sacrifice?

We don't know but we believe the way things look now that President Wilson—if Germany refuses his demands, and we believe she will, must declare war on Germany or back clear off the boards, and we believe our President means a thing when he says it. He is certainly up against the most serious and far reaching proposition that has risen during his administration.

B. F. Neely is really what one can term as a gentleman of leisure

Two stalwart young men to go to the field and an automobile to ride around in. But Ben says the only chance he has of trying his skill as a driver is when he takes advantage of them and goes while they are working, for everytime he goes with them they put him in the back seat.

Mr. Kopp got too hot while doing carpenter work for F. R. Metcalf last week and was off duty for several days.

Oats and rye will soon be ready to harvest in this neighborhood.

Will Hacker is another on the sick list.

Emancipation Day Passed off in Hereford Without Incident.

June 19th is a big day in the Black Belt of Texas, but the colored brother is not in evidence in the Panhandle. However one Hereford institution observed the day, but for a different reason.

Mr. G. A. F. Parker President of The Western National Bank tells us that thirteen years ago upon the 19th of June he opened a private bank in Hereford, under the name of Smith Walker & Co. of which bank he was managing partner. He built for the bank the first building ever erected in Hereford, and upon that day he moved in and opened for business, just where he has done business ever since. On July 1st of the following year the private bank was changed to the Western National Bank of which Mr. Parker then became President, and has remained in that position ever since.

There is no other banker in Hereford who was a banker here that long ago.

Miss Edwards in Amarillo

Miss Laura Edwards, Korean Missionary went to Amarillo Wednesday where she gave a lecture on the Orient at the Methodist church. Miss Edwards vacation has been one continued round of work and very few days pass that she does not fill at least one engagement along the line of work which she so much enjoys and for which she is so eminently well fitted.

Buy's Bulls Here

J. H. Zelleger, of Tucson Arizona went through here Tuesday with a carload of Hereford bulls 33 head that he bought from Keyser of Canon City.

Panhandle cattle are gaining a wide reputation. These cattle were pure bred but not registered.

Take Pride In Your Home Town

The town that improves its streets, cleans up its alleys, paints the houses, cuts the grass, rakes the lawns, and plants its flowers is not only encouraging cleanliness, but is making for itself, a name among the people of the outer world.

Commercial travelers and others come, and look, and go away and talk—and talk is all in favor of the town and its people.

Talk travels, and grows, and multiplies until it becomes known to many climes for its cleanliness and progressiveness.

In time other men who are looking for a change of location hear of this town—and then they go and look, and talk, and are pleased, and it becomes their home.

And the town continues to expand and progress and as the years roll by it gradually assumes larger proportions and a more commanding and dominating position in the world.

When community pride comes in, prosperity enters by its side and they become the mighty factors that control the machinery of success.

Personal and community pride should march side by side, for when these two potent factors join hands in a laudable purpose opposition quickly melts away.

To Drive Out Malaria

And Build Up The System Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

MERCURY TAKES A CLIMB

Last Sunday One of the Hottest Days Known Here

The Plains country of Texas is noted for its fine summer climate. Not many extreme hot days cool nights or hot winds. Nearly all these things were knocked out last Sunday when the mercury climbed in some places to 104 and stood above a hundred for several hours, and not till late at night did it get cool. The wind that blew a greater part of the day was not what Kansas or Oklahoma would call a hot wind but it was hot alright. It was a trying day on crops as this section is needing rain badly. The farmer with a good irrigating well is now smiling the smile that wont come off and that never grows old.

Now if every man that owns a quarter section in this shallow water belt will plan to put in a well before another year rolls around, this dry spell will be a blessing in disguise.

Wool Buyer Aere

Mr. Sam L. Mandel, representing the firm of Crowds and Co. extensive wool dealers of Kansas City, bought the first clip of wool here this week at something less than twenty cents.

The wool was shipped out at once. Mr. Mandel will return to Hereford later when prices have adjusted themselves more to his liking if they do.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. 15c.

Take Hall's Family Pills for constipation.

Um-m-m That's Good

Um-m-m! That's Good!

25% Reduction for the Next Two Weeks, For Cash

We make a specialty of furnishing homes. It will pay you BIG to figure with us on your Furniture wants.

REMEMBER, WE STILL SELL PIANOS AND PLAYER-PIANOS AT A BIG SAVING TO YOU.

The Hereford Brand

S. F. GUTHRIE, Editor

Started April 17, 1911, in the postoffice at Hereford, Texas, as second-class mail matter. First number of the paper issued February 25, 1912, as the Hereford Reporter, first number of The Brand issued March 21, 1912.

Subscription Price \$1.00 Per Year, Strictly in Advance

Any anonymous statement affecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publisher.

If you have anything to sell tell the people about it through the Brand. A few lines will find what is lost, bring you a buyer for your old machine or for your cattle or horses, or find for you any article that you desire to buy, for less than any other medium.

There is land in Deaf Smith and Castro counties underlaid with shallow water that can be bought from \$20 to \$30 per acre that will pay 20 per cent on \$100 per acre when improved with a well and put in alfalfa. You Northern fellows come down here—see and be convinced.

You fellows in Iowa, Missouri and Illinois, where you have flood awhile followed by a drought and where land is from \$100 to \$200 per acre, sell out and come down here and develop your land here. If you have none come down and buy some of this cheap shallow water land put in an irrigation plant and cease troubling about floods or droughts.

Let us begin to talk Water Carnival for this fall. It seems probable now that a large number of home-seekers will visit this section, who will be interested in the irrigation project. By fall there will fifty or sixty wells in operation in the Hereford section. In two years there should be 600. Let's get ready to show what we have and invite capital here to develop this country.

A great many people complain of the great cost to the country of the automobile. It is true that the auto is something of a luxury for many but it is also an article of utility for many. And if we are to cut luxury out why not begin on beer and tobacco that costs the country many lives and serves no good purpose but robs men of brains and producing power.

There are about seven hundred people in other states taking the Brand. Many of them have legal business to attend to. By reading the Brand they only know of one lawyer in town. This section needs more doers. Fellows who can go out and make the earth give up her streams of water and blossom like a rose. Let's get busy and get our part of the immigration that is going by us.

BREWERS POOR BUSINESS MEN

The National Wholesale Liquor Dealers Association are a generous patriotic bunch. They are furnishing the county papers with free copy and also offering in some cases to furnish free plate matter showing what devastation has been wrought in those States where prohibition has been adopted. They prove conclusively that more beer and alcoholic drinks are used in prohibition territory than before the adoption of prohibition. These poor short sighted

brewers are clamoring against prohibition notwithstanding the fact that prohibition increases their business. However these men are not so much interested in the revenue from their business as they are in the moral phase of the questions. They show conclusively that moral depravity follows in the wake of prohibition and they shed great weeps because of this moral degeneracy. The only trouble with their argument is that they sound like their wives were crossed some place. Prohibition does not prohibit drinking they say. In the next line or two they say that people being deprived of their beer are driven to excesses in other ways. So notwithstanding the fact that they drink more yet they are led into other excesses for the want of it.

So the muddle deepens, we are unable to understand it but that is probably due to the lack of beer or other stimulant which leads to clear thinking.

The fact that the tabernacle has been erected, that the evangelist and singer have been secured and are here, that by mutual agreement and prearrangement the revival is in progress, each of these, is evidence that Hereford WANTED an old fashioned, religious revival. This is in no sense a one individual affair, nor is it exclusively a church people's affair. Many persons outside the churches expressed themselves as being heartily in favor of a big union meeting, feeling that it would be of general good to the town.

We wanted it, felt the need of it or it would never have been.

Now, then, everything is in readiness unless, peradventure, it be ourselves and it is up to us to have the kind of meeting for which we planned or not to have it.

True, there may be some things about it that are not just exactly as you or as we might have wished, but the records don't show that the meeting was planned solely for either of us—there were several hundreds of other people, whose wishes had as much claim to consideration as ours.

Possibly there may be no single service entirely exempt from things that will not particularly appeal to us, for, with all deference to Evangelists Norris and Scholfield, we must confess that they're but human.

Did it ever occur to you, dear critic, if there be here such as you, that day no ever passes just as you would have chosen, that even your closest friends are not in every particular just what you most admire. Perhaps you yourself, are not so nearly perfect in the eyes of others as in your own.

Without question these evangelists can be instrumental in giving us a great meeting, but—they cannot do your part nor ours, and it is true that he that is not for the meeting is against it. There's no middle ground. A half-hearted service is no service.

If you believe that Hereford would be better for a revival of Christian thought and living among its people, work to that end, and, it might be well, even though you have no well defined ideas on the subject to wait and see—don't knock.

"OCEANS OF WATER."

Advertising Maize

Secretary Read of the commercial club will be at Fort Worth several days next week in charge of the all Panhandle Maize club exhibit at the "Buy in Texas" convention and show.

It is the purpose to show Texas people that it is better in every way to "Buy in Texas" this maize and kafir than it is to send your money to Kansas for Indian corn.

A man was burned to death last week in Farwell. He was drunk. The funeral was held on the street. There were no mourners. Sad indeed. Yet a few years ago this was a prominent and prosperous business man. He had friends. He had a family. Now they are gone probably they do not know or do not care that he fills a paupers grave and that his body is a mass of charred ruins.

The saddest part of the story is that the soul within the body was as charred and burnt as the chunk of flesh that the good people lowered into the grave. Years ago this man would have laughed had some one told him he would fill a drunkards grave. Some of the men who read these lines and are tampering with the accursed stuff may laugh were it pointed out that they would be burned to death in a drunken state.

Whiskey is a terrible thing, so dangerous for humans to tamper with. With object lessons on every hand, why will men take the first glass of the stuff?—Ex.

Got A Report

We have received a beautifully printed, deckle-edged, engraved, illustrated report of the fifty fourth annual convention of the United States Brewers Association, held at New Orleans.

We note that the depest concern of the annual meeting was for the tax payer, as usual. They made it perfectly plain to every body that, so far as the brewers themselves were concerned, they didn't care any thing about prohibition—they sold more booze under prohibition than with out it—but they didn't want the government to lose the revenue, they didn't want the tax-

Appetite Makes Eating A Pleasure

Loss of appetite is the first sign of disorder and decay. The usual loss of appetite is often caused by functional disturbances in the stomach. The stomach fails to do the work required, the appetite is gone, and the body suffers. Luck's stomach needs to be cleaned and sweetened.

CALOMEL DYNAMITES YOUR LIVER!

MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver

Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

Moisten the conversation with

Miss May Chamness, of Dawn, had the misfortune to receive a dislocated arm a few days ago. She fell from her car while attempting to alight before the car had come to a stop.

Mrs. Robert Rowan and little son Robert Junior, of Waco, arrived Saturday evening on an extended visit to Mrs. Rowan's parents Mr. and Mrs. C. H. Churchill of the Northern Hotel.

Miss Dot Owen, is doing some good work in the Amarillo Panhandle contest. Miss Dot is a charming and worthy young lady and her friends are anxious for her to win, at least one of the prizes.

Mesdames Agee and Richeson of Rothville, Mo. came in Sunday morning on a visit to their daughter and sister Mrs. R. O. Sears. They are delighted with the climate and scenery of the Panhandle country.

Mr. John Gray, who for the past two weeks has been working at Friona came home Sunday and accompanied by B. J. Rutherford, made a short-trip to Canyon later going to Panhandle for the summer.

Mrs. G. A. Lewis has for her guests this week her mother, Mrs. R. A. Huey, and her sister Mrs. H. L. Canady, both of McKinney. Mrs. Canady will make but a short visit while Mrs. Huey will spend most of the summer here.

F. W. Flato, an extensive cattle buyer for a Kansas City firm, bought 350 head of yearling steers from Raimy Bros. near Dimmitt this week for thirty nine dollars per head and shipped them out Thursday, to Sitka Kansas.

Mr. E. C. Brodie who has been principal of the high school of Sherman, for the past year, visited the family of Mr. W. E. Dunlap last week and on Monday started on a trip to Yellowstone Park where he will spend his vacation.

Rev. A. L. Clinkenbeard who, with his children, has been visiting at the home of his brother-in-law, E. T. Shirley, returned to his home at Plano Wednesday. The children will spend the summer here with the family of their uncle.

I. N. Dillard returned Tuesday from Hereford, where he had been to attend the high school commencement exercise. His daughters, Misses Lollie and Vera were graduates. Miss Lollie is visiting her sister Mrs. Posey of Lubbock. She will attend the normal at Canyon this summer. Miss Vera will visit here with her brother, Vernard, for the summer. —Lockney Beacon.

Boy Who Pokes his Nose Up

Do you remember the lazy fellows who used to sit around the barber shops in the old home town and predict the failure of a boy who tried to poke his nose above the common herd? Up in the village of jokes at the expense of a lank and ungainly young fellow who clerked in the village grocery, poled flat boats on the river and split rails for a living. They called him Abe in those days. He became the president of the U. S. and thousands from far places on the earth have visited his tomb to do him honor.

Latest designs in monuments. Prices right. Ashbrook & Suggs. 17-41

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor tingling in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

Society and Clubs

Club life has been practically abandoned. Most of the clubs have disbanded and will hold no further meetings during the summer except perhaps a few social affairs.

The elegant home of Mr. and Mrs. H. D. Rucker, twelve miles northwest of town, was the scene of a brilliant social gathering on last Friday evening when about one hundred and twenty-five guests, including many from Hereford, were privileged to enjoy the well-known hospitality of Mr. and Mrs. Rucker in honor of Mr. and Mrs. Roy E. Fox.

The grateful coolness of the large, shady lawn, furnished so completely with everything necessary for the comfort and pleasure of the guests, was very much enjoyed.

The spacious dining room was converted into an ideal dancing hall where the guests "tripped the light fantastic" throughout the evening.

Delicious refreshments of cream and cake were served at a late hour.

Among those from Hereford who were present were: Mr. and Mrs. Paul Barnett, Mr. Wm. O'Brien and family, Mr. and Mrs. Rockwell, Mr. and Mrs. Leslie Moreman, Mr. and Mrs. Roy E. Fox, Mr. and Mrs. Nutter, and Messrs. Pratt and Gibson.

Social affairs for the next few weeks will probably be like the proverbial angels' visits—few and far between, and the social will become subservient to the spiritual.

Hereford society is, fortunately, of that wholesome, healthful sort which recognizes the proper spiritual basis of social activities and the fact that the social instinct—which is innate and God-given—should find its sustenance in the same fountain which feeds our spiritual life.

The line which separates spiritual growth from social development is not clearly defined and the one can not exist apart from the other. That Hereford people believe this will be shown by the cessation of social activities during the progress of the meeting, and the giving of the best thought, the best effort—the consecration of our time, our talent, our tongues and our money to help in the work of Him who made civilization with its attendant pleasures and activities possible.

Mothers' Club

Mrs. Caylor was hostess to the Mothers' Club Tuesday afternoon.

At the conclusion of the business session the Club enjoyed a pleasant social hour and delicious cakes and sherbet were served by the hostess.

We are delicate machines, and require nice treatment to get from us the maximum of power and pleasure. We need tonics, but must have those that cost little or no reaction. The flame of life burns too fast in pure oxygen and nature has tempered the air with nitrogen. So thought is the native air of the mind, yet pure it is a poison to our mixed constitution, and soon burns up the bonehouse of man, unless tempered with affection and coarse practice in the material world. Varied foods, climates, beautiful objects,—and especially the alternation of a large variety of objects,—are the necessity of this exigent system of ours. But our tonics, our luxuries, are force-pumps which exhaust the strength they pretend to supply; and of all the cordials known to us, the best, safest, and most exhilarating, with the least harm, is society; and every healthy and efficient mind passes a large part of life in the company most easy to him.—Ralph Waldo Emerson.

To My Many Friends in Hereford Vicinity

Please accept my many thanks for the active part you took in soliciting and contributing votes that made my contest for the silverware given by the Roy E. Fox Show Company a success. I feel highly honored and assure you that I appreciate the active part you took in making my election sure. Again thanking you,—

Miss Charlotte Olivia Mooney.

**Trees Trees Trees
The Hereford Nursery Co.**

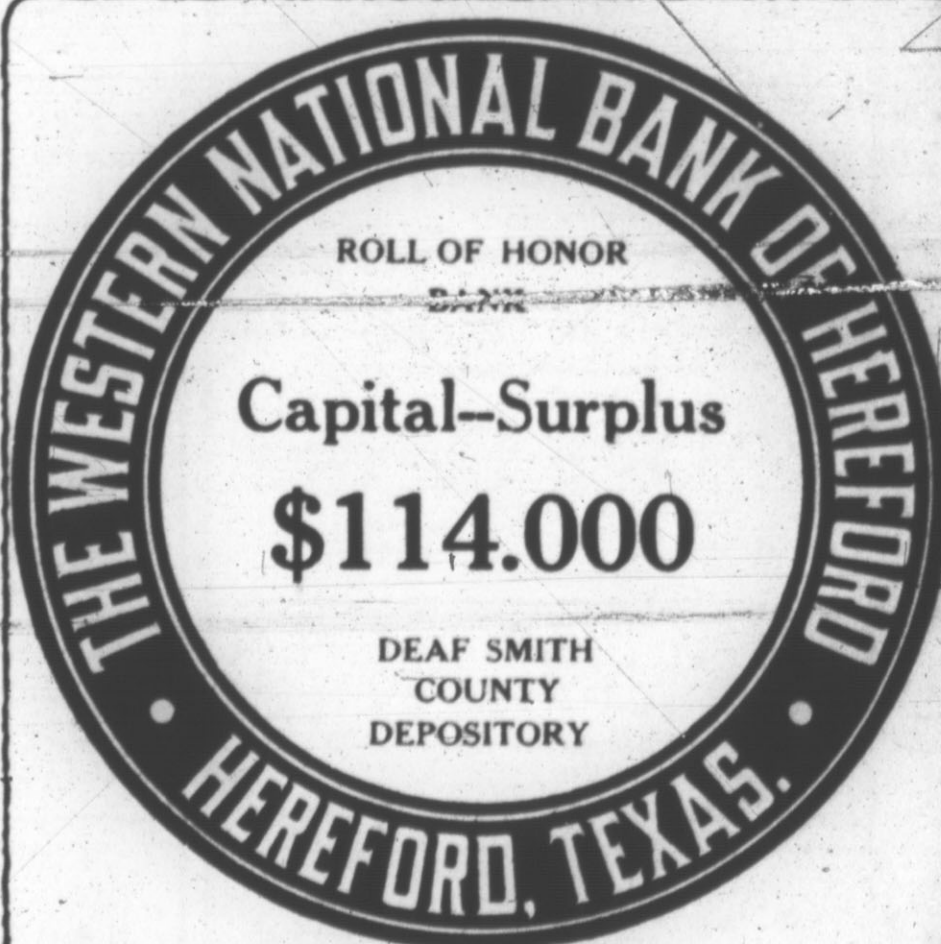

Is located in the Panhandle, Deaf Smith County, Hereford, Texas. On the main line of the Santa Fe. 3700 feet elevation.

Growers and dealers in Choice Fruit Trees: Grape and Berry Vines, Shades, Shrubs, Everblooming Roses, Evergreens, Etc. A quarter of a century of exclusive Nursery business. We have tested over 300 varieties in our experimental orchard grounds during the past twenty-five years at a cost of more than \$1000 annually. Our experiments are worth a fortune to the planter. Let us make your selections for you. Many varieties do not fruit here, but our buds are taken from heavy bearing trees.

When you buy from us you are assured stock that has had the best of care in growing and handling. We have introduced some of the leading varieties of the day and they are not surpassed by any of them. Try our family orchard collection and have ripe fruit from May to October. Our motto is the best. Quick transportation by express and parcel post. Write for Catalog.

We are interested in your success and will freely give the necessary information. It is to your interest to patronize us.

L. P. LANDRUM, Manager.

Irrigation and Stock Farming

It pays to irrigate and raise double the amount of feed stuffs you would otherwise raise. It then pays to fill a silo and feed cattle and hogs.

If you raise plenty of feed and want to get some cattle or hogs, call and talk the matter over with us. We have always helped our friends get stock where they could care for it.

Live Stock has always paid in this country

BETTER CONSTRUCTION AT LOWER COST

STUDY THESE CUTS

Why Interlocking is so Widely Used

For many years the public—you—has needed a building material that would be better than anything heretofore in use, and at the same time be within the reach of all in cost.

Interlocking tile is being used from New England to the Pacific Slope, from the Great Lakes to the Gulf of Mexico, because it is filling this demand. In Texas every section is using this material for every class of building, it being more especially adapted to our climate than any other.

Nothing can compare with a material that builds fireproof walls that are cooler in summer, warmer in winter, stronger and more rigid, and at the same time cheaper than brick. Interlocking tile does this.

Just why these apparently impossible, "too-good-to-be-true" things are so is fully explained in our literature, government reports, etc. Write for this data and information now, even if you do not intend to build until later. You will be well repaid.

FRASER BRICK COMPANY, Sole Manufacturers
DALLAS, TEXAS

Not afforded by the use of this plant was alike astonishing and satisfactory.

"The use of the euphorbia anti-syphilitica is too well known to need more than a passing reference.

"The root of the nopal (prickly pear) when roasted, cut open and applied to cuts, wounds and bruises is extremely beneficial.

"The root of the lechuguilla is an excellent detergent, or soap while many varieties of this plant yield a very good fiber, long, silky and strong.

"Many other instances might be given of the economic possibilities of plants growing in abundance in West Texas, but there has been very little systematic investigation of them. The stink-weed contains a considerable amount of highly inflammable oil or resin. It is gathered by Mexicans, tied in bundles and used as a fuel in lime-burning, producing a very hot flame. Thymol is obtained from certain members of the order of labiate, such as thymus vulgaris, menarda punctata, carum copticum, etc. A year ago it was selling for about \$2 a pound but today the price is around \$8 a pound. It is not known whether thymol can be profitably recovered from any Texas plants, although ordinary oil of thyme may contain as much as 30 per cent.

Investigations on the economic uses of plants requires special men and special means. Such work is tedious and costly, and this is the main reason, I suppose, why the University has not engaged in it. It is, I believe the duty of the State to undertake such work, to exploit its resources, whether vegetable or mineral, and to publish impartial and accurate results."

John M. Shelton of Amarillo last Thursday purchased from the Justiceburg ranch of W. E. Connell & Son 1900 head of yearling steers for \$74,100.00.—Wellington Leader.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

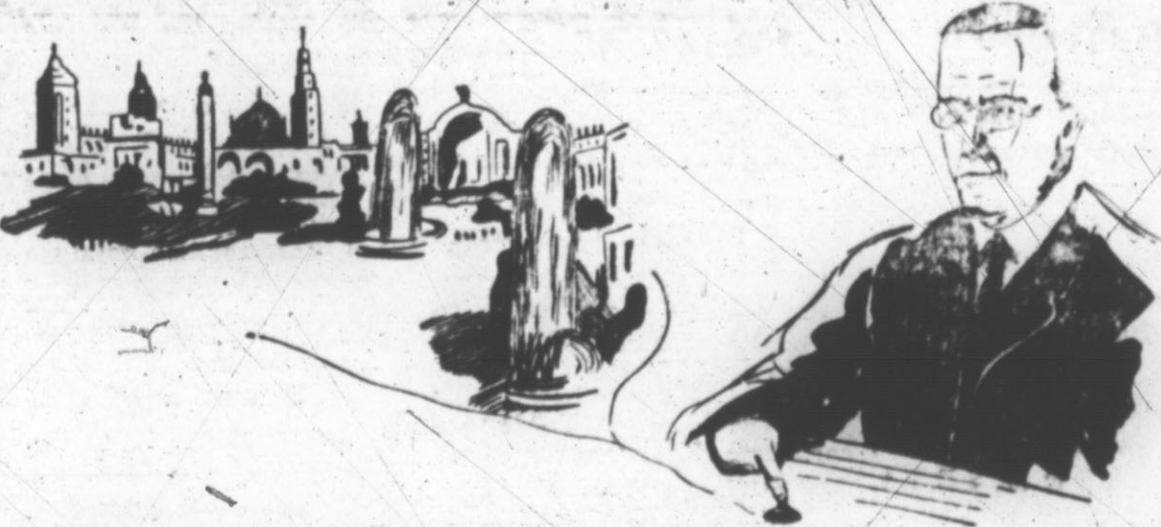

Write for "Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions in your case, and 64-page book, "Home Treatment for Women," sent in plain wrapper. 1-6

Economic Possibilities of Certain Texas Weeds

University Station, June 24—Wm. B. Phillips, director of the University Bureau of Economic Geology, believes there are certain Texas weeds which may develop wonderful medicinal properties, and become a source of wealth to the state.

He says: "Several years ago when we were using the D-retorts in the treatment of quick-silver ores we had a great deal of trouble with severe cases of salivation. Some of the men were seriously affected and there seemed to be no remedy until

an old Mexican woman told me that she knew of a plant that was a specific for such disorders of the teeth, mouth and gums. She was sent out to secure the plant and did so. It proved to be the leather-weed, known among the Mexicans as sangre de Christo, or Blood of Christ, from the pinkish juice held by the roots and the lower parts of the stem. A decoction of this gave almost instant relief, when used as a mouth wash. To one who had real cases of salivation and witnessed the suffering due to mercurial poisoning from vapors of quicksilver, the re-

WHEN PRESIDENT WILSON pressed the button to open the Panama-Pacific Exposition, the electric impulse that was flashed across the Continent started a great Busch-Sulzer-Diesel Engine in the Palace of Machinery. Texaco Ursa Oil is the only lubricant that has ever been used on this splendid machine.

Knowing that this engine would attract great attention, the builders took particular pains to secure the best possible accessories for the production of maximum efficiency. Their choice of

TEXACO URSA OIL

was made after numerous tests.

Though the Diesel Engine is a new prime mover, it has received so much attention and study from the Lubricating Engineers of the Texas Company that we are able to lubricate it efficiently and economically, and we hold the leadership in this particular class of lubrication.

This is a fair example of Texaco Service, the service which means that we can give you an oil exactly suited to any condition of speed, heat, or pressure, for steam engines, gas engines, turbines, ice machines—anywhere a piston moves or a wheel revolves.

We invite you to get in communication with our nearest office and let one of our representatives show you the Red-Star-Green-T products of quality.

List of Lands and Lots Delinquent on March 31st 1915

For the Taxes of 1914, only, in Deaf Smith County, Texas

Reported Under the Provisions of Section 10, Chapter 103, Laws of 1897

THE STATE OF TEXAS

County of Deaf Smith

I, R. W. Baird, Tax Collector of said County, do hereby certify that the within lands and town lots assessed on the Tax Rolls of said County for the year 1914, are delinquent for the taxes of 1914 only, and that I am entitled to credit for the taxes as shown thereon.

Sworn to and subscribed before me this 24th day of April, 1915. A. O. THOMPSON, County Clerk, Deaf Smith County.

Certificate of Commissioner's Court

THE STATE OF TEXAS

County of Deaf Smith

IN COMMISSIONERS COURT.

We certify that we have examined the within report of lands and town lots assessed on the Tax Rolls of Deaf Smith County, for the year 1914, which are delinquent for the taxes of 1914 only, and find the same correct and that R. W. Baird, Tax Collector, is entitled to credit for the taxes as shown thereon.

Given in open court this 24th day of April, 1915. JAS. A. HUGHES, County Judge.

W. W. BENNETT, R. J. KIBBE, JOHN GREGORY, County Commissioners.

[SEAL]

Attest:

A. O. THOMPSON, County Clerk.
