ADVERTISE! "KEEPING EVER-LASTINGLY AT IT BRINGS SUCCESS"

## PANHANDLE BANKERS' ASS'N. HERE WEDNESDAY-THURSDAY

MEN PROMINENT IN FINANCIAL CIRCLES OF SOUTHWEST WILL ADDRESS THE CONVENTION—FEDERAL RESERVE BANK BANK ONE OF SPEAKERS—"SMOKER" AT NIGHT

Next Wednesday and Thursday Hereford is to be honored by the presence of the Bankers of the Panhandle. This city should get ready to do herself as well as the bankers honor. The homes of the town will be thrown open for the reception of these kings of the money purse. The first day will be given to organization and reports largely. In the afternoon a trip will be made over the irrigated section and it is hoped that everyone who has a well will have it running that these men may see what a river of water we have. Here is the program as given out:

Among the prominent speakers from the outside are C. Q. Chandler president of the Kansas National Bank at Wichita, and J. W. Hoopes vice president of the Federal Reserve Bank at Dallas.

WEDNESDAY, 2 P. M. Invocation—Rev. W. M. Baker Address of welcome—Mayor Wm. M. Knight.

Response to Address of Welcome—J. M. Oakes, cashier Third National Bank, Plainview, Texas.

OFFICERS REPORTS "The Double Liability of Bankers"—C. Q. Chandler, president Kansas National Bank, Wichita, Kansas.

"Financing Cattle Paper," Julian M. Bassett, president First National Bank, Crosbyton, Texas.

General Discussion. 4:30 P. M. Review of Hereford Irrigated Farms, arriving at barbecue and fish fry.

8:30 P. M. Smoker at the Courthouse. THURSDAY, 22—9:30 A. M. Invocation—Rev. G. A. Faris.

"A Few Remarks"—J. W. Hoopes, vice governor, Federal Reserve Bank Dallas.

"Benefits to the Country Banker from dealing with the Federal Reserve Bank," Ford Brandenburg, vice president First National Bank, Amarillo.

"Aeroplane Banking," T. W. Slack president North Texas Trust Co., Fort Worth.

General discussion. 2 P. M. "The Country Banker,"—J. C. Swift, Swift & Henry Live Stock Commission Co., Kansas City, Mo.

Election of Officers. Selection of next meeting place. Adjournment.

Have Pleasant Trip Mr. and Mrs. Ira L. Winterrowd who have been to California and the Exposition, stopped off here Tuesday. They went by Denver and Salt Lake City, stopping and seeing the most interesting things in those cities, and spent almost a week seeing San Francisco and the great Fair. They also visited Los Angeles and San Diego. They report a very delightful trip across the Rockies, over the great Salt Lake, snow capped mountains and lovely valleys of California, across the bay and along the Pacific coast. They also stopped off at Roswell, N. M., where Mr. Winterrowd assisted in a very interesting gospel meeting for ten days. They are now finishing their journey through Kansas and Oklahoma to Ennis, Texas, where they are to assist in another meeting. Mr. Winterrowd is well known here and will return to Lockney next month to begin his work as Dean of Lockney, Christian College.

Deaf Smith Calves at \$33.50 Messrs. Parker and Lipscomb of this city sold their calf crop consisting of 620, for October delivery for \$33.50 per head or a total of \$20700. These calves are the crop up to July first from 690 cows that they have on a ranch in the north part of the county.

The cows are high grade Herefords and are said to be one of the best bunches in this section. They were sold to O. G. Hill and Oscar Shores. Earl Wilson was a visitor in Vernon this week.

### Parrot News Notes

The harvest days are about over in our vicinity. Now it is the hum of the threshing machine instead of the binders and headers.

Mr. and Mrs. Goodloe and family of Summerfield, visited at W. E. Hacker's last week.

Mrs. John Hendrix gave a turkey dinner at her home at Arney last Sunday. Those from near Parrot who attended were, A. G. Noble, the E. Noble brothers and their wives, and Ben Tate, wife and little daughter.

The pupils from Parrot who took the recent State examinations for teacher's certificates are stepping rather high this week. Charlton Neely and Alva Metcalf holding first grade and Ned Neely second grade certificates.

Frank Metcalf and family are making preparations for a visit to their old home in Illinois.

L. A. Ricketts is spending this week on the Canadian river plum hunting.

Mrs. Orle Renfro spent the week end in Hereford with home folks.

The young people of Dimmitt and vicinity enjoyed a social party at the Hotel Castro last Saturday night.

Earl Hanian was operated on for the removal of adenoids and other nasal obstructions last Monday.

Dimmitt is to have a big picnic and basket dinner July 29th. Everybody invited to come, bring your dinner and all your friends.

Mrs. Presley Dyer has been visiting at the home of her parents south of Dimmitt, her mother having been quite sick.

Mr. and Mrs. James Boydston entertained the following invited guests at dinner last Sunday: Phil Arthur and wife, Basil Jennings and wife and little son Philmore, of Hereford, Miss Ethel Jennings of Nevada, Mo., J. W. Hanlan and wife and sons Harold and Earl, and Roy High.

Steve Hoelting and wife are the parents of a baby girl born this week.

Zella Boydston is spending this week with her sister, Mrs. Bascom Hughes in Hereford.

Mrs. T. W. Shepard accompanied by Miss Ruth Butterfield have returned to their home in Plainview after a visit to the home of George Shepard and W. E. Hacker.

Mr. Metcalf reports a great annoyance to his cattle caused by the presence of a big gray wolf in his pasture.

During the electrical storm last Friday, Grover Sanders' house was struck by lightning, doing considerable damage to an upstairs room. Mrs. Sanders was standing in the door and was knocked down by the shock.

The Rucker Ranch One of the best improved farms in the county is the Rucker Ranch. Dr. Rucker, the proprietor, is one of the progressive spirits of the county. Although he lives ten or twelve miles in the country, he takes as much interest in building up Hereford as any man in the town, believing that a good county should have a good county seat. His fine farm is stocked with the best of high grade Hereford cattle, as fine as the pure bloods. When you want some good foundation this is the place to get it. The neat and attractive buildings on his ranch are a model for this county and people are always welcome at this hospitable home.

### Here Is Welcome

To the Bankers who meet here next Wednesday and Thursday. The doors of the City are open to you and the key is in the well. No class of men are more high minded and worthy than the Bankers of this country—the keepers of the people's wealth. Come and partake of any good thing we have. We want you to enjoy every hour of your stay.

Signed: **Everybody**

### SUNDAY AT THE CHURCHES

All the Denominations Open Doors for New Members. Presbyterians Have Meeting by Laymen

Last Sunday all four of the churches here that took part in the evangelistic services resumed their regular services after three weeks absence. The services were conducted by the local pastors.

The doors of the churches were opened at all the churches for the reception of new members. About 32 new members were received in all as follows:

Baptist 12; Presbyterian 9; Methodist 8; Christian 3.

Some of these were received by letter from other churches and some by baptism.

At the Presbyterian church in the evening, the services were in charge of the business men of the church, with Messrs. G. M. Suggs and J. E. Garrison as leaders. The meeting was informal and a number of talks were made. At some near future date the services will be given over to the farmers of the congregation and later to the cattlemen. These meetings will doubtless prove helpful.

### Wedding At Court House

Judge James Hughes united in marriage last Saturday, Mr. James Spatz and Miss Eva Ellis, both of Castro County.

### Here From the Philippines

J. A. Hodges and sister, Miss Addie, came in Thursday morning enroute to Dimmitt where they will visit their sister Mrs. R. A. Holland and family. Mr. Hodges is from the Philippine Islands where he has been in business for the past nine years—this being his first visit home in nine years. Miss Addie met him in San Francisco, where they spent a month seeing the Exposition. From there they have been sight-seeing in Wyoming, spending one week in the Yellowstone National Park, and seeing the different points of interest in Utah and Colorado, landing in Quinlan, Texas, their old home, which looked best of all. Mr. Hodges will be in Dimmitt about two weeks and then he will be off again for the Philippines.

### The Rucker Ranch

One of the best improved farms in the county is the Rucker Ranch. Dr. Rucker, the proprietor, is one of the progressive spirits of the county. Although he lives ten or twelve miles in the country, he takes as much interest in building up Hereford as any man in the town, believing that a good county should have a good county seat. His fine farm is stocked with the best of high grade Hereford cattle, as fine as the pure bloods. When you want some good foundation this is the place to get it. The neat and attractive buildings on his ranch are a model for this county and people are always welcome at this hospitable home.

### GETS \$35 FINE AND COSTS

Hereford Man Stops Car in Front of Fire Plug in a City of the Far West

Mr. Arch Collins who, with his family are in Los Angeles attending the fair, thinks the automobile laws of that city a little rigid. He stopped his car near the curb and left it standing. When he returned he found an invitation to attend police court tied to his steering wheel. Out of curiosity he attended court the next morning and was told that it cost \$35 and costs to stop in front of a fire plug in Los Angeles.

Some of Hereford's citizens that are a little careless about obeying the city ordinances with reference to auto traffic would think that a little severe.

Arch says however, he is having a good time just the same.

### Makes 2150 Miles Without Mishap

L. E. Cobb returned this week from an extended auto trip through Texas. He visited Fort Worth and a number of other towns making 2159 miles without a puncture or a mishap of any kind.

A dainty young thing tripped up to the music counter in a Hereford store last week where the proprietor was busily engaged in sorting music.

"Have you kissed me in the moon light," she asked sweetly.

"Not that I remember of," replied he, "but be careful, that is my wife in the rear of the store."

### Ladies and misses trimmed hats

which formerly sold as high as \$4.50 all going at \$1.50 each. Vogue Millinery Parlor.

### Ad-Em-Nel-La Out

This office acknowledges the receipt of a copy of Ad-Em-Nel-La, a book by one of Hereford's own citizens A. E. Hurst. It is an Indian story and other poems. It shows real literary merit. A more extensive review will be made of it later.

### Mother's Club

Mrs. J. S. Jones entertained the Mothers' Club Tuesday afternoon. Most of the members were present and enjoyed an interesting meeting.

The program consisted of a short talk by Mrs. W. E. Turrentine on the subject, "The Woman's Influence in the neighborhood," and a general Club discussion on "Gossip."

Mrs. J. I. Walker and Mrs. Clarence Wheeler were received into the Club.

The hostess served a delightful salad course luncheon.

Have you read AD-AM NEL-LA? "OCEANS OF WATER"

### 100 Furnished Bed Rooms

On account of the Panhandle Bankers' Convention which convenes here July 21-23, and because all rooms at the hotels are all ready engaged, the local Entertainment Committee is compelled to call on the citizens for at least 100 furnished bed rooms for which we offer \$1.00 per day for neatly furnished rooms, and \$1.50 for rooms with bath.

Those having rooms to let, report same to D. F. Ashbrook or E. B. Black by Monday noon.

Entertainment Comm.

### COUNTY COMMISSIONERS IN SESSION

Wolf Bounty Fixed at \$1.00 Sheep Inspectors Office Abolished

The County Commissioners were in session on Monday and Tuesday of this week and transacted considerable routine business. Among other things they bought 104 Jack rabbits ears at 5 cents per head for the state.

They made an order placing a bounty of one dollar on wolf scalps which with the state bounty amounts to three dollars. They made an order abolishing the office of sheep inspector. The term of Mr. Norton the present incumbent had expired and as the number of sheep seems to be decreasing it was thought that the office could be abolished without injury to the industry.

### Boy Hurt

Paul Jowell, son of Rat Jowell, was run over by a wagon Tuesday bruising his leg badly. No bones were broken however.

### Missionary Society Meets

The members of the Woman's Missionary Society of the Presbyterian church met last Wednesday afternoon with Mrs. J. H. Williams, and had a good attendance. The subject of study was Alaska, and a few musical numbers after which refreshments of cake and cream were served by Miss Ruby Williams and Miss Martha Jolly, who is visiting her teacher Miss Irene Williams.

## OUR PUBLIC FORUM

### III—Julius Kruttschnitt On Financing Railroads

The farmers of this nation need to become better acquainted with the railroad men and their problems. It is only those who know that can give us information and the farmers of America should listen attentively to what the men who manage railroad property

have to say. Mr. Kruttschnitt, executive head of the Southern Pacific, has written an article dealing with the financing of railroads. He said in part:

"The financing of a railroad is a function which the people, through their servants, the Railroad Commissioners and the Legislators, have never attempted, but it is a most important problem, especially to sections of a State where new railroads are needed. The placing of securities has been left entirely with the promoter and owner of railroads.

"The immediate determination of what earnings the railroad shall be permitted to receive and what burdens it shall have put on it is in the hands of other servants of the public

—the Legislators and the Commissioners.

"Managing a railroad is quite different from managing a government where the money is raised by taxation. When the expenditures, for good reasons or otherwise, increase, taxes can be equally increased. The railroads, while servants of the public, cannot raise money with such ease and facility. The railroads must keep their expenditures within their incomes because while they have some control over their expenditures they have almost no control over their incomes, their rates being fixed by public authorities.

"There is not a railway manager in the country today who is not fearful that under the press of increasing demands the transportation systems of the country will, in a few years, break down, unless the railroads are allowed to earn larger funds wherewith to build it up. There are vast sections of the country, especially in the West, where more railroads are needed and they cannot be built unless the railroads raise new capital.

"People invest money in order to make money, and they are skeptical as to whether they can make money by investing in concerns that are dealt with stringently and unfairly. Railroad securities must be made more attractive to invite investments, and in order that they may be made more attractive, the roads must be allowed earnings that will enable them to meet the increased capital charges."

#### Eli Dunlap's Mother Dies

Mr. Eli Dunlap of this city, returned home from Riesel, Texas last Sunday night. Mr. Dunlap went there about a week before in response to word that his mother was quite ill. Mr. Dunlap reached her bedside before her death which occurred last Wednesday night.

The following is a clipping from the home paper at Riesel:

Mrs. H. A. Dunlap, one of the oldest settlers of McLennan county, both as to age and time of residence here, passed away during the latter part of last night and it is understood that the funeral services will be held this afternoon.

Mrs. Dunlap, affectionately known as "Grandma" Dunlap, was 93 years old when she died, and her life had been so filled with good deeds and kind acts as that she was endeared to all who knew her, and the fact that she has passed away will be learned with deep regret by hundreds in this section. She came to this county when only a girl and settled at Riesel, where she has lived ever since. No one in the community was better known or more generally loved. She was a devoted member of the Methodist church, and died in the faith which sustained her while living.

She was the mother of eight children, six of whom are still living and they were with her when she died. Her husband had preceded her to the other land. She had reared some of her grandchildren and had several great grandchildren. She had one daughter living in Waco, Mrs. Nannie Sanders of 604 North Ninth Street, and two grandchildren daughters of Mrs. Sanders, these being Mrs. Earl Cathey and Miss Mae Sanders; all these will attend the funeral.

#### Leaves for Dallas

Mr. and Mrs. G. A. Lewis and little daughter Georgie, of the Hereford Bakery, left Tuesday for Dallas where Mr. Lewis will enter a hospital for an operation for stomach trouble. The business will be in charge of Mr. and Mrs. R. A. Huey, parents of Mrs. Lewis, while Mr. and Mrs. Lewis are gone.

Mr. Lewis has been in poor health for some time, and his many friends here will hope for his complete recovery and speedy return.

#### Hail Near Summerfield

Quite a severe hail storm is reported north of Summerfield last Monday night. It did considerable damage to crops. Several windmill towers were wrecked by the wind.

## "HOME SWEET HOME"

"Be it ever so humble  
There's no place like home"

WHEN John Howard Payne penned those words he builded better than he knew. No place can be that real abiding home unless you own the little plot of ground on which it rests and unless you have a proprietorship in the boards that enclose its walls.

Every man should plan a home of his own. It may be humble but it will be more of a home if you are monarch of the manor.

If you buy your lumber from the Hereford Lumber Company you will build better than you know. Remember, the memory of good quality will last longer and yield its harvest of happiness, long after the price is forgotten. Quality is what you get when you buy from the Hereford Lumber Company, the oldest lumber company in Hereford, with facilities and opportunities for buying in large quantities.

### MINIATURE BATTLESHIP BLOWN UP AND MINE EXPLOSION INTERESTING FEATURES IN TWO EXHIBITION PALACES

Amazing Voice Amplifier and Other Wonders of the World's Progress at the Great Panama-Pacific Canal Celebration—This Year the Year of All Years to Take Marvel Journey to the Pacific Coast.

FROM every part of the World visitors are thronging to the great Exposition at San Francisco. The Exposition there is the most comprehensive and interesting of all universal expositions, and it will probably be the last to be held within the present generation. Now is the time to see it.

The Panama-Pacific International Exposition, which opened on Feb. 20 last, has charmed the millions who have already beheld the magic city by the Golden Gate.

The marvels of the universe are displayed in the vast exhibit palaces, affording the most comprehensive summary of the world's progress ever disclosed. Many of the exhibits are as revolutionary in their character, and mean as much to future generations as did the locomotive or telegraph when it was first introduced. The amazing voice amplifier, for example, makes it possible for a man in New York city to deliver an address through the telephone to a large audience in San Francisco, 3,000 miles away. Through the use of heat waves the intensity of the voice vibrations is increased to such an extent that, although the orator may deliver his address in a low voice into the telephone in New York, in San Francisco it is possible to increase the sound in volume sufficient to fill a large hall. On the other hand, the New York speaker's address may be distributed through telephonic receiving disks attached to each chair in the hall in San Francisco. In one of the exhibit palaces visitors may, without charge, hear a man in New York read from the headlines of the New York newspaper.

This performance begins in the Palace of Liberal Arts each day at 3 o'clock.

The amazing voice amplifier is but one of many revolutionary scientific advances demonstrated at the Exposition. The invention has made possible the transcontinental telephone, and the principle which is applied has not been developed to its fullest extent. It is said that with the probable development of the long distance wireless telephone this new invention will make it possible to project the human voice halfway around the globe without the use of a telephone wire. Contrast the era sixty-five years ago, when the pioneer required months to cross the plains, with that of today, when the orator in New York may address his audience in San Francisco.

And there are many other developments as wonderful and as revolutionary, all revealing the trend of the world's progress in the arts, sciences and industries. If you are interested in mining, for example, beneath the floor of the vast Palace of Mines you may find a mine in operation, with its stopes and tunnels and shafts and compressed air drills. Wait a moment and you may witness an explosion in the mine. A gong rings; an ambulance dashes up with a corps of rescuers provided with respiratory apparatus, and effects a rescue.

In the Palace of Machinery you may see a miniature battleship blown up by a miniature mine patterned after one of the latest types of the submarine mine. In the Palace of Education you will see classes of students engaged in their studies, and perhaps you may be

able to see Miss Montessori, the celebrated Italian teacher, instructing classes of children. A great purpose of the Exposition is to show not only results and finished products, but the methods, processes and principles by which results are achieved. In the exhibit palaces and state buildings motion pictures are freely employed with this object in view. There are forty-three free cinematograph shows upon the Exposition grounds, and, by the way, there is no charge to enter the exhibit palaces. Once you have entered the Exposition grounds all the displays of the states and nations are spread before you. In the great Australian Pavilion and in the Palace of Manufactures gem cutters are to be seen at work, while exhibitions of a model postoffice in full operation, of a model laundry, of a paint manufacturing machine, of a broom manufacturing machine, of an automobile manufacturing machine, with an almost endless succession of other operating machines, illustrate the advance in industrial processes. Man is becoming more and more a master of the machine, with the electrical current as the intermediary to lighten the burden of personal supervision.

If you are interested in what the foreign nations have accomplished you have only to visit the marvelous displays of the European countries or of those of the Orient or South America, Canada or Australia. Among the French displays you may, if you wish, behold priceless works of art never before exhibited in America and which at the Exposition find sanctuary from the ravages of war.

forage and grain now growing on the farms to make full feeding of cattle, sheep and hogs a lucrative industry this fall and winter.—A. M. Hove.

#### Identifying the Dead

In a war where thousands of men fall in one battle, the identification of the dead is a matter of no small concern. The warring nations have means of identification, but even the best system proves inadequate and many a soldier boy is buried in an unknown and unmarked grave, while the loved ones at home watch and wait for news from the front, always hoping that "no news means good news." The Russian soldier wears a little badge bearing his number. The

Frenchman wears a card sewed to his clothing, giving the particulars as to his name and his place of residence, and the company and regiment to which he belonged. The German soldier wears an aluminum disc bearing a number. If he is wounded and it is necessary to send him to a hospital a card is made out and attached to his garments, giving a complete description of him, and his destination, so in the event he should become unconscious the trainmen will know where he is to be sent. The English system of identification is similar to the German.

The Japs have a more extensive system. Each Japanese soldier wears three metal discs, all alike, bearing his number. One of these

is suspended from his neck, another is attached to his belt, and still another to the boots. The Austrian carries a little gunmetal locket, which contains a slip of paper bearing the facts as to his name and place of residence and the company and regiment to which he belonged. The Italian wears a card in addition to a metal number.—Wichita Eagle.

#### Will Locate Here

A. R. Biggard of Sansom Texas, was here last week looking over the country with a view of locating here. He owns a dwelling here and traded for a half section of land here through the real estate man J. B. Elliston. Mr. Biggard expects to move here this fall. He is a new reader of the Brand.

#### Young Married Couple Leave

Mr. and Mrs. Harry District left here last Friday for their home in Post City. Mr. and Mrs. District are newlyweds. Mrs. District is a daughter of Mr. and Mrs. J. C. Baker north of town and they have been at the brides home since their marriage three weeks ago.

Sell 1850 Head of Cattle  
Albert and Miles Bivens late Friday sold to Noel and Montgomery 1850 head of cattle. The consideration was \$100,000. The deal was made through the Ansley Land and Cattle Co.

The cattle sold, included cows and calves, dry cows and males. The cows with calves sold at \$90 all around, the dry cows at \$67.50 and the males at \$125 per head.

All of the cattle were from the range. The delivery will be made next October. Noel and Montgomery will take them to their ranches in Gray and Donley counties.—Panhandle Weekly.

## Cloves Are Dried Buds

The buds of an East Indian tree are picked, dried and then graded according to the percentage of oil they contain—this oil is the source of the clove flavor.

But unless care is taken in grinding, even pure cloves lose much of their flavor. After grinding, the cloves must be protected from evaporation by most careful packing.

You see then that it is not only pure cloves you must insist on, but selected cloves which have been handled throughout the best way to keep them full of the oil which flavors.

That's why we suggest that you insist on White Swan Cloves. Selected from the best grade, ground by our "cool" process to retain flavor and strength and packed in air-tight tins. Your grocer sells White Swan Cloves—the cost is a little more, but the economy is greater because a tin lasts longer.

#### Back to the Panhandle

J. W. Ford has sold his cattle ranch and herd in Santa Fe county, New Mexico, and located in the same business in Motley county, Texas Panhandle, and thereby hangs a tale comparative of cattle and cattlemen which is more interesting as it turns upon the keynote that the Texas Panhandle is the keynote of the great American southwest.

Mr. Ford says that in a Mexican stock community life is unendurable to any man whose blood, soul and spirit revolts at degeneracy in either men or cattle.

He heard good things of the Texas Panhandle and came and looked it over, and found the White Man's country of his waking dreams—a country of purity of race and clarity of life, a country of high ideals and accomplished aspirations, a country where the mongrel is impossible and where—alike in men and cattle—runs full yirile and undefiled the strain of the thoroughbred.—Daily Panhandle.

#### The Livestock Outlook

The recipients of live stock at the ten principal markets in the United States for the first six months of 1915 as compared with the same period of 1914 shows a decrease in cattle and sheep and an increase in hogs. This year 4,274,836 cattle were received as against 4,304,764 last year, a decrease of 29,928 head. Sheep received this year, 5,312,710 against 6,866,750, a net decrease of 1,554,032; hogs received this year 12,655,818 as against 10,783,212 last year, an increase of 1,872,506.

The feeder cattle and sheep movement for June at seven markets shows a marked decrease over June last year in cattle, being 15.41 per cent and on increase in sheep received over last June of 15.7 per cent. Chicago is not included as no stockers and feeders have gone out of this market in 1915 on account of quarantine.

During the eleven months ending June 1, 1915, 305,000,000 pounds of bacon were exported, an increase of 122,000,000 pounds over last year. Fresh beef exports were 121,487,000 pounds, an increase of nearly 116,000,000 pounds; canned beef 65,359,000 pounds, an increase of 61,000,000 pounds; pickled beef 28,622,000 pounds, an increase of 7,000,000 pounds; hams and shoulders 162,233,000 pounds, worth \$23,455,000, an increase of \$1,734,000.

These figures indicate there is still a shortage of cattle and sheep with an export demand increasingly greater. The Panhandle being especially adapted to growing and feeding live stock, will benefit by this condition. There is plenty of

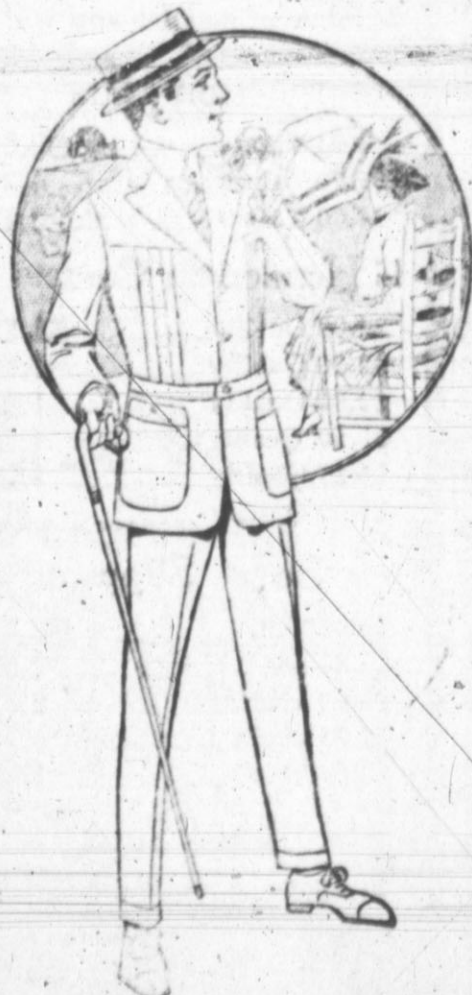

## DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tone" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful, full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.

### The Hereford Brand

B. F. GUTHRIE, Editor  
 Entered April 17, 1911, in the postoffice at Hereford, Texas, as second-class mail matter. First number of the paper issued February 25, 1911, as the Hereford Reporter; first number of The Brand issued March 21, 1912.  
 Subscription Price \$1.00 Per Year, Strictly in Advance.  
 Any erroneous statement affecting the character or reputation of any individual or firm which may appear in The Brand, will be gladly corrected upon being brought to the attention of the publisher.

#### CONSTITUTIONAL

##### AMENDMENTS

There are a number of amendments to the constitution to be voted on soon and every citizen of Texas should study these amendments so as to vote intelligently on them. Some of them have real merit and some of them have little to commend them. They are published at considerable expense to the state that the people may know what they are. These were all published in the Brand, dig up your copy and read them and then vote as you think best.

##### GERMANY'S REPLY

The note from Germany to the United States is far from satisfactory. It does not concede the main points demanded by President Wilson in the note to which it is a reply. Like Adam of old and every transgressor of the law since that time it seeks to lay the cause for its sinking of the Lusitania on another. It claims to have been forced to do this by Great Britain.

While every True American citizen deprecates anything that is likely to involve us in war, yet it seems to be a time when Uncle Sam should stand Pat. The people of this country have great confidence in President Wilson that he will do the wise thing. His reply will be awaited with much interest.

##### Identifying the Dead

In a war where thousands of men fall in one battle, the identification of the dead is a matter of no small concern. The warring nations have means of identification, but even the best system proves inadequate and many a soldier boy is buried in an unknown and unmarked grave, while the loved ones at home watch and wait for news from the front, always hoping that "no news means good news".

The Russian soldier wears a little badge bearing his number. The Frenchman wears a card sewed to his clothing, giving the particulars as to his name and his place of residence, and the company and regiment to which he belonged. The German soldier wears an aluminum disc bearing a number. If he is wounded and it is necessary to send him to a hospital a card is made out and attached to his garments, giving a complete description of him, and his destination, so in the event he should become unconscious the trainmen will know where he is to be sent. The English system of identification is similar to the German.

The Japs have a more extensive system. Each Japanese soldier wears three metal discs, all alike, bearing his number. One of these is suspended from his neck, another is attached to his belt, and still another to the boots. The Austrian carries a little gunmetal locket, which contains a slip of paper bearing the facts as to his name and place of residence and the company and regiment to which he belonged. The Italian wears a card in addition to a metal number.—Wichita Eagle.

##### Leaves for Dallas

Mr. and Mrs. G. A. Lewis and little daughter Georgie, of the Hereford Bakery, left Tuesday for Dallas where Mr. Lewis will enter a hospital for an operation for stomach trouble. The business will be in charge of Mr. and Mrs. R. A. Huey, parents of Mrs. Lewis, while Mr. and Mrs. Lewis are gone.

Mr. Lewis has been in poor health for some time, and his many friends here will hope for his complete recovery and speedy return.

**For Weakness and Loss of Appetite**

### Society News Items

A delightful picnic party composed of Mr. and Mrs. T. E. Shirley, their daughter Miss Harriett, and little Master and Miss Clinkenbeard, Mr. and Mrs. W. B. Arnold, Mr. and Mrs. J. W. Barnett, Mr. Earl Wilson, and Mrs. Lee Bivens of Amarillo, were entertained informally, at Sulphur Park on Friday by Judge and Mrs. L. Gough.

A summer morning on the river needs no eulogy but when added to this is the whole hearted hospitality of Mr. and Mrs. Gough, the occasion is ideal.

At the noon hour a bountiful luncheon was spread and heartily enjoyed.

With fishing, boating and some very enjoyable vocal and instrumental music the afternoon slipped away all too quickly.

The drive home in the early evening was a fitting close to a day which will be long remembered for its unalloyed pleasure.

The pretty home of Mr. and Mrs. Ray Barber, was the scene of an enjoyable party on Friday evening, when they entertained a number of friends in honor of Mrs. William Johnson of Amarillo, who is a guest at the Barber home. Five hundred was the diversion of the evening and at the conclusion of the games, mint sherbet and angel food were served to twenty-four guests.

The U. D. C.'s enjoyed a pleasant meeting at the home of Mrs. Carl Shirley east of town, on Friday evening.

There was no program, it being purely a business session. Refreshments of cake and cream served by the hostess, were an added pleasure.

Dr. and Mrs. Jones are entertaining this week, Mrs. Emil Whitam, of Girard, Kansas, and Miss Ruth Jones, of Kansas City, aunt and niece respectively, of Dr. Jones.

These ladies are on their way to the Exposition, but will make a week's visit here before proceeding on their journey.

 Works the evidence of Faith—Willie Owen.

**The Prince and the Bell.**  
 When Edward VII. of England was Prince of Wales he was in Philadelphia in 1890, and he took great interest in the relics of the Revolutionary period, although his visit to Independence Hall was projected purely in a spirit of mischief by his entertainers. In rummaging in the garret the party discovered the old cracked bell, which had been somewhat contemptuously hidden away, and this more than any other relic seemed to fascinate the prince, whose words have been thus reported:  
 "This old bell is the greatest relic this republic has today. Instead of being here, covered with this accumulated dirt, it should occupy the chief place in this hall of independence. It is to you what the Magna Charta is to England. It is cracked, but it is an inspiration. Believe me, my friends, it affects me more than anything I have been shown."  
 The good sense of this suggestion appealed immediately to the pride and sensibility of the custodians of the relics, and from that moment the Liberty bell took its "chief place in the hall of independence."

**Heat Waves.**  
 Heat waves, says Edwin C. Martin, author of "Our Own Weather," prove disastrous directly in proportion as hot nights are combined with hot days. For a number of days successively the heat may mount during the day to extraordinary heights, but if the intervening nights turn comparatively cool the number of prostrations and deaths will be much less than under a considerably lower temperature continuing with scant abatement through the day and night. Thus any situation that peculiarly favors cooling off at night has a clear advantage during the prevalence of a hot wave. It is also an advantage to be insured to heat. The same degree of it that would cause great suffering to the people of the north imposes nothing more than discomfort on the people of the south.

Mesdames J. A. Tate and Marvin Hughes of White Texas, returned to their home Tuesday after a visit with Mrs. E. L. Bell.

**OUR PUBLIC FORUM**

II--L. E. Johnson

On Two-Cent Passenger Rates

The farmers of this nation are vitally interested in railroad rates and equity between passenger and freight rates and is especially important to the man who follows the plow for the farmer travels very little but he is a heavy contributor to the freight revenues.

both the State and the Railway Company testified that the claims of the railroad were sustained by the facts. Two cents did not pay the cost of carrying a passenger a mile. The State, however, contended that the railroad was earning enough surplus on its state freight business to give a fair return upon the capital used in its passenger as well as its freight business. For the purposes of the case, the railroad did not deny this, but held to its contention that the State could not segregate its passenger business for rate fixing without allowing a rate that would be sufficient to pay the cost of doing business and enough to give some return upon the capital invested in doing the business regulated. This was the issue presented to the Supreme Court. Its decision responds to the judgment of the fair-minded sentiment of the country. The Supreme Court says that, even though a railroad earns a surplus on a particular commodity by charging reasonable rates, that affords no reason for compelling it to haul another's person or property for less than cost. The surplus from a reasonable rate properly belongs to the railway company. If the surplus is earned from an unreasonable rate then that rate should be reduced. The State may not even up by requiring the railroad to carry other traffic for nothing or for less than cost.

Some ten years ago, passenger fares were fixed by the legislatures of a large number of states at two cents a mile. As a basis for such economic legislation, no examination was made of the cost of doing the business so regulated, nor was any attention given to the fact whether such a rate would yield to the railway companies an adequate or any net return upon the capital invested in conducting this class of business.

The decision is a wholesome one and demonstrates that the ordinary rules of fair dealing apply to railway companies. The fact that one makes a surplus on his wheat crop would never be urged as a reason for compelling him to sell his cotton at less than cost. It would not satisfy the man who wanted bread to be told that its high price enabled the cotton manufacturer to get his raw product for less than cost. In this case the court reaffirmed the homely maxim that each tub must stand upon its own bottom.

Such a law was passed in West Virginia in 1907. The Norfolk and Western Railway Company put the rate into effect and maintained it for two years. Its accounting during those two years showed that two cents a mile per passenger barely paid the out-of-pocket cost and nothing was left to pay any return on capital invested. It sought relief from the courts. Expert accountants for

the State and the Railway Company testified that the claims of the railroad were sustained by the facts. Two cents did not pay the cost of carrying a passenger a mile. The State, however, contended that the railroad was earning enough surplus on its state freight business to give a fair return upon the capital used in its passenger as well as its freight business. For the purposes of the case, the railroad did not deny this, but held to its contention that the State could not segregate its passenger business for rate fixing without allowing a rate that would be sufficient to pay the cost of doing business and enough to give some return upon the capital invested in doing the business regulated. This was the issue presented to the Supreme Court. Its decision responds to the judgment of the fair-minded sentiment of the country. The Supreme Court says that, even though a railroad earns a surplus on a particular commodity by charging reasonable rates, that affords no reason for compelling it to haul another's person or property for less than cost. The surplus from a reasonable rate properly belongs to the railway company. If the surplus is earned from an unreasonable rate then that rate should be reduced. The State may not even up by requiring the railroad to carry other traffic for nothing or for less than cost.

Some ten years ago, passenger fares were fixed by the legislatures of a large number of states at two cents a mile. As a basis for such economic legislation, no examination was made of the cost of doing the business so regulated, nor was any attention given to the fact whether such a rate would yield to the railway companies an adequate or any net return upon the capital invested in conducting this class of business.

The decision is a wholesome one and demonstrates that the ordinary rules of fair dealing apply to railway companies. The fact that one makes a surplus on his wheat crop would never be urged as a reason for compelling him to sell his cotton at less than cost. It would not satisfy the man who wanted bread to be told that its high price enabled the cotton manufacturer to get his raw product for less than cost. In this case the court reaffirmed the homely maxim that each tub must stand upon its own bottom.

**GHUM GRAINS**

Committee Appointed to Show Feeding Values for Both Man and Beast

This office is in receipt of a report of the organization and plans of work of what is to be known as, The Texas Kafir Corn, Milo Maize and Grain Sorghum's Association. This is an organization formed for the purpose of advertising the value of the Sorghum grains as food for stock and for food stuff.

It has been proven by repeated tests that these grains have nearly the value of Indian corn, yet all over the South people are buying corn at double the price they are willing to pay for these grains that have nearly the same feeding value.

D. L. McDonald of this county is a member of the committee to make plans for the work. The committee is making arrangement for permanent organization and regular meeting. They will seek to have an organization in every county and then have each county represented in a general organization.

The work planned is very important for the people of this section and the committee should have the co-operation of every citizen.

The following is the committee, A. W. Read, G. W. Briggs, Hamlin Palmer, D. L. McDonald, R. S. Coon.

The Rucker Ranch

One of the best improved farms in the county is the Rucker Ranch. Dr. Rucker, the proprietor, is one of the progressive spirits of the county. Although he lives ten or twelve miles in the county, he takes as much interest in building up Hereford as any man in the town, believing that a good county should have a good county seat.

His fine farm is stocked with the best of high grade Hereford cattle, as fine as the pure bloods. When you want some good foundation this is the place to get it. The neat and attractive buildings on his ranch are a model for this county and people are always welcome at this hospitable home.

Sheep Go to Arizona

Three thousand head of yearling lambs were shipped from Hereford last Friday to the ranges of Arizona. This was a fine herd and they demonstrate that Deaf Smith is adapted to the raising of good sheep.

**Multitude of Profanity.**

Are you addicted to profanity? Did you ever stop to think what a selfish habit it is?

The Anti-Profanity League of the world is sending out small placards giving the following reasons why we should not use profanity: It is ungentlemanly. It does no good, but much harm. It is indecorous. It lowers you in the public mind. It encourages in you an ill-natured disposition. The example is bad in a community. You impeach your own veracity by having to confirm your statement with an oath. It is no mark of a gentleman. Conscience forbids it. God will not hold you guiltless for taking His name in vain. You are doing a great wrong to yourself. The habitual use in conversation of shocking expressions of profanity and in decency is more depraving than almost and other practices.—Ex.

**Mr. L. A. Simpson Dies**

Intelligence of the death at Marlin, Texas, of Mr. L. A. Simpson, formerly a well known resident of Hereford, was received here Monday through a telegram to Mr. P. W. Price.

The death occurred Monday morning and was the result of rheumatism. Mr. Simpson left here about three years ago, making the change for the benefit of his health. He was a carpenter by trade and an honest, upright citizen and people generally will regret to learn of his death.

**In Jail For Joy Ride**

Earl (Curley) Womack of Amarillo, a workman on the Normal, was sentenced Monday by Judge C. E. Coss to six months in jail and \$1.00 fine for joy riding in R. L.

**\$100 Reward, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Marquis' car a week ago Saturday night. The Marquis family returned from the Normal reception at midnight and put the car in the garage. Mr. Marquis found the car missing. Sheriff Jennings was notified and within a short time discovered the car near the Jones home. There was considerable damage done to the car. A sack bearing the name of an Amarillo eating house found in the car brought out the facts that Curley had bought eight hamburgers at that place between 2 and 3 o'clock that morning. He was accompanied by other men and two women. Sheriff Jennings had him in jail by noon, but he would not confess until Monday morning of this week.

The law under which he was sent to jail went into effect at midnight, Saturday. The car was taken out a few minutes later and Curley was in jail within 12 hours. This is the first known case in the state under which the law was applied—Randall County News.

FURNITURE AND UNDERTAKING—HEREFORD, TEXAS

**Sheriff's Sale**

**THE STATE OF TEXAS**

County of Deaf Smith

By virtue of an Alias Order of Sale issued out of the Honorable District Court of Deaf Smith County on the 7th day of July 1915, by the clerk thereof, in the case of the Miners Bank of Cartersville, Missouri, versus P. L. Vasse, W. G. Bryant and Albert Gillis, No. 805, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in August, A. D. 1915, it being the 3rd day of said month, before the courthouse door of said Deaf Smith County, in the town of Hereford, Texas, the following described property, to-wit:

Tract No. 1. A certain tract or parcel of land known as the Matthew-Wilson pre-emption, issued August 20th, 1888, Vol. 21, No. 193, Abstract No. 531, situated in Deaf Smith County, Texas, about six miles east and one mile north of Hereford, Texas, containing 160 acres.

Tract No. 2. A certain tract or parcel of land described as the J. P. Plank pre-emption, abstract No. 516, situated in Deaf Smith County, Texas, about 6 miles east of Hereford, Texas, containing 160 acres of land.

Tract No. 3. A certain tract or parcel of land described as the J. H. Willis pre-emption issued January 4, 1889, Vol. 21, No. 450, Abstract No. 543, located about six miles east of Hereford in Deaf Smith County, Texas, and containing 160 acres of land.

Tract No. 4. A certain tract or parcel of land described as Survey No. 2, Abstract No. 1241, the Conner Jewell pre-emption, located about 6 miles east of Hereford, in Deaf Smith County, Texas, and known as the T. B. Rector place, containing 160 acres of land. All of the above described land is located between Block K-3 and Block K-14, the same being a strip of ground shown by a re-survey.

Levied on as the property of P. L. Vasse, W. G. Bryant and Albert Gillis, this 8th day of July, 1915, to satisfy a judgment amounting to \$5,646.84 with interest thereon from the 3rd day of November, 1914, at the rate of 8 per cent per annum, in favor of The Miners Bank of Cartersville, Mo., and costs of suit.

Given under my hand, this 8th day of July 1915.

R. W. Baird, Sheriff,  
Deaf Smith County, Texas.  
By C. E. Smith, Deputy.

**Sheriff's Sale**

State of Texas, County of Deaf Smith.

By virtue of an order of sale issued out of the honorable district court of Denton County, on the 28th day of June 1915, by the Clerk thereof, in the case of Ida M. Howsher, a feme sole, for herself and as Guardian of the estate of Gladys

Howsher a minor, versus C. W. Dodson, and B. W. Miller jointly and severally, No. 5998, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the **FIRST TUESDAY** in August A. D. 1915, it being the 3rd day of said month, before the Court House door of said Deaf Smith County, in the town of Hereford, Texas, the following described property to-wit:

All that certain lot or parcel of land a part of survey No. 61, Abstract No. 358, Block K-3 Certificate No. 1833, original grantee Weiss, Weiss & Sanders, patented to John Corwith situated in the town of Hereford Deaf Smith County Texas, and described as the North one-half of lot No. eleven (11) in block No. seventeen (17) as shown by the plats of record of said town Hereford, Texas, in Deaf Smith County, levied on as the property of C. W. Dodson to satisfy a judgment amounting to \$1421.00 in favor of Ida M. Howsher, et al. and cost of suit.

Given under my hand, this 1st day of July 1915.

R. W. Baird, Sheriff,  
Deaf Smith County, Texas.

**Notice**

Notice is hereby given that independent letters testamentary on the estate of J. G. Callens deceased, were granted to me by the county court of Deaf Smith County, Texas, on the 19th day of June 1915. My residence and post office address is Hereford. All persons having claims against said estate will please present them within the time required by law.

Respectfully,  
D. F. Ashbrook, Executor.

**Better Construction at Lower Cost**

STUDY THESE CUTS

**What Interlocking Tile Is**

It is a general wall-building material, suitable for use in every character of structure, from the cottage and small store to the mansion and skyscraper.

In it are combined the "cooler in summer, warmer in winter," and lightness of weight features of the hollow wall, with the strength of brick and concrete; in addition, it interlocks in the wall, making the strongest and most rigid wall that can be built. Every unit is a header.

Interlocking Tile is not to be confused with ordinary square tile, which is only designed and intended for partition, and other interior non-load-bearing walls.

**WHAT INTERLOCKING TILE DOES FOR ITS USERS** It builds at amazingly low cost (little more than that of good frame) walls that are non-conductive, light in weight, damp proof, comfortable the year around, and more efficient in every way. It increases the buying power of the building dollar.

Write for complete information, Government reports, etc.

**McClung-McLean**

One of the most charming weddings of all this happy wedding season was the one at the McLean home in Clarendon on the evening of June 30th, with Mr. William S. McClung and Miss Maude McLean as the most interested parties.

A beautiful simplicity was the keynote of all the arrangements. Only the relatives of the bride and a few old-time friends were invited. The guests were received by Mr. and Mrs. McLean in their hospitable way, and passed on into the flower-decked room, where Misses Ruie McLean and Lena Maud Smith were dispensing punch. From this room the guests passed into another, softly lighted by many candles and beautifully decorated with cut flowers, the central flower of all the decorations being the Shasta daisy, banked with ferns, sweet peas, pansies and roses in lovely combinations.

Promptly at 6:30 o'clock Mrs. Landon Doak passed to the piano and began softly playing the accompaniment while Mrs. Lester Sheffy sang "I Love You Truly." As the last tender notes of the song died on the air, Mrs. Doak changed into the old, ever new, ever beautiful strains of Mendelssohn's Wedding March.

The bride and groom came slowly down the stairway and crossed an intervening room until they stood in a broad doorway beneath trailing vines of ivy intertwined with daisies. Here they paused and Brother Long passed forward and performed the solemn services which made them man and wife—a simple beautiful service, bringing to each heart anew the sacredness of the thought: "What God hath joined together let not man put asunder."

Friends crowded around to meet and congratulate the groom, who was a stranger in our midst, and to offer best wishes to the bride.

The bride was charmingly costumed in dainty embroidered white; the groom in the conventional black. Pretty soon both slipped away to make ready for the 8 o'clock train, and the guests lingeringly departed. A few, among whom was the writer, waited for the return of the bride to get a glimpse of her traveling costume—all blue from tip to toe, from the dainty hat and tailored suit to gloves and shoes to match.

Many handsome and useful gifts were received, chief among which were silver, cut glass and linen, on which much handwork was noticed.

The bride is one of Clarendon's favorite daughters, having spent most of her life here. She graduated from the Clarendon High school, then from Clarendon College. Since that time she has been a successful teacher, having taught the past three years in the high school at Hereford. It was here she was associated with Mr. McClung, who was principal of the high school. From Hereford come only words of appreciation and praise for both. They are splendid, intelligent young people, capable of founding a happy home.

They left for Dallas, where they will spend the summer, returning to Amarillo for the opening of school in September. Mr. McClung will be in the Amarillo schools the coming year. The best wishes of many friends go with them.—Clarendon News.

**Waples-Platter at Farwell**

The Waples-Platter Grocer Company, wholesale only, who already have stores in thirteen of the principal cities and towns in Texas, will open for business here about the 15th of this month.

They have purchased near the industrial track what is known as the Shipley lots, and will, in the near future begin the erection of a modern store building which will in every way be adequate to their needs. During the erection of the building and until it is ready for occupancy the firm will be temporarily located in the Taffinder concrete building on the Texico side.

This makes three wholesale grocery stores for the State Line city, two of which have located here within the past six months, and it is said that the prospects for the fourth one to come in the near future are very good at this time.—State Line Tribune

**Picnic and Fish Fry**

A number of Herefordites and their friends had a real picnic at Sulphur Park last Monday evening.

In addition to all the good things taken from the larders of their homes here, that well known product of the Tierra Blanca River, the "perch," added to the variety of the supper that was served on the banks of this historic stream.

Those in the party so far as the names were secured were: Mr. and Mrs. Thos. Berry, Mr. and Mrs. Geo. Garrison, Mr. and Mrs. John W. Serman, Mr. and Mrs. Ray Barber, Mr. and Mrs. Leslie Moreman, Mrs. Emmett Cardwell, W. E. Betts, C. A. Skelton, Oscar Cardwell, Mr. Gallagher, Mr. Harding, W. L. Palmer, W. E. Duffap, Jerry Burkhalter, A. L. Gibson, F. E. Walker, Misses Bell Woodburn, Frances Dameron, Louise Oberthier, Gladys Johnson, Jane Gregg, Bertha Dameron, Marv Bourne, Doris Bowers.

Earl Wilson was a visitor in Vernon this week.

Miss Edna Jackson is visiting her Aunt, Mrs. L. E. Cobb.

Earl Bennett was here visiting home folks over Sunday.

Mr. and Mrs. Witworth of Black spent Tuesday in Hereford.

Mrs. London and children left Monday for a visit with relatives in New Mexico.

Mac Johnson of the Iten ranch near Dimmitt, was marketing grain here Tuesday.

Loren Gallagher has accepted a position at the Corner Drug Store Soda Fountain.

D. R. Thomas of McAlister was a business visitor in Hereford the first of the week.

G. O. McCullum of St. Joseph was here this week. He represents a loan agency in St. Joseph and in company with Col. Slaughter was inspecting their loans.

**Piles Cured in 6 to 14 Days**  
Your druggist will refund money if FAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

Mrs. O. A. Thompson left Wednesday for a visit with her people in Paris Texas.

Luther Black the Singer sewing machine man, was a visitor in Texico the first of the week.

Mr. and Mrs. Cleve Hamilton and children of Dimmitt were shopping in this city, Wednesday.

Mrs. Bandy, mother of Mrs. L. E. Cobb, came in Tuesday night and will visit here indefinitely.

The members of the Hereford Club enjoyed an informal dance at the Club rooms Monday night.

I. S. Harrison has returned from Kansas wheat fields about Liberal. Mr. Harrison says it is so wet there that they have trouble saving their wheat, and much of the crop has been damaged by hail.

Mrs. J. P. Newton who has been visiting her sister, Mrs. Anderson Witherspoon of this city left for her home in Durant Oklahoma, Wednesday.

R. H. Jacobs of the firm of Jacobs brothers was in Hereford Tuesday evening. The Jacob brothers have 175 acres of wheat ready for the thrasher and those who have seen it think it will make over 20 bushels per acre.

Mr. and Mrs. W. T. Singleton, of Spring Lake motored to Hereford Monday, bringing with them Misses Sue and Ellen Singleton, of Shelbyville Mo., sisters of Mr. Singleton.

These young ladies have been making an extended visit at the Singleton home and will leave for Milan Mo. on Monday for a further visit before returning to their home.

Mr. and Mrs. Jersig of Bovina were in Hereford Monday.

Messrs. L. E. McNinn and C. M. Baxter of Pittsburg, Texas, who have been visiting the family of W. P. McNinn of near Summerfield left Wednesday for their home.

Ed Keighley went to Amarillo Wednesday to buy machinery and tools for a blacksmith shop. He has rented the shop near the city fire station and will start work as his tools come.

Mesdames J. A. Tate and Marvin Hughes of White Texas, returned to their home Tuesday after a visit with Mrs. E. L. Bell.

Mr. and Mrs. L. P. Landrum and family returned Wednesday from a visit with relatives and friends at Fluvana, Texas.

We may not be the nearest to you, but we will come the nearest pleasing you. Betts & Clark. 14th

*time to think about*  
**SILOS**

Its not long till harvest time for row crops. If you have not all ready made arrangements for taking care of your feed crops, now is the time to prepare.

**Crown Silo**

and double the feeding capacity of your crops. The Silo puts your feed where it will be preserved good as it was when cut and in convenient form to handle.

**The Palmer Lumber Company**

wants to figure with you on a Crown Silo. They also have a complete line of Building Material. When you want to build a house or barn

**Let The Palmer Lumber Co. Figure With You.**

The timid old lady asked the baggage master if her parcel would reach "Frisco intact."

Said that official, "Let's see."

Thereupon, he threw it on the floor. Once, "That's for Chicago." Twice, "That's for Kansas City." Third, "That's for Denver." The fourth time, he dashed it on the floor with extra violence. The box broke. The contents were scattered about.

"You see, mum, it wouldn't reach."

Fortunately, you are not in that position. You do not have to RISK the trial of the various things you need in your home or business. You can pick out a well-known article, one that has been tried and tested for years under actual working conditions in other places. Among such articles the trade mark "Texaco" has secured for Texaco Products the recognition to which their careful preparation and their suitability for the purpose entitles them.

Whether you use steam, electricity, or gas; whether you operate a farm, cotton gin, laundry, ice plant—anything.

There is a Texaco Product for you—under the "Made-in-Texas" Red-Star-Green-T emblem. Order from our agent.

Interior of Superb Siamese Palace at the Panama-Pacific International Exposition, San Francisco

THIS photograph shows the interior of the palace erected by the king of faraway Siam at the Panama-Pacific International Exposition in San Francisco. In this palace priceless Oriental treasures are shown. The palace is an exact duplicate of the palace in the Royal Gardens in Siam and was carved out of ebony, set up in Siam and then taken apart and brought to San Francisco in knocked down shape.

**Picnic and Fish Fry**  
 A number of Herefordites and their friends had a real picnic at Sulphur Park last Monday evening. In addition to all the good things taken from the larders of their homes here, that well known product of the Tierra Blanca River, the "perch," added to the variety of the supper that was served on the banks of this historic stream. Those in the party so far as the names were secured were: Mr. and Mrs. Thos. Berry, Mr. and Mrs. Geo. Garrison, Mr. and Mrs. John W. Sherman, Mr. and Mrs. Ray Barber, Mr. and Mrs. Leslie Moreman, Mrs. Emmett Cardwell, W. E. Betts, C. A. Skelton, Oscar Cardwell, Mr. Gallagher, Mr. Harding, W. L. Palmer, W. E. Dunlap, Jerry Burkhalter, A. L. Gibson, F. E. Walker, Misses Bell Woodburn,

Frances Dameron, Louise Oberthier, Gladys Johnson, Jane Gregg, Bertha Dameron, Mary Bourne, Doris Bowers.  
**Amarillo Man Buys Littlefield Cattle**  
 Littlefield, Texas, July 10—The C. C. Slaughter Cattle Co., with headquarters 30 miles southwest of here, is making the initial shipment of steers to J. W. Puckett of Amarillo. Ten hundred and fifty steers constitute the shipment, which is being billed from Littlefield to Dalhart. Over 1,500 steers were contracted for in this deal. About one inch of rain fell over this section of the country last night. It is very timely, and goes far towards insuring the good crops which promise. Farmers generally are up with their work and confidently expect abundant crops this year.

**"Boss,"** The handle of the 'liminator' is not broken." We eliminate all the dust, aches and worry and onethalf of the expense by using GAS. Read below.

**Make Your Own Gas**

**THE DETROIT COMBINATION GAS MACHINE**

**Dunlap Hardware**

**NOW!**

Is the time to begin putting up all kinds of fruit and vegetables. We have just received a large shipment of Fruit Jars, Rubbers and Caps and Jelly Glasses.

**Mr. Farmer:--**

Don't buy a Binder until you have seen the Milwaukee, or talked to someone that has one. They are the only Binder on the market that does not have any side draft. Don't take our word for this, just ask the man who is running one.

We have plenty of Twine to care for your wants.

Plenty of Drinking Tubs and Elevated Storage Tanks. Have a car of them on track now.

COME IN AND SEE US  
**Dunlap Hardware**

**Quitting Business**

**To Our Customers:**

Please allow me to use this medium to most heartily thank everyone for every dollars worth of business given me during my stay here. I assure you I appreciate all you have done for me. I want to add that in every instance I have endeavored to give you full value for your dollar and to render the best service possible.

I earnestly solicit your patronage during this "Quitting Business Sale." I can assure you, without fear of contradiction, that I am offering the most for your dollar that has ever been offered. Our line of Shoes, Hats, Shirts, etc., are the best in any market and consists of clean, fresh, desirable and saleable merchandise. I am offering the entire stock at practically wholesale prices---a small per cent being added to defray the expenses.

It has come to my hearing that "Myrick is only using this method of advertising (quitting business) to get business," and that I do not really mean what I say. I want to denounce such gossip, and never in the ten years in business in Hereford, had to misrepresent facts to get business and I certainly would not misrepresent facts to get business at this time. If the "doubting Thomases" will visit our stock and see the class of merchandise we are offering and the prices we are making, it will remove his suspicion.

Allow me to repeat that your dollar will do double duty while this sale continues. It certainly means a saving of dollars to buy now and the class of merchandise we are offering is absolutely the best in Hereford.

Again soliciting your further patronage and assuring you of the best service possible, I am,

Yours truly,

**H. C. MYRICK**
