HOW TO VOTE TICKET

Care Must Be Exercised in Marking Ballot—Don't Be In a Rush.

Some intelligent people will cast ballots tomorrow, but the judges will not count them. Why? Because you will not "scratch" it right. There are several "Don'ts" to observe:

Don't scratch out the pledge.
Don't put any marks on the ballot except to draw a line through the names not voted for.

Don't try to erase or rub out after you have scratched a name. Get another ticket.

Don't use a blue or red pencil.
Don't use a purple indelible pencil.
Don't write any names on the ticket, except for county and precinct chairman.

Don't be a hurry while marking your ticket.

Don't put cross marks opposite the names you want to vote for: thus x.

Don't scratch any of the 4 Electors-at-Large as all four must be voted for.

Don't scratch any the 16 District Electors as all must be voted for.

There are some things the voters ought to know before they go to the polling place:

You must be a qualified voter in state and county. If you live in the city you must have a city poll tax receipt also.

You should know who the different men are and what they stand for.

Where there are more than one name for an office you must draw a line, (black line at that), through the names NOT VOTED FOR. For example: There are four names for U. S. Senator—scratch ALL BUT THE ONE you wish to vote for. If you want to vote for Sheppard draw a line through Wolters', Randell's and Zollner's names.

Where there is only one name for office, leave it unmarked. For Congressmen-at-Large leave two names—that is, scratch ALL BUT TWO, leaving the TWO you want to vote for.

When you begin to make out your ticket, if in the least doubt, ask the election judges for information.

Love Speaks For Colquit.

Exit Ramsey man! Enter Colquit courier! Without a change in the stage setting, Judge Love, state tax commissioner, spoke Saturday afternoon at the court house in behalf of Governor Colquit. He was introduced by C. M. Hunt of this city. Judge Love stated that he regretted the bitterness that had come into this campaign, but did not feel responsible for it. He referred to the record of his chief and claimed for him the endorsement of the people in the primaries. He told with good effect the story of Colquit's early life, his boyhood struggles and his advancement in the political history of Texas. Mr. Love is a fairly good speaker and made a good impression on the audience.

Cutting Prices—A Soliloquy

(WITH APOLOGIES TO HAMLET)

To cut or not to cut. That is the question.
Whether it is not better in the end
To let the chap who knows not the worth
Have the business at cut-throat prices, or
To take up arms against his competition,
And by opposing cut for cut, end it.
To cut—and by cutting put the other cutter
Out of business—'tis a consummation
Devoutly to be wished. To cut, to slash,
Perchance myself to get it in the neck—
Aye—there's the rub; for when one starts to meet
The other fellow's prices, 'tis like as not
He's up against it good and hard.

To cut and to slash is not to end the confusion
And the many evils the trade is pestesed with;
Nay, nay, Pauline; 'tis but the forerunner
Of debt and mortgage such a course pretends.
'Tis well to get the prices the goods are worth,
And not to be bluffed into selling them for what
So-and-so will sell his goods for.
Price-cutting doth appear unseemly
And fit only for the men who knows not
What his goods are worth, and who, ere long,
By stress of making vain comparison
Twixt bank account and liabilities,
Will make his exit from the business.—Anon.

DIRT ROAD NOW FINISHED

Parmer County Proud of Her Public Highway Through County.

Last Monday evening the dirt road which has been under construction during the past several months, and which parallels the Santa Fe railway from the west to the east line of Parmer county, was completed, and the people of the county may feel a just pride in that they can boast of as good, if not the best road in north-west Texas.

The work of building this stretch of road was superintended by Chas. E. Thompson, a former resident of Portland, Oregon, who, as his work will show, is skilled in the art of building roads.

Associated with Mr. Thompson in this work was Oscar and William Berggren of Bovina, who furnished the motive power for the road grader, a large traction engine being used.

The county commissioners should be highly commended in their usual good foresight in having this road built in the fact that it will put Parmer county on the map as a probable candidate for a part of the great trans-continental automobile route which will be established somewhere through this part of the plains county at no distant date.—State Line Tribune.

Family Reunion.

Without any previous intention or arrangement the Anthony home is enjoying a family reunion. J. M. Anthony, wife and baby of Roswell, W. B. Anthony, Jr., wife and baby of Canyon, both came in Saturday. Mrs. Will Smith and baby of Plainview came in later accompanied by Miss Addie Anthony, who had been with her sister on a visit. This completed the family circle, the first time all had been together in a number of years. A pleasant occasion was enjoyed.

Grading Starts on New R. R.

Lubbock, Tex., July 24.—Walter H. Denison, who has the contract to build the Texico-Coleman out-off from Lubbock to Texico, has returned to Oklahoma, having finished letting all subcontracts on the first twenty-four miles of the road out of Lubbock and the first 22 miles out of Texico, making a total of forty-six miles of subcontracts awarded out of a total distance of eighty-eight and half miles. Grading will start out of both Lubbock and Texico tomorrow or next day, just as quickly as the subcontractors can get their men and teams on the work. The first forty-six miles will be completed by October 1st, and the entire line will be completed by January 1st, according to Mr. Denison's statement. Mr. Denison, who is one of the most extensive and well known railroad builders in the United States, has several hundred big teams and grading outfits which he expects to put on this job soon. And as the subcontractors finish up their work on the first forty-six miles they will be put to work on the intervening part of the line. Track laying will follow the graders from both ends of the line.

When completed this will be one of the greatest railroads in the United States, connecting, as it will, the Pacific Ocean and the Gulf of Mexico. It will traverse the heart and banner portion of the plains and will pass through perhaps the greatest shallow water section in the United States.

It had been the intention and expectation to begin work on this line some weeks ago, but some delay was occasioned by trouble in getting non-resident land owners signed up in the matter of right-of-way, all of which was finally adjusted.

The railroad people say that it is safe to state that trains will be running from Lubbock to Texico within the next seven months.

This railroad activity, coupled with the recent heavy and general rains over this section has put things in very lively order in this part of the country.

Judge Hall Speaks

Judge R. W. Hall spoke to a large crowd on Main street Tuesday afternoon, speaking in behalf of the present members of the Amarillo Appellate Court of which he is a member. The other two members are, Judges Graham and Pressler. He defended the record of the court and explained their respective position on

the prohibition question. He stated that Judge Graham was an Anti, that he was a Prohi, but that Mr. Pressler was a local-optionist, but not a state-wider. He rapped Judge Huff for allowing his friends to run him as a Prohi and ridiculed the stand of Judge Huff as a "neutral." Judge Hall is a good "stump" speaker and made many telling hits and quick sallies on the opponents of the court. He tells a story in fine style and effect and easily leads his crowd from point to point.

STATE ELECTION BY SPECIAL WIRE

The Brand Will Flash The Election News On Canvass Bulletin Saturday Night.

In the connection with the Southwestern Telegraph and Telephone Company, the Brand will be able to give the returns of the state, district and county elections as rapidly as the counts are finished in the different precincts and voting places over the state. Hereford will get exactly the same service that the big cities will enjoy.

Through the kindness of the Hereford Lodge, I. O. O. F., their electric projector will be used to "flash" the returns on canvass in front of Brand office. A special operator will be placed at "central" to receive the "news" and then will be fixed up in this office for the machine.

All of this will be free to the public, and the Southwestern will continue to furnish the returns free to the public until every box is reported.

The public is invited to attend and to make themselves as comfortable as possible while the "Returns" are coming in.

Greevers Speaks For Ramsey.

Judge F. P. Greeves of 31st district spoke to a fair size crowd at the court house Friday night in behalf of Judge Ramsey, candidate for governor. He covered most of the points at issue in the campaign with which the reading public is already familiar. His speech will not change any votes, but will have a tendency to strengthen the Ramsey lines. Judge Greeves is an expert speaker and warms up to his subject in no uncertain terms. He makes a good impression on the hustings and may be heard from in the future as a political factor.

PIANO CONTEST CLOSES JULY 31

Wednesday, July 31, at 8 p. m.
Last Minute For Casting Votes
For Candidates.

The Merchants' and Publishers' Trade Contest is drawing to a close and the last hour is likely to show some lively work. The Brand advises all friends, who have been accumulating coupons since the last count, to bring their coupons in Tuesday so that there will not be such a rush on Wednesday. The votes will not be counted until Thursday, when the judges will go over the tickets, tabulate the result and award the prizes. On Tuesday and Wednesday extra help will be employed to assist in making out receipts and receiving the coupons. For the convenience of the candidates and their friends, an office has been secured over the First National Bank where the manager and others will "entertain" those interested. Take your coupons and subscriptions for those two days to that place.

It is understood that no information of the standing of the candidates will be given out to any one; in fact, no one knows now how the candidates stand and the ballot box will be under guard or in the bank vault during the two days and until all the votes are counted.

Each candidate or person bringing in coupons or subscriptions on the above two days will desire privacy, and in view of that fact the Brand asks that when a candidate or person finds the contest manager already busy to kindly remain on the outside until the person or candidate being waited on has finished. Remember the place to take your subscription or coupons Tuesday and Wednesday, July 30th and 31st, is the Park & Nesbitt offices over the First National Bank, and that phone calls concerning the contest should be to No. 370.

Two More Accidents.

The three year old son of C. E. Tice's was kicked by a mule Thursday afternoon, the lick taking effect on top of the head, crushing the boy's skull. Drs. LeGrande and Price were called and an operation performed. At present the little fellow is resting easy and it is hoped no serious complications will arise.

The other accident occurred at the ranch of H. C. Jackson in Castro county. His little girl was thrown from a horse and her arm broken. Physicians set the fracture and she is resting well.

Cost of Raising Alfalfa

The annual cost of the labor and water for alfalfa per acre is about \$14.00 as taken from statistics compiled by one of the biggest irrigators under the project. If the prices average \$12.00 per ton each season and five tons to the acre is cut, he will receive \$60.00 gross. Take from this the \$14.00 which pays for water, cutting, bailing and all other incidental expenses and there is \$46.00 left which is clear profit. \$12.00 per ton per season is a low estimate of the price alfalfa brings and five tons per acre each season is less alfalfa than the poorest farmer and raises. \$14.00 per acre is a high estimate for the cultivation of a little acre. This is a very conservative estimate, and shows that \$46.00 per acre each year can be cleared from the land under the project.

Texas and the Railroads

Texas was one of the first states to create a railroad commission and to impress upon that commission the idea that railroads are built to serve the people rather than to make fortunes for their builders and operators. The first session of the commission was held June 10, 1891. In the twenty-one years since there has been no question of the commission's loyalty to the people. A logical result, which is beginning to disturb the business builders of Texas, is that railroad construction has gone forward at an abnormally slow rate. The state had 8,654 miles of railroad on June 10, 1891, and since then less than 5,500 miles of new road have been built. In the last twenty-one years railroad construction for each 100 square miles of territory has been 2.17; over the whole of the United States in that same period the figure is 2.57; in Oklahoma, which borders Texas on the north, the figure is 6.48; in Louisiana, on the east, the figure is 8.64; in Arkansas, also part of the eastern border of Texas, the figure is 5.99; in Wisconsin, where railroad control by the state has been strict, 3.51 miles of road have been built for each 100 square mile of area. These are figures collected by the new Texas Welfare Commission, a body chosen from the commercial

associations of thirty-two cities. Its members are seeking an explanation; they are counting the cost of twenty-one years of "dissension between state government and the railroad companies". They say that the people want to know. "In East Texas, where the product of tree and vine rot for lack of facilities, to transport them to market; in West Texas, where progress and prosperity are withheld for lack of railroad mileage; in the cities, where manufacturers and merchants are losing business on account of poor service," inquiry is persistent. Apparently the quarrel is to be made up. Railroad men have appeared before the Welfare Commission to give their side, and the orators who have been boasting that Texas leads the world in railroad development, as in everything else, have been invited to consider the commission's figures.—Collier's Weekly.

FLETCHER ROGERS,
Hereford, Texas
July 15, 1912.

John L. Wortham, Candidate For Railroad Commissioner, Endorsed.

Personally I am deeply interested in the success of my old friend and neighbor, Jno. L. Wortham, in his candidacy for railroad commissioner. He and I have never been on the same side of the prohibition question, but that does not affect his qualification for railroad commissioner of Texas. I am gratified to say that he has been endorsed in this race by scores of men in the prohibition ranks, among them Hon. Thos. H. Ball of Houston, Hon. M. M. Brooks of Dallas and Judge R. W. Hall of Amarillo, each of whom is an uncompromising prohibitionist.

I have known Mr. Wortham intimately for twenty years and can speak with authority when I say that he is pure in his private life, sincere in his political convictions, moved by an exalted purpose to serve his country well. He has borne more burdens not his own and has contributed more of his private earnings unselfishly to the objects of pure charity than any other man I have ever known. He measures up to the Jeffersonian standard of a good democratic officer, namely, he is honest and capable. Intellectually he is the equal of any man in the public service, and in his exalted patriotism, he has no superior, even among his canting critics, if they be the most patriotic among us. Texas needs such men as Jno. L. Wortham in the public service and she would wrong herself if she should fail to keep him in public life. He is an unselfish friend, a good neighbor, an upright citizen and an officer who is an honor to his state. He came up through the hard knocks that usually attend the farmer boy's life and has made his way to the front ranks among Texas citizens. He is the only farmer and business man who has ever served upon the Texas railroad commission.

From every legitimate point of view, Mr. Wortham ought to be retained on the railroad commission.

Respectfully,
R. B. COUSINS.

Electors Not On Ticket

A list of counties have been reported as having tickets with no presidential electors on them. The list is Bell, Kerr, Webb, Gillespie, Bexar, Comal, El Paso, Harris, Lamar, Grayson, Jim Wells, Taylor, Stonewall, Angelina, Guadalupe, Victoria, Austin, Harrison, Duval, Medina, Hall, Parker, Foard, Smith, Hardin, Newton, Wilson, Waller, DeWitt, Jefferson, Leon, Chambers, San Patricio, Freestone, Wilbarger, Coryell, Rusk, Ector, Tom Green, Grimes, Houston, Nolan, Bandera, Brazora, Howard, Tyler, Orange, Matagoria, Terrell, Throckmorton and Runnels.

This means to invite Republicans, Socialists, Populists, Political Prohibitionist and others to participate in the Democratic Primary. It will be observed that many of the counties are located at Republican centers. It is to be hoped that this primary will be for Democrats, and the position taken by the candidates for Governor and for U. S. Senator will likely keep out most all non-Democratic voters of course, if a good Republican wants to vote with the Democrats no one can prevent him, but if he votes, he should stick.

CALOMEL GIVES ONLY TEMPORARY RELIEF

So Powerful It Shocks Liver and Leaves It Weaker Than Before.

Dodson's Liver-Tone a Perfect Substitute

Nearly everybody who has ever tried calomel for constipation or a sluggish liver has found that it gives only a temporary relief. For calomel is such a powerful drug that it shocks and weakens the liver and makes it less able afterward to do its duty than in the first place.

This is one of the reasons why Betts & Clark's drug store would rather sell Dodson's Liver-Tone to you than calomel. We know that Dodson's Liver-Tone is a pure vegetable liver tonic that will cure constipation quickly and gently without any danger of bad after-effects. We guarantee it to do this with a guarantee that is simple and fair. If you buy a bottle of Dodson's Liver-Tone for yourself or your children, and do not find that it is a perfect substitute for calomel, then come back to the store and get your money. If you don't get value for your money out of this tonic, it's your right to expect your money back, and we will gladly give it to you.

FLYOLOGY

The following questions and answers were prepared by the Indiana State Board of Health, and have been widely copied; the School Board of Asheville, N. C., caused them to be pasted in the spelling books used in the graded schools of the city:

1. Where is the fly born? In manure and filth
2. Where does the fly live? In every kind of filth.
3. Is anything too filthy for the fly to eat? No.
4. (a) Where does he go when he leaves the vault and the manure pile and the spittoon? Into the kitchen and dining room. (b) What does he do there? He walks on the bread, fruit and vegetables; he wipes his feet on the butter and bathes in the buttermilk.
5. Does he visit the patient sick with consumption, typhoid fever and cholera infantum? He does—and may call on you next.
6. Is he dangerous? He is man's worst pest, and more dangerous than wild beasts or rattlesnakes.
7. What diseases does the fly carry? He carries typhoid fever, tuberculosis and summer complaint. How? On his wings and hairy feet. What is his correct name? Typhoid Fly
8. Did he ever kill anyone? He killed more American soldiers in the Spanish-American war than the bullets of the Spaniards.
9. Where are the greatest number of cases of typhoid fever, consumption, and summer complaint? Where there are the most flies.
10. Where are the most flies? Where there is the most filth.
11. Why should we kill the fly? Because he may kill us.
12. How shall we kill the fly? (a) Destroy all the filth about the house and yard; (b) pour lime into the vault and on the manure; (c) kill the fly with a wire screen paddle, or sticky paddle or kerosene oil.
13. Kill the fly in any way, but KILL THE FLY.
14. If there is filth anywhere that you cannot remove, call the office of the Board of Health and ask for relief before you are stricken with disease and, perhaps, death.

Wheat Ground Preparation.

As soon as the oats or wheat has been taken off the field, it is desirable to double-disc the ground at once. It will pay well to disc immediately behind the binder or header. If after the binder the bundles would be thrown off on disced ground. The sooner this work is done after harvest, the better. Every day's delay means that more moisture is lost.

In case the discing has been done in time, the ground can be plowed at any time later. Some will say "Why not begin plowing at once, instead of wasting time discing?" This would be all right if we could hold the moisture long enough; but usually one or two weeks hot, dry weather after harvest will dry out the ground too much for plowing. The disc will cover the ground quickly and will insure the moisture until we have time to complete the plowing.

There is no question but that wheat ground should be plowed early. For this reason summer tilled land nearly always out-yields land that is plowed just before seeding time. Wheat requires a firm seed bed. On account of this, early preparation should be deeper than later work. Deep plowing just before seeding time is not desirable as the ground will not have time to become well settled. Early deep preparation is very favorable to wheat production, especially where the ground has been thoroughly packed with machinery or has had enough moisture to settle it properly.

The wheat roots penetrate this packed soil very readily and are not damaged by gradual settling later, or from an undue loss of moisture on account of too loose soil.

The following data on results of tillage methods on wheat in 1911, on the Kansas Agriculture Experimental Farm, as quoted in part from Bulletin No. 176, of that station, can be well applied to our conditions.

Land plowed July 15th, (the right time) seven inches deep, (the right depth), gave a yield of 38½ bushels per acre. After paying for the cost of preparation, there was left \$25.74 per acre.

Land plowed July 15th, three inches deep, (plowed at the right time but too shallow), produced 33½ bushels per acre, a net return of \$22.32.

Land plowed August 15th, seven inches deep, not worked until September 15th, showed a yield of 23½ bushels per acre and a net return of \$15.34 per acre, after deducting the cost of preparation.

Land plowed at proper depth, seven inches, September 15th, (too late) produced 15½ bushels per acre and gave a net return of \$9.08 per acre.

Land plowed three inches deep (too shallow) September 15, (too late) gave a yield of 14½ bushels, a net return of \$8.54 per acre after deducting cost of preparation.

Land disced but not plowed, cost \$1.95 per acre for preparation and produced 4½ bushels per acre, (the crop when sold returned \$1.47 per acre over the cost of preparation of ground.

After the seed bed has been prepared, whether before seeding time or after, the surface should not be allowed to crust. The common peg tooth harrow or weeder should break this crust as often as it forms, until the wheat gets too large to work. Do not let the ground get too dry before harrowing, as it is likely to work up too fine and make it liable to blow.

TEXAS NEEDS GREAT MEN

XXXVII. POWER

CYRUS THE GREAT founded the Persian Empire and exercised absolute power over a larger number of people than any other human. From a wandering horde he organized a vast wave of human power and grandeur which swelled and rolled on in undiminished magnitude and glory for many centuries. This powerful man was able to lift the soul of humanity into the heights of reason and by his compelling and persuasive power lead them into higher altitudes of civilization. No event of importance in the human race was ever accomplished without the guiding hand of a spirit of great power.

CYRUS THE GREAT ORGANIZING GOVERNMENT.

Let those who search for authority understand that power is permanent only when the product of principle, that ability will attract the homage of the masses like a lodestar, and that the rare qualities of initiative leadership have always quieted seething humanity and organized turbulent masses into peaceful and happy communities where civilization can yield its golden fruit. Texas Needs Great Men.

Those Two Panhandle Judges.

(Advertisement.)

When Governor Colquitt appointed Judge Graham and Judge Presler to the Panhandle court of civil appeals he openly insulted every prohibitionist in that section. He went round a score of finely equipped and splendidly qualified men and selected these two simply because they were anti-prohibitionists of the most objectionable and pronounced type. Judge Graham had long made himself obnoxious to the better element of that whole territory by his rabid position on the prohibition question, having been heard to say on the streets of Amarillo "he would not lend himself to the enforcement of the law against violators of the local option laws, nor would he advise any one to obey such a law in case the result was in favor of prohibition!" Yet Colquitt picked up this one man among all the splendid lawyers of Amarillo and thrust him on the bench of this high court. As to Judge Presler, he was a pro all his life and supported Statewide prohibition and local option until a trifle over a year ago, when all at once he flopped over to the anti side, went to the Fort Worth anti State Convention and out Heroded Herod on that occasion. Now he and Graham are to be elected by those people in the Panhandle instead of looking to Colquitt for their appointments. Will the people stand by such men under the circumstances? We hardly think so; especially when two such splendid men as Judge Huff and Judge Hendricks are running against them. The antis are getting ready next year

to bring on another local option election in Amarillo and one or two other places in that section, and what can the pros expect from Graham and Presler if said elections are again thrown into the court? It is time for those Panhandle to teach men like Graham and Presler a needed lesson.—Home and State.

LAST AGONIES

Tomorrow ends one of the warm-
est State campaigns in Texas since
the Hogg-Clark episode. Possibly
the race for the U. S. Senatorship is
attracting as much attention, but the
dying agonies of defeated and dead
candidates will be heard in the land
when the reports of the battle of
ballots begin to come in. This cam-
paign is reeking with bitter person-
alities; men have dared to prostitute
their honor in order to gain advan-
tage; hot words have fallen like
molten shot from furnace mortars.
Tons of printed matter have burdened
the mails and most of it has fal-
len like dry and dead leaves in au-
tumn, as little heed has been given
it. A month or more ago the line
of battle was drawn and the black-
ened sheets of literature have served
only as "flags of no quarters". Few
men have been changed since the
privates were mustered in early in
June. The flying cavalry of stump
speakers, booted and spurred, have
only kept the boys lying impatient
on their arms in the ditches, waiting
impatiently for the command to take
the breastworks and batteries. To-
morrow the bloodless battle will be
fought, but the field will be strewn
with many bleeding hearts and dis-
appointed ambitions. Take courage,
only the weak at heart are whipped
in battle—the brave always win in
the end.

VOTE AS A DEMOCRAT.

In the election tomorrow only
Democrats are supposed to partici-
pate. So when you vote, vote as a
Democrat. Study your ticket care-
fully; be sure you know how to
"scratch" the names; be careful not
to "void" your ticket. Of course,
everybody knows how to vote, but
often a good man fails to get his
ticket marked right and thus he
loses his vote. If you do not know
the different men on the state or
county ticket, ask some friend in
whom you have confidence to tell
you who the men are and what they

stand for. And if you happen to be
asked about the names be honest,
yourself and tell the inquirer the
truth about the men. Let every
voter cast an intelligent ballot as
only such ballots can preserve our
liberties.

FINALLY, this primary election is
intended for Democrats only, and
unless you wish to affiliate with that
party in the future and to be known
as a Democrat, don't vote. We are
sure no good Republican will take
that pledge and then go back on it
this fall in the general election. If
your ballot is counted in this election,
you will be pledged upon your honor
as a man and as a citizen to support
the nominees of the Democratic
party from President down to con-
stable. You can't dodge the issue
by a mental reservation that if the
nominees don't suit you, you can
vote for some one else this fall.
You can't dodge the issue by scratch-
ing out the presidential electors and
then vote for Republican electors
this fall and the balance of the ticket
for Democratic state and county
officers.

For Representative

To the Voters of Deaf Smith County:
It is well known in this county
that I am a candidate for the Legis-
lature. I have made no canvass of
this county and have done but little
soliciting, feeling that the voters of
this county were well enough ac-
quainted with me to make up their
minds. No one asked me to run for
this office and the voters are not in
any way under obligation to me;
neither am I under obligation to any
interest or faction. I am a Demo-
crat and as such, if elected, will
serve the district to the best of my
ability. There are nine counties in
the district, Deaf Smith, Randall,
Armstrong, Swisher, Castro, Parker,
Bailey, Lamb and Hale, and I have
made but a surface canvass visiting
only the largest places.

I am a prohibitionist both in prac-
tice and preaching and shall do all
in my power to further the cause of
temperance sentiment, but there are
other subjects of political moment
which I shall not neglect to the
hurt and injury of the state. I want
all my friends, and those who are
not my personal friends to vote for
me to-morrow. It takes votes to be
elected and I want to be elected.

Whatever the outcome of the race
may show, I will be content to abide
the decision.

Yours very truly,
(Advt) A. C. ELLIOTT.

Prohibition Lecture

A good crowd assembled at the
court house Sunday afternoon to
hear this lecture by Arthur W.
Jones. He made an earnest plea
for personal right living and exposed
the evil of the whiskey traffic. He
plead with the voters not to be mis-
lead by issues and to keep ever on
the alert. Mr. Jones has made over
1500 prohibition speeches in Texas
and is well qualified to defend that
cause. At the close of his talk, he
asked all who were opposed to the
saloon business to stand and every-
one in the house stood up.

Christian Revival

This meeting is being well attend-
ed and some fifteen persons have
been received in that organization.
The Evangelist, Rev. Arthur W.
Jones, is a good speaker and handles
his subjects in a logical, forceful
way. The music has been especially
good, all the singers from the differ-
ent churches taking part. The chil-
dren's singing has been a feature of
the choir work. The revival will
continue over Sunday. Services will
be held at morning and evening. In
the afternoon at 4 o'clock the evan-
gelist will talk to the children, the
subject being "Strings and Rusty
Nails."

Ramsey Will Win.

Special to a Friend.
Dallas, July 26.—Don't bet on
Colquitt. Looks like Ramsey will
have a walk over and will win.

This dispatch was received this
morning at 11 o'clock by a Colquitt
man and the message was from a
Colquitt supporter. Wait and see
how he loses.

Civic League to Meet.

A special meeting of the Civic
League will be held at the court
house Saturday afternoon at 5
o'clock. All committees are expect-
ed to report as well as from the dis-
trict managers.

R. W. Gallaher, wife and two
sons of Fannin county are here
spending their vacation with Mr.
and Mrs. J. J. Gallaher. R. W.
Gallaher is a prominent business man
of his county, and says, while he
thought it never rained on the Plains;
he has been caught in two big soak-
ers since coming here a week ago.
The Gallaher families have enjoyed
the good fishing in the creek.

**This Nyal's Liniment is
"ALL RIGHT"**

Every home should contain a good bottle of liniment—you never
know just when you will have urgent need of it—sprains, bruises
and wounds of every description can be promptly treated.

**To secure prompt relief use Nyal's Liniment—it is the
good liniment to keep in the home—**

Rub it in thoroughly and cover with flannels—it relieves the pain
and reduces swelling of wounds and bruises. Being rapidly ab-
sorbed by the skin and tissues it is prompt and effective in neuralgia,
and the stiffening of joints in rheumatism.

We know it will do as represented—that's why our personal
recommendation is behind every sale.

Two sizes—25 and 50 cents.

Besides good goods you get good treatment at our store. Always
glad to have people come in and look around, whether they want to
buy or not. We wait on you promptly, give you what you ask for
but never tease anyone to buy anything.

BREAKFAST A LA TIERRA BLANCA

Thursday morning of this week a party of young people with chaperons vied with the chanteclaires in rising early and just as the peep of dawn was seen through the soft shadows of the east, they found themselves ready for a camp on the green lawns of the creek bank.

With equal enthusiasm the second company hied themselves at 5 o'clock Friday morning to some beauty spot where the peaceful Tierra Blanca flows. They too rose in the wee hours of the morning and prepared a breakfast which was basketed for the trip.

Another Irrigation Well.

A 60 H-P Oil-Pull Engine was trucked out to the farm of Alex Thompson this morning to be set up as part of the installation to his irrigation plant. A rotary pump, known as the Roth-Fisher, will be used. W. D. Keliehor is agent for this pump and is the first to be tried in this territory.

Hurley Items.

Hurley, Texas, July 22, 1912.—We have had several nice rains the past week. A number of prospectors have visited us.

Dr. E. Randolph of Independence, Mo., was in our midst Friday and Saturday of last week. He is very much pleased with our country and the big wells. He thinks he will return later and purchase a tract and install a pumping plant.

M. H. Williams, a land owner of Ottumwa, Iowa, was among the many land owners who came down and looked over his holdings in the famous Black Water Draw in the Hurley country last week.

A. C. Elliott, managing editor of the Hereford Brand, was in our little city Saturday looking after his candidacy for Representative of the 123rd Legislative District. He is no stranger to the people in this section and we predict that he will get a liberal support in this community.

Sunday school was held as usual at the church Sunday. Large audience in attendance and unusual interest taken.

We expect active work to begin on the railroad at once. Grading will begin all along the line between Texico and Lubbock by August 1.

Hurley Hustler.

Kelso Items.

Our "hit when he don't miss" weather prophet has been doing good work this week and caused several good rains which were badly needed.

The wind has been so still for the past two weeks that the wind mills could not run and many stock have suffered for water.

W. S. McDaniel and family spent Sunday at W. B. Palmer's.

Harvesting is almost through with. Mrs. Ed. Chappell and sons spent Wednesday at John Gregory's.

J. C. Cramberg was in Hereford Thursday.

John Gregory lost five fine calves with black leg last week.

Barney Gregory is carrying a broken arm in a sling, the result of cranking his father's automobile last Wednesday.

Messrs. Palmer and Louison were in Hereford Friday.

Harry Seely returned from New Mexico last week where he has been with H. B. Stephens' shearing plant.

John Gregory and son, Luther, were in Hereford Thursday.

The special school tax election was held at Kelso Friday.

"Nameless."

Black City Notes.

We had the much needed rain Saturday night and Sunday morning until about 9:45 a. m. About 2 inches fell which was very thankfully received.

Miss Harriet Baker spent a few days with her sister, Margie, the first part of the week at Canyon City.

Geo. Hitz, the most enterprising citizen at Black, is having a second well put down on his farm. It will be an 8 inch casing.

A. O. Drake and family were in Hereford on Saturday taking advantage of some of the bargains offered there by the merchants.

H. J. Deitrich made a hurried trip to Canyon City Sunday afternoon.

Rev. McDonald held services here last Sunday at 4 p. m., which was very satisfactory to all present. He is located at Bovina for the present. He will conduct revival services here in about 3 or 4 weeks.

C. F. Kellner is threshing his wheat of 100 acres one mile west of Friona this week.

S. S. Beaver, section foreman on the Santa Fe, is furnishing groceries to the people about here at prices that is hard to beat.

For Goodness Sake, don't say I told you, as this is my first attempt, maybe the last. P. M.

This Is So.

We wish to state in as plain and vigorous way as words can express it that Hunt's Cure will positively, quickly and permanently cure any form of Itching Skin disease known. One box is guaranteed to cure. One application affords relief. 23-3t

Parrott Paragraphs.

The picnic for the benefit of our school passed off very well. We enjoyed the addresses of the candidates. We were pleased to have A. C. Elliott of Hereford with us and his scholarly talk was well received. R. M. Ellerd's beautiful illustration that he used in complimenting us on the noon spread made us think that we had four faithful firemen, who were at the furnace all day. They were Mesdames Metcalf, Miller, W. E. and J. F. Hacker.

We wish to thank our good neighbors, Mr. and Mrs. Dukes, Mr. and Mrs. Ricketts, Mrs. Edwards and Robbie for their fine help and sup-

port. Mrs. Edwards' help was especially appreciated because she has illness in her family and is far from well herself, but no excuses were offered. She came early and worked all day at hard work. If Van Dyke's conception that we are furnishing material for our mansions that are being built for us in heaven, good Mrs. Edwards must have furnished a crystal corner stone that day for the one she is so beautifully building.

The good people of Dimmitt never fail us. We thank them one and all, especially the ball team and Judge Kerr and family. I cannot refrain from speaking of how well the boys conducted their stand. B. F. Neely and F. R. Metcalf deserve special thanks for giving us two whole days, as they went to Hereford one day and got supplies.

Mrs. Wagner and Miss Blanche went to Dimmitt Friday.

A. J. Miller and family, Mr. Metcalf and children, Mr. Kopp, R. S. Neely and Fannie Neely ate ice cream with B. F. Neely and sons Friday night.

R. S. Neely and sister were very much pleased to have Mr. and Mrs. Dukes and family with them. They listened to songs by the Trinity Choir, Schuman Heink and Geraldine Farrar, Hoffman's beautiful music and Sousa's Band as rendered by their new Victor. Jack.

Summit Breezes.

Grain harvest completed, threshing now in order.

Light rainfall last Friday afternoon also Sunday morning. Every little helps.

"We all" spent a pleasant day at our Parrott neighbors picnic last Thursday. They are sure good entertainers.

H. E. Talley is spending a few days in Nebraska.

Calvin Edwards is working for Mr. Talley on the farm during his absence.

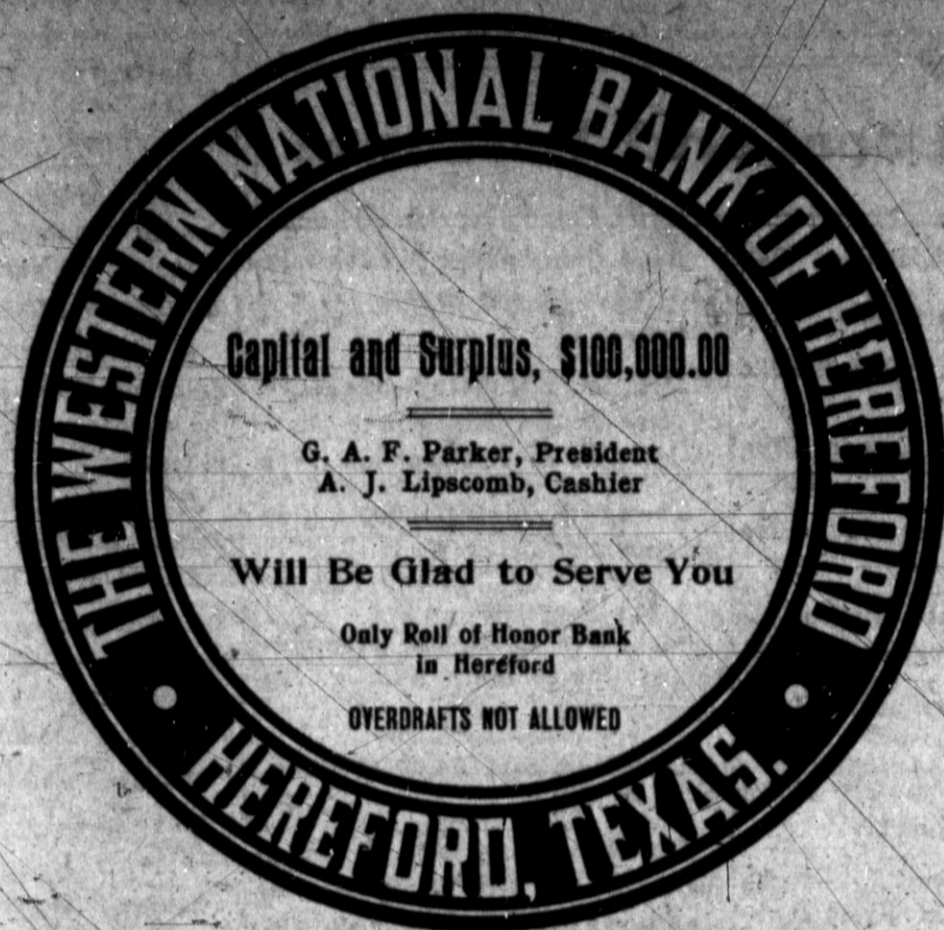

Mr. Johnston, Santa Fe demonstrator, is visiting around among us this week to see how crops are progressing.

Row crops have not suffered as much as one would think on account of drouth. If they are up, they are growing, but we must have rain.

We visited the McDonald irrigated farms this week. Magnificent hardly expresses conditions there. It looks like "home" at the best we ever saw it. Lets put down a well!

Stubborn Case

"I was under the treatment of two doctors," writes Mrs. R. L. Phillips, of Indian Valley, Va., "and they pronounced my case a very stubborn one, of womanly weakness. I was not able to sit up, when I commenced to take Cardui.

I used it about one week, before I saw much change. Now, the severe pain, that had been in my side for years, has gone, and I don't suffer at all. I am feeling better than in a long time, and cannot speak too highly of Cardui."

TAKE CARDUI The Woman's Tonic

if you are one of those ailing women who suffer from any of the troubles so common to women.

Cardui is a builder of womanly strength. Composed of purely vegetable ingredients, it acts quickly on the womanly system, building up womanly strength, toning up the womanly nerves, and regulating the womanly system. Cardui has been in successful use for more than 50 years. Thousands of ladies have written to tell of the benefit they received from it. Try it for your troubles. Begin today.

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away

Hereford women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of dropsy or Bright's disease. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause.

Can Hereford sufferers desire stronger proof than this woman's word.

Mrs. Ella Weatherly, 407 Madison St., Amarillo, Texas, says: "I used Doan's Kidney Pills about two months ago as I had been having headache and dull pains in my head and I knew that my kidneys were out of order and caused my suffering. Doan's Kidney Pills not only gave me prompt relief but also acted as a tonic to my entire system. I have no hesitation whatever in recommending this remedy.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Whole Family Benefited By Wonderful Remedy

There are many little things to annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves and others as well.

A good thing to do under such circumstances is to take something like

Dr. Miles' Anti-Pain Pills

to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 33 Corput St., Atlanta Ga., writes:

"I have on several occasions been vastly relieved by the use of your medicines, especially the Anti-Pain Pills, which I keep constantly on hand for the use of myself, husband and two sons. Nothing in the world equals them as a headache remedy. Often I am enabled by the use of one or two of the Pills to continue my housework when otherwise I would be in bed. My husband joins me in my praise of the Anti-Pain Pills and Nerveine."

Dr. Miles' Anti-Pain Pills

are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you can have no reason for being longer without them.

At all Druggists, 25 doses 25 cents. MILES MEDICAL CO., Elkhart, Ind. 11

COST OF PUMPING WATER FOR IRRIGATION

Since there is no doubt about an abundant water supply for irrigation in the Hereford country, the next question to be definitely settled is the cost of lifting the water into the irrigating ditch. If the cost prohibits profit making on the crops to be grown, irrigation is not a success. If the margin is so close that it will require scientific management and experts to make it pay, then the ordinary farmer cannot irrigate. However, water can be pumped at a cost that will show good earnings on the farm with ordinary intelligent operation, then irrigation will be a profitable undertaking.

The only way to arrive at a conclusion is to figure all cost connected with the operation of an irrigation plant and put these figures against the crop yield and see if any profit is left. It is going to cost \$5,000 to install a modern irrigating plant in the Hereford country—a plant that will produce plenty of water for 160 acres of land and one that will deliver the water economically and continuously. These figures are not going to be lowered if proper equipment and installation are used. To get at correct figures every item of cost must be charged against the investment and operation of the equipment. Taking \$5,000 as an average cost with interest at 8 per cent, depreciation 10 per cent, upkeep 2 per cent and fuel at the present price of 4 1/2c per gallon, we get the following annual cost:

Interest on \$5000 at 8 per cent	\$400.00
Depreciation on \$5000 at 10 per cent	500.00
Upkeep on \$5000 at 2 per cent	100.00
Fuel cost per annum pumping 487.5 acre feet of water	633.75
Total annual cost	\$1633.75

These figures are based on a well discharging 1,000 gallons of water per minute, fuel consumption of one pint per horse power hour, using a 40 H. P. engine and operating 150 days of 18 hours each. During this period 487.5 acre feet of water is pumped at a total cost of \$1,633.75 or \$3.35 for each acre foot—of this cost \$1.30 is for fuel used and balance interest, depreciation and upkeep. If three feet of water is used on the entire 160 acres, there is plenty of water to do the job. If three feet of water is used annually, the total cost will be \$10.05 per acre. Each three inch irrigation will cost 84c and each four inch irrigation \$1.12. Each day's run of 18 hours will cost \$4.28 for fuel at 4 1/2c per gallon. Five tons or better of alfalfa can be grown on every acre irrigated ten times with three inches of water—total 30 inches at a cost of \$8.38. Will five tons of alfalfa at market prices afford this expense? Twenty five bushels of wheat can be grown on every acre given one foot of water at a cost of \$3.35. Will 25 bushels of wheat per acre pay this cost and leave a profit? One foot of water costing \$3.35 will produce two tons of millet hay, 40 bushels of kaffir, 40 bushels of milo maize and 50 bushels of oats on every acre intelligently farmed. Will it pay? These figures include every item of cost connected with the operation of an irrigating plant and crop yields much less than can be grown—we will beat every yield mentioned on our farm this year using less water than figured here. In addition to these figures the farmer may charge interest on his land investment, use of his teams and implements and all labor including his

Gough's Hill Crest Farm—Pumping 1600 Gallons Per Minute

Has 6,000 Acres In Crops.
L. Gough, formerly of this place, but now general superintendent of the 10,000 acre farm of the C. E. Live Stock Company at Crosbyton, Texas, was in Hereford Tuesday on business. Mr. Gough states that the farm has 3,500 acres of row stuff, including kaffir, maize and sorghum, 1,000 acres of millet, 400 acres of cotton, 400 acres of oats and had 450 acres in wheat, part of which was destroyed by hail. He has about 800 acres under summer tillage for wheat this fall. Of the wheat that was cut before the hail, 22 bushels per acre was threshed.

More Rain.
The Hereford farmers are again rejoicing over another good rain; this time a real ground soaker and frog floater. Last Saturday evening a good rain fell which was followed by a slow rain at night, measuring in total 2.75 inches. Most of Deaf Smith county was soaked, but in parts of Castro county the rain was light.
For soreness of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

\$1.00 For a Thought.
Pretty high price to pay for "thinks," but the Civic League offers this amount as a prize to the one suggesting the best slogan for the use of the League. The object of the League is to secure a cleaner and more sanitary city and the slogan is intended to express the spirit of the movement. Write out what you think is good and mail it to Mrs. Homer Wilkinson before August 1st.

Society

AN "AT HOME."
Mrs. Leslie Moreman was "at home" to a large circle of friends last Saturday afternoon from 5 to 7 o'clock. The occasion was a pleasant courtesy to Mrs. R. H. Gough, who is a visitor in the city with friends and relatives. The guests were received by the hostess. She was assisted by Mesdames Hawkins, Slaton and Arnold. In the receiving line were: Mesdames R. H. Gough, J. J. Gallaher, R. W. Gallaher, J. A. Fox and her niece, Miss Manning, Miss Pattie Estes, Mrs. S. B. Edwards and her sister, Miss Lena Edwards, and Miss Jennie Coffee. A short musical program was given; Miss Percy Gallaher at the piano; Mrs. Ezra Norton and Miss Pattie Estes each gave a vocal number; Miss Purser and Mrs. Kelly, each a reading. The punch bowl was presided over by Misses Ina Gregg and Belle Woodburn, while with equal grace at the guest book stood Mrs. Ezra Norton. Mrs. Pitman gave each guest a small bouquet of sweet peas as a favor. Refreshments of angel food and brick cream were served. Over one hundred and fifty invitations were sent out and a large number enjoyed the hospitality of the Moreman home.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by all dealers.
