TICKET SELLERS for next fall's football games may not have to work in this building, which was damaged Thursday by a fire. The fire may have started from grass which was being burned off along the fence. Eighth grade football players, two of whom are shown at left, received the credit for discovering the fire. Red Cross Is Near Quota For County

Workers for the Red Cross drive are within \$700 of their quota for the year in Deaf Smith County, according to Jimmie Allred, campaign chairman.

"We are still waiting on reports from about 20 workers," Allred said. "Some of the workers were delayed by bad weather, but we hope to reach our quota when the reports from these workers are received."

This year the quota is \$4,785.

Arkansas Man Pleads Guilty On DWI Charge

An Arkansas man who was charged with driving while intoxicated in Deaf Smith County entered a plea of guilty in County Court Friday. He was fined \$75 and given a 10 day jail sentence. He is the sixth person to be sentenced for DWI in Deaf Smith County this year.

The defendant, Thomas Burroughs of Wynne, Ark., was picked up in Hereford Thursday by Deputy Sheriff Neal Young, who had received a call that a gray Oldsmobile with an apparently drunken driver at the wheel was coming in from the east on Highway 60.

After driving a short distance out the highway, Young came back into town, and saw the car pulling out from in front of a grocery store on Park Avenue.

When Deputy Sheriff Young halted Burroughs and talked to him, he decided that Burroughs was definitely under the influence of intoxicating liquor, he testified.

Voluntary Blood Test

Burroughs voluntarily submitted to a blood test at the Deaf Smith County Hospital shortly after his arrest, but the results of a laboratory analysis of the blood sample was not known when he pleaded guilty before County Judge Horace L. Schloss.

There was no liquor found in the car, the deputy sheriff said.

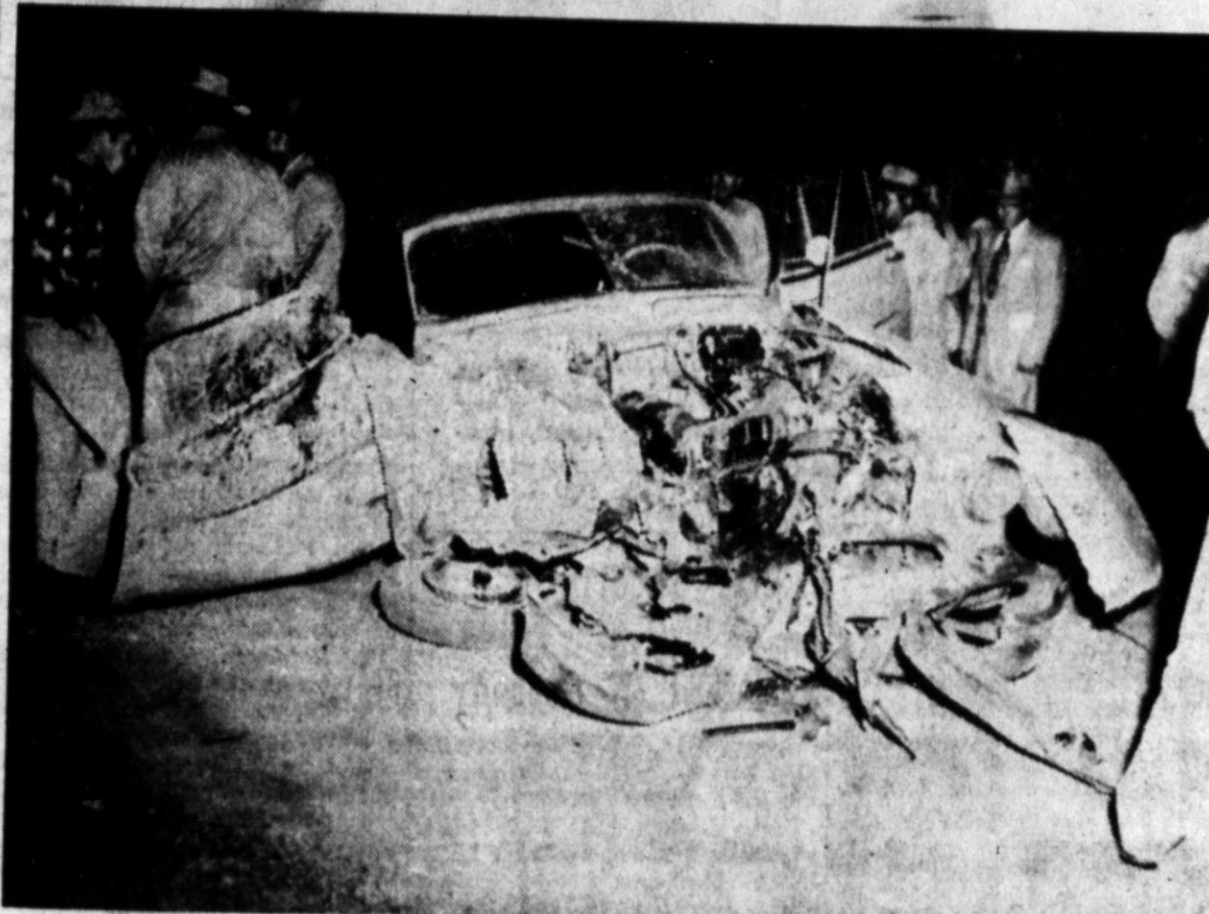

Burroughs surrendered his Arkansas driver's license to Judge Schloss, and was told that his license to drive any type of motor vehicle in Texas was automatically suspended for a period of time not to exceed one year.

County Attorney J. Edward Line represented the state in the case.

NEW DAUGHTER ANNOUNCED

Five Persons Injured In Two Car Collision

FIVE PERSONS WERE INJURED, though none seriously, when this Chevrolet convertible hit a Nash Rambler at the corner of Avenue K and Wulf Street about dusk Friday afternoon. The Nash was knocked sideways for 150 feet, while the convertible went off at a tangent and hit a tree before coming to rest in the position shown here. Neither car turned over. (W. H. Patton Photo)

Four men and one woman were injured late Friday afternoon when a 1950 Chevrolet convertible collided with the side of a 1951 Nash Rambler at the corner of Avenue K and Wulf Street.

Mrs. Katie Daniel, driver of the Rambler, had her left collar bone broken either by the collision or when she was thrown from the light station wagon, which went sideways for about 150 feet after the impact.

Those still in the hospital Saturday morning included Don Davidson, Billy Roy Thompson and Alton Brock, all of whom were passengers in the convertible at the time of the collision.

After the collision with the Nash, the convertible hit a tree before coming to rest. Both cars were considered a total loss.

Rolled Like Barrels

A man living near the accident scene said that he "looked out in time to see the people rolling down the street like barrels." Only Clarence Dale Botts, driver of the convertible, was still inside the car when it stopped.

The Rambler belongs to J. V. Campbell, Mrs. Daniel's father.

According to information gathered by Hereford police, the collision occurred when Mrs. Daniel, who was driving south on Avenue K, started to make a left turn onto Wulf Street. Botts was also going south on Avenue K.

At the hospital, Botts voluntarily submitted to a blood test, which has been sent for a check as to possible alcoholic content.

Though final charges have not been filed, Botts posted \$200 bond on a charge of negligent collision, according to Chief of Police Leo F. Box.

North Of Vega

Hereford Planning Part In Dedication Of Bridge

Hereford, along with 10 other towns along Highway 51 in Texas, has indicated that it will take part in the dedication of the Canadian River bridge north of Vega, according to G. E. Mullins, Deaf Smith County Chamber of Commerce manager.

The bridge is expected to be ready for traffic about the middle of July.

Information received from the Highway Department was to the effect that the bridge was expected to be completed fairly soon, although traffic would not be allowed across it for at least 20 days after completion. The Highway Department also said that steel for the construction of a railroad over-

pass at the Fort Worth and Denver Railroad crossing is available.

Bids Asked

Until next Tuesday, bids on the overpass and the completion of the road surfacing from 17.283 miles north of Vega to existing paving near Boot Hill Cemetery in Oldham County will be received by the Highway Department.

There are only 5.8 miles of the paving to be constructed, though flex base and other work will have to be done in the process.

The Texas branch of International Parks Highway Association, which is pushing for an international designation on the route which will go from Big Bend National Park to Regina, Canada when the bridge and paving are finished, had feared that the overpass might slow down the designation of the highway, but with the Highway Department hoping to have all of the work completed by about August 1, the organization is taking new hope.

A recent meeting in Levelland re-activated the IPHA organization in Texas, and those who met at that time are hoping they can send a committee into Oklahoma, Colorado, Nebraska and South Dakota, which formerly belonged to the IPHA, and re-activate their organizations as well.

It was the Canadian River bridge, or rather the lack of it, which revitalized the IPHA and caused it to become inactive in 1946.

Two Vehicles Damaged Friday

A 1948 Fleetline Chevrolet driven by Morris E. Hacker, 142 Roosevelt Street, and a 1946 Chevrolet pickup driven by James W. Pope of Friona were involved in a collision at the intersection of Sampson and East Third Streets Friday afternoon about 3:30 o'clock.

Hacker was going west on East Third and Pope was going north on Sampson crossing the intersection at Third and Sampson. The left front bumper of the Fleetline Chevrolet struck the left rear fender of the Chevrolet pickup. The Fleetline Chevrolet skidded approximately 10 feet.

About \$100 damage was done to the Fleetline Chevrolet and \$75 damage was done to the pickup. James W. Pope was charged with failure to grant the right of way and with having no operators license in his possession.

There was no liquor found in the car, the deputy sheriff said.

Burroughs surrendered his Arkansas driver's license to Judge Schloss, and was told that his license to drive any type of motor vehicle in Texas was automatically suspended for a period of time not to exceed one year.

County Attorney J. Edward Line represented the state in the case.

Around Town

Fred Baird, School Tax Assessor Collector, reminds everyone that March 23 at 5 o'clock is the deadline for filing for school trustee.

Fire Chief Earl Phillips, accompanied by volunteer firemen Arthur Tiefert, Bub Newell and Blue Turpin, went to Bovina Thursday afternoon to help in combating the fire which spread from a mound of cotton burs at the Triplett feed lots. They left Hereford about 4 o'clock and returned about midnight.

Karolyn Kirby, Montie Dean Hale and Betty Snead, students of Olive Hinds, will be guest artists of the Myers Music Mart on the "For Kids Only" television show over KGNC-TV, at 4:30 o'clock Tuesday afternoon. They were chosen as one of five guest numbers.

REV. WAYNE COOK
Rev. Cook To Preach At Methodist Revival

A revival with the general purpose of "helping spiritual life" will be held at the First Methodist Church March 21-26 with Rev. Wayne Cook, pastor of Asbury Methodist Church in Lubbock preaching.

Services will be held at 10:30 o'clock each morning and at 7:30 o'clock each night. Local talent will be in charge of the music. There will also be special numbers by local people.

This revival is part of the exchange program of the Methodist Church. Rev. Dunham recently preached at special services in Abernathy.

A cordial welcome awaits you at these services, Rev. Dunham said.

Red Cross Gift Boxes To Benefit From Show

Items for use in Red Cross gift boxes will be the price of admission to a talent show and movie Tuesday at Hereford High School, according to David Self, Junior Red Cross Council advisor.

If the person wishing admittance does not have such an item, a dime will be charged instead, and the money used to purchase a gift box item.

"Students will be able to get in with a pencil, toilet articles, soap, handkerchiefs, ball and jacks or some other small toy, tooth brush, tooth paste and similar items," Self added. "Anything resembling a weapon will not be allowed, even pocket knives."

Goal Of 165 Boxes

Mr. O. P. Cowart, Junior Red Cross chairman, said that a goal of 165 gift boxes has been set up for Hereford schools this year.

Senior High students will pack their gift boxes Wednesday, and that is expected to complete the goal for this year.

One time that gift boxes were packed at the High School, the packages were shipped to Holland to help flood victims. However, the packages may be sent almost anywhere that there is a great, and sudden, need for such items, Mrs. Cowart said.

Due to the illness of Mrs. Elizabeth Webster, teacher of the Parkview School, her niece from Amarillo will substitute at the school until Mrs. Webster is able to return to her job.

Number Of Utility Meters In Use Shows Increase

Utility meters showed a consistent gain during February over the number in use during January and the number in use during February of 1953.

Electric meters had increased eight over January to 2,536, which was a gain of more than 100 such meters in operation over the previous year.

Gas meters had reached a total of 2,042 in use, a gain of 87 over the same time in 1953; there were 1,875 water meters in operation, compared to 1,747 at the end of February of last year; and telephones in service had increased from 2,441 a year ago to 2,450.

At the same time, rural telephones in use in the county had

increased from 306 in January to 314 at the end of February.

Deposits Higher

Deposits in the two Hereford banks were up more than \$200,000 over the same month a year ago, according to the Deaf Smith County Chamber of Commerce, which had prepared the overall report on banking, utilities and other records.

Total deposits in the two banks at the end of February were \$9,661,082.48, compared to \$9,439,034.99 at the end of February last year, but were down from the January total of \$10,273,947.03.

Clearings, credits and debits were all somewhat lower than the same period for 1953 and also for

January of this year, however. Gross postal receipts reached \$4,346.88 last month, compared to \$4,078.01 in February of 1953, and \$5,153.11 in January of this year. Money orders sold amounted to \$26,965.73, lower than the total of \$27,763.66 last February, but higher than January's total of \$24,389.93.

During February there were seven marriages, 14 births and four deaths.

Building permits, which are a sign of trends of the times, showed a decided jump over both January of this year and February a year ago, with 12 permits issued for buildings valued at \$75,600. Only two building permits were issued in January, for a total value of \$18,500. Last year the February total was three permits for a total value of \$40,000.

Booze Given Jail Sentence, Fine

A sentence of 20 days in the county jail and a fine of \$50 was given V. C. Chapman Conner, Negro, when he pled guilty to the charge of selling intoxicating liquor in a dry area before County Judge Horace L. Schloss Friday.

Conner was charged with selling liquor in a dry area on or about September 9, 1953, at 141 East Third Street, but refused to say where he had obtained the liquor.

Sheriff Lowell Sharp picked him up Saturday, March 6, and placed him in the county jail. He will be given credit for the time he has already spent in jail in this county.

Revival Starts Tonight

Revival services under the direction of Rev. Norman Grigsley, pastor of the Wildorado Methodist Church, will start tonight at the Wesley Methodist Church. Services will be held at 7:15 o'clock each night through Friday.

SMALL ITEMS which may give a youngster a laugh or a lift are packed in Red Cross boxes which may be used either as Christmas presents or to help children in a disaster area. Last week, Junior High School students were packing some of the boxes, and this week Senior High students will do their part.

Personal items and school supplies are among the things put in the boxes. Sixth graders and their teacher preparing a box are, from left: Anne Wingert, Billy Mack Lytal, Margaret Boomer, Rosa Strange, Mrs. Tandy Legg and Troy Honea. (Staff Photo)

INVESTIGATING OFFICERS pronounced this Rambler a probable total loss. The Rambler was involved in a collision with a 1950 Chevrolet convertible late Friday afternoon at the corner of Avenue K and Wolf Street. The driver, Mrs. Kelle Daniel, was thrown from the

car, which skidded sideways for an estimated 150 feet after the collision. Mrs. Daniel had her left collar bone broken, and received cuts and bruises. She was not hospitalized, however. (Staff Photo)

Mrs. Dale Kelly Chosen Child Study Club President

New officers were elected when the Child Study Club met in the home of Mrs. Clinton Jackson Thursday evening.

The new leaders include Mrs. Dale Kelly, president; Mrs. Lawrence McGee, vice-president; Mrs. Stanford Knox, recording secretary; Mrs. Clinton Jackson, corresponding secretary; Mrs. Maurice Tannahill, treasurer; Mrs. Lisle Woodford, reporter; Mrs. Merin Kaul, parliamentarian; and Mrs. Cawthon Bryant, historian.

The program for the evening was introduced by Mrs. Maurice Tannahill who told of "New Discoveries in Medicine" including a report given to Congress on recent dis-

coveries in cancer, heart trouble, polio, tuberculosis, rabies and mental illness.

Mrs. Corinne Jennings spoke on the Red Cross, its national and home services. She outlined the work being done with aid to dependent children, veterans, and state welfare.

During the business session Mrs. W. B. Nunley was welcomed as a new member.

Those present were Mesdames Robert Bell, Dale Kelly, Clyde Denton, J. C. Reese, W. B. Nunley, J. W. Witherspoon, Lisle Woodford, John Robinson, Maurice Tannahill, Chester Wiggins and the hostess.

DICK CLARK

Grocers Short Course Scheduled

Short courses for grocers and their employees will begin March 29, according to G. E. Mullins, Deaf Smith County Chamber of Commerce manager.

It is sponsored jointly by local grocers, Texas Retail Grocers Association and the Deaf Smith County Chamber of Commerce, and will be conducted by Dick Clark, former owner and operator of the Clark's Food Stores in Waco.

A course in grocery checking, procedures will be offered to all grocery personnel and a second course, food store organization, designed on management level, may be scheduled for owners, managers and prospective operators of grocery stores.

From Texas University This training service is being made available through the assistance of The University of Texas for an enrollment fee of \$2 for the checking school and \$3 for the management course.

These courses are designed to improve the service of food stores, both large and small. They are practical, down to earth courses, presenting techniques and procedures which will prove profitable

to any grocer," Mullins said. Those who wish to register in advance may call Mullins at 267.

How Can I?

By Anne Ashley

Q. How can I remove ink stains from a rug?

A. Wash at once with sweet milk and sprinkle with white cornmeal. Let remain over night, then sweep up. Good results can also be had if the stains are dry, by rubbing with milk, using fresh as it becomes ink; then wash spots with ammonia water to remove the grease.

Q. How can I exterminate roaches in the pantry?

A. Washing the pantry shelves with a hot solution of alum water will drive away all roaches and insects.

Q. How can I give a shining appearance to cake icing?

A. If butter is an ingredient in the icing for the cake, ice the cake and then put it in the oven for a few minutes with the door open. The frosting will have a smooth, shiny appearance.

Q. How can I make it easy to

remove basting threads from a dress?
A. When basting a garment, place the knots of the thread on the right side of the material. They will be much easier to remove when the article is finished.

Beauty at Home

By Lynn Carter

Q. What is a good treatment for dry, reddened hands?

A. After first washing the hands in milk, melt a pan of pure lanolin in the oven and rub this over the hands and nails while it is warm. Put on an old pair of cotton gloves. If you do not have lanolin, you can substitute warm olive oil or baby oil.

Q. How can I mix myself a good mouth astringent?

A. Mix the unsweetened juice of a lemon in glass of water.

Q. How should I rid myself of under-arm hair?

A. With either razor or depilatory every week, or as often as needed. Some do this with a dry razor, but it is better to lather under the arms before shaving. Be sure, if you happen to cut the skin, to de-germ the area with antiseptic or mercurochrome.

Q. How can I reduce overly-fleshy hips?

A. Here are some very good exercises: Sit on the floor, and walk across it on your buttocks, and without helping yourself with your heels. Then sit cross-legged, hands clutching ankles and keeping them slightly off the floor, rock side to side, as far as you can without upsetting. Finally, hold on to a chair, kick forward and sideward and backward as far as you can reach, and for as long as you can.

Q. Please suggest a good "home made" hand lotion.

A. Equal parts of glycerine and camphor make an excellent lotion.

Q. My nose has wide, flaring nostrils. How can I minimize these?

A. The tiniest bit of rouge blended along the side of each nostril will make them look smaller.

Q. What can I do about a sallow-looking skin?

A. On-the-surface cure for this is a warm-tinted makeup base. For more fundamental effects, use the stimulating masks or packs concocted by almost all the cosmetic houses, and by including brisk patting with skin freshener in your face cleansing procedure.

Q. What is a good, soothing bath for tired feet?

A. A very good one can be made of just warm water and vinegar.

Q. How can I mix my own liquid soap shampoo at home?

A. Shave a cake of pure castile soap into a pint of water, and melt this over a low flame. After thoroughly dissolved, strain through cheesecloth, pour into a jar, and seal tightly until ready for use.

Q. Should hair that is too oily be brushed? This would seem to increase the oiliness.

A. Brush it, by all means! In fact, brush it 200 times a day, instead of 100. This will, at first, make it seem more oily—but keep on brushing. As your hair becomes healthier, the over-active glands that secrete oil will begin to take it easier.

Expensive Warmup

ST. LOUIS (AP) — It took more than a week of sleuthing by fire department officials to find four boys who were seen entering a sewer manhole, slipped out unnoticed and produced a futile search that cost the city an estimated \$2,000.

"We just went in to get warm," one boy said.

Far East Films Made

LONDON (AP) — British film makers are turning to the east these days for adventure movies. Jack Hawkins, star of "The Cruel Sea," is busy shooting a color film "The Seekers" in New Zealand. With him are Laya Bakal, Noel Purcell, and others from the British studio.

"The Phoenix" is a color picture covering Win Min Thun—a story set in Ceylon. It's a jungle story about Burma.

Director Philip Leacock who made "The Kidnappers" is in Aden exploring a hidden desert city for a picture to be called "Ingrams Peace." This also will star Jack Hawkins. They hope to get started soon.

Q. How should satin be pressed?

A. When pressing a satin dress, sponge lightly on the wrong side, then press the satin on the wrong side with a moderately hot iron.

Social Security Man Will Be In Hereford Wednesday

A representative of the Amarillo Social Security Field Office will be in Hereford Wednesday. He can be contacted at 9:30 o'clock at the Commissioners Court Room in the courthouse.

This representative, according to J. R. Sanderson, manager of the Amarillo Office, will be glad to accept applications for social security cards, employer numbers, or for retirement or death benefits under the Federal Social Security Act.

Sanderson advises any self-employed person who has been covered under the Social Security Act for two of the past three years, and who is at least 65 years of age, note the following points:

1. Such persons with net profit of more than \$90 per year may file claim and receive monthly payments.

2. If net profits are between \$90 and \$1725, payments for 1 or more months can be made, even though still self-employed.

Self-employed persons who have had at least \$3600 in net profits in each of the last 3 years, if now 65 years of age, can file application and fix their retirement payments at the maximum. Lower earnings in future years, he points out, could reduce eventual payments below the maximum.

For getting exact advice, Sanderson concludes, self-employed persons should have a copy of each of their last 3 income tax returns with them when they contact the representative.

Q. Should stockings be washed, if one has not worn them, and they are to be stored away?

A. Yes; the washing will remove the excess dye besides preserving them for a longer time.

Lizards Tell Old Story

LOS ANGELES (AP) — Fossils of lizards and frogs tell more of pre-ice age climate than the bones of mastodons and sabre tooth tigers, says a zoologist. Large animals could easily walk away from an advancing glacier, but it might take a lifetime for a small lizard to crawl out of a large valley, Bayard Brattstrom, zoologist at the University of California at Los Angeles, reasoned. Thus bones of small animals unable to get away tell more about the climate of a particular area than those of more mobile beasts.

Studying small fossils from the La Brea tar pits, the zoologist determined that 50,000 years ago the Los Angeles basin was a grassy woodland covered with large oak and walnut trees, with probably less rain than it has now. Ponds and streams existed, however, since bones of turtles, frogs and toads were found in the tar.

Fossil lizards and snakes in Nevada caves indicate the Las Vegas area 10,000 years ago was a desert, but not so dry as now. Brattstrom said one million years ago Florida had a subtropical climate—reptiles and amphibians found there survived the inundating ice in more northern areas.

JERRY LITTLE OF AMARILLO gave a talk on "Building Real Castles" at the formal banquet of the young people of the First Baptist Church Friday night. Theme of the banquet was "Castles in the Air." Tables were decorated with miniature castles nestled in clouds of angel hair. Star studded paper streamers hung from the ceiling. Rev. Howard E. Scott served as master of ceremonies. Invocation was given by Jimmie Allred. Mrs. Travis Hendrick gave the welcome, and Miss Patsy Jackson gave the response for the young people. Castle fes-

ivities included several songs by the Star Dusters - Misses Shirley Sharp, Patsy Jackson, Wanda Marie Kirksey and Beth Scott. They were accompanied by Mrs. Howard Scott. Miss Carolyn Virden played several numbers on the accordion. The Court Jesters, David Scott and John Gilliland, performed feats of magic for the court, and Gene Dickson sang and played the guitar. Letter To The Editor

(It is the policy of The Brand to publish letters from its readers, provided the letters are signed and contain no libelous statements. Since we do not write the letters, we cannot be responsible for their absolute accuracy and it is to be pointed out that they do not necessarily reflect the opinion of The Brand.)

I would like the public to know that when Mr. Graham brought up the question of baseball at our February board meeting he asked for \$1,000 to equip the team.

This is a quotation from the minutes of the school board meeting of February 10, 1954. "Mr. Schroeter and Mr. Wagoner were appointed as a committee to investigate the feasibility of including baseball in High School athletics this spring and to report back to the Board at the next regular meeting."

The next regular meeting was Tuesday evening March 9 at which meeting your reporter Mr. Phillips was present. As reported in your paper Mr. Graham asked the board for \$300 to buy uniforms and equipment in addition to some \$350 available in the athletic fund. He had stated before this that he thought they could get by for less than his first figure of \$1,000.

As reported I objected, not because I don't want the boys to play ball but because there is no provision made in the budget for this and we don't seem to be able or willing to finance the other organizations which we already have established in our schools.

The following are figures taken from the school budget 1953-54 which covers all schools in Hereford. (These schools had an average attendance of 1,904 pupils in 52-53.) This is the amount of money which was set aside for the following uses:

- Equipment:
 - Class Room \$1,000
 - Band & Chorus combined 1,000
 - Playground 500
 - Cafeterias 600
 - Library Books, for school library 500

The financial statements show nothing as having been spent to date this year of the amount allowed for playground or cafeteria

equipment. Nothing was spent of the same amount allowed in the 52-53 budget. Why?

What do you think in comparing the amount set aside for these things in comparison to the amount asked for to outfit a ball team in the style in which our school officials want to outfit them.

Your paper also states, in regard to the board meeting, "after further discussion the proposal that the team be given additional funds for equipment was dropped."

It was brought to my attention Thursday evening that the Hereford High School paper states the following in regard to the baseball team. "All the equipment except the suits has arrived. The suits are expected in about a week."

Now I ask you, where do we go from here? Who authorized the purchase of this equipment? Who is going to pay for it?

Sincerely yours,
Mrs. Earl Plank

Q. How can I avoid having heavy boiled potatoes?

A. To prevent the spilling of boiled potatoes, take the lid off when serving. Allow them to cool a little rather than cover them and make them heavy from steam.

Fresh, frozen or out-of-a-can asparagus may be used in this recipe for Scalloped Asparagus. It is a good year 'round recipe but is especially good this time of year with ham or baked chicken, and it is just as good with fried chicken. It's the type of dish that adds glamour to any meal.

One half cup finely chopped pecans or slivered almonds may be added if desired.

Mrs. E. W. Hobson brought the recipe from her former home in Idaho and uses it often, most often when company dinners are being planned because nearly everyone likes it.

 - 2 medium size cans of asparagus
 - 4 hard boiled eggs
 - 1 can mushroom soup
 - Grated cheese
 - Empty one can of drained asparagus into a buttered casserole
 - Slice two of the boiled eggs over

Marriage Of J. H. Sears Ruby Kendrick Cherry Told

The marriage of Ruby Kendrick Cherry Hunt and J. H. Sears, mayor of Hereford, has been announced here. The wedding took place Thursday afternoon in Dallas with the Rev. R. E. Goodrich Jr., pastor of the First Methodist Church, reading the marriage service at his home.

The couple was accompanied by his brother-in-law, Farren James, also of Dallas, and were joined at a dinner given later by the bride's niece and her husband, Mr. and Mrs. Joe Harrison of Dallas.

Mrs. Sears is the daughter of Mrs. M. F. Cherry, and is the sister of Mrs. Leo Forrest. She has visited in Hereford on many occasions.

At the time of her marriage Mrs. Sears was associated with White-Weld Investment Bankers in New York City. Mr. Sears is a local grain dealer. They are expected to return to Hereford today.

"Ice Cream" is Magic
SCHENECTADY, N. Y. (AP) - TV, Jets, AC, DC Shucks, there's no stunt like an old stunt to delight a child.

General Electric Co. "magicians" in a presentation to Brooklyn students made music ride a beam of light, lit an electric lamp with a match, made a toy electric train obey the commands of a man's voice and lifted the youngsters out of their seats with the noise of a real jet engine.

But when a vote was taken, the favorite bit of "magic" proved to be a mixture of chemicals that sputtered, fizzed and foamed 150 times before freezing into the shape of a "strawberry" ice cream soda.

Q. How can I remove food from boiling water without burning the fingers?

A. A pair of candy tongs is a handy utensil to keep in the kitchen for removing articles from boiling water, removing olives from the bottles, and similar uses.

By Mrs. R. C. Childers
Members of the Cultural Home Demonstration Club were honored guests at a tea given by the West Hereford Home Demonstration Club in the home of Mrs. Carlos Vaughn recently.
Members attending were: Mrs. Earl DeHart, Mrs. Pat Robinson, Mrs. Ira Scott, Mrs. J. T. Richardson, Mrs. Grady Parsons, Mrs. M. W. Sumner, Mrs. J. A. Poole, Mrs. R. C. Childers, Mrs. Paul S. Corbett, Mrs. Edgar Telchik and Mrs. A. C. Hershey.
Mrs. Edgar Telchik was hostess for a pink and blue shower for Mrs. Ruthie Ekert at her home on Avenue E Tuesday. Mrs. A. C. Hershey was co-hostess.
Bonnie Lewis submitted to an emergency appendectomy Tuesday morning in the local hospital. She is the daughter of Mr. and Mrs. Art Lewis of this community.
The Cultural Home Demonstration Club met with Mrs. Pat Robinson instead of with Mrs. Art Lewis as was originally planned, due to the illness of Bonnie.
Mrs. R. C. Childers spent Wednesday morning in Plainview visiting her sister, Mrs. A. H. Inman. Mrs. Paul S. Corbett was hostess to the Workers 4-H Club at its regular meeting Tuesday afternoon. Mrs. M. W. Sumner gave the demonstration.

Mrs. Reber Howton Celebrates Birthday
Mrs. Reber Howton celebrated her 76th birthday Thursday with relatives gathered to extend happy birthday greetings. Her daughters, Mrs. A. L. Manjeot and Mrs. P. H. Gilliland, hosted the get-together at the Manjeot home.
The honoree received many flowers, birthday greetings and gifts, among them a parakeet that chattered happily during the party.
Those attending were Mesdames J. B. Harlin, Jack Roberson, Malcolm Cassels, Ed Warren, Dalton Criswell and daughter Vicky, G. F. Owen, and friends and neighbors who stopped in for brief visits all during the day.

Heart Contribution Made By Sims Club
Sims Study Club held a recent meeting in the home of Mrs. C. R. Hollabaugh. Mrs. Claude Bogle was assistant hostess.
Mrs. Glen Hetzler presided over the meeting, during which members voted to make a contribution to the Heart Fund. Announcement was made that the next meeting will be on March 18 with Mrs. H. Haley Shaw when a program on hooked rugs will be presented by Mrs. Glen Hetzler.
Members attending were Mesdames E. A. Edwards, M. A. Ferguson, C. L. Bogle, C. W. Edwards, A. G. Ashburn, H. G. Hetzler and the hostess.
Mrs. O. L. Click and Mrs. B. R. Dixon of Amarillo were in Olton for a short visit with Mrs. Dennis Lindsay Wednesday.

Folks just naturally get wrought up when the dust starts blowing, especially the women. A few can laugh it off and a few others get downright mad, but most of them unconsciously swell up and sort of take their spite out on their husbands. The men, of course, are already feeling a little peeved when they arrive—and that's how family arguments get started.

However, things like blowing dust took a back seat down around Bovina when the big fire broke out this week. When you are suddenly faced with disaster, it is not

unusual for the things which have been worrying you most to become trivial and insignificant. Petty quarrels, personal feuds, even political entanglements which often envelop people's lives can be forgotten in a matter of seconds. This pretty well happened when the swollen rivers swept away homes and snuffed out hundreds of lives during the past two years. Real disaster of this type makes a big difference and it is double bad in Bovina this year. First, they lost their school back in September, then came the big fire this week. Those folks have really had it

rough. Dave Alexander says there is one good thing about the dust, though. He says it is cutting down on the snake population. Someone out around Adrian told Dave that the visibility got so bad that an amorous rattlesnake got mixed up and eloped with a piece of lariat rope.

Still, things are surprisingly stable. Most of the wheat still has a good chance. Carl Perrin reported some damage from the winds Friday, as did a few others. This last round seems to have been the worst—but we still have a chance. However, the time for a good soaking rain is drawing to a close. We just have to have it pretty soon—or I will take down my sign. We can't hold out much longer. I'm not giving up. I think we will get it, but I admit that I am beginning to worry. I sure am!

We got a folder from Hardin-Simmons University this week which quoted their student newspaper as the "Brand." I didn't know there was another newspaper in the world named "The Brand." All of this time I thought we were unique, when we weren't. Looks like as many kids as there are from Hereford in HSU that I would have heard about it. It sure was news to me.

The State Observer, a weekly newspaper published in Austin, is letting out quite a howl about Texas Congressmen and how they vote in Washington. Six of our congressmen, they point out, consistently vote Democratic, while the other 16 from Texas vote Republican most of the time. Our own Congressman Walter Rogers is listed with the latter group. The Statesman says he voted 16 times on 31 key issues, 12 times with the Republicans and four times with the Democrats. Martin Dies was listed as voting five times on the same list—all five with the Republicans. Sam Rayburn voted six times, all Democratic.

The Statesman thinks this is terrible. They figure that a congressman should vote with the party, rather than on the issue. Is that how the people feel? Personally, it appears to me that each issue should be decided on its merits, regardless of who sponsors it. Sometimes the Republicans are going to be wrong and sometimes the Democrats are going to be wrong. Besides, a Democratic sponsored measure might be harmful to the particular part of the country which some Democratic congressman represents. If everyone hued to the party line in voting, there would really be no use in debating the bills in the first place. However, maybe I am wrong. I usually am. What do you think?

The Chamber of Commerce made quite a survey and this week released pages and pages of statistics. By golly, they look pretty good, too. I was surprised at their labor figures. They show a total employment of 4,150 people in this county; 2,500 employed in agriculture, 1,910 employed in non-agricultural fields and 225 in industry. A total of only 50 unemployed was shown. They list 20 industries, including 10 vegetable processing plants.

If you are further interested, see Moon Mullins, the secretary. He has the mimeographed material. I also notice that they estimate the city population at 7,250 and the county at 11,054. The altitude, incidentally, didn't change.

It is still listed at 3,806 feet above sea level. A total of 20 churches was listed in the survey.

The Lamar Crammers are here this week from Idaho. Lamar was one of the early potato boys in this district, having come here originally in partnership with Howard Gault. The first thing he mentioned was the sand. He sure has been riding me. Then I heard on the radio about the dust blowing in Sun Valley—but can't find him to rub it in. Anyway, Lamar is a good boy. Smart, too, leaving all of that cold Idaho weather for a nice, comfortable climate like Hereford this time of year.

Robert Veigel, Don Zimmerman and a bunch of other Hereford men are getting interested in Buffalo Lake. They are talking about this business of poisoning out the carp and getting the lake restocked. This is a good deal. Buffalo is the only recreation spot nearby. If the people begin to take a serious enough interest, they will get something done. Someone even mentioned the possibility of draining the lake, but the idea was soon abandoned. It took 15 years to get this much water in it—and we sure wouldn't want to drain it out.

Just saw Sheriff Lowell Sharp and he says this lake business is no problem at all. He says that Earl Poch has the answer. Earl likes to catch the rough fish, so when he wants to go fishing he gets some stink bait and goes in a big way. Earl says they are more sport than the cat and crappie. In fact, he frequently breaks his line on a big one. The fish naturally aren't much good after you get them, but it is real sport—and he generally does catch some, which is more than the average Buffalo fisherman can boast. Lowell says why not have a big "carp rodeo" with a lot of special prizes to the ones who catch the most, the largest, etc? Everyone could have a lot of fun, says Lowell, and get rid of the carp at the same time. Maybe he has something. Anyway, it's an idea. One which even Hereford could handle.

Dishes Are Important
PALMYRA, Pa. — The dishwashing problem is greater than rising coffee costs for Harold Magee, operating a luncheonette here.

Magee charges 10 cents for the first cup of coffee and only five for the second — if the same cup is used.

Mrs. E. R. Day, Correspondent — Phone 2792

By Mrs. E. R. Day
Mr. and Mrs. Bill Warren and children of Stockton, Calif., are here visiting with her parents, Mr. and Mrs. James Boyie. They will return to their home Thursday.

Burt Hames of Dallas is here visiting in the home of Mr. and Mrs. Dick Habbingay.
Mrs. C. A. Regan is visiting this week with her son and family, Mr. and Mrs. Clarence Regan, of Claremore and her daughter and family, Mr. and Mrs. S. A. Ellis of Memphis.

Mrs. Joe Collier and son, Cecil Foster, of Lovington, N. M., are visiting in Dallas with Mrs. Collier's sister, Mrs. A. F. Wendt.

Elda Hart and Lois Norwood were in Clovis Tuesday night.

Mrs. D. L. Mitchell of Okemah, Okla., is due to arrive Saturday to visit with her brother and family, Mr. and Mrs. H. A. Hyde. She will go from Friona to Earth to visit a sister before returning to her home.

Mr. and Mrs. Oscar Baxter, Carolyn, Willene and J. L. were called to Elk City Thursday to visit Mr. Baxter's sister, Mrs. Gladys Russell, who will enter the hospital at Oklahoma City. Mrs. Russell was injured about six weeks ago in a tractor accident and will have to have some bone and skin grafting done before she can walk. The Baxters were expected home Friday.

Fire At Bovina
The Friona Fire Department was called out to Bovina about 2:30 o'clock Thursday afternoon to fight a fire at the cattle pens. It seems a pile of cotton burs had been hauled in and they caught on fire. This is the third or fourth time the Friona Fire Department has been called to fight a fire at Bovina.

Mrs. Nora O'Brian, Ethel Spring and Mrs. J. G. McFarland of Friona and Mrs. Wanda Huggins and Mary Richards of Bovina attended a meeting of the Coronado area girl Scout Board in Clovis, N. M., Monday.

The senior class has postponed their play, "My Cousin From Texas," until the night of March 23. The class, the cast and their sponsors believe they can present a better play if more time is allowed. Don't forget, March 23, at 7:30 o'clock at the High School auditorium.

Guests in the home of Mr. and Mrs. E. E. Chitwood and Mrs. Lucy Jones last weekend were: their son and family, Mr. and Mrs. A. E. Chitwood and Al Lewis of Wichita Falls, and Mr. and Mrs. Wayne Mills, Susan and Mike of Muleshoe.

The Student Faculty Congress went to Palo Duro Canyon Sunday to look for a place for an all-day picnic to be held by the students and teachers the last of school. Miss Tracy Smith is sponsor of the SFC.

Glenn Reeves, a driver of one of the Friona cars, had a minor accident when trying to cross the second crossing in Canyon. The car in front of his car stopped and the cars collided, causing damage to his car.

Social Hour
A social hour for the Homemakers Class of the Friona Baptist Church was held Monday night in the home of Mrs. Noel Wood. Mrs. Wood carried out the St. Patrick Day theme by serving white cake with green icing, pineapple and lime sherbet and Coke.

Those present were: Mesdames Skipper Fields, Betty Talley, Patsy Talley, Pauline Caseberry, Mildred Mars, Sarah Ann Miller, Fay Smith, Clydia Black, Wanita Taylor, Mary Ruth Connelly, Bernice Massey, Melba Burleson, Mgttie Fay Crow, Florence Wilson, Anna B. Lane, Movelida Fortenberry.

Phyllis Sanders and Miss Tracy Smith, Assisting Mrs. Wood was Mrs. Jerry Manard.

Another new building going up in Friona at the present time is the Assembly of God Church in the northwest part of Friona. Rev. W. L. Wade is pastor of this church, which was organized about a year ago. Members have been meeting in the Legion Hall and will continue to do so until their church is completed.

Mr. and Mrs. E. M. Rushing announce the arrival of a son born March 3 at the Parmer County Hospital.

The children of Friona joined others Friday in a school holiday while the teachers attended a District Teachers Meeting in Amarillo.

The firemen of the Friona Fire Department had their quarterly supper Thursday night with their wives as guests. Honor guests were firemen and their wives from Dimmitt. The visitors told how they organized an auxiliary in Dimmitt and the Friona department planned a meeting for Thursday to discuss the organization of an auxiliary in Friona. Due to the fire in Bovina, many were not present at the supper. About 25 or 30 persons were present from Friona and six guests from Dimmitt.

Monday night the TEL Sunday School class of the Friona Baptist Church was entertained with a social at the home of Mrs. L. G. Pruitt at her home near Black. Those present were: Mesdames L. R. White, Harry Hamilton, Lucy Jones, A. J. Brock, Spencer Hough, Lon Shirley, J. G. Baker, Mrs. Scarbrough and Miss Marie Robison.

Mrs. Calvin Talley and Rex took De Ann Buske to Canyon Thursday where she joined D. O. Robason Jr., of Canyon, Wanda Robason of Gruver and Mrs. Easton Wall of Hart. They were to go to Siloam Springs, Ark., to visit with D. O. Robason Sr., and Jimmy.

Johnny Lynn of KGNC Amarillo was master of ceremonies Monday night at one of the best Farm Bureau meetings, so far as interest and attendance, that has been held in Friona in a long time. Johnny Lynn, "Uncle Jay," recently returned to KGNC after serving sometime with the air force. At the present time there are 659 Farm Bureau families in Parmer County. One-hundred and sixty-seven of these families are new members. A total of 400 or more attended this meeting. The Farm Bureau will still take new members.

Phillips 66 service station on Highway 60 was entered some time between 9:30 o'clock Wednesday night and 7 o'clock Thursday morning. Entrance was made through a door after a glass had been removed. The only things taken were cigarettes and money from a cigarette machine. Sheriff Charles Lovelless was in Friona Thursday investigating. There had been no arrest made Friday morning.

Rubber Plantations Idle
KUALA LUMPUR — Thousands of acres of rubber in the hinterland of Sumatra planted as early as 1926 never have been tapped, according to Sir Sydney Palmer, former chairman of the United Planting Association of Malaya, who recently toured the Indonesian island.

Labor would not go into the areas to tap even at the height of the boom, he said. Rubber stealing was rife and the extent of illicit tapping was unbelievable.
At Serdang he said he saw tons of stolen rubber lying by the roadside.

Hais Are Property
LINCOLN, Neb. — Gov. Robert Crosby of Nebraska has under way a campaign to get all personal property in the state on the tax rolls. He calls it "Operation Honesty".

He went to Crete to tell about it—then after his talk, walked out of the hall with Mayor Fred Kerst's hat!

It was all straightened out before the governor left town.

News Warning Headlined
SPARTANBURG, S. C. — Circuit Judge J. Frank Eatmon told jurors in a civil action they might read any part of Spartanburg newspapers except the story of the court trial they were considering. The Spartanburg Herald obliged. It set in blackface type on the front page the story of the trial under this headline: "Jurors, This is the Court Trial."

Kick for Milk
ITHACA, N. Y. — There's no kick in milk. That's one of the reasons many Americans don't drink the stuff, observes Prof. C. M. McCay, Cornell University nutritionist.

Other reasons are:
1. The average person pays little attention to the nutritional values.
2. A lot of people don't like the taste.
For those who insist on a "lift" from their beverages McCay recommends mixing milk with tea and coffee.

For those who gag at the taste the professor suggests flavoring with chocolate or coffee or combining with tomato juice, lemon juice or cider. Also, soured milk products such as buttermilk and Yogurt may please the milk-hater, he notes.

FOODS FROM AROUND THE WORLD are to be featured in a window display prepared by Bluebird groups. Each of these girls represents a different Bluebird group. Patsy Livesay of Mrs. Billie Jackson's group is telling how coffee comes from Brazil; Judy Fowlkes of Mrs. Jack Gilliland's group says, "Coconuts are a native food of Africa"; Sandra Vaught, who belongs to Mrs. Clinton Jackson's group is showing tea which comes from Ceylon, Java and Japan; Royce Ann Gilbreath, a

member of Mrs. J. T. Gilbreath's group, tells us "That bananas come from the West Indies"; Cathy Boston shows pineapple from Hawaii. Cathy is in Mrs. Jay Boston's group; Beverly Ann Boyer, member of Mrs. Jimmie Gillentine's group, is showing cocoa which we get from Venezuela, Brazil and Trinidad; and Gloria Deardorf exhibits two of our popular spices which come from the East Indies. (Staff Photo)

WORLD STYLE REVIEW, members of the Camp Fire Girls call this. Wyndolyn Sheppard shows clothes which might be worn in Holland. Wyndolyn is a member of the Konah group, which has Mrs. Jack Winget as guardian. Verna Brown, member of Mrs. Louis Woodford's Wahmpta Camp Fire group, is dressed as a Chinese; Joan Fowlkes, member of Mrs. Homer Brumley's

Tanda group, is modeling a Spanish costume; Zell Cump, member of Mrs. F. L. Alexander's Tawaka group, represents the true symbolism of Camp Fire in her Indian costume; and Dolly Paetzold, member of Mrs. Harland Caraway's Wakita group, represents Hawaii. (Staff Photo)

WORLD OF FUN, Horizon Club girls say, as they show games which, literally, originated around the world. Paula Beth Corbett, left, and Frankie Culpepper are playing chess, which originated in India; Gay Morton and Patsy Ford, mem-

bers of Mrs. E. W. Dettman's Shangri-La Horizon Club, exhibit Canasta, which originated in Argentina; basketball, which was started in the United States; and dominoes, originally an Italian game. (Staff Photo)

Camp Fire Girls Starting Birthday Week Celebration

Every March is another "Happy Birthday" for Camp Fire. Since Camp Fire Girls founding in 1910, more than 3,000,000 girls have enjoyed the fun, friendship, and high ideals of the Camp Fire program. "To perpetuate the spiritual ideals of the home and to aid and stimulate in the formation of habits making for health and character" was the purpose of the basic program outlined by the founders. Through this program Camp Fire members, regardless of race, religion, or financial status, develop their best potentialities as homemakers and citizens. Camp Fire serves three age groups. Bluebirds, seven to 10 year olds, have a program built on play needs which develops creative resources leading to responsible group living. They have a costume—navy skirt, perky little vestee and peaked navy cap. Their symbol is a bluebird worn as a pin or emblem.

Camp Fire...

(Continued from Page 6)

Camp Fire Girls are the intermediate group, ranging in age from 10 to 15. Their program is based on the Seven Crafts in which they earn honors for the four ranks—Trail Seeker, Wood Gatherer, Fire Maker and Torch Bearer. A Camp Fire girl wears a navy blue skirt and beanie, a white blouse and a red neckerchief.

Offered Horizon Club Membership

When a Camp Fire Girl reaches 15 she is offered membership in its Horizon Club. Here she finds opportunities to develop her inner resources, to accept increasing responsibilities in civic and community life, and to acquire poise and leadership ability. Her Horizon Club costume consists of navy skirt and beanie, white blouse and cardigan.

Birthday Party 365 Days Long

Camp Fire Girls organization will be 44 years old on March 17. The 1954 birthday project theme, "Let's Be Different Together," is of international scope. Camp Fire groups all over the nation will carry out a year-round program of activities and studies emphasizing the cultures and customs of people of many lands.

Birthday Anniversary Week has been set for March 14-10. The 223 girls in local Camp Fire groups will join in special Birthday Week events which begin today with girls attending the church of their choice in uniform.

There will be three exhibits in downtown store windows carrying out the theme. Horizon Club girls,

with Mrs. Urlin Streu as chairman, will have a display of foods from all over the world. Mrs. Louis Woodford will serve as chairman of Camp Fire groups whose display will show how people live, eat, work, dress and play all around the world. Crafts from different groups will also be shown. The Bluebird display, with Mrs. J. T. Gubrecht Jr., as chairman, will feature tissue-type dolls in costumes of different countries. Craft work done by the Bluebirds will also be shown.

Family Night

"Family Night," will highlight the week's activities with a basket supper held in Shirley School gymnasium at 7 o'clock Friday night. Each group will present a stunt or skit in keeping with the Birthday Week theme.

Bob Wilson, president of the Hereford Camp Fire Girls Council, and Mrs. H. H. Caraway, president of the Leader's Association, extend an invitation to all parents and interested friends to bring sandwiches or food for their particular group, get acquainted with the girls and their leaders, and see what the Camp Fire Girls organization can mean to a community.

Local groups and their leaders include: Horizon Club groups—Mrs. Urlin Streu and Mrs. Emil Dettman. Camp Fire—Mrs. Homer Brumley, Tania group; Mrs. H. H. Caraway, Wakita group; Mrs. Louis Woodford, Wahampton group; Mrs. F. L. Alexander, Tawaka group; and Mrs. Jack Winget, Kohah group.

Bluebird groups include Mrs. Jimmie Gillentine, Blossom; Mrs. Jack Gilliland, Central; Mrs. Clinton Jackson, Friendly; Mrs. Jay Boston, Happy; Mrs. Wesley Brown, Singing; and Mrs. J. T. Gubrecht Jr., and Mrs. Billy Jackson have groups which are now in the process of being named.

Household Scrapbook

By Roberta Lee

By Roberta Lee Glass Stopper

To loosen a glass stopper that will not yield, mix 2 drams alcohol, 1 dram glycerine, 1 dram sodium chloride. Pour some of this into the space above the stopper and allow it to stand for about two hours. A slight tap will loosen the stopper.

Hand-Cleaning Paste
To make a good hand-cleaning paste, dissolve 2½ pounds of white soap in 5½ pints of hot water. As it cools and sets, stir in one pound of fine sand.

Banana Stain
Stains from bananas can usually be removed by covering the spots with a liberal paste made of fuller's earth and water.

Shoe Tongue
To remedy a shoe tongue that persists in working out of position, cut two slits in the tongue about a quarter of an inch apart, near the top, and slip the laces through these slits before inserting them through the top holes.

Improved Vinegar
Try adding a small amount of garlic to one quart of vinegar. It gives the vinegar a delicious flavor and is excellent when used for salads.

A Corn Remedy
To relieve the pain from a corn, apply a little oil of peppermint to the corn daily.

Deodorizing Bottles
Use black mustard seed as a bottle deodorizer. Pour a little of this seed, with lukewarm water, into the bottle, then rinse it thoroughly. Repeat the process if necessary.

Bread Crumbs
Bread crumbs will not scatter when running bread through the food chopper if a paper bag is fastened over the opening of the chopper with a rubber band.

Sore Lips
For sore lips, mix 1 ounce of glycerin, 1 dram of borax, and 1 pint of water. Apply this solution to the lips.

Silk Hats
To renovate a silk hat that has become wet in the rain, shake off as much of the water as possible,

then rub with a clean linen or silk handkerchief, with the nap, until smooth. Hang where it will dry slowly, then brush with a soft brush.

Softball League Makes Plans For Coming Season

Plans were discussed for the coming softball season at a meeting Monday night in the City Hall. Wendell Burdine was acting chairman.

Members agreed to let six teams play in the baseball league and not more than eight. Each roster may have 15 players and, if the manager plays, he will be counted in the fifteen. The teams suggested were: Phillips 66, managed by Rex Lee and sponsored by Rex Lee; Rutherford & Co., sponsored by J. R. Johnson of Rutherford's; Summerfield, managed by Jack Streun; two Latin-American teams and the old Hereford Hardware team, which will be an independent team this year.

Those present voted to play their games at Veterans Park, provided a satisfactory price could be agreed upon with the park board about the lights. This will be worked out at the next meeting. They also voted that the road be blocked off on one side coming into the park so people could not get in to see the game free.

Arthur Brock has consented to take the gate receipts again this year. Admission fee for adults will be 20 cents, and the players will also have to pay 20 cents. Brock will decide what amount the children will be charged for admittance.

Mr. and Mrs. Larry Summers will be in charge of the concession stand at the ballpark again this year.

League Fee
Ten dollar entrance fee to the league was voted on with another amount not to exceed \$10 to be collected from each team at the end of the season, if needed.

Games will be played either Monday and Thursday nights or Tuesday and Thursday nights. It was agreed to start the first game at 7:30 o'clock and call at 8 o'clock. The second game will start at 9 o'clock and be called

at 9:30 o'clock. In the event that the first game is not finished by 9 o'clock, the second will begin at 9:15 o'clock and be called at 9:45 o'clock.

In the event that a manager cannot attend, each team will select one man to represent their team. Cards will be printed with some schedules and five cents will be charged for each card.

The members voted and agreed to have one good umpire. He will be paid \$5 each night that he umpires a game. It was also voted that this umpire would make all the decisions. Two men from each team will be selected to act as first base umpires.

A committee was appointed to decide on qualifications each player should have and this will be given by the committee at the next meeting. The members did vote and agree that each player should have a jersey and cap to match.

A committee consisting of Jack Streun, Larry Summers, Onias Carroll and Raymond Lueb will get the schedule, get an umpire, make all arrangements necessary and pay all the bills.

All-Star Game
An all-star game will be played at mid-season after a complete round of play. After which time

At The Movies

THE CADDY

Showing today, Monday and Tuesday at the Star Theatre.

Starring Dean Martin, Jerry Lewis and Donna Reed.

Golfers who take their game seriously had better stay away from this one, for the situations which occur when Lewis attempts to make a successful golfer out of Martin, with Donna Reed around to help, are certainly not of the serious type. Six catchy songs with screwball comedy routines are done by the gag team to add hilarity to the story.

Not all of the golfers in the show are of the same caliber as Martin and Lewis, however, for such famous link players as Ben Hogan, Sam Snead, Byron Nelson, Julius Boros, Jimmy Thompson and a "Lighthorse" Harry E. Cooper add color to the film.

GO, MAN, GO

Showing Wednesday and Thursday at the Star Theatre.

Starring Dane Clark, Pat Breslin and Sidney Poitier.

This is a film concerning the Harlem Globetrotters basketball team, showing how Abe Saperstein played by Dane Clark, advanced it from a team traveling by jitney, playing wherever it could get a game, into a top team in the nation. The climax is an exciting game with a Chicago professional team. This starts the Globetrotters on their journey to world fame. The love story of Saperstein, and the Kenosha girl he marries, acted by Pat Breslin, adds an attractive feminine touch to the story.

The Globetrotters, playing themselves, prove adept actors and give an impressive and often comic example of basketball playing.

no player can change rosters and no players can be added to a roster. Another all-star game will be played at the end of the season. Wendell Burdine will go to Amarillo with the committee to secure charge accounts, etc. Leo Box, Karl Hutcheson and Onias Carroll have charge of marking off the diamond and have charge of the park.

The next meeting will be Tuesday night, March 16. All members are to be present, the committee of four, the managers from each team and the Park Board. Colors will be turned in at this time.

Members present were: Leo P. Box, Wendell Burdine, Karl Hutcheson, Rex Lee, Larry Summers, Raymond Lueb, Joe P. Stephens, Jack Dempsey, J. R. Johnson and Anzell Greenway.

Visitors in the home of Mr. and Mrs. Marvin Boever, East 15th Street, are his mother and father, Mr. and Mrs. Matthew Boever, and his brother and wife, Mr. and Mrs. Paul Boever, all of Walnut Grove, Minn. Both of the men are farmers and cattle feeders. The two couples arrived in Hereford on March 5, and plan to leave Monday or Tuesday to return to Minnesota.

MRS. PHIL RADOVICH gave a demonstration on the art of scrafitto recently in the home of Mrs. Glenn Boardman. Scrafitto, which means scratch, was introduced in the United States by William Penn. Polychrome is another name applied to some scrafitto work. This means "many colors," and is done by adding many colors of slip paint to the object being decorated. In primitive days tree bark and herbs were used to color the clay bodies.

Hamburg Boom Claimed

TOKYO (AP) — Peiping radio says that Hamburg in Communist ruled northeast Korea has come back to life during the armistice after having been 97 per cent wrecked by Allied planes during the war.

A recent broadcast said the revived coast city now has 45,000 wooden and brick buildings, a university, five technical schools, nine "middle" schools, 12 primary schools, a school for Chinese Nationals, 78 "state - owned stores," three movie houses and one legitimate theater.

Allied forces pulled back through Hamburg to Wonsam, then withdrew in ships on Christmas, 1950, after encountering overwhelming numbers of Chinese.

THE VOGUE Mrs. Stanley Slagle modeling a Lilli Ann woolen suit in navy flecked with white for The Vogue. The white faille collar with rhinestone pin on lapel is accented by white gloves and purse and she wears a blue pill box straw hat.

A special invitation is being issued to all those in the mood for spring to attend the Business and Professional Women's Club ninth annual style show slated for Monday night at 8 o'clock in the Jim Hill Hotel ballroom. Better viewing has been arranged for this year's show by the completion of a new ramp which will also provide better advantages for the models.

Proof positive that dreams do come true will be developed as the show theme, "Enchanting Melodies," progresses to a climax of beauty and color. Onlookers will see and hear the melody of springtime in a note of high fashion with the rustle of soft taffetas; the whisper of swirling skirts and the harmony of color in linens and bright cottons against a background of appropriate music.

It will be easy to choose whatever you like for spring. Woolen suits, popular as ever; relaxation clothes, sportswear, clothes for the career girl, and for dancing from now up to winter holiday time, even brand new versions for the small fry. They will all be included in the two-hour show. Six merchants are participating.

Mrs. O. P. Cowart will serve as narrator for the show. Mrs. Earline Walton, president, has announced. Members of the committee on arrangements are Mesdames Pat Loerwald, chairman; Marjorie Campbell, Ellen Carter, Faye Bell Campbell and Betty Howell.

Musicians will be Gayle Gault and Dixie Young.

Mr. and Mrs. Bobby Jones and daughter, Gwyn, spent the weekend in Groom visiting their parents.

Ed Blakney was surprised Saturday night when a group of his friends and neighbors came in to help him celebrate his birthday. Tables of pitch were played.

Refreshments of sandwiches, coffee and cake were served to the following: J. B. Crain of Lubbock, Mr. and Mrs. W. B. Nunley, Ronney, Rickey and Jackie Lynn of Hereford, Mr. and Mrs. Marlin Pierce and Debbie, Mr. and Mrs. C. A. Sauley, Mr. and Mrs. G. C. Merritt, Mr. and Mrs. Joe Waggoner and Joe Bob, Mr. and Mrs. Elmer Combs, Harry Blakney, Mrs. Blakney and the honoree, Mrs. Roy Lee Wilson spent Thursday in Dimmitt visiting her

daughter, Mrs. Ray Halton, and family.

Mr. and Mrs. Bobby Jones and Gwyn were in Amarillo Tuesday on business.

Mr. and Mrs. Marlin Pierce and Debbie, and Mr. and Mrs. C. A. Sauley visited in the George Reed home Sunday. Mrs. Pierce is a sister of George.

Mrs. Elvin Wilson attended a 4-H leaders meeting in Dimmitt Wednesday.

Q. My wife and I both are World War II veterans. May we buy a business together, with a GI business loan, and thereby increase the amount which may be guaranteed? It would not be a real estate loan.

A. Yes. However, the guaranty may not exceed 50 percent of the loan, up to \$4,000, which is the maximum for your combined business loan guarantees.

Bippus Group Makes Visit To Boys Ranch On Sunday

Thirty-eight persons from the Bippus Community made a trip to Boys Ranch last Sunday. They were the families of the Bippus Club Women and Caprock 4-H girls.

They arrived at Boys Ranch in time to attend the chapel services under the direction of Chaplain Carl Orth. At the services about 15 boys between the ages of six and 10 sang a song. The chapel was very nice and had both an organ and piano.

After services they went to the picnic grounds where lunch of sandwiches, cookies, drinks and fruit were served.

After lunch the party was divided into two groups with a boy from the Ranch appointed to guide each group around the grounds and buildings. First they visited the new barracks which accommodate 24 boys. Each room in the barracks accommodates four boys with a bathroom for each four. They expect to someday have all of their buildings as nice as the new barracks. Rooms and beds were kept very clean and every room was in order.

Dining Hall

Following this they visited the dining hall and kitchen. The dining room had tables and chairs for all of the boys to eat except the ones who wait the tables.

In the kitchen they saw stoves, the cold storage room, the dishwasher and the large electric mixer which they use to mix bread, mash potatoes and other purposes.

Then they visited the barns where the horses are kept and the milk barn where they keep 17 milk cows. They also saw the hogs, chickens, turkeys and two peafowls. The boys do their own but-

chering once a week. They made their way back to the office after visiting the gymnasium where some of the boys were practicing and getting ready for a basketball game.

Those going on the trip were: Messers and Mesdames C. F. Homfeld, Jerry and Glenda; J. G. Fortenberry and Christine, Elmo Hall, George Hall, John, Danny, N. E. Tyler, Nancy, Kelly and Jerry, F. A. Kromer, Cynthia, Kathleen and Bruce, C. W. Edwards and Regina, Dewitt Parker, Elmo Pinnell, Barbara Jean, Rebba and Wanda, Mesdames, Frank Rickels, Roy Neaves, Lewis and Wayne Jordan, Floyd Blalock and Etta Ray.

The Bippus Club presented the boys with some pillow slips, cup towels and cookies.

Roads Group Wants Increase In Fuel Revenue

AUSTIN — The Texas Good Roads Association will immediately begin to develop a program for a one cent increase in motor fuel revenue for highways and a constitutional amendment which will freeze the entire amount for highway purposes only. This announcement was made by J. H. Kultgen, of Waco, who has been elected for the third time as president of TGRA.

Other officers elected with Kultgen were Bronson Morgan of Morgan & Lindsey, Jasper, first vice president; W. Hoyt Baird of Mrs. Baird's Bakeries, Fort Worth, second vice president; H. B. Zachry of the H. B. Zachry Company, San Antonio, third vice president; and George G. Smith, Texas Construction Materials Company, Houston, fourth vice president. Howard T. Cox, president of the Capitol National Bank of Austin was elected treasurer, and Gen. Ike Ashburn of Austin, executive vice president.

New Members

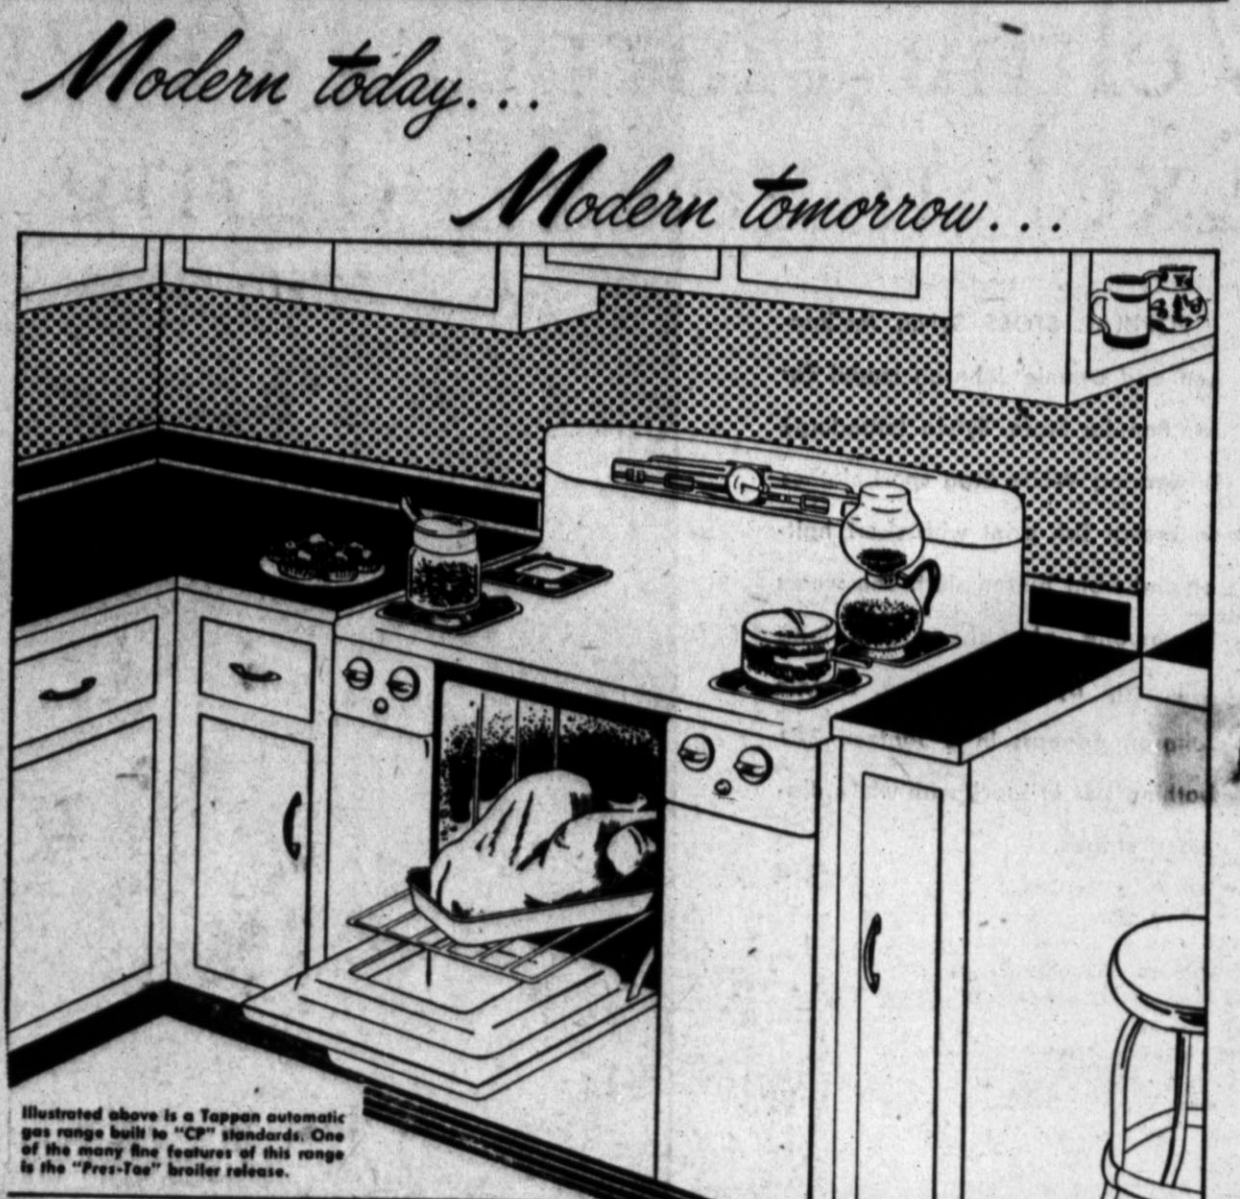

New members of the executive board also include the following: Jerome K. Crossman, Dallas; Tom K. Eplen, Abilene; John D. Harper, Rockdale; Russell L. Jolley, Houston; John C. Jones, La Feria; Joe M. Leonard, Sr., Gainesville; James D. Piper, Austin; Charles E. Simons, Dallas; Ed C. Sullivan, San Antonio; and Fred Wemple, Midland.

The association also went on record asking for a study of the present motor vehicle license fees and of the existing road user tax levies with a view of recapturing amounts now being diverted to other than road purposes.

"We are also making a strong demand on the Governor and the Legislature to recognize highways in the first order of business in the 54th session," President Kultgen said.

Reba Dones, daughter of Mr. and Mrs. Charles Dones, 113 Lake Street, was home from Hardin-Simmons University over the week end.

Velma Harper, Virgil Fish Exchange Wedding Vows

Miss Velma Harper, daughter of Rev. and Mrs. E. H. Harper, and Virgil Fish, son of Mr. and Mrs. J. H. Fish, exchanged marriage vows the evening of March 5, at 7 o'clock in the home of the bridegroom's parents.

Rev. Harper officiated at his daughter's wedding in the presence of close friends and relatives. Attendants were Miss Frances Young and Burl Fish, a student at Texas Christian University, Fort Worth, brother of the bridegroom.

An improvised altar was arranged in front of a large window with greenery and baskets of white gladioli spikes.

The bride wore a blue-gray woolen suit featuring pink collar and cuffs and a pink straw hat with rhinestone trim. She wore a rhinestone necklace with ear rings to match, and carried a white Bible topped with gardenias surrounded by feathered carnations. The gardenias were detached for the going away corsage.

The bride's attendant wore a navy and white wool and linen suit with navy accessories and a corsage of blue feathered carnations.

Reception is Held

Following the wedding ceremony a reception was held in the Fish home. The bride's table featured pink sweetpeas and lighted tapers. Mary Dyer presided at the tiered wedding cake and Mrs. Homer Jordan of Amarillo, cousin of the bridegroom, served coffee.

The bride is employed in the Farm Bureau office. Before coming to Hereford, Mr. Fish was employed with the Atomic Energy Commission at Oak Ridge, Tenn. The couple will make their home seven miles east of Hereford, where he is engaged in farming.

Out of town guests included Mr. and Mrs. E. W. Lavorn and three daughters of Grady, N. M., and Mr. and Mrs. Homer Jordan of Amarillo.

How Tolerant Can The People Get?

The more we read about the causes of traffic accidents the more we wonder why there aren't even more of them.

One of the most astounding bits of information we have ever read was a recent announcement by the Association of Casualty and Surety Companies that in less than a dozen states, in 1952 alone, 7,050 drivers who had been involved in accidents or serious traffic law violations were found to be of unsound mind, had mental or physical deficiencies or were habitual drunkards. But wait, that is only part of the story.

One state had the good judgment to put 2,521 of these drivers off of the road as dangerous to public safety. But two other states took away the licenses of only 8 and 11, while the remainder did little better. It is terrifying enough to think that mental

incompetents and habitual drunkards can get a license to operate a high-speed motor vehicle in the first place. It becomes unbelievable to learn that a great many of them are given a second chance to kill and maim. Yet, the horrible fact remains that they are driving cars by the thousands.

Then consider our attitude toward the drunken driver who kills. If you got drunk and shot some person, you certainly would draw a heavy prison sentence. But if you get drunk and kill some innocent person with an automobile, it is called "accidental manslaughter" and much more often than not you get off with a fine and loss of your driving license—probably temporarily. It seems to us that how a drunk kills is of little importance to the killed and the rest of us who may be next.

A person of unsound mind or a mental incompetent should never be permitted to drive an automobile. Physical deficiencies should be decided wholly on the side of public safety. And there should be a stern, minimum prison sentence, accompanied by permanent loss of license, for drunken drivers who kill or maim. Here are three good ways for those of us who survive to help save our necks in traffic.

It's Your Money, Why Not Be There?

"I'd like to attend the school board meetings, just to see what goes on." Or, perhaps, your friend or neighbor may be talking about the county or city meetings.

When you hear such a statement, you can counter with, "Well, why don't you?" Your friend will then admit that he is talking through his hat -- or, if he is sincere, he will follow up by actually attending the session in question. The right to attend such meetings is specified in the Constitution. It is part of this country, and represents a privilege for which many of your fellow Americans have shed their blood -- even laid down their lives.

The Lawyers of Texas, as an association, have checked into the legality of attending such meetings and came up with a favorable opinion. They are, in fact, sponsoring a state-wide campaign to encourage interest in such affairs by the people who own the government, and who pay the bills. The following suggested material was released by the State Bar Association of Texas to all newspapers -- and is reprinted in The Brand, because we realize that the lawyers are striking home on the one point which can most harm our democratic form of government in the United States. Here is what the lawyers say:

"Your local government always holds 'OPEN HOUSE' and you're invited! Have you ever been to City Hall or attended a meeting of your City Council? Have you ever been to a meeting of your County Commissioners? -- or your School Board? It's YOUR city -- YOUR county -- YOUR State. In short it is YOUR government. Take an interest in it! It's YOUR business.

You may go to a meeting of your City Council or Commissioners of your School Board at any time.

It's "Government Open House". A good citizen knows how his government operates and what it is doing -- so come on -- get acquainted with your government.

It's "Open House" and you're invited! Good government is your business, take an interest in it -- speak up -- make yourself heard."

Democracy At Work

Action of the Commissioners Court of Deaf Smith County in ordering bids from disinterested Certified Public Accountants is, we believe, a forward step in public affairs for the people of this community.

The court, apparently adverse for a while to spending of county funds for an audit, this week indicated wholehearted cooperation in the movement. The contract will, in fact, cover an audit dating from January 1, 1947, to the present time.

The fact that the approval was passed by a unanimous vote speaks well for the integrity with which the group serves the county. A man in public office often finds it difficult to alter an opinion, once he has taken a stand. To us, therefore, the unanimous vote on the question of an audit indicates that members of the court are willing to sacrifice even a point of personal pride in order to carry out the wishes of the people they serve.

In addition, the procedure will, we hope, continue. The audit can be made each year without any greater accumulative cost than when it covers a long period. Annual audits will, in addition, provide a working basis for wise application of county monies.

Our chief object, though, is to extend a bouquet to the court members. The Brand takes no credit in this action. We have been asking for an audit for two years, without results. However, when public sentiment demanded an audit, the commissioners did take action. This is as it should be. All elective officers are "employees" of the people. When they keep their finger on the public pulse, and generally carry out the wishes of the majority, we have an excellent example of a properly functioning democracy.

It's that time of the year when one learns that it is better to GIVE than to receive -- because it is deductible.

What this country really needs is a good five-cent nickel.

Some people are like blotters. They soak it all in but get it all backwards.

Then there was the man who had a self-winding, waterproof, shock-proof, unbreakable, anti-magnetic watch. And he lost it.

If you want to keep up with the Joneses, just live your own life. In a few years you'll meet them coming back.

Anyone can save money if he really wants to. And he can save lots more if he really has to.

Some wag said that the reason there are more twins born nowadays is that children are afraid to come into this world alone.

Nothing is more dangerous to a bachelor than a jealous husband -- or a single girl.

Nowadays if you don't have your own psychiatrist, people think you're crazy.

Heard of a sheriff the other day who didn't know the meaning of the word "fear"? Fact is, there were lots of words he didn't know.

QUESTION OF THE WEEK

McCarthy's Tactics A Bit Strong Despite Good He Accomplishes

What do you think should be done, if anything, about McCarthy and his tactics?

JACK KIRKSEY

"I'd hesitate to answer that question without having time to think about it. Personally I do think that he should be quietened down if there is anyway to do it."

MRS. JOHN D. PHILLIPP

"I don't quite know how to answer that question. He is radical about some things, but he does tell the truth about some things. I think that is where the confusion comes in."

CHARLES REID

"I think that McCarthy should be put under control by the president, and what he says and his investigations should be controlled by the president."

RAY GODWIN

"Well, I'd say if he is sure he is right, just let him go."

MRS. A. B. BROWN

"I just feel that Congress will take care of the situation. I do think that the press should stress more of the good points and soften up on the bad ones. It seems to me that they try to magnify the bad. Of course that is the press. I don't think that it is the President's place to do anything about McCarthy, that would be dictatorship. The people elected him and it is up to the people to do something about him."

GENE PRICKETT

"I certainly think McCarthy's tactics should be curbed but I think that in his investigations he should be able to question the men that he wants to."

MRS. O. Z. GOLDEN

"I think that he does the right thing to a certain extent, but sometimes he overdoes it. I don't really know what could be done about it, though."

Apparently there are several people who have not visited the Ink Spot as yet because we keep hearin' inquires about supplies that were formerly found up front at the Brand office.

All these things you're lookin' for as well as Job Printing can now be found on the west side of the block next to the Highway just south of the Texas Theatre. -- If you get that close you can't miss the clever sign on the window.

The youngsters at school are busy packin' their boxes for the Red Cross. Most of us like to see something tangible in return for money we put out but our donation to the Red Cross is always something we hope we will never have any use for, especially that part used for disaster relief.

In spite of the fact that it has been June most of the time since January we wonder if winters were really worse on an average back sixty years ago or if poor houses, poor heating systems and slow means of travel gave people a better chance to get thoroughly refrigerated when a blue norther suddenly changed a warm sunny day into weather cold enough to freeze the horns off a billy goat.

Even this winter we've had several days that would have left a feller pretty well cooled out if he had been twenty miles from home horseback.

It's about time for us to start our annual job of tryin' to convince our sheep that grass makes better grazin' than wheat. Women have invaded about every field but sheep herdin' is one job they can have all to themselves as far as we are concerned.

AUSTIN -- Political tensions tighten as the March 15 convening date of the Texas legislature draws nearer.

There are three aspects: (1) the special session to raise money for teacher and state employee salary increases and other purposes; (2) the conservative-liberal conflict within the Democratic Party of Texas; and (3) the jockeying for position by candidates for public office.

As to the special session, there are a variety of proposals for collecting the money for teacher-pay. Some advocate a tax on beer. Others say gas should pay the way. And still others think an increase in the present omnibus tax law would do the trick.

Also mentioned is the possibility of a sales tax. The open-end cost of the Gilmer-Aikin school law, now estimated to increase taxes several million dollars annually, and the continued demands for additional services from the state government, is bringing more talk of a general sales tax.

Dallas Representative Horace B. Houston feels that the Supreme Court decision invalidating the gas tax calls for an immediate and complete re-examination of present sources of state revenue. . . and will give "strong undercurrent sentiment for a general sales tax."

Opinions differ as to how much the teachers should get. Governor Allan Shivers proposes \$402 more per year. But House Speaker Ruben Senterfitt thinks the increase should be based on how much money the legislature can raise, plus some other considerations.

Party Affairs
Shivers and Senterfitt are at odds concerning the Democratic Party's affairs.

The governor was not invited to the Southern conference of the National Democratic Committee held in Florida last Saturday, and a spokesman said "I don't think he would have gone anyway."

Two men who have been close to the governor, however, were invited. They were Wallace Savage of Dallas, state chairman of the Democratic Party; and George Sandlin of Austin, state party secretary.

Also invited were Senterfitt, who has announced that he will be a candidate for governor this year, and John C. White, commissioner of agriculture, who also may be a gubernatorial candidate.

In a speech at Houston, White called upon Texans to reject Shivers' party leadership.

While he did not mention the governor by name, White obviously referred to him in saying that it is time to "re-establish political integrity" in our state. And he added: "The principles of party affiliation have been so abused that it is difficult to determine which party is in the lead--or if any united party exists at all. I

DECISION DELAYED ON ROUTE

No decision has been made as to the route which will be recommended for construction of the new speedway between Canyon and Amarillo. Commissioners Pat Baber and Charles Johnson are making a survey of the cost of widening the highway between the two towns, following the present highway.

Members of the Amarillo City Commission were here to discuss plans with the Randall County Commissioners Court. It is now estimated that the cost of widening the present highway through Amarillo will run much higher than \$2 1/4 million dollars. Canyon News

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his Johnson grass farm must have gotten the wrong number the last time he was in town to use the telephone, his letter this week indicates.

— O —

I was reading in a copy of a newspaper which my wife had lined a bucket with to keep the eggs from breakin' she was takin' to town, some people thought radio would put the newspapers out of business, then they decided television would, but I've got my first time to see anybody try to line an egg bucket with a radio or a television set, at any rate, I was out here reading this newspaper and tryin' to stay warm on the south side of the barn durin' the recent cold snap and an article attracted my attention.

It was about telephones in Japan. Accordin' to it, up to now the public telephones in Japan have been on an honor system, after you get through usin' one you're supposed to drop a coin in the slot, instead of before, which just goes to show how backward the Orientals are, because the telephone company found out most people, after they got through talkin', didn't figure the conversation was worth a nickel, and left nothing.

However, I sort of like some aspects of the system. Under our system here in the United States, you pay a nickel at a public telephone before you get to talk to your party, and while this is fine for the telephone company and maybe all right with the person makin' the call, it leaves out of consideration the rights of the party bein' called. Maybe he wasn't interested in being bothered at all. Under the Japanese system, at least one side of the two parties had a chance to decide whether he'd gotten his money's worth, but under ours neither has.

I suppose the telephone company could install a coin box on both ends of the connection, requirin' a nickel to start the call and a nickel on the other end to receive it, but most people are so curious they'd go ahead and drop a nickel in just to see who's callin' and all it would amount to is just another rate increase.

The system I prefer is to put a meter on telephones, with a loud tickin' noise tickin' off the seconds at so much a second. This I figure would cut down on telephone conversations by at least 50 per cent, and I believe you could cut 50 per cent of the talkin' out of telephone conversations and still get just as much factual information transmitted. Under the present system, some women get twenty-five times as much use out of a telephone as others, but they're both charged the same.

Chargin' by the minute though would bring a storm of protest from a lot of women, and I want it understood I am not sponsorin' this move. I haven't even got a telephone. I can't even keep my fences up, let alone a telephone wire.

Yours faithfully,
J. A.

cannot see how we can afford to maintain people in public office who owe allegiance to nothing but selfish interest."
Shivers, meanwhile, served notice that the fight between conservatives and the national party will continue.
He challenged the right of the national party to establish the "Democratic Advisory Committee" in Texas and questioned that group's authority to "advise anybody."
Political Aspects
As to the political aspects of the situation, Senteritt is the only man who has definitely announced as a candidate for the state's highest office.
James P. Hart of Austin, former associate justice of the state supreme court and former chancellor of the University of Texas, said he would not be a candidate for governor. There had been speculation that he might make the race.
It was obvious that developments in the Legislature would affect the political fortunes of Senteritt, Shivers, Lieutenant Governor Ben Ramsey, and others.
There are already two candidates in the race for the lieutenant governor's office.
The latest is C. T. Johnson, Austin businessman, who made his formal announcement the past weekend. He lashed out at the telephone company because, he said, the company is unfair to the public in that local telephone rates are set without regard to revenue from long distance calls.
Another announced candidate for lieutenant governor is Representative George T. Hinson from Mineola.
Ramsey is considered a likely candidate for re-election if Shivers tries for a third term as the state's chief executive.

of his friends "don't think Democrats should be appointed to federal jobs by Republicans."
On Porter's recommendation, Nolte charged, 90 percent of federal job vacancies in Texas are being filled by Democrats.
Par Request Refused
At Houston, three federal judges refused court protection to George Parr, who says he fears harm from two Texas Rangers.
But the judges left the way open for Parr to demand a full injunction hearing, and they reprimanded Rangers Alfred Allee and Joe Bridge.
In the case of Bridge, the court said, the evidence did not show that the court had jurisdiction to act; and in the case of Allee, the evidence was not clear, strong, and satisfactory.
The evidence, the judges said in their opinion, "does not convince us that the plaintiff's life, person, or property has been or is in danger from defendant Allee. But it does not follow that we in any way condone or approve of defendant Bridge slapping Archer Parr, sheriff of Duval County."
Governor Shivers appointed four members of the state's Hospital Advisory Council. They were Dr. Raymond E. Sitta of Chillicothe, Dr. John M. White, Jr. of Fort Arthur, Neal Powers of Carthage and Judge C. L. Melver of Centerville.
They succeed Dr. Harvey Renger of Hallettsville, Dr. Merton Minter of San Antonio, Ben Templeton of Brady, and Earle P. Adams of Crockett.
The new commissioners' terms run until July 17, 1959.

A seven-page letter was prepared by the League, outlining alleged law violations, and handed to the grand jury foreman at San Diego.
The Mothers said they wanted to "protect our children from political bossism," and "We deplore the bad name Duval County has made for itself."
Flood Water For Texas?
Guy C. Jackson Jr., president of the Texas Water Conservation Association, thinks it would be a good idea to build a canal and bring flood waters of the Mississippi and Missouri Rivers to Texas.
Supporting a survey of the proposal by the U. S. Bureau of Reclamation, Jackson said that if the flood waters could be brought to the top of Texas and dispersed downward, the whole state would benefit.
Jackson pointed out that the bureau has made one survey on a proposed canal along the Gulf Coast from the Sabine River to the Rio Grande Valley.
But that one, he commented, deals only with Texas waters and would affect only one area.

Russell Jack Ballard of Wichita Falls called off a march of old folks on the capitol, planned to camp on the grounds and seek increased assistance. Ballard explained that there had been a mistake, and "Governor Allan Shivers and the Texas Legislature are helping the old folks."

Q. I want to go to college under the Korean GI Bill to take courses in a variety of fields. They wouldn't lead to a degree or to any sort of objective; they're just courses I've always wanted to study. Would I be permitted to do this under the GI program?
A. No. Under the law, your training program must lead to a single, identifiable educational, professional or vocational objective. You would not be permitted to take courses that do not lead to such an objective.

ARE YOU FIT TO DRIVE ?

Are you fit to drive? Safe driving depends on many factors. You must know and obey the traffic laws, of course. But what about your ability to drive—to handle a car safely?

Traffic accidents are zooming and the public is aroused. Public officials are grim. Some states are already tightening their driver licensing laws. The time is not far distant when all drivers must pass periodic re-examinations to determine their continued fitness to operate a motor vehicle. The fact that you have a driver's license today doesn't mean you will have it a few months or a year from now.

So give yourself that tougher test right now—
How about your accident record—good or bad?
How about your police record—good or bad?
How about your physical and mental condition?

Don't gamble. Drive safely, obey the law, and be sure you are fit all-ways.

DEAR DIARY:
A few days more of this windy, dusty weather, and we can expect weather prognosticator Gillentine to start blowing and going about how healthful the dirt is to the human system. Obviously he cannot predict rain—and the only out is to go along with the drouth, Pollyanna Gillentine he will be know'd as. Anyone endeavoring to predict the weather in this country is either an unmitigated optimist or else.

I always enjoy this time of year, tho', since it is the season for bird migration — surprising how many kinds of birds become grounded around here on the route to the north. Have seen robins, juncos, white crowned sparrows, towhees, and several other varieties in the last week. Much more fun watching birds than shooting them. We have for sale several nice bird glasses which make bird watching more pleasurable.

Still have a few power tools selling at 25 percent off and have one \$214.95 butane range to go at only \$95.00!!! Surely there is someone in this area who could use a table top oil range—if so, come in and make an offer.

We are starting a new series of broadcasts over KPAN — 30 minute program every Saturday morning at 9:00 will be called Streu's Platter Panorama — will feature all types of recorded music (on RCA Victor labels) along with a certain amount of advertising, bits of verse, and assorted idiotic observations on all subjects by yours truly. We will welcome ideas and suggestions (within reason).

Jein tells me that next week is Campfire Girls Birthday Week. Congratulations to everyone connected with Campfire work — and a belated Birthday Greeting to the Boy Scouts, who celebrated their birthday last month. There are no finer men and women in Hereford than those who give of their time and effort to the betterment of our youth. Our thanks.

I dislike mentioning this, but we have plenty of brooms, mops, window washing tools, waxes, polishes, cleaners, ladders, and all the items needed for thorough house cleaning—would suggest that you girls come in (when and if the wind stops blowing) and select the items you need—the proper tools can ease the drudgery of house-cleaning a bit more than somewhat.

Got to get to work, my local taxes for today are \$6 and I haven't made it yet.

Marjorie Shaffer, John Owen United In Church Ceremony

The marriage of Miss Marjorie Iona Shaffer, daughter of Mrs. Zona Turner, and John David Owen, took place the afternoon of February 27 at the Avenue Baptist Church.

Mr. and Mrs. G. P. Owen Sr. are parents of the bridegroom. The Rev. Robert Harris officiated as the couple and their attendants stood before the altar arranged with greenery, pedestal bouquets of white gladioli and pyramiding tapers in seven-branched

candelabra. Mrs. Bob Lawrence at the piano, played a prelude of wedding music as guests were arriving, and accompanied Mrs. Bobby Owen who sang "Because," and The Lord's Prayer in benediction. Mrs. Lawrence also played the traditional wedding marches.

Miss Kathleen Brunson, as maid of honor, was dressed in a navy blue faille suit with white collar and small white hat. Her flowers were pink carnations. Ben Moore

of Amarillo served as best man. The bride, given in marriage by her brother-in-law, Joe Wagoner, wore a powder blue faille frock made with low round neck, cap sleeves and sheath skirt. She wore a white straw hat with tiny veil and her accessories were in navy. The bridal bouquet was of white feathered carnations arranged with tufts of net and white satin streamers caught with love knots.

Reception Is Held
Following the wedding a reception honored the couple in the home of Mr. and Mrs. Gerald Wilson. The bride's table was laid with a lace cloth over blue, and the bride's and her attendant's bouquets formed a center decoration. The tiered wedding cake and a large white wedding candle, decorated with tiny silver bells, were placed at either end of the table.

Assisting in the house party were Mrs. Vandel Calthorp of Littlefield, sister of the bride, Mrs. Jack Owen and Mrs. Art Shaffer.

Mrs. Owen attended Hereford schools and is employed as a vocational nurse at the Deaf Smith County Hospital.

Mr. Owen also attended Hereford schools. He served with the armed forces in Korea for 18 months. At present he is employed with the Howard Fish Pump Company in Hereford.

When the couple left on a short honeymoon trip to Carlsbad, N.M., and other places, the bride donned a small jacket matching her wedding dress for the trip. They are now making their home at 504-B W. 5th St.

Out of town guests at the wedding included Mr. and Mrs. Vandel Calthorp of Littlefield, Ben Moore of Amarillo, and Pvt. Lawrence Owen, who is stationed at Fort Bliss.

Life Insurance Company Hits New Business Highs

Several new high marks in its business operations were recorded by Southwestern Life Insurance Company in 1953, according to O. P. Cowart, who represents the company here.

A new record in annual life insurance sales was established by the company's agency force as it produced \$153,680,329 of new paid-for business, up \$3,657,411 from the 1952 total.

As a result, the company's total insurance in force at the end of the year was \$1,065,059,933, a gain of \$86,338,012 during the 12-month period.

Friends Of Gardener Discussed At Club

Mrs. O. G. Hill was guest speaker at the Bud To Blossom Garden Club meeting held Friday afternoon with Mrs. Ray Howell. Mrs. Hill's subject was "Friends of the Gardener." She told the story of "The Patron Saint," built around a gardener and his good deeds. She also discussed plant propagation.

Mesdames Ernest Kendall, Lloyd Sharp and Jim Wood told of the two-day judging school they attended in Amarillo last week.

Mrs. Howell made the arrangement for the day, a mass line center bouquet of coral gladioli

for the dining table. Those attending were Mesdames Irving Alexander, R. A. Daniel, Preston Hagans, H. A. Haseloff, C. R. Higgins, Ernest Kendall, O. Yarbrow.

Southwestern Plastic Pipe Co.

Mineral Wells, Texas

Dear Mr. Irrigation Farmer:

We urge you to consider all factors involved when installing plastic pipe laterals to your irrigation wells.

Southwestern Plastic Pipe Co. in Mineral Wells, Texas, has devoted much time and effort in the research-development of a plastic pipe for your specific requirements.

Southwestern Plastic Pipe Co., as a result of this program, recommends that Tenite II with a minimum wall thickness of 3/32 inch is the plastic pipe which will give the service required for your installation.

Do not be misled-only Tenite II has a 12-year record of satisfactory service in natural gas lines. Do not use unproven materials. Southern California Gas Co. has used Tenite II since 1942.

The essential chemical ingredients in the manufacture of Tenite II can not be substituted. We therefore decline to offer a cheaper line of plastic pipe, because of the moral responsibility we feel toward our customers.

Also Southwestern Plastic Pipe Co., unconditionally guarantees this pipe against rot, rust, corrosion, and electrolytic action. Tenite II 2 - inch pipe with a 3/32" wall thickness is guaranteed to carry gas at a working pressure of 60 lbs. per square, with a 5 to 1 safety factor for abnormal operating conditions.  GOODING, Idaho — The sheriff, a physician and others rushed out into the country after a passing motorist reported he saw a patient being treated at a serious wreck scene.

They found J. C. Warrington, Gooding County Red Cross chairman, conducting the regular Thursday evening session of his first aid drill team.

Highway Patrol Reports One County Accident During February

According to Texas Highway Patrol reports, only one accident occurred in Deaf Smith County during February and only one person was injured. Property damage for the month was \$160.

February in all respects was a worse month than January for the 26 Panhandle counties under Texas Highway Patrol District Five.

Only three persons were killed in accidents in January, but there were four killed during February. There were 48 persons injured in accidents in January, 57 injured in February, and \$72,835 property damage done in January with that amount rising to \$86,680 during the month of February.

Fifty-three of these accidents occurred on state and federal highways, seven on farm to market roads, thirteen on county roads and three in towns with population under 2,500. The major causative factors of these accidents were speeding and driving on the wrong side of the road-not in passing.

In carrying out their basic duties the 30 Patrolmen of the Amarillo

District investigated 76 accidents and made 447 traffic arrests. Thirty-seven of these arrests were for driving while intoxicated and 178 arrests were for speeding. Warnings for hazardous violations came to the number of 1,302. They worked 4,208 hours during the day and 2,268 hours during the night.

Two Promoted
 During the month of February two Patrolmen in the Amarillo District were promoted to the rank of sergeant. Patrolman Roger Sosebee, stationed in Dalhart, was promoted and transferred to Abilene, and Patrolman R. W. Howie of Borger was promoted and transferred to Lubbock.

Sgt. W. E. (Pat) Speir, who has been sergeant in Amarillo since July, 1951, was transferred to Fort Worth. He will serve as sergeant in that District.

Sgt. O. C. Wheeler, recently promoted from patrolman in Fort Worth, replaces Sergeant Speir and will serve with Sgt. Jack Higginbotham in Amarillo.

Sergeant Wheeler has been with

the Texas Highway Patrol since November 1941. He was stationed in Port Arthur until November 1, 1948. Since that time he has been stationed in Fort Worth.

Education Week Program Presented At Pioneer Club

A program in keeping with National Education Week was presented at the Pioneer Study Club meeting Tuesday afternoon in the home of Mrs. Ray Johnson in Summerfield. Mrs. H. E. Miller was co-hostess.

High School speech students presented a panel discussion of "Problems of Youth Today," with Mrs. Elmer Patterson, speech teacher, conducting the questions.

Students taking part in the discussions were: Nan Longbottom, Donna Caylor, Norma Cummings, Eugene Campbell, G. W. Suggs and Charles Quattlebaum. Members of the club also took part in questioning the panel.

A social hour was held after the program. Refreshments were served to the group.

Members of the club attending were: Mesdames Fred Barrett,

Tommy Bell Burned In Newfoundland

Remembering what to do in case his clothing caught fire, probably saved the life of Tommy Bell, eight-year-old grandson of Mrs. A. G. Bell of Hereford.

Tommy and his sister Carol had gotten up before his parents, Lt. Col. and Mrs. Charles Bell of St. Johns, New Foundland, where he is stationed at the U. S. Army Air Force Base, and had gone into the living room to play. Tommy backed up against the fireplace and the draft up the chimney was strong enough to pull his cotton flannel bathrobe in over the few remaining hot coals.

When Tommy realized what was happening he started to run, but remembered what to do and began rolling up in the rug. His dad reached him in time to beat out the flames with his hands, but not before the boy had received third

and fourth degree burns below the waist.

Word received last week from Lt. Col. Bell is that Tommy is going to be all right, but will have to remain in the hospital two or three months more for plastic surgery.

Driving Licenses Suspended

PHOENIX, Ariz. — Arizona expects to revoke or suspend the licenses of about 24,000 automobile drivers this year. It is hoped the rack-down will reduce traffic accidents by 50 per cent.

"Motorists should know by early summer that the state means business in trying to make Arizona roadways safer for everybody," said Charles Penn, head of the State Highway Department's drivers license division. "By the end of the year they will be driving well within the law, in general, to keep their driving privileges."

when Reddy can do **THIS** for just 5¢ a load!

TRY BEFORE YOU BUY

Your Reddy Kilowatt Appliance Dealer will install an electric clothes dryer in your home now for a 15 day trial. During the trial period, a Public Service Home Service Advisor will give you a complete dryer demonstration. Without obligation, you can "Try Before You Buy" and see for yourself how an electric clothes dryer makes washday completely automatic.

Why fight the weather—or wait for it—and then get a poor clothes drying result and a waste of time?

An electric clothes dryer, by actual test, is more sanitary than drying under perfect outdoor conditions. Easier on you, too, for it takes just 30 seconds to shift the clothes from the washer to the dryer, while it takes at least an hour every washday to carry the clothes to and from the line.

For five cents a load, there's no sense to drying the old-fashioned outdoor way.

Tested Bull Sale Is Scheduled For April 15 At PanTech Farms

Second Annual Production Tested Bull Sale will be held April 15 at 2 o'clock at PanTech Farms it was announced by Colby Conkright, president of the PanTech Tested Bull Sale Association.
 Seventy-five herd bull prospects, choice range bulls and a number of good farm bulls will be sold at the auction. Col. Walter Britten, outstanding beef cattle auctioneer in the country, was selected to call the sale.
 Field Day activities will begin at 9:30 o'clock the morning of April 15. L. A. Maddox Jr., Animal Husbandman at PanTech Farms, will present the results of Beef Cattle Improvement Experiments that have been conducted at PanTech Farms. Outstanding speakers interested in beef cattle improvement will also be present.
Older Animals
 J. P. Smith, manager of PanTech Farms said, "The bulls on feed, both Angus and Hereford, are older, will be larger and graded higher than any set of cattle that have been tested at PanTech Farms. After four years of work at PanTech Farms it does make a difference what kind of bulls we use with our cows. We have found that we get calves that weigh 50 pounds per calf more at weaning age by using bulls that show a high gaining test weight as compared to bulls that show a low gaining test weight."
 "The co-operating breeders and Texas Tech-PanTech Farms management invite all the farmers and ranchers who have followed the test to be with us again this year. We certainly believe the Field Day results will be very worth while to anyone producing beef cattle," Conkright said.
 E. C. Reinauer, Route 1, is among the 20 beef cattle breeders with bulls in the 1953-54 test.
