SIGHTS, FACES SEEN

Bill French, new Hereford Motor Company employee, moved to Hereford this week from Stratford, where he has been associated in the automobile business for the past two and one-half years.

That Hereford Brand jinx clings on and on. When Bert Steele's car brakes locked, overturning his new car, that seemed sufficient for this week.

Another Brand employee nearly rated the "jinx" column this week. Tommy Wyrick, linotype operator, who is moving to Lubbock spent the night Friday with Mr. and Mrs. Van Coltharp.

Mr. and Mrs. Rex Tynes, long time residents of Hereford, have returned. They are now living in the Judge Kerr home on Union Avenue.

Hats off this week to the FFA boys! Their local chapter reporter, Bob Morgan, came to the Brand office Friday and with a big smile, said: "Here's the FFA report. The meeting was held last night." Thanks, Bob. The "hint" of last week was very effective.

Mrs. Tom Draper, county home demonstration agent, serves as a model to many with whom she associates. This week, she should be commended for courtesy plus.

"I've had the hat a long time and it has been too small a long time," said Dick Cagle, minister of the First Baptist Church, when he was kidded for having his hat stretched to wear to the Texas Baptist Convention in Ft. Worth next week where he is to make an important address.

Miss Della Stagner, writer of those interesting articles about grade school in the high school newspaper, received quite a compliment this week. One little boy whom she had discussed in her article told her, "Thanks, for the ad, Miss Stagner."

All you Lill Abners and Daisy Maes better start getting ready. The Star Theatre is giving a \$50 prize to any club in the county which presents the best five characters from the Lill Abner comic strip.

Jeff Kirbys New Coon Loves Candy And Gets It By Fair Means or Foul

Jimmie, the coon, was born in the Nebraska wilderness, but he learned the ways of civilization at an early age. Not in the least shy or bashful now, he seizes every opportunity to rifle the pockets of whomsoever may be nearest for candy, cookies and sweets.

Jimmie is now the pet possession of Jeff Kirby, son of Mr. and Mrs. Doc Kirby, 107 Avenue H, Hereford. Doc brought the animal to his son from Nebraska, where he had gone on a hunting trip.

Hereford's newest citizen arrived Tuesday night with Doc in Doc's truck. He was "a little restless" at first, Doc said, but relaxed completely after a while.

Jimmie is a sensation among the other boys and girls of the neighborhood. He has not yet definitely made friends with Inkie, Jeff's dog, but no hostile action has occurred between the two.

Cagle, Evans Address Convention

Rev. R. H. Cagle of the Hereford Baptist Church will deliver the outstanding speech brought by a state speaker at the Texas Baptist Convention at Will Rogers Memorial Coliseum in Ft. Worth on Wednesday.

Another honor has come to a Hereford citizen. Wayne Evans will address the Hardin-Simmons University exes breakfast Wednesday morning at the Texas Hotel in Ft. Worth.

"The Blood of Christ" is the subject chosen by Rev. Cagle for his address. Dr. Jesse Northcutt of Ft. Worth was selected by the committee to make this main address and Rev. Cagle was chosen alternate.

On Tuesday evening Dr. R. G. Lee of Memphis, Tenn., president of the Southern Baptist Convention, will address the convention.

Another interesting program will be on Wednesday afternoon, said Rev. Cagle, when Dr. John L. Hill, former book editor of

the Sunday School Board at Nashville, Tenn., will speak. Miss Ruth Tucker, formerly of Hereford, will cover the convention as publicity director.

Each church is allowed 10 official messengers. The following were selected to represent the local church: Mr. and Mrs. Alex Thompson, Mr. and Mrs. Wayne Evans, Mr. and Mrs. Louis LeGraft, Mr. and Mrs. Bob Lawrence, and Rev. and Mrs. Cagle.

WMU and Brotherhood Meet The WMU convention is held on Monday with guests registering this afternoon.

Young Tucker, president of the local Brotherhood, is delegate to the Brotherhood meeting Monday evening and Tuesday.

Barnett Is Named To Defense Board

Dr. L. B. Barnett, Hereford, has been appointed on the Civilian Defense Board of the United States by the Secretary of Defense.

Dr. Barnett, when contacted regarding the appointment, said that he cannot divulge details or nature of his work, due to military security.

At the time of her death, Mrs. Blake was 45 years old. The family had lived in Brownwood since 1933.

She is survived by two daughters, Joan Blake and Mrs. Williams and one son, Tommy, in addition to her husband.

Safety Patrols Aid Traffic Setup And Give Students Rich Experience

One of the great aids to safety in Hereford is the Safety Patrol which supervises traffic at both Central and Shirley Grade Schools during the hours when children are going to and from school.

Principals of the two schools, Byron Durham of Shirley and D. C. Martin of Central, believe the boys regulate the school traffic adequately.

One young patrolman is stationed on each corner to see that children cross the streets safely.

The safety patrol is a serious matter in minds of the school children who treat the young patrolmen with all due respect just as adults respect police officers.

Originated by the Jaycees, the safety patrol has had the cooperation of townspeople and of the police forces. On several occasions, Sheriff J. C. Reese, the Chief of Police, and members of the Highway Patrol have met with the youngsters and assisted them in plans for their work.

Am. Education Week Is 5-11

"Government of, by, and for the people," is the theme of American Education week which begins today and lasts through November 11.

The Hereford Parent-Teacher Association and the local chapter of the Texas State Teacher's Association are cooperating in an effort to make Deaf Smith County citizens realize the schools are theirs.

A movie trailer, "Government of, By, and For the People," will be shown at the Star Theatre following each regular feature.

Mrs. John Blake Dies Wednesday

Mrs. John Blake, wife of the former owner-manager of station KPAN, died Wednesday afternoon at Brownwood as the result of a brain tumor.

Funeral services were held Friday afternoon at the First Presbyterian Church with Dr. Sayre officiating.

Mrs. Blake visited here while her husband was active manager of KPAN. He was manager until several weeks ago when he sold his interest in the station, however, Mr. Blake still maintains some business interests in Hereford.

Services Held For H. R. Jesko

Funeral services were held yesterday morning at 10 o'clock at St. Anthony's Catholic Church here for Harry R. Jesko, 55, of Farwell, who died Thursday evening at Clovis Memorial Hospital of injuries sustained in an automobile accident on October 24.

Mrs. Jesko was also injured in the same accident and is still in the Clovis hospital. Her injuries included lacerations of the face and head, extensive bruises, and several upper teeth knocked out.

Before moving to Farwell, Mr. Jesko lived in the Jesko and Lazbuddie communities. He had been a resident of West Texas since 1907.

In addition to the widow, his survivors are a daughter, Mrs. David Crane of Seattle, Wash., a son, Raymond, Farwell; five brothers, Matt and A. J. Muleshoe, Joe, Friona; Ed, Hereford; and Stephen, Clovis; five sisters, Mrs. Anna Pachowiak, Michigan City, Ind.; Mrs. Andrew Hicks, Muleshoe; Mrs. Walter Fangman, Black; Mrs. Ben Koelzer, Friona; and Sister Filicite Jesko, whose home is in Italy, and two grandchildren.

Pallbearers were Harry Risiger, Jack Hicks, Arnold Fangman, Clement Novak, and Anthony, Donald, A. J., and Jimmy Jesko.

Old Chill Plow is Converted Into New Garden Seat For Hereford Lady

The Chattanooga Chill plow was the first of its kind Mrs. L. R. Bradley had ever seen. The family was very proud of it. Mrs. Bradley, who was 15 years old, and whose name, then, was Miss Ollie Wombie, drove a mule named Beck hitched to the plow on the Tennessee farm of her father, J. C. Wombie.

That was 60 years ago. But there were many fields and many years and many times

Despite a probable stimulus from the race between Walter Rogers, Democrat, and Ben Guill, Republican incumbent, in their race for Congressional election in the 18th District, balloting in the general election here next Tuesday was not expected to be exceptionally heavy.

R. L. Thompson, County clerk, reported Saturday that 16 absentee ballots have been cast in the general election. This number, slightly above average on general elections, is still below the First Democratic primary, he said, reporting a total of 44 absentee votes in the first primary last July.

The ballot, incidentally, is also much smaller than usual, since no presidential electors are included. It is approximately 11 inches by 17 inches and carries two numbers, according to the Texas revised voting system recently adopted and used in both primaries.

Congressional Race Interest zoomed as the Rogers-Guill campaign entered the home stretch. Both candidates are making radio talks and using considerable newspaper space. Guill based his campaign on splitting the Democratic ticket in the November election and has flooded papers with samples of how to mark ballots on the split ticket.

Walter Rogers, also of Pampa, Friday night swung into the last lap of his campaign in an area-wide broadcast. Rogers stressed the fact that the Democratic Party has consistently been the "little man's" party and that it brought parity to the farmer for the first time in his life.

Old Chill Plow is Converted Into New Garden Seat For Hereford Lady

Mrs. Bradley wished the plow had a seat that would make the work easier. And there were rains and snows and hot sunshine and more fields and more mules.

The family moved to Texas. Continued on Page 6

AT SHIRLEY GRADE SCHOOL several members of the safety patrol are pictured. These boys, in cooperation with city and county officials, direct traffic during rush hours at the school.

SAFETY PATROL MEMBERS at Central Grade School, take time to pose for the camera. From left to right, back row, Billy Dufur, Eldon Hudson, Ronald Davidson, Donald Crome, Jimmy Culppepp, Lt. Chick Weems, and Richard Sims. Front row, Capt. Danny Elliston, Johnny Drye, Tommy Vaughn, Joe Rehnauer, Monty Roe, Kenneth Coie, Richard Smith, and Carol Ireland Whitesides.

MRS. L. R. BRADLEY, as a girl wished there was a seat on this plow—today there is. Through the ingenuity of Mrs. Bruce Rose assisted by the Jacobsen Bros, the lawn seat pictured here was created.

#### Wyricks Are Honored At Halloween Party

Mr. and Mrs. Van Coltharp entertained with a surprise Halloween party Tuesday evening to honor Mr. and Mrs. Tommy Wyrick who are moving to Lubbock where he will be employed by the Tech Press. The party was given in the home of Mr. and Mrs. Joe Wagoner who live northwest of Westway.

The guests, wearing masks, were ushered to the back of the house and admitted through a window into a dark room where a modified version of a "hall of horrors" was held.

A variety of games and stunts in keeping with the season furnished entertainment for the evening. When all the guests fished in the fish pond, Mr. and Mrs. Wyrick "caught" special gifts from the members of the party.

Decorations included a shock of feed with a lighted Jack-o-Lantern at the gate in front of the Wagoner home, and entertaining rooms were gaily decorated in the Halloween motif.

Refreshments of sandwiches, coffee, and Halloween candies were served to Mr. and Mrs. James Hill, Mr. and Mrs. J. W. Melver and John, Mr. and Mrs. V. D. Gibson, Mr. and Mrs. Jack Standefer, Mr. and Mrs. James Wilde, Mr. and Mrs. Carl Sundeen, Mr. and Mrs. John Torbit, Mr. and Mrs. Clarence Saulby, Don Golem, Paul Retzman, the honorees, and the hosts.

Green hands initiated were Larry Cannon, Charles Russell, Francis Miles, Ray Dean, Alex, La Dean Adams, Anthony Urbanczyk, Don Rice, Gerald Hamby, Oren Jones, Frank Jones, Kenneth West, Louis Ray Womble, Leslie Thompson, Wayne Waiser, Jerry Morris, Charlie Buse, Franklin Springer, John Byars, G. #### 'Messiah' Rehearsal Is Tomorrow Evening

Miss Mattie Mae Swisher, president of the Hereford Civic Chorus, appeals to all singers to attend the "Messiah" rehearsal each Monday evening at 7:45 in Ward Hall of the Methodist Church.

Last week's rehearsal was well attended with a well-balanced chorus including singers from Dimmitt and Priona as well as from Hereford, Miss Swisher said.

"Everyone will enjoy the leadership of the new conductor, Don Moore. He is doing a splendid job," she added.

#### Local Girl Has Athletic Turtle

Turtles are good for something besides soup, say Mary Lou Benson and her roommate, Sue Scales, students in Hardin-Simmons University in Abilene.

The girls' pet turtles, "Pee-Wee" and "Grumpy" were recently featured in the Abilene Reporter News, society section.

Mary Lou, daughter of Mr. and Mrs. H. M. Benson, was employed by the Brand last summer when she took many of the Harrison Highway edition pictures.

Following is the excerpt from the Abilene paper: "Turtles might be slow, but you can't say they don't have ambition. 'Pee-Wee,' one of two turtles abiding in the Halls of Hunter, got the call of the 'Wild Goose Turtle.' He climbed from his bowl onto a book, jumped to the desk, then to the back of the chair, wiggled to the seat of the chair and charged onward to the floor. He then succeeded in turtling across the room and went visiting down the hall.

#### Kiwanians Are Urged to Vote

Bob Wear, Kiwanis president, chosen to lead the program for the regular Thursday noon meeting in the Jim Hill Hotel, told local Kiwanians "If our way of life perishes from this earth, I am convinced it will be a result of the indifference of people like ourselves."

Wear referred to the apathy of American voters, and urged Kiwanians to remember the 1950 theme for Kiwanis International: "Safeguard of Freedom."

The election of John Pool as president for the next term was affirmed at the meeting. Ray Downey was elected vice president at the club's last meeting. Chosen new members of the board of directors are: Lowell Sharp, Jeff Robertson and Ray McCullough. Directors who served last year and will serve again this year, are O. L. Bybee, Worth Covington, Bill Phillips and Gerald Wilson.

## Milo and Beets Near Peak As Lettuce Harvest Ends

With lettuce harvest nearing an end, the weather has speeded up harvest for two other major crops—milo and sugar beets.

Killing freeze of this week will bring the sugar content up in the beets in the next week or 10 days, about the same length of time that is required for drying out the remainder of the maize crop. Authorities on sugar beets say the sugar content should reach its maximum in the beets about a week after the first hard freeze.

Grain dealers report some of the maize that was dry before the freeze is wet now, but it should all be dry enough to cut within the next 10 days or two weeks.

The weather slowed the lettuce harvest considerably, but Williams Farms, operating at the Associated Growers shed, had just about completed their harvest last night, and the Atterbury-Beasley shed will probably complete its harvest next week.

The freeze has not damaged the lettuce actually although the heads will be a little smaller as the outside leaves have to be removed.

Jesse Thomas at the Atterbury-Beasley shed said they expect to finish about 50 cars next week. The demand and the price are both good considering the way the market has been this year, said Mr. Thomas. Four-dozen size crates are selling at \$3.50 and five-dozen size at \$3.25.

Reception of the local grown lettuce has been very good, Mr. Thomas added, especially in the states of Kansas, Oklahoma and Texas. Many buyers have come back for more lettuce and were sorry the season would end so soon. He said the local sheds had been able to realize at least a 50 cent premium over California lettuce, due both to freight savings and the fact the lettuce arrives at the Eastern markets in better condition from Texas than when it makes the longer trip from California.

He forecast as much if not more lettuce for next year, adding that the farmers have benefitted greatly by this year's ex-

perience. He believes they will be able to better control insects next year and many who did not fertilize will see the advantage of fertilizing.

## Duck Stamps Selling Fast

A total of \$364 had been spent for 182 duck stamps by late Friday afternoon and hunters were purchasing several every hour, it was revealed by Postmaster J. R. Lipscomb.

The stamps, which have been on sale since July, began going rapidly this week, the postmaster said. Last year a total of 396 stamps were sold throughout the season.

Hunting activity has been reported all over the county. Most hunters are concentrating on migratory birds feeding on abundant grain fields and resting on ponds and lakes made plentiful by the heavy rainfall earlier in the autumn season.

Shells are not as scarce as had been previously expected. Almost all sizes of shot for all gauges of shotguns are on hand in local hardware stores. Several of the sizes, however, are not replaceable, hardware merchants report.

## Hallowe'en Supper Party For Group

Johnny Benson was host to a group of friends at a Halloween party held in the garage at the Benson home Tuesday night. A horror-house, spooks and goblins carried out the last day of October theme and supper was served in the garage where bales of hay served as chairs. Square dancing and games provided entertainment after the supper.

Those enjoying the party were Homer Hershey, Tuney Wilson, Joe Easley, Jackie Burrus, Wallace Ford, Joe Bill Willis, Buddy Godfrey, Barbara Rogers, Sandra Wright, Barbara Winget, Dale Hinds, Sylvia McCracken, Donny Johnson, Martha Brown, Georgia Lewis, Tony Benson and the host.

# Chill Plow

(Continued from Page 1)

They moved their household goods, their stock, farm equipment, and they moved the plow. (The last of the big Indian scare was dying in the Panhandle when the family arrived here.)

Five years after it was brought to Texas the plow was replaced by newer models and later by mechanized equipment, complicated beyond the most distant dreams of the inventors of the old Chattanooga.

The plow was never used here for anything except gardening. It was too light to plow sod.

As the years passed Mrs. Bradley kept it and treasured it for the memories it held for her. After she married, it was moved to the old Bradley place east of Hereford where it remained for many years. It was moved again when the family moved nearer town, and later into town. Once more it was returned to the country, and was placed with a son there. The son moved to town a short while later and back came the plow.

By this time only the metal part remained, and it came to rest near the garage of Mrs. Bradley's present home.

Mrs. Bradley and her daughter, Mrs. Bruce Rose, discovered it there one day. Mrs. Bradley lamented the fact that some day it probably would be carried off as junk and none of her children would ever want to be bothered with it.

"That remark set me thinking," Mrs. Rose said. "And I re-

lized it was a link to the past for mother, and I began to wonder how it could be made into something useful which could be placed where she could see it and get some pleasure out of it."

Although the credit goes to Mrs. Rose for the plans, it was Berry Jacobsen who put them into execution and made them aware of the real antique they owned.

Ingenuity on the part of Mrs. Rose has converted the old relic into a conversational piece and has given it a new era of usefulness.

Only a part of the old plow remained—the shares and the mold board. The wooden beam and handles had long since rotted away. With this Mrs. Rose worked out a general plan and went to the Jacobsen Brothers Machine Shop. Jacobsen became interested as they talked over the possibilities and proceeded to work out a plan. He worked like an artist.

He said the original plow shares and mold board are one of the few of this type now in existence. The word "chill," he explained, designates the kind of metal which is a hard cast iron used before steel plows came into existence, so makes it an antique in farm machinery.

Result of the planning, is a lawn seat for Mrs. Bradley's and Mrs. Rose's outdoor living room at their duplex home on Miles Avenue.

New oak handles were found at a local hardware store, which still carries a few of the old walking plow handles in stock. A steel beam was made to replace the old wooden one, and

so added strength. To this was welded the original plow part. This made the plow look very much like the one bought so long ago. Another steel piece was extended from this upon which two eight inch wheels were placed, in order to make it easily moved.

The part which was to make it again useful was constructed of steel slats to form a seat large enough for two people to sit upon comfortably. This was welded to the plow part which formed the foundation of the seat.

A coat of bright red barn paint was painted on the plow proper, and the seat part was painted aluminum. The finished product was then placed on the lawn as a gift to Mrs. Rose's mother.

The Chattanooga Chill Plow garden seat is a proof of her ability. Although she is a business woman dealing in real estate she finds time for all this, to decorate her home attractively and to spend some time occasionally at her piano. She says she seems to be a kind of "jack of all trades and good at none," but her family and friends do not agree with her on this.

## Education

(Continued from Page 1)

ture during the week.

**Radio Program Scheduled.** Mrs. John Jacobsen, Jr., radio chairman for PTA, has arranged a program over KPAN on Friday entitled, "Thirty Million Citizens." A recording, "Lift a Mountain," will be presented each day over KPAN.

Supt. George Graham has announced the high school will provide a radio program three days per week beginning Monday. On Wednesday at 10:05 an American Education week program will be presented.

The public is invited to attend an assembly program at 10:45 Wednesday in the high school auditorium in keeping with the week under the direction of Mrs. Charles Wilder.

Principal H. V. Stanton of Junior High School extends an invitation to everyone to visit school and attend a program by the Junior High in the high school auditorium on Thursday at 1:45 p. m.

**Grammar Schools Participate** Thursday at 2:30 the fourth, fifth and sixth grades of Shirley School will present an assembly program in keeping with the week's activity. Byron Durham, principal, announces the following program: devotional, Rev. Don Davidson; song by Fourth Grade Chorus, song by Fourth and Sixth Grade Chorus play, "Textbooks Speak Up,"

## Post Office

(Continued from Page 1)

ing all packages destined for overseas delivery, but the department urges that such parcels should be sent as soon as possible.

In order to carry the mail early story to the public, the Post Office Department is presenting a series of four radio programs over the Mutual Broadcasting System network.

Postmaster General Jesse M. Donaldson will appear on the first broadcast known as "Washington Report" that will originate from the Nations Capital on Sunday, November 5 from 2:45 to 3:00 p. m. (EST). The first presentation will be "American Ships Carry the Mail".

Other programs, all dramatic documentaries, in the series are scheduled for November 19, "American Railroads Carry the Mail"; December 3, "United States Airlines Carry the Mail"; and the final show on December 17 will be "Uncle Sam Delivers the Mail". All of these shows are scheduled to appear on "Washington Report".

pledge to the United States Flag. "All parents are welcome to visit with us at any time, concluded Mr. Durham.

D. C. Martin, principal of Central School, states, "Every section of each grade invites the parents on the afternoon of November 10 to visit classroom, work and with teachers."

"By these programs we hope to strengthen our home-school partnership, awaken the public to the importance of education, the need for more and better trained teachers, the need for adequate financial support, and the need for more classrooms to take care of the increased school population; if we are to sustain 'Government Of, By, and For the People,'" concluded Mrs. Caraway.

Although the farmhouse is the business center of the farm, its location should be considered from the standpoint of its relationship to other buildings, roads, water supplies and the prevailing winds.

# Whitefaces Gore Eagles 27-6; Play Second Half

Playing second half football possibly for the first time this season, the Hereford Whitefaces gored into the Canyon Eagles at Whiteface Field Friday night and came away winners 27-6.

Now facing the Phillips Blackhaws, Hereford still stands a chance of splitting a three-way tie with Phillips and Dalhart for the conference title.

The two teams struggled, but made no score in the first quarter. Canyon came through in the early part of the second period to score six. Dwaine Walker slammed over for the first Herd counter, and Jack Stanton ran 39 yards after intercepting an Eagle pass to score in the last minute of the first half.

Never relaxing, the Whitefaces put the ball into Walker's hands once more in the third period, and watched the third invasion of Eagle paydirt. In the final quarter Stanton stormed 87 yards to put over Hereford's last score.

Bill Kelly made all of Hereford's three extra points.

The Eagles led in number of first downs with 16 to Hereford's 13. Passes, most of them tossed by Garland Butler, accounted for 67 yards for the Eagles. A total of 18 tosses were made, eight of which were completed. Only one of four Whiteface passes struck home for a gain of 12 yards. Hereford rushed 262 yards to Canyon's 114.

Throughout the game Hereford's line held.

### PLAY BY PLAY

The Whitefaces opened the game with a kickoff from the north goal. Dement booted the ball to Miller on the Canyon 10 yard line, from where it was returned to the 30. Morton nailed Slack on the opening play from scrimmage after the Eagle had gained seven yards. A penalty against the Whitefaces accounted for Canyon's first down.

Slack was hit by Graham before he gained a yard. When the Eagle carrier tried again, a penalty brought the ball back five yards to the Canyon 38. A Butler pass intended for Burris fell incomplete, Slack fumbled on the next play and Walterschied recovered the ball.

Walker made three, and Morton added five to it. Kelly took a pitchout and galloped 12 yards for the first Hereford first down.

Morton took over on the Eagle 23 for three yards and Walker gained another. When Stanton pitched out to Kelly on the next play, the Herd fell back a yard and failed to gain enough on the next play for the first.

The Eagles took over on their own 21 and after two one-yard gains, kicked out of trouble. Stanton took the kick and was downed in his tracks on the Hereford 45. Walker broke through for 12 and another first down.

From his opponents' 42 Stanton pitched out to Kelly, who swivel-hipped nine yards. Walker accounted for one more and another first.

Kelly went to the right from his own 32 for one yard. A two-yard loss resulted when he tried the same play again. A Stanton-Brock pass fell incomplete and the ball changed hands on number of downs.

Middleton chalked up seven yards. Butler couldn't go more than two before Walterschied had him. Brock got the Canyon quarter back on the next play, but not before he had made enough for another first down. Once more Middleton went

seven yards before being stopped, this time by Corbett and Morton. Butler came through for another ten yards.

Slack pounded down for another 15 yards and the Canyon drive really was underway. Slack made another yard in the final seconds of the first period.

### SECOND QUARTER

Brock and Fish threw Slack for a two-yard loss on the first second period play, but Middleton made up for them before Dement stopped him. Then Butler passed to Slack for a gain of 12.

Miller made three before Slagle nailed him, and Slack got away for eight more and another first.

The Eagles hovered on Hereford's six-yard marker set up to score. Butler took the honors, going six. His try for point was not good, but the score read Hereford, 0, Canyon 6.

Stanton took the kickoff on his own nine-yard line and stormed up to the 39. On the first play from scrimmage he was thrown for a three-yard loss, but made it up two plays later. Kelly accounted for six yards, but not enough for the first down, and Walker kicked from his own 44. The punt went to the right and out of bounds on the Canyon 45.

Miller carried the Eagles four yards ahead before he was nailed by Brock. Walterschied threw Butler for a two-yard loss before Slack got away for 12 and another first down.

The Eagles seemed on their way again. Middleton made eleven yards. Two penalties, one for and one against the Eagles, left the ball on the Whiteface 27. Slack made two. Butler tried a pass to Burris, but it fell incomplete. He faded again to pass, but was caught 12 yards behind scrimmage. He kicked 30 yards on the next play.

Walker took over on the offensive again and plowed six yards. On the next play Stanton made one of the most beautiful runs of the season, getting away and stampeding 55 yards to the Canyon 30. Walker made 5 and a penalty against the Eagles put the ball on the Canyon 3-yard line. Walker came through over right guard to make the score.

Kelly's kick was good and the score stood Hereford, 7, Canyon, 6.

Walker kicked off to the Canyon 27, where the ball was killed. Butler connected with Slack on a pass that was good for 19 yards. Once more he faded to pass. Once more Dement came through the line to down him 12 yards behind scrimmage.

Still determined to go by air, Butler dropped back again and this time got the pass away. Stanton intercepted it and went 39 yards for another Hereford score. Kelly came through with the kick again, and the count was 14-7.

Seconds after the extra point, the first half ended.

### THIRD QUARTER

Busteed kicked off for the Eagles, and Stanton received the ball on his own 10, bounding down the field for 35 yards to the Hereford 45. Walker took the ball for six and Stanton made the four necessary for a first down.

Showing they can play football in the second half as well as in the first, the Herd drove 55 yards to the Canyon goal line. Walker accounted for 24 yards. Stanton 17 and Morton 4. Wal-

ker made the final nine yards off left tackle to score. The try for conversion was unsuccessful.

Butler took Dement's kickoff on his own 15 and plowed down to the 30. A five-yard penalty nullified Slack's next gain of 11 yards. On the next play, however, he got away for 18 yards.

Butler made eight through the line, and Slack made another off tackle. Butler faded and passed to Burris, who was nailed nine yards ahead of the line of scrimmage.

Slack lost a yard on the first down. On the next play, however, the Eagles took to the air. Butler shot a pass to Burris, who jumped high like a basketball player and lateraled overhead to Butler again, who made nine yards. Butler made three more on the next play.

Miller went six yards from Hereford's 32 before Kelly took him, and Dement got him as he made the necessary yardage for first down.

Driving hard again, the Eagles managed to go only nine yards, before the ball changed hands on number of downs.

Walker made one yard as the third quarter came to an end.

### FOURTH QUARTER

As the final period began, Stanton took the ball on a bootleg play and galloped 87 yards down the field to score again, and Kelly kicked the extra point. The score, the last made in the game, stood Hereford 27, Canyon 6.

Dement's kickoff sailed 50 yards, before Slack grabbed it and ran 25 yards. A five-yard penalty for and a 15-yard penalty against the Eagles and a final kick by Busteed, gave the

Whitefaces possession on their own 30.

Two 15-yard penalties, one against Hereford and the other against Canyon, came in the next series of downs. Walker made 10 yards and a first down.

He stormed nine yards more, but on the next down a Whiteface was recovered by Canyon.

Butler passed to Middleton, who lateraled to Busteed for a gain of three yards. Miller made a yard. Butler's next pass to Busteed was incomplete, and Busteed punted 46 yards.

Stanton took the punt on his own 15 and went to the 38. Slagle was thrown for a one-yard loss. Walker chalked up three, but when a Stanton-Kelly pass fell incomplete, Walker kicked out of danger.

Butler faked a handoff on his first play from scrimmage and got away for 18 yards. A Butler pass to Miller was good for nine yards before Walker nailed the carrier. Slack failed to gain, but Butler made the yardage necessary for a first down.

Butler passed to Slack twice, each time failing to connect. Miller dropped back 20 yards and was tackled in his tracks. Busteed kicked for the Eagles, punting the ball out of bounds on the Hereford 46.

Stanton shot a pass to Wingett, and it was good for 12 yards.

A pitch-out on the next play was good for five yards. Stanton was knocked backwards four yards. Then Wingett gained three yards, and the game ended.

## Claudia Lewis Crowned Queen Of '50 Football

Claudia Lewis, senior student at Hereford High school, was crowned queen of 1950 football amid brilliant fireworks a few minutes before her herd of Whitefaces stormed against the Eagles and inflicted a 27-6 defeat into the Canyon team.

Attended by three pretty representatives from the other three high school classes, Miss Football was crowned with a football helmet by the two co-captains for the night, Dwaine Walker and Ray Graham.

Freshman princess, Dorothy Viegel, Junior, Sue Berryman and Sophomore Sue Smith attended the queen at her coronation.

Seconds before the helmet was placed on the young lady's head, a brilliant display of fireworks were sent up from the north side of the field. The fireworks were furnished courtesy of Star Theatre.

The coronation party entered the field driving in a flashing yellow convertible, made a round of the field and drove to a stop where the queen received her crown.

## Infant Is Buried In Catholic Cemetery

### Kenney-Oglesby Vows Are Exchanged In Ceremony

In a double-ring ceremony held Sunday, October 22, in the home of Mr. and Mrs. Ray T. Stewart of Dawn, Miss Eldine Kenney became the bride of Robert Oglesby, son of Mr. and Mrs. John Kenney of Skellytown.

Minister Bob Wear of the Hereford Church of Christ read the ceremony before an improvised altar arranged with white and gold chrysanthemums and autumn leaves.

As a prelude to the wedding, Mrs. J. B. Caraway sang "Because" and "Always" accompanied by Mrs. H. R. Stewart who also played the traditional wedding marches and "The Lord's Prayer."

The bride's only attendant was Mrs. R. T. Stewart who served as honor matron wearing a rose taffeta dress fashioned similar to that worn by the bride. Her gladiola corsage matched her admiral blue accessories. Glen Farmer of Dumas served as best man.

The bride wore a navy satin-dotted taffeta frock styled with Queen Anne collar, tight fitting waist and full skirt. Her accessories were in white and black velvet, and she carried a white Bible, the gift of the YWA Girls of Skellytown. She wore an orchid corsage.

Mrs. Kenney, mother of the bride, wore a cocoa-brown nylon dress with matching accessories—Mrs. Oglesby, mother of the bridegroom, wore a teal blue suit with black accessories. Both wore corsages of talisman roses.

**Reception Is Held**

A reception honored the couple immediately after the wedding ceremony. The refreshment table was laid with lace over white satin and the floral centerpiece was of white chrysanthemums flanked by yellow tap-

MR. AND MRS. ROBERT OGLESBY cut their wedding cake at a reception immediately following their wedding in the home of Mr. and Mrs. Ray T. Stewart at Dawn. Mrs. Oglesby is the former Miss Eldine Kenney.

MRS. NOLIE ELLISTON celebrates her birthday with her family. Standing are the Elliston's three sons, left to right: Nolie, Jr., Pat and Robert. Mr. and Mrs. Elliston are seated. A birthday dinner was held for Mrs. Elliston in their home last Sunday in the Wyche community.

### Family and Close Friends Attend Birthday Party For Mrs. Elliston

Mrs. Nolie Elliston marked her birthday Sunday, October 29 with members of her family and long time friends, Mr. and Mrs. Hardy Benson and son, Hardy, Jr., at a dinner in the Elliston home.

Mr. and Mrs. Elliston, who live in the Wyche Community, are farmers and ranchers and take active part in community activities. During the depression she taught in New Mexico while he carried on at the farm. A trained musician, having done chataqua entertaining before her marriage, Mrs. Elliston also takes part in Hereford activities and in St. Anthony's Catholic Church.

Besides raising Whiteface cattle Mr. Elliston takes great pride in his quarter horses which have won honors in Panhandle horse shows. The entire family takes pride in showing their kennels and Boston Bull dogs.

The couple have three sons, Robert the oldest, a graduate of Hereford High School and Texas Tech. He and Hardy Benson, Jr., were high school friends and majored in electrical engineering and radio at Texas Tech. Both have returned to their fathers' farms since graduation. Nolie Jr. is also a graduate of Hereford High School and attended college in Arizona. He is also associated with his father on the farm. Pat is in grade school here.

Robert and Nolie Jr. have both passed physical examinations and expect to leave for army duty this month. The birthday celebration served as a get-together before the boys leave.

Others calling in the afternoon to extend congratulations included: Mr. and Mrs. Byrl Elliston, Mr. and Mrs. R. N. Curry, and sons of Pampa, and Mr. and Mrs. Marlin Gilliland.

### Jaycees and Jaycee-Ettes Have Gala Halloween Eve

Jaycee-ettes entertained the Jaycees at a spooky and delightful party at the VFW Club House Tuesday night. Everybody "dressed up" and wore a mask for the occasion, goblins wandered and spooks took up their haunting where they left off last year.

The club house was turned into an All Saints' Eve scene by the decorating committee which consisted of Mesdames Ivan Block, T. J. Clay, and W. J. Reeves.

The first part of the party was given over to a scavenger hunt when the guests, whom nobody recognized, arrived. Back at the club house after the hunt, the men fashioned hats for the ladies from material acquired in the hunt. Each hat designer gave his hat a name and when the ladies modeled the creations in a parade, Mrs. Paul Coneway won the prize with her "Pig-skin Gal."

A couples' parade was staged for the costume judging with Mr. and Mrs. Earl Stagner announced as winners. They represented a negro couple, he taking the part of Mummy and she as Old Mose.

The spirit of Halloween fun lasted throughout the evening providing enough pranks and frolic to last until October 31, 1951.

Refreshments were served to Messrs. and Mesdames: Jiggs Hartman, Ivan Block, Bill Howard, J. M. Roberts, Dick Lucas, Paul Coneway, Jim Terry, W. J. Reeves, Jerry Stoltz, Harold Loerwald, T. J. Clay, Darrell Blanton, Mutt Wheeler, Dick Barrett, Stan Barrett, Murphy White, Paul Holland, Earl Stagner, Lloyd Neill, John Rennie, Miss Evelyn Ford and J. A. McWhorter, Kenneth and Benny Potter and Dr. and Mrs. C. E. Rush.

**MEETING POSTPONED**

The regular monthly luncheon held by the Hereford Music Teachers Association was postponed from Saturday, November 4, and will be held in connection with the December luncheon program on December 2. A conflict with the Seventh District, Texas Federation of Music Clubs convention held in Borger on that date made the postponement necessary.

THE WINNERS!—The six Jaycee-ettes above were winners of the hat contest. Left to right they are: Mrs. Paul Coneway, Mrs. T. J. Clay, Mrs. Lloyd Neill, Harold Loerwald (not a Jaycee-ette), Mrs. Clyde Rush, Mrs. Harold Loerwald and Mrs. Darrell Blanton. Materials for the hats were obtained from a scavenger hunt earlier in the evening.

### Caraway Family Is Honored by Parties

Two parties were held recently to honor the Travis Caraway family, who moved to Bronfield last Sunday. One was a family affair at the Ray Howell farm and the other was a coffee in the Ray Suit home to compliment Mrs. Caraway.

Mr. and Mrs. Ray Howell entertained Friday evening of last week with a farewell party for Mr. and Mrs. Caraway and daughters, Sandra Jo and Carolyn Sue.

Scene of the affair was the large newly constructed barn decorated to carry out the Halloween theme. Guests came masked.

After the picnic supper was served, games of canasta were played. Carl Shambasco presented several accordion selections after which gifts were presented the Caraways.

Present were Mr. and Mrs. Hollis Rainey, Mr. and Mrs. Jack Johnson, Mr. and Mrs. W. C. Rose, Mr. and Mrs. T. C. Covington, Mr. and Mrs. Fred Muller, Mr. and Mrs. Jimmie Mercer, Mr. and Mrs. Carl Shambasco, Mr. and Mrs. Conrad Urbanczyk, Mr. and Mrs. H. B. Stanfield, Mrs. Gilbert Gimball, the honorees, and the hosts.

**Saturday Morning Coffee**

Mrs. Ray Suit and Mrs. Robert Wagoner were hostesses at a coffee Saturday morning in the Suit home complimenting Mrs. Caraway.

Chrysanthemums in lovely fall shades provided the floral decorations and formed the centerpiece for the lace laid table from which the coffee was served.

Appointments were in crystal and silver and Mrs. Jimmie Mercer, sister of the honoree, presided at the silver coffee service.

The honoree was presented a corsage from the hostesses and was showered with personal gifts from the guests.

Guests were Mesdames J. E. F. Gilbreath, C. R. Smith, F. M. Kester, A. L. Thomas, Josie Funderburg, Vern Witherspoon, O. H. Culepper, Alfred Smith, J. W. Witherspoon, Jack Johnson, W. C. Rose, Hollis Rainey, Ray Howell, E. R. Kendall, Jimmie Mercer, Miss Thornton Shirley and the honoree.

Mrs. G. B. Githens of Pueblo, Colorado is a guest in the home of her daughter, Mrs. Don Dunsmoor.

### Walt Whitman's Poetry Is Discussed For Bay View Club

Mrs. Wayne Evans was hostess to members of the Bay View Club Thursday afternoon. Mrs. Paul Mathers conducted a business session when Miss Frances Turrentine was elected as a new member of the club. Mrs. D. H. Alexander displayed the United Nations Flag which she had made.

Mrs. Mathers was in charge of the program which was the first of two outlined in year-books, on poetry. She discussed "The Poetry of Walt Whitman" giving something of his life as a background for his works and achievements.

She styled Whitman as a pioneer American poet and a builder of America and pointed out that much of his work was condemned and for years there was great controversy as to whether his works could be called poetry. Yet, she said, "He not only expressed material aspects, but also some essential ideals of America as no other poet has; among them our sense of freedom and independence, our conception of real democratic equality, our intense individual-

**A REAL Cutter-Upper!**

**MCCORMICK-DEERING Stalk Cutter**

It's a real problem to prepare good seedbeds when big, husky stalks of corn or cotton remain standing in the field. The best solution is to cut the stalks with a McCormick-Deering Stalk Cutter. They can then be plowed under cleanly or worked into the soil with a disk harrow. This sturdy, tractor-drawn cutter does a real job and does it in a hurry. Thirty acres of tough cutting a day is nothing unusual. The machine has plenty of weight to cut through the heaviest stalks and ample strength to stand up under fast working speeds.

Stop in and examine the McCormick-Deering Stalk Cutter the next time you are in town. We think you will agree that it's a real cutter-upper.

The paper man told us this ad was too crowded . . . that we need more space. We realize this, but we are just a bunch of little guys who have been doing some serious thinking. We haven't got the money to make it bigger, BUT we have some ideas . . . so please bear with us—and read it anyway.

**Here's What Some of the "Little Guys" Think**

FOR CONGRESS: Vote for WALTER ROGERS Because:

I. He is a Democrat, although realizing that the Party has made mistakes, believes such mistakes can best be rectified within the Party rather than going over to the opposition;

II. That although many Republicans approve practically ever progressive measure passed by the Democrat Administration, he knows that the Party is still controlled by the stand-pat element, always violently opposed to any measure intended for the common good. (See Note No. 1)

III. He knows that while Republican Leaders pretend to favor a farm program, they are never very definite about it. As they have never condemned the now infamous "Farm Relief" Legislation of 1930, passed as a pretense, we may assume they may have something of the same sort in mind for us in the future. Can anyone, who went through the disaster that brought about, forget it?—21 cent wheat, two-bit corn, six cent cotton and 40 cent maize. Free-enterprise was working overtime then. (See Note No. 2)

IV. We hear a lot about regimentation, bungling, bureaucracy, of all the faults of the New Deal, real and imagined. Really, wouldn't it be best to have our Agriculture regimented by Government rather than by the Board of Trade? Has it ever occurred to you that the Republican Party has done some bungling itself? As an example we might cite the "Farm Relief" Legislature mentioned above, and the High Tariff Measure passed with it. No, the Democrat Party has'nt any exclusive copyright on bungling. As to the New Deal, we must forget there never could be one without an "Old Deal" preceding it. While condemning the New Deal, why don't our Republican Friends tempt us by singing the praises of the Old Deal. They want to forget all about that.

**A Vote for WALTER ROGERS is a vote for the all "Little Guys" all over the Panhandle**

(This Space Paid for by Deaf Smith County Democrats interested in the Welfare of all Counties in the 18th District.)

**Note No. 1**  
The Congressional Record Shows:  
Ben Guill, Republican Congressman from the 18th District, voted to INCREASE Withholding Tax (on the small man but failed to take steps to institute the Excess Profits Tax on Corporations (the big boys). Furthermore, the original bill included Excess Profits Tax measures which were written out of the bill by the Republican Bloc.

**Note No. 2**  
For The First Time in History:  
Panhandle Farm Products Prices are on a level (Parity) with labor and industry. We think it's wonderful and we want to keep them this way. How about you?  
We want to know why Ben Guill, our Congressman, voted against citing Wm. L. Patterson, a known Communist front leader, for contempt of Congress. We know Guill is not inclined this way. Was it pressure from Republican Big Business?

## Go To The Ballot Box

The ballot box stands between a free people and enslavement. The right to vote is the strongest defense we have against oppression.

Few people will deny this. Yet huge numbers of Americans, who regard themselves as good and patriotic citizens, fail to take advantage of their greatest privilege.

In local elections, it is common for less than half of the eligible voters to go to the polling booths. Even in national elections, in which men are running for the highest offices, and in which issues and principles of the utmost moment are at stake, millions of us don't vote.

The result, of course, is government by minority—there is no way to measure the views and opinions of the man who fails to exercise the right of franchise. Government of the people is possible only when the people make their stand known—and that can be done only at the ballot box.

November 7 there will be another election of great importance. The control of Congress will be decided. The Presidential campaign of 1952 will be strongly influenced by what happens this November. Policies which will determine the future of the nation, for good or ill, will be established. The majority will rule, as usual. But the true voice of the majority can never be known if again, as in the past, millions of people who possess the right to vote shirk their duty and responsibility.

The general election November 7 is made important by the fact that much controversy has arisen about which candidate should be chosen to represent this area in the U. S. Congress. The two candidates are Republican Ben Guill and Democrat Walter Rogers.

Study the candidates and the issues. Make up your mind as to which of them, in your opinion, can do the most to keep this country strong, solvent and free. And then vote.

## THE Washington Merry-Go-Round

### New U. N. Policy

UNDER the new anti-Communist law, any newspaperman can be put in jail for publishing secret documents. Nevertheless, I am going to publish a confidential state department instruction which happens to be one of the most important issued in five years.

The secret memo is an instruction to American delegates at the current U. N. general assembly, and it states:

"The aim of this critical session is to lift GA (abbreviation for general assembly) out of the debating society class and make it an effective action agency when collective defense through SC (abbreviation for security council) is frustrated. . . . to organize GA effectively to deter further aggression."

In those 38 words is summed up the most important reversal of American policy in years. In those 38 words is also spelled out the hopes for future peace in the world.

It is a reversal because at San Francisco where the United Nations was founded in 1945, American delegates insisted that the new organization be dominated by the big powers on the security council. At that time we were just as strong for the veto as the Russians. So were the British and French. The veto was our joint and mutual baby.

## Tremendous Debt Crime On Workers

Public and private debt in the United States, on December 31, 1949, amounted to \$442,000,000,000. This represented an increase of about two and one-half per cent for the calendar year, 1949.

Of this indebtedness, the Federal Government owed about \$218,500,000 and state and local governments owed \$18,000,000,000. The rest of the sum represents indebtedness incurred by the people and corporations of the United States in their own business affairs.

This tremendous total of indebtedness would have scared financiers to death thirty years ago. Nobody would have believed that the nation and its people could carry such a financial burden except in the greatest distress. Nevertheless something like prosperity seems to be abroad in the land and few seem to be concerned about the amount owed or how it will be paid.

The late Samuel Gompers, who did as much or more for the organized labor movement as any individual, once said, "The worst crime against working people is that of a company which fails to make a profit."

Gompers did not say that because of any personal concern as to the prosperity of industries or investors. He said it for the simple reason that companies which are unable to make a profit cannot long provide good jobs and pay good wages. Above all, they cannot offer job security. They cannot expand and create more employment. If they go on at a profitless rate, they will eventually fold—and unemployment and hard times for labor will result.

On the other hand, a concern which makes a fair profit is a good employer. The competent employe has an assured future. He knows where his bread and butter are coming from. He can plan ahead. What it all amounts to is that if the worker is to get a fair break, the investors and owners must get a fair break too.

Incidentally, industrial profits are far smaller than most of us think. Surveys indicate that a great many believe that typical companies earn profits which are as high as 50 per cent of their sales. Actually, successful companies, generally speaking, earn in the neighborhood of five or six per cent, and rarely more than 10. And not all of this goes to the owners—as a rule a substantial part is ploughed back into the business. Profit is needed to grease our industrial wheels.

## Mysterious Housing

News from the national capital tells us that several agencies with defense assignments will increase their staffs by 70,300 new employes.

This means, according to officials, that projects will be undertaken to provide nearly 1,000,000-square feet of space in government buildings for office use. Some of it will be found at the Pentagon, some by the conversion of residence halls and other space will be found by the utilization of a stadium.

We have no way of knowing the space requirements of governmental enterprises in the national capital but it would seem to us that there is enough office space in the capital to take care of the needs of the government for some time.

We do not know whether any government agency has ever made a survey of available buildings owned by the Government and a critical analysis of the use to which office space is being put. Maybe something along this line would disclose facilities without the construction of new buildings or the conversion of existing facilities to war use.

## May Not Like It

The Russians plan to use the Chinese mainland as a base for aggression and China's 400,000,000 people as tools of aggression, according to President Chiang Kai-shek, who says that large numbers of Russians have taken control of harbors, airfields, railways and mines in China.

No one with an eye to the future can deny that the possible result of Soviet-Chinese cooperation might be what the Nationalist leaders says. Certainly, if the Communists manage to acquire control of China, they can enslave most of the population and draw millions of the able-bodied men into the army for fighting or for use as laborers.

While recognizing that this possibility exists and that the low standard of living makes it easy for the Chinese people to be victimized by propaganda, there is no present need for great excitement.

One must recall, in order to get a balanced view of the world situation, that there is deep-seated animosity between the Chinese people and the Russians. The steady encroachment of Russia in Manchuria, Mongolia and other areas creates an issue that develops bad feeling between the two peoples. The possibility exists that this will be a deciding factor in the degree of cooperation that may develop.

## Takes Over Ships

The superliner United States, a 48,000-ton passenger vessel, now under construction, has been taken over by the Government and will be completed as a troop transport.

In addition, three 13,000-ton ships and three combination cargo-passenger liners will be, or have been, taken over for military use. The vessels were being constructed under Government subsidy.

The day after the announcement of this move, there was launched, at Quincy, Mass., the 26,000-ton liner Constitution, which, it was announced, would be permitted to be completed as a commercial vessel. The same was said of a sister ship, being built by the American Export Lines, which handles service between North Atlantic ports and the Mediterranean, Adriatic Sea, India and Burma.

## 'Tater Peelin's

By Roberta Campbell

On our last trip to the Brand Office when we were handed a letter from Santa Maria, California addressed to us and marked Pony Express we decided our mental facilities had slipped a cog but Philleas Presley of Maricopa, California comes up with an explanation that at least leaves us feelin' a little more sane.

Seems the people livin' in Santa Maria and Cuyama only 60 miles apart weren't satisfied with their small service which sometimes took as much as five days to reach its destination. They insisted that it had traveled faster by Pony Express and decided to prove their point by carryin' it that way on October 22.

Maybe we had better start movin' grain by wagon to express upon the Santa Fe our need for cars at harvest time.

Our word of comment would be in favor of the grown ups on Halloween.

The sack our little spooker came in with which emptied a tinted pop corn ball all wrapped in waxer paper, several kinds of homemade cookies, candy, peanuts, and apples shows that the folks who were at home to greet an onslaught of spooks, hobgoblins, and maybe a few hoodlums had gone to a lot of trouble to be ready for this custom of "Trick or Treat."

We hope the youngsters will appreciate this attitude on the part of their parents and will not become greedy in their demands.

It was a nice surprise when we met up with Verna Featherston and Mary Sue, her very pretty little daughter down at Tullia a few days ago.

Well, we've seen about everything now that we have seen a white milk tank truck from Coon Valley, Wisconsin drivin' along Highway 60. Maybe people in the Dairy State have been readin' some of our westerns which emphasize the cowboy's dislike for milkin' a cow and have decided to be neighborly.

## Homer Fox Says: Did You Know..

Back in 1944 our thundering herd, the Hereford Whitefaces, had a heck of a time winning the district. Hereford, Tullia and Friona wound up in a dead heat, all three tied. We out flipped Tullia and scratched out on Friona and as usual Phillips had a hole in the bridge and we fell through it.

Anyway, it was a pretty good ball, club, and a swell bunch of kids. On the squad was a bunch of kids that stuck pretty close together most of the time. Charles Skelton, J. W. Robinson, L. H. Lookingbill, V. C. Hopson, Billy London and C. W. (Red) Reeves. Could have been a Red Grange, Sammy Baugh or "Cho Choo" Davis in that bunch, but there was a shooting war going on and it looked more like "gun-toting" than "ball toting" in the immediate future, so when the season ended, they turned their cleats inside and forgot football.

This pun was sorter one for all, and all for one, mostly all for one when this particular one had enough to buy the chili or soft drinks and any time they figured one of them was holding out on them, they stood him on his head in the street and shook him down for whatever he had, which was hardly ever over two bits.

They had no secrets, every time one found out something on the other, they told everybody in town. The interference was superb, the blocking was perfect and the man carrying the money didn't have any use for a pocket except for his handkerchief.

Fred Patton owned and operated a small cafe on West 3rd Street. These kids liked Fred; they liked his soft drinks, his chili, hamburgers and the little horse shoe counter. They ate and loafed with Fred during football season and after. Soon came the time for the senior play, and a good play it was too. "Seven Keys to Baldpate." It was a mystery story that made your flesh crawl. The play called for a pistol and some blank cartridges. It was easy to find (Continued on Page 4)

## Majority Says Higher Pay Answers Teacher Problem

What steps would you recommend to interest more people in becoming teachers?

(Editor's Note: The question of the week pertains to the teaching profession, the week, November 5-11, being officially designated as American Education Week. Following is a quotation from a bulletin published by the National Education Association: "By 1956-57 total elementary enrollments are expected to be eight million higher and high school enrollments two million higher than in 1946-47. Acute building and personnel shortages already reflect the sharp increase in school population. . . . Estimates indicate that at least 100,000 new teachers and one billion dollars for school buildings will be needed during each of the next ten years.")

Mrs. De . . . . .

MRS. DEAN ROBBIS: (formerly Nina Burleson)—I think we have really good teachers here, and I am looking forward to having my son attend school here next year. I think the schools themselves could encourage more youngsters to become teachers. The attitude of each community can help keep good teachers. I started my first year of schooling here and graduated from high school here. For years married women could not teach. I believe we are getting better teachers now that women can have a home life and career at the same time.

MRS. VERDON WATTS:—More people would be interested in the teaching profession if there were better salaries, better school buildings, and better educational facilities as a whole.

MRS. LORA LONG:—Salaries of teachers are already pretty good as an average—that is one of the main things. Next I would list the attitude of the community as a whole. We should encourage more cooperation between parents, teachers, and pupils. The service a teacher can render the community should also be stressed.

GAYLORD NEWELL:—By raising teachers' salaries, I suppose. Really, I don't know too much about it, but I understand they already have some sort of pension plan, and I don't believe there is any complaint about the hours. Probably raising teachers' wages would solve the biggest part of the problem.

LES COMBS:—I believe the answer is higher salaries. I don't know about the situation here in Texas. But in California, the state I came from, salaries are high for teachers, and the result has been a remarkably higher calibre of instructors. Young people there seem much more interested in the teaching profession. It works very much like government employment. Government wages are raised in order to secure a higher class of employee, etc.

TOMMY TOMBERLIN:—I don't believe any area has better teachers than we have here in Texas. Teachers here are just as good as anywhere. Now, whether or not raising teachers' salaries would result in better instructors I can't say.

## The BOOTLEG Philosopher

(EDITOR'S note: The Bootleg Philosopher is getting out of territory this week, but it's his funeral, not ours.)

Dear editor:

While I know about as much about education as you do about farmin or the experts know about what Russia has in mind or the Russians know about what Stalin has in mind, I was readin the other day in a newspaper I had saved to cut up and use as inner soles for my shoes where they're wearin through but decided to put knowledge ahead of comfort, cardboard works better anyway, where there is some talk of someplaceness of runnin the school twelve months a year instead of nine.

As I understand it, the nine-month school started in New England a couple of hundred years ago when school children were needed in the summer months to get in the hay, and the idea has stayed with us, but some of these advanced educational experts are arguin the system is out of date, very few children bring in much hay now, no use lettin the school buildings stay idle a fourth of the time, keep the children in school the year-round.

As I say, I ain't no educational expert, which shouldn't be no secret by now, but I'm here to tell you it won't work. There ain't a school teacher alive who can put up with most children 12 months out of the year. Break em down faster than a round-the-clock bomb attack.

After nine months of contendin with children, the average teacher is licky if she can stagger off and recuperate in the three remaining months in time to start over again. As for the average parents, they're able to put up with their children only three months out of the year, not to mention nine, and if they can afford it half of the three months they send em off to camp or to visit relatives. Parents and children are fine, but in lots of cases they sure do get in each other's way.

But this may be out of my line. Maybe I'd better stick to Johnson grass. You can let it run wild, too, same as children, but you don't get talked about near as much. Some times, though both crops turn out to make pretty good hay.

Yours faithfully,  
J. A.

## Louisa's Letter

Dear Louisa:

I have a brother who is married to a woman who will not leave her mother. He has been married to her for ten years and has been offered two promotions but his wife refused to leave this town because she likes to live with her mother. This has made him very dissatisfied and has made his marriage an unhappy one. He has told her to bring her mother with her but the mother has always lived in that town and owns a home there which she refuses to leave.

My brother has another offer now and he feels that if he refuses to go this will be his last opportunity to rise. He is seriously considering leaving his wife. Do you think this is his best plan or should he stay on as he has for ten years?

SISTER—DEL.

Answer:  
Your sister, in-law evidently has a mother complex and your brother made his first mistake when he failed to accept his first promotion. If I were he, I should tell her that I was going and she could come if she would or I should go alone.

She probably is one of those spoiled women who will only come to her senses if she thinks her husband is really in earnest about leaving. As long as she can have husband and mamma both she will do all in her power to keep them but when she sees her husband pack his bags to leave she will probably go along. If she doesn't and she is such a baby that she can't leave mamma and take on the responsibilities of her own home, your brother should be happier without her.

LOUISA.

Dear Louisa:

My sister thinks I am foolish because I have given up my entire back yard to the children. There is only grass and trees. (Continued on Page 4)

## Hallowe'en Fun For Everybody Highlights October Weekend

Halloween fun for everybody marked the past week end's activities in Hereford with ghosts and other mysterious characters stalking the streets and places of entertainment. Both little folks and big folks came in for their share of the frolic and fun after days of advance preparation for costumes and decorations.

**Cub Scouts Have Carnival**  
The annual cub-scout Halloween party was held at the Scout Hut Monday night in the form of a carnival. The place was full of booths offering all kinds of amusement and entertainment. The costumed guests were greet-

Other entertainment features were a skit, "Gotta Put Shoes on Willie" presented by members of the Westway Home Demonstration Club and a skit in shadow-craft presented by the adult cub workers. Refreshments suitable to the occasion were served to 100.

# Every Farmer Has A Stake In BEN GUILL'S Re-election

## Every Businessman In A Town That Depends On Agriculture Has A Stake In Ben Guill' Re-election

As A Member of the Powerful  
House Committee on Agriculture

# BEN GUILL

HAS FOUGHT THE BATTLE FOR THE  
Panhandle Farmer in Congress

— For Price Supports:

**Farm Supporters Are Under Attack!**  
During the last Congress the farmer came within an ace of having crop supports cut right under his feet.

Ben Guill has promised to fight supports for the farmer—and as a Member of the House Committee on Agriculture he is in the world's best position to help the farmer. (A DEMOCRAT Congressman from the Panhandle would have to wait at least ten years before he could hope for appointment to the Agriculture Committee.)

Here's What Ben Guill said on the floor of the House September 22:

"I want to raise my voice in protest against any attempt to eliminate supports . . . The big city dweller thinks it is wicked for the farmer to make money . . . Their whole argument is based on false assumptions . . . The money spent on the farmer by the Commodity Credit Corporation has been the best investment the Government has made in the last 2 years . . . If farm prices had not been supported, farm income would have dropped, business would have dropped, national income would have dropped, business would have dropped and a depression would have resulted . . . If we reduce farm incomes drastically, we must look forward to soup-lines, foreclosures, misery, poverty and a depression which would make us push-overs for world-communism."

### -- Ben Guill Introduced HR 514

Ben Guill introduced HR 514—his bill which would allow the farmer to participate in writing his own farm program. Ben Guill, as a member of the Agriculture Committee, will be able to fight for that law next year.

## DEMOCRATS

If You Want To Vote A Split Ticket And Keep Ben Guill In Congress Working For You

HERE IS HOW TO DO IT

### YOUR VOTE FOR BEN GUILL FOR CONGRESS WILL BE COUNTED

Don't believe anybody who tells you that if you participated in the Democratic primaries you can't vote to re-elect Ben Guill. Your Ballot for Ben Guill will NOT be thrown out. It cannot legally be thrown out.

The Supreme Court of the State of Texas has repeatedly held that the so-called Democratic pledge is not binding in any way. Here is what the Supreme Court has said:

"One who has taken the statutory pledge is legally free to vote as he chooses in the General Election."

—16 Tex. Jur., "Elections," Sec. 57  
"In Key v. Snider, 110 Tex. 383, 218 SW 479, 221 SW 880, it was declared that the qualified elector who participated in a primary and took the statutory pledge was legally free to vote as he chose in the General Election."  
—Love v. Wilcox, Supreme Court of Tex., 28 SW (2d) 515.

That is the legal status of the pledge. These decisions mean you can vote for the man of your choice in the General Election on Tuesday, Nov. 7.

## Negro Mammy and Tramp Win Prizes At Halloween Party for Jaycees

Without controversy, Earl Stagner as a negro "mammy" highlighted the Jaycette Halloween party Tuesday evening when the women entertained their husbands at the club house in veteran's park.

Stagner won first prize for the best costume worn by a Jaycee. His wife, dressed as a tramp, won first prize for the Jaycettes.

Stagner's costume was complete from his small cap down to his black hose and ladies' shoes. Small black yarn pigtailed tied with nifty-ribbons on the end hung around his black face.

Guests were divided into groups of four for a scavenger hunt which included such items as tumbleweeds, pop corn on the cob, and diapers. When all had returned to the club house, the men were required to fashion hats for their wives out of the items collected. The prize for the best hat went to Mrs. Paul Conaway for the creation made by her husband.

Refreshments were served to the group after which a dance was held in the club house.

Mrs. Ida Ricketts went to Canadian Friday afternoon to visit her sister, Mrs. Estelle Todd, who is ill.

spent the past week end in Hereford with her mother, Mrs. G. W. Brumley, who has been ill.

Mrs. George Millard returned Thursday from Manchester, Ga. where she spent several days visiting her daughter and son-in-law, Mr. and Mrs. Joe Williams and a new grandson.

(Continued from Page 1)  
the pistol, but no blanks. We shot all our blanks at Hitler and Tojo, before Pearl Harbor, and didn't do any good. We weren't using blanks, and hadn't made any since Pearl Harbor, and it was almost impossible to find any. Finally, they found a box of blanks, but no gun that would fit. Charles Skelton was head gun man and they left it up to him, and he finally found a gun in Amarillo that would shoot the blanks.

Some of these kids had the "makins" of good actors, maybe if this shooting war had not been on, no telling, they might have reached "stardom" Barrymore, O'Brien, Crosby, or maybe a Cassidy, but they buried their talent after the senior play. I said talent and I mean just that. This bunch of kids, staged one of the best one act plays that was ever put on in Hereford or any place else. It all started after the bunch had been rehearsing the senior play, and after the pistol and blanks and this particular day, Charles Skelton happened to be wearing the shooting iron loaded to the brim. C. W. (Red) Reeves was the heavy in this act "drama" and really is due all the credit for bringing out the real talent in these boys. Red Reeves didn't believe in doing anything halfway, all the way or none he was that way playing football, he was pretty fast, swiveled hipped and a snaky runner, but he had rather take the short cut and run over some one and make a touchdown the

hard way, most of the time, than make it the easy way. It seemed like when ever Red did get hurt, it was always in the mouth, and that was the big mistake that the opposing player made on Red. He would come up off the ball, a couple of loose teeth and busted lips, blood all over his face and you couldn't stop him with a tractor, and Red loved it.

On this particular afternoon, the kids gathered at Fred's place. Red knew Charles had 40 cents only. He started bragging how many pops he could drink and finally Charles agreed to pay for all over five bottles that Red could drink, and Red accepted the challenge. Red, Billy London and L. H. Lookingbill sat on the west side of the little horse shoe counter. Charles, V. C. Hopson and J. W. Robinson on the east side. Two soldiers from the Prison camp south of town and a man and woman finished the crowd inside.

Red hit those five bottles of pop in nothing flat, downed six, seven, stood up and turned around a couple of times and downed the eighth, hung out the white flag and said, "I am through." Everybody was mad but Red. The rest knew they would get a drink out of that 40 cents, but Red ruined the deal. Charles leaned over and

The boys play ball and it doesn't matter if there are paths through the grass or holes dug in the corners.  
All of my neighbors have lovely gardens with shrubs and flowers but the plot around the front of my house is the only place I reserve for gardening.  
My contention is that the children are more important than them and the neighbor's children where I can see them than flowers and I would rather have off to a playground or somewhere else? What do you think?

MOTHER—GA.  
Answer:  
I think that you are very wise and the trouble you are going to now for the good of your children will pay you big dividends in the end.  
Children are small for only a few years and those years are the ones in which character and habits are formed.  
After they grow up you will have many more years that can be used gardening.

## Young Buffaloes Are In Palo Duro Canyon

A trio of young buffaloes have found a home where their ancestors once roamed and wintered in colorful Palo Duro Canyon State Park.

The trio, husky long yearlings, were donated to the largest of Texas State Parks by the Wichita Wild Life Refuge, Cache, Oklahoma. They are for the present corralled at the park headquarters while being acclimated to their new home.

Hundreds of visitors have made special trips to see the buffaloes since they arrived at Palo Duro and camera-fans have been especially busy taking snapshots of the animals who already are out of the awkward calf stage.

Dessie Foster and Marshall Kaul of Clovis visited in the Clarence Botts home Sunday evening.
