CONTINENTAL GIN COMPANY ADVISES OF PURCHASE OF NEW PLANT FOR HEREFORD

SOLD TO MESSRS. JOHNSON AND MOORE, AND
WILL BE SHIPPED AND ERECTED IN TIME
FOR THE COTTON CROP OF 1924

FIVE STANDS, MODERN EQUIPMENT

With 5-80-Saw Pratt Double Rib Huller Gins and Double
Saw Boll Extractors. Especially Adapted for Handling
Snap and Bolly Cotton. Power Plant Included

The announcement in The Brand of
March 7 that another five stand gin for
Hereford was a subject of negotiation
is apparently verified and the gin as-
sured from the following letter received
by the Hereford Chamber of Commerce
Friday morning from the Continental
Gin Company of Dallas:

"We are pleased to advise that we
have today sold to Messrs. W. M.
Johnson, S. H. Moore and W. P. Coch-
ran one of our latest improved gin out-
fits consisting of 5-80-Saw Pratt Double
Rib Huller Gins and Double Saw Boll
Extractors with the latest improved
cotton cleaners. The order also calls
for a steam power plant to operate
this outfit. This machinery will be
erected in Hereford, Texas, and ready
for the opening of the coming gin-
ning season. This outfit represents
the very latest machinery that it is
possible to purchase for the handling
of all kinds of cotton and
will be especially adapted to the
handling of snap or bolly cotton. Mr.
W. M. Johnson, who will have active
charge of this plant has been a custom-
er of our's for a number of years and
is acknowledged to be one of the very
best gin men in the State of Texas.
With a combination of a high class gin
man and an up-to-date outfit such as
they have purchased the cotton growers
in your section will be assured of the
very best work in handling of their
cotton that it is possible to do.

"We would appreciate your giving
this new venture proper publicity in
your city, and assuring you of our
appreciation of your interest in this mat-
ter, we are,
Yours truly,

Continental Gin Company
By J. S. McNulty, Dist. Sales Mgr."

The Chamber of Commerce has also
been in communication with Messrs.
Johnson and Moore this week concern-
ing a site, this particular feature of the
deal being handled through Ashbrook
& Wilson, and prices on more than
one site have been obtained and ar-
warded to the gin promoters. It is
entirely probable that these gentlemen
will be back here within a few days to
close the deal for the site and make
active arrangements for installing the
gin.

Music Study Con- cert Announced For March 21st

Friday night, March 21, the Music
Study Club will give a concert at the
Methodist church. A small admission
will be charged and this money will
be used to buy prizes for the Music
Memory Contest work in four grades of
the public schools, the fourth to the sev-
enth, inclusive. There will be a gold
and silver pin for each grade, for the
first and second prizes. These pins will
be just like the State will give.

The particulars of the concert will be
in next Tuesday's issue of The Brand.
The program promises an evening of
real entertainment.

First National Bank In- stalls Bookkeeping Machine

In keeping with its aggressive policy
of keeping abreast of the times, The
First National Bank of Hereford has
just purchased and installed a new
Burroughs Book-keeping machine that
adds materially to the efficiency of the
bank's detail work. The new machine
of the very latest design, operating on
an automatic carriage and, like the lin-
otype, is almost human in its range of
possibilities. It easily does the work
of an additional clerk.

Albert Herbst Visiting His Mother This Week

Albert Herbst, vice president of the
First State Bank & Trust Co., left last
Sunday for a short visit to the Fort
Worth Stock Show, going from there
to Caldwell, Texas, for a visit with his
mother, whom he has not seen in about
two years. He is expected back home
by the first of next week.

Community Sale Saturday: Sever- al Farm Auctions

There is considerable activity in com-
munity and farm sales this week and
next, and both local auctioneers, Ray
Barber and W. S. Williams, are billed
for several busy days.

On Saturday, March 15, Claude Nor-
ton, who recently leased the Sales Pa-
villion, and Ray Barber will hold the
first of what is hoped to be a regular
feature hereafter—a Community Sale
of horses, mules, cows, farm machinery,
household goods, etc. The sale will start
promptly at 1:00 o'clock Saturday.
Farmers and others are asked to bring
in their surplus stuff and put it up at
public auction on these occasions.
Messrs. Norton and Barber hope to
build up this affair to a point where
it will be a big money making feature
for the farmers of this community.

On March 18 two farm sales will be
held, one by John Cunningham at his
place five miles south of Hereford on
the Dimmitt road, and the other by
Jack Samuel, on what is known as the
G. H. Mahr farm, near Spring Lake.
Auctioneer Williams will handle the
Cunningham sale and Auctioneer Bar-
ber the Samuel sale. Mr. Cunningham
offers three mules, seven horses, seven
milk cows and a lot of farm machinery
and harness. Mr. Samuel offers every-
thing except his household goods.

On March 19 J. M. Robertson, at
his place two miles north on 25-Mile
Avenue will sell a lot of horses, milk
cows and other live stock, farming im-
plements, household goods, etc., includ-
ing piano, sewing machines and Ford-
son Tractor. Ray Barber will auc-
tioneer.

Diversified Farming Lec- tures at Friona March 18

Lectures in the interest of diversified
farming will be held at Friona on
March 18, 7:30 p. m., in the High
School Auditorium.

These lectures are brought to us by
the co-operative arrangement between
the West Texas State Teachers College
and the Mistletoe Creameries. They
show the improved methods of dairying,
poultry raising, and the study will
vocational agriculture in the high
school. Charts and lantern slides will
be used to make the talks more inter-
esting and real.

All farmers who are interested in
improving their ability as farmers
should take advantage of this opportunity.

H. L. Martin and Miss Alma Bailey,
both of this city, were united in mar-
riage last Wednesday afternoon at the
Baptist parsonage, the wedding cere-
mony being pronounced by Rev. W. R.
Hill. Mr. Martin is a partner in the
firm of Martin & Cochell, Pastime Bar-
ber Shop, and Miss Bailey is a daugh-
ter of Mr. and Mrs. Dave Bailey of
this city. Mr. and Mrs. Martin will
make their home here.

Help Scholastic Census and You Aid the Schools

The scholastic census for the Here-
ford Independent School District is
being taken by Mr. W. A. Miller, and
all children known to be in the school
age and living within the district have
been enumerated. He has also checked
his work with the census rolls for last
year and with the teachers' registers.
Great care has been taken in order that
no child might be overlooked. If any
children have not been enumerated,
their names should be reported to Mr.
Miller at the sheriff's office or to the
superintendent of schools. This has
nothing to do with the Compulsory
School Law, in fact the annual school
census was taken for years before there
was such a law. Every child enrolled
will add twelve or fourteen dollars to
the amount of money received from the
State for the local schools.

Any child who will be seven years of
age on September first and who is not
eighteen before that date should be
enrolled whether he is in school or not.
The amount of money received is based
on the number of children of school
age and not on the number actually
enrolled in school. It makes no differ-
ence whether the child expects to be
in school next year or not the district
is entitled to receive State money for
his schooling.

Present prospects are that the schools
will be more crowded next year than
they have been this year and doubtless
many will come in too late to be enu-
merated as the census must be completed
this month. This will make it all the
more necessary to enroll all who live
in the district now.

The continued cooperation of the pa-
trons of the schools in this and other
matters will be appreciated.

Acre and Half Per Hour Turned by Huge Outfit

J. L. Johnson is breaking sod with
his big plow outfit on the C. L. Karr
farm about ten miles north on Twenty-
Five Mile Avenue. Mr. Johnson has a
Rumley 20-40, nine disc engine and
plow and turns under five and a half
feet at each round, or at the rate of an
acre and a half an hour. Mr. Karr is
a new man here from Lubbock and is
making extensive improvements on his
farm.

County Now Advertising For Bids on Hospital

Formal advertisements for bids for
the construction of the County Hospital
is carried in this issue of The Brand
by the Commissioners Court. The final
hour and day is set as 11:00 o'clock,
April 14. The court has been busy this
week working out details of the site
selected, and in consultation on various
phases of the construction work soon
to start.

\$5.00 Reward For One Black- Footed Ferret!

Don't happen to have a Black-footed
Ferret concealed about your person, or
premises, do?

What is a Ferret? Well, the dictio-
nary says: "An animal of the weasel
family closely related to, and perhaps
a domesticated variety of, the polecat!
It is about fourteen inches long, of a
pale yellow or white color, with red
eyes."

Better take a look around your chick-
en yard or barn, because Uncle Sam
needs one of these fellows to help in
killing prairie dogs, and is willing to
pay a reward of \$5.00 for the first
Ferret delivered alive and uninjured to
the official representative in this sec-
tion, A. L. Bridenstine, whose procla-
mation is given below.

Mr. Bridenstine is working with
Sheriff Purcell's office in ridding Deaf
Smith county of the dogs. Mr. Pur-
cell's statement concerning the drive is
carried in this paper on another page.
Here's what Mr. Bridenstine says about
the \$5.00 reward:

Attention—\$5.00 Reward

For the capture of a live, uninjured
Black-footed Ferret. This animal
haunts prairie dog towns and kills
the prairie dog in his burrow. The
Bureau of Biological Survey is anxious
to secure one of these animals. As a
representative of the Bureau I am au-
thorized to offer a reward of \$5.00 for
the first Black-footed Ferret delivered
alive and uninjured to me. If you are
lucky enough to catch one of these an-
imals notify me at the Stockman's Hotel
or write me, Box 764, Amarillo, Texas.
When you are poisoning your prairie
dog towns, be on the lookout for the
Black-footed Ferret.

ALBERT L. BRIDENSTINE,
Bureau of Biological Survey,
United States Department Agriculture.

Political Situa- tion Beginning To Warm Up Now

The political situation is beginning
to warm up, especially in the matter of
city affairs. The election for a mayor
and two commissioners will be held on
Tuesday, April 1, and various groups
are working on tickets they desire the
votes to choose from. It is rumored
that there will be three sets of candi-
dates, although it may simmer down to
one or two by election day. So far no
announcements have been publicly made
of any particular ticket, although ten-
tative petitions have been circulated.

A Two Inch Snow Fell Here Wed- nesday Evening

After spitting and blowing all day
Wednesday it settled down to a steady
snow just after dusk and for two hours
or more it fell steadily. It then cleared
off and Thursday morning the
ground was covered with about two
inches in the city, with more reported
in spots in the country. It was a very
light, fine snow and by nightfall Thurs-
day was practically all gone in the city.
The snow has done a lot of good in most
instances, as it moistened the top of
the ground, kept down any crust, and
in most places met the moisture al-
ready stored away from the fall and
winter rains and snows.

Friday was windy and chilly, but
bright, with the worst apparently over.

Friona School Library is Presented With Books

To The Hereford Brand:—
Friona, Texas.—The first donation
to the new school library was made on
March 10, when Mr. J. W. White and
his good wife presented the school with
five highly valued volumes.

There is no better gift, whether it be
to an institution or to an individual,
than a good book. We thank you, Mr.
and Mrs. White, in behalf of the stu-
dent body, faculty, and community for
this liberal donation. We assure you
that we shall think of you often while
using these books. They shall be used
for the good cause for which they were
given.

Business Men All Worry Over Their Income Tax

The whole town has been "income
taxing" this week. March 15 is the
very last day of grace, and anywhere
one went the past ten days merchants
and business men could be found intent-
ly occupied in trying to figure out
whether they owed Uncle Sam a tax or
whether Uncle Sam owed them some-
thing. Social affairs have all been in-
terrupted the past week because all the
men folks were down town nearly every
night, trying to dope it all out.

ternoon attending to business.

JACKIE COO- GAN PICTURE FOR SCHOOLS

UNDER AUSPICES OF
PARENT-TEACHER
ASSOCIATION

MARCH 18 AND 19

Great Film Shown For the
Benefit of School
Children Here

To the Patrons of the Hereford
Schools, The Parent Teacher Associa-
tion is going to ask each of you to do
our school a favor. Our schools are
the greatest business enterprise in
which you and I are jointly engaged.
It is a business upon which the ma-
jority of our peace time taxes are
spent; it is a factory into which goes
the most precious material that our
nation yields for out of it comes a
product the value of which far exceeds
our production of food stuffs and man-
ufactures combined. The product of
this institution is the education of our
children, your boys and girls and mine.
Upon this product depends the future
of America. The School System of
Hereford is a corporation, you and I
own and operate it.

The Hereford Parent Teacher Associa-
tion is going to put on one of the
best pictures ever shown in Hereford
"JACKIE COOGAN." Through the
kindness of Mr. Overton we are able
to give to the people of Hereford an
opportunity to not only help our school,
but to see one of the ten best pictures
now on the screen. In no sense are we
asking you to be charitable; we only
ask that you go to this show. We have
something to sell, this something is
worth while, and remember the Parent
Teacher Association gets one half
of the receipts above the cost of this
picture alone, not including running
expenses.

Jackie Coogan will be shown at the
Star Theatre on Tuesday and Wednes-
day nights, the 18th and 19th of March.
Wednesday afternoon the matinee be-
gins at 3:10, a special price of 10c
will be given all school children at-
tending the matinee. The regular ad-
mission of 20 and 40 cents will be
charged for the night shows.
Remember Patrons, your children are
sacrificing thirty five minutes of their
play time in order to attend this show
and they are only losing twenty five
minutes of their study and recitation
time.

We hope you will join us and make
this a demonstration of your coopera-
tion in promoting the general welfare
of your schools. We must show to our
children that the right to go to a pub-
lic school has been fought for; they
must know what it costs in terms of
money and sacrifice. We want every
man, woman, boy and girl to see "Jackie
Coogan" and we want every man,
woman, boy and girl to help our
schools. Then we can point with
pride to the fact that Hereford is one
hundred percent for the education of
her boys and girls.

Meet us at the Star Theatre on Tues-
day or Wednesday nights or on Wednes-
day afternoon at the matinee.

—Ways and Means Committee,
Parent Teacher Association.

The Jackie Coogan picture that will
be offered for this special occasion is
entitled "Long Live The King." It is
based on Mary Roberts Rinehart's novel
of the same title, and is a big spectacu-
lar picture rich in pathos and human
interest with delightful comedy touches,
which should pack any theatre, please
the grown ups and prove a delight for
the kiddies.

Dealing with the story of a little
prince, it has been produced on a lav-
ish scale with big street scenes involv-
ing large mobs. There is a magnificent
set of the exterior of an enormous castle,
and gorgeous interiors befitting the
type of story. Both from a standpoint
of production and audience appeal it
is one of the big pictures of the year.

Mary Roberts Rinehart's story pro-
vides an excellent vehicle for little
Jackie, as the poor little orphan prince
bereft of a mother's love and so sur-
rounded by court formality and prec-
edent that it is deprived of childish joys,
the companionship of other children or
even a puppy, being deeded him. He
is a pathetic little figure and your
heart goes out to him and when he
escapes the palace guards and meets
a typical American boy you enjoy with
him his brief pleasure.

Clyde Gregg left Friday morning for
Amarillo at which place he has ac-
cepted a position with the International
Company. Mr. Gregg will begin work
March 15.

SUMMERFIELD

We are having some crisp March weather, with flurries of snow, but we welcome the snow in preference to the sand storms.

We understand Mr. Smith has purchased of Mr. Dunlap the place known as the McBroom place, one and a half miles south of Summerfield, and has already moved on it. We welcome the new people into our community.

A double birthday dinner was enjoyed at the home of Mr. and Mrs. Lawrence Johnson Sunday, March 9, it being Mrs. Johnson's birthday, also her sister's, Mrs. Ingle, who is visiting in their home. Mrs. Ingle is a number of years older, yet both have the same birthday. There were some forty or fifty guests. Each family bringing some delicious eats. Mr. and Mrs. George

Garrison and Mr. and Mrs. Johnson of Hereford were there to enjoy the occasion, also Mr. and Mrs. Mudgett and Mr. and Mrs. Churchill and Mr. Story's family of the Rance neighborhood, together with a host of the immediate neighborhood. All departed in the late afternoon wishing the sisters many more happy birthdays.

A social was enjoyed by the young people and school mates of Miss Zella Walser at the home of her uncle, C. R. Walser Friday night, February 29. Miss Zella is soon to move to Hereford and we all regret to lose her from the school and Sunday school classes.

B. A. Atchley and daughters, Misses Virgie and Lorene, motored to Amarillo Friday. Lester Smith, wife and baby accompanied them.

J. E. Roberson drove down to Canyon Friday and brought his family back in the afternoon to spend the week end with them on the farm, and a social was enjoyed in the home of J. B. McMillan Friday night in honor of Misses Candie and Beulah Roberson and all report a delightful time. Mrs. George Storey invited a number of their former Sunday school classmates and teachers to their home Sunday, where a sumptuous dinner was served by some thirty five of forty friends and kindred. Quite a number gathered at the church Wednesday night and organized the singing class for 1924. The newly elected officers are as follows: George Storey, president; Perry McMinn, vice president; Miss Eva Nolan, secretary. We have some splendid musical talent here and are glad to see them meeting to train. It was a very bad night

which prevented a number from going. J. W. Sparks of Panhandle arrived here Friday and is looking after his farm interests, which is being tended by Ky Lawrence.

Mr. and Mrs. Hughes of Erick, Okla., spent several days in the home of J. A. Nolan, making a trip to Portales, where they visited their daughter. Mrs

The Rock Island Special is touring this part of the country now, having stopped at Adrian last Saturday. They held meetings at 10 a. m., 2 p. m. and 7 p. m. Very interesting and suggestive things were said by each speaker present. The cotton industry was very ably handled by Mr. Means of Ft. Worth, and movie films were shown to give ideas of better preparation of the soil and how to combat the boll weevil. Henry Ford's representative was very suggestive that we should not spend all your time plowing and milking cows but that we should work hard when we did work, but take time in the evenings to take our families for a pleasure ride or a visit to the neighbors. Mr. Farmer, representing the Rock Island lines, spoke briefly, and urged us not to forget that he was Henry Ford's competitor, when we decided to take a trip. Every one attending seemed to appreciate this rare opportunity of hearing and seeing so many helpful things.

We are entering on our seventh month of school. The school work is progressing nicely and every child is busy on his or her part for the Inter-scholastic League Meet.

THE STATE OF TEXAS

To the Sheriff or any Constable of Castro County, Texas, Greeting:

You are hereby commanded to summon Scott & Blackmer, D. A. Scott, R. C. Blackmer, and the First National Bank of Chicago, by making publication of this citation in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county in which a newspaper is published, once each week for four consecutive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Castro County, to be holden at the Court House thereof in Dimmitt, Texas, on the Third Monday in April, 1924, the same being the 21st day of April, 1924, then and there to answer a petition filed in said Court on the 4th day of March, 1924, in a suit, numbered on the Docket of said Court No. 1400, wherein John S. Albracht and Rosa Albracht are plaintiffs, and Scott & Blackmer, D. A. Scott, R. C. Blackmer and First National Bank of Chicago, are defendants, said petition alleging that plaintiffs on Sept. 16, 1918, executed and delivered to said defendants Scott & Blackmer, a promissory note for \$1575.00, dated September 16, 1918, and to secure the payment thereof, executed, acknowledged and delivered to said Scott & Blackmer, a deed of trust on all of the N. W. 1/4 of Section No. 202, in Block M-6, Castro County, Texas, which said deed of trust is recorded in Vol. 10, at page 567 of the Deed of Trust Records of Castro County, Texas.

Plaintiffs allege that at the time said deed of trust was given to the said Scott & Blackmer, securing said note for \$1575.00 there was an indebtedness secured by valid liens on said N. W. 1/4 of Section No. 202, Block M-6, Castro County, Texas, aggregating \$1675.00.

Plaintiffs allege that on said Sept. 16, 1918, they executed another promissory note to the defendants Scott & Blackmer, for \$850.00 and to secure payment thereof, executed, acknowledged and delivered to said Scott & Blackmer, a deed of trust on all of the S. W. 1/4 of Section No. 202, in Block M-6, S. K. & K. lands in Castro County, Texas, which said deed of trust is recorded in Volume 10, at page 571, of the deed of Trust Records of Castro County, Texas.

Plaintiffs allege that at the time said deed of trust was given to the said

Scott & Blackmer, securing said note for \$850.00, there was an indebtedness secured by valid liens on said S. W. 1/4 of Section No. 202, Block M-6, Castro County, Texas, aggregating \$850.00.

Plaintiffs allege that each of said respective notes were given and the respective deeds of trust executed in consideration of the said Scott & Blackmer paying off and satisfying said respective amounts of indebtedness secured by said respective tracts of land and that each of said respective deeds of trust recited that the said Scott & Blackmer should and would use the money for which said respective notes were given to pay said pre existing indebtedness against said respective tracts of land.

Plaintiffs further allege that the said notes for \$1575.00 and \$850.00 respectively, and respective deeds of trust securing same, were thereafter sold and assigned to the defendant, The First National Bank of Chicago, which is now the holder thereof, but that it acquired the same with full knowledge of the purposes for which said notes and deeds of trust were executed.

Plaintiffs allege that no part of either of said indebtedness against either of said tracts of land has been paid and that said pre-existing indebtedness now constitute liens against plaintiffs' land.

Plaintiffs further allege that as part of the same transaction, they executed to said Scott & Blackmer, two series of notes, dated Sept. 16, 1918, to-wit: one note for \$300.00 and one note for \$300.00, and to secure the payment of said two notes they executed to said Scott & Blackmer, a second deed of trust on S. W. 1/4 of Section No. 202, in Block M-6, Castro County, Texas, which said deeds of trust are of record in Vol. 10, page 580 and 582 respectively of the Deed of Trust Records, of Castro County, Texas, and that said notes were executed and said deeds of trust were given as part of the agreed interest on the said principal notes for \$850.00 and \$1575 respectively.

Plaintiffs allege that the consideration for each and all of the said notes and each and all of the said deeds of trust has wholly failed and that the

deeds of trust and the records thereof exist and creates clouds on plaintiffs' title to their said land. Plaintiffs pray for the cancellation and annulment of all of said notes and deeds of trust and assignments thereof, for restitution of their said land and premises, and that the cloud cast on their title be removed. Herein fail not, but have before said

Court on the said first day of the next term thereof, this writ, with your return thereon, showing how you executed the same.
Given under my hand and seal of said Court, at my office in the town of Dimmitt, Texas, this 5th day of March 1924.
(seal) JOE HASTINGS,
Clerk of the District Court of Castro County, Texas.

PRAIRIE DOG DRIVE NOW ON!

We are now starting a drive to kill all prairie dogs in Deaf Smith County, and in so doing, we are fortunate in having the services of Mr. A. L. Bridenstine, who is with the Government, and is going to stay here and give his assistance in the work.

If you remember last spring, all residents and non-residents were legally notified, and we have been rather lenient in giving every one plenty of time to destroy the dogs on their land, and quite a number of residents and non-residents have complied with the law; but now it has fallen to me, as Sheriff, to rid the county of these pests, and I have made arrangements for some help in this work, and would like to have the cooperation of every citizen in the county to make this a success.

The county has the poison, and you can get it at cost from the janitor at the court house.

Any assistance rendered in this work will be greatly appreciated.

Just Suppose

There are few, indeed, who realize the place of insurance in the work and the life of the world. If insurance suddenly should be eliminated as a factor in modern civilization, its fundamental importance at once would be appreciated. Such a catastrophe would bring about the collapse of our whole well-knit industrial system, would paralyze transportation and distribution, would throw back credit to the pawn-shop stage of existence, would ruin banks, stop building, increase prices enormously and destroy at a single stroke most of the material progress of the world during the last hundred years.
