## BASIC WORK STUDY MUST BE THOROUGH

DILLEHAY STRESSING FOLLY WEAK LINK IN THE CHAIN

## HONORS TOO FEW

Upper Grammar Grades in Need of More Honor Pupils Monthly

The number of students who are entitled to have their names on the Honor Rolls this time is far too small, and especially is this true in the high school and in the upper grammar grades. There are also far too many failures in one or more subjects in these same grades. One of the big problems facing the home and the school is that of maintaining a high standard of work that will do justice to the community and at the same time meet the requirements for a first class school, without having too high a percentage of failures. The child had better fall where the standards are high enough than pass where the standard of work is too low. If the work is not thorough in any grade, the chain of progress through school will be weakened to such an extent that somewhere compensation must be made for the weak link that has been passed over.

An effort has been made throughout the Hereford schools to maintain the standard of work demanded for a first class school. This standard must be insisted upon from the first grade through high school for there must be a foundation for each year that is to follow. We can not have a first class high school with only a second class elementary school. Both must go hand in hand for the high school has its work outlined and there is not sufficient time to teach the work that should be taught in the grades. Each year should take care of itself or else the time will come when the upper grades will be forced to do more and more of the work of the lower grades, thus weakening the entire system.

A great difficulty is being faced this year in bridging the gap that exists between what each grade should do and what it can do after back work of the preceding grade has been made up. This is especially pronounced in some of the continuous subjects such as English, spelling, mathematics, etc., where a knowledge of what has been gone over is very necessary. This can not be made up in one year and it may take even longer than two or three years.

The high school is now affiliated in twenty units of work but this cannot be held unless the high school does the minimum of work required of affiliated schools. Certain requirements are made for the different subjects, a certain number of experiments must be performed in the science course, the English and history classes must not fall below a certain number of themes, book reports, on outside reading, outlines, etc. In the other classes not less than a prescribed amount must be completed, if the school is to keep its rating with the schools of the State. In very few cases, if any, are the high school students asked to do more than the required amount of work for first class high schools.

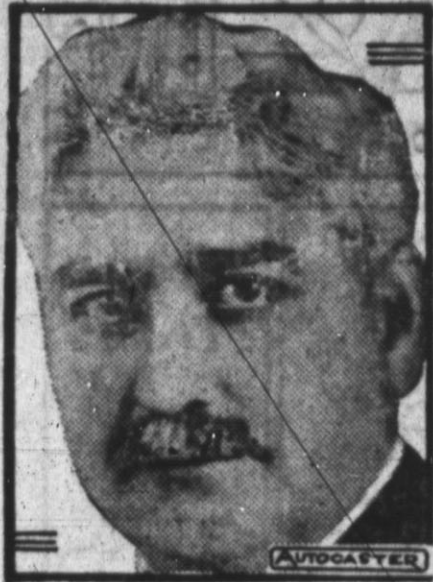

It is generally admitted that high school students should do an average of two hours of home study each day even in schools where high standards have been maintained throughout the grades. Certainly high school students who are the least bit behind in their work should not expect to make creditable grades with less study than that amount. A somewhat less amount of home study should be expected of children in the different grades. No student should feel that he has made creditable grades unless he has made not less than a B.

In order to justify their existence our schools must insist on a high grade of work that will promote the right kind of habits of industry. Education is not a pouring in process but is largely a digging process—the digging to be done by the student under the direction and guidance of the teacher. The best development comes through the effort of the student himself.

## Polices Seven Million

Richard E. Enright, 28 years ago a patrolman, today has the biggest city policing job on earth. As Commissioner of Police of New York City for six years, he has had to look out for 7,000,000 people and guard the treasure houses of the world, centered there.

## Political Talk At Courthouse Monday Night

Don't forget the political meeting scheduled for the district court room next Monday night, at 8:00 o'clock. Representative Lee Satterwhite and candidate for the Senate, J. W. Reid of Canyon, are scheduled to address the voters at that time on the political questions of the day.

It is possible that Lynch Davidson, candidate for governor, will also deliver an address.

## Music Study Club Recital Postponed Until Tuesday

The announced recital of the Music Study Club for Friday night of this week has been postponed until next Tuesday night, March 25, at 8:00 p.m., out of respect to the memory of County Judge W. M. Megert.

## Prof. Lyles Thanked by Parent-Teacher Ass'n

The Parent-Teacher Association desires to thank Prof. Lyles, principal of the Central School, and also Captain Farmer, for the interest taken in the Jackie Cogan show at the Star last Tuesday and Wednesday nights. Mr. Lyles worked extra time in drumming up interest and Captain Farmer dismissed the National Guards from drill that night and the result was that practically all the guard boys attended and a good crowd was the outcome for the two nights and the afternoon matinee. A little error crept into the Brand on the prices for admission. It should have read ten and thirty cents instead of ten and twenty cents.

## CITY PARK LOTS ACQUIRED FOR HOSPITAL

ROUNDS OUT SITE SELECTED BY COURT FOR BUILDING

An agreement has been reached between the members of the City Commission and the members of the Commissioners Court by which the city will deed to the county, at cost to the city, six lots just west of the U. D. C. Park and east of the location selected for the hospital and in the same block with the U. D. C. Park. These lots comprise a parcel of land 150 ft. by 300 ft. and were purchased by the city to convert into a park, the improvements, trees, etc., to coordinate with the improvements on the pretty little U. D. C. Park. Negotiations for the purchase of these lots were begun several years ago. A deed to some of them and option for the rest were secured long before the hospital bond election was held.

The Commissioners Court contemplates carrying out the original idea of improving and beautifying the lots by planting trees, etc., and may at some time in the future erect a nurses home on this plot of ground. A neat, tasty and ornamental nurses home would in no way detract from the general plan of converting the property into a park, but to the contrary would be a handsome and attractive improvement.

## Normal Professor Has Real Thought For the Ladies

Prof. Ford Fronabarger of the West Texas Teachers College at Canyon addressed a capacity house in the district courtroom Thursday afternoon, his theme being historical novels and poetry. The lecture was held under auspices of the Ray View Club, and in addition to a large crowd of ladies attracted the senior and junior classes of the High School.

The lecture was remarkable for its clearness and wealth of information, the ladies club receiving much foundation material for their course of study this year.

## Miss Mary Hicks Member Baylor's Debating Team

Waco, Texas, March 19.—Miss Mary Hicks, daughter of Mr. and Mrs. W. E. Hicks, Hereford, Texas, is a member of the Baylor University girls' debating team which meets the Southern Methodist University team here April 22. Miss Emma Bittner of Schulenburg, Texas, is the other member of the Baylor team. Miss Hicks, a junior at Baylor this year, attended West Texas State Teachers College at Canyon, Texas, last year. The question for the debate is, "Resolved, That the Congress of the United States Be Given the Power to Override Decisions of the Supreme Court Regarding the Constitutionality of an Act of Congress When Less than Two Thirds of the Court Concur in the Decision."

## Remnants of Old Burned Building Being Removed

The fire-scarred and shattered remnants of the old building next door to the Fox Mercantile Company, which burned months ago, are being torn down and removed by the owners, R. R. Gass and W. S. Higgins. The rear room, which is fairly well preserved is left for storage purposes. The cleanup will help the looks of Main street and will remove an accident hazard.

## T. E. Money, Well Known Here, Dies at Canyon

Word was received here early Friday morning of the death in Canyon during the night of T. E. (Ed) Money, well known ranchman of the Dawn neighborhood. Mr. Money was a pioneer in this section and leaves many friends who regret to hear of his passing.

## Mrs. J. W. Houston's Sister is Visitor Here

Miss Sallie Ewing arrived here on Thursday morning and is visiting in the home of Mr. and Mrs. J. W. Houston, she being a sister of Mrs. Houston. Miss Ewing is enroute from Los Angeles to her home in Morrilldale, Mo.

## Mrs. Cox Helps For Time in Local Post Office

Mrs. N. N. Cox, ex-postmaster, is helping in the postoffice this week in the place of Mrs. Prewitt, who is on the sick list. Mrs. Prewitt will probably be back on the job next week.

## JUDGE MEGERT IS DEAD; EXPIRED THURSDAY

IS A GREAT SHOCK TO FRIENDS AND THE COMMUNITY

Out of respect to the memory of Judge Megert the business men of Hereford agreed Friday to close their places of business from 2:45 o'clock until after the burial services on Saturday afternoon.

Walter M. Megert, County Judge of Deaf Smith county for the past two terms, expired at the Hereford Sanitarium shortly after six o'clock Thursday afternoon, March 20, following a brief illness since last Sunday and an emergency operation in the early morning hours of Thursday. His death was a distinct shock to the community, as he was in his office last Monday for a time, and only a few close personal friends and relatives realized the gravity of his condition. An intestinal obstruction was the immediate cause of the trouble. Dr. Lumpkin of Amarillo was called Wednesday night and aided local physicians in the operation which occurred about 2:00 a. m. Thursday morning. Judge Megert's condition was never satisfactory after that hour and he began to sink rapidly Thursday afternoon.

Deceased was forty seven years of age, having been born August 17, 1876. He moved here in 1902 from Hood county, Texas, and was married that same year to Miss Nettie Caraway, the ceremony being performed in the Christian church by the Rev. H. M. Bandy. Four girls were born to this union, Lucille, Jessie Madilene, Bessie and Hazel. Besides these immediate relatives Judge Megert is survived by his mother, Mrs. E. Megert, and one brother, R. A. Megert, both of this city. Mrs. A. T. Bell, of Wellington, Texas, a sister of Mrs. W. M. Megert, and Mr. Bell, have arrived for the burial ceremonies.

Judge Megert was an active worker in the Christian church and the Odd Fellows lodge, under whose auspices the last rites will be performed. He had served the county faithfully for two terms as County Judge and just recently announced as a candidate to succeed himself. His passing leaves a host of sorrowing friends and well wishers. Funeral services will be held at the Christian church Saturday afternoon at 3:00 o'clock. Rev. Paul J. Merrill officiating. Local Odd Fellows have been called to meet in the lodge rooms at 1:30 o'clock Saturday in preparation for the services.

## New "Devil" Begins Work In Office of The Brand

The Brand has a new "Devil." His name is Russell Whitehead, young son of Charlie Whitehead, of Beene, & Shaw's. Russell is rapidly learning to melt the metal, keep two good fires going, and handle the folder and jobbers.

## C. O. Wolflin, Well Known Amarillo Man, is Dead

Charles Oldham Wolflin, 57, pioneer business man of Amarillo, died suddenly Thursday morning. Death was due to heart attack. Funeral services have not yet been announced but will probably be held Sunday afternoon.

Mr. Wolflin was well known in Hereford and the Panhandle. Death came suddenly, and was a shock to his family and friends, as his condition had shown apparent improvement in the past few days. He had been confined to his home lately.

## Beats Bobbed Beauty

Bobbed-hair met its Waterloo at Berkeley, Cal., when Virginia Martin, Los Angeles Junior, with long tresses, won easily over twenty bobbed-hair rivals as the school's prettiest girl and Queen of the Campus.

## Political Manager

Mrs. Edith Longfield, of Ft. Wayne, Ind., has been selected by Mayor Shank of Indianapolis to manage his campaign for the Governorship of Indiana.

## Light Standard Torn From Base By Run-a-ways

A team of heavy horses attached to a farm wagon belonging to Brumley & Son became frightened while standing in front of Harrison's Elevator Wednesday morning and bolted straight across the tracks and up Main street. The driver was not in the wagon at the time.

The runaway struck the city's street light stading in front of the Fallwell Filling Station squarely in the middle, swept the heavy steel standard from the cement base, and hurled it twenty feet north up the pavement. The shock tore up the double trees and harness and released the horses, one going one way and the other in an opposite direction, apparently uninjured.

A long string of cars were parked up Main street and there is no telling what damage would have been inflicted but for the obstruction offered by the light standard.

## More Snow, More Sunshine, More Sudden Changes

Yep, the threatened snow came along in due course of time, and Wednesday morning there was another coating of a couple of inches of fine, wet snow on the ground. And then it cleared off miraculously, and Thursday was as ideal a spring day as one could wish for, with bright, warm sun and just enough air to make you feel good. And the moon shone brightly Thursday night. And then again Friday morning it was cold, and drizzly, and clammy and frowning, and Friday night it looked like it might do anything.

Typical March weather. That last snow bent a high wind all to death, and was really good medicine for everything that grows—except baby chickens.

## Daughters of Dr. J. W. Overton Are Visitors

Mrs. Guy E. Morris of Sweetwater, and sister, Mrs. Captain Dotten of Baltimore, Maryland, arrived here on Wednesday morning and are visiting in the home of their parents, Dr. and Mrs. J. W. Overton. Mesdames Morris and Dotten are enroute from Baltimore to Sweetwater and will visit here a few days.

## Clarendon Farmer Moves Here; Looking for Farm

Messrs. J. L. Hall and E. T. Wilkinson of Clarendon, Texas, arrived here Tuesday. Mr. Hall is a cotton farmer and is looking for a place to rent this year. Mr. Wilkinson is with George J. Nash on the old Barber ranch about eight miles northwest of this city. Mr. Hall is staying for the present with Mr. Nash and is wanting a farm to plant to cotton.

## Three Cross Country Hikers Pass Through Here

Three pedestrians, Jack Stiles, A. H. Osborn and R. E. Pearson of Chicago, hiked into Hereford Friday morning, enroute from Chicago to Los Angeles. The three men are representing the Women World magazine in an advertising scheme and only sell enough magazines to defray expenses. They camp out every night that it is possible and seldom resort to hotels.

## ISAAC WALTON LEAGUE IS ORGANIZED

SPORTSMEN JOIN MOVE TO PRESERVE FISH AND GAME

## ELECT OFFICERS

Plan Campaign to Educate People to Principles and Ideas of the League

A local chapter of the nationally known "Isaac Walton League" was organized here with a whoop Thursday night, at a meeting held in the sheriff's office. Over fifty paid members were secured in thirty minutes, with prospects of over 100 before another day.

J. Frank Elder, from the State Game Warden's office, made a splendid talk about good sportsmanship, the necessity for protecting our game and fish, and the ideals any good red-blooded American sportsman should have in enjoying his sports. Allen Bell was elected president, Captain John Estes, Honorary President, C. A. Skelton vice president, Albert Herbst secretary, and Henry Wilkinson treasurer.

A drive for more members will be made at once, and every effort made to educate our people in the principles of the League. The agreement and plan of work of the League signed Thursday show better than anything else the objects of the organization, as follows:

The Isaac Walton League of America is a National Organization of fishermen and hunters and outdoor lovers dedicated to the restoration of sports field and stream in the United States and Canada, and to the restoration as far as can be of the outdoor America of our ancestors. It is a National Organization having no commercial or personal gain or aggrandizement under it; neither has it political or religious interests. It is undoubtedly the most comprehensive conservation program ever undertaken in America. Though less than two years old, it has local chapters from one end of the country to the other, and it has awakened thousands and thousands of principled sportsmen and outdoor lovers to the realization of the perils that are threatening our precious woods and streams and wild life.

The movement represents a patriotic and unselfish endeavor to save for our children their great American outdoor heritage that they may have the priceless memories of days spent on windswept, clean and gleaming waters and nights in fragrant, healing forests, and that they may gain the health and the happiness that only the outdoors can give them. Many of the names back of this Save-Outdoor-America crusade are nationally known, and insure the integrity and high standing of the League. None of the officers or directors receive salaries.

For the purpose of spreading far its message, the League publishes a monthly magazine, "Outdoor America" to which the greatest outdoor writers in America contribute without pay, out of sheer love and appreciation of the righteousness of the cause. The ideals and purposes of the League are embodied in its platform which follows:

1. The practice of true sportsmanship in hunting and fishing, and strenuous and unremitting opposition to illegal, destructive, and unfair methods.
2. An aggressive program calling for National and State legislations to eradicate pollution from coastal and inland waters.
3. The broadest and most comprehensive system of Federal control feasible over the forests of the United States, and dependence this system to embrace the best features of the forestry policies of Europe, so far as applicable to our conditions.
4. Due consideration of the disastrous results of indiscriminate drainage projects and the obstructions of natural water courses.
5. That adequate public shooting and fishing grounds and game refuges be established by the State and National governments.
6. Sufficient fish hatcheries and game farms for the increased propagation and wider distribution of fish and game.
7. Prohibition of interstate shipment for sale of game or game fishes.
8. Scientific regulation of the taking of salt water game fishes.
9. The strictest enforcement of migratory bird law.
10. To endorse the recommendations of zoologists who recognize the critical need of building a sufficient number of biological experiment stations by the Federal Government and by the several states, so that the aid of scientifically trained men may always be available to pass upon the natural conditions of waters and the proper species of fishes to be planted therein.

**"More People—More Farms"**  
FRIONA  
Our town is being visited almost daily now by cotton seed agents. We do not know certainly that any of them have sold any seed; at least none of them have sold to the entire community. A movement is now on foot among some of the co-operative farmers here to buy or build an elevator. Their head men formulated and presented it to Mr. J. M. Teague of the Santa Fe Grain Co., for the purchase of the plant, which was in turn presented by him to Mrs. G. W. Maurer, the other members of the firm, and the interview between them which lasted only a few minutes, resulted in the purchase of Mr. Teague's interest by Mrs. Maurer and her son, Carl O. Maurer. The co-ops then made an offer for the purchase of the Gischler-Mende elevator and if this offer is not accepted by Messrs. Gischler and Mende, the co-ops propose to build a third elevator of their own in our little town. Several propositions have been received by our Gin Committee for establishing a gin here. A Mr. Brownlee of Dallas, offers to build a gin here costing from \$15,000 to \$20,000 if the town will put up a bonus of \$5,000. A committee was appointed to ascertain the amount of bonus that could be raised. On Saturday of last week Mr. O. F. Lange and Mrs. Rose Conway, both of this place, drove to Clovis and were quietly married. The fact did not become known in Friona until some time Monday, and Oscar and his bride have since been very busy receiving the congratulations and best wishes of their friends. The groom is the popular manager of the Rockwell Bros. & Co. lumber yard here. A motion, which passed unanimously

### JOEL

Winter is lingering long in the lap of Spring. The ground hog didn't make any mistake in seeing his shadow this year, for we have had six weeks more of winter weather and then some for good measure.

The teachers and pupils are busy preparing work for the school fair which comes on March 25. Four schools will combine, Wyche, Rice, Dawn and Askren, and the fair will be at Askren school in the afternoon, beginning promptly at 1:00 o'clock. Be on hand to encourage both teachers and pupils and enlighten your self.

Mrs. H. T. Green and son, Robert, spent Sunday in the home of their daughter and sister, Mrs. Lee Conklin. Mr. and Mrs. Lester Galley took dinner with Mr. and Mrs. Walter G. Slagle one day last week.

O. L. Sharp took his mother, Mrs. Odem, and her two grandchildren to Clarendon last week, returning Saturday, bringing his son Orin back with him for a short visit with home folks. Orin left Sunday evening to take up his school work again.

To make the most of his short stay at home Orin invited in the young people Saturday night for a party, and they came in haste for Orin is popular with the young people. At a late hour ice cream was served. It is needless to say they all enjoyed the evening.

What might have been a very serious accident Sunday resulted only in a scare as far as the occupants of the car were concerned but the car did not come out so lucky. Horance Hershey was driving Grill Curtsinger's car. Mr. Curtsinger and Miss Eda Park were in the back seat. Horance was driving about twenty-five miles an hour, when one of the front wheels came off and that wrecked the wind shield. They managed to get the wheel on and after getting Miss Hazel Green they came to Sunday school but found the accident had delayed them so long Sunday school was over. We are glad the accident was no worse and no one hurt.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Castro County, Texas, Greeting:

You are hereby commanded to summon Scott & Blackmer, D. A. Scott, R. C. Blackmer, and the First National Bank of Chicago, by making publication of this citation in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county in which a newspaper is published, once each

week for four consecutive weeks previous to the return day hereof, to appear at the next regular term of the District Court of Castro County, to be holden at the Court House thereof in Dimmitt, Texas, on the Third Monday in April, 1924, the same being the 21st day of April, 1924, then and there to answer a petition filed in said Court on the 4th day of March, 1924, in a suit, numbered on the Docket of said Court No. 1409, wherein John S. Albracht and Rosa Albracht are plaintiffs, and Scott & Blackmer, D. A. Scott, R. C. Blackmer and First National Bank of Chicago, are defendants, said petition alleging that plaintiffs on Sept. 16, 1918, executed and delivered to said defendants Scott & Blackmer, a promissory note for \$1575.00, dated September 16, 1918, and to secure the payment thereof, executed, acknowledged and delivered to said Scott & Blackmer, a deed of trust on all of the N. W. 1/4 of Section No. 262, in Block M-6, S. K. & K. lands in Castro County, Texas, which said deed of trust is recorded in Vol. 10, at page 567 of the Deed of Trust Records of Castro County, Texas.

Plaintiffs allege that at the time said

deed of trust was given to the said Scott & Blackmer, securing said note for \$1575.00 there was an indebtedness secured by valid liens on said N. W. 1/4 of Section No. 262, Block M-6, Castro County, Texas, aggregating \$1575.00.

Plaintiffs allege that on said Sept. 16, 1918, they executed another promissory note to the defendants Scott & Blackmer, for \$850.00 and to secure payment thereof, executed, acknowledged and delivered to said Scott & Blackmer, a deed of trust on all of the S. W. 1/4 of Section No. 262, in Block M-6, S. K. & K. lands in Castro County, Texas, which said deed of trust is recorded in Volume 10, at page 571, of the deed of Trust Records of Castro County, Texas.

Plaintiffs allege that at the time said deed of trust was given to the said Scott & Blackmer, securing said note for \$850.00, there was an indebtedness secured by valid liens on said S. W. 1/4 of Section No. 262, Block M-6, Castro County, Texas, aggregating \$850.00.

Plaintiffs allege that each of said respective notes were given and the respective deeds of trust executed in consideration of the said Scott & Blackmer paying off and satisfying said res-

pective amounts of indebtedness secured by said respective tracts of land and that each of said respective deeds of trust recited that the said Scott & Blackmer should and would use the money for which said respective notes were given to pay said pre-existing indebtedness against said respective tracts of land.

Plaintiffs further allege that the said notes for \$1575.00 and \$850.00 respectively, and respective deeds of trust securing same, were thereafter sold and assigned to the defendant, The First National Bank of Chicago, which is now the holder thereof, but that it acquired the same with full knowledge of the purposes for which said notes and deeds of trust were executed.

Plaintiffs allege that no part of either of said indebtedness against either of said tracts of land has been paid and that said pre-existing indebtedness now constitute liens against plaintiffs' land.

Plaintiffs further allege that as part of the same transaction, they executed to said Scott & Blackmer, two series of notes, dated Sept. 16, 1918, to-wit: one note for \$80.00 and one note for \$50.00, and to secure the payment of said two notes they executed to said Scott & Blackmer, a second deed of trust on S. W. 1/4 of Section No. 262, in Block M-6, Castro County, Texas, and to secure the payment of the second series, to-wit one note for \$110.50 and one note for \$110.00, they executed to said Scott & Blackmer a second deed of trust on said N. W. 1/4 of Section No. 262, Block M-6, Castro County, Texas, which said deeds of trust are of record in Vol. 10, page 580 and 582, respectively of the Deed of Trust Records, of Castro County, Texas, and that said notes were executed and said deeds of trust were given as part of the agreed interest on the said principal notes for \$850.00 and \$1575 respectively. Plaintiffs allege that the consider-

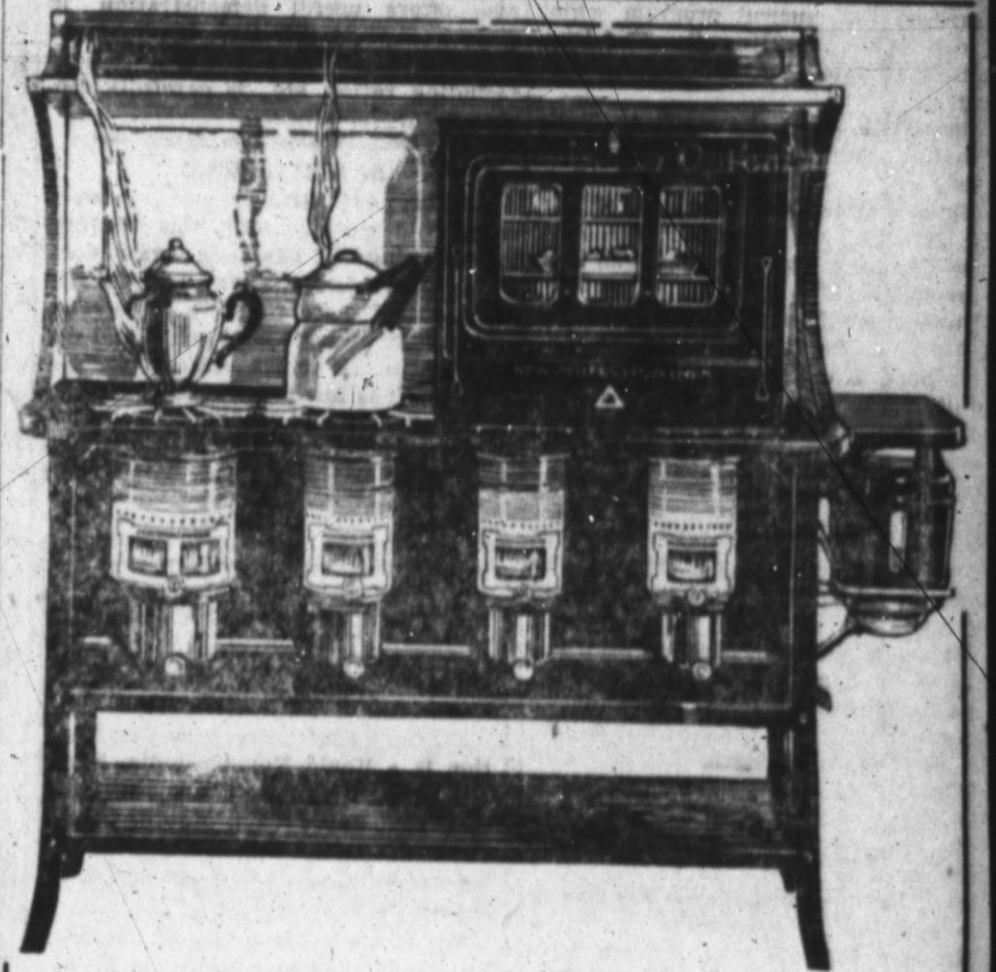

ation for each and all of the said notes and each and all of the said deeds of trust has wholly failed and that the said four deeds of trust and the records thereof casts and creates clouds on plaintiffs title to their said land.

Plaintiffs pray for the cancellation and annulment of all of said notes and deeds of trust and assignments thereof, for restitution of their said land and premises, and that the cloud cast on their title be removed.

Herein fail not, but have before said Court on the said first day of the next term thereof, this writ, with your return thereon, showing how you executed the same.

Given under my hand and seal of said Court, at my office in the town of Dimmitt, Texas, this 5th day of March 1924. (seal) **JOB HASTINGS,** Clerk of the District Court of Castro County, Texas.

# Get Your Cotton Seed NOW!

Our patrons may be interested to know the results of the germination tests on the ACALA and MEBANE cotton seed we have on sale, which we recently sent in to the proper State Department for examination. The official reports have just been received as follows:

## ACALA SEED

Purity	99.7 percent	Germination	92 percent
Inert Matter	.3 percent	Live Seeds, approximately	95 percent
Other commercial seed	none	Weed Seeds	none

## MEBANE SEED

Purity	99.7 percent	Germination	82 percent
Inert Matter	.3 percent	Live Seeds, approximately	85 percent
Other commercial seeds	none	Weed Seeds	none

These reports are hard to beat! It's a good buy and the planting season is crowding in—better place your order NOW!

## Now! you can get a DeLaval Separator FOR

**10% DOWN**  
\$6.60 to \$14.30 Down  
**6% a month**  
\$3.96 to \$8.58 a month

## The Best Separator on the Easiest Terms

NOW you can buy the world's best cream separator on the easiest terms. 10% down puts a De Laval in your home, and 6% a month for 15 months, without interest, pays for it. On such exceptional terms a De Laval will have paid for itself long before the final payment is due. We are making such an unusual offer because we want every farm in this community to have a De Laval. There is now no reason why every farm can't have one—the payments are so small you will never miss them. We know, and the experience of over two and a half million users proves it, that the De Laval skims cleaner, lasts longer, and is easier to clean and operate than any other cream separator—that's why there are as many in use as all other makes put together. The De Laval has always been known as the best and in the long run the cheapest—and on such terms you can't afford to be without one. And remember you can always get service and repairs on a De Laval, no matter how long you may use it. Call us up or stop in and let us go over this proposition with you.

 ing relatives from Happy this week.  
 Mr. and Mrs. Bill Ewers and daugh-  
 ter motored to Hart Sunday and spent  
 a day with Wiley Scott and family.  
 Will S. Kerr and Tony Vaughn from  
 Inyon were visitors in Dimitts on  
 Saturday.

Mr. and Mrs. W. D. Duree and chil-  
 dren spent the week end in Tulla.  
 Much interest is being displayed in  
 regard to the musical program which  
 is to be given the 27th. Some of Dim-  
 itt's best talent is included in this  
 program.

Jim Webb spent the week in Tulla  
 with his parents, Mr. and Mrs. C. H.  
 Webb.

Maxine Brownlee, daughter of Mr.  
 and Mrs. A. M. Brownlee, has been  
 ill this week. We hope she soon  
 recovers.

Funeral services were held Saturday  
 3 o'clock for the infant of Mr. and  
 Mrs. Boyd Kimble of the Bethel com-  
 munity.

Dr. Mayes Miller, who took sick on  
 Tuesday night, has had in attendance  
 Mrs. Guest and Owens of Plainview.  
 Dr. Miller was taken to the Plainview  
 hospital, where he will take treatment  
 for a few days. Judge Ray E. Sheffy, who  
 made the trip, reported the doctor stood  
 the trip fine.

Mrs. C. E. McLean, who has been visit-  
 ing in the home of her son, Bruce Mc-  
 Lean, left Saturday for Lubbock, where  
 she will visit in the home of her daugh-  
 ter, Mrs. Helen Hodges.

 near Nazareth, spent the week end with  
 her parents.

Mrs. Harvey Cash of Canyon, a former  
 resident of Dimitts, has been visit-  
 ing her many friends here. Mrs. Cash  
 is president of the Parent Teacher Asso-  
 ciation in Canyon and is one of the  
 most successful club workers in this  
 district.

Mrs. Mayes Miller spent Sunday and  
 Monday in Plainview.

Mrs. Etta Brashears and Mr. and  
 Mrs. Edwin Ramey were shopping in  
 Amarillo last week.

The vocational agriculture class, un-  
 der management of M. R. Avery, is re-  
 sponsible for much of the improvements  
 made on the school grounds Saturday.  
 Mr. Avery, Cooper Woodburn and the  
 agriculture boys made a nine mile trip  
 to secure sixty trees to set out on the  
 school grounds. The agriculture boys  
 had previously made preparations for  
 planting the trees. A lawn fence is to  
 be erected at an early date, and possibly  
 other plants will be added for beautifi-  
 cation of the school grounds. In addi-  
 tion to this practical work, Mr. Avery  
 also offers useful demonstration in  
 class work. At this time the boys are  
 making bulletins in which their lessons  
 including ratios, etc., is carefully ta-  
 bulated for reference.

 windy March all the way but we still  
 hear it said more snow an dless sand.  
 Some claim to have kept count and say  
 this makes 17' snows already for the  
 winter. It is fine on the heavy acreage  
 of wheat, oats and speltis.

 Makes Buick Value**

Buick value is something more than appears  
 on the surface. It is more than the excellence  
 and beauty of Buick design—more than the  
 greater riding comfort, power and safety that  
 Buick provides. Buick's value comes from  
 the sum total of all those Buick qualities and  
 traditions which together make up Buick  
 character. A Buick owner fully appreciates  
 Buick character. He knows the dependable,

# You Need Not Fail Brand

Ever hear of Joseph Randolph Nutt? He's the millionaire president of the Union Trust Company of Cleveland, Ohio, owns a bank of his own, is a director in a dozen powerful and prosperous corporations, and directs the investing of over a quarter of a billion dollars annually.

Sounds fine, doesn't it, but only a few years ago, about forty, in fact, Joe Nutt, as they called him, was earning only \$1.50 a week as an errand boy in a Uniontown, Pa., dry goods store and living on it. He had to. His story of poverty, struggles and hardships would fill a book. You can picture them. But Joe Nutt determined to win

out in life and to "get an education as well," so after a long day's toil in the store he attended school and succeeded by sheer grit in graduating with honors. Then he went to work in a drug store at \$3 a week and saved fifty cents out of every pay envelope. His next step upward was as a clerk in a miners' supply store where his refusal to stop working at quitting time brought him local fame. He was offered a job in a coke company at \$5 a week, took it, saved \$2 out of every \$5, and a year later went to work for H. C. Frick at its Redstone plant. When the panic of 1893 came Joe lost his job, but he had a bank account and with it he

went to Akron, Ohio, and bought out a jewelry store. In his spare time he studied investments and real estate. When he was 23 years old he organized a bank and backed another one. A few years later he was chosen president of the Union Trust Company of Cleveland.

His advice is to: First, save. Second: Study the investment field. Third: If you are sure of the new enterprise, make doubly sure of its management and then invest moderately.

by the Chamber of Commerce Monday night, provides that an invitation be extended to the Friona Women's Club to meet with the Chamber of Commerce at its next meeting, on the night of March 31. Some topics of equal interest to both organizations will be discussed and acted upon.

On Monday night our town was visited by Prof. Phillips of the Teachers' College at Canyon, and Mr. Holland of the Mistletoe Creamery of Amarillo, who delivered lectures respectively on the subjects of Poultry raising and Dairying in the Panhandle. Both lectures were illustrated by stereopticon views and were highly instructive and of vital interest to those who heard them. The lectures were delivered in the school auditorium and many were the complimentary remarks made by the speakers concerning the construction, equipment and management of our new school plant. Prof. Buckner seems to be obtaining considerable deserved popularity on the successful operation of his "Honor System" in the study hall.

R. L. Hicks, one of our popular oil dealers, who has been for the past two weeks on an extended business and pleasure visit through central and south Texas, returned home Sunday evening. Mr. and Mrs. R. H. Kinsey, who have been the past several weeks in southern California, on a pleasure trip, returned home last week. Much of the pleasure of the trip was spoiled by a severe spell of sickness which Mr. Kinsey suffered, which kept him confined to his bed for several days. We are glad to have "Rube" and "Mother" back home with us again.

**FRIO-EASTER COMMUNITY**  
It has been some time since we have seen any thing in "The Brand" from the "Frio-Easter Communities." These two communities are very much alive and work together in every thing.

Altho the weather was disagreeable we had fifty-nine in attendance at Sunday school March 16. Our Sunday school meets at 2:30 p. m. and we are glad to have visitors any time. The

Sunday School will send this week a check to the amount of \$30.00 to the orphan home in Amarillo. The Superintendent will designate one Sunday in each month when the contributions will go to the orphan home.

Regular meeting of the Frio Literary Club will be held Saturday night, March 22. Everyone invited. We have good programs at every meeting, and have been favored twice this year by programs rendered by Hereford people, which we appreciated very much. The curtains for the stage are now completed and up. They are beautiful and will be a great aid to us in rendering our programs.

Most of the farmers in this community will plant from twenty to one hundred acres of cotton. Several have been hauling out seed this week.

The petition circulated for holding a bond election to build a new school house in the Easter District was signed one hundred per cent.

The Young Peoples Sunday School Class enjoyed a candy social Saturday night, with the Misses Sullingers as hostesses.

Mr. and Mrs. Kenneth Hunter were Sunday guests of Mr. and Mrs. Bob Knox.

Mr. and Mrs. Henry Allman, Mr. and Mrs. Carl Frye visited in the Will Dixon home Sunday.

Frank Corn and family of Hereford are now living on the Carlyle place, recently improved one fourth mile west

of the Frye place.

E. Dixon motored to Plainview Saturday after Mrs. Dixon and children. Mrs. Dixon visited relatives in Plainview.

Ollie Dixon of Coo community visited in the home of Mr. and Mrs. Verle Sullivan Sunday.

Singing at the Frio every Sunday night.

### SHERIFF SALE

State of Texas, County of Deaf Smith. By virtue of an order of sale issued out of the Honorable District Court of Deaf Smith county on the 4th day of March, 1924, by the Clerk thereof, in the case of Charles Kelly versus J. R. Moseley et al No. 1416 and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in April A. D. 1924, it being the 1st day of said month, before the Court House door of said Deaf Smith county in the City of Hereford the following described property, to-wit: Lots 11 and 12 in Block No 2 in the Town of Hereford, in Deaf Smith county, Texas. Levied on as the property of Mrs. Maggie Hopper, a feme sole to satisfy judgments amounting to \$776.25 of which \$332.50 is in favor of Charles Kelly and \$143.75 is in favor of J. R. Moseley, and cost of suit.

Given under my hand, this 6th day of March, 1924.

**SERVICE**  
The service rendered to clients by this bank involves the most modern methods, founded on old-school conservative banking practice. It is the bank's aim to keep pace with the rapidly changing phases of business and at the same time pursue a course which is above criticism by even the most conservative customer.

Your banking business will be handled by this bank in a modernly efficient, yet conservative and safe manner.

**Not Like a Sack of Flour**  
You drop into the grocery store and ask for a sack of flour. "I have a truck load on the way," says the grocer, "and will send it over in a couple of hours."  
That is perfectly satisfactory.  
You press the button. Suppose the Electric Company would tell you that they were out of it just now but would send over a package of light in a couple of hours.  
The difference is that the Electric company sells service and not a commodity. It must be ready to serve its customers when they want the service. It is as reasonable for an Electric Company to be expected to be ready to serve any minute of the day as it is reasonable for the dealer in staple commodities to take two hours to make delivery.  
But this is a factor in the Electric Service that many users of the service have not considered when they appraise the service.

**Just Suppose**

**There are few, indeed, who realize the place of insurance in the work and the life of the world. If insurance suddenly should be eliminated as a factor in modern civilization, its fundamental importance at once would be appreciated. Such a catastrophe would bring about the collapse of our whole well-knit industrial system, would paralyze transportation and distribution, would throw back credit to the pawn-shop stage of existence, would ruin banks, stop building, increase prices enormously and destroy at a single stroke most of the material progress of the world during the last hundred years.**

**ISAAC WALTON LEAGUE ORGANIZED**

(Continued from Page One)  
 11. The united support of those public officials, regardless of their party affiliations, who show themselves to be in sympathy with the principles of true conservation.  
 12. The fullest measure of co-operation between all organizations devoted

to the interests of the outdoorsmen of America.

13. An unceasing, aggressive, educational campaign to the end that the objects of the Isaac Walton League of America will be attained.

Now therefore, in order that we may assist in carrying out the above named purposes, which cannot be effectively accomplished without systematic cooperation, do associate ourselves together as an organization to be known as the "Hereford Chapter of the Isaac Walton League of America," on this the 20th day of March, 1924.
