Editors and Commercial Secretaries Hold Successful Meeting at Lubbock on San Jacinto Day.

- A. W. Callahan, Tulia, Pres.
  - Julian Bassett, Crosbyton, V. P.
  - Frank Parker, Plainview, Treas.
  - Don H. Biggers, Lubbock, Sec'y.
- The next meeting will be held at Crosbyton, Texas, on June 8.

A closer affiliation of newspapers and commercial clubs in the Panhandle, a yearly exhibit at the Dallas Fair, including a \$10,000 building, encouragement of the diversification idea among the farmers, a pull altogether for the establishment of experiment farms in the Plains country, an emphatic endorsement of plans for higher education, and a resolution to locate the recently authorized State Normal for the Plains country in this section—all these worthy and energetic ideas were advanced Wednesday at Lubbock at the birth of a new child of the Plains, christened the Federation of Newspaper Editors and Commercial Clubs of the Panhandle, Plains and South Plains of Texas.

The need for such an organization has been apparent for months past, and the gathering at Lubbock was the result of a call issued by Don H. Biggers, secretary of the Commercial Club at that point. Close to a hundred delegates were in attendance, and the enthusiastic work of all the delegates present attested the spirit of the occasion and gave great promise for the future. Lubbock, Hereford, Canyon City, Big Springs, Tahoka, Gomez, Crosbyton, Lockney, Plainview, Tulia and Dimmitt were represented by delegations; Amarillo and Roswell, two of the main advocates of the organization, being unrepresented. The convention was called to order at 9 a. m. and adjourned finally at 2 p. m., the delegates then repairing to the new opera house to hear an address by Mr. Kone, State Commissioner of Agriculture. A small party including Mr. Kone, departed in the late afternoon for Crosbyton, where another address was delivered, though the bulk of the delegates departed for their homes.

Hon. O. L. Slaton, brother of Judge J. P. Slaton of this city, delivered the welcoming address for Lubbock, his remarks being in a most happy vein and meeting the enthusiastic approval of the convention. He struck a responsive chord when he mentioned the fact that the meeting was being held on the seventy-third anniversary of the battle of San Jacinto. "Uncle Joe" Foster, editor of the Plainview Herald, responded for the visitors. The business of the convention was then taken up, Julian Bassett of Crosbyton being elected temporary chairman and Mr. Thomason of Dimmitt Sec-

A special committee appointed recommended the officials named above to guide the fortunes of the new organization, the report being unanimously adopted. Mr. Callahan of Tulia was elected permanent chairman and took the chair. Several standing committees were appointed: executive, educational, Panhandle exhibits at the Dallas Fair, etc., the personnel of which will be published next week.

Quite an animated discussion took place over the selection of a proper name for the federation, the rather long title adopted being finally selected to satisfy all parties concerned. During the intermission and while the committees were conferring several short talks were made, the most notable probably being that of Mr. Dillard, the man who established the Lubbock Avalanche, hauling his outfit over land from Amarillo. His humorous story of the difficulties encountered in those early days simply brought down the house.

The report of the committee on resolutions, embodying the real intent and purpose of the federation, received the closest attention and hearty approval of the delegates. Every "plank in the platform" carried with it a sound suggestion of that is most needed for the common welfare of the Plains country, the report as a whole representing the undivided sentiment of the promoters of the movement. Secretary Biggers promises to send out within a few days a complete statement of the convention's actions, for the approval of the various papers and clubs represented, after which the various committees appointed will get into active harness and push the subjects allotted them to a various completion.

At 10:30 o'clock in the afternoon the convention adjourned temporarily and the delegates were taken for an auto ride to the various points of interest. Photographs were made of the forty autos laden with human freight, after which the procession headed for the beautiful farm home of Mr. George Boles, a few miles from town. Mr. Boles has an ideal Plains stock farm, including a neat little lake and every minute of the visit was thoroughly enjoyed.

The world-wide fame of the hospitality of the West was never more thoroughly demonstrated than by the citizens of the thriving little city of Lubbock. The money of the visitors was counterfeit, so far as purchasing power was concerned, and the little city was literally turned over to the delegates. The reception committee met all incoming autos and placed the delegates who arrived too late to be accommodated at the hotel in private residences of the citizens. The praises of Lubbock hospitality were sung on all sides by the admiring visitors, and the town where the federation had its birth has set a high water mark in the entertainment line which will be hard to emulate in the future.

The fight for the next place of meeting promised to be a warm one, ambitious little Crosbyton finally landing the plum, with the best will of all. Future meetings will be held ever three months, the idea being that while a large representation cannot be expected every time, the meeting of a part of the body quarterly

may tend to keep the wick lighted and thus continue to send out new light continually.

The Hereford delegation consisted of A. C. Elliott, editor of the Brand, his brother, Robt. Elliott and Secretary Holman of the Commercial Club, who was accompanied by his wife. Mesdames Holman and Parker, the latter of Plainview, received the unique distinction of a vote of thanks from the convention for their attendance, being the only lady delegates present.

**Veterinary Notice.**

I am still at Collup's wagon yard for dental work or day calls. Phone No. 1. Residence Phone 142. 11-1f DR. F. E. BOWE, V. S.

Watch for article on "Pudding Plants" in next issue, by Nelson the plant man. Read it, it's worth your time. 1t

**Wedding Bells.**

Estes Woodburn and Miss Lula Stapleton both of Dimmitt were married last Sunday at Dimmitt. Mr. Woodburn is the son of E. T. Woodburn of this place and has many friends here who wish the young people much happiness in their hazardous enterprise.

**500 Club.**

The 500 Club was elegantly entertained at the residence of Dr. and Mrs. J. G. Hendricks Tuesday afternoon. Miss Katherine as hostess. The guests arrived promptly at 4 p. m. and interesting games began and after much merriment and a close contest Mrs. Claude Witherspoon was declared champion and wore off the ribbon. All the guests were gowned in handsome costumes. The hostess wearing an elegant crepe costume.

An elegant two course luncheon was served. The first course consisted of molded chicken, beaten biscuit, olives, nut salad, in apple cups, cherries and dill pickles. Second course, strawberries, brick cream and angel food.

Besides the club members were: Mrs. Charles C. Ferguson, Mrs. Alice Lee, Miss Sudie Bell Warren and Miss Frances Hammock.

The Five Hundred Club met Tuesday afternoon with Miss Kate Hendrix. Substitutes were provided for absent members, and the afternoon was spent in a most pleasant rivalry for the Club ribbon, which was won at the close of the seventh game by Mrs. W. C. Witherspoon. Miss Hendrix served a delightful two

course luncheon consisting of pressed chicken in patty shells, wafers, olives, fruit salad in apple cups, metropolitan cream and cake. Dainty spring pansies lay on each plate as favors for the guests. The following ladies had the pleasure of receiving Miss Hendrix's hospitality: Misses Hammack, Warren and Potter; Mesdames Price, Ferguson, Lea, Matthews, W. C. Witherspoon, J. N. Russell and Emmett Cardwell. All departed at a late hour voting Miss Hendrix a most delightful hostess. The Club meets with Mrs. L. W. Hough next Tuesday evening at 8 o'clock. Club Reporter.

DIRECTOR

### DIRECTORS MEET

Annual Fair, Panhandle Normal School, Experimental Station, Wheat Growers Association, and Other Things Discussed.

At a called meeting of the Directors of the Commercial Club last Friday night in the office of President Knight many things of general interest were discussed. Those present were: W. M. Knight, J. L. Fuqua, L. Gough, J. E. Garrison, A. C. Elliott, two members being out of town.

The first question which was discussed at length was the advisability of organizing a Wheat Growers Association similar to the East Texas Fruit and Truck organizations. It

was moved that the president of the Farmers Institute be asked to join in a call for a meeting of all farmers in the Hereford district to meet at the courthouse at some near date and there lay plans for such an organization, the purpose of which will be to take up the scientific study of wheat, methods of preparing the soil, planting, cultivating, harvesting and marketing.

By general consent it was agreed to co-operate with the Benevolent Club in making Wednesday, April 21, clean-up-day.

The question of joining with other Panhandle counties in the erection of a suitable exhibit hall at the Texas State Fair was discussed and it was agreed by motion that the Club would unite in the enterprise. In this connection, it was brought out that Hereford must be represented at the Fair this fall and it is proposed to make the exhibit worth the

efforts.

Two matters which will be presented to the Club for its consideration are: the location of the Panhandle State Normal School and the Experimental Station. The president will call the general meeting. It is proposed to work for the location of one or both of these institutions.

The meeting of the Club Secretaries and newspaper men at Lubbock was brought up and the following delegates were appointed: Geo. Irwin, D. C. Laird, L. Gough, A. C. Elliott, W. M. Knight, with the privilege those appointed could select others if they desired, or if others wished to attend. This meeting was held on Wednesday this week, a report of which is given in another column.

The question of electing a secretary was discussed at some length. Only a few applications were on file. This matter was postponed until Monday at the noon luncheon, when another meeting of the Directors was held at the Iowa Hotel. At this session and after a thorough canvass, the name of S. B. Holman was selected from the number of applicants. He comes highly recommended to the Club. Such men as Captain Paddock of Fort Worth; J. A. Arnold, secretary of the Texas Commercial Secretaries Association; and other men of prominence in the state give Mr. Holman letters of commendation. He has been here for a month and has already become thoroughly alive to the conditions of the Hereford country. He assumes the duties of the office today and will be temporarily located in Hon. Carl Gilliland's office.

## GOODNIGHT COLLEGE BOY WINS

Carries off Prize in Panhandle Oratorical Contest—Next Meet at Hereford.

In the oratorical contest at Goodnight, Friday evening, April 16, the championship was won by Student W. D. Bracken of Goodnight. Three schools contested, Canadian Academy, Hereford College and Goodnight Academy. The exercises were held in the large hall of the Goodnight administration building which was crowded to the limit of its capacity.

The following program was rendered: Invocation, Rev. J. L. Walker; vocal solo, Miss Grace Tepe, Canadian Academy; song, Hereford Glee Club of thirteen young ladies; piano solo, Miss Katlee Lass, Goodnight Academy; oration, "The Saloon a Factor in the Destiny of Texas," Arthur Rogers, Hereford College; oration, "A Mistaken Policy,"

S. B. Carr, Canadian Academy; oration, "Why We Need a Stronger Navy," W. D. Bracken, Goodnight Academy.

The large audience was delightfully entertained by the music of the young ladies. And it was the universal verdict that the young men acquitted themselves with honor and with credit to the schools they represented.

President Haile of Hereford College with a large representation from his school, fifty-four in number, came through in automobiles.

President McDonald of Canadian Academy also brought a large representation. Besides these were visitors from Claude, Amarillo, Channing, Groom and other points. Rev. J. H. Bennett presented a medal which cost \$25 to the young champion, W. D. Bracken.

All guests were entertained at the Academy dormitories and by the citizens of the town and all went away pleased with Goodnight hospitality. There were ball games in which Hereford and Canadian teams and Goodnight young ladies won honors.

The next annual meeting of the Oratorical association will be held at Hereford.—Daily Panhandle.

### Fruit Crop Prospects.

The peach and apple crop mostly went the way of the northern winds, but the plums, the cherries, strawberries, gooseberries and all the other kinds of berries are loaded with fruit that looks good to the man that has a young orchard just ready to bear. Grapes are just beginning to put out and with the rest of the fruit are late enough that they have a fine prospect of giving Mr. Jack Frost the dodge this year. Those who have not done so should not let the season go by without planting a few grapes and berries of some kind. It's hard to stop advertising what varieties of fruit to plant here when so many different kinds do so well. The man who buys much fruit out of the stores after having owned a home here for three or four years simply don't provide for his family as he should. Let every one plant a little patch of ground in some good fruit and you and your wife and children and your neighbors will all be proud of it some of these days when it is ripe, red and luscious.

YOU'LL find it worth while, when you do any painting or have it done for you, to ask your painter to tell you how many gallons you will need for the job.

Then order Devoe Lead-and-Zinc Paint; as many gallons as he says. arrange with the dealer to take back what isn't used.

You'll take back from a quarter to a half the quantity you order, as a rule; a direct saving of money to you. It has been proved many times. Order Devoe.

11 ALFALFA LBR. CO., AGT.

### Off to Lubbock.

The editor of the Brand and his brother Robert accompanied by Mr. S. B. Holman, the new secretary of the Commercial Club were off for Lubbock Tuesday morning to attend the Panhandle Press Association which is held there this week in connection with the joint meeting of the Commercial Clubs of the surrounding counties. Something must be going to happen when two such illustrious bodies meet in joint session. We await the report with interest.

Keep both eyes on Baskin Heights. 1-tf

Geo. W. Dale of Clovis is in town today.

E. B. Black was at Bovina yesterday afternoon.

Miss Nettie Patterson is visiting in Portales this week.

The Ladies' Furnishing Store for up-to-date millinery. 1t

J. E. Garrison left yesterday for a three week's stay at Mineral Wells.

Miss Elma Brunk is spending a few days with friends in Canyon City.

The newest styles in tailored suits and skirts at the Ladies' Furnishing Store. 1t

Walter Fincher who has been living out on the Howard ranch moved into town this week.

C. L. Sullivan and wife and Mrs. Joe Kelough were in Amarillo on business Monday.

Edgar Johnson, Burl France and J. C. Callens are back from a trip to their claim in New Mexico.

Mrs. D. J. Palmer left Tuesday for a visit to her mother at Dallas. Mr. Palmer accompanied her as far as Canyon.

The Ladies' Furnishing Store for up-to-date millinery. 1t

Miss Bernice Long is visiting friends in Canyon City.

Time flies. Kemp Lumber Co. have Screen Doors. See 'em. 10-3t

Mr. Tom Speakman of Canyon was in Hereford this week visiting friends.

A. F. Holmes of Summerfield, Texas was in Hereford today and paid the Brand office a visit.

The newest styles in tailored suits and skirts at the Ladies' Furnishing Store. 1t

A good business lot given away every day of the auction sale of lots at Adrian, May 10, 11 and 12. You must be on the ground to get a free chance. 11-3t

There is a difference in "intelligent" dressing and philosophical dressing. The first is to keep your dress up with fashionable fads, and the latter is to keep your pocketbook up with your dress.

Two brass Bands, big barbecue and a grand dance each night, a roping exhibition, horse races at the Panhandle Settlers Reunion at Adrian, Texas, May 10, 11 and 12. 11-3t

Jacob Brevig of Bovina died suddenly at his home yesterday afternoon. He was about 65 years old and had been in the Panhandle but a few months. His remains were shipped to Wisconsin.

W. J. Suckow, field secretary of Grinnell College, Iowa, is in the city this week. A. G. Eisenhart of Burlington, Iowa, and Mr. Suckow called at the Brand office yesterday and chatted about the Panhandle.

The next meeting of the Panhandle, Plains and South Plains Federation of Commercial Secretaries and Newspaper Editors will be held in the year-old city of Crosbyton. This town is fifty miles from the railroad but that matters little.

#### Too Late to Classify.

FOR SALE—The Iowa Hotel for sale or trade. See L. Gough. 34-tf

FOR SALE. Will sell at sacrifice 160 acres 1 1-2 miles from Kelso. One thousand dollars down, balance one to seven years. Address box 734, El Reno, Oklahoma. 10-4t

NEW 4-room bungalow, nicely painted and papered, well with windmill, stable 12x24, lot 100 ft., front 200 ft. deep, east front; this place is near the College. Price \$1,500. For terms see C. O. Lee. 9-tf

W. W. Shook of Alton, Illinois, is in Hereford this week. He will probably put in a flouring mill here some time in the near future.

D. W. Weller of Phoenixville, Pa., is in the city today. Mr. Weller was here in January and has visited all the main towns of the Panhandle and he pronounces Hereford the best yet.

Judge J. N. Haney and others of Canyon City were in Hereford this week trying to interest the Commercial Club to take up the cause of

Canyon in her efforts to secure the location of the State Normal for the Panhandle. She wants Hereford to help her, if Hereford does not want it herself. This question will be settled tomorrow.

Right here is the secret of awkwardness. It is self-consciousness. A girl who thinks about how she is going to look when she extends her hand will hold it out as stiff as a pump handle. If she is worried about the appearance of her walk she will stalk over the landscapes

like a wooden dummy. What a person does gracefully is done unconsciously. So if a person would learn grace she must first learn how to do things unconsciously and she can only learn to do things unconsciously by doing them often.

#### Calendars.

We have a nice line of calendars on display at the Brand office. If you think of purchasing, come in and look them over. Whether you buy or not they are goodly to look upon, and we will not be unfriendly if you fail to make an order.

**CLEANER HEREFORD**

Nobody didn't get hurt and nobody didn't burn up the town and nobody didn't get over heated but we have a much cleaner town than we did the first of the week. Wednesday was a state holiday, the anniversary of the battle of San Jacinto and Hereford made it of double importance by a general clean-up. By a request from the President of the Commercial Club the whole town resolved itself into a committee of the whole to make Hereford a clean town more. We don't do things here by halves, so early in the morning the little trash piles began to burn and the tin cans and other rubbish began to accumulate to await the trash wagon. The front yard, the back yard, the back street and the alley soon took on a new appearance and looked like the pride of a prince. Hereford already has the reputation of being a clean town, well situated and an enterprising citizenship, and she can make no better investment either in time or money than to keep her streets, alleys and yards in prime condition for the many stranger's eyes that see them every week. It isn't much trouble to do this work. It's only getting at it. It is the best advertisement and the most appreciated invitation we can give to a stranger to settle among us. It is pleasant to live in a town where so nearly everyone will respond to such an invitation to "Clean-up." Only one thing would be more pleasant and that would be for all to keep clean all the time. That would take some time and care but then wouldn't we be proud of our town.

HEREFORD is receiving a good deal of favorable comment in the papers on account of the recent efforts of the Commercial Club and the new life which has been put into it.

DOES Hereford want the Panhandle Normal School? Let the Club say it, at the call meeting. If you want it, you will have to ask for it, work for it, dig for it, pay for it, and then work for it. It will pay.

NOW THAT the Directors have chosen a man for secretary, let every member of the Club lend his assistance. If you did not get your man in, show your loyalty to the Club by your efforts to help the man whom the Directors selected. Don't be children and refuse "to play" because the ball didn't roll in your hole. This is the time for men. The ladies are included.

An election has been ordered for May 8 to determine whether or not Plainview Independent School District shall issue bonds to the amount of \$30,000 to draw five per cent interest per annum and payable in forty years for the purpose of procuring a lot and erecting a public school building other than wood in and for said district. This election has more signification than any other project this town has undertaken in some time. It is a well recognized fact that our school facilities are are thoroughly inadequate to meet our present demands. Our school buildings comparatively speaking are many years behind the town and surrounding country. — Plainview News.

**Baggage Hauled.**

We have a baggage wagon in connection with our livery. Springs under neath for moving furniture without breakage. Trunks and express handled with care. Phone 249. SHERK & STANEK. 4-tf

**EMIGRANT MOVABLES**

What May Be Put in Car for Shipment—Classification and Freight Rates.

New people coming into the Panhandle have had so much annoyance in making shipments, that The Brand has taken the trouble to secure the rules of classification regarding "Emigrant Movable." As to the freight charges, this is a matter that must be determined by the particular territory in which the shipments start or originate. If those who intend to make shipment to Hereford or anyone in the Panhandle, will call on their agents several days before they intend to ship and make inquiry about the rates, the correct information will be given. But when you get the rate and it seems reasonable, always prepay or receive a guarantee from your agent that the rate will be as stated. Remember, however, that the railroads have a right to charge extra where other things other than "Emigrant Movable" are put into the car. Read the classification given below and follow that. Be sure to weigh your goods under the direction of the local agent—this will save you trouble, a lot of worry and perhaps some cash.

The term "Emigrant Movable" applies to household goods, pianos, not to exceed two, and articles enumerated below, viz: Tools and implements of calling (including hand and foot-power machines, but not including machinery driven by steam, electrical or water power, other than agricultural implements); books of professional men; second-hand store fixtures of merchants; second-hand farm machinery and vehicles (not including self-propelling vehicles, hearses and similar vehicles). Live stock, not to exceed ten (10) head in western classification (subject to declared valuations and premium charges shown under "Live Stock"); trees and shrubbery; lumber and shingles (not to exceed in the aggregate the equivalent of 2,5000 feet of lumber); fence posts (not to exceed 250 in number); or a portable house; seeds for planting purposes, and property included in the outfit of intending settlers, but does not include doors, new furniture, sash blinds, provisions, grain (unless intended for seed, or for feeding animals while in transit), general merchandise, nor any article whether herein enumerated or not, which are intended for sale or speculation. Household goods not the property of intending settlers are ratable as provided for household goods.

The number of live stock to a car of emigrants' movables will be limited to ten (agents will take release, using the usual form of live stock contract); transportation of man in charge will be governed by current rules of the companies adopting this classification, but no passes will be given for man in charge of shipments unless the car contains horses, mules, cattle, calves, sheep or hogs.

Value of household goods declared by shippers not to exceed \$5 per 100 lbs., min. wt. 20,000 lbs. western classification.

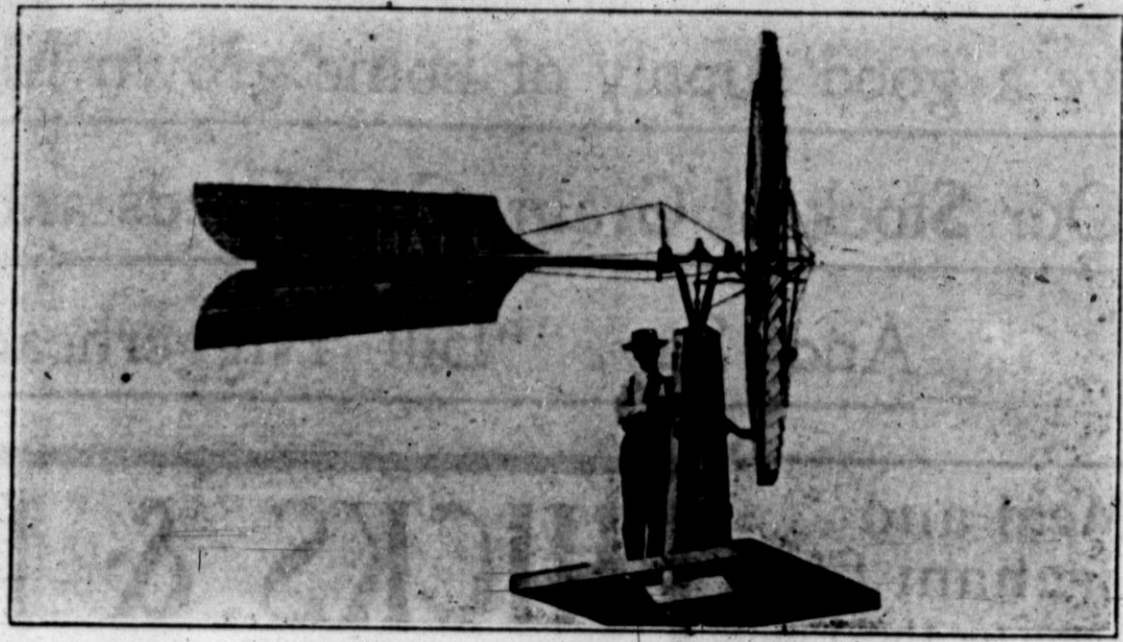

Western classification applies to all shipments starting or originating west of Chicago and the Mississippi river.

In shipments originating east of Chicago and St. Louis, known as the Eastern Classification, the minimum weight is 12,000 pounds for a 20 ft. car and 13,200 pounds for a 38 ft. car.

**TUCKER AUTOMATIC WINDMILL**

The only one in its class. High winds does not affect it. Will run with less wind with same load than any other.

Beach Hawk (edge drop) Planters and Listers, also Pulverizing Harrows. Best made, do not fail to see them, you need them. Sulky, Gang, and Walking Plows. Disc and Lever Harrows, Towers Pulverizers and Surface Cultivators, just the thing for this country—they keep the moisture in the ground. Arcadian Malleable Ranges, when you use one you will never regret the day you bought it, made of the best material and strictly up-to-date. Wagons, Buggies, Harness and Saddles. We have the celebrated Humane Harness, never hurts your horse. Shop in connection. Come to see us.

**Hereford Hardware Co.**

**Commercial Club Meets.**

The president of the Commercial Club has issued a call for a meeting of the Club Saturday night to see what steps if any are to be taken by Hereford to secure the State Normal that has been voted by the State Legislature to be located somewhere west of the 98th meridian. This was a very generous thought on the part of the legislature to give the growing western two-thirds of the state a whole school, yet if we have the best town for it and the most suitable location we want to try to show the locators the same and all pull together for the school.

The new experiment station which is also to be located somewhere in the Panhandle will also be discussed and if practical an effort made to secure it. We may not get either but it is worth the effort to let them know we are here and think we deserve it. If we can't grow as fast as we want to let's develop a good muscle in trying.

Either one of these institutions is well worth working for. It means a big lot of money turned loose by the state and a big influx of population and the other advantages that come to a town on this account. It means more yet; vigor, movement, confidence, self pride, and buoyant spirits. These are the sentiments that make a town grow and prosper and makes the other fellow want to live in it. Come out and say something.

**OIL COMPANY  
 IN STATE'S HANDS**

State Receiver Takes Charge of  
 Waters-Pierce Oil Company's  
 Business in Texas.

Sherman, Texas., April 21.—This  
 afternoon at 5 o'clock formal trans-  
 fer of the property of the Waters-  
 Pierce Oil Company was made by  
 Federal Receiver Chester B. Dor-  
 chester of this city to State Receiver  
 Robert J. Eckhardt of Taylor and  
 the State receiver is now in full  
 charge of the property of that con-  
 cern.

A large portion of the books, re-  
 cords and furniture of the receiver  
 was sent to Taylor this afternoon and  
 the balance will follow in a few days  
 as soon as the transfer can be  
 completed in all of its details. Mr.  
 Eckhardt will leave tomorrow for  
 Taylor, but his employes will open  
 the office in Taylor tomorrow morn-  
 ing, ready for business.

Assistant Attorney General Jewel  
 P. Lightfoot directed the transfer of  
 the property and the drawing up of  
 the several documents of transfer.  
 Others present at the time were: E.  
 B. Perkins, representing the Waters-  
 Pierce Oil Company; H. O. Head,  
 representing C. B. Dorchester as re-  
 ceiver, and D. W. Doom, the per-  
 sonal attorney for Robert J. Eck-  
 hardt.

Time flies. Kemp Lumber Co. have  
 Screen Doors. See 'em. 10-3t

**A Trip to Adrian.**  
 We started about 9 a. m. from  
 the Amarillo Hotel and arrived at  
 Adrian in about three hours which is  
 about forty-eight miles west of Ama-  
 rillo on the Rock Island, and found  
 the grade all completed within eight  
 miles of Adrian, also found the  
 grade of the Colorado, Hereford &  
 Gulf completed into Adrian, and was  
 informed there was sufficient ties al-  
 ready at Hereford to complete the  
 track to Adrian.

We met Mr. J. P. Owen, who has  
 the contract of erecting the water  
 works system and he informed us  
 that fifty foot stand pipe would be  
 up and complete in a few days and  
 that the pumping machinery is al-  
 ready installed, also informed us  
 that he drilled a well through about  
 three feet of gravel which contained  
 a solid sheet of water sufficient for  
 any city of 5,000.

We found several buildings in  
 course of erection which are to be  
 used for general merchandise and  
 restaurants, we were also informed  
 that W. H. Archibold, of some point  
 in Illinois, is arranging to ship \$12,-  
 000.00 of general merchandise to  
 Adrian in the near future.

The townsite is located on one of  
 the most beautiful plats of land I  
 have seen in the Panhandle, as it is  
 level and rolling to the north, and  
 with two railroads, in my opinion  
 will be one of the leading towns in  
 the Panhandle in a very short time,  
 as it is a good distance from other  
 towns and will command an immense  
 volume of trade.

A Prospector.

**The Goodnight Trip.**  
 Seven large, decorated autos car-  
 ried a delegation of Hereford col-  
 lege students to Goodnight on the  
 16th. They were speakers, rooters  
 and ball players going to attend the  
 Panhandle Oratorical Association to  
 play ball and to have a good time.  
 The trip considering that the ma-  
 chines were heavily loaded was suc-  
 cessfully carried out and almost on  
 schedule time.

The crowd left Hereford early  
 Friday morning and arrived at Good-  
 night in the afternoon in time to de-  
 feat the Goodnight boys in a game  
 of baseball by a score of 6 to 2. At  
 night the Panhandle Oratorical Con-  
 test took place with Hereford Col-  
 lege ranking a close third. Mr.  
 Arthur Rogers, the speaker, spoke  
 in a manner which made Hereford  
 College people proud of him and  
 their school, and his oration was the  
 object of much favorable criticism  
 on the part of visiting delegations.

The next morning Hereford crossed  
 bats with Canadian Academy, a  
 very fast college team and played  
 about seven innings of very exciting  
 ball. The Canadian boys were get-  
 ting trounced when they stopped in  
 the seventh for the ostensible pur-  
 pose of catching a train. The um-  
 pire forfeited the game to H.C. The  
 same morning Goodnight defeated  
 H.C. in basket ball, which was  
 closely contested.

After playing ball the day before  
 and Saturday morning and after a  
 very tiresome trip the ball boys ar-  
 rived in Amarillo and crossed bats  
 with Amarillo High School. With  
 their physical condition the Here-  
 ford boys played very listless ball  
 and lost by a score of 16 to 7.

On the whole the trip was very  
 successful not only as a pleasure  
 trip but as a "pointer" that Here-  
 ford College is on the map and that  
 it is in Hereford.

Hereford College is looking for  
 revenge against Amarillo, on the  
 College campus tomorrow. Come  
 out and see a good game.

**What Have You to Trade.**  
 I have 1500 acres fine valley land  
 near Clayton New Mexico that I  
 want to trade for land in or near  
 Hereford. L. W. Ricketts. 5t

**Baseball Game Saturday.**  
 We have a baseball game booked  
 for Hereford Saturday. The Ama-  
 rillo high school is coming down to  
 cross bats with the college.

**FREE BOOK**

This 90-page book is Dr. Terrill's latest and best  
 treatise on the Special and Pelvic Disease pecu-  
 liar to the Male Sex, and it should be in the  
 hands of every man—young or old—in America.  
 This book describes in a brief, simple way Dr.  
 Terrill's original and exclusive methods of treating  
 Stricture, Varicocele, Specific Blood Poison, Her-  
 ven's Habit, Sexual Weakness, Seminal Emission,  
 Unnatural Brains or Development, Hydro-  
 cele, Piles, Catarrh, Epilepsy, and all Chronic Dis-  
 eases of the Stomach, Kidneys, Bladder and Pro-  
 state Gland. This book will be sent absolutely  
 free to any address, postpaid, in a plain sealed  
 envelope if you mention this paper. All correspon-  
 dence confidential. Consultation and a \$10 X-Ray  
 examination is free. Address:

 Ridge Stock Farm, Salem, Iowa,  
 and will be sold. They are worth  
 the money. Parties interested in  
 such stock call and see them.  
**E. F. MAXEY**

**Woman's Friend**

Nearly all women suffer at times from female ailments. Some women suffer more acutely and more constantly than others. But whether you have little pain or whether you suffer intensely, you should take Wine of Cardui and get relief.

Cardui is a safe, natural medicine, for women, prepared scientifically from harmless vegetable ingredients. It acts easily on the female organs and gives strength and tone to the whole system.

**TAKE CARDUI**

**The Woman's Tonic**

Mrs. Verna Wallace, of Sanger, Tex., tried Cardui. She writes: "Cardui has done more for me than I can describe. Last spring I was taken with female inflammation and consulted a doctor, but to no avail, so I took Cardui, and inside of three days, I was able to do my housework. Since then my trouble has never returned." Try it.

## HEREFORDITES IN OLD MEXICO

Spend Few Weeks in Old Dominion.  
Eat Chili Con Carne and Come  
Back to Hereford.

(CONTINUED FROM LAST WEEK)

We spent only four days at Tampico. Some of us wanted to stay longer but the majority ruled. The hotel accommodations are not the best. They got tired of Mexican dishes we knew nothing about. They have some fine orange orchards near Tampico but we did not see them. There are the jetties and the deep blue sea but we did not see them. We wanted to get into camp where we could have bear meat and good warm biscuits. We left Tampico Feb. 3rd for Tamiel, a switch seventy or eighty miles from Tampico, however, Mr. Stambaugh, Webb and Ricketts stopped off at Rodrigz and went with Mr. Jowell out to his ranch. From Rodrigz, we went in a small car very much like a street car drawn by two mules in tandem and driven by one line. Six miles on this "lighting catcher" brought us to Greer, a very pretty little village on the banks of the Cay river, a beautiful stream that steamers ply up and down. We understood that there was three persons in this village that could talk English. We did not find them but we finally found some Mexican ponies and saddles, and such saddles, riding a rail would be great besides one of these. Here, our horses swam across the river and we went across in a canoe. Then down the river ten or twelve miles over a wonderfully rich country. A small part had been cleared and was in tame grasses. We saw grass higher than our heads when on our horses. They say the grass is very nutritious.

In about fifteen miles we came to a large sugar plantation with 1000 acres in sugar cane. They are manufacturing most of it into alcohol and some into sugar. They have about 300 Mexicans employed and use oxens altogether for work teams. They have over 100 head of oxen. They use two wheel carts with wheels about six feet high. They work their oxen in the old Mexican style. From here six miles to Mr. Jowell's place, called the "Labolsa Colony." Here is another very rich body of land. There are several Hereford people interested in this colony. They have about 30 Mexicans clearing off the timber. It looks like they mean business but I can tell you it is in the jungles now. Here we ate new potatoes planted in December, green beans and cabbage, as fine as the world can produce; also tomatoes 3 to 4 feet high. You have heard the old adage, "You can't find all the coons up one tree" but Stambaugh and Ricketts think they found them all up one tree down the river one evening; at least, 25 coons up one Bayon tree. Well they just had a time shooting coons, that is all. I forgot to mention that we met Mrs. Jowell and her daughter, Miss Elgie

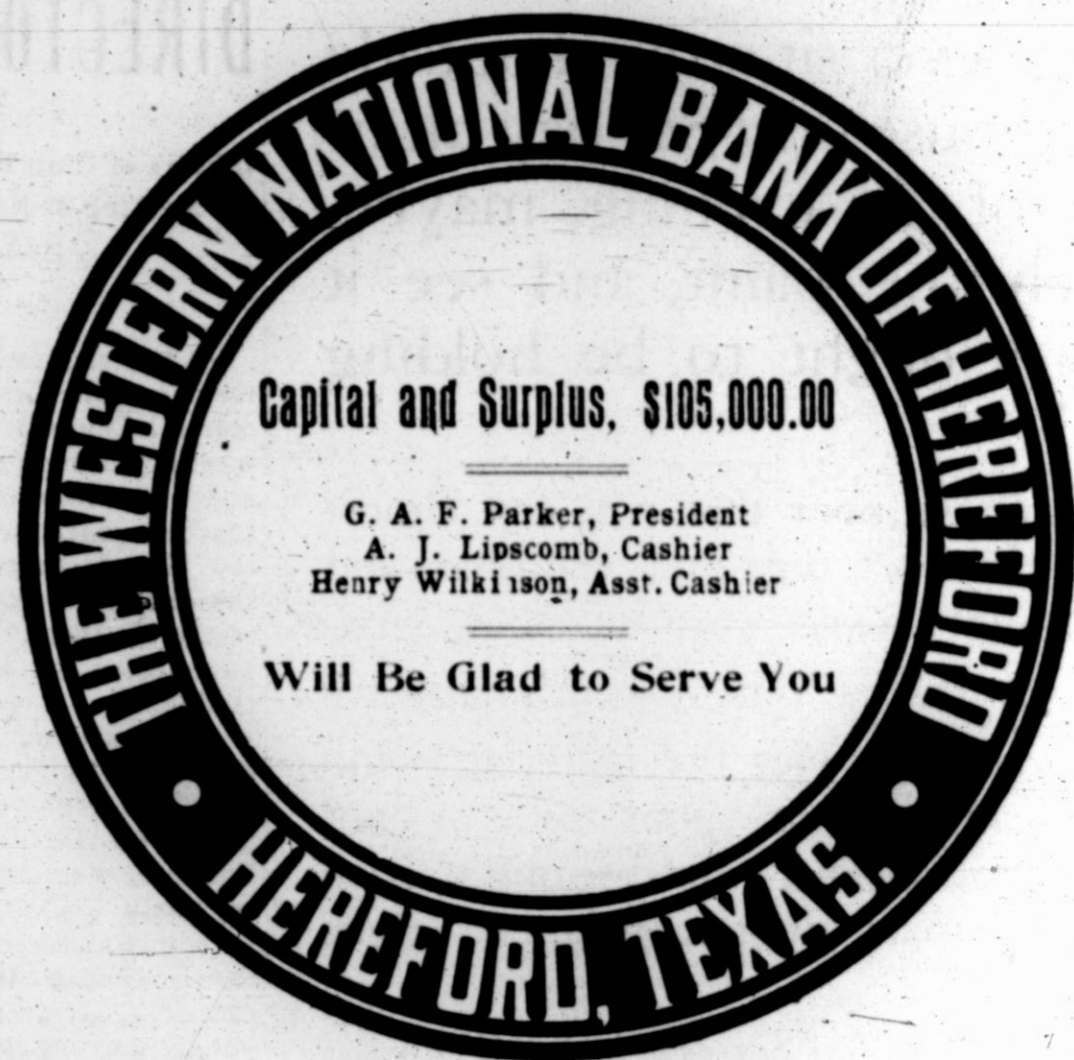

Coston, also Mr. Conner Jowell. All seem as happy as can be and falling into the Mexican ways very fast. They bring you your coffee after you finish eating.

We left Mr. Jowell's early Feb. 7, '09, and arrived at Tamiel about 9 o'clock, at night; at our camp about ten. This is a beautiful place, right at the foot of a high mountain. There is a hot spring here, which makes a very fine bathing place. A large pool and a considerable creek making off from this one spring. We found them without meat or lard. They had plenty of lard until Mrs. Webb decided to grease her shoes and then they were out. We sent a Mexican 8 or 10 miles to a little store where we paid two dollars for five pounds of lard and paid the Mexican one dollar to go after it. The next day Mr. Stambaugh killed a deer. He just had to, we were out of meat. So we were happy once more. No, I am mistaken we would have been happy if it had not been for the ticks by day and fleas by night. The first thing we heard when we got to camp was ticks and the last thing we felt was fleas. There is plenty of game here, such as deer, pigeo pheasants, wild chickens and parrots, but the country is covered with heavy timber and brush and we had just to follow the road or paths cut thru the timber.

Mr. Parmer was out hunting one day and he sat down as he thought on a large log to rest and decide what way the camp was as he was generally lost. Directly his seat began moving. He said he first thought it was the ticks moving the log but he discovered he was sitting on a snake.

Mr. Webb went out one morning to kill a bear. He was found about 12 o'clock going directly away from camp, but he had his face toward Hereford. Mr. Trow killed a fine buck one morning and come to camp to get some help to bring it in. When they got back to the deer, the buzzards were eating it up. Camp life did not last long as we got out of onions and our lard was running low and on the 11th we packed to leave for Mexico City. It took two wagons to haul our trunks and the ladies to the depot. About two hundred yards was as close as we could get to the station with the wagons. Then we had to climb and carry our trunks up a steep cliff to a switch, just a flag station. Finally away in the night, we heard a train coming. We got out in the middle of the track with chunks of fire to waive them down, but it went thundering by and did not stop—it was a freight. Finally our train did come and stop and we were all happy again, arriving at San Louis Potosi about 8 a. m., only stopped long enough to change trains and then off for the City of Mexico, three hundred and twenty-seven miles, arriving there about ten o'clock at night. We knew what hotel we wanted to go to but there was only Mexican porters and they did not understand us or pretended not to. We at last got to a hotel, but the wrong one but decided to stay until morning. Next morning Ricketts got hungry, as he does went down to the dining room and made signs that he wanted breakfast. They brought him coffee and cold, hard, bread, he waited

awhile and then drank his coffee, then waited awhile longer. He finally discovered that it was all they had for breakfast. Then he found the rest of his crowd and told them his troubles. So we hunted up our hotel, The Grand. Here we got a fairly good meal, had new strawberries. This hotel is run by a Spaniard but he can talk English, fairly well and is a real genteel accomodating fellow. The hotel is run entirely by men. We met a number of Americans and found it a pleasant place to stay being centrally located. Take the Mexican people as a rule they are very quiet and inoffensive people. Occasionally you will see one too full of muscall, (a drink made from the Maguey plant, similar to the century plant), but they never get boisterous like the Americans. They are nearly all Catholics in religion and all attend the cathedral for prayer.

## Star Land Company

**D**ID you ever sit around outside your house on a Sunday afternoon, or of an evening, maybe, and watch the paint, and see it go, when it ought to be holding on tight?

Some paints are so poor that you can almost see them as they dry out, and crumble, and powder, and blow away.

Why do they do this? Why does this happen?

Something the matter with the materials—too much lead, maybe, or poor oil, or not scientifically ground and mixed—might have been good materials but not balanced right for wear.

At this store we make it our business to KNOW what paint will wear—because it pays us to handle the kind that pays you. And that's why we handle MOUND CITY HORSE SHOE BRAND HOUSE PAINT—made of pure lead and zinc and aged linseed oil, the necessary drier and coloring matter—and nothing else. Every atom of every gallon of it is good paint. Paint that is balanced for longest wear, for finest looks and to spread over the largest surface to the gallon.

So much for the outside of the house, but don't forget there's a HORSE SHOE BRAND PAINT for every use—one for kitchen floors and steps—one for borders around rugs—one for screens—one for buggies, another for wagons, and one for practically every other purpose.

The best place in this town to buy paint is the place where they know most about paint and can help you and advise you what particular paint to use for the purpose, how to get the surface ready, how to put it on, and all that, things you naturally want to know to get the best results. So if you want the best paint and the best paint service (and you do, if you come here,) come here.

### DIRECTORS MEET

Officers of Club Held First Weekly Meeting at Noon—And Take Luncheon.

At the suggestion of one of the members, the Directors of the Commercial Club will hold their weekly meetings at high noon each Monday and while discussing the business of the Club will take luncheon together. The first meeting was held at Iowa hotel; the second will be held at the Northern. Other places will be selected as invitations are extended.

At the session last Monday, besides the election of a secretary for the Club other matters of importance was talked.

These meetings are to be held regularly. They are not for the Directors alone but any member of the Club has the privilege to be present. It has been felt that a weekly meeting held at the time and hour would save much valuable time to the officers, all of whom are serving "without money and without price," and the business of the Club could be better carried on. The Directors have it in their heart and minds to make this year's business count for something. There are already a number of things on foot, some of which will be discussed at the citizen's meeting tomorrow, (Saturday) night. Be sure that every member is present. This is the question of the location of the State Normal School for this part of the state. If you want it come out; if you don't want it, stay at home.

#### Attention Odd Fellows.

On Monday night at eight p. m., April 26, in honor of the 90th anniversary of Odd Fellowship, all Odd Fellows and Rebekahs and their families are cordially invited to meet at the I. O. O. F. hall of Heresord lodge. A program will be given consisting of music and speeches, after which refreshments will be served by the Odd Fellows.

All visiting Odd Fellows and Rebekahs are cordially invited to attend.

W. M. MEGERT,  
SMITH MCCLEROY,  
C. O. LEE,  
Committee.

The Men's Prayer Meeting holds its session each Sunday afternoon at 3 o'clock. Good crowds have been in attendance since its organization last summer. G. A. F. Parker, president of the Western National Bank is leader for next Sunday. Subject for discussion, "God's Financial Law."

Talks will be made by the following members: T. E. Shirley, G. W. Ross and C. M. Suggs.

Men of all ages are invited to attend. The young men of the city and strangers have a special invitation.

Write, phone or see me about plants. Information is free and plants are cheap. Walter Nelson, phone 317-2.

### J. H. Bowers' Father Dead.

Early this morning J. H. Bowers received a message from Forestburg, Texas, giving the sad news of his father's death. He left at once for Forestburg.

### Trustee Election.

One week from tomorrow the election for three new trustees will be held at the court house. Let those who are in the added territory forming the new and larger school district remember to come in and cast their vote with the rest. Every man should have enough interest in the school to cast his vote for trustees. The citizenship that never thinks of who they want for school trustees till the morning of the election and then vote in a haphazard way for some "friend" or "jolly good fellow" with no reference to his fitness or ability to assist in building up a school to its highest efficiency rarely ever have a school up to the highest standard. We owe it to our town and to our children to vote for the men, whether friends or foes, who will labor the most unselfishly and the most intelligently for the upbuilding of the school. We should have a new school building by the first of the term next year and with the right kind of management on the part of the Board and the proper support from the patrons our school should in a short time be second to none in the state.

FOR SALE at a bargain fine Spanish JACK, range broke; will take live stock in part pay or other good property. Address R. E. care of the Brand. 1t

## NEW POST OFFICE

Parmer County to Have Office Near Rhea Lake.

We have some good news, and thought the best way to let it be known was to send it to The Brand. Parmer county is not at all slow and has secured a new post office, the same to be situated 11 miles northwest of Bovina, and to be called Rhea. J. W. Barnett will be the postmaster. This place is located on the Frio draw, near lake Rhea, and in a most beautiful place to start a city and we wish someone would take advantage of this opportunity.

A new school house already built and school in progress.

### Will Establish Lutheran Mission.

Notice is herewith given to all Germans of the Lutheran church and others living in and round about Hereford, that on Sunday, April 25, divine services will be held in the German language in Hereford's court house. Services will begin at 2 o'clock in the afternoon. Rev. W. E. Dube from Canyon, Texas, will preach. All are cordially invited to attend.

### New Water System.

Probably the most complete water system in Hereford has recently been installed by H. L. Rice in his home in the Evants addition. This is a Kewanee Air Pressure System and consists of a combined air and water force pump and an air tight pressure tank.

The tank is located in the basement and water forced into it giving a working pressure of about 60 lbs.

The advantages of this system are, absolutely pure aerated water; water can be delivered to any part of the house doing away with the unsightly elevated tank, fire protection, as a pressure of 60 lbs. will throw water over the house and cheaper insurance.

Mr. Rice has the Kewanee agency for this territory and would be pleased to demonstrate the system to any one interested. 1t

# Suesine Silk IS SILK

We cannot emphasize that too strongly. Do NOT confuse it with scores of "look-like silk. SUESINE is real REAL silk

Woven inside the pure silk is a fine, strong, lodg silky filament of Egyptian cotton, giving double strength and double wear without detracting from the exquisite beauty and fineness of the silk itself. That is the "Suesine Idea." Nobody can

copy or imitate it. That is why Suesine, while costing much less than Jap or China silk, gives better service, and holds its beauty longer. It proves its better value not only at first sight, but by actual wear.

The name—Suesine—on the selvedge gives you assurance of Suesine Reliability

WE SELL SUESINE SILK: 47½c YARD

## Geo. A. Stambaugh

## ABOUT THE RAILROAD

Other Panhandle Papers Giving News About C. H. & G.

Messrs. Robinson and Hardin, representing the Southwestern Engineering and Construction Co., and Mr. Irwin, vice-president of the Colorado, Hereford & Gulf railroad, were here this week, looking over the field, and we understand they were very favorably impressed with the idea of utilizing the dump between this place and Stanton in connection with a line of railroad to extend south from some point above here. It is understood that these gentlemen will report on the matter within a week or ten days. There have been some changes in the makeup of this company recently and when things pertaining to the same have been adjusted, no doubt we will get definite information from that source.

In the meantime other parties are figuring on this proposition, and it is the general impression here that things pertaining to our sincerely wished-for railroad will take tangible form in a very short time.

As for the News, we pin our faith to what O'Donnell says, and he assures us that he has every reason to believe that we will get our road on schedule time.—Dawson County News.

H. Robinson, of Hamilton, Ohio, A. J. Hardin, of Newark, N. J., C. Eastman, of Hereford, and Geo. W. Irwin of Hereford, were in town Wednesday night. Messrs. Robinson and Hardin are stockholders in the Southwestern Engineering and Construction Co. that has in charge the building of the C. H. & G. railroad. Mr. Eastman is the chief engineer of the line, and Mr. Irwin is a leading merchant of Hereford. The party were making a trip over the proposed line, and report the outlook for the early construction of the road favorable.—Terry County Herald.

### Grocery Stores Will Close.

We the undersigned grocery merchants of Hereford agree to close our places of business at 7 o'clock p. m. each day of week except Saturday. This agreement to be effective Monday, April 26, 1909.

Cardwell Bros.  
Jarrott & Wilkinson.  
J. A. Johnson.  
Hubbard Grocery Co.

### Fine Hereford Bull for Sale.

On May 1st there will be sold at public auction in Hereford, Texas, one Registered Hereford Bull, Surprise No. 296061, raised by J. D. Burkett. The proceeds of sale, less expenses, will go to the Hereford College. This is a fine young animal and can be seen at any time at the residence of J. D. Burkett in

Hereford. Any one desiring a fine animal and wanting to assist the College should not miss this opportunity. 9-3t

I will trade the balance of my lumber, about 200,000 feet for unimproved Hereford property. This lumber is stacked near my new residence adjoining college, where it can be seen. Rat Jowell. 52-1f

# Get Your Hooks in the Panhandle

Where land is cheap in price but rich in quality, where the climate is healthful, and you can work out of doors nine-tenths of the year. We do not ask you to believe a word we say, but invite you to investigate for yourself. :: :: :: :: ::

## Statement from W. M. Smith

"I came from Mercer county Missouri, nine years ago and settled on the place I now own. A man can cultivate more land on the Plains and with greater ease than he can in Missouri. One one 20-acre field, I have raised millet six years in succession, making a good crop each year. The fourth year, my neighbors said that the field would make 4 tons per acre, which sold at the barn for \$9.00 per ton; delivered at Hereford, it sold for \$12.00; thus this crop made from thirty-six to forty-eight dollars per acre. The farm I owned in Missouri recently sold for \$50.00 per acre, but I would not exchange my Panhandle farm, acre for acre, for it and be compelled to live on it. I have no land to sell. I have never failed to make a crop." W. M. SMITH.

This Missouri farmer "On the Plains" owns 3,290 acres and has 300 acres in cultivation.

PANHANDLE FARM SCENE

## HOMESEEKERS AND INVESTOR'S EXCURSION,

Our excursion trains leave Kansas City each First and Third Wednesday mornings at 11 o'clock and are run for the comfort and convenience of Homeseekers and Investors exclusively and are not for tourist and sightseers. After reading this ad if you are interested in our proposition and will join one of our excursions and make a personal investigation of our country, and if you do not find in your own estimation everything as good as we have represented, we will refund every dollar of your expenses for the trip and will pay you reasonable compensation for your time upon your personal presentation of this ad at our office in Hereford and your statement in person that you believe we have misrepresented the country and have caused you to spend your time and money without getting value received. We mean business, do you? You will enjoy every hour of the trip from Kansas City to Hereford. You will have use of our regular Pullman Tourist Sleepers, and after arriving at Hereford, we will show you over the country in our equipment of Automobiles. Our office at Kansas City is at the Blossom Hotel opposite the Union Depot. When you arrive there go at once to our office where you will find a representative and others ready to come to Hereford.

## Movement of Immigrant Outfits

Amarillo, Texas, Feb. 8th, 1909.  
J. P. Snyder Land Co.,  
Hereford, Texas.

Dear Sir:

Answering your favor of the 17th inst. During the year 1908 we unloaded at stations on our line in the Panhandle of Texas 1184 carloads of immigrant outfits. This compares with 1033 cars during the year 1907 and 494 cars during 1906, shows a remarkable improvement and seems to clearly indicate that the reputation of the country from an agricultural standpoint is well and permanently established.

The record at Hereford Station during this period is as follows:

1906 - 115 cars. 1907 - 145 cars.  
1908 - 156 cars.

This Hereford record we think is very good indeed and believe that it should be gratifying to your Company and those interested in your vicinity.

Yours truly,  
D. L. MEYERS, G. F. & P. A.  
T. P. & N. T. R. R. CO.
