"BETTER HOMES AND GARDENS" DRIVE EXPLAINED BY LADIES AT G. OF C. WEEKLY LUNCHEON

The ladies committee in charge of the "Better Homes and Gardens" movement had charge of the luncheon program of the Chamber of Commerce, at the Stockman's Cafe Monday. President Black made a few brief announcements, then turned the setting over to Mrs. Nettie Price Slaton, chairman of her committee.

Among Mr. Black's announcements were the appointment of N. C. Vogele, Superintendent of the Deaf Smith county Fair, to be held this fall, and D. L. McDonald as head of the title division of the fair. Mr. Black stated that plans were now on foot to make this fair the biggest and best in the history of the county and urged the cooperation of every public spirited citizen to make a record breaker.

Mrs. Slaton, in a brief statement explained the aims and purposes of the "Better Homes and Gardens" movement and introduced different speakers on various branches of the work. Mr. Humble discussed the subject: "Appropriate and Dignified Exterior Arrangements for Public Buildings," and said that while Hereford was undoubtedly a little above the average in exterior attractiveness, still there was lots of room for improvement. He said the moral effect of neat, grass, trees, shrubbery, and a general appearance of pride and prosperity could hardly be over estimated. Its effect upon the growing youth, as the twig is bent so grow the trees. He thought the effect of pleasant and beautiful environment was undoubtedly of vast aid in developing the right kind of boys and girls for the future. He said the main trouble in handling such matters so far as public buildings are concerned is the lack of responsibility for the work. He suggested that the city center responsibility for beautifying the public grounds and buildings in some one individual or group of individuals.

Other speakers on Mrs. Slaton's program included Rev. T. Morgan, W. R. Hill, County Agent Dunkle and Mrs. J. H. Pittman. All handled various phases of the work that is aimed to make Hereford the cleanest and prettiest town on the Plains.

Mr. Dunkle talked about the program of prettier rural homes. Mrs. Slaton announced that Mrs. A. A. Oster would be in direct charge of the work in the west half of town, and Rev. Ross in charge of the east half. Committees were announced as follows: On Standard of Excellence Home and Garden Contest—Rev. T. Morgan, chairman, A. W. Gregg, Rev. T. Morgan, committee on Awards—T. Moss, chairman, Claude Ricketts, O. Thompson.

The ladies committee who attended the luncheon Monday consisted of Mrs. Slaton, Mrs. J. H. Pittman, Mrs. Bob McLean and Mrs. A. A. Foster. Just before the meeting adjourned, Mrs. Ashbrook said she was anxious to see the hospital grounds laid out by an expert landscape gardener and plans for future development made. When Geo. L. Muse, chairman of the hospital board, stated that all that is necessary was for Mr. Ashbrook to secure the plans and present them to the county commissioners. Mr. Ashbrook has charge of such matters on the hospital board.

Community Meetings Attracting Wide Attention

Much valuable information was given out by speakers from Canyon and Hereford at the Community Meeting which was held at Dawn Monday evening. Practically all the folks of that community as well as a number from Hereford were in attendance. Pleasing music was furnished by the Hereford Jazz Orchestra, and a couple of readings were given by Miss Bengel of Dawn.

T. M. Moore, instructor of Agriculture in the West Texas Teachers College of Canyon gave a talk on Poultry and Profit. He gave out much valuable information on the common diseases and pests that tend to increase the death rate in poultry. J. W. Jennings, county agent of Randall county, said that there were too many cowboy farmers in this section for the good of the cotton industry. He said that cotton had not failed, but that the farmers had failed to work it properly in this territory. Jennings said that he longed for the day when he could see a farmer on every quarter section, and predicted that such farmers would make more money than the farmer of today is making from a section of land.

Rev. T. Morgan gave an address on "The Building of a Community." He urged the people to get behind the schools, athletics, literary work, churches and other things that tend to furnish development for community spirit. He said that each community should strive to do one thing better than the other communities.

C. M. Coleman, who is here in the interest of "Rhodod Control," urged the people of the Dawn community to get behind the jack rabbit poisoning campaign which is being fostered by County Agent R. O. Dunkle.

Farmers Received Big Bunch Cash Here on Saturday

Hereford produce concerns paid \$1197.00 to the farmers of Deaf Smith county last Saturday for eggs alone, and fully half that amount for cream. Farmers brought in 171 crates or 5,130 dozen eggs on that date. An average of seven dollars per crate was paid for the eggs. This is a total of 61,560 eggs, a pretty fair record for one day's run.

The fact that Deaf Smith county farmers received nearly \$2,000 for cream and eggs last Saturday, to say nothing of the poultry that was marketed here on that date, proves that the laying hen and the Jersey cow are helping to build a bank account for farmers. This county is fast becoming one of the leading poultry producing counties of West Texas, and the industry is growing by leaps and bounds. The growth of poultry raising and dairying seems nothing short of phenomenal, when we consider the fact that fifteen years ago, butter and eggs were shipped into Hereford to supply the local trade. It is not uncommon for one farmer to market from \$25 to \$50 worth of cream and eggs on Saturday.

Local I. O. O. F. and Rebekahs to Canyon

The Odd Fellow and Rebekah Panhandle Association held their meeting in Canyon Tuesday and Wednesday of this week with many Hereford delegates present, including: Mrs. F. E. Bowe, Mr. and Mrs. W. F. Orr, Mr. and Mrs. A. H. Elliston, Mr. and Mrs. C. J. Paddock, Mrs. Lawrence Johnson, Mrs. Hugh Witherspoon, Lee Biggs, J. B. Elliston, Mrs. Al Miller, Mrs. Friley and Mr. and Mrs. Sherm Williams.

Mrs. Lawrence Johnson received the degree of Chivalry of which there were only two given.

Music Study Club Has Annual Business Meet

The Music Study Club had their annual business meeting at the home of Mrs. Homer Fox on Monday, April 26. An election of officers was held and Mrs. A. O. Thompson was elected president; Mrs. Ray Conaway, first vice-president; Mrs. C. H. Dillehay, second vice-president; Mrs. Carl Mounts, recording secretary; Mrs. Jess Stanford, corresponding secretary; Mrs. Homer Fox, treasurer; and Miss Ina Gregg, press reporter.

Hon. Lee Satterwhite, Speaker of the House of Representatives, and Mrs. Satterwhite, arrived Thursday for a visit with Mr. Satterwhite's daughter, Mrs. Jim Sanders.

Chautauqua Plans Powerful Program Says Early Dope

Advance announcements proclaim one of the greatest feature programs presented to the public for sometime, according to Rev. M. R. Hill, the secretary of the Local Chautauqua Committee.

The opening of the Premier Chautauqua Season will take place in Southwestern Kansas, during the latter part of May, and will proceed through Kansas, Oklahoma, Texas, New Mexico, back through Oklahoma and Kansas, thence to Colorado, and Nebraska, and back into Kansas, where it will close the season the early part of September. During this tour it will have visited and entertained a hundred of the leading cities throughout what is known as the Great Southwest.

A rather unique feature of the Program is the first American tour of the Misses Elizabeth and Iolanda Garay, violinist and violoncellist of Budapest and Florence. These two young ladies sail from Florence, Italy, on April 24, and will land in New York sometime during the early part of May. It is the first time they have journeyed to a foreign land, and Mr. Charles F. Horner has completed arrangements whereby they will be met at the Pier by personal representatives and properly taken care of until they reach Kansas City. Leith Stevens, brilliant young pianist, will immediately begin rehearsals with them, as accompanist and pianist.

No doubt the outstanding features of the week's entertainment are "Applesauce," "Smilin' Through," and the big Musical Revue, "Oh! Percy."

Baseball Games Scheduled Here And Out of Town

The Hereford Independent baseball team has games scheduled for the next three Sundays with practice games between.

The Independent will open the season here next Sunday against Bovina, and as neither team has yet been in action, it is hard to dope the outcome. Hereford has two veteran pitchers, Tate and Galbreath, who are expected to furnish some keen opposition to other teams. A host of new material has been working out, and with many of last summers veterans back, Manager Whitehead is confident of a good team.

On May 9 the Independents will journey to Lubbock to have a try at Sled Allen's Hubbers, last year's winners of the Denver tourney. The locals expect a real "tussle" when they meet the Hubbers, and are working hard so that they will be in good shape for that game.

The Amarillo-Metropolitans will invade Hereford May 16, and indications are that the Metros will be hard to lick by that time, as most of the College stars who are expected to play with them during the summer will have joined the team by that time. Manager Whitehead is eager to schedule games with other Panhandle cities.

Program For Progressive and West Way

Programs for community meetings at Progressive and West Way next week have been arranged by County Agent Dunkle and are announced as follows:

Progressive, Monday, May 3, 8:15 p. m. Music arranged by Mrs. Geo. Lewis.

West Way, Tuesday, May 4, 8:15 p. m. High School Band.

Talk, Rev. J. T. Ross.

Talk, C. H. Dillehay, "Our Interest in Your School."

Talk, A. O. Thompson, "Community Spirit."

IN THE BRANDING PEN

Don't forget the Central school's Health Day program Friday, April 30. The little folks have been drilling hard for this occasion and attendance at such exercises always is reflected in better work and enthusiasm on the part of the children.

In last week's paper we stated that the brick building next to the Star Theatre was being erected by Lee Lambert. Since that time we are informed that J. J. Buckner is associated with Mr. Lambert in this enterprise. Our apologies to Mr. Buckner.

Dressed in working clothes, E. W. Harrison is putting in about eighteen hours a day bossing the job of erecting a new elevator on the site of the one that collapsed Christmas night. The foundations are about completed and there is visible evidence of a new elevator in sight.

The Golden Rule Hatchery brought off another 2,000 baby chicks Tuesday, which brings the total so far up to 19,500. Have you treated yourself to a sight of that big machine and all those fluffy "products"? If not, you are cheating yourself. Go out and ask Mr. Williamson to show you something that will enthrall you.

The condition of Mrs. M. A. Fox, who has been seriously ill for the past week, was still grave Thursday morning. It will probably be several days before the final outcome can be definitely determined.

The Senior Class of the High School issued another snappy number of their "Pow-Wow" this week. The school paper is snappy and well edited. Have you bought your copy?

Castro Co. Fair Held at Dimmitt Saturday, May 8

Don't forget the Castro County Fair which is to be held in Dimmitt at the High School on May 8th (Saturday). We are expecting every school in the county to come with a basket of dinner and a real school exhibit. We feel that we have had splendid cooperation of all the people and teachers in our county educational meetings and we are depending on you to join in this much needed movement and let's finish up the school year in such a manner that we will not be second to any county in the state.

Remember that the rural schools will not have to compete with Dimmitt, but they are only to compete against each other. The rural school that wins the blue ribbon will be awarded an American League Baseball by T. W. Malone. Dimmitt Mercantile will give a picture to the best Primary Department exhibit.

Remember the poultry exhibit which is to be held in connection with this school fair. Tell every poultry producer about it and come bring yours. Remember that an exhibit here at the school fair will do more to advertise them than merely talking about what you have at home for five years.

Prizes to be awarded are as follows: Woolridge Lumber Co. is offering \$2.50 for the best cock, and \$2.50 for the best hen (any breed); Wilson and Son Lumber Co. is offering \$3.00 for the best pen, and \$2.00 for 2nd best (any breed); Panhandle Lumber Co. is offering \$3.00 for best pair, and \$2.00 for 2nd best pair, cock and hen (any breed); Dimmitt Drug Co. is offering \$1.00 bottle Star Parasite Remover (this medicine is fully guaranteed to remove all mites, lice, bluebugs and fleas when fed to poultry) to the best 15 chicks up to two months old (any breed), 2nd best will receive one box of Walke-tablets.

Definitions
Cock—a male bird more than one year old.
Hen—a female bird more than one year old.
Pair—one female and one male.
Pen—one male and four females of the same variety.

Rules and Regulations
All birds entered must be the property of the person making entry.
All entries must be received by 1:00 o'clock a. m. Saturday, May 8.
Every person must furnish his own coop and, may I suggest, one side of it should be of screen or poultry netting so the judges can see the fowls.

Judging
Judging in all of the classes will be done by comparison and not by points. The American Standard of Perfection as is adopted by the American Poultry Association will be the guide of the judges.
Judging will begin promptly at 1:00 o'clock p. m.
Exhibitors wishing to ask questions about their poultry will please not ask the judges until they have rendered their decision.
We are expecting to have four baseball games played among the school teams on that day.
If you want to see the people of Castro county and have a good time come!

M. R. AVERY,
President of Castro County Educational Association.

Mrs. G. A. F. Parker Judges the Clovis Music

Mrs. G. A. F. Parker was in Clovis judging the Curry county yearly chorus and piano contest held there Saturday. Each year Curry county holds this music contest with all the schools of the county participating. Individual piano solos and school choruses make up the contests. Mrs. Parker states it is real interesting to judge and well worth the trip to Clovis to attend.

Whitaker Speaks To Farmers About Costly Boarders

Charging that everything on the farm including livestock, poultry, garden seeds, and field crops of all kinds were "boarders," B. M. Whitaker, of the agricultural department of the West Texas Chamber of Commerce, urged the farmers of the Ward community in Deaf Smith county to get rid of the boarders that were not profitable. Mr. Whitaker was the principal speaker for the Community Meeting at Ward Wednesday evening, and made one of the most profitable farm talks that has been heard here this year. "Every cow, every chicken, every hog, and every seed, should pay its keep, and make a profit for the farmer, or be sold. There are just two kinds of boarders, the profitable and the unprofitable kind," Mr. Whitaker declared. He exhibited some of the white maize heads, which won first prize at Abilene, Dallas and Fort Worth last fall, and urged local farmers to get their planting seed by the field selection plan.

Mr. J. W. Gilmore entered the hospital Wednesday and is doing nicely.

"Dad" Childress is up and about the hospital.

Miss Eddie Townsend of Oklahoma City arrived Tuesday and is day nurse at the County Hospital.

HUGE CATTLE DEALS, TOTALING \$115,000, JUST COMPLETED BY OUR LOCAL CATTLEMEN

W. E. Hicks and Chas. Donald, two of Deaf Smith county's cattle barons, have just sold approximately \$115,000 worth of steers to Missouri feeders. Most of the cattle were shipped out Thursday. Mr. Hicks sold 1207 head of yearlings for an average of \$46.70 per head. These steers sold for \$9.35 per hundred pounds, weighed at the ranch. This is believed to be the highest price that has been paid for range steers since the war time prices. Chas. Donald sold 1300 head at \$43.50 each. Prather Bros. of Tarkio, Missouri, purchased Mr. Donald's cattle, while Billy Hicks sold to W. C. Seaman of Rockport, Missouri. The deal was made through Zack Martin of Martin Bros. & Lee Livestock Commission Co. of Kansas City. These cattle will go into the northern feed lots. This is the fourth year that Hicks and Donald have sold big shipments to these Missouri feeders.

Work on Paving Starts Within About 30 Days

Work is expected to start within the next thirty days on the huge paving project for Hereford. Bonds have already been sold, the engineers are at work, and the assessments will be advertised this week for the various property owners along the streets that are to receive the paving. Around forty blocks will be paved in the residence and business sections of the City.

Nephew of Mrs. J. O. Haymes Dead at Lubbock

Rev. and Mrs. J. O. Haymes left Thursday evening, immediately after returning from Stratford, where they had attended the Methodist District Conference, for Lubbock, on receiving word of the death of Mrs. Haymes' nephew who died Thursday of blood poisoning. Little Nannie Joe and David Haymes, two children of Rev. and Mrs. Haymes, remained in Hereford until the return of their parents, in the home of Mr. and Mrs. A. C. Thompson.

Faculty Artists Group In Excellent Program

The Faculty Artist Group of Canyon, composed of Wallace Clark, tenor; Miss Mary Clark, violinist, and Miss Pauline Brigham at the piano, entertained at the High School auditorium Thursday evening, and were heard by a small but appreciative audience. The artists came to Hereford Thursday evening on the stage, and returned on the midnight train. The entertainment was for the benefit of the High School athletics.

D. F. Ashbrook Asked To Aid Hospital Work

D. F. Ashbrook has been appointed by the Hospital Board to secure a first class landscape gardener to draw plans for the beautifying of the grounds around the Deaf Smith County Hospital.

A Nurse's Home must be built in the future, according to plans, and the landscape work must include this building as well as the present Hospital building.

REPORT OF PARENT-TEACHER ASSOCIATION FOR THIS YEAR

The Parent-Teacher Association met at Central school building Friday afternoon, April 26. A varied and very interesting program was rendered, opening with a musical number directed by Miss Isaacs, given by pupils from Miss Rogers room.

After a reading followed several short talks on "Beautifying School Grounds, Schools as a Community Center, and Supervised Play." Each one of these topics were thoroughly discussed by Mesdames Garrison, Tynes and Higgins.

A short business session was then held. Three delegates were elected, namely: Mrs. A. M. Jones, Mrs. Robert Higgins and Mrs. Edith Hughes, who go to district conference which convenes in Canyon this week.

Officers were elected for the new year as follows: President, Mrs. Robert Higgins; 1st vice-president, Mrs. A. A. Foster; 2nd vice-president, Mrs. C. R. Smith; 3rd vice-president, Mrs. Edith Hughes; treasurer, Mrs. Allen Bell; recording secretary, Mrs. Jim Black; corresponding secretary, Mrs. C. C. Bowman.

Report for the year reads as follows: Membership campaign in fall of 1925 resulted in an enrollment of 123 members. By various ways and means the association raised \$282.07 throughout the year. \$110 of this was donated to the high school library; \$100 to the Central school for play ground equipments.

The P. T. A. sponsored the recent high school issue.

The members gave pies, sandwiches, milk and cocoa for lunches served by the High School faculty to students, the proceeds of which were used in furnishing a ladies rest room in the new building.

Committees have been active; many socials and programs have been enjoyed. The program consisted of lectures, short talks and musical numbers.

The P. T. A. gave the last number of the Hereford Lecture Course.

It has ever been the aim of this worthy organization to create more enthusiasm for the great P. T. A. movement—it has been her goal to become a 100% P. T. A.

GOING TO THE COUNTRY.

They are doing an interesting thing over at Hereford. A group of Hereford citizens are now at work says the Hereford Brand, on a series of programs for the communities lying within the social radius of Hereford. A series of programs consisting of music, and speeches on community life, agriculture, poultry, etc., will be given at each of the communities around Hereford.

Two aims are in the minds of the individuals who are promoting these programs. The first of these is the strengthening of the community spirit without reference to any special form of organization which may be suggested, just in order that each community's structural life may be purely expressive of the community's will. The second is the laying at each community door of all resources of the larger community of which each neighborhood is a part.

Such a program would be splendid for Wellington and Collingsworth county. There is talk of making Wellington a more pleasant and profitable place in which to live. Wellington can become such a town only as Collingsworth county becomes such a community. Such programs as conducted in Deaf Smith county will not bring about radical changes but it is by such gentle incentives that gradual changes of wide sweeping import are effected. When the merchants of Wellington and the farmers of this county live closer together both the town and the county will be more prosperous. But the greatest good will come from the increased human relationship—an expression for increased individual and community happiness. — Wellington Leader.

ARNEY-BLUE RIDGE

The Arney school closed last Friday, the final program was given Saturday night. By the way the whole program was given was proof enough of much toil and labor on the part of the teacher, also the pupils. A very large crowd was in attendance—Dimmitt, Plainview, Happy and Summerfield were represented.

The program was as follows:
Opening song—America.
Welcome dialogue by five children.
Star Spangled Banner (solo)—by Mrs. Ross Campbell.
Reading—Miss Velma Bracher.
Solo—Nigger Baby—by Mrs. Ross Campbell.
Reading—Miss Oleta Wilson.
School Room Scene play—thirteen children.

Treo—Happy Vacation— by Mr. and Mrs. Floyd W. Fortner and Mrs. Ross Campbell.
We are glad to say that Mrs. Bill Kregg and two children, who have been sick with the measles for the past few days, are able to be up and around again.

CHURCH ANNOUNCEMENTS

FIRST CHRISTIAN CHURCH

T. Morgan, Pastor
Bro. A. Lowther is Sunday School Superintendent. Did you notice the smile on his face last Sunday? That is the result of the increase in attendance each Sunday at Sunday School. What do you say, let's keep it all the year? Bring some one to you next Sunday.
45 Church School. I don't like to be tardy, do you?
11:00 a. m., Communion and preaching. The subject is: "Moses Invites Hobab."
3:00 p. m. Official Board Meeting. We are expecting all the new members, as well as the old ones.
7:00 p. m. The three C. E. Societies.
8:00 Sacred Musical Concert.
The Music Study Club will give their annual sacred concert, at 8:00 p. m. You know what this is, as you have heard it before. Come out Sunday night and bring some new citizen with you.

FIRST PRESBYTERIAN CHURCH

Jas. T. Ross, Pastor
Springtime is here, with all its fine message of cheer.
The great open spaces are calling to all everywhere.
But the churches are calling too—calling you.
Now reader, dear reader, what shall we do?
Why, rise early next Lord's Day, and hustle about.
Get through with your breakfast, get your Sunday clothes out.
Put on your best looks, leave your troubles behind.
Come to Sunday School, stay for church, and help you will find.
On time, in his place, Mr. Lee will be found.
And songsters galore make the music resound.
And the church service too at the close of the school
Makes you stronger to live by the Lord's Golden rule.
And what with Endeavors, and W. M. S.,
Prayer meeting, Men's Luncheon, through the week you may guess
That there's something doing all along the line.
So get busy, jump in, the swimming is fine.

BAPTIST CHURCH

W. R. Hill, Pastor
The Sunday School is at 9:45. This is a service for all, and all are cordially invited to study the scriptures with us for half an hour. The most important things of life are carefully considered. Understanding what God has revealed to men in the scriptures is of great importance. Here one is at liberty to ask about those things that perplex the mind and burden the heart. No need to remain in ignorance of the things of the soul. Come and help and get help. Trained teachers to help all understand God's word. Alex. O. Thompson is the general superintendent.
The Service of Worship begins at 10:45.
Observance of the Lord's Memorial Supper. All our members should make a special effort to participate, and so obey the Master's command.
Deacons' Meeting at 2:30.
B. Y. P. U. meetings at 7 o'clock.
No evening preaching service on account of the Sacred Concert of the Music Study Club. This should be an edifying service of sacred songs, and we are asking our people to make an effort to avail themselves of the opportunity. This is offered our Hereford people just once each year.
Come and Welcome!

METHODIST CHURCH

J. O. Haymes, Pastor
The pastor will fill the pulpit Sunday morning. No service at night on account of the Sacred Concert.
The pastor and family have just returned from Lubbock and Abilene, where they went to attend the last illness and burial of a nephew, Bransford Biggs, a fine fifteen year old lad. We regretted to miss last Sunday.

The Sunday School Lesson

For Sunday, May 2
Prepared by Rev. W. R. Hill, Th. M., Baptist Pastor)
Lesson Subject—God's Covenant with Noah.
Golden Text—"I do set my bow in the cloud, and it shall be for a token of a covenant between me and the earth", Gen. 9:13.
Lesson Text—Gen. 9:1-17.

8. And God spake unto Noah, and to his sons with him, saying,

9. And I, behold, I establish my covenant with you, and with your seed after you;

10. And with every living creature that is with you, of the fowl, of the cattle, and of every beast of the earth with you; from all that go out of the ark, to every beast of the earth.

11. And I will establish my covenant with you; neither shall all flesh be cut off any more by the waters of a flood; neither shall there any more be a flood to destroy the earth.

12. And God said, This is the token of the covenant which I make between me and you and every living creature that is with you, for perpetual generations:

13. I do set my bow in the cloud, and it shall be for a token of a covenant between me and the earth.

14. And it shall come to pass, when I bring a cloud over the earth, that the bow shall be seen in the cloud:

15. And I will remember my covenant, which is between me and you and every living creature of all flesh; and the waters shall no more become a flood to destroy all flesh.

16. And the bow shall be in the cloud; and I will look upon it, that I may remember the everlasting covenant between God and every living creature of all flesh that is upon the earth.

17. And God said unto Noah, This is the token of the covenant, which I have established between me and all flesh that is upon the earth.

(Those wishing to read the entire story will read Gen. 5:28-9:29)

INTRODUCTION

After the crime of Cain the story of his descendants is traced briefly. Murder and bagamy characterized Cain's descendants. They were irreligious and wicked; and yet built a wonderful civilization. The world is to be preserved, not by civilization, but by regarding God and His rights. Another son was born to Adam and Eve, named Seth, and through him a more religious line of descent is perpetuated. These lines, heathen descendants of Cain and religious descendants of Seth, run parallel with each other to the flood. The dates printed in many copies of the Bible are not a part of the inspired record. These dates were worked out by Usher in modern times and are unreliable except as a sort of estimate.

While the events leading up to the lesson occurred many hundreds of years ago it did not take sin very long to almost completely corrupt the earth.

SOME EXPLANATORY NOTES

We should all want to know what the Scriptures really teach, and then apply these inspired teachings to our present-day problems and experiences. A very significant statement occurs at chapter six, verse two—The sons of God saw the daughters of men that they were fair, etc. The "sons of God" were the religious line of Seth's descendants, and the "daughters of men" were the daughters of the heathen line of Cainites. The Sethites chose companions from the Cainites, and so the corruption of the religious line was hastened apace. Of these marriages came men of renown, earthly heroes in human prowess. But it was a great failure, and God right-

My Spirit shall not always strive

with man. God here indicates a limit to His mercy in dealing with the wicked. "He will not always chide, neither will he keep his anger forever".

God is seeking in various ways, including the wooing of the H. S., to turn the sinner from his evil ways.

God saw the wickedness of man was great. It was universally so. While Noah was much better he too was far from ideal (Gen. 9:21). The secret of his being saved was "But Noah found Grace in the eyes of the Lord". What indictment of that generation by God, "every imagination of the thoughts of his heart was only evil and that continually". The Hebrew uses a word that means every day. The Hebrew word translated "imagination" indicates not only the "imagination" but also the purpose and desires. They were wholly bad.

It repented the Lord. God is here represented as feeling as a good man would under such a sore disappointment. The things mankind was doing greatly grieved God at heart, but did not surprise Him or change His plans.

Noah was a just man and perfect in his generation. The marginal reading of our text rightly suggests the reading "upright" rather than perfect. Compared to others of his time Noah appeared immaculate. He was a very religious man, "walked with God".

The earth was corrupt . . . and filled with violence. This is the natural result of evil desires and imaginations of 6:5 which were everywhere prevalent. A merciful God even could not stand it any longer.

Make thee an ark of gopher wood. God was very specific in his instructions concerning the ark, and Noah very careful to carry out the instructions given. Fine example for us today! Many too lightly regard God's word to us today. We may not be drowned today, but we will displease God if we disregard His word and wishes.

I will cause it to rain upon the earth forty days and forty nights. This was an almost unbelievable announcement, as it had never rained at all before (Gen. 2:5-6). So Noah's faith was getting a serious test. But he stood the test, amid the jeers of an unbelieving world, for a hundred years. No wonder the New Testament rates Noah as one of the Heroes of Faith.

Noah went in, and his sons, and his wife, and his sons' wives, with him. Many a man has done worse than win his own family to faith in his God. All were married women with one husband each. Monogamy the divine standard of home-life. It was so in the beginning, and now is reiterated.

The ambition of every christian woman should be to make a real home-maker.

Noah only remained alive, and those that were with him in the ark. What a degeneration among human beings since those eight fine people were chosen to go into the ark and to repopulate the earth! How disrupting sin is! If religion could be propagated naturally what a fine chance Noah's fine family missed!

Be fruitful and multiply, etc. Again as at Creation, God indicates his command to his people to be prolific. Many take issue with God on this now, but He will have His say yet.

I do set my bow in the cloud. The first rainbow? Many think not, and the language does not necessarily say that it was the first one. But the writer of these notes thinks this was the first rainbow ever seen by the human eye. How beautiful it is anyway! It was God's token that no flood would ever again destroy humanity.

SOME REFLECTIONS
1. God's attitude toward a sinful race. (1) Nobody fooling God with his worldliness and wickedness. Ananias and Sapphira thought they would get by with that stuff. Jonah tried it one time. Meroz tried it. "God saw man's wickedness", and He always does. (2) God is long-suffering and merciful toward the wicked. He repented Noah's generation one hundred and twenty years, but the judgment finally came with awful power and destruction. It was a great catastrophe; but God let Noah warn them for more than one hundred years. (3) As God sent the ark so He has sent a Saviour. Peter says it is a figure of type of how God saves today. But we must trust Him and commit ourselves to Christ who is our Ark of Deliverance. Only those who came to the ark were spared in

Noah's day, and only those who come to Christ today.

2. While no flood will again deluge the earth God will surely destroy the wicked of this day. Some deny a flood on the ground that there are other traditions of a flood, other than the Bible account. Such a calamity, with accretions, would naturally be handed down orally among men. That has been done in this case. The Babylonian account is perhaps the most notable example, and remarkable. It agrees with the Genesis account in at least seven particulars, the main items. The inspired account of Moses is of course the correct account of what actually occurred. "The wicked shall be turned into hell with all the nations that forget God." "There shall be weeping and gnashing of teeth." "Where their worm dieth not and their fire is not quenched." "And whosoever was not found written in the book of life was cast into the lake of fire."

3. God is faithfully warning the sinner of today. (1) The very presence of christian people is a warning. (2) Every church-house is an invitation to salvation and every church-bell a call to life. (3) Every sermon is a message whether one chooses to hear or refuse.

4. The saddest thing God sees today among men is not poverty or ignorance or illness in its various forms, but unbelief of so many of his crea-

tures—their refusal to take Christ as their Redeemer.

NORTHEAST CORNER
Fairview Union Schools

The commencement exercises were held at Fairview school last Thursday night with a full house present. The following is the program rendered: Invocation, J. C. Allred; Seniors' adieu song, by seventh grade; Class History by Rosie Hammer; A Glimpse into the Future, by Cecil Allred; Address, by Judge Earl Wilson; Last Will and Testament, by Veeda Parker; Class of My Dreams, song, by Seniors; Presentation of Diplomas, by W. T. Womble; Benediction, W. B. Bowen.

On Friday the school children and some of the parents went picnicking on the creek and had a most enjoyable time even though the weather was a little cool for picnics. The teachers all left for their homes before Sunday.

Fred B. Harlin of Itasca and Miss Frieda McClain were married at the home of the bride's parents, Mr. and Mrs. W. J. McClain, last Thursday morning at sunrise. They left immediately by automobile for their home at Itasca and if the road they travel through life is like the one they started out on it will be an awful muddy one, but we are hoping it will not be this way. Mr. Bransford Harlin and family of Hereford were present and about 25 of Miss McClain's relatives attended.

We all wish them a long and happy life.

Rev. and Mrs. McClain of Itasca returned to their home last week after ten days visit with relatives.

Misses Rosaye and Myrtle Hammer went to Amarillo last week on a shopping tour.

The attendance at Palo Duro Sunday School last Sunday was one hundred and twenty four and still we have room for more and hope they will continue to come to where it will be necessary to get more room.

Mr. Clarence Brown spent Sunday with his friend, Ernest Walker.

A kid party was given at the home of W. T. Womble one night last week for the Seniors at Fairview. The attendance was very good but would have been better if the weather had been more promising.

All that attended were supposed to wear short dresses like kids and have all day suckers and popcorn balls. Those present report a good time.

Mr. and Mrs. George Day and daughter made a business trip to Amarillo Saturday.

Speedy Kretzinger was a visitor in the community last Sunday.

Mr. and Mrs. A. R. Norman visited in the Harper home Sunday.

J. M. Ware and family Sundayed in the home of J. P. Walker.

Mrs. C. N. McDade and children of Clovis visited in our community last Sunday.

The program rendered by the parties from Hereford on Tuesday night was greatly enjoyed by all. There was some disappointment when the band did not come but the glee club did a mighty good job of substituting. There was a full house and the benefits derived were many.

PROGRESSIVE

The Progressive school closed last Friday, April 23.

The Literary Society rendered a good program Friday evening. Our Literary Society adjourned until school starts again.

The school teachers, Miss Ewing and Miss Jarnaghan, were given quite a surprise last Thursday evening, when the people of this community gathered in for a social time in general, throughout the evening. Refreshments consisting of cake and cocoa were served.

A good attendance at Sunday School Sunday afternoon, also a large crowd at Singing Sunday evening. Quite a few old members and visitors were present. Come often! We need you! Everyone is urged to be present at Singing next Sunday evening.

Miss Jarnaghan and Mr. Grit Critzinger were visitors in the home of Miss Kathrine Hershey Saturday afternoon.

Mr. and Mrs. Ivan Monaghan visited in the O. L. Shaw home Sunday afternoon.

Jess Caldwell fell from a horse he was riding last Sunday morning and broke his collar bone. There were no other serious injuries we think.

FRIO NEWS

Frio is on the boom—lots of rain, wheat growing, Sunday School booming, Singing every Sunday night can be heard for miles; Harlin's papered their house, Knox's added a son to their household, Mrs. Sullivan a new hat, new house being built, ball team coming to the front, already beat Dimmitt 5 to 20: Hurrah for Frio!

Mr. and Mrs. J. B. Harlin went to Wildorado Tuesday to attend the wedding of Mr. Harlin's nephew.

On account of bad weather the F. F. club has not been able to have a meeting this week it will meet with Mrs. Veri Sullivan, every one be present.

Several new faces were seen at S. S. and Singing, glad to have you come back again.

Gleen Greer of Dawn is in a serious condition as the result of an infected hand. He is a brother of Mrs. Estes and Mr. Greer. At present his condition is improved.

Mr. and Mrs. Harlin had as their guests Saturday night and Sunday: Mr. and Mrs. Jack Roberson, Mr. and Mrs. Gleaves Owen, Mr. and Mrs. Pink Gilliland, Mr. and Mrs. Art Manjeet, and their kiddies. They said they just had a dandy time.

Mary Jo Greer visited her aunt, Mrs. D. H. Bryant, in Hereford Saturday and Sunday.

Max Dixon and family visited in Summerfield Sunday.

Mothers' Day will be observed at Frio all day, a good program has been

planned, and lots of cats expected. Everyone is invited and especially do we invite the mothers.

School will be out Friday, April 30. The teacher, Miss Carrie Mae Harris, has arranged a nice program to be given at the school house Saturday night, May the 1st.

Mr. John Gaetz received a telegram Saturday, of the death of his sister-in-law, who lives in Mitchell, South Dakota.

Mr. and Mrs. Ernest Betts visited in the home of C. E. Tice Sunday eve.

Mr. and Mrs. I. E. Woolery visited Sunday in the home of their son, Clayton.

Mr. and Mrs. Albert Springer visited in the Pincher home at Jumbo Sunday.

Miss Carrie Mae Harris has been a guest in several homes during these last days of school. She visited Mrs. Albert Springer Monday night.

Mrs. Fincher received word that her brother-in-law had been seriously injured in a boiler explosion at Wichita Falls.

Mrs. R. L. Knox and baby came home Monday. We are hoping the pure Frio air will agree with R. L. Junior.

Mrs. Childers of Lockney is visiting her daughter, Mrs. Mack Dixon.

Mrs. W. B. Green had as her guests Sunday for dinner, Mr. and Mrs. Carl Fry and family, Miss Mattie Woodburn of Hereford, Mr. and Mrs. Walter Easter, Mr. and Mrs. Louis.

JOEL

Don't forget we are to have preaching Sunday afternoon by Rev. J. Bozarth of Canyon. Come, we need you and you need the Gospel.

Mr. and Mrs. Lester Gally attended literary Friday night at Progressive.

Mrs. Minnie Walker visited Grandma Childs in the C. P. Gally home Monday afternoon.

Mrs. Betts called on the new baby boy Sunday in the Alford May home.

Mr. and Mrs. N. H. Cabot and children of Wildorado brought Mrs. Childs back home after a week's visit in Wildorado.

Miss Tynes was unable to teach Monday but was on the job again Tuesday.

Mr. and Mrs. Walter London called Sunday on Mr. and Mrs. Lovelady.

Mrs. Walter London is the first one

In the neighborhood we have heard of having little turkeys and she reports a good hatch.

(Clifford Smith of Huntington, Tenn., came Tuesday morning to make his uncle, W. T. Smith, a visit.

Mr. and Mrs. Lester Galley went to Amarillo Monday on business.

Mrs. Walter London and children visited Mrs. Guy Smith Monday afternoon.

The Smiths, Walkers and Botts attended the meeting at Dawn Monday night and report good talks.

Miss Myrtle Manning, the teacher in the Rice school, is boarding with Mrs. Minnie Walker.

Walter Galley attended the surprise party on the Progressive teacher Thursday night.

Howard Hershey called on Walter Galley Wednesday afternoon.

Henry Wilkinson Puts Ranch into Farm Blocks

Henry Wilkinson, local financier, has just completed improving six thousand acres of land northwest of Hereford in Deaf Smith county, and this land will be colonized immediately. It is to be sold to actual settlers, and will probably be settled in time for a spring crop.

Gus, M. Bryan and Walter Mansfield of Farwell, have been secured to colonize this tract, and these men have a reputation of delivering the goods. Both Bryan and Mansfield have been working with the Syndicate people, and more than 100,000 acres of Capital Reservation Lands in the Hereford country and Farmer county, southwest of here, have been sold since last July. Seventy five percent of this land will be improved in time for a spring crop, and a large part of it has new farmers already there. This land was sold in quarter and half section tracts. Mr. Wilkinson will be sold the same way.

Had a Bad Name

The Governor of Arkansas was visiting the state penitentiary. A colored woman inmate who was cooking in the prison kitchen desired an interview with him, which he granted. She asked for a pardon. The Governor asked her:

"What's the matter, Auntie, haven't you a nice home here?"

"Yesir," she replied, "but I wants out."

"Don't they feed you well here?"

"Tanks, I gets good vittals; dat's not bit."

"Well, what makes you dissatisfied?"

"It's dis way, Govenor: I'es got jus' dis one 'lection to dis place, and dat's de reputation it's got out oveh de state."—Exchange.

Statistics have proven that only one-half of one per cent of the speeches made in Congress are listened to. A great many Congressmen speak IN, but not TO, Congress. But every speech is published in the record. They send the records back home to show "What they told 'em up there in Washington." Now the people back home think Congress heard their "Lem" tell 'em this.
Now, here is my scheme to stop speech making. A Bill reading as follows: "Congressional Record must not only contain speech, but number of members, and names who listened to speech, and why." For instance: "Congressman Post Hole arose to a point of information and spoke at length on, 'Is Locarno a town, or is it a Treaty?' Length of speech, without waiting for applause, four hours, thirty-six minutes; attendance, Gout (Rep. N. Y.): 'Unable to get out.' Sixty-fourty (Dem. N. J.): 'Case of reciprocity, he listened to mine.' Lowbrow (Rep. Mass.): 'I was asleep, even the good speakers haven't woke me up.'
Now I claim that will stop some speech making. The minute it gets back-home that "Lemmie" is talking to himself up there, "Lemmie" will stop talking.
You know why they won't listen to anybody up there? They have gone out to smoke, that's why, and you know why they've gone out to smoke? Why, "Bull" Durham, of course. IT'S BETTER THAN ANY SPEECH EVER MADE.

Ford
Highest in Quality Lowest in Price
Ford cars are built throughout of the finest materials that can be produced. The very best steels available are used in Ford manufacture. The plate glass for windshields and windows is as perfect as can be made. Upholstery material contains a larger percentage of wool than is ordinarily specified—even on much higher priced cars. The basic features of Ford design have never been improved upon by any manufacturer.
No other car offers greater dependability. The Ford car has won the favor of millions of users under every conceivable motoring condition. Its convenience is known and appreciated the world over; its performance is taken for granted.
Such quality is possible at Ford prices because every operation, from mining of ore to final assembly, is under direct control of the Ford Motor Company.
Iron is taken from Ford mines in Michigan; coal from the Company's mines in Kentucky and West Virginia. Glass comes from Ford glass plants; wood from the Ford timber tracts in the North. Raw materials and finished products are carried over the Company's own transportation routes; coke ovens, blast furnaces, a steel mill, foundries and saw mills—all are part of this complete organization. There are even salvage plants, paper mill, cement plant, etc., to transform waste materials into useful by-products.
In this way every possible economy is effected. Under no other circumstances could Ford quality be had at Ford prices.

**Small Irrigation Farms
Would Mean Millions**

Six thousand irrigation farms could be developed here if the 250,000 acres of land that is included in the famous Hereford shallow water belt were made into forty acre tracts. Such a project would mean six thousand families or approximately 30,000 people for the Hereford country, and those who understand the possibilities of irrigation agree that forty acres under irrigation is adequate for the average family to tend and that such a farm will prove profitable if handled in the right way.

Far seeing citizens of this section predict that the Hereford shallow water belt will be developed in the small unit system of farming within the near future. General George Goethal, world's famous engineer, who visited here last fall said that such a system would be highly successful for the Hereford shallow water belt.

The Hereford country has been thoroughly proven for irrigation. A number of the local irrigation wells have been in operation for fifteen years. The wells are scattered at intervals over the field, and irrigation in the entire region is no longer an experiment. The wells pump from 1,000 to 1,600 gallons per minute. Some of them have pumped day and night for a period of three weeks, and the water level has never been lowered an inch. The engines used to pump the water are all oil engines of the Semi-Diesel type, which are cheap to operate, but rather too much for the average farmer to handle, because of the initial cost of installing.

One feature of the project here is, that the plants have been developed in 160 acre units, which has proven too large to handle. However it is not the lack of water from one well to flood this much land, but the inability of the average farmer to handle this much land under irrigation. There are exceptions to this, however. For there are some living examples of successful irrigation in the Hereford shallow water district.

The variety of crops that can be

grown in the Hereford shallow water belt is very great. There is no place in Texas where diversified farming can be carried on better than right here. All kinds of grain sorghums, wheat, cotton, stock raising, vegetables, and most kinds of fruits except the citrus varieties can be grown here at a minimum cost. Keep your eye on this district. If each forty acre farm were equipped with 20-horse power electric motor this would be a potential load of 120,000-horse power of electricity.

THOUGHT
(By Annie Laurie Buie)

I courted low before applause,
Success was sweet to me
Whose strength seemed sapped by
fleshy ill,
While spirit roamed so free.

Through lanes adrift with autumn
leaves
I danced with merry feet
And caught the whirling bright hued
bits
That fell with even beat.

Among the throng with eager step
I went upon my way,
In and out of bright gay shops
I spent a care free day.

When the homing thought returned
found its house of clay
can we doubt that thought will
end
out of night to day.

**Time Will Solve
Cotton Problems
Plains Farmers**

"The cotton problem and its troubles for the Panhandle will be solved just as soon as the people of this section learn the best variety and then stick to it", is the opinion of R. E. Carper, former head of the State Experiment Station at Lubbock. Mr. Carper wrote County Agent Dunkle a letter this week complimenting him on his efforts to place Burnett cotton seed among the farmers of Deaf Smith county at cost.

At the Lubbock Experiment station the Burnett cotton has led all other varieties of cotton, over a six year period. Last year by far the best cotton made in Deaf Smith county was of the Burnett variety, and County Agent R. O. Dunkle is making an effort to place a limited supply of Burnett seed with a number of the best farmers of Deaf Smith county, at cost. The local Chamber of Commerce is backing him in this move, and has secured some 1500 bushels of pure Burnett seed, and President E. B. Black and Mr. Dunkle are placing the seed with interested farmers for spring planting. Since the recent rains local farmers are taking out cotton seed daily, and a good acreage is predicted for this section.

**Golf Tournament Draws
Gradually to a Close**

The local golf tournament is progressing with something like regularity of late, since the weather cleared. In last week's round the contesting field was narrowed to seven players. Doug Fox eliminated Brack Williams; J. A. Pittman eliminated Acker; Marrs eliminated Hough; Homer Fox eliminated Cummins; Rice eliminated Seed; Steckman eliminated Patton; and Clark eliminated Ab Posey.

The Tournament Committee, composed of J. J. Clark, chairman, W. H. Steckman and C. C. Acker, announce the following pairings for this week: Marrs vs. Steckman; Pittman vs. Doug Fox; Clark vs. Homer Fox; Rice, bye. It is hoped to enter the semifinals next week.

Outlook for Cotton in Hereford Section is Bright

Cotton will receive a thorough test in the Hereford country during 1926, and those who are interested in this industry are inclined to be very optimistic over the outlook. There are two reasons why cotton promoters for the Panhandle feel that 1926 will be a banner year for this industry: First, the season is ideal with adequate moisture in the soil to assure a good stand for an early planting; second, many of those who are planning to grow cotton here this year are honest-to-goodness farmers who know the game thoroughly. Many of these are here from Central Texas and Western Oklahoma, and have been brought up in a cotton country.

Regardless of the fact that many of the local farmers will plant a smaller acreage to cotton due to the short crop last year which was caused by the early freeze, there is expected to be more cotton planted in the Hereford country than ever before. This includes Deaf Smith, Parmer and Castro counties. The many farmers who have moved here since a year ago will swell the acreage considerably.

Old timers agree that the Panhandle country has the best prospects for an all around crop that it has had for fifteen years. Wheat is almost assured. The soil is soaked, and any crop that is planted will be up within a few days after the seed is sown. Usually farmers have been compelled to plant cotton late, because of inadequate moisture for proper preparation of the soil. Rains started early this spring, and have left the fields in a promising condition.

It would be difficult to estimate the number of new farmers who have moved into the Hereford country during the past year. New homes have been built in every part of

Deaf Smith county, and local real estate firms are bringing in new homeseekers every week, who plan to move here in time to plant a row crop. Those who have already moved here are working early and late converting the pastures into farms.

The 35,000-acre Flagg ranch south of here in Castro county, which was owned by Col. C. T. Herring of Amarillo, was opened for colonization less than a year ago, and has been sold almost solid. New homes can be seen in every part of this huge pasture, with a bustling little city bearing the name of Flagg in the center of the tract. It is safe to say that seventy-five per cent of the new settlers who have moved there will plant some cotton. In other parts of Castro county new homes tell the tale of a change from a cow range to dirt farming.

The major portion of the development has been to the southwest of Hereford. Around 100,000 acres of Capitol Reservation lands southwest of here in Parmer county have been sold since last July. A large portion of this land has already been plowed, and seventy-five per cent will be improved in time for spring crops. Most of the farmers who purchased land in the Capitol Reservation tract are actual dirt farmers, and are experienced in the planting and tillage of cotton.

A number of the one-time cowboys who have taken up farming will plant some cotton along with other row crops. A number of these range hands are proving to be good farmers, and queer as it seems to see a cowboy with boots on straddling a cultivator, these men are playing an important part in the development of the Plains section of Texas.

The Hereford Chamber of Commerce is fostering the cotton industry, as a better means of diversified farming. No farmer is being urged to plant more than twenty-five per cent of his crop in cotton. This crop adds

another chance to the diversified list, and is expected to add good returns to the ones who handle it right. The local organization sent a committee out last fall to determine the best variety for this section. It was found that the Burnett cotton had been the best producer over a period of years; so the organization secured some 1500 bushels of pure Burnett seed and is distributing them out in limited quantities at cost, among the cotton farmers of the Hereford country. Arrangements have been made with the Hereford Gln company for the ginning of the Burnett cotton, so

that the seed can be kept pure, and farmers who plant this variety are being urged to preserve the purity of this cotton, so that next year more farmers in the Hereford country can secure the pure seed for planting. E. B. Black, president of the Hereford Chamber of Commerce, is very optimistic over the outlook for 1926. He has been fostering diversified farming for the Panhandle for more than twenty years. Mr. Black predicts that as much clear money will be made from cotton here during the coming year, as from any other crop.

Dimmitt, Castro County News

April 27.

J. W. Bell has returned from a visit with relatives in Ardmore, Okla., and in Montague county.

Judge C. D. Wright, candidate for District Attorney, was in Dimmitt last Monday.

W. L. Hodson and family and W. Streeter a son, who have been living on the Carter place, left Monday for Nebraska. Mr. and Mrs. Tom Tate have moved into the house they vacated.

Mr. and Mrs. M. R. Avery motored to Hereford to take Mr. Ruthland to the train.

D. W. Wagley and family have rooms at the Castro for a few days.

All the entries in the District meet at Canyon last week from Dimmitt made a fine showing although they did not get an honorable mention they are to be complimented on their work as they did well. Besides the ones mentioned in last week's paper the following were visitors: Charlie McLean, Brooks Woodlee, Dewey Wright, M. R. Avery, R. B. Carnes, J. W. Carcon and Misses Amy Gregory and Edith Wright.

The Dimmitt base ball team played the High School team a practice game last week, the score being 19 to 5 in favor of the town team. Of course the school boys did not expect to win over the other team but they are anxious for them to play another game with them as they believe it will be of great help to them.

Mr. and Mrs. Walter Welch and family returned Monday from an extended visit with their parents in Glenwood, Ark., and Quinton, Okla.

Mrs. Bill Burnam was on the sick list the first of the week.

Marinel, daughter of Prof. Carson underwent an operation last Saturday at the Lubbock sanitarium and is resting as well as could be expected at this writing.

Earl Lust of Big Square was a business visitor in Dimmitt Monday.

Messrs. Hicks and Gano Hastings and Misses Rodgers of Hereford were dinner guests in the home of Mr. and Mrs. Ernest Harman last Sunday.

J. C. Howard was a business visitor in Hereford last Monday afternoon.

Paul L. Odor, publisher of the Briscoe County News, Castro County News, and other papers was a business visitor in Dimmitt Monday. Mrs. Odor and baby were with him.

Matt Gilliland of Hereford was in Dimmitt Tuesday.

Mr. and Mrs. Sam Webb and baby of Tulsa were visitors in the home of Dr. and Mrs. Mayes Miller Tuesday.

Rev. Ross, pastor of the Presbyterian church at Hereford was here last Sunday afternoon and filled his regular appointment here. Rev. Bozarth was with him.

L. C. Penry of Plainview was in Dimmitt Monday attending court.

Carl Fry of Easter was a business visitor in Dimmitt Monday.

Meade Griffin and Chas. Clements of Plainview were in Dimmitt the first of the week attending the District Court and meeting the voters.

Walter Simmons made a business trip to Lubbock Monday.

Herman Recker and daughter of Ohio were here the first of the week looking after property here.

W. Y. Buchannon of Friona visited friends and relatives in Dimmitt on Monday.

Posie Cunningham of Muleshoe was here Monday.

Floyd W. Fortner of Arney attended court here Monday.

L. E. Aikman of Hereford, who has the Hereford Mail route down this way, was here Monday looking over the route.

The editorship of the Castro County News has passed from Rev. W. U. Coughran to Mrs. Annie Reynolds. Bro. Coughran found it impossible to devote enough time to the paper. So Mrs. Reynolds has accepted the management and will appreciate your phoning her any time you have any news. This news will appear in the Hereford Brand also.

Ray Cowart, who has been away for sometime, returned home Monday.

Sam Jones of Spring Lake was attending court here Monday.

Mr. and Mrs. Sid Sheffy and family of Flagg visited in the J. C. Howard home Monday.

Floyd Reynolds was in the Big Square community Monday.

J. W. Alexander of Hereford was in Dimmitt Monday.

Mr. Tandy of Vega was a business visitor here Monday.

Webb Cook of Summerfield was attending to business here Monday.

J. B. Rutland, State Supervisor of Vocational Agriculture, was here last Monday inspecting Mr. Avery's work and we are very glad to tell the public that he had no criticism to make whatever, either here or at Nazareth. The report has been pretty well scattered that the Vocational Agriculture would be discontinued after this year. This report is untrue. The work will be carried on as heretofore.

Mesdames Henry Stalcup and N. G. Jackson entertained the Priscilla Art Club last Friday afternoon at the home of the latter. The afternoon was spent in different kinds of needle work and instructions as to the different kinds, after which dainty refreshments were served to Mesdames J. W. Smith, L. P. White, J. C. Howard, Bill Webb, Edgar Ramey and Joe Hastings.

The first fried chicken dinner of the season was given last Sunday at the home of Mr. and Mrs. W. A. Wright, when they entertained a large number of their friends. All the trimmings were served with it, with ice cream as the last course. Those enjoying the occasion were: Mr. and Mrs. B. A. Fuller and sons, Edwin Ramey and children, C. G. Mapes and family, L. P. White and family, Rev. B. F. Fronstanger and Mrs. B. B. Boren and son.

New song books have been ordered for the Dimmitt Singing Class and will be here this week in time for the practice Sunday afternoon. There has been a number of singers of the

other communities invited to be here and practice with us. Let every one that can meet at the school house at 3:00 o'clock next Sunday and all learn them together.

One of the largest crowds that has been in attendance at the Ladies Aid for some time was present last Thursday when Mrs. Bill Webb entertained. A very delightful afternoon was spent, after which pineapple cream and cake were served to the following: Mesdames E. F. Harman, Joe Hastings, N. G. Jackson, J. C. Howard, W. A. and E. B. Wright, J. C. May of Lubbock, L. A. Womack, I. B. Brooks, J. P. Turner, W. T. Gillehon, J. D. Duree, Jr., Edwin Ramey, W. A. Cleve and Tom Tate, J. M. Birdwell, M. R. Avery, B. D. Woodlee, Henry Stalcup, J. W. Bell, R. B. Boren, L. P. White and Claude Johnson.

Rev. T. Morgan filled his regular appointment Sunday afternoon.

Sunday School was better attended than the past few Sundays.

The community meeting Thursday night was enjoyed by the large crowd present. The program was very entertaining, and we would like to have these folks come again.

George Benson and Miss Sallie Davis were quietly married Wednesday, and are at home now in their new house near Ford School. George Benson is a prosperous farmer of this community and has resided here the past two years, having moved here from Clarendon. Miss Davis comes from Clarendon also, and is welcome to our community. We wish these young people all the happiness in the world.

Mr. and Mrs. Sherm Garrett and children spent Sunday in Amarillo.

Mrs. Joe Bassett has a case of mumps this week.

Mrs. John Lennox was called to Shamrock one day last week, by the death of a brother, who resided there. Our sympathy is extended.

Mr. and Mrs. A. E. Benson from Clarendon were here Saturday visiting their children who live near Ford.

Mr. and Mrs. Barney Mecaskey and Miss Lynn were Amarillo shoppers Saturday.

Mrs. W. P. Rambo and Mrs. H. C. Spurrier of Hereford visited Ford

school Friday afternoon.

T. E. Major has purchased two more Jersey cows to add to his splendid dairy of pure bred cows.

Miss Velma Lynn, Edgar Sowell and Ernest Mays spent Sunday with Miss Ruby Moreman.

Mr. and Mrs. Bob Orr went to Fairview Thursday night to the closing of school program.

Miss Peggy Rambo spent Wednesday night with Miss Grace Johnson.

Mr. and Mrs. Jess McGowen, Miss Ruth McGowen and Mr. and Mrs.

Glean went to Canyon Monday to the track meet.

Miss Hazel Smith visited in Vega Sunday with Mrs. Stella Cotton.

Manages Cities

Building and managing a city's affairs is Charles E. Windham's specialty—whether that city be on the Pacific or Atlantic seaboard. As mayor, city manager and holder of a model harbor, at Long Beach, Calif., he made such a reputation that Joe W. Young went after him and since March 15 has had him on the job as city manager of Hollywood, Florida. "100,000 population the year round by 1921"—is Mr. Windham's slogan.

Guards Official Here To Look Over Armory

Captain Lynn A. Boyd, from the Adjutant General's Department at Austin, Texas, is here this week on business connected with the local unit of the Guard. He has checked out Captain Buford Farmer and checked in Captain Joe Landrum. He is taking up all unservicable property and issuing new equipment. He is also checking over the new Armory plans and specifications and is installing a model store room.

The county commissioners are now remodeling the upper floor of the sales pavilion, which has been leased to the government as an Armory for a period of years. The rental derived from the contract will be an acceptable income from the investment in the building. And the Guards will have a dandy good Armory for the future. Captain Landrum stated Thursday that he hopes to move into the new headquarters about May 15.

Albert Herbst Leaves For San Benito Work

Albert Herbst, active vice-president of the First State Bank & Trust Company of Hereford for many years, has resigned his position with the bank and was planning to leave for San Benito, Texas, in the Rio Grande Valley, Friday. Mr. Herbst will become an active officer of the Farmers State Bank of San Benito.

Mr. Herbst was formerly connected with the same bank and goes back to familiar surroundings. He has sold his home here to C. B. Williams. He and Mrs. Herbst will drive through the country to their new home.

Albert Herbst has a host of friends all over this Plains section, who regret exceedingly to see him go. He is a likable chap and one of the best bankers that ever came to this country. He and his estimable wife will be sorely missed in banking, business, and social circles of this community. The Bank wishes them long life and happiness in the Magic Valley.

City of Hereford Purchases New Water Pump

The City of Hereford has just purchased a new pump for the City water works. When this is installed and the extension of the water mains is made, Hereford will be entitled to twelve cents credit on her key rate of insurance. This with the other credits received during the year on the excellent fire record, will make the local key rate 28 cents, which is said to be the lowest of any city of Hereford's size in the state.
