**FOUR INJURED**—Four persons were injured Sunday when this house, located at 107 Avenue C, was blasted a foot off its foundation by a natural gas explosion and then burned. Injured were Mr. and Mrs. C. E. Coleman Jr. and their two young sons. (Alex Thompson Photo)

## Around Town

**Spring sprung a leak** Around Town this week when Hereford citizens woke up to find the ground partly covered with a light snow here Wednesday morning. No moisture was recorded, but folks had to dig out the heavy clothes again as the mercury dipped low once again.

Hereford City Commissioners are considering what kind of lighting to place along Twenty-five Mile Avenue once it is re-surfaced. Mercury-vapor lights are being considered as well as standard lighting. Spacing is another problem, and an electrical engineer is expected to be heard by the group before a final decision is reached.

And speaking of Highway 51, Commissioners Monday night authorized \$95,000 to be sent to the state as their part of costs of getting the new super-highway.

Another free show for the Golden Age Group — anyone over 60 — will be given Monday by Francis Hardwick. The show will be "Never Say Goodbye."

Directors of the Hereford Golf Club have announced that the open meeting for stockholders and all interested golfers, which was scheduled for tonight, has been postponed due to conflict with other engagements. It will be held later this month.

## FOLLOWING EXPLOSION

### Three Still In Hospital Here

Three members of the C. E. Coleman Jr. family, who were injured Sunday morning when their home exploded and then burned, were still in a "serious condition" here Wednesday, but hospital attendants described their condition as improved.

Mrs. Coleman, the most seriously injured, Rodney, 2, and Ricky, 2 months, remained in the Deaf Smith County Hospital following the freak accident. Coleman has been released.

All three of the patients suffered concussions. In addition Mrs. Coleman's leg was broken in several places and two vertebrae were crushed. Rodney, who was celebrating his second birthday on the day of the blast, also suffered a broken leg.

The Colemans had just purchased the three-bedroom frame home at 107-Avenue C, according to Coleman. He said they went to the house Sunday morning to get it cleaned up. They did not have any furniture in the house at the time of the blast.

Coleman said he first lit the pilot-light on the water heater and then the pilot on the floor furnace in the hall. "My wife and I were both standing on the floor furnace," he recalled, "and Maxine

was holding the baby." Then, he said, the floor furnace automatically came on and seconds later the explosion ripped the house. C. E. was thrown to the ceiling and Rodney, who was in the living room at the time, was thrown through the front picture window and out onto the front porch.

Coleman said afterward that he remembered getting to the telephone, but couldn't get anyone. He then carried his wife to a window where she was taken by a neighbor. Another neighbor had rushed into the house and took the injured infant to safety.

Coleman, co-owner and manager of the Ink Spot, suffered from shock and multiple cuts and bruises. Volunteer firemen, who reached the scene minutes after the blast, were credited with saving the house next to the Coleman's residence. It was slightly damaged, however.

The fire which resulted from the natural gas explosion quickly destroyed the three-year-old house. About all that was left standing was the double garage and breezeway.

Cause of the blast was still undetermined Wednesday.

## Mass Break Frees 20 Howling Dogs

Twenty howling Hereford dogs gained their freedom Sunday from the City dog pound, thanks to an unknown dog lover.

The pound break occurred sometime Sunday, Police Chief Leo Box said. He admitted that the Robin Hood of dogdom may go unpunished, "because we haven't got a single clue."

Some of the dogs, picked up recently because they didn't possess tags, had been recaptured Wednesday, but Box said that none of them had "coped on" yet.

## Ford Agency Is Bought By Seed

Sale of Hereford Motor Co., Hereford's authorized Ford dealer, was announced today by Buran Scott.

New owner of the Ford agency here is Charles Seed, formerly of Clarendon. Seed assumed control of the business this week. Also announced was the appointment of Johnny Blocker as new sales manager. Blocker was employed by Seed in Clarendon, where Seed owned an automobile agency for five years.

Both Seed and Blocker are now making their homes in Hereford. Seed said the new name of the agency would be Charlie Seed's Motor Co., Inc.

Mr. and Mrs. John Paetzold and Mr. and Mrs. O. C. Williams visited in the Cliff Williams home in White Deer Sunday. Mrs. Cliff Williams is the daughter of Mr. and Mrs. Paetzold and Cliff is the son of Mr. and Mrs. Williams.

## Two Candidates File For School Trustees

The first two candidates to file in the Hereford Rural High School trustee election did so Wednesday. Bert Boomer and Marcus Latham announced jointly that they would be candidates for the two vacancies.

Boomer and Latham's announcement came just 21 days before the deadline for filing in the race. Last date to enter the race is Feb. 27—10 days before the election, which will be held the first Saturday in April.

Two seats on the seven member Board will be filled. The terms of H. H. Miller and Mrs. Earl PlanK expire this year.

## Schools Week Termed Huge Success By Schoolmen Here

Hundreds of parents and ex-students returned to the classroom here this week in honor of Texas Public Schools Week.

The visitors sat in classrooms with the students, ate lunch with them in the cafeterias and enjoyed activities with them in assembly.

More than 600 were present for the Back to School night program at Hereford High School Tuesday night. At the same time some 300 attended open house at Stanton Junior High.

Tuesday morning approximately 100 were present at Junior High for the special assembly program. By Monday 85 had been served lunch at Junior High, 218 at Central and 179 at Shirley. L. C. Thomas, fifth grade principal, said 50 had visited the barracks while 246 had visited in Shirley classrooms.

Thursday a community-wide meeting will be held in the high school auditorium, which is sponsored by the Hereford Parent-Teacher Association. Fourth grade parents are invited to eat at Central School and a special High School assembly program will be held at 10 a.m.

Supt. Fred J. Cunningham and principals of the four schools termed the week a "huge success."

## Henry Hellman Is Buried Wednesday

Funeral services for Henry Hellman, 50, were held Wednesday at 10 a.m. at the St. Anthony Catholic Church, conducted by Nathaniel Madden. Interment was in St. Anthony Cemetery.

Mr. Hellman died suddenly, in his home Sunday. He was born Feb. 20, 1906 at Stuttgart, Ark. He came to Texas in 1910, and in 1911 moved to Deaf Smith County from Umbarger. Mr. Hellman was a member of the St. Anthony Catholic Church.

He is survived by his mother, Mrs. Mary Hellman of Hereford; eight brothers, Joe Hellman of Hereford, Bernard Hellman of Le Mars, Iowa, Lawrence Hellman of Amarillo, Anthony Hellman of Friona, Herman Hellman of San Mateo, Calif., Aloysius Hellman of San Mateo, Calif., Leo Hellman of Lubbock, and Francis Hellman of San Francisco, Calif.; and three sisters, Agnes Hellman of Hereford, Mrs. Ema Eardman of Kewanee, Ill., and Mrs. Christine Looney of San Francisco, Calif.

Gilliland Funeral Home was in charge of arrangements.

## \$301,003 Bid Is Let By Hereford

Hereford City Commissioners on Monday let a \$301,003 contract to the Panhandle Construction Co. of Lubbock for construction of two ground water storage tanks and needed pipeline.

The award went to the Lubbock firm on low bid. There were nine bids submitted. Representatives of the firm said work would begin immediately.

**BACK TO JAIL**—Harold Leo Roberts (center) is pictured on his way back to the Deaf Smith County jail minutes after his conviction here Sunday of murder with malice. Roberts, convicted of killing his 17-month-old daughter, was sentenced to life by the jury. On Roberts' left is Deputy Sheriff Charles Skelton, and on his right, Deputy Sheriff A. L. Wilson. ## Roberts Remains In County Jail Following Conviction

Harold Leo Roberts, convicted murderer of his 17-month-old daughter, remained in the Deaf Smith County jail here Wednesday awaiting transfer to prison or an appeal of his life sentence handed down Sunday afternoon by a Deaf Smith County jury.

Roberts remained calm this week following the verdict. His attorneys said they had not yet decided on whether to appeal the decision or not.

The jury of 11 men and one woman found him guilty of murder with malice following the week long trial. They were given the case Saturday night at 8:30 and returned their verdict at 2:30 p.m. Sunday. Jury foreman Clyde Truly handed the verdict to District Clerk Lucille Posey when asked by Judge Harry Schultz if a verdict had been reached. Mrs. Posey read the verdict as a cloud of silence hung over the courtroom.

The defendant didn't change his expression when the verdict was read and the courtroom remained silent. Then, some two minutes after the verdict was read, Roberts' seven sisters, who remained by his side throughout the long trial, burst into tears. Roberts' expression still remained unchanged.

The Dumas man, who had previously been found guilty and sentenced to death, only to gain a reversal, was charged with murdering his small daughter, Nita Marie, in August, 1954 by stomping her. The trial was highlighted by a reversal in testimony by both the defendant and his wife.

## Youth Arrested On Theft Charge

A 12-year-old boy has been filed on in Juvenile Court here for taking six \$1 bills and a \$1 check from the home of Mrs. R. D. Lance, 811 Knight, last week.

The youth was arrested by City Police after allegedly forging a name to the stolen check and cashing it at the Snack-Bar. Police said he admitted the theft, but denied being involved in any other vandalism which has taken place recently.

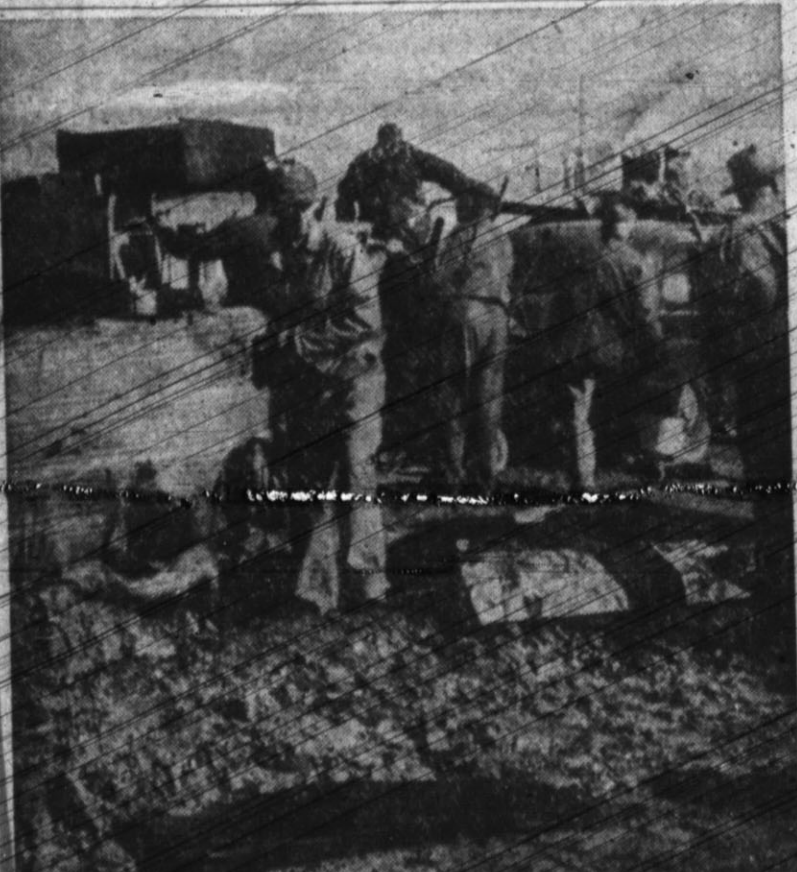

## Meeting Of Certified Growers Is Set Friday

A meeting of all certified growers, both wheat and grain sorghum, will be held Friday night at 7:45 in the county courtroom, Hugh Clearman, county agent, announced Wednesday. Clearman said applications must be submitted soon.

## Two Given Thirty Days For Theft

Two Latin Americans entered pleas of guilty to theft of personal property under \$50 this week in County Court.

County Judge Homer Henslee ordered Salistino Valdez and Jumesirido Hill to serve 30 days in jail and pay costs of court. The two were arrested by City Police Sunday. Police said they stole five hub caps, a spare tire and a wheel.

**CIGARET TROUBLE**—Hereford volunteer firemen are pictured at the scene of a trailer fire Tuesday on Highway 60, west of here. The trailer, loaded with furniture, caught fire when the driver of the car pitched a cigaret out the window and it landed in a mattress. The tourists had hauled the furniture all the way from California and were on their way to Missouri. (Staff Photo)

## Albert Maxwell Presented With Eagle Scout Honor

A Hereford scoutmaster, Albert Maxwell, set an example for his boys Monday night when he was awarded Scouting's highest honor, the Eagle award.

The presentation highlighted the Deaf Smith District Court of Honor. The Bronze Palm award went to George Davis. Star awards to Eddie May, Jakob Kohler, Jan Wallace and Clint Conaway. # KNOX'S KNOTTINGS

By BILL KNOX

We weren't altogether right, but we weren't altogether wrong. We're speaking of our prediction on the outcome of the state tournament at Austin. We predicted both Phillips and Palo Duro of Amarillo to win.

Palo Duro won and Phillips lost a heartbreaker in the finals. That's not a bad average and, we'll be satisfied if we can do that well most of the time. Only we wish the situation this time was vice versa—Phillips winning instead of Palo Duro.

Trying to be impartial and fair, we picked Palo Duro to win. Maybe being a bit partial, we picked Phillips. And the Blackhaws came pretty close, losing by two points in the finals.

Actually, the Dons were a shoo-in after eliminating Grand Prairie in bi-district. The Blackhaws were underdog from the beginning. They were not rated to win at regional; they took out defending champion Seminole. They were rated to lose their first game at state; they defeated previously undefeated Webster. Then they finally did what the dopsters said what they were supposed to do and lost to Jacksonville, the pre-tourney choice for the title.

Palo Duro was a slight underdog against Grand Prairie, but after that they never were supposed to lose; and they didn't. They didn't even have trouble with Marshall or Beaumont French. The terms "dandy" and "dazzling," however, are still being overused somewhat.

Tickets for the Athletic Banquet aren't going as fast as they should be. For the first time in many years, all athletes of Hereford High School will be invited instead of just the football players. Should be a much better deal this year, and we hope that the same program is continued in the future.

From Sports Illustrated: We hope there were no players hurt when the roof fell in in the third inning!

## Golf Tourney Goes Into Semi-Finals

Four teams advanced to the semi-finals of the "Mixed" Match Play Partnership Tournament at the Hereford Golf Club this week. Helen Ann and J. A. McWhorter defeated Jo Brock and Dale Tinnin; Juanita Sims and Max Drever stopped Urlin Streu and Lucille

Posey; Ola Mae Trimble and Joe Butler beat Earline Ross and Jeff Minton; and Hootie and Punk Gilbreath defeated Rowena Posey and Emmett Sherman to advance to the semi-finals of the championship flight.

First flight matches saw Meredith Ireland and John D. Pittman lick Dorothy Ward and H. D. Blythe; Polly Manning and Bob Lindsey outlasted Revella Skypala and Jim Wood; Sue Loving and

Dr. J. H. Channer edged Charles Seed and Mary Jane Pitman; and Dell Sherman and J. M. Posey beat June Gladman and Pick Harmon.

In Second Flight matches, Claudia Blythe and Troy Moore beat Marie and T. R. White; Maxine and Wimpy Walker beat Mary Harmon and Ed Skypala. Maxine and Wimpy Walker then defeated Claudia Blythe and Troy Moore for the championship of the second flight.

Helen Ann and J. A. McWhorter will meet Juanita Sims and Max Drever; and Ola Mae Trimble and Joe Butler clash with Hootie and Punk Gilbreath in semi-final matches of the championship flight. Semi-finals of the championship consolation see Joe Brock and Dale Tinnin meet Lucille Posey and Urlin Streu; Earline Ross and Jeff Minton take on Rowena Posey and Emmett Sherman.

# Lueb, Smith, Turpin, And Morgan Named Managers

Managers have been named to lead the four teams of the newly organized Little League. It was announced this week by league officials. At the same time names for the four teams were selected by the newly appointed managers. Joe Smith, Blue Turpin, Don Morgan, and Raymond Lueb were named to the posts. The names for the teams were drawn out of a hat by the four managers. The names selected were the Yankees, Dodgers, Cardinals and Giants. Smith will head the Yankees, Turpin the Giants, Morgan the Cardinals and Lueb the Dodgers.

The schedule is slated to commence May 28. Each team will play 18 games, clashing with each of the other teams in the league six times. Games will be played on Monday, Tuesday, Thursday and Friday nights. The schedule will be divided into halves, the winner of the first half of the season playing the winner of the second half for the championship. The winner of the Hereford league will advance to the district playoffs. From there they go to region, and the winner there en-

ters the state tourney. The state tourney winner goes on to a sectional tourney. The winners there go to the Little League World Series.

The four managers will select their assistants and they will be named at a later date. One coach will help with the major league team and several with the minor league clubs.

The application for franchise will be sent to Little League headquarters in Williamsport, Pa., very soon, Bill Lenderman, head of the committee dealing with franchise, stated.

The film on Little League World Series is slated to arrive here on March 13.

### Funk Tells Joe And Duran To Watch Out

A grudge match, pitting colorful Dory Funk and Bob Geigel against Tokio Joe and Ray Duran, will be the feature match of Saturday night wrestling at the Bull Barn. The tag team match will be for the best two of three falls or 90 minutes time limit.

In preliminary bouts, Funk will take on Tokio Joe, and Bob Geigel will oppose Ray Duran. Both are for one fall or 20 minutes time limit.

This will be a return match from last Saturday night, when the same bout featured the wrestling card. Tokio Joe and Ray Duran came out victorious in that bout.

"I had a cut hand with three stitches in it last week, but this week the hand will be well, and Tokio and Ray better watch out. Geigel carried me last Saturday, and I'm gonna' carry Bob this

time," Funk said.

Tokio Joe, the Japanese Karate wrestling expert, and Funk, former man of the Flying Mare Ranch, have built quite a rivalry in the wrestling circles. Funk is one of only two persons to ever hold the Southwest States Junior Heavyweight championship four times.

Israel farmers are growing berries under glass at the rate of 12 tons of berries per acre per season.

### MICHIGAN TO PLAY UCLA

EAST LANSING, Mich. (AP)—Rose Bowl opponents Michigan State and UCLA may sign up for a home-and-home football series in 1959 and 1960, says Athletic Director Biggie Munn of MSU.

"We want to keep on playing one coast team a year," says Munn.

Michigan State concludes a two-year pact with Stanford this year, then plays California in 1957 and 1956.

Mr. and Mrs. J. W. Melver were in Lubbock Sunday visiting their son, Johnny, who is attending college at Tech.

### SWEET SMELL

PEORIA, Ill. (AP)—Perfume is potent stuff, especially when it leaks from barrels on a transport truck. Workers in the southside area took advantage of the windfall and dipped the perfumed oil from puddles into any sort of containers available.

At \$15 a pound, the company which uses it to compound the luscious liquid, figured its loss at about \$10,000.

# Ford Wins at Stock Car Racing "Olympics"

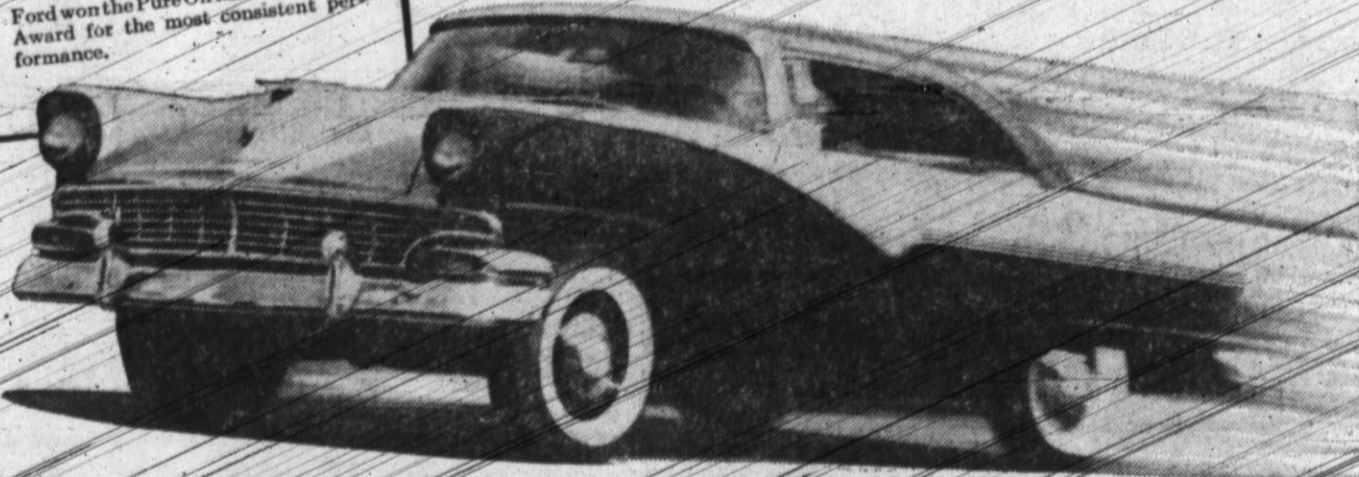

HERE'S FORD'S RECORD AT NASCAR'S DAYTONA BEACH NATIONAL SPEED WEEKS

**FIRST**  
In Sports Car Acceleration  
A Ford Thunderbird set a new record for American production sports cars.

**FIRST**  
In top speed—class 4  
A Ford "Six" took top honors in the Flying Mile for Class 4 American production passenger cars!

**FIRST**  
In 160-mile Convertible race  
Ford V-8's took 1st and 2nd place in the National Convertible Championship Race.

**FIRST**  
In over-all performance  
Ford won the Pure Oil Manufacturer's Award for the most consistent performance.

The Ford V-8 again showed its tailight to all competitors in the "Olympics" of stock car racing at Daytona Beach, Florida.

In blazing across the finish line Ford demonstrated once more the sizzling performance that keeps it the largest-selling V-8 in the world. No other car in the field could match Ford for getaway "git" ... for straight-away acceleration ... for all-around roadability. To see exactly how the other cars trailed behind Ford, see the chart at the top of this page.

One of the secrets of Ford's performance is the tremendous torque (wheel turning power) developed by Ford engines. For

example, Ford's new 225-h.p. Thunderbird engine develops more torque than any other engine in the low-price field. This means quicker response, smoother running in the kind of driving you do! Just nudge Ford's accelerator and *whoosh!* You pass in instants when instants count!

Ford now offers this mighty 225-h.p. engine with any Ford Fairlane or Station Wagon model with Fordomatic. What's more, these engines are coming off the assembly lines right now! So why wait? Come in today for a Test Drive. Find out for yourself about Ford performance. Find out why Ford is the V-8 with the biggest following!

## Hereford Bull...

(Continued from page 6)

he is as cheerful around home as he is down town, he is indeed a remarkable fellow.

Several jurors from the recent Roberts case are no little upset over conditions in the Deaf Smith County courthouse. I understand that they even went so far as to write a letter to The Brand protesting conditions, but I have not seen it as yet. The general contention is that people who are sum-

moned for jury duty are entitled to reasonably comfortable conditions, both on and off duty. This jury stayed in the hotel, rather than the courthouse dormitory. Otherwise, it would have been impossible to shave and maintain a reasonably decent appearance. One of their complaints was the absence of "hot and cold" water taps. Several of them were also of the opinion that conditions in the district courtroom might also be modernized with better lighting and a less drab atmosphere.

Certainly, they have a point. The facilities were modern back in 1910 but, as they point out, times have changed. It would be like taking a trip to California in a 1910 Model T as compared with a 1956 automobile: it is possible, but not too pleasant. Whether the cost will justify the changes will, of course, be a question to be settled by the tax payers. Anyway, it is good for the average citizen to see firsthand and to realize conditions as they really are in our public buildings. This was the first time many of these folks had spent any time in the courtroom in many, many years.

INCREASING PRICES will be seen on many items, due to advance in freight rates. Freight has

become a most important part in the merchandising picture during the past few years. Many large firms have softened the blow by installing their own trucks and hauling facilities. Many of them say it is the only way they can compete. This makes it double-tough on the smaller outfits which cannot economically institute competing services. The National Coal Association, for instance, estimates that the 6 percent freight increase allowed by the Interstate Commerce board last week will cost from \$45 million to \$50 million during the next 12 months. The situation can also be expected to show up in other commodities across the nation.

Optimist and Rotary Club members this week ate lunch in Shirley School cafeteria in cooperation with Texas Public Schools week. Each of the club members were honored with a personal silhouette, made by the students, as they passed through the building. The students used projectors and traced the features on black paper, which was then cut and mounted. It was a nice stunt — except the silhouettes were too accurate. It is rather a let-down for an old boy who always considered himself as a debonaire young blade to suddenly discover that he is fat and 50, along with a double chin and a bald head. The bad thing, too, was the fact that you couldn't argue about it. Everyone else immediately recognized you — and generally started laughing.

The boys and girls got a big kick out of the work, though — and they did an excellent job. It was one of the highlights of the occasion.

ABOUT POLITICS. Most of the big guns think that Nixon will run with Eisenhower — and they are probably right. However, it will not help the ticket, especially in the South and Southwest. Many Ike fans do not go for Nixon. Many of them feel that it is especially important at this time to have a strong man for vice president. They just don't think Nixon is that man.

Mr. and Mrs. Horace Johnson have moved from 511 Grand Avenue here in Hereford to 400 N. Johnson Street in Amarillo. Johnson has a job with a building contractor and is in business with him in Amarillo. Mr. and Mrs. Johnson have lived here in Hereford for the past two years.

Mr. and Mrs. O. C. Williams and Mrs. O. L. Williams and son were visiting with Judge Clarence Williams and family in Panhandle on Monday.

## Bud To Blossom Club Has Lesson On 'Dahlias'

Mrs. Sam Long was hostess for the Bud To Blossom Club meeting Friday afternoon. Mrs. W. Glenn Williams directed the business session when members discussed the Christmas Card project sponsored by the five Mother's Clubs of the city and plans were made to attend the District 1 Texas Garden Clubs Inc. convention to be held in Amarillo, March 20-21.

Mrs. Jim Wood made the arrangement for the day using yellow jonquils to emphasize the approach of Spring. Mrs. Ira Scott and Mrs. Delmo Williams presented the program on "Dahlias," naming varieties best suited to this area, telling how and when to plant the bulbs. Included in directions were: Plant in well fertilized ground six inches deep and stake when the first shoots appear above the ground. After the blooming time is past, dig, mark and store for the winter. Attending were Mesdames W.B. Goatz, R. A. Daniel Jr., Ray Godwin, Preston Hagans, C. R. Higgins, Don Martin, W. H. Patton, Ira Scott, Lloyd Sharp, Delmo Williams, W. Glenn Williams, Jim Wood, R. N. Yarbrough, Jimmy White and the hostess.

## Swisher Studio To Present Concert

Students of the Mattie Mae Swisher Studio of Singing and the Voco Club will be presented in a Concert of Songs at Ward Hall of the First Methodist Church Sunday afternoon March 11, at 3 o'clock.

Selections to be presented in the Junior Music Festival scheduled to be held here March 17, will be featured. Mrs. Cliff Estes will serve as accompanist.

All interested friends are invited to attend the concert.

Those who will appear are Becky and Janey Sumner, Susan White, Linda Jacobsen, Cynthia Ann Knox, Sylvia and Randall McGee, Patricia Caywood, Terry Caywood, Kent and Elvin Davis, Linda Nolan, Georgina and Lanelle Blanton, Raymond Wells, Ross Joe Landers, Dana Nafzgar and Robert Davis.

Mrs. R. L. Campbell and her grandson, Cliff Jones, went to Silverton Sunday to visit relatives. Cliff is a student at West Texas State College.

# Dufur Tells Of Chicago Grain Tour

(Editor's Note: The following story was written for The Brand by Bill Dufur of Hereford, who was one of two Texas 4-H boys who were chosen to attend the grain marketing meeting in Chicago for 4-H Club boys.)

**By BILL DUFUR**  
I entered the 4-H Grain Marketing program in October of 1955. I participated in a grain marketing tour of Amarillo, where we visited the P.G.C. grain terminal of Amarillo, General Mills, Uhlman Grain Co., and Meade Bakery. I wrote a narrative on that tour and added a narrative on a tour

through the Hereford Co-op elevator.  
Along with other necessary material, such as project records and a standard report form, I submitted the narratives in my record book to my county agricultural agent, H. L. Clearman. He graded it, and sent it to the district office for judging. I won the county, district and state grain marketing award. Mr. Clearman was chosen to chaperon Billy Bob Brazell, winner from Sunray, and me in Chicago; but because of conflict with our junior livestock show he could not make the trip with us. Marvin

Simms, county agricultural agent of Castro County, was then chosen to go with us. We were to leave for Chicago Jan. 15.  
Jan. 15, I met Mr. Simms in Hereford. We drove to Amarillo by car. Mr. Simms and I met Billy Bob Brazell at the Santa Fe railway station about 5:30 that afternoon. Billy Bob and I were interviewed by representatives of KGNC-TV and had pictures taken of us.  
We left the Amarillo station on the San Francisco Chief for Chicago about 5:45. We located our seats and took care of our luggage.

We ate supper on the train about 6:30. After supper I met Dave Britton, representative of the Steve Wise Oil Co., and a graduate of Texas A&M College, who is very interested in the 4-H grain marketing and tractor maintenance programs. We had a very comfortable night on the train. The train passed through several large cities, such as Wichita and Kansas City, Kans. We were eating breakfast as the train crossed the Mississippi River into Illinois. After breakfast Billy Bob and I sat in the dome car to see some scenery. I noticed that in Illinois the crops grown

are corn, soybeans and wheat. I saw a few hogs and dairy cattle, too. I also noticed that most of the farms have large homes and small barns. The train arrived in Chicago about 12:30 on Monday.

We checked in at the Conrad Hilton Hotel, which is the largest hotel in the world. It has 3000 rooms. We ate lunch and supper at the YMCA cafeteria. Billy Bob and I did a little sight seeing that afternoon.

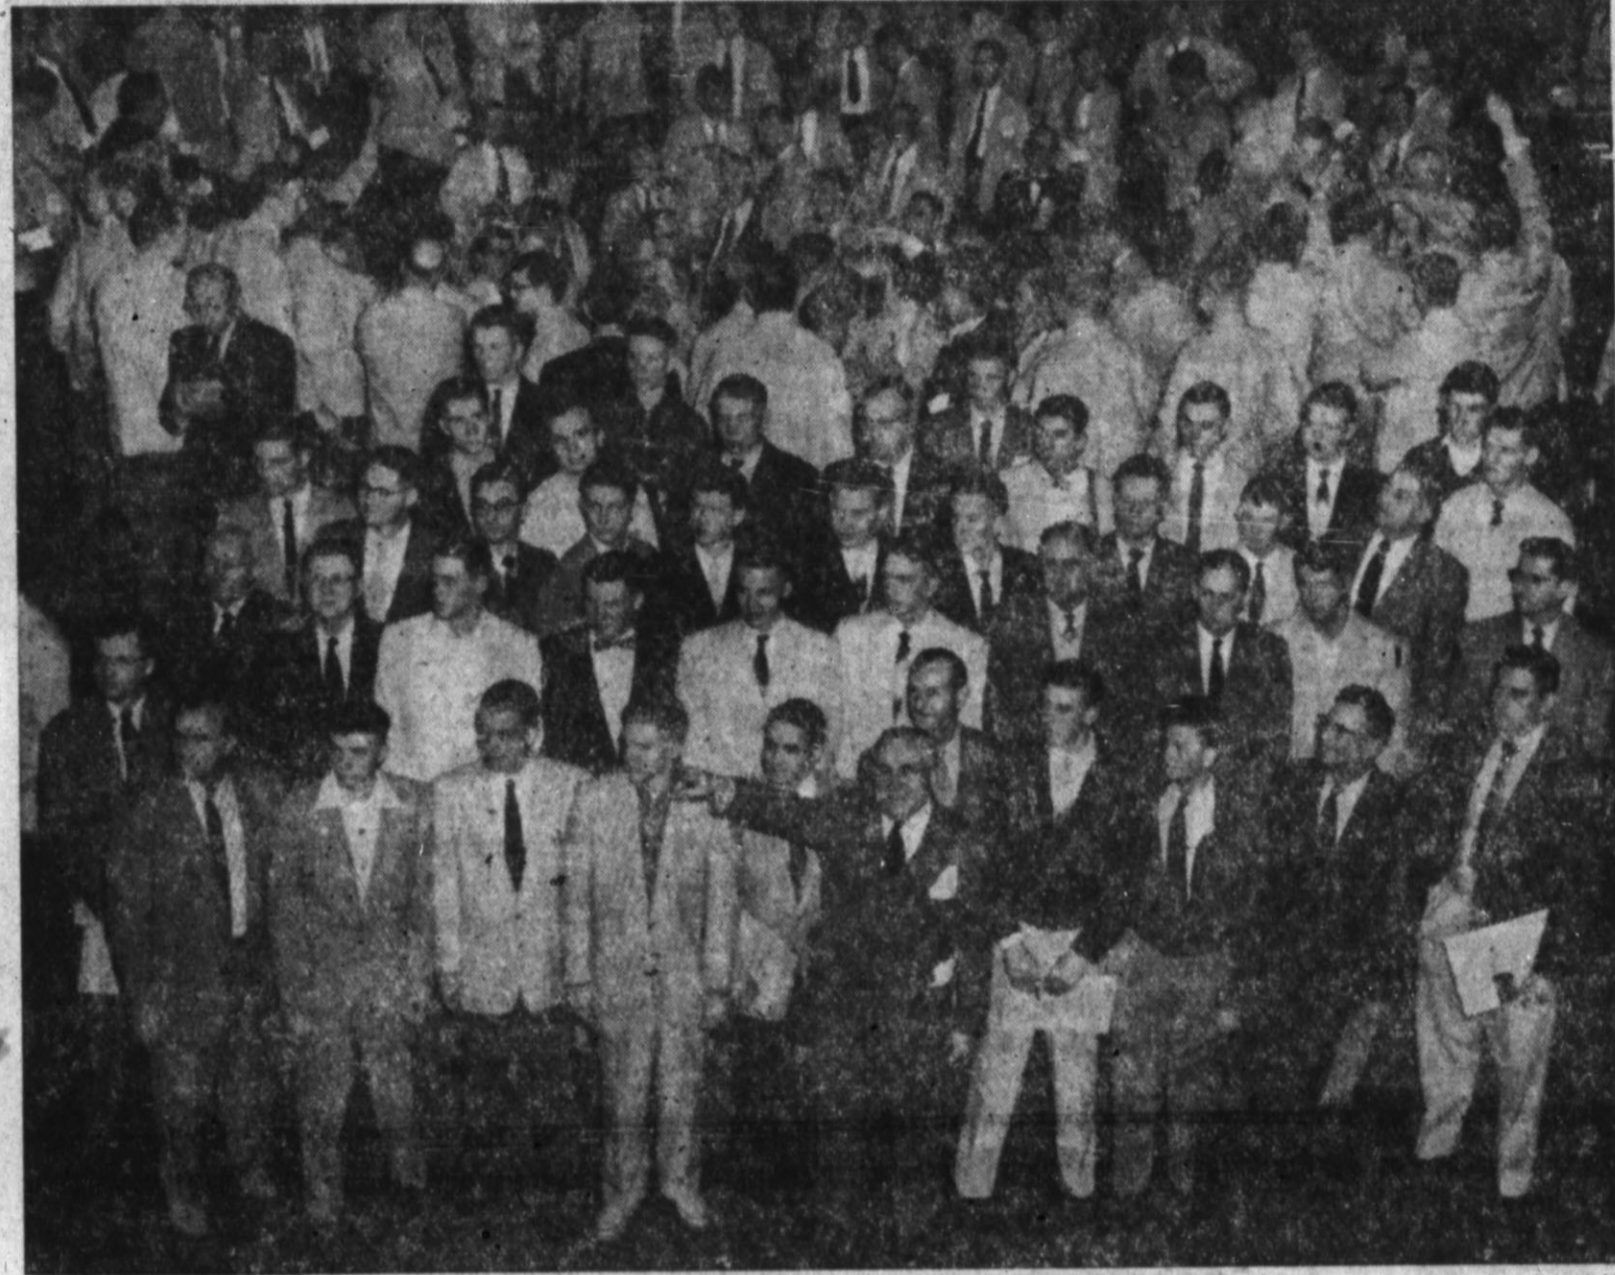

Tuesday morning all the grain marketing winners from Colorado, Illinois, Nebraska, Kansas, Ohio, Oklahoma, Indiana, Wisconsin, Iowa, Missouri and Texas met on the fifth floor of the Chicago Board of Trade Building. The building is 43 stories tall and is the tallest building in Chicago. It has an observatory on the top floor. There is a statue of Ceres, the sythological goddess of grain, atop the building. There we were greeted by B. D. Loken, director of public relations, and Julius Meyer, president of the Board of Trade. We also met G. L. Noble, chairman of the National 4-H Club Committee, T. W. Tompson, Mrs. Kaye Knipe, R. C. Liebenow, Mrs. D. C. Ratterman and other members of the Chicago Board of Trade.

Mr. Lighthoff made pictures of the different states groups. Billy Bob and I were interviewed by a reporter from the Chicago Daily News.

About 9:30 Tuesday morning we witnessed the opening of the grain trading, on the trading floor. At 9:30 a large bell rings and bidders in each trading pit start shouting, and making signals with their hands. There are pits for corn, wheat, soybeans, rye, cotton and oats. Buyers and sellers of all kinds of grain come to the Board of Trade to do business; however, they must be a member. When making business deals, buyers turn the palm of their hand inward as to be bringing grain in, but the sellers turn their palm out as to be shoving the grain away. They signal their bid with their hands.

**A KEY SYSTEM**  
CLEARWATER, Fla. (AP)—The tax assessor communicates with the tax collector in Pinellas County's very modern courthouse by tapping out Morse code with old style telegraph keys.  
Assessor H. H. Sterling and Collector Lester Lambert both were railroad telegraphers in their younger days.

In odd moments they worked out a two key system, complete with oldtime wet plate batteries. Now there is no worry about telephone dialing, busy lines, or walking the length of the courthouse for a conference or an invitation to a cup of coffee. Just a few raps on the key and all is set.

#### ROBBERS' ROOST

That dean of Western action series, the late Zane Grey, who wrote more than a hundred novels of the Old West, is the author of "Robbers' Roost," fast-shooting film which will show Friday and Saturday at the Star. This story of two rival gangs of rustlers deliberately pitted against each other, reveals the master story teller Grey at his best, and unlike any other of his tales, "Robbers' Roost" has never before been told on the screen.

The picture stars stalwart Montgomery, with Richard Boone, Sylvia Findley, Bruce Bennett, Peter Graves and Tony Romano in featured roles. Bruce Bennett is cast as a once-active ranch owner, now confined to a wheel chair, who decides to protect his vast herd of cattle by hiring two of the West's toughest gangs of rustlers as overseers. He counts on their distrust of each other to act as a diversion against his cattle being stolen.

Among one group of rustlers headed by Richard Boone, is a strangely silent, crack-shot, and straight-forward fellow, seemingly out of place with the gang of cutthroats. This is Montgomery's role; a man who secretly joins the gang to avenge his wife and child's deaths when that same gang raided his ranch a few months earlier.

#### DOUBLE FEATURE

"Quest for the Lost City," the fifth account in color of the incredible on-foot trek through more than 1000 miles of trackless Guatemalan jungle taken by the noted husband-and-wife explorer team of Dana and Ginger Lamb, will show Saturday and Sunday at the Texas. This true adventure film, which is all the more astounding because the adventurers emerged alive, represents the climax of 10 years' planning and experimentation. In their search for the ruins of what is reputed to be the last stronghold of the Mayas fleeing from Cortez, the explorers photographed country along the Mexican-Guatemalan border where no camera had ever been before.

Columbia Pictures' "Wyoming Renegades," exciting new action drama of the frontier town of Broken Bow where renegades who almost took over until the women took a hand in the shooting, will also show Saturday and Sunday at the Texas. "Wyoming Renegades" is one of the most unusual Western adventures to hit the screen in many years. Phil Carey, Gene Evans, Martha Hyer and William Bishop are featured.

In the film, Carey is seen as a former outlaw who, after serving a prison term, returns to his home town of Broken Bow to find the townspeople hostile toward him. Only Miss Hyer, the girl he left behind, is prepared to help him fight his way back to a decent community standing. Gene Evans and William Bishop, ruthless leaders of Carey's former gang, implicate him in a bank holdup and Carey is forced to join the gang in order to clear his name.

**WINS \$1500 SCHOLARSHIP**

**'Hereford's Sammie McLallen Is 'Homemaker Of Tomorrow'**

Texas' Betty Crocker Homemaker of Tomorrow is Sammie McLallen of Hereford.

The brown-eyed 18-year-old Hereford High School senior received the highest score in a written homemaking examination taken by 12,436 graduating senior girls in 582 of Texas' schools.

She will receive a \$1,500 educational scholarship to the college of her choice from General Mills, sponsor of this \$100,000 homemaking scholarship program which enrolled a quarter million girls in more than 10,000 of the nation's high schools.

She and her school advisor will tour Washington, D. C., colonial Williamsburg, Va., and Philadelphia April 8-12. Miss McLallen will be a candidate for the Betty Crocker American Homemaker of Tomorrow \$5,000 scholarship award which will be made at the nationally televised American Table banquet April 12 in Philadelphia.

Receiving the second rating in Texas was Eunice Foster of Hawkins. She will be awarded a \$500 scholarship as Texas' Award of Honor winner in this homemaking project.

Miss McLallen, who wants to be a homemaking teacher, is not sure just which college she will attend on her \$1,500 scholarship. "I want a college education," she says, "because I believe college will not only help me adjust to life as an adult, but it will also help me in

my ultimate goal of homemaking. And I want to be a teacher because I want to be able to help others be better homemakers too."

Homemaking is her favorite subject. "I began to learn homemaking by the trial and error method when I was just a little girl helping Mother around the house," she explains. "I learned to cook that way too. I'll never forget my first lemon chiffon pie. It looked beautiful, but it almost took a sledge hammer to break the crust!"

Of all homemaking duties, she prefers sewing. She began by making clothes for her dolls, and now makes most of her own clothes. She is also interested in interior decorating and is now in the process of redecorating her own room.

Among her extracurricular activities are the Future Homemakers of America, Tri-Hi-Y and Pep Club. During her sophomore year she was representative to the Junior Red Cross Council and is now serving as assistant editor on the high school annual. Her interest in music is divided among the clarinet which she plays in the high school band, piano, and the organ lessons she has just begun.

Hereford High School will receive a set of the Encyclopedia Britannica in recognition of Miss McLallen's selection as Texas Homemaker of Tomorrow.

The 48 state Homemakers of Tomorrow and the representative from the District of Columbia, with their advisors, will convene in Washington April 8. They will tour the capital before going to Williamsburg where, dressed in colonial costumes, they will become a part of the homemaking scene of yesterday.

The climax of the trip will be the American Table banquet in Philadelphia. Here one of them will be introduced to the nation as the All-American Homemaker of Tomorrow. The selection will be based on the original test score and interviews.

Science Research Associates designed the examination which tested the homemaking knowledge and attitudes of senior high school girls across the nation.

# Long Time Ago

**45 Years Ago**  
The Plainview News publishes in full the address of Mr. Fuller recently of the U. S. Government in the bureau of investigations of water supply and sources as delivered at the Plainview Water Congress. What he says is of much importance to Hereford especially that part pertaining to the underground water supply. Mr. Fuller said there is no doubt in my mind but what the water supply in this section of the Panhandle is just as good as that around Portales. From what I have learned there absolutely must be an underground supply of water and a large one too, here I also know that it is put there by mere precipitation from the top soil. In my examination of the country in Texas from Hereford this fall, southwest, I can only say to you that the conditions here are even more favorable than they are in the Portales valley.

**25 Years Ago**  
Contract for grading and drainage of 15.5 miles of highway No. 60, or state number 33, from Canyon to Deaf Smith County line, was let by the highway department last week. New routing of the highway was effected by the commissioners court of Randall County in securing right-of-way privileges from property owners, and the distance between the two county seats, Hereford and Canyon will be shortened and several right-angle turns will be eliminated. It is the intention of Randall County to pave its part of No. 60 at some time in the future.

A victory was apparently scored in the Thursday highway meeting at Santa Fe at which Hereford representatives lent their influence against the move of Albuquerque citizens for establishment of a cut-off at Santa Rosa for number 60. Should the state of New Mexico build and improve the cut-off, it would be a hard

blow to traffic through Clovis and Hereford, but according to reports given by the delegates Monday noon at the chamber of commerce luncheon the proposal has been defeated for several years, at least.

## Dufur...

**Continued From Page 1**  
we toured the Board of Trade building. First we visited the Commission Firm. There prices are calculated and sent all over the North American Continent. Then we visited the sampling department. There we saw how the grain is tested for moisture, heat damage and other dockage, and test weight. All information is written on the sample bag and the sample is sent to the trading floor. Then we visited and saw first hand the trading taking place in the various pits. At 12:30 we were guests of the Board of Trade for lunch in the Legion Room on the lower level. We watched "After the Harvest" a movie telling the story of the CBT. After lunch we assembled on the sixth floor of the Board of Trade where Carl Bostrom explained the "Cash Grain Market." His story went as follows: When a farmer has an extra amount of grain, he wants to get rid of it for a good price. If he is a member of the Board of Trade, he hires a broker, who gets a commission for so many bushels of grain he sells. He goes to the pit, the pit for what ever grain it may be, and sells the grain to a buyer or to buyers who might be millers, breweries, food industries, feed industries, or he might sell it to an export firm. So the farmer sells, by way of broker, his extra grain for good prices. In grain marketing there is protective measure taken known as "hedging." Just as insurance protects your home, family and car, hedging protects your grain market. After Mr. Bostrom's speech, Mr. Keeley, a wheat broker, spoke on the "Future Market." The future's market provides: (1) a year 'round market, (2) price information is always available, (3) lowest possible cost for grain handling. At about 3:30 we boys were lead by Mrs. Kay Knipe through the observatory. Then we were served refreshments and were dismissed for the first day.

At 8:30 Tuesday night we were guests of the Board of Trade to see "Cinorama Holiday" at Eitel's Palace Theater. At 7 Wednesday morning, Jan. 18, Paul Larson, Bob Pyatt, Neil Hunt, and I were on George Menard's WBBM-TV farm show. We were asked about the size of our farms, what kind of equipment we used, what livestock we grow, and what crops we grow. Then at 7:30 the same four boys were on Mr. Menard's radio program on WBBM radio station. At 9:40 in the morning the boys got a panel, of which I was secretary, to discuss "What I Did to Win the Trip to Chicago." At

12:15 we rode on a chartered coach chartered by the Chicago Board of Trade, to the General Mills plant. We toured the plant all that afternoon until 4. We were guided all through the plant by Mr. Kurtz. Cereal is made by this method. When the grain reaches the plant, which is bought by traveling buyers for the plant, it is stored in the General Mills elevator. (The plant has a capacity of 44,000 cases of cereals a day. The plant goes 24 hours a day and has a cafe for use of the employers.) The grain enters the plant from the top. The plant takes advantage of gravity, so no power or very little power is needed to move the grain out through the different processes. The first process takes place on eighth floor, and the second process on the seventh floor, and so on down until the finished products Wheaties, Cheerios, and cake mix, move out from bottom floor on trucks, trains or ships, to be distributed throughout the area. The plant laboratory is called the Products Control Department.

There, the laboratory workers test the ingredients of the various products for flavor and texture. At 4 we returned to the Conrad Hilton Hotel. (Billy Bob and I had a suite on the tenth floor with a lake view. It was very nice.) On Thursday morning, Jan. 19, we were guests at the Don McNeil breakfast club in the Sherman Hotel. There, a man from Wisconsin asked Billy Bob if Texas had anything like the Grand Canyon. Billy Bob said, "No, because five minutes of our dust storms would fill it up." We left the Sherman Hotel and boarded the Central Illinois electric train to the Museum of Science and Industry. We toured the U-boat 505, which is the first enemy vessel boarded at sea by the U. S. forces. It was captured in 1941. We also saw the Harvester farm in the museum. It was a very interesting and educational tour.

We were again guests of the Board of Trade to lunch in the museum cafeteria. That was our last scheduled program in Chicago. We left Sunday at 4 on the San Francisco Chief. Our ride home was very comfortable and a lot of fun. We arrived in Amarillo about 9:30 Monday morning. Billy Bob left us at the depot about 10:30 for Sunray.

I would like to thank the Chicago Board of Trade, and others, for providing this educational trip to Chicago, and I know it has helped me in my part as a grain marketer for myself. Thanks again.

IN CITY TRAFFIC where tensions usually mount, Chrysler's cat-like flexibility brings a wonderful sense of calm. And those admiring glances confirm your judgment that this is America's biggest fine car buy.

**THEY'LL THINK YOU PAID \$1,000 MORE** when you drive the year-ahead car!

The only cars with which you can compare a Chrysler Windsor V-8 are the other luxury cars... because that's what the Chrysler Windsor V-8 is. But you can own this car for the cost of a medium-priced car! And at this price, it simply defies comparison. Take the way it handles in city traffic. Something quite wonderful happens. Instead of feeling tense, you're utterly relaxed—thanks to Chrysler's full-time Power Steering System and a host of other brand new Chrysler exclusives. You're handling a big, powerful car that

responds like a mind reader. It does the work for you. Your Chrysler is beautifully balanced between the forward thrust of its mighty airplane-type engine and the most powerful brakes in the industry. This car flows! Yet, if you can afford any car in the medium-priced field, you can afford to step up to a Chrysler Windsor V-8. Compare its year ahead new-car features with the other leading cars in its price class. We think you'll agree that it looks and acts like a car that costs \$1,000 more than it does!

WHAT LOVELINESS! The rugged mountains have taken on added beauty as they look up from depths of water. Perhaps it is due to their nearer and less austere appearance. They have been softened and humanized. We view them with less of fear. The high, cold, and majestic are too much for us of the everyday. But when caught in the transforming grace of the lake they call to us and claim our appreciation.

AND so is it with your ideals and mine... with your strength, courage, patience, kindness and even with your church. They are so faithfully reflected in the words we speak and in the deeds of our hands. They are brought within the common experiences of human fellowship. Blessed are the "meek, the humble, the merciful, the pure in heart", when we meet them on our level. The great and glorious ideals need ever to be reflected from the lower waters of the family and the neighborhood. There our friends see us as we really are. They appreciate the graces and good values of nobility of soul. All the high dreams of our spirits must be translated and reflected back, as it were, from the lowly waters at the foot of the mountain peaks. You and I are known by the reflections seen. The waters do not quench our ideals. They beautify the highest and best in us. What are your reflections like?

**You In The Church...  
 The Church In You**  
 Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful. Be a Churchman!

type so rare that only two bulbs of her species have been allotted the United States this year. Only six of the bulbs are in existence. The daffodil, called the "Empress of Ireland," will make her home on the Little England (would the Irish like that?) plantation in southern Gloucester county. She is expected to bloom next spring. The only other similar bulb is owned by a Staten Island fancier in New York. They are valued at \$200 but are not for sale.

The Detroit Lions, anxious to

bolster their quarterback slot, signed Reichow and then made him their first draft choice at the NFL meetings in Los Angeles.

ask him: "What's new on the Santa Fe?"

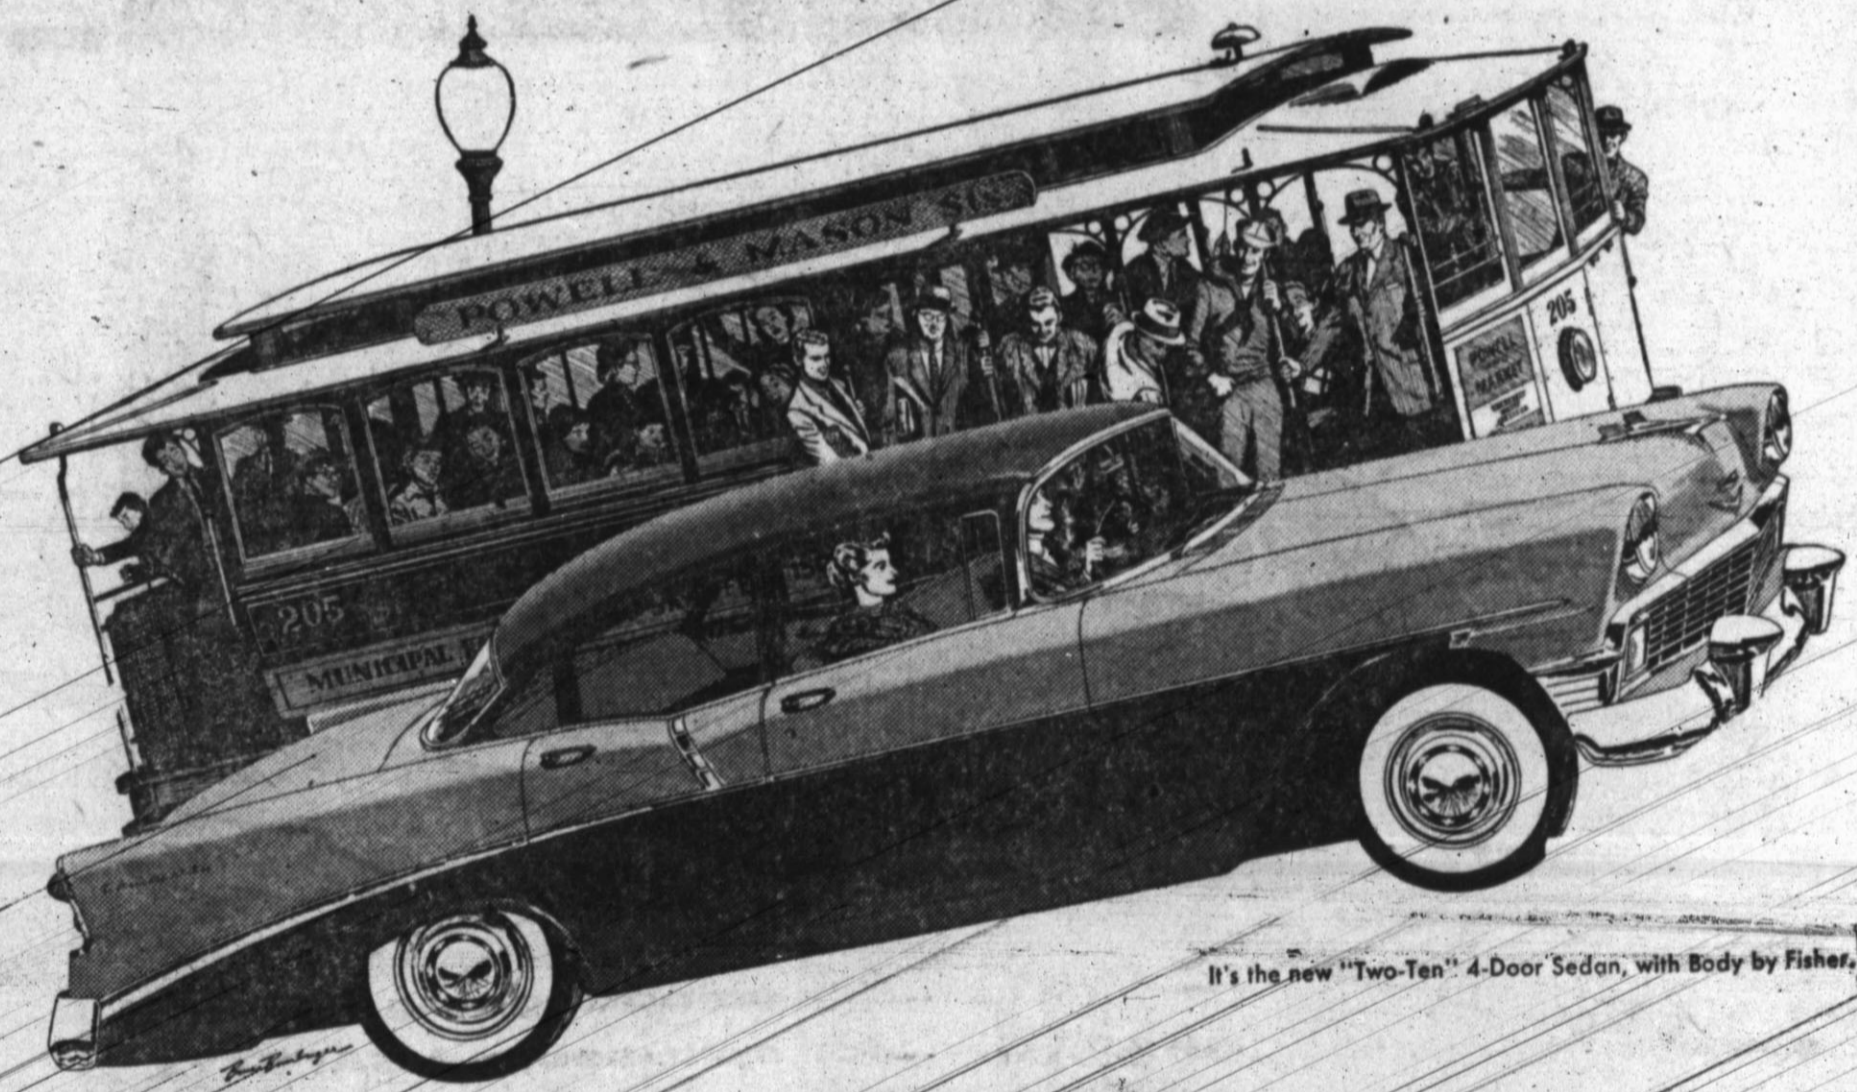

Your local Santa Fe agent has a wealth of answers to this question. Santa Fe is constantly adding the "new" to all its services and facilities to keep abreast of growing transportation needs in the many communities it serves.

Regardless of where on the system these improvements are made, the people and communities all along the line feel the benefits of a stronger, more efficient rail service.

New cars, new trains, new Diesels, new tracks, new freight services and many other new features help Santa Fe provide shippers and travelers the best possible transportation service.

### Your Congressman Reports

The Panhandle was certainly represented well in Washington last week. Sheriff Hugh Anderson of Borger came by for a visit. He was in town in connection with the National Sheriff's Association, an organization in which he is quite influential.

Education was well represented by W. N. Swinburn and Harry Miller, of Tulsa, Bert Nuckols and Harry Garrison, of Pampa, Weldon Reno of Groom and Woodie Beene of Canadian. I missed seeing these men because I was out of town on the 24th of February on a Committee trip to Indianapolis, Ind., for an investigation and conference relating to the production of Salk polio vaccine, which subject I will treat later in this newsletter.

The grain sorghum farmers have had R. G. Peeler of Hereford in town for several days working on the proposed amendments to the agriculture bill. The secretary and treasurer of this group, our good

friend Bill Cane of Bushland, and his lovely wife, have also been in town doing some work on farm matters.

The Farmers Union sent another bus load of members to the Nation's Capital, and they did me the honor of coming by my office in a group. I got to visit with several of them individually, but thought it was quite nice for the entire group to come by the office in a body. Motley County's Judge, Vance Gilbreath was here. Textline sent Wesley Sheets. Dalhart sent Herbert Newlon, and Shamrock was represented by Alfred Knoll, Mr. and Mrs. J. D. Gilbert came from Hereford, Mr. and Mrs. Matt Nix Jr., from Amherst, Mr. and Mrs. Gordon Massey and Mr. and Mrs. Oscar Baxter from Friona, Joe Newman and Roland Shepard from Hart and John Barrett, R. A. Futrell and W. L. Davis from Kress. We also had James Glaze of Muleshoe, A. J. Givens of Olton, P. D. Hammer of Plainview, J. C. Reed of Crosbyton, J. E. Laney of Hale Center, R. D. Kamp of Sudan, J. M. Rankin of Rails, Albert Lockwood of Littlefield, John Staber of Wichita Falls, Wiley Mudgett of Sudan, Gilbert Elms of Vingo Park, Alex Dickie Jr., of Denon and Leon Osborne of Sanger. We also had a brief visit last week with Art Jordan, mayor of Amarillo. Mr. and Mrs. J. Gordon Burch of Borger just came in the office.

#### SALK POLIO VACCINE

On Feb. 23-24 a group of about 10 committee members of the Interstate Commerce Committee, including myself, went to Indianapolis, Ind., for an investigation and conference concerning the manufacture of Salk vaccine. We visited the Eli Lilly Plant and went through the entire process from

the bringing in of the live monkeys, the removal of the kidneys for the growing of the live virus, the process used in developing the live virus, the inactivation of these viruses and the final vaccine product that goes into the human body to guard against this crippling disease. The many, many tests that are followed as safety measures from the very beginning of the production of the vaccine until the time that it is bottled, boxed and sealed for shipment to the various parts of the United States would lead one to believe that there is no possible way that there could be a slip-up. However, there is a constant watch and every possible precaution is checked and double checked. Even with all of these safeguards, it can be expected that the vaccine will not be 100 percent perfect in stopping polio. No vaccine has ever been that perfect. However, the doctors at this plant assured us that, as vaccines go, this vaccine was just about as near perfect as it could be made. They feel that they have definitely proven that it is highly effective and will save many, many people years of untold misery. The difficulty now lies in the fact that there has been some trouble being able to get enough of this vaccine to the public. We were assured, and I think this will be good news to many mothers, that they hoped to have a sufficient amount by June of this year to meet the demands so that those who want to be vaccinated can be. This news was most encouraging to all of us, because we had feared that it would be, perhaps, another year before the 20 to 30 year age group could participate in this program.

The sad part about this particular mission was to see the hundreds of little monkeys in the cages that are waiting their turn to have their lives taken for the benefit of mankind. The sadness on their faces seemed to say that they knew what their fate was,

and I would not be telling the truth if I should say it did not touch my heart. There are only two kinds of monkeys that can be used in this process. One comes from India and the other comes from the Philippines. They are both referred to as straight-tailed monkeys. One of the doctors pointed out that the monkeys with the curly tails cannot be used in this process because of some medical reason which I did not understand.

We were also given a complete briefing on the manufacture and production of antibiotics such as penicillin, streptomycin and the other wonder drugs of our time.

Since this trip I have been definitely reassured about polio vaccine and am glad to pass on to you this reassurance, but to also warn that slip-ups in the future, as those experienced in the past, are possible. However, they are not probable, because we have tried to add every possible test that can be devised to insure absolute safety in this vaccine.
