TWO COUNTIES COMBINE IN PLATEAU SINGING MEET AT FORD

Proposed City Paving Program Includes Repairs On Many Blocks

DRIVING HAIL STORM CAUSES GREAT WHEAT DAMAGE

PROSPECTS TAKE DROP AS STORM TAKES GREAT TOLL OF COUNTY'S WHEAT LANDS

Gardens Ruined, Trees Stripped and Poultry Killed When Hail Vents Fury Here In Sudden Half Hour Storm Sunday Afternoon. Remaining Wheat Expected to Make Good Yield; Row Crops Promising.

Prospects for a good wheat crop in Deaf Smith county which last week were raised to a high peak by heavy rains, were lowered considerably Sunday afternoon when a driving hail storm over the entire county ruined what is conservatively estimated at fifty per cent of the crop.

Beginning at five-thirty, the storm continued for thirty minutes during which time more than two inches of rain and hail fell. The city and surrounding farm land was covered with a mantle of melting hailstones nearly all night and in places the hail drifted to a depth of several inches.

Damage Heavy.
Covering apparently the entire county except a strip beginning three miles east of Hereford, the storm stripped trees, gardens and foliage. Damage was said to be heavier than during any storm for the past two years. Hundreds of head of chickens and young stock were killed by hail or drowned.

Lakes throughout the territory were filled to the brim. Water from the lake at the north end of Main street caused the sewers in the Mont-E. Baker home, north of Mother's Park, to back up and flood the house completely. Water backed up in several other homes in that section of town.

Outlook Still Good.
Optimistic farmers in this region are already pointing out that the ground is soaked and that prospects for a good harvest of row crops were never better. Many have begun to cultivate land for corn, maize, sorghum, alfalfa and other field crops grown successfully in this part of West Texas.

The storm here appeared to be part of that which had been wreaking its force on cities to the north of here for the past few days. Heavy hail storms were reported in Amarillo Friday night and Canyon Saturday.

Hereford Has Four Delegates at Rail Hearing

To Lubbock this week went four prominent Hereford business men bent on securing, if possible, information concerning a prospective extension of the Fort Worth & Denver railroad from Dimmitt through here. The occasion was the I. C. C. railway hearing resulting from the application of the Santa Fe to build a proposed line between Hale Center and Parmer-ton.

Mayor E. S. Ireland, Judge J. P. Slaton, Chamber of Commerce president, T. E. Selgler, and G. A. F. Parker, banker, made up the delegation which conferred at length with F. W. & D. officials. Monday and Tuesday were devoted to many a conference with rail officials, the result a promise by the vice-president and general manager of the Denver that he will come to Hereford soon to look over the territory. Nothing definite, but Hereford hopes rose.

Funeral Service Friday for W. A. Schultz Baby

Funeral services were held at two o'clock last Friday afternoon for Donald Weldon Schultz, infant son of Mr. and Mrs. W. A. Schultz of Hereford. He was a year old April 29, and died at 1:00 o'clock Friday morning May 18.

Rev. V. M. Cloyd conducted the services at the First Christian church, in the absence of the pastor, Rev. Thurman Morgan. Interment was made at the West Park Cemetery.

CIVIC ORGANIZATIONS MARCH IN CAMPAIGN TO ADVERTISE CITY BEAUTIFYING CONTEST

Interest in the Canyon-Hereford Clean Town Contest now in progress will be brought to a high pitch next Friday afternoon, June 1, when school children, civic organizations, and others will stage a parade at four o'clock in the business and residential districts to advertise the program of Clean Up Our Town. Plans are being drawn up by the committee on ways and means, composed of the Meses, J. C. Ricketts, chairman; M. L. Steele, Vern Witherspoon, Bachelor, H. A. Hoffman, W. E. Hicks and Claude Benton.

Flats and exhibits for the five divisions of the clean up work will be arranged. These include business district, public buildings, parks and playgrounds; residence district; cemetery. Car owners willing to donate the use of their machines for the afternoon are urged to get in touch at once with either Mrs. Steele or Mrs. Ricketts.

Church of Christ, court house and the Methodist church are the public buildings which have already begun to beautify their appearances. Announcement has been made that the silver loving cup, won for two consecutive years by the high school, will again be offered as a prize for the best appearing public building.

Other plans by the committee in charge will include regular monthly inspections of the city and a "Good Will Week" to be held during the week beginning Friday, June 8. Mrs. Claude Benton is chairman of this activity and will make detailed announcements later.

Mrs. J. S. Humphries of Canyon, head of the work there, has invited the Hereford committee to meet Canyon workers in a conference there one day soon. Headed by Mrs. J. P. Slaton, general chairman here, a delegation will make the trip, probably next week.

GOLFERS TAKE TRIP

Hereford Players Make Trip to Clarendon to Engage in Return Tournament On Foreign Links. Great Games Expected.

Once thwarted by rain in their desire to play a return tournament with Clarendon, twenty members of the Hereford Golf Club will make the trip there Sunday, May 27. Wet grounds on both courses this week have prevented either team from getting much practice and according to players here, the outcome is hard to forecast.

Fourteen of twenty games in the first Clarendon-Hereford tournament, April 29, were won by the Hereford golfers. Besides local members of the Hereford club, four Friona members will play Sunday. They are J. R. Roden, O. F. Lange, J. C. Wilkinson and J. M. Osborn.

Seven Orators Enter Contest on Home Town

Seven high school orators have been entered in the "My Home Town" speaking contest here. It was announced this week by President T. E. Selgler of the Chamber of Commerce, under whose auspices the contest is staged. Contestants will speak and be judged at the regular luncheon of the Chamber of Commerce, Monday, June 4.

Winner of the contest will be sent to Fort Worth to represent Hereford in the finals to be held at the convention of the West Texas Chamber of Commerce June 18 and 19 at Fort Worth. There will be no district elimination contests; speakers who win in their respective home towns will go direct to the finals.

Fifteen prizes will be offered winners at Fort Worth. To the winner of first prize will go the Thomas Etheridge loving cup and also \$100 in gold offered by Leon Shield of Coleman. He will also receive scholarships to several Texas colleges and universities. Second prize winner will receive \$50 and a scholarship to International Business College. Other prizes range from \$25 to \$10, consolation prizes of \$5 each.

Judges were not named and will not be announced until the day of the contest. The entire city is invited to attend the luncheon June 4 and hear the contestants. None of the seven speeches will be more than five minutes long. Speakers who will compete that day include Elbert Bowen, Keith Guthrie, Claude Longbottom, George Heard, T. E. Selgler, Jr., Edgar Ireland and Frances Landrum.

Baker Opens Modern Cafe In New Place

Newest of Hereford's restaurants will be the New Stockman's Cafe and Coffee Shop to be opened Saturday morning, June 2, by Mr. and Mrs. Omar Baker, proprietors. The cafe will be located in the recently completed building across from the post office.

Mr. and Mrs. Baker, who have managed the Stockman's Hotel and Cafe here for many years, have been in the restaurant business longer than any other owners in Hereford. They announce that the new cafe and coffee shop will be the thoroughly modern and one of the best up-to-date establishments in the city.

The cafe will be opened to the public at 10:00 a. m., June 2nd. Proprietors extend an invitation to everyone in Hereford to attend the opening. Souvenirs of flowers and cigars will be given to all who attend.

MUCH WORK INCLUDED IN CITY'S PLAN

Business District to Get Most of Benefit From Street Program Now Under Consideration.

Proposed work on resurfacing and widening of fourteen blocks of pavement on Main and Third streets in the business district has been announced this week by the city commission.

According to commissioners, improvement on the pavement here has been needed for some time. They were confronted with two main alternatives; either (a) cover present pavement with a thin coat of asphalt, or (b) widen the streets and use the present pavement as a base over which to lay a brick surfacing. The latter measure was adopted.

Conference with paving contractors and engineers showed that a permanent brick pavement at a cost of \$1.00 per square yard will last fifty years or longer, while the cheaper type of paving which is not guaranteed, would cost approximately \$1.00 per square yard and would last from seven to ten years.

By refinancing present outstanding warrants, the commission will be able to secure this improvement without any raise in city taxes. Entire cost of curb and gutter work will be borne by the city, as well as half the cost of paving the street itself. Cost to the individual property owner will be approximately \$75.00 per twenty-five front feet, payment for which will be extended over a period of ten years.

Vega Beats Hereford In Second Game Lost

Featured by some of the most rugged playing ever seen on a local diamond, the Hereford team was defeated Sunday afternoon by the Vega Outlaws by the one-sided score of 11-2. The Vega team led the scoring throughout the game.

Hereford, still without a manager, displayed a lack of organization and practice. This was the second defeat at the hands of Vega and the second game played this season. No other games have been matched.

Wits Offer No Solution To Mystery

Amateur geologists and a town wisecracker called pseudo-scientific knowledge into play Monday morning in an attempt to deduce the cause and remedy for a peculiar freak of nature found after the hailstorm Sunday on the lawn at the Third Street entrance of the county court house.

Without yeast cakes, without raisins—without, apparently, any good reason at all—a large mound had suddenly formed on what was formerly "terra smootha." (Yes, the Latin teacher has gone on her vacation, so that one's safe.)

W. B. Phillips, caretaker, says that he is at a loss to explain the origin of the bulge of earth. The rise covers a space approximately four feet in diameter, and it is a safe bet that no similar area of Deaf Smith county land has caused so much comment since the last all well was sunk here.

ENTRANCE CHANGED

First National Bank Makes Temporary Quarters In Rear of Building Being Completely Remodeled. Work Finished Soon.

Workmen are making rapid progress on remodeling the interior of the First National Bank and are expected to be finished and ready to begin construction on the new brick facing to be put on the outside.

According to E. B. Posey, cashier, beginning today business will be transacted in the rear part of the bank for the next few weeks. Temporary entrances will be from the Third street door and through the old abstract office.

"Our customers and friends have been very patient with us while we have had to put them to this inconvenience," Mr. Posey said, "and we deeply appreciate their consideration. If they will bear with us a little while longer we will soon give them a bank here of which they will be proud."

Bellview Plans All Day Picnic and Celebration

Hereford and Deaf Smith county residents are invited to attend the old-fashioned picnic to be held at Bellview, New Mexico, Friday, June 1. People of Bellview will act as hosts to their neighbors from this section of West Texas and Eastern New Mexico.

Plans for the all-day celebration were outlined briefly this morning by S. J. Weaver of Bellview, one of the members of the committee in charge of arrangements. A program of speeches and amusements has been arranged. Mr. Weaver says, to begin by 8:00 a. m. and last the entire day.

Chief speaker on the program will be Governor Dillon of New Mexico, who is making a special trip to deliver an address to the gathering in the afternoon. Other speakers will include old residents of Bellview and surrounding community as well as one or two of Hereford's merchants whose names have not yet been announced.

"We're going to do things we've never done before," Mr. Weaver declared, "and we are especially anxious that the people of Hereford come over to our little party next Friday. We guarantee that they'll have a good time all day long."

Miss Pearl Wood spent the week-end with her parents at Abilene.

Boys and Girls Like Big Picnic and Their Host

The R. B. R. Implement Company of Hereford may not be the best implement company in the world, but it would be difficult to prove that it is not to members of Deaf Smith county boys and girls 4-H clubs who were guests of the company at a picnic Wednesday on Tierra Blanca creek, at the Roy Gough farm east of town.

Scheduled to start at 9:00 a. m., by 7:45 nearly a score of youngsters were on hand, "rarin' to go." They went, finally, seventy strong, accompanied by a few oldsters who also entered into the spirit of the occasion.

Luncheon consisted of barbecued chicken, buns, pickles, iced tea and ice cream cones. Afternoon activities included swimming, hiking, games and a few talks. Speakers were J. F. Cook, P. C. Bennett and J. H. Upchurch all of Amarillo. Voting thanks to their generous hosts, the company departed for home at four o'clock.

POTTER COUNTY COMBINES WITH SINGERS FROM HERE IN SEMI-ANNUAL CONVENTION

Thousands Expected Sunday at Plateau Singing Meet Held at Ford Community North of Hereford; Leading Musical Talent of Entire Panhandle to Take Part In All-Day Service of Song.

Big Attendance Marks Opening of Revival Meet

Giving evidence that it will be the best meeting of its kind ever held there, the series of revival services conducted at the Baptist church got off to a good start Sunday night, with a large crowd present at the opening service.

Services are held twice a day, the night service commencing at 8:00 o'clock. Rev. V. M. Cloyd, pastor, announced. Assisting Rev. Cloyd are J. L. Trussell of Brownwood and Miss Clara Mae Glenn of Hereford, who are directing the musical features.

Earl W. Lewis Buys Landrum Garage Share

Earl W. Lewis is now sole owner of the Buick Service Station at 315-17 Main Street, as the result of his purchase last week of the interest in the business of his partner, L. R. Landrum. Lewis and Landrum had been associated in the business for the past three months.

Mr. Landrum has not yet announced his plans for the future.

CLUB LUNCH POSTPONED.

Because a number of officers and members were out of town on business Monday, the regular luncheon meeting to have been held at the Hereford hotel was postponed until next Monday. It will be held at the same place on that date.

CALLED TO DEATH-BED.

A telegram Sunday afternoon summoned J. E. Hill to the death-bed of his brother, B. F. Hill, of Claude, Texas. Mr. Hill, 42, was a prominent farmer of that community.

BAPTIST COMMITTEE GETS PLANS AND SPECIFICATIONS FOR NEW CHURCH BUILDING

Plans and specifications for the new Baptist church to be erected this summer at the corner of Fifth and Main Streets, arrived Monday from the office of the architects at Dallas. When completed, diagrams indicate, this will be one of the largest and most beautiful church structures for a town of this size in the Panhandle.

Built as a giant "T", width of the building at the rear will be 92 feet, in the front, 62 feet. Length over all will be 120 feet. Height to the eaves will be 30 feet. The building will contain three separate floors. On the ground floor or basement will be located the kitchen, boiler room, ladies parlor, banquet hall and Sunday

Leading singers of two Panhandle counties will meet at Ford community, north of Hereford, next Sunday, May 27, to attend the combined singing convention of Deaf Smith-Potter county divisions of the Plateau Singing Convention. This meeting was postponed from Sunday, May 13, because of rain.

Anxious to avoid confusion, convention officials have called attention to the change of date. When the meeting was postponed, the new date was first announced as the first Sunday in June. This was changed this week to the last Sunday in May. This is the regular date for the Potter county meet.

Plans Completed.
All arrangements have been completed to make the joint two-county convention the largest affair of its kind except the annual Plateau Convention, to be held in June at Roswell. The combined program of Deaf Smith and Potter county singers is expected to excel that of any single convention held in any county so far this year.

Preparations for Sunday's meeting are in charge of J. H. Garrett, president of the Deaf Smith county singers. Musical talent without a peer in the entire Panhandle has been secured for the convention, Mr. Garrett said. Plans have been made to accommodate a crowd of more than 3,000 singers.

Lasts All Day.
Beginning at about nine o'clock in the morning, the convention will last until late Sunday night. Each family will carry its own dinner to the meeting where all will be put together at noon in a big, family-style meal. Washrooms have been built a table nearly five hundred feet long.

Unique feature of the meeting will be the giant improvised tabernacle which will house the singers. Floor space in the open-air structure is expected to be larger than that of any single building in the county.

"Always good, the convention this year will probably be the best in the history of the two counties."

Texas Mineral Production.

Texas ranks fourth among the states in mineral production according to the latest report of the United States Department of Commerce. Pennsylvania with its tremendous output of coal and smaller output of cement, clay products, and natural gas leads all the states with a total of over one billion dollars. Oklahoma ranks next, with its big petroleum and coal production, with California a close third. These states produce minerals to the amount of \$569,519,000 and \$523,353,000 respectively. Petroleum, sulphur and natural gas are leading factors in swelling Texas' mineral resources to \$420,587,000.

Texas Port Development.

There is nothing more significant of the fast development of Texas and the Southwest than the rapid improvement of Texas gulf ports by the United States government. Port Arthur, Galveston, Houston, Port Aransas and Point Isabel are all receiving big appropriations from the government to carry on the work of necessary harbor improvements, and much work is being done and planned for intermediate gulf harbors. This means that increased shipping is foreseen to justify the outlay and portends an era of vast prosperity for all Texas, radiating not from one but from numerous ports along the great stretch of Mexican Gulf coast line. Any doubt that may exist as to the early development of Point Isabel has been removed by the recommendation for that port and the late announcement from the development company there that a \$500,000 modern hotel will be started right away for the care of the large business that is sure to follow.

burg is already building a spacious exhibit hall for commercial exhibits, trade displays, agricultural exhibits and a woman's department. The fairs that wait until late summer to start their plans should remember that too often delays have dangerous ends.

Humor and Grammar.

Deskin Wells who edits that splendid paper, the Wellington Leader, says that he can't understand why so many so-called humorists seem to think it necessary to use bad English and misspell words to make their writings funny, nor can he understand why the papers impose such writings on the public in the name of humor. The papers use such copy in the belief that readers like it and humorists write it to cover their ignorance. There is nothing funny about it, but it enables the writers who can't construct a correct English sentence to sell their stuff. The best writers make enough mistakes, deliberately to palm off poor English and misspelling for humor is an imposition on readers and the press should quit tolerating it.

Peanut Prices Better.

The Weatherford Democrat would encourage farmers to grow more peanuts and to use better methods in preparing the land and cultivating the crop. Prices are gradually increasing and the demand is good. Peanuts are largely drouth resisting, they are not subject to insect pests, they are soil builders, they are as sure as any crop to make good yields. Peanut growing may not be a quick way to wealth but no section that has ever grown peanuts as assiduously as cotton is grown has ever been impoverished thereby.

Welmar's Lily Garden.

A few years ago Mr. and Mrs. A. F. Welmar started with one little lily bulb in their garden, which now contains several thousand beautiful blossoms to repay their care and attention and to attract several hundreds of visitors to admire the beautiful sights. Due to careful cultivation the stalks are over four feet high and produce from 12 to 24 blossoms each.

Chicago to Texas.

Hans Hanson, a young truck and citrus farmer near Falfurrias, thinks there is little excuse for holding a grocery clerk job in crowded and cold Chicago when a person can live on his own farm in Sunny Texas and raise vegetables and fruits. He came to

Texas six years ago and bought ten acres. He first tried dairying but could not milk. He then tried cotton but couldn't make progress picking it. He next began specializing in tomatoes, watermelons and other truck crops, and now has the ten acres planted to oranges, grapefruit and other fruits and berries and rents a 25-acre tract on which he continues to grow vegetables. He has a wife and four small children who have been cared for in comfort from the little place. This just shows what can be done almost anywhere in Texas if one only has the pluck to try. Hans has no desire to return to Chicago, and who would?

Elected Forty Times.

For forty consecutive times Henry Miller of Weatherford has been elected Grand Keeper of Records and Seals of the Grand Lodge of Knights of Pythias of Texas. While his is a secretarial position, he is more largely than any other person in charge of the business of the Pythians. No greater tribute could be paid a man than to be elected to such a responsible position for so long a time, but every one who knows this venerable Knight agrees that he fully deserves the great confidence so long placed in him.

Dear Editor: I read in a western newspaper that a man threw a lion in a fight. Could it be possible?

In all probability what you read is true, as we once heard of an auctioneer knocking down an elephant.

It was quite a vehicle marriage. Now this title none could reproach; For she was a girl of fine carriage And he was the college coach.

Every woman has a will of her own, but many of them would prefer a Tom, Dick or Harry.

A number of Bethel folks attended the closing exercises of the Dimmitt school.

Rev. Naugle, assisted by Rev. Strong will begin a revival here Sunday morning, May 27. Rev.

CLEAN CLOTHES MEAN LONGER SERVICE

If you would get the maximum wear out of your clothes—if you would always look immaculately well groomed—send your suit to us every week. Investment in pressing, repairing and dry cleaning will repay you many times the cost.

That suit or topcoat that is beginning to look "seedy" is not worn out, it simply needs a little attention. Send it to us, we will return it to you in that fresh, clean condition that does so much good toward a good appearance.

We promise satisfaction, promptness and reasonable prices.

By ARTHUR BRISBANE

UNPLEASANT WARNINGS, CONSISTENCY, ELECTRIC HATCHERIES FOREIGN COMPETITION

Unpleasant warning, but necessary. The Federal Government sees danger of another outbreak of infantile paralysis this summer. Dr. Harris, New York's health officer, warns against danger of spinal meningitis.

These diseases, puzzling to science, are as mysterious as were yellow fever and malaria before men discovered that mosquitoes, and nothing else, spread both.

While waiting for definite information, do these things:

Screen doors and windows, using copper screen, that it may last.

Keep flies away from babies and young children, and away from their food.

Pasteurize or boil children's milk.

Give foods rich in vitamin content.

Teach children not to put fingers in their mouths or nose—wash their hands well before meals. Teach children that kissing is dangerous, especially on the lips.

And let adults know that their kissing should be limited to their own children. Every adult mouth and throat carry disease germs, latent, but might work havoc in a young child with undeveloped leucocytes protection.

Dorothy Dix, wise young woman, first cousin to Hypatia and Portia, says: "Consistency is the sure sign of old age. I pray my opinions may always be flexible."

Accused of being inconsistent, Dorothy Dix says: "I hope to goodness I am. I should hate like poison to be consistent."

Many mistake for consistency what is really old age dullness.

When Harvey announced his discovery of the blood's circulation, giving proof that a child might have understood, his proofs were rejected by every doctor of reputation past forty years of age.

Even Napoleon, old physically, but not in years, did not use the improved rifle that a German had invented. And he had no time "to give more than a minute to that American." That American was Fulton trying to show Napoleon how steamboats would take him across the English Channel.

Interesting to chicken men Pennsylvania has three electric hatcheries, holding 47,000 eggs each. The eggs, put in trays at the top of the refrigerator-like arrangement, gradually sink down, as days pass, until they reach the bottom and the chicks walk out on the twenty-first day.

Empty racks rise to the top for more eggs and a constant stream of chicks pour from an incubator that never stops, eggs being replenished twice a week.

Cockerels are eaten. Pullets stimulated by high feeding, by early and electric lights burning

in their coops keep them eating after dark and increase egg output.

When the hens, weary, slow down, they become chicken stew and pullets replace them. A hard life but not so different from ours. Nature gets rid of us, also, when our usefulness ends.

When the energetic British say they mean to increase their foreign markets, they mean it. They have built boats small enough to go through the Welland Canal, and will send low phosphorus pig iron to Chicago, Milwaukee and other American markets at \$26 a ton delivered, duty paid.

You may say that our steel men should be able to compete with foreign prices. Possibly. But in any case our Government should see to it that American workers and business men are protected from foreign competition.

Florida is Democratic, very, and Democrats usually oppose high tariffs. But all depends.

Florida's winter vegetable crop is menaced by Mexican competition, growers are facing ruin.

So Florida, wisely, pledges her candidates for Congress to a tariff "that will protect American labor against destructive foreign competition."

Things You Should Know About Your HEALTH
Jno. J. Gaines, M. D.

COUNTER-IRRITANTS. These are agents which produce temporary irritation in another area than the infected part. They are seldom used any more—yet they are worth a bit of study, because of the good they may do in an emergency.

Counter-irritants in common use in the household may be named as pepper, mustard, turpentine, croton oil, and the like. We base the use of these things on our knowledge of infection and inflammation beneath the surface. In very acute pneumonia, and "pleurisy" we have two deeper seated inflammations which are often benefited by counter-irritants—always to be used in the early stages and in moderation.

A lobar pneumonia may be aborted, or the attack rendered much milder by the judicious use of mustard plasters applied vigorously when the lung is in the stage of "determination." This means just after, or even during the initial chill. Later on in the disease, counter-irritation is effort wasted. I like turpentine, in just strength to redden—which may be used longer, because of the benefits of inhaling its vapor. But we must be sure the kidneys are sound, before we permit any contact of turpentine with the patient; we must be sure on that point.

In a chronic pleurisy, especially when recurrent—in aged persons, with hacking "dry" cough—the chest over the pain may be just touched with a cotton-tipped toothpick wet with croton oil; this old method is just as useful today as it was sixty years ago. I have a neighbor now who attends to his "pleurisy pains" satisfactorily to himself with this application. It produces vesication (slight blis-

tering) which he says "draws the account and application will be poison out. At any rate, it gives him relief—over night."

Going Goofy? Just Powder a Bit!

ATLANTIC CITY, N. J.—The convention of the American manufacturers of toilet articles was told by Dr. E. H. Thompson of Minnesota that cosmetics are being utilized to restore the mental balance of insane patients in hospitals for the insane in Illinois.

Dr. Thompson said it had been found that when insane women turned their attention to beautification their mental condition became greatly improved.

GENERAL ELECTRIC Refrigerator

When the General Electric engineers worked over this refrigerator for fifteen years, they surely knew what they were about. They wanted something simple but efficient—and they got it. This refrigerator hasn't a pipe or a fan or a belt. It hasn't a bit of machinery hiding under it—or nesting in the basement. It never needs a drop of oil. All its mechanism is sealed away from the pitfalls of this world in a casing of steel, air-tight.

Matrons Group Enjoys Indoor Picnic Friday

Though rain prevented their original plans of a picnic on Tierra Blanco creek last Friday afternoon, it did not prevent members of the Young Matrons Society from entertaining husbands and families with a delightful picnic served in the basement of the church. After the delicious supper, tables were cleared and the remainder of the evening was spent playing various games.

Members and guests present included Mr. and Mrs. W. J. Smith and family, Mr. and Mrs. R. O. Douglas and family, Rev. and Mrs. E. B. Bowen, Mr. and Mrs. Ralph Sutton and daughter, Mr. and Mrs. Lomas and son, Mr. and Mrs. E. C. Eubanks and daughter, Mrs. Easter and children, Mr. and Mrs. Carl Gilliam, Mr. and Mrs. Dowell, Miss Fridley and Miss Ethel Watters.

BILLIE HILL ENTERTAINS WITH BRIDGE PARTY

High school chums were delightfully entertained Wednesday afternoon when Miss Billie Hill, daughter of Mr. and Mrs. O. G. Hill, was hostess at a pretty party. Dainty refreshments were served following bridge, the diversion of the afternoon.

Besides Miss Billie, those present were the Misses Zelma Ruth Shore, Marie Seed, Violet Marrs, Adine Hastings, Earle Marie Foster, Lorraine Hill, Imogene Higgins, Louise Jowell, Mozelle Groner and Hazel Megert.

Prominent Local Couple Married Here Monday

Surrounded only by a few relatives, Mrs. Thornton Braden and C. T. Guseman of this city were united in marriage at 3:30 Monday afternoon at the home of the bride's sister, Mrs. H. G. Conkright. Rev. V. M. Cloyd performed the quiet, pretty ceremony.

Both Mr. and Mrs. Guseman are socially prominent here. For the past two years Mrs. Guseman has been employed as bookkeeper at the First State Bank and has been making her home with the Conkright family. Mr. Guseman came here recently from Coldwater, Kansas; he is well known through West Texas and Eastern New Mexico as a dealer in registered Hereford cattle.

Immediately following the ceremony the couple left overland for Temple, Texas, for a short honeymoon. They will probably be gone for another week, after which they will make their home in Hereford.

Mrs. Dowell Hostess To Society Meeting

Mrs. Dowell entertained members of the Methodist Young Matrons Missionary Society at her home here Tuesday afternoon. Lesson for the afternoon was taken from the gospel according to Matthew and Mark, led by the hostess. Assisting her in the lesson material were the Meses Dixon, Eubanks, Douglass, Eustice, Gilliam and Smith.

An interesting business meeting closed the session. Next session of the society will be held at the home of Mrs. Claude Roberts on Tuesday, May 29.

Riggs-Andrews Nuptials Solemnized Last Week

Pleasantly surprising to Hereford friends was the marriage late last Thursday noon of Miss Faye Andrews and J. Forrest Riggs, popular faculty members of Hereford high school. The ceremony was performed by Rev. V. M. Cloyd. Miss Andrews has been an instructor in the department of English and public speaking here during the past year, and has been active in church and civic affairs. Mr. Riggs has been with the school here for three years as coach of athletics and teacher of history.

Mr. and Mrs. Riggs left Thursday afternoon for Ottawa, Kansas where they will spend the summer. They will return to Hereford next fall to resume their teaching.

Hereford Group Picnics at Canyon Beauty Spot

The beautiful canyons near Canyon were the scene of an all-day picnic by a group of Hereford people Sunday. Mr. and Mrs. J. C. Baker, Mrs. G. W. Bramley and family and Early Joiner spent the day there.

The Hereford group was joined at Canyon by a number of friends and relatives who are students at W. T. S. T. C.

Mountz Family Leaves for Pennsylvania Trip

Mrs. C. J. Mountz and children, Ruth Marie and Carl Dean, left last Thursday for Altoona, Pennsylvania, where they will spend several weeks visiting her sister, Mrs. G. R. Jones. Mrs. Jones, who was formerly Miss Helen Lambert of Hereford, has many friends here.

Mr. Mountz left Wednesday of this week for Denver, Omaha and other Western points, after which he will go to Pennsylvania to join his family. They will visit Pittsburgh, Buffalo, Niagara Falls and Detroit, coming back by way of Butler, Ind., to visit Mr. Mountz's father. They will return to Hereford about the first of July.

Miss Ina Gregg Stages Recital by Piano Pupils

Piano pupils of Miss Ina Gregg will be presented in a recital at the Presbyterian church at 7:00 o'clock Friday evening, May 25. A charming program has been arranged to which the entire public is cordially invited, Miss Gregg said.

Miss Copeland Attends Exercises at Trinity

Miss Salome Copeland left Monday for a visit at Dallas, Waxahachie and Waco. She will attend commencement exercises and the dedication of the new gymnasium at Trinity University and will return home with her sister, Miss Anna, who is a student at Trinity.

Miss Copeland has just completed a successful year as teacher of the Summerfield school.

Miss Gilliland Graduates From Virginia School

Hereford friends received announcements this week of the graduation exercises of the Randolph-Macon Woman's College at Lynchburg, Virginia. Miss Margaret Gilliland, popular Hereford girl, is one of the seniors who will receive a degree from that institution next month.

The commencement exercises at Randolph-Macon begin with the senior banquet at 8:30 p. m., Friday, June 1, and continue until the commencement proper on Tuesday, June 5.

College Selects Hereford Girl As Delegate

Miss Grace Ferguson, a senior at W. T. S. T. C. Canyon, has been chosen to represent the college at the pageant to be given by the West Texas Chamber of Commerce at its Fort Worth meeting June 28. It was announced this morning by college authorities. Miss Ferguson is a Hereford girl.

Few young women in the Panhandle are better known than Miss Ferguson. She taught for a year in the public school at Clarendon, where she made many friends, and her college mates are scattered throughout the entire territory of the West Texas Chamber of Commerce. She declares that she expects to meet many acquaintances at the meeting.

Besides college friends, she will also probably see another Hereford young woman, Miss Gladys Seigler, a student at T. C. U., who will be in the pageant representing this city as "Miss Hereford."

counties participating," Mr. Garrett said. "We feel that we have gained instead of lost by having to postpone the meeting from the original date, for the additional talent from Amarillo and Potter county will more than make up for the slight inconvenience in changing the date."

Special representatives from the Amarillo papers and the Associated Press will cover the event, thus bringing nation-wide publicity to Deaf Smith county and its musical organization. An invitation is extended to everyone in this and surrounding counties to attend the convention. The Ford community is located twenty miles north of Hereford on 25-Mile Avenue.

No Opponents Mentioned In Campaign Talk

Before a crowd of thirty or more Hereford citizens, Congressman Thomas L. Blanton of Abilene spoke here Wednesday night at the Deaf Smith county court house.

Baby Queen of the Air

Miss Joyce June Neely of Wichita, Kan., is not yet three years old and is the youngest member of the National Aeronautic Association. Little Miss Neely has made numerous air trips, recently completing the All Kansas Air Tour and is planning another long trip with her parents, Mr. and Mrs. Wilbur Neely.

His record in the House of Representatives and further qualifications which he believes will fit him for the Senatorial seat now occupied by Earle B. Mayfield, were discussed by the speaker.

Blanton is running for the U. S. Senate on a platform which, in his opinion, will benefit not only the people of Texas, but those of the entire country. In his talk he promised to give all of his time to his government work, if he should be elected. Points for which he stands, he says, includes strict enforcement of all laws, restrictions of pernicious lobbyists in Congress, combination of the Army and Navy into one department of National Defense and restriction of foreign immigration.

Congressman Blanton would also restrict the membership in the House of Representatives to a number not to exceed 300, in order to insure a more widely compact body. Not a single opponent's name was mentioned in the speech here.

With a friend, Mr. Blanton is touring West Texas, delivering campaign speeches throughout this section, after which he will devote most of his time to his own district. He arrived here Wednesday afternoon from Farwell where a large crowd heard him in the afternoon, and remained in Hereford overnight.

be held Saturday and Sunday, June 16-17, at Roswell, New Mexico. According to John F. Taylor, a Clovis, president, every member county is planning to send its officers and several members to the two day session of song, which, it is believed, will establish an attendance record for an event of this kind in the United States.

An unusual array of singing talent will help with the program. Featured will be the "Official Plateau Convention Quartet," a member of which is Lloyd Roberson of Hereford.

Business Men Go To Clovis For Meeting

Twenty strong, Hereford business and professional men went Wednesday to Clovis to attend a banquet and meeting regarding proposed road pavement between Amarillo and the New Mexico metropolis. Accompanying them were the delegations from Amarillo and Canyon, which, with large crowds from other West Texas and New Mexico towns, swelled the attendance at the meeting to well over seven hundred.

Deaf Smith county's stand on pavement of the highway through here was discussed at some length by **E. W. Harrison** of Hereford. Other speakers showed enthusiasm over the prospects and the meeting adjourned with the resolve to accomplish something definite within a short time.

Banquet and business session were held in the main auditorium of Clovis high school where high school girls and church organizations served a plate luncheon to visiting delegates.

Hereford Girls Join Activities At Graduation

CANYON, May 23.—Hereford is well represented in the graduating class of the **W. T. S. T. C.** this year. There are four girls, **Misses Grace Ferguson, Beulah Lee Rutherford, Golda Brumley** and **Eunice Gilbreath.**

Miss Ferguson will receive her B. S. degree, with chemistry as her major. She is a very gifted voice student and active member of the Elaphian Literary Society, Madrigal Club, Glee Club, Chorus, Whiteface Club of which she is president, **Kappa-Sigma Kappa Alpha.** She was one of the leading characters in the senior play "Hands Up" presented on evening of May 10. She has made herself dear to the Cousins Hall girls as their president during the year. She is the daughter of **C. C. Ferguson** of Hereford.

Miss Beulah Lee Rutherford will receive her Bachelor of Arts degree with English as her major. She is the daughter of **Mrs. Matt Rutherford** of Hereford. **Miss Rutherford** is active in the following organizations: Elaphian Society, Pi Omega Pep Squad, Women's Athletic Association, Dramatics and the Whiteface Club. She was a member of the cast of the senior play "Hands Up."

Miss Golda Brumley, daughter of **G. W. Brumley** of Hereford, will receive her Bachelor of Science degree with the class of 1928. She is an art major and is annual representative of the Phi Delta Art Club. She is a member of the Sesame Literary Society, Chorus and the Whiteface Club.

Miss Eunice Gilbreath will receive her Bachelor of Arts degree with English as her major. She is the daughter of **J. T. Gilbreath** of Hereford. Her high scholastic standing has made her a favored member of the Scholarship Society. She is an active member of the Elaphian Literary Society and the College Chorus.

These four young women are members of the 1928 graduating class which is the largest class in the history of the college. The Canyon College has a total enrollment of 1541 students and 94 of this number are to receive their degrees this spring and summer. These promising young men and women have had as their class sponsor **L. F. Sheffy** head of the

department of history. Mr. and Mrs. Sheffy have entertained the class in their home several times to the great enjoyment of the class.

Commencement week will open May 27 with the baccalaureate sermon at the college auditorium. **Rev. W. N. Pearce**, presiding elder of the Amarillo district of the Methodist church will render the sermon. The commencement address will be Saturday evening, May 30, and will be delivered by **Judge C. C. Small** of Wellington. **Rev. Pearce** and **Judge Small** are well known men in the affairs of West Texas.

Convention at Southern City to be Enjoyable

SAN ANTONIO.—When 10,000 women from all parts of the United States meet in San Antonio, May 28, for the biennial convention of the General Federation of Women's Clubs and 40,000 more assemble here on October 8 for the annual national convention of the American Legion Auxiliary, they will find the last stronghold remaining in the United States of old-fashioned devotion to an aristocratic social ritual and elaborate social convention.

In addition to the many things of historic and scenic appeal in this Southwestern country, they will also find the old Spanish customs and the influence of two centuries under the rule of Spain. The traditions of the Moorish restraint of woman, brought in in this way, has had a big influence and still persists as a vital factor in social relations.

Another powerful factor working in the same direction is found in the very large German element which has settled in San Antonio and all Texas. The German woman is, traditionally, very much

THE SUNDAY SCHOOL LESSON

Subject: The Wicked Husbandmen.

Lesson Text: Mark 12:1-2. Read also Mark 13.

Golden Text: "Jehovah knoweth the way of the righteous; But the way of the wicked shall perish." Psalm 1:6.

Scripture Sidelights: John 11:47-57; 11 Chronicles 36:11-21; Acts 7:51-60; Ezekiel 33:1-9; Psalm 1.

The rejection of Jesus by the leaders of the Jews furnishes the background and reason for the parable of the Wicked Husbandmen. Two sets of leaders furnished this leadership. The one was the party of the Sadducees, the priestly party descended from Zadok, the Priest, and controlling the temple and possessing what remained of Jewish judicial machinery; the other was the party of the Pharisees, the patriotic protestants against the invasion of Hellenic influences and the party which longed for the return of the power of the Jewish kingdom.

Thus what remained of political and ecclesiastical leadership among the Jews rested with these two parties. The conditions prevailing and rapidly developing showed that the leadership was unsound. No clarion note of guidance sounded from either party. The Sadducees had come to an indifference regarding the social and political conditions in Judea. What they cared for was the preservation of Sadducean authority, in order to their butter and bread.

The fact is that the Sadducees were the apostles of expediency, and this expediency was dictated by only selfish motives. The temple revenues including concessions to sellers of doves and oxen and to money changers, made Sadducean authority a means of livelihood. That was all it meant. Not a service, only a livelihood, was the slogan of the Sadducees.

The motive of the Pharisees was one of prestige. They did not represent the money interests of the people. As a rule they were either very poor or in moderate circumstances. They were supposed to be the patriotic party of the Jews, the extreme loyalists of their people to the ancient kingdom. But in the time of Jesus, their patriotism had lost its edge and just as many reform movements degenerate into questions of personal leadership for the sake of the prestige gained thereby, so was it with the Pharisees.

Thus we have presented before us the inside heart of the leadership of the Jews. So far as the Sadducees and Pharisees were concerned, the glory of God was a secondary consideration if a consideration at all. They had come to the point at which they expected to gain for themselves all the fruits which religion could yield. Religion was by them used as a means of exploiting the people, rather than a means for glorifying God.

ple, rather than a means for glorifying God.

This is the exact point in the parable of The Wicked Husbandmen. God had planted a vineyard. That vineyard was the Jewish people. Through long centuries he had kept that people intact though dispersed through the many centuries. His goodness had hedged about this vineyard. It was God's vineyard by right of planting and by right of protection.

God had let out this vineyard to husbandmen. Those husbandmen were the leaders of the Jewish people. There were not the possessors of the vineyard, neither were the fruits of the vineyard their by right. At the season of fruitage God had sent his servants that he might receive of the fruits of the vineyard. The husbandmen had forgotten that they were only workmen in the vineyard. They had arrogated to themselves the privileges of possession.

This usurpation of the vineyard expressed itself in the maltreatment and murder of the servants of the owner of the vineyard. Finally the well beloved son was sent. It might have been expected that the son would be respected, but such was not the case. They recognized him as the heir; if the heir should be destroyed then the inheritance would be theirs, they reasoned.

This latter reference to the son as known and recognized by the husbandmen, makes us understand that Jesus knew his rejection by the leadership of the Jews to be a matter of arrogance against God. What a pathetic fact faced the people. Their long-looked for Messiah had come, the answer of the prayers of the people and of the visions of prophets, and the people were to be robbed for a time of their messiah by those whom they had honored as leaders, and this because the leaders envied the Son of God, whom they knew, of his rightful authority.

But the irony of the circumstances is that the husbandmen in rejecting the servants and heir had prepared the way for their rejection from the vineyard. This selfishness of leadership was producing unsound conditions. The very social conditions of the people were tottering under the blight of misguidance. The splendid Temple was doomed to be shaken to its foundations, and the people were condemned to flight because of bad leadership.

Bad leadership is always a serious matter. It matters very much whether a people shall exalt to leadership men worthy of the trust imposed upon them or shall promote men who will betray the trust of the people. Only a jealous guarding of leadership can preserve the interests, privileges and happiness of a people. This is as true for A. D. 1928 and it was for A. D. 33.

"I'm going to vote for Hoover," said Mrs. Gabby. "These new vacuum cleaners of his are wonderful."

First Presbyterian Church

JAS. T. ROSS, Pastor

Rev. J. A. Hornbeak will preach for our congregation on next Sunday morning. He has come to make his home with us in Hereford after many years spent in the ministry of the Gospel. We welcome such citizens to our midst. A most cordial invitation is extended to all who shall choose to hear him at that hour.

The pastor will preach at Dinnitt at 3:00 p. m. There will be no preaching service in the evening, our congregation being at that hour dismissed in deference to the special services being held at the First Baptist church. Sunday school will meet at the usual hour and the Endeavors at 7:15.

Woman's Missionary Society on Wednesday of next week at usual hour, but no Church-Nite service in the evening. To all services of the church we bid you welcome.

First Methodist Church

E. B. BOWEN, Pastor.

Sunday school begins at 9:45 a. m. N. M. Bartley, superintendent. A full attendance is our goal for this Sunday. Will you help make it possible?

Preaching at 11 a. m., by the pastor. Owing to the fact that the Baptist meeting is in progress there will not be an evening service.

Both the Epworth Leagues meet at 7:15 p. m. The Matrons Missionary Society meets each Tuesday afternoon. The W. M. S. meets each Wednesday afternoon.

You are cordially invited to worship with us.

What Hospitality May Lead To.

ALBANY, N. Y.—Let us hope hospitality has generally better results than those that came of the hospitality of Joseph Kramer of Salt Lake City.

He was left stranded near Albany with nothing but the clothes he wore. A stranger whom he had invited to ride with him in his automobile had made away with the following:

The automobile, a wallet containing \$884, a twenty-three jewel watch, a gold fountain pen and pencil, a Salt Lake City fireman's badge, a suit case, suit, overcoat and hat.

Kramer was on his way to New York and was giving the stranger a lift to the city. It seems, however, that the stranger did the lifting.

AUSTIN.—Truck farming has reached the highest level it has ever known in Texas this spring, according to Bernard Nichols, assistant in charge of index numbers in the bureau of business research at the University of Texas.

During April 6,726 cars were shipped, while 7,548 were shipped in March. Last year the figures for April were 5,759 cars. This increase is due in a great measure to the increased acreage, according to Nichols.

DIVERSIFY AND PROSPER

Agriculture can only be stabilized by a diversity of farm products. One crop farming has proved unprofitable over a period of years even in the most favored sections.

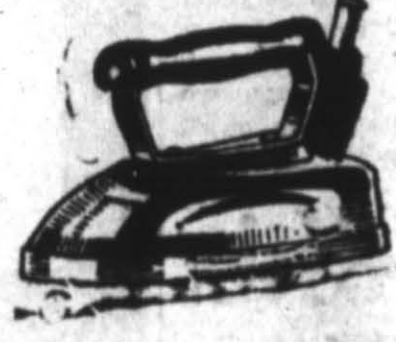

In West Texas it is imperative that you have a few good dairy cattle, poultry and hogs, something that will bring a revenue at all times. Raise enough of these to insure a living and you will have your staple farm crops as profit.

GREAT WEST MILL AT AMARILLO COMPLETES \$250,000.00 ADDITION

With the completion last week of the towering elevator and group of storage bins pictured on the left in the above sketch, the Great West Mill and Elevator Company's plant at Amarillo becomes one of the largest in the Southwest. This new addition increases the storage capacity of the mill from 500,000 to 1,300,000 bushels.

The original plant of the company was built in Amarillo in 1921 at a cost of approximately \$750,000. With this new addition the mill represents an investment of about \$1,000,000. The manufacturing capacity is now 800 barrels of flour daily, with facilities for handling 110 cars every 24 hours.

The necessity for this large addition to the original plant has been due largely to the phenomenal growth in the demand for the two principal products of the mill—Amarillo and Great West brands of the finest wheat flour. Both are widely sold throughout West Texas, New Mexico and the far Southwest, house wives in many communities expressing an almost 100 per cent preference for one or the other of the brands.

Great West products enjoy a considerable sale in Hereford and vicinity, being handled here by a number of the leading grocers.

Car Growing In Popularity, Says Official

DETROIT.—More than a half million new 1928 Chevrolets were on the road by the end of the fourth week in May, H. J. Klingler, general sales manager of the Chevrolet Motor Co., announced here today.

This establishes a record high figure for the public acceptance of a new model, since never before in the history of the industry has such a volume of new models been delivered in a similarly short space of time. Mr. Klingler pointed out.

It is also more than 100,000 units in excess of the corresponding performance of the company in 1927, he said.

In view of this new record and the fact that the peak selling season has just got under way, the entire Chevrolet organization felt unbounded enthusiasm over the prospect that this year's performance will comfortably surpass the 1927 record, and that more than a million new cars and trucks will be in operation on the highways and boulevards of the United States alone before the close of 1928.

Free Hospital for Animal Pets.

MADRID.—Madrid has a free hospital and dispensary for animal pets run by the city. Often a long line of people may be seen at the entrance of the institution carrying in their arms or in cages pet dogs, cats and birds, and even goats, suffering from sickness or accident.

Hundreds of operations are performed. Even medicines are given free of charge.

The veterinaries keep full records of the animals, ailments and the treatment given as is done in ordinary hospitals.

Jersey Record Book Will Be Kept at Canyon

Dairymen of Deaf Smith, Randall, Potter, Swisher, Carson, Hale and Floyd counties who are interested in Jersey cattle have just purchased a set of 113 volumes of the American Jersey Herd Record books. These books will be placed in the library of the Agricultural department of the W. T. S. T. C. and will be in charge of T. M. Moore.

All persons who have contributed to the purchase fund will have access to the books. This is the only set of its kind in the Panhandle and the records are complete through the years 1871 and 1927. Some of these volumes will never be put in print again because of copyright. They are of special interest to all breeders of pure bred Jerseys.

This set of books was located by W. H. Upchurch, county agent of Randall county, and was immediately purchased. These books will enable breeders to get all the information about Jerseys without the expense of having to have it looked up at headquarters.

Those contributing to the purchase fund are F. B. Phillips, W. H. Upchurch, Canyon Chamber of Commerce, T. W. Duffel, J. W. Shanklin, Swisher county; Joe W. Vaughn, S. J. Payne, E. E. Frye, R. C. Nichols, S. P. Atchley, First National Bank, Tulsa Bank and Trust; Hale county: J. P. Patterson, Britt Fuchs, H. O. Pettit, J. R. May, Luther Griffin; Carson county, George P. Grout; Floyd county, O. L. Stansell.

These individual contributions range from five dollars to twelve dollars and fifty cents.

Dr. Frank Crane Says

THE NAPOLEONIC COMPLEX.

We often hear of Napoleons of business, Napoleons of finance or Napoleons of this, that or the other.

We generally mean a man who has determined to accomplish his purpose and crushes everybody and everything ruthlessly to achieve success.

Napoleon was a tyrant that stopped at nothing to gain his own ambitions. He was ruthless and he never looked at the interests of anybody else, but at his own advantage.

He was diametrically opposed to Jesus of Nazareth. The latter went about doing good. His object was the betterment of his fellows and he had no selfish ambitions of his own.

The purpose of Napoleon was to make Napoleon great and, if any man stood in his way, woe to that man!

The jails and penitentiaries of the world are full of Napoleons. Almost every criminal is a monster of selfishness. If he had thought of the welfare of others he would not be a malefactor.

All crime, in its last analysis, is but super egotism. When a man's desires and ambitions center upon himself, and do this to such an extent that he disregards the rights of others, he may become a Napoleon, but society very properly claps such a Napoleon in-

to a prison cell or hangs him. To follow the teachings and examples of the Nazarene remains the surest way to permanent success and lasting fame.

George Washington was never greater than when he refused the crown, and Lindbergh was popular not because of his exploits but because of his modesty.

No man that takes Napoleon for his model is going to be of help to his fellow men or is going to be praised by them. It is not the domination of some great men or leader that the world needs. It is for men to be of great service. Napoleon lusted to be the master of all. The Nazarene called himself the servant of all.

God is more than the Almighty King seeking the worship of his creatures. He is the Almighty servant that goes about sustaining life, bestowing his benefits on everything that he has made.

He still remains the modest Being in His universe.

Two Colleges Take Part In Debate Tests

PLAINVIEW.—The debaters and orators of Montezuma and Wayland Baptist College met Friday, May 18, in a double contest

and each school won an even number of points. The girls debating team met at Plainview and Wayland won unanimously with Allie Mae Caldwell and Wanda Spuhler representing the college. Minter Uzzell orator for the student body lost to the Montezuma youth.

At Montezuma the winnings were reversed, with Montezuma winning the debate and Wayland's reader victorious. Neil Rigler and Lucian Morehead debated for Wayland and Katherine Malone won the honors of being the best reader. The subject debated was: Resolved: that the present policy of the United States in protecting interests in foreign countries is detrimental to the cause of world peace.

Hints for the Home

BY NANCY HART

A Summer Meat Course.
For the meat course of a quickly served summer dinner, try jellied meat loaf prepared from the tinned fish, chicken or tongue that should be on every pantry shelf. The foundation of the loaf is lemon-flavored gelatin, with slices of hard-boiled egg or green peas used alternately with the layers of meat or fish. Served with mayonnaise and rice or potato patties fried crisp and brown in butter or margarine, this makes a very satisfactory meal.

Quick Cup Cakes.
One-fourth cup melted butter or margarine, 2 eggs dropped in cup with the shortening, fill cup with milk, sift one cup sugar, 1 1/2 cups prepared cake flour, 1 teaspoon baking powder in the flour. Pour mixture in center of flour, add flavoring, beat well and bake in muffin tins.

Three Syrups for Canning.
This year when you preserve, remember that there are three kinds of syrup to choose from—depending on the kind of fruit used. For heavy syrup to use with cherries, peaches, plums, quince and rhubarb, use 5 cups of sugar (beet or cane) to 4 cups water, and syrup for blackberries, gooseberries, huckleberries, apricots, use 2 1/2 cups sugar to 4 cups water, and boil 15 minutes. A thin syrup for apples or pears may be made by boiling for 15 minutes 2 cups sugar with 4 cups water.

A Note About Cloves.
In using cloves for pickling or preserving, the blossom end should be removed, as it darkens the liquids.

Removes Grass Stains.
Pretty hard to keep little folks up off the grass just now. But never mind. Grass spots will come out easily if washed in alcohol.

A Good Floor Polish.
To put a high and lasting polish on hardwood floors, use a pint of beeswax to two pints turpentine, dissolved in a saucepan on the range until a paste is formed. Apply with a soft flannel and rub briskly.

On Ironing Day.
Instead of sprinkling clothes by hand, use a whisk broom dipped in water and shake it over the clothes. Also keep an atomizer filled with water nearby when ironing so you can spray dry spots as you iron.

To Mend China.
A splendid cement for broken china may be made by mixing plaster of paris with white of egg until it is creamy. Apply as you would any prepared cement.

To Clean Enameled Tubs.
Practically all scouring powders dull the polish of enameled tubs and lavatories. Gasoline does the work better and quicker and does not harm the porcelain.

TRY A WANT AD IN THE BRAND.

Several States Have Students At University

AUSTIN.—Among the students enrolled in the University of Texas for summer graduate and advanced study this year will be men and women from nearly half the states in the country, according to Dr. Frederick Eby, summer school director, who has been receiving inquiries from many sources in regard to the summer school curriculum.

Insistent demands of colleges and universities for teachers with higher degrees are making it necessary for faculty members of both junior and senior colleges to continue their further study. For this reason more than the usual number of teachers will take advanced work in the University this year. The graduate departments will probably have an enrollment of 900 this summer, a total of 170 more than last summer, according to Dr. Eby. Total enrollment will probably reach 3500 or 3600.

Special fields of research peculiar to this part of the country, splendid laboratory equipment, good library facilities and an unusually capable faculty, augmented during the summer by professors from other schools, are some of the reasons the University is proving so popular to graduate students just now, stated Doctor Eby.

CITY OF HEREFORD THE STATE OF TEXAS.

On this the 16th day of May, 1928, the City Commission of the City of Hereford, Texas, was convened in regular session, in the City Hall, all members thereof, to-wit:

E. S. IRELAND, Mayor
J. O. NEWELL, Commissioner
W. B. Dameron, Commissioner
C. H. DYAR, Commissioner
GRACE SKELTON, City Secretary

being present, with none absent, and among other business was transacted:

Commissioner Dyer introduced an ordinance. The ordinance was read in full by the Secretary. A motion was made by C. H. Dyer that the rule requiring ordinances to be read at more than one meeting be suspended, and that this ordinance when passed take effect immediately, as an emergency measure. The motion was seconded by Commissioner J. O. Newell and was carried by the following vote:

AYES: Commissioners J. O. Newell and C. H. Dyer.
NOES: None.

A motion was made by Commissioner C. H. Dyer that the ordinance be passed finally. The motion was seconded by Commissioner J. O. Newell, and was carried by the following vote:

AYES: Commissioners C. H. Dyer and J. O. Newell.
NOES: None.

The Mayor declared that the ordinance finally passed. The ordinance is as follows:

AN ORDINANCE

DETERMINING THE NECESSITY OF LEVYING AN ASSESSMENT AGAINST THE PROPERTY AND THE OWNERS THEREOF IN THE CITY OF HEREFORD ABUTTING UPON THE STREETS AND PARCS OF STREETS HEREINAFTER NAMED FOR THE COST OF IMPROVING SAID STREETS, FIXING A TIME FOR THE HEARING OF THE OWNERS OF SAID PROPERTY CONCERNING SAME, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING REQUIRED BY ARTICLE 1004, REVISED CIVIL STATUTES OF TEXAS, AND DECLARING AN EMERGENCY.

WHEREAS, the City of Hereford, Texas, has adopted the benefits of the provisions of Chapter 9, Title 28, Revised Civil Statutes of Texas, and amendments thereto, by a majority vote of the legally qualified, property tax paying voters, residing in said city, at an election held on the 24th day of January, 1916, and

WHEREAS, the City Commission of said City did on the 31st day of January, 1916, after said election pass an order declaring the results of said election, and declaring the provisions of said Chapter and Title applicable to and governing said City in all respects, which order is of record in Vol. 1, page 108, et seq., of the Minutes of said City of Hereford; and

WHEREAS, heretofore on the 14th day of May, 1928, the City Commission awarded the contract for widening and resurfacing certain streets and parts of streets and construction of curbs, gutters and other necessary appurtenances, including drainage and storm sewers where necessary, as hereinafter specified, to Jordan Construction Company, contractors, which contract is of record in the Minutes of said Commission in Volume 5, pages 235 et seq.; and

WHEREAS, on the 7th day of May, 1928, the City Commission of the City of Hereford, in accordance with provisions of Chapter 9, Title 28, Revised Civil Statutes of Texas, did order the improving of certain streets and where necessary the construction of curbs and gutters and other necessary appurtenances, including drainage and storm sewers where necessary within said city, to-wit:

- DISTRICT NO. 29 Third Street from its intersection with the West Line of Sampson Avenue to its intersection with the East Line of Miles Avenue.
- DISTRICT NO. 30 Main Street from its intersection with the North Line of Third Street to its intersection with the South Line of Fifth Street.

------	-------	------	-------	------------	------------	----------	----------------------

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS:

1. That the report of the City Engineer, having been examined, is hereby approved.

BE IT FURTHER ORDAINED that a full and fair hearing be had as provided for herein; that part of the cost of said improvements shall be assessed against property owners on streets so improved and owners thereon and that the total cost of said improvements shall be apportioned and paid as follows:

(a) The City of Hereford shall pay the whole cost of the construction of the curbs and gutters and shall pay one-half (1-2) of the cost of the remainder of said improvements.

(b) The owners of property abutting upon said streets named to be improved shall pay the remainder of said cost of the improvement of said streets, after there has been deducted the amount payable by the City of Hereford under Section (a) above, provided, however, that in no event shall more than three-fourths (3-4) of the entire cost of such improvements, exclusive of curbs, be assessed against such property owners and their property.

(c) That the portion of the said cost to be paid by the City of Hereford shall be payable upon estimates made by the City Engineer during the construction of said work, on the first day of each month, after the beginning thereof, payable on the fifth day of each month, ten per cent (10%) of said estimate being held back and reserved and payable to the Contractor to whom the work may be let, upon the completion of same and acceptance by the City.

2 The manner of payment shall be as follows:

(a) The portion of the cost of such improvements payable by the owners of the property shall be paid in ten (10) equal installments, one payable within thirty (30) days after the completion of the work in each district...

(b) That the portion of said cost to be paid by the owners of property shall be assessed against them and their property in accordance with the provisions of Chapter 9, Title 28, of the Revised Statutes of Texas of 1925, and amendments thereto...

IV. The assessment shall constitute a personal liability against the owners of property and the lien upon their property as fixed by said assessment shall be enforced as provided by Chapter 9, Title 28, of the Revised Statutes of Texas of 1925, and amendments thereto...

V. BE IT FURTHER ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS, that a hearing shall be given to said owners, or their agents and attorneys, and all persons interested in the said matter as to said assessments...

The fact that the aforesaid work has progressed to such an extent that it is now advisable to make immediate arrangements for the hearing required by law creates an emergency and imperative public necessity that the rule requiring ordinances to be read at three several meetings be suspended, and that this ordinance take effect from and after its passage, and it is so ordained.

A. Godwin Dies from Exertion As Car Stalls

Exertion and excitement while trying to get his car out of a mud hole about eight miles west of Amarillo Sunday afternoon caused the sudden death of Allen Adkins Godwin, age 78, of this city.

Mr. Godwin was on his way home to Hereford from Amarillo. He was helped out of the mud-hole by a number of farm boys, who watched him drive on down the road about 200 yards and stop the car. When he did not get out or make any sign, they went up to the car and found him dead.

He is survived by a widow and four sons, Andrew Godwin, Hereford; E. A. Godwin, West Virginia; M. A. Godwin and Z. A. Godwin, of San Angelo. Mr. Godwin was born in Mississippi and was a member of the Baptist church.

Funeral services were held at 3:00 o'clock Tuesday afternoon from the Baptist church here. Rev. V. M. Cloyd was in charge, assisted by Rev. Jas. T. Ross. Burial was made in West Park cemetery.

Rural Schools Rally Attracts Many Students

Largest crowd ever to attend a similar event was that which gathered at Ward, Tuesday May 23, for the seven-school rally and celebration held at the close of the school year. So many were present that the building was filled above its capacity. The rally had been postponed from Friday on account of rain.

Each school displayed elaborate exhibits of class room work in art, manual training, home economics, spelling contests, etc.
