

# WHY WE THINK HCJC \$600,000 Bond Issue And Supporting Tax SHOULD BE APPROVED!

"The better educated citizen is more able to perform his responsibilities as a member of the community."  
JAMES G. LEWIS

"The improvement in the facilities of the HCJC seem necessary, even imperative, if we are to continue our growth and prepare for the future. We already know what the demands are going to be in a few years on our schools and colleges and must begin a continuous project of improvements and betterments of our plants to take care of our young folks."  
WENDAL PARKS

"The junior college is one of the best improvements for our town as well as for our county and surrounding counties that we have had in some time. The Bond election should go over."  
J. C. McWHORTER

"Our junior college means so much to the cultural life of Big Spring."  
MRS. M. M. FAIRCHILD  
"I'm in favor of the bond at HCJC because it will improve the agriculture program in this area."  
WALTER GRESSET

"The junior college will touch more people and thus help Big Spring progress in business and other ways."  
JACK H. S. HANSON

"For financial reasons the junior college here is the difference between two years of college or no college for many young people."  
MRS. J. O. HAGOOD

"Additional facilities are needed to enable the college to adequately meet the needs of our increasing student population."  
BOBBY S. WASH

"We need to broaden our curricula offering to the students of this area."  
O. W. FLETCHER

"Statistics show that junior colleges give equivalent or better instruction more economically than four-year colleges."  
B. A. CRAMER

"It saves money - low tuition - staying at home."  
H. L. MILLER

"Keeps young people at home two more years."  
H. D. CRAMER

"It makes it possible for some to attend college for two years who would otherwise be unable to go."  
RALPH WHITE

"The most important bond election that will come before the voters for years to come. It is our opportunity to help ourselves. I'm for it!"  
R. H. WEAVER

"I would like to see HCJC continue to grow until it becomes a four year college."  
ROY C. BROOKS

"Our junior college can give stronger educational experience because its teachers know and care about students personally."  
MRS. G. H. WOOD

"The progress of any community can be judged by its support of its worthwhile institutions. Howard County Junior College contributes to the educational, social, economic, and cultural ideals necessary for a good community. We live in a good community that is growing. The junior college must keep pace with this growth. I'm for the bond election."  
WALKER BAILEY

"The junior college enables students of Howard County to get two years of college who might not be able to attend college otherwise."  
ROY CORNELISON

"The junior college is small enough to allow all the students to know everyone, yet it will be large enough to meet the needs of all the students if the bond issue passes."  
GEORGE MELEAR

"If we don't starve or cripple it, the junior college can give strong background because its classes are of a size that the teacher-student relationship is preserved."  
G. B. CUNNINGHAM JR.

"The naturally congenial atmosphere of a community junior college is augmented by teachers to whom a student is a personality and not just a name on a class roll."  
WAYLAND YATES

"A growing area must look to the future, and the best way is to look to better educational opportunity such as HCJC can give."  
GERTRUDE GORDON

"When instructors can give personal attention to students, that makes for stronger students. We can keep this as a quality of HCJC if we adequately provide."  
DR. G. H. WOOD

"There is no limit to the opportunities which exist. With ample equipment, buildings and staff, HCJC can help train young people to realize these opportunities."  
DAVE DUNCAN

"Howard County Junior College not only makes college possible for many who could not go off, but it enables others to be where the influence of both college and home can be exerted until they are more mature."  
MRS. J. E. BROWN

"If we believe in our area, we had better get ready for the future. We have a big job to teach our young people the skill of making a living and the art of being useful and happy in living. HCJC fits prominently into that picture."  
J. ARNOLD MARSHALL

"I favor this bond election because I am acquainted with HCJC and know the merits of the institution. I think the college should continue its improvement for without this institution many young people would be denied the privileges of higher education that are available to them now."  
GLENN WHITTENBERG

"The better educated citizen is more able to perform his responsibilities as a member of the community."  
F. S. GOMEZ

"Howard County Junior College is a great step toward our Democratic principles."  
M. G. MONTELONGO

"HCJC preserves that individual touch in instruction which helps bring up the average student."  
FRANK HARDESTY

"If the college is to continue to grow and serve our community, it must have the facilities."  
MRS. L. Z. MARCHBANKS

"Here at home we can provide opportunities which will mean the right sized classes under capable instructors and give college students better foundations."  
MRS. MARVIN E. FER-GUSON

"Even if the student is going to finish at a senior college, he can get a better start in a strong, progressive junior college."  
LEONARD COKER

"I favor the bond issue."  
ARNOLD LLOYD

"Making it possible for our college to develop makes it possible for more and more young people to get personalized attention from qualified teachers and thus get a solid start."  
MRS. BONNIE MAE KOGER

"The Junior college is a logical place to give our young people training which may keep them home to bless the community with their talents."  
ELMO WASSON

"I would like my children to get as good an education as possible while staying at home."  
MRS. W. S. SHAW

"A good educational institution is an asset to a community and town."  
RAYMOND HAMBY

"HCJC is a natural center of interest for our area. It will enable many young people to attend college when otherwise they could not; it will help many others to improve their abilities and earn better livings."  
JOE PICKLE

"I realize that the college is growing and that more plant is necessary if it is to continue to do the very fine work done in the past."  
CLYDE WAITS, JR.

"The junior college contributes to the progress of Big Spring because it brings more business to the town."  
JIM ZACK

"I believe that we should support the bond issue, due to the increased advantages the community would receive from a larger terminal education and practical education program."  
JOHN TAYLOR

"The junior college will improve business because better educated people are better customers and better wage earners. Our community will grow better."  
JACK PARRISH

"I am in favor of the bond issue for enlargement and improvement of the local junior college because, first of all, I was from the beginning for junior college for Howard County, and the years of its existence and the fruits of its labors have thoroughly justified my original opinion. In the second place, we have found the need greater than we first believed and the response of the people in supporting it by sending their children to it in ever increasing numbers indicates its popularity. In the third place, it must grow or stagnate, it cannot stand still. It must advance or recede. Our junior college is a means by which we can transfer the material productivity of our county to the cultural and spiritual development of our boys and girls. The vote should be unanimous for the bond."  
DR. P. D. O'BRIEN

"We have scores of boys and girls in this area that will never get more than high school education if we do not provide adequate junior college facilities."  
CHARLIE CREIGHTON

"For the betterment of our school and our community, I am for the bond election 100 per cent. It is my belief that any town with advanced educational facilities is naturally a better community with better citizens."  
MRS. RUTH APPLE

"The earning power and the standard of living in a community rises in proportion to the education of the people. Our own junior college is providing educational and training opportunities for local youth and adults - many of whom cannot go elsewhere for higher learning. Additional facilities are needed to improve and expand this program."  
MARVIN M. MILLER

"I am for the junior college because it gives more young people the opportunity of a college education."  
MRS. S. A. McCOMB

"The junior college has improved race relations in Big Spring and we must enable the college to broaden its influence and work."  
MRS. NEIL NORRED

"I think it's an excellent idea; we need it and in a few years, we may have a four year college."  
MRS. GENE TURNER

"I find that college trained employees are better."  
RILEY FOSTER

"The junior college offers so many community services."  
DAVID G. GOMEZ

"I am in favor of making it possible, through a bond and tax authorization, for our junior college to expand educational and training opportunities for the local youth of our community and especially those youngsters who cannot go away to college. I also think that the terminal education for adults is valuable."  
J. H. GREENE

"Put me down as one who favors the issues."  
W. C. STOVALL

"The junior college lends prestige to our community."  
MRS. BEN HAWKINS

"I am for HCJC and for the educational purposes it serves in the community."  
MRS. LOY ACUFF

"The low tuition rate and fine educational program of the college appeals to me as a parent. I believe the college is worth more than its costs."  
D. A. DOUGLASS

"I favor the bond issue because this is agricultural country and the bond issue provides for more agricultural buildings; therefore, the students will learn more about farming."  
MRS. NORMAN READ

"I believe that the addition of new buildings to the present plant will enable the college to do more for our young people and that the bond issue will eventually result in more money to the community than it costs."  
W. C. BLANKENSHIP

"The junior college gives better educational background because of its suitable classes and individualized instruction."  
JOHN L. DIBRELL, JR.

"Our junior college now has enough background to recommend its expansion as a sound investment. The cost of its expanded plant and program is within the means of us taxpayers. I am voting for the \$600,000 bond issue and for the increased tax rate."  
R. L. TOLLETT

"The expansion of the junior college will bring more prestige to the college as well as to the city. The enlargement of the college will also create a greater interest and pride in the young people to attend HCJC."  
MRS. EDITH K. MURDOCK

"I believe in Big Spring and the youth of Big Spring. They deserve only the best."  
LILLIAN M. JORDAN

"Because of the junior college it is possible for my daughter to remain at home two more years while attending college."  
MRS. D. E. JACOBS

"I favor anything that improves education. This bond issue will certainly do that."  
SAM SHAPIRO

"It makes me feel proud to have a first class college in my city."  
J. M. FLORES

"The savings one can make by sending a student to Howard County Junior College the first two years may enable that student to complete the last two years at a senior college."  
WILBURN DAVIS

"A progressive step for better education in Big Spring."  
J. R. STANLEY

"The junior college is raising our standard of living by teaching our young people how to do their job better."  
J. T. THORNTON, JR.

"It makes me feel proud to have a first class college in my city."  
BOB SPEARS

"I'm in favor of the bond issue because I would like to see this college become a senior college in the future. It has great potentialities."  
D. E. HOOVER

"I am certainly in favor of this addition to HCJC. It will improve our college not to mention the fact of improving Big Spring."  
D. W. WELCH

"I believe that growth of the college, particularly the addition to the physical plant, will pay for itself in actual dollars and cents to the county."  
J. H. PERCY

"Surely the young people in this county deserve the best. This is one way of giving them the best."  
N. W. DERRYBERRY

"I favor the bond issue because HCJC keeps money at home and makes it possible for many to get two years of college who otherwise could not."  
R. GAGE LLOYD

"We can't pass up this opportunity."  
TRUMAN JONES

"I favor the bond issue because HCJC makes a two year college course available to many young people that would not otherwise be able to further their education beyond high school."  
M. C. GRIGSBY

"I'm for the bond issue because I'm for good schools and good education for our children."  
VICTOR MELLINGER

"The reason that I'm for the bond issue for the junior college is because I have always thought that the students could get a better background in two years at a junior college than they could at the senior colleges because they have better individual attention from the instructors and get full credit for their work."  
SHINE PHILLIPS

"As the college enlarges it will offer a better educational program which will attract more students and give them more pride in attending HCJC."  
EUGENE THOMAS

"The growth of the educational facilities in Big Spring and Howard County is a must for our children's future. I shall support the bond issue for these reasons."  
O. G. HUGHES

"Students get more personal attention in the junior college because classes are small. Therefore, I shall support the bond issue."  
J. D. JONES

"The junior college contributes to the progress of Big Spring because it brings more business to the town."  
MRS. A. J. BROWN

"Progress of Big Spring and growth of Howard County Junior College are synonymous, you can't be for one without being for the other."  
BENNETT BROOKE

"I believe that growth of the college, particularly the addition to the physical plant, will pay for itself in actual dollars and cents to the county."  
L. BROOKS

"Students get a better start in college due to small classes and personalized attention from competent instructors."  
MRS. C. H. WASSON

"I realize that the college is growing and that more plant is necessary if it is to continue to do the very fine work done in the past."  
WILRENA RICHBURG

"I will support the bond issue because HCJC has helped my daughter and the other students of the area so much."  
MRS. EUGENE GROSS

"I'm going to vote for the bond issue because it will be much more economical for my grandson to attend the junior college while living at home."  
MRS. C. L. LUMPLINS

"If we want all our children's education to improve and their opportunities to succeed, it is necessary to improve the physical requirements for a better and larger Howard County Junior College."  
LEE O. ROGERS, D.D.S.

"I am in favor of the Howard County Junior College Bond Issue because I feel that it will be a great benefit in furthering the education of our younger generations of Howard County and surrounding areas."  
GERALDINE SPENCER

"I am for the junior college bond election because I am for anything progressive for Big Spring and Howard County. We now have a strong junior college and it pleases me to think of having more facilities and an even stronger institution in the future."  
J. B. WIGINTON

"By supporting favorably the HCJC bond election I believe the future benefits to our city and county will reap many benefits. It is certain from the growth of Big Spring the past 10 years that we are bound to go forward. HCJC can further this growth if it can be expanded in order to serve more interested students. Many cannot go to college far away but could see their way clear to go in their home community. By keeping the young people near us they no doubt will want to stay in Big Spring for their livelihood. The main thing is support and however you vote please do vote."  
J. V. GREGORY

"Makes education possible for many who could not get it otherwise."  
JOHNNIE WALKER

"We have scores of boys and girls in this area that will never get more than a high school education if we do not provide adequate junior college facilities."  
DAN SCOTT

"I favor the bond issue and the tax to finance it."  
RUNT JONES

"The junior college offers so many community services."  
THE REV. E. OTIS MOORE

# Altrusians Hear Talk On Members' Work

The program for the Altrusa Club was under the direction of the vocational information committee Thursday at the noon luncheon at the Settles Hotel. "Career Women" was the subject.

Mrs. Jack Adair, chairman of that committee, introduced Mrs. J. B. Apple, who told of her work with the Retail Merchants' Association. She told the group that she gave her workers "custodians of confidence" for the 247 members of the association.

In their office files, she keeps information which is indicative of the traits of character, ambition and reputation of many people, she said, adding that "most of those reputations are good."

Mrs. C. C. Sawelle, executive secretary of the Red Cross, spoke to the members, telling of her work with home service. That is the branch of work for which she is directly responsible, and she gave illustrations of how varied are the activities.

The announcement was made of the appointment of Mrs. Ruby Billings as vice president to fill out the term of Mrs. John Freeman, who has moved to Irving. A report from the board to pay the registration fee of a delegate to the convention to be held in Toronto.

An invitation was read to the club to attend the tea for the Woman of the Year to be given May 18 by the Beta Sigma Phi Sorority. The next meeting of the Altrusa Club will be an international tea to be given in the home of Mrs. Norman Reed on the evening of May 12. This will take the place of the luncheon meeting.

# Epsilon Sigma Alpha Meets In Coahoma

Epsilon Sigma Sorority held a model meeting Thursday evening in the home of Mrs. Densie Turner in Coahoma. Mrs. A. K. Turner Jr. was co-hostess. This was another in the series of rush activities planned for the group.

During a business meeting, conducted by Kay Ming, president, plans were made for the trip to San Antonio this coming week for the ESA convention. Planning to attend are Miss Ming, Mrs. Fred Sittel, Mrs. Dennis Baker, Bo Bowen, Frances Bartlett and Barbara Ann Eye.

An invitation was read from Beta Sigma Phi Sorority, inviting members to the tea for the Woman of the Year, to be given at the Students' Union Building on May 15. This will honor the woman elected in the contest which is being sponsored by that sorority.

"My Heart Lies South," by Elizabeth Barton Trevino, was reviewed for the group by Mrs. B. L. LeFever, who was presented with a gift from the members.

For the tea hour, the table was decorated with a bowl of fruit and ivy. Mrs. Densie Turner and Bonnie Lindley served. About 23 attended the meeting, including the following special guests: Mrs. Marvin Standefer, Mrs. Louis Stalings, Mrs. Earl Bryant Jr., Mrs. Odie Wilson, Mrs. Cecil Guthrie and Mrs. J. B. Harris.

# Sorority Has Installation And Dinner

Mrs. Zeta Chapter of the Beta Sigma Phi sorority installed officers and celebrated their third anniversary at a covered dish affair Wednesday evening at the Webb Air Force Base guest house.

Mrs. T. S. Lowrey was installed as president and other officers are Mrs. Ray Pipes, vice president; Mrs. Bill Crooker, secretary; Mrs. Lowell Knop, treasurer. A gavel guard was presented to the past president, Mrs. Knop.

Program numbers were given by Mrs. E. C. Bell, who read the chapter history; Mrs. Crooker, who read a letter from the chapter founder, Walter Reed; and Mrs. Zollie Mae Rawlins, who read the Founder's Day pledge.

Mrs. Darrell Highley and Mrs. Elmer Giles were hostesses for the dinner which was served buffet style. Guests were seated at individual tables that were centered with bouquets of spring flowers.

Following the program and dinner, the group exchanged gifts and revealed names of their secret pals.

## Daughter Is Born

Mr. and Mrs. Bob Fox of Fort Worth are announcing the birth of a daughter, Vicki Sue, Thursday, in Fort Worth. She is the granddaughter of Mr. and Mrs. Buel Fox, 107 Jefferson, who left this morning for Fort Worth.

## Past Presidents Honored By Does

Past presidents of the BPODoes were honored by their lodge Wednesday evening when the organization met in the Elks hall.

Those honored were Mrs. Carl Gross, Mrs. C. W. Nevins, Mrs. Glen Gale and Mrs. C. W. Ragsdale.

Mrs. James M. Bowen was initiated into membership.

Announcement was made of the dinner Sunday that will be served to members of the Elks lodge, their families and their guests beginning at 5 and continuing until 7:30 o'clock. The affair will be held in the lodge hall and plates will sell for \$1.25 and 90 cents. This is one of the fund raising projects held once monthly.

A report was given on the area meeting held recently in Amarillo by Mrs. Joe Clark. She was accompanied by Mrs. Ragsdale.

Fifteen attended the meeting.

## Country Club Invites Public To Open House

JOHN GILBERT

DONALD FOGLESONG

## MEN IN SERVICE

John R. (Jack) Gilbert, son of Mr. and Mrs. L. D. Gilbert, 1307 Goliad, is now serving in an Army dispensary at Fort Gulck in the Canal Zone, Panama.

Gilbert, a private first class, has been in the service seven months. He finished basic training at Fort Bliss and attended medical indoctrination courses at Fort Sam Houston. He is a graduate of Big Spring High School and attended Howard County Junior College for two years.

Maj. Robert J. Dillard, son of the Rev. and Mrs. Robert L. Dillard, 534 Elm, Colorado City, is now stationed at Fort Lee, Va., where he will participate in an Army-wide logistical exercise.

Approximately 5,000 officers and enlisted personnel will be trained in the exercise to supply combat troops for modern warfare.

Maj. Dillard is a member of the Transportation School at Fort Eustis, Va., and entered the Army in 1944. Among his decorations are the Silver Star, Bronze Star Medal and Purple Heart. His wife, Mildred, lives in Knoxville, Tenn.

Pfc. Donald E. Foglesong, son of Mr. and Mrs. K. E. Foglesong of Cosboma, is the new AAU junior and senior lowboard diving champion for Washington, D. C., where he is stationed with an anti-aircraft artillery battery.

In addition, he won second place in junior highboard diving and third in senior highboard diving competition. He is a member of the Ambassador Hotel team in Washington.

Pfc. Foglesong was an outstanding athlete at John Tarleton and North Texas State Colleges before entering the Army. He has been engaged in diving competition less than a year, however. The first contest he entered was at Ft. Bliss last summer. Later, he placed second in the AAU tournament for Texas and New Mexico.

He is a graduate of Brownwood High School and in his senior year was the best offensive and defensive player on the football squad. He is a member of the First Christian Church of Big Spring, where he and his family formerly lived. He was inducted into the Army in January, 1954.

## Use People, Producer Advises TV

NEW YORK (AP)—One of TV's biggest problems has been its insatiable demand for fresh, new material. What's the answer?

The extraordinary things that happen to ordinary people as reported in daily newspapers and by news services, says producer Ed Byron.

Byron is relying on newspapers and news agencies for his latest venture, Mr. Citizen on ABC television Wednesday nights. They were the chief source of material for his Mr. District Attorney show on radio, and later on TV.

Byron says that in telling about unusual occurrences in the lives of ordinary people, the problem is not in making them seem dramatic. It's in trying to convince viewers that they are fact and not fiction.

"Our problem is to keep from saying, 'This couldn't happen in real life,'" says Byron, a former reporter himself.

He is particularly excited at the moment over the third in his new series of programs, scheduled for next Wednesday, on the plight of epileptics.

"We're going to break the story of the American epileptic," he says. "He's a second-class citizen."

"The epileptic is discriminated against. He's only allowed to drive a car in one state (Wisconsin). In six states he can be sterilized. In a number of states he isn't allowed workmen's compensation. In 26 states he can't get a marriage license."

"It has been shown that 80 per cent of cases of epilepsy can be controlled by medication."

## Welfare Program Blocks Strike End

LOUISVILLE, Ky. (AP)—One major obstacle to reportedly blocking agreement in the nation's longest railroad strike.

Both the Louisville and Nashville Railroad and the 10 AFL non-operating unions have agreed to arbitration. But they disagree on what differences are to be arbitrated. The main sore point reportedly is a health and welfare program.

Meanwhile, the economic situation in the 14 Southern states affected grows more serious daily. And violence—shootings, bridge dynamiting and freight train derailments—are becoming more frequent.

Little progress toward a settlement has been reported since the strike against the L&N and two of its subsidiaries began March 14. Federal mediators and state officials have failed in efforts to iron out remaining differences.

As one source analyzes the health and welfare issue: If the unions win this demand with the L&N, other railroads must follow suit while, if the unions lose, other railroads might seek to eliminate the program from their contracts.

The unions listed these issues in their strike call:

Improved vacations with pay; time for employees who work on seven paid holidays with double time for employees who work on holidays; hospital, medical and benefits, and life insurance equal to full-time annual earnings, with a minimum of \$3,500, the railroad to pay the full cost; premium pay for Sunday work; and a standard "national free transportation" plan or system of passes for L&N employees good on all railroads.

A railroad official said the company had complied with all recommendations of a federal emergency mediation board, which became part of an agreement between other railroads and non-operating unions last year, with the exception of the health-welfare program. The L&N, however, was not a party to the contract negotiated with other major railroads.

## Re-Districting Bill In Dutch

AUSTIN — The proposed constitution amendment to provide re-districting of county precincts "looks mighty sick," its author, Rep. Louis H. Anderson of Midland, admitted Wednesday.

Constitutional amendments are considered in the House on Tuesdays.

Tuesday of this week went by without the amendment proposal getting up for consideration.

It had worked itself to within one place of the top of the calendar when Rep. W. A. Stromman proposed successfully that the House quit work for the day.

Friends of the measure said this was a move planned to delay action on that proposal.

Stromman denied that, saying he "just wanted the House to quit for the day."

Asked whether he would favor the precinct re-districting proposal, Stromman replied: "No comment."

There will be only one more Tuesday before the 120-days set aside for the session are over.

The health-welfare plan contained in the negotiated contract would cost \$6.80 a month, with employees and railroads splitting the cost. The L&N has offered another health-welfare program, which it says would cost each employe only \$3.85 a month but would provide the same benefits as the national plan. The railroad also refuses to make compulsory deductions from employes for the program.

With negotiations bogged down, the serious economic effects are mounting. Thousands are out of work in addition to the 25,000 striking nonoperating unionists. Members of four operating unions—the men who run the trains—have joined the walkout.

Freight has piled up in many cities. The small-town grocer, the coal miners and operators who depend on the railroad to move their products and business in general, have felt the pinch.

Kentucky, particularly the southeastern coal region, has been one of the hardest hit. Approximately 14,000 miners are idled. The lumber industry in southeast Kentucky has an estimated 400 persons out of work. Miners alone are losing an estimated \$700,000 a week in wages. An accurate economic loss cannot be determined, but some merchants report a decided drop in sales.

**British Square Off For May Elections**

LONDON (AP)—Britain's two major parties squared off today with lengthy manifestos outlining their platforms for the May 26 general elections.

Both promised to work for peace and more prosperity. Both said they would seek early talks with the Russians. Both said they would keep Britain's defenses strong until world disarmament is a reality. Otherwise their programs differed sharply.

Prime Minister Sir Anthony Eden pledged that his Conservatives, if kept in office, would try to agree with the Soviet leaders on "proposals which will make a fresh advance towards disarmament and security for all peoples."

On the home front, the Conservatives promised to develop Britain into a "property-owning democracy." More export trade, in line with the party's "trade not aid" policy, was again a cardinal point.

The Labor party of former Prime Minister Clement Attlee promised to work for neutralization of Formosa, an immediate end to H-bomb tests, early peace talks with Russia, cuts in the cost of living and further nationalization of industry to broaden the welfare state.

Eden said his party has far-reaching plans for Britain's future. "We need a mandate measured not in months but years," he said, in an appeal for a strong working majority in the House of Commons, where the Conservatives now have an over-all margin of only 19.

Eden said Britain must resign itself to continued high spending to keep defenses strong.

"However costly, its price is worth paying to avoid war," he declared. "We must make it certain that any would-be breaker of the peace knows beyond all doubt aggression will be met and at once by overwhelming retribution."

The statement continued: "The West and our country has played a leading part in this. We are now ready for wider discussion. "We will spare no effort to bring about meetings with leaders of the Soviet Union and try to agree around the table on proposals which will make a fresh advance towards disarmament and security for all peoples."

"I shall never despair of finding by agreement solutions which will rid the world of fear."

Domestically, Eden said, "we seek ever wider ownership of power and property by the people." This he contrasted to the Laborite call for new nationalization.

With betting odds and public opinion polls indicating a narrow victory for the Conservatives, the Laborites hit hard at peace and bread issues close to the hearts of the big middle class of wage earners.

The first objective of any British government, the Socialist manifesto said, "should be to end the delay in setting up high-level talks with the Russians." A meeting "on any level . . . can be arranged shortly."

The Labor statement also listed these other international aims for a Socialist government:

The removal of Chiang Kai-shek's Nationalist forces from the Chinese offshore islands. Red China's admission to the United Nations and the neutralization of Formosa under the U.N.; "Immediate cessation of H-bomb tests" and ultimate worldwide disarmament, even at "sacrifices of national sovereignty."

On home front issues, the Laborites pledged to:

1. Renationalize Britain's steel and long-distance trucking industries. Attlee's last Labor government took over both industries in 1950 but the Conservatives returned them to private ownership after winning the 1951 election.
2. Nationalize water supplies and sections of the chemical and machine tool industries.
3. Cut the cost of living by fighting price fixing and monopolies, restoring price controls on essential goods "where necessary," and "cutting out waste in the present antiquated systems of food distribution."
4. Start an educational reform by getting more teachers and raising classroom standards.

The Laborites also settled—at least temporarily—an internal dispute.

Left-wing rebel Aneurin Bevan last night was given back his membership in the parliamentary Labor party.

**Demos Fight Anti-Labor Bill**

MADISON, Wis., (AP)—Democratic senators wrote Wisconsin political history today in an admittedly hopeless filibuster on a bill that would prohibit labor unions from contributing money to political campaigns.

The eight Democrats in the 33-member Wisconsin Senate started their fight against the Republican-sponsored bill early yesterday and continued it through the early hours of today without letup.

They were determined, according to their floor leader, Sen. Henry Maier, of Milwaukee, to continue the discussion indefinitely if possible in an effort to dramatize their opposition to the bill. Maier admitted that his forces could not win but said they would not quit until they were convinced they had made their point.

Republicans, who control the Senate as well as the Assembly, were riding out the discussion apparently with little concern and said they had no plans to check the Democrats although they could do so by parliamentary procedure.

The bill, fought vigorously by labor leaders at a public hearing recently, passed in the Assembly last week 59-40.

**Hearings Called**

WASHINGTON (AP)—Senate hearings were called by the Internal Security subcommittee today in a new move to win approval of a bill to empower the government to bar suspected subversives from defense plants.

**Ford Reveals 'Prosperity' Insurance Plan For Workers**

NEW YORK (AP)—Henry Ford II, announcing a \$25-million-dollar, three-year expansion program for the Ford Motor Co., says he favors a new kind of prosperity insurance for workers.

He told the Bureau of Advertising of the American Newspaper Publishers Assn. last night that his company's spending plans for new plants and equipment means "we are building for the future every day."

Apparently with the proposed guaranteed annual wage in mind, he said the word "security" does not scare him and added: "Perhaps what is needed is a new kind of prosperity insurance policy based on a reasonable, businesslike, pay-as-you-go plan, with limited and predictable costs."

Ford's company currently is bargaining with the CIO United Auto Workers on a union demand for a guaranteed annual wage—a guarantee of pay for so many weeks a year even if there are seasonal layoffs.

In commenting on the negotiations, Ford said: "I'd like to make it perfectly clear that nothing I say in this connection should be interpreted as representing a Ford Motor Co. position either for or against the guaranteed annual wage."

In Detroit, Walter P. Reuther, CIO president and auto workers' head, said: "We are prepared to discuss the soundness, the justice and the merits of our demands across the bargaining table. I hope Mr. Ford will meet his responsibility by participating in these negotiations . . . I hope Mr. Ford will join us at an early date."

Ford, in his talk, said he is interested in steady employment "not just because unemployment might lose me some customers."

"I realize," he said, "how much a real sense of job security would promote the psychology of optimism and well-being which will keep us moving forward at top speed . . ."

Here's The  
**SOLUTION**  
To  
**CASHWORD PUZZLE NO. 12**  
... is best. There is certainly nothing much to interest the president of a company in the Hiring of a junior—an ordinary enough routine. The junior may, on the other hand, be Fired for some very serious offense directly affecting the president and the company in general. Tired is not favored.  
**CLUES DOWN:**  
1. The rioters are likely to Resist when tackled, and Desist later, after the police have started working on them.  
3. Slid is proper. Slip would be ungrammatical. The clue reads in such a way that the answer must follow the action of "having done". Thus you can say "from having Slid" but you cannot grammatically say "from having Slip".  
7. Anybody lying Ahead naturally won't want to be disturbed. Many an Aged, but still active, person will have no objection to noise at the proper time and place.  
13. The word "one" is a direct point to House as the better answer. All he needs is one House, but it is presumed a "good" farmer would have a number of Horses, or at least a team. One would be of little value to a "good" farmer.  
16. Wind is best. Find a watch and the implication is that it belongs to someone else, in which case it is no great concern of yours whether it goes or not.  
18. Sewing is best. Sawing, Sowing or Sewing might equally apply until you study the possible meaning of the words "when a man's doing it". That is, as opposed to "when a woman's doing it". So, is it perhaps something a man isn't ordinarily found doing? This fits Sewing.  
19. True of Taxing, since he has the necessary power. But even to a dictator, there is a limit to what he can Take.  
22. Room is best. A house could be without a Roof, and many are, temporarily. But it must have at least a Room or it is not a house.  
24. Sent is the better answer, since being Sent on it, they are undertaking the mission with a keen desire to be of service and so will be well thought of. A person Sent on it may be a delivery boy or someone making the journey only because of some re-ward.  
**CLUES ACROSS:**  
6. They are certainly trying every Day. They cannot be said to be trying every Way for there are countless ways that they haven't even thought of yet.  
10. Lead fits the clue which is very cleverly worded. If it were Leak you would say the job, rather than the job, since Leak implies that the plumber is on the job. Also, if he can't find the Leak, the job is actually being held up, of course—not "may be". If he can't find the Lead, a job may be held up, if he is looking for it in order to start on some job.  
11. You can reasonably expect what he is Saving to be of interest to her. Her interest in what he is Saying depends upon what it is that he is Saying, and to whom he is Saying it.  
14. The clue calls for a small quantity to drink, which implies something which has not yet been drunk. This favors Nip. A Sip is what you are drinking or what you have drunk; it is not a Sip when it is still in the glass or cup, but a Nip is.  
18. "Strike hard" makes more sense than "Strive hard", because "hard" is superfluous with Strive. Strive implies hard work.

## 5-Day Jail Term, Fine Set For DWI

A five-day jail sentence and \$100 fine were assessed in County Court Thursday against Oral D. Roberts, who pleaded guilty to

charges of driving while intoxicated. Roberts, a Webb airman, was driver of an automobile involved in a collision at Fourth and Benton last Saturday night. He spent four days in the WAFB Hospital. Two other persons were hurt in the collision.

## French, Germans Begin Saar Talks

BONN, Germany (AP)—West German Chancellor Konrad Adenauer and French Foreign Minister Antoine Pinay sat down together today to work out details of the French-German pact on the industrial Saarland. If they fail to agree, West German rearmament could be delayed still more.

To head off demonstrations supporting Germany's claim to the border territory, Adenauer's government reinforced police in the capital and banned public processions.

Pinay, arriving by special train from Paris early today, declared French-German understanding "is the key to the security of Western cooperation and of the world in peace."

As one of the Paris treaties to return sovereignty to West Germany and rearm her within the North Atlantic Alliance, West Germany and France agreed the Saar would be put under the seven-nation Western European Union until a final peace treaty is concluded with Germany. The French are to retain economic links and their customs union with the territory.

Highly unpopular in West Ger-

many, the Saar agreement was ratified by the Bonn Parliament by only a small majority. The French have insisted the details of the pact must be worked out before they will deposit their instruments ratifying West German sovereignty and rearmament in Bonn, Brussels and Washington. Until all the treaty signatories give that formal diplomatic notice that the pact is in effect, the occupation cannot be ended and rearmament cannot commence.

Adenauer and Pinay must settle four major points:

1. The details of future German trade with the Saar. The Germans want more than they've been getting.
2. The identity of the high commissioner who will be the final authority in the territory, representing the WEU.
3. The date for the Saarlanders to vote on their new "European" status. The Paris agreement gives them the right to approve or reject.
4. The future ownership of the huge Roehning steel plant in the Saar.

## State Water Bill Down To Fussin' Stage

AUSTIN—The House and Senate, through a 10-man conference committee, are now down to the dickering stage on the statewide water development fund proposal.

The conferees expect to get started very soon on the actual job of trying to come to an agreement on how such a water fund should be financed and how it should be administered.

The compromise is expected to be ready next week to go back to the two houses for confirmation. The proposed constitutional amendment is not "riding alone" however.

Closely tied up with it is a bill creating a water commission to replace the present board of water engineers.

That bill has passed the Senate and is due for consideration by the House water committee Wednesday night.

The House and Senate are at odds on two main points in the water fund problem: The House favors an elective bond board, the Senate an appointive one; The House favors a water users tax, the Senate the statewide property tax.

There are rumors some House members who were leaders in re-empowering Sen. Dorsey Hardeman's Senate-approved plan might relax their opposition and accept the appointive bond board and look more kindly on the ad valorem tax.

The fight on water legislation has not been as much geographic as it has been rural vs. urban.

The Soil Conservation Service and the Farm Bureau are given credit for much of the thinking in the House, particularly over making water administration posts elective.

## Church Of Christ To Hold Training Session

The first four Tuesday evenings in May will be devoted to a special training program for Bible school teachers and parents at the Fourth and Benton Church of Christ.

C. A. Farley, a public school principal in Merkel, will conduct the study. In connection with the lectures he will show two film strips each evening.

Farley has given this course in several Churches of Christ in West Texas and it has been highly successful. Teachers and parents from other Churches of Christ in this area are planning to attend.

## Photostating Continues Of Vets Land Board Records

AUSTIN, Tex. (AP)—State Sen. Jimmy Phillips proceeded today with photostating of the minutes of the scandal-ridden Texas Veterans Land Board.

Phillips seized the books by subpoena yesterday after Gov. Allan Shivers and State Atty. Gen. John Ben Shepperd complained that they were incorrect and said they wanted them changed.

Phillips said his action was "to make certain, in the light of recent developments, that there is a permanent record of the minutes as they were originally entered."

A determined investigator of the veterans land scandals that have resulted in nearly 200 indictments, Phillips personally carried the books from the State Land Office to the Capitol.

The Land Board Wednesday ordered correction of the minutes of about 80 meetings since August 1949 on complaints that the records kept under former Land Commissioner Bascom Giles did not reflect "exactly what had transpired at the meetings."

Giles is one of those under indictment, charged with theft, conspiracy to theft and acceptance of a bribe. Others charged in connection with the 100-million-dollar program include land dealers, attorneys and notaries.

Affidavits filed by Shivers and Shepperd—also members of the ex-officio land board along with Giles questioned entries in the minutes. Shivers claimed the purported minutes of 31 meetings showing he took certain actions "are completely untrue." Shepperd filed similar claims in his affidavit.

Land Commissioner, Earl Rud-

der, appointed by Shivers to succeed Giles, told reporters he had no intention of "obliterating" anything in the records. Corrections would be made, he said, by marginal notations.

The land program first was set up to help veterans of World War II and the Korean War to buy farms at low interest on 40-year loans.

Grand juries have charged that some land dealers bought large blocs of land at low prices and through connivance later obtained state appraisals greatly exceeding the land's worth. This land then was sold to groups of veterans with the state underwriting the payments.

**HCJC Choir To Open Music Week**

The Howard County Junior College choir will open National Music Week here Sunday with a concert at the HCJC auditorium. The public is invited to attend, and there will be no charge. The concert will begin at 3 p.m., and it is scheduled to last about an hour and a half. Orland Johnson, director of music at the college, will conduct the choir. Eight numbers will be presented by the group, and four soloists will be featured. The college quartet will also perform. The concert is being sponsored by the Big Spring Music Study Club. It is to be entitled, "An Afternoon of Music."

Soloists will be Martha Winans, Nancy Millford, Dennis Phillips and R. B. Hall. Members of the quartet are Phillips, Hall, Delwin Phillips, and Jimmy Smith. The numbers which will appear on the first part of the program are: "It's A Good Day," arranged by Ades; "The Lost Chord," by Sullivan-Churchill; "Goin' Home," by Dvorak-Fischer; and "Gloria," by Mozart.

The second portion of the program will include "There Is A Balm In Gilead," arranged by Dawson; "Comin' Thru the Rye," arranged by Simeone; "Dry Bones," arranged by Gearheart; and "The Lord Bless You and Keep You," by Lutkin. Piano accompanist will be Jack Hendrix, instructor of instrumental music at HCJC.

**School For Deaf Discourages Use Of Hand Signals**

By JOY MILLER  
NEW YORK (AP)—P. S. 47 looks like any other New York school—weather-worn brick, flush on a busy street between a piano store and a moving company.

But inside, in the first classroom you come to, you notice the difference. It's a nursery, and underneath the surface noise of blaring radio and children banging blocks is a layer of silence.

The only voice you hear is the teacher's, purposefully chattering away as if her small charges could hear every word. If any of them talked back to her, it would be one of the happiest days of her life.

The best she can hope for is a meaningless babble, the beginning of a functional voice.

Public School 47 is New York City's school for deaf and hard of hearing children, the largest in the country. It has 550 students, from nursery tots to ninth graders. Children start in the nursery at 2 years, 8 months.

"That's the time we must start making them conscious of speech," says Mrs. M. Catherine Wilman, assistant principal.

"The first time you realize you've gotten into the child's mentality is when he moves his lips like yours, but doesn't make a sound. It's a great day and you kiss him and make a fuss over him."

In the nursery all activity is on the directed-play level. Banging is encouraged and the radio is on all day at varying degrees of loudness — both for noting the children's reaction.

Mothers accompany their children to the nursery and stay until the tots can say goodbye easily, usually a matter of a few weeks.

Teddy bears and dolls scattered around the nursery have hearing aids to help accustom the child to the devices. They are never forced on him. Sometimes the cloth harness containing the battery is worn a month before the second part is fitted in the child's ear. Hearing aid companies have given the school \$10,000 worth of equipment for children up to 5 years. After that age, it's up to the parents to provide them.

At P. S. 47, subjects in classrooms above the nursery level parallel those taught in regular elementary and junior high schools.

This enables P. S. 47 graduates to go on to regular high schools, either trade or academic—and 70 per cent do. In the high schools, special teachers are assigned to watch out for deaf and hard of hearing students.

At P. S. 47, development of manual dexterity is stressed so the youngsters will have skills for making a living. All boys and girls take all shop courses: Typing, cooking, sewing, metal work and carpentry.

Underlying all classroom instruction, however, is the emphasis on teaching the students to speak and to interpret the partial sounds they hear.

What about hand signs?  
"We fight them constantly," Mrs. Wilman says, "although some schools over the country are still teaching them. Signs are all right if the children are always going to be with other deaf or hard of hearing people, but they've got to learn to read lips and speak if they're going to be able to get along at all in the outside world."

**Chinese Fifth Column Urged**

TOKYO (AP)—Former Prime Minister Shigeru Yoshida today recommended that the non-Communist world use 10 million Chinese outside Red China as a fifth column to detach Red China from Soviet Russia.

He called splitting the Communist bloc the best way to overcome the Communist threat in the Far East. It appears strong, he said, because of the long common frontier China and Russia share.

He said the overseas Chinese in Southeast Asia could be shown through freedom and world trade that communism does not pay and then they would become "an effective fifth column for the freedom and welfare of mankind by calling out to their compatriots at home. It would have great impact on the (mainland) Chinese people and contribute much toward detaching Communist China from the Soviet Union."

**U.N. Patrol Urged**

ST. LOUIS (AP)—Mrs. Eleanor Roosevelt has urged the United States and Britain jointly to ask

the United Nations for a voluntary police force to patrol the borders of Israel and Egypt. Mrs. Roosevelt, who spoke here, returned recently from a visit to Israel.

**Salk Honored**

MONTREAL (AP)—A street in suburban Montreal North has been renamed Salk Avenue, after Dr. Jonas Salk, discoverer of the anti-polio vaccine.

**Dealers Say Area Scrap Iron Not Being Shipped To Commies**

Reports that some American scrap iron is being shipped to Communist countries has caused a rumble on the Washington front, but Big Spring dealers don't believe any Howard County scrap is going to potential enemies.

They don't propose to know, however, whether junk from this section is taking the place of iron or steel that might be turned over to the Reds.

The local dealers say their scrap metal is being shipped directly to steel mills where it presumably is being processed into new material for American industry.

The junk dealers do know that scrap prices are up considerably from a year ago, but they don't profess to know what effect the foreign market has had on local prices.

Memories of pre-World War II days, when the United States shipped thousands of tons of scrap iron to Japan, caused a mild uproar in Washington the other day when it was reported that some U. S. scrap might be going to the Communists.

No one here would attempt to estimate the quantity of scrap that is shipped out of Big Spring annually. The shipments amount to thousands of tons, however.

The old metal starts its return to the steel mills by both truck and train. Practically every kind of scrap imaginable makes up the shipments.

Steel, cast iron, and sheet iron are the principal items. Brass, copper, aluminum, lead and similar metals which are not as plentiful as the iron products also are marketed.

Julius Zodin, operator of Big Spring's principal scrap business, says prices on the iron and steel

products are up considerably over last year, maybe as much as 30 per cent.

The market is extremely variable, however, and prices also depend to a large extent on condition of the scrap when it is delivered at the local yards, he said.

The price for scrap steel might run anywhere from \$10 to \$15 per ton at present. Cast iron is a little higher. Sheet iron is worth about 30 a ton.

The scrap must be cut or broken into chunks no more than three feet in length and 18 inches in width. Tin, which is the name scrap dealers give to sheet iron, must be no larger than an automobile door or fender.

All the metal, of course, must be cleared of all wood, rubber or other waste. Dealers prepare the material for shipment by making little pieces out of the big ones and by compressing the sheet metal into "bales."

Principal sources of scrap around Big Spring are farms, welding shops, automobile wrecking yards and oil concerns. Worn out steel cable and second-hand pipe are two of the major items of scrap. It is estimated that the scrap is assembled in Big Spring junk yards from within a 50-mile radius.

**Chevrolet's modern beauty, like that of modern architecture, springs from clean, uncluttered design**

Fortunately, good taste is not shackled to price, and no car in America... not even the most costly... can surpass the sculptured elegance of Chevrolet's lines. They have the classic purity that is the mark of all superb design—and the secret of its lasting appeal.

The crisp simplicity of the grille, for example, says tomorrow unmistakably. And, when tomorrow comes, today's Chevrolet still will warm its owner's heart with pride. It will not be outdated by exaggerated "massiveness" or bolted-on decoration—and that is a dividend only truly modern design can pay!

Nor is styling all... it is merely a clue to the radical advances made in every single phase of performance, roadability and handling ease. We have said that the new Chevrolet is stealing the thunder from the high-priced cars... and we would be deeply pleased to show you, on the road, exactly what that means. Why don't you call us, soon, and set a date for a demonstration?

**Jehoshaphat's Righteous Leadership**  
HE TAUGHT HIS PEOPLE TO TRUST IN GOD AND BE TRUE TO HIM  
Scripture—II Chronicles 17-25.  
By NEWMAN CAMPBELL

Jehoshaphat, son of Asa, came to the throne of Judah after the death of his father in 870 B.C., when he was 35 years old. The first thing he did, according to II Chronicles 17, was to strengthen Judah against Israel, the northern kingdom which consisted of the 10 tribes which had revolted against Rehoboam.

"And the Lord was with Jehoshaphat because he walked in the first ways of his father David, and sought not unto Baalim. But sought to the Lord God of his father, and walked in His commandments, and not after the doings of Israel." Israel was still worshipping false gods.

So Jehoshaphat's kingdom was established, and all his people brought gifts to him and he had riches and honor. He took away the high places and groves out of Judah. Then, to bring his people individually to the Lord, he instituted a revival, sending out princes, among them Benhai, Obadiah, Zechariah, Nehashai and Michaiah, to teach in the cities of Judah.

These missionaries carried with them the book of the law of the Lord—undoubtedly the first five books of the Old Testament, which we call the Pentateuch. They taught the people, so that "the

"Deal courageously, and the Lord shall be with the good."—II Chronicles 18:11.

fear of the Lord fell upon all the kingdoms of the lands about Judah, so that they made no war against Jehoshaphat.

Jehoshaphat also built castles and cities and organized a great army, so large that some historians have doubted that little Judah could raise so many "mighty men of valor."

As fine a man as this king was, he made one grave mistake, he allowed King Ahab of Israel to persuade him to join in warring on Syria. Ahab wanted to regain some of the lands that had been taken from him by the Syrians. Jehoshaphat had gone to visit Ahab for the first time, although approximately 80 years had passed since the division of the kingdom, that the rulers had any official communication with each other.

Jehoshaphat suggested that they consult the prophets to discover if they would have the Lord's approval for this war. Ahab called 400 prophets and all said that the war was justified and approved of Jehovah.

Jehoshaphat was not satisfied, and asked if they did not have one prophet of the Lord whom they could consult. Ahab said there was one, Micaiah, but he always foretold evil for Ahab and the king hated him.

They sent for him, however, and he, being warned to agree with Ahab, at first agreed with the 400. The king was not satisfied, and told the prophet that he wanted him to tell the truth.

Jehoshaphat consulted with his people and then appointed singers who would sing of the beauty of holiness and praise the Lord for His goodness. The singers went out before the army and began to sing. The Lord caused the inhabitants of Seir to ambush the Moabites and Ammonites, and they were utterly destroyed, so that from the watch tower Judah could see nothing but bodies of the dead.

Then indeed did Judah praise the Lord, pouring into Jerusalem with psalteries and harps and trumpets to thank Him for His mercies.

## 'STAIRWAY TO GOD

Since the beginning of time, man has recognized the need for divine worship. He has ever sought a stairway to God. • For nearly two thousand years the Christian religion has pointed man to such a stairway. And through the centuries millions have climbed it. • But millions have not! And the reason they have not is the most serious problem that faces the Church and the world today: • You see, the only stairway to God is FAITH IN JESUS CHRIST, HIS SON. And Faith is not something which men can possess collectively, as all Americans possess freedom. Faith is something we can only possess *individually* like life itself. The man who lacks it is dead, even though millions around him possess it. • The faith of your wife, or your father, or your son, or your nation is not—for you—a stairway to God. Christ has given you the Church to plant and cultivate faith in your heart. But the Church must have your heart — in person!

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A Bible Thought For Today

I am debtor both to the Greeks, and to the Barbarians; both to the wise, and to the unwise. (Romans 1:14).

Editorial

Don't Jump At Vaccine Conclusions

We are quite apt to be a people of extremes, and thus there is the danger that we can become alarmed over word that some polio has been reported among recipients of the Salk vaccine. In fact, we can become as concerned in proportion to the excess of our jubilation about news of the vaccine and its success.

brand (none of it was used for Texas children) until another check can be run. It is neither fair nor wise to assume that the vaccine caused the polio cases until close study and research has strongly supported this conclusion. If, however, it did, stringent control action should be taken.

Challenge To Ingenuity, Generosity

Sunday, May 1, and running through May 7 will be National Mental Health Week. It is sponsored locally by the Ahlens-Taylor County Mental Health Society, an agency of the Ahlens Community Chest.

250,000 new patients are admitted to mental hospitals every year. Mental illness is both preventable and curable, as experience has shown. The mental health societies work on both, with marked success.

Walter Lippmann An Opening Exists To Avert Use Of Force

On Sunday at Bandung Premier Chou En-lai proposed that "China and the United States should sit down and enter into negotiations to settle the question of relaxing and eliminating the tension in the Taiwan (Formosa) area. However, this should not in the slightest degree affect the just demand of the Chinese people to exercise their sovereign rights in liberating Taiwan."

guess a little more, we may guess that Chou's acceptance of the formula, rather than the buildup of Red Chinese air power on the coast, was what took Secretary Dulles down to see the President in Augusta just as Adm. Radford was cancelling his trip to Europe in order to rush off to Formosa. . . . Or is it sheer coincidence that these pieces in the jigsaw puzzle fit together?

James Marlow How Did We Get Involved?

WASHINGTON, (AP)—This is a quick look at history. How did the United States get deeply involved with Chiang Kai-shek, with the island of Formosa where he has his Nationalist government, and with the Matsus and Quemoy islands, where he has garrison outposts?

Around The Rim Get Pennies, Nickels Ready

All you automobile drivers best get a ready supply of pennies and nickels ready. Starting Monday, you'll more than likely need every one you can get your hands on.

It has been announced. They do have authority to issue those tickets, though. The city commissioners are confident that the two women will issue a number of additional tickets. Because of the expected "rush," a new type ticket is being ordered.

Hollywood Review Ex-Jap Hater's Story Filmed

HOLLYWOOD (AP)—Sgt. Hugh O'Reilly, a onetime "Jap hater" who ended up marrying a Japanese girl and adopting an Osaka orphanage, has just been through the experience of watching his own life being filmed.

It hasn't been back in the States since." The regiment is stationed in Hawaii and O'Reilly hopes to be reassigned there this summer. He has lately been at West Point and was off duty to give technical advice on the picture.

Hal Boyle Your Job? Why, It's Romantic

NEW YORK (AP)—The tired businessman might prolong his health and life if he really learned to think of his job in terms of romance rather than work.

Uranium Exchange

SALT LAKE CITY, Utah (AP)—Since 1951—and mostly in 1954-55—some \$37,852,000 shares of uranium stock have been sold here, the "Wall Street" of the uranium world. Most of the trading is not done on the Salt Lake stock exchange but by individual brokers.

Mr. Breger

He Will Anyway

TOLEDO, Ohio (AP)—Because of his many traffic violations, Frank Wisczek was told in municipal court he could no longer drive his car. A few days later Wisczek was back in court. He had been arrested for walking through a red light.

China Draws Students

TOKYO (AP)—Red China says nearly 1,000 students from 14 foreign countries are studying there. Most of them are from Russia and Iron Curtain countries. But Peiping says there also are students from Finland, India and Indonesia.

### Bevan Returns To Labor Party

LONDON (AP)—Left-winger Aneurin Bevan, whose feud with Clement Attlee cost him his Labor Party label in Parliament is being welcomed back—just a month before the general election.

The party leadership, headed by Attlee, voted last night to recommend that Bevan be restored to full membership in the parliamentary Labor party, made up of Socialist members of the House of Commons. Such recommendations are accepted automatically.

Bevan was expelled from the Labor ranks in Parliament March 18 after he and former Prime Minister Attlee, leader of the party, had clashed repeatedly on Attlee's moderate policies. He was not voted out of the party itself, although he never recanted his criticism of its leadership.

Last night's decision means that Bevan will have a full voice in plotting Labor strategy for the May 25 election.

### Modest Utah Widow Named Nation's 'Mother Of Year'

PLEASANT GROVE, Utah (AP)—A modest Utah widow, mother of eight grown children, was in New York City today to accept the title of American Mother of the Year.

She is Mrs. Lavina Christensen Fugal, 75, who knew hunger as a child and since has shrugged off adversity to raise a family and become a teacher, homemaker, churchwoman, farm leader and grower of prize flowers.

Mrs. Fugal modestly accepted congratulations from her neighbors for the honor and said "a wonderful husband and eight unusual children" were responsible.

A daughter of Danish immigrants, Mrs. Fugal obtained a teachers certificate at 18 and began giving lessons in Pleasant Valley schools. In 1900 she married Jens Peter Fugal, who died in 1945.

"Mom could get work out of a broomstick," one of her daughters said. "And she made that work fun. She was liberal with praise. But when we needed punishment we got it."

Mrs. Fugal, though busy with family and church work, has served as director of the Utah County Farm Bureau; president of the local farm bureau; board member of the Utah County Fair and the Utah State Fair; chairman of the Home and Community Department of the Utah State Farm Bureau; and a member of the Utah County Planning Board.

She outlines her theory of raising children this way: "I didn't believe in too many do's and don'ts. I tried to make the chores fun. And we always worked together as a family."

"When it was time to pick fruit, thin beets, dig potatoes we all went out together and did it. We even took the babies along."

"There were times when I would lose my patience and resort to spanking. But usually I would be sorry afterward."

"I feel that in punishing children you must make the result of the misdeed overbalance the satisfaction they get out of that deed."

All of her children attended college, often on money raised in part by their mother.

A three-year survey by Brandeis University reveals that knee injuries top the list of football ailments.

### Legislature Speed-Up Bill Considered

AUSTIN—Maybe Texas would get along better if its Legislature met often for shorter periods, Rep. Travis Latimer of Abilene, wondering if that might be true, will ask through a resolution that the Legislative Council study the situation to see if it would be a wise course to change the Constitution.

If so, a constitutional amendment calling for the change might be advanced next session.

As it now is, the Legislature meets in regular 120-day sessions every two years. Special sessions can be called by the governor.

Latimer would like a study to see if it would be better to meet every year for two or three months at a time.

He advances two reasons for a possible change: 1. A one-year plan for spending would be better than the two-year program now followed; 2. By meeting every year, three months at a time, the Legislature might have more time to do its work and might come up with better legislation.

### Literature Ban Is Set

AUSTIN, Tex. (AP)—Lewd, lascivious and obscene literature has been banned in Texas by a bill signed by Gov. Allan Shivers. A companion measure to ban lewd and depraved comic book sales awaits the governor's signature.

### Bad Luck Day May Be Quitting Time

AUSTIN — Friday the 13th of May is being talked as the big day — the day the 68th Legislature will close up shop and go home.

The regular 120 days of the session (the \$25 per day pay period) will be over on Tuesday, May 10. There are sine die resolutions (resolutions to quit as of then) ready to be laid out.

Many members, fearful some of their pet legislation might not be wrapped up by then, may hold out for the three extra days.

Other members, with their local bills already cleared for, are ready to go home as soon as the big tax bill and appropriations bill are finally passed.

Lobby for the big interests had just as soon the lawmakers would go on home with no more spending and no more taxing.

Indications that the session is running out comes from the committee meetings. Hearings are tapering off and some committees didn't even meet this week.

Cancellation of these panel meetings was bad news to people with bills still to be heard.

That happened to the "economic waste" bill of the natural gas interests Tuesday night. Sen. Carlos Ashley, chairman, announced the Oil and Gas Committee would not meet. Therefore, it couldn't hold hearings on an economic waste bill by Sen. Wardlow Lane of Center. A companion bill, H. B. 7, has been repeatedly batted down in the House.

Quitting date for the Legislature depends, to a large extent, on what the Senate does to the general tax bill and how long it takes to do it.

The \$50 million-per-year levy was delivered to the Senate Tuesday afternoon and referred to the State Affairs Committee which is headed by Dorsey Hardeman of San Angelo.

Hardeman is expected to set it for hearing next Monday night. That means there'll be only a few days to go when the bill gets up before the whole Senate. After Senators get through chewing on it, back it goes to the House for agreement on amendments.

If the House does not agree, the tax measure will go to a conference committee such as the one which still has the appropriations bill under study.

The Conference Committee versions of the bills, both the tax and spending bills, must be approved by both Houses before they go to the Governor.

### Fake Kidnaping Brings Jail Term

FAIRFAX, Va. (AP)—James C. Stanley, 23, was given a one-month jail term yesterday after being convicted in Fairfax County Trial Justice Court of trying to obtain \$5,000 by faking a kidnaping of his wife.

Stanley's wife received a series of threatening telephone calls from a stranger who demanded the money if she wanted to see her husband alive again. During the calls, she talked to Stanley, who said he was "tied up" and suggested she try to get the ransom from his parents.

Police later exposed the attempt and Stanley admitted paying a man \$5 to call his wife. He told police he wanted the money as a down payment on a house and figured his folks owed him the money.

### Church Group Backs Talks With Commies

NEW YORK (AP)—The General Board of the National Council of Churches of Christ in the U.S.A. has "heartily" endorsed the administration's "declaration of willingness to negotiate directly with Communist China for a cease-fire in the Formosa Strait."

The council is made up of 30 Protestant and Orthodox communions with 35,400,000 members.

In a message yesterday to President Eisenhower, the council's General Board added:

"We believe direct negotiations of the kind approved by you and Secretary of State Dulles can and will be carried forward with honor to our country and without sacrifice of those principles which we deem to be essential to the establishment of a just and enduring peace."

### Truman Calls For Vigilance

CHICAGO (AP)—Former President Harry S. Truman last night called for vigilant watchfulness in the protection of rights to individuals in a free society.

Termining the Bill of Rights the "most sacred part" of the Constitution, he cautioned against taking the rights for "granted."

"They are so much a part of our lives that they may seem dry and uninteresting," he declared in an address to the Decalogue Society of lawyers. Earlier he received the 1954 award of merit from the organization for outstanding service to humanity.

He said the recent Fascist and Nazi ideologies have "demonstrated that the unrestrained use of force by government is just as great a danger to human progress now as it was ages ago."

"The only guarantee against such a society of fear and cruelty is the principle that the government is not above the law," he declared.
