

## SIGHTS, FACES SEEN Around Town

Three local sports fans -- you'll get their names in a minute -- were red-faced Tuesday night when they went to Plainview to see the final playoffs of the Softball World Series. The trio drove all the way to Plainview only to find out they had to eat supper and return. Why? The games were on MONDAY, the night before. The world series of softball was history by the time the Hereford trio got to Plainview. The embarrassed three? Dub Hair, Blue Turpin and Bill Howard.

Cooper's Market, corner Fourth and Miles, this week announced their formal opening for this week-end. The occasion will include 100 baskets of free groceries, gifts for each lady and other special awards. Nell Cooper, manager, said that anyone 18 years of age or over may register without charge or obligation. Registration begins Thursday and will continue through Saturday.

A new self-service Ben Franklin Variety store will open today in the quarters formerly occupied by the Hereford Variety store.

Bob Wear will speak on the Home Rule Charter election to the North Hereford Home Demonstration club at its meeting Thursday afternoon in the home of Mrs. Lloyd Neill.

Patrons and employees of one popular downtown coffee spot enjoyed some good "free" music Tuesday morning -- a whole quarter's worth on a juke box. Seems a young lady came in for a package of cigarettes and put her quarter in the wrong vending machine, so a free "concert" was the result.

The Deaf Smith county library hours, according to Mrs. J. J. Boydston, librarian, have been changed. As of Tuesday, this was the new schedule: Six days a week from 9 a.m. to 1 p.m. Lunch hour from 1 p.m. to 2 p.m. In the afternoon, the library will be open from 2-5 p.m.

Paul Marable, a representative of the West Texas Chamber of Commerce, Abilene, spoke to the Hereford Lions Wednesday explaining the duties and functions of the area-wide C of C.

One man stopped in at the Chamber of Commerce office in Hereford Tuesday to confer with an OPS price specialist there Tuesday.

Witherspoon Electric has moved into the building formerly occupied by the Deaf Smith County REA on Third street.

## Bill Miller Is New Manager At County Hospital

Bill Miller, 30-year-old native of Hereford, was named manager of the Deaf Smith county hospital in an announcement Thursday morning by Howard Gault, chairman of the board.

Miller, who succeeds T. E. Seigler, Jr., will take over his new duties on September 15. Seigler, manager since December, 1951, resigned to enter private business.

The new manager has been employed for the past three years as bookkeeper and parts manager of McCullough Motor Co. For two years prior to that he held the same position with the Benefield Motor Co., predecessors of the McCullough Motor Co.

A veteran of World War II, Miller served for 3½ years with the U. S. Navy's aviation branch. He was a carrier-based pursuit pilot and served a year overseas in the Philippine theater.

Miller graduated from Hereford high school in 1940 and attended West Texas State college at Canyon for a year before entering the Navy on active duty. After joining the navy, he attended the University of Georgia under the naval training program.

At WT, Miller studied business administration. Mrs. Miller is the former Tillie Williams, also a native of Hereford. The Millers, who have lived in Hereford since after the war, have a 2½-year-old daughter, Jan Susan.

They are members of the First Christian church. In announcing the appointment of Miller, Gault told The Brand that the board felt they had the best qualified man available to succeed Seigler.

## Poindexter New Jr. High Coach

John Poindexter, 22, a mid-term graduate of West Texas State college at Canyon, has been named junior high school coach and took over these duties with the opening of school on Wednesday.

Poindexter, a tackle on the WT Buffs, replaced Medford Hammon, who resigned the post here.

The new coach is a native of Baird, Texas.

## Call Grand Jury For September 20

The grand jury of the 69th District Court has been called for Saturday, Sept. 20. District Judge Harry Schultz announced the call on his visit here Saturday.

Among the cases which will be submitted to the grand jury will be the double charge of murder without malice and failure to stop and render aid filed recently against Thomas Barrett of Hereford.

Judge Schultz will hold court in Hereford with a full jury again on Tuesday, Sept. 30.

OFF TO SCHOOL—Tuesday was a big day these small fry as their mothers brought them to Shirley school for registration to make their first year of school a reality. Name shy but not camera shy, names of the youngsters were not obtained. They were typical; however, of the more than 2,000 Hereford children who flocked back to school this week. Staff Photo.

## Hereford Schools Take Over 2,000 Enrollments

Hereford's public school registration for the opening day this year climbed 158 students higher than in 1951, according to Supt. George Graham, with 1,865 registering Wednesday as against 1,707 at this time last year.

Enrollment in the St. Anthony's parochial school was 141, bringing the total for the two systems to over 2,000 students.

The Hereford public school figure includes the enrollment in Dawn's six grades also, Graham said.

The enrollment by grades as of September 3, follows: Grade 1 - 178; 2 - 180; 3 - 198; 4 - 199; 5 - 176; 6 - 150; in Junior High, grade 7 - 169 and grade 8 - 139.

In the high school, grade 9 - 150; 10 - 144; 11 - 123 and grade 12 - 90.

At Central school, the breakdown shows: first grade 80; second, grade 89; third grade 95; fourth grade 92; fifth grade 73 and the sixth grade 63.

The total enrollment at Shirley school was 528 with no breakdown in the figure available.

The Hereford public schools have 34 sections with more than 30 pupils to the room.

The general call to classes was greeted with a few anxious students. Others seemed to take the return to school and the end of vacation as a necessary burden, there was but a few tears among the first timers who seemed to enjoy the newness of companionship.

Another meeting will be held within the next two weeks at which time the committee -- meeting with affected farm agencies and community committees -- will reveal the practices they have selected for farmers here during the coming 12 months.

The county group will attend a meeting in Amarillo on Tuesday to go over with other committees in the district the 1953 approved practices for the State of Texas. At its meeting this week, the county committee voted to wait until after the Amarillo meeting to try to get something worked out on the local level.

There will not be sufficient time in the ensuing week for the committees, agencies and county committee to be drawn together for a meeting to pick the conservation practices, according to Faust Collier, PMA secretary.

Meanwhile, the county-wide recruiting organization is still functioning and still turning in pledges to put the county over the top.

Recruitment booths have been stationed in the Hereford banks this week and will remain there for the remainder of the week. Anyone who has not been contacted for a pledge may stop there and fill out a card.

Plans by the other operating arms of the county volunteer organization are expected to all to the mounting list of donors who will troop to the Bloodmobile location at the First Baptist church here between the hours of 10 a.m. and 4 p.m. on October 1.

Mrs. Bradley expressed her complete satisfaction with the way pledges have been pouring in and with the county's prospect of going over the top once again in a Red Cross endeavor.

"It's just another example of what the people of Deaf Smith county can do," was her comment on the snowballing campaign.

Members of Deaf Smith county PMA's newly-appointed county PMA committee met this week and laid preliminary plans for selecting the 1953 Agricultural Conservation Program practices for co-operators in the county.

## Auto-Tractor Accident Sunday

Charges of making an improper left turn were preferred against William Paul Bowsler this week by Highway Patrolman James R. Kirkwood as a result of an accident six-tenths of a mile south of the Hereford city limits on the Main street road.

Bowsler, driving a 1948 Ford farm tractor, was involved in a collision with a 1951 Mercury driven by George Paetzold Sunday at 1 p.m. Kirkwood told The Brand that Bowsler was making a left turn into a private drive when the tractor he was driving was hit from behind in the left rear wheel by the Paetzold vehicle.

Damage to the Mercury was estimated at about \$300 by Kirkwood and at about \$40 to the tractor.

There were no injuries reported.

## Voting On Home Rule Saturday

Voters of the City of Hereford will go to the polls Saturday to accept or reject the Home Rule Charter proposal -- the first change in city government since 1907 when the city was incorporated under the General Laws of the State of Texas.

A record vote is anticipated for this election, according to city officials, who see interest in the proposal to "bring city government home where it belongs" at an all-time high.

Site of the election will be the city hall. Polls will be open from 8 a.m. to 7 p.m. The Sunday Brand will carry the results of the balloting and will be published as soon as possible after the closing of the polls.

Any eligible taxpayer LIVING IN THE CITY OF HEREFORD may cast his ballot in Saturday's election if he has lived within the city at least six months prior to the date of the election. HE NEED NOT BE A PROPERTY OWNER.

Since 1907, the City of Hereford has operated under the General Laws of the State of Texas. As the city grew to more than 5,000 population, the option of changing to the Home Rule form of government and adoption of a charter was within the province of the voters of the city.

A heavy vote on Saturday's ballot is anticipated with a potential of from 1800 to 2200 eligible voters in the city limits.

Some opposition to features of the Home Rule Charter have been found, but there has been no vigorous opposition to the proposal.

Commenting on the proposal, Mayor Pro-Tem S. O. Wilson said, "We have out-lived the horse and buggy days. No one is going to be mayor, judge of police court and city manager for the sum of \$100 per month as the statutes now allow." Mr. Wilson backed the Home Rule Charter for its provisions allowing the bringing of government back to the people.

Parents and teachers will have the opportunity to meet with each other and become acquainted at the first P-TA meeting of the year to be held Friday night at Whiteface stadium beginning at 7:30 p.m.

This first meeting will be a basket lunch with entertainment under the direction of Cecil Massey and W. B. Wilson to follow the meal.

ALL parents are invited to attend the meeting and to make acquaintances with the new teachers. Persons who do not have children in school are also invited to become members of the P-TA.

Current membership in the group is in excess of 430, according to Robert L. Thompson, president.

## 11-Month-Old Bourland Tot Loses Left Eye

Albert Bourland, 11-month-old son of Mr. and Mrs. Tom Bourland of Hereford, suffered the loss of his left eye Friday in an accident at the home of relatives in Memphis.

Bourland said his young son was standing up holding his milk bottle in his hands when it fell to the floor and broke. The tot became overblanced and fell on a piece of glass, cutting his left pupil to the outside of his eyeball.

The child was rushed to the Memphis hospital and they were advised to take the child to a specialist in Amarillo. In Amarillo, the baby had his left eye removed by a physician on Friday night.

Bourland said his son was released from the Northwest Texas hospital on Sunday.

Bourland is the former Texas Employment Commission representative here and was in the process of being transferred and moving to Lubbock at the time the accident occurred. The Bourlands finished their moving and left Hereford on Wednesday.

## Pledges Pour In For Bloodmobile

Deaf Smith county will "go over the top" in pledges for the October 1 visit of the American Red Cross Bloodmobile if the present rate of signups continues for the week, according to Mrs. Dyalthis Bradley, secretary of the Red Cross here.

Mrs. Bradley told The Brand that she has 200 persons signed up for blood donations. The county's goal is 300 signed up to take a minimum of 150 pints for the armed forces.

"Hereford's service clubs should add enough during the week to finish the goal of 300," Mrs. Bradley commented. "We are glad to have this reserve -- which appears likely now -- in the event that some of our donors are turned down when it comes time to give their pint of blood."

Meanwhile, the county-wide recruiting organization is still functioning and still turning in pledges to put the county over the top.

Recruitment booths have been stationed in the Hereford banks this week and will remain there for the remainder of the week. Anyone who has not been contacted for a pledge may stop there and fill out a card.

### HEREFORD REAL ESTATE BOARD REPORT

Our good member and former president, Claude Ricketts, is building himself a dilly of a new home on the corner of Roosevelt and 4th street. From the way Claude kept his old place shined up with new paint and pretty lawn, we are sure the new place will be a credit to that neighborhood.

Wish our landlords down in the Sowers would stop and think that they will never attract the class tenants they all seem to want until they make modern buildings out of the old ones. . . . kinda like putting the horse behind the cart to try and get tenants and then clean up the buildings.

Mr. and Mrs. H. M. Cogswell are newcomers to Hereford and are building a beautiful home on Texas Ave. Mr. Cogswell has bought out the Edwards-Sharp Cattle Co. feeding pens out on the Canyon Highway. We welcome these nice people to Hereford.

We noticed that Ray Paetzold is building a new home on his 30-acre's out south of the airport. Raymond has sure done a beautiful job of cleaning up that 80. Wish we had some sort of a Johnson Grass Oscar to award to farmers like Ray. How about it Chamber of Commerce? At your annual dinner. Ray also has the prettiest irrigation system we ever saw, no head ditch at all.

In all other areas tenant farmers find that if they let a weed grown anywhere on the farm there are a dozen guys running to the landlord trying to rent the land out from under him.

Mal Stewart is sure building a nice home in Vega. Wish we could have talked Mal into moving to Hereford to build. We need men like him here.

If all the land lookers from the drouth areas who have been here for the past three weeks had bought land while they were here, we would be out of land for sale right now.

We have been talking to Grady Rogers, our HI NEIGHBOR druggist about his irrigated cattle ranch. Grady has been running 120 head that he put on the at an average weight of about 400 lbs. In less than a year he has had about a 300 lb. gain or 36,000 lbs. All on 160 acres. In addition to the gain he also has feed left over from winter feeding to sell.

At 30c beef that's \$10,800 gross operations and in the old days

### State Fair Museum Exhibit Scheduled

Fish and fauna, paintings and photography, history and health--such varied interests will be represented in special museum exhibits during the state fair of Texas, October 4-19.

Admission is free to the Museum of Fine Arts, Museum of Natural History, Texas Hall of State, Aquarium and the Health Museum, representing educational and cultural facilities unsurpassed in the Southwest.

The State Fair of Texas Art Exhibition -- a cross section of the work of outstanding Texas painters and sculptors -- will be housed in the Museum of Fine Arts. The exhibition has a prize list totaling \$2,300.

The art museum also will have a section illustrating contemporary design in furniture, fabrics and use of color. Paintings of Texas scenes by George Grosz, a world-famous artist, will be exhibited for the first time. And the oil paintings of western beef cattle by Tom Lea will be on exhibit. Texas press photographers will also have an exhibition during the fair.

An unusual "Art in Action" show will feature painters, sculptors, weavers and ceramists actually at work.

The Health Museum features the spectacular "Transparent Man", a dental health exhibit, and the "Wonder of New Life" display that shows how a baby is born.

that we sometimes refer to as the "good ole days", it took 3 sections to run that many head. That's figuring 40 head to the section. Jay Boston has a program started on 35 acres of irrigated pasture to full feed a bunch while on heavily fertilized grass. Says one fellow made \$600 per acre on such an operation.

For the life of me I can't see why Lybe Blanton and Mac Bainum are hunting grass in South Dakota when they already own land in the best cow country in the world.

If there are any more tours sponsored by the Chamber of Commerce we think the Hereford Real Estate Board ought to be asked to come along. After all, if it hadn't been for Real Estate Dealers like Tom Carter, C. R. Smith and a host of others running special trains back east and bringing settlers in, our land wouldn't have the value it has now. Some years ago Joe Evans and Jack Rose, financed by local groups, went to Idaho and brought in our potato growers after "Potato Joe" Ballinger showed everyone locally that we had a potato country.

Mr. and Mrs. Joe Greer and Mr. and Mrs. Raymond Martin and son visited in the home of Mr. and Mrs. D. H. Bryant on Sunday. Mrs. Greer is a sister of Mrs. Bryant's.

The Rev. and Mrs. L. B. Taylor and D. H. Bryant families went to Borger last Friday to visit the Bryant's son, Noel, who is pastor of the First Methodist church there.

### Three DWI Cases Filed Tuesday

Three DWI cases were filed in county court after the Labor Day week-end. Two of them were not disposed of at press time, but one of the men had pled guilty and was fined \$200 and costs of \$29.30.

Curtis G. Jacques pled guilty on September 2 and was fined the \$200 and costs by Judge Leonard H. Foster.

The other two charged in DWI cases in county court were Cecil Ray Messer and Penny Darden.

Mrs. Bruce Wiggins has received word that her husband, who was on his way to Korea, has now been given shore duty and will be stationed at Corpus Christi. Mrs. Wiggins and their small son will join him there in two weeks.

Inscribed on the tomb of General Ulysses Grant, in New York City, are the words, "Let us have peace".

"Stonewall" Jackson, the Confederate general, was accidentally killed by his own men in the battle of Chancellorsville, in 1863.

the regular meeting of the Hereford Toastmasters club Tuesday night. Elmer Patterson, and Sidney Fuller were the speakers. A recent announcement revealed that Francis Hardwick has been appointed by the District Governor of Area 1 as Area governor.

At the next meeting scheduled for Tuesday night, Plainview will be the guests of the local club.

Mal Stewart is sure building a nice home in Vega. Wish we could have talked Mal into moving to Hereford to build. We need men like him here.

If all the land lookers from the drouth areas who have been here for the past three weeks had bought land while they were here, we would be out of land for sale right now.

DIMMITT NEWS

Crowds Pleased With Dimmitt Rodeo Held On August 28-30

By Mrs. C. J. Mapes  
 "Did you see that Grand Entry? You don't see an entry like that in a town the size of Dimmitt, unless it is professional," said a spectator. These remarks were heard several times by this reporter on the rodeo grounds.  
 The announcer, secretary and timekeepers were thorough in unison with the officials of the rodeo association.  
 Cooperation from neighboring states and towns was manifest throughout the three entertaining days of events. Portales and Hereford Riders clubs exhibited a colorful and entertaining "promenade and do-see-do," for the on-lookers. "Let's get-er" rilling said the announcer at the beginning and they did. Even to some of the riders. We salute them as well as the ones that "scratched" 'em until the whistle blew.  
 We also salute the flag-bearers, pickup men and the men who worked early and late to keep the stock in readiness for exhibition, August 28, 29 and 30.  
 Messrs. and Mesdames J. C. and J. B. Fulfer left Monday morning to attend the wedding of Stanlee Fulfer and Miss Betty

Womeldorf. The wedding took place September 3 in the chapel of the First Presbyterian church of Houston. Mrs. Fulfer received her training for ballet dancing in Houston and has been teaching the past two years. Mr. Fulfer, who is a junior at Rice institute, was graduated from Dimmitt high school and received a four-year scholarship to Rice for his high scholastic rating.  
 Friends of Mr. and Mrs. Billy Ayers of Amarillo will be pleased to hear their little 3-month-old son Micheal is not a victim of polio, as was first reported. The baby has been removed from Northwest Texas hospital to his home. Mr. and Mrs. Ayers are former residents of Dimmitt.  
 Cooling showers have been a boon to Dimmitt and Castro county this past week. Residents are enjoying the time-out from relentless onslaughts of the sun the previous weeks. Speaking of drouth, one pioneer remarked: "The only difference between this drouth and the rest is the others were broken up by good wet spells."  
 Sheriff and Mrs. Houston Fowlkes complimented their guest

from Plainview with a dinner and lawn party Thursday evening. The honoree was Mrs. E. Sadler. Dinner was served to 12 guests. Mr. and Mrs. Edwin (Goose) Ramey had a house warming Friday when Mr. and Mrs. O. J. Beene and sons of Friona, Mr. and Mrs. Robert Ramey and son and Mr. and Mrs. Jim Elder and daughter, of Dimmitt, drove out to their country home.  
 Mayor and Mrs. E. B. Wright have returned from an extended trip through the mountains of Arizona. They report a wonderful time and rest.  
 The reunion held recently of 1932-33 school graduates was a great success, for which the class as a whole is indebted to Mrs. Ulys Davis, (one of the graduates). Mrs. Davis contacted 31 out of 32 graduates and 17 members with their families and arranged a short program and bountiful feed on the high school lawn. Sixty-five guests were present.  
 Mr. W. F. Mayfield, a former resident of Dimmitt now residing at Amherst, is reported to be improved at this writing.  
 Mr. and Mrs. A. O. Gregory are visiting their daughter and family, Mr. and Mrs. Hez Wright of Lamesa, this week-end.  
 Mrs. Jack Rogers and sister Carolyn Rawlings of Midland, spent the week-end with her parents, Mr. and Mrs. Jimmie Rawlings and attended the opening of the hotel, coffee shop Saturday.

 They returned home by car Monday morning.

FB Drive Nears Victory Mark

The Farm Bureau membership campaign is reported to be progressing rapidly and the Victory night meeting of the drive workers Friday night is expected to put the campaign over the top.  
 Actually the drive is but half completed but there has been an excellent showing and an active response on the part of the workers to complete their calls before Victory night.  
 The Victory meeting of all workers in the drive will be held at the rock clubhouse in Veterans park.  
 The final clean-up in the campaign will continue through September 10 and members obtained as late as November can be counted in the present drive.

Two Golfers Equal Course 9-Hole Record

Two Hereford golfers -- Rob Lindsey and Club Pro Bud Posey -- tied the Hereford golf course's nine-hole record with a four-under-par 32 last week.  
 Lindsey tied the record on Thursday, Aug. 28. Posey turned the trick on Sunday, Aug. 31.  
 Posey and Lindsey are joined in a tie of the local record by former pro Jim Terry and Stan Bairrett. Bairrett tied the mark earlier this year.  
 The two golfers' cards and par for the course was:  
 Par 4-5-4-3-4-3-4-5-4-36  
 Lindsey 4-3-4-2-3-4-4-5-3-32  
 Posey 3-4-4-3-4-3-3-5-3-32

Long Time Ago

45 Years Ago (Sept. 6, 1907)

John H. Kirby, president of the Texas Five Million Club made a talk on how to secure new industries for the state which is a topic of daily discussion in many of the towns throughout the state.

Richard Mansfield, famous actor died August 30 at Seven Oaks, his summer home, at New London, Conn.

Yesterday was the first day of the Hereford Chautauqua and it began under rather unfavorable conditions, although a big crowd attended.

The committee had failed, on account of the rains, to get the big tent ready, but two lectures by Charles F. Stalker the chalker was a brilliant success, both as to the character of the entertainment and attendance.

Mr. Stalker while talking draws at the same time a word picture on canvas and then as if by magic, a turn of the canvas changes the scenes into a hideous character.

The Howard Payne quartette held the boards the second afternoon and evening, but Count Sobieski, failed to arrive yesterday for some unknown reason. He will probably arrive today.

Two new brick buildings are now in the course of construction. The building to be occupied by the First State Bank is ready for the second story and the material for the Rayzor building is on the ground and the foundation laid and ready for the structure to go up.

The W. O. W. building is nearing completion and will be a handsome structure when finished.

The Commercial Club has erected on the courthouse lawn a spacious stand for the use of the Hereford Cornet Band and on the roof a flag pole to hold "Old

Glory."

Claude Lyons who was shot in the Bon Ton yesterday afternoon after he had shot his friend, Charles Gardner, died in the room at the county jail where he was taken shortly after the shooting on the Bowery.

Born to Mr. and Mrs. Verne Witherspoon, Tuesday, a son. Died Tuesday Sept. 3, Mrs. Florence Manning, 55, after a long illness.

25 Years Ago (Sept. 1, 1927)

A. H. Elliston of the Elliston Land Company completed plans for the erection of a new brick building on the L. W. Carlyle Grocery site, the building will be 31 by 90 feet and furnished with upto date fixtures. This is the second brick building announced for Main Street in the past ten days.

Santa Fe section hands are at work this week repairing the damage to the right of way which developed when engine No. 4100 left the track in front of the Harrison Grain Elevator.

According to station agent Carl Mountz the engine was too heavy for the light rails on the switch track and they bowed under the weight.

Possible arrangements for a suitable landing field here for the use in the Amarillo-El Paso Air Mail service is being discussed this week by L. Baskin and others interested in providing Hereford with the necessary facilities to make this city a stop on the route.

County taxes for the year 1927 were fixed at a meeting of the county commissioners Monday, August 22 at a rate of 70 cents on the \$100 valuation, it was made known today.

Regular class work in all grades begin Monday September 12 it was announced by Superintendent C. H. Dillehay of the Hereford Public schools.

## West Texas CC Seeks Hold On Treaty Terms

ABILENE.—Fear that treaties and other agreements to which it may become a party as a member of the United Nations may supercede or abridge the constitution and laws of the United States and the various states is reflected in a resolution adopted unanimously by the executive board of the West Texas Chamber of Commerce.

The resolution declares that "the scope of international agreements is being constantly broadened. Basic constitutional rights and privileges of citizens of the United States are being subject to nullification through treaty enactments. It is generally conceded that treaties between nations supercede state and federal laws. Whether treaty provisions can supercede state and federal constitutions has never been decided by our Supreme Court. Constitutional guarantees should be specifically protected in any treaty. We should not leave this decision to our present Supreme Court."

The executive board recommended the following resolution to the WTCC directors, who will meet during its annual convention in Wichita Falls October 19-21:

1. No provision of a treaty or an executive agreement that alters or abridges the Constitution of the United States should become effective unless such alteration or change is embodied in a constitutional amendment adopted and ratified in the manner provided in the Constitution for amendment of it.

2. No provision of a treaty or of an executive agreement that alters or abridges the rights protected by laws of the United States or the constitutions and laws of the several states should become effective unless provided by action of Congress and

only to the extent that Congress so provides.

## Area FB Leaders To Dumas Meet

County Farm Bureau leaders from this area will gather in Dumas on Tuesday, Sept. 9, for a sub-district meeting.

This is one of 24 such sessions being conducted throughout the state by the Texas Farm Bureau Federation, it has been announced by J. Walter Hammond of Tye, Texas, president of the organization.

In attendance will be Marvin Carter, Federation organization director, and O. R. Long, Field Representative, American Farm Bureau Federation.

Stanley Carnett of Spearman, state director for this district, will preside. The all-day meeting will be held in the Sneed hotel at Dumas beginning at 10 a. m.

In announcing the sub-district meetings, President Hammond emphasized the importance of county leaders meeting with state officers and staff members to discuss current issues and policies vital to farm and ranch people. Mr. Long will discuss the organization's program of work this year and the responsibilities of local leaders. Mr. Carter will present the enrollment plan which has been developed by the state organization and recommended to counties for use in their annual membership enrollment drive scheduled for the week of October 10-17.

The sub-district meetings have been planned to discuss four major things, Hammond said. (1) State and National issues pertaining to agriculture; (2) to have expression from local leaders; (3) how to raise money to finance state government; (4) plans for enrolling 75,000 members in 1952.

## For Sale, Bargain: Stainless Steel Teeth

Not many people know it, but Uncle Sam buys millions of dollars' worth of stainless steel teeth. Don't get upset. They're not the chewing kind. They're the jet plane kind.

You see, stainless steel teeth are blades that fit inside the engine walls of jet planes. The blades help to drive air into the firing chambers. There are more than 1,000 of these teeth in each engine, and up to a little while ago each one had to be forged—a slow, fussy, expensive method.

The problem was dumped in the lap of G-E specialists, and they solved it.

The result is that today we roll a continuous strip of stainless steel, cut the teeth to length, and weld them to a base. Works fine. The cash saving: 55%. Critical material saving: 39%.

There's an extra reason to be happy about this, since all of us taxpayers have to foot the bills. Millions of dollars will be saved by the military services in future blade production. And the how-to-do-it is being shared through the U.S. Air Force with other jet engine builders.

The Hereford Brand, Hereford, Texas, Thursday, September 4, 1952

A BOUQUET for Ed Dziuk who along with Walter Hodges, Jack Renfro and the directors have done a lot toward improving conditions at the Hereford Labor Camp this year. Things have not been perfect, of course, but we can be thankful for the general improvement. I happened to know Mr. Dziuk has done a lot of personal work on the proposition. The year has gone by without the usual squawks about sanitation and I understand that they permanently oust any resident who engages in knife fighting or boot-legging — and that the camp this year has operated more smoothly as a result. Father Raymond also deserves the thanks of the community for the fine work he has done at the camp, especially the hospital. He has had some help, but not near enough — and he has done a wonderful job.

Quite a few farmers have been in to buy "Pested" and "No Hunting" signs. They say that dove hunters are shooting from the road and that they are in some cases, showing no respect at all for the property owner. Jack Renfro, for instance, has spent a lot of money to develop a covey of quail and some pheasant stock. He says that occasionally someone starts shooting into them — and he doesn't like it. Not even a little bit. Furthermore, it isn't right. Even if he had not stocked the place himself, it would not be right to hunt without permission. A true

Al Breith is another new man in our news department and will work under Bennett. Both men are good at photography — and it looks as if we will maybe get this department on its feet again during September. Mr. and Mrs. Breith come here from Missouri. You will also find them to be nice people. Wally Kneif is due to leave Thursday or Friday for Washington. That's about the dope on the situation.

HERE'S NEWS for you football fans. Kent Snare dropped in and of his own accord volunteered to stay out of the Football Contest this season. Kent won the past two years and he thinks it would only be fair for him to drop out this year. Maybe we can talk him into writing a "dope" column for the contest. Sort of a post-graduate deal. Kent knows his football. No question about it.

Everyone should be well acquainted with the proposed Home Rule Government charter which comes to a vote here Saturday, Sept. 6. There seems to be some opposition to the proposed change in our form of

City Government. Personally, I think it is a good thing. A step in the right direction. However, it definitely is not a cure-all — and some of the cities adopting Home Rule have had their troubles. Most generally this comes from getting the wrong City Manager. Colorado City had quite a stink several months back. However, the same thing happens — when cities get the wrong mayor and commissioners under our present form of city government. All in all I am definitely for making the change. I think it is a step toward abetter community.

S. O. Wilson was telling me Tuesday that Mayor W. E. Dameron is feeling some better, but still cannot have company. Mayor Dameron has contributed a lot to the community and has done a wonderful job. Mr. Wilson likewise is carrying on the job of mayor in good style during Mr. Dameron's illness. I wish another of those deals would come up where the mayor kisses Miss Tucumcari. I would like to see Mr. Wilson's performance.

I still can't get over that eight-year-old boy who stole the \$500 from Hereford Food market. This is really starting early. It is hard to believe that such a thing could happen. Yes, Hereford has a juvenile delinquency problem.

Just had word that Mrs. Jim O'Hair has polio. Her arm and throat are paralyzed, but the case is not too severe. They have hopes that she may recover. Jim was shop foreman at The Brand until a couple of months ago, when he resigned to accept the foremanship of the Elk City daily and moved there. Sure is a tough break.

Hear that alfalfa is selling from \$45 to \$50 a ton. A similar story will probably be true with the feed crop. Feed is plenty scarce. This county is one of the few which will have any feed at all.

Card of Thanks  
I wish to take this means of saying "Thank You" to the many friends who were so nice to send me cards, letters and flowers while I was in the hospital. Your kind deeds made things much easier for me and I sincerely appreciated them every single one.

THE PLATFORMS SAY

**Democratic, COP Planks On Major Issues Are Compared**

(Ed. Note—This is the first in a series of articles being prepared by the West Texas Chamber of Commerce containing factual information — without comment — on the platform content of the two major parties.)

Planks of the platforms adopted by the Republican and Democratic parties in their national conventions bearing upon the federal budget, tax reduction, tax administration and national defense, contained the following statements:

**Federal budget:**  
 Democratic platform—Declares for holding spending "to the lowest practicable level"; deplors "irresponsible assertion that national security can be achieved without paying for it."  
 Republican platform—Pledges "reduction of expenditures by elimination of waste and extravagance so that the budget will be balanced" and a general tax reduction can be made.

**Tax reduction:**  
 Democratic — "As rapidly as defense requirements permit, we favor reducing taxes, especially for people of lower incomes. But we will not imperil our nation's security by making reckless promises to reduce taxes . . ."

We oppose a general sales tax . . . We adhere to the principle of ability to pay . . ."

Republican — "Our goal is a balanced budget, a reduced national debt, an economical administration and a cut in taxes."

**Tax administration:**  
 Democratic — A pledge "to eliminate loopholes which favor special groups"; a promise to "continue to support sound development and growth of bona fide cooperatives and to protect them from punitive taxation."  
 Republican — Favors "a thorough revision and codification of the present hodgepodge of internal tax laws . . . Administration of tax laws free from politics and corruption"; favors "reasonable depletion allowances."  
 Federal-state-local fiscal relations:  
 Democratic — Proposes more and new forms of grants-in-aid to the States.  
 Republican — Pledges "an immediate study directed toward reallocation of fields of taxation between Federal, state and municipal government so as to allow greater fiscal freedom to the states and municipalities, enabling them to meet their obligations more efficiently."  
 (This is one of a series of

**Doctors, Dentists Being Called From State Draft Board**

AUSTIN — State Selective Service headquarters today announced receipt of order for induction of four medical doctors and five dentists in October.

National draft headquarters, in sending the quotas, said that 371 medical doctors will be called from over the nation in October. During the same month 200 dentists will be called from all states. These medical personnel will be utilized by both the Army and Air Force.

"Should all nine medical registrants ordered for induction become members of the Army, Navy or Air Force, prior to October delivery dates, the call will be considered as having been filled even though no formal inductions are completed," Lt. Col. Morris S. Schwartz, deputy state Selective Service director, said.

Texas local boards are now mailing questionnaires to all medical doctors registered with local boards who are in third priority. Third priority doctors are defined in the law as follows:  
 "Those who did not have active service in the Army, the Air Force, the Navy, the Marine Corps, the Coast Guard, or the Public Health Service subsequent to September 16, 1940."  
 Colonel Schwartz explained that "receipt of questionnaires by doctors does not mean a selection for armed forces service. It is merely a request for information as demanded by regulations for future classification purposes."

## FOOTBALL

If practice session audiences have anything to do with it, interest in the Hereford Whitefaces should be higher than the cost of beefsteak this fall.

Monday was the date of first practice sessions for the Whitefaces under their new mentor, "Scat" Russell. The boys came early and stayed late. They came a little too early, though, for a man who lives just across the street and happens to pick Labor Day as one out 365 on which he can sleep a little longer.

Through my half-closed eyes I could look out the bedroom window and see the eager gridders tromping through the early morning nippiness (which was the case Monday morning).

Someone said he wouldn't be bothered about working up a sweat on a morning like that, but after the four-hour drills, we bet all the hopefuls were perspiring apently.

If a fellow isn't going to like football enough to work hard at it, it seems to me that the two gruelling sessions held Monday would sure help him make up his mind in a hurry.

We mentioned practice audiences. They were there, watching the embryo Herd machine find its feet and start walking. There were more on hand for the afternoon session, but a goodly-sized crowd witnessed the morning session.

The Herd will play its first game a week from Friday when it meets Muleshoe for a starter here on Friday, Sept. 12. From then on there's no resting, with Leveland, Phillips, Dumas, Dalhart, Brownfield and then the district competition.

Coach Russell will have a job on his hands whipping another mentor's squad into fighting shape, but the way he was putting the boys through their paces, it'll be done and don to the satisfaction of the people who pay their

way to see a Herd stampede. All the other schools in the district -- or the schools on the Whiteface schedule -- haven't had any more pre-season experience so information on their prospects will not be forthcoming for another week or two.

## BUFF DRILLS

Some of the Hereford grid talent as well as other area schools has funneled into Canyon for the Frank Kimbrough Buffs. Duane Janssen, Hereford tackle, is a freshman prospect. Others are: Toby Booth, Farwell; DeWayne Cleveland; Friona; Walter Haws, Friona; Dean Hall, Friona; Art Mast, Bovina; Loyde Jones, Friona.

Canyon's Red Ratliff, scooty 190-pound back, stayed home and is a fresh back for the WT charges.

## WRESTLING

Those who liked excitement weren't disappointed. Saturday night at the Bull barn as Dory Funk and Cowboy Carlson locked horns with returning Frankie Hill Murdock and Kinji Shibuya. They put on a good show. Dory Detton and Johnny James even got into the act at the end.

Referee Chris Belkas gave a sad exhibition as a third man Saturday night, we thought. He wasn't in charge of things during the tag team match to any great extent, letting the bulky Shibuya and Murdock get away with nearly anything.

We like to see a referee take a poke at an unruly wrestler on occasion when they deserve it. That's something Belkas didn't do.

Of course, the little Ohioan might figure that discretion is the better part of valor when he stands up against those towering hulks he had in the ring Saturday.

He screwed up enough anger to take a poke at Shibuya though, but Dory Detton was in the ring

## Class Enjoys Barbecue Supper

Mary Elizabeth class of the first Baptist church held a barbecue supper party in the back yard at the H. E. Miller home Friday night. Husbands and guests were named as honorees. Special guests included Rev. and Mrs. R. H. Cagle, Mr. and Mrs. O. Thompson, Mr. and Mrs. Bob Lawrence, and Mrs. J. A. Sulpepper of Portales.

After the supper games were directed by Mrs. Roy Calvert.

Others attending were: Messrs. and Mesdames O. H. Herring, John Hacker, Elwyn Hutchison, Joe Kendall, C. E. Beauford, Sandford Smith, W. L. Jones, Jeff Roberson, F. A. Tucker, Roy Calvert, Willard Scarth, Ralph McCullough, Mrs. Grady Parsons, Mrs. Louie Olson and the hosts.

Mrs. Sarah Dennis of Greenville is visiting her daughter, Mrs. H. L. Hershey.

at the same time, too. Dory looked good pounding Shibuya's head into the mat with a "Flying Hoolihan" to end the wild melee Saturday night.

We enjoyed seeing Murdock wrestle again. He's a competitor who won't quit. The same goes for the unpopular Shibuya, who is getting to be a toprate showman with his Oriental mannerisms that throw salt into the wounds of the screaming crowd.

Talking about Murdock, we bet that the ensuing season will see a title match between Cowboy Carlson and Murdock for the Cowboy's Southwestern states junior heavyweight belt. We'd like to be around to see it.

## THIRTY

It doesn't seem too long ago that I wrote what we called "Number One" of this weekly blurt. We started it with the hopes of keeping the sporting public a little interested in the local scene. We made on pretense of being on-the-ball sports authorities -- and the secret has been out since we wrote the first squib, probably.

This writer has enjoyed, however, the chance to be with you fans via this column each week. But this is to be the last. We've enjoyed it and if someone, at one time or another, has enjoyed part of this column, it has been worth all the effort.

Jimmie Gillentine says I'll have lots of salmon fishing up on the Columbia River. It's better than eating them out of cans.

And that is the end -- what we type like call "thirty".

**STILL GOING DOWN**—The odor of dying fish and sound of swarming mosquitos hang heavy over Lake Wichita near Wichita Falls, Texas, these days. Residents along the lake say it is going down more and more each day. Millions of gallons of water have been drained from the lake by evaporation and for city water use. Here a solitary fisherman casts his line into three feet of water from a dock near the lake's pavilion. Next week he may find this spot dry. AP Photo.

# Sixty-Five Out For Herd Drills

Sixty-five Whiteface grid hopefuls reported to their new coach, L. B. "Scat" Russell for fall drills Monday morning. The first session was held at 7:30 a.m. Monday and continued for three rigorous hours.

Another drill in the afternoon, giving the athletes about two hour's work on fundamentals, was called also.

Russell said he is working on fundamentals and getting acquainted with the boys and working them into his spread formation. He uses the spread and the

# Free-For-All Terminates Tag Team Match Saturday

A free-for-all to end all free-for-alls proved to be the highlight of the weekly Bull barn wrestling excitement Saturday night as a Dory Funk-Cowboy Carlson vs. Frankie Hill Murdock-Kinji Shibuya tag team match had to be broken up with a "no contest" decision by Referee Chris Belkas, Promoter Dory Detton and Johnny James.

The fun ended after the match was knotted one fall each and Cowboy Carlson was forced to face Murdock and Shibuya alone after Dory Funk's left leg was twisted and hurt badly by the muderous duo to end the second fall.

## Funk Appears

Funk made a dramatic appearance in the ring, hobbling down from the dressing room as both Murdock and Shibuya were working over the lone wolf Carlson.

Carlson, who contemptuously refused Belkas' offer to name him winner of the match after Funk was disabled, took on both the villainous "heavies" before Funk, Detton and James bounced into the ring.

Detton saw a little action as he broke up the slugfest and held Shibuya and also Murdock while Cowboy pasted them to add to the excitement. Detton -- dressed in street clothes -- gave Shibuya a good working over, using Cowboy's favorite Flying Hoolihan on the burly Jap.

Cowboy climbed onto the ropes in the corners after traping Mur-

dock there and proceeded to give him a thorough working over. It was Carlson who was riled up Saturday night, as well as the partisan crowd.

The tag-team match was billed as a non-title affair, Dory and Carlson being the holders of the belt.

Dory worked over Kinji Shibuya towards the end of their 20-minute first fall and made the Tokyo toughie concede the fall with his devastating spinning toe hold.

During the 20 minutes before the blond, balding Flying Mare Ranch foreman took the hold, the usual tag team antics prevailed, with Shibuya and Murdock playing their usual role of crowd-baiters with their doubling up on either Funk or Carlson in the former's corner.

## Work in Shifts

Coming back for the second fall, Funk and Cowboy emerged with a plan. For about four minutes they kept Shibuya in their corner area and alternated the pleasant chore of keeping the crafty judo expert in a headlock throughout the intervening minutes. Shibuya didn't think much of the sport and showed it later when he got loose with the help of Murdock.

Murdock finally got into the action and had Funk down when he peeled back the knee band Funk wore over a tender knee and proceeded to torture Funk with toe holds and kicks and slams into the sore leg and thigh.

This time Shibuya and Murdock had Dory in their corner and they changed off with their terrific pounding of Funk's ailing leg. Dory conceded the fall in about 11 minutes. He had to be helped out of the ring by Carlson and Belkas.

Following the five-minute rest period, Funk was unable to re-enter the ring and Carlson came on to handle the Bearded Wax-hachian and closely-cropped Jap himself.

A few minutes of this solo stint by Cowboy and he was at

the mercy of his opponents, Belkas being unable to handle the two bigger and tougher grapplers. Dory came charging down the steps from the dressing room and managed to get into the ring after being kicked back a few times by Murdock.

## Detton Takes Over

After a little of this, Dory Detton came in to take personal charge of the melee and one by one quieted the boisterous Murdock and Shibuya. Detton and Johnny James, who worked the preliminary, offered to scrap with the rowdy duo, but they declined.

In the first match, Gory Guerrero and James battled to a two-fall decision in a scheduled hour-long match.

Guerrero pinned James in 11 minutes for the first fall with a top body press followed by body slams. Guerrero also took the second fall in 23 minutes with a top body press in a pot-too-sharp finish that saw James standing clumsily while Guerrero butted and slammed him and finally flopped on him to end the so-so match.

### "Reaching Out" By Uncle Sam High Tax Cause

A constant reaching out by Uncle Sam into more and more fields of public activity was given today by the West Texas Chamber of Commerce as a principal reason for the rapid increase in the Federal Government's payroll.

As an illustration, the WTCC noted that 20 years ago when the government in Washington was composed of some 45 departments, bureaus and other units, it had a total of 563,800 civilian employees. But the most recent official count shows there are now more

than 2,000 governmental units and as late as February 28 there were 2,531,000 federal civilian workers on the payroll. New federal jobs are being filled at the rate of more than 400 a day.

In Texas alone the latest Civil Service figures show 116,105 federal employees, the statement said.

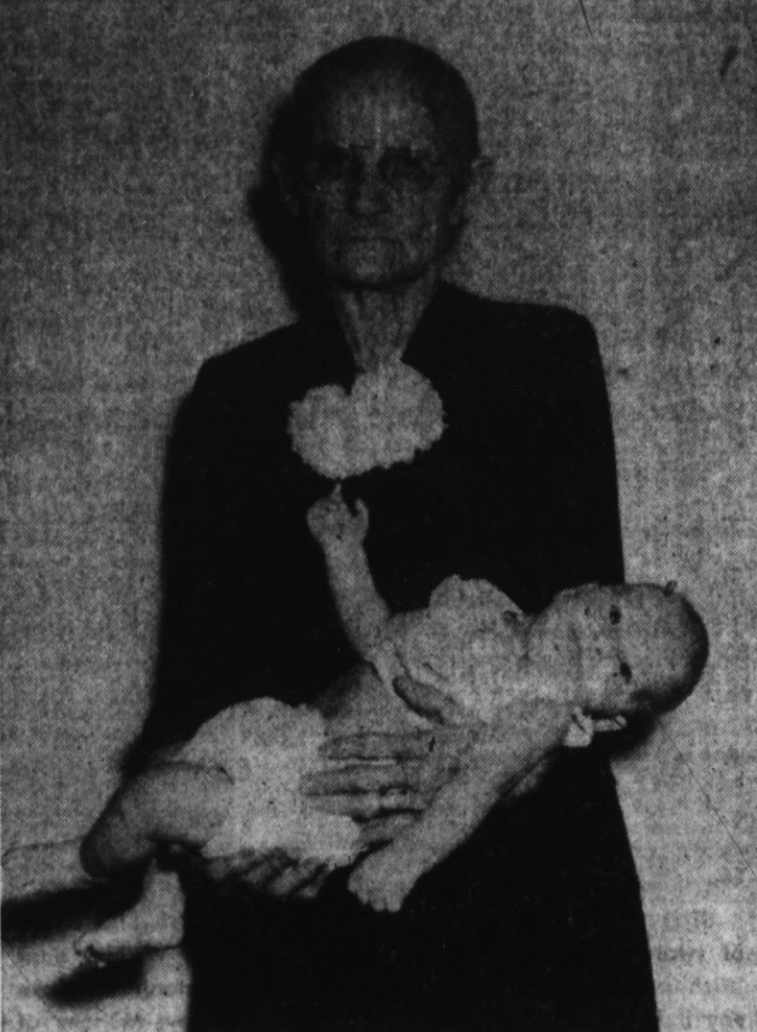

The WTCC noted that in his budget message in January the President asked Congress to approve numerous new spending programs. Each would require a new batch of employees. One of them, the proposed \$300,000,000 Federal school aid program would if adopted, eventually require as many as 3,000 employees to conduct it, according to a competent witness before Congress.

The best way to reduce Uncle Sam's huge civilian payroll, the

WTCC suggested, is to follow the advice of Secretary of Commerce Charles Sawyer and "eliminate things which the Government does."

Miss Mattie Mae Swisher arrived home Sunday after spending the summer away. She studied voice in Chicago and visited relatives and friends in Washington D. C. and Columbus, Ohio before going to her old home in West Virginia. She will open her studio of singing this week.

Mr. and Mrs. Cliff Estes returned Monday from Lawton, Okla., where they spent the Labor Day week-end with their son, Capt. Clifford Estes, and his family. Capt. Estes is stationed at Fort Sill after three years service in Germany.

### LONE STAR Agriculture

Released by The Texas Department of Agriculture

#### IMPORTANCE OF LEGUMES

Now is the time to make plans for those fall legume plantings. It doesn't take a student of the soil to know that legumes properly fertilized and inoculated have excellent effects on the soil. Every farmer knows legumes are important in improving soil structure and condition.

Texas A & M agronomists depict the best soil structure as being crumbly or granular to allow for deep penetration by roots and water. Proper air circulation between the small particles of soil is also necessary. Some Texas soil is so packed and tight that every little water or air can penetrate it. Deep rooted legumes such as sweet clover and alfalfa on these "tight" soils can help to improve this fault. Legumes which add good organic matter and nitrogen to the soil content, but which do not necessarily open subsoils are vetch, winter peas, and crimson clover.

Another farming "bug-a-boo" is the type of land which has a heavy, dense sub-soil at a comparatively shallow depth. These sub-soils restrict the movement of plant roots and hinder circulation of water and air. Good remedies for this condition are deep rooted legumes or grasses which will punch holes in the sub-soil and aid the water-air-root conditions.

When plowed under the soil as a green manure crop, legumes increase the organic matter of the land. This matter helps hold the small soil particles together and improves the granular quality of the soil structure. High organic matter in the soil almost assures the best type of air circulation and absorption of water is so essential to plant life.

The farmer who is unsure of the qualities of his soil can get professional help and advise. Soil samples from fields where legumes are to be grown should

be sent to the Soils Laboratory, College Station, Texas, for analysis. This analysis will determine what kind and the amounts of fertilizers needed to make legume growing more successful in the various soil-type areas of Texas.

#### Government Makes Big Business Out Of Helping Business

Uncle Sam is making big business out of helping small businesses. This is a development which the West Texas Chamber of Commerce points out in a plea that "our government in Washington give some real help to the nation's small businesses by reducing federal spending, cutting the taxes on the small business man, and getting rid of bureaucratic red tape and restrictions.

If Congress should vote the full amount requested next year for the "small-business" activities of the various Federal agencies and of Congress itself, the WTCC figured the total bill to run them would be about \$8,000,000 annually. Most of this money would go for salaries of more than 1,300 persons on various Federal "small business" agency payrolls.

Representative J. Vaughn Gary (D. Va.) of the House Appropriations Committee added the number of actual employees on small business activities in 11 Federal agencies and found that these alone totaled 757 persons. On top of all this, an appropriation of \$3,100,000 is now asked to support the newly created Small Defense Plants Administration which would have a payroll of some 500 employees next year. Still others are similarly employed in connection with the Federal Government's foreign economic aid program. The activities of the Senate and House Committees on Small Business cost more than \$150,000 a year.

**"50,000 Miles No Wear" Service!**

Now Doctor Fred's a happy "med" ... thanks to one of the greatest services ever offered the motoring public—a service that helps engines last longer, perform better, use less gasoline and oil!

It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's today!

### OGERS SAYS Figures Show Growth Of Texas; Inflation Topic Opened

FACTS ABOUT TEXAS: More than 1,248,000 Texas in their own homes percentage-wise this is personal income in 1950 reached \$9,868, 2,840,000 people in jobs. This is 97% labor force. Figures reflect that Texas were in operation. The manufacturing figure reached 1947, the latest year these figures are available new businesses Texas in 1951. During establishments added \$2,268,663,000 in raw materials in 1950. Deposits, private, time and, totaled in 1951, 90. On a per capita amounts to \$792.00. Production in 1951 was 10 lbs. Products in 1951 brought \$2,151,930,000 in percent of the far Texas own their own. Statistics could be these will serve to great progress Texas on several fronts. told you before, the ing districts of the Middle West look with in the Southwest. The sties indicate that the ng in the old estab- nufacturing centers of

deflationary trend during the next two-year period; that this trend will not be so sharp as to cause undue hardships to any of the people. This opinion has been based on the economy and not on politics. It is thought that this trend will be inevitable regardless of who serves as President. Frankly, I do not know whether to believe it or not. I thought that when cattle reached 18 cents, they were bound to be at the top; also when \$3500 houses started selling for \$10,000, it was my opinion that they must go down. However, as all of you know, cattle hogs and everything else has continued to climb. I personally cannot see how they can go any higher for the simple reason that the people do not have the money to purchase most of these commodities at their present prices. Some deflation is an absolute necessity in order to keep these commodities moving and the money in circulation. People just can not buy as they do not have the money or the source of money through which they can pay. It is true that more credit can be provided, but such a course would prove detrimental in the end, rather than beneficial. Much work has been done in Congress to stop false controls and false credit and to permit the economy to level off and stabilize itself. Such a course will no doubt be criticized and condemned by many, but it must come sooner or later. As a child I was taught that distasteful situations had to be met head-on and that delay in facing them merely increased their distastefulness. Most of you can remember the days of castor oil. A civil day begins and ends at midnight.

Two Families Entertain With Lawn Parties Over Week-End

By Mrs. R. C. Childers. Two families in the community entertained with lawn parties recently. Mr. and Mrs. Earl DeHart entertained a group of their friends with a watermelon feast on Wednesday evening. Those attending were: Mr. and Mrs. Pat Robinson and family, Mr. and Mrs. Grady Parsons, Mr. and Mrs. Paul Corbett and family, Mr. and Mrs. John Hunter and family, Mr. and Mrs. J. T. Richardson and Mrs. Louie Olson. Mr. and Mrs. J. T. Richardson entertained with a picnic supper on the lawn of their home with the following guests: Mr. and Mrs. Earl DeHart and son; Mr. and Mrs. Pat Robinson and family; Mr. and Mrs. Oscar Altman and Mr. and Mrs. Ira Scott and family. Mr. and Mrs. Hulon Richardson and family from Los Angeles spent Labor Day week-end in the home of his parents, Mr. and Mrs. J. T. Richardson of this community. Mildred Gregory from the Progressive community was a visitor in the R. C. Childers home Sunday afternoon. Dinner guests in the R. C. Childers home Sunday were Mr. and Mrs. C. S. Barclay and sons. Mrs. S. T. Barclay returned home last week to attend to business interests here and to move more of their household things to Tucson, Ariz., where they have taken residence for Mrs. Barclay's health. Ruby, their teenage daughter, will return to Tuc-

son with her father and enter college there this fall. Ruby has been employed at one of the potato sheds this summer. Mr. Barclay and his daughter spent Sunday in Amarillo visiting relatives. Mr. and Mrs. Jack Renfro returned last week from a seed potato buying trip in South Dakota. The convention delegates returned Saturday afternoon and report a wonderful time. They were: Mrs. Joe Wagoner of Westway H. D. Club; Roberta Campbell and her son Buddy of North Hereford H. D. Club and Mrs. R. C. Childers of Cultural H. D. Club. Mr. and Mrs. A. C. Hershey, Marvin and Patricia and Mr. and Mrs. John Stevens went to Amarillo Wednesday evening to hear Bro. J. R. Nichols of the Abilene Christian college speak. They also visited Mr. and Mrs. Bud McDermitt at Amarillo. Mr. and Mrs. A. C. Hershey were the dinner guests in the Horace Hershey home Sunday in the Progressive community. Leroy Packard returned from a vacation trip to the Yellowstone National Park this past week. Arthur DeHart of Claude spent the week-end in the home of his brother Earl DeHart. Mr. and Mrs. Glen Robinson, Fred, Eugene, Doris and James, of Claude spent Sunday in the Earl DeHart home. Other visitors on Sunday afternoon included George Eischenhauer and Bill Webb of Claude;

Mrs. Leona Packard, Mrs. J. T. Richardson and Mrs. Louie Olson. Mr. and Mrs. Walter E. Robinson of Claude spent Tuesday in the home of their daughter, Mrs. Earl DeHart and family.

What To Do For Dahila Mildew

Here is an answer to the many requests coming to members of the Hereford Garden club concerning the diseases of dahlias. It is prepared by Mrs. F. M. Kester, a dahlia fancier, who has had wide experience in the cultivation and care of dahlias. Mildew seems to be giving the most trouble to dahlia growers right now. It usually appears sometime in July but may not be recognized as a disease until it is well advanced. Mildew attacks the lower leaves and branches first causing them to turn brown, dry up and die. It then gradually works upward, finally killing the whole plant unless effective treatment is begun in its early stages. Regular spraying with an approved fungicide (I use Chlor-dane) or dusting with wettable sulphur, is an effective control if thoroughly done so as to cover both upper and lower foliage surfaces. It should be started early in the season as a preventive rather than a cure. If plants have already been killed, cut the tops off within a few inches of the ground. Leave tubers in the ground until after frost, then remove as usual and you might be able to save the tubers for next year.

Teachers Feted

New members of the Hereford public school faculty were honored Monday night at a get-acquainted covered dish supper party given by Supt. and Mrs. George Graham. Making up the party were members of the faculty, their wives and husbands, and members of the community. Representing the community were Mr. and Mrs. Mangel and Mr. and Mrs. Roeter. Asters in baskets were used on the table and were arranged in a circle at the Graham home. Approximately 148 persons were present.

**Eye-Dropper Religion**

A MAN with an eye-dropper may be respected when he has a small bottle of medicine to be applied in small doses. But it is not proper in the realm of religion. "The mercy of God is an ocean divine, A boundless and fathomless deep," an eye-dropper is a poor conveyor of such richness and abundance. We are heirs of infinite goodness and grace; the everlasting God seeks to pour into our souls His lavish gifts of grace and goodness. How poor and how unfortunate is that life that will take the Father's bounty only by the eye-dropper method!

BUT isn't that the way too many of us accept our religion? The great Book with its eighty volumes (including the Apocrypha in the Pulpit Bible) lies before us for our reading, our enjoyment and profit. How much time do we take out of the twenty-four hours to dedicate to its reading? The great Father God seeks to talk to us through the varied ministries of the world of beauty, through the noble living of saintly souls, through the rich services of the Church. How faithfully and well do we listen for the divine Voice? The best thoughts of earth's truest citizens have been inscribed in great books and placed near us in the libraries of our towns and cities. How much of our thought has been taken from these fountains of inspiration?

ARE you and I only 'eye-droppers' in the field of education and culture and religion? Are we too easily satisfied with good things which God has offered us in such abundance? Let's live greatly and richly. Why not make the whole world our home, attend our church and be citizens of the kingdom of God?

**YOU IN THE CHURCH  
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

### C Of C Directors Seeking Members

A membership campaign, to be carried on by the board of directors of the Deaf Smith county Chamber of Commerce, is underway at the present time.

The board voted at its regular meeting August 26 to choose names and visit personally 88 Hereford businesses eligible for but not members of, the Deaf Smith county Chamber of Commerce.

Most of the personal canvass will be made during the coming week, Cecil Massey said.

Other business handled by the directors Tuesday night included a discussion of an Odessa firm coming into this area and bottling water for re-sale around the nation.

Dr. Bronner, noted health food manufacturer, will be in Hereford during the first week in September, Massey told the group.

The need for getting adequate medical assistance for running the hospital at the Mexican labor camp was also outlined by the members of the board Tuesday.

They agreed to visit with Fr. Raymond Gillis personally at the hospital and see what could be done to get medical care for patients at the hospital.

Three other subjects which are only in the discussion stage were taken up. They are an events calendar for the community, put out by the Chamber of Commerce, a "career day" at the high school and sponsorship of a civic theater.

# HIS EYES DEPEND ON You!

School days—and home work nights—are here again, and your child's eyes depend on you—and good lighting:

A good study lamp is tall, has a diffusing bowl, and spreads the light evenly over a wide area. Be sure and place the lamp so that the shadows run away from the light.

Your child's eyes—and his studies—depend on you—and good light. Eyes are priceless, but light is yours for pennies.
