

The Hereford Brand

TUESDAYS—TWICE-A-WEEK—FRIDAYS

21st YEAR, NO. 79.

HEREFORD, DEAF SMITH COUNTY, TEXAS, TUESDAY DEC. 13, 1921.

MAY ORDER WHOLE CAR SEED SPUDS

MEETING CALLED FOR
NEXT SATURDAY
3:00 P. M.

IS SUCCESS HERE

Proven That Deep Cultiva-
tion and Mulch
Does Work

A move is on foot to purchase, co-
operatively, a carload of Irish Cobler
seed potatoes for next spring. The
idea is being pushed by Carl Mounts
and D. L. McDonald.

A meeting has been called for all
those interested in these potatoes, to
meet at the office of L. Baskin, on next
Saturday afternoon, beginning at 3:00
p. m. At that time it is hoped to make
up the car and settle all the prelimi-
naries.

It is proposed to purchase the pota-
toes from a concern at LaCrosse, Wis-
consin. In order to insure delivery at
the proper time it will be necessary to
make a deposit on the purchase price
now. If this can be done Saturday
then all those interested in the deal can
be getting their ground ready for spring
planting.

There are approximately 500 bushels
of potatoes in a car, and it is estimated
that it will take nine bushels to plant
one acre. About half a car has already
been spoken for, and it is believed that
there will be little difficulty in finishing
the order next Saturday.

It has been demonstrated here that
Irish potatoes will do well if the ground
is first thoroughly prepared. The big
idea, according to the experts, is to
plow deep and thoroughly, have the soil
loose and loamy, plant right after a
rain and then cover the spuds with a
light coating of straw, which tends to
retain the moisture and keep the
ground mellow and prevent baking.

Don't forget the hour—5:00 p. m.,
and the place—L. Baskin's office.

Commissioners in Session Take up Road Questions

It was decided at Monday's meet-
ing of the county commissioners to
hunch all of the county's scrapers,
bulldozers and road machinery at the Har-
rison feed yards, where Mr. Harrison
will undertake the duty of looking
after them and also will use them
with his own force during his spare
time this year.

The court ordered some road mak-
ing tools Monday and attended to the
usual court routine. Commissioner
J. H. Wagner announced that he was
leaving for Brookville, Indiana, to
join his wife and family, and would
probably be gone about three months.
Mrs. Wagner is in poor health and it
was hoped a change of climate might
benefit her.

SHERM WILLIAMS GOES TO MAYO'S FOR OBSERVATION

Mr. and Mrs. W. S. Williams left
Hereford Sunday for Rochester,
Minn., where Mr. Williams will enter
St. Mary's Sanitarium. Mr. Williams
has been suffering with stomach dis-
order for some time and after a thor-
ough X-Ray examination here decid-
ed it best to submit himself for
treatment or operation at the Roches-
ter institution.

JONES SAYS STILL ON FIRST MILLION

A. M. Jones, who is temporarily
sojourning at Ranger, orders his
Brand sent there for the time being.
Mr. Jones states in a letter that he
will be here January 25 for the big
Jones & Dameron Sale, boosts the
proposed railroad from Fort Worth
to the Plains country, hopes Hereford
secures the line, and adds a postscript
as follows: "I am still on my first
million."

WEATHERFORD HAS SOLD POST HOTEL

Mr. and Mrs. J. M. Weatherford, of
Post, Texas, arrived in this city last
Thursday, making the trip overland.
Mr. Weatherford states that he sold
his hotel interests at Post and is look-
ing for another location. He was for-
merly proprietor of the Cordova Hot-
el at Hereford.

MRS. HARDING VISITS SOLDIERS

Photograph shows the president's wife visiting the disabled soldiers
at the Walter Reed hospital in Washington. She is buying some trinkets
made by Lieutenant H. E. Trammell.

Coops and Judge Secured for the Big Poultry Show

Preparations for the coming Poultry
Show, January 17-18, are going ahead
merrily. The outlook is for a splen-
did exhibition, considering that it is
the first effort. Those contemplating
entering chickens, turkeys, geese,
ducks or any other pet stock should
communicate with N. C. Vogele at the
Brand office.

Arrangements have been made with
the Tri-State Poultry Association at
Amarillo for the use of their coops.
These have been offered free of charge
through the courtesy of Secretary H.
W. Duke. Incidentally, Mr. Duke has
agreed to judge the Hereford Show,
free of charge, for his expenses. His
offer has been gratefully accepted.

It has been hoped to secure F. W.
Kazmierz of College Station to give
an exhibition in culling and a lecture
on feeding, but he will be unable to
come just at this time. However, he
says that if the local poultrymen will
organize he will come up here as soon
as possible and give the lecture and
demonstrations.

N. C. Vogele of Hereford, who showed
nine Rose Combed Rhode Island
Reds at the Tri-State Fair and took
the ribbons in this class, was honored
by being elected a vice president of
the association at the meeting held
by the members immediately follow-
ing the show.

French May Come Here for Swine Convention-Sale

In all probability C. C. French, live
stock specialist with the Fort Worth
stockyards company, will attend the
coming convention and sale of the
Panhandle Swine Breeders at Here-
ford and give a talk on hog raising
and handling. Mr. French was for-
merly State Pig Club Agent for the
government and if he comes here may
be asked to confer with the boys pig
club at Askren.

The Chamber of Commerce has been
offered Mr. French's services by the
West Texas Chamber of Commerce,
which organization is cooperating
with him in spreading the gospel of
more hogs and better hogs.

JACK JONES WILL WED AN AMARILLO GIRL ON XMAS DAY

Announcement has been made of the
forthcoming marriage of Miss Gladys
Pockett of Amarillo and Jack Jones,
son of Mr. and Mrs. J. S. Jones of
Hereford. The ceremony will occur
on Christmas afternoon at 4:00 p. m.
at the home of the bride's parents,
Mr. and Mrs. William Pockett of
Amarillo.

The young couple will make their
home in Canyon, where Jack is man-
ager of the Grocery Department of the
Canyon Mercantile company. Jack, an
ex-service man, has legions of friends
here who will wish him God speed in
his matrimonial venture.

ROBERTSON LEAVES FOR PENNSYLVANIA

J. M. Robertson intends to leave
Hereford Wednesday for Mont Alto,
Penn. This is Mr. Robertson's old
home, and he will be away for
several weeks.

Official Scores Match Shoots of Hereford Gunners

Local trap shooters, members of the
Hereford Gun Club, who participated
in the accredited American Trap
Shooting Association events at Here-
ford and Amarillo this year, or in
either of them, have received their
averages on single targets from the
secretary of the Association. Most of
the list below participated in both
shoots, although some of them had a
chance at only one, and therefore
their ranking is not as high as the
others. The averages show:

D. L. McDonald	9233
Otis Cobb	9100
Otho Beene	8500
Chas. Bennett	8500
Frank Marrs	8500
C. O. Lee	8000
J. J. Clark	7400
Virgil Canning	7300
Dr. Gabbert	5983

ROARING SPRINGS IRRIGATION PROJ- ECT IS ABANDONED

The two test wells drilled by D. L.
McDonald near Roaring Springs, Tex-
as, showed a treacherous formation
and not enough water to justify the
installation of irrigation wells and the
project has therefore been abandoned.
Mr. McDonald's drilling crew, consist-
ing of Bill Einnaman, Lish Carter,
Albert Zinzer and Mark Beach arriv-
ed here Saturday and Tuesday expect-
ed to unload the drilling outfit, which
was shipped by freight.

SANTA FE ADDS A DAY TO CHRISTMAS HOLIDAY SELLING

The Santa Fe railroad, in an ad-
vertisement carried in this issue of
The Brand, gave dates of sale for re-
duced holiday tickets as December 22,
23 and 24. A correction was issued
too late to put in the ad, making the
first date these tickets will be sold
December 21 and ending the 24th.
This additional date of sale, December
21, applies to between points in
Texas only.

Railroad From Fort Worth?

College Senti- ment Prevails For Wedding

A wedding alive with the reminisc-
ence of college days, with the colors
of the old college dominating the decora-
tive scheme, and participated in by
six former college classmates is being
planned for the Lawrence-Oberthier
nuptials Thursday morning.

The college is the Texas Christian
University of Fort Worth, and the six
ex-college chums involved are: the
bride, Miss Elizabeth Oberthier, the
groom, William Dewey Lawrence, of
Paris, Texas, the minister who will tie
the knot, the Rev. Finell of Paris, the
best man, Evans Wood of Paris and
Mr. and Mrs. Boy Perry of Plainview.
Mrs. Perry is a daughter of Editor J.
M. Adams of the Plainview News.

The T. C. U. colors are Purple and
White, and are being used lavishly in
the decorations of the Oberthier home.
Mr. Lawrence reached Hereford Tues-
day morning. Rev. Finell and Mr.
Wood will reach here Wednesday
morning, and Mr. and Mrs. Perry, ac-
companied by Mr. Adams, are expected
Wednesday afternoon.

Business Men at Lunch Talk Over Railway Outlook

The proposed railroad from Fort
Worth to the Plains country was the
principal subject discussed at the
business men's luncheon Monday. Af-
ter going over the matter a committee
was appointed to handle the matter for
Hereford.

The Amarillo Poultry show, the
coming convention of the swine men,
the Hereford poultry show and other
liney matters were gone over in or-
der. The meeting next Monday will
be held at the City Cafe.

HIGH SCHOOL HAS DOUBLE VICTORY WITH BASKETBALL

Hereford High's basketball teams,
both the girls and the boys, went to
Dimmitt last Friday and won both
ends of a double-header game from
the Castro county teams. These games
had been postponed from a previous
date when weather conditions were so
bad that the contests could not be
decided.

WHITE TRANSFER- RED TO POSITION AT CANADIAN, TEX.

W. E. White, car checker at the
Santa Fe freight depot, has been
transferred to Canadian, where he
has a similar position. He has been
succeeded at Hereford by Delbert
Hughes. The change occurred last
Thursday.

FRIONA'S CHURCH GETS SOME HELP FROM THIS CITY

Messrs. R. S. Houlette and A. N.
Wentworth, of Friona, were in this city
Tuesday soliciting funds for the new
Congregational Church at Friona which
is now under construction. The gentle-
men are receiving considerable sup-
port from Hereford.

PANTHER CITY LINES UP WITH PANHANDLE TOWNS ON SUGGESTED PROJECT

FT. WORTH CHAMBER OF COMMERCE TO ASK
OFFICIAL POWERS FOR PERMISSION
TO CONTRACT FOR THE ROAD

WILL PLAN ROUTE IN JANUARY

Meeting to be Held Either at Plainview or Lubbock, and
Hereford has an Invitation. Plainview-Dimmitt-
Hereford Route Would Open Coal Fields

The question of a railroad northwest
from Ft. Worth into the Plains coun-
try, long agitated at both ends of the
line, now appears to be rapidly coming
to a head. The Fort Worth papers are
full of the proposed project, while
Plainview, Lubbock, Crosbyton and
other towns are ablaze with the
idea. A meeting is to be held in Jan-
uary at either Plainview or Lubbock at
which time a route will be discussed.
Hereford has been invited to partici-
pate in this meeting.

One route proposed is via Lubbock,
Crosbyton and Roswell, while opposing
it is the Plainview-Dimmitt-Hereford-
Grady-Tucumcari line, opening up the
Dawson coal fields to this section as
well as the Fort Worth live stock mar-
ket.

At Monday's luncheon of the business
men a committee consisting of D. F.
Ashbrook, E. W. Harrison and T. K.
Wilson, was appointed to handle the
matter for Hereford and to attend the
January meeting.

The Fort Worth Star-Telegram of
December 9 says:
"Application to the Interstate Com-
merce Commission and the Texas Rail-
road Commission for a certificate of
public necessity, a requisite permit of
construction, for building a railroad
from Fort Worth into the Plains sec-
tion of Northwest Texas, will be made

early next month by business men of
this city through the Chamber of Com-
merce.
"The request will be filed by W. M.
Maasie, president of that body, im-
mediately following the proposed meet-
ing in West Texas of representatives of all
cities interested. This meeting will be
held soon after the first of the year.
"Maasie announced Thursday that
upon the people of West Texas depends
a final decision regarding construction
of the railroad.
"We, here, are ready to do our share
and, if the people of the Plains desire
direct rail connection and will co-oper-
ate with us, making known that desire
at the meeting, we will begin immedi-
ately on preliminary work looking to-
ward actual construction of such a
line.
"Many routes have been suggested
and many plans advanced, but what
we're after now is some tangible evi-
dence that West Texas and Fort Worth
are prepared to begin laying steel and
ties, he said.
"Application for the permit to build
will be made before any attempt is
made to finance the proposed railroad,
Maasie said. He also stated that he
had for this purpose secured a com-
mittee of West Texas cities and counties
willing to co-operate in the matter
in bringing about actual construction.
"Several tentative routes have been
proposed for the contemplated rail line,
but the one meeting most favor, per-
haps, is the one northwest from Fort
Worth through Asle, Springtown and
Jacksboro, thence via a completed line
between Ferrin and Seymour, through
Benjamin, Knox County; Guthrie, King
County, and on north to a point east
of a terminal midway between Crosby-
ton and Plainview.
"From this point the line might
branch, one line going to a station be-
tween Crosbyton and Lubbock and the
other to Plainview.
"Other routes contemplate an almost
directly western line from Graham
across the Plains through Borden,
Seury and Fisher Counties.
"However, no route has been selected
nor will be until all of West Texas has
spoken through representatives at the
proposed meeting in January.
"In Monday's Star-Telegram the fol-
lowing news is given:
"West Texas indorses the proposed
Fort Worth-Plains railroad without re-
servation, and chambers of commerce
in many of the towns and cities of the
Plains country are working toward def-
inite action that is expected to bring
about consummation of plans for the
project.
"Advice to this effect was contained
in a number of telegrams to The Star
Telegram Saturday afternoon and night
from that section of Texas.
"Action on all other projects not of
pressing necessity has been abandoned
by the Florida Chamber of Commerce
and business men in order that their
time and energy may be directed to-
ward this project."
(Continued on page five.)

NEW ARCHBISHOP

Dr. Michael J. Curley who has
just been installed, with impressive
ceremonies, as the Archbishop of
Baltimore, in succession to Cardinal
Gibbons

ALL CONFERENCES ARE NOT IN WASHINGTON

Primary Depart- ment Will Offer Play on Dec. 20

The primary department of the pub-
lic schools is planning to stage an en-
tertainment and play in the school
auditorium, on the evening of Tues-
day, December 20. The first portion
of the program will consist of a Lilli-
pution Wedding, put on by the two
first grades, while the second part of
the program consists of a play, en-
titled "The Miracle Play," staged by
the second and third grades. A de-
tailed program for the evening's en-
tertainment is given in another part
of The Brand of this issue.
Both the teachers and children are
working hard to make this affair a
snappy and pleasing performance and
hope to have the pleasure of present-
ing it to an exceptionally large crowd.

Educational Column

"An intense hour will do more than dreamy years."

A number of new pupils entered the grades the past week.

The part of the Seventh Grade taught by Miss Helen Sisk furnished the Chapel exercises last Thursday morning.

Mammoth Cave, Kentucky, is the largest natural cave known. More than 250 miles of avenues have been explored and new passages far under the ground are still being found. Many of the fish in the streams of water in this cave have no eyes.

"The enemy of man which takes more toll than any other," says a noted writer, "is ignorance." Most diseases are due to ignorance, most sins are due to ignorance, most quarrels and misunderstandings come from ignorance. Many people miss the joy of life because they do not know the secret of life; and the tragedy of it all is that they do not seem to care to learn.

A letter from Mrs. B. F. Guthrie, our worthy Secretary of the School Board, informs us that Mr. Guthrie and herself are having a most enjoyable visit with her parents and other relatives and old friends in her girlhood home town, Princeton, Missouri. They expect to be away until the first of the year.

Miss Olive Wilson, a member of the class of 1919, is now teaching in the Adrian School.

Margaret Gilliland, Emma Jean Donald, Zoe Womble, Paul and Elmer Patterson were "A1" pupils in their standing in Algebra last month. They solved and "handed in" every problem during the month and made 100 percent on the examination at its close.

"A little bird wants but a little nest."
"A great ship must have deep water."

Asbestos is a mineral dug from mines in several countries of the world. It is said that Canada produces 85 percent of the world's asbestos. Before it is ready for use, it has to be cleaned and the fibres separated from impurities.

Cyrid has been our powerful enemy of late. He shot an arrow into the Senior Class some days ago and the wound was so serious that Loyal McDuff is with us no more.

Oysters, when their shells are injured have a way of mending them with pearl. Lately a Japanese has firm has taken advantage of this knowledge by forcing a small bit of some hard substance into the shell of an oyster and the oyster at once begins to protect itself by forming a hard coating about the substance. It is said that in six or seven years this coating grows into a pearl.

It is said that a person's manners generally indicate his character. They are an index of his tastes, his feelings,

his temper, and reveal the kind of company he has been accustomed to keep.

Do anything a sufficient number of times and one acquires facility in doing it. Every action tends to repeat itself; repeated action tends to habit, and habit is second nature.

Our Basketball teams came back from Dimmitt on last Friday evening with double honors—each team having won in the matched games. Mr. Blocker and Miss Haislip accompanied the boys and girls to Dimmitt.

One of the newest achievements in the medical world is operations without using the knife. Doctor Lorenz, of Vienna, Austria, is now in New York City performing some wonderful cures. He uses no instrument but his wonderful hands, which are described as "strong as steel." One of his patients is the little daughter of the millionaire packer, Armour, who was cured of hip disease, after American doctors had failed.

Some of the larger boys have been kept away from school the past week for the purpose of helping through the grain at their respective homes.

It took Milton forty years of toil to produce "Paradise Lost," and William Cullen Bryant rewrote his "Thanatopsis" more than a hundred times, and then was not satisfied with it, feeling that he could yet do better.

Of the five powers now in Conference in Washington, the United States is the richest by far. Its national wealth is estimated at 350 billions. The British Empire, next in order, is little more than half that much.

The five largest cities in order, as shown by the census of 1920, are New York City, Chicago, Philadelphia, Detroit and Cleveland.

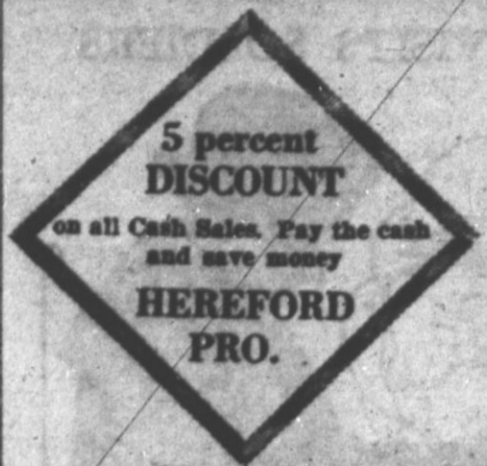

Parent-Teachers

There will be a meeting of the Parent-Teacher Association at the Central school building on next Fri-

day afternoon at 3:30 o'clock. All parents are urged to attend.

Tell 'em what you want to sell thru The Brand.

Good Job Printing at The Brand!

Want To Look Your Best This Christmas?

One of our Made-to-Measure Suits or Overcoats is the answer.

Quality that gives faithful service. Makes a friend of every man who wears our Custom Tailored Clothes.

You buy Satisfaction when you buy our Custom Tailored Clothes. Their Quality never disappoints.

Gettin' Acquainted

Or rather renewing acquaintanceship. That's kind o' the way it seems when folks begin to get the Christmas spirit and come around to see what kind of an assortment we have in the gift line. Of course, people do not visit a gift store as often as they do a store where necessities are for sale, and naturally there are periods when our customers are few, but we are glad that the Big Gift Season is on again when we can expect lots of visitors to our store.

We are glad when you come in, but gladder when you leave, that is, with a nice Christmas present for someone all done up in good shape. Now, come in whether you buy or not. Glad to show you around, and make you acquainted with what we have for sale, and with our prices. You know, that's the way the beginning of a sale is usually begun—by showing people what you have and what you want for it.

Get acquainted with these prices, and come in and we will introduce you to some more.

Diamonds

We have some twenty or thirty stones ranging in size from quarters to halves at 25 per cent discount straight thru. These stones have been in stock for some time and probably could not be replaced today at the price we are offering them. Nice sizes for rings and bar pins. If you aim to put a diamond ring on her finger any time soon you had better look these over. We also have a big line of fancy diamond pieces in lavallieres, bar pins, etc., at 1/4 off.

Plated Silverware

Here we have a big line of standard brands, brand new from the factories, and our prices are right. We cleaned up on silver before the price dropped, and bought our stock after the decline in prices. Pretty sure we can save you money on silver.

Knives and Forks

Hollow Handle Community Knives and Forks, while they last, \$20 value for \$12.65
Solid Handle Rockford Knives and Forks, \$11 value for \$7.50
Solid Handle Yourex knives and forks, best on earth, \$12 value for \$9.00
Hollow Handle Yourex knives and forks, \$25 value for \$16.65

Miscellaneous Pieces

We have teas, tables, soups and all other pieces needed to match up a complete set at about 25 per cent under regular price. We also have a big line of plated hollow ware and sterling flatware and are in a position to make very low prices.

Watches

Just received a bunch of men's watches in South Bends, and can fix you up with almost any grade you want. We have a good line of ladies' wrist and chatain watches that are going at 20 per cent to 25 per cent under regular price.

Jewelry

Gold and Filled Jewelry: We are taking off 1-3 straight thru on this line. Here we have Ladies' and Gents' rings, chains, fobs, charms, knives, tie pins, cuff links, tie clasps, brooches, emblem pins, hat pins, bracelets, lavallieres, etc., all new stuff, no junk—practically everything bought within the last ninety days.

Ivory

1/4 off on everything. Our stock in this line is very complete. We have mirrors, combs, brushes, manicure sets, toilet sets, jewel cases, puff boxes, hair receivers, perfume bottles, clocks, photo frames, dresser sets, nail files, and lots of single pieces that make nice presents. Every article in our regular Ivory Line will take nice engraving. Orders for engraving in this line should be placed as early as possible to insure fine work, as work of this kind requires time and we are usually rushed too much during the last few days to do fine engraving.

Cut Glass

Here we have the regular line you would expect to find in a first class store, a good assortment in regular and novelty pieces, all bought recently. Our regular price in this line is very reasonable, but we are going to cut the price here also—say about 1-4 to 1-3.

Novelties

In leather goods, vanities, dorines, cigarette cases, cigar holders, belt buckles, mesh bags, combs, traveling sets, etc., all at 25 per cent off.

Pearl Necklaces

A pearl necklace is "purty nigh" always in order, in fact, there are very few things more appropriate for the lady than a nice string of pearls. We have them from about \$175 each, down, an assortment that will please you.

HOMIE PHILOSOPHY FOR 1921

Let that neighbor of yours have health and a clear course on which to steer himself, and you need never ask him if he's happy. The average man is not lazy or a pessimist when he has those two things in his life. They bring him as much happiness as he cares to have or as he has reason to need.

Every so often you run into a poor fellow who tells you forlornly that "Life isn't worth living." But you continue to meet him at the usual places where folks are customarily met and then suddenly you get a shock when you realize that he is still alive—life has been worth enough for him to be on hand and eat his usual meals. After all, nothing could be more absurd than the man who says "Life isn't worth living."

We met a man the other day who knows everything. For instance, he knows how to run this newspaper much better than its drilled editor. He knows how to run the town very much better than anybody else and probably he knows how to run every single person in the community. We haven't the slightest doubt that he feels he can president this country much better than Harding himself. We think the gentleman is wasting his time at present. He should be writing an encyclopedia. Or, at the very least, he should write the story of his own life. How we do love people who know it all!

PRaises FROM THE GREAT FOR THE "HOME TOWN PAPER"

The "Home Town Paper" is everywhere receiving the eulogies of the great. Listen to the words of Dean A. R. Mann, of the New York State College of Agriculture at Cornell University:

"The home town paper as an aid to community consciousness and develop-

ment, deserves the support of all who believe in the highest possibilities of rural life. No one familiar with the great good done by the country press—a journalistic institution peculiar to the United States—can be indifferent to its continued successful service to rural affairs.

"For the past half-dozen years the college of agriculture has consistently tried to help the country papers in New York because it believes in them and in their mission. THERE IS NO OTHER COMMUNITY INSTITUTION OR ACTIVITY WHICH IS NOT IN SOME MEASURE SERVED BY, AND IN A DEGREE DEPENDENT UPON, THE LOCAL NEWSPAPER, when that paper is a going concern, as it should be. Since the college believes in wholehearted support for the home town paper, it is glad to give every encouragement to the home town paper week.

"New York's country papers are rendering conspicuous service to the interests of farm and home, and they deserve the support of all those who believe in these two great bulwarks of the best in American civilization."

Are you supporting yourself, your business and this town's interests, economically, morally, educationally and spiritually, by supporting your "Home Town Paper?"

We ask for your subscription.

MATRIMONY TENDS TO PROLONG LIFE

A buzzing swarm of 100,000 flies is cooped up at John Hopkins university. Dr. Raymond Pearl is studying them. He finds that married flies live longer than single ones, and reasons that matrimony prolongs the life of humans.

That is logical. A married man lives longer because his life is more regular. Wife feeds him more wholesome food. He doesn't stay up all night playing poker, if she can help it.

Dr. Pearl's studies in flyology show that the average fly lives 45 days, the oldest 106 days. In hot summer, you complain about new flies constantly arriving. Probably they are just the old ones, living a month and a half unless swatted. Flies, like most problems, exist only by human neglect.—Quantah Tribune Chief.

A. & M. ATHLETIC STAFF FOR 1922

College Station, Texas, December.—D. X. Bible will direct the affairs of athletics at the A. & M. College of Texas for three more years as head coach. He has signed a three year contract, effective Sept., 1922, and James Sull-

van, business manager of athletics has signed for a like period of years.

Bible began his connection with the College in 1916 as freshman coach. In the following year he was made head coach and since that time, except for two seasons spent in the army, he has directed the affairs of athletics at the College with unflinching success.

During the administration of James Sullivan as business manager the affairs of the department have been put on a splendid business basis.

Go To Church Sunday!

Market Report

National Stock Yards, Ill., Dec. 10.—Cattle receipts have been light this week and the market closed stronger each day, with the bulk of the good to choice beef steers closing today 50c to 75c higher than the low time last week, all grades of stockers and feeders clos-

ing 15c to 25c higher, all grades of butcher cows and helpers closing 40c to 50c higher.

Fat calves, veal and stocker calves closing about the same as week ago. Bulk of the choice stock calves selling from \$6.25 to \$6.50, good \$5.75 to \$6.00. Light weight thin calves, plain qual-

ity, \$4.50 to \$5.00. Good to choice do-horn Panhandle yearlings \$6.00 to \$6.40, medium kind \$5.25 to \$5.50, choice horn yearlings \$5.75 to \$6.00, good \$5.25 to \$5.50.

Prospects look steady on good kind for next week.

CLEO

The Primitive Baptist Minister has again visited Cleo community and gave us a fine sermon Sunday morning. A very good crowd attended the service. W. S. Dixon and wife and sons, O. H. and E. O., took dinner with their son and brother, Elmer Dixon, Sunday.

The Cleo community held their monthly singing Sunday afternoon and had a fine turn out.

Mr. G. Ferguson, Mr. Wallace Phipps, Miss Kiker, Mr. Kimbell and family, and Mr. Charlie Dotson, of Sunnyside community, and Mr. and Mrs. W. S. Dixon and son, Ollie, of Hereford, as helpers, added greatly to our singing.

C. B. Houser and Elmer Dixon made a business trip to Hereford Wednesday and Thursday.

Mrs. Elmer Dixon and daughter, Irene, have been visiting their sister and aunt, Mrs. L. H. Wagley.

J. A. Boone and family of Spring Lake, were guests of Mr. and Mrs. J. D. Burch Sunday.

Mrs. F. J. Newburg has been on the sick list for the past week.

JOEL

Mr. and Mrs. Arch Conklin are rejoicing over the arrival of a nine pound boy at their home Thursday, Dec. 8.

We have just learned that our neighbor, Polk Walker, has moved from the Gough place to a farm 8 miles south-east of Wildorado. Our loss is their gain.

Meedames O. L. Sharp, Irid West and C. P. Galley spent Thursday afternoon with Meedames Lester and Hollis Galley. Delicious popcorn balls were served for refreshments.

Mrs. Ray Hershey has been staying with her daughter, Mrs. Conklin, a few days, getting acquainted with the new grandson.

H. H. Halsell and John Jacobsen, of Hereford, attended Sunday School here Sunday, the former giving an interesting talk to the school.

Hollis Galley's Sunday School Class is planning on combining pleasure with business by spending a day hunting in the brakes and bringing home the Xmas tree for the Sunday School.

Beaford West went to town last week to be examined by the specialist and fitted for glasses.

There will be no literary this Friday night, as the time has been given to the Christmas program.

Mrs. D. A. Grant, who has been visiting her sister, Mrs. O. Johnson, left Friday for her home in Hillside, Ky.

C. E. Galley came home for a few hours visit with his family Sunday.

Methodist Missionary Society

Webster tells us that prejudice is an unreasonable prepossession for or against anything; an adverse opinion formed without proper grounds, tending to obstruct; hurtful damaging.

Those who were present last Wednesday in the study of the fifth chapter of our book, "From Survey to Service," felt that Webster had not expressed it too strongly.

This chapter deals with the adverse type of prejudice, in its obstructing and

hurtful power against the efforts of those who seek to carry the gospel, or to help in a religious way, those of our own or any other land.

Race, nationality, class and religious prejudice were some of the phases studied.

One good point brought out, that prejudice is always founded upon ignorance—not ignorance in general—but a "lack of knowledge of the facts and conditions in the case of the thing or person judged.

A missionary gives a very simple and forceful illustration of this: On a vacation ramble, along a mountain path, in the forests of Vermont, he heard what he thought to be the angry words of a drunken brawl. He writes that it was one of the most dramatic surprises of his life when, going on, he came to where he could see and hear plainly, for it was a group of Slavic folk picking blackberries. Mothers were crooning lullabies to their little ones, neighbors gossiping good naturedly, lovers carrying on their wooing.

It was the change in his view-point that changed his judgment.

Do we not as ignorantly, as hastily and as unjustly judge people who talk, or think or act differently from us?

Had prejudice prevailed, we would never have had the railroad, the steamship, the airship, wireless, the manifold electrical appliances, etc. for prejudice held them to be anything from the foolishly impossible to "the works of the Devil."

An instance of the way this Hydra-headed monster can bob up, even in high places, is shown in the professional prejudice which would have driven back to his Austrian home the world famous Dr. Lorenz, now in New York, on a mission of mercy and gratitude.

Fortunately bigger brains and hearts saved the situation—saved us from a humiliation that would have misrepresented us as a nation.

Anyone free from prejudice who knew and talked with Dr. Lorenz and saw and knew of his work personally on the occasion of his former visit to the United States, at which time also, he gave his services free to the poor, can but believe him to be as big and fair of heart and mind, and professionally, as he is physically—but prejudice will balk even such men as he, if it can.

We cannot go, efficiently, from "Sur-

vey to Service" unless we roll away this stone.

The only antidote for prejudice is to substitute the Spirit of Christ without which we are none of His.

Next week we have the sixth, and last chapter of this interesting book, and a resume of the whole. Come, even if you haven't come before.

Press Reporter.

TOWNS ARE AFTER A NATIONAL GUARD

Canyon, Plainview and Lubbock are competing to get the last National Guard company to be organized in this section. Men are seeking enlistments in all three towns. The town which gets 50 men enlisted first will get the company. Canyon needs that company. Let the young men of Canyon see that the officers selected are able to put it over.—Randall Co. News.

Texas Rhodes Scholar

C. W. Thomas, of La Grange, senior chemical engineering student of the A. & M. College of Texas, has been awarded the Rhodes Scholarship offered in Texas, over 22 other applicants from colleges in the state.

Mr. Thomas will go into residence at Oxford in October, 1922, and will have the privilege of remaining there 2 years. It is understood that his allowance will be \$1500 a year.

New Beef Feeding Pays Better Than Feeding Grain

An investigation into methods and costs of beef production in the Corn Belt, conducted by the United States Department of Agriculture, covering 3 years, and 996 farms, shows interesting facts concerning the present status of the industry. The man who feeds cattle is marketing his crops as he feeds them, and therefore is justified in expecting a return equivalent to average market prices for the feeds. Even if he sometimes falls short of such a return, he has not necessarily experienced a loss. The Corn Belt farmer who sells grain sometimes receives more for his crop than the one who feeds it to cattle, but on the average, for a period of years, except in certain limited areas, the man who puts the feed into steers and returns the manure to the land is the one who comes out ahead. The

conclusion is based on feeding in Iowa, Indiana, Illinois, Nebraska, and Missouri.

The figures which contain the results of this investigation, were obtained from a large number of farms and from several agricultural experiment stations in the Middle West. One phase of the work deals with the cost of maintaining a herd of breeding cows for producing feeder cattle. It was found that feed represented 69 per cent of the cost of keeping a cow for one year, while the

other 31 per cent was for interest, labor, equipment, and incidentals.

The railroad trip of Marshal Ferdinand Foch from New York City to Kansas City, as a guest of the American Legion, cost but \$1. John F. Cannon, general manager of the Missouri Pacific Railroad, said the \$1 would be split by his road with the Pennsylvania in order to comply with a ruling of the Interstate Commerce Commission.

RAILROAD FROM FORT WORTH
(Continued from Page One)

ward completing plans for the proposed rail line. Lubbock, Plainview and others are doing the same.

"Expressions of approval not only were contained in statements issued by representative business men of the several cities mentioned, but they also contained the request to the Fort Worth Chamber of Commerce and William M. Massie, its president, that the proposed meeting to determine future action looking to promotion of the project be held early in January.

"Pledges of co-operation and support have been offered Massie and Fort Worth. Within an hour after Fort Worth newspapers carrying the original announcement of Massie that a meeting would be held, fifty representatives of the Plainview Chamber of Commerce Board of City Development, the Rotary and Kiwanis Clubs met to discuss the question. Committees were named and work started.

"Other cities report similar action, several of them naming representatives to attend the meeting proposed for some West Texas city next month.

"Massie has not named the Fort Worth delegation, but will do so within the next few days. However, he has

announced that its personnel will be thoroughly representative of the biggest business interests here and will be designed to impress West Texas with the importance Fort Worth attaches to the project."

Make plans for your crops next spring. You may not be able to follow definitely the plans you make owing to the season, but the plans will be of much benefit to you. Look ahead and save time and labor.
