Two Amendments Pass In Final Count Timmons Forsees Additional Taxes

A light turnout of Texas voters passed only two of 10 proposed amendments at the polls November 8. Amendment seven, providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law and amendment eight, authorizing Legislature to provide for the creation and establishment of rural fire prevention districts, were the ones passed. The latter, although it strikes close to an old Deaf Smith issue, failed by a vote of 303 to 129. The former was also defeated 166 to 263.

Representative J. Blake Timmons, Amarillo, charged special interest and lobby groups will advocate sales and other tax levies "falling heaviest upon necessities of the average consumer," when the legislature meets in January in the Austin American after the election.

His statement credited defeat of most of the amendments, including the one for annual sessions and annual pay of legislators, to the activities of the natural resources and other groups. It bristled with the resentment expressed variously by legislators at what was termed an organized effort of the "GOP-Texas Regulars-Democrat coalition and its rich allies of the pipeline-petroleum-sulphur lobbies in Austin and elsewhere" to beat the amendments.

Timmons said the light vote on the amendment "played into the hands of an anti-Democratic coalition and its rich allies of the lobbies."

"While many sincere advocates of economy," Representative Timmons said, "opposed the forward looking constitutional amendments which were defeated by the small turnout of perhaps one out of twenty Tex-

ans, the fact remains that these special interests and many others got out the vote of practically all the reactionaries in the knowledge that the rank-and-file were either asleep or failed to pay poll taxes.

Timmons said that both the late Governor Beauford Jester and Governor Allan Shivers had promised to call a special session, if the annual session plan failed, "to rebuild and reform our decadent, long-neglected, 'snake-pit' asylums and other public buildings."

"Special interests and their mouthpieces," Timmons insisted, "will advocate sales and omnibus levies falling heaviest upon necessities of the average consumer as opposed to production and pipeline levies which the Roosevelt-Truman Federal Power Commission and the Texas Railroad Commission will surely require them to 'absorb' out of their swollen excess profits."

Grain Elevator Almost Finished

Room for 200,000 additional bushels of grain will be available for storage when Bradley Grain Company, Inc., elevators are completed. Eight tanks will be completed in three weeks with two more due for completion by next spring. Two tanks will be taking grain for storage by the latter part of this week. Tanks will be 40 feet high and 32 and one-half feet in diameter.

The corporation consists of farmers who have grain with no place to store it. Farmers incorporated to form a grain company of their own. It will be a commercial grain company, however. Chartered in the names of Jack Bradley, Taft McGee, and Howard Gault, the corporation has 10 members.

Hereford contractor W. D. Bartlett, Jr., in charge of construction, said hopes were that grain would be taken in by last Tuesday but high winds had prevented progress to that extent. He said Tuesday that grain would probably be taken in by the end of the week.

Rough estimate of the construction of the tanks run around \$80,000. The elevator is just east of town.

Fifth-Grader Breaks Leg Playing Football

Edwin Schroeter, 11-year-old son of A. J. Schroeter, broke his leg during afternoon recess at Central School Wednesday afternoon. He was rushing a passer during a football game when the accident occurred.

He was released from Deaf Smith County Hospital Wednesday after having his leg set and X-rayed and put into a cast. He is in the 5th grade at home now. He is in the 5th grade.

J. E. Moad, teacher at Central and coach of the football games said Edwin Schroeter broke the front bone of his leg in two places about two or three inches above the ankle. He said the boys play "touch" football as they have no equipment for the rougher tackle play. He added that it is hard to keep the youngsters' enthusiasm to the level of touch football.

Moad said this is the first accident of this kind reported at Central School.

SANTA CLAUS IS COMING TO TOWN A MONTH EARLY—Two weeks from Friday, on December 2, Santa Claus with real reindeer, Dancer, Prancer, Donder and Blitzen, pulling the sleigh, will be here for a pre-Christmas check on all boys and girls and their conduct during the last year. He will be here between the hours of 9:30 and 11 o'clock Friday morning. Santa will return at a later date to be designated by local merchants. However, all Christmas lights and decorations will be up by December 2. Merchants are reminded that if the Junior Chamber of Commerce finance committee hasn't called on them yet, they will soon.

Cotton Gin Goes On Full Schedule Gin Contracts With PMA At \$46.50

Hereford Cotton Gin is running 24 hours a day now as farmers are getting their cotton out of the fields and into the gin in a steady flow. Over 900 bales had been ginned yesterday morning.

Last year on the same day cotton ranged from 30.95 to 31 cents per pound at Dallas, Houston and Galveston, or \$8.50 to \$9.25 per bale higher than this year.

Domestic and export demand for spot cotton continued to be very good last week. Best demand was mostly for the better grades and staples.

Thursday's quotations on Middling 15/16 inch offerings ranged from 29.10 cents per pound at Dallas to 29.30 at Galveston.

Last year on the same day cotton ranged from 30.95 to 31 cents per pound at Dallas, Houston and Galveston, or \$8.50 to \$9.25 per bale higher than this year.

Domestic and export demand for spot cotton continued to be very good last week. Best demand was mostly for the better grades and staples.

Trading in spot cotton showed some increase in Oklahoma and Texas as last week compared with the previous week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Sales at the 10 spot markets reflected this increase with 414,000 bales sold last week compared with 367,000 the week before and 169,000 during the same week last year. Sales at Dallas alone accounted for 108,593 of the 414,000 bales sold at the 10 spot markets.

Prices went up and down within a narrow range of about five points between Monday and Thursday, Markets were closed Friday for Armistice Day.

Four Months Of Work Need On New Church

First Presbyterian Church Building Superintendent Ted Barnett said Wednesday, "if weather holds good for a while longer, Presbyterians will be having services in their new church at Sixth and Lee Streets by the latter part of March."

The roof should be on in its first stages within two and one-half weeks, Barnett said. This would be only the first slat but would serve as a weather guard. Masonry work should be finished in another week. The bricklayers have been working 18 days.

The new church when finished, will seat about 260 persons. It is estimated that it will cost \$70,000. This figure does not include fixtures. Only material shortage was stone. Delay of two and one-half months resulted when the stone was unobtainable.

America Franklin K. Mathews started National Book Week. He and Frederic G. Melcher created the idea of promoting good books for children through literature. Melcher is now editor of Publisher's Weekly.

Volume of children from preschool to eighth-grade level is tremendous. Mrs. Boydston said that there is now a bulletin board in the County library for the convenience of children. There has always been one for adults showing popular and new books on hand. Children never had one until now.

This year has been a good non-fiction year for Hereford Library. More and more interest is being taken in the more informative books. Why not — you have Menninger, Freud, Steinhilber and Leaf at your reach just over in the courthouse.

QUESTION of the WEEK

What types of book do you like best to read? Did you know this was National Book Week?

Mrs. H. D. Culpepper: I like the Bible best for reading. Otherwise, I don't read as many books as I read magazines. Favorite reading is Hereford Brand. Then I read the Ladies Home Journal, McCall's and other magazines. I didn't know this was National Book Week. I have been kinda' under the weather the last few weeks.

Mrs. Ben. W. Childers: I like plain fiction. I don't have any favorite author. I know that I don't like his. I read a lot of children's books to my 7-year-old daughter. I like to read but haven't had time to read a good book lately. I didn't know this was National Book Week.

Mrs. C. R. Lady: I like a good clean love story. I belong to a book club and I am very proud of it. In the club we get very good, clean books. I read lots in my husband's office some of the time so I don't have the time to read as much as I would like. Reading is my favorite form of recreation, though. I knew this was National Book Week.

Mrs. Woodrow W. Ireland: I just finished "Cattle Empire" which I enjoyed very much. I really love historical novels dealing with the settlement of various parts of the United States. I read "Black Hills," which is about the settlement of South Dakota, just before we went there about a month ago. Another book I am reading is "American Heartland" by Green Peyton. I get my books from Cokesbury's in Dallas. I don't belong to a book club but I sure enjoy reading. I have an excellent source of books, too.

Mrs. Albert Hunsley: I like to read most any kind of book. I like fiction and non-fiction. Lately, I have been reading pocket-editions of books made into movies. I either see the movie first and read the book or do it the other way around. I like to read medical books. I also read Readers Digest and Coronet. Coronet is my favorite magazine. I knew this week was National Book Week.

Mrs. E. J. Pepper: I am now reading "Of Human Destiny" which is very deep but very interesting. It is written by a French scientist and deals with science and religion. I like all types of books except mysteries and westerns. I don't belong to a book club. I read in the paper that this was National Book Week. I like historical novels, too.

Costs Of County Court Cases Go Up Five Bucks

Sheriff J. C. Reese reported one driving while intoxicated arrest this week along with the fact that it costs more to get fined than it used to.

C. C. Chamberlain plead guilty to D.W.I. charges and was fined \$129.30 Monday. Where costs on an ordinary case in county court formerly were \$23.30, plus a dollar on D. W. I. cases, they are now up \$5 because of a bill passed in the last legislature.

Harrison Highway Contract Let For \$419,614; 300 Days Of Work

Harrison Highway contract was let Monday morning in Austin to J. R. Fanning of Lubbock.

Fanning, low bidder on the Deaf Smith County Highway project, bid \$419,614.34 to build 36.357 miles of highway. This included grading, structures, flexible base and a double asphalt surface for farm roads.

The contract allowed for 300 working days which may possibly mean it will be completed for the latter part

of the 1950 wheat harvest. The bid averages \$11,541.50 per mile.

The pavement will connect at the western end with paving to Chavis, Tucumcari, San Jon and due west to Ragland. Blacktopping of the road clear to Santa Rosa is also in the contemplative stages.

Commissioners Court met Monday with members of the farm to market road committee of the Chamber of Commerce and decided to have a delegation, present at the November 29 meeting of the State Highway Commission hearing with regard to

the farm to market program. Main reason for this being a slight misunderstanding between the county and state highway department regarding state aid for the last 5 miles of the proposed 55 miles voted in with the \$500,000 bond issue in October.

Commissioners also washed their hands of the "controversial" mile on Wyche Highway, which was changed in a special session September 8, by leaving the location of that final mile to the discretion of the State Highway Department.

County Farmers Vote On Forming Conservation District Saturday

Deaf Smith County lands will stand a good chance to receive their share of improvements from \$5,000,000 recently voted by the legislature as a fund for Soil Conservation Act to standard districts in Texas if the proposed creation of Tierra Blanca Soil Conservation District meets the approval of voters Saturday. One of the provisions of the legislative act is that the land must lie in one of the standard districts set up by the act.

The election, if carried, Saturday, will make Deaf Smith County a standard district of Texas and, thus, eligible for state aid.

Passage of the Tierra Blanca Soil Conservation District law will not invalidate the Wind Erosion Districts law passed in 1936 for the benefit of Deaf Smith and 14 other Panhandle counties. This law gave County Commissioners' court power to make farmers and land owners keep their lands in good shape so as to prevent wind erosion to other lands from their own. Under the Wind Erosion District law in 1936 the County Court could notify the farm-

er that his land was blowing away and injuring lands bordering his. If the farmer didn't take action to prevent this damage the county could step in within 10 days and do the work. Charges for the work would be added to taxes on the land worked on.

Law Still Applies This Wind Erosion Law still applies to Deaf Smith and there is no indication that it will be nullified. The county can still police the lands to insure proper care on the part of the owners and to insure protection of all other owners.

In 1938 Texas Legislature passed the Standard Soil Conservation Act. This act gave any county or given district power to organize a standard Soil Conservation District.

At the time there seemed little need for Deaf Smith County to organize under the law. It already had a Wind Erosion law.

Now with the new grant passed by the legislature Deaf Smith must or-

ganize to receive additional State Aid.

Since the creation of Tierra Blanca Soil Conservation District will not rub out the Wind Erosion law, Deaf Smith will have two districts, both being able to operate, if the Saturday's election is passed.

Must Be Land Owner Election hours are from 7 a. m. to 7 p. m. at any one of nine voting precincts. To be eligible, voters must be 21 years or older. They must reside within the county. They must own land within the county, any part of which is included in the said territory of Deaf Smith County.

If passed, the voters will create the Tierra Blanca Soil Conservation District as a governmental subdivision and public body, corporate and politic, under the provisions of the Soil Conservation Law of Texas.

Voting divisions and polling places for the election are as follows: Voting Box No. 1—Hereford, Texas. Hereford Precincts 1 and 2. Voting Box No. 2—Roe Residence, Texas. Roe Precinct 3. Voting Box No. 3—Cord Hammock Res., Texas. Precinct 4. Voting Box No. 4—Fairview, Precinct 5. Voting Box No. 5—Ford School, Texas. Precinct 6. Voting Box No. 6—Dawn School, Texas. Precinct No. 7. Voting Box No. 7—Messenger, Texas. Precinct 8. Voting Box No. 8—Bippus School, Texas. Precinct 9. Voting Box No. 9—Daniel School, Texas. Precinct 10.

Mail Out Ballots For PMA Election

The County Production and Marketing Administration office said Wednesday that ballots are on their way to 1,500 farmers and their wives in Deaf Smith County who are eligible to participate in the election of community PMA farmer-committeemen for the coming year.

Names printed on the ballots are those selected by nominating committees of prominent farmers. The county PMA office points out, however, that voters have the option of "writing in" the name of any other eligible candidate for whom they may wish to vote.

To be elected are three members and two alternates to the county PMA Committee. Election will be by plurality vote.

Voters will have until midnight, November 23, 1949 to mail their ballots back to the county PMA office, but the county PMA committee is advising farmers to get them in the return mail "just in case they forget." Ballots may also be deposited in person at the county office in Hereford, or taken to the polling place in the community on election day.

Steel Shortage Still Holding Back Baptist Educational Building

Work on First Baptist Church Educational Building has come to a standstill because of a steel shortage. Rev. R. H. Cagle said Wednesday that he has been notified that the steel has been shipped but hasn't received any other word. Shortage has caused about a four-week delay.

Meanwhile, Rev. Cagle said work would begin on a concrete walk and landscaping. Brick work is finished on the new structure and they are ready to lay the cement floor. Laying of the floor won't begin until the roof is finished. Roof can't be finished because of failure to receive necessary steel parts.

Rev. Cagle said that, once the roof was on, everything would be set to finish. Windows are ready to be put in and the whole building could be enclosed for work in any type of weather.

The \$90,000 addition, which is to be called Conkright Memorial Educational Building will house the offices, pastor's study, educational division and the Alex. Thompson Memorial Library in addition to primary departments and Sunday school classes and a recreation hall. The building will feature the new type radiant heating with automatic controls. It will be furnished by donations and money raised through drives.

Wm. Garret Injured Seriously In Wreck On Ranch Tuesday

Condition of William H. Garret, 67, remained critical in Deaf Smith County Hospital Wednesday where he was in an oxygen tent following treatment of internal body and head injuries received when the truck he was driving turned over on Lee Coccoanougher's ranch late Tuesday.

Garret had been working for Coccoanougher since Tuesday morning. Garret turned the truck over when he failed to make a curve on a freshly-graded road. He had been to a field on the ranch and was returning to the house.

Dr. C. E. Rush, Garret's physician, said Wednesday he was not completely out of danger but his condition was improved over Tuesday night. Children of Garret in California and Texas were notified of the accident immediately and it is reported the yare on their way to Hereford.

Garret lived at the Gene Williams place which he bought last winter. He had farmed near Black and Friona in 1946. He then went to California for two years. He has been in Hereford for the past year. He lives with his wife and two children.

Vets Have Priority On FHA Loan Set-Up

Veteran's Service Officer Ralph Smith said today that Veterans have priority on Housing Act of 1949 which authorizes the Farmers Home Administration to provide loans and grants for construction and repair of farm dwellings and other farm buildings. Smith attended a meeting in Amarillo Thursday in which the Act was discussed. Full details of the Act can be obtained from Smith at his Courthouse office.

Smith said a good aspect of the new law is that it permits the small land owner to improve three or four acres just outside the city with the same benefits as large land owners and regular farmers far from towns receive.

To be eligible for a housing loan the applicant must be a farm owner and be unable to get a loan elsewhere and lack the necessary capital to make needed improvements. Tenant or farm laborers are not eligible but an owner may borrow money to build or repair houses and other buildings for his tenants.

Smith urged all people concerned, especially veterans, to contact him for additional details of this new law.

Along with a subscription renewal from Lucille Hicks Burnside of Santa Maria, Calif., comes word that her mother, Mrs. W. E. Hicks, an old time Hereford resident who still calls Hereford "home," is at Scott-White hospital in Temple, convalescing from surgery performed October 13.

Ex-Texas Tech students are reminded of the meeting in the County Courthouse tonight at 7:30 o'clock. An Ex-students Association chapter will be formed, and a short motion picture of the campus will be shown by D. M. McElroy, executive secretary of the Association from Lubbock.

Jaycee-Ettes will hold a bake sale Saturday at Cordell Motor Company. The Mary Palmer Group of the Presbyterian Church has a Bazaar and bake sale scheduled the following week end, Dec. 3.

Hereford Whitefaces weren't the only ones to suffer from Friday's big wind. Imogene Whitehead had both the doors on her car runned by the wind. She said damage might run to \$100. Said she couldn't even walk in the gale. She had to hold on to fences and trees to stand up. This was at home, 25 miles Northeast of Hereford.

Onias Carroll, city water superintendent and his assistant Billy Jackson, attended the annual meeting of the West Texas Water and Sewer Association in Plainview Tuesday. Cities from all over the Panhandle were represented.

Earl Phillips is still on a Highway 60 business trip somewhere between here and California. His wife and Mrs. W. B. Amaker, secretary of the Panhandle Club of American Auto Association from Amarillo, are accompanying him.

Hereford Motor company puts the new 1950 Ford on display Friday, production and transportation permitting. Improved performance is the big item in this latest model. They say it is the quietest and smoothest running engine Ford has ever produced.

PMA is handling about 30 grain sorghum loans a day now. They totaled 113 Tuesday and were running about 2 hours behind on them. They also got one crew started on measuring wheat acreage for allotment checks in the west part of the county. A couple of more will start by next week.

Scout Leader Roundtable will be held at the Scout Hut tonight at 7:30 o'clock.

NATIONAL BOOK WEEK

Every Week Is Book Week In Deaf Smith When You See How Many Readers Use The Library

By JOHN SCOTT Hereford is an intelligent town. It needs no informing that this week is National Book Week. Every week at least 14 people in Hereford make it their own book week by becoming a new user and reader of books of Deaf Smith County's Library. These figures are from Librarian, Mrs. J. J. Boydston. She says that on the average of two people every day come in and get library cards to become additional readers.

That crowded little room over in the courthouse has over 12,000 books. All are for the free use of Deaf Smith County readers. Every day, if more than 100 books aren't checked out, Mrs. Boydston and Assistant Corinne Jennings are disappointed. They get 80 magazines, Hereford Brand, New York Times and the Amarillo papers in addition to their wide range of books.

Most of the people of Hereford like books on psychology and history. Mysteries and Zane Grey get a lot of readers, also. Most of the mystery readers are escape readers who are either trying to routinize or get away from routine. Mothers read and try to apply psychology to themselves or their children.

Promotes Good Books Chief Librarian of Boy Scouts of America

The Weather

Temperature readings for Sunday through Wednesday taken at 8 o'clock each morning. Sunday—High 64, low 32. Monday—High 70, low 38. Tuesday—High 60, low 34. Wednesday—High 56, low 29. Total moisture for November—2.1. Total moisture for 1949—28.05.

Cattle Feeding Experiment Results Are Announced From Field Station

The results of recently completed cattle feeding experiments at the Big Spring Field Station should be of interest to cattle feeders in West Texas. The 1948-49 experiments were a continuation of the research work that has been underway at the Station for several years and was a study of the influence of mineral supplements in grain sorghum rations for fattening steer calves.

J. M. Jones, professor of animal husbandry, Texas Agricultural Experiment Station, N. R. Ellis and W. L. Black (deceased) both of the USDA Bureau of Animal Industry, and F. E. Keating, superintendent of the Big Spring Field Station, conducted the research work.

Six lots of steers, with 6 steers to the lot, were used in the experiments and were fed similar rations for 182 days. Lot one received no mineral supplement and was the check or control group and the other five groups received varying amounts of mineral supplements—bone meal and limestone flour.

The best performing group was the one that received 200 grams of bone meal per head per day as a supplement to their ration of ground threshed milo, cottonseed meal, sun-dried sorghum silage and salt. This was

the same ration that was fed to all lots. This lot had the highest daily gain, the lowest feed cost-per hundred pounds gain and the best net return per head when they were sold, says Jones.

Normally sorghum silage contains enough carotene to take care of the vitamin A requirements but the silage used in these tests was low in carotene due to the drouthy conditions and the late harvests that prevailed in the Big Spring area in 1947 and 1948. A number of the steers developed marked symptoms of vitamin A deficiency during the latter part of the feeding period but recovered after three treatments of 2 ounces per head of a commercial cod liver oil containing 2,000 units of vitamin A per gram was administered. Jones recommends the feeding of good alfalfa hay or the cod liver oil treatment for steers that are being fed on silage or roughage from sorghum crops that were produced under drouthy conditions and harvested late.

None of the steers in the 1948-49 feeding test at any time displayed any outward symptoms of urinary calculi trouble.

Jones says that the results of the feeding tests at Big Spring over a

period of years indicate that the feeding of 200 grams of bone meal per head per day as a good practice for feeders to follow. It tends to hold down the urinary calculi trouble, cattle make slightly higher gains and have a better finish than those not getting the bone meal supplement. The increased income per animal will more than pay for the cost of the bone meal, says Jones and the other benefits go in for good measure.

Jolly Workers Meet In John Hacker Home

Jolly Workers Club was entertained in the home of Mrs. John Hacker Thursday afternoon when plans were made for the annual Thanksgiving dinner party honoring husbands of members. The party date is November 16 at the home of Mrs. Charlie Calloway.

Mrs. Roy Boyd won the penny gift and Sunshine Friend gifts were opened. Mrs. Hacker displayed crocheted pieces, fruits of a long-time hobby.

Refreshments were served to Mesdames Neill Young, J. S. Matthews, Arthur Tinsley, Charlie Calloway, Roy Boyd, Franklin Miller, John Draper, Roy Thompson, John Huff, C. L. Morris, John Schneider and the hostess.

Mr. and Mrs. Glen S. Parker, Glenda Ann and Sammy of Alva, Okla., visited his parents, Mr. and Mrs. George S. Parker and other relatives and friends in Hereford over the Armistice Day holidays. They attended the National Square Dance Contests and Festival in Amarillo, accompanied by Mr. and Mrs. Frank Gyles, Sr. Parker, a former Hereford resident is a square dance caller and instructor and has a five piece Western Swing Band.

Excluding the Presidents who were assassinated, three U. S. Presidents have died in office.

HE'S JUST A LITTLE FELLER—This Mexican eagle, captured near Dallas, is only half grown, although his wings are more than six feet from tip to tip. He is held by Gus Story, farm hand, who wounded the bird with a shot. The captive was taken to an animal hospital for treatment arranged by Dick Burnett, owner of the Dallas Eagles of the Texas baseball league. The eagle will become the team's mascot. Burnett said he would build a permanent home for the bird in front of the ball park. (AP Photo)

Don't Spend Thanksgiving In Kitchen Plan And Prepare Your Dinner Early

The wise homemaker is already planning and preparing the Thanksgiving dinner, and by doing many of the jobs early she will be able to spend the day with the family and friends. Louise Mason, extension foods and nutrition specialist of Texas A&M College, says the home freezer certainly comes in handy on occasions like Thanksgiving.

For the Thanksgiving dinner Miss Mason recommends a traditional meal: roast turkey with stuffing; giblet gravy and cranberry sauce; mashed potatoes; creamed onions with toasted peanuts; celery-peach pickles; string beans; hot rolls-butter, pumpkin-pie-whipped cream and coffee.

The turkey can be dressed and stuffed several days ahead of time, wrapped and placed in the home freezer. The pumpkin pies can be baked and stored in the freezer. The fresh vegetables can be washed and

sorted and held in the refrigerator. The cranberry sauce can be made early and the yeast-dough can be prepared ahead of time and stored in the freezer. This advanced preparation will certainly lessen the hustle and-bustle of preparing the meal, says Miss Mason.

Other members of the family can help prepare and arrange the table decorations; see that the silver is in order and can bring the canned goods from the pantry or cellar. For after all, says Miss Mason, the Thanksgiving dinner should be a family affair.

Miss Mason says the turkey may be roasted with or without a stuffing. The skin should be well greased to hold the moisture in and, the grease can be applied with a folded cloth dipped in melted fat. She says to place the bird breast down on a rack in a shallow open pan; cover with the cloth moistened with fat and be sure the sides and top of the turkey are well covered. No basting is necessary and it is now ready for roasting.

An eight to ten pound turkey should be cooked for about three and one-half hours in an oven at not more than 325 degrees. Larger birds require longer cooking time, and 30 minutes per pound is the generally recommended cooking time for the larger birds. If low heat is used, says Miss Mason, there is less shrinkage.

the drippings are not burned. The drippings are needed for making the giblet gravy.

Now with a minimum of effort, and if advanced preparations have been made, on Thanksgiving morning the dinner can be ready on time and mother can come out of the kitchen and enjoy the day with the family and friends.

Explorers Post 50 Camps In Palo Duro

Alton Brock, Larry Slaughter, William Rice, Kenneth Brock and Tommy Culpepper, members of Boy Scout Explorer Post 50 camped out in Palo Duro Saturday night, with scoutmaster Urlin Stireu accompanying them. Highlight of the trip was reported to be a "coyote chorus" from about

10 o'clock Saturday night to dawn the next morning.

The trip is the first of a series of outdoor activities planned by the Post for each month, according to Stireu.

The boys had a show party a week ago instead of their regular Monday meeting and saw "She Wore A Yellow Ribbon."

Bob Wear Talks To Dawn Study Club

"Since the home is the basic unit of our social structure; the dwelling place of the family; and the foundation of our civilization we must work to make it strong," said Bob Wear in his address Tuesday night to the members of the Dawn Study Club and their husbands who were guests at a banquet honoring them.

Mr. Wear spoke at length on some of the problems which are demanding a solution. He said, "There is a general attitude of indifference in the thinking and conduct of most people. We live most of our days in a state of lethargy, unmindful of our blessings and the dangers which threaten them. It is in the home that we must begin to correct this condition. We must be a well informed people if we expect to survive as a free people. We must inform our children in at least two things, namely, the fundamental principles of Christianity, and the fundamentals of Americanism."

The speaker continued, "It has been well said, 'As the homes go so goes the nation.' Our way of life is being threatened by communism, socialism and the movement to unite church and state. All of these are contrary to Americanism. If we work to make our homes what they should be these things will fail. They will

fail because the adherents to these un-American ideologies will not find sufficient soil in which to sow the seeds which produce these 'isms'.
"We must become a well informed people, and be courageous to the point of being intolerant of all that is contrary to the way we know and go to love. To accomplish this we must go into the home, because when the home is right the nation will be right."

Miss Margie Lou Carney To Marry November 26

Mr. and Mrs. C. E. Carney of Hereford have announced the engagement and approaching marriage of their daughter, Margie Lou, to Robert Van Vleet of Oakland, Calif. The wedding will take place November 26 at Saint Elizabeth Church in Oakland.

Miss Carney is a Registered Nurse at Veteran's Hospital in Oakland. She graduated from nurse's training in Amarillo in 1947. She is also a graduate of Groom High School.

Fertilizer supplies for the coming year are expected to be considerably higher than for the past year but to be on the safe side farmers are urged to make their purchases early. This will aid in solving the transportation problem.

Research workers of the Rhode Island Experiment Station have found the penetrating seal finish for floors is the most satisfactory method to use for re-finishing floors. It is easier to apply, floors can be used sooner and it retains its finish better under heavy usage.

Fog indicates approaching fair weather.

HARVEST TIME

Anybody want to pitch hay with Jane Allyson? The glamorous MGM film star has shed her fashionable costumes for the moment and donned a comfortable outfit of cotton denim pants and a checked shirt to help in the harvest.

Selective Service Says 1,357 Texans Could Go In With 10-Day Notice

A total of 10,558 men of draft age were classified and 5,420 18-year-olds were registered by the state's 137 Selective Service boards during October, according to information received by Mrs. A. Petersen at the local board.

Mrs. Petersen, commenting on the state of readiness of the state selective service system to deliver men in case of emergency, said that reports showed 1,357 men could be inducted after 10-day notice.

Reports show that Texas has a pool of nearly 42,000 men who could be sent out for armed forces physical examinations prior to the legal induction process.

"This group of men could be sent for armed forces mental and physical examinations as fast as the armed forces could handle them," Colonel Wakefield, State Director, said. "These are the men which our local boards say are fit for military service."

The local board reports showed that Texans had registered 514,594 men under the provisions of the Selective Service Act of 1948 by the end of October. At the same time the local board members had classified 336,161 of these men.

The reports revealed the following classification status:

Available for military service, members of the armed forces, members of reserve components and students taking military training (Class I), 53,629; deferred because of occupational status (Class II), 2,727; deferred because of dependency (Class III), 37,869; deferred specifically by law or because unfit for military service (Class IV), 184,220; over the age of liability for military service (Class V), 57,716; total classified, 336,161.

SUMMERFIELD NEWS

64 Attend New Study Course

By BOBBIE WALSER

Attending church Sunday morning were 71. Attending Sunday night were 69. Our study course started Monday night with 64 attending. Teachers from Avenue Baptist Church are teaching different books to the different Unions. Story Hour Mrs. Fields, Junior, Mrs. Langlanders, Intermediate, Mrs. Benson; Young People, Rev. Fields and Adult, Mr. Hudson. We're carrying this study course Monday, Tuesday and

Wednesday. Then Monday and Tuesday of next week.

A group of women in this community started the Hobby Club. Mrs. D. C. Walser was chosen as president. Mrs. T. H. Lockinbill, vice-president, and Mrs. Stan Barrett, treasurer. The first project for the club was the Ceramic Art directed by Mrs. R. C. Childers. The meetings are held weekly at the community house. Other projects will be taken up later on.

Mr. and Mrs. Earl Lance, Sr. attended the funeral of the infant son of Mr. and Mrs. William H. Allbright in Amarillo, Mrs. Allbright is Mrs. Lance's nephew.

Sandra Nell Wright spent the week end in Dismitt visiting rela-

tives.

Earl Lance, Jr. had a slight accident last Tuesday on his combine. He got his foot caught in the cylinder of the combine. He is recovering.

Hospital Notes

Patients discharged from hospital: Mickey Noland, med.; Mrs. L. E. Edwards, O. B.; Jeanette Richards, surg.; A. J. O'Rear, med.; Elbert Kessler, med.; Edgar Wakefield, med.; A. P. O'Leary, emerg.; Mrs. Earl Lowry, O. B.; H. E. Baize, med.; Mrs. J. E. Hendricks, emerg.; Terry Lee Kinsinger, med.; Sandra Harper, surg.; Jack Lowry, med.; Sally Benson, surg.; Nora Ramey, med.; Mrs. W. C.

Flack, med.; J. P. Moon, surg.; Mrs. J. W. McGee, surg.; Mrs. Eugene McGee, med.; Mrs. Charles A. Stewart, O. B.; Betty Lou Ford, med.

Patients in Hospital: Mrs. C. A. R. Amos, med.; Mrs. Don L. Smith, med.; Earl James, Jr., med.; C. M. Gallagher, med.; Mrs. Morlin Gaul, med.; Ann Wjgert, med.; Mrs. Al Smith, surg.; Ralph Valdez, med.; Mrs. Homer G. Field, surg.; Linda Rae Burton, appt.; Claudia Lewis, med.; Mrs. R. L. Dowell, Jr., med.; Mrs. J. H. Albracht, surg.; Penny Bird, med.; Mrs. T. L. Sullins, med.; Mrs. Ann Bell, med.; A. A. McMillan, med.; Mrs. E. H. Bishop, O. B.; Mrs. Delbert Bainum, O. B.; Mrs. Mary Acker, med.; Mrs. Alfred Kopp,

med.; Mrs. Fred Colett, med.; Edwin Schroeter, appt.; William H. Carroll, emerg.; J. W. Sirkol, med.; Born to Mr. and Mrs. J. H. Albracht, a son, Terry Wayne; Mr. and Mrs. Delbert Bainum, a son, Doyle Craig; Mr. and Mrs. Charles A. Stewart, a daughter, Margie Yvonne.

Tom and Bill Heyward and Jim Terry took their stacks along on a trip to Dallas the first of the week. Jim planned to look over the 1950 model clubs from Wilson, Hagen, Winter-Dobson and Art Coker, and also replenish his stock here.

Women are not eligible for Rhodes Scholarships.

THIRSTY KERCHIEF

This peppermint striped kerchief serves a dual purpose. Besides being a colorful chapeau, it is a hair dryer. Action of chemicals inside the cotton kerchief gives hair a rapid drying treatment. The thirsty kerchief permits milady to go out when her hair is damp or rolled in curls. This practical bit of headgear was designed by fashion expert Lily Dache.

AUTHOR TAKES NEW JOB—James Hilton, noted American author, had to rush out to his Los Angeles home from a broadcast to take up his new role as "godfather" to six playful and loved ones who arrived smack in the middle of Mr. Hilton's radio stint. The author took time out to greet the new arrivals one by one.

Blake, and Pauline Reed, and the unknown heirs and legal representatives of each or either of them if they or either of them be deceased, and the husbands of each or either of them if they be married, and if such husbands be deceased, the unknown heirs and legal representatives of such husbands; H. L. Thompson; and the unknown heirs and legal representatives of H. L. Thompson, deceased. Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, at Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after expiration of forty-two days from the date of the issuance of this citation, same being the 12 day of December A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 24 day of October A. D. 1949, in this cause, numbered 3197 on the docket of said court and styled Deaf Smith County Electric Cooperative, Inc., Plaintiff, vs. John F. Wilkinson, et al. Defendants.

A brief statement of the nature of this suit is as follows, to-wit: For the title to and possession of the following described land located in Deaf Smith County, Texas, to-wit: All of Lots Nos. 8, 9, 10, 11 and

12, in Block No. 1 of Burk's Subdivision of Block No. 17, Mabry Addition to the Town of Hereford, Deaf Smith County, Texas;

and for cancellation of all claims on the part of the defendants, each or either of them, to said land as clouds on plaintiff's title; and for judgement for such title based upon the five and ten year statutes of adverse possession and limitation of the State of Texas under allegations of continuous, peaceable possession, use, occupancy and enjoyment of said land under claim of the fee simple title thereto for over a period of ten years, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 24 day of October A. D. 1949.

Attest:
R. L. THOMPSON Clerk,
District Court, Deaf Smith County, Texas
By LONIDENE EDMONSON Deputy.

(SEAL) 43-4c

Treat. from New Mexico State Line to SH 61 in Hereford on Highway No. FM 1658, covered by s 1309 (1), in Deaf Smith County, will be received at the Highway Department, Austin, until 9:00 A. M., Nov. 14, 1949, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman" or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of W. V. York, Resident Engineer Hereford, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Crowding Hens Is Not Profitable

The poultryman who sells his extra pullets rather than overcrowd the laying house will be money ahead, says W. J. Moore, associate extension poultry husbandman of Texas A&M College.

Too many hens in the laying house can cause plenty of trouble during the winter season, because ventilation systems may be ineffective when the house is overcrowded, says Moore. The result is too much moisture in the air, damp litter and wet walls and generally unhealthy conditions. The birds are more likely to be troubled with diseases and thus a reduction in the eggs produced.

According to Moore there is a definite relationship between the floor space provided and potential egg production. He says that three to four square feet of floor-space should be allowed for each bird in a well equipped house. If there is overcrowding, sufficient feeding space will not be available and the hens cannot get enough feed to produce at maximum levels. Moore recommends at least six inches of feeder space per hen.

He says there should be at least one nest for every five hens in the house and cautions poultrymen to be sure and supply plenty of good

fresh, clean drinking water for the hens. When the weather is cold, it is a good idea, says Moore, to warm the water before it is given to the hens. You can figure that 100 hens will drink about 600 gallons of water per day. Moore says if the little items in poultry management are observed and taken care of the hens will respond by producing during the season when egg prices are high.

Mrs. J. K. Baker is in an Amarillo Osteopathic Hospital for treatment. She was admitted Tuesday.

PERSONALS

Raymond and Sonnie Jones, Bill Deel, Helen Hanegan and Ruth Payne visited Palo Duro Canyon state park last week end.

Mrs. W. D. Jones and little daughter were in Lubbock Wednesday for medical check-ups.

D. C. Kinsey made a business trip to Oklahoma City the first part of the week.

Miss Virginia Lyons, student at SMU, arrived home Wednesday to spend a few days with her parents. Mr. and Mrs. F. P. Lyons before joining a group of former Stephens College students to spend the Thanksgiving holidays at the Columbia, Mo. college.

Rev. and Mrs. Orien Carter of Pampa were guests of her parents, Mr. and Mrs. D. H. Bryant here Tuesday and Wednesday. Dr. R. R. Willis who is attending a surgery school in New York was in Hereford on business this week end. He got here Saturday night and left Monday night.

Mr. and Mrs. Herman Harris of Sanger will arrive today for a visit in the home of Mr. and Mrs. C. E. Sheppard.

Dr. J. W. Hendrix and Lama Beavers returned Thursday morning from a hunting trip near Luna, N.M. Lama got his deer.

Blake, and Pauline Reed, and the unknown heirs and legal representatives of each or either of them if they or either of them be deceased, and the husbands of each or either of them if they be married, and if such husbands be deceased, the unknown heirs and legal representatives of such husbands; H. L. Thompson; and the unknown heirs and legal representatives of H. L. Thompson, deceased. Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, at Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after expiration of forty-two days from the date of the issuance of this citation, same being the 12 day of December A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 24 day of October A. D. 1949, in this cause, numbered 3197 on the docket of said court and styled Deaf Smith County Electric Cooperative, Inc., Plaintiff, vs. John F. Wilkinson, et al. Defendants.

A brief statement of the nature of this suit is as follows, to-wit: For the title to and possession of the following described land located in Deaf Smith County, Texas, to-wit: All of Lots Nos. 8, 9, 10, 11 and

12, in Block No. 1 of Burk's Subdivision of Block No. 17, Mabry Addition to the Town of Hereford, Deaf Smith County, Texas;

and for cancellation of all claims on the part of the defendants, each or either of them, to said land as clouds on plaintiff's title; and for judgement for such title based upon the five and ten year statutes of adverse possession and limitation of the State of Texas under allegations of continuous, peaceable possession, use, occupancy and enjoyment of said land under claim of the fee simple title thereto for over a period of ten years, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 24 day of October A. D. 1949.

Attest:
R. L. THOMPSON Clerk,
District Court, Deaf Smith County, Texas
By LONIDENE EDMONSON Deputy.

(SEAL) 43-4c

J. A. PITMAN,
JAMES W. WITHERSPOON,
Directors.

the way to Dallas to get her latest books. Another reads in the local shelves after she has seen the month version of the book.

A surprising number of readers take advantage of the two-bit pocket edition of novels. The small unbridged books are printed for the people who either can't afford or who don't want to be bothered by regular editions. Small editions account for a surprising public trend to classics.

Reads For Pleasure

It's getting to where every woman's club in Hereford is "reviewing" something or other in the way of books. A school teacher in Hereford reads five detective mysteries every week. He escapes from pressing worries and routine. He said he

could read a mystery and lay it down immediately, forgetting it. On the other hand, he said anything "any deeper" he would read about it. As said women read to get to another world they wait that 99 per cent of them are frustrated and that they seek books as a medium to realize their ambitions.

But no matter what the cause, Hereford has all the readers. They read on everything. Books have told them atomic secrets. Books have analyzed the maladjusted. Books have shooed their worries away.

No, you don't need to tell Hereford this is National Book Week. They know it. Every week is book week for Hereford.

Youngster Believes In Starting Early With The Real McCoy

A four-year-old "Boy Roberts" has a burning ambition to lead goals in the Cotton Bowl next New Year's Day.

Roy's real name is Harris Cox, Jr., son of Baylor University students from Houston. He picked up his football from the movies. He had a distinction, as of the passer, that of being Baylor's fifth cover leader.

Baylor students elected four of their number as the leaders of their pep section, and were surprised some

time ago when a half-dozen youngsters with a 141-0 record, who captured an athletic man. The youngsters were the Baylor University football team. They were the first to win the Cotton Bowl in 1948.

But those are the elected cheerleaders. It started when the youngsters wanted to see his parents' rooming house was to Green House, where they live. He saw Red's megaphone and asked what it was. Red demonstrated, and Cox begged for it. But the big one was too much for him to handle.

Next pep rally, though, found the youngster all dressed up in a full cheer leader's costume, courtesy of the Baylor Book Store. And he had also the miniature megaphone. He imitated his buddies perfectly.

JAYCEE'S MEET MONDAY

The Jaycees planned a luncheon which will be held in the original building, Saturday, November 19, beginning at 11 o'clock. At a meeting held in the E.S.A. Sorority Club Monday night funds from the sale will aid the Jaycee Christmas Light project.

A called meeting was announced for Monday evening at 8 o'clock in the home of Mrs. T. J. Clay, 504 E. Third Street.

Mrs. A. M. Jones is in Mineral Wells this week attending a state convention held by the Woman's Group of the Christian Church. Mrs. Jones is president of the Woman's Council of the First Christian Church at Hereford.

Golden MARMALADE CAKE
Quick method recipe

Sift together into a large bowl:
2 1/2 cups sifted cake flour
3 tsp. double-action baking powder (4 tsp. single-action)
1 cup sugar
1 tsp. salt
Add:
1/2 cup Snowdrift (Emulsified, quick-blending)
3/4 cup milk

Mix enough to dampen flour. Beat 2 minutes. If by hand, count beating time only. With electric mixer, use "low speed." Scrape bowl often; scrape beaters after 2 minutes.

Add:
2 eggs
1 tsp. lemon juice
1/2 cup orange marmalade

Beat 1 minute for Snowdrift-smooth batter. Pour into 2 greased 8" layer pans lined with plain paper. Bake in moderate oven (375° F.) about 23 minutes. Cool; fill and top with—

MARMALADE ICING: Cream 2 tbsp. Snowdrift and 2 tbsp. butter together. Add 2 eggs sifted and 1/2 cup orange marmalade and 1/4 cup lemon juice all at once. Beat until spreading consistency. Frost cake. Decorate top with 1/2 cup orange marmalade. (If marmalade is too stiff, add a few drops of water.)

NORTHWEST HEREFORD NEWS

Mrs. Fred Wolfington Is Hostess To Cultural Home Demonstration

By MRS. GRADY PARSONS
Cultural Home Demonstration club met Thursday for its regular meeting in the home of Mrs. Fred Wolfington.
For recreation Mrs. Earl DeHart led in a pantomime on songs.
"A place where I could use a hand made rug" was answered for roll call by the following members, Mesdames R. N. Cook, J. T. Finley, R. C. Childers, E. W. Hobson, Grady Parsons, George S. Parker, Louie Olson, Earl DeHart, Wayne Johnson, A. F. Hargett and Fred Wolfington.
Mrs. R. N. Cook conducted a short business period.
Mrs. R. C. Childers, president for the coming year, appointed Mrs. J. T. Finley Finance Chairman.
Plans were made for the Christmas Party to be held in the home of Mrs. Louie Olson with Workers 4-H Girls as guests.
Mrs. Hargett and Mrs. Wolfington gave a demonstration on tufted and

needle-point rugs.
Next meeting will be in the J. T. Richardson home November 25.
Mrs. Grady Parsons was hostess Tuesday-a-week-ago for a luncheon at 12:30. Glass Etching was theme of luncheon. Attending were Mesdames Pat Robinson, J. T. Richardson, Louie Olson, George S. Parker, and J. M. Jordan. In the afternoon Mesdames George L. Olson, H. M. Richardson and Ira Scott attended. There were sets of glasses etched.
Visitors in the R. C. Childers home over the week end were Mr. and Mrs. J. H. Babcock from Sundown.
Millard Finley is visiting in Rochester, Washington with a brother, Glen Finley and family.
Mr. and Mrs. Martin visited in the R. N. Cook home Sunday.
Mr. and Mrs. Fred Wolfington met sister and family, Mr. and Mrs. Jim Mayfield from Erick, Oklahoma recently.
Mrs. Wayne Johnson, Mrs. B. F. Babcock and Mrs. Ivan Block went to Amarillo Tuesday morning to visit Mrs. Lowell Witt in Washington Center Hospital.
Mrs. J. A. Pool has returned to Hereford to spend the winter with her daughter, Mrs. Grady Parsons.
Mr. and Mrs. Jim Shirley and Mr. and Mrs. Louis Shirley visited in the Fred Wolfington home recently.
Visiting in the R. N. Cook home Sunday were Mrs. Gladys Dixon and children and Mr. and Mrs. Christine of Canyon.
Mr. and Mrs. C. S. Barely visited in the home of her parents, Mr. and Mrs. R. C. Childers Sunday.
Mr. and Mrs. Earl DeHart called in the R. N. Cook home Sunday afternoon a week ago.
The A. F. Hargett family were dinner guests of the Fred Wolfington's Sunday a week ago.
Raymond Childers, Jr. attended the first concert of the season Monday night.
Wayne Johnson and B. F. Block went to Wichita Falls last week on business.
Visitors over the week end in the Grady Parsons home were her sisters, Mrs. R. C. Cannon, Clarendon,

Coffee and Pumpkin Blend in This Holiday Dessert

WHEN everyone has had his fill of roast turkey, when the dressing and cranberry sauce and the rest of the fixin's have each played their role at Thanksgiving Dinner, clear the board for pumpkin pie and coffee! And here is a fine suggestion for a pumpkin pie that is light as thistle-down, toothsome enough to hold its own on the year's all-star menu.
The flavors of pumpkin and coffee have a real affinity for each other, and combined with spices, they form a perfect blend in this delicate, fluffy pie. Somehow, coffee-pumpkin chiffon pie is the perfect light dessert for an extra-filling dinner.
Of course, you'll need plenty of fresh, fragrant coffee to top off the feast. This is the day to use your best coffee-pot, your prettiest cups. Then, when the pie plates are empty, fill up the cups again while you sit back and sigh with satisfaction!

Coffee-Pumpkin Chiffon Pie.
3 eggs, separated 1 envelope unflavored gelatin
1/2 cup sugar 1/4 cup cold double-strength coffee
1/2 cup canned pumpkin 1 3-inch baked pie shell
1/2 cup double-strength coffee 1/2 teaspoon each salt, ginger, cinnamon and nutmeg
Beat egg yolks; add 1/2 cup sugar, pumpkin, 1/4 cup coffee, salt and spices. Stir in top of double-boiler until hot. Sprinkle gelatin on remaining coffee. Dissolve in hot pumpkin mixture. Chill until slightly thickened. Beat egg whites stiff; add sugar while continuing to beat; fold into pumpkin mixture. Spoon into baked pie shell. Chill until set. Yield: 1 9-inch pie.

Mrs. B. H. Patterson and children, Donald and Nelda, Lubbock; Mrs. Frank E. Cannon and Willie Bob Geschwand, Lubbock.

CARD OF THANKS
We wish to express our sincere appreciation and thanks for the many deeds of kindness extended during the illness and at the time of our sister, Miss Ella M. Aikman.
Mr. and Mrs. Roye Aikman

Check all gas heating equipment for leaks and proper workings before you light up the stoves or furnace for the winter months. If you smell gas, don't go hunting for the leak with a match.

New Snyder Station Is Now Broadcasting

Snyder's new radio station KSNY is now on the air. The 500-watt station may be found at 1280 kilocycles.

KSNY, in the town now enjoying the nation's hottest oil boom, is owned by John Blake of Brownwood and Marshall Formby. The two men own and operate KPAN at Hereford.

Roy Johnson is Chief Engineer, Clint Formby is Commercial Manager. Seven members comprise the staff. A 24-hour leased United Press wire provides news for the several news casts throughout the day.

One of the newest and most time-saving fasteners is the new snap fastener which is hammered rather than stitched on. They are well-suited to sport or work clothes, and the little gadget to hammer them on comes with the fastener.

What's for desert tonight? Why, a home-baked treat, of course. Even a beginner can bake a winner — every time — by using quality ingredients and following recipes exactly. Yes — quality is the all-important ingredient. It makes cakes fluffier... pie crusts flakier... biscuits lighter. And you can always depend upon CITY FOOD for top quality baking needs at the bottom prices.

Rassle Royal Is Big Weekend Bout

Dory Detton, Amarillo's wrestler and promoter, announced this week that Hereford would be favored with a new variation of wrestling this week.

Wrestle Royal rules say that five men go into the ring at one time. First man eliminated is out for the night. Next two eliminated will take on each other in the preliminaries while the two left will be matched for the finals. Thus there are three events scheduled for this week. Those to participate are The Grey Mask, George Overhuls, Charley Carr, Shreveport, Al Getz and Andy Tremaine of El Paso. Dory Detton will referee. Just think—five good wrestlers in the ring at once. This is going to be even better than the tag match which everyone liked so much.

Before an almost packed house of about 400 people, Dory Detton and Salvador Flores battled to a draw in the first bout of the double main event last Saturday night. Grey Mask took a two-to-one fall win over big George Overhuls in the second event.

Flores won the first fall in his bout with an Upside Double Step over with a Scrf board hold in 42 minutes.

Detton came back strong to win the next fall with an Airplane Spin which turned into a Body Cover. It took him five minutes to get this hold.

There were 13 minutes left for the win in the third fall because of the one-hour time limit but neither man could get a winning hold. The referee had to give a tie decision for each.

It was interesting to watch these two wrestle because both are wise men of the ring. Flores displayed holds which no one, including Detton had ever seen. He also displayed some very comical expressions which made the fans roar. Such was the time when Detton tickled him and when he was temporarily knocked unconscious and suddenly became aware that he had lost the second fall and was alone in the ring. Both men were very clean and good sports.

Grey Mask won the second match by taking the first and third falls. He took the first fall in 38 minutes with step over hold and the third with a body cover in seven minutes.

Overhuls, who has made a hit with local fans, won the second fall with a spinning full Nelson which was followed by a body cover in 10 minutes. Apparently, Overhuls has a soft head because he was constantly being knocked down when the Mask hit him with his head. In the third fall it looked like Overhuls would win for sure until he missed the Mask with one of his shepherd punches and hit the wall. This left him stunned and an easy win for the Mask.

Calves Face Tough Dumas Team In Final Game Of Year Thursday

Hereford Calves will try to break even for the season Thursday afternoon as they try to pull themselves together for one last game against Dumas B in Dumas.

Calves are still reeling from the plucking the Phillips B team gave them here last Thursday afternoon. This will close the season for the Calves.

Slated to patch the tears on the B team are Harold Morton, Duane Janssen and Kenneth Brock, A squadders since the Canyon game. They are going to need more than patches when they meet Dumas.

This Demon B team is tricky. They stomped Perryton B, 70-0, blanked Canyon, 46-0, beat White Deer, 35-0, and lost to Texhoma, Oklahoma A squad, 0-13.

In the Perryton game they scored two touchdowns in the first period, three in the second, four in the third and two in the last period. Herschel Buckley lead in the scoring with 39 points.

Pride of Dumas B team, Buckley reeled off six touchdowns against Ranger B.

Dumas mixes a aerial circus with a strong ground attack. Touchdowns came on five passes and six running plays in the Perryton game. Perryton failed to step inside Dumas territory.

The Calves have lost to Happy, Dalhart B and Phillips while squeaking by Canyon and Perryton.

Favorites, of course, will be Dumas who should go by five or six touchdowns.

District 1-A Title On The Line Friday Night At Dalhart-Canyon Phillips-Perryton Games

Dalhart and Canyon decide the District 1-A championship Friday night in Canyon. If Dalhart wins they will meet Lefors, winners of 2-A and number 2 team, according to ratings in the Panhandle. If Canyon wins they will probably be in a tie for first with Phillips who will be playing weak Perryton Friday. In the case of this tie, Phillips will represent the district by virtue of their

14-7 win over Canyon three weeks ago.

TEAM	W	L
Dalhart	3 1/2	1 1/2
Phillips	3	1
Canyon	3	1
Hereford	1 1/2	2 1/2
Dumas	1	3
Perryton	0	4

The Hereford Brand

Thursday, November 17, 1949 Section Two

Juniors Wrap Up Uniforms With Win Over Happy 20-6; Had 1-3 Record

Hereford Juniors closed out their season last Wednesday with an impressive 20-6 win over Happy. They lost their first game with Happy, 0-13, along with losses to Friona, 0-9 and 0-46. They played four games this season, losing three.

Coch Kenneth Mayes said the boys played good ball all season. There was hustle and good cooperation on the team which was largely made up of boys 125 pounds and under. They were out weighed in every game they played. They played their best game against Happy last Wednesday here in Hereford.

These players of Junior football will make a better B squad next year, Mayes said. All 34 Junior griders will report out for practice next fall in one big group composed of the 1949 A team and left-overs of the 1949 A team. About 33 men are pared out for A squad duties and the rest will be B squadders for 1950. Mayes said any Junior making the Whiteface A squad next year would really have to be a "Doak Walker" though.

Six players gave up their right of football competition this year when

Digging Divots With Hank Fare

Ted Young took a new set of clubs out Sunday and proceeded to fire a snappy 75 to take first prize in the weekly ball sweepstakes. Ten strokes handicap made that a 65 for two golf balls.

Joe Kerr shot a 92 minus 24 stroke handicap for 68 for second place and one ball. Others winning a ball were Homer Lee Owens 96-28, 68; J. M. Posey 80-11, 69; Edward Young 102-32, 70; John Channer 80-10, 70; Stan Barrett 89-18, 71; Pat Kerr 101-30, 71; Oscar Lange 87-14, 73; Tom Howard 87-13, 74; W. G. Hendrix 95-21, 74.

Bill Waldrep and Bill Davis finally wound up the City Tournament

they went to a Halloween preview in Hereford. They were expelled from the squad. One A squadder was kicked off when he broke traveling rules coming back from the Whiteface game with McLean the first of the season.

Promising linemen are Joe Streun and Ronje Hembree. Streun, a 13-year-old center was a good blocker and line backer all season. He weighs around 130. He has a good future with Hereford football.

Hembree, a 13-year-old end has excellent possibilities, also. He stands 5' 10" and weighs 125. His pass catching was good all season and with more seasoning and game experience he will make the Whiteface squad a good wingman one day, Mayes said. He is a tall boy and that is almost a necessity for the terminal posts.

Charles Quattlebaum, 125-pound halfback is a good man on defense. He is fast and has shown promise. He is 13 years old.

Most powerful runner and ground-gainer on the Junior team is Aubrey Self. At 140 pounds, he is the best ball carrier on the team. He is 14.

with their consolation first flight match, Waldrep winning 2 up in nine holes.

R. B. Norma, principal of Amarillo Sr. High, wrote Jim Terry this week accepting an offer for a match with Hereford High. He said he thought a tri-city match, with Amarillo, Lubbock and Hereford High schools playing, would be scheduled Saturday or later. Most of the Whiteface golfers are breaking 90 now.

Twenty-five entered that sweepstakes Sunday, with 61 playing all day. Another ball sweepstakes is scheduled this week end. Play will also start on the ladder. Jim says he put the players in position according to the qualifying in the tournament and from the handicaps established through handing in cards. But even if they aren't all where they should be to start with they will level off where they belong after a few matches. Challenges must be accepted within a week, according to Terry.

Fourteen Whiteface Seniors Play Final Game For Maroon And White

Fourteen Hereford High School seniors will don uniforms and take the field at Whiteface Memorial Stadium for the last time Friday night against Dumas.

Alex Schroeter, Dorrell Janssen, Charles Gresham, Dale Doaks, Glenn Wilson, L. T. Hawks, Jack Rapisey, Jesse Chick, Duane Christian, Jack Reynolds, Bill Forbus, Wendell Morton, Pat Corbett, Gene Moore and Milton Newell, practically an entire starting line-up, will be playing that final game.

Dumas will bring a squad of youngsters to Hereford with a somewhat unimpressive won-lost record of 2 and 7. However, the Demon schedule is impressive when you figure four of their losses were to Phillips, Dalhart, Canyon and Lefors (rated number 1 in District 2-A). Memphis second place team in 2-A handed them another of the set-backs, 13-7, early in the season. Memphis also knocked off Canyon, 14-13. White Deer and Wellington were the other two who turned the trick. The former was definitely in the upset class and Wellington has had a good "hot and cold" team all

year. They caught Dumas on a "hot" night.

That's the story on the opposition Friday night at Whiteface Field. The Demon line will average 169 pounds and the backs 144. Hereford weighs in at 154 and 147.

Dumas won its first conference game in three seasons three weeks ago from Perryton 28-0, almost the same margin as Hereford's 32-0 victory at Perryton.

Dorrell Janssen sprained a wrist at Phillips and is on the doubtful list for Friday's game, according to Coach Criswell. Duane Christian bruised a knee, but will probably be ready to go. Wendell Morton completes the

injured list that may play.

All in all it looks like a busy night for the Herd as they fight to salvage fourth place in the District. A loss will drop them to fifth with Dumas in fourth.

Dumas starting line-up:
LE—Mack Atkinson, 150.
LT—Loren Harrell, 162.
LG—Harry Johnson, 155.
C—Charles Richards, 165.
RG—Robert Hise, 170.
RT—George Sweeney, 180.
RE—Gene Atkinson, 170.
QB—Ray McKown, 165.
LB—Bobby Phelps, 130.
RH—James Rooks, 135.
FB—Bryan Engman, 150.

Second Guessing

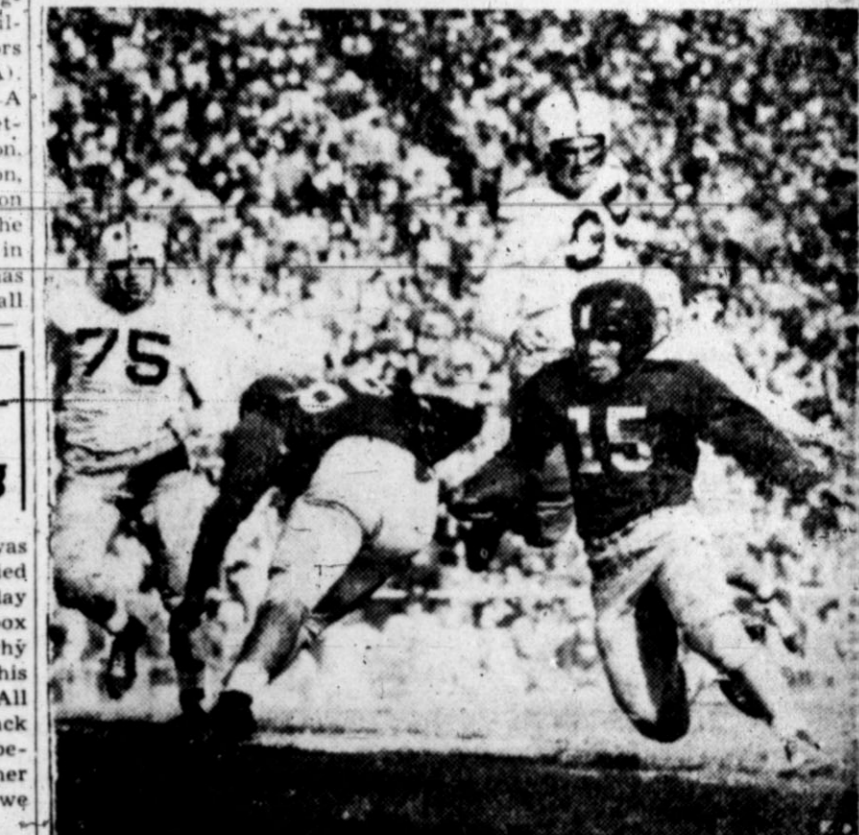

By JERRY STOLTZ

Read once where Dalhart was definitely off the night Hereford tied them 13-13. Up at Phillips Friday night everybody in the pressbox from Phillips was crying "why couldn't we have been 'on' like this against Dalhart instead of 'off'". All of which is confusing. Looking back the worst Whiteface error was in being "down" for the Canyon tilt. Other than that one game I doubt if we would do much better.

The way Blackhawk backs were running Friday night it is doubtful if 14 or 15 Whiteface players on the field at the same time could have stopped them. Sometimes a team plays with that "won't be denied, do or die" spirit, and off hand that's about what Hereford faced Friday night.

For the benefit of all WT fans, who have requested recognition of the Buffalo victory Saturday afternoon over the Hardin-Simmons Cow-boys, favoring the Buffs.

Everyone that saw it beams one fact. Why didn't they play that way all year? Hall Beavers said he thought Frank Kimbrough must

HE DARTED AWAY—Arkansas back Louie Schaufele (35) fails to make a jump tackle as Southern Methodist University back John Champion (15) darts away for a 10-yard gain in the second period of the game in Dallas, Tex. Unidentified SMU player starts block on Arkansas tackle Fred Williams (75). SMU won 34-6. (AP Wirephoto)

have lost 15 or 20 pounds walking up and down the sideline.

The toughest part about High School football in Texas is the emphasis is on winning from the opening kick-off through the state finals. Let's try to keep Hereford from being known as one of those towns that backs a winner and lets a loser go its own way. A 7-2-1 record is pretty fair in any league, and about 2 or 3 more wins than downtown

quarterbacks were expecting before the season opened.

That's the way it ought to end. Hereford's 14 seniors and the rest of the squad will end up the season on a victory note.

Dumas incidentally is looking towards Double-A competition in a few more years. The town is bursting out, and from the looks of their "B" (Continued on Page 7)

SOUTHWESTERN PUBLIC SERVICE COMPANY

35 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Long Time Ago

25 Years Ago

Things were really booming and building the week of November 20, 1924 in Hereford.

G. B. Warren opened Hereford's eighth grocery store in the Dunlap building on Main Street. J. W. Edwards installed the Waffle House, a short order specialty restaurant, in the building just south of the Hereford Produce. Mr. Edwards was a half brother of Chauncy Tice, Hereford farmer. John Heisman, big-scale wheat farmer of Deaf Smith, the man who had 1620 acres of wheat planted in 1924, was building a modern, seven-room home with a basement on his place, 32 miles northwest of Hereford. E. C. Carter of Hereford was superintendent of construction. House was to cost around \$8,500. Another nice home under construction was that of Cliff Acker, cashier of Western National Bank. Acker home was to be just north of the T. M. Palmer place, facing east, and was to be a five-room modern home with every one of the very latest conveniences installed.

A car belonging to Cooper Morgan and filled with his children and one boy of Charles Hodges was turned over on the highway near the stockpens when sideswiped by a strange car which was passing. None of the children were hurt more than bruises. Hit-and-run drivers of the Mexico-bound car that turned them over were caught in Clovis and were made to pay Morgan for his car. Sheriff Purcell was instrumental in apprehending the Oklahoma drivers.

Between 250 and 300 bales of cotton had been ginned at Hereford this time in 1924.

Greens of Hereford Golf course were in fine playing condition due to good work of Chairman Dow Mercer and helper, D. F. Bunch. Players turning in 33 cards for nine were Dow Mercer, Albert Herbst (twice), Brack Williams and A. A. Foster. Plans for a contest were in the making.

Gaston Baer, owner of Popular Store, was in Wichita, Kansas looking after his wife who had undergone an operation. Mr. Baer's father, B. Baer of N. Mexico, was looking after the store in the owner's absence.

A. U. Hathaway, father-in-law of Hugh Layne, married Miss Cora Eliland at Munday, Texas on October 19. They were going to make their home in Munday.

Four delegates from Baptist Church of Hereford were in Dallas Baptist convention. Rev. W. R. Hill, E. W. Harrison and Mr. and Mrs. W. E. Hicks attended.

Rev and Mrs. J. R. Sharp were pleased with a new baby boy, John Thomas, born in their Dalhart home.

J. Oscar Robinson, 47, two-year resident of Hereford, died in Hereford Sanitarium November 14.

Thirteen-year-old Chester Pinkert, Jumbo, bagged the first goose of the season.

Miss Allie Lushbaugh, sister of W. S. Williams, Hereford, died at her Ottumwa, Iowa home.

Hereford High football team was to play the Canyon Eagles November 21 and team captain Buck Hines said his squad was going to pluck some of the tail-feathers from the Eagles.

Miss Lillian Fulkerson was home because of a scarlet fever in neighborhood of her school near Plainview.

Hereford Poultry and Produce Show was to begin November 22 and was to end Wednesday the 26th, and was to be in the basement of the courthouse.

Joe Bailey Elliston visited his brother, J. B. Elliston from California.

Mrs. G. S. Wyatt returned to her Dallas home after visiting Hereford and her husband who was working on the new sanitarium.

What's YOUR price tag on happiness?

The comfort that's found in all-coil springs, a husky, steady-traveling understructure, cushions that are deep and soft and wide enough to let you spread yourself a bit.

Even that extra swelling of the chest that comes from owning a car you know everyone respects and admires.

In a word — your happiness. It's never out of our mind in planning this car — nor in making very sure each dollar of cost gives you the greatest possible benefit.

That's why we rather proudly ask you to go see — and try — this Buick SPECIAL. It's priced like a six, in spite of the fact that like all Buicks, it's a big-powered Fireball valve-in-head straight-eight.

And we honestly believe that it puts a lower price tag on your motoring happiness than any other car you can buy today! See your Buick dealer and find out about that.

JUST what do you see in this handsome, tidy-sized Buick SPECIAL pictured here?
The smartest bit of automobile styling on the road today? The stand-out beauty of tapering fenders — the sturdy protection of a wholly new front-end design?
The prestige that's in the Buick name — the solid, road-wise steadiness Buick has always stood for?
Your chance to get in on the perfect smoothness of Dynaflo Drive — this being the lowest-priced car on which that sensational new transmission is available?
**Optional at extra cost.*

They're all there, every one of those things. And for a good reason that may go a bit beyond the usual idea in designing an automobile.
For, a long while ago, we graduated from the idea that a motorcar is merely a means of getting about.
The way you travel is pretty important too. The lift that's yours in knowing there's no prettier picture anywhere on the highways. The "kick" there is in a power plant that's lively and eager and always ready to get in on the fun.

SPECIALLY NOW! "Buick's the Buy"

When better automobiles are built BUICK will build them

Mrs. Andrews Gives Demonstration On Aluminum Trays at Club Meeting

By MRS. OWEN ANDREWS
The Home Demonstration Club met at the Frio building on Thursday afternoon with eight members and a visitor present. Members present were Mesdames H. F. Benson, Jack Johnson, Glenn Grip, W. A. Springer, Henry Andrews, E. B. Berryman, J. H. Dobbs, Floyd Cole, Owen Andrews. The visitor was Mrs. Springer's daughter, Mrs. Elbert Summers. Children present were Clint and Donna Gayle Summers, Doris Jean Andrews, Monte Grupp, Ronnie Johnson, and Jana Cole. The program was a demonstration on aluminum trays by Mrs. Owen Andrews. The group decided to hold the next meeting which will be at the home of Mrs. Floyd Cole, on Tuesday, Nov. 22, as that Thursday regular meeting date will be Thanksgiving Day. Jackie Andrews was honored with a birthday party on Sunday afternoon. He was four years old. Saturday, Nov. 12, little friends present were Ronnie Johnson, Larry Dobbs, Bobby and Billie Irwin, La Von Thompson.

Mr. and Mrs. W. H. Thompson and family and Mr. and Mrs. J. H. Dobbs were Sunday dinner guests in the Leonard Irwin home.

Mr. and Mrs. T. L. Sparkman, Sr. and the Owen Andrews family went to San Angelo on Friday to visit a sister of Mrs. Sparkman; Mrs. An-

IT CHOPS AND SHREDS STALKS FOR CLEAN PLOWING

Everybody's talking about the famous Humboldt Stalk Cutter, which does such a wonderful job of chopping up and shredding corn, cotton, maize and other stalks. At the same time spreading them evenly in the field, all ready for REALLY PLOWING THEM UNDER, the kind of plowing which—

BUILDS UP SOIL—through nitrogen and other soil nourishment in stalk remnants. **KEEPS CONTROL CORN BORER, BOLL WEEVIL, etc.**—by enabling a thorough, clean job of plowing, thereby stopping reinfestation. Investigate The HUMBOLDT CUTTER Tractor-driven and power-takeoff-driven. Double blades (4 knives each) whirl 1,000 R.P.M., cut and mangle stalks into small bits. Blades supplied either with straight edge cutting knives or swinging hammers. Adjustable cutting height. GUARANTEED AGAINST FAULTY WORKMANSHIP AND MATERIAL.

MESSANGER NEWS

Mrs. Harris Evans Demonstrates Glass Etching At Club Meeting

By MRS. BOB WYLY
Messenger Home Demonstration Club met in the Roy Pruitt home Friday, November 11. A demonstration on Glass Etching was given by Mrs. Harris Evans. This was followed by two club members etching a glass apiece. December 9 was chosen as the date for the Christmas party. A committee of three, Mrs. L. D. Chiles, Mrs. Eldred Brown and Mrs. Roy Pruitt, were appointed to make arrangements for the party. Club drew names for Christmas and set a price limit on gifts at a dollar and one-half. Refreshments were served to Mesdames Eldred Brown, Wilson Wyly, L. E. Beene, Noble Brown, J. Alta Wyly, L. D. Chiles, Harris Evans, Bob Wyly and the hostess. Next meeting will be in the home of Earl Morrol with rug making as the subject. Mr. and Mrs. Bertram Jack were visitors in Clovis, NM Friday. Mrs. A. R. Hoove is visiting with Mrs. N. A. Thornton who celebrated her 99th birthday November 7. Mr. and Mrs. L. E. Beene and family have moved to the Cecil-Northcutt home. Mr. and Mrs. Eldred Brown and Mr. and Mrs. N. A. Brown went to the races in Clovis Sunday and attended church in Clovis. Visitors in the Miles Robbin's home Sunday were Mr. and Mrs. Wilson Wyly, Mrs. Alta Wyly and Duane.

FIGHTS 'MONGRELIZATION'
George W. Armstrong, Sr., above, Fort Worth, Tex., and Mississippi plantation owner and oil man, is a foe of what he calls "racial mongrelization." He is opposed to the intermingling of Jews, Gentiles and Negroes in the same schools. Recently he offered a prospective \$50,000,000 (m) endowment to Jefferson Military College was turned down because of strings attached. One string was that the school teach "superiority of the Anglo-Saxon and Latin American races." (AP Photo)

and Mr. and Mrs. Bob Wyly. Mrs. L. D. Chiles joined the Messenger Home Demonstration Club Friday. There was a "42" party at Bootleg Community Center Friday night. About 30 people attended.

Two Year Old Dorothy Complimented At Party
Dorothy Ann Mercer was complimented Saturday afternoon when her mother, Mrs. Jimmy Mercer, entertained with a party to celebrate her second birthday. Supervised games were enjoyed and favors of balloons, tiny whistle boats and miniature umbrellas provided fun for the tiny tots. Children attending the party were Judy Lynn Stephens, Loraine Conklin, Carolyn Caraway, Penny Johnson, Cherry Fletcher, Gayle Stephens, Sandra Jo Caraway, Bobby Lynn Brooks, Gary Gore and the honoree. Mothers attending were Mesdames Travis Caraway, J. R. Johnson, LeRoy Conklin, C. C. Stephens, Herman Fletcher, Elton Brooks, Howard Gore, Josie Funderburg, the honoree's grandmother and Miss Thornton Shirley.

Common Colds Can Pave The Way For Attacks Of More Serious Troubles

Dr. Geo. W. Cox, State Health officer declares there's hardly anyone who hasn't caught a cold at one time or another. The common cold is common indeed! Besides making you feel miserable, colds steal your time and your money. They fool you, too, because the early signs are often the same as those of more serious illnesses. And long-continued colds may pave the way for an attack of pneumonia, tuberculosis, or a chronic infection of the nose, throat, ears, or sinuses. So, do your best to keep from catching cold. And if you do catch one, take proper care of yourself so you can get rid of it. When you have a cold: 1. Get as much rest as possible. Stay in bed or indoors for the first day or so if you can. 2. Keep comfortably warm and dry. If you must go to work, wear clothes that will protect you adequately when you go outdoors, and avoid drafts and sudden chilling when overheated. 3. Drink plenty of citrus fruit juices, water and other liquids. Eat simple foods which agree with you. 4. Protect other people as much as possible. Cover your mouth and nose when you cough or sneeze. Use paper handkerchiefs or paper napkins that can be burned. Wash your hands frequently with soap and water. 5. Blow your nose gently. If you don't, you may force infected material from your nose into your sinuses or middle ear and develop sinus trouble or serious ear infection. 6. If a cold starts with chills, fever or aching, or seems more severe, or lasts longer than usual, consult a physician without delay.

Wise and Otherwise

By SPEEDY K.
What did the big firecracker say to the little firecracker? My pop is bigger than yours. People can have as many as four hands provided their doubles his fist. What did the letter say to the stamp? Stick with me and you'll go places. When is a girl's name like a postscript? When it's Ad-a-line. To the Clock Watcher: Time will pass, Will you? What was tomorrow yesterday and will be yesterday tomorrow? Today. It is said that when the news of Amarillo's being beat by Pampa went to press the news had been put in the Obituary Column, but the error was caught in time to prevent it from being in the paper. A good reason for calling gossips catfish is because they both have such big mouths.

PERSONALS

Mr. and Mrs. Dennis Barnard and family spent the Armistice Day week end in Pampa with relatives. Mrs. Mae Skelton of Prairie Grove, Arkansas is visiting in the home of her sister, Mrs. Mont Baker. Mr. and Mrs. Carl Dean Mountz and children of Lubbock spent the Armistice Day week end in Hereford with his parents, Mr. and Mrs. C. J. Mountz. On Saturday the group were to Friona where they visited his sister, Mrs. Buford Crosthwait and family. Mr. and Mrs. Glenn Parker of Alva, Oklahoma were guests of his parents, Mr. and Mrs. George Parker and other relatives over the week end.

ALLRED SWORN IN—For the second time in his life, James V. Allred, right, has taken the oath as a federal district judge. In ceremonies, above, at Corpus Christi, where he will make his official residence, Judge Allred was administered the oath by Federal Judge Allen B. Hannay while U. S. Sen. Lyndon B. Johnson looked on. It was Senator Johnson who recommended the appointment. (AP Photo)

where the tests were made. Soil moisture samples were taken prior to planting, before and after each irrigation, effective rainfall and at maturity of the sorghum crop. They also measured and recorded precipitation at the plot with a rain gauge.

Results of the test will be forthcoming from the United States Government Experimental Station at Bushland. An estimate of rainfall losses by runoff and an estimate of irrigation losses will also be given.

Yield on the Plainsmen maize was reported at 91.7 on a 1 1/2 pound bushel basis, or 5,136 pounds per acre. Total rainfall was 8.96 inches from May 27 when the crop was planted to October 23. They irrigated twice, the third and thirtieth of August, with approximately 3 1/2 inches of water each time.

The land has been under cultivation for five years. It was irrigated every year. No legumes have been grown, but commercial fertilizers were added the last two years. Yields varied from 70 to over a 100 bushels per acre on the plot in that period.

Soil moisture samples were taken at one foot intervals six feet deep from 16 test holes in the 4.86 acre plot. The samples were placed in marked, closed cans for later analysis each time. The holes were in the row and in the middle at eight different locations.

Results of the tests will be announced as soon as possible.

Wind Erosion District Completes Study On Irrigation And Sorghums

Deaf Smith County Wind Erosion District announced completion of a study to determine the efficiency of application of irrigation water with row irrigation and a 1,600 foot run; to determine the water requirement and irrigation requirement for grain sorghums to determine the practical depth of irrigation water penetration for grain sorghums when grown on soil unit number 2.

Soil unit number 2 is the type on the Davis-McCracken farm about 4 1/2 miles southeast of Hereford.

REALLY NEW!... COMPLETELY AUTOMATIC!
It's the **UNIVERSAL SPEEDLINER RANGE**

ONLY THE "SPEEDLINER" HAS ALL THREE

- 1 THERMO-CHEF AUXILIARY OVEN, thermostatically controlled, over for baking, roasting and stewing.

Mrs. J. C. Cox, Andrews, arrived Friday for a short visit with her father, J. A. Buckner and other relatives.

Mr. and Mrs. Jimmie Hendricks arrived last week from La Jume, North Carolina where he has been stationed. They were enroute to their new location at Pensacola, Florida. They are visiting their parents, Mr. and Mrs. Walter London and Mr. and Mrs. A. V. Hendricks and other relatives and friends while on leave here.

Visiting in the Walter London home over the week end were Mr. and Mrs. Ted Myers of Amarillo. London family had a reunion.

Mr. and Mrs. J. H. Kendall, Amarillo, attended the Aikman funeral in Hereford Sunday.

Mr. and Mrs. Woodrow Ireland visited Wyoming, Montana and South Dakota on their trip 10 days ago. They visited areas that had been under 22 inches of snow near Billings, Montana.

LEGAL NOTICE

(First Published October 27, 1949)
THE STATE OF TEXAS

TO: John F. Wilkinson; the unknown heirs and legal representatives of John F. Wilkinson, deceased; J. R.

Barnett; the unknown heirs and legal representatives of J. R. Barnett, deceased; Kate Gaddis; the unknown heirs and legal representatives of Kate Gaddis, deceased; the husband of Kate Gaddis, whose name is unknown, if living, and if he be deceased, the unknown heirs and legal representatives of the husband of Kate Gaddis, deceased; John Barnett; the unknown heirs and legal representatives of John Barnett, deceased; the mother of John Barnett; whose name is unknown, if living, and if she be deceased, her unknown heirs and legal representatives; Pauline Barnett; Willie Blake Calloway; Willie Blake, and Pauline Reed, and the unknown heirs and legal representatives of each or either of them if they or either of them be deceased, and the husbands of each or either of them if they be married; and if such husbands be deceased, the unknown heirs and legal representatives of such husbands; H. L. Thompson; and the unknown heirs and legal representatives of H. L. Thompson, deceased; Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after expiration of forty-two days from the date of the issuance of this citation, same being the 12th day of December A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 24 day of October A. D. 1949, in this cause, numbered 3197 on the docket of said court and styled Deaf Smith County Electric Cooperative, Inc., Plaintiff, vs. John F. Wilkinson, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: For the title to and possession of the following described land located in Deaf Smith County, Texas, to-wit: All of Lots Nos. 8, 9, 10, 11 and 12, in Block No. 1 of Burk's Subdivision of Block No. 17, Mabry Addition to the Town of Hereford, Deaf Smith County, Texas; and for cancellation of all claims on (SEAL)

the part of the defendants, each or either of them, to said land as clouds on plaintiff's title; and for judgement for such title based upon the five and ten year statutes of adverse possession and limitation of the State of Texas under allegations of continuous, peaceable possession, use, occupancy and enjoyment of said land under claim of the fee simple title thereto for over a period of ten years, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this 24 day of October A. D. 1949.

Attest:
R. L. THOMPSON Clerk,
District Court, Deaf Smith County, Texas
By LONIDENE EDMONSON Deputy.

Manners In The Home Are Important Because Of Several Good Reasons

By BETTY GARNEY.

Our home should be considered highly when it comes to rating for manners. It is in this place that we form and develop these manners, whether good or bad. And, our family, especially our parents, deserve the thoughtfulness of using good manners in the home. It really helps to make family and home life happy and well organized.

First of all, we'll start in the living room, which is the social center of family life. It is a place to relax if you do not go to extremes, such as sprawling in an awkward manner and putting your feet on the furniture, and it is no place in which to scuffle and roughhouse. When standing, you should be careful not to stand in the direct light of anyone reading or otherwise engaged. Also, do not lean all over the furniture, fireplace, or against the walls when you're standing, and do not disturb those engaged in their work by needless talk or noise. You also owe it to yourself and the rest of the family to be presentable at all times.

It is thoughtless to interrupt or to monopolize conversations. When you do talk, your voice should be low but distinct.

The radio is supposed to be used for entertainment and for information, not as a background for conversation, studying, reading, or letter writing. It can be easily shared by all (and monopolized by none) if you will take turns listening to your favorite programs. Keep it tuned low enough not to disturb anyone. This is especially important in the summertime, when doors and windows are open and a loud radio annoys the whole neighborhood.

If you abide by the rule "A place for everything, and everything in its place," you will put your school books where they belong, you will also hang up your hat, coat, or sweater instead of dropping it on a table or chair—it will look better longer and so will the living room. You might assume the responsibility of keeping the magazines sorted and neatly stacked, your music in order, and ash trays emptied and clean. A fireplace was never meant to be an oversized ash tray or a giant waste basket, so help to keep it uncluttered. When you see a picture hanging awry (crooked, that is), or the corner of a rug turned up or under, take time to straighten it. You should do your part of the sweeping and dusting, too, after all, you helped create

that dust and dirt. By doing your part, you will also be offering proof that you are a responsible person and therefore capable of enjoying the privileges that go with growing up.

I had planned to include your manners in the rest of the house in this article, but I have already taken more than enough space. So if you will come back next week, I'll continue from where I left off today. O. K.? See you next week.

Whitefaces can still hold their heads up in the region.

The Whitefaces may not have the district or regional, but they have made some records that can't be overlooked. For instance, they were one of two teams in the state in class A football to stay unbeaten, untied and unscored upon after everyone else had dropped out—for a while anyway. As of Thursday the 8th, they were eighth in the regional in the scoring department and have a boy on the team, Bill Engman, who is fourth in the regional in the extra point making. Eight of Bill's were made in the Silverton game when he booted eight for nine.

In eight games the Whitefaces scored 154 points against 38, which is the record Hereford has held since 1945 when the Whitefaces went through the whole season with only six point scored against them and that wasn't scored until they played Phillips for regional crown which was given to Phillips on penetrations.

"BUZZ BOX"

Hello fellows!

What's the latest in the gab corner of HHS? I should know.

Who has Alice Ward been "slipping-around" with lately—it seems that he has a 36 Chevrolet.

Congratulations, Claude and Joyce. We are so happy that you finally decided to go steady.

Eva Pearl Roberson has an exciting new romance in bloom. I know how envious some of us must be.

Why is it every time Homer Rudd comes home, Audrey gets so excited? This has been going on for some time.

James Grimes has been floating on air since he has dived into the sea of love. I hope he can swim.

Someone ought to tell Nancy and Bill that other people are in high school, too. They seem to have eyes only for each other.

That cute little blonde Sue Scarth confided to me that there is a man in her life. It may come out in the open someday.

Those fussy little whispering girls, Nelda Guy and Nora Joe refuse to tell anyone of their latest heart-throbs. Does anyone know who they are?

Is Ted Houston after Bobbie Pittman or is Bobbie after Ted? Looks like fun.

Have you ever noticed at noon how Doris Jean is always going Ale's way? Must be a frame up.

Joyce Rose and Wiley were certainly having a serious talk on the corner Tuesday afternoon. I guess he was just getting up nerve to ask her for a date.

That handsome Devonté Thompson admits that as yet he is not infatuated with anyone, but I bet it doesn't stay this way long.

Milton Newell must really be something almost every girl has a crush on him.

While sneaking around I dug up the news that Franklin Springer has a new girl friend. She's cute, too.

Couple of the week are: Claudia

Senior Who's Who
 By RUBY BARCLAY

Name: Doris Jean McGee
 Ambition: To be a secretary.
 College: Business College (Dr. Johnson's).
 Likes: Football, basketball, chocolate, Alex, friendly people.
 Dislikes: Olives, windy days.
 Pet Peeve: People who run over you.

Organizations: Tri-Hi-Y, Band, Pep Club, F. H. A.
 Offices: Vice president of Band, Secretary of Student Council, Historian of F. H. A.

Name: John Southall
 Ambition: To design a better school house.
 College: Tech.
 Likes: Roast beef with apple jelly, the joy of having time a job well.
 Dislikes: Dust storms.
 Organizations: Dramatics Club, Whiteface Staff, A Cappella Choir, Band, Roundup Staff, Glee Club.
 Offices: Assistant Director of Band, Business Manager of Roundup, Feature Editor of Whiteface.

Junior High News

By LUCILLE JONES

The Seventh and eighth grades are to play Happy at two o'clock Wednesday afternoon. They played Happy down there last Wednesday and were beat 13-0. They have hopes of beating them up here Wednesday. The band and pep squad will march in formation at the half.

Wednesday is visiting day. The faculty would like for all the parents to come and see for themselves what the students have accomplished.

There are new students from all over the country in Junior High now. They are: Bettye Jean Jackson from Korum, Okla., Sonja Kaye Lowe from Dumas, Texas, Floyd Shelton from Missouri, Ann Ford from Grand Junction, Colo.

Mary Lou Cannon has been brought home from the hospital and is getting better. They expect her to be walking before very long.

Mrs. Homan is gone to Dallas for an Eastern Star meeting. She is Grand Deputy Matron. Mrs. Francis Hill is taking her place while she is gone. Mrs. Hill was a former teacher at Junior High.

Mr. Uesilton is a new teacher from Spring Lake. He taught the elementary grades. He likes the teaching system. He says, "We have a fine bunch of boys and girls so far." We have a fine football team and plenty of co-operation in both students and teachers."

By GERRY PATTERSON

The Hereford Junior High Band recently had a business meeting where officers were elected. They are as follows: president, Johnny McIver; vice-president, Earlene Plank; secretary-treasurer, Wynogene Lowell; reporter, Jo Williams; librarian, Mary Ruth Stranz; and assistant director, Tunny Wilson.

Drum major, head twirler and twirlers were also elected. They are: Martha Jean Brown, drum major; head twirler, Anno Jo Southall; and twirlers, Margaret Scott and Sue Wilson.

The band has been working on one of their contest numbers, Ambition, besides playing at Junior high football games.

The Junior high football team lost their game Wednesday 13-0 against the Happy team. The Junior high team will play here next Wednesday. Good luck, boys!

We want to thank Jo Williams for the piece about the Hereford Junior High Band. Thanks a lot, Jo.

The Nurse's Mission

By CHLOE FORTENBERRY

Words seem feeble and crippled things when we ask them to pay tribute to our nurses, and they refuse the task of properly expressing the measure of honor and respect we feel is due to all who seriously undertake the work of nursing the sick and afflicted.

The first nurse was the first Mother, and many of our earliest and tenderest memories of our own mothers are of them hovering about our bedside and trying to soothe the pains due to illness or accident. This motherly sympathy and tenderness, which God has placed in the heart of every good woman, are the primary elements of successful nursing; and the profession holds few attractions to all who may be deficient in the nobler and finer attributes of character. Nursing is certainly no field for the selfish, the pleasure-mad or those who shrink from hardships and self-sacrifice. Our nurses have heard cries of the sick and afflicted; they have counted the cost of answering that appeal, made their decision and then prepared themselves by study and experience to serve most efficiently and successfully.

We earnestly appreciate their efforts and works.

Lewis and Glen Wilson.

SCIENCE DEPARTMENT
 By MAXIE McCATHERN and MARCO SUMNER

The General Science classes are studying the relations between plants and animals.

They have found that it is very healthful to have plenty of plants growing around since plants produce oxygen which is very necessary for our health.

We breathe from our lungs carbon dioxide which is used by plants. Therefore, we find that there is a close relation between plants and animals and that it is also necessary for fish to have plants in the aquarium that they may be supplied with fresh oxygen.

Tennis was purely an amateur sport until 1926.

Class AA Football

By SPEEDY K.

In the next few weeks a new State champion will be named. The honor of the title: 'State Champions of the State of Texas' is the most sought after in high school football.

Champions will come and go, but there are a few which have had the honor more than once. Amarillo and Waco have been the champs more than any other school in the state. Let's take a run down on these teams great games and players of the past.

Waco was the first to win the title in 1922 when they won the game from Abilene, 13-10. In 1925 Waco won the title because the opposition had an ineligible player in the finals. In 1927 Waco's Tigers introduced the spin-play which won them the state title from Abilene, 21-14. They then played the Ohio State champions and won that game, 44-13. Waco, however, won the title in 1926 when they defeated the Oak Cliff Panthers 20-7.

Amarillo began their reign in 1934 as they defeated Corpus Christi, 48-0. Amarillo came back strong the next year when they defeated Greenville by one touchdown. The next year they defeated the Kerrville team 3 touchdowns to two.

Waco won their last championship last year when they beat the Sandies 21-0. One of Waco's greatest in 1945 was Froggie Williams who missed one of his now famous field goals in the championship game. Highland Park, their opponents that year, defeated the All-American Doak Walker.

The winning teams since 1921 have been:

1921—Bryan
 1922—Waco
 1923—Abilene
 1924—Oak Cliff
 1925—1927—Waco
 1928—Abilene
 1929—Tie: Breckenridge and Port Arthur

1930—Tyler
 1931—Abilene
 1932—Corsicana
 1933—Greenville
 1934-1936—Amarillo
 1937—Longview
 1938—Corpus Christi
 1939—Lubbock
 1940—Amarillo
 1941—Wichita Falls
 1942—Austin
 1943—San Angelo
 1944—Port Arthur
 1945—Tie: Waco and Highland Park
 1946—Odessa
 1947—Breckenridge
 1948—Waco
 1949—? ? ?

Some games to watch are: Wichita Falls vs. Vernon (Wichita Falls), Lubbock vs. Midland (Lubbock), Odessa vs. Brownfield (Odessa), Yaleta vs. Bowie (Yaleta), Abilene vs. Big Spring (Abilene), Brownwood vs. Sweetwater (Sweetwater), Corsicana vs. Temple (Temple may pull the undoing if not Corsicana by 6), Baytown vs. Galveston (Baytown).

The Top Ten:
 1. Lubbock, 2. Port Arthur, 3. Wichita Falls, 4. Abilene, 5. Corsicana, 6. Odessa, 7. Austin, 8. Marshall, 9. Baytown, 10. Pampa.

THE GREAT GEYSER IN ICELAND DRAWS CROWDS OF PEOPLE WHO WATCH AS IT SENDS AN UNBROKEN COLUMN OF SCALDING WATER 250 TO 300 FEET INTO THE AIR.

THE GEYSER PROVIDES HOT WATER FOR DOMESTIC AND COMMERCIAL HEATING IN THE CAPITAL, REYKJAVIK.

NEW FAVORABLE RATES OF EXCHANGE FOR AMERICAN DOLLARS ABROAD MAKE IT POSSIBLE FOR AMERICANS TO LIVE AND TRAVEL IN EUROPE THIS WINTER AT EVEN LESS COST THAN BEFORE. A PERSON WHO HAD PLANNED TO SPEND \$300 THERE CAN NOW BUY THE SAME THINGS FOR ABOUT \$200.

FROM THE PARTHENON IN ATHENS TOURISTS LOOK DOWN ON THE MODERN CAPITAL OF GREECE. THIS TEMPLE, BUILT BETWEEN 447 AND 432 B.C., IS ONE OF THE GREAT EXAMPLES OF GREEK ART.

Conduct In Church

By BETTY GARNEY.

This has no bearing upon any special church—yours, mine, or anybody else's—just church in general. We all know that the church is the most sacred place we could attend, so let's treat it so. It is the temple in which we adore God, this being the highest of all ceremonies. It is definitely not a place in which we form social meetings with our personal friends to discuss Friday night's football game or Suzie Que's new dress. We have (or should have) gone there with the intention of devoting a little time with the Almighty; so, let's do so with kindness, consideration and love.

The meanest little (or big) boy in the neighborhood should become the sweetest little angel of all the moment he enters the large front door of the church. This goes just as well for girls, too. "The Most Well-Mannered Person in Church" probably abides by most of the following rules:

1. Arrive on time.
2. Be quiet on entering.
3. Do not talk.
4. Do not fan.
5. Look at the minister.

Under each of these we could list several items, but I think you have been drilled on these enough before so I will not go into detail. It isn't so hard to remember these few rules and abide by them; really, it isn't, not if you will only remember that all this and more is due to the One who has done so much for us. It is the least we can do, so let's try to do these few deeds wholeheartedly; He will appreciate it.

Attitude Counts So Make It Right

By EARLENA PHILLIPS

Sometimes it is hard to have the right attitude in everything that you come in contact with, but a person with the right attitude is always welcome everywhere. Do you have the right attitude?

In school more than anywhere else it is important to have the right attitude because if you don't have the right attitude you aren't happy and

if you aren't happy you don't try to learn anything. If you have the right attitude about what you are coming to school for, what your teachers expect of you will be a great asset to you in your school work.

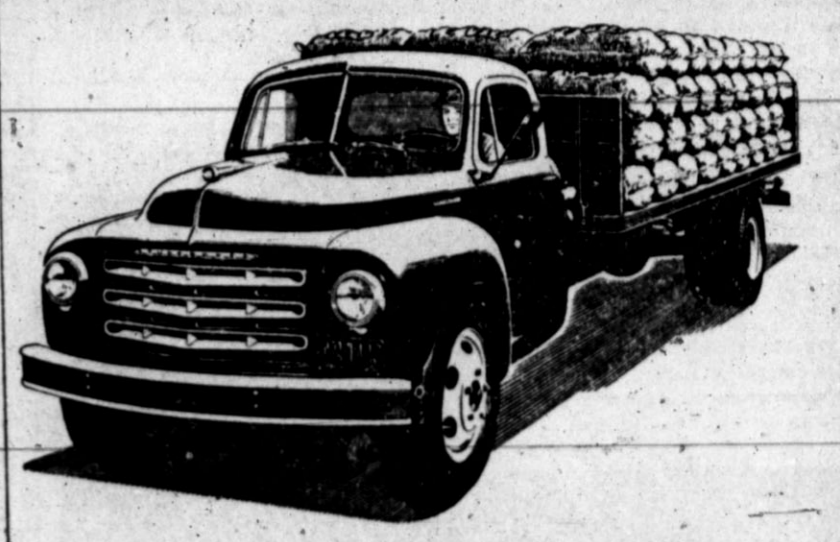

There are many things you can have the right attitude about. In fact too many to mention, so just try having the right attitude for a few days and you will see how it will help and how good you will feel.

New Students In HHS Science Department
 By MAXIE McCATHERN and MARCO SUMNER
 Calling all students! Calling all students! Have you noticed two cute new Juniors in our great big wonderful school. One of them is Bill Pruitt, from Rosedale, New Mexico. He says he likes everything about our school except that it doesn't have a softball team. The other Junior's name is Nora Lee Shelton from Monroe City, Missouri. She longs for girls basketball that they had in Monroe City, but, on the whole she thinks our school is tops.

Bill and Nora Lee, from all of the students in HHS, you are welcome to our school and we hope you learn to love it as much as we do.

Drafts and notes differ in that the former is a written order to pay; the latter a written promise to pay.

Get the thrifty power of a husky new STUDEBAKER TRUCK

Warns Farmers Vigilance Is Needed To Help Prevent Another Dust Bowl

Although the "dust bowl" years of the early 1930s are faint recollections to many West Texans, a Texas Technological college scientist warned today that lean years might return to many Great Plains farms unless progressive agricultural methods are adopted at once.

Dr. A. W. Young, head of the plant industry department at Tech, said he has noted visible evidence of neglect in recent months which has led to wind erosion. Constant vigilance, it seems, is the price of good crops and better soil.

Solving the wind and water erosion problem is not a local matter, Dr. Young pointed out. It is a challenge facing agricultural areas from Texas through the Dakotas. But in West Texas sweeping winds act as a constant reminder to scientists that every means available must be used to preserve the fertility of the soil.

One solution has appeared in the form of proper management of crop residues. Dr. Young says that every piece of crop residue left on the surface of the soil serves as a natural wind-break or dam.

"Each piece of stubble left on a field helps to stimulate water penetration of the soil, and organic matter which decomposes in the field acts as a binding agent which holds soil particles together in spite of strong winds," he said.

Soil tests at Tech indicate that once native sods are broken for cultivation as much as 50 per cent of the organic matter may disappear in two

years. Removal or plowing under of crop residues furthers wind and water erosion and organic losses. As long as crop residues are left on the surface to disintegrate, conservation of soil and water are aided.

This brings up an important question. Can crop residue, if properly managed, eliminate the dust storm menace?

"No," Dr. Young admits, "it can't. Science accepts the theory that the Plains had dust storms long before man ever touched the soil with a plow. But it isn't a hopeless case, and the proper use of crop residues can prevent those 'black dusters' which drew hundreds of tons of top soil off of our best farm land."

One of the best ways to conserve moisture in the soil is to leave residues on the surface as a barrier against runoff water, thereby permitting more water to penetrate the soil. Moist soils will produce a vegetative cover which can prevent wind erosion. The crop residues are returned to the soil as organic matter in the cyclical process.

"Right now, it's simply a matter of convincing the farmer that he should leave crop residues on the surface and use a chisel-type plow with sweeps which will work the soil underneath the residue without turning it under," Dr. Young said. "The effect—in greater fertility and decreased erosion—will become apparent right away."

SIDEWALK SUPERINTENDENT, JUNIOR GRADE—Little Tommy Peurifoy, 2 years old, got on early start on the popular pastime of kibitzing when a water main broke in front of his Dallas home. Workmen had not been on the job long when the young son of Mr. and Mrs. T. J. Peurifoy placed his rocking chair where he could comfortably observe and supervise the project. (AP Photo)

Second Guess

(Continued from Page 1) squad this year it might be a good idea for them to move on up. They are building for next year and the years after.

Final thought: Sunderman's prediction that Phillips would beat Hereford by four touchdowns was just like a coach, always conservative.

Onias Carroll attended a state meeting of water superintendents in Plainview Tuesday.

Betty Solomon attended a funeral of an aunt in Floydada Monday.

Church Notes

Thanksgiving Day Dinner, served by Hereford Catholic Church for over 25 years in Hereford, will be on Thanksgiving Day between 12 and 2 o'clock in the afternoon. Expected crowd of between 400 and 500 persons will attend. Tickets will be \$1.75 for adults and \$1.00 for children. There will be plenty of food for all. Pre-Christmas sale of needle work will be held at the same time.

All ladies of First Baptist Church are urged to attend the District Annual WMU meeting of the First Baptist Church, Levelland, November 15 at 9:30 a. m. through the evening session. Mrs. R. L. Mathis, president, of State WMU, will speak at the morning session.

This Thursday will be all church visitation day. We will visit in the morning from 10 o'clock until 11 o'clock and in the evening from 7:30 until 8:30. Nursery will be open at both the morning and evening period.

The Local Methodist Church is in a revival season this week with Dr. E. D. Landreth, District Superintendent from Amarillo doing the preaching and Rev. A. J. Cockrell of O'Donnell doing the directing of singing. Services are held each morning at ten and each evening at seven thirty. One unusual feature of the meeting is the breakfast for men each morning at six forty-five. The meeting is held in the church basement and the food is served piping hot by volunteer kitchen crew and then Dr. Landreth brings a short but inspiring message in time for the meeting to break up at seven thirty. The men enjoy this unusual fellowship and many appear in this group who do not often get to attend the regular church services. Visitors are welcome to the services as the meeting continues on through Sunday, November 20th.

Those who attended the District Conference for the Methodist Church of the Amarillo District held on Wednesday of this week included an official delegation from Hereford of Rev. Don Davidson, pastor, Rev. M. M. Beavers, retired minister, Ray

style. "Dress-up" occasions called for tulle, crepes and satins, the poll showed. Most women students said they regarded one suit in their wardrobe as a "must."

A majority of the coeds interviewed for the poll indicated they will resist a current trend toward shorter skirts and the 1920-like silhouette figure.

"I'm just getting used to long skirts—I think I'll keep wearing them for a while regardless of what the fashion magazines tell us," one coed said.

Forty Turnout For Messiah Rehearsal

Largest attendance yet reported this fall for Messiah rehearsals, 40, was reported by Director Mattie Mae Swisher. Seven new members, Mr. and Mrs. Bob Lawrence, Audri Hood and Norman Gray from Hereford and Vera Ann Jones, Ernestine Hooker and Glenn Cunningham are new members from Friona.

Messiah will be presented December 4 in Hereford. Glenn Cunningham will be soloist.

Singers from Pampa, Plainview, Amarillo, Tulla and Berger will participate. Director Swisher still in-

vited any one and everyone to come and take part in the singing. Next rehearsal will be Monday evening at 7:45 in First Methodist Church.

Friends will be glad to hear that Myrna Kay, daughter of Mr. and Mrs. J. W. Benson is returning to her home in Dimmitt this week.

Myrna Kay is the granddaughter of Mr. and Mrs. A. T. Jones.

New Army Preparedness Plan To Use Medic Personnel To More Advantage

A newly adopted preparedness plan which would result in greater economy in the use of scarce professional personnel in military field hospitals in wartime theaters of operations, was received today by the Texas Military District from Major General R. W. Bliss, the Army Surgeon General.

"Under this plan," said Colonel Oscar B. Abbott, Chief of Texas Military District, "fewer physicians, dentists and nurses will be ordered to active duty with Army medical units until those units are ready to move into a theater of operations. This should allow each doctor to remain in active practice in his community until the Army has an actual need for his services with troops in combat."

"The new plan is the result of an intensive study of experience of the Army Medical Department during World War II. At that time doctors and nurses were required to join units while medical technicians and administrative personnel were being trained in the setting up, operating and dismantling of mobile field

medical equipment. This resulted in a loss of skilled professional manpower, not only to the Army, but to the doctor's civilian community as well.

Hospital personnel will now be divided into two groups—administrative and professional personnel. The professional group will be known as the "professional complement," and will be made up of physicians, dentists, nurses, and other specialists. They will not be required to join the unit until such time as the unit is engaged in the actual care of patients. Further, when the requirement for this group has ceased, they may be moved to another theater of operations or to another area within a theater where their professional services will be put to use with a minimum of delay. The administrative group would remain to oversee the moving of equipment and records of the unit. In this way maximum use may be made of the professional complement's services.

Out of the 47 professional people required for a field hospital, under the new plan only four officers would be required at all times for duty with the unit. The remaining 43 officers including nine physicians, three dentists and 31 nurses, would not be needed during the organization and training period of the unit.

Although more applicable to wartime than to peacetime conditions, all field-type Army hospitals will eventually be organized according to this plan.

VETERAN TEXAS SONGWRITER—Charles McMahon, 67, sits at his piano in Marshall, Tex., as he works on one of his compositions. He wrote his first song when he was 10 years old. Now he's a gray-haired railroader—but still writing songs. He has worked for the Texas and Pacific railroad for the past 44 years and is now employed in the line's Marshall shops as a machinist. His songs are on many subjects, ranging from bowling alleys to his T&P railroad. (AP Photo)

guest in the home of her daughter, Mrs. J. M. Simpson, Jr.
