Around Town

Hereford Garden Club members will hold their guest day on May 11 at 9:30 a.m. at the home of Mrs. Ralph McCullough...

Gaylord Newell was presented his first prize check for being one of the 10 first prize winners in this region in the recent Lever Brothers Contest on Lux Soap displays.

Hereford High School homemaking students in the sewing classes did such a nice job with their recent style show they have been invited to appear on KGNCTV on May 26.

A. Franks, District Deputy Grand Master, of the IOOF Lodge will be a visitor of the Hereford Lodge Monday, May 7, at 8 p.m.

Francis Hardwick says he is ready to quit the show business for once and for all. He attended the Precinct 2 convention Saturday morning and left with the comment: "I couldn't begin to put on a show to compete with that one."

Dollar Day Items Include Boots And Straw Hats

Hereford merchants will hold their monthly Dollar Day Monday and specials which will be featured to run the gamut from furniture to ladies' shoes.

With summer right around the corner, many merchants are advertising spring and summer merchandise at bargain prices, and hand in hand with summertime promotions are sportswear items, picnic equipment, outdoor furniture, etc.

For one dollar you can buy straw hats (for ladies), house dresses, gowns, or three Turkish towels. For one half price you can buy such varied items as furniture, houses and cowboy boots.

There's a bargain counter in almost every store along Main St., as Hereford merchants go all out in their May Dollar Day promotion.

Soil Stewardship Sunday Is Today

Various local churches have made plans for the annual observance of Soil Stewardship Week on May 6-12, by planning to celebrate Soil Stewardship Sunday today.

The Tierra Blanca Soil Conservation District sponsors this week locally, and the National Association of Soil Conservation Districts sponsor Soil Stewardship Week, which begins the fifth Sunday after Easter.

Hereford churches planning to use the bulletin church covers emphasizing the observance of this day are The First Baptist, The First Methodist, Assembly of God, and St. Thomas Episcopal. The brochure, in green, black and white, portray a man letting soil sift from his hand, and lifting his eyes to heaven to show his thanks.

The congregation of St. Thomas Episcopal Church will go to Canyon Sunday to the Dog Iron Ranch, where a Rogation (Thanksgiving) service will be held. A calf will be branded and the proceeds of the sale later on will be given to the church.

Wesley Methodist Church services will also observe Soil Stewardship Sunday today. The sermon will bear on the idea of soil conservation, with the use of Biblical Scriptures on soil.

Members of the Tierra Blanca Soil Conservation District are Luther Lesly, chairman, Hardy Benson, Ira Scott, Carl Wimberley, and Charles R. Hoover.

DAUGHTER IS BORN

Dr. and Mrs. F. C. Glendening, former residents of Hereford, now living in Hebronville, announce the birth of a daughter, Susan, born April 24. Susan has a brother, Johnny, who is three.

IT'S BABY WEEK—Mrs. Terry Kirby and daughter, Alysia Ann, who was seven months old Saturday, can share a smile for Baby Week which ends today. As Alysia Ann rocks quite comfortably in her antique cradle she isn't bothered by the fact that she, and the other 37 babies that are born annually in Deaf Smith County Hospital, represent quite an economic factor to the town.

alone. Hereford merchants estimate they sell about 100 baby beds annually (pointing out that first-baby gets treated like a king, second gets hand me downs but sometimes the third or fourth gets to start all over with brand new gadgets, his parents having disposed of the previous baby beds, play pens and strollers) and layettes may range in cost from the \$20 one for bare essentials to elaborate wardrobes that include \$12.98 diaper sets of hand embroidered pinafores and matching plastic pants.

Monday Deadline To Run for Office

If you are thinking about running for office, it's now or never!

The deadline for candidate filing, all the way from precinct posts on up the county line, is Monday, May 7, with the Democratic Party of Texas, and all county candidates must be filed with Henry Sears, county Democratic chairman, to be eligible in the race.

The next spotlight on political activities will be Tuesday, May 8, at which time the County Democratic and Republican precinct delegates will meet in the county conventions to name delegates to the State Conventions.

Ceramic Ari Club Sets May 12 For Annual Show

The Hereford Ceramic Club will hold its annual Art and Ceramic Show in the Southwestern Public Service Building Saturday, May 12. Doors will open at 12 noon and close at 4 p.m.

Mrs. Alice Cox, president, has announced the following committees. Mrs. Phil Radovich, chairman, assisted by Mrs. Lucille Smith, Table and arrangement, Mrs. Don Root and Mrs. F. M. Kester, Table covers, Mrs. Mary Denton and Mrs. Joyce Hickman. A prize will be given to the one guessing nearest the number of articles displayed and some articles will be marked for sale.

Republicans Name Thirty Delegates

Deaf Smith County Republicans, who held their precinct conventions Saturday evening after press deadline, chose 30 delegates from precincts to the county convention on Tuesday.

According to Mrs. Curtis Tra-week, district committeewoman of the 30th Senatorial District, they are allowed one delegate for each 25 votes cast for Eisenhower in the last presidential election. At county convention time, they will choose eight delegates who will attend the state convention in June.

WOULD UP GRAIN SORGHUMS 30 CENTS

Current Farm Bill Still Under Fire

Farmers in this area, along with interested business men, were keeping an eagle-eye on the farm bill, which passed the House Thursday and appeared in the Senate to create considerable strife.

Grain sorghums, still the No. 1 concern to local producers, took considerable set-back under the proposed bill, recently passed in both houses and vetoed by President Eisenhower. Roughly, the new plan would give local producers an increase of 30 cents per hundredweight on grain sorghum over the \$1.56 elevator support price in 1955. The price was still down sharply, however, from the 1954 figure when producers drew around \$2.09 per hundred at the elevators.

Also of considerable interest in this area was the inclusion of grazing land in the soil bank plan.

Mrs. Grace Little Buried Saturday

Funeral services for Mrs. Grace May Little, 58, were held Saturday at 2:30 p.m. at the First Baptist Church with the Rev. H. V. Fields officiating. Interment was in West Park Cemetery.

Phillips Purchases Corbett Cleaning

Purchase of Corbett Cleaning company by Mr. and Mrs. Earl Phillips was announced this week. The sale became effective May 1.

Mr. and Mrs. Phillips are both well known in Hereford since, as Mr. Phillips puts it, "I was born here and have spent all of my life in the community." According to present plans, Mrs. Phillips will devote her entire time to the cleaning plant while Mr. Phillips, who is still interested in Phillips and Lawrence Service station, will divide his time between the two businesses. They said that all of the employees at Corbetts have been retained, and that all equipment also remains in the plant.

PRECINCT 3 BOUNDARY LINE "AS WAS"

Sale Of Bull Barn, Remodeling Of Jury Quarters Planned

The Commissioners Court shifted into high gear in a special meeting here Friday afternoon in which they unanimously decided not to rebuild the Bull Barn in its present location, rescinded the controversial order on changing the boundary line between Precincts 1 and 2, and took initial steps toward remodeling the jury dormitories in the Deaf Smith courthouse.

The motion did call for replacement of the present lot and facilities, however, "as soon as a proper location can be secured." The commissioners discussed any future building with an eye toward community service, including 4-H and FFA youth, along with the cattleman in a possible multipurpose structure.

Officers Use Lie Detectors To Clarify Recent Shooting

Three Hereford men spent 16 hours before an Amarrillo lie detector during the past two days as Hereford police and Sheriff's department officers sought to determine if the recent death of A. E. Dameron, 46-year-old gunshot victim, was murder or suicide.

Results of the tests were not released, according to officers, who said that operators of the machine were sending the tests into Chicago for expert analysis. The lie detector is comparatively new to Amarillo police, who felt that the readings should be interpreted by experts before any statement is made.

'TOO MANY PLAYERS' POSES PROBLEM

Little League Gets Underway Mon. With 250 Aspirants 'Out for Teams'

Work was progressing steadily on Hereford's new Little League baseball park, as some 250 boys, ranging in age from five to 12, turned out last Monday to make Hereford's first try at the organization a success.

After managers "draft" their teams, each squad will work out together for two weeks before the season will start the last of May.

Mary, Bill Dufur To Entertain Magazine Editor, French Lady

A Deaf Smith County cattle ranch and two hard-working Deaf Smith County 4-H members have been selected to play host to a touring magazine editor and a French social worker here on Tuesday.

The young host and hostess will be Mary and Bill Dufur, whose parents, Mr. and Mrs. Sherman Dufur have made their home on the W. E. Dameron Hereford ranch for six years. Mr. Dufur is in charge of farming operations at the ranch which is now managed by Bill Dameron.

The Lyndon Johnson forces appeared to have a clear-cut supremacy in Deaf Smith county as tabulations from the 10 voting precincts rolled in Saturday afternoon. With 10 precincts reporting, Johnson had an undisputed total of 28 delegates, we above the 25 necessary to control the County Democratic convention's 48 delegate total here Tuesday, May 28.

All of the conventions reporting gave Johnson a decisive victory except Precincts 4 and 2. In Precinct 2 both Shivers and Johnson supporters claimed victory. Each group elected a complete slate of delegates to the county convention and leaders from both sides claimed positive victory. Some of the precinct delegates were still fighting mad when they left the courthouse.

Disregarding Precinct 2 and its 19 delegates, however, Johnson Saturday afternoon had a total of 28 delegates as follows: Precinct 1 — 11 votes; Precinct 11 — 10 votes; No. 7 Dawn 2 votes; No. 8 Garcia, 1; No. 9 Bippus, 1; No. 6 Ford, 1; No. 4 Daniel, 1; Mitchell residence 1. The Simms precinct, No. 4, went for Shivers with one delegate, and was the only clear-cut Shivers victory in the 10 precincts. If Johnson boosters set their 19 delegates in the county convention, they will have an accumulated total of 47 delegates out of the entire 48.

About the only thing that everyone agreed upon was the fact that the precinct conventions Saturday drew by far the greatest attendance in history. In Precinct 2, it was estimated that 300 persons attended. In the more orderly conducted Precinct 1, an actual vote count of 87 was recorded; Precinct 11, also an orderly affair, recorded 96 votes.

Many people, incidentally, talked freely about the fact that it was the first precinct convention, including many old timers. Likewise, it was probably the first time that the precinct meetings have been characterized with such emphasis on eligibility in a precinct convention.

Chairmen Under Fire In Precinct 2 and Precinct 11, the organizational set-ups came under direct fire concerning temporary chairmen. Wayne Thomas, duly elected chairman in Precinct 2, had meanwhile moved to Precinct 11. He did, however, preside over the meeting long enough for the group to name a permanent chairman, Billy Dameron.

Precinct 2, in reverse, made an effort to establish John Aiken, who was duly elected chairman of Precinct 11 in 1954 and had meanwhile moved in Precinct 2, as the chairman. This was the point where the fireworks opened, leading to the organization of two separate groups, each of which created a slate of delegates which they claim to be legal. The Shivers group also claimed victory on the grounds that the Johnson group met in the west side of the courthouse, which they declared to be in Precinct 1 and not, therefore, illegal. Both sides, at the meeting and later, in a deluge of telephone calls to The Brand, claimed to have the most in attendance — and to have elected the official delegates.

Closing School Dates Announced Announcement of closing school dates was made this week by Fred J. Cunningham, superintendent of schools.

Classes will be held through Thursday, May 31, with school buses running at 2:30 p.m. on that afternoon. On Friday morning, June 1, buses will return to school at the regular hour and report cards will be given out. They will make the return route at 10:30 p.m.

Baccalaureate services will be conducted for members of the Senior Class May 27, at 8 p.m. with the Rev. Howard Scott, pastor of the First Baptist Church, as guest speaker. Commencement will be held on May 31, at 8 p.m. and the program will feature student participation.

MAKING ARRANGEMENTS—Mrs. Dorothea Prowell and Bill Dufur

By Jimmie Gillentine
Many people have been startled and amazed over the sabotage incident at Horace Mann School in Amarillo this week. Even the students are quite upset over the situation, and justly so.

Possibly the worst reaction is to assume the attitude "it couldn't happen here." Like previous Amarillo troubles, Hereford has also faced quite a few minor outbreaks—and they are still going on. Those "Youth Wars" a couple of years ago, breaking of street markers, and sabotage to the swimming pool are all along the same pattern. Leo Forrest, who took so much kidding when REA lights went off at the Cutting Horse show last Saturday night, says that the crews traced down the cause and found that a single phase line,

north of the Lee Benefield place, had been deliberately "shorted out" with barbed wire. A whole bundle had been wadded up and thrown across the wires to kill out the circuit.

In addition, the same thing occurred west of Dimmitt around a week ago. The situation, besides interrupting service, is also expensive to REA members. The directors are asking that anyone who sees a flash along any REA line report it immediately. They are also asking for the license numbers of cars lurking in the area, or creating suspicion.

When vandals destroy private property, it is bad enough. When they damage or destroy public property, they are actually penalizing themselves and their parents, who must ultimately pay for the damage in taxes. It is truly difficult to visualize the thinking of persons who destroy their own property, and this is certainly the case of swimming pools, schools, county equipment, and, to some extent, REA lines.

"wets" and the "drys" have gone to great lengths to list the effects of prohibition on Amarillo, but the whole thing must have been like pouring water on a duck's back to the people of Oldham County, which also voted on the legal sale of liquor Saturday.

Oldham, it seems, has been "wet" all of these years—and no one knew it. The county was apparently wet when the nationwide prohibition act became effective back in 1920. When prohibition was repealed, Vega returned to its same status as before federal prohibition. For some reason, however, the people assumed that Oldham County was dry—and it has operated along that policy. A month or two ago the Texas liquor control board circulated some maps showing all wet and dry areas in the state. The map showed Oldham as being wet and one enterprising liquor retailer even went to Vega to investigate the opening of a bar.

This started the ball rolling and finally resulted in the election Saturday. No one seems to know exactly what happened on the deal. Some say that they did have a 3-2 beer election in the '30s, voting member County Attorney John Scott says that he knew that Precinct 1, north of the river, was wet. Sheriff Day Thompson must have also had a sneaking suspicion or two, because no one can remember a single case of bootlegging or of transportation for sale in the wet county. None of these arrests have been made in county, not even by the High Patrol. Our own county attorney, Ed Line, was county attorney in Oldham County for two years and he told me Friday that he never suspected that the county was anything but dry.

Donald Hicks, chairman of the Board of Stewards in the Vega Methodist Church and Deaf Smith County commissioner, says that everyone was most surprised to find out that the area was wet. He says he heard it a few months back and could hardly believe it.

In a lot of ways, this unusual situation in Oldham County affords an excellent lesson to all communities. It proves, beyond doubt, that the people are going to create the type of community they want, regardless of legal restrictions. The people in Oldham County actually wanted a dry county and they practiced what they preached. Consequently, it became dry, even though it was technically and legally wet. If they hadn't been so close to the wet Amarillo territory, it might be a different story. Such, at least, is the opinion of many residents of Oldham County.

Furthermore, if they had just kept quiet and had helped vote Amarillo dry, the area could have secured some wonderful roads. They would have needed to shift the Canyon E-Way to Vega and to have expanded Highway 51 from Hereford to at least eight lanes. Anyway, I'll bet that no parallel situation has ever existed in the United States. Vega, you might say, was "dry by choice," rather than by law.

Joel Hodges was telling me that the Little League is already getting into hot water. They have approximately 250 boys out for the teams this first year—but the rules and regulations call for a maximum of 120 boys; eight teams of 15 players each. All of which means that around half of these youngsters will go home crying because they couldn't make the team. Most of them, naturally, will be the six, seven and eight-year-olds.

What we need is a "Little" Li-

le League. These kids are interested. They want to play baseball. It is a lot better to have them interested in clean wholesome sports than to turn their future interests to stealing hub caps, irrigation well batteries and setting fire to public schools. This is an opportunity to instill sportsmanship and honesty in the minds of these kids who, otherwise, could easily get off on the wrong foot by being idle. I know it costs a lot, but so do courts and property damage along down the line.

What are we going to do? Shall we tell them to go home, that Hereford has no place for them in its planned program for future American citizens? This is one of the greatest challenges the community has ever faced. Maybe someone will have an answer.

Dufur

arrangements for the stop in Texas, and they contacted Knox Parr, district agent in Amarillo, requesting a Panhandle ranch.

Since the aspects of the Four-H program are under emphasis, Mr. Parr selected Deaf Smith County, because of its integrated Four-H training program, and because of the enthusiastic response of its young members to Four-H Club work.

So County Agent Hugh Clearman, assistant Jack McCracken, County Home Demonstration Agent Argen Draper and Assistant Dorothea Rowell were delegated to find a ranch where a Four-H boy and a Four-H girl lived.

They selected the Dufur family partly because of the children's outstanding work.

Active Leader
Bill, 16 and a junior in Hereford High School last year won the Four-H grain marketing trip to Chicago. A member of the organization for four years, he won second last weekend in the district elimination contest in Canyon, in public speaking.

He won the county wheat marketing award, and the leadership award, has served as president and secretary of his Westway Four-H Club and has attended the Four-H roundup. Currently he is feeding out a calf as his project.

Mary, 14, and a student at Walcott School, is president of her Walcott Four-H Club, and has had outstanding demonstrations in the line of clothing and foods. One of her pet projects is yard beautification and the yard at her home, acclaimed by her Four-H leaders, has been her own effort.

Arrive at 9 a.m.
The two guests are expected to arrive about 9 p.m. from Amarillo and will be accompanied by Knox Parr. They will drive out to the ranch located about 22 miles northwest, where Mary and Bill will take over.

They will tour the highlights of the spacious spread which is devoted mainly to breeding of registered Hereford cattle, and to raising grain to feed those cattle. Everyone will have lunch at the Dufur home where a fried chicken dinner complete with all the trimmings will be served according to Mrs. Dufur.

Although information about the guests was sketchy, tentative plans apparently call for the tour to be written up in Seventeen Magazine, and for the two members to go on to Hollywood where they will make a film.

ding of an order of Jan. 23, 1956, which proposed to change the division line between Precincts 2 and 3. On a motion made by J. T. Guinn and seconded by Otto Massey, the following order was passed:

"In order to avoid any misunderstanding of the voters of Precinct 2 and Precinct 3 regarding boundary lines between these two precincts, it is hereby ordered that the orders of the Court minutes No. 836, Jan. 23, 1956, and the order No. 846, March 12, 1956, with reference to the boundary line of Precinct 3 be rescinded and that said line remain as previously established between Precinct 2 and Precinct 3, Deaf Smith County."

The action automatically re-establishes Voting Precinct 3 and, consequently, eliminates the controversy over where voters in Precinct 3 will cast their ballots. It also allows them to vote for all officers in Precinct 3, including that of commissioner.

To Remodel Jury Rooms
Following a previous suggestion, the commissioners visited the jury dormitories and decided to secure bids on remodeling the rooms to include bath facilities and toilets. The plan considered would include

use of the present rooms with a lobby in the center and bedrooms on the north and south ends. The plan calls for installation of showers in each of two bathrooms adjoining each dormitory with two showers, two commodes and two lavatories in each bath. The commissioners also plan to cover the floor, possibly with linoleum blocks and to install modern, roll away, single beds. Storm windows were also proposed as a means of eliminating dust in the dormitories.

No action was definitely taken on the dormitories other than authorizing the securing of estimates on the work. The commissioners felt that the improvements are necessary, but expressed a strong desire to remain on a "pay as you go" basis.

The Court also authorized purchase of insurance to temporarily cover the Bull Barn and contents. They also authorized purchase of insurance to cover the nurses home, value approximately \$28,000, recently completed in conjunction with the Deaf Smith County hospital.

Postal Employees Get Safety Awards

Safety awards were presented to six employees of the United States Post Office in Hereford Monday by Jim Lipscomb, postmaster. The awards were given through the National Safety Council for service without an accident while on duty.

Receiving awards were: A. Petersen, route 4, 20 years; John L. McCutchen, parcel post, five years; E. W. Young, route 2, six years; Howard Armstrong, route 1, two years; E. Ramey, route 3, 24 years; Owen Stagner, route 5, 24 years. The six men hold an aggregate total of 81 years' service without an accident while on duty. Ramey Stagner and Petersen contributed a lion's share of the time with a total of 68 years accident-free service between the three.

ANNOUNCING

The Purchase of

CORBETT CLEANING CO.

By Mr. and Mrs. Earl Phillips

We have recently purchased the Corbett Cleaning Company from Mr. and Mrs. Roger Corbett, who are moving to Los Alamos, N. M. to take over other business interests.

We wish to take this opportunity to invite each and every one of Mr. Corbett's customers to continue bringing their cleaning here.

Of course, you will expect, and get, the same fast, courteous and efficient service as in the past. The name and telephone number will remain the same, and we will have the same friendly employees as in the past.

We hope to merit your continued patronage and consideration.

—Mr. and Mrs. Earl Phillips

THANKS FOLKS . . . for the wonderful patronage and consideration that you have given us in the past. We have enjoyed the many years that we have been in Hereford, and we can think of no finer people in the world to live around and serve, but other business interests are taking us out of town.

Again, may we say "THANKS FOLKS" . . . it's been a pleasure to serve you. And if we may, we'd like to take this opportunity to invite you to continue patronizing the CORBETT CLEANING CO. operated by Mr. and Mrs. Earl Phillips.

Incidentally . . . whenever you're out our way, stop in . . . it's always good to see home folks.

'All Aboard For Ruidoso' You'll Hear Seniors Shout

Students of the 1956 graduating class of Hereford High School left at about 7 a.m. Friday for their annual senior trip to Ruidoso, N. M. Around 100 students made the weekend trip, along with seven sponsors.

These trips were made a part of the senior class activities after the Second World War, and for the past three years, Hereford seniors have taken their trips to Ruidoso.

Lunch in the Park
Friday morning, the school buses stopped at Portales for a 20 minute rest stop, and then continue on to Roswell, where the seniors had lunch in the city park.

YOUR RED CROSS ON THE JOB

CORINNE J. NEELY

April has been a busy month for the chapter.

Three First Aid classes were completed under Gerry Patterson Bennett as instructor. Two of the classes at school were made possible at the request of Mrs. V. E. Dodson, P. E. teacher, who also took the course. The other class was a Camp Five Group. A total of 37 completed the courses. An adult class of women will begin a course May 14th under Mrs. Bennett.

One teacher, Robert Kitchens, and one student, Sam Lash, took courses in Water Safety in Canyon toward instructor's certificates. Under chapter's sponsorship, another student, Bonnie Lewis, has reservation for Water Safety school training at Lake Murray, Oklahoma in June. Applications for summer classes for beginners at the local pool, went out this week from the City Hall, in cooperation with the chapter. Plans have been completed and will be announced soon for a Junior Red Cross representative to attend summer training school at Camp, Pettit, Jean Ark. Mrs. Millard Nobles said this

week. There are two such trained workers in the school now. A boy or girl is sent each summer. The Juniors sent 154 gift boxes to headquarters this month to go where needed for other boys and girls, usually during disasters. (There were two items, soap and pencils left over to go in boxes next year).

The executive secretary for the chapter attended a District Red Cross meeting in Amarillo this month, being one of the 28 to attend for Home Service. Under Home Service this month, 10 of 17 open cases were given service to the serviceman and/or families. Four of these were financial emergency leaves etc., made up others. There was one disaster inquiry from a family with relatives in the tornado Okla. area. Other services numbered 26 not counted as cases. Because March, the Red Cross month—and April extension—did not complete the goal set for the chapter, plans for special events are still being made to be held throughout the year to obtain funds to carry on chapter's work for the next year, (beginning July 1st.)

Oren Jones Jr., Oklahoma Shooting Victim, Reported To Be Improving

By MRS. S. N. THWEATT
Mrs. Don Guseman was released from the Deaf Smith County Hospital Wednesday. She's home and doing fine.

Mr. and Mrs. Floyd Brown, Earl and Rodeer visited Mrs. Brown's mother, Mrs. C. W. King, of Rosedale, N. M., Sunday night.

Mr. and Mrs. H. W. Barton of Wichita Falls are visiting in the home of Uncle Jim Perrin. Mrs. Barton is a sister of Jim and Carl Perrin.

Jim Perrin recently underwent surgery in Dallas, his home. Frank Ford returned from Lubbock the first of the week. He reported a good rain, around an inch.

Mrs. Ernest Brown visited Mrs. Floyd Brown Tuesday afternoon. Mr. and Mrs. Lewis Smith and Mr. and Mrs. Cecil Bass were in Hereford Thursday for the opening of Taylor and Sons new store. Visitors in the home of Mr. and Mrs. Henry Irbeck Sunday were Mr. and Mrs. James Johnson and children of Tulla, sister of Mrs. Irbeck and Mrs. Joe Lange of Happy, mother of Mrs. Irbeck. Carl Irbeck of Happy underwent an operation in the Plainview hospital recently. He's a brother of Henry Irbeck and he is reported as doing fine.

S. N. Thweatt hurt his back on Monday helping load a water tank; had to have it put in place. He is up and about, but can't do any heavy work.

Mrs. N. A. Brown talked to Mr. Jones in Hereford Thursday, the father of Oren Jr., who was shot by mistake in Oklahoma. Mr. Jones said the Doctor said the boy would be "o.k.," unless complications set up, but would be in the hospital some weeks yet. Mr. and Mrs. Jones are at home at the farm seven miles east of Bootleg.

Aubrey Bells Are Honored at Party

Friends and neighbors held a surprise gift party for Mr. and Mrs. Aubrey Bell Thursday evening in the C. I. Rudd home. Games were played and gifts were presented to Mr. and Mrs. Bell who have recently moved into a new home, in a "This Is Your Life" program.

Those present were Mr. and Mrs. Joe Merrill and children, Mr. and Mrs. Walter London Sr., Rev. and Mrs. Eugene Naugle, Mr. and Mrs. M. T. Vaught and daughter, Mr. and Mrs. Bob Alexander, Mrs. Gertrude Lisenbe, Mrs. Harold Hawkins, Mrs. Ray Williams and baby, Mrs. Williams and daughter Joe Bell, and the honorees.

Veigel, Woodford Chosen To Be Boys State Team

Two Hereford boys will rep-
resent the local American Legion
Post at Boys State in Austin this
summer, according to Cecil Park-
er, commander.

Chosen as delegates from Here-
ford High School are Bob Veigel,
son of Mr. and Mrs. Robert Veigel,
and Bill Woodford, son of Mr. and
Mrs. Lisle Woodford.

Alternates will be Lynn Boomer,
whose parents are Mr. and Mrs.
Bert Boomer, and John David Bry-
ant, son of the Cawthon Bryants.
Each year the local legion sends
representatives to the big project
in civic education which is spon-
sored nationwide by the American
Legion. For the past two years,

the legion has sent two delegates
from Hereford High School.
Towns throughout Texas will
have their delegates on hand early
in June when Boys State convenes
and the youngsters learn the basic
elements of what makes democ-
racy function on a city level, coun-
ty level and state level.

Late in the year a national Boys'
State meeting is held in Wash-
ington, D. C., with representatives
from the state meetings (usually
the governor chosen from among
the boys) as delegate.

Boys, all junior students, are
chosen for the honor on the basis
of scholastic rating, leadership and
character.

Funeral Rites For
Mrs. Vernon Duke

Funeral services for Mrs. Vernon
Duke of Odessa, formerly of Here-
ford, were held Saturday at 2 p.m.
at the Second Baptist Church in
Odessa.

The Dukes came to Hereford in
the spring of 1946 and moved to
Odessa this last fall.
Mrs. Duke is survived by her

husband, Vernon Duke of Odes-
sa; two sons, both of Odessa; and
one daughter, who lives in Pampa.

Cowser and Alken the nominees for temporary chairman.

Cowser was declared elected by 87-76, but confusion again arose when the Shivers group came up with a different count, which they said was 84 to 76 in favor of Alken.

A motion was made that all in the room be made qualified voters, but was declared illegal and was withdrawn by the Johnson faction.

was elected as their permanent chairman. Frances Young was elected permanent secretary by the "Johnsons" and Mrs. J. T. Carroll by the "Shivers."

Several rousing speeches, greeted by disapproval and boos from the Johnson group, were made by Shivers supporters. Earnest Langley, Jimmie Witherspoon, Harold Banks and Alken all spoke before the convention.

Near 11 a.m. Jay Boston called for adjournment and the Johnson supporters left. However, shortly after the Johnson group left, Jas. W. Witherspoon called attention to the fact that their group (Shivers) was the only people participating in the convention.

Cites Precinct Lines
Witherspoon said that the divid-

ing line of precincts 1 and 2 was the middle of the court house. The two factions had been each on one side of the court room with the Shivers backers on the east side. Witherspoon declared that the Johnson group was not in precinct 2 but in 1 and said that the Shivers group was the only legal convention in Precinct 2.

The only thing which could be interpreted as possible combat was when J. D. Gilbert attempted to pull a chair out from under Dr. R. R. Wills who was making a speech for Shivers. The situation was rescued when Robert Thompson, Jay Boston and others interfered and bodily removed Gilbert from the area.

"Come on and pull it out," shouted Wills. "Just let him come on." Delegates from the two groups appear as recorded by secretaries of each group.

SHIVERS DELEGATION
Dr. R. R. Wills, Dr. Bill Lawrence, Raylan Evans, Bill Betzner, Guy Newsom, Dennis Lomas, Mrs. J. W. Witherspoon, J. W. Witherspoon, Henry Sears, Harold Banks, John D. Alken, Joe Evans, Carl McCaslin, Jimmie Allred, Emmett Milburn, J. W. Barnett, Doc Kirby, Delmo Williams, (Alternates), Everett Morgan, Sam Long, Norman Moore, Joyce Lomas, Mrs. Guy Newsom, Mrs. Emmett Milburn, Mrs. J. H. Lomas, Mrs. R. R. Wills, Fred Baird, D. C. Kinsey and Harry Linderer.

JOHNSON DELEGATION
Ray Cowser, F. A. Marnell, Hugh Bookout, Raymond A. Higginbotham, Earl Cole, T. R. Royal, Harold K. Shearhart, Frank Cogdell, Earl Stagner, W. L. Davis, Jr., J. O. Justus, Billie Ott, Max Drever, C. C. Rockwell, Mrs. C. C. Rockwell, Jay Boston, L. H. Woodford, Alex Thompson, J. M. Gilliland, (Alternates), E. S. Ireland, Ed Skypala, Jim Bookout, W. J. Messick, J. T. Gilbreath, Jr., J. D. Gilbert, Jay McWhorter, Frank A. Gyles, Jr., Will S. Kerr, Jack Brown and C. R. McQuigg.

PRECINCT ONE
Voters in precinct one named a slate of delegates instructed to support Lyndon Johnson when they met Saturday morning, and carefully huddled on the west side of the district court room.

Sylvester Slagle, named precinct chairman by voters at the last primary election, opened the meeting and was re-elected permanent chairman, defeating Frank Bezner.

There was little fireworks and

few clashes in the meeting which went off a little quieter than earlier meetings that morning. Johnson supporters amassed a count of 51 to 36 to dominate the convention.

Mrs. Margaret Johnson was chosen as secretary of the convention over Mrs. Earl Plank.

Delegates Are Named
Delegates and alternates bound by the unit rule include: Harvey Brook, Leo Forrest, H. L. Benefield, J. D. Gilbert Jr., Virgil Walker, C. C. Ellis, C. R. Dameron, Sylvester Slagle, Richard Ireland, W. H. Andrews, Don Martin, Adolph Knabe, R. A. Daniel, W. H. Gentry, Margaret Johnson, Al Smith, John Hickman, O. L. Bybee, Earl Holt, N. L. Wesson, W. P. Axe and Charles Crowell.

PRECINCT ELEVEN
Delegates pledged to the support of Lyndon Johnson were elected in Precinct 11 Saturday morning at Central School by the biggest body of eligible voters ever assembled in that precinct.

With Wayne Thomas serving as temporary chairman, the meeting got underway promptly at 10:30 a.m. After a motion by John Douglas Pitman and upon order of the chair, the door was closed, but late comers were later admitted by vote of the assembled crowd.

Delegates were required to register as they came in and first order of business was designation of a credentials committee named by the temporary chairman, to check a registration list against the poll tax list to assure that all present were eligible voters residing in precinct 11. Thomas emphasized the necessity for proving all were eligible, pointing out that one ineligible voter could cause all the proceedings to be thrown out.

Ivan Block, Steve Clements and George Heard, after checking the list, pronounced them in proper order. The meeting was opened for election of a permanent chairman.

Dameron Is Chairman
John Douglas Pitman nominated Bill Dameron and Steve Clements nominated Wayne Thomas. Thomas called for a "aye and no" vote, pronounced himself permanent chairman subject to a ruling from the floor. When carried to the floor, delegates for Dameron were asked to line up on one wall of the building, with delegates supporting Thomas on the other side. The vote was 64-32 in favor of Dameron.

Mrs. O. G. Hill Sr., and Mrs. Ivan Block were nominated for

convention secretary and Mrs. Hill was elected.

Shivers forces, nominating one slate of delegates, supported them with a two minute talk by Wayne Thomas in which he emphasized "We aren't voting on men for office, we are voting on whether Texas' one-party state will be controlled by the liberals in New York like Harriman and Reuther—whether the democratic party will be socialistic or not."

Johnson forces jumped to their defense when R. G. Peeler rebutted with a discussion of the farm bill.

Delegates Named
Elected as delegates and alternates were R. G. Peeler, Clinton Jackson, Townsend Douglas, Mrs. O. G. Hill Sr., Frank Knabe, H. C. Williams, B. F. Cain, Clyde Trully, W. S. Dameron, John Pitman, Emmett Sherman, Al Yeager, W. L. Davis Sr., L. B. Russell, Jack Bradley, Ray Godwin, Dale Sherman and Jean Elliott.

Miss Crosthwait Chosen to Attend Red Cross Camp

Miss Carla Sue Crosthwait, the daughter of Mr. and Mrs. B. Y. Crosthwait has been chosen as the Junior Red Cross Representative to attend the training center at Petit Jean State Park, in Morrilton, Ark.

The 10-day encampment, which starts June 10, is devoted to training young people from all over the South and Southwest, in administrative skills and leadership in order that they may help direct the activities of their home town Junior Red Cross chapters, according to Mrs. Millard Nobles, Junior Red Cross chairman.

To be eligible to be chosen for this encampment, a student must have one or more years of high school work remaining.

Each year the Hereford Junior chapter has sent one or more members to this center and at present they have two trained representatives in our local high school. They are Johnny Latham and Dorothy Fae Daniels.

Carla Sue, a sophomore, has been active in work of her chapter for the past two years, according to Mrs. W. W. Buck, teacher and sponsor.

Western Week Publicity Drive Is Organized

Hereford merchants organized their advertising campaign Friday morning when the retail merchants met in the Jim Hill Ballroom and discussed publicity for forthcoming Western Week.

With Harry Linderer, chairman of the advertising committee reporting, the group outlined a plan for use of newspaper and radio advertising, placards and handbills to be distributed both in Hereford and in neighboring towns.

Three hooster trips will be organized, one each on Monday, Tuesday and Thursday of Western Week. Towns visited will include Dimmitt, Friona, Bovina and Vega.

Doc Cowan, head of the prize committee, announced that five additional merchants had agreed to participate in the giant give-away which will be held June 1, at 4 p.m. at the intersection of Third and Main. This brings the total value of prizes to nearly \$1000 with other merchants still to be contacted.

Cases Filed on 12 Liquor Violations

There were 12 cases filed and fines of \$893.65 and costs levied in district one of the Texas Liquor Control Board during March, according to a review from the board this week. Deaf Smith County is one of 20 counties in this district, with headquarters in Amarillo.

But there were only three districts throughout Texas in which there were fewer cases filed, Austin, Edinburg and San Angelo.

Largest number of cases were filed in Lubbock County, where 79 cases were filed; resulting in 50 convictions and three jail terms and a total of \$11,614.15 levied in fines and costs.

Merit Badges were awarded by D. C. Martin to Lynton Alred, and Troy Don Moore; swimming, Joe Reinauer, first aid and life saving, and Lewis Block for life saving, cooking, music, home repairs, farm home and farm layout.

James Gentry, for citizenship in machinery; Jimmie Bradley, safety, life saving, nature; Pat Robbins, swimming, beef production, animal industry, sheep farming; Richard Smith, leatherwork, citizenship in the nation, cooking, nature, life saving, citizenship in the community and first aid.

Ronnie Guetersloh, citizenship in the community, first aid, art, citizenship in the nation, leatherwork; Edwin Morrison, cooking, farm layout, citizenship in the home; Donnie Marcontell, swimming, music; R. A. Wederbrook, swimming, home repairs, scholarship, reading; Joe Reinauer, world brotherhood, public speaking, soil and wa-

ter conservation.

Troop 52

From Troop 52, Larry Edwards was presented merit badges in bird study, public health and music.

David Scott, Joe Sherman and Dickie Slaughter, were presented tenderfoot badges by W. M. Teague.

Collision Causes Minor Damages

Minor damages resulted in a two-car collision here Thursday at 3:40 p.m. at Avenue F and approximately 85 feet south of Union Street.

A 1953 Chevrolet, driven by Eulise Raymond Garrett and a 1951 Chevrolet, driven by Johnny Max Winkler, collided, police said.

Garrett stopped for the intersection crossing and Winkler hit the left rear part of Garrett's fender

Meredith Ireland And Dell Sherman Win Scotch Match

Meredith Ireland and Dell Sherman won the Ladies Day Scotch Tournament at the Hereford Golf Club Tuesday.

Ladies Day is the first Tuesday in the month and a contest is planned for each event.

Mrs. Ireland and Mrs. Sherman won over eight other couples with a 46 over nine holes. Other couples entered were Ola Mae Trimble and Polly Manning; Rowena Posey and Claudia Blythe; Joe Brock and Mary Harmon; Juanita Sims and Revella Skypala; Helen Ann McWhorter and Dugan Butler; Lucille Posey and Dell Sherman; Hootie Gilbreath and Maxine Walker; Sue Loving and Dorothy Ward.

with the right front fender and grill of his car.

Approximately \$15 damage was done to Garrett's car and \$75 damage was done to Winkler's car. Winkler was charged with negligent collision.

Musical Program, Installation Rites Mark Women's Club Tea

Deaf Smith County Federation of Women's Clubs held its fourth and final session of the 1955-56 Club year at the First Baptist Church Friday afternoon at 4 o'clock. The closing affair was in the form of a tea with hostess clubs including: L.A.E., Bay View, El Nino and Garden Beautiful Study Clubs and Westway and Progressive Home Demonstration Clubs.

The tea table was laid with a pink organdy cloth and an arrangement of orchid, purple and yellow iris formed the centerpiece. Mrs. P. B. Sowell, incoming president, poured.

National Music Week

In keeping with National Music Week, an International Music Relations program was presented by members of the Music Study Club featuring two pianos.

The program included "Stars and Stripes Forever" (Souza), "Polonaise," Op. 40, No. 1 (Chopin) and "The Glow Worm" (Paul Lencke) played by Mrs. J. T. Sims and Mrs. Wayne Thomas.

"Liebesfried (Kreisler) and "Londonderry Air" (Arr. Kiberline), Mrs. Bill Brady and Mrs. C. W. Parker. "España Rhapsody" (Chabrier) played by Mrs. Howard Scott and Mrs. S. M. Dunnam. "Blue Danube" (Strauss) played by Mrs. J. C. McCracken and Mrs. Howard Scott. "Schingandi" (Guion) played by Mrs. S. M. Dunnam and Mrs. J. C. McCracken.

Following the program new officers were installed with Mrs. Elmer Patterson, conducting the ceremonies.

New Officers

Those taking offices were Mrs. P. B. Sowell, president; Mrs. Garland Solomon, first vice president; Mrs. Phillip Barkley, second vice president; Mrs. Jessie Radovich, recording secretary; Mrs. D. C. Kinsey, corresponding secretary; Mrs. Frank Lookingbill, treasurer; Mrs. F. L. Terrell, historian; Mrs. Alice Cox, parliamentarian and Mrs. L. H. Lookingbill, reporter.

The newly installed officers will take over their duties at the opening of the club season this fall.

Beta Sigma Phi Sorority Honors Mrs. Glen Nelson.. Girl Of Year

Texas Kappa Iota Chapter of Beta Sigma Phi Sorority honored the 1956-57 Girl of the Year at the annual Founder's Day Banquet held at Hotel Jim Hill Friday night. Also a highlight of the banquet event was the presentation of a check for \$1390.40 funds collected by the chapter in the recent Cancer Fund Drive, to the Cancer Drive chairman, Wayne Thomas.

CONTRIBUTION—Kappa Iota Chapter cancer chairman, Mrs. Glen Nelson, presents check for \$1390.40 to Wayne Thomas, Deaf Smith County Cancer Drive chairman. Members manned booths, held neighbor to neighbor campaign and conducted a games tournament to raise funds during the Cancer Drive.

Following the impressive opening ritual given by members, the Beta Sigma Phi invocation was sung by Mesdames Ronald Babione, Glenn Nelson and Jim Calmes. Mrs. Cecil Massey, president, welcomed the guests and Mrs. Glen Nelson gave the Founder's Day Pledge.

Founder's Day Message

The Founder's Day message, read by Mrs. Leo Box, included statistics compiled by the founder, Walter W. Ross, in congratulation to Beta Sigma Phi group everywhere on their accomplishments in the Silver Anniversary Year to make 1956 the greatest year Beta Sigma Phi has ever had.

Mrs. Cecil Massey reviewed the highlights of the past year's work and called attention to achievements of the national organization during its 25 years of service, pointing out its remarkable growth in membership.

Girl of the Year

Mrs. Glen Nelson was selected as the "Girl of the Year" on the basis of her untiring efforts in promoting the welfare of the chapter and for her outstanding work as chapter chairman of the Cancer Drive.

Mrs. Nelson, the former Miss Helen Bates of Tullia, was married in 1939 and moved to Hereford with her husband and two sons, Glen, 12, and Olin, 8. She became a member of Kappa Iota Chapter in 1953 and held the office of treasurer and assisted with the Cancer Fund Drive in 1954-55.

A Busy Year

During the past year she has served as extension chairman when a new Beta Sigma Phi chapter was organized in Tullia, and as chapter chairman of the annual Cancer Fund Drive. She will be a candidate in 1957 for the national Beta Sigma Phi Girl of the Year.

Since moving to Hereford, Mrs. Nelson has engaged in many other activities. She is a member of the First Christian Church and works in the Sunday School. She is a

member of the World Outreach Mission Board, Christian Women's Fellowship executive council and has served as recording secretary. She is also a member of the Business and Professional Women's Council of the Christian Church and is layman leader of the Christian Youth Camp. She is also working with the Boy Scouts program, serving as den mother of Den 3, Pack 50.

Secret Ambition

One of Mrs. Nelson's secret ambitions as a young girl was to become a doctor, but since she could not pursue a career in medicine, she set about finding other ways to help others and has worked with many Red Cross units at different times. She plans to assist with a course in first aid with the Red Cross this month to work out plans for organizing a junior disaster unit here.

Before moving to Hereford she took active part in junior club work and listed among her hobbies are sewing, having taken homemaking courses in school, and painting, which she hopes to study further in the future.

Mr. and Mrs. Nelson share many interests, such as church work and social affairs, especially square dancing and the couple has also taken a personal interest in Boy Scouts and the American Legion and Auxiliary.

Silver Anniversary

Members of Beta Sigma Phi can look with pride on the achievements during the past 25 years. Organized in Abilene, Kans., in 1931 with seven members, the international organization now has a membership of over 125,000, making up over 4000 chapters.

The local chapter had its first meeting in September 1949, receiving the charter in March 1950. Eleven names were on that charter with three of that number on the club roster now numbering 40 members.

Beta Sigma Phi was created for young women in search of cultural and social activity. Its purpose is to give members an intimate touch with many lives and many minds, an enriching and inspirational experience in the appreciation and enjoyment of the liberal arts.

Local Projects

Local projects and civic activities for the past year have included

MRS. GLEN NELSON... Girl of the Year

ed Cancer Crusade, Camp Fire Girls, Clean-Up Campaign, Friendly Venture, Tullia, Exemplar Chapter, Hereford, area project, Boy's Ranch, Tascosa, and State project, National Muscular Dystrophy.

Ginger Smith, Robert Jones Recite Vows In Dawn Church

Miss Ginger Smith, daughter of Mr. and Mrs. Alfred Smith of Dawn, became the bride of Robert E. Jones, son of Mrs. G. E. Jones of 801 Rusk St., Amarillo, in a ceremony read in the Dawn Baptist Church at 6:30 p.m. April 28.

Rev. Paul McClung, pastor, read the double ring ceremony as the couple and their attendants stood before the altar decorated with baskets of white gladioli and greenery.

Sue Wimberley of Dawn, pianist, played the traditional wedding marches and gave a brief concert of wedding music while guests were arriving. Selections included "Indian Love Call" (Friml), "Because" (D'Hardelot), "Serenade" (Ramberg), "Always" (Berlin) and "Tonight We Love."

Miss Patti Higgins, room mate of the bride at the Northwest Texas Hospital School of Nursing, served as maid of honor. She wore a street length dress of ice-blue silk made similar to that worn by the bride with a matching handband of velvet embroidered in seed pearls. She carried a hand bouquet of pom pom chrysanthemums shading from pale yellow to gold.

Carl Elliott of Amarillo served as best man.

The bride, given in marriage by her father, wore a street length frock of white tufted nylon over taffeta, having a low V neckline and short sleeves. She wore a white straw hat with brow veil and carried a bouquet of white gardenias surrounded by Frenched carnations showered with white satin streamers.

Reception in Bride's Home
Following the wedding ceremony the couple was honored at a reception held in the home of the bride five miles northwest of Dawn.

Members of the house party included Mrs. Raymond Baird of

Dean Herring, Dennis Lomas, Hershel Miller, Bobby Owen, Ogle Sparks, Ted Hardwick, Cubby Kitchens, Arthur Tinsley, Donald Shipley and the hostess.

MRS. ROBERT E. JONES

Clayton, N. M., Sara Jo and Janet Smith, sisters of the bride.

The bride's table was laid with a white drawn-work linen cloth and centered with the bride's bouquet. The tiered wedding cake was topped with a miniature bridal couple.

For traveling the bride wore a pink and brown plaid cotton topped with a pink linen duster. Her accessories were in white and she wore the gardenias lifted from the wedding bouquet as a corsage.

Mrs. Jones is a graduate of Hereford High School and is a junior student of nursing in the Northwest Texas Hospital, Amarillo. Mr. Jones graduated from Ama-

rillo High School and served two years in active duty in the U. S. Navy. He is presently employed with the Plains Machinery Company of Amarillo and attends Amarillo Junior College.

Guests at the wedding, besides those in the bridal party, were Mr. and Mrs. O. C. Jones, Linda, Charles and David, Mr. and Mrs. J. W. Grier and Dicky and Joe Jones of Amarillo, Mr. and Mrs. Raymond Baird and children of Clayton, N. M., Toni Benson and Mrs. J. W. Witherspoon of Hereford, and the bride's parents, Pat Smith, Rev. and Mrs. Paul McClung, and Mrs. H. H. Miller of Dawn.

L'Allegra Club Elects Officers

Mrs. Carl Perrin Is Named President Calliopian Club

Mrs. Carl Perrin was named president of the Calliopian Club Thursday evening at a meeting held in the home of Mrs. L. B. Russell. Other officers elected included Mrs. L. B. Russell, vice president, Mrs. Dick Barnard, recording secretary; Mrs. Alton Fraser, corresponding secretary and Mrs. W. L. Davis Jr., treasurer.

Plans were made for the final session of the year which will be in the form of a bridge-luncheon in the home of Mrs. M. W. Nobles. Officers will be installed at that meeting.

Mrs. Paul Coneway gave the program for the evening. She discussed "Place Settings and Table Covers" saying in part: "Setting your table can be just as much a creative art as sculpture or painting,

and just as versatile. Give your table settings the care and attention they deserve and you will enjoy a feeling of fulfillment akin to lovely canvas."

Special guests attending were Mrs. J. R. Overall and Mrs. Fred Cunningham.

Members present were Mesdames Dick Barnard, B. F. Cain, Paul Coneway, W. L. Davis Jr., Alton Fraser, J. T. Gilbreath Jr., Roy Grubbs, Earnest Langley, D. C. McWhorter, W. J. Messick, A. T. Sims, M. W. Nobles, Carl Perrin, Jas. W. Witherspoon, Elizabeth Womble, N. E. Milburn and the hostess.

OFFICIAL HOSTESSES—Mr. and Mrs. Stanford Knox, left, Mr. and Mrs. Tommy Braddy and Mr. and Mrs. Lawrence McGee admire their handiwork as they complete decorations for the May Day Sweetheart Banquet held by the Child Study Club Tuesday evening at the Camp Fire Hut. Mesdames Knox, Braddy, McGee and Maurice Tannahill served as official hostesses for the annual affair.

Child Study Club Holds Annual Sweetheart Banquet

Members of the Child Study Club entertained their husbands with the annual Sweetheart Banquet Tuesday evening at the Camp Fire Hut. Hosting the af-

fair were Mesdames Tommy Braddy, Maurice Tannahill, Lawrence McGee and Stanford Knox. Tables were placed in a large square around a center May Pole

with gay and colorful streamers extending from the May Pole to the tables. Arrangements of iris and spirea were placed along the tables.

Following the buffet banquet, pantomimes presented by a quartet of girls entertained the group. Those making up the quartet were Martha Logan, Pat Dawson, Gladys Lee and Joan Brown. Bingo games provided additional entertainment.

During the short business session Mrs. Robert E. Thompson was elected to membership and the date of the next club meeting, which will be the final meet of the season, was changed from May 10 to May 17. The meeting will be held in the home of Mrs. Gordon Witherspoon.

Members and their guests attending were Messrs. and Mesdames J. W. Witherspoon, Merlin Kaul, Gordon Witherspoon, Clinton Jackson, Earl Holt, Cavthon Bryant, R. P. Coneway, J. C. Reese, Tommy Braddy, Maurice Tannahill, Lawrence McGee and Stanford Knox.

RETURN FROM OMAHA
G. W. Brumley and T. H. Stringer returned Saturday from Omaha, Nebr., where they have been attending a convention of the National Farm Loan Association. Brumley, president of the local association, has been a director for 27 years; Stringer is secretary treasurer of the local unit.

Re-elected President
A. Petersen was re-elected governor of the Christian Men's Fellowship of District One last Monday at the district convention held in Dumas.

'A Big World Full of Little Churches' Is Program for Presbyterian Women

"A Big World Full of Little Churches" is the topic of the program given by the Woman's Association of the First Presbyterian Church when they met Wednesday in Fellowship Hall of the church.

Mrs. Emmett Milburn was the leader, assisted by Mesdames D. H. Alexander, Mary King, Cecil Rockwell, Paul Mathers, Lloyd Pool, W. J. Krumbain and Miss Bea Barrett.

The devotion, on "The Church's One Foundation," was given by Mrs. Lee Conklin and Mrs. Mary King gave the World's Day Yearbook of Prayer.

Preceding the business session, conducted by Mrs. D. C. McWhorter, a prayer and poem were read.

Summerfield Club Hears Book Review

Mrs. Chester Wiggins reviewed the book "The Seeking" by Will

Mrs. R. B. Miller gave a report on Presbyterian in Amarillo.

Hostesses for the luncheon were Mesdames J. T. Gilbreath, T. E. Seigler and Ralph Hastings. May poles were used as table decorations and seated at the birthday table were Mesdames Vern Witherspoon and Ralph Hastings.

Thomas at the Summerfield Study Club final study program of the year held Thursday afternoon in the home of Mrs. Ky Lawrence. Mrs. J. B. Noland and Mrs. Mack Noland were hostesses for the meeting.

"The story has to do with the racial question revealing the quest of a Negro man and wife who were seeking freedom through recognition. The search ended in Vermont where the man says they found "the dignity and status of a human being," Mrs. Wiggins said. Mrs. J. R. Euler, president, pre-

sided over the business meeting and appointed committees for the coming year's work. Those named to the yearbook committee were Mesdames Earl Lance, Charley Noland and Henry Kuper.

Members attending were Mesdames L. L. Cannon, Lee Curry, L. J. Counselman, J. R. Euler, Ray Johnson, Earl Lance, Ky Lawrence, L. H. Lookingbill, K. W. Neill, Charles Noland, J. B. Noland, Mack Noland, Guy Walser, Chester Wiggins and C. R. Walser.

LaPlata Club Has Program On Alaska

Mrs. J. R. Johnson was in charge of the program at the LaPlata Study Club meeting held in the home of Mrs. Jay Boston Tuesday evening.

The program on Alaska dealt first with the history of the country as Mrs. Johnson brought out the date of purchase in 1867 and its present population of 7,200,000. She told how it was first called Seward's Folly, then The Ice Box and now the land of opportunity.

In conclusion Mrs. Johnson showed a film made by Mr. and Mrs. R. W. Rutherford of Tahoka on a recent trip covering the Alcan Highway, Juneau, Fairbanks and up to the Arctic Circle, then on through Canada and Glacier and Yellowstone Park on the return trip.

During the business session, presided over by Mrs. W. J. Krumbain, each member made a contribution to the Labor Camp Day Nursery and a check was sent to the Crusade For Freedom.

Members in attendance were: Mesdames M. C. Adams, Leroy Aven, N. D. Bartlett Jr., Homer Brumley, Dalton Criswell, Phyllis Gear, J. R. Johnson, W. J. Krumbain, Don Little, Ansel McDowell, Charles Newell, Frank Prowell, A. J. Schroeter, T. E. Seigler Jr., Urla Streu, Raymond White, Louis Woodford, Claude McDougal and the hostess.

MISS SHERRY BENSON

Sherry Benson To Be Bride Of Mr. Boyd Vaughn

Mr. and Mrs. H. F. Benson of the Frio Community have announced the engagement and approaching marriage of their daughter, Sherry Ann, to Boyd Vaughn, son of Mr. and Mrs. Marshal Vaughn of Tulla.

Vows will be exchanged in the Joseph A. Hill Chapel on the campus of West Texas State College on June 12. The bride-groom's uncle, Rev. W. J. Benson, pastor of the First Nazarene Church of Fort Worth, will conduct the marriage service.

Miss Benson is a graduate of Hereford High School and is now attending West Texas State College. Her fiance graduated from Tulla High School and is attending West Texas State College. He will receive his degree in June.

TOWNSPEOPLE AND SCHOOL PERSONNEL

Education Conference To Talk Expansion, Funds, Curriculum

Approximately 82 townspeople, 20 teachers, 20 students and the administrative staff of the Hereford Rural School District will join in a five hour conference on Thursday to mull over the problems of school expansion, school funds, and school programs.

Meeting at 4:55 p.m. in the high school auditorium, the group will hear consultant Dr. Emmett Smith of West Texas State College in Canyon, outline the problems that they are to view.

At 5 p.m. group meetings will start, with about 15 to 20 people in each unit. A buffet supper will be served in the high school gymnasium at dinner time and members will then return to their work sessions. At 9 p.m. the group will convene in general session to recap their work.

In preparation for this community conference on education, school

administrators this week distributed a 40 page brochure which outlines the problem areas, gives statistical background and provides facts necessary for an intelligent discussion of these problems.

Discussion areas include: (1) Population trends of preschooler and school age children, of white and colored. (2) Accomplishments of the school in reference to youth, what additional facilities and personnel are needed to increase opportunities for education. (3) How to pay for additional costs of education. (4) School building needs. How can the community plan together to build and use these structures for school community related activities. (5) Securing and keeping good teachers.

Population Trends
This brochure tabulates such data as population trends from 1900 to the present time, and estimates population up to 1980, enrollment and census information, average daily attendance figures, and projected enrollment figures for high school.

It lists suggested areas of instruction, pointing out that schools should teach salable skills, plus attitudes that make workers intelligent participants in economic life of a community; they should teach

health and physical fitness; plus the duties of a citizen in a democracy and an understanding of family life.

It suggests students be taught intelligent purchase and use of goods and service, an understanding of the methods and influences of science, and a development of capacities to appreciate beauty in literature, art, music and nature.

Develop Respect
Also emphasized are the development of respect for other persons plus the ability to think rationally and to express those thoughts, and the ability to use leisure time in socially constructive manners.

Also under discussion is the current interest in adult education, termed "the most significant movement of our times."

Problem three highlights costs of education, explaining how the school dollar is spent, how much money is received from state sources, potential earning powers of the county, etc. The rural school district with a budget of \$687,944, spends \$448,308 on instruction, \$27,546 on administration, \$58,760 on maintenance cooperation and insurance, \$38,800 on transportation. Capital outlay is \$33,060 and debt service, \$81,470. Last year the cost per child figured \$301.76.

Building needs problems include pinpointed facts on what is needed in school enlargement, plus suggestions for how these buildings may best be utilized.

Problem five, dealing with securing and keeping good teachers, discusses the present teacher supply problem, salary schedules, and how a community may help encourage teachers to enter the profession or to teach in any one given town.

CARD OF THANKS

This is a letter to thank the Hereford Police Department, Don Little and Mr. and Mrs. Harold Kreighshouser for their efforts in helping me to locate my dog. She showed up at the Kreighshouser home about 1 p.m. on Thursday and Harold was kind enough to call me, so I went out and picked her up. She is not a very smart dog as she doesn't know any tricks but that is alright with Lucille and me—we kinda like her the way she is. Again I thank everyone of you very much.

School Conferences To Secure Public Opinion

In a recent talk before local groups, Dr. Emmett Smith, college educator of Canyon, reviewed progress and developments of education in the United States, stressing carefully some of the misunderstandings during the past decade.

Important points in his talk covered the fact that educators seldom fully realize exactly "what the people want in a teacher" and "what the people expect from their schools." He also stressed the fact that few of the people can actually answer these questions even for themselves.

Directly connected with Dr. Smith's thoughts came an announcement concerning the citizen's advisory committee meetings, scheduled in Hereford for Thursday, May 10. These meetings, according to the speaker, will be an effort to answer the ever-growing problem. Through actual study, citizens will con-

tribute ideas and suggestions which can be analyzed and used in the operation of Hereford schools. The citizens, in turn, will realize some of the problems and be brought face to face with conditions which might alter their opinions.

This type of thinking, along with putting the machinery into operation on a local level, appears to us as the most logical and most constructive plan to yet appear on the horizon of troubled school situations across the nation. It is one of the few plans which allows the parent and the tax payer a voice in the education of his children, and the spending of his tax dollars. We agree with Dr. Smith, only if the educators know what the people want can they provide any part of their desires. In addition, a thorough understanding of the over-all problem might easily change the thinking of the citizen.

America's education of the masses is unique to this nation when compared with other educational systems around the globe. Many people contend that it is the bulwark of progress, which is reflected through our rise to power as the world's strongest nation. Many people would change this system, some favoring federal control of schools, others advocating the education of only a select few. Most people feel, however, that public education is important and that it should follow the large-scale pattern of the past.

Interest and cooperation with the adult study program has been reported through administrative and school board leaders. Other study groups will follow, touching practically every interested person in the community. Through wholehearted and unbiased cooperation the plan can mean much to the community.

Free Clinic Helps Diagnose Handicaps

Adopting the theory that "an ounce of prevention is worth a pound of cure," the Scottish Rite club of Hereford has announced a free, four-county clinic for handicapped children to be held in Hereford on Saturday, May 19. Announcements state that the clinic will be available to handicapped children residing in Deaf Smith, Farmer, Castro and Oldham counties on a basis of free examinations, without regard to race, color or creed.

Cooperating in the clinic will be 12 doctors, dentists and optometrists from the area, who will be assisted by three outside specialists in neural surgery, orthopedics, ear, eye, nose and throat. The clinic will be concerned only with diagnosing, rather than treatment. Scottish Rite officials point out, however, that treatment in many instances can be arranged through other channels for deserving cases.

Eligible to enter the clinic are all children from the ages of birth to 19 years. The clinic, in addition to checking children with apparent handicaps, also encourages registration of children where the parents suspect or feel that a handicap is possible, including nervous disorders as well as physical ailments.

Handicaps, discovered at early ages, are often cured easier. Advice and definite knowledge concerning the handicaps are always beneficial. For these reasons, the sponsors feel that the clinic can accomplish much for the four-county territory.

Certainly, the movement merits area cooperation. It is the first of its type to be held here, although numerous such clinics are sponsored in larger cities. Cooperation from the professional interests assured the best attention possible in the area, regardless of the patient's financial ability.

People Are Funny

People are funny! We call and call a number on the telephone only to be told that the line is busy. On our next call, no one answers. We wait five minutes and, once again, the line is busy. We call again and no one answers. A minute or two later, the line is again busy.

What we can't figure out is how the line can be busy when there is no one at home or, vice versa, if people are at home, why don't they answer the telephone? Like we said, people are funny!

QUESTION OF THE WEEK

Hereford Citizens Favor One United Fund Drive

What do you think about the proposal to hold a united fund drive in Hereford instead of innumerable drives for various charities?

MRS. RONALD BABIONE

I would certainly be in favor of it if it would be properly publicized so that every one would fully realize that the funds raised would have to be distributed among all the charities. It would have to be an all out effort and I think that almost everyone would be in favor of one drive.

MRS. A. L. MANJEOT

I favor it. I think if we could unify all of those worthy drives and give one time, it would be a time saving thing also. It has worked in other places and I don't see why it couldn't work here.

MRS. O. E. EASLEY

I think it would be a good thing.

MRS. M. T. RUTTER

I'm in favor of it because all the charity organizations that have drives are good. I'd rather be contacted once a year instead of almost once a month.

MRS. O. G. HILL

I would be very much in favor of it. I believe that we would be inclined to contribute more liberally in one drive than we would in several drives.

MRS. EARNEST LANGLEY

I think it would be a good idea. We have a certain number of drives anyway and we just might as well plan our budget so that it will take care of all the charities.

By ROBERTA CAMPBELL

It's hard to realize that our young'un is about ready for high school but it hit us full in the face this week when the new system for enrolling began to invade our living room when our fourteen year old grease covered mechanical minded lad started to decide on which electives he would dislike the most.

He had better be glad he has a choice. When we were in high school we took English, history, algebra and geometry and Latin or general science.

There were eleven in the class and our senior trip was over to Plainview to have the class pictures made.

Then everything happened the last week of school and when finals were over the seniors did little but practice on the senior play during the last few days.

We seem to have dropped into one of two ruts lately—dogs or irrigation and this is canine week again.

There is a possibility that we have established some sort of a record. Usually people who want puppies take all the males first but out of this last litter the females have been picked up because some like them better as a companion for children and because they think they make a smarter dog so, we still have two cute little boy dogs to give away in the big dog class. They are tan and white with the markings of the Collie. In the small dog division we have a little black part Cocker puppy with an unlimited amount of curiosity and energy that needs a good home.

If these warm days keep up we may weaken and plant our garden before June 1st.

Community Builders

By JIMMIE LEE

This week's Community Builder, Rev. H. V. Fields, surrendered to the ministry in 1945 and now he is pastor of the Grace Gospel Church.

Rev. Fields was born Jan. 9, 1910 at Ladonia, Fannin County. He attended school there through the eighth grade, when he moved to Lubbock with his parents in October of 1925. He attended school in Lubbock through the tenth grade.

After his school years, Rev. Fields started working in a Dry Goods Store in Lubbock, where he was employed for several years.

He married Margaret Miller, May 20, 1931 at Clovis. They have one son, Johnny Fields, and one grandson, Johnny Craig.

First He Farmed

After his marriage, Rev. Fields bought a farm close to Lubbock and farmed from 1937 to 1945.

At this time, Rev. Fields surrendered to the ministry and moved to Plainview, where he attended Wayland College until the spring of 1947.

He began pastoring a church at Lubbock and he was also pastor of this church while he was attending Wayland College. In 1948, Rev. Fields resigned as pastor of the church in Lubbock and moved to Hereford, where he is still pastoring.

In his years as pastor, Rev. Fields has had the opportunity of leading in the building of two churches. He said, "I like the building of the churches. I particularly enjoy that phase of work."

Likes Young People

He also said, "I like to work with the young people's groups, such as ball clubs. In the past, we have formed ball clubs every summer."

When asked what he thought of Hereford, Rev. Fields replied, "I really do like to live in Hereford. I enjoy the people. There are really fine people here and I also like the size of Hereford."

His reply to what Hereford needs is, "We need additional industrial enterprises for the continuing rapid growth of our population." He said "I think we ought to always be ready to speak of the possibilities when we are away from home visiting and contacting people."

The hobby of this week's Community Builder, Rev. H. V. Fields, is fishing, a pastime he shares with many other Herefordites.

FLIGHT PSYCHOLOGY STUDIED

YELLOW SPRINGS, Ohio. (AP)—Research to search out the "bugs" in human reactions under the stress and strain of flying is going on at Antioch College under U.S. Air Force auspices.

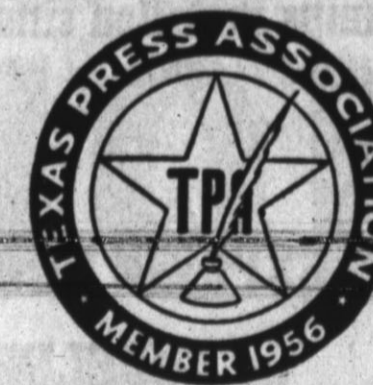

The need for the project came with modern, high-speed airplanes says Dr. Jerome Cohen, professor of psychology.

With aircraft getting slimmer, the result is less space for the pilot and instruments. And at jet speeds, a pilot must be able to tell at a swift glance what's going on. So one goal is fewer instruments.

In one of the experiments a pilot's eye movements are photographed under flight conditions, to determine if some instruments can not be combined. Student volunteers may find themselves subjected to 110 decibels of sound in a 4x7-foot room, or involved in an experiment on control panel knobs.

CONSTRUCTION BIDS RE-ADVERTISED

Ochiltree county is again advertising for bids on the reconstruction of Wolf Creek Dam and the date of May 25 has been set for opening the bids. This action was taken Monday in the regular meeting of the commissioners court. This will be the second time the county has asked for bids on the project. First time was on Feb. 22, when two bids were opened and the lowest one was nearly \$100,000 higher than the bond issue voted by county citizens in 1955.—OCHILTREE COUNTY HERALD.

RESERVE UNIT DISCUSSED

The U. S. Army expressed an interest this week in establishing a reserve unit in Littlefield to serve Lamb and Bailey County reservists. Lt. Col. Robert W. Edwards was in town Tuesday contacting Chamber of Commerce officials about the proposal. Edwards said the unit would not only make it more convenient for young men of the area to satisfy their military service requirements but he also pointed out that it would mean a payroll of some \$65,000 per year and a modern armory building when the unit reached a strength of 50 officers and enlisted men.—LAMB COUNTY LEADER.

NEW STREET AUTHORIZED

Construction of a four-lane street north of the Administration Building, bisecting the campus of West Texas State College, has been authorized by the Board of Regents of Texas State Teachers College. Advertising for bids will be made for the sale of the old power plant, construction of the new street, widening two streets entering the main quadrangle in front of the Administration Building, and topping all other campus streets, according to President James P. Cornette. The two streets from Fourth Ave. to the Administration Building will be widened to allow angle parking on both sides. A driveway will also be constructed to the new power plant.—THE CANYON NEWS.

SEEK WATER RIGHTS ON 40,000 ACRES

A \$1,200,000 move to keep Sandhills water in the county was begun Monday night at a meeting in Littlefield during which a Lamb County Water Association was formed. The organization is seeking to purchase water rights on some 40,000 Sandhill acres. The association has employed two attorneys. They are Sam Aldrich of Farwell and Arthur Duggan of Littlefield. Duggan explained that a Lamb county water control and improvement district can be formed which would make it possible to purchase water rights in the Sandhills through bond issue. He said such a district may be created by the county commissioners after a petition for it had been filed. When the details are worked out—providing the district gets approval—the district could call a bond election to purchase the water rights. Aldrich and Duggan are to begin preparation of a bond petition as soon as boundaries of the district are set.—THE OLTON ENTERPRISE.

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his farm discusses incentive this week, a subject he's not in very close contact with.

Dear Editor:

There are so many people offering solutions to the farming problem and there are so many different ideas on how to get rid of the surplus that if most farmers listened to all of them they never would get around to getting any farming done, although I can tell you from experience that there are other ways not to get any farming done too.

But on the theory that the patient is entitled to hear something of what the doctors say would cure him, I have been listening to the farm problem discussions pretty steadily now and about the best one I've heard come from a man up in the Midwest.

According to him, price supports are bad because they they have robbed the American farmer of his incentive, they're making him lazy.

I don't know about others, but I resent this. I was lazy long before price supports were thought up. It takes more than an act of Congress to make me lazy. In fact, nothing made me, I just figured it out on my own.

But as for other farmers, I can't see how it applies. If they can produce all the surpluses we've got without any incentive, how big do you reckon the surpluses would be by now if they'd had some?

Another argument is that us farmers have got to get more efficient if we want to stay on the farm. As I understand it, 40 years ago the average farmer was producing enough for himself and family and four other people living in town. Now he's producing enough for himself and family and seventeen other people living in town. If this isn't efficiency, I don't know what efficiency is, and of course I may not.

But I can't get over this argument that high prices robbed the farmer of his incentive. I guess you might think that the less a man makes the harder he'll work and the more he'll improve his incentive to make ends meet and get ahead, but I've noticed that some of the hardest working men on earth are the men who really don't have to work in the first place. The prospect of a profit never has been beat as an incentive.

Yours faithfully, H. B. Fox

Plains Motel, Open For Guests Accents Comfort, Convenience

The Plains Motel on Highway 50 in Hereford opened for business at 7 p.m. Tuesday and 10 minutes later the first customers arrived.

Two little ladies, traveling from Los Angeles to Oklahoma City stopped overnight. So pleased were they with the accommodations and the service that they stopped by the office to tell owners Mr. and Mrs. Mark Benefield how much they enjoyed their stay. As it happened, they must have started a trend, for almost every overnight guest since has taken the time to compliment the Benefields upon their motel.

Newest and one of the most modern in the Southwest the 25 unit building is completely fire-proof, has central heat and air conditioning, telephones in the rooms, and a centrally controlled radio whereby music can be piped in to the guest rooms.

"We Like People"
Says Mark, "I've never had any experience at this type of work before, but I think we are going to enjoy it." Says Mrs. Mark, "Well, we both like people, and this gives us a good chance to get acquainted with many of them." The curly Blue Terrier, Junior, who also makes his home at the new motel, hasn't made up his mind yet whether it's a good idea or not.

When asked why they decided to name it Plains Motel, Mark said, "Well, the sign man came out and said, 'What are you going to name it?' and so I just decided to name it Plains Motel because it's short, and easy to remember, and it fits this county."

Concrete Blocks and Stone
Made of steel and masonry, the building has walls and roof of haydite concrete block construction. The exterior is Colorcrest Stone, and features a U-shaped construction with a two story unit on the north, a single story containing guest rooms, office and lobby on

the west and a residential building on the east.

Besides the 25 guest rooms, each of which has a private bath of ceramic tile with terrazo floor, there are several utility rooms housing the power unit, laundry supplies, a store room and an ice closet so that guests may help themselves to ice cubes whenever they please.

Aluminum Windows
Windows throughout the building have aluminum frames, doors are birch slabs. An exterior color-scheme of the deep rose stone is accented with the natural wood of the doors and a turquoise trim.

Interior color schemes are based on wall colors of pale green, light beige and soft gray. In each case, rooms are sparked with accent colors of turquoise, yellow, bright rust, etc. Painted haydite blocks form the interior of the walls which are emphasized with wall pictures. In many cases photographs of the Panhandle's scenic spots.

Modern Keynotes Decor
Furniture is modern. Beds are limed oak without footboards and chairs are modern platform rockers. In each bedroom there is a ceramic tile desk and a ceramic tile dressing table with a huge mirror. Overhead lighting is supplemented with three way lamps.

Bedrooms have wool carpeting in a deep rose beige design and draw drapes throughout the motel are beige with a geometric overprint design. Mattresses are Firestone Supreme which is a firm, foam rubber mattress, and pillows are of dacron, fluffy soft and easy to wash.

To Assure Quiet
Because cement blocks deaden sound, the rooms are virtually soundproof. But as an additional safeguard, the central radio control is in the office. Guests have a choice of two stations which they may select in their rooms, and they may turn the radio off from their room, but volume control is regulated to assure that it won't be played too loudly thus disturbing neighboring guests.

But one of the most significant features of the unit, from standpoint of comfort, is the unique heating and cooling system. The building is heated through a hot water coil system and cooled by sending 38 degree water through the same pipes. Each room has an individual control with a choice of five temperatures.

Father of Former Pastor Is Buried

Funeral services were held on Thursday in the Central Church of Christ in Ada, Okla., for R. L. Wear, father of Bob Wear, former minister of the Church of Christ in Hereford.

Mr. Wear, a visitor to Hereford, when his son was living here, died of a heart attack Wednesday morning at his home. He was a retired teacher, having taught 30 years in the Oklahoma public schools before joining the faculty of East Central State College several years ago. He is survived by his wife, his son and one daughter, Mrs. Ruth L. Blakley of McLoud, Okla.

WHY SPLIT HAIRS?
DUE WEST, S. C. (P)—Erskine college officials are wondering just what to do with a new gift: 50 locks of hair.

The collection, clipped from the heads of the college's first graduating class of women in 1859, was presented by Dr. D. L. Kay of Anderson. He got it from a descendant of one of the class members.

Be at Motel
Both Mr. and Mrs. Benefield plan to be at the motel, at least for the time being.

This is the fulfillment of an idea that first started down in Florida, when the Benefields were staying at a motel quite similar to the one they now have built. Mark liked it so well he asked for blueprints of the interior. Working with N. D. Bartlett, they evolved the exterior design.

bent, Allan Shivers, has announced his resignation.

Next highest in the pay bracket is that of Attorney General. There is a vacancy there too. John Ben Shepperd also is resigning Jan. 1. The pay is \$20,000 a year and it is a two-year job.

There are four good jobs at \$17,500 a year. These positions include: Land Commissioner, Comptroller, Treasurer and Railroad Commissioner. Here the incumbents, J. Earl Rudder, R. S. Calvert, Jesse James and W. O. Murray, have either little or no opposition. Just ask for it and the job is theirs. They are in like Flynn, unless either job applications arrive before the May 7 deadline.

There are several \$15,000 jobs available, such as Agriculture Commissioner, three places on the Supreme Court, and one on the Court of Criminal Appeals. The Agriculture Commissioner's job is another two-year contract, but the court jobs are for six years.

Ag Commissioner John White hasn't said whether or not he

wants to be re-hired, but most of the justices have, re-applying, are R. W. Calvert and Meade Griffin on the Supreme Court, and W. A. Morrison on the Court of Criminal Appeals.

Not an applicant for re-hiring is Supreme Court Judge Will Wilson. He has filed for John Ben Shepperd's job, as attorney general. It pays \$5,000 more a year.

Then there are nine places on the Court of Civil Appeals, each paying \$12,000 a year. Most of these incumbents are seeking a renewal of their contracts.

Jobs of 15 State Senators expire too, along with 150 House Members. These are just part-time jobs paying \$25 a day for 120 days, normally only every other year. The Senate job lasts four years, however, to the House's two.

Along with the House and Senate jobs is that of Lt. Governor. His salary is the same as the legislators'. Ben Ramsey who now holds the position says he likes the work and would like to be re-hired.

Because most of these jobs pay well and carry with them honor and recognition, there is a rivalry attached. You have to pay an application fee and the application fee is in proportion to the salary. Unfortunately you don't get a refund if you aren't selected for the job. This discourages a lot of applicants.

Those filing for the Governor's job pay an application fee of \$1250, for Attorney General, \$1000, Land Commissioner, Comptroller, Treasurer, Railroad Commissioner, \$875, Agriculture Commissioner, \$750 — and the same for Judges of the Supreme Court and the Court of Criminal Appeals. Civil Appeals Court Judges pay a fee of \$600, as does the Lt. Governor.

Applicants for House and Senate jobs pay \$1 to \$100 per county, the amount being determined locally.

There are several other jobs of a similar nature opening soon — such as that of Congressman at Large. The application fee for this post is \$1125. Martin Dies has the position now. Incidentally, it is the highest paying job next to the Governor's. Salary is \$22,500 a year with a two-year contract.

Texas has 21 Congressional job openings coming up too. Salaries are the same as Congressman at Large, but the application fee is less. It varies with each area. These are two-year jobs.

Another job opening possibility is that of U. S. Senator from Texas. Here there are some "ifs" attached. If Price Daniel resigns — and maybe Lyndon Johnson too. Both are campaigning now for other openings — Daniel for Governor and Johnson for President. U. S. Senators draw \$22,500 a year for

six years; filing fee, \$1125.

Applications for statewide jobs are filed with George W. Sandlin of Austin, chairman of the State Democratic Executive Committee. If you want to apply for any one of these positions you'll have to file your application not later than Monday, May 7, and pay your application fee not later than May 10.

State Senators and Representatives and applicants for the U. S. Congressmen file in each county in their respective districts.

These jobs differ radically from labor and industry posts in that the job holder must apply again and again if he wants to keep the job indefinitely. And he must compete with all comers. Of course, the application fee is just the beginning of the expense of getting the job. Also there are more bosses than employees, because the public, after all, has not only the first but the final say.

However, the pay is good, and there is a guaranteed annual wage.

Personnel will be selected in July, August and November — with the public making the selection.

POLL TAXES INCREASE — Texas potential voting strength hit an all-time high this year. According to the state comptroller the 1956 total ran 2,410,188. Previous record was 2,338,261 in 1952.

PRECINCT CONVENTIONS — Saturday will tell the story on who controls the Texas delegation to the national Democratic convention. Large turnouts are expected at precinct conventions. Tension is mounting as spokesmen for each faction barnstorm the state. In some cases rival rallies have been held in the same town only hours apart.

Probable key to the outcome lies in the way some 10 or 12 counties go. These are the ones in which major cities are located. They control about 1000 of the state's 1898 delegate votes. Harris County (Houston) alone has 270. But rural counties are not being neglected. In a photo finish — not unlikely — they might make the difference.

BAR PROPOSES REFORMS — three measures, aimed principally at limiting activities of lawyers in the legislature, are proposed by the State Bar of Texas (1) Raising legislators pay to \$50 a day for a 120-day session; (2) Prohibiting any legislator or candidate from appearing before any state agency; (3) Abolition of the automatic continuance of law suits for which legislators are employed as counsel.

CREDIT INSURANCE RATES LOWERED — Texas credit insurance purchasers stand to save more than two million dollars a year as a result of rate changes made by the Insurance Commis-

Spring Is Obviously Here When Children Play Baseball and Fly Kites

By MRS. DICK ROCKEY

At last we know spring is here. Going by the Whitaker house, we saw the mother and father out helping their son, Dwight, flying his kite. Going a ways farther we noticed Ray Gene and Jimmie Braxton playing baseball.

Weldon Tatum who had surgery 10 days ago, returned to his home from the hospital Monday evening. He is getting along fine, but will be confined to his bed for a few days. Weldon had surgery on a knee he had injured playing football.

Mrs. Woodroe Whitaker and Mrs. Lloyd Prewett attended Home Demonstration Council at Bovina last week.

Mrs. Minnie Barnett of Amarillo spent Sunday visiting in the home of Mr. and Mrs. R. E. Barnett.

Attend Exposition

Mr. and Mrs. J. R. Braxton, Mr. and Mrs. Bruce Parr, Mr. and Mrs. Ralph Price and Mr. and Mrs. Dick Rockey were in Oklahoma City last week to attend the American Exposition of which they had complimentary tickets for the grounds, RNPC and luncheon.

Some very interesting talks were given by Texas and Oklahoma A&M Colleges.

The Oklahoma Districts and the State Awards were handed out with Wilson Community (Okmulgee County) winning State (1st prize \$500). We are now looking forward to Texas State winners.

Visit Muleshoe

Mrs. T. J. Presley, Mrs. Dick Rockey and Mrs. Woodroe Whitaker and Dwight drove to Muleshoe and Pleasant Valley Sunday to visit and look over their community building.

Congratulations to Mr. and Mrs. Lester Dean on the birth of a daughter Sunday.

Mrs. Annie Kimmins of Phillips is staying with Mrs. R. E. Barnett while she is recuperating from her operation.

Mr. and Mrs. Paul Fleming from Ector are here visiting her brother and family, the Ralph Prices and her parents, Mr. and Mrs. Willie Price of Hereford.

Mr. and Mrs. George Elmore

Gene and Jimmie and Mr. and Mrs. P. O. Southall spent the week end at Ruidoso. They visited the white sands while gone.

Willie Price of Hereford has been ill the last week. We are wishing him a speedy recovery.

HD Club Meets

The Black H. D. Club met at the Club House Wednesday with Mrs. Ralph Price as hostess.

Mrs. Woodroe Whitaker, the president, called the meeting to order. Mrs. Lloyd Prewett gave the council report.

Mrs. T. J. Presley and Mrs. Lloyd Prewett gave an interesting program on "Your Accessories and You." They brought out the importance of your accessories to your costume. They handed out the "Rule of Fourteen" to each member to see if they were over-

dressed.

Refreshments of Strawberry Shortcake and ice tea were served to Mesdames Fangman, Ivie, Elmore, Braxton, Hays, Whitaker, Rockey, Barnett, Cobb, McGowan, Lookingbill, Presley, Prewett and the hostess, Maxine Price.

The next meeting will be at the Club House, May 9, with Lucille Rockey as hostess.

INCENTIVE PLAN

POUCA CITY, Okla. (AP)—Little 4-year-old Susan Daniels put in more time on preparation than anybody else when she learned she could go to the wedding of her parents' friends. With the help of her mother, she learned to write just so she could sign her name on the wedding guest book.

"Our Electric Range is TOPS with me!"

says Mr. BILL BRYSON, 3417 BRISTOL, AMARILLO, TEXAS

Yes, the electric range is tops. Tops for the man who cooks as a hobby — and to relax — like Mr. Bryson. Tops, too, for the homemaker who wants to make the full-time task of cooking a pleasure instead of a chore! Electric cooking is fast, easy, clean, cool, automatic, modern. In a word — Mr. Bryson's word — Tops.

You can have built-ins, as the Brysons do, or a conventional model electric range. Either way, you can't top electric cooking.

WALCOTT NEVILS PLAY GIVEN FOR P-TA 'Skin Deep' By First and Second Grade Students

By MRS. T. L. COLLINS, Walcott P-TA met Friday, April 27. President Mrs. J. Perrin, called the meeting to order and welcomed our visitors.

Mrs. Wallace Lumpkin, program chairman, announced the first and second grade play, with their teacher, L. Shelton, introducing the entire group.

1. "The Lollipop Song" - Mrs. Shelton had painted a beautiful castle scene. She had large plants, each about two feet tall from her classroom, the hotheads on the stage setting, records "Charming" was played by Mrs. Perrin; "His Page, Jerry" by "Gittie the Magician" (a Wayne of four girls); "Four Girls" (Henderson; Cors (who chose "willness"), Adair Melton; Flor (who chose "beauty"), Gayle (who chose "riches" of Minyen; Nora, (who chose "dom"), Linda Gay Lumpkins; Merry Maids, Sue Northrup and Shirley Cates; Flower Girl, Nvy Robertson; A Little Scholar, "Wylly; and A Little Boy, "ng Hutson. These children were tifully costumed for their ed. Each acted it well to show "Beauty is only skin deep." We is really needed is "goodness" this life.

3. "The Little Rag Doll With Shoe Button Eyes," a song, by the girls.

4. "Chicken Little" dramatization - Chicken Little, Linda Gay Lumpkins; Henry Penny, Adair Melton; Ducky Daddies, Gay Wylly; Goosy Foosy, Norma Jean Robertson; Piggy Wiggy, Gayle Minyen; Turkey Lurkey, Kay Minyen; and Foxy Loxy, John Perrin.

5. "Little Black Sambo" dramatization - Little Black Sambo, Danny Hutson; Black Jumbo, Terry Hutson; and Black Mumbo, Kay Minyen.

6. "Drip, Drip Drop Little April Showers," song with Rhythm Band (in costume).

7. "Little Joe Worm," song with Rhythm Band. All of the group whose names have been previously mentioned, except Johnny Avera, took part in the songs.

The curtain went down on the last of the children's part of the program to much applause.

Guest Speaker
Donna Sue Guseman introduced our guest speaker, but gave us first

some interesting information concerning the "Foreign Exchange Student," organization and how it operates. In Hereford High School the FEA plays a big part in making it possible to have, or support a foreign exchange student. Donna Service locates our high school juniors, who have good health, character, home and proper knowledge; in good homes in a foreign country. These go for six or seven weeks in July or August.

Now we were privileged to hear Helga Thome speak to us of her home, Germany. She certainly looked the picture of youth with its enthusiasm as she spoke to us, standing there dressed in pale blue so becoming with her beautiful complexion.

Helga spoke of how her people had changed; since 1948 Germany has lived under a democratic form of government, rather than a dictatorship. She was high in her praise of how wonderful her stay in Texas has been. Her hope is that she may be able to influence somebody to make right decisions.

German School
We were interested in her first hand knowledge of German schools. Helga went four years to grade school and will have nine years of high school. She lives in the country (her father is a forest ranger). Helga rides her bicycle 2 1/2 miles to a village; then she goes by regular bus, five miles to high school course offered in high school. Helga has taken 15 subjects at one time (including German, English, French, Latin, Art, Music, P.E., Trigonometry, Religion, etc.), and each doesn't have all of these every day - rather twice a week with a different schedule each day. In Germany the teachers change classrooms. School is held in the afternoon. School year starts there at Easter - real year throughout the whole calendar year - save for two or three weeks are from one (best) to six months.

Helga has learned to love and admire her country and state. She will be sorry to leave, even though home will be a welcome sight to her, she said.

Committee Named
Co. of business session, minutes were read by Mrs. Glenn Burrus (in absence of Mrs. Roy Fruit, secretary). There were no corrections, so were approved as read. New business - "Last day of school picnic," coming up. President, Mrs. Perrin, appointed the following on a committee to arrange for the picnic: Mrs. Glenn Burrus, chairman; Mrs. Norman Minks and Mrs. T. L. Collins.

A nominating committee to select officers for the coming year are: Mrs. Wallace Lumpkins, the chairman; Mrs. N. A. Brown and Mrs. J. V. Perrin, members.

Principal, T. L. Collins, announced that a day was being planned for the pre-school children as a group, to have a day at school in the very near future. All transfers from our district must be made before June 1 (this includes our high school students).

Mrs. Perrin dismissed the group with a reminder that May 18 would be the date of our last P-TA meeting for this year. A full length film will be shown. Bring popcorn in sacks for your family to enjoy eating while watching.

Supt. Fred J. Cunningham of Hereford School, was our guest for the evening. We were pleased to have him attend our P-TA. He was pleased with our school plant.

Mrs. Stone Visits
Mrs. H. M. Stone from Haskell (mother of Mrs. J. V. Perrin) was here Friday night. She came on Thursday, but didn't think she could stay long, her husband had stayed home.

Mr. and Mrs. Nowell Mick of Wildorado, son of Mr. and Mrs. E. E. Mick, were here for P-TA. Mr. and Mrs. E. M. Sessum received word of the birth of their first grandson, James Dexter Moore, born April 25, in Oklahoma City. He is the son of their daughter and her husband, Mr. and Mrs. Maceel Moore. Congratulations to the grandparents!

Mrs. E. M. Sessum left Saturday morning, by bus, for Oklahoma City to visit this new grandson; and of course the rest of the family.

Many Cases of Flu
Walcott Community have had several cases of flu, respiratory infection, etc., the last couple of weeks. The entire family, Mr. and Mrs. Bill Steward and seven children, have been down in bed with the flu. Mr. and Mrs. T. L. Collins called in their home Sunday afternoon. We found them improved, but the children were not ready to come back to school yet.

Walcott School children and the teachers saw several good films on Wednesday and Thursday. The story in picture, "Spud and You," of our wonderful food stores today and how food reaches the shelves. "Road from Independence," by Bell Telephone Co., in

which famous scenes in our Texas history were shown - including the Alamo (shrine of Texas liberty).

Game Warden, Texas Fiddler and J. Frank Doble, also by Bell Telephone Co., each quite informative and entertaining.

"The Fatal Step," No. 6, a safety film where speed gave none of these victims a second chance.

Enter Land Judging
Tuesday afternoon, Don Guseman took these boys from Walcott 4-H to a land judging - held on the Ucelton farm, near Hereford: Gary Guseman, Wayland and Ray Myers. This was a 4-H and FFA land judging with a mens' division. Here are their scores - Bobby, 203 points; Lee, 205 points, and Gary, 249 points. Don Guseman won first in the men's division with 300 points.

Things seemed more quiet than usual around Walcott School all day Friday. There was a reason - seventh and eighth grade children had deserted their classrooms for an industrial tour of Amarillo.

Herschel Burrus, Don Guseman and teacher, Thomas L. Collins, took these boys and girls in their cars to and from Amarillo: Mary Dufur, Cecelia Burrus, Janell Weaver, Margo Robinson, Barbara Neinaat, Merry Kay and Royce Lee Pruitt, Ray and Wayland Northcutt, George Lockhart, J. V. Perrin, Bobby Sessums, Gary Guseman and Sidney Hutson.

These are the business places visited in Amarillo: L. Coca Cola - here they had a very thorough tour through the entire plant, at which place 4000 regular sized Cokes are bottled in one day.

2. Amarillo News Globe - It takes 38 to 40 tons of newsprint to produce each Sunday edition. The group looked at some 1930 copies of the paper. Those mighty presses are interesting to watch.

3. First National Bank - largest in Amarillo - directed the children on a complete tour of its 3 1/2 million dollar plant. They saw \$20,000 in \$20 bills.

At lunch time they relaxed in Elwood Park and ate a picnic lunch, prepared at home.

4. KGNC-TV - no local programs were on the air until 3 p.m. - only national ones, but they were shown through the building and many things explained.

5. American Baking Company - where 4000 loaves of bread are baked every hour. Here the children found a comfortable place to 'sit' and it was hard to get them started again.

6. Fedway Department Store was their last stop. Needless to say, the escalators were kept busy giving rides - to the different floors so they could see the variety of merchandise on display.

It was late that evening when all in this group arrived home. Each was tired but a little wiser for the day.

At District Meet
Royce Lee and Merry Kay Pruitt represented Deaf Smith County in the District Meeting held on the West Texas Campus, Saturday. They gave a demonstration on Water Purification, for use in case of an emergency. Royce and Merry placed second at this meeting. Wayland Northcutt and Gary Guseman attended this district meeting in Canyon on Saturday. Their 4-H demonstration was on wheat varieties and soil. These boys placed third.

Billy Dufur was in the district elimination contests at Canyon on Saturday too. He placed second in the 4-H contest of public speaking. We're pleased over each of these placings for these young people.

Mr. and Mrs. Herschel Burrus and family and Mr. and Mrs. Glenn Burrus and girls, drove to Pampa Sunday. There the mother of the two Burrus' women, Mrs. H. W. Kribbs, was honored with a birthday dinner and visit.

A fifth Sunday "Singing" was held at Bippus Community Church Sunday following a covered dish luncheon. These Walcott people were present: Mr. and Mrs. N. E.

Tyler and children, Mr. and Mrs. Al Myers and family, Mr. and Mrs. Melvin Henderson and boys, Mr. and Mrs. Cresty Rudd and boys (formerly of Walcott, now living at Sudan) and Dell Woods.

Mrs. Don Guseman had surgery Monday in Deaf Smith County Hospital. She returned home Wednesday morning. We hope this means a speedy, complete recovery.

Mrs. Margaret Durham, Home Economics teacher in Hereford High School, brought Carol Lynn McClure home Wednesday. Carol is in a foods class and Mrs. Durham visited in her home discussing work problems with her. Dell Woods is in the same class. Her home was also visited that day by Mrs. Durham.

Mickey Rudd of Sudan visited with J. V. Perrin Sunday afternoon.

Color Film Shows
Wednesday morning, two good color films were shown in Walcott School assembly: 1. "Highroad," which shows sights of interest along the Henry Ford International Highway No. 87. 2. Yellowstone National Park, where 1 1/2 million people of U. S. visit each year. It is a sanctuary for its wild life in this unchanging part of America.

Carl S. Perrin and J. V. Perrin were in Colorado for a few days during the weekend on business. They saw it snow around Trinidad, returned home Tuesday.

Mrs. J. V. Perrin left Wednesday morning for Haskell. Her mother, Mrs. H. M. Stone, accompanied her back to her home there. Mrs. Perrin will help care for her mother-in-law, Mrs. Julia Perrin, who recently had an operation in Haskell.

N. E. Tyler broke his ankle as he stepped in a hole Tuesday night. This has sure given him much pain.

Sweater Sag
Wool sweaters often have a tendency to sag at the shoulders, thus spoiling their appearance. This can be prevented if a strip of ribbon the length of the shoulder, from neck to armhole is attached securely at each end to the sweater.

Buick Special 6-Door Riviera, Model 468

It's Bigger than Both of 'em

-but its price makes it one of America's 3 best sellers!

It's as simple as this: Only two cars in all creation outsell Buick. And they are two of the well-known smaller cars.

So maybe it will pay you to ask how come Buick has zoomed to the No. 3 spot with such fast-selling company.

Well, one answer is the beautiful and brawny Buick SPECIAL you see pictured here - and the low price it carries.

It's the biggest bundle of high-powered performance and high-fashion luxury ever offered in Buick's lowest-priced Series.

And that means more people want it and can afford it, because it's priced only a few dollars more than its two smaller-car rivals - even less than some models of those very same cars.

But the big answer comes from a sure fact more folks have discovered: you get more pure automobile for your money in Buick than you get elsewhere.

Here, you get the extra wallop of big new Buick power

raised to a new high - and pouring in smooth whisper from a brand-new 322-cubic-inch V8 engine of true high compression.

Here, you get the matchless buoyancy of Buick's great new ride - the extra-safe feeling of Buick's new handling ease - the extra stretch-out comfort of Buick roominess - the extra solidity and strength of Buick structure - the extra pride and prestige of Buick's new styling and dash.

Here, too - and nowhere else - you can get the silk-smooth performance and flash-fast response of Buick's advanced new Variable Pitch Dynaflo* - the world's only transmission with the gas-saving mileage and switch-pitch action of the modern airplane propeller.

This week - this very day, if you wish - you can sample all these Buick blessings to your heart's content and your pocket's joy. Why not drop in on us and do just that?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century - optional at modest extra cost.

SCIENTIFIC DESIGN: Reynolds Lifetime Aluminum Siphon Tubes have been developed through 10 years of irrigation research. No other siphon tube has had such thorough in-use tests. Bends are engineered for ease of starting, fast flow, minimum erosion and maximum control of water. Eliminates waste.

REPUTATION: Only Reynolds Lifetime Aluminum Siphons can boast a 10-year record of service to Texas growers. Many of those original tubes are still in use.

ABSOLUTELY INFLEXIBLE: Reynolds Lifetime Siphons stay in position to prevent mis-

placement during flow. Never lose their shape and efficiency, even in hottest weather. **ROLLED ENDS PROPERLY FORMED:** Note the completely formed rolled ends for extra strength and safety in handling. Half-formed, rolled-up edges are eliminated.

WIDEST ACCEPTANCE: More than 5,000,000 Lifetime Siphons are now in use in all irrigation areas... more than any other make. No doubt about it - Reynolds Lifetime Aluminum Siphon Tubes are the tubes the West Knows BEST! Buy your Lifetime Siphons NOW and reap the benefit this year - and for years to come.

CAUTION: Accept no Aluminum Siphon Tubes which are "the same as" Reynolds Lifetime Siphons. If aluminum siphons do not carry the Reynolds name and reputation they are NOT "the same as" the originals. No matter what materials are used, there is no adequate substitute for the long-tested Reynolds Lifetime Aluminum Siphons - proved BEST in Texas for ten years.

Summer Keynote: Easy Care

DOROTHY ROE
Press Women's Editor

Young fashions from St. Louis are designed for a carefree life this summer.

With an eye to hot-weather comfort, designers in this city of juniors have turned their attention to cool cottons with new finishes that resist soil and wrinkling, can be washed easily and air-drip dry, with little or no ironing necessary.

Some of the season's favorites are crisp pinstriped broadcloths, cotton-satin dainty sheers such as voile and dotted swiss—all with finishes that make washing a breeze.

Although the sheath silhouette is the big trend in couture fashion, St. Louis designers have found that juniors still like petticoats, and so many of the summer favorites are full-skirted and feature their own attached petticoats that give them that look so dear to the young.

A ladylike look to these summer styles, also, with use of schiffli embroidery in or linen, cotton lace and trim.

In addition to the always popular and pastel tones of summer, a number of hot, sunny colors add to the scene, the latter used especially in playwear such as coordinated skirt, shirt and shorts outfits that can be mixed or matched to add up to a summer wardrobe.

SUMMER COOLERS—Here are two typically youthful summer dresses designed in St. Louis, the city of junior fashions. Left, sun and date dress in fine dotted Swiss with attached nylon net petticoat and cotton lace trim at the low neckline, designed by Carole King. Right, dramatic contrast of bold checked gingham and cotton broadcloth in an all-occasion dress designed by Paul Sachs. The more-hat straw is by Doris.

Championship Bouts, World Mastery Are Featured in Weekend Movies

CITY OF BAD MEN
A highly unusual and thrilling Western, "City of Bad Men" will show Sunday and Monday at the Tower Drive In. Starring Jeanne Crain and Dale Robertson, this Technicolor outdoor drama revolves around the famous Fitzsimmons-Corbett fight in Carson City at the turn of the century.

All of the turbulence of the era and the excitement of the throng-packed community has been deftly woven into this satisfying screen drama. "City of Bad Men" is crammed with entertainment values. It has love complications between beautiful Jeanne Crain and Dale Robertson; the clashes of outlaw bands who come to town looking for trouble and loot, and it has the added spectacle of the world championship heavyweight fight.

The drama opens with Robertson, as one of the West's most notorious outlaws, riding into Carson City with his gang and finding a teeming community anxious to witness the championship fight. Eventually, other notorious gangs show up. The battle among them, as they fight for supremacy and the \$100,000 take of the ring battle, is almost as fabulous as the ancient world as "The Age of Titans," when the two great powers of the era, the Greek city states and the city of Troy, fought for world supremacy. The entire encounter is believed to have been started by Queen Helen's love for Paris, Prince of Troy.

Rossana Podesta, the Italian Beauty who won the role after hundreds were tested for the part, is seen as Helen, the girl whose face launched a thousand ships. In the part of Paris, described as the "handsomest man in the world" is Jack Sernas, a leading actor in European films.

HELEN OF TROY
"Helen of Troy," Warner Bros' spectacular film from the story of Homer's "Iliad," will show Sunday, Monday and Tuesday at the Star. The motion picture depicts the period fabled in the history of the ancient world as "The Age of Titans," when the two great powers of the era, the Greek city states and the city of Troy, fought for world supremacy. The entire encounter is believed to have been started by Queen Helen's love for Paris, Prince of Troy.

Rossana Podesta, the Italian Beauty who won the role after hundreds were tested for the part, is seen as Helen, the girl whose face launched a thousand ships. In the part of Paris, described as the "handsomest man in the world" is Jack Sernas, a leading actor in European films.

DOUBLE FEATURE
One of the great sagas of the west, "Dakota Lil," will play a return engagement Tuesday and Wednesday at the Tower Drive In. Described in its initial run as a top-notch action thriller, "Dakota Lil" stars George Montgomery, Marie Windsor, and Rod Cameron. The film deals with the lawless elements of the Wyoming badland and with the role played by the United States Secret Service in conquering the area for the sake of law and order and making it a fit place in which to live.

Hailed as an outstanding suspenseful color drama, Edward L. Alperson's production of "Invaders From Mars," which will also show Tuesday and Wednesday at the Tower Drive In, offers a cast of brilliant players in an amazing story of terrifying visitors from space who come to wreck the earth.

The thrilling melodrama, starring Helena Carter, Arthur Franz and Jimmy Hunt, has as its locale an open countryside in America where deadly Martians contaminate their victims. Discovered by a young astronomer, played by Jimmy Hunt, the Martians descend to earth in a mysterious spaceship on a nearby field and immediately disappear into the ground. The situation becomes calamitous when no one will believe the boy's story.

Subsequent thrilling developments take place. In a fight with the U. S. Army these men from space are finally overcome, but not until they have terrorized the citizens of the community and spread destruction with their infrared ray-guns.

SINCERELY YOURS
Liberace, whose pianistic ability and splendid showmanship has won him millions of fans, makes his first starring motion picture appearance for Warner Bros. in "Sincerely Yours," which will show on Wednesday and Thursday at the Star.

The film, highlighted by musical interludes, is reportedly a heart warming drama in WarnerColor on the life and loves of a gifted concert pianist who brings romance, faith and joy into a number of empty lives, and finds happiness and love for himself. Liberace, portraying the musician, is seen in a challenging and demanding role. Joanne Dru co-stars as the pianist's secretary who carries on a secret love for the musician throughout the picture. Screen fans, however, are promised some exciting love scenes between Joanne, the girl who rose to stardom from the chorus of an Al Jolson musical, and Liberace. Cast as the other leading lady who vies for the lead in the love department is lovely Dorothy Malone.

SWEET TOOTH GREETINGS—Barbara Rust puts finishing touches on some of the greeting card cakes she bakes for fun at home, between trips around the country flying her own plane.

TASTIER THAN SINGING TELEGRAMS

These Greeting Cards Good Enough To Eat

DEDHAM, Mass.—Barbara Rust, known as Rustie for short, is a girl who takes her career seriously.

When she is not flying her own plane around the country as goodwill ambassador of a greeting card company, she makes greeting-card cakes in her own kitchen.

Glamor girl, housewife and skilled pilot, Rustie heads the New England chapter of 89's, well-known women pilots' organization. It is one of the few women who has flown a jet and plans again this summer to enter the Powder Puff Derby, transcontinental air race for women.

"People laugh about my cakes, but I notice they don't hesitate to try them," says Rustie. "I make my greeting card cakes at home all the time. Whenever my schedule allows it, I entertain like mad, and the cakes are always a big hit."

Rustie uses simple cake recipes and goes to town on the decorations. She has a full set of pastry tubes and brushes for applying the decorative frostings, and says she can duplicate any greeting card in cake. Says she: "A specially decorated cake with a personal message makes a wonderful centerpiece and provides conversation. And the nice part of it is that after admiring your centerpiece, your guests can eat it."

The Atlantic salmon enters fresh water to spawn and then returns to the sea, but the Pacific salmon dies after spawning in fresh water.

Household Scrapbook

Cement for China
The following cement is good for mending china. First make a thick solution of gum arabic and water. Then add plaster of Paris and stir thoroughly until it is the consistency of cream. Apply this to the broken edges of the china, tie together, and let it remain for three or four days. It is not only effective but is a white cement that will not show where repaired.

Blisters
Do not break sunburn blisters as this only adds to their discomfort. A new layer of skin will form under the blisters and they will then break of their own accord.

Stemming Berries
It is much easier to stem strawberries, raspberries, or any other kind if the berries are poured out on a table, or other flat surface.

Wall Paper
Do not attempt to paste on a square patch when repairing wall paper, but cut the edges as nearly as possible after the pattern. If the paper is plain, it is a good idea to tear off the patch, as this will result in a thinner edge that will stick better.

The Canary
If the canary does not wish to take a bath, try sprinkling a little clean sand in the bottom of the bird tub. The slippery bottom of the dish is often the reason for the bird's hesitancy.

Outdoor Cooking
Before cooking anything out of doors, over an open fire, rub the outsides of the pans with soap. This will prevent soot adhering to them.

Thermos Bottle
Do not put the thermos bottle away with the cork inserted, as the bottle will become musty. Keep the cork elsewhere, but do not forget the location when the bottle is again required.

Black Ants
Probably one of the best remedies for the extermination of black ants is an earthen dish filled with chloride of lime.

Corn
When buying corn, see that the husks are dry and green, and that there are no wrinkles in the ears. These are indications that the corn has been picked recently.
