Grain Moving To Market

Crop Called Good; Opens At \$1.80

Hereford's first grain sorghum of the season rolled to market here this past week, and prospects are for an "excellent" yield for the county's major crop.

ASCS says farmers in Deaf Smith county planted 244,356 acres in grain sorghum as their base acreage.

Tuesday Is Dollar Day

Tuesday will be Dollar Day in Hereford, and many merchants probably will be in their shops tomorrow — a holiday for most folk — making arrangements.

Coming right at the time when autumn clothes are soon to be needed, the dollar day event this month takes on special significance, and many "really great bargains" are planned, one merchant said.

While the merchants will be busy getting ready for the big Tuesday event, most businesses — except groceries — will be closed tomorrow for Labor Day, a check by The Brand revealed Saturday.

All federal offices, the court house and city offices will mark the day, as will most other offices. Stores will close except groceries which are to be open as usual for the day.

E. M. Green, who farms the H.C. Baird land south of Hereford, brought in what was believed to be the first grain delivered this year — two loads that test weighed 57 pounds and had a moisture content of 14 percent.

The grain was sold to Hereford Grain Co. and brought \$1.80 on the market. Loan price is \$1.75, the same level as last year, grain men said.

While the Green's grain was thought to be the first, elevators here Saturday said they expect "grain to start arriving in considerable quantity by the middle or last of next week" as combines start rolling throughout the area.

Two other crops of this county, carrots and lettuce, also have been moving to market, although the "main crops of both vegetables will not be received until around the last of the month or the first of next month," buyers here said.

The summer variety of carrots has turned out well, but was in short supply. "I guess many of the fields formerly devoted to summer carrots went into sugar beets this year," one vegetable house spokesman said Saturday.

The potato crop, which also turned out well this year, has been harvested. In general, it was a good crop and prices were equally good. Vegetable buyers here said the county's potatoes brought from \$3 to \$4.50. Onions, also, yielded well this year, but the price was below last year's level.

Autumn carrots will not be coming in until October or November in any considerable quantities, but summer varieties have been bringing around \$2.85-43, per 48 one-pound bags.

"We are able to operate only about two or three days each week now, as compared with a six-day schedule last year," a vegetable buyer here said, thus indicating a sharp reduction in the number of acres devoted to summer carrots this year.

Sugar beets also are looking good, and the crop apparently will be ready to harvest in time to supply the new Holly Sugar refinery with its needs. The crop is all grown on irrigated land.

The county also has some 2500 acres of lettuce which will be ready for market later this autumn. Like other vegetable crops this year, the outlook is good, vegetable growers said.

Whitefaces Scrimmage; Coach Pleased With Results

Hereford Whitefaces met Brownfield in a two-hour scrimmage Friday evening at Brownfield, in what Head Coach Jack

Meredith termed, "a very good workout." The Herd will meet the Plainview Bulldogs in the season opener Friday at 8 p.m. at Whiteface Field.

The 3-AAAA Bulldogs boast a much stronger team from the 2-8 record posted last season. They return 20 lettermen and six starters and should have good passing.

The Bulldogs have a tough run-

ner in All-District Halfback Lonnie Whitfield.

"We are improving very steadily and there are still many weak points that will have to be worked out during the coming week," Meredith commented.

According to Coach Meredith, the pass defense was not what it should have been at the Brownfield scrimmage, but the Herd was playing without the assistance of Steve Hodges.

Hodges and Quarterback Frank Cain were not used in the scrimmage, which accounted for the inability of the Herd to move the ball impressively against the Brownfield Cubs.

"The boys were really hitting hard, and we feel the defensive line made a good showing."

Terry Hill did a real fine job for us on defense and we are looking forward to a good season out of him."

"George Muse and Stan Sigman also put out a lot of effort and we are real proud of these two boys."

"We were exceptionally weak in our linebackers positions and a lot of work will have to be done in the next week to be ready for

Annual Men's Golf Tourney Dates Are Set

Thirteenth annual men's invitational golf tournament is to be staged at John Pitman Municipal Golf Course here Sept. 18, 19, and 20, it was announced Saturday.

Bob Lindsey, Dimmitt, is the defending champion. Bud Posey, host pro, and John McCleskey, tournament chairman, explained that the event will be staged with 20 players to each flight. Each day's events will start with a shotgun blast.

Entry fee is \$15 which includes green fees. No qualifying round is required and players will be placed in flights according to their handicaps. The committee, McCleskey said, reserves the right to adjust any handicap.

Entry deadline will be 6 p.m. Thursday, Sept. 17.

Schedule announced will be as follows: Thursday, Sept. 17: Dinner for all contestants and their wives at the Hereford Country club, starting at 8 p.m.

Friday, Sept. 18: First-round match play in all flights. Saturday, Sept. 19: Second round match play in all flights and first-round consolation match play.

Sunday, Sept. 20: Five remaining players in each flight and consolation flights will play 18 holes of medal play.

Golf bags and clubs will be given as prizes, officials said.

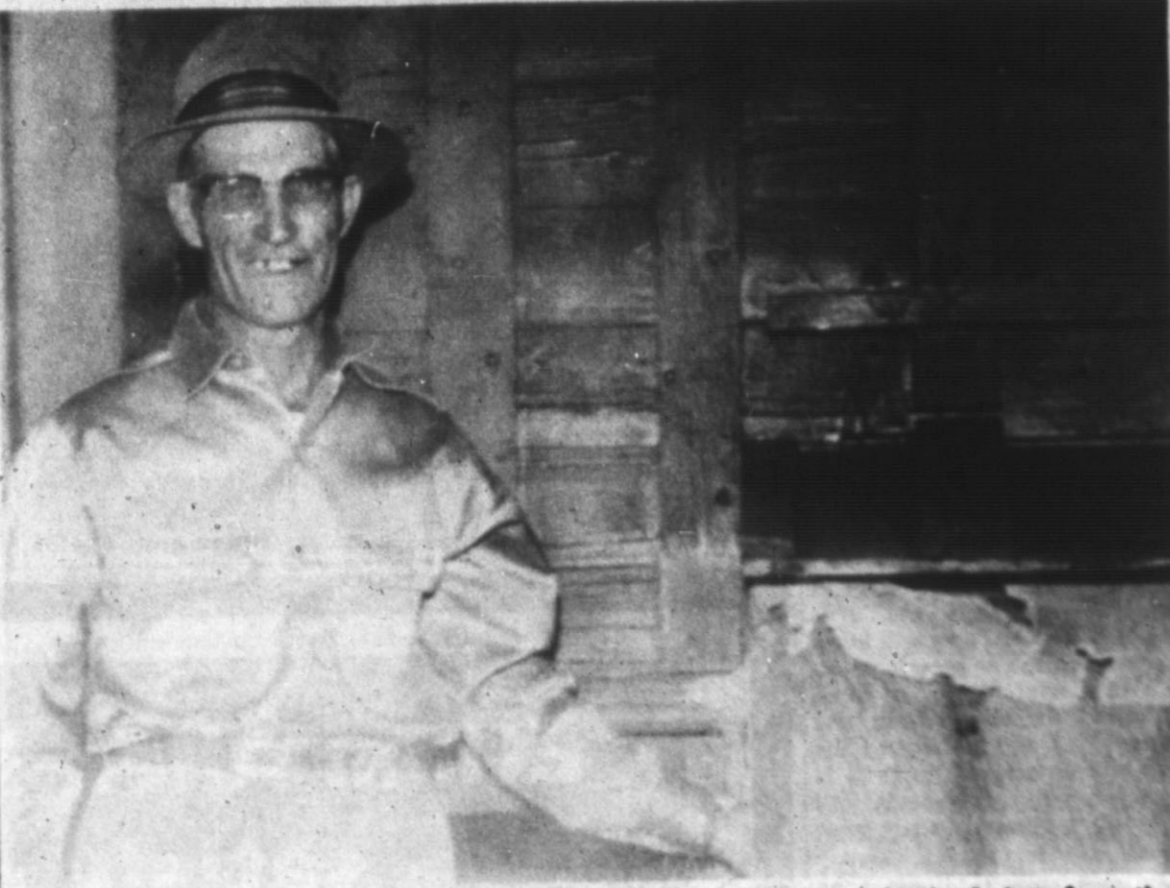

King's Manor Gets \$16,000 In New Gifts

King's Manor received \$16,278 in cash for new projects at its Thursday "open campus" program, plus a \$2000 pledge, the Executive Director, the Rev. Don Davidson, said Saturday.

Several hundred persons attended the event and heard the consecration ceremony for Westgate, the new nursing home, and other additions to the campus for oldsters.

Mr. Davidson said the \$2000 was pledged for a colored water fountain which "will add to the attractiveness of our campus."

The home had signs throughout the buildings and grounds, (Continued on Page 2)

Hereford Man Queried After Two Houses Burn

A statement concerning a fire that occurred in Hereford several years back was found beneath a filing cabinet during the recent remodeling of the second floor of the city hall.

The statement was sworn before J. Frank Potts, a notary public in Deaf Smith County, Texas on June 6, 1916.

According to the line of questioning in the statement the man signing the statement had obviously owned the buildings until several days before the fire and had sold them previous to the fire, but the deed and insurance on the buildings was still in his name.

According to Police Chief Marshall Padgett, there is no record of any arrest or trial of the man in the files at city hall.

The statement read as follows: On Tuesday Evening May 30,

John Bryant Named Coach At West Texas

John David Bryant, former Hereford High School football great, was named as a freshman coach for the West Texas State University Buffalo football team by Head Coach Joe Kerbel, this week.

Bryant returns to WTSU after having spent two years in the U.S. Army, where he attained the rank of first lieutenant and was commanding officer of a basic training unit prior to his release.

Bryant played for WTSU in the 1950 and 1961 campaigns under Coach Kerbel, and according to Coach Kerbel, "John David spent two years playing some real fine ball for us and knows well the Buff style of play."

Bryant starred at defensive halfback during the two seasons at WTSU, before entering the army.

Jim Ostrander and Richard "Buddy" Simpson were also named freshman coaches by Coach Kerbel.

Ostrander, like Bryant, spent

Pigeon Training Here Becomes Popular Hobby

By Mrs. Merlin Kaul

Pigeons may be just pigeons — or "squeawb" good food—they're something else. According to Stan Sigman, Er-

vin Robinson, and several youthful fanciers of Hereford, they have proved to be a most fascinating hobby and one which is rapidly gaining acclaim. These pigeons, known as the

PIGION FANCIER — Hereford "rolling pigeon" fanciers are developing the projects into a considerable hobby. This is Stan Sigman Sr., and one of his trained birds. (Brand Staff Photo)

Birmingham Roller, originated in Birmingham, England and were imported to the United States by a group of pigeon fanciers about the time of the Civil War. They look much like the wild pigeon and indeed all originated from the Blue Rock Dove.

Since the First World War they have become better known and interest has grown which has resulted in a national organization known as the "URC" or "United States Roller Club."

These birds are raised strictly for performance and show and get their name from the fact that they are "rollers." As the pigeon flies, he actually goes into a backward somersault — a movement in which the head practically touches the tail and in this position he rapidly "rolls" downward from 100 to 150 feet.

The birds are trained to fly in "kitts" or a group of about 20. They may fly as high as 500 feet or as low as 50 feet, but they fly strictly in their own vicinity; and as each bird comes out of his "roll" he immediately flies up to rejoin his kit. It is unusual for one to fly out by himself but if this happens, that bird is removed from the kit. The breeder trains and breeds birds so that all will "roll" at the same time. This rolling is natural with the birds and they are trained by regulating their feed. They are kept in pens, let out to fly and roll early in morning and late in the afternoon. They know when they get back to the pen, there will be food and water, and after they have eaten any extra food or water in removed. Each bird will eat about 1 tablespoon (Continued on page 2)

Owens To Direct Dimes Campaign

Ralph Owens, now associated with Gilliland Funeral Home, has been named 1965 Drive Chairman for the March of Dimes. Announcement of the appointment of Owens was made Saturday morning by John D. Alkin, National Foundation County Chairman.

Owens will attend a workers conference for March of Dimes fund chairman in Dallas, Oct. 1-2. "The 1965 campaign will be kicked off around Jan. 15," he said.

The National Foundation organization now supports research aimed at eliminating birth defects as well as the dread polio.

Since the discovery of the Sabin Vaccine and the Sabin Oral Foundation has concentrated in the area of rehabilitation of polio victims as well as supporting research on birth defects.

"Response in Deaf Smith County has always been good," Alkin said, "and we anticipate that the county will go over the top again in 1965."

Please now call for the "March of Dimes," a special coffee day with proceeds going to the March of Dimes, a wheelbarrow

race, an auction, special mailing of "dime slot cards" by the Business and Professional Women's Club, and counter cards placed in the business houses around Hereford. Other plans for the 1965 drive will be announced at a later date, according to Owens.

Simpson, a 1960 graduate of Panhandle A&M College and a native of Stillwater, Okla., has spent the last three years at Tucumcari High School as an assistant for football and track and head wrestling coach.

of grain each day. This grain consists of milo, corn, wheat, and Austrian peas. This, along with grit and water makes up a balanced diet.

These pigeons are home lovers. When they fly out each will always come back to his own home. Once a male and female are mated, they will never separate and will never accept another mate unless one dies or there is a forced separation. The hen lays 2 eggs at a time—the first always in the morning between the hours of 9 and 11, she then skips a day, then the afternoon of the next day between the hours of 4 and 6 she lays the second egg. That night she will stay on the nest and the next day about 10:00 a.m. the cock takes the nest to remain until 5 p.m. when she returns to take over for the night.

On the 17th day both eggs hatch. The parent birds start feeding them as tenderly as any mother feeds her baby and they feed—not grain—but milk. This milk starts forming in the crop of the parent birds the 14th day and the baby birds insert their beak into the beaks of the parents who cough up the milk which feeds and sustains them for 5 days after which milk and small grain is mixed and fed to them. After about 10 days they feed them grain which they have swallowed.

The 24th day the cock picks out another nest box and he and the hen move over—she will lay 2 more eggs while he takes over the babies. A good pair will nest 8 or 9 times a year. At about a month the babies are put on the floor and the cock continues to feed them besides helping with the incubation.

Some cocks will not only feed his but several others. Sigman usually breeds 50 or 60 birds a year. He has about 100 now.

It is at this age of 1 month that 7 or 8 pairs are selected to form a "kit". The babies are set on top of the loft of their house and this is the one they are taught to light on. At 2 months the trainer starts forcing them to fly off the top of the loft, and when they first go up they may fly in every direction, as they don't know yet how to kit. One or two old ones take them to the proper height and as they continue to train and grow up together they will stay together. Then it is that the fancier begins to ration the feed in order to regulate the time that the kits will remain aloft.

reminding would-be donors of various projects needed for the future. Many persons, Mr. Davidson said, made contributions for such features and for other King's Manor work.

The director was high in his praise of contributions by Hereford Area Foundation which made much of the big \$700,000 program which not only takes care of retired older citizens but shortly will open its new well-care, a nursing home.

Mr. Davidson said: "I don't know how the project would ever have been successful had it not been for the wonderful contributions made by area folk."

He explained that the only federal grant which the home has received was \$107,000 grant from the Hill-Burton bill, a fund granted to high-rating homes and hospitals. "We view the Hill-Burton grant as a 'status symbol'," the director explained. "Only top institutions with very high ratings are granted funds from the Hill-Burton setup."

Westgate receives its first resident Sept. 15. "We are calling the nursing home occupants 'residents' instead of 'patients,'" he explained.

the use of the "wafer" coop—a portable coop where the birds are put and where they will know no other home. The coop is painted with a white X so the birds can see it from the air and wherever it ought to be moved the birds will come back to it. It is hoped that flying contests will eventually result from these coops.

The roller pigeon is one of the healthiest birds there is. No disease can be contracted from them. They bathe twice weekly in sodium fluoride or vorax water and their cages and surroundings are kept clean. About the only danger to them is the feeding of wet grain.

According to Sigman, the pigeons have personalities just like people—some are high strung, some are gentle, and they love to be handled.

Sigman said his love for pigeons began when he was 9 or 10 years old. A boy gave him one and he took it home on the school bus. He put it with the chickens and from then on he had pigeons—except for war years. He's had show birds, rollers, and racing homers.

The birds are pedigreed, birth banded at 6 or 7 days, and records kept of each bird. Ervin Robinson recently heard from a New Yorker who had gotten one of his birds and was wanting the pedigree.

Ervin Robinson and Sigman have an annual lawn show which for the past two years has been held here in June for fanciers in this section of the country. The judge for this year's show was Bruce Long of Wichita Falls. They had 206 birds entered in the show, one pair being shipped in from California. Others were from Odessa, Midland, Lubbock, Clovis, Amarillo, and Duncan, Okla. Ervin Robinson takes birds to a number of shows each year. At the SRC held in Duncan, Okla., early in July he took several first place trophies as well as several 4th place ribbons.

Several boys in Hereford have them are the Poarch brothers, Phil and Gary Fitzgerald, Glen Edwards, Monty Row land and Betzen. Some of them went to watch the pigeons perform and went home with birds of their own. Sigman says this often happens—not only to the sons but just as often to dads and granddads too.

Two 'Must See' Areas At The World's Fair

By Sara Gilentine

The final two areas we will explore on our trip through the New York Worlds Fair are the Transportation Area and the Lake Amusement Area.

The history of transportation can be traced at the various pavilions in the first area. Buses and bulldozers, locomotives and helicopters, indeed, everything from the wheel to the rocket can be seen in this area.

The General Motors pavilion is thought by many visitors as one of the best at the Fair. In the Futurama ride, visitors sit in individual plastic contour seats, equipped with speakers, that move along a track. The trip starts out with a visit to the moon, then an exhibit of life under the ice, next an underwater scene, then a visit to the jungle, crops growing in the desert and finally, the city of the future is shown to the visitor.

Rising 120 feet on four mammoth tapered columns, the Port of New York Authority building is the aerial gateway to the Fair. It includes a heliport and restaurant open all year round.

Life as it existed many millions of years ago is authentically and vividly re-created in "Dinoland, a large paleontological display by Sinclair Oil Co. Nine dinosaurs are displayed, three of the moving figures, each is set in the terrain of its own geological period.

For 25 cents, visitors can ride along the rim of a giant white-wall tire soaring 80 feet into the air for a spectacular view of the fairground. Twenty-four barrel-shaped gondolas carry four people each around the circumference of the wheel.

Something really different in housing is displayed in the Underground World Home. A three-bed room house, completely below ground level, is the forerunner of dwellings that the builder says have marked advances in today's living. The house occupies most of the area inside a rectangular concrete shell. Windows in the house face scenic murals placed on the walls of the shell.

The two-story Transportation and Travel pavilion contains a seemingly endless variety of displays. The exhibitors include air-

lines and steamship lines, railroads and trucking companies, travel agencies and tourist resorts. It also includes a Hall of Fame for pioneers of the transportation industry and a live drama, "Sea Hunt."

The Lake Amusement Area, located on the shore of Meadow Lake is the Fair's smallest area. In it are concentrated most of the straight entertainment exhibits — stage shows, exciting rides, children's attractions, a puppet show and circus performances. This area is located across the expressway from the rest of the Fair and has experienced difficulty in drawing sufficient attendance.

Two car trains circle the Lake Amusement Area 40 feet in the air, at the Monorail pavilion. The Monorail ride, which is about eight minutes long provides the visitor a spectacular view of the Fair and offers photographers many unusual angle shots from the panoramic windows.

A European-style one ring circus has been assembled beneath a white and yellow plastic structure that seats 5,000 and no poles to obstruct the view. The Continental Circus lasts an hour and 20 minutes and a museum provides an added attraction at no charge.

Although the Texas Music Hall show, "To Broadway with Love," closed at the end of August, the Texas pavilion still has much to offer the visitor. Surprise is a feature of the entire area. A young man suddenly stands up and breaks into song. A girl walking along a path bullwhips a cigarette from the mouth of a friend. Arguing waiters bring

their feud to a head in a burst of gunfire. Other exhibits feature, Life on the Range, Life in Space, and Primer for Tourists.

Drum, guitar and ukelele music sets hula skirts swishing in the "Spirit of Aloha" at the Hawaii exhibit. The Aumakua Tower, 80 feet high, with a ring of flaming torches at the 55-foot level, forms the gateway to the pavilions. The area is landscaped with coconut and hala trees, orchids and other tropical plants. In the ancient Hawaiian Village, skills: how to construct a grass hut, shape stones into tools, and weave blossoms, seats and straws into leis without thread or needles. Beach boys offer rides in outrigger canoes.

A 110 foot tower topped by giant plastic orange rises over the palm trees and carousel-shaped structures of the Florida pavilion. The other buildings in the tropical setting at Meadow Lake include a large State Exhibit Hall decorated in an appropriate motif, a Porpoise Pool and Stadium and a homesite area on the shore.

A brief statement of the nature of this suit is as follows, to-wit: The assessment of damages by Special Commissioners appointed by the County Judge of said Deaf Smith County occasioned by the condemnation of the following described property, by the Hereford Independent School District, to-wit:

A part of Block No. 6 of Events Addition to the Town of Hereford, Deaf Smith County Texas, described by metes and bounds as follows:

BEGINNING at the Southeast corner of said Block No. 6;
THENCE West 177.71 feet to a point;
THENCE North 337.42 feet to a point;
THENCE East 177.71 feet to a point;
THENCE South 337.42 feet to the place of beginning, for the purpose of the Hereford Independent School District building, construction, maintaining and operating certain school buildings, playgrounds and other

buildings which may be necessary for such schools; of which said property Lalla Alexander has a life estate interest and Donald Alexander and Bill A. Montgomery have a remainder interest as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 15th day of August A. D. 1964.

Attest:
B. F. Cain, Clerk
County Court, Deaf Smith County, Texas.
By Cynthia Vines, Deputy.

burned last Tuesday to Mr. ——— for \$500. He had only paid me \$50 on them. I had never decided the places to him.

I had \$500 insurance on the two houses, but I thought that night, when they burned that the insurance had run out on them. I didn't go to see about any insurance until the second day after the fire because I thought it was out and there wasn't any use going to see about it.

A deed to Mr. ——— had been made out and was in the bank, but we wasn't to get it until he had made about half of the payments. The deed had never been recorded.

I tried to get Mr. ——— to pay the insurance on the houses and make it payable to me and then if they go burned we would divide the insurance between us equally, but Mr. ——— wouldn't do that, so I went ahead and had them insured then myself.

Signed: Mr. ———
The State of Texas,
County of Deaf Smith
Subscribed and sworn to before me, the undersigned authority on this the 5th day of June 1916.

A short story appeared in the Hereford Brand June 1, 1916, two nights after the blaze. The story read as follows:

Tuesday night, while nearly everyone was either at the street carnival or the church revival, two three-room houses on Twenty-five Mile Avenue were burned. The property belonged to R. R. Gressett and they were a total loss. No one of the family was at home. J. H. Bond who was rooming on one of the houses, awoke to find his room ablaze, but he cannot tell just

this Plainview team." The first conference game will be Oct. 23, when the Herd meets the Canyon Eagles at Canyon.

The second game of the season will see the Herd meet the Dimmitt Bobcats at Hereford. The Bobcats were blanked by the Muleshoe Mules, 21-0 Friday evening. Hereford will meet Muleshoe in a conference game Nov. 6.

The only conference foe to open the season Friday evening was Muleshoe.

The rest of the teams in 1-AAA will open their seasons and begin the non-conference clashes this Friday.

how the fire started. He thinks it might have caught from the explosion of a small lamp that he had been using. He might have dropped off in a nap and while he slept, the fire started. The neighbors ran in and succeeded in removing some of the furniture from one of the houses. The fire alarm was turned in by a small girl who stopped at the station and rang the bell.

Mr. Gerssett has been rather unfortunate of late. Last Sunday he lost a valuable mule, valued at \$250 and now this fire practically cleans him out of "house and home". He can ill afford such losses and much sympathy is expressed for him.

Your Red Cross In Action

By Corinne J. Neely

With the end of August and summer, the chapter's Water Safety Program is about completed. All children's classes ended in mid-August with two Senior Life Saving classes of 5 each, completed since then. These two classes were taught by David Dowell at the City Pool and by Joe Don Cummings at the Denton-Park-Pool. David is now instructing a WSI-part I class which will end the years work.

Earlier Senior Life Saving classes by John Gilliland and Hap Cavness (along with the above) will help us to have several people ready for instructor training in the spring.

The three sessions in June, July and August gave 374 persons certificates from beginners, advance beginners, intermediates, Jr. Life Saving and Sr. Life Saving. Of this number 46 were adults and 370 were children. (This number does not include drop-outs or failures.) So in spite of a shortage of available instructors (WSIs) we had an average year.

ALL CERTIFICATES HAVE BEEN MAILED TO PERSONS FOR WHOM WE HAD ADDRESSES. IF YOU HAVE NOT YET RECEIVED YOURS, PLEASE COME BY THE RED CROSS OFFICE AND PICK THEM UP!

Besides the above activities in Water Safety, the chapter this year worked with the Camp Fire Girls by furnishing an instructor, Mr. Mary Stapp, for class work and to earn awards. We do not have a report on this yet. And Mrs. Pat Hill conducted a Water Ballet Class for the girls.

OUR APPRECIATION AND THANKS GO TO ALL THE AUTHORIZED INSTRUCTORS (WSIs) AND TO THE MANY ASSISTANTS, BOTH ADULTS AND JUNIORS, WHO AIDED IN OUR PROGRAM. SOME OF THESE HELPED IN ALL THREE SESSIONS FOR MANY HOURS OF VOLUNTEER TIME GIVEN TO YOU IN THE COMMUNITY.

Our instructor staff, WSIs because of illness and other causes, was very short this year which necessitated the use of many aides. The ones who did give instruction were, Donna Smith, Nickie Dameron, Doris Rojek, Mary Stapp, John Gilliland, Joe Don Cummings, David Dowell, and H. A. Cavness. (We have about this number authorized for chapter unable to help) Some 50 adults and juniors made our program possible by helping as aides in the program. Another WSI, Lorraine Fowlkes and Sr. Life Saving student, Bruce Miller Jr., attended classes in Canyon in "Handicapped Swimming" which we hope in the future we will benefit from in our program. Mrs. Bruce Miller, our Water Safety Chairman for the past two years, did a most excellent job in co-ordination of the program. She spent many hours in behind-the-scenes work. So to her we give "a vote of thanks for a job well done."

DON'T FORGET THAT THE ABOVE PROGRAM IS ONLY ONE OF MANY WHICH YOUR RED CROSS BRINGS TO YOU IN THE COMMUNITY AND THAT WE ARE A PART OF THE UNITED FUND. SO SUPPORT YOUR UNITED FUND SO THAT WE MAY CARRY ON OUR WORK!

Miss Womack, Mr. Lehrer Married In Brownfield

(Hereford friends of Wayne Lehrer will be interested in the account of his marriage to Miss Mitzi Womack, given under Brownwood dateline below. Lehrer was an associate in Kerr-Lehrer Mohl Co., Hereford, 1956-60. He left Hereford to teach in

the Abilene Public Schools. Groomsman in his wedding was his onetime business associate, Clifford Kerr. Mrs. Kerr also was a guest at the wedding.)

BROWNWOOD — Mitzi Womack, daughter of Mr. and Mrs. Lloyd Womack, became the

bride Sunday afternoon of Wayne Lehrer, son of Mr. and Mrs. Charles G. Lehrer, 3813 Brookhollow, Abilene.

First Baptist Church was scene of the wedding for which the bride's uncle, Dr. Guy D. Newman, president of Howard Payne College, was officiating clergyman.

The bride is a graduate of Brownwood High School and of Baylor University where she received a bachelor of science degree in home economics. She is a member of the faculty at Lincoln Junior High School, Abilene.

The bridegroom is an Abilene High School graduate and received a bachelor of science degree from Texas A&M University. He is a teacher and coach at Madison Junior High School, Abilene.

After a trip to Stagecoach Inn at Salado, the couple will be at home at 2534 Woodard, Abilene.

Music for the couple's wedding was presented by Bill Allcorn, soloist.

Mr. Womack presented the bride in marriage. Her attendants were Mrs. Fred Byrom of Pecos, matron of honor; Mrs. Leonard Underwood of El Paso, Mrs. Tommy Womack, sister-in-law of the bride, Mary Elizabeth Taylor and Carolyn Carpenter, both of Arlington, bridesmaids, and Karen Lehrer of Abilene, sister of the bridegroom, junior bridesmaid. Charlotte Aduddell was flower-girl.

The bridegroom's brother, Russ Lehrer of Abilene, was best man. Groomsman and ushers were Ed Shipman of Abilene, Tommy Womack, brother of the bride, Clifford Kerr of Hereford and James Langford of Abilene.

An applique of reembroidered alencon lace accented bodice of the bride's gown of antique peau de sole. The gown was fashioned with scoop neckline, elbow length sleeves and modified bell skirt with chapel train. Her veil was a mantilla of imported lace. She carried a cascade of orchids.

Attendants wore gowns of topaz satin peau with scoop neckline and bell skirt with wide detachable panel. A band of champagne satin encircled the fitted bodice. Dior bows of matching fabric held their half-

City Directory Checking Starts

Canvassers for the new city directory will be calling upon homes in the Hereford area during the next few weeks. The canvassers, and all local people, will ask for information on name

and places of employment of all Hereford residents. Also, requested will be the names, and ages of all children residing in the household.

The accuracy and completeness of the directory will depend upon the cooperation received by the canvassers, according to Mr. R. W. Reed, crew manager. Mr. Reed has set up offices for the R. L. Polk Co., publishers of the directory, at 321 Sampson, Room 5. The canvassing has been approved by the City Police department and City Manager.

If the canvasser finds no one at home he will leave a card on the door requesting that the information be filled in and mailed. The city directory publication is made possible by the advertising of Hereford business and professional men. It is distributed to directory libraries in Chambers of Commerce over the country and to advertisers. Copies of the 1962 directory were sold to non-advertisers at \$38 per book.

The new edition will also include Dimmitt and Friona, all rural routes of Deaf Smith, Castro and Parmer counties as well

veils. They carried topaz fujimums with woodroses and lemon leaves.

Reception was at the home of Mr. and Mrs. W. C. Carpenter. The bridegroom's parents were hosts for the rehearsal dinner at Holiday Inn.

Shriners' 'Burn' Hospital Due To Open Soon

Editor's Note: Although a million persons annually in the United States suffer burns sufficiently severe to require medical treatment, only one institute especially devoted to burn treatment has been organized. The Shriners will quadruple that number. One of their three new hospitals will be in Texas.

By The Associated Press

Galveston, (AP) — By this time next year, the burn institute of the Shriners Hospitals for Crippled Children will be in operation here.

The sponsors call it the first of its kind in the world, and the Shriners are planning others in Boston and Cincinnati.

The institute here will be the first civilian installation devoted exclusively to burn treatment. The military has a burn center in San Antonio to which servicemen burn victims are flown from throughout the world.

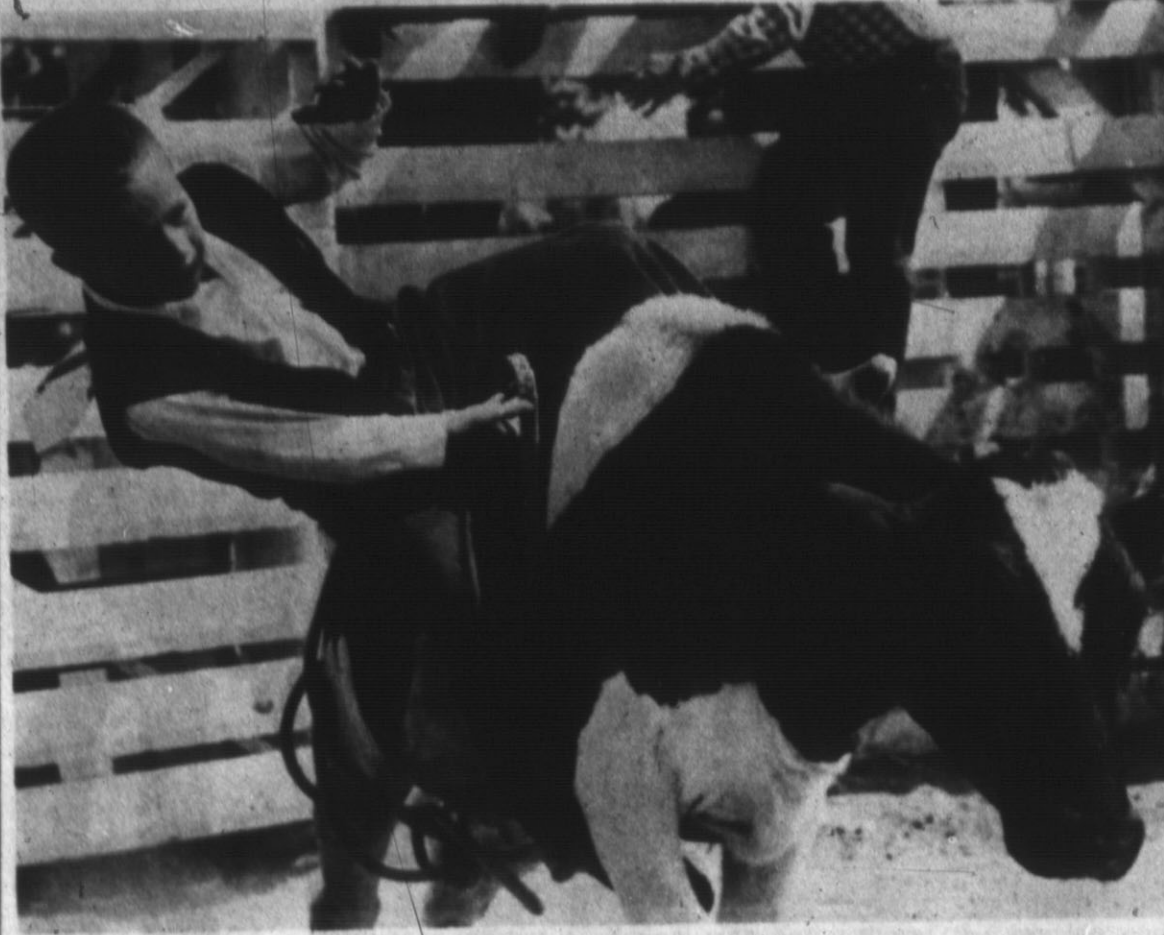

The Shriners have budgeted \$1-million for the three burn centers.

The arrangements for operation of the center here were described recently by Dr. Curtis P. Artz, who will head the center.

"The Shriners will provide funds and guidance of the institute and the University of Texas Medical Branch will assemble the professional staff and assume the responsibility for the technical operation," he said.

The center, in addition to treating patients, will conduct research and teach.

Dr. Artz said that the military burn center at San Antonio has "established the fact that a complete team of people from various medical disciplines such as surgery, nursing, anesthe-

logy, chemistry, dietetics and physical therapy is necessary for study and care of a complicated burned patient."

Dr. Artz described extensive burns as "one of the most complex illnesses to which man is liable," adding that "a knowledge of almost every principle taught in surgery is required for treatment."

He said that many medical authorities have called burns the greatest hazard of childhood.

Among other things, the institute plans to study why so many children suffer burns and what can be done to prevent such accidents.

The center here will contain 30 beds and will be operated on an annual budget of \$1.2 million

Card Of Thanks

Our many thanks to the Hereford Volunteer Fire Department for their efforts in trying to save our building in the recent fire.

Mr. and Mrs. Norman Frank provided by the Shrine's 830,000 members.

When Ken Venturi shot a record-tying 30 on the front nine in this year's IGO tournament at Hartford, Conn., he required only 12 putts. He used 14 putts on the back nine for a 33 and a 63. He had 10 one-putt greens.

With 1964-65 school enrollment reaching an unprecedented high, school officials and trustees are beginning to wonder if the proposed building program will be adequate. If the growth continues at its present rate, we'll be out of class rooms before the new construction is completed.

Already pressed into service is the old Masonic Lodge building located behind the First Baptist Church. The post-Labor Day surge (if it comes) will probably put the enrollment figure above the 1960 mark which is higher than even the most optimistic dared dream.

The Hereford Brand for November 14, 1963 reported school enrollment at an all time high with 3505 pupils, but the enrollment figure for 1964 has hit well over 3900 after only one week.

Including the two Catholic schools, the enrollment has gone well over the 4600 mark. St. Joseph's Catholic school reported an enrollment of almost 400 students, while St. Anthony's enrolled slightly over 300 students. St. Joseph's growth was considerably less than the St. Joseph's school located at the Labor Camp.

It is entirely possible too, that this figure will drop soon when the migrants head back for the Valley. This will not materially help the public schools although they will lose a few.

School officials kept telling us last year that enrollment was due to drop off, and it did slightly, after the 1st of January. But not as much percentage-wise as in previous years.

What will happen this year still remains to be seen but

It's Football Time In Texas; Big Year Seen

By Harold V. Ratliff
Sports Writer
Associated Press

Texas schoolboy football flames anew from Panhandle to Gulf, from piney woods to the far west and everywhere except the high and mighty Class AAAAA.

This super-conference schools with 975 or more students-hits the long trail next week. It's the start of football's biggest campaign in history—544 schools that make up seven classes, four of which decide state championships in December.

Indicating just how difficult it is to win a state title, only 15 schools have managed to capture more than one. The leader is Abilene, which has stowed away six since the dawn of the Texas Interscholastic League's mighty race in 1920.

Waco with five and one tie is second, Wichita Falls with five is third, Breckenridge with four and two ties is next and Amarillo with four is fifth.

Waco could set a record if it came through this year but there little chance of the Tigers once again sending a throaty growl over the plains of Texas.

Wichita Falls could tie the record but the Coyotes aren't even rated high in their district. Abilene could establish a record that would be hard to top but the Eagles just don't seem to have it at all.

Three fine winning streaks go on the line—Corsicana's 14 straight, Rockwall's 13 in a row, Garland's 12. Only Garland is given a strong chance of sweeping through undefeated.

The favorites are Garland to repeat in Class AAAAA, Pharr-San Juan-Alamo to win Class AAA, Winters to come home first in Class AA and George West to make it in Class A.

That means only one champion is expected to return to the throne. Corsicana, Class AAA champion last year, has moved up to Class AAAAA. Rockwall, the AA king, is due to have its crown knocked off. Petersburg, the Class A champion, isn't even the district favorite.

While discussing 1964 prospect it is well to give the case of Sulphur Springs, whose coach

was thought to have said, lacked nothing of being a strong team. At least that's the information given out at the Texas coaching school when coaches all over the state were interviewed.

Coach Johnny Dobson of Sulphur Springs, who wasn't present, saw the comment in the press and declared there was a mistake—he just didn't say it. "My opponents could use it to fire their teams up for me," he said.

Anyway, Sulphur Springs was picked for second place in the district in spite of it. Here's how they look in the divisions that play to state championships:

Class AAAAA Garland; 2, Spring Branch; 3, Victoria; 4, Galena Park; 5, Borger; 6, Odessa; 7, San Antonio Lee; 8, South Houston; 9, Dallas Hillcrest; 10, Houston Lee.

Class AAA—1, Pharr-San-Juan-Alamo; 2, Palestine; 3, Brownwood; 4, Andrews; 5, McKinney; 6, Stephenville; 7, Snyder; 8, Dallas; 9, John Foster D Dulles; 10, Athens.

Palacios; 3, West; 4, Paul Pwit; 5, Little Cypress; 6, Sinton; 7, Phillips; 8, Crane; 9, Hondo; 10, Rockwall.

Class A—1, George West; 2, Hull-Daisetta; 3, Albany; 4, White Oak; 5, Idalou; 6, Merkel; 7, Woodboro; 8, Springlake; 9, Seagraves; 10, Big Lake.

Mrs. Franz, Baby Die; Services Set For Today

Services for Mrs. Charles Franz, 25, and her infant daughter, Cheryl Byrleng, will be at 2 p.m. this afternoon in Littlefield's Parkview Baptist Church with the Rev. C. J. Coffman, pastor, officiating. Mrs. Franz is the sister-in-law

of the Rev. Jerry Franz, associate minister of First Methodist Church. Mr. and Mrs. Jerry Franz are in Littlefield today. Born Connie Ruth Elliott in Bogata in 1939, Mrs. Franz and Cheryl died Thursday at 11 p.m. shortly after the infant's birth in Amherst's South Plains Hospital. They will be buried in Littlefield Memorial Park, under direction of Hammons Funeral Home. Survivors include the husband, Charles, of the home; a daughter, Deborah, and a son William (Chuck), also of the home.

Masonic Lodges Plan Workshops
Officers and members of five Masonic Lodges in this area have been invited to attend a workshop which will be held at 8 p.m., Sept. 17, in the Masonic Lodge Hall at Dimmitt.
Hereford, Vega, Bovina, Friona, and Dimmitt Lodges are invited.
The workshop is being held to enable Masons to study common problems of Masonic Lodges and their operations. It will be conducted by J. B. Noland, Summerfield, chairman of the Masonic Workshop Area covering eight nearby counties.
The workshop is part of a statewide semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. It has been authorized by John R. Collard, Jr. of Spearman, Grand Master of Masons in Texas. He urged all officers and members of the invited Lodges to attend and said other Masons are also welcome.

GOT A BIRD BATH? — Kings Manor has an "ideal spot" for a bird bath and seated terrace, and a sign stressing the need was shown to visitors at Thursday's "open campus." The cost would be \$200, the sign (Brand Staff Photo)

Newest Dobie Book To Appear At Shops Soon
GEORGETOWN — J. Frank Dobie of Austin, a 1910 graduate of Southwestern University, will have a new book entitled, COW PEOPLE coming off the press in late September.
A prolific writer, Dobie is the author of some 30 volumes of Texas and Southwestern history and lore. Included among his books are A VACQUERO OF THE BRUSH COUNTRY OF THE TONGUES OF OLD TIME TEXAS, APACHE GOLD AND YAQUI SILVER, THE LONGHORNS, THE VOICE OF THE COYOTE, BEN LILLY LEGEND, THE MUSTANGS, I'LL TELL YOU A TALE, CORONADO'S CHILDREN.
This latest book, COW PEOPLE, deals in character portraits of old-time Texas ranchers what people remember about them, and the folk anecdotes that survive about them. Dobie is a great storyteller and these tales are some of his best told, funniest, most spirited efforts.
In a recent letter to COKESBURY COMPANY, Dobie says: "There is more autobiography in this book than I anticipated. Born and reared on a ranch in Live Oak County, in the Brush Country between the Nueces and the Rio Grande, I came to know ranch people long before I had any idea of writing about them. A chapter entitled "The Right Tempo" is made up mainly of personal experiences in Horse Age, while people still had time to be in harmony with shadows."
Dobie, author, philosopher-ucator and Texas' leading folklorist, and Mrs. Dobie received their B.A. degrees from Southwestern University in 1910. He was awarded the D. Litt. degree in 1931 at Southwestern. Dobie taught English at the University of Texas for many years and was also visiting professor at Oxford University.
"Dobie Day" at Southwestern University in 1952 brought to the campus hundreds of writers, publishers, friends, former classmates, press radio and television representatives to honor J. Frank Dobie.

Granite Used In Ship Channel
PORT LAVACA—(AP)—Massive shipments of hill country granite are pouring into this coastal city for use in twin jetties being built in the \$17.4 million Matagorda ship channel project.
The 28-mile channel, which will begin one mile out in the Gulf of Mexico, is being cut through the west tip of Matagorda Peninsula into Matagorda and Lavaca Bays. It will terminate at a turning basin in

We Appreciate

Yes, we sincerely appreciate the visits and expressions of good will extended us since our opening Friday and Saturday. Our true thanks go to each and every one of you. It has been a pleasure and a privilege to talk with you, and we trust it will continue to be as we grow together in Hereford.

And We Pledge

We have exerted our full effort to bring you the best in SALES and in SERVICE in the lines we stock. A transaction is not ended when the money is exchanged; we are interested in your continual enjoyment of our products . . . that is why we stress our SERVICE DEPARTMENT. We give the same personal attention to your radio, your refrigerator, your freezer, that we would give to our home appliances. YOU must be satisfied . . . YOU are the reason we are in business and we endeavor never to forget that fact.

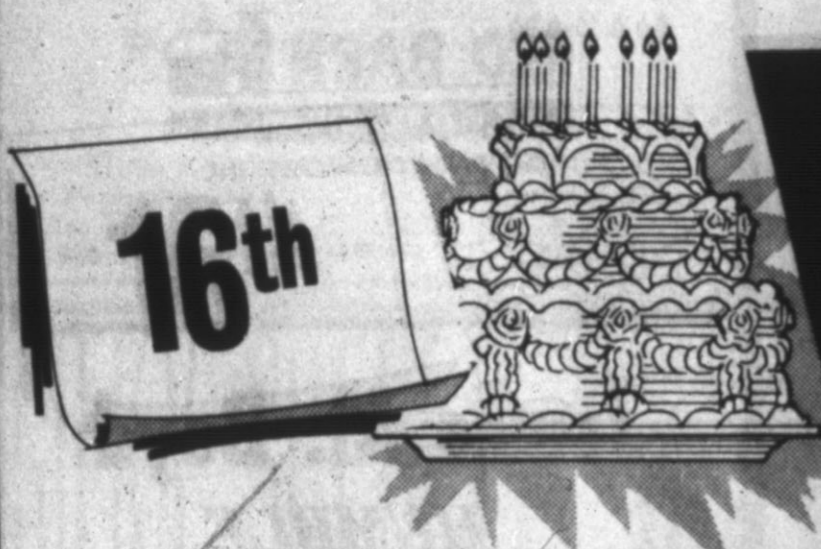

It's Still The Same

The above was the pledge that we made to our friends and customers when we originally opened our business in 1948. (Sunday Brand, Sept. 5, 1948). That pledge still holds true after 16 years of service to the folks in the Hereford area.

Many things have changed since that day in September 1948, when we first opened our doors to the people of Hereford . . . but the wonderful acceptance that you gave us then has not changed. It is the reason that we have continued in business here and have prospered over the past 16 years. The folks of Hereford were the best ever in 1948 — they are the best NOW. And we still appreciate your friendship and patronage just as we did then!

Kings Manor's Westgate Spotlights 'Open Campus'

Brand Photos
by Phil Duncan

Kings Manor proudly opened its new Westgate and an elaborate addition to the well-care building at consecration ceremonies Thursday attended by several hundred persons. Westgate is the new nursing home which will officially open for "residents" Sept. 15. Executive Director Don Davidson said Saturday. "We were well pleased with the turnout of our open campus program, and are looking forward to serving many more residents, not only in Westgate but in our expanded facilities at

the well-care unit," he said. Four employees' duplexes and the business manager's home also were opened and consecration ceremonies were held. The new Westgate is one of the finest nursing hospitals in the Panhandle. This issue of The Sunday Brand contains several other pictures of "open campus," showing parts of the hospital as well as the new enlarged well-care unit. At top left is the nurses' station in Westgate showing Head

Nurse Ruth Turner behind the desk. At top right is a portion of Westgate's dining room with Ruby Copeland of the food services setting the table. Bottom left is a typical well-care room in the older part of the home. Edna Culver's room and at lower right are four of the nurses who are to be on duty at Westgate. Left to right are Fay Berdine, Sona Schultz, Eva Hammond and Florice Powell.

Newlyweds Make Home In Alpine

The Sanctuary of the First Baptist Church, its archway of greenery flanked by baskets of white gladioli and mums, was the setting of the wedding of Miss Bonnie Lavelle Faver and Eugene Roy Jennings Thursday evening, August 27. The Rev. Clarence F. Powell performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. G. Elmo Faver, 112 Avenue D. She is the granddaughter of Mr. and Mrs. Obe Wilson, 130 Avenue E; and of Mr. and Mrs. G. R. Faver, Snyder.

The groom is the son of Mr. and Mrs. Eugene Green, 219 Avenue I.

Traditional wedding selections were played by Mrs. Dwain Barrett, organist, who accompanied Miss Nancy Fincher's singing "Because" and Elmo Faver, the bride's father, in his singing "The Lord's Prayer."

Mr. Faver gave his daughter in marriage. She wore a formal wedding gown of Chantilly lace over white bridal taffeta, styled with long bodice having Queen Ann collar and petalpoint sleeves. The bouffant skirt swept into a chapel train. Her shoulder-length veil of English net was attached to a crown of pearls. She carried a bridal bouquet of white cattleya orchids fashioned in a cross with frenched white carnations.

Miss Pamela Faver, sister of the bride, was maid of honor; and Miss Nancy Fincher, Jayton, was bridesmaid. They wore identical street-length dresses of pastel yellow lace and silk organza over taffeta. The sleeve-

less lace bodice was designed with square neckline and soft folds of cummerbund accenting the empire line. The controlled bell-shaped skirt of lace was dramatized by extra fullness of shirred silk organza back panel. They wore matching satin pill-boxes with halo veils and carried nosegays of yellow frenched carnations.

The flower girl, Kimberly Kay Wilson, cousin of the bride, was dressed in pastel yellow embroidered organza with matching half bonnet of ruffled lace. Her mitts and flower basket were of matching pastel yellow lace. Rex Lee, ring bearer, carried the rings on a lace-edged white satin pillowette.

Ronnie Duncan was best man, and George Muse served as groomsmen. Ushers were Jim Haney, Frank Cain, Dwight McGee, and Larry Minks.

Following the wedding a re-

ception honoring the couple was held in Fellowship Hall of the church. The bride's table was laid in white hand crocheted cloth over yellow and centered with the three-tiered wedding cake embossed with miniature pastel yellow roses. Assisting in serving were aunts of the bride: Mrs. Bob Wilson, Mrs. Obe Wilson Jr., Mrs. Bonnie Wilson, and Mrs. Marshall Wilson. Miss Becky Lynn Wilson, cousin of the bride, presided at the guest book.

After a brief wedding trip, the young couple have established a home in Alpine, where the groom will be attending Sul Ross College.

Among out-of-city guests were Mr. and Mrs. G. R. Faver, grandparents of the bride, Snyder; Mrs. John Dilday, Clay and Brad, Richardson; R. L. Cannon, Dallas; and I. L. Whitfield, Plainview.

Also from Jayton Mrs. Gerald Fincher and Jill, Miss Nancy Fincher, and Miss Linda McAteer.

Manjeots Return From Vacation In Minnesota

Mr. and Mrs. A. L. Manjeot, 122 Ave. E, returned Saturday from two-weeks' vacation, touring the Midwest and fishing in Minnesota lakes.

In Wichita, Kans., they were joined by Mr. Manjeot's sister, Mrs. M. L. Simpson, and Mr. Simpson for their trip to Annandale, Minn., where they stayed at a resort on Clearwater Lake. They enjoyed fishing and end of the summer, with a touch of autumn weather and a few morning temperatures as low as 42 degrees.

Mrs. Manjeot found sight-seeing in the seven states crossed on the trip especially interesting. The Iowa cornbelt, which had had plenty of rain, was the most beautiful, she had ever seen it, she said.

As they returned, they visited in Fort Leavenworth with the Manjeot's son, Maj. Lloyd H. Manjeot and his family, mid-summer visitors in Hereford.

George Tiefels Go to Graduation

Mr. and Mrs. George Tiefel, 124 Avenue J, left Thursday morning for Saint Louis to see their daughter, Miss Barbara Tiefel, graduate from the Lutheran Hospital School of Nursing. The graduation ceremony is set for today.

Miss Tiefel is one of the past-winners of the annual scholarship offered by the Hereford Medical Auxiliary. She will return with her parents Monday for a short visit in Hereford.

Lord Baltimore gave 560 acres of land near what is now Washington to Col. Joseph Belt of the colonial militia. Its name appeared on the 1725 grant as "Chevy Chase."

St. Anthony Rites Unite Miss Botard, Mr. Bezner

Miss Sandra Kay Botard became the bride of Alban Joseph Bezner Jr. in Saint Anthony's Church Saturday afternoon with the Rev. Angelus Delahunt, S.A., officiating at the double ring ceremony.

The Dalhart bride and groom exchanged vows before the altar in a setting of white-tapered candelabra set among large baskets of greenery with garlands of white satin ribbon and bows roping off the area for the bridal party.

Miss Kara Anderson, Lubbock organist, played traditional wedding music and accompanied Mrs. Elbert Vance, vocalist, in "This Day," "The Lord's Prayer," and "Ave Maria."

The bride is the daughter of Mr. and Mrs. Ernest John Botard, Alice. Parents of the groom are Mr. and Mrs. Alban Joseph Bezner.

The groom's table was laid in red cloth and decorated with white mums, massive silver candleholders, chocolate cake, nuts, and coffee service.

Both bride and groom are 1963 graduates of Texas Technological College, Lubbock. The bride received a B.S. in Home Economics. She was employed in Cameron County by the Agricultural Extension Service before becoming Home Demonstration Agent of Dallam County in early summer.

Dinner Honors Miss Edwards, Jerry Jacobs

Mrs. H. L. Benefield and Mr. and Mrs. Bert Boomer were hosts in the Benefield home, 231 Sunset Drive, at rehearsal dinner Thursday evening honoring Miss Linda Edwards and her fiancé, Jerry Edward Jacobs.

Mrs. Benefield and the Boomers were hosts again Friday at luncheon for the wedding principals, their parents, their wedding party, and out-of-city guests.

A buffet rehearsal dinner was served with gold and bronze mums and autumn foliage decorating the bride's table and matching miniature bouquets centering the quartet tables.

Given in marriage by her father, the bride wore a linen silk sheath with scooped neckline and slender bell skirt plummeting straight to floorline interest of wide re-embroidered lace border. Repeating the lace border, the panel train was artfully attached to the softly tailored fitted jacket accented by elbow-length sleeves of identical lace. Her pillbox of matching lace held the three-tiered veil of silk illusion. She carried a bridal bouquet of white roses with English ivy and bridal wreath.

Attending the bride were Mrs. William McCollum, Alice, as matron of honor; Miss Anna Botard, Alice, sister of the bride, as maid of honor; and Miss Jane Anderson, Denver, Colo., as bridesmaid. They wore identical street-length dresses of red peau de sole, styled with French dart bodice having scooped neckline, elbow-length sleeves and controlled bell skirt accented by tailored self-bow.

A graduate of Hereford High School, Bezner then majored in agricultural economics at Texas Tech and received a B.S. in that field. Northwest of Dalhart he operates his farm, where the couple will make their home.

Among out-of-city wedding guests were Mr. and Mrs. Ernest Botard Sr., Alice, parents of the bride; Mr. and Mrs. William McCollum; and Mrs. Otto Richter, Alice; Mrs. Annie Bezner, grandmother of the groom, Dumas; Mrs. Michael J. Kocan, aunt of the groom, San Francisco, Calif.; and Mrs. and Mrs. Edmond Anderson, Lubbock.

Mrs. Alban Joseph Bezner Jr. (Miss Sandra Kay Botard)

An extra feature of the evening was the honored couple's exchange of gifts and their presenting gifts to their wedding attendants.

Guests included the honorees; Mr. and Mrs. Wayne Edwards, parents of the then bride-elect; Mr. and Mrs. Jess Willard Jacobs and Keith Okmulgee, Okla. Mr. and Mrs. Larry Edwards and Miss Teri Smith; and Mr. and Mrs. Jim Daniel, Lazbuddie.

Also other members of the wedding party; the Rev. Don Davidson, officiant at the ceremony; Miss Ruth Ann Allison and Miss Mar Gwen Lackey, Amarillo, who presented the nuptial music; Mrs. Joe Jacobs, the groom's grandmother, Morris, Okla.; Mr. and Mrs. F. R. Gale, Leedey, Okla.; Miss Betty Duerr, Tulsa, Okla.; and Mr. and Mrs. W. Kilparick, Jonesboro, La.

The hosts were assisted by Mrs. D. C. Kinsey, Mrs. K. Cooper, Mrs. Lynn Boomer, and Mrs. Bob Oliver, Houston.

Matching pillbox hat with chapel veil completed the ensemble. They carried long-stemmed white Victorian roses.

Wearing a white organdy dress and white shorty gloves, Charlotte Bezner, flower girl, carried a white wicker basket trimmed in red for her rose petals. As ring bearer Lynn Crabtree Jr., Canyon, wore a red rose boutonniere and carried a white petite pillow covered with lace from the brides dress and holding golden pins to anchor the rings.

Pete Plank was best man; and serving as groomsmen were Lanny Bezner; Joe Frank Huckert, Summerfield; and John Loehr, Black. Ushers were Jim Conkright; Ernest Botard Jr., brother of the bride, Alice; and Dick Plank.

In the Parish Hall immediately after the wedding, a reception honored the young couple. Miss Joyce Bezner registered the guests. Assisting in the house party were Mrs. Earl Plank and Mrs. Jim Conkright; Miss Au-

Sorority Presents First Autumn Event

Beta Sigma Phi Sorority's XI Epsilon Alpha Chapter opened its autumn activities with a two-part program on "Life Is for Living" when they met Tuesday evening at Community Center.

Genevia Summers presented her program "On Being Alive" by posing telling questions and following them with open discussion:

1. How can we become more alive? What do we do? (We pray. Prayer is the beginning of our being alive.)

2. What do we mean when we say "Zest for Living"? (Mental, physical, and spiritual aspects of living. Without one we cannot have the other. We need all three.)

3. Can we love without being concerned about all mankind? (Too many people love life, but it's their own life they are concerned about.)

Miss Summers closed her section of the program by reading a portion of Rupert Brooke's "The Great Lover."

Eleanor Cramer and Nita Roberson conducted a streamlined survey for their part of the program, "Who We Are." Each member listed in writing identifying phrases or terms; then as they were read, club members named the person so self-described.

Margaret Bell, program chairman, gave the key for the evening by reading the foreword from the club's program books, "Written in Our Hearts":

"Having courage and confidence, we dare more, we live more. Life is either a great adventure or it is a

mere process of vegetation and decay. We learn to do things, think things, be someone. We become ever more alive. Unafraid, with faith in God, our fellowman and in ourselves, working and playing, feet secure in the good earth, we are now creating in terms of our hearts desire what we hope will be a good life. O, the wonder of this 'epistle' written in our hearts!"

Freda Beauchamp, president, presided at the business session when new yearbooks were passed to members and necessary announcements included the sorority's purchase of a Redy Lite to be installed at the Community Center; the success of the club's August 15 rummage sale; copies of Beta Sigma Phi Cookbook can still be obtained from any club member, to help swell the project-fund.

Jo Miller and Ollene Williams, hostesses for the evening, served refreshments to 21 members present.

Next meeting of the club will be Sept. 15 in Community Center.

Marilyn Willmon Weds Glenn Reeves In Canyon

Miss Marilyn Frances Willmon became the bride of Glenn Ray Reeves in the Central Church of Christ, Canyon, Saturday morning. Bob Ware, minister of the church, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. P. A. Willmon, Afton, Mr. and Mrs. Irvin A. Reeves, Austin Road, are the parents of the groom.

The church was decorated with baskets of white gladioli and miniature carnations. An A Cappella chorus provided traditional wedding music including processional, recessional, and the wedding benediction, "Be With Us Lord." They sang also "Because," "Always," "Twelfth of Never," and "Whither Thou Goest." Members of the chorus were Mr. and Mrs. Joe Godfrey and Mrs. Joe Don Cummings, Hereford; Mr. and Mrs. Larry Kingsly, Perryton; and Mr. and Mrs. Ronnie Throneberry, Amarillo.

Mr. Willmon gave his daughter in marriage. She wore a formal bridal gown of white satin fashioned with fitted bodice and skirt fullness held in unpressed side pleats. Re-embroidered Alencon lace detailed the lowered round neckline and petalpoint sleeves and frosted the oval of the chapel train held at waistline by satin fold with tailored front bow. Her angel-wing veil of illusion was caught to crushed satin rose traced with pearls. She carried cascading yellow roses and miniature white carnations atop a white Bible. Her jewelry was her maternal grandmother's gold locket.

Miss Kay Nell Reeves, sister of the groom, was maid of honor. Bridesmaids were Miss Hettie Currie, Midland, and Miss Joan Niemczak, Lamesa. They wore identical street-length dresses of pale yellow nightgown styled as complementary to the bride's gown. They carried long stemmed yellow roses.

J. W. Tuttle was best man. Serving as groomsmen and ushers were Thomas E. Reeves, brother of the groom, and Dean Willmon, brother of the bride.

Following the wedding a reception was held in the Church of Christ Bible Chair Building, Canyon. Mrs. F. W. Bell, aunt of the guests. Assisting in serving guest were Miss Karma Muzny, Canyon; Miss Kaylene Payne, Plainview; and Miss Nora Caruth, Dalhart. Accenting the bride's colors of yellow and white, the serving table was covered with cutwork cloth having a yellow underlay. The centerpiece was an arrangement of white gladioli and miniature carnations with the four-tiered wedding cake.

When the bride left on their short wedding trip, she was wearing a Burgundy silk two-piece suit with bow-accented collar. Her accessories were pink with the corsage of white roses lifted from the bridal bouquet.

A 1962 graduate of Patton Springs High School, the bride attended South Plains Junior College, Levelland. She is a junior in elementary education at West Texas State University.

A graduate of Hereford High School and of Lubbock Christian College (1961), the groom is a WTSU senior majoring in industrial arts. He is a member of Industrial Arts Club and of Buffalo Bills.

The couple will be at their home in their trailer at Scheaffer Trailer Park, Canyon where the groom is an employee of the Canyon Public Schools. Both bride and groom will be continuing their studies this autumn at WTSU.

Among wedding guest were the parents of the bride, Mr. and Mrs. P. A. Willmon, Afton; and parents of the groom, Mr. and Mrs. Irvin A. Reeves, Austin Road; and numerous members of the families of the bride and groom and friends from Texas towns, including Afton, Hereford, Plainview, Amarillo, Canyon, and Nocona.

The modern history of Chevy Chase, Md., begins with Sen. Francis G. Newlands of Nevada who joined with Sen. William Steward of Nevada to form the Chevy Chase Land Co. in 1890.

Dormitories will be open on Monday, for those students who will reside in the college dorms. A reception for all college students will be held from 3 to 5 p.m. that afternoon in the Student Union Building.

Registration may also be made on Sept. 10 when classes begin, and for several days thereafter, terminating on Sept. 18. Evening school registration will begin at 7:30 p.m. Tuesday in the Library Building.

Construction started last year has been completed and students will be using all facilities of the new \$690,000 expansion program. This includes the new science building, new agriculture building and greenhouse, fine arts building, addition to library and student center, gymnasium and administration building, expansion.

Linda Bess Edwards, Jerry Jacobs Marry

Miss Linda Bess Edwards and Jerry Edward Jacobs exchanged marriage vows in a double ring ceremony in the home of the bride's parents, Mr. and Mrs. George Wayne Edwards, 112 Centre Street, Friday afternoon. Officiant was the Rev. Don R. Davidson.

Parents of the groom are Mr. and Mrs. Jess Willard Jacobs, 1418 Collins St., Okmulgee, Okla. For the wedding, the home was decorated in the bride's chosen colors of gold and bronze with wedding background radiating from sunburst of greenery guarding ends of the kneeling bench in front of identical sunburst filling the fireplace area. Seven-branched candelabra with hurricane chimneys were linked by smilax garlands to a massive triangle arrangement of bronze mums on the mantel.

After a prelude of traditional wedding music, Miss Ruth Ann Allison, organist, included among other selections "Whither Thou Goest," Wagner's "Bridal Chorus March," Miss Mar Gwen Lackey Amarillo, sang "The Lord's Prayer" accompanied by Miss Allison.

The bride, given in marriage by her father, wore a formal wedding gown of organza-faced peau de soie. Alencon lace embroidered with seed pearls framed the Florentine neckline. Appliqued lace floral motifs were repeated on fitted bodice and three-quarter length sleeves and frosted the bouffant skirt with back fullness falling from divided peplum into a chapel train. Her bouffant elbow-length veil of imported illusion was attached to a cluster of fabric rosebuds traced with seed pearls.

The bride wore a gold band bracelet belonging to her great-aunt, Mrs. F. R. Gale, and carried a bridal bouquet of white roses and stephanotis in prayer-book style.

Mrs. Jim Daniel, Lazbuddie, was matron of honor, and Miss Teri Smith was maid of honor. They wore identical floor-length gowns of autumn gold organza-faced taffeta. The bodice was designed with elbow-length sleeves and scooped neckline plunging to deep V in the back. From the shaped midriff floated two back panels above a gently pleated skirt. Complementing the costume, the overhead tiny veil of illusion was secured with matching bows. The attendants wore white gloves and carried nosegays of bronze pom-pom mums and croton leaves.

Dale Wayne Jacobs, Tulsa, served his brother as best man. Groomsman was Dee Sanders, McAlester, Okla. Following the wedding a reception for all wedding guests was held in the home. The bride's table was centered with an epaenue arrangement of gold roses and silver candelabra. All appointments were in silver.

Miss Judy McCee served cake, and Miss Betty Duerr, Tulsa, presided at the punch bowl. Assisting in houseparty duties were Mrs. D. C. Kinsey, Mrs. Bert Boomer, Mrs. H. L. Benefield, and Mrs. J. R. Allison. Mrs. Wade Douglas, Paris, Ark, registered guests, who had been received by Mr. and Mrs. Larry Edwards, the bride's brother and his wife.

For her going-away costume the bride wore an avocado green double-knit sheath with matching green lizard accessories. A yellow chiffon scarf detailing neckline of dress was fastened at shoulder with corsage of white rosebuds lifted from the bridal bouquet.

After a short wedding trip, the couple will be at home at 711 North Hester St., Stillwater, Okla. where both will attend Oklahoma State University. The bride will continue her studies as a junior major in education. The groom will continue his work toward the degree of Doctor of Veterinary Medicine to be conferred in May, 1965.

Out-of-city wedding guests included the groom's parents, Mr. and Mrs. Jess Willard Jacobs and Keith Okmulgee, Okla.; Mr. and Mrs. Dale Jacobs, Tulsa, Okla.; Mrs. Joe Jacobs, grandmother of the groom, Morris, Okla.; and Dee Sanders, McAlester, Okla.

Also great aunt of the bride, Mrs. F. R. Gale, and Mr. Gale, Leedey, Okla.; Mr. and Mrs. Earl Edwards, Sayre, Okla.; Mr. and Mrs. Bertha Britton and Mrs. Myrtle Jackson, Elk City, Okla.; Mr. and Mrs. Willard Kilpatrick, and Barbara, Amarillo; Miss Betty Duerr, Tulsa, Okla.; Mrs. Bob Oliver, Houston; and Elmer Kilpatrick, Seminole.

Luncheon, Dinner Fete Bride-To-Be

Spinster's dinner Wednesday and luncheon at Hereford Country Club Thursday were among special pre-nuptial events last week honoring Miss Linda Edwards, then bride-elect of Jerry Edward Jacobs.

Hostess at the spinster's dinner was Mrs. Pat Robbins in the home of her parents, Mr. and Mrs. Fred G. Sims, 134 Beach Street.

Guests were served at two long tables covered with pink and white linen and centered with arrangements of pink carnations and greenery. Appointments were in silver and crystal.

Besides the honoree, special guests were former classmates and close friends of Miss Edwards. The guest list included Miss Edwards, the honoree; Mrs. Larry Edwards, sister-in-law of the future bride; Mrs. Jim Daniel, Lazbuddie; Mrs. Wade Douglas, Paris, Ark.; Mrs. Bill Callaway, Harlingen; Miss Mar Gwen Lackey, Amarillo; and Miss Betty Duerr, Tulsa, Okla.

Also Miss Judy McGee, Miss Dian Yeates, Miss Teri Smith, Mrs. Bill Warrick, Mrs. Vance Robinson, and Mrs. C. D. (Bud) Martin. Mrs. Gaylord Newell was hostess at Thursday's luncheon honoring Miss Edwards. Emphasizing the bride's colors of gold and bronze, the luncheon table centerpiece was miniature wheelbarrow filled with bronze pompon chrysanthemum. A tiny barrow with its petite bouquet and place card marked the place for each guest.

The guest list included Miss Edwards, the honoree; and her mother, Mrs. Wayne Edwards. Also Mrs. Larry Edwards, Miss Gayle Newell, Miss Teri Smith, Miss Judy McGee, Miss Dian Yeates, Miss Ruth Ann Allison, Mrs. Lynn Boomer, Mrs. Eddie May, Mrs. Pat Robbins, Mrs. H. L. Benefield; and Mrs. Bert Boomer.

Also on the guest list were Miss Mar Gwen Lackey, Amarillo; Miss Betty Duerr, Tulsa; Mrs. Wade Douglas, Paris, Ark.; Mrs. Bob Oliver, Houston; Mrs. Mrs. Bill Callaway, Harlingen.

The wedding of Miss Edwards and Jacobs was solemnized Friday afternoon in the home of the bride's parents, Mr. and Mrs. Wayne Edwards, 112 Centre St.

Kay Reeves Recipient Of First Jim Hill Loan

"If it weren't for this I wouldn't be going to college," said Kay Nell Reeves when she found that she would be able to use the Opportunity Plan, a student loan association.

Kay Nell is the daughter of Mr. and Mrs. Irvin Reeves, Austin Road. She graduated from Hereford High School last spring and was the recipient of the John Philip Sousa band award.

Kay Nell will receive the first loan from the Jim Hill Memorial Student Loan Fund, a part of Opportunity Plan. She explained that she would work while attending school to start paying back the loan.

"I think it's a very good program — it's helping a lot of people. It's helping a lot of students who couldn't go to school otherwise," she said. "I was just thrilled when I found out that I would be able to go to school this fall."

Kay Nell explained that if she had not been able to take advantage of Opportunity Plan, she would have to wait a while before going on to college. She has tentative plans to major in music or business.

Letter To The Editor

Editor:

To you Democrats who were not fortunate enough to hear Mr. Baggary (H. M. Baggary, publisher of the Tulla Herald) relate the history of your party at the L'Allegria Study Club in Community Center Sept. 3, I would like to share these quotes of Mr. Baggary's with you.

Mr. Baggary: "Our country is made up of two kinds of people — the 'haves' and the 'have nots.' An example: Business people are the 'haves' and labor the 'have nots.' The farmers around here would be in the 'haves' group."

(Comment: In LBJ's White House speech Jan. 15, 1964 he said: "We are going to try to take all the money that we think is unnecessarily being spent and take it from the 'haves' and give it to the 'have nots' that need it so much.")

Mr. Baggary: "The constitu-

tion was drawn up by the plantation owners and merchants, not the little people. Thomas Jefferson came along and drew up the Bill of Rights. The landowners and merchants did not want the Bill of Rights but had to accept them in order to get the constitution ratified by the States."

(Comment: I never knew that Thomas Jefferson, that great Virginian, had only rented Monticello.)

Mr. Baggary: "Individual liberties are given to us by the Federal Government."

(Comment: I thought God gave us those.)

Mr. Baggary: "Local governments take away individual rights, not the federal government. The federal government are the ones who insure rights. Rights of men come before the right of property."

(Comment: Does that explain the Civil Rights Bill?)

Mr. Baggary: "Common man is a Democratic term. Republicans hate the common man expression. Democrats are common men."

(Comment: We realize that.)

Mr. Baggary: "The rich stand in the way of progress. Ten percent of the population of our country is made up of the rich man and the paupers. The rich man and the paupers are not any use to our country. Ninety-percent of the middle of the population is the common man. Our nation's strength is in the middle class. A country cannot last if it is governed by the rich."

(Comment: That leaves Lyndon out.)

In my last comment I would like to say to you rich people and to all the paupers: Come on over and join us Jeffersonian un-common Republicans.

'Tain't Possible, But Looks Like We May Do It, Anyway'

History repeats itself around Hereford with monotony these days for, in each quarterly report, comes the announcement that another growth record has been shattered. This quarter was an exception, however, in that it threw in a complete new school enrollment record for good measure.

For those who live in Hereford there is, perhaps, little noticeable change — except for the fact that it is impossible to know all of the people one meets on the street. Add to this definitely all of the new construction over town, and you have an excellent description of the noticeable difference to the average citizen.

Naturally, most people are proud indeed to be part of a growing community, and most people are predicting continued growth for the area, especially during the next five years. Except for seasonal variations created through the produce industry, the job situation continues pretty well as in the past; good help is hard to find, while there seems no particular surplus or shortage in general classifications. Community services and supplies, though perhaps a bit of a "seller's market" have continued on an even keel and, according to most observers, have denoted little if any change during the boom period of 1963-64. Some indications point to a possible reaction in the building trades, but most houses are moving along from week to week and the building permit reports for August disclose a jump of \$600,000 over last year during

the eight month period.

Taken as a whole, Hereford is still an ideal size town to many people who are not interested in crowded urban centers. It has immediate access to Lubbock and Amarillo, while Fort Worth and Dallas are less than a day away by automobile, and only hours removed by air. The fact that Hereford has been able to keep pace with current expansion during the past few years also speaks highly in favor of it as a community where people desire to live.

In fact, many people who laughed 24 months ago when these columns predicted a population of 25,000 to 30,000 people by 1970 are beginning to shake their heads and take a second look.

"It ain't possible," said one old timer, "but dad-burned if it don't look like we might make it."

Happy New Year

A New Year began this week for Texas. Sept. 1 marks the start of fiscal 1964-65 for the state government. During the past 12 months, this state spent approximately \$1,553,000,000 — the exact figure is yet to be announced.

In the next year, the State of Texas has a budget of \$1,576,939,672 with which to meet rising costs of providing the services its citizens seek.

For Texas to have been able to walk its fiscal tightrope so successfully last year is no minor miracle. And it did not just happen. Gov. John Connally deserves much credit for his insistence upon observance of the constitutional requirement that income and outgo be equal.

Veteran Comptroller Robert S. Calvert and many other state officials and boards share largely in the credit. The Legislature contributed much to this goal by declining to appropriate money Texas did not have to spend.

UNTIL NEXT Aug. 31, Texas state departments will operate under the restrictions of the second year of the biennial appropriations made by the 58th Legislature. In so doing, they will face increasing problems brought about by a rising population, greater demand for services, inflation and other factors.

In the meantime, a new Legislature will be meeting, starting in January, and some new faces will be in Austin, no matter to what extent the November election goes Democratic or Republican. This election aftermath always tends to influence the views of state officials and employees, even before the full influence is effective upon financial operations.

Not to be overlooked, either, is the possibility that economic trends could be downward, reducing state revenues and requiring re-evaluation of Texas' state financial operations.

From these facts, it should be obvious that extraordinary care should be exercised in the conduct of state affairs — as well as of those of local, county and federal governments — within the next 12 months.

Fiscal stability is fundamental in good government. Certainly, this state's government must provide more and better schools, better services of many kinds for a population now headed toward the 11-million mark. But this must be done by pruning out waste, by eliminating those activities that are not needed, by finding the funds to pay the cost of essentials, instead of piling up burdensome debts for another generation, to pay, or ignore.

This is the challenge facing Texas on this first day of September. New Year's Day traditionally is a day of resolution. Let Texans resolve fully to live up to the wise provision in the Texas Constitution that the state government must pay as it spends. Without such a resolution, there can be no Happy New Year for the State of Texas.

—The Dallas Morning News

Thirty Six Texans Slated To Perish

Texans are notoriously proud to be from Texas as a rule, but the exception may occur for at least 36 Texans who are scheduled to lose their lives between now and 11:59 p.m. Monday.

This is the figure set by the Texas Highway Department in connection with traffic deaths during the Labor Day holiday period and, to say the least, traffic tolls have been surprisingly in line with predictions on previous holidays.

On the bright side, however, department spokesmen point out that it is not necessary. If you are a Texan, and want to help mess up the statistics by saving your life, the rules are simple:

"1. Make certain the driver and vehicle are in excellent condition; 2. Use caution, courtesy and good sense at all times while at the wheel."

It all sounds simple but, surprisingly enough, it works.

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his hindwood farm takes a second look at the conventions in his letter this week.

Dear editor: After spending nearly two weeks watching both national political conventions this summer, a friend of mine said he'd been studying the problems carefully and the way to eliminate all the argument and trouble over seating delegates and trying to write a platform that'll please the conservatives, the moderates, and the liberals is to operate three parties.

This has some merit, since to a conservative a moderate is a liberal and to a liberal a moderate is a conservative and to a moderate both ends are wrong, but it won't work. It wouldn't make a good television show.

You get a convention hall full of people who all think alike and agree on everything, and there'd be nothing left for them to do but listen to the speeches, and anybody knows half the delegates can't bring themselves to listen half the time.

Television has long since discovered that keeping its cameras on the speaker's stand is the best way to lose its ratings, and the only way to keep things lively is to send its reporters around the hall with portable gear to get in on the squabbles, and if they can't find one, stir up something anyway.

I tell you, a football game where the spectators spent most of their time running up and down the aisles arguing over the eligibility of a third-string tackle and speculating on who the coach was going to send in next at quarterback, wouldn't last long as a national sport.

Actually, to make the best television show, two parties are enough and they both ought to hold their conventions at the same time in the same hall. Turn them loose and let the cameras grind. Things would get popping then.

Yours faithfully
J. A.

Baggarly Addresses L'Allegra To Open Study Of Government

L'Allegra Study Club initiated their two-part club-year program Thursday afternoon when they heard as their first speaker H. M. Baggarly, editor and publisher of the Tulsa Herald and well-known Panhandle writer and speaker.

At this invitational tea, 23 members and guests began the club year with the aim of being better informed women as active participants in government in city, county, state and nation. The club will study first political parties and candidates in the November election, then forms of government around the world.

Introduced by Mrs. James Higgins, program chairman for

the day, Baggarly spoke on the Democratic Party, first pointing out similarities of Democratic and Republican Parties and their chief differences; then he gave a resume of the history of the Democratic Party.

Similarities he named included these facts: both parties believe in fiscal responsibility; both are patriotic and love our country; both believe in constitutional government; and both are opposed to Communism.

The differences between the two major parties, he showed, are largely involved in government economics.

Baggarly repeated that both parties have the same goals but attempt to achieve them from different approaches and from different points of view, from different angles.

He surveyed the history of the Democratic Party, "the oldest political party in the world," from its beginnings in this country with Thomas Jefferson's leadership (May 23, 1792) that resulted in the writing of the "Bill of Rights" into the Constitution. He pointed to the fact that the principle of individual liberty became the guiding star of the Democratic Party; that in any conflict between property

and men, men (or mankind) take precedence. And Baggarly wrapped up the Democratic Party philosophy by reaffirming the party's belief in the inherent rights of every man as a person, as an individual.

Mrs. Joe Easley, club president, presided at the brief business meeting when new year-books were distributed and it was again pointed out that each of the programs for the year should spur each club member to further study and effort to be a part of a better informed electorate.

Mrs. Joe Lyons was hostess for the tea, with Mrs. James Higgins and Mrs. Walter London Jr. assisting her.

"The Republican Party" will be the subject at the club's next meeting, Sept. 17.

In addition to guest speaker Baggarly, other guests included Mrs. Joe Hysinger, Mrs. Gene Bullard, Mrs. Gerald Martin, Mrs. Oscar Easley, Mrs. Jim Easley, Mrs. Harold Morton, Mrs. Kenny Gearn, Mrs. W. C. Russell, and Mrs. Robert Kinsey.

25% DIVIDEND
To Eligible Texas Motorists

That's right, Texas policyholders have come to expect dividend savings from State Farm Mutual's famous 25% dividend policy. Nine out of ten policyholders have saved more than \$30,000.00 over the past 29 years. State Farm's present 25% dividend rate makes the net cost of our insurance lower than that of most other companies. For more complete details see me soon!

Letter To The Editor

I am reluctant to allow the letter of G. P. Russell of Wyoming, Pa. go unanswered.

The theory of evolution is just a theory, nothing more, and something less. It is my conviction that it would be better to put this dogma in the area of hypothesis. G. B. O'Toole, Professor of Animal Zoology, Seton Hill College stated: "We shall endeavor to show that Evolution has long degenerated into a dogma, which is believed in spite of the facts, and not on account of them." (Many other quotations against the Theory of Evolution by well-known scientists can be furnished.)

G. P. Russell states, "What is the development of better gain sorghums but evolution controlled and directed by man to meet his ends." Work in the field of hybrids is definitely not evolution in any sense of the word. This is only improvement within a family or specie. If the scientist can make sorghums turn into roses, roses into pine trees, pine trees into animals than the theory of evolution will be more acceptable.

After John Glenn has told about the immensity of the Universe, in his article "An Astronaut's Faith", he makes this statement: "Could this all have just happened? Was this an accident that someone tossed up a bunch of flotsam and jetsam, and it suddenly started making

Third Annual Meeting For YH Is Saturday

Young Homemakers of Texas, Area I, meeting in third annual convention in Community Center at 1:30 p.m. Saturday will have opportunity to hear and talk with state and area officers of the organization and outstanding authorities in the fields of homemaking and life on farm and ranch, according to Connie Brumley, Area I president.

Mrs. Edward (Doris) Well, state president, will conduct state business during the afternoon session and install new officers. She is a homemaker for her husband, herself, and their three small daughters at their country home near Hale Center.

Mrs. Ima Dora Halle, Area I advisor from Plainview and a consultant in homemaking education, will be directing convention matters in certain divisions and available for consultation to chapter representatives.

Mrs. Betty King, Lockney, past president of Area I, will

these orbits all of its own accord? I can't believe that's really true. I think this was a definite plan. This is one big thing in space that shows me there is a God, some Power that put all this into orbit and keeps it there. It wasn't just an accident."

David E. Lilienthal, former chairman, U. S. Atomic Energy Commission, in his address to the Michigan State College: "We are a people with a faith in God, with a deep sense of stewardship to our Creator. And when these faiths are no longer strong within us we are weak and we are lost, however heavily armed with weapons we may be."

Elmer T. Peterson, columnist for the Daily Oklahoman, had this to say: "Some outstanding scientists still consider it unfashionable to accept belief in spiritual and God-ruled life, but there is a large and increasing number who frankly admit that the Darwinian theory of "chance" creation won't hold water. So they point directly at special creation under spiritual guidance and supervision. That goes back to Genesis and the Bible story. Gene Fooks, Minister Central Church of Christ

er invited guests, will attend the special Little Sister award luncheon in the Hereford High School homemaking department at 11:30 a.m., Sat. This event, which concludes the judges' evaluation of the candidates for that award, will have the Hereford Chapter of Young Homemakers of Texas as official hostesses.

All winners of awards for the area will be announced by Mrs. Brumley at the evening banquet in the High School cafeteria.

Also Mr. and Mrs. Roy Bass, nationally-known speakers on family life, Lubbock; Mrs. Aubrey Russell, Extension Service, Texas Tech, Lubbock; Mrs. Exie Collins, Monterey Division, Southwestern Public Service Co., Lubbock; Argen Draper, Home Demonstration Agent of Deaf Smith County, Hereford; Gena Brazeale, Home Demonstration Agent of Hale County, Plainview; Mrs. Bob Bivens, home service adviser, Southwestern Public Service Co., Plainview; Royce Bodiford, agricultural consultant, KGNC, Amarillo; and Nancy Morckel, home service consultant for Lighthouse Electric Coop., Floydada.

Ticket Sales Booming For WTSU Season

Athletic Director Frank Kimbrough announced today that single game tickets for each of West Texas State's six home games will go on sale Monday.

Season tickets are still on sale and Kimbrough stated the school is experiencing a record advance sale. He said he expected the remainder of the chair seats to be sold out this week.

Single game ducts range in price from \$4 for a reserved chair seat down to \$1 for school children. The other reserved seat prices are \$3.50 and \$3 while the adult general admission is \$2.00.

Following are the cities, place of business and individuals through which tickets may be purchased:

Maxor Drug, Mr. Poole; Taylor-Evans Farm Store, Boyd Vaughn; Dub's Mens' Shop, Dub Reeves; First National Bank, Wick Price; Higginbotham-Bar-

tlett Lumber Company, Ward Golden; Richard Drug, Joe Tooley; Bi-Wise Drug, R.T. Roden; Harman-Toles Elevators, Vernon Harman; First State Bank, Raymond Thompson.

West Texas State opens its season at 7:30 p.m. Saturday night, Sept. 19 against Ohio University, the defending Mid-American Conference champion. Arizona State U. and Texas Western follow on successive weekends. Memphis State, Trinity and San Jose State are faced the last three Saturdays in October.

The production of toquilla straw, from which Panama-hats are made, is centered near Guayaquil, Ecuador.

FRIO NEWS

GOP Conclave Song Director Visits At Frio

By Mrs. Owen Andrews

Mr. and Mrs. Melvin Henningson, Hayward, Calif., visited last week in the home of Mrs. Henningson's cousin, Harland Frye and Mrs. Frye.

Mrs. Henningson directed the choral singing at the National Republican Convention at the San Francisco Cow Palace recently.

Mr. and Mrs. Harland Frye ate Sunday dinner in the home of their son, Houston Frye and family.

Mr. and Mrs. Kenneth Frye are now living on the Carl Frye place, about two miles south of Charles F. Frye. They recently moved here from Hereford, where they had lived since their marriage Feb. 1.

Mrs. Weldon Stephan reports an enrollment of 24 5 and 6-year-old children in the kindergarten which she supervises at First Baptist Church. The school meets from 9 until 11:30 each weekday morning.

Mrs. J. E. Warrick and J. E. Warrick Jr. went to Wellington to attend the funeral of Mrs. Ellen Sears, at First Methodist Church there Monday afternoon. Mrs. Sears has made extended visits here in the Warrick home. She died Sunday. Three of her brothers came from Arkansas for the funeral and Mrs. Warrick, also a native of Arkansas, spent some time visiting them.

Visiting the Warrick home last week were a grandson, Clifton Warrick and Mrs. Clifton Warrick, College Station. He is a student there, and will receive his Master's degree in January. Also visiting the Warricks was Clifton's mother, Mrs. John Stroud, San Antonio, and another son, Scotty Stroud and Mrs. Stotty Stroud, Kingsville.

Sheryl Schmidt, daughter of Mr. and Mrs. Leonard Schmidt of the Palo Duro Community, spent last week visiting her aunt, Mrs. Earnest Harder and family.

Mr. and Mrs. Weldon Stephan were in Amarillo Thursday to see Judy Wright, daughter of Mr. and Mrs. Dale Wright, and niece of Weldon. Judy had undergone surgery at St. Anthony's hospital Thursday morning and was improving. The Stephan's also visited Mr. and Mrs. Bill Phillips, who are former Hereford residents.

Mrs. A. N. Yandell was leaving for her home at Seminole Saturday after a three-weeks' visit in the homes of her daughter, Mrs. Joe Autry and her son, David Yandell, and also a few days with her sister, Mrs. J. O. Green, in Amarillo.

Visiting the Arthur Blackburns Tuesday and Tuesday night were his brother, Floyd and Mrs. Floyd Blackburn, Sherman.

A recent visitor of the Blackburns was Mrs. George Sumner, Dallas.

Recent visitors in the Charles Self home were his grandparents, Mr. and Mrs. W. H. Anderson, Tuttle, Okla. They spent several days visiting several relatives here.

Mr. and Mrs. J. D. Stringer, Debbie and Mike, are spending this weekend visiting his sister, Mrs. L. B. Wright and family, in Oklahoma City.

Mr. and Mrs. Earl Cole, Hereford, ate Sunday dinner with the Floyd Coles.

Mrs. Lee Johnson, Midland, spent the past week visiting her mother, Mrs. H. M. Mobley and other relatives in the area. Thursday the Rev. and Mrs. Ellis Todd, Wellington, also visited the Mobley home. They had been to Hereford to visit at King's Manor. He is a Methodist pastor at Wellington.

The Panama and Cape Cod canals were open within a two-week period in 1914.

Tourist interest in Indian crafts has increased in the United States.

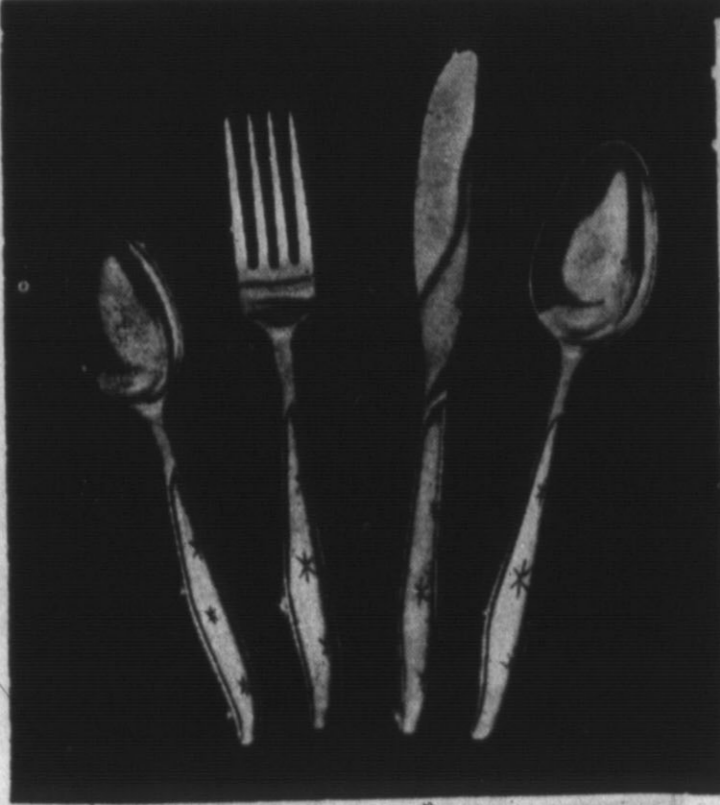

Day-to-day use of silver dollars has not been common in the East or Middle West.

Suicide has become one of the 10 leading causes of death in Kentucky.

Mt. Cotopaxi, in Ecuador, is the highest volcano in the world. It rises well over 19,000 feet.
