Wilson To Begin Construction By September

In a brief speech Tuesday morning at City Hall, Mayor Ray Cowsert informed Hereford residents and persons throughout the Golden Spread that Wilson & Co. Inc., has finalized plans to build a beef processing plant near the city.

Approximately 75 persons, the majority of them local businessmen, heard Cowsert announce that the company will open bids for construction jobs on August 15, and that the building will commence immediately after the bids are finalized.

Wilson officials plan to have the plant completed within eight months after construction begins.

At the same time he announced plans for the Wilson plant, Cowsert stated that the City of Hereford will hold a revenue bond election on July 16. The

majority of the bond issue, which will be for \$500,000, will be used to supply water for the new plant. (See story on this page for more details on the bond issue.)

Further discussion by Cowsert, Wayne Thomas and Henry Sears revealed that:

Wilson officials are negotiating with a separately owned hide handling company to construct a plant near the Wilson site.

"No less than 250 and possibly as many as 300 persons will be employed at the Wilson plant."

"The new industry will involve a volume of business estimated at \$100 million a year."

"6000 head of cattle a week will be slaughtered, and 2500 head will be completely broken down into individual pieces for the merchants."

"Still other allied industries are expected to build plants here."

Thomas, a local attorney who is a past president of the Deaf Smith County Chamber of Commerce and presently chairman of the Chamber's Industrial Committee stated that 70 per cent of all the cattle being fed commercially in Texas presently are within a 60-mile radius of Hereford. "Economic factors favor continued growth in this region," he continued. "The eyes of the beef industry are looking to Hereford, Texas today."

Sears, president of the First National Bank and also a past President of the Chamber, stressed the impact that the Wilson firm will have on this area. "It will benefit every person in Hereford from the highest paid to the lowest paid."

Sears said he had talked with a top Wilson official Tuesday morning and told that official the decision of the Hereford City Commission to call for a bond issue to get water to the new plant. "He told me that 'We want the people of Hereford to want us and this shows that you do want us.'"

Continuing, Sears explained that he had told the official of the city's agreement with contractors to hold bids for 45 days until Wilson finalized its plans. The official was pleased with the proposal and told Sears that if the city lost money because of the delay that contracts would be reworked so Wilson & Co., could offset the incurred expenses. "This shows you the kind of people we're working with."

In his opening statements,

Mayor Cowsert explained the steps which had been taken in getting Wilson & Co. to come to Hereford. About a year ago (in July) it was definitely established that the company would build here, he related. "Within 24 hours, the city had purchased the land for the company," said Cowsert, emphasizing that Wilson had paid for the 400-acre tract of land about 3 miles west and south of the city on U. S. 60.

In January, he continued, the city entered into a water contract with the company. In return for the city agreeing to supply water to the plant site, Wilson contracted to buy water for 20 years, with an option to buy for another 10 years.

Terms of the contract, said Cowsert, are that the company is to pay the City of Hereford a

minimum of \$20,000 a year whether any water is used or not. It is expected, said Cowsert, that the company will pay an average of \$30,000 and upward a year for the water.

Cowsert explained that there had been delays in the official announcement that the company would construct the plant here. Hereford's plant was being designed the same as another of the company's new plants in Logansport, Indiana, and that plant had come up with problems which officials solved before going ahead with the plant in Hereford, said Cowsert.

Another delay was due to negotiations with the hide handling industry. There had been another in early stages of getting the company to Hereford when Ling-Temco-Vought purchased

controlling interest in Wilson & Co., Inc., meat and food processors: Wilson Sporting Goods Co. and the Wilson Pharmaceutical & Chemical Corporation.

Now a food subsidiary of Ling-Temco-Vought, Inc., Wilson & Co. has 11 meat processing companies operating in the United States and three overseas. The figure does not include the plant at Logansport.

Record sales of \$985,539,972 were reported by Wilson in 1967 representing an increase of almost 4 per cent over 1966. Net earnings for the company for the fiscal year ending December 31, 1967, were a record of \$11,007,374.

During the past year the company appropriated more than \$20 million for additions and improvements.

Trustees Pick New Principal

By EARL MOSELEY
Staff Writer

Miss Della Stagner, Elementary Coordinator of the Hereford Public Schools, has been named as principal of Bluebonnet School on an interim basis, by the school board of trustees at their regular meeting Tuesday night.

Miss Stagner, long associated with the Hereford schools, replaces Don Blankenship, who resigned recently to become superintendent of the Texoma, Oklahoma, schools.

During its lengthy session for the first meeting since the ending of the student semester, the board members discussed other important items ranging from the current job status of graduates from the vocational classes to the building of a new elementary school here.

Also elected were 18 new teachers for the coming semester, again exceeding the number of those who have resigned.

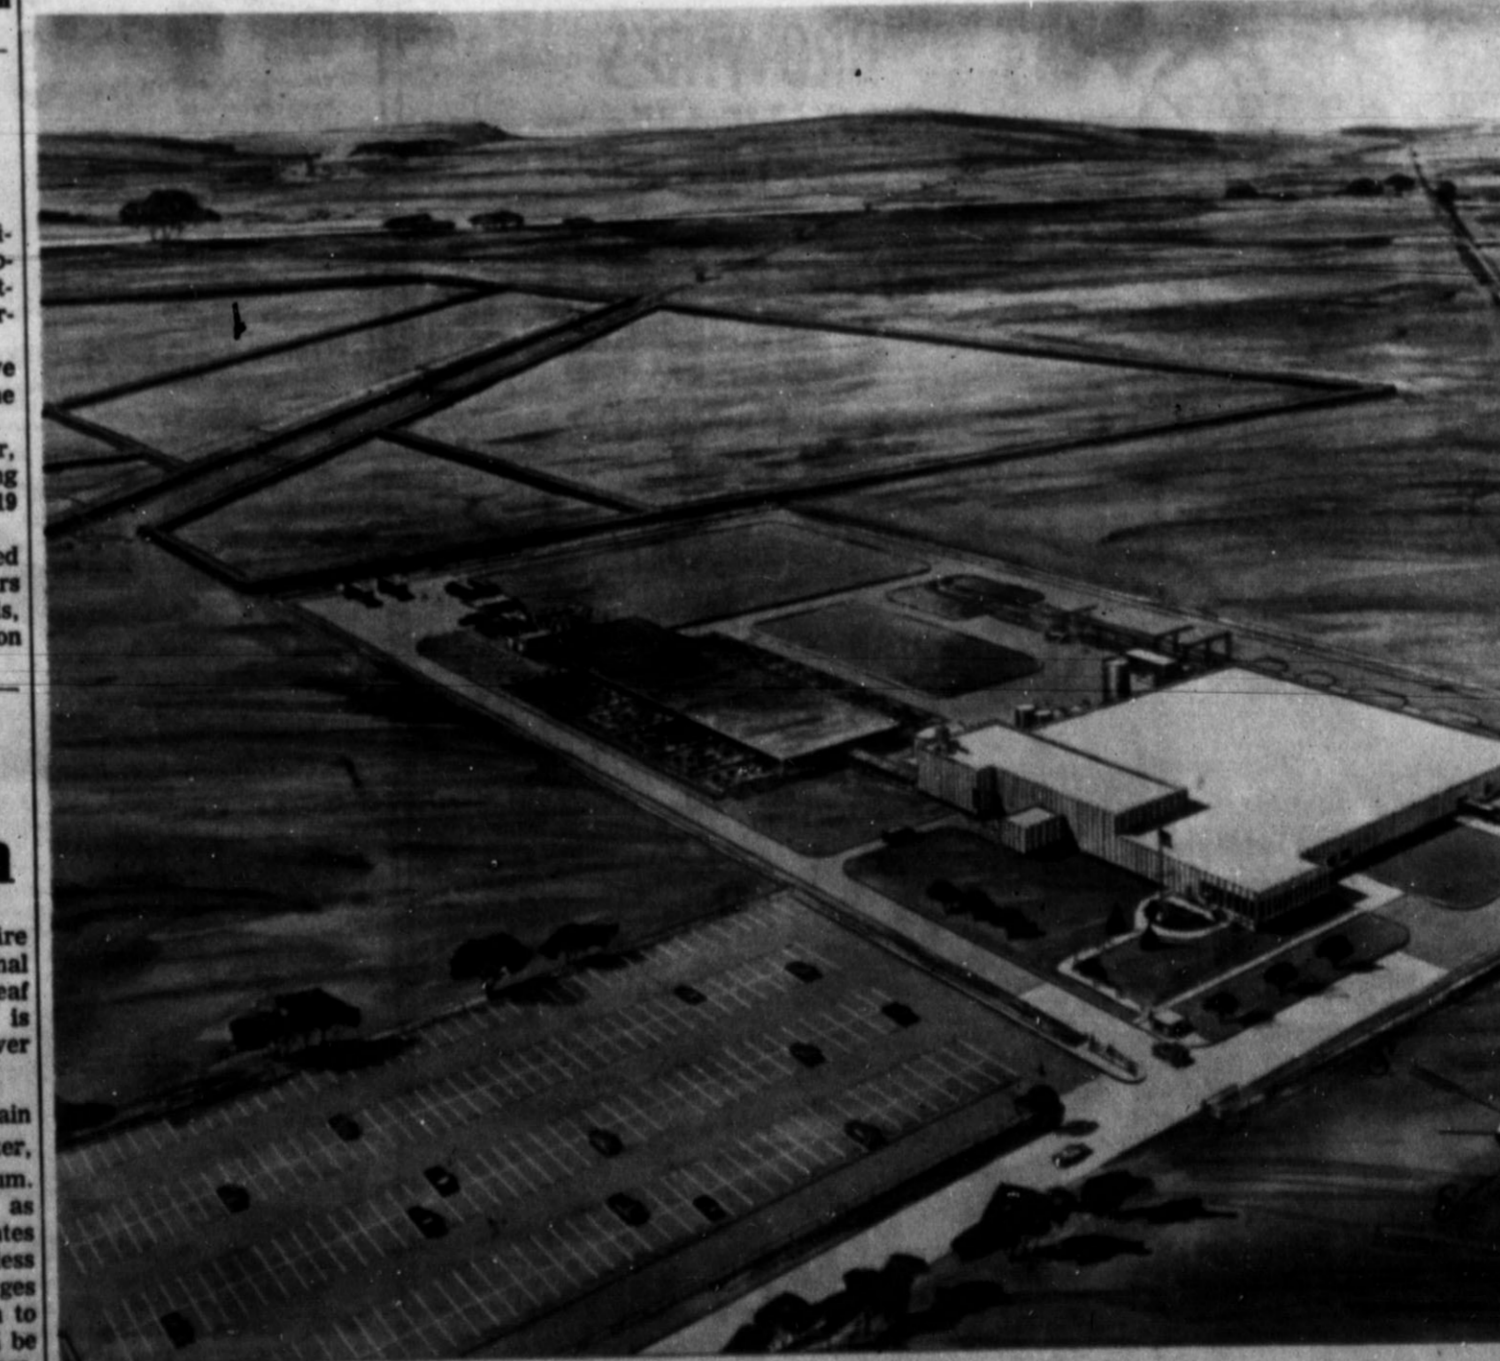

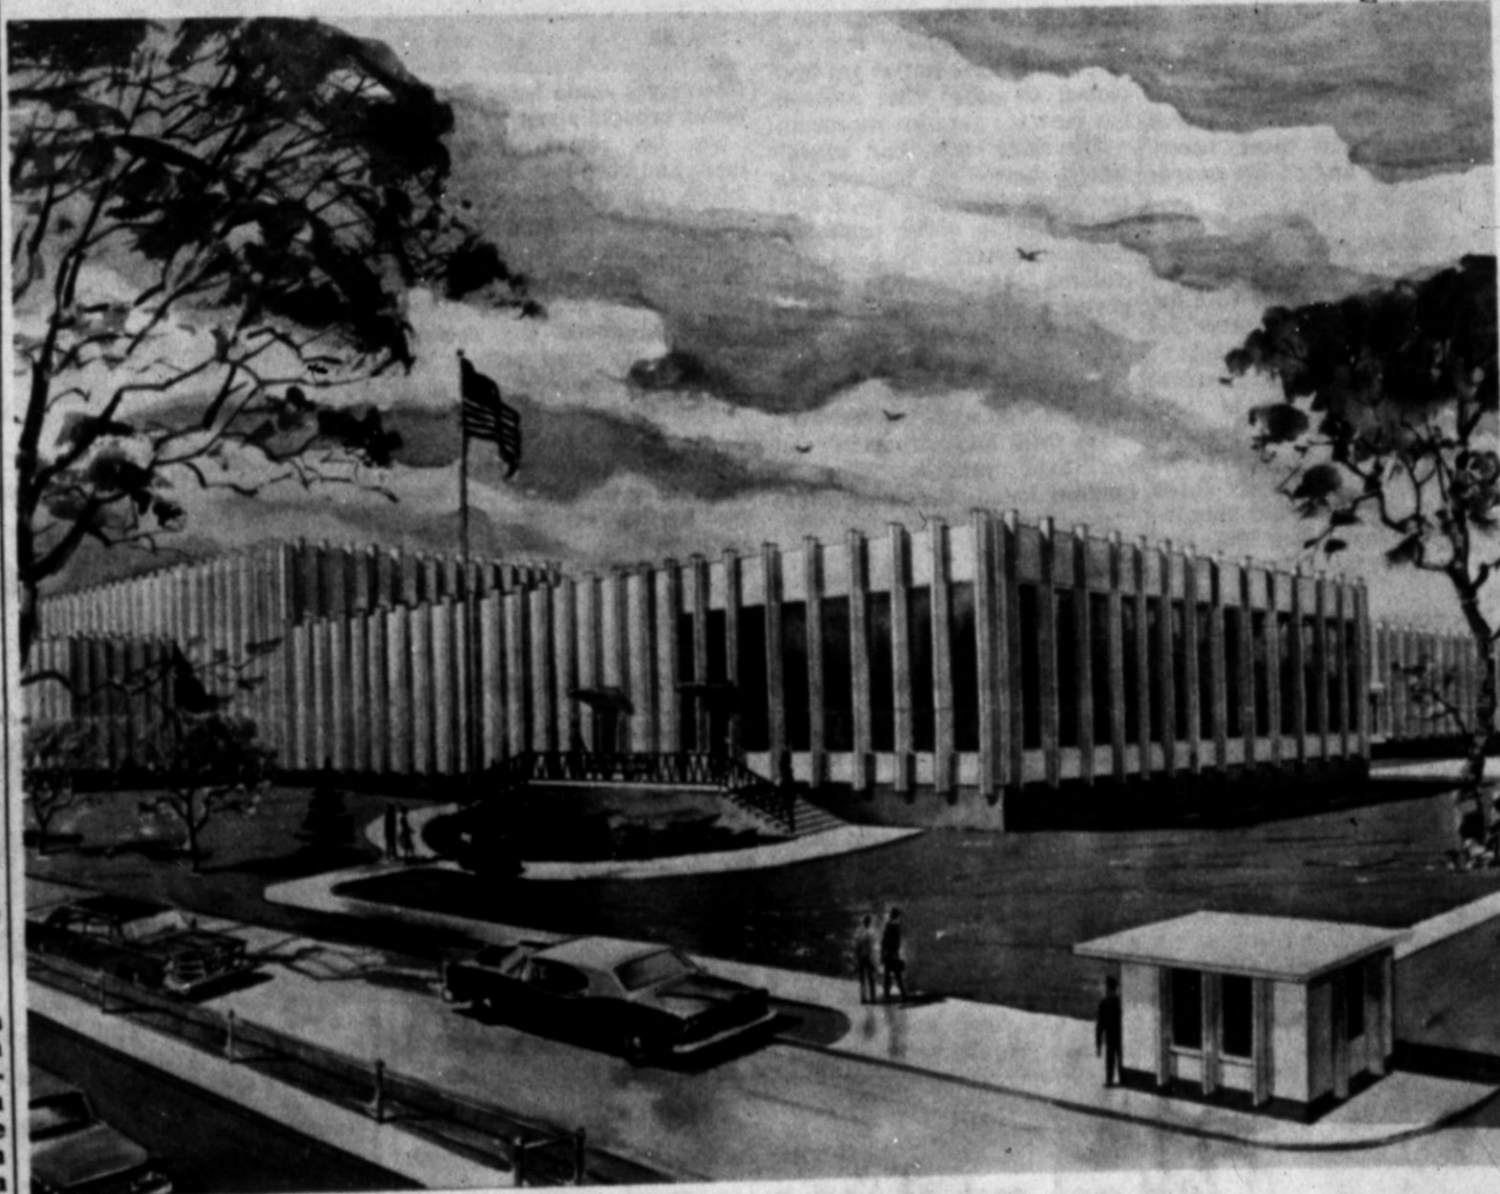

Teachers elected were Albert

Cupell, Richard Stanley, Lou Sherman, Sammie Caffey, Imogene Anderson, Lou Ann Witkowski, Sondra Moore, Wanda Jo Vershelde, Laquita Sharon Davis, (Kerr), Martha S. Emerson, Jane V. Fanning, Freelin Suttle, G. C. Graves, Martha Armer, Luene Lane, Mark Armer, Camella Cassada and David Treadwell.

Those who resigned were Rose Horn, Jean Beene, Johnny Griggs, Janetta Maloney, Don Clements and Inez Welch (who had retired previously of her own accord and is moving to Austin.)

Johnny Clark, Jr., superintendent of the Hereford schools, told the trustees that there are still seven teacher openings to be filled by September. Two are at the high school, two are at Stanton Junior High, and one each at LaPlata Junior High, Northwest and Central.

Much discussion centered upon the proposed building of a new elementary school here, in view of the normal expected increase in population along with the large jump in attendance expected with the construction and opening of the new Wilson and Company plant here. The date for this expected need is assumed to be September 1969, but the school officials and trustees felt that they should begin

PROPOSED PLANT — Shown here are architectural drawings of the proposed Wilson & Co. plant, which will be built 3 miles west and south of Hereford. The top drawing is a close up of the main plant while the second drawing gives an overall view of the site. In the bottom drawing, the aeration ponds which will take care of the waste water are shown at the top.

Bond Issue Is July 16

Residents of Hereford will vote Tuesday, July 16, on a \$500,000 revenue bond issue, Mayor Ray Cowsert announced during a news conference here Tuesday.

A total of \$310,000 of that amount has been earmarked for providing water facilities to the multi-million dollar Wilson & Co., Inc. plant, which Cowsert said would begin construction in late August or early September just west of the city. (See story on this page for details on the Wilson plant.)

Cowsert, in his announcement emphasized several times that the revenue bonds would not mean a raise in taxes, but would play for themselves in time.

Under terms of the contract, Wilson will buy water from the city for a 20-year period, with an option to contract for another 10 years. The company will pay the city a minimum of \$20,000 a year, whether it uses water or not, and should average paying the city more than \$30,000 per year.

A breakdown of the bond money shows that the city plans to use \$310,000 to get facilities to the Wilson plant site about 3

miles south and west of the city on U. S. 60.

More of the bond money will be used to develop a water field near the site, with three wells to be drilled. "This will give us a new water field at a very, very minimum price," stated Cowsert.

The remainder of the bonds will be used for improvements and additions at the city's sewer farm, Cowsert explained.

Stressing the economic value of the new plant to the city, Cowsert declared "If Wilson doesn't get the water, they have no reason to build the plant." He added also that if any other industry decides to move in near Wilson, it will be able to work out a contract with the city for water.

Wayne Thomas, chairman of the Industrial Committee of the Deaf Smith County Chamber of Commerce, stated that "residents must realize the importance of the bond issue. It must not be just a majority vote. I encourage you to turn out in numbers never before seen in an election here. It must be a resounding vote of confidence for Wilson & Co."

Thomas and Cowsert implored those present to inform all of their friends of the importance of the bond issue to the city and solicit support for the issue. "Remember," said Cowsert, "It is not a tax bond issue, but a self liquidating bond issue which will be taken care of by income from Wilson."

During their meeting on June 3, Cowsert explained, the City

Beet Growers To Meet Friday

Sugar beet growers in the Hereford area are urged to attend a meeting called by the board of directors Friday at 8:30 p.m. in the Hereford Community Center, according to the Texas - New Mexico Sugar Beet Growers Association.

Bob Ginn, agricultural manager of Holly Sugar Corporation, and some of his fieldmen are set to discuss an important harvest matter with the members, the report indicated.

James W. Witherspoon, executive secretary and legal representative of the organization, reported a large attendance for the meeting held at Dumas on Monday. He said the Dumas area growers had over 2,500 acres of sugar beets this year.

Other beet growers meetings are scheduled for Wildorado on July 8, Dimmitt, July 11; Clovis, July 15; Bovina, July 18; and Friona, July 22.

UF Directors Meet Tonight

United Fund's Board of Directors will meet at 8 p. m. today at the Hickory Log to outline campaign plans for the organization.

The kick-up date for the drive is tentatively planned for the first week in October.

"For this time of the year, we have the organization going fairly well," Debbs Knox, 519 Park Ave. president, said.

This will be the first United Fund meeting since officers were elected. Campaign goals, the budget and organization plans will be discussed.

Rates Increased In Grain Program

Terminal and county price-support loan and purchase rates for 1968-crop grain sorghum were announced today by the U. S. Department of Agriculture.

The rates are based on the previously-announced national average loan rate of \$1.61 per hundredweight, unchanged from the 1967-crop price. Total support including the loan rate and a price-support payment of 53 cents per hundredweight average \$2.14 per hundredweight for the 1968-crop, the same as last year.

Though the national average loan rate is unchanged from the 1967 level, extensive changes in export rail freight rates throughout the major grain sor-

ghum-producing area require widespread changes in terminal and county loan rates. Deaf Smith County rate for 1968 is \$1.63, an increase of 4 cents over 1967.

The rate schedule is for grain sorghum grading No. 2 or better, except mixed grain sorghum. For major producing areas, as in the past, the county loan rates reflect terminal loan rates less the freight and handling charges needed to get grain sorghum to terminal markets. Rates will be adjusted by discounts for class, grade and quality to determine rates for individual producers. The discount schedule is unchanged from that in effect for the 1967 program.

Two Teenagers Charged With Cafe Burglary

Two teenage boys, one 15 and the other 16, have been charged with burglary in connection with the break in of Wades Steak House, 1309 E. First, during the night Sunday or early Monday.

Arrested by the Deaf Smith County Sheriff's office, the youths will be handled by County Judge H. C. Williams, who is juvenile judge. One of the boys is from Wichita Falls. Their names are being withheld pending further action in the case.

Burglary of the cafe was discovered shortly before 4 a.m. Monday when Mrs. Wade came to work. Police found that someone had entered the roof in the kitchen part of the cafe.

Inside, they had pried open a filing cabinet and apparently found a pair of rubber gloves and wore those while breaking open the cash box. Approximately \$200 in cash and some cash and some checks were taken and the burglars apparently left the same way they came in.

The two teenagers were arrested Monday afternoon.

Highway Confab Begins Monday

State meeting of the Texas Division of the International Parks Highway Association (U. S. 385) will be held Monday at the Jim Hill Hotel.

Guests at the state meeting will be a caravan of 24 traveling from Muzquiz, Coah. along Highway 385 to the International Convention of IPHA June 21-23 in Weyburn, Canada.

Guy Lawrence of 215 Ave. F, vice president of the International Association, his wife and Ray Pool of Dimmitt, president of the Texas Division, will join the caravan as it continues its trip to Canada after the meeting in Hereford.

Registration for the state meeting will begin at the Jim Hill Hotel at 4 p. m. Plans for the day include a tour of area vegetable farms and feedlots at 4:30 p. m., a hospitality hour at the Jim Hill Hotel at 6:30 p. m. and dinner at 8 p. m.

Around 60 to 75 are expected at the state meeting, and 200 at the International Convention.

The group's purpose is to promote Highway 385 and eventually have the highway run all the way from Canada to Mexico City. Highway 385 is now about 2,192 miles long.

Hereford will be the first overnight stop for the caravan from Mexico on its trip along Highway 385 to the Canadian convention.

Group To Plan For Emergency

The Civil Emergency Planning Committee of the Deaf Smith County Chamber of Commerce will meet Friday at the Hickory Log at 12 noon, according to Jerry Don George, chairman.

On the agenda will be reports on all the equipment available in Hereford in cases of emergency. There will also be a review of programs in other cities and schools, according to George.

Trustees . . .

Continued From Page 1

looking over plans for it now. Realizing that a tax bond will be necessary eventually for this project (the city is requesting a revenue bond), the trustees believed that the people of Hereford realize that a new school is a necessity in its progress and will favor the addition.

The budget hearing for the coming year has been officially set for the regular board meeting in July. However, the date was changed to Thursday, July 11, at 8 p. m. instead of the usual Tuesday.

Board president Olin Parris was selected as delegate at the assembly of Texas Association of School Boards.

Under the vocational training programs, it was pointed out that 13 cosmetology students

have gone to Austin for their State Board examinations, and that 10 automobile mechanics who have recently graduated have obtained jobs in this line.

It was also reported that 64 students have already signed up for the new Aero-Space Science classes here. Clark said that he had learned that "more people were employed in the aero-space programs than in all the automobile industry combined" and had made a personal study of this subject at a high school at El Paso recently.

Assistant superintendent Bob Holman also made a report on aero-space, explaining that Hereford High School was now set-up for two classes and additional classes would be added should the student enrollment increase. "I think the course will gain popularity for the following years."

On other pilot programs which are being considered was linguistics, "which will be extended as low as the third grade." Another was reading for the migrant students in the multi-system approach, and a reading program for the high school tenth grade. At LaPlata, plans are to take a "block" group for two hours daily with three language courses.

Welfare And Redistricting Discussed By Commission

By EARL MOSELEY
Staff Writer

The Deaf Smith County Commissioners heard welfare programs discussed at their Monday meeting, where they began a study of precinct redistricting as set forth under a new law of one man — one vote and more balance in voter population.

W. E. Scarlett, regional director of the Texas Department of Public Welfare, contacted County Judge H. C. Williams for a survey of this county as to its actual hunger among the total population. (This survey is being conducted this month in all Texas counties.)

Commissioner Bruce Coleman pointed out that \$5,646 dollars had been spent on food during the month of May through welfare, and that no one was knowingly turned down for such aid. "But the bulk of this amount is paid for through state funds and

not the county's," it was made clear, on all types of welfare programs.

There is no knowledge at this time of such conditions within the county by the commissioners, who referred the matter to the cooperation of Mrs. Jewel Smith, the County Welfare administrator, in making such a survey possible here at this time.

Tom Morrison and George Howell of Vocational Rehabilitation and James Cason of State Welfare appeared before the commissioners on behalf of the Regional School for Vocational Preparation (RSVP) now holding classes in Amarillo. Their purpose was to have the commissioners investigate local possibilities for child care while their parents attended classroom instruction out of the city. The commissioners agreed to make a study of the situation.

It was explained that this program is for people with a mental or physical disability — or sub-marginal people — who have difficulties in both getting and retaining jobs.

Cason read a letter from Junetta Smith, who is with State Welfare in Hereford, that said 31 people have already been accepted for vocational training in this area (not in the county) and that the present class has seven members. She gave the program a high recommendation, which showed that only two clients have not as yet been placed on jobs. This program has been in operation six months.

The three men had reports which showed 46 families now receiving payments in Deaf Smith County under public assistance, which involved 175 children. The average family payment per month is \$96.15 with \$25.27 for each child. The total came to \$4,423.

Their claim was that they could cut these payments and "turn them into taxpayers" under their program. The 46 families listed, Cason reported,

were mostly those where the father was either now in prison, had deserted his family or incapacitated. He said that nobody cared whether they lived or died and they were trying to die that someone did care. They felt that such a plan was worthwhile not only for the person to become proficient in holding a job but that it cut accident rates on jobs.

Howell said that they felt it would be an inconvenience to Amarillo to a location in Hereford for this program, but that they felt they could afford to pay the transportation to local people who qualified for this program. However, they did not feel that they could bear the expense of the "baby-sitting."

For the program, the federal government pays approximately 75 per cent and the state 25 per cent. It is for anyone of employable age, which is considered as 16 years and older.

In the other action, the commissioners are complying with the Supreme Court ruling on redistricting, and expressed the desire to have it completed for this year so that voters would be familiar with the new districts prior to the elections late in 1969. The four commissioners felt that they were more familiar with the county districting problems than others and the workable cooperation among themselves could solve the problems brought about by the law.

The fire report showed that there had been four county fires during May with seven city fires also. Oscar Schilling was paid the final \$200 on the Deaf Smith County Hospital architectural job.

They approved the crossing of a county road with a gas line in the southeast corner of Section 45, block 7 in Precinct 4.

Major Schroeter pointed out that the land which has been used by the Texas Highway Department here was deeded to the state in 1940 but will revert back to the county when THD moves shortly.

Under discussion was locking of all doors to the court house on Saturdays, except Sheriff's Department entrance, with an inner steel gate.

Bond . . .

Continued From Page 1

Commission had opened bids and then tabled them for 45 days. The three bids tabled were for a water-line and booster station, water storage tanks and three water wells.

Cowser said the bids had been taken and the bond issue set for July 16 because the city did not want to delay the construction and was working out a schedule relating to that of Wilson's. A waiting period is required between the time the bonds are voted and the time they are actually ready for use.

Under discussion was locking of all doors to the court house on Saturdays, except Sheriff's Department entrance, with an inner steel gate.

Funeral Service Set Friday For Mrs. Van Horn

Funeral services for Mrs. Maud L. Van Horn, 79, of 308 Ave. B, will be conducted at 2 p. m. Friday in Rose Chapel of Gilliland Funeral Home by Conway Wood of the Primitive Baptist Church at Cortez, Colo. Burial will be in West Park Cemetery.

Mrs. Van Horn died Wednesday morning in a local hospital after a long illness. She came to Hereford from Hollis, Okla., in January of 1958 and had lived in the home of her daughter, Mrs. H. L. Higgins. She was a member of the Primitive Baptist Church.

Born June 17, 1888 at Arkadelphia, Ark., she was Maud Rogers, eighth in a family of 10 children of whom only one brother survives.

As a 10-year-old child she came with her parents to Texas in 1898, and was married to James Henry Van Horn Oct. 11, 1908, at Temple. His death occurred in 1955.

Survivors in addition to Mrs.

Mixup Occurs In Movie Ads

"Bonnie and Clyde" was advertised by mistake in the Sunday Brand in place of "In the Heat of the Night" for showing Wednesday through Saturday, according to Francis Hardwick, operator of the Star Theatre.

"In the Heat of the Night," which won Academy Awards as Best Picture, Best Actor (Rod Steiger), Best Screenplay (based on material from another medium), and Best Sound and Best Film Editing, will definitely be shown as originally scheduled, he said. It is now showing at the Star.

"Bonnie and Clyde" will begin its second return showing on Sunday for three days.

Rides for youngsters of all ages, many appearing for the first time in this country, will be featured on Fiesta Island at HemisFair '68.

VISIT PARENTS

Mr. and Mrs. James Ivey Durham of College Station visited over the weekend in the homes of their parents, Mr. and Mrs. J. J. Durham & Mr. and Mrs. Jimmie Allred. They were guests at the Sunday afternoon reception honoring Mrs. J. J. Durham, given by Young Homemakers groups to mark her retirement after a long tenure as high school homemaking instructor and sponsor of FHA chapters. Mrs. James Ivey Durham is the former Marlene Allred.

YES Is Still Seeking Jobs

Employment opportunities for Youth Employment Service (YES) are lagging behind the number of applicants for the program.

ben offered for the 100 boys and girls who have registered for the youth program since school ended. Eighteen have been placed.

The program's success depends on available job opportunities and the potential employer's willingness to employ YES applicants, Ted Swindle, employment interviewer at the Texas Employment Commission, said.

Swindle suggested that job opportunities could be increased if YES applicants were used for jobs that permanent employes

can't do. "We need employers who think, 'What do I need done?'" he said. "Girls and boys can be used to clean garages, clean trash in alleys, cut weeds, do yard work or other jobs that might take only two or three hours."

Started last year, YES's objective is to provide job opportunities for young people and give them something to do during the summer. "The youth who works has a sense of belonging and the satisfaction of accomplishing something, along with earning money," Swindle said.

Another problem arises because so many of the applicants, in the same age bracket with approximately the same qualifications, are looking for the same kind of work.

"Many want jobs in downtown stores, but there are just so

many positions open," Swindle said.

Age qualifications pose another difficulty. Federal Child Labor Laws place some limitations on jobs for those under 18 years of age.

"If the applicants are past 18, they have been placed on construction work usually. If they are under 18, jobs are usually restricted to stores and yard work," he said.

Some jobs suggested by Swindle include baby sitting, yard work, sales work in stores, farm jobs, domestic work, housecleaning, care of elderly people, construction work, repair work and deliveries.

YES potential employers should call 364-2776 or visit the TEC office at Seventh and 25 Mile Avenue.

Rites Are Held For Tom Galvez

Final rites were held Tuesday for Cpl. Tom Galvez, 22, at 4 p. m. at St. Anthony's Catholic Church. Burial followed in St. Anthony's Cemetery.

Cpl. Galvez was killed in Vietnam on May 27 "as a result of wounds received while in a defensive position, when hit by fragments from a hostile rocket round."

He had volunteered for Vietnam duty twice before being transferred there. Galvez was buried with full military honors. Father John Broderick of St. Joseph's Mission officiated. The funeral was under the direction of Claborn's Funeral Home of Ft. Worth. Galvez was born at Vernon

He is also survived by his mother, Mrs. Lillie Galvez of 141 Bennett, Hereford.

Other survivors include two brothers, Manuel, Jr., of Casa Grande, Arizona, and John of Hereford, his grandparents, Mr. and Mrs. Tom Gonzales of Hereford, and six aunts.

Galvez moved to Hereford as a child and lived here until he was 16. He attended St. Anthony's School until he reached the sixth grade. He graduated from Casa Grande (Ariz.) High School and entered the Army in 1965.

Senior Voice Recital Set For Mrs. Jackson

Mrs. Richard Jackson of Hereford will be presented in solo recital in voice in the Fine Arts Recital Hall of West Texas State University at Canyon at 3 p. m. Sunday afternoon. The program is open to the public, with no admission charge.

This will be Mrs. Jackson's senior recital, in partial fulfillment of graduation requirements for the degree of bachelor of music education in voice. She is a pupil of Elsa Porter of the WTSU fine arts faculty.

A member of Delta Omicron national music fraternity, Billie Nell Jackson is a transfer student at WTSU from George Peabody College for Teachers, where she was a member of the Peabody Madrigalians and the Traveling Choir.

Lorna Schultz, pianist, will accompany the mezzo-soprano soloist as she sings both classical and modern selections. She will open the recital with two arias by Handel, Mobra Mai Fu, from "Serse" and Furibondo Spira II Vento, from "Partenope."

Schubert's songs, Der Tod Und Das Maechchen and Liebesbotschaft, and two more by Richard Strauss, Ruhe Meine Seele and Schlagende Herzen, make up the next group, then Mrs. Jackson will present the aria, Amour Viens Aider from Saint-Saens' opera, Samson and Delilah.

For the final group, she will

sing Poems of Ancient China and Japan set to music by Griffes. The titles are So-fel Gathering Flowers, Old Temple Among the Mountains, Tears and A Feast of Lanterns.

Handbell Ringers Going To Regional Festival

A unique organization in Hereford and one of the few in Texas, the Epworth Handbell Choir of First Methodist Church will take part in the three-day Regional Festival of the American Guild of English Handbell Ringers, Inc., at Albuquerque this week.

Twelve women who make up the choir and their director, Robert M. Wert, are leaving today for the New Mexico city to attend the meeting in Holiday Inn West. Twenty choirs from Region 7, with more than 200 members, will participate in the program.

Choirs will come from places as far as Denver, Tulsa, Carlsbad, N. M. and Dallas. They will play massed numbers and also individually.

Selections by the Hereford choir will be three hymn tunes, From Thee All Skill and Science Flow, O Word of God Incarnate and The Spacious Firmament on High. Arrangements are by Julie Wert, a member of the group.

Members making the trip are Mmes. Hugh Clearman, J. D. Hamblen, Wilton Green, Matt Matthews, David Brumley, Lynn Pittard, R. M. Wert, Frank Ford Jr., Larry Dippel, Paul R. Scott, Tom Harkey and Glenn Watts.

Organized two years ago, the Epworth Choir is one of five handbell choirs in First Methodist Church directed by Wert, minister of music, and the only one composed of adults. Others are for students of varying age levels, beginning with fourth graders.

Members raised their own funds for the Albuquerque trip by holding a series of rummage sales.

WE HAVE EXCELLENT SELECTION OF HALLMARK CARDS

McDowell Drug

336 North Main

By MELVIN YOUNG
Have you heard about the father who had a 50-foot extension cord put on the family telephone. Now that the weather is nice, he wants his daughter to stay outdoors more.

The announcement by Wilson and Co. that construction of the new multi-million dollar plant will start in September, is viewed locally as a big boost to the economy and again from the local business standpoint, will be a big help in keeping Hereford on a steady growth pattern. No doubt, construction of new homes and apartments will pick up, building up to a peak later in the year.

And after seeing the Wilson people at work, we have been reassured that they are the finest bunch of people in the world. They have cooperated with the City of Hereford and the citizens of the area on every turn and have asked for no special considerations. That's the kind of people we want in Hereford, because that's the kind we already have.

In connection with the Wilson announcement, the City of Hereford is calling a \$500,000 Revenue Bond issue for the purpose of supplying water for the mammoth meat packing plant. This of course, will be paid back by Wilson & Co. through use of water. Wells will be drilled

on the Wilson land and in turn, the City of Hereford will have a new water field that can be used elsewhere when needed.

Mayor Ray Cowser feels that the water contract with Wilson is an excellent one, and that it not only will pay back the indebtedness, but will make money for the city as well. Also, it is believed that the area between the city and the Wilson location will develop industrially and that additional contracts will be gained for use of this water. All in all, it looks great.

The vote on the bond issue will be July 16. It is also interesting to note that a new hide processing concern will move into the area along with the Wilson plant. Wilson & Co. officials are now negotiating with the hide concern, whose facilities will be located on the Wilson land.

Certainly, we're anxious for work to start. But the fact that it will not start before September, gives us an opportunity to get ready for the additional people that will be brought in, not only by Wilson & Co., but by the contractors who will build the plant.

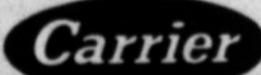

Work has started, by the way, on the new Hereford Campfire building, located in North Park between Avenue H and I. The building of this new facility has been a cooperative effort of the Hereford Rotary Club, the Hereford Lions Club and the Jim Hill Estate. The building will cost approximately \$34,000, and should be completed soon after the beginning of the new school year.

We might mention also, that the City of Hereford has been very cooperative in this effort, supplying land as well as other help on the project. We're looking forward, with about 500 young ladies, to the completion of this new home for Hereford's Campfire program.

The folks over at Orsborn Chevrolet-Olds have been busy this past week, retopping their sales lot across the street from the main business building. It should be completed today.

Not only will this give Orsborn much more room to display their new and used units, but the fact that some of the old "eye-sores" over in that part of town have been demolished and moved out, sure has helped. Some of those old build-

ings must have been there thirty-five or more years. We understand also, that more renovating will be done in the general area, probably before the year is out, but announcement of that will come later.

We're sure the City of Hereford has its hands full at the present time — financially — but the time is going to come when Hereford will be desperately in need of an additional 9-hole golf course. The logical way to go on the additional 9 holes of course, is across the Main Street bridge, across that little block of City land and on to the Veterans property to the east. We hope that something can be worked out eventually between the Veterans' organizations and the City so that this property can be made into a park and golf course that will be a credit to the area.

By the way, we understand that the Veterans have given a tract of land along the eastern extremities of the park, to the local Boy Scout organization, and that work has already begun in cleaning it up. This is certainly a step in the right direction. This will be a good project for the scouts, and they will also have an excellent place for their overnight encampments. Don't know what plans have been made or permanent facilities down there, but understand that it's at least in the talking stage. We know they will get a lot of support from the citizens of Hereford. And perhaps this will be the next project for the Hereford Lions, Rotary, Kiwanis or other civic clubs in town.

Did you hear about the hired hand with the Glean in his eye? Someone bumped him while he was brushing his teeth.

Damage Occurs To Area Wheat

James Gouddy, manager of the local Farmers Home Administration office, reported that there has been numerous incidents of hail damage to area wheat crops.

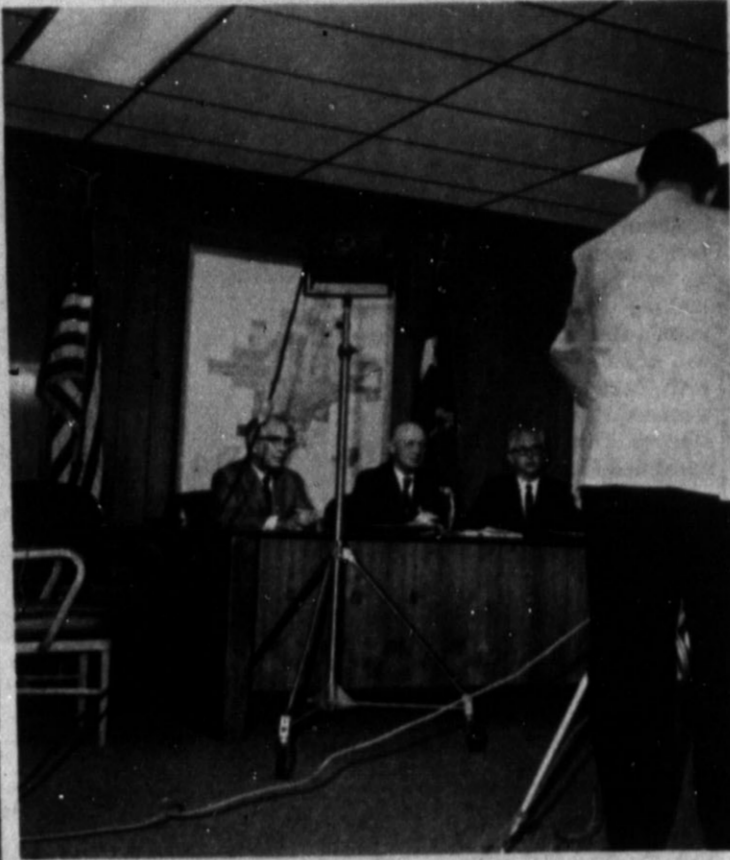

He said that damage has been reported from isolated spots throughout the surrounding area with one spot northeast of town having 100 per cent damage and places southeast and north having 35 per cent damage.

Damage has occurred over a period of time he explained, with the first coming around the first of May when the first storm occurred. Though the damage is not above average, Gouddy says that if more storms do occur, it could become just that.

Rebekahs Plan Tri-City School

A school of instruction for Rebekah Lodge members of Hereford, Dimmitt and Friona, to be conducted here July 9, was planned at the Rebekah meeting in the IOOF Hall Tuesday evening. Mrs. Roy Manning, district deputy president, will be in charge of the school.

Plans were begun also for a summer party, but the date has not been fixed. Mrs. Guy Lawrence, noble grand, presided for the business discussion and Mrs. A. N. Hopson served refreshments afterward.

BIG ANNOUNCEMENT — Three of the key persons who worked at getting Wilson & Co. to build a multi-million dollar plant in Hereford lined up for the television cameras Tuesday morning at City Hall to announce that the company was preparing to start construction. From left to right are Henry Sears, Ray Cowser and Wayne Thomas. See stories on Page 1 for details.

Man Is Injured At Sunday Races

Jimmy Dawson, who was injured Sunday in an accident at the Hereford Speedway, was released Wednesday after having suffered torn ligaments when both of his legs were run over by one of the cars. This was the first accident in the history of the raceway since its opening three years ago.

Bill Byers, manager of the speedway, has announced that all of the proceeds of the races this weekend will go to Dawson who served as flagman at the track. If anyone is interested in helping, they are asked to contact Byers at 147 Northwest Drive after 9 p.m.

The race, which was called on account of rain, did see a few races take place as Byers himself won the trophy dash. Other races that made it in before the

rains came were First Heat B class, won by James Davis with James Paetzold getting second and James Bradley getting third.

David Watson won the first place in the First Heat of the A class with Jim Culpepper getting second and L.V. Watts collecting third.

In the trophy dash, Watts nabbed second and Red Eason snatched third.

The two semi-main race results were lost when the downpour came and the judges headed for cover.

Two cars from out of town were at the speedway and these were both from Clovis, New Mexico. They were number 24 owned by Marvin Carter and number 17 owned by T. J. Becker.

Winning free passes at the raceway were Joe Elizondo and Larry Groves, Loyd Bridges won three free games at Sunset Lanes.

Races are scheduled for next Sunday and will begin at 2 p.m.

The Dome of the Rock in Jerusalem is the "far distance place" where the Prophet Mohammed made his spiritual journey to Heaven.

New Caledonia is the only home of the flightless cagou and supports other unusual wildlife such as the notou, white-neck pigeon and giant red-furred fruit bat.

Approximately 47 per cent of the land area in New York is in forests.

TOURNEY WINNER — Jimmy Young, former Hereford High student, combined efforts with one of his team mates from Oklahoma State University and walked away with the first place spot in the first Open Partnership golf tournament.

Jimmy Young, College Partner Grab Honors At Golf Touney

Jimmy Young, Hereford High School graduate and presently a student at Oklahoma State University, along with one of this college team mates, matched wits and clubs with numerous other area linksters and came out on top in the first annual Hereford Partnership Golf Tournament which ended last Sunday.

Mike Holder, Young's partner, has just completed his sophomore year at the University as has Young himself, and the two collegians saw fit to take the tournament honors back to the University where golf is one of the school's most highly recognized sports.

Collecting a 10-under-par in the two-day tournament, the duo came back Sunday and shot at the little holes for a nine-under-par 63 for a combined total of 125. This proved to be too much for the other competitors as they won the tournament handily by five strokes.

Runner-up for the tournament was the team of Harold Haren of Borger and Jerry Barrett of Amarillo with a 130 total.

Other flights included: Championship flight; Jim Haren and Larry Kaplan of Borger, third, with a 132 total; president's flight; Skip Martz and Don Martz of Amarillo, first with a 133; Ed Kneuper and Earl Archer, second with 135; and Russell Phillips and Steve Hendon, of Hereford, with a total of 137 for third.

In the first flight, Earl and Gary Stagner of Hereford took top honors with a 140 total while John Cranford and Mac Kemp, also of Hereford nabbed second with a 141.

Ed Line and Roland Hair-

Local Foursome Collects Win At Annual Pro-Am

Jimmy Young and his team mate Mike Holder, along with Steve Hendon and M. H. Richie, carted off the first place finish in the Pro-Am golf tournament which was held Monday.

Young and Holder were the two golfers who won the Open Partnership only one day earlier and when they teamed with the other two, and fired a low ball of 56, they also added another tournament to their list. Their 56 was three strokes ahead of their closest opponents who had a 59.

Finishing second with a 59 was the foursome of Bob Kropp, Marvin Lacey, Joe Solis and Wayne Storer while there was a three-way tie for third place.

Shooting a low ball 60, the team of Earl Springer, Terry Albracht, Sam Albracht and W. J. Albracht tied the teams of Dick Tubb, Joe Kerr, Earl Jackson and Cuby Kitchens and Skinny Carter and his wife, Mac Kemp and John Cranford.

The low-pro for the tournament was a tie between Carter of Friona and Dick Clark of Phillips who both shot 73's while Holder nudged Young and John Ethridge out for the low ama-

Home Run Barrage Suffocates Canyon

Staggering back from a 16-3 defeat at the hands of the Tascosa Sheriffs in the first outing of the American Legion team, the squad avenged their earlier loss by slaughtering the Canyon team Monday night.

Behind the six-hit pitching of starter Lynn Betts, a barrage of homeruns and one-error defensive play, the Redbirds took the game by a smooth sailing score of 8-2. Five home runs were tagged off the opposition's pitching staff as these were hit by Sid Shaw, Berry Johnson, and three by Jim Loerwald.

Hereford and Canyon could not manage a score in the first two innings, but the 'Birds got the jump on the Canyon team when Shaw hit a two-run homer in the top of the third. Canyon then came back themselves to regain their poise as they tied the game up with two runs in the bottom of the frame.

The first of Loerwald's three homers followed in the fourth inning as the Redbirds took a 4-2 lead and sailed on toward the final win. Betts then bore down on the Canyon team to hold them scoreless the rest of the game while his team mates displayed their bat power through the rest of the tilt.

Fifth inning action saw Johnson hit a two-run homer in the opening moments of the frame then he was followed by a solo homer by Loerwald making the score 7-2 going into the seventh and final inning.

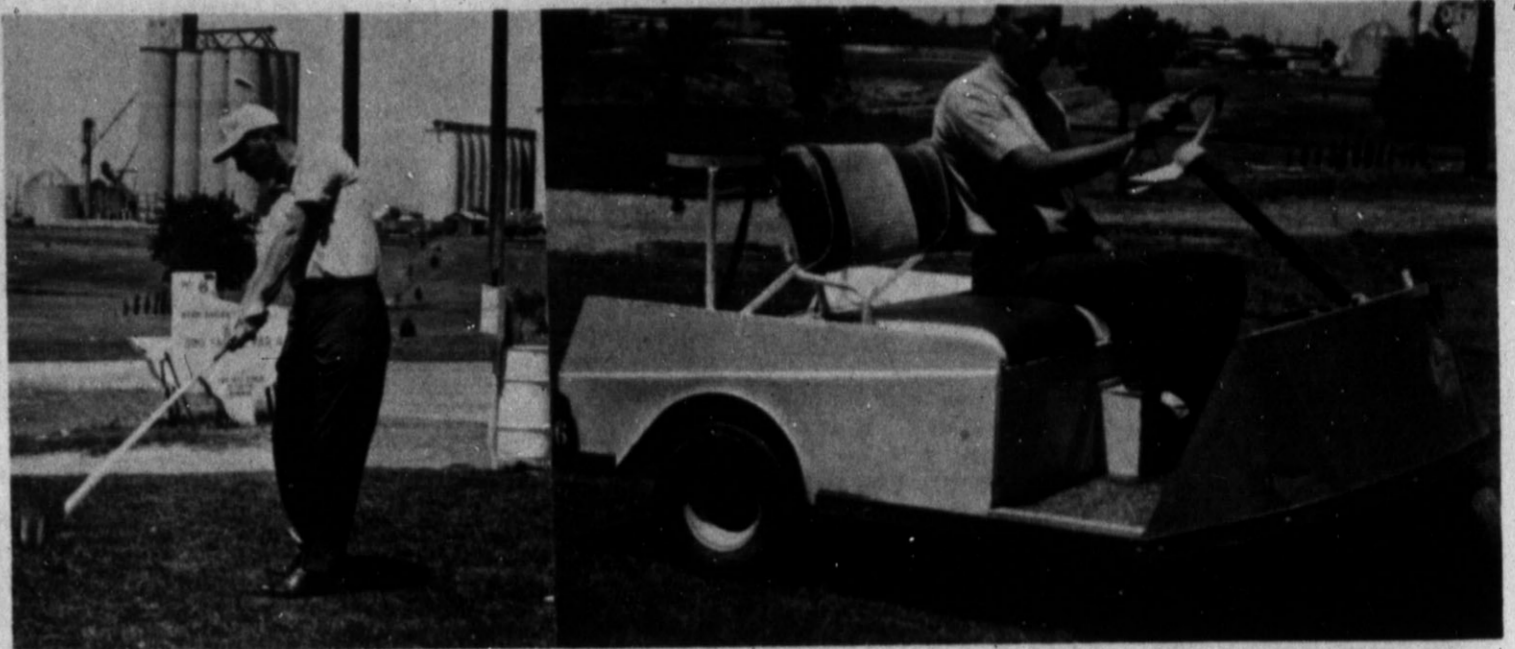

Loerwald hit his third circuit smash of the contest in the final inning to close the doors on the Canyon team with an 8-2 final score.

Loerwald hit his third circuit smash of the contest in the final inning to close the doors on the Canyon team with an 8-2 final score.

Almost one-half of the Hereford's team's hits were homers as they picked up 11 hits while making one lone error. The team's record now stands at one win and one loss as the game with Tulla was called off last weekend due to various circumstances. This game has been rescheduled for a later date.

Canyon's record also stands at 1-1 as they defeated the Caprock team 11-8 in their opening contest.

The next game for the Redbirds will be Sunday, June 16th when they play their first home game of the season against Clarendon at the local field. Starting time for the game is 2 p.m.

LOCAL PRO — Bob Baker, pro at the Hereford Country Club golf course, has seen many rewards from the game come his way during his time on

the greens. Baker will be beginning his fifth year at the course soon with many of these awards coming his way during his short time here.

Many Honors, Achievements Highlight Pro Golfer's Life

By MARSHALL DAY
Staff Writer

The call of the wild became the call of the green some years back for Bob Baker, local pro-

fessional golfer, and through his love of the game, and various other reasons, he tuned his ear to that call and figures no regrets as to his doing so.

Born in San Marcos, ("Or close enough that you could call it that,") Baker attended San Marcos High School where he got his first taste of the turf. During his high school playing days, which covered every sport, every year, Baker strived to become one of the best and that is exactly what he accomplished. In 1953, his last year in high school, he finally made that last big step which every high school golfer dreams about, he won the individual state championship after many years of seeking it.

Completing high school, Baker took another step toward becoming a professional linkster as he attended Stephen F. Austin on a golf scholarship and participated in the golf program there. While at Stephen F., he garnered another first in every golfer's life as he walked away with the conference championship in 1956.

Following his college career, at Stephen F. Austin, where he earned a Bachelor of Science degree and his Master's in education, Baker then began working as a coach at Woodboro, Tex. He taught basketball, football and track in the athletic program there for two years then moved to Amarillo where he coached the golf team for five years. While none of his teams gained more than average recognition during his time at Amarillo High, he did manage to send several of his boys on to college on golf scholarships as they collected numerous individual championships.

Finding the links more and more fascinating than ever, he coupled himself with Don Kaplan while at Amarillo and won the Amarillo Partnership Golf Tournament before moving to Madison, Wisconsin, where he stayed for seven months. He served as assistant professional during the time he was in Madison and also came in second in the Capitol Times Open, which is one of the largest golf tournaments in that region of the country.

Upon his return to Texas, Baker took his present position as the pro golfer for the Hereford Country Club some four years ago. After his return, he married his wife Ellen whom he had met in the time he spent in Madison. Though the couple has no children at the present time, there is one on the way.

In 1966, Baker entered the Ben Hogan Regional Golf Tournament, which includes the states of Texas, Oklahoma, New Mexico, and walked away with the first place spot and trophy. 1965 turned out to be an interesting year as far as learning went as he attended the PGA business school and also a turf

school at A&M University. He served as Tournament chairman of the West Texas chapter of the PGA in 1967 where he handled all the organizing and sponsoring of all the tournaments held by the PGA.

Another highlight of his golfing profession was when he and three other local golfers were hitting the turf and he shot the lowest score ever recorded on the local green. Through the first nine holes, he fired a 28 with a 31 total coming in the final nine for a finish of a record 59. This feat he accomplished in 1965.

His reason for picking this career? "I love the game, enjoy teaching it, and enjoy seeing the people play," he explained.

What better reasons are there?

Completing high school, Baker took another step toward becoming a professional linkster as he attended Stephen F. Austin on a golf scholarship and participated in the golf program there. While at Stephen F., he garnered another first in every golfer's life as he walked away with the conference championship in 1956.

Following his college career, at Stephen F. Austin, where he earned a Bachelor of Science degree and his Master's in education, Baker then began working as a coach at Woodboro, Tex. He taught basketball, football and track in the athletic program there for two years then moved to Amarillo where he coached the golf team for five years. While none of his teams gained more than average recognition during his time at Amarillo High, he did manage to send several of his boys on to college on golf scholarships as they collected numerous individual championships.

Finding the links more and more fascinating than ever, he coupled himself with Don Kaplan while at Amarillo and won the Amarillo Partnership Golf Tournament before moving to Madison, Wisconsin, where he stayed for seven months. He served as assistant professional during the time he was in Madison and also came in second in the Capitol Times Open, which is one of the largest golf tournaments in that region of the country.

Upon his return to Texas, Baker took his present position as the pro golfer for the Hereford Country Club some four years ago. Softball League Holds Meeting

Tuesday, June 11, a group of women met in Dameron Park to get the Women's Softball League organized as they elected officers at the get-together.

Elected president of the organization was Joy Morton and Linda Pagett was elected secretary-treasurer.

The group was divided into four teams with names and colors for the teams to be chosen later. Play will not begin until the Little League season is completed, it was announced.

Women and girls who did not attend the meeting, or did not turn in their names, but would like to play, are asked to contact Joy Martin at 364-2418 or one of the coaches Nicky Bryan, 364-4515, Mary Lou Perry, 364-4410, or Cheryl Brannon, 364-1368.

A schedule for the season will be released later.

Gene Cope Wins Gun Club Shoot

In the third scheduled Hereford Gun Club shoot which was held last Sunday at the range, high team honors went to Gene Cope who had a total of 155 while Paul Lyons edged out his competitors with a 44 for the high gun honors.

M. C. Knox, secretary of the club, announced that there will be a meeting of all the team captains tonight at 8 p.m. in the Flame Room of the Pioneer Natural Gas building. The purpose of this meeting is to discuss the possibility of having night shoots under the new lighting system that has recently been installed at the range.

Totals for the entire three matches will be posted in a later issue of the Brand.

Astros Clip White Sox As Sonics Slaughter Nazareth

By MARSHALL DAY
Staff Writer

Two wins were again brought home to the record books for the two Hereford Colt League teams as the Astros defeated the Dimmitt White Sox by 9-8 score and the Sonics rambled past the Nazareth Braves 14-0 in five innings.

Over in Indianland, no holds were barred as the Sonics' lead-off hitter connected for a homer in the first time at bat and his team companions followed suit and example as they collected several additional hits to take a comfortable 3-0 lead in the first half of the first inning.

Keith Anderson had control on the mound the entire contest as he held the host team to three hits while walking only four and striking out three also.

Failing to score in the top of the second, the Sonics made up for their missed tallies as they exploded for seven runs in the top of the third, then iced the game over in the top of the four-

th with four additional runs.

Out of the 17 hits collected by the Sonics, six of these were triples, one was a homer, and several were doubles. Collecting hits for the team for extra bases were Keith Duncan, with a homer and a double; Anderson, with two doubles and a triple; Donnie McDermitt, two doubles; and Gary Lemons, John Sparks, Tommy Stoy and Dennis Sargent, all with three-baggers.

Big bat for the game was Anderson as he went four-for-four.

In the game played on the local diamond, the Astros won a cliffhanger from the Dimmitt White Sox by a 9-8 score. In taking the tilt, the Astros kept their own-loss record perfect with 3 wins and no losses.

Falling behind in the very first inning, the Astros were held to no runs in the bottom of the first as the chance to score eluded them when the bases were loaded when the final out of the

frame was registered.

Runs for the Dimmitt team went to nothing for the next two frames while the Astros surged back to take the lead in the bottom of the second on a walk, an error, a double, and a single to maintain a 3-1 lead. In the bottom of the third, the Astros added another three runs to their score as they combined their hitting attack with three singles and a double to lengthen their lead to a substantial 6-1 going into the top of the fourth.

Two big runs came across the plate in the top of the fourth for the visiting White Sox on a double, a single and an Astro error. With the score standing at 6-3 in favor of the Astros, the local team took back the two runs they had allowed their opponents as Alan Wagner hit a two-run homer to make the score stand at 8-3 for the home town boys.

What could have seemed like an easy victory for the Astros suddenly turned into something out of a nightmare as a series of singles and a double brought four White Sox across the plate to narrow the lead to 8-7 for the Astros.

Trying to add a cushion-like run to their score, the Astros did send one man across the plate in the sixth, but the visitors regained that run and appeared to be on the verge of sending the game into extra innings as they had a runner on third with no outs. This runner was put out at home in an attempted squeeze play and the next two batters were retired with ease as the Astros took the game 9-8.

Winning pitcher for the Astros was Alan Wagner as he went all the way for the team in striking out 12 opponents and walking only one. The Dimmitt team collected 11 hits off Wagner with three of these being doubles while the Astros got their 9 runs off 10 hits. Collecting extra base hits for the Astros were Wagner, Jeff Loerwald, and Jeff Davenport.

Thursday, June 13, the Astros will be on the road as they meet the Nazareth Braves in Nazareth with the game scheduled to begin at 8 p.m. The Sonics will play host to the Dimmitt team on the same date with their game to begin at 6 p.m.

Again another big step has been taken toward the organization of a Big Brother program for Hereford as members of the organization announced that applications for a part-time social worker are now being accepted.

Various reasons for volunteering for the part of the social worker for the program is just one of the many reasons it has become one of the most important tools for aiding underprivileged boys between the ages of 8 and 17.

About 80 per cent of the currently enrolled volunteers are secured through agency board members and other Big Brothers. Their reasons for this dedication of their time varies as some feel that it is a worthwhile program, some have no children of their own and still others feel they are accomplishing something when they give their time in helping a boy.

All affiliated Big Brother agencies require a prospective volunteer to complete an application which includes the listing of character references. This requirement, and the fact that most volunteers are recruited through Big Brothers themselves, ensure that most applicants are suitable to become involved with the boy. Factors such as age, domestic circumstances, personality disorders, and non-availability at certain times are the primary reasons for rejection of an applicant.

Persons who are accepted for the role of a social worker, first must undergo several stages of screening before they are selected for the job. These persons must qualify through things such as: a capacity for a sincere and close friendship without conditions; ability to control tendencies to use a relationship for the fulfillment of personal needs without regard to the boy's welfare; sufficient free time to avoid conflict with work schedules and family responsibilities; self-confidence and a sense of responsibility; ability to learn from mistakes; ability to recognize and value the contribution he is making in helping the boy; ability to regard the boy as a person rather than a "case"; and ability to trust others and allow the boy a degree of independence in the choices and judgments he may make.

When an applicant is accepted, he is informed of his enrollment and the name of the caseworker who will be concerned with the supervision of his relationship with the boy. Thereafter, the caseworker assumes responsibility for moving with the Big Brother from a general orientation to the agency's services, to his preparation for a specific assignment via the matching process.

All interested persons are urged to contact Melvin Jayros or any other member of the organization.

After falling three times in succession to area Irrigation League teams, the Hereford Rebels found the groove again Sunday as they defeated the visitors from Nazareth, 5-4.

With both teams failing to score a run in first and second innings of play, the Rebels came back in the bottom of the third to tally three runs. The three runs came as a result of Longo Cuellar getting hit by a pitched ball as Terry Hill followed him with a single and Alex Diaz let loose on an opposition's pitch to send it sailing across the fence for a three-run homer.

While the pitching of Nacho Gonzales held the Nazareth team to no scoring through the first six frames, the Rebels added another run to their benefit

League Coaches Schedule Game

Coaches from the Major Little League teams and those from the Minor Little League teams have set a date for a game which is to feature coaches from each of the two leagues.

The game, which is to be played at 8 p.m. on June 22nd at the Pony League ball park will see the Minor League coaches, coached by Mike Wadrip, and the Major League, coached by L. J. Clark, compete against each other.

Persons are invited to attend the "game" for an evening of relaxation and amusement.

Trophy Shoot

Members of the local gun club shot the final league shoot of the summer Sunday as the teams and individual members competed for trophies. For winners, see story on sports page.

SPEEDWAY ACTION — Cars of all sorts and shapes got together Sunday at Hereford Speedway and competed for trophies at the event. Here a group of cars in the first heat are shown heading toward the south curve in the early portion of the race.

After falling three times in succession to area Irrigation League teams, the Hereford Rebels found the groove again Sunday as they defeated the visitors from Nazareth, 5-4.

LEAVING ON TOUR — Mrs. Emil Dettman, left, leaving this week to begin a two-month tour of Europe, happily talks of the route her tour party will follow as she shows the map to Mrs. W. S. Powell, center, and Mrs. Virgil Dodson, hostesses at a ninformal bon voyage coffee given Tuesday in Mrs. Dodson's home.

Guests Attend Wedding Here From Other States

Out-of-city guests at the wedding of Miss Joan Marnell and Larry Minks Friday evening, in addition to the bridegroom's family from Saguache, Colo., were Mr. and Mrs. Claude Beckett, Mr. and Mrs. Lawrence Minks of Greensburg, Kan., Earl Minks of Ulysses, Kan., John Marnell of Pueblo, Colo.

Also the John Thompson family and Kenneth A. Kirby of Albuquerque, Mr. and Mrs. T. J. Collins of Canyon, Mr. and Mrs. Joe Ben Thompson of Lexington, Ky., Mrs. Chuck Clarke of Grand Rapids, Mich., Miss Louise Vigil of Clayton, N. M., Misses Jeanine and Julia Andrade of Liberal, Kan. and Miss Dorothy Weick of Umbarger.

Also, from Amarillo, Sisters Kathleen and Regina; Mrs. C. J. Trosky and children, Sandra and Peter; E. J. Kelly, Jim Monk; Misses Frances Mendez, Paulette Boykin, Lois Blancett, Barbara Hopson, Janice Conlan, Kay Jones and Lynn Fish.

The marriage was conducted in St. Anthony's Catholic Church here. Final pre-nuptial courtesies included a luncheon

M. Oglesby, Nicholas R. Osborn, and Danna G. Woolsey, all sophomores; David A. Nafzger and Lawanna G. Vines, juniors, Karen L. Henderson, a senior, and Mark A. Tiefel, a freshman.

Miss Oglesby was one of 35 students who compiled a perfect 3.0, or straight "A" average.

7 From Here On Honor Roll

CANYON — Seven Hereford students were among 185 undergraduates named to the spring semester honor roll at West Texas State University.

The honor list is composed of undergraduates enrolled for at least 15 semester hours, who compile scholastic records of at least 2.5 of a possible 3.0 grade point average.

From Hereford were Betty

Carolyn Collier Feted At Shower

A June bride-elect whose marriage is set for this weekend, Miss Carolyn Collier was honored at a shower Tuesday evening in the Flame Room of Pioneer Gas Company. She is the fiancée of Jimmy L. Harris and the exchange of vows is planned for Friday.

Shower hostesses were Mmes. Alton Hollingsworth, T. L. Bryant, Wilburn Axe, J. C. Reese, Dale Young, Chester Wiggans, A. R. Dillard, N. D. Barlett and Melvin Young.

Dressed in a shift of forget-me-not blue cotton with white trim at the yoke, and white shoes, Miss Collier received callers with her twin sister, Marolyn, who will be her maid of honor; her mother, Mrs. W. D. Collier, and Harris' mother, Mrs. William P. Harris.

Misses Levenie Benefield, Linda Brooks, Patricia Hale, Penny

Young and Connie Bryant, school friends of the honoree who was one of this spring's girl graduates from Hereford High, served refreshments and registered guests in turn.

The table was set with crystal on a white cloth and centered with a candelabra arrangement of blue flowers. Cakes iced in white with touches of blue were served with punch.

Young Pupil To Be Heard In Recital

A solo recital by Janet Lookingbill, mezzo-soprano, will be presented at 8:30 this evening, one of a series of programs being given by voice pupils of Mrs. D. W. Palmer in her home studio, 149 Liveoak, this month.

Janet, who will be a sophomore in Hereford High School next year, will be heard in two groups of songs. First she will sing When Love Is Kind, words by Thomas Moore to an anonymous melody; Care Selve, by Handel; Es Hat Die Rose Sich Baklagt, Robert Franz, and Schubert's Cradle Song.

In the second group, songs are Just For Today (Seaver), Homing (Del Riego), Such Lovely Things (Michael North) and Lauterbach, by Reuter.

The young singer is the daughter of Mr. and Mrs. L. H. Lookingbill Jr. who live west of Hereford on Route 3, Friona. She is a member of the Hereford Order of Rainbow for Girls, and with her sisters plans to go to the State Rainbow Assembly at Corpus Christi next week.

Her older sister, Judy, will be at the punch bowl for the reception after the recital. Out-of-town guests expected are an aunt, Mrs. Cecil Lookingbill, and cousins, Valerie and Pam Craig, of Amarillo.

Craig Simpson Is VISTA Worker

Craig Simpson, Hereford's newest VISTA worker, recently arrived at the local labor camp. Simpson, now 22, has just finished several training courses to prepare him for his assignment. He spent 6 weeks training at the University of Oklahoma, which included two and a half weeks of field training in Laredo.

During his training, Simpson attended lectures given by people in all forms of government, and took courses in Spanish. He also studied all forms of law. He also studied the cultures of the Negro, Indian and Spainard.

The new VISTA worker attended high school in South Plainfield, New Jersey then college at the University of New Mexico. He also attended the Fairleigh Dickinson University in Rutherford, New Jersey prior to his enrollment in the University of New Mexico.

The worker said he had always been interested in helping. In his home town of South Plainfield, he worked as a YMCA counselor, and also worked in a athletics. He was an anthropology major in college.

Simpson will be in Hereford for one year, as at the end of it, he can "retire" or sign up for another year.

Commenting on the local camp, Simpson said, "I think the conditions are some of the worst I have seen in the United States."

Every spring the International Ice Patrol battles the iceberg menace in the North Atlantic.

Wheat Harvest To Begin Friday

Wheat harvest in the Hereford, Farwell and Dimmitt areas should begin about Saturday with above average yields expected, the Wheat Harvest Control Office of the Texas Employment Commission has reported.

According to the Farm Labor Bulletin, "adequate men and machines are on hand to complete the harvest." A summary of the bulletin shows that "most areas in the Texas Wheat Belt report that rainfall during the past week continue to hamper harvest operations."

Orsborn will be in a position to cooperate with club groups, schools, or any other local organizations which may find General Motors materials of interest for use in the development of programs.

John Orsborn Keeps GM Post

General Motors has announced that John Orsborn, local Chevrolet-Oldsmobile dealer for the past 11 years, has been reappointed to serve as GM Community Relations Chairman for the Hereford area.

In this community service role, Orsborn can make available to local schools and community groups a variety of interesting and educational materials in the form of motion pictures, booklets and presentations from General Motors. One of the films is "Safest Township Anywhere," produced especially to assist 4-H Clubs and chapters in their safety programs.

General Motors is the donor of awards in the National 4-H Safety Program. Orsborn said a safety handbook is available for 4-H Club leaders by writing to General Motors, 11-257 G. M. Building, Detroit, Michigan 48-

THE STATE OF TEXAS TO AURELIO RODRIGUEZ Defendant, Greeting:
You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22 day of July A.D. 1968, then and there to answer Plaintiff's Petition filed in said Court, on the 4th day of June A.D. 1968, in this cause.

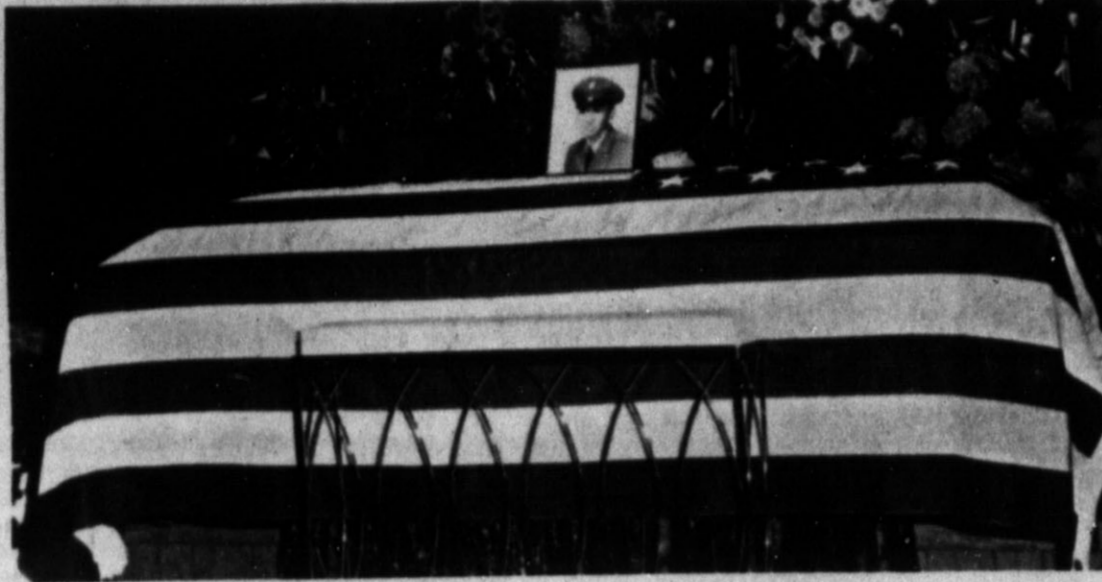

numbered 5502 on the docket of said court and styled ANATALIA AVILA RODRIGUEZ, Plaintiff, vs. AURELIO RODRIGUEZ, Defendant.

A brief statement of the nature of this suit is as follows, to wit:*

An annulment proceeding on grounds of fraud, deceit and misrepresentation, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court at office in Hereford, Texas this 4th day of June A.D. 1968. Attest: Lucille Posey Clerk, 69th Court, Deaf Smith County, Texas By Juanita Owen Deputy. (SEAL)

LYING IN STATE — Corporal Tom Galvez, 22, of 141 Bennett, Hereford, prior to his last rites Tuesday afternoon, in state at the Knight of Colum-

bus Hall. Cpl. Galvez was killed in Vietnam on May 27. He was buried with full military honors. See story on Page 1.

LEGAL NOTICE

Notice is hereby given that a meeting of the Board of Equalization of the Hereford Independent School District is called for June 24, 1968 at 10:00 a. m. in the Commissioner's Court Room at the Deaf Smith County Court House for the purpose of reviewing and equalizing tax assessments for the year 1968. Anyone owning taxable property within the District is invited to meet with the Board and present any claim for adjustment of the appraised value of their property to which they believe they are entitled.

It is the purpose and desire of your Board of Equalization to as nearly equalize values as it is possible to do so. If you feel you have a just claim for an adjustment of your assessment, please bring your problem to the Board.
Olin Parris, President

Cattle Breeders To Meet Today

The Texas Junior Hereford Association will hold a field day today at Canyon, it has been announced.

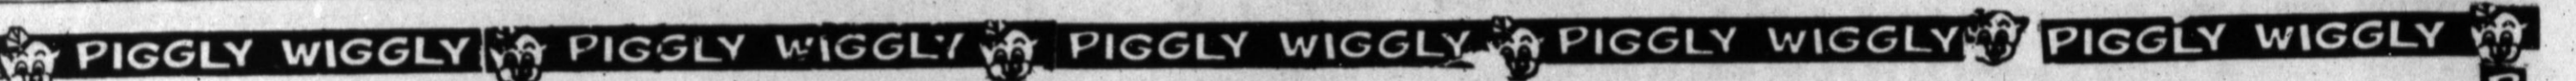

Field Day program will be held on the college farm located one mile north of Canyon on Highway 87 with the opening activities to be kicked off with the registration of judging teams and individuals. Various speakers will highlight the day's activities as topics such as "Selecting the Modern Hereford," "Performance and the Young Breeder," "Success or Failure," and "Eye, Elbow, and Poise"

Board of Trustees
Hereford Independent School District

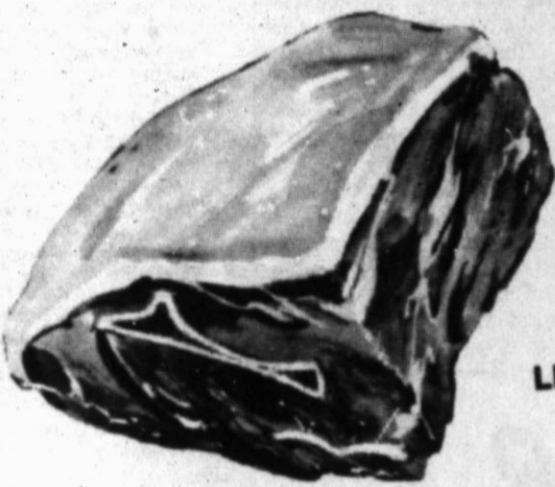

will be discussed. Presentation of the award will conclude the program for the day as this will take place at 2:45 p. m.
It was also pointed out that membership in the Texas Junior Hereford Association is open to any Texas boy or girl under 2 years of age, who owns Hereford breeding cattle or steers. A membership booth will be maintained at both Field Day; for those who would like to join. The fee of \$5 entitles full privileges until age 21.

Scores Attend Reception For YHT's Advisor

Mrs. J. J. Durham, who ended at the close of the 1968 term almost two decades of service as homemaking instructor in Hereford High School, was honored at a reception in the homemaking parlor Sunday afternoon with Young Homemakers of Texas as hostesses.

Community service related to Margaret Ann Durham's work included assistance in organizing the YHT Chapter here, and she has been one of its two advisors since it was formed six years ago.

A school organization of which Mrs. Durham was sponsor, Future Homemakers, assisted in hostess duties for the late afternoon reception.

More than a hundred friends and former students called. Mrs. Layton Sawyer, YHT president, and Miss Christine Loerwald, president of FHA Chapter I, stood with the honoree in the receiving line. Mrs. Durham wore a pink silk dress of simple design, the color emphasized with a bouquet of roses pinned at the shoulder line.

Miss Roberta Albracht, past president of Royal Rose FHA Chapter, Misses Sherry and Susan White presided in turn at the guest register during calling hours.

Mrs. Larry Dobbs, state board member of the FHT, and Miss Lanny Buck, FHA member chosen as this year's "little sister" by Hereford YHT Chapter, laddered punch at a table centered with a pyramid of roses in varying shades of pink arranged

with white tapers in a gilded epergne.

A rose pyramid in miniature in a crystal bowl decorated the registry table.

Assisting in serving refreshments were Mmes. James Dobbs, Clark Andrews, Leland Shelton, Kenneth DeHart and Lawrence Baird of the hostess club and Mrs. Frank Prowell, also an HHS homemaking teacher.

They all wore pink rose corsages, as did Miss Mildred Elliott, Mrs. Durham's sister, and Mrs. Joe Bradley, co-advisor of the YHT.

A gift from the two hostess groups, a handsome silver coffee and tea service, was presented to Mrs. Durham.

Coffee Precedes European Tour

A bon voyage coffee preceding her departure on a European tour complimented Mrs. Emil Dettman Tuesday morning in the home of Mrs. Virgil Dodson, who was assisted by Mrs. W. S. Powell as she entertained in casual style.

Mrs. Dettman is leaving this week for the trip which will take her into almost every country in Europe. The tour party will visit 18 countries,

tation for shorter legs of the journey to give its members closer views of the countryside and people.

Capital cities on the route include Warsaw and Moscow as well as those of western European and Scandinavian nations. The tour will continue to mid-August and Mrs. Dettman expects to return home about

Aug. 25.

A number of friends, many of them members with Mrs. Dettman of Hereford Public School faculty, were guests at the informal coffee. Each of them addressed an envelope to the honoree at some point on her route, to keep her informed of home events while she is gone. The hostesses served coffee

from a table centered with a mound of roses in shades of pink.

Potential tornadoes are photographed every 15 minutes during daylight hours by a camera aboard National Aeronautics and Space Administration's Applications Technology Satellite III.

GIFT TO ADVISOR — A gift of appreciation for her aid to the Young Homemakers of Texas chapter as advisor, and to Hereford High School Future Homemakers as teacher and sponsor, was presented Mrs. J. J. Durham at a reception in her honor

Sunday afternoon. She admires the teapot of a beautiful silver service with, from left, Mrs. Layton Sawyer, YHT president, Christine Loerwald and Roberta Albracht of the FHA, reception houseparty members.

THE FAMILY LAWYER

Damsel in Distress

Gallantry may impel a bystander to go to the aid of a damsel in distress. But if gallantry doesn't, does law? Do you have any legal obligation to help someone — man, woman, or child — whom you see under attack by a third person?

Generally speaking, the answer is no. If you are a total stranger, having played no role in bringing on the difficulty, you have no duty — legally — to go to the rescue.

Thus, bystanders who looked on and did nothing, while a drunken youth slashed a hotel clerk with a knife, were held not liable to the victim.

This doctrine is based partly on

our traditions of individualism, partly on the difficulties of devising and enforcing a legal standard of unselfishness.

Nevertheless, courts have shown an increasing readiness to find a duty-to-help when there is some special relationship between the bystander and the victim. For then, in a sense, they are no longer total strangers.

What kind of relationship may create a duty of assistance?

One example is the relationship between a merchant and his customer. For instance, the owner of a restaurant was held liable for failing to help a young woman being assaulted by a pair of trouble-makers. The court said:

"A restaurant keeper may not sit idly by and leave it to the customer to extricate himself from danger."

Similarly, a protective obligation may arise from other relationships: employer and employee, carrier and passenger, hotel and guest, hospital and patient.

Still, the duty of rescue is not unlimited. The law will weigh the particular circumstances, not only to decide if there is such a duty but also to decide how far it extends.

Was there enough time to interfere before the harm was done? Did the person under attack seem able to take care of himself? Might a rescue attempt have made matters worse?

Thus, a court held that the proprietor of a bowling alley was justified in staying out of a scuffle between a patron and an armed robber. The judge decided that, in the face of a gun, the proprietor's discretion was the better part of valor.

ALWAYS ON THE JOB — Employees at Dolly Textiles work on the garments in a type of assembly line. Wayne Milam, top right, assists in the shipping of merchandise, and Dewey Taylor is shown layering cloth for the next cut. Approximately

250 layers of cloth are laid, patterns are placed and the material is cut by a large machine. At bottom right, girls are shown here inspecting the clothing before it is pressed and shipped.

Dolly Textiles Helps Outfit People Throughout The U.S.

By PENNY YOUNG
Staff Writer

In 1964, at 148 S. Main, Dolly Textiles got its start as the first sewing factory in Hereford. In 1965, Herschel Black took over as manager and since then the workers have increased from about 25 to 50. Cutting, sewing, inspecting, and pressing, the girls and two men employees stay busy constantly producing from 600 dresses a day to about 3,500 a week. In a month, Dolly Textiles can produce from 12,000 to 15,000 dresses. In cases where the garment is simple, they produce close to 1,000 a day. Most of the selling at the factory is done through personal contact and operates with regu-

lar customers. A lot of time is spent in Dallas soliciting business.

As, Black stated, the business has a split-personality. In the past it has been mainly concerned with marketing, and manufacturing girl's dresses from sizes 1 toddler to 12. More recently, however, they have become interested in sub-contract of other factories work. Most of the work comes from the Dallas area.

"Larger centers are experiencing a labor problem," commented the amount of production they get. Recently we negotiated with a ski clothing factory from Denver to manufacture ski jackets. To some people, this business would seem a bit mixed up because we make our winter clothes in the summer, and our summer clothes in the winter, so we are now beginning our new line of fall clothes. What will be really interesting is the cutting of the insulation in the ski jacket. This should take place in August. We are planning to start out with men's ski jackets. Through this sub-contract work, we have contracted everything from paper bikinis to heavy ski jackets.

In production at the time, is a line of girls dresses that they

ship to 46 states, including Alaska and Hawaii. Most of the business is done through national chain stores.

The material used at Dolly Textiles is used in great quantity and comes to the factory from the east coast, around New York, and down south from the cotton growing country. At the time, spring material for next year is being considered and ideas for the new spring line are being viewed. A sample book is used to buy the material and Black will meet with the representatives and pick his material from the book without actually seeing the material itself.

"Lots of the times we don't even see our material," explained Black, "just the drawing in the book. A few times we have bought material that didn't really fit for our designs of dresses but most of the material can be chosen this way. We also show samples to our prospective buyers and they choose from this. After their order is placed, and the actual putting together of the dress."

"First we make our patterns and cut out the necessary dress parts. Cutting is done with a machine and we cut approximately 250 layers of cloth each time. The parts are then assem-

bled and sent through the line of girls on the machines. Each girl does her part.

One may do collars only, another sleeves, another zippers, one bows, and one buttons. A single worker can set about 350 zippers per day, or make as many as 6,000 button holes. After the garment is completed, it is sent downstairs to be inspected, pressed and shipped to its final destination.

"We don't usually solicit visitors here," stated Black, "but if by some chance, a study club home demonstration club or such as that would call in advance, we might could arrange for them to tour the factory."

An unusual business for Hereford, Dolly Textiles has done a thriving business.

Deep within the sun 564 million tons of hydrogen are converted to 560 million tons of helium each second. The remaining four million tons radiate away as heat and light.

Exotic foods from all continents will be offered to visitors touring the grounds of HemisFair '68 in San Antonio April 6-Oct. 6.

DOLL TEXTILES MANAGER, Herschel Black, displays the men's ski jacket that the factory will begin making in August.

FHA Is Accepting Loans On Housing

Farmers Home Administration is accepting loan applications from rural families who need to improve their housing. James Gouldy, the agency's supervisor for Deaf Smith and Oldham Counties, said today.

Funds may be used to finance homes, building sites, and essential farm service buildings.

Under the program private capital provides the bulk of the funds with the Farmers Home Administration making the loans and guaranteeing the repayments of principal and interest to the investors.

Gouldy said that loans are available to families living on farms and in rural areas including towns of 5,500 population to construct, improve, or repair rural homes and related facilities, or farm service buildings, or to provide water for farm-

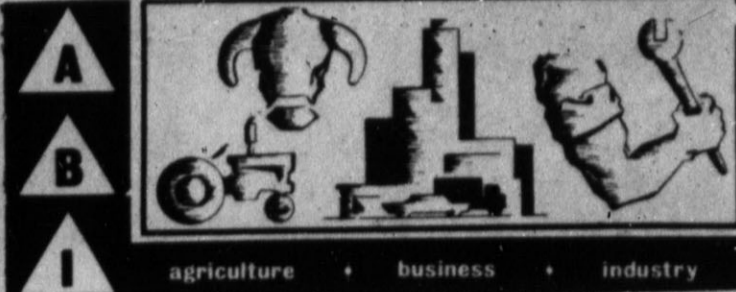

stead and household use.

Families needing credit to improve their present housing may use loan funds to add bathrooms, central heating, modern kitchens and other home improvements, as well as to enlarge or remodel farm service buildings and put in related facilities such as yard fences, driveways and sidewalks.

A farmer may borrow funds to provide buildings for his use or for the use of his tenants and laborers.

A rural resident may use loan funds to buy a previously occupied house, or to buy a site on which to build his home, or to build or repair a home on land he owns.

Insured rural housing loans are made to applicants who are unable to obtain the required See FHA Page Two

HEREFORD, TEXAS, 79045, THURS., JUNE 13, 1968

Plan By Water District Would Add Money To County Treasuries

County Tax Assessors and Collectors in a 14-county South Plains area stand to benefit appreciably if a realistic proposal by the High Plains Underground Water Conservation District No. 1 Board of Directors is successful.

The District's Board passed a resolution doubling the amount the Water District is willing to pay the affected counties for assessing and collecting the District's maintenance taxes.

Legislative action, likely in form of a local bill, will be required for implementation of the proposal.

Since 1952, the District has

paid one per cent compensation for assessing, one per cent for collecting, and in case of delinquent taxes — five per cent for collection.

Under the new proposal, two per cent would be paid for assessing and two per cent for collecting to compensate for rising costs being experienced by the county agencies. Delinquent collections still would be compensated at the five per cent rate.

A proposed amendment to the existing related legislative acts has been forwarded by the High Plains District to Rep. B.111 Clayton, Springlake, Chairman of the Interim Water Committee of the legislature.

The Board, acting through its manager, has asked opportunity to make a presentation before the committee at its next meeting to discuss the proposal.

Efforts also are being explored to get the amendment on the agenda for the special legislative session recently called by Gov. Connally.

Counties affected would include Armstrong, Bailey, Castro Cochran, Deaf Smith, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Parmer, Potter and Randall.

Bus Tour Is Set To Begin Today

Hereford will be one of the several stop-over posts in the area for the Texas Plains Trail during a two-day special bus tour which begins today at 7 a.m. in Amarillo.

The trip will begin in Amarillo with a get-acquainted party which will be held in the Villa Inn and, following this, the group will make visits to Panhandle and Borger.

Following lunch at the Boys Ranch stop-over, the group will make stops in Vega, Hereford, Muleshoe, and Levelland before going into Lubbock to spend the night. The next morning, the buses will journey to Crosbyton, Matador and Silverton then head See BUS TOUR Page Two

Nitromite—Shamrock's fine brand of anhydrous ammonia—is 82% nitrogen for growing bigger, better yields.

SUMMER STAFF MEMBERS — Vickie Inman, 21, daughter of Mr. and Mrs. Burke Inman of 416 Star, and Mike Harvey, 20, son of Mr. and Mrs. Paul Harvey of 518 Avenue I, have joined the staff at the Hereford Brand for the summer. Miss Inman will be a senior next fall at the University

of Missouri School of Journalism. She is a 1965 graduate of Hereford High School. Harvey is a 1966 graduate of Hereford High School and is presently attending the University of Texas where he is majoring in advertising. He will begin his junior year there in the fall of this year.

Washington Report

From Congressman
BOB PRICE 10TH DISTRICT, TEXAS
1223 LONGWORTH OFFICE BUILDING, WASHINGTON, D.C. • 223-2708

Congress reacted quickly to the tragedy in Los Angeles. The Crime bill passed by the House last year and amended by the Senate was already scheduled for approval by the House when Senator Robert F. Kennedy was gunned down.

Efforts by the chairman of the House Judiciary Committee to send the bill to a House-Senate conference where it could be emasculated of the Senate amendments were decisively defeated. The next day, the House passed the bill by an overwhelming vote.

While there is a firearms section in the bill which I consider

too stringent — shot — guns and rifles are not included — the choice after the effort to send it to conference was a straight "yes" or "no" vote for the whole bill. The National Rifle Association, although recognizing the objectionable features in the firearms legislation, also recognized the need for a strong bill to help curb crime. NRA, under the circumstances, did not object to adoption of the bill.

Had the bill gone to conference, the chairman of the House Judiciary Committee would undoubtedly have attempted to substitute much more restrictive gun controls than those actually in the Act. And there undoubtedly will be a renewed effort now for stricter firearms laws.

But in spite of the emotional outcries against firearms, those who demand more laws overlook the most important factor in the whole crime problem — the laws we now have are not enforced. Congressman Tom Curtis of Missouri, a Republican who is running for the Senate, made a point of this on the House floor the day the crime bill was considered.

"We do not need more laws," Curtis told House members. "We need enforcement of laws that are on the books. Our Committee on Ways and Means held hearings on this matter two years ago. We had the Attorney General of the United States come before us with examples of guns being sold across our border to criminals, this is against these laws. I think 40 were sold by one operator in Maryland which were shipped to criminals in the District of Columbia. I asked the Attorney General then whether they had revoked the Federal license that this gun dealer in Maryland had. They had not done that. Had they carried out the law requiring this gun dealer to keep a list by name and address of those to whom he sold the guns? They did not check on that. Did they require these people to identify themselves so that they could not use fictitious names? They had not done that. They had done nothing. To this very day the Attorney General of the United States is not enforcing these laws, nor is the Department of Treasury which has a part of this jurisdiction for the enforcement of these laws, enforcing them."

Preceding Curtis, Rep. Paul C. Jones, also of Missouri and a Democrat was highly critical of the Attorney General and the need for law enforcement. He said, "I am referring particularly to the attitude of those in high places — in the executive, in the judicial, and in the legislative branches of our Government — where we apparently have been more interested in lawless actions of those who

riot, kill, burn, steal, and rape than in protecting the innocent."

The wave of fear that grips the nation's capital and other cities will not be dispelled by more study commissions but only by a return to law enforcement by all departments of the government. And this new direction must come from the White House before the nation degenerates into a complete state of anarchy. Continued tolerance of violence could spell the end of Democracy in America.

Carl Cole Ends Recruit Training

SAN DIEGO — Marine Private Carl C. Cole, 18, son of Mr. and Mrs. Kenneth A. Cole of Hereford, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

Bus Tour...

Continued From Page One back to Amarillo via Claude. Designated as one of several tours by Gov. John Connally, the trip is looked upon as one of the most scenic drives in the state. The cost of the trip is \$32.05 and includes meals and the overnight stay at Lubbock. All interested persons are invited to attend the tour.

Concerning Veterans

The impact on the GI home loan program of the new 6.75 percent interest rate and the increase from \$7.50 to \$12,500 in the VA loan guarantee maximum, both of which went into effect May 7, 1968, is not yet known.

However, the Veterans Administration reported today that GI home loan activities in April, the last full month before these changes became effective, were higher than in March in most categories, including VA housing starts, appraisal requests on proposed dwellings, and applications for home loan guaranty.

VA housing starts in April totaled 5,370, or 18.1 percent more than the 4,546 in March. Appraisal requests on proposed dwellings last month reached 12,348, up 6.8 percent from the March total of 11,556. Home loan guaranty applications in April totaled 20,962, or 10.3 percent more than the 18,998 received in the previous month.

Not reflecting this trend of increasing activity were the appraisal requests on existing dwellings which numbered 18,569 in April, down one percent from the March figure of 18,774.

Compared with the same month a year ago, VA housing starts in April were up 1,226, or nearly 30 percent. Appraisal requests on proposed dwellings were up 1,331, or 12.6 percent, from April 1967. Home loan guaranty applications this April were 1,999, or 10.5 percent, higher than a year ago.

Again, by contrast, appraisal requests in April on existing

FHA ...

Continued From Page One credit from other sources. Applicants are not charged an application or appraisal fee and the seller or contractor does not discount his selling or contract price.

Further information on insured rural housing loans may be obtained at the county office or the Farmers Home Administration located at 313 West 3rd Street, Hereford.

dwellings were down 17.2 percent from last April's total of 22,48.

On a seasonally adjusted basis: VA's 59,000 housing starts in April were 4,000 less than in March but 9,000 more than a year ago.

*Last month's 125 appraisal requests on proposed dwellings were 2,000 less than in March but 3,000 above April 1967.

*Requests for appraisals on existing dwellings totaled 192,000 in April, down 30,000 from March and 64,000 below the April 1967 figure of 256,000.

Veterans Administration officials invited all veterans, especially Post-Korean veterans and those now returning home from Vietnam era service, to visit their nearest VA office or U. S. Veterans Assistance Center or personalized information and assistance on the GI home loan program.

VA officials are prepared to explain changes in this program brought about by Public Law 90 301, signed by President John son on May 7, 1968.

Dinosaur hunters in Baja California will search this summer for a fossil rarity — the skull of the world's largest duckbill dinosaur.

Glad's Garden

FRAGRANT PLANTS FOR THE GARDEN

It is said that in ancient Arabian Gardens flowers were arranged to produce a symphony of fragrance. Delicate and elusive scents that might otherwise be unnoticed welcomed the visitor when he entered the garden and lured him to those that were progressively headier.

When one enters a garden, one of the first noticed things is a fragrant odor. Without thinking we lift a new flower and smell critically. Whether or not its fragrance pleases us depends, not upon its character, but upon our personal response to it. The scents of flowers exert a powerful influence upon human emotions, inspiring feelings that range from delight to depression or revulsion. The response of course varies with the individual.

There are so many flower odors that it is difficult to classify their odors. If you doubt this statement, put yourself to the test. Blindfold yourself and have someone bring you different flowers with a fragrant odor, and see how many you can identify. One of the most difficult of all flowers to classify since they have so many "top notes" as perfumers call them are roses. These confuse the experts. We are told that there are as many as 15 different rose odors, identified in the Hybrid Tea varieties alone. These odors, or fragrances, have been described as just about everything from: freshly tea (perhaps an old-fashioned tea rose was in the collection) to burnt chocolate. Then, too, other flower fragrances are often confused with those of the Hy-

brid Tea Roses. To say that a plant is fragrant does not necessarily denote that it is a sweet smelling flower, nor does it mean that the flowers alone are scented. Many plants have foliage, roots, stems, etc which have a definite odor. Some are spicy, musky, bitter, very pungent, or overly heavily scented, until it is almost sickening. For example, to some people the gardenia is too strongly scented, while to others it has a very wonderful scent.

Fragrant gardens can be most interesting, and in planning our gardens we should always include some flowers of fragrance. In selection of these, care should be used, as some odors are harmful to people who have allergies or hay fever. I recall when plans were being made to landscape the Deaf Smith County Hospital, the committee was asked to not plant honeysuckle, because so many patients were allergic to their fragrance. Other plants were also listed on the caution list. This fact should be remembered when taking cut flowers to patients. It is a courteous thing to do, to ask some member of the family if the patient is allergic to certain fragrances and plants. For years I did not use dahlias in arrangements, or grow them because they caused me to have asthma. Later I learned that it was not the flower which was harmful but it was the foliage. The popular chrysanthemum is another flower that many cannot use about their person. While working in the floral shop this was one of the many things I learned. As with the dahlia, some could use the bloom and not the foliage while others were allergic to the foliage.

In Garden Therapy, Fragrant Gardens are being planted especially for the blind, and hospitals where the mentally retarded servicemen have been placed, and at other institutions for the mentally retarded or other handicapped people. In planning the Fragrant gar-

dens for the blind, the landscaping is very important, in that the paths should be so that the boys and girls and adults alike can get close to the plants. They not only walk in the gardens for the fragrance, but they also touch and learn many varieties of flowers, and associate others things with them that makes their life more pleasant. Then too they are often permitted to select blossoms and other plant materials and of these they make arrangements.

Therapeutic values from fragrant gardens are many. Because of the fragrance of a flower, memory has been restored to patients. A naval officer was addressing a garden club convention, and in his address he called attention to the fact that many of our wounded and mental retarded servicemen have been aided by working with flowers. For example, he told of a navy man who had been seriously wounded and did not have a desire to live and had forgotten all about his home. He was being assisted by a garden club lady in the arranging of some flowers, one of which when he picked up he lifted it to his nose to smell it. His countenance changed, and he said that reminds me of my mother and her flowers. His memory lapsed, but in due time through this therapy, he was completely restored and was enabled to return to his home and former position.

Since roses are a great favorite, we will list the roses which can be grown for their fragrance. They are Mister Lincoln, Crimson Glory, Chrysler Imperial, Mirandy, Etolie de Hollande, Fragrance, Bewitched, Briarcliff, Pink Frost, Pink Peace, Sugar Plum, Tiffany, Golden Masterpiece, Granada, Golden Dawn, White Beauty, Sterling Silver, Sutter's Gold, Vogue, and many others.

Hardy fragrant plants are Achillea filipendulina, (fernleaf yarrow) Sweet Alyssum, Yellow Columbine, Feverfew, Clematis, various species, Sweet Peppercorn, Hawthorn, Crocus, Dianthus, many species and varieties, (Pinks are some of the sweetest, also carnations). Russian Olive, Honey Locust, Heliotrope, Hamamelis, Starjas

Annual candytuft, Sweet Pea (annual) Honeysuckles, Evening Phlox, Hardy Amaryllis, Evening Stock, (this is very nice and so sweet to have in the garden

at eventide), Four O'clock, Evening Primroses, Peonies, Mock Orange, Annual Phlox, Many of the flowering shrubs, such as flowering crab and Azaleas Rosemary, Lilacs. Most of the spring flowering bulbs have some fragrance, certain varieties of the tulips and Jocquile are very good. Others are Cape Jasmine, Gardenias, and Oleanders, especially the yellow. There are many others of which are listed with herbs. Do plan to have at least a small planting of fragrant plants in your garden.

THANKS: Since I cannot answer all the mail, etc, I want to 'Say THANKS' for notes, calls, etc, which you send GLAD. They are greatly appreciated. To the one who does not like gardening, I tried your method of resting and enjoying my neighbors garden, and it was wonderful. However, The Good earth still calls to me and I like to dig and grow.

CONGRATULATIONS to our young people who did so well at A&M. We are PROUD of you. Thanks to the adults who made your going possible, also the many hours given for your training.

HAVE YOU SEEN? not pretty spots this week, but the WEEDS? Since the rains the weeds, grasses, etc are doing real well. They are unsightly, and are breeders of insects and diseases. PLEASE everyone cut weeds, there are some unsightly spots down town..... Let us sharpen our hoes and go to work, or call some of the young people who are wanting to work...the weeds MUST GO.

An old Chinese proverb: If you wish to be happy a day, kill a pig; If you wish to be happy for a week, take a wife. If you wish to be happy all your life, cultivate a GARDEN" If you cannot do one or all of these then seek to create beauty. Some of the prettiest things I have seen recently were the handiwork of Mr. Baird. He has created some beautiful pieces of needlepoint...they fascinated me and I enjoyed every stitch. Be Happy Keep BUSY and Be Glad.

LET'S COOK SOMETHING

Patients Like Her Food

By SUE COLEMAN
Women's Editor

She lost three or four nights sleep deciding to take the job when it was offered to her, but she has been in charge of the kitchen at Deaf Smith County Hospital for nearly 20 years now and she isn't even thinking of retiring, Mrs. R. C. McGilvary says.

DIRECTING the preparation of meals for people who are sick and consequently expected to be fussy about food, is a task which most people would consider a thankless one. Petite, snowy-haired Mrs. McGilvary likes it.

Surprisingly few patients complain about the food, she says — perhaps because Mrs. Mack, as she is generally called at the hospital, makes a point of visiting in the rooms, inquiring about likes and dislikes and trying to meet the individual preferences of patients.

One of the things complimented frequently by patients at the hospital here is the quality of the food and the fact that preferences are considered, other staff members say.

OF COURSE Mrs. Mack must be guided by doctors' instructions as to the patients' diet, and can't do much to please the man on a low-calorie diet who insists on ice cream with pie for dessert, or the woman who complains of "tasteless" vegetables because no salt is permitted.

"Occasionally, but not often," she relates with a wry smile, "a patient is determined to cheat on his diet and has a relative or friend bring him forbidden food such as candy. Then he blames his doctor because his health doesn't improve! I'm not responsible for him with hospital meals."

get the prohibited food served to him with hospital meals."

Patients find Mrs. Mac, in the becoming pink uniform she usually wears, a friendly visitor with something of a motherly air, but her brown eyes are keen as well as kind, and you have the impression that she is aware of just what is going on in her sphere at the hospital.

SHE PLANS all meals, working in the tiny office area beside the window of a storage room behind the big kitchen, and does all the buying. Almost all food is bought locally, frequently on personal shopping trips by Mrs. Mac.

She also buys and keeps up with kitchen equipment and serving dishes and utensils, down to the last teaspoon and paring knife.

A principle duty is to hire and direct the staff of workers in the kitchen, and she calls herself fortunate in the quality of employees she has been able to keep most of the time. At present, she says, a group of dependable workers is making her job very pleasant.

WHEN HELP is short she fills in with extra work and sometimes "it's been a 24-hour a day job seven days a week," she recalls. Normally she goes to work early in the morning to see that breakfast is served properly, leaves for a time after lunch and then goes back to supervise supper preparation.

She is concerned about such things as seeing that hot food reaches the patient piping hot, as well as that each patient receives exactly the diet ordered by his doctor.

In addition to meals for patients, those for the hospital staff are prepared in the kitchen, and here Mrs. McGilvary must plan food for a hard-working, hungry group.

"Sort of like feeding an army," she describes the task. "Everybody has his favorite food and on days when it isn't served he asks why, even if it was served the day before. They make a point of teasing me about the food, and I tease them back."

EQUIPMENT for hospital kitchens has improved a great deal in the two decades of Mrs. McGilvary's tenure, making the work easier and the food more appetizing for the patient, she says. Battery-heated trays, for instance, and insulated dishes to keep temperatures just right make a vast difference in attractiveness of the meals.

New types of cooking equipment, dishwashers and other gadgets take more of the drudgery out of the job each year. Mrs. McGilvary had no special preparation for her job; she had done some office work a good many years previously, but nothing of the type required in the hospital kitchen. When her younger child, daughter Mary Helen, entered college the Hereford housewife decided she would have time for a job and it would help with the college expenses.

Mrs. R. C. McGilvary hospital's Mrs. Mac, at desk above, handling plate heater below.

hospital in 1949 when Mrs. Calud Francis was directing food preparation. When Mrs. Francis left she was offered the job, and that was when she lost sleep considering it. She says she has never regretted her decision.

With her late husband, who came here as manager of the gas company office, their son and daughter, she came to Hereford in 1941 from Lockney. She had assisted with work during rush times in her husband's office at Lockney, where he had a similar position.

Born near Mexia, she was Mary Kate Holladay before her marriage. She and her husband both grew up on farms in Limestone County.

HER PARENTS died when she was a small child and she speaks with war maffection of the aunt who took her and the other children in her family and brought them up. She attended the Cotton Gin school near Mexia, was married in that community and lived there until 1929 when the move was made to Lockney.

While her children were small she devoted her time largely to them. Her daughter is now Mrs. Jerry Collier of Fort Worth; her son, the younger Reuben C. McGilvary, lives here. Each has four children.

Mrs. McGilvary enjoyed church activities, sang in her church choir and was a member of the missionary society before she began her present full-time job.

HER FAVORITE recreation is gardening. She spends most evenings after work in her yard or caring for flowers on a lot where her son grows vegetables. Together, they have kept the vacant lot attractive, especially when the iris bloom, for a number of years. A grandson is her helper in yard work.

She does her own housework also, keeping the family home at 202 Kibbe where the McGilvays moved in 1947.

Asked for favorite recipes, Mrs. Mack said her salmon croquettes are always popular when she serves them to hospital staff members or to patients who are not on restricted diets. Here is how she makes them:

SALMON CROQUETTES
1 tall can red sockeye salmon
1 egg
1 cup milk
Cracker crumbs.

Mix all ingredients, adding crumbs to make the mixture of a consistency for forming small round croquettes. Roll each in cracker crumbs to coat well, then put in deep fat hot enough that they roll over and brown. Be sure to make them small.

Another recipe she likes is for a cake which freezes well and can be kept frozen for long periods. This makes a very large cake.

FRESH APPLE CAKE
1 cup shortening

2 cups sugar
3 cups all-purpose flour
4 eggs
1 tsp. soda
1 tsp. each cinnamon, allspice, cloves, nutmeg and ginger
¼ tsp. salt
3 large raw apples, grated
1 cup chopped nuts
½ cup cold water
1 cup raisins (optional)
Cream sugar and shortening, add beaten eggs. Sift 2 cups of the flour with other dry ingredients and add alternately with the water. Add apples, then the raisins, if desired, and nuts mixed with the third cup of flour. Bake in a large angel-food cake pan at 300 degrees for an hour and 15 minutes.

Piano Students Present Recital

Mrs. Joe Hacker presented her last group of piano students in a recital on Saturday morning, with parents and friends invited.

Playing at the 9:30 recital were Deanne Allen, Nina Gilliland, Montie Thompson, Janice Newsom, Billie Goetsch, Leigh Ann, Laurie Allen, Beverly Cole, Jerry Roberts, Susie Roberts, Susan Hamby, and Barbara and Brenda Jolly.

Playing at the 11 a.m. recital were Lynnette and Kirk Andrews Rojean Block, Melinda Morton, Thornton Monroe, Lisa Williams, Marda Stribling, Elizabeth Lyons, Monica Herrings, Tom Coneway, Melinda Watts, Carol Ann Bavousett, Zann Zimmerman and Wesley Owen.

Ladies Night, Carnival Are Set By Club

The annual Ladies Night, during which new officers will be installed, and the Lions Carnival have been listed on the agenda for important events for the Hereford Lions Club.

July 19 through July 27 are dates set for the carnival with Ladies Night and installation of officers to be held at 8 p.m. Tuesday in the Jim Hill Hotel.

The first national political convention in the United States was held in 1831 by the short-lived Anti-Mason Party.

My "Pop"

a grand guy in any language. A very special fellow at our house. Without him around night brings fright. But for him we couldn't eat as well, nor as much. He may be gruff at times; he may be firm when he disciplines. And we may answer "yessir" in agreement when he commands, but he is the very foundation of everything at our house. It takes him to silence the doggie... to persuade Jr... to laud sister's successes and to heap high praise on all the things mother does... that's "My Pop". They possess rare qualities, these fathers. A good one is a source of joy to every child. Then on this Father's Day, let him have it right in the heart. Aim all the good things at him. Give him the treatment he so justly deserves and make him wish for another Father's Day very soon. Play with him but also pray with him. Be a worshiper with him at your church this week.

Small Talk

By SUE COLEMAN
Women's Editor

Wonder who-all's going to Europe this summer? or taking other long and glamorous trips BESIDES Audine Dettman, that is. Two of her friends were nice enough to tell me that she was about ready to leave on a tour that sounds wonderful, traveling around over the length and breadth of Europe, visiting even behind the Iron Curtain. And Verna Frye, also Europe-

bound with a tour party that had all sorts of sight-seeing on program.

A COLLEGE student who is spending this summer very profitably, I hear, is Doris Parsons who came home from the University of Texas and promptly went to work at a hospital in Canyon. She is the T. J. Parsons' daughter.

Since she is studying to prepare for a career in nursing,

th summer experience should be just the thing to back up what she learns at college and protect her from the shock graduates sometimes get when they find what a real job is like.

Doris worked last summer also, one of her friends told me. And of course she is not unique among Hereford collegians; a lot of them use vacations as more than a time for having fun.

ROSES IN vases and corsages at the party for Margaret Ann Durham Sunday afternoon came from Mrs. G. W. New-

som's yard, Gena Sawyer said as she voiced thanks from the Young Homemakers of Texas for help with the flower arrangements.

Mrs. Newsom arranged bouquets on the tables, shading the roses from American Beauty at the bottom of pyramids to palest pink on top. Mrs. Art Manjeet made corsages with blossoms in the same diversity of colors. And Margaret Ann wore a becoming pink dress to set off the flower tints and her own blonde coloring. Mighty pretty.

HAVE YOU noticed that the

elderly lady who is chiding her granddaughter for wearing a miniskirt is the one who, as a flapper in the Roaring Twenties, shocked her grandmother speechless by lifting her hemline, rolling her hose, and putting rouge on her knees, in a day when a lady was hardly supposed to show ankles, much less knees.

The \$6.75 million federal pavilion at HemisFair '68 will feature a specially commissioned movie dramatizing the United States' rich cultural heritage from all nations.

Auxiliary Plans Youth Programs

Youth programs of the American Legion and Auxiliary were the subject of faction in an Auxiliary business session, when Mmes. J. G. Gandy, Bill Gilleland and Ira Ott were named a committee to direct operation of the Legion baseball concession stand this summer.

A special meeting was set for July 16, a covered dish supper with local representatives to Girls State and Boys State as

guests. Mrs. Leroy Williamson and Mrs. Ott reported on annual Memorial Day Poppy Sales, in which 32 persons assisted. A picnic honoring the poppy sale helpers is to be held soon.

To nominate officers for the coming year, Mmes. Gilleland, J. D. Love and R. Drager were appointed on a committee. Mrs. Grant Hanna presided and Mrs. R. O. Stark opened the meeting with prayer.

Miss Nina Gilleland was a visitor and 11 members were present.

Local Man Is Cast Member

Bill Devers, instructor and choir director at La Plata Junior High School, is listed among the members of the cast for the 1968 showing of "TEXAS."

Devers will play the part of Archie Dyer, one of the cowboy's in the show.

The show will be ready for the member's preview on June 28 and for the festive public opening for the 1968 season June 29th.

The arrangements for the making and construction of such improvements with pavement of triple coarse asphalt surface treatment and a six (6") inch caliche base has been made and entered into by the City of Hereford, Texas, and the rolls and statements showing the proposed amounts to be assessed against the abutting property and the owners thereof have been filed with the City, and such rolls and statements showing the proposed amounts to be assessed against the abutting property and the owners thereof have been approved and the City Commission of the said City has fixed a time and place for hearing to the owners of property abutting upon said portions of

Legal Notice

INVITATION TO BID Bids will be accepted by the Deaf Smith County Commissioners' Court for Intercommunication Equipment to be installed at the Deaf Smith County Hospital.

The equipment shall be Stromberg-Carlson or equivalent and shall be sufficient for 23 telephones at present with capability of expansion and shall also include equipment for paging in the corridors over the entire hospital structure.

Additional information may be obtained from the Administrator of the Deaf Smith County Hospital at 801 East Third St., Texas or telephone No. 364-2141.

Bids will be opened and read at the regular meeting of the Deaf Smith County Commissioners' Court on June 24, 1968 at 2:00 P. M. (Signed) H. C. Williams County Judge. T-23-2c

Legal Notice

THE STATE OF TEXAS TO: CHARLES EARL LEE, Interested person; Greeting: You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of July A.D. 1968, then and there to answer Petitioners' Petition filed in said Court, on the 4th day of June A.D. 1968, in this cause, numbered 5501 on the docket of said court and styled in Re: The Adoption of Tina Darlene Lee, a Minor.

A brief statement of the nature of this suit is as follows, to-wit: An adoption proceeding wherein the Petitioner seeks to adopt Tina Darlene Lee, a minor, and the natural daughter of the said Charles Earl Lee whose whereabouts are unknown to Petitioner in the above numbered and styled cause, as is more fully shown by Petitioners' Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court at office in Hereford, Texas this 4th day of June A.D. 1968. attest: Lucille Posey Clerk, District Court, Deaf Smith County, Texas (SEAL) T-23-4c

CARD OF THANKS

We wish to express our thanks to Dr. Mims, the nurses, the hospital staff, and all the people who sat with James while he was in the hospital. We truly appreciated it. The Herman Schumachers.

New Caledonia is the only home of the flightless cagou and supports other unusual wildlife such as the notou, white-neck pigeon and giant red-furred fruit bat.

streets, highways, and avenues and to all others affected, at which hearing the amounts to be assessed against the respective parcels of abutting land and the owners thereof, for improvement: in the units upon which the particular parcels of property abut, and the amount of benefits to the respective parcels of property by means of the improvements in the unit upon which the particular property abuts, the regularity of the proceedings with reference to such improvements, the apportionment of the cost of such improvements, and other matters and things will be determined, and after such hearing, assessments will, by ordinance, be made and levied and such hearing will be had and held by and before the City Commission of Hereford, Texas in the City Hall of the City of Hereford, Texas, on the 24th day of June, 1968 at 7:30 o'clock P. M. The rolls and statements showing the proposed amounts of such assessments are on file in the office of the City Secretary and open to inspection of any interested parties at any time and of all said matters and things, all such owners of property, as well as any others in any wise affected or interested will take due notice.

By order of the City Commission of the City of Hereford, Texas, this 28th day of May, 1968. No notice other than hereinbefore provided for shall be necessary but publication of such notice shall be due and sufficient notice to any and all other persons, firms, corporations, and other parties.

Section 3: That a hearing be given and held by and before the governing body of the City of Hereford, Texas, to all persons owning or claiming any part of portion of said streets, highways, and avenues described in Section 2 of this resolution, as well as owning and claiming any interest in such property. Such hearing shall be given and held on the 24th day of June, 1968, at 7:30 o'clock P. M. in the City Hall of Hereford, Texas, and the City Secretary is hereby directed to give notice of the time and place of such hearing, and of other matters and facts in accordance with the terms and provisions of the Laws of the State of Texas and Article 1105 (b), Texas Revised Civil Statutes, 925 as amended. Such notice shall be by advertisement inserted at least three (3) times in The Hereford Brand, a newspaper published in the City of Hereford, Texas, the first publication shall be made at twenty-one (21) days before the said hearing. Said notice shall comply with and be in accordance with the terms and provisions of this resolution and said act as amended.

Ray Cowsert Mayor of the City of Hereford Texas. ATTEST: Mary V. Watts City Secretary
