Education Can't Stay Same

By O.G. NIEMAN

Johnny Clark, former Hereford superintendent, emphasizing that "edu-

cation can't stay the same, it must be relevant," was guest speaker for the annual School Board Banquet Thursday night in the high school cafeteria.

Approximately 90 persons attended the event—sponsored by the current board of trustees and the administrative staff. Hugh Clearman, master of ceremonies, reported it was the largest attendance ever for the traditional fete.

The program included presentation of special framed certificates of appreciation to Hilrey Aven and Dr. A.T. Mims, both of whom retired this year. Clearman, current board president, made the presentation.

CLARK, superintendent here four

years (1965-69), is now superintendent of the Goose Creek Independent School District in Baytown. Hartman, introducing the speaker, cited Clark for "turning around the system in Hereford" to start it on the road to being one of the top-ranked districts in the state. Clark is the current president of the Texas State Teachers Association.

After recalling a few humorous incidents with some of his former board members, Clark spoke briefly on the big changes in education during his lifetime—calling his talk "The Walls Come Tumbling Down."

THE EDUCATOR recalled the days when he started to school, living in a small rural community that had "walls" built around it. "The community was rather isolated, and parents expected their children to stay, or return, to the town to live."

However, the "outside" world began to permeate the community and, although some people didn't want a change, "there were many people who were tearing down the 'walls,'" pointed out Clark.

BY COMPARISON, Clark said many people have tried to keep "walls" around our schools. "The needs of our youth cannot be met if the walls don't come down. Every individual in the community has a responsibility in education, but we have to rely on the professional educator to carry on the work," he continued.

Clark said he believes there have been four eras, or purposes, of education. He outlined them as: (1) Biblical literacy, (2) Political literacy, (3) Economic literacy, and suggested we are in the fourth era of "social equality and literacy."

HARTMAN presented booklets to the past board members during the banquet. They outline the history of past boards and list all trustees who have served the district since 1908.

Simms Lions Bring Circus To Hereford

"The color, pageantry and sounds of the traditional American circus are coming to Hereford Monday when the King Brothers Three Ring Circus pitches its big top on the Bull Barn parking lot," stated Roy Blevins, Simms Lions Club spokesman.

The local appearance of the troupe is being sponsored by the Simms Lions as a fund-raising event.

Performances are scheduled for 4 and 8 p.m. with a circus side show being open approximately one hour before each performance.

The 1974 edition of the circus features trained domestic and wild animals—elephants, llamas, baboons, goats, horses, ponies and dogs.

Acts will include: stars from India, trapeze acrobats, tight wire performers, jugglers and the King Brothers clowns.

DEAF SMITH COUNTY — No. 1 in the fed cattle industry — showed another increase in production during 1973, according to the annual southwestern area survey conducted by Southwestern Public Service Co. (SPS).

While a declining cattle market has affected 1974 production, the figures for '73 revealed Deaf Smith County's fed cattle production had risen past the 600,000-head mark. The 1972 report showed slightly over 574,000.

THE SPS survey is made in the company's southwestern area, which includes the Panhandle-Plains of Texas, the Oklahoma Panhandle, and eastern New Mexico. Total fed production for the area was 4,962,763 head during 1973. The total in '72 was almost 4.7-million. None of the increases for 1973, however, were as much as the jump from '71 to '72. The 29-county area of the Texas Panhandle-Plains surveyed by SPS showed a total of just over 4 million head—up about 245,000 over the previous year.

Deaf Smith led the way in '73 with a reported 602,889 fed cattle production, while Parmer was next with 437,000. Adding Castro County's 388,500, the "magic triangle" came up with 1,428,389. The three counties had about 45 per cent of the production on the Panhandle-Plains.

ADDING the adjoining counties of Randall (228,584) and Swisher (231,895) gives a five-county total of 1,888,868—or about 45 per cent of the production on the Panhandle-Plains.

The one-time capacity of the eight feedyards listed in Deaf Smith County was 299,000. Eleven feedyards in Castro showed a total capacity of 213,500 and Parmer listed seven feedyards with total capacity of 285,500. The "magic triangle" total capacity would be 798,000 head.

The recent report includes a list of cattle feedlots and their capacity, as well as packing plants and their location. Charts also indicated the fantastic growth of the industry in this area since 1966. Slightly more than 1 million head were fed in the southwestern area in 1966, and the '73 figure had climbed to 4.9 million.

The one-time feedlot capacity for the entire survey showed 2,742,250. This compares to a total of 2,509,500 the previous year. The number of feedyards has declined after reaching a peak of 272 in 1969. The '73 total was 196.

Seventeen packing plants were listed in the SPS service area with a total average capacity of 2,474,080.

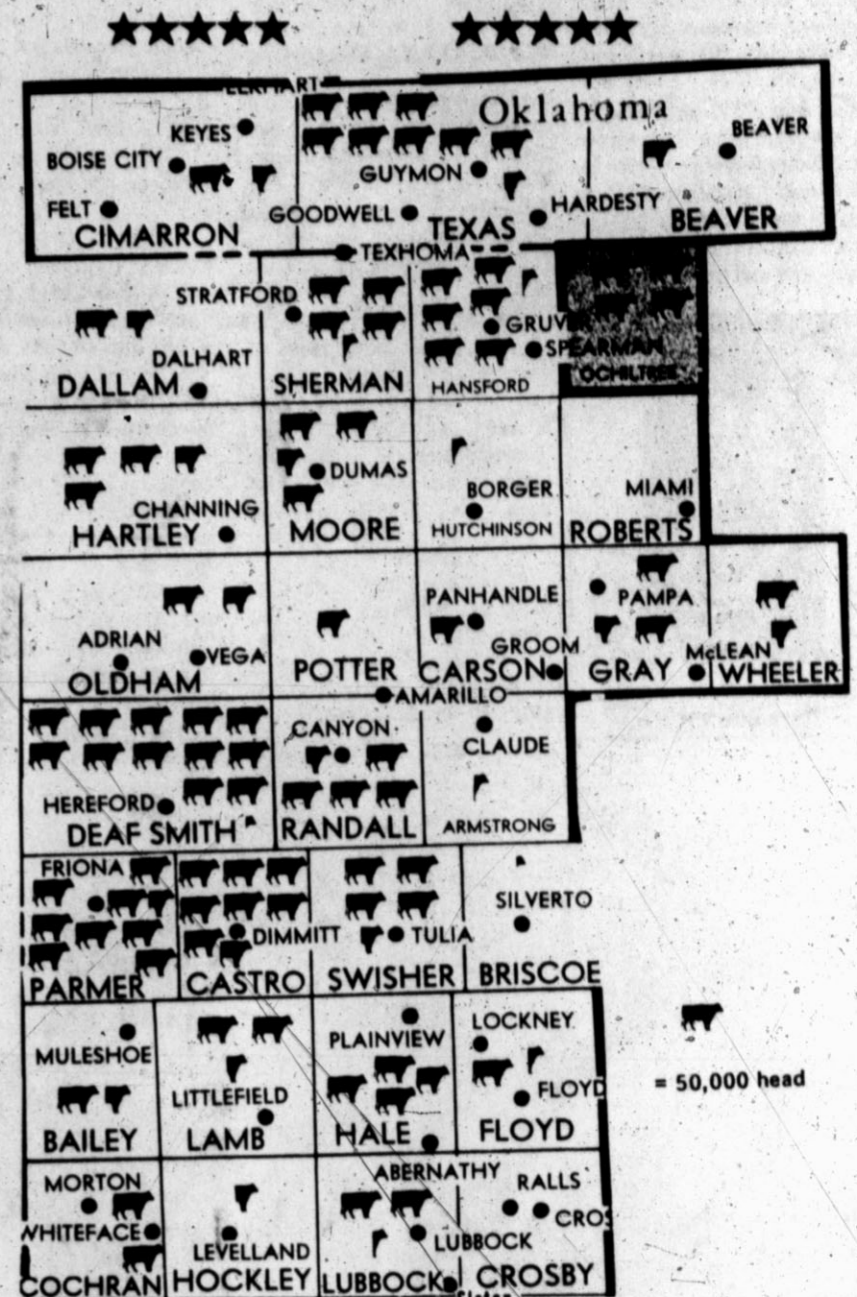

Feedlots listed for Deaf Smith County and their capacity: Big Tex 37,000; Champion Feeders 35,000; Deaf Smith Feed Yard 35,000; Hereford Feed Yard 50,000; Pitman Feed Yards 60,000; Southwest Feed Yard 42,000; Sugarland Feed Yard 25,000; Texum Feed Yard 15,000.

Mrs. Allred Chosen Mother Of The Year

Mrs. Jimmie Allred was named "Mother of the Year" yesterday by KPAN Radio as a result of nominations by her three children.

Letters praising Mrs. Allred for her years of devotion were submitted by Mrs. Bill Clark, Lynton Allred and Mrs. James Durham for the annual contest.

Mr. and Mrs. Allred, who reside at 129 Ave. D, have five grandsons and one granddaughter. They have lived in Hereford since 1937 and he is owner of Allred Oil Company Inc.

Fed Cattle Production

The fed cattle industry in the Panhandle-Plains area is graphically shown here in a portion of a map released by Southwestern Public Service Co. Each cow represents 50,000 head of cattle in a survey of the 1973 production, with the above area having a total of more than 4.5 million. Eastern New Mexico, not shown, adds another 396,389 head. The SPS ag development department, headed by Sam Thomas, makes the annual survey and prepares charts on the industry.

Clouds Lurk On Cattle Horizon

By JIM BELEW

HEREFORD and other state cattlemen learned of pending national legislation which might adversely affect the cattle industry at the Thursday night dinner of the Second Annual Texas Beef Conference at the Amarillo Hilton Inn.

W.A. (Bill) McMillan, executive vice-president, Washington Affairs, American National Cattlemen's Association, said the "legislation" that might affect environmental and consumer protection legislation pending congressional approval is not in the best interests of the beef industry.

McMillan said if the Land Use Act is approved, "Some bureaucrat in Washington will tell you how to use your land."

We in the cattle industry can't allow that."

Dubbing environmentalists as "those who want to lock up land," McMillan said their ultimate goal was to dictate all national policy concerning control and use of the land.

If a consumer protection agency is established as proposed, McMillan said, then a representative of that agency could sit in on decision making sessions of cattlemen and would have the power to question pertaining to the beef industry.

THAT FELLER on Tierra Blanca Creek says the world is not interested in storms you encountered—but did you bring in the ship?

BEFORE former Supt. Johnny Clark started his talk at the School Board Banquet here Thursday night, he checked behind him to see if Bill Gentry, Tom Robinson or Ivan Block were up to any tricks. Clark "got off" a few funnies before getting serious.

He said he'd been to Washington recently and found that the restrooms were the only place where men knew for sure what they were doing! He also commented that "streaking is a passing fancy." And, he pointed out that "things are so confused these days that even the teenagers don't know the answers."

THE SIMMS Lions Club is sponsoring the King Brothers Circus here Monday with performances at 4 and 8 p.m. The club is providing tickets for many youngsters through donations by merchants. The big show will be held on the Bull Barn parking lot.

IT doesn't appear that too many people were surprised when three runoffs resulted in the Demo primary election here. The runoff election for the county judgeship could be a real humdinger, and it will be interesting to see where Mike Ranspot's votes go in the June 1 election. Another factor could be how many voters return to the polls. The turnout of more than 2,900 was not bad here, compared with vote counts in other towns.

GRADUATION time is almost at hand for Hereford High, and other area schools, and you can be reminded of the event by seeing many shoppers in community stores searching for gifts for the grads. Ditto on upcoming wedding plans for a large number of June brides!

Billy asked his father, "Daddy, where do I come from?"

The embarrassed father gulped and proceeded to go into a long-winded explanation of the birds, the bees, the stork, and anything else he could think of.

Finally, the father turned to his son and asked, "Why do you want to know?"

"Oh," Billy replied, "there's this new kid in the neighborhood and he's from Waxahachie, and I just wondered where I came from."

T.E. Seigler Dies Saturday

T.E. Seigler Jr., 60, former Deaf Smith General Hospital administrator, died after a lengthy illness at 12:30 p.m. Saturday at his home at 216 Centre.

Seigler was given a long leave of absence by the hospital district board in July of 1972, and was later succeeded in the position. He began his administrative duties in 1954, but his service to the hospital began in 1944 when he was appointed a board member.

Under his management, Deaf Smith General Hospital became the first county hospital in the Panhandle to gain accreditation. A new children's wing was built in 1957 with earnings accumulated and gifts. There were four more expansion programs after that, including the emergency room and administrative area in 1961; the east wing in 1963; an x-ray department in 1968; and the new wing completed in 1970.

Seigler was born June 29, 1912 in Jack County and came to Hereford in 1925 from Post Oak. He married the former Joyce Wesson May 17, 1965 in Dallas.

Survivors include his wife, his mother, Mrs. Mary E. Seigler of Hereford; one son, Steve Seigler of Dallas; three daughters, Suzanne Kimball of Mansfield, Rhea Ann and Gaye Wesson, both of Hereford; and one sister, Gladys Landis of Dallas.

Funeral services are pending at Guilland-Watson Funeral Home.

Sophomore's Plight

An odd assortment of strangely-clad sophomores roamed the halls of Hereford High School Thursday when upperclassmen exercised their traditional right to have slaves for one day of the year. The "slaves" were bought Wednesday during a special assembly under sponsorship of the Student Council.

Mrs. Fullwood Buried Tomorrow

Funeral services for Mrs. Robert A. Fullwood, 84 of 206 McKinley, will be conducted at 10 a.m. Monday in Rose Chapel of Gilliland-Watson Funeral Home with burial to follow in West Park Cemetery.

Dr. Jordan Grooms, pastor of First United Methodist Church, and the Rev. H.L. Thurston, retired minister, will officiate.

Mrs. Fullwood, a resident of Hereford since 1918, died Friday morning in a local hospital.

She was a native of Oklahoma, the former Allie Mae Fenton who was born April 22, 1890, in Stigler. She was living in Tucumcari, N.M., when she married Bob Fullwood April 7, 1912. Six years later they came to Deaf Smith County, where his family had pioneered before Hereford was founded.

Surviving Mrs. Fullwood are her husband and descendants to

the fourth generation. Her three daughters are Mrs. Charlie Noland of Hereford, Mildred Walser of Amarillo and Mrs. T.R. Slay of Houston, and her sons are Ralph, of Washington, D.C., and Edward, of Madison, Wis.

She is also survived by a sister, Mrs. Brownlow A. Jacques of Paradise, Calif., a brother, Lloyd Fenton who resides in California; 11 grandchildren, 14 great-grandchildren and one great-great-grandchild.

EDITORS'S NOTE: The following article is the third in a series concerning the influence of rabies in the Hereford area. This episode details the necessary steps when bitten by an animal possibly exposed to the disease.

BY JANIS LOCKHART
Brand Staff Writer

"Panic must not overtake common sense if a person is bitten by an animal," Mrs. Hagar of the Animal Control Authority stressed.

"We must have a description of the animal and an immediate idea of where to go to find it. As soon as you are aware that a child has been bitten, follow the previous instructions concerning notification of a doctor and while the wound is being clean, ask the child to describe the animal," added Mrs. Hagar.

"If the animal is running in a pack, it makes it difficult to find the dog, or whatever kind of animal it is, if you wait too long to call.

"Everyone's cooperation is needed now, not just when someone has been bitten," Mrs. Hagar said.

THE AMERICAN Veterinary Medical Association states, "It should be emphasized that everyone bitten by domestic or wild animals need not undergo anti-rabies vaccination. However, a physician should always be consulted immediately after the bite has occurred, and his advice should be followed.

"There are several situations in which anti-rabies vaccination is imperative. Obviously, if the bite has come from an animal known to be suffering from rabies or having certain suggestive symptoms, the physician will begin vaccination to be mandatory if the animal causing the injury has been killed or is unavailable for observation and diagnosis.

"If, however, the bite was provoked, was caused by an animal ordinarily not associated with rabies (such as mice and squirrels), and occurred in an area where rabies is rarely found, he may recommend against administration of vaccine.

"The animal - be it dog or whatever - should be ap-

prehended, confined, and placed under the care and supervision of a veterinarian. If no rabies symptoms manifest themselves in 10 to 14 days, and it remains healthy otherwise, the animal can be released and the matter forgotten.

"If, however, rabies symptoms appear, the veterinarian will have the animal examined for the presence of rabies virus. Then to begin the anti-rabies vaccination depends on the individual situation and the advice of the attending physician."

"EVERY INDIVIDUAL pet owner may help to prevent rabies in his community by doing the following: First, have your pet vaccinated if you haven't already done so. To insure continued maximum protection, follow your veterinarian's advice and observe your local rabies control regulations," the association stated.

"Second, if bitten by an animal, thoroughly cleanse the wound with soap and irrigate with profuse quantities of running warm water. Contact your physician, Board of Health, or police department immediately. Confine - do not kill the animal.

"Third, obey leash and licensing laws in your community. Fourth, make sure your pet is identified by a license tag and a rabies inoculation tag.

"Fifth, report stray dogs to the police or local pound department, and finally, teach children not to play with strange pets and to avoid handling any wild animal, particularly when it appears to be tame. This is especially important when you are camping," the report concluded.

Two Arrested On Drug Charge

Two 18-year-old Albuquerque men remained in Deaf Smith County Jail Saturday morning in lieu of \$7,500 bond each after being charged Friday with possession of marijuana and dangerous drugs.

Charged were Stephen R. Matthews and Paul A. Schafer. Hereford police officers Joe

C. Brown and Dave Stocker discovered the alleged drugs during a routine search of the pair's vehicle after noticing the two men drinking beer at Dameron Park.

Matthews and Schafer were charged before Peace Justice Glenn Nelson.

approved because it conflicts with proposed Trade Reform Act policy, McMillan said. He said the U.S. cattle industry "simply can't stand financially the continued dumping of a foreign product on our market."

The beef embargo proposal was made to President Nixon by U.S. Rep. Bob Price of Pampa last month. Earlier last week, the Texas Cattle Feeders Association asked the President to reimpose restraints on importation of fresh, chilled and frozen beef in conformity with the Meat Act-Import Act of 1964 to prevent dumping of foreign beef on U.S. markets.

McMillan, just returned from a fact-finding tour of Japan, Australia and New Zealand, said the U.S. should export more beef to those countries. In reference to Japan, he asked, "Know whose beef they prefer, even if it is feed-lot fed?"

They prefer that from the U.S." He said of 160,000 tons of beef exported last year to Japan, 30,000 tons came from the U.S.

"We in the beef industry today are closer to the world market than ever before," he said. "If our consumers don't want our product, we should seek the world market."

The impact of an impending truckers' strike could be greatly lessened, McMillan said, if the President would "use all his powers to make sure those truckers wanting to work, can."

McMillan concluded by saying cattlemen must "select those bills pending in Congress having the worst effect on us and fight them with all the resources at our disposal."

McMillan addressed his remarks to an audience of about 500 persons.

Cattlemen heard lectures Friday by experts in the fields of transportation, disease research, diagnostic laboratories, marketing, feed additives and sorghum.

Small Herd Creates Stir

It looked like a traildrive in the Old West Friday morning at Park Avenue and Highway 385 when three head of cattle were dumped from a semi-trailer truck because of a broken tailgate.

The truck, owned by Missouri Beef Packers, traveled almost a mile along Highway 385 before the cattle were noticed missing.

Spiritual powers are worth having but someone must apply them to our material world.

The way to have an honest government is to have honest voters, as well as honest officials.

Meanwhile, the cattle wandered around nearby shops and stores.

Animal Control Officer Linda Hagar arrived on the scene and managed to pen the cattle with some rope and an old fence just off Cooper Street. By then several pickup loads of cowboys pulling horse trailers and the sheriff's office were in the act. The three wanderers were herded into a small trailer and continued on their way—to the beef processing plant. None had been injured by their fall from the truck.

Another semi-truck was called to the scene and the 32 cattle still on the first truck were loaded into the second and sent on their way.

Lions Reveal New Sweetheart

The new 1974-75 club sweetheart was introduced and the Stanton Junior High Girls' Choir performed as the Hereford Lions held their weekly luncheon meeting Wednesday at Civic Club Center.

Jeannine Bradley, 17, daughter of Lion and Mrs. Bill Bradley, was presented as the new sweetheart by president-elect Wayne Lady. Miss Bradley will be a senior next fall at Hereford High, where she is active in the band, Leo Club, and Vocational Office Education program. She

will succeed Debbie Hale as the sweetheart.

The Stanton group, under the direction of Douglas Morris, present a variety of number for the enjoyment of the Lions club. The "Dogettes", a group of 12 girls, also presented several musical numbers for the club. President Jim Hale displayed the "Outstanding Club" plaque which the Hereford club received at the District 2T-1 Convention in Dumas the past weekend. The award goes to the club which accumulates the most points on various activities. The Hereford club is the largest in the district with 220 members, and ranks in the top 40 in the world.

Hale also announced that Lion Jim Holmes won second place in the Lions' district golf tourney at Dumas. A number of guests were recognized at the luncheon.

Saying Farewell Is Moving Experience

(EDITOR'S NOTE: This is the final article of a nine-part series relating the problems involved in moving a family from one town to another. In this final article, the writer relates the personal experiences of leaving Hereford to move to another city.)

BY JANIS LOCKHART
Brand Staff Writer

This is not only the last of the series concerning moving, but it is also the last time this reporter will be writing for the Hereford Brand.

We have been transferred. Yes, for the last two months we as a family have been experiencing everything that this news series covered.

WE NOW HAVE a new home in Austin and for the most part are still pretending how excited we are about our new adventure. In reality we are pleased with the wonderful promotion, the great job that our husband and father is doing, and at the same time feeling very sad at the thought of leaving our home that we have enjoyed for a little over a year.

We have been transferred many times, but never have we been forced to leave as many friends as this time.

There is no doubt in my mind that we will find great friends in Austin, but never can I forget my present employer and his family, plus the many friends that accepted us as a part of this community seemingly without hesitation.

ONE OF THE things that we will miss most of all about Hereford is having the teenagers coming in and out of the house to fix pizza, play ping-pong and all of them becoming almost a part of our family. Wish we could take them with us.

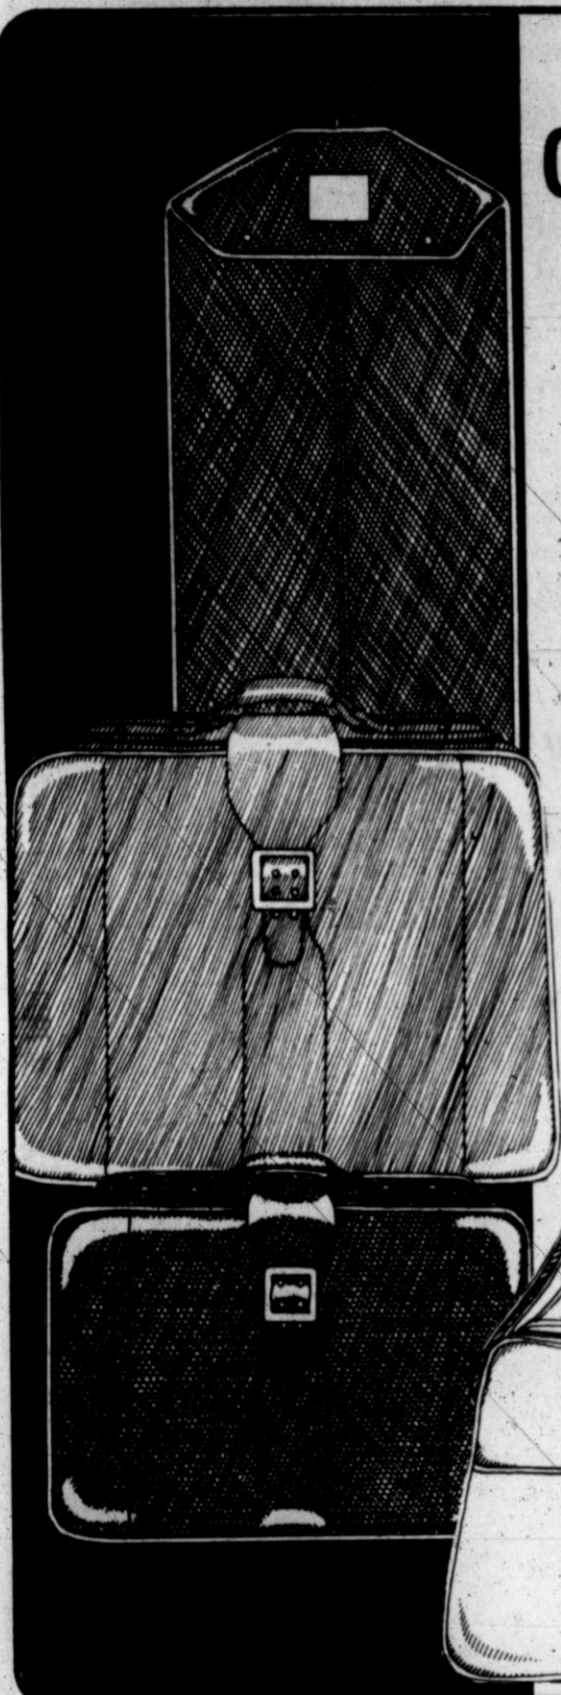

If the town of Hereford accepts, treats, and befriends everyone as they did our family, it can not help but be known as the Friendliest Town on Earth.

It has been great and will not be forgotten ever by the Lockhart family.

Brother Of City Residents Buried

Funeral services for Joseph Anthony Warren, 66, former postmaster and merchant at Nazareth, and brother of four Hereford residents, were conducted Saturday morning with the Rev. Stanley Crochiola, pastor, officiating for the funeral mass in Holy Family Catholic Church.

Mr. Warren died Thursday in a Dimmitt hospital after a heart attack. A native of Kentucky, he had lived 38 years at Nazareth. In addition to his wife, two daughters and two stepsons, he is survived by four sisters including Mrs. Lucille Wilhelm and Mrs. H.J. Wilhelm of Hereford, and five brothers including John and Walter Warren of Hereford.

Members of various churches in the Hereford community are welcome to attend these lectures. The church will provide a free nursery for children under five years of age.

I would like to express my thanks and gratitude to each and every person who helped me and the Newcomers Club make the Second Annual Cutest Kid Contest the success it was. We were very pleased that everything went so well. The community helped to bring in entries, and created enthusiasm for the contest.

The club would like to send a special thank you to Sherry Hoover of the Hereford State Bank, Sharon Oesterreich of the Carousel Beauty Salon, and Furr's Supermarket for their assistance with the entry blanks, to the Judges and Master of Ceremonies, Len Slesick, who came in from Amarillo, to Larrymore Dance School and Mrs. Allen Evers for entertainment they provided during the awards program.

Thank you all to club members, again, for your well spent time and effort, and thank you to Hereford.

We hope to see you at next years program.

Registration Set For Summer Term

Registration and the first day of classes begins Tuesday for the summer term at the Amarillo College School of Vocational Arts, 6222 W. 9th. Summer study fare will include air conditioning and refrigeration, automotive mechanics, diesel mechanics, welding, and commercial electronics. Everett Williams, dean of the school, has requested that prospective students submit an application form in advance of registration. The forms are available at the school's Administration Building.

New full-time students may begin registration at 9:30 a.m. New part-time students may start at 6:45 p.m. Full-time students already enrolled will register at 8 a.m. and part-time students returning to the campus will sign up at 6 p.m. Late registration is scheduled through May 20. Full-time tuition for welding studies is \$105. Each other course entails \$75 tuition. Tuition for the evening welding class is \$65. Other half-time courses cost \$50. The term will end August 4.

Pledges Needed For Bike-A-Thon

Dale F. Jones announces that entries are still open to participate in the Deaf Smith County Bike-A-Thon on Saturday which is a benefit for the American Cancer Society. The charity event is open to any age group on non-motor-powered vehicles. All proceeds will be given to the local county chapter and forwarded to the state organization. Entrants are urged to obtain as many sponsors as possible with each signing both copies of the sponsor's record and pledge form. These forms can be obtained at the following locations: Radio KPAN, First National Bank, Hereford State Bank, the principal's office at any Hereford school, and Jones Motors. Included in the form is a waiver which must be signed by a parent or guardian if the rider is under 18 years old. Prizes will be awarded to the cyclists adding up the largest contributions with 1st place winner receiving a high-quality 10 speed bicycle, retailing for \$110. Other winnings will include: 2nd place (for the most sponsors) a generator enabled to power headlights and taillights on bicycles, worth \$8.49; 3rd place a Condor horn for bicycles, worth \$4; and other prizes given for placing in the top seven. Prizes will be given to the youngest entrant and to the greatest participation by a family. Winners will be announced May 30 and all money must be turned in by May 25 in order to be eligible for contest prizes.

Ethnic Forum Comes To Close

Betty Oglesby and Lera Wartes of Hereford completed their participation in a new Multi-Culture Education Seminar hosted by West Texas State University and the Panhandle Education Service Organization at a banquet on the WTSU campus, Monday night. The evening's activities included displays prepared by several of the seminar's participants which were designed to improve their instruction on a multi-culture level. "Culture is a way of life," noted seminar instructor and WTSU professor Jack Nance. The course was designed to assist teachers and administrators to plan, organize and develop materials for classes of varying cultures. The seminar's goals were to enable its participants to assess the needs of students in a multi-culture classroom, make use of the materials already available and create new ones, and integrate varying cultures into a systematic teaching approach and be able to both plan lessons and evaluate their success.

Watson Boosted To Master Sgt.

Raymond O. Watson, 16-year-old son of Mr. and Mrs. Orval Watson of 216 Northwest Drive, was recently promoted to the rank of Master Sgt. at the annual GI Inspection Ceremonies, conducted by a group of eight Army officials from Washington, D.C. at New Mexico Military Institute (NMMI).

The institute is a distinguished honor military school established in Roswell, N.M. in 1909.

Watson entered NMMI as a sophomore in August 1972. Upon completion of his "Rat" (new cadet) year in May of 1973, he was promoted to PFC.

At mid-term of the current school year, he was promoted to Senior status for outstanding grades, leadership abilities and high school credits. During this time, he has held the ranks of Corporal, Buck Sgt., Staff Sgt. and Commander of the Goss Rifle Drill Team.

Watson hopes to obtain an appointment to the U.S. Air Force Academy upon completion of two years of junior college at NMMI.

TB On Rise In Texas

The American Lung Association of Texas reported today that a comparison between the first four months of 1974 and 1973 shows an increase of TB cases for the current year. State Health Department statistics for the period in 1973 reported 637 cases whereas 963 cases have been reported thus far in 1974.

Glynn B. Roland of Amarillo, president of the Top of Texas Area of ALAT, stated that the five year median of reported TB

cases stands now at 60 cases per week in Texas.

Warning that the public must not be complacent toward TB as a public health menace, Roland said the Christmas Seal group advocates a tuberculosis check-up as an integral part of all physical examinations.

Symptoms of TB usually consist of persistent fatigue, expectoration, and cough, though symptoms often do not become apparent until the disease has advanced considerably. Non-pulmonary tuberculosis, such as TB of the bone or kidney, may cause fatigue and pain, but neither cough nor expectoration.

Hardest hit by the rise are dense population centers where contagion spreads most easily, Roland said, adding that a number of cases have never been reported in the relatively sparse population of the Panhandle.

Serving Deaf Smith County are Mrs. Jewel Smith, Mrs. June Rudd, R.N., and Dr. Clyde Rush of Hereford.

The Bobby Boyd Quartet

By Bill Albright, Executive Vice President Deaf Smith County Chamber Of Commerce

Action! That's what it takes for every worthwhile program. And Action is what's taking place in the committees and councils of your Chamber of Commerce on a daily basis. But there's more; when local organizations begin taking action related to the programs of the Chamber, then we've really got a unified project underway.

The Basketball Game between the Noon Kiwanis and The Breakfast Kiwanis Clubs of Hereford is a perfect example of uniting community effort toward a common goal. The game will be played on Tuesday, May 14th at La Plata Gym 7:30 p.m. with all proceeds going to the fund to establish a recreational facility in Hereford.

have knowledge of and sincerely hope there will be many others. Tickets are \$1 for each person and can be obtained from any Kiwanian or purchased at the door-let's give our support to this initial effort and help keep our community on the road to progress.

IN ANOTHER CHAMBER related activity, the Bi-Centennial Committee has launched action to have our community designated and recognized by The American Revolution Bi Centennial Commission of Texas and by The National Bi Centennial Administration.

Mrs. Joe Reinauer Sr. and Mrs. Clint Formby, Co-Chairmen of the committee initially formed by the Womens Division of The Chamber, have received approval from both

city and county officials and have applied for the coveted state and national designation. If all goes according to plan, The Red, White and Blue Fourth of July-1974 will be the kick off date here in Hereford and Deaf Smith County. Dedication of the new Deaf Smith County Library will be coordinated by the Bay View Study Club and will include music by the High School Band, presentation of colors, designation of the activity room as The Bi Centennial Room, and open house. This event is planned for 2 p.m.

The Committee will be considering continuing the celebration with a Barbecue, a patriotic program including music and presentation of official Bi Centennial Status, possibly followed by a fireworks demonstration. Sounds like a "Bang Up Program". Keep up the good work gals - The committee is meeting on Wednesday, May 15, at the Hereford Country Club to discuss projects and ideas for the Celebration.

By the way, our county was officially created on August 21, 1876-So we'll have our 100th Birthday while our nation celebrates its 200 Anniversary. Guess we'll have to double our dose of Hustle Hustle Hustle!

This is the first such event we

Trustees Are Honored

Two Hereford School Board Members who retired as trustees this year were recognized here Thursday night at the annual School Board Banquet. Shown receiving special certificates of appreciation are Dr. A.T. Mims and Hilrey Aven, accompanied by their wives.

Program To Include County

Texas A&M University is launching a new Manpower Development Program in 11 High Plains counties under the

Rural Development Act of 1972, according to County Extension Agent Juston T. McBride. Deaf Smith county is included in this program.

McBride said that an announcement by Dr. H.O. Kunkel, Dean of Agriculture, Texas A&M University, indicated that the university will develop and implement the 3-year pilot program in these counties as authorized by the U.S. Department of Agriculture under Title V of the act.

He also reported that recent estimates by the Texas Employment Commission and the Texas Panhandle Manpower Area Planning Council indicate that growth in the beef cattle feed-lot industry and other industries on the High Plains area has resulted in an estimated 8,000 new jobs to be filled by the end of 1974.

The Texas A&M directed effort will involve Carson, Castro, Deaf Smith, Gray, Hansford, Hemphill, Hutchinson, Moore, Ochiltree, Parmer, and Roberts counties. Potter and Randall counties also will be involved in the program since Amarillo is the economic hub of the project area, McBride adds.

Close coordination between the various agencies involved in manpower recruitment, training, and development is essential to provide needed workers in these counties, he said.

Objectives of the project are: 1. To determine Manpower needs and availability. 2. To develop and evaluate effective Manpower recruiting and screening programs for deficit job categories. 3. To assist area employers and appropriate agencies with Manpower and personnel management training. 4. To provide orientation and counseling for relocated workers and their families. 5. To evaluate the social and economic impact of expanded employment on the community.

Local committees will be organized by the Extension service as part of the on-going county program-building organization in each county. County Extension Agents and staff from Texas A&M will be initiating the program with local leaders in the immediate future.

Hereford Hosts AAU Region Boxing Meet

By Dan Welty
Sports Editor

Hereford will play host to the AAU Region Nine Junior Olympic Boxing tournament this summer, with boxers from three states traveling to this Panhandle city to compete for berths in the AAU National Junior Olympic Tournament.

Tickets will go on sale for the two-day event Monday, and will be available from the Chamber of Commerce, Hereford State Bank, First National Bank, and will be sold by Junior Law Enforcement and 4-H members, with the club members getting a percentage.

Boxers, ages 12 through 15, from Texas, Louisiana, and

Mississippi will compete in the Bull Barn June 7th and 8th for regional titles. The three states comprise Region Nine of the AAU, with Region Nine being divided into five districts. Boxers who compete here are district champions in their divisions, and the regional winner will travel to Peoria, Ill. in August to vie for the national title.

During the Junior Olympics, Felipe Luna won district, won the regionals at Granberry near Dallas, and went to the Nationals at Columbia, where he was defeated by Ray Leonard, this year's national champ from Washington, D.C.," Wheeler said.

"Last year, we had 60 boys involved in the team, with four boys who won district and went to New Orleans for the Region Nine tourney. Mike Castro, Sr. lost in the semis, Felipe Luna lost out early in the tourney, and Armando Castro lost in the first fight. Frank Celeya was defeated in a close decision in the finals in intermediate division. This year Frank is the only boy of the four back, and he will be boxing in the 132-pound senior division. Frank has had 18 fights, won 16 of the 18, with seven of them by knockouts. Frank has one more year in the program.

The man instrumental in bringing the tourney to Hereford is Adult Probation Officer Harold Wheeler, with his work on the Hereford Boxing Club now in its third year. In 1972, Wheeler organized a board of directors for the club, with Judge Glen Nelson, Dr. Kenneth Hunt, Tom Kendrick, Ed Wilson and Wheeler himself serving on the board.

"We set up laws governing the club and incorporated it. The first year we got started late, but 54 boys took part in the

Readying For Regionals

Hector Guerrero, left and Vincent Guerrero, Jr., right, warm up in a practice match in preparation of the AAU Region Nine Junior Olympic Boxing Tournament to be held in Hereford in June. Both will fight in the intermediate division.

"This year we have 76 boys in the program, and have two coaches to help. Vincent Guerrero, Sr. and Joe Gonzales joined us at about mid-season. After three years in our program, we have had no boys hurt in any way. We require that

they use headgear when in the ring and mouthpieces. If at any time during a bout a referee or coach feels the fight should be stopped, it will be."

The Hereford Boxing Club will have four members in the Regionals tourney held here in June, although they will be boxing under the team name of the West Texas District. Frank Celeya will compete, and was mentioned above. Eddie De Leon will compete for the first time in the Junior Olympics, in the 139-pound senior division. Eddie won the regional Golden Gloves this year and was presented the Hamilton award at the regional Golden Gloves tourney. The award is given to the outstanding high school boxer of the tourney.

Vincent Guerrero, Jr. will box in the 95-pound intermediate division, his first year in the Olympics also. Vincent has proven himself a strong contender by defeating Dusty Price of Levelland at the district finals.

Hector Guerrero will fight in the 90-pound intermediate division. Hector gained the Region Nine berth by defeating Arthur Amalla of Lubbock in the district finals, and has been with the club the three years it has been boxing.

The tourney will bring a large amount of outside revenue to Hereford, but most of it will go back into youth programs in the

area. Two organizations will contribute to the actual tournament, with a third enlisted to help the Hereford Boxing Club next year.

The Junior Law Enforcement Organization of Hereford will sell programs at the tourney with the funds they earn going to help in their various functions. The Home Demonstration Club will run the concession at the tourney, with a per cent of the proceeds going to 4-H Club members raising money for a trip to Washington, D.C.

Wheeler says, "We have always been the Hereford Boxing Club and ran under the support of various people in the community with none of them over the club. This coming year a deal has been made with the Deaf Smith Law Enforcement Officers for them and their wives to run the concessions at our meets, help with the tickets, and other things that need to be done. They will work on a percentage basis with the understanding that the money taken in on their part will be placed back in on other youth activities in the community."

Baseball To Benefit MD Fund

Tickets are on sale by local members of the area Muscular Dystrophy Association for a benefit baseball game in Memorial Stadium at Amarillo June 9, which has been designated as MD Day and all proceeds assigned to the Muscular Dystrophy fund for patient care and research.

She reported that youth sessions were centered around new ways of raising funds, activities for the patients and recruiting volunteers. Ideas were discussed for a state youth conference to be held in July. Twelve youth delegates attended, representing as many Texas chapters.

The Amarillo Giants are matched with Little Rock for the day's game, to begin at 2 p.m. There will be clowns and other entertainment for children. All area children who are MD patients will be guests at the game.

DON MEREDITH has departed from ABC, where his sportscasting transmuted him from a Dallas Cowboy football prima donna to a minor TV folk, ham chewing, hero. Dandy Don has signed a long-term contract with NBC. He really wants to become an actor.

Priced at \$1.50 tickets may be obtained by calling the Sam Mazurek home.

A Hereford youth member, Donna Stengel, recently attended a Chapter Delegates' Conference for the Texas Region at Dallas, as youth delegate from the Panhandle Chapter.

Clubs Clash Tuesday

Game of the century? Not hardly. The exhibition game between the Whiteface and Noon Kiwanis Clubs could turn out to be the poorest sample of court action this season.

The tilt, featuring businessmen disguised in cager attire, is being played to start a fund for a YMCA-type complex in Hereford. All tickets are general admission and will cost \$1 each. The entire proceeds will go directly into the fund with neither the Whiteface or Noon Kiwanis Clubs realizing one cent of profit for the project. "Admittedly," said Cecil Boyer, Whiteface Kiwanis president, "the money we raise through this game will be a mere fraction of the total needed to pay for the type of complex Hereford kids deserve. However, it is a positive step in the right direction and you can't get anywhere until you take that first step."

President of the Noon Club, Howard Birdwell, commented, "We aren't basketball players by any means; by playing in public like this, we're totally forgetting about our pride. "All we want is for this game to be a success for the sakes of young people in Hereford."

THE YOUNG ONES

The event will begin at 7:30 p.m. Tuesday in La Plata Junior High gymnasium. Tickets will be available at the door or from any Kiwanis or Key Club member. Entertainment will be provided during half-time and a concession stand will be open.

Hunting Seasons Set For Texas

Texas Parks and Wildlife Commissioners have set the deer season in Texas to run from Nov. 16-Jan. 1, 1975, and fashioned other hunting, freshwater fishing, and trapping regulations.

Quail season over most of Texas will run an additional weekend, from Nov. 16-Feb. 16, 1975.

To put more teeth in the enforcement of game and fish regulations, commissioners approved a ruling which will make each game bird, animal furbearer and fish taken illegally a separate offense.

on flathead catfish to five and 10 fish in possession. Daily limits on blue and channel cats were also set at 25 in the aggregate and possession of 50 in the aggregate.

A regulation outlawing the use of "noodling" poles, hand-operated devices used to snag fish, was passed by the commission in an effort to reduce fishing pressure on catfish.

Gathering game fish eggs from the public waters of Texas is now forbidden. This is to prevent the collection of game fish eggs for private use.

In the Panhandle, only buck whitetails and buck mule deer may be taken during the special October archery season.

Aoudad season runs from Nov. 16-22, 1974, in the Panhandle counties of Armstrong, Briscoe, Donley, Floyd, Hall, Motley, Randall and Swisher.

A story in the June 26, 1930 issue of The Hereford Brand suggested cattle feeding operations.

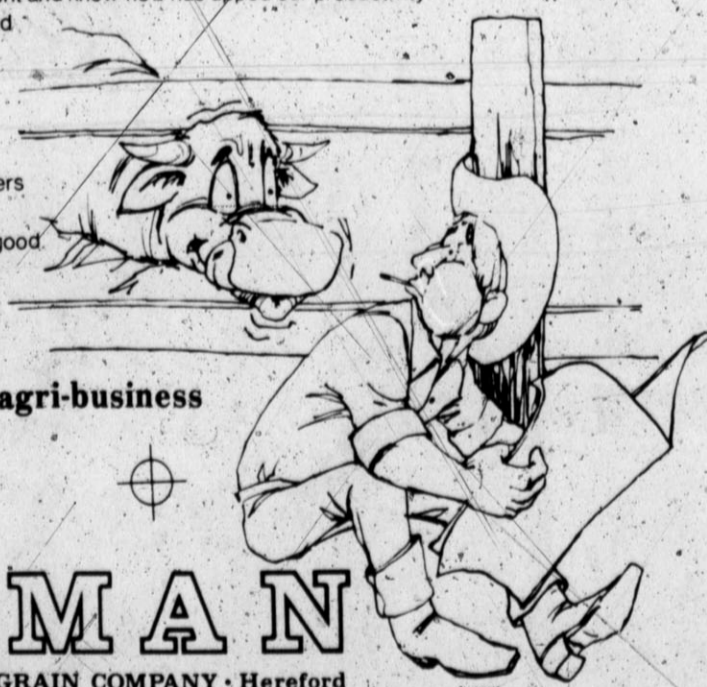

A farmer had to do something with his wheat.

On June 26, 1930 the wheat market was so slow that The Hereford Brand carried a story suggesting that the best place for farmers to store wheat was in their own cattle.

Those were hard times. For us and for the grain producers... many of whom are still our customers today. It wasn't easy but a lot of us managed to survive.

Things have changed. And, mostly for the best. A hungry world is crying for our wheat and grain-fed cattle. Modern equipment and know-how has upped our productivity. We at Pitman Industries have changed with the times, too. Like making improvements in our facilities, equipment and methods.

One thing we haven't and won't change: our concern for our customers and that closeness that only comes from sharing the hard times and the good.

TENNIS

BY PETE FRITCHE

Washington, D.C. -- Stan Smith, just a year or two ago the accepted number one tennis player in the world, is suffering from what so many top stars encounter after scaling the very top.

In upset after upset in the last year (and his failure in Davis Cup play also), it's said he has lost that concentration (and confidence) that carries a champion when more doubtful souls falter along the way.

It's easy for professional tennis players these days to succumb to that malady; their schedules are far more demanding than before the tennis explosion. They're traveling constantly and a winning edge must almost constantly be maintained in the face of a grueling travel schedule, repeated challenges, etc.

And today there are many more good players ready and able to challenge the top player. One wonders, therefore, if the individual dominance of tennis, as we have known it in the past, is one of the casualties of the greatly expanded tournament play we see in tennis today.

One can say with certainty it will be much more difficult for any one tennis pro to dominate today's game for any considerable period of time--unless he carefully limits his tournament play and is really a phenom.

Family Makes Life Complete

By JANIS LOCKHART
Brand Staff Writer

Devoted To Motherly Duties

Mrs. Lavon Pagett of 218 Ave J. typifies the joys and struggles of raising children in the hectic pace of the seventies. The mother of four explains the situation of caring for a family while working full-time.

Mrs. Lavon (Mary Ellen) Pagett plays many roles in her everyday life. Wife, mother, chauffeur, nurse, and career as a secretary, are just a few of her many chores or pleasures she is called upon to do.

With four teenagers at home, Greg, Tammy, Terry and Keith, one may find her out watching a little league baseball game or at home sewing a new dress for one of the girls after working hours.

"I ENJOY what I have to do to keep the house running smoothly, even though at times I can't see how all of it can get done on time," said Mrs. Pagett.

"There is a lot of cooking to do and even more so if anyone is on a special diet. Our dinners are sometimes eaten in shifts, depending on what activity each child is involved in, and also their dislikes and preferences in foods.

"One may be eating a sandwich, while another is waiting on what I have chosen to fix for the evening meal," added Mrs. Pagett.

"THINGS CAN become hectic when a school function means a trip for one of the girls and immediately a new wardrobe must be made and at the same time one of the most important ball games is taking place and you should be there to yell for your sons team. It always works out, but for a moment you might feel a little twinge of panic," said Mrs. Pagett.

"There is work involved when raising children, but I would not trade with anyone for what I have. I love my children and I feel I have their love and that is all I want.

"My children are never to feel that they owe me, for what I do," added Mrs. Pagett. "I just hope I can deserve their love and respect, that along with my husband's love, my life will be complete."

Mongrel Dog Show Slated For Summer

United Sheriff's Posse and Riding Club will be sponsoring its first annual Non-Pedigree Dog Show on July 13 at 22:30 p.m. in Dameron Park.

Though applications for entry will not be accepted until June 10, the Animal Control Board urges all prospective entrants to take advantage of the rabies clinic that will take place from 2-6 p.m. Saturday at the Hereford City Fire Department.

Entry rules for the dog show will include: 1. Entrants must be 14 years or younger; 2. All dogs must be vaccinated

against rabies for 1974 and be able to show valid proof of vaccination; 3. All dogs must be leashed; 4. Dogs cannot be AKC registered; 5. An entry fee will be required of \$1 for each dog.

Trophies, ribbons and plaques will be awarded to winners in selected categories.

Linda Hagar, of the Animal Control program said, "We encourage all pet owners to support our city in its rabies control drive by having their dogs and cats vaccinated each year."

"Let's keep our pets healthy."

District Bids Brown Goodbye

J.C. Brown, District Conservationist in Hereford for the Tierra Blanca Soil and Water Conservation District, has been promoted to District Con-

servatorist in San Antonio, with his duties covering the Alamó Soil and Water Conservation District, including most of Bexar County.

Brown has worked in Hereford for the last five and one-half years with the conservation Service, and was honored Friday night with a farewell party at Dickie's Restaurant.

Brown and his wife, Mary Lou, both natives of Florence, Texas, moved to Hereford in

January of 1969. Brown graduated from Texas A&M in 1962, and after a two year tour of duty in the army, began work for International Harvester, but soon switched to the Soil and Water Conservation Service. He served in the conservation program first in Anson community, moving up to Seymour, and then to Plainview before coming to Hereford.

Brown and his wife have three children, Danny, 9, Jennifer, 7, and Shanna, 3.

'74 Grads Dine, Dance

Maytime decorations set the scene for the 1974 Senior Banquet and Prom Friday evening in the County Bull Barn, where this spring's graduates of Hereford High School and their guests, a total of more than 300, were entertained.

A 1970 graduate of HHS, Percy Mays of San Francisco, was the banquet speaker. Now associated with the Campus

Crusade for Christ, Mays gave an inspirational talk between musical selections. Dan VanderZee, class president, was master of ceremonies and welcomed dinner guests.

After the invocation by Donna Munnerlyn, vice president, a humorous skit with songs, Interviews With Seniors, was presented by Steve Loerwald and Tom Simons. The Solid Gold, a student band, played to

close the program. Andrew Wingert, secretary, gave the benediction.

Betty Mercer, class coordinator, and the sponsors, Coleen Billingsley, Betty Oglesby, Dorothea Prowell, Sue Painter, Paul Abalos, N.D. Kelso/Steve Thomas and Bill Gentzel, were introduced with school officials who were guests.

Hurricane lamps lighted the tables, alternating with small Maypoles the length of each table. Class flowers, daisies, wreathed the base of each Maypole.

After dinner the group danced under white and yellow streamers of a tall Maypole set in the section of the auditorium which was arranged as a ballroom. Large daisy cutouts were pasted around the walls. Music for dancing was by Dillinger.

D.C. Martin

Martin Honored By PTO Members

Members of the Aikman Parent-Teacher organization presented D.C. Martin, retiring principal at Aikman Elementary School, with a plaque in appreciation of his 18 years of dedicated service to the school Thursday evening.

Following the presentation Joan Latham, music director, and her fifth grade music class presented the program entitled Sing About America.

Leading the installation of PTO officers for 1974-75 was PTO president, Mrs. Donald Cox. Betty Mercer was installed as new president; Mrs. Gayle Cornelius and Mrs. Allen Parson as vice-presidents.

Also, Mrs. JauDon McCathern, secretary; Melody Record, treasurer; Mrs. Burke Inman Jr., parliamentarian; Mrs. Pat Parker, historian; Mrs. Floyd Eubanks, reporter.

Also, during the business session, winners were announced in the PTO membership contest. Winning first place was Carolyn Waters fifth grade class, Sidney Kerr's fourth grade class and Melody Record's fifth grade class.

It was reported that the PTO will pay the balance of \$75 due on the new trophy case at the school.

Senior Citizens Reaping Honors

BY ARGEN DRAPER, HOME DEMONSTRATION AGENT

MAY 15 Senior Citizens Month, both statewide and nationally. For senior citizens, it's a time they hold a special place of honor. For those not yet senior citizens, it's a time for planning that phase of life so it can be a healthy, happy, contented one.

In planning for older years several factors are important, including housing and health plans. Plan a home that will adapt to retirement living. Plan for transportation needs. Choose a home near shops, church and a medical center.

Develop interests or hobbies with the idea of further developing them during retirement. Don't wait until retirement to find them.

HAVE periodic health checks, a person's state of health in younger years influences his state of health in later years.

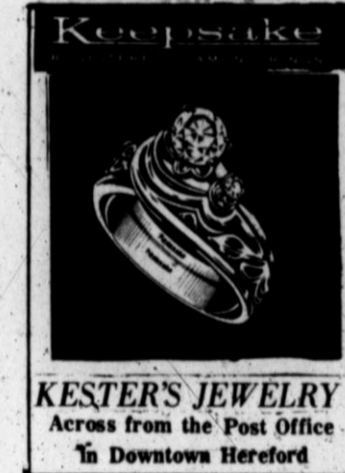

We're all progressing, each day, toward a time of life that can be fulfilling, but only if we make it so. Thoughtful planning for retirement helps assure a satisfying period of older years. Senior Citizen Month in Deaf Smith will be celebrated by honoring the fellow citizens who have reached a status of seniority and respect. Our aim is to keep all citizens in the mainstream of life.

There are several things planned to choose an outstanding senior citizen. I hope we have many nominations. It is an honor to be nominated by friends.

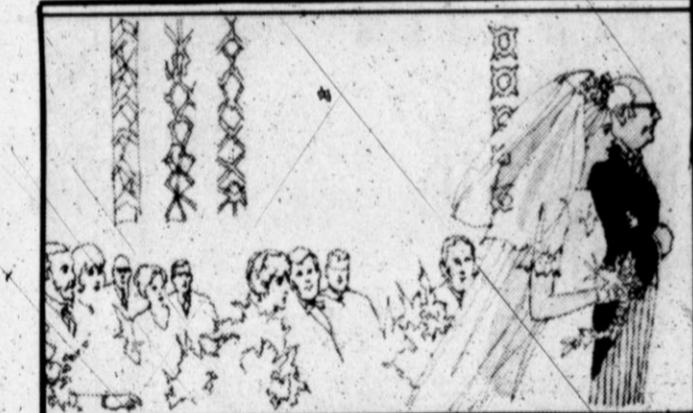

HURRY, hurry hurry! Only a few of those precious kittens left. They would make excellent gifts for Mother on her day.

SEW Fair, Thursday, May 16 3:30 p.m., Bull Barn. A very good program will be presented.

A FRIENDLY note for Mrs. Arch (Margaret) Conklin. We really appreciate hearing from former residents who mean so much to us and to the

WHAT'S better than salads in the spring? Here are some choice recipes.

CANTALOUPE WALDORF SALAD

- 2 c. diced cantaloupe
- 1 c. diced pineapple
- 1 c. diced fresh peaches
- 1 c. minced celery
- 1/4 c. poppy seed dressing
- 1/4 c. chopped nuts
- Mayonnaise

Marinate in dressing for 10 minutes. Drain off excess dressing. Arrange on lettuce, adding nuts. Top with mayonnaise.

POPPY SEED DRESSING

- 1/2 c. sugar
- 2 t. dry mustard
- 2 t. salt
- two-thirds c. cider vinegar
- 3 T. onion juice
- 2 T. poppy seed
- 2 c. salad oil

Stir thoroughly first five ingredients. Add oil and beat until thick; add poppy seed. Strred red cabbage, thinly sliced avocado and halves of fresh grapes makes a fast and simple salad. Use poppy seed dressing.

MANDARIN ORANGE SALAD

- 1 pkg. orange Jello
- 1 small can frozen orange juice
- 8 oz. carton sour cream
- 2 T. lemon juice
- 1 c. hot water
- 1 can mandarin oranges, drained
- 1/4 c. mayonnaise.

Dissolve jello in 1 c. hot water. Mix in UNDILUTED frozen orange juice. When cooled, add the thoroughly drained fruit. Chill. Combine sour cream, mayonnaise, and lemon juice. Spread over the salad (when salad is chilled and firm).

U.S. funds spent on Agnew after resigning.

Ewbank begins duties as Jets' vice president.

SOUR CREAM SALAD

- 2 cartons sour cream (8 oz. size)
- 2 T. lemon juice
- one-third c. chopped nuts (more if desired)
- 9 oz. can crushed pineapple, drained
- 1 banana, mashed
- three-fourths c. sugar
- 1/2 t. salt
- 3 T. Chopped maraschino cherries (more if desired for taste and color)

Mix well cream sugar, lemon juice and salt. Blend in nuts, cherries, pineapple and banana. Freeze in a 9x13 dish. Keeps several days.

Fraternity's Anniversary Is Special To J.K. Baker

Mr. and Mrs. James K. Baker, 116 Texas, have returned from Pittsburg, Kan., after attending the golden anniversary reunion of his fraternity, Sigma Tau Gamma, May 3-5 on the campus of Kansas State College.

Baker was honored as one of the founders of Epsilon Chapter of the fraternity at the Pittsburg college in 1924. He was its first

initiate and first president. A plaque in recognition of that fact was given him by present members.

He also received a 50-year pin and another plaque inscribed, "In recognition of his services to and support of the Epsilon Chapter of Sigma Tau Gamma Fraternity, James K. Baker is hereby designated as a Golden Epsilonian, May 4, 1974."

A scholarship founded by the Bakers was awarded during the weekend programs. A recipient from chapter members is chosen in May each year by an alumni committee to receive this James K. and Kathleen Baker Award.

Mothers Day Is Program Subject

Attuned to Mothers Day, a devotional talk titled "Call Her Blessed" was presented at the meeting of Avenue Baptist Victory Class Thursday evening by Mrs. John Townsend, followed by the reading of a humorous piece on motherhood by Erma Bombeck.

Mrs. Townsend was hostess in her home. Mrs. Bill West presided for business, which included reports on visits to the ill, elderly and prospective members. Class officers are to be elected at the next meeting, June 13, in Mrs. Herman Hendrix's home.

Members present were Mmes. Jim Noyes, Bill Wall, C.E. Coleman, G.W. Duncan and Hendrix.

The Hereford man presided at the All-Epsilon Chapter meeting, a men's buffet in the chapter house. A gift presented to the first and the present chapter presidents was a handsome clock which could not be conveniently divided, the recipients agreed, so it was hung in the chapter house.

The one-thousandth member of the chapter was initiated during the reunion; it is now the largest fraternity organization on the campus, Baker noted.

The Bakers have attended a number of the fraternity reunions in past years but say the 50th was especially pleasant in many ways.

A Sorry Lot Judge--When you married him you promised to share his lot, didn't you? Wife--Yes, but I didn't know then that it was just a lot of trouble.

Out-Of-City Guests Are Entertained

After the reception last Sunday honoring Mr. and Mrs. Ralph McCullough on their golden wedding anniversary, out-of-town relatives and overnight guests here for the party were entertained with dinner in Dickies Restaurant.

Hosts were the McCulloughs' children and grandchildren who had honored the couple with the reception. They are Mr. and Mrs. James Killian and Julia of Clovis, Mr. and Mrs. Pat McCullough and sons, Don and Clay, of Wichita, Kan.

Anniversary songs were played by a combo during the

dinner. Tables were decked with gold-tinted carnations and chrysanthemums.

Diners were the McCulloughs and Mrs. Pat McCullough's parents, the J.C. McCrackens, of Hereford; Mr. and Mrs. Maurice Sloan of Enid, Okla.; Mrs. William Dauer of Lincoln, Neb.; Olive Halek of Fairbury, Neb.; Mrs. Lynn Tillerson of Marlow, Okla.

Also Mrs. Russell Sandels of Loveland, Colo.; Mrs. Dorwin Chiles of El Reno, Okla.; Lawrence McCullough of Oklahoma City, Mr. and Mrs. Ray McCullough and Mrs. Don McCullough of Amarillo.

Westway HD Club Elects Officers To Second Term

Members of Westway Extension Club re-elected officers at their meeting Thursday afternoon in the home of Mrs. Fred Sherman.

Mrs. Arnold Fangman was re-elected president; Mrs. Orvel Williamson, vice-president; Mrs. Andrew Kershen, treasurer; Mrs. Albert Lamb, reporter; Mrs. Joe Artho, council delegate.

Lessons In Clothing was presented in three parts by Mrs. Williamson, Flame Proof Material In Sleeping Garments; Mrs. Fangman, How Clothing Affects Children; Argen Draper, county home demonstration agent, Fits

In Clothing.

Mrs. Jewel Ellison and Mrs. Jim Vines and children were recognized as guests. Members present other than those mentioned were Mrs. J.C. Morrison, and Bess Werner.

TEEN LEADERS TO MEET

The county 4-H Teen Leaders Association will meet at 7 p.m. Monday in Community Center.

Dotted swiss is popular for the bridesmaid's outfits. Floppy transparent hats are also favorites for the bridesmaids.

Miss Warren Honored In San Antonio

Thelma Warren, daughter of Mr. and Mrs. John Warren, Star Route, was one of 74 students honored in a Stripping Ceremony held in San Antonio recently.

The stripe she received on her nursing cap denoted completion of three years of studies toward a bachelor of science degree in nursing.

Miss Warren is a member of the Nursing Student's Association and is currently serving as president of Alpha Delta Sigma social sorority of Incarnate Ward College where she will graduate next spring. She is an 1971 Hereford High School graduate.

Summer Swim Instructors Classes To Begin Monday

Final call for registration in the first senior life saving course of the county Red Cross water safety program is issued by Mrs. Richard Zinser, chairman.

The class will begin Monday and be completed next Saturday, with daily sessions from 4 to 7 p.m. at the municipal pool in Dameron Park. There is no charge for instruction but each enrollee is to pay a pool fee of \$2.25.

Immediately after this course, a water safety instructors' course will be held May 20-31 to qualify instructors for the summer swimming program due to begin June 3.

More instructors for this annual Red Cross Water Safety program are needed. Mrs. Zinser explains, for an expanded schedule of classes; this summer. Because of the overload of pupils in recent years it has been decided to hold

a fourth session so the number of students in each class can be kept down to a level where the instructor can give more attention to each child.

This entails the need for more instructors. Mrs. Zinser asks that residents qualified to teach the swimming classes volunteer for whatever period of time they can give this summer.

Others eligible for the senior life saving course are urged to report for the class tomorrow and then for the instructors' course the next week to prepare for teaching.

There is no charge for the instructors' course and only the pool fee for the life saving classes. Those wishing to sign for either or both may notify Mrs. Zinser or Chris White.

A schedule for the summer swimming classes for children and adults will be announced May 26.

Mrs. Parsons Is Cultural Club Leader

Mrs. Grady Parsons was chosen to head Cultural Extension Club for next year, as the annual election was held at a meeting Friday in Mrs. Hilrey Aven's home. Mrs. J.G. Gandy, retiring president, will serve as parliamentarian; she was also nominated as a delegate from this county to the 1974 Texas Home Demonstration Association meeting.

Mrs. M.W. Sumner was

named vice president, Mrs. Ira Scott secretary-treasurer with Mrs. John Hunter as assistant. Mrs. A.V. Dettman reporter with Mrs. Paul Corbett assistant. Mrs. Tom Hargrave, delegate to the County HD Council with Mary Ellen Ricketts alternate.

A safety program, Home Hunt For Fire Hazards, was given by Mrs. Aven and Mrs. Hargrave.

AAUW Presents Award For Study

New officers were elected by the Hereford Branch, American Association of University Women, Thursday evening in Community Center and a scholarship was presented to a Hereford High senior.

Mrs. Cawthon Bryant was elected program chairman; Elizabeth Wills, treasurer; Mrs. John Winder, membership chairman.

Libby Parten, AAUW scholarship recipient for the year, was introduced and presented a check by the organization's president, Mrs. Reuben McGil-

vary. Mrs. S.G. Darling, program chairman for the evening, introduced Susie Hickman, the current Miss Hereford. She sang several songs accompanied by James Akin. A movie, A New Constitution of Texas, followed the entertainment.

R.C. Hoelscher from the Human Resource Development Committee of Deaf Smith County Chamber of Commerce spoke to members concerning duties of the committee.

Recognized as special guest was Dr. Enid Bates of Canyon, a consultant for District I and area representative of education for AAUW.

It was announced that organizational dues must be paid by June 1. These may be mailed to Elizabeth Wills, Box 1783, Hereford.

Hostess committee for the meeting included Mmes. Grady Cope, Tom Draper, Terrel Bell, Mary Carter, Eddie Whitner, Robert Stewart, Wayne Hodgson and Robert Hickman.

Refreshments at the salad supper were served from tables decorated with arrangements of purple and white iris.

A senior at Hereford High School, Miss Parten plans to attend West Texas State University and major in music therapy.

Small Talk

By SUE COLEMAN
Women's Editor

THERE was a change of subject for Johnnie Turrentine and Ruth McBride when they were taking a coffee break Friday morning. Instead of the Deaf Smithsonian Museum, which they are usually talking about on such an occasion, they were discussing a wedding dress. Not for the bride — her mother.

The Turrentines' daughter Jan is to be married early in June and the two were debating whether Johnnie should select (as we say in the soc. page wedding stories) for her daughter's wedding this dress or that dress.

But I'm sure neither had forgotten the Historical Society's annual meeting at the museum next Sunday afternoon. Everybody is invited to be there, and to become members if they aren't already. And to look over the museum which keeps adding new exhibits or redoing old ones so there is likely something there you haven't seen.

By the way, Ruth says her daughter Marki will be in school at Austin this summer instead of spending the long vacation at home. Students who choose summer school certainly have my admiration, especially downstate where it is hotter.

HEREFORD students at West Texas State University are bringing credit to the hometown this spring. Dion Miller, won the student association's presidency in a runoff election last week and was sworn in to the office. He has also been named to Pi Gamma Mu, national honorary fraternity for social science majors.

Melissa Ann Johnson, freshman nursing major at WT, was elected a senator from the school of arts and sciences and took office April 29. She is a member of Alpha Delta Pi sorority and West Texas State Nurses Association.

Her parents are Mr. and Mrs. Julian Johnson of the Frio neighborhood and she is an HHS graduate.

In the WT drama department, Randy Clements took four awards for acting, both in musical productions and straight drama. He did some fine work on the HHS stage

when he was in school here. He is the son of the Steve Clements.

MILLER is Mrs. H.H. Miller's son, from Dawn, and his brother Jon David has accomplished something in college, too. He is getting his degree in business administration this spring at the University of Texas at Austin, where he took a degree in sociology two years ago.

Mrs. Miller's sons and their sister, Audri Beach of Columbus, Ohio, were hosts at an unusual surprise birthday party for their mother last week.

Widely separated as they are, they got together by telephone and then phoned several of Genevieve's neighbors to invite them to go to her home for the party.

SHE WENT home that afternoon pretty tired from her work as Red Cross executive secretary, got into her old pink robe (and any woman knows what that looks like) and lay down with a book to read and rest. When Mary Alice Fry dropped in, she didn't feel the need to dress.

But when two other couples arrived about the same time, carrying card tables, she got interested enough to ask what was going on, then excused herself to get ready for guests.

Corinne Neely, the Robert Strains, Alfred Smiths, Clarence Betzens and Edgar Sowell completed the party, bringing gifts, a decorated cake and equipment for playing Mexican dominoes.

A good time was had by all, and Genevieve phoned the hosts later to tell them their party was a success. She gives credit for the idea to Julie, Jon David's wife.

Mon Amis Conduct Installation

Mrs. Austin Rose Jr. installed newly elected Mon Amis Study Club officers at a ham and salad luncheon Thursday in the home of Mrs. Guy Walsler of Summerfield.

Mrs. Rose presented each with a rose as she explained the duties of each office. Installed as president was Mrs. Guy Walsler; vice-president, Mrs. Lynn Richards; secretary-treasurer, Mrs. Martin Young; reporter, Mrs. Ray Bates; Parliamentarian, Mrs. Leroy Edwards; social chairman, Mrs. Ernest Flood.

Don York presented the program on the High Plains Eye

Bank sponsored by the Lions Club. Afterwards, members voted to donate \$30 to the Eye Bank.

Mrs. Jimmy White was welcomed as a new member by the Club.

Reports were given of the club's April meeting in which Mrs. R.L. Ethridge of Hereford Garden Club presented a program on flower arranging.

Guests recognized were Mmes. Tommy Sparkman, Connie Urbanczyk, Dee Willard and Charles Rickerd.

Members present other than ones elected were Mmes. Roy Botkin, James Dobbs, Jerry Don Lance, Don Tindal, Buster Thomason, L.H. Williams and Martin Young.

Ceramic Club

Re-Elects Officers

Officers were re-elected for a second term by members of the Ceramics Club Wednesday in the Community Center with Mrs. Marcel Fischbacher as hostess.

Re-elected president was Leona Seavey; vice-president, Mrs. W.S. Fluit; secretary-reporter, Mrs. Lloyd Dirkeby; treasurer, Mrs. J.W. Stengel; historian, Mrs. Earl Brookhart. Ideas and gifts in ceramic-ware for graduates was the program given and each member brought an unfinished ceramic piece.

Mrs. Bright Hann was recognized as a guest and won both the president's and hostess' prizes.

Members present other than ones elected were Mmes. Charles Springer, O.H. Culpepper and Zelma Kuykendall.

The Good Things

In the present atmosphere, seemingly dominated by bad news of scandal, crime, foreign troubles, fuel shortages, inflation, etc., many of us understandably lose sight of the good things around us.

Modern times have produced pollution problems, way of life complexities, confusion, depression and mental worry, but modern life also offers many good things.

Americans today enjoy an unprecedented choice of foods and products to buy, and more money to buy them with, than ever before. They enjoy more labor-saving conveniences than ever before. They have available to them more forms of recreation, entertainment and leisure than ever before—and more time to devote to pleasure.

More important than material things are our accepted personal freedoms—to speak, worship and act as one wishes. We are blessed with an over-abundance of food; natural resources, natural beauty and, relatively speaking, a high degree of national security.

The many inherited blessings of earlier ages we utilize and benefit from—modern transportation, electricity, the telephone, modern plumbing and engineering, etc. There is much to be thankful for and a lot to enjoy amid all the turmoil—and the secret lies in one's state of mind, and sense of proportion.

Ted Will Run

The news columns these days are filled with predictions Senator Edward Kennedy won't be a candidate for the presidential nomination in 1976. The usual line goes: (1) His family doesn't want him to run; (2) His friends hope he doesn't run; (3) He really doesn't want to run, being the last of four brothers, two having been assassinated.

But the presidential bug is a powerful bug which afflicts almost every politician who feels he has a good shot at the nation's top job. That bug had Kennedy in its grip on several occasions in the past, very much so.

As for his friends, their road to a return to power lies in Kennedy running; not only will most of them want him to run, they will tell him he must—for the party, country, etc., (and for them). Many are already working toward that end.

In the end, Kennedy will run; there really isn't much doubt about it. He has too many inherited assets not to take advantage of them. The "doubt" line, of course, is good political strategy. A man not decided is more newsworthy, and his decision announcement will be more newsworthy, if not known in advance. But Kennedy is already running hard—witness his trip to Russia.

Dangerous Precedent

The indicting of eight National Guardsmen in Ohio, for their part in the shooting of students during the rioting and confrontation at Kent State University in 1970, is unfair to the Guardsmen.

Consider their plight. They are called out, obey orders, and make a mistake in judgment. Who can expect ordinary law-enforcement citizens not to sometimes make mistakes when under provocation, when convinced they themselves are threatened?

Some provoke unrest, riots, turmoil and even act physically and illegally to seize buildings and threaten the public safety; then, when reacting law enforcement officials trying to maintain peace make a mistake, they become the villains and the demonstrators heroes.

Law enforcement is hard, dangerous work, at modest pay. Those engaged in it cannot be expected to behave perfectly at all times, and they cannot be hauled into court and tried if, under provocation, they unintentionally make mistakes. That has always happened and will always happen—until we find some way to give law enforcement jobs only to perfect human beings, with unlimited patience, no fear, no nerves, no emotions and with no instinct for self-preservation.

Moreover, if law enforcement individuals become convinced they can be, years later, dragged into court and tried for their errors, trying to enforce the law, found guilty for mistakes made under pressure or provocation or while in danger, that will put an end to law enforcement.

That would be a far greater national tragedy than the loss of innocent lives, which unquestionably is a tragedy and which sometimes happens in riots. The answer is not to incite riots.

On Laughter

The slick ones who make so-called television comedies and many modern-day "personality" men and women employ laughter in a calculated manner. Producers of television shows tape in (dub in) recorded laughter where the comedy is supposed to be (but usually isn't) funny. The idea is that the moron in front of the television set will be stimulated into laughter by an association response.

In the average commercial television show in this country there isn't a genuine laugh in the whole bit, but senseless, taped laughter and giggling goes on throughout. Younger people, watching this drivel for years, actually get a distorted sense of humor; many today, as a result, don't know what is funny.

The "personality" types, some of them MC's, seem to believe if they laugh a lot, that makes anything funny of that it convinces others it's funny. One encounters these types in society and business. Everything produces a big laugh, a long laugh—a phony laugh. Some mark this down as a sign of a fine personality. But it's really fakery for sapsheads.

Uncle Sam Can't Give Until He's Taken Away

By ARCH BOOTH

ONE YEAR AGO I wrote a column warning that Social Security taxes were going up, effective with your first paycheck of the new year. It looks like that is going to become an annual tradition.

Last year both the tax rate and the wage base (amount of money on which the tax is paid) went up.

This year, it's just the wage base that's being raised — from \$10,800 perhaps to as much as \$13,200. In other words, if you make more than \$10,800, you will be paying more Social Security tax in 1974. The maximum amount of the tax goes up from \$631.80 to \$772.20 for an employee. His employer has to match that.

The new tax increases are needed to finance a two-stage increase in Social Security benefits voted by Congress. Benefits will go up a total of 11 per cent.

Some 30 million Social Security recipients will get the increase. The bill for it will have to be paid by the 20 million people who earn more than \$10,800.

CONTRARY to what is commonly believed, increases in Social Security benefits are way ahead of inflation. For example, between January, 1970, and July 1, 1974, the Consumer Price Index will have increased by a little over 24 per cent. In the same period, Social Security benefits will have gone up 68.5 per cent.

A column like this will get me letters — some of them heart-rendering — from Social Security recipients who have led exemplary lives and believe they "deserve" the increase. It's hard to quarrel with that. The problem is, the government cannot "give" anyone anything if it has not first taken away from someone else.

So, while there are undoubtedly people who "deserve" the benefit increase, there are also people who do not "deserve" the tax increase necessary to pay for it.

As some philosopher said, most debates about values are not debates between right and wrong but between rights and rights — and this makes their resolution endlessly complicated.

ONE MIGHT also question the morality of Congress raising the

Social Security tax for the rest of us, while exempting itself, its employees and the employees of the Federal Government.

The pat answer is that government employees have their own pension plan, to which they contribute a part of their pay. Well, so what? Many employees in the private sector also pay into private pension plans, and they have to pay Social Security taxes, too. Federal employees are now the largest single group exempted from Social Security taxes.

Beyond the moral questions, moreover, there's a practical reason for worrying about the Social Security increases.

Social Security recipients are now getting back far more than they paid in Social Security taxes during their working lives, even counting interest. The most a worker could have paid in taxes since the program's inception is \$5,271. At maximum 1974 benefit levels, in a little over 18 months, this worker would get back everything he put in.

NOW, here's the real problem. Today's higher benefits are being paid out of higher taxes on today's workers. That system works fairly well as long as there are more people working, and therefore paying Social Security taxes, than there are benefit recipients. But what would happen if there were more recipients than working taxpayers, as has happened in the Railroad Retirement Program?

As you probably know, our birthrate has been dropping sharply. We now appear to be headed for a condition of zero population growth sometime in the future.

ZPG is desirable — necessary — for many reasons. But it has the potential for raising havoc with Social Security, because there will be fewer young workers to support a larger aged population.

What happens then? Will the smaller (relatively speaking) working population be able to carry the burden? Will the recipients stand for a cut-back in payments? Will the system collapse?

These are very serious questions. Someday, we will be forced to answer them. Until then, it looks like Congress will go on raising both the benefit levels and the tax, as though there's no tomorrow.

Talk of Texas

BY JACK MAGUIRE

FOOTNOTE TO HISTORY — Apparently heavenly bodies like comets dislike showing themselves to Texans.

Kouhoutek, the comet that was supposed to be the most brilliant ever to cross the sky when it appeared earlier this year, was almost invisible in Texas. Even that old reliable, Halley's Comet, made its last appearance during a weather blackout over most of the Lone Star State.

Halley's Comet, which appears about every 75 years when the earth passes through its four-million-mile tail, was last visible over Texas on May 18, 1910. That night, however, clouds covered most of the state and many areas were hit by electrical storms and torrential rains. Almost nobody (even the astronomers) saw the comet on that rip, but it is due back in 1985.

IT HAD TO HAPPEN — Leon Hale, the Houston columnist, and an artist, Harry Anthony DeYoung, have produced a nostalgic tribute to that necessity of earlier times, the outdoor toilet.

It is appropriately titled "Texas Out Back."

Artist DeYoung has done 22 drawings showing the varied architecture of the outhouse. Hale's text is a warm, humorous elegy to a life-style that many Texans still remember.

TRAVELING TEXAS — When the Southern Pacific Railroad abandoned the depot it built in

Hondo in 1897, local residents acquired the property and turned it into an excellent museum depicting the history of Medina County.

IT COULD ONLY HAPPEN HERE — Texas' most famous French restaurant, La Louisiane in San Antonio, was founded, owned and operated by a Greek!

Max Manus, who died in 1970, was so successful in recreating the cuisine of France that the French government conferred it Ordre of Merite on him.

Max Manus was born in Greece, educated in Turkey and came to the U.S. in 1910. He learned about French cookery while serving as maitre d' hotel at Antoine's, the famous New Orleans restaurant. He enlisted in the U.S. Army in World War I and served most of the time in France.

After the war, he opened a restaurant in Chicago. In 1935, he moved to San Antonio and established La Louisiane

IT'S THE LAW — Houston residents can keep chickens, turkeys, geese, ducks, rabbits, horses, cattle and sheep in their backyards without fear of legal troubles.

City law permits a resident to keep as many as 30 chickens, turkeys, geese, ducks or rabbits if he has a lot that is at least 65 by 125 feet. If he wants to keep a horse, cow or sheep, however, he must have a minimum of 5,000 square feet of lane—and 2,500 square feet for each additional animal that he adds to his herd.

Older Americans Deserve Credit

So many special days and months have been designated to honor so many groups and events that we rarely note the occasions. But, May, "Older Americans Month," merits attention for what this segment of our population has done—and is doing—for our nation and what our nation now needs to do for them.

As we approach America's 200th anniversary, if there is something truly worth celebrating about our nation, surely those whom the month honors deserve much of the credit. They are the ones who fought our wars, built our cities and proved the dynamic quality of both our form of government and our economic institutions in periods of depression and abundance.

BUT WE HONOR them not at all if we think only of their past contribution. For they represent one of our nation's most valuable resources. Their wisdom and experience and talent is needed in every area of national life.

What our nation most needs to do for them today is to expand their opportunities for involvement; to remove from our society every vestige of age-discrimination. Our goal should be to insure for older Americans the same freedom of choice which they enjoyed in earlier life—in work, housing,

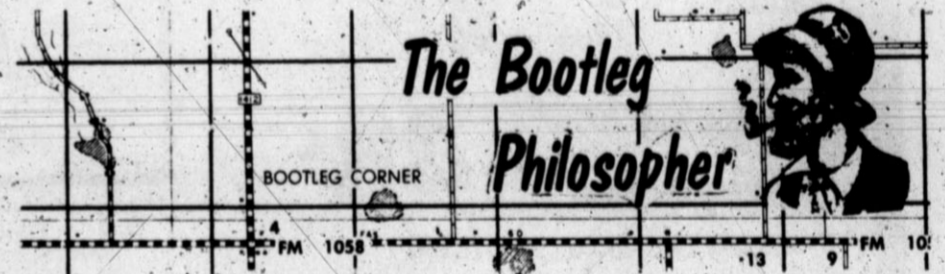

transportation and leisure.

Through such organizations as the American Association of Retired Persons—the nation's largest nonprofit group of older citizens with more than six million members—they are taking charge of their own fate, as they did for our nation in earlier years.

THAT ORGANIZATION is currently engaged in a campaign to remove from the Social Security Law the earnings limitation provision which penalizes those aged 65 to 72 who need to work to supplement inadequate retirement income. Under current law, retired persons in that age group lose \$1 for every \$2 they earn above \$2,400 per year. But wealthy retirees with unlimited "unearned income" from investments or stock dividends can still draw full benefits.

The result, of course, is not only to deny those older citizens the income they need for survival but also to rob them of the sense of meaningful identity that flows from productive work.

Congress—and the nation—can truly honor older Americans by removing this gross inequity in the Social Security law, along with every other provision of law or practice that robs them of their dignity and independence.

Editor's note: The Bootleg Philosopher on his Deaf Smith grass farm on Bootleg corner wrestles with inflation this week, even if his opponent out-weighs him considerably.

Dear Editor:

According to the latest government figures, inflation in this country is rising at a little over 10 per cent a year and an economist has figured out that if you set aside \$1,000 and the rate continues, in ten years your \$1,000 will be worth 0.

He stopped there but if he'd continued with the same formula I guess he'd have found that in 20 years you'd be \$1,000 in the hole.

THAT'S THE REASON I leave inflation, like the Middle East, to other people.

However, I read another article on the matter that has me puzzled even more. According to it, the president of a big city bank claims that the only cure for inflation is a recession. He said this right after the prime interest rate went up past 10 per cent and he may be working

on it, but the remedy sounds like setting the broken leg of a dead race horse, or reducing speed on highways by letting the air out of everybody's back tires. It's like solving the crime problem by making nothing against the law, like eliminating divorce by eliminating marriage. It's like getting out of the frying pan into the fire, although personally I've never hankered to be in either place. Be like going from the State Legislature to Congress.

If the only cure for inflation is a recession, and the cure for a recession is inflation, it looks like we're in for a long see-saw ride.

OH WELL, I'VE long contended that the two kids who broke the see-saw record by riding the thing continuously up and down for 29 hours in their backyard probably traveled as far in time and saw as much as the people who have breakfast in New York and jet to Los Angeles for lunch. Whipping inflation is like beating the whites of eggs. The more you whip the fluffier it gets.

Yours faithfully,
J.A.

Madre Mia Has New Officers

Installation of officers was held by La Madre Mia Study Club members at a buffet dinner Thursday evening in Dickie's Restaurant.

Nunleys Celebrate Silver Anniversary

Here's How
BEEF
Is Best

A silver anniversary tea this afternoon will celebrate 25th year of marriage for Mr. and Mrs. Jack Nunley, when their children entertain at the Nunley home, 602 East Fourth. Actual date of the wedding was May 8, 1949.

Friends of the couple are invited to call. Hosts will be Mr. and Mrs. Rodger Ruland, Mr. and Mrs. Gerald Nunley, Leta and Dennis Nunley.

Mrs. David Bullock and Miss Debbie Sorrells will be at the refreshment table and Mrs. J.E. Sorrells will assist in serving. The anniversary cake, ornamented in red and silver, will be topped with the figurine used on the wedding cakes of Annie Nunley and Rodger Ruland, Marianne Vance and Gerald Nunley.

Residents of Hereford the past 17 years, Mr. and Mrs. Nunley formerly lived in

Canyon. She was Helen Spencer before the marriage which took place in Clovis, N.M.

They are members of First Baptist Church. Mrs. Nunley is employed in the county tax collector's office and Nunley is maintenance superintendent at the courthouse. He is a member of the Rotary Club and of Masonic organizations, and Mrs. Nunley is active in the Order of Eastern Star and has served as mother advisor of the Rainbow Assembly.

Sweet 'N' Fancy Club Elects Officers

Officers for the 1974-75 club year were elected by members of Sweet 'N' Fancy Decorating Club Friday morning. Mrs. Carlton Richardson was elected as president; Mrs. Nick

Milburn, vice-president; Mrs. Mark Koenig, secretary; Mrs. Joel Lytal, treasurer. Members discussed plans for Saturday's bake sale at Sugarland Mall in conjunction

with Mother's Day. Also during the business meeting, two by-laws were altered.

Bluebird Group Hosts Mother-Daughter Tea

Mother-Daughter Tea was hosted by the Zippy Do Da Bluebird Group from Bluebonnet Elementary School Friday at the Campfire Girl Lodge.

Each girl presented a white carnation corsage to her mother. Kristy Simons gave the welcoming speech and Annette Dawson the opening prayer.

The candle lighting ceremony explaining the bluebird wish highlighted the program. Girls participating were Missy

Merritt, Cindy Romo, Michelle Axe, Jo Ann Brown, K'Nan Brannon, Michelle White, Shelly Gentry and Holly Veigel. Refreshments were served by Leticia Aguirre and Terri Evans.

Construction paper bluebirds perched on a bird bath centered the table set with blue candles and bluebirds nestled in a cloud bearing the group's name.

Tables were set with blue placemats and small clouds with bluebirds bearing names for place cards.

Mothers in attendance were Mmes. Jose Aguirre, Edwin Axe, Johnnie Brannon, Joe Brown, Jimmy Dawson, Evans, James Gentry, Minnie Romo, Tom Simons, Bobby Veigel and Tom White.

Day Camp And Bluebird Ceremonial Scheduled

A fly-up ceremonial for Bluebirds in the local Campfire Girl program who will advance to Adventurer status has been set for 7:30 p.m. May 24 at the County Bull Barn, and date of the annual Bluebird Day Camp has been changed, in recent action of the Campfire Leaders Association.

The Day Camp is set for May 28-June 1, an advanced date to avoid conflict with church vacation schools. It will be in the same location as last year's camp, land owned by the City of Hereford on Tierra Blanca Creek east of town, known as the old Russell Ranch. Registration for the Day Camp is due on or before May 17, by notifying Phillis Dawson,

324 Sixteenth. The fee is \$3.50. Outdoor training sessions for sophomore, junior and senior girls who wish to be camp aids at the New Mexico camp this summer will be held during the Day Camp.

The fly-up program May 24 is for girls in third grade. Their leaders and the program committee of Hereford Campfire Council invite parents, families and friends of the girls to a reception after the ceremonial, honoring the girls.

They will also be guests at the ceremonial, where fathers will present their daughters with the traditional red Campfire scarf designating their new level in the Campfire program.

NEW IN OFFICE — As Afflatus Estudio Club installed officers for next year at a luncheon Tuesday. From left in top photo are Mrs. Marlin Gililand, president; Della Stagner, vice president, and Mrs. A.B. Higgins, secretary-treasurer. In lower photo Mrs. Cecil Braly, reporter, is seated; Mrs. Sam Morgan, parliamentarian and Mrs. B.F. Markham, Women's Forum representative, are standing.

Teacher Workshop Slated

An Economic Education Workshop for elementary, junior high and secondary school educators will be conducted the first three weeks of the summer term by the Center for Economic Education at West Texas State University in cooperation with the Texas Council on Economic Education.

The Texas Council has provided \$1,700 to be used to offer 34, \$50 stipends to help participants offset tuition and fees costs.

reviewed and commented on "Guide for Fundamentals of the Free Enterprise System" which is to be used as a curriculum guide for the elective free enterprise system course.

Applicants for the stipends should submit a letter by May 17 including information concerning degrees held and conferring institutions, years teaching experience, area of

teaching responsibility, background in economics, academic assignment for the 1974-75 school year and reason for desiring to be a workshop participant.

All communications should be addressed to Dr. Paul Gowens, Director, Center for Economic Education; School of Business; West Texas State University; Canyon, Texas 79016 or (806) 656-2189.

LONGTIME MEMBERS — While they were talking together recently, these three women discovered that their total years of membership in the Methodist Church is 243, beginning for each in childhood. From left are Mrs. D.H. Bryant, who was honored as queen of Westgate unit at Kings Manor last Sunday; her sister, Mrs. Joe C. Greer of Amarillo who will come soon as a resident of the Manor; and Mrs. Katie McGehee, who celebrated her 98th birthday Monday.

JC-Ettes Induct 1974-75 Leaders

Installation of next year's officers for Hereford Jaycee-Ettes was conducted with those of the Jaycees at the annual joint banquet Saturday evening in Civic Club Center. Mrs. Bill Johnson took office as president for 1974-75.

Installed with her were Mrs. Steve Carroll as vice president, Mrs. Bill Bankston secretary, Mrs. John Bunch treasurer, Mrs. Ronny Collier became state director and the new local directors are Mmes. Dan Warrick, Lonnie Coffee and James Braly.

Banquet decorations in a Spring Flowers theme were made and arranged by Jaycee-Ettes. Members worked on these after their monthly business meeting Tuesday in First National Bank Community Room.

Mrs. Braly reported then on visits made in a new program of the Jaycee-Ettes, visits to homes of the elderly and shutin residents of the city. Mrs. Johnson reported the trip she and her husband made last week to the installation banquet of the Perryton organizations.

Others present were a guest, Mrs. David Gass, and in addition to the new offices, Mmes. Larry Bean and Steve Carroll.

Phones Kept Busy Today

Southwestern Bell Telephone Co. is expecting more long distance telephone calls to be placed from Hereford on Mother's Day than from any time since Christmas, Mike Patrick, manager, said recently.

"This Sunday being Mother's Day, we're expecting some 1,186 calls to be placed over the long distance network from the Hereford area," he said.

The manager said 11 operators will be on duty Sunday to assist as needed. "The best way to assure that your calls go through," he said, "is to dial direct anytime Sunday before 5 p.m. Rates are lowest then."

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN, Tex. - New federal revenue sharing funds totalling \$294,045,044 will be distributed to state, county and city governments in Texas during the next fiscal year. This is \$9 million more than allocations for the current year, which amount to \$285,228,345 for all units of government in the state. Gov. Dolph Briscoe reported state government will get nearly \$3 million more for the 1974-75 fiscal period beginning July 1 than the 1973-74 allotment. State government's cut is \$98,081,488 compared with \$95,283,690 for this year. An overpayment of \$108,711.

due to an Office of Revenue Sharing mistake in Washington, will be deducted from next year's funds sent to Texas. The allocation is based on a formula including consideration of population, per capita income and tax effort. Under next year's formula, hospital district taxes will be considered in the total county tax effort. Hospital taxes previously had been considered a city tax effort. Six Texas counties will get larger revenue sharing allotments while some cities within the counties will get smaller amounts. Harris County, which now receives \$6.87 million will get \$9.65 million for 1974-75. Houston will receive slightly less - \$17,366,689 as compared with \$18 million under current formulas. The Dallas County total will increase from \$3.58 million to \$5.2 million. Nueces County's share will increase from \$1.7 million to \$2.3 million. Bexar County's from \$2.6 million to \$5.2 million. El Paso County's from \$1.2 to \$1.9 million and Tarrant County from \$1.8 million to \$3.25 million. The city of Dallas will get slightly less - \$13.1 million, as compared with \$13.6 million. Corpus Christi's total will decline from \$3.66 million to \$9.4 million, San Antonio's from \$9.6 million to \$9.5 million, El Paso's from \$6.1 million to \$6 million and Fort Worth's from \$5.26 million to \$5 million.

DROUTH DECLARATION SOUGHT - Governor Briscoe has requested U.S. Secretary of Agriculture Earl L. Butts to declare Coleman County a disaster area as a result of drouth conditions in the county. Briscoe requested the disaster declaration provide low interest loans and other assistance to farmers and businesses that suffered wheat crop losses from the drouth. The Governor informed Secretary Butts a number of other Texas counties have been affected by prolonged dry weather and high winds and similar requests for supplementary Federal assistance may be received from other county officials in the near future. State Agriculture Commissioner John C. White said estimates of wheat losses due to drouth conditions in 47 Texas counties run about \$160 million.

ATTORNEY GENERAL RULES Under most circumstances submission by State Welfare agencies of basic information concerning the identity of welfare recipients to a centralized computer does not violate any Federal or State constitutional right of privilege, Atty. Gen. John Hill has ruled. In an opinion requested by Governor Briscoe, Attorney General Hill noted there would be no public disclosure of the information, hence no violation of law. The Governor had noted that the centralized computer list would eliminate the need for welfare recipients to fill out applications. Hill also issued an opinion saying it is a legitimate expenditure of campaign funds for "publicity" purposes to furnish transportation to members of the press to accompany a candidate on campaign travels. "If paying for the transportation of newsmen is a means of securing publicity, and you think it is, then use it."

APPOINTMENTS - Governor Briscoe has named five Pilot Commissioners for the Port of Galveston and Texas City. Each will serve a two-year term expiring April 15, 1975. Appointees from Galveston are Sam Tramonte, William Sprull, Leroy Brown, and J.C. Seiffert. Fifth appointee was Allen D. Wilkenfeld of Texas City.

HOST COMMITTEE NAMED - Lt. Gov. Bill Hobby has named the following four state senators to serve on an ad hoc host committee for the Southern Legislative Conference in San Antonio, July 16-19: Sens. Nelson W. Wolff and Glenn Kothmann, both of San Antonio; John Traeger, Seguin; and Grant Jones, Abilene.

RIGHT TO READ MEETING - Dr. Ruth Holloway, U.S. Office of Education director of

the nationwide "Right to Read" program, will speak at the conference of Texas reading coordinators in Austin May 13-14. Sponsored by the Texas Education Agency, the conference will be held at the Thompson Center on the University of Texas-Austin campus. Eighty additional schools will be added to the program in September. The program is designed to match learning needs of every student with special training for reading teachers and supervisors.

SHORT SNORTS Dr. Kenneth Gaver has been selected to serve as new Commissioner for the Texas Department of Mental Health and Mental Retardation. Gaver comes from Ohio where he performed similar duties. Frances Smith Dodds, former member of the Houston-Chronicle capitol bureau, has been named Director of Planning for the Governor's Criminal Justice Division.

Electric Utilities May Face Trouble

BOB HILL
Lentz, Newton
Co., Amarillo

The roof fell in on electric utility common stocks when

Consolidated Edison, the nation's largest electric utility company, omitted the second quarterly dividend. Con Ed hasn't missed a dividend since 1885.

Utility common stocks have traditionally been regarded as steady dividend payers and "safe from the standpoint of earnings per share" being more than adequate to cover the dividend. When Con Ed dropped the bomb, a selling wave hit the electric utility common stock group.

Con Ed's problems are unique in several ways, but the entire electric utility industry is faced with the possibility that some companies may have to reduce or omit dividends unless regulatory bodies act promptly to grant rate increases.

CON ED HAS been faced with

declining electricity sales, sharply climbing fuel costs and tremendous difficulties in getting it customers to pay their bills. Matters hit the crisis stage in April when the company had to announce that it was going to have to sell two partially completed generating plants in order to raise enough cash to pay its bills.

Most electric utility companies are reporting first quarter earnings 10-20 per cent below last year. Cautious investors are estimating that earnings for the year will be off by the same amount. They may be too pessimistic. First quarter earnings were abnormally affected by increases in fuel costs which may be offset by lower fuel costs and rate increases later in the year. Earnings will probably be flat compared to last year instead of sharply lower.

Commonwealth Edison, Pacific Gas & Electric, Pennsylvania Power, Southern California Edison, Southwestern Public Service and Wisconsin Electric Power.

The following utility stocks should be avoided for the time being or until sales increases appear or rate increases are approved: Boston Edison, General Public Utilities, Northeast Utilities, Philadelphia Electric and Union Electric.

ON BUDGET REFORM
The Senate has unanimously passed a budget reform bill completely revamping congressional procedures in an effort to bring federal spending under control.
