No. 25

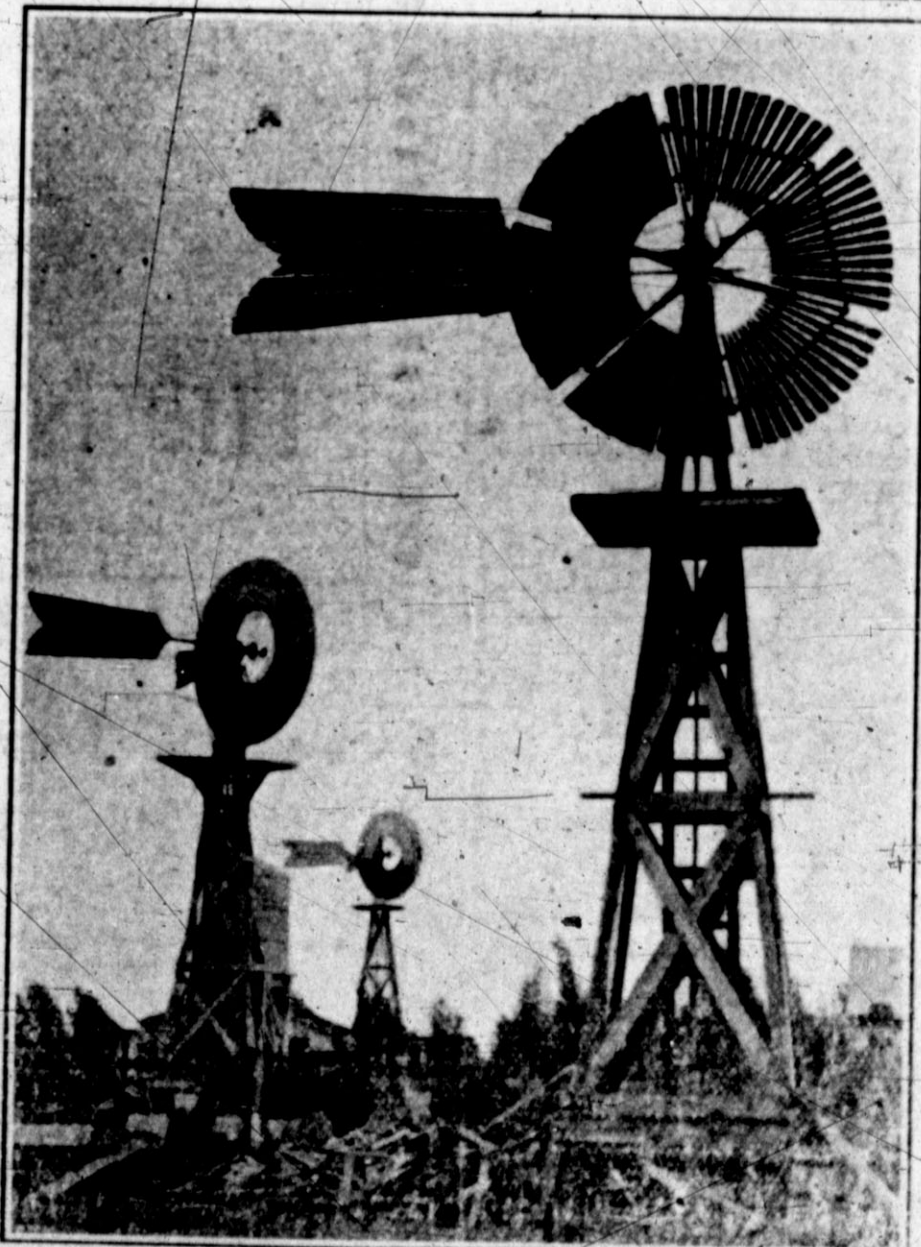

Stringfellow-Hume Hardware Co.

(INCORPORATED)

Wholesale and Retail Dealers in Hardware, Wagons, Farming Implements, Wire, Wood and Steel Windmills.

WINDMILLS

We do not have to make any claims for the Eclipse Windmills. Manufacturers of other makes of Windmills, in advertising their wares, make the claim that theirs is "as good as the Eclipse," but none claim to make any better make than the Eclipse. This claim is the Eclipse's best advertisement, unless it be the testimony of those who are now using the Eclipse and have given it a thorough test. Among the owners of Eclipse Windmills we refer you to Ira Aten, Judge L. Gough and T. A. Cox. Remember we are sole agents for these windmills and would be pleased to show their good points.

MACHINERY

Now that it has been thoroughly demonstrated that this is a superior country for farming purposes, of course you will need farming implements and farming machinery of all kinds. It would give us pleasure to show and explain to you the merits of the celebrated McCormick Binders, Mowers and Rakes. These machines have stood the test of years of service and we have yet to find a user of a McCormick machine who was not pleased in every way with his excellent piece of property. Investigate the merits of the McCormick before buying a machine.

Her Popularity.

The following extract from a letter to Mrs. Baily from Geo. H. McLaren, district clerk of Young county, shows how she is appreciated, it also shows that a business honorably conducted is profitable, as well as pleasant:

Graham, Texas, July 28, 1903.
Mrs. Mollie Bailey, Amarillo, Tex.
Dear Madam: We are going to have a big reunion in this county on the 12th, 13th and 14th of August and would like to have your show with us on that occasion. I am just in receipt of a letter from Mr. A. W. Mansfield of Dallas, Texas, stating that you would be in Amarillo for a few days, hence I write you. We have been on the lock-out for you. As stated above, we would be glad to have you at our reunion. First, because we understand that you were in the service of the Southern army as a hospital nurse, and secondly, because you have showed in our little town a number of times and each time it has been well received, and because we are reliably informed that you allow no dead beats, thugs or bums about your show. We have had some shows at the reunion on several occasions but they have not filled the bill in the least for the show was not the kind that we wanted. The Reunion Committee after talking over the matter was unanimous in the opinion that it would be a good thing to have you and your show present, hence we urge you to come.—Amarillo Star.

Hereford, Texas, August 7, 1903.
In addition to the above I wish to say that I have known and have patronized Mrs. Bailey's show for several years at Graham, Texas. I can recommend her show to be first-class in every particular. Mrs. Bailey is the only lady that was ever paroled. She held a commission from the Confederate States Government as hospital nurse, and when Gen. R. E. Lee surrendered at Appomatox Court House, she received her parole as did the regular soldiers. I venture to say that Mrs. Bailey has done more for charitable purposes than any other lady in Texas.

Respectfully,
F. HERRON.

While riding with her young brother last Monday evening the horse became frightened and started to run and Miss Mary Tygret suffered a broken ankle and severe bruises from jumping from the buggy. Willie, who was driving, clung bravely and manfully to the reins until he saw that he was unable to manage it, when he, too, jumped from the buggy, but fortunately was not injured. The horse was caught later, none the worse from its escapade.

In Friday's game the Hereford boys got together and won by a score of 4 to 7, in a prettily played game.

A Serious Accident.

This morning at Canyon, while following the exceedingly careless but exciting pastime of racing with the train, one of the reins broke, which turned the horse into a telegraph pole, smashing the buggy and precipitating the occupants, A. U. Menchew of Tulia and the Misses Brucie and Imo Gass of this city onto the ground. Miss Brucie received the most serious injuries—a broken nose and several bruises, one of which was on the right eye and which has been swollen shut since the accident. At first it was feared that she would lose the sight of the injured member, but it is now thought that this will not prove to be the case. Miss Imo suffered several bruises about the arms and lower limbs, while the driver of the horse was not seriously injured, though bruised somewhat. Miss Brucie was brought home this morning and is receiving every attention possible to render and at this writing is resting as easy as could be expected.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precedes suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nervine will strengthen and build up the system. It's also a great stomach, liver and kidney regulator. Only 50c. Satisfaction guaranteed by T. J. Davis Drug Co.'s Druggists.

Children Not Wanted.

Here is the way the Clarendon people put a "quietus" on the children, as will be seen from the following extract of an article in the Chronicle concerning the entertainment of the Panhandle Baptist Education Commission at that place: "It is not a children's entertainment and their presence is not solicited." Here in Hereford, we had our children present to let the commission see what a large local patronage they could expect if they located their college at Hereford. But perhaps Clarendon has not enough children to make a showing, and so deemed it prudent to keep them out of sight.

Simply Disgusting.

It does seem as though tobacco chewers would have respect and common decency enough to refrain from expectorating on the floor of the new postoffice. While in the postoffice this morning we overheard a lady making serious objections (and we don't blame her) to having her dress soiled on the bottom by being dragged through a puddle of tobacco expectorations, which she did not notice until too late, supposing that no one would be so ungentlemanly as to spit on the floor of so public a place. We trust that no one will again commit so ungentlemanly and so disgusting a misdemeanor again.

Rhea Brothers, the well known cattlemen, having large ranch interests near Bovina and in New Mexico, on Saturday last purchased from Julian M. Bassett, manager of the C. B. Livestock Co.'s ranch at Blanco Canyon and Silver Lake, 1000 head of three-year-old steers. They were driven to Rhea Bros. Texas-New Mexico ranch this week, having passed through Hereford today.

The reunion will be held at Canyon next year, at which time the old soldiers hope to be able to award the reunion to some town for all time to come, provided that town will make certain concessions, the chief of which are: To give in fee simple to the Confederate soldiers and their heirs forever a plot of ground containing 50 acres, fitted with such improvements as grand stands, etc., and provided with plenty of water.

Dr. W. T. Tilly of Pryor Creek, I. T., is here, having accompanied Mrs. C. G. Richardson and nurse, Mrs. John Rogers, who came here in the hopes that our altitude and fine climate would be beneficial to her health. The ladies have secured one of Rev. McGee's cottages as their domicile during their stay here. Mr. Tilly is very enthusiastic over the health conditions of Hereford and in a conversation with THE BRAND editor stated that he would very much like to locate a large sanitarium here, and would do so if the local people would give any encouragement in the way of subscribing for stock in the enterprise. We believe that such an institution be of an immense financial benefit to the business interests of the town, and will give the enterprise every aid we can.

BAPTIST COMMISSION.

Hereford Visited by That August Body Friday and Saturday.

Last Friday and Saturday the town was turned over to the Panhandle Baptist Education Commission and the citizens took extra pains to see that that body became acquainted with all of the advantages that Hereford possesses as a place in which to locate the proposed college. The commission is composed of the following gentlemen: J. L. Hawkins of Vernon, chairman; J. M. Hughes of Silverton, secretary; J. A. Gilliland of Vernon, treasurer; A. P. Collins of Wellington, J. D. Ballard of Canyon, H. E. Summer of Plainview, I. O. Hart of Quanah, E. A. Baten of Amarillo, J. W. Whatley of Canadian, J. M. Oakes and Levi Braly of Silverton, J. W. Winn of Plainview, A. J. Lipscomb of Hereford, W. J. McLean of Umbarger, J. M. Grigsby of Mobeetie, W. C. Herring of Chilicothe, W. C. Grant of Claude and H. D. Hockersmith of Vernon.

The Commission was shown over Hereford and made acquainted with the land propositions offered as a site for the college, and all who were visitors here for the first time, expressed themselves as much pleased with Hereford in every way.

The selection of the place in which to locate the college will be made at Claude tomorrow (Saturday).

The Cause of It.

A. N. Henson, Bern Wilson and E. A. Upfold, who acceptably fill the offices of judge, attorney and sheriff, respectively, of Randall county, were in town Saturday to award the printing of the delinquent tax citations for their county to THE BRAND, and they will appear in the issues of August 14, 21 and 28. On account of accepting the job on short notice it was necessary, in order to execute our part of the contract, to cut the size of THE BRAND for this week's issue from twelve to ten pages, consequently causing us to leave out a large amount of local news, besides being one day late.

In New Quarters.

Postmaster Walters is now in his new quarters, in the new brick building between the Hereford National Bank and THE BRAND buildings, and, like the citizens, is very proud of the fine new furniture provided by the Hereford National, which institution also owns the building. That the citizens are proud of the new postoffice is evidenced by the large crowds that now gather there on the arrival of the mails, and the pleasure they now take in informing new comers as to the whereabouts of the same.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c, at T. J. Davis Drug Co.'s Drug Store.

XIT LANDS FOR SALE CHEAP

At \$3 to \$4 per acre and up

ON ACCOUNT OF THE CAPITOL SYNDICATE Company's (better known as the XIT's) intention to discontinue their cattle business their large ranch, consisting of over 3,000,000 acres and situated in the best part of the Texas Panhandle, will be sold in any size tract—to suit the purchaser.

This land is all fenced and has numerous wells and windmills, and other similar improvements which make it the best in the Panhandle. Improvements on land purchased will be sold to the purchaser at the actual cost to the Company.

Nearly 2,000,000 acres of this great ranch has been sold and it will be only a few months until the stock farmer of one or two sections

will have the one million acres left in beautiful homes and farms.

It has been demonstrated that the small stock farmer can make more money compared to his investment, than can the large ranch owner, and the splitting up of this large ranch (until recently the largest ranch in the world) will be a great boon to this class of farmers.

The Pecos Valley railroad (a branch of the Santa Fe System), the Chicago, Rock Island and Pacific and the Fort Worth and Denver City Railroads are now intersecting this great ranch and the Choctaw road is now building from Amarillo to Tucumcari, N. M., and will traverse the entire Deaf

Smith county portion of the ranch. It is also expected that the Santa Fe branch, running to Albuquerque, N. M., will be built from Bovina in the near future.

This land, being situated in the western part of the Panhandle, lies close to the mountains of New Mexico and therefore is more susceptible to good rains than is land farther east.

This section of the Panhandle is noted for its mildness and even temperature—both in winter's cold and summer's heat—and has the right altitude for an invigorating and dry atmosphere. The nights are always cool, insuring sound and refreshing sleep.
