THE TWO ROUND BINS at Powell Feed Yard, are for milo storage. The building in the back of the grain bins, has bins over the driveway for storage of protein supplements and rolled milo, that are loaded on to the feed truck and mixed with silage stored in a 3,000 ton capacity trench silo in right of picture. Milo and silage used at the feed yard are locally produced and the fat cattle are mostly sold to area packers located in Sweetwater and Abilene.

Construction On Feed Lot Completed

The Powell Feed Yard is owned and operated by Bass Powell, who lives in Haskell. He has been feeding cattle since 1951 in western Kansas and Texas. He came to this area from Houston, where he had been manager for 2½ years, of United Feed Lots, owned by United Industries. The feed lot was started in 1963 and about 1500 head of cattle have been on feed the past summer. Construction is being completed on feeding pens that will give the feed yard capacity for about 3,000 head of cattle. The feed yard will be operating at full capacity by early October. Four or five men will be employed full time by the Feed Yard, when operating at capacity.

Coming Events

The Opening Tea for the Literary Club will be held, Thursday, October 8, at 3:45 p.m. in the home of Mrs. Vestus Alvis.

The Fourth Sunday Singing will be held at the Calvary Baptist Church in Rule, September 27, at 2:00 p.m.

The Sophomore Class will have a Work Day, Saturday, September 26. They will have a trash haul, car wash, and bake sale. Anyone wishing any of these services, please contact a sophomore.

Yearlings To Play Rule Here, Sept. 29

The Rochester Yearlings, grade school football team, will play Rule, on the Yearlings' home field, Tuesday night, September 29.

The last game scheduled for the Yearlings was with Monday and had to be called off because of the cloudburst of rain that fell Tuesday afternoon, September 15. The boys workouts have been hindered by the rain that has fallen ever since, but Coach Sloan reports his boys will be ready to play Tuesday night, September 29.

If you've failed to see these young football players, play in the past, come out Tuesday night and see these Yearlings play "head up football all the way" — "Come on Yearlings, lets win."

Mr. and Mrs. C. A. Adams of Goldthwaite, visited her mother Mrs. Edith Smith, over the weekend. They visited Mr. and Mrs. John Earp at Weinert. Mr. Earp had been ill in the Haskell Hospital.

Dr. Bonsma Speaker For Field Day Meeting, Oct. 1

"Dr. Jan Cornelis Bonsma of South Africa, possibly the foremost animal husbandman in the world, is expected to astound Haskell County ranchers when they hear him next month at Throckmorton," says County Agent F. W. Martin.

Since 1955, Dr. Bonsma, a reproductive physiologist, has headed the Department of Animal Science at the University of Pretoria, Republic of South Africa. He currently is at Texas A&M University, where he is teaching for a year in the Animal Husbandry Department.

Occasion at Throckmorton will be the 1964 Field Day of the Texas Experimental Ranch, just off U. S. Hwy.

183, 10 miles north of Throckmorton, 20 miles south of Seymour.

Martin said that several ranchers and other livestock producers in Haskell County probably would attend the October 1 field day, and that he was inviting all interested persons to the event.

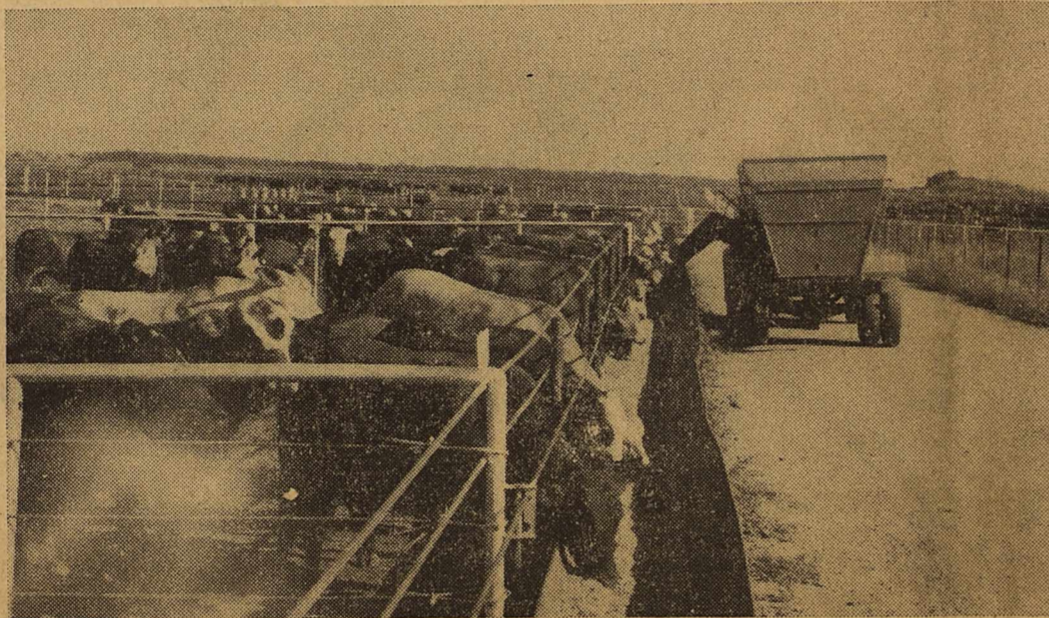

The October 1 program begins at 9 a.m. and ends at 3 p.m., and will be hosted by the ranch manager, Dr. Wm. J. Waldrip of the Texas Agricultural Experiment Station.

During the morning session, guests will board buses for tours of the ranch and to inspect at first hand grade Herefords and pastures under various experimental treatments, "suspension" fencing, and the control of mesquite by chemical and mechanical methods.

A noon meal of barbecued beef will be served by members of the Miller-Brazos Soil Conservation District. Said Dr. Waldrip: "First 100 guests to register from out of Baylor and Throckmorton counties will be served free at noon. For the rest of us, lunch will be dutch-treat."

In addition to Dr. Bonsma, others scheduled to speak during the afternoon session are Dr. D. D. Butler, longtime head of the A&M Animal Husbandry Department; Dr. Waldrip, and E. D. Robinson, range scientist at the Rolling Plains Livestock Research Station near Spur.

Robinson will discuss the results of several years devoted to research in the chemical and mechanical control of mesquite, and Dr. Waldrip will present results of research in grazing management and nutrition for cow-calf operations on native rangeland. Master of ceremonies will be Dr. Butler.

CATTLE BEING FED in Powell Feed Yard 6 miles south of Rochester, belong to Felix Mullino, Rochester. The feed is being distributed by a self-unloading mixer truck. The various feed ingredients are weighed into the truck, then mixed and distributed to the cattle. One man can feed up to 3,000 head of cattle three times a day with the self-unloading mixer truck.

Steers To Tackle Greyhounds Friday Night On Home Field

Friday night, September 25 will be the date for the battle on the gridiron, between Rochester and Knox City. The game will be played in Field's Stadium at 8:00 p.m.

The reported size and speed of this Class A Knox City team, makes for a good game. Back the Steers by attending this game.

The teams playing on the 6B slate for Friday night, September 25, are: Spur at Mador; Knox City at Rochester; Aspermont at Rule; and Turkey at Hart.

Jayton Game

The Rochester Steers found the going rough, Friday night as the Jayton Jaybirds defeated them 18-6, on the Jaybirds' home field.

The lone Rochester touchdown came with only three minutes left in the third quarter.

Half back Buford Berryhill went around left end for 63 yards for the six points. The try for extra points failed.

Berryhill, again in the fourth quarter, took a pass from Holmes and went ninety yards for a TD, but an off-sides five yard penalty nullified the play. Later Berryhill found running room again for thirty-five yards and a touchdown, but again the play was nullified by a penalty.

The Steers found the Jayton defense hard to break through as they only gained 71 rushing yards to the 232 rushing yardage for Jayton.

Offensive ball carriers showing great improvement over their first games, were Tommy Holmes, Johnny Wyatt, Glen Hollar, Steve LeFevre, Raymond Greenwood and Berryhill.

Defensive standouts in Friday night's game were: Olson LeFevre, Jerry Hearn, Darrell Strickland, Bill Penman, Travis Tibbets, John Ballard and Mike Wright.

The Steers plagued with injuries, expect to have several

back on the lineup next week.

This 18 to 6 victory over the Steers was the second, victory for the Jaybirds and second loss for the Steers.

Kenneth Judy, quarterback for the Jaybirds, made 12 of the Jayton points, once from the four, in the first quarter, and one in the fourth, from the five yard line. The other six points for the Jaybirds was when fullback Eddie Morales went around right end for 50 yards. All extra points tries, failed.

Rochester had 7 first downs and Jayton had 9 first downs. Rochester tried 7 passes and completed none. Jayton tried two and completed one.

Kenneth Moon Injured On Job

Kenneth Moon was injured recently while working for Tuttle Drilling Company at Hobbs, New Mexico. He received a crushed foot and spent a week in the Lovington Hospital. He had a bad cut on his foot and had to have surgery on the foot, so it couldn't be put in a cast for several days.

Britt Moon went to Lovington Thursday and brought his son home. He was supposed to report to the Haskell Hospital immediately, but due to the death of their baby daughter, Friday, Kenneth had the cast put on Monday at the Haskell Hospital. He will have his foot in the cast about 8 weeks. The doctors think his foot will be all right after that time.

He is the son of Mr. and Mrs. Britt Moon and plans now are to remain with his parents and Mrs. Moon's parents at O'Brien, until they are both recovered.

HAS STROKE

Mrs. Dalton Hindsley had a stroke Saturday morning and was carried to the Haskell Hospital. She came home Wednesday morning and is much improved.

Rotary Club Welcomes New Member

The Rochester Rotary Club met Monday night at 7:00 p.m. for its regular meeting, in the school cafeteria.

The Rotary Yoke has finally been removed from Rev. Gene Louder's neck to be worn by Laymon Newton. This yoke is worn in case a member misses Rotary Club and does not make up at another club.

The Rotary Club wishes to extend a welcome to a new member of the club, Jerry Harris.

Carl G. Anderson, Jr., farm management specialist with the Vocational Agriculture Division of the Texas Education Agency at Texas A&M University showed slides on Farm Management, to the club.

Tom Barfield of Haskell, was also a visitor.

The Rotary Club meets each Monday night at 7:00 p.m., in the school cafeteria.

J. Earle Seney Named "Airman Of The Month"

In special ceremonies September 28, 1964, A-1C J. Earle Seney will accept a bronze plaque for Honor Flight from Col. Walter Y. Lucas, Commander, 4082d Strategic Wing (SAC), United States Air Force.

Airman Seney has been named "Airman of the Month" for August, from the 4082d Combat Defense Squadron, stationed at Goose Air Base, Labrador.

Mrs. Seney is the former Mary Cameron, daughter of Mr. and Mrs. A. L. Cameron of O'Brien.

Mrs. Era Smedley of Wichita Falls, and Mrs. Troy Wright visited recently with Mrs. J. H. Wolf and Vera.

TRANSFERRED

Bill Rush has been transferred to Ft. Dix to complete his last two months of electronic schooling.

Steer Band Wins 1st Place

ACC Band Day, September 19, proved very successful for the Rochester Steer Band. They won first place in their division, winning a trophy and \$50.

After marching 11 blocks in the parade in downtown Abilene, ACC was host to some 20 bands for a delicious supper. When finished the bands met at Public School Stadium to rehearse for the halftime show of the East Texas - ACC football game.

During rehearsals the bands and their variety of colors filled the football field with sounds of the memorized music. Due to rain during the game, the halftime show was called off. Tickets were given to band members to go to the West Texas Fair.

Incidentally, the rain stopped after tickets had been handed out.

Crop Harvest Halted By 3-Inch Rain

The sun is peeking through the clouds for about the second or third time in over a week. Cloudy, overcast and cloudbursts of rain, have been the scene of our weather for the local area, and forecast is for a cool front tonight, (Tuesday) and possibly more rain.

Farmers in this area would really appreciate some dry weather now, at this harvest time. All cotton harvest has been brought to a halt, along with the maize combining. Farmers who have sowed or who are planning to sow wheat, are grateful for the moisture.

The early opened cotton and then the late making cotton on the same stalks are presenting a problem to farmers who have planned to use cotton strippers to harvest their crop.

The town has quite a few bracerios in it, and they are anxious to get down to business, pulling cotton. A few days of sunshine would soon get them on the job.

Jimmie Alvis Joins Faculty At NTSU

Denton — James Alvis of Rochester, will join the College of Arts and Sciences faculty at North Texas State University this fall.

Alvis has been named an instructor in the department of foreign languages.

A member of the American Association of Teachers of Spanish and Portuguese, Alvis received the B. A. degree from McMurry College. He holds an M. A. degree from the University of New Mexico.

Alvis served as a graduate assistant in Spanish at the University of Oregon in 1959 and was a Spanish instructor at an Abilene high school from 1961 to 1964.

Ben Williams of Knox City, Visited His Daughter, Mr. and Mrs. Spurgeon Neely and Family, Friday and Saturday.

Lowel Peters of Edmonson and Miss Minnie Johnson of Plainview, spent the weekend with Mr. and Mrs. Spurgeon Neely and family.

Mr. and Mrs. Howard Sloan, Becky and Sherry attended the West Texas Fair in Abilene, Thursday afternoon and night.

The Government will mint 4.3 billion coins this year, and more than twice that many next. But still there is a shortage. You can help alleviate this temporary shortage by keeping the coins you have in circulation.

1965 Cars On Display Sept. 24 - 26

This weekend, most of the new, 1965 model automobiles will be on display at your area dealers' showrooms.

The new 1965's will hit the floor, Thursday morning, and your dealers invite everyone to come out and look over the new cars before making your choice.

Several changes have been made in the '65 models, and they are sure you will find a car to your liking.

Inspect the new cars on display this weekend, and make your choice early.

Get Pictures Made And Printed Free

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Tuesday, September 29th. Pictures will be taken at the Rochester Reporter from 3 p.m. to 6 p.m.

No Charge To Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

The More Pictures The Better

This paper simply wants pictures of all the youngsters and the more, the better. So the mothers and fathers of the community in which this paper circulates should remember the date, Tuesday, September 29th, bring their children to the photographer.

You will be mighty glad afterwards, if you did and very very sorry if you do not permit your children to participate in this event. The kiddies will have fun and both mother and dad and the youngsters too will be very proud to see their pictures in print later.

Appointments may be had by Calling Mrs. G. H. Sloan, 925-3262 or the Rochester Reporter Office, 925-3331.

Graveside Rites For Moon Infant, Fri.

Graveside rites were held last Friday, for Tammy Glorlene Moon, in the Rochester Cemetery, with Rev. Cecil Foster, conducting the services.

She was born Thursday, September 17, at 10:30 p.m., and died at 1:15 a.m.

She is survived by her parents, Mr. and Mrs. Kenneth Moon; her paternal grandparents, Mr. and Mrs. Britt Moon; maternal grandparents, Mr. and Mrs. R. D. Cate; and a host of other relatives.

Gas Tax Claims Must Be Filed By September 30th

This is to remind farmers or ranchers that they must file by September 30th, 1964, for refund on gasoline used on the farm. Form 2240, U. S. Treasury Department, 1964, is to be used in making this request. **Farmers or ranchers can get these from their nearest Internal Revenue Office.**

The claim may be made only by the owner, tenant or operator of a farm or ranch situated in the U. S. and operated as a trade or business.

The gasoline to be included would be gasoline purchased before July 1, 1964, which was used on a farm or ranch after June 30, 1963, and before July 1, 1964, for farming or ranching purposes.

The term "farm" is defined as follows:

"The term 'farm' includes stock, dairy, poultry, fruit, fur-bearing animal, and truck farms, plantations, ranches, nurseries, ranges, greenhouses or other similar structures used primarily for the raising of agricultural or horticultural commodities, and orchards.

The term "farming purposes" is defined as follows:

"Farming Purposes — Gasoline shall be treated as used for farming purposes only if used—

"(A) by the owner, tenant, or operator of a farm, in connection with cultivating the soil, or in connection with raising or harvesting any agricultural or horticultural

commodity, including the raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and fur-bearing animals and wildlife, on a farm of which he is the owner, tenant, or operator; except that if such use is by any person other than the owner, tenant, or operator of such farm, then . . . the owner, tenant, or operator of the farm on which gasoline . . . is used shall be treated as the user and ultimate purchaser of such gasoline . . . ;

"(B) by the owner, tenant, or operator of a farm, in handling, drying, packing, grading, or storing any agricultural or horticultural commodity in its unmanufactured state; but only if such owner, tenant, or operator produced more than one-half of the commodity which he so treated during the period with respect to which claim is filed;

"(C) by the owner, tenant, or operator of a farm, in connection with —

"(i) the planting, cultivating, caring for, or cutting of trees, or

"(ii) the preparation (other than milling) of trees for

market, incidental to farming operations; or

"(D) by the owner, tenant, or operator of a farm, in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment."

The federal rate of tax on gasoline is at the rate of four cents per gallon. This claim should be filed with the U. S. District Director of Internal Revenue in your locality. **This claim will be allowed only if filed on or before September 30, 1964.** Only one claim a year may be filed.

You must have records, if

requested by the District Director, in order to be able to support the amount of refund claimed by you.

now! the beautiful shapes for '65

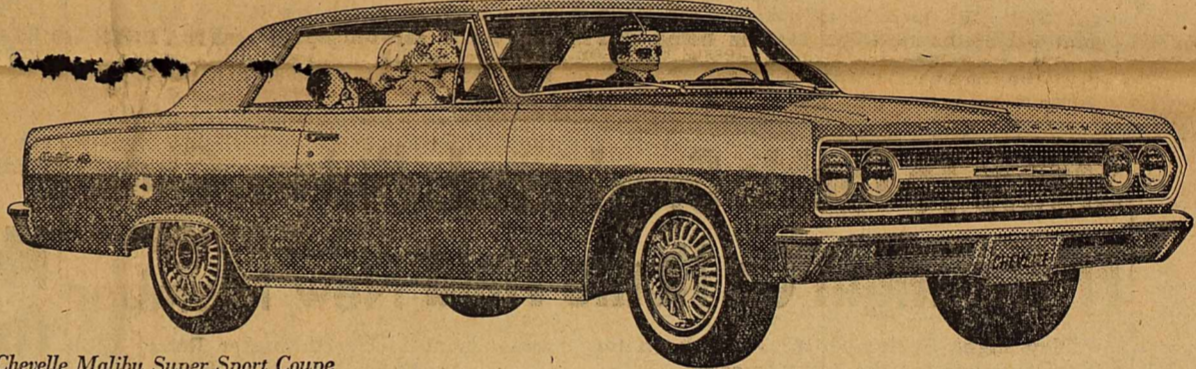

'65 Chevrolet Impala Sport Sedan

Chevrolet Impala '65

It's longer, lower, wider—with comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, an

instrument panel that's a conversation piece. In fact, just about everything's new right down to the road. And even that'll seem newer because the Jet-smooth ride is smoother than ever.

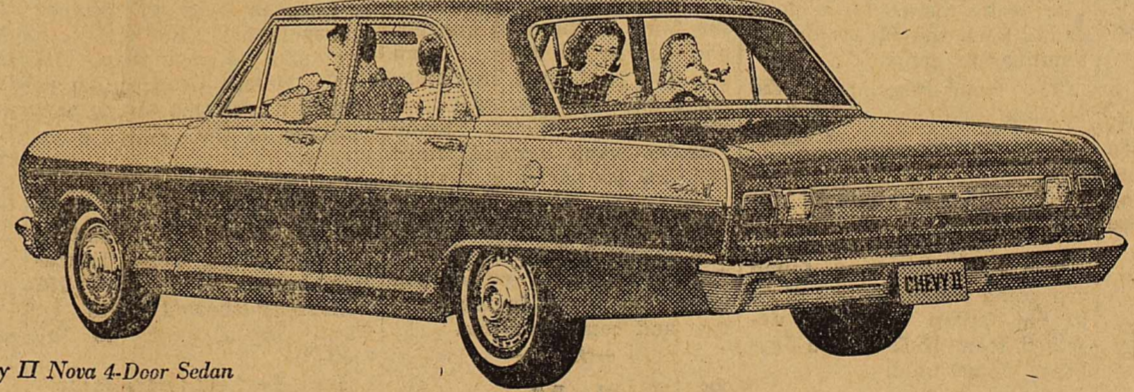

'65 Chevelle Malibu Super Sport Coupe

Chevelle Malibu '65

Here's all that made Chevelle America's most popular new-sized car—plus some new surprises. Like those cleaner, bolder lines. Like the silky way its new ride skims over the choppiest roads. Like

V8 power that'll make you think we stole some of Corvette's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong.

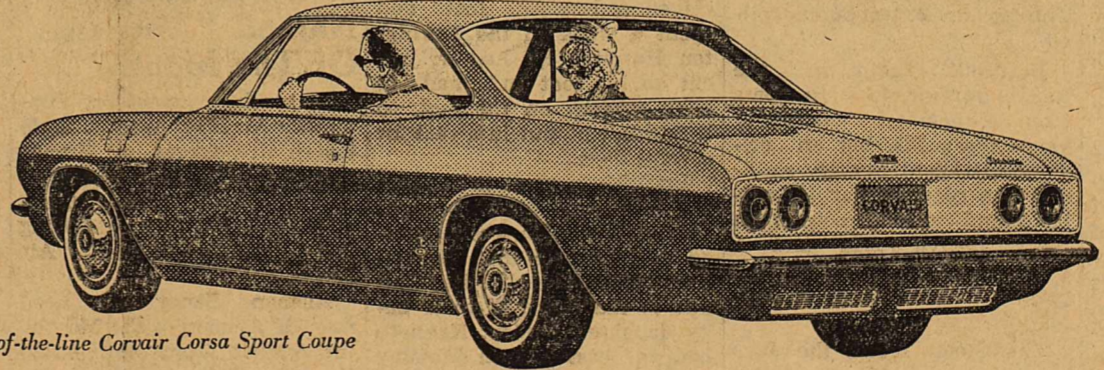

'65 Chevy II Nova 4-Door Sedan

Chevy II Nova '65

It may be the expensive-est looking thrift car you've laid eyes on. But thrifty it is. The big difference being that Chevy II's marvelous mechanical efficiency now wears a debonair new look. And

offers a new range of engines, including a new 300-hp V8. You could get the idea that saving you money was the last thing we had in mind—if it weren't for that price sticker on the window.

New top-of-the-line Corvair Corsa Sport Coupe

Corvair Corsa '65

How's this for sport with an international flair! The longer, wider design gives all closed models a hardtop roof, along with more shoulder and entrance room. And to go with the racier look,

there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension, more responsive steering and a wider road stance.

Weinert News

By MRS. O. C. RAYNES

WORKERS INSTITUTE

There will be a Sunday School Workers Institute in Weinert Tuesday September 29 at the Weinert Community Center. All of the Four-square Sunday Schools of the Wichita Valley Division will participate in the Sunday School program.

DIVISION MEETING

The Weinert Foursquare Gospel Church was host for the divisional fellowship meeting, Monday night September 14. All eleven of the Wichita Valley divisions were represented by their pastors and members. An afternoon service, evening meal and evening worship service was enjoyed by everyone.

INVITATIONS SENT

The invitations were mailed this week for the Weinert Homecoming October 3. There will be a group of students to present entertainment for all.

BIRTHDAY PARTY

Mrs. M. L. Raynes Jr. was honored with a surprise birthday party at her home Saturday evening, September 19. Hosts and hostesses for the affair were her children and their families: Mr. and Mrs. Felton Raynes, Larry and Shelly of Lawton, Oklahoma, and Mr. and Mrs. Earl Tynntor and Michael of Wichita Falls.

The focal point of the party rooms was a lace cloth-covered table having a centerpiece of red carnations. The following guests joined in extending best wishes and many happy returns to Mrs. Raynes, and in eating traditional birthday cake and home-made ice cream.

Those attending from Weinert were: Messrs. and Mmes. R. S. Edwards, M. L. Raynes Sr., R. L. Raynes and Betty, O. C. Raynes, Henry Vojkufka; W. H. Patterson and Pat of Rochester. Those attending from Munday were: Messrs. and Mmes. T. V. Yost and Tracy, Douglas McGrady. Also

sending special greetings to the affair were: Messrs. and Mmes. Pete Tanner, Rochester; Leonard Alexander, Weinert and R. L. Collingsworth, Wichita Falls.

CONTEST

The schools of Weinert are holding their King and Queen contest. Everyone should vote for their choice and stand by them to the finish. The school will need your help, so please help them.

ATTEND FAIR

Those from Weinert attending the West Texas Fair in Abilene, were: Mrs. R. W. Raynes, Delores Raynes, Larry Cunningham, Larry Caddell, Ronny Moody, Jimmie Hackney, Sue White, Mr. and Mrs. C. G. Hammer, Ronny Stewart, Mr. and Mrs. Melvin Vojkufka and Melinda; also Mr. and Mrs. Bill Chambers of Rochester.

BIRTHDAY PARTY

PATTERNS FOR PROGRESS

The Industrial Foundation - Tool for Community Development

In little more than ten years Industrial Foundations have been established in 182 Texas communities. These are communities — both large and very small — which have recognized the vital need for a community financing group in securing new industry.

Called by various names, the Industrial Foundation is a community-wide organization with the prime objective of creating payrolls. Its functions vary from community to community, but basically its purpose is to provide development funds for the land, brick and mortar required for new industry.

It is one of the best ways to show favorable community attitude towards new industry or to help finance the expansion of an existing local industry. By having community money invested in an industry the community becomes more interested in seeing that the industry profits and grows.

The Community Industrial Development Foundation is another PATTERN FOR PROGRESS.

WTU's area development representatives have information about the creation of industrial foundations. These facts are available to growth-conscious communities on request through your WTU local manager.

WINDOW PEEPER

There has been quite a scare in O'Brien the past two or three weeks. First the Sam Johnstons lost clothes from their clothes line, and last week someone was caught peeping in the Figueroa families' window. He was chased and no one got close enough to identify him. He appeared again Saturday at the Alphonso Del Hierro house. He was seen looking in a bathroom window. He was chased again.

He is leaving women's underclothing on the clothesline at each house where he is caught window peeping.

Everyone is advised to be on the lookout and proceed with caution. If he is seen at your window, call someone to come and help you without his knowing and the possibility of catching him will be better. This is a serious matter and not one to be shunned or laughed at by anyone.

Investigating the trouble Saturday night was Sheriff Garth Garrett of Haskell, also Sheriff H. C. Stone of Benjamin was there. Garrett returned at daylight Sunday morning and checked on further clues. Keep all doors and windows locked and a well lighted yard will help prevent the possibility of him appearing at your house, maybe.

Dan Wadzeck and Odell Cox visited with Mark Wadzeck in Dallas, last week. Mark has been very seriously ill, but is showing improvement now.

IT PAYS TO ADVERTISE!

Mrs. Gene Louder Elected President

Mrs. Gene B. Louder was elected president of the Stamford District Ministers Wives group, of the Methodist Church, at their organizational meeting for the year, held Saturday at the park in Stamford.

Other officers elected were: Mrs. Robert Brown, Albany, vice-president; and Mrs. James Taylor, Lueders, secretary and treasurer.

The meeting was held immediately following the ministers and their families' pic-

nic, which honored District Superintendent and Mrs. Hubert Bratcher. They were presented a gift from the group.

Mr. and Mrs. Lowell Peters and family of Edmondson, visited Saturday, with Mr. and Mrs. E. L. Ray.

Clyde Fletcher of Fort Worth, spent Friday and Saturday visiting Mr. and Mrs. Joe Fletcher and Chris.

Mrs. Joe Fletcher spent from Tuesday to Thursday in Dallas last week and this week.

To The Honorable Mayor
Members of the City Council
City of Rochester
Rochester, Texas

Munday, Texas
September 5, 1964

Gentlemen:

Pursuant to your request I have audited the books and records of the City of Rochester for the fiscal year of July 1, 1963 through June 30, 1964. I am pleased to submit herein my report.

My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary under the circumstances.

In our opinion, the accompanying statements and schedule fairly present the fiscal operations of the City of Rochester for the fiscal year ended June 30, 1964, in conformity with generally accepted accounting principals applied on a basis consistent with that of the preceding year.

My audit covered all funds, bonded indebtedness, tax roll, and short term loans. It was noted from the minute book that the Council had voted to borrow \$2,000.00 from the Stamford Savings and Loan Association, Stamford Texas, for the purpose of an addition to the city hall in which to house the fire trucks of the city. This note is to be repaid monthly in the amount of \$51.96.

I believe that you will find all statements and schedules to be self explanatory. I wish to thank the Council for the opportunity to make this audit, and I hope that I may be of service again in the future.

Very truly yours,
Travis Lee

Nancy Lippard, Semifinalist In '64-'65 Scholarship Tests

Supt. W. R. Baker of Carney (O'Brien) School, announced today (Thursday, September 24) that one of the school's students has been named Semifinalist in the 1964-65 Merit Scholarship competition.

He said they became Semifinalists through their outstanding performance on the National Merit Scholarship Qualifying Test. This test of educational development was given in more than 17,000 high schools last March.

The student cited for her high achievement is Nancy Jo Lippard.

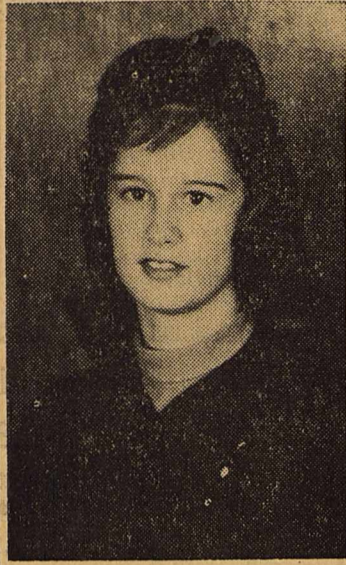

She is among 14,000 seniors throughout the country who attained Semifinalist status. The Semifinalist group is composed of the highest scoring students in each state and in United States territories. Each Semifinalist now moves a step closer to winning a four-year Merit Scholarship to the college of his choice. Semifinalists must substantiate their qualifying test performance on a second examination, be endorsed by their schools, and fulfill certain routine requirements to become Finalists. All Merit Scholars are selected from the Finalist group.

"Semifinalists are representative of our country's most intellectually able young people," said John M. Stalaker, president of the National Merit Scholarship Corporation.

"They possess the talents and qualities necessary for leadership in the future. They are resourceful, hard-working, and ambitious."

"In honoring them for their attainments, we should recognize also that others have contributed significantly to their success by encouraging the characteristics which produce high achievement. The Semifinalists thus bring honor not only to themselves, but also to their families, their teachers, and their communities."

To increase their opportu-

ities to obtain financial assistance if they need it, the Merit Corporation sends the names of Semifinalists to all regionally accredited colleges and universities and to other scholarship-granting agencies and financial aid sources. Studies show that about 50 percent of the Semifinalists obtain financial aid from sources other than the Merit Program.

In past years, about 98 percent of the Semifinalists have become Finalists. All Finalists receive a Certificate of Merit in recognition of their outstanding performance in the program. As Finalists, the students will be eligible for scholarship awards sponsored by NMSC and about 230 business corporations, foundations, colleges, unions, trusts, professional associations, and individuals.

In this last phase of the competition, the high school grades, creative accomplishments, leadership qualities, extracurricular activities, and school citizenship of the students will be evaluated along with their scores on the tests.

About April 23, 1965, the names of the Merit Scholars will be announced, the exact number depending on the ex-

QUARTERBACK CLUB MEMBERSHIP GROWS

Membership in the Quarterback Club now numbers 91, just 9 short of the 100 member goal. Everyone interested in joining the Club is urged to attend the meetings on Thursday nights. Films are shown at these meetings of the game of the previous week, and if a film is available, one is also shown of

tent of sponsor support of the Merit Program. In 1964 NMSC and sponsors together awarded about 1,625 Merit Scholarships.

Each Merit Scholarship is a four-year award to cover the undergraduate college years. The recipient's stipend is tailored to his need.

Awards may reach a maximum of \$6,000 for the four years of college. For students who already possess financial resources which will enable them to attend the college of their choice, the awards are \$400 for the four years. Stipends now average about \$800 a year, or \$3,200 for the four college years.

A Merit Scholarship is also a form of "educational insurance" for the student who receives it, because the amount of the stipend will be increased at any time if there is a significant change in college cost or in his family's financial situation.

Finalists designate the college they wish to attend and the course of study they plan to pursue. The colleges chosen by the Merit Scholars in most instances also receive supplementary grants.

NMSC and sponsors have thus far contributed almost \$21 million in direct financial assistance to Merit Scholars and their colleges. This amount is exclusive of obligations to the 5,000 Merit Scholars now in college.

The Merit Program was established in 1955 with grants from the Ford Foundation and the Carnegie Corporation of New York. In 1962 the Ford Foundation announced an additional grant to continue the program through 1970.

About 9,100 Merit Scholars have been appointed to date. In addition, thousands of other outstanding participants have been helped in obtaining aid from other sources, and colleges have been assisted in their efforts to locate the intellectually able.

The number of students in Texas who had this test were 31,673. Nancy's score was 145.

Mr. RHS

Mr. RHS this week is large for his age—6 feet tall, 180 pounds large. He has brown hair and brown eyes. He was active in all sports but now he has the hardest foot in town. This boy is well liked by everyone in high school and I'm sure you will have no trouble guessing Mr. RHS. Last week's Mr. RHS was Bill Penman.

Miss RHS

If you hear any strange noises coming from the senior class, you can bet that Miss RHS is behind it all. This girl has brown, no, it's white, no, it's black hair with eyes to match. She goes with a boy in the senior class. Put these two together and look out. See if you can guess the identity of Miss RHS. Blue eyed Diana Lynne Harper was last week's Miss RHS.

FEATURE WRITING

"The Student's Responsibility"
By Marsha Shaver

In planning programs for the coming year, the program committee of one of our school clubs, analyzed school situations over the state and in our school and found that school drop-outs, school spirit, and good grooming were three areas which could be improved and which should be brought to the attention of everyone including students, teachers, and parents. These interrelated topics combine to give a student the knowledge, experience, and incentive he needs to become a more responsible student.

Everyone is, or should be, aware of the school drop-out situation. Even our own school is affected by this problem. What causes students to drop out of school, give up their education, and have less chance of leading a successful and happy life? I think the main reason for quitting school is lack of interest in school activities. To get the full benefit of a high school education, one must participate in extra-curricular

activities. School is not just books and lessons, but it is also organizations and sports which help to make a well-rounded, well-adjusted individual.

Individuality should definitely be emphasized. No student is gifted in every field of studies or sports. That is especially why students should join different clubs to see which activities their interest lies and to see to which they are willing to give their best.

It is true that too many of these activities can hinder an education, but standards of the school specify that a student keep up his studies if he is to participate in them. These extra activities can also help a student determine what field of work he would like to enter. Interest in these activities creates interest in the classroom. Interest creates school spirit which in turn lowers the number of school drop-outs.

One would think that since football season is here, school spirit at Rochester High would be at a high level, building toward the district games. Beat tags, band practices, pep rallies, and victory signs should be adding to the autumn football feeling. What's the matter then? All of these things can't create "spirit" and "pep". The students with the help of the teachers arouse the spirit which makes things more exciting and usually makes the season better.

How does one acquire school spirit? At first he may have to force himself to yell at pep rallies, volunteer to sell "beat" tags and make signs, and attend games. But once he gets in the mood it comes naturally and he realizes how much he has been missing. Perhaps some will try it and see how easily it spreads from student to student.

The program committee decided that special emphasis should be placed on good grooming. Good grooming is not the most expensive, fashionable clothes, but it is being dressed appropriately and being neat and clean. The football boys have helped promote this project. Since they "dressup" on Fridays, we girls certainly can't let them show us up. Each student can help promote this project and make it go all year round by setting an example for everyone. It is the responsibility of our parents and teachers to provide opportunities for us to join clubs and organizations and to encourage us. It is our responsibility as students to join in and participate in these activities so that we can learn to accept responsibility, live up to the standards of the organizations, help us obtain knowledge, and make our high school days as enjoyable and memorable as they should be.

SENIOR NEWS

By Karen Hollingsworth
We wish to thank everyone that helped with our work day this past Saturday for making it a big success.

For those seniors that are in chemistry, the crystal ball foresees long nights of hard study or else low grades the next morning.

We seem to need more school spirit and really get out and fight to win at the next football game. We lost this last week, but we are going to win this week! Let's go Steers and win!!

JUNIOR NEWS

By Linda Tibbets
The juniors are selling magazine subscriptions and would like to sell everyone the magazine of his choice. This is the main thing in which we will make our money this year. We would appreciate anything you might do for us. Thank you!

Everyone who went to the fair in Abilene Saturday had a very good time. We are also proud of the Band's first in marching.

We are getting well adjusted

to all our classes. I'm sure everyone will agree that the first three weeks have fairly flown by. Six weeks test will soon be arriving, and we will have to review again.

We, the juniors, hope that everyone will come out and back the Steers Friday night when they play the Knox City Greyhounds. Come On! What 'ya say we get the "ole" spirit rolling again?

SOPHOMORE NEWS

By Cheryl Brown
The sophomore class is glad to have Bill Roberson back in school this week. Bill is recovering from a cracked knee.

The sophomore class will have a work day Saturday, Sept. 26. We will haul trash, wash cars, and have a bake sale. There should be many cars that need washing after the rains, so if your car needs washing, contact a sophomore and we will go after the car and bring it back after it has been washed. If anyone would like a cake or pie we would be happy to deliver it to you. Also be sure you have a large amount of trash, because we would be glad to haul it.

The sophomore class will sell stadium cushions and pennants when we receive them. Anyone needing a cushion or pennant contact a sophomore, we'll be glad to sell it to you.

FRESHMAN NEWS

By Laela Salman
We freshmen have really been busy these first weeks of high school. Getting used to the rush of getting to classes has been a lot of fun and we all thank others for being so patient with us.

In Homemaking I the girls have made aprons and are starting on skirts.

In Ag. I the boys have been making stools.

In Drivers Education, Mr. Wilson is still trying to teach us the right side of the road from the left and how not to run into other cars.

At the beginning of school we elected our 1964-65 class officers. They are as follows: president, Ava Jean Posey;

vice president, Phillip Gaunt; secretary, Melinda Burt; treasurer, Peggy Hollingsworth; reporter, Virginia Mullino.

We all think the football boys are ready and eager for the game with the Knox City Greyhounds Friday night. Let's all go out and support our team for a winning victory.

FOOTBALL NEWS

By Raymond Greenwood
The Rochester Steers played Jayton Jaybirds on the Jaybird Field, Friday night. The Steers made a better showing than they had previously, but unfortunately the score showed that a lot of hard work is needed on the part of the Steers.

Next Friday night will find Knox City Greyhounds at Field's Stadium battling with the Steers. This should be quite a game with lots of excitement. Don't miss it!!

SPEECH NEWS

By Janice Reid

The speech class had a very interesting study last Friday of people making a speech. We studied how a person who is making a speech becomes ill at ease, unnatural, frightened, nervous, or scared. We criticized the speaker as to the way his words were pronounced, and where one could understand what he was saying; was his voice too high, too low, or harsh; and was his thoughts and language arranged coherently. These are all good points on which we will practice if we have these difficulties.

This week we did something that was interesting and different. When we started to give our current events, a sheet of paper was passed to us with a rating scale on it of articulation, phonation, and adjustment to the speaker.

FFA NEWS

By Bud Adkins

This year our agriculture classes are really getting into this new year in a big way.

First off, our freshman class is learning how to construct a stool with simple carpenter tools.

Our sophomore class is making its way through the world of insects. They are studying entomology.

The junior class is studying the crossing of animals and plants. This study is called genetics.

By this you can see that our year in agriculture is going to be interesting.

STEERETTE GOALS

By Brenda Dunlap

Rochester's Steerettes went to Haskell September 21, 1964, to take their physical examinations. After arriving they went into the clinic and waited—and waited and waited. After what seemed like hours,

the nurse came in and called for the girls. They were weighed and measured first, then came the physical. The doctor checked the girls' blood pressure, heart, lungs, throat, teeth, and legs. All went well, and as usual, with the girls who had been to Haskell last year, but there were a few "nervous" freshman girls — and Cecelia Moon wasn't the only one! The doctor reported that "these girls were in as fine physical condition as any he had ever examined."

Coach J. Wilson drove the bus and accompanied the girls to Haskell. The girls that went are: Cheryl Brown, Linda Tibbets, Diana Lynne Harper, Marsha Shaver, Brenda Hollar, Brenda Dunlap, Judy Herring, Penny Helton, Ginger Mullino, Cecelia Moon, Melinda Purt, Peggy Hollingsworth, and Oralía Barrios.

BAND NOTES

By Judy Herring

The Rochester Steer Band would like to say, "Thank You" to the Jayton Jaybird Band, who hosted a reception after the Rochester - Jayton football game. The refreshments of punch and donuts revived the band members for the trip home.

Saturday the Rochester Band was happy at winning first place in marching, in the ACC Band Day Parade. We enjoyed the rehearsal in Public School Stadium, although the halftime show was called off because of the rain. The Fair made up for all dis appointments, even if half the students did come up with colds.

Rehearsals are on again for the halftime show for Friday night, when the Knox City Greyhounds play the Rochester Steers in Fields' Stadium. The band is again backing the mighty Steer team, so

Suzanne Stephenson, John Paul Knouse Marry, Aug. 29

White Gladiolas and chrysanthemums decorated the church for the wedding of Suzanne Stephenson and John Paul Knouse. The Rev. Henry Mood officiated at the double ring ceremony, Saturday, August 29, at Irving's First Methodist Church.

The bride's parents are Mrs. Luther James Stephenson of 1537 Mayflower Dr., Irving, and the late Mr. Stephenson. The groom is the son of Mr. and Mrs. Lynn Knouse, 506 E. 8th St., Irving.

J. D. Beazley gave his niece in marriage. her gown was fashioned of silk organza, with a fitted bodice, accented with pearl embroidered Chantilly lace. The full skirt fell in a chapel train. Her veil of illusion was attached to a pearl incrustated caplet, and she carried a cascade bouquet of carnations and orchids.

Ann Grisham was maid of honor. She wore a formal length empire dress of lime green, with a matching bow of velvet and net.

Don Scott served as best man. Ushers were Robert Teutsch and Ronald Bates. Organ music was provided by Mrs. E. H. Riddle and soloist, Clay Hornsby.

A reception at the church followed the ceremony. Included in the reception party were, Carmen Jean Beazley of El Dorado, Arkansas; and Martha Roe Greer and Susan Rockwell of Irving.

The couple spent their wedding trip in San Antonio. As

a travel costume, the bride wore a brown and black silken cotton outfit with a white linen portrait collar. She wore brown accessories and an orchid corsage.

Both the bride and groom are Irving High School graduates. The bride has attended the University of Dallas and Southern Methodist University. The groom also has attended Southern Methodist University, where he is a member of Pi Kappa Alpha. They plan to live in Irving and continue studies at SMU.

Out-of-town guests at the wedding were, Mrs. Katie Berry, Mr. and Mrs. Joe Stephenson and Judy Stephenson of Enid, Oklahoma; Mrs. Bernard Bowman and Mrs. Racil Driskill of Oklahoma City; Mr. and Mrs. V. C. Stephenson of Abilene; Mr. and Mrs. John D. Cranor and David and Clayton of Tulsa, Oklahoma; Mr. and Mrs. J. D. Beazley, Jeanie and Patsy of El Dorado, Ark.; and Mrs. Dan Crowe of Vivian, La.

Sears Park Is Revival Site For Spanish

The Sears Park on Ambler Street of Abilene, Texas, will be the scene of a week-long Baptist Revival October 4-7. Evangelist Francisco Lemus Serrano will preach in Spanish as part of the current Latin American Baptist New Life Crusade.

Latin Americans are especially invited to the services which began at 8 o'clock each evening.

Rev. Mr. Serrano is pastor of 1st Spanish Baptist Church, Detroit, Michigan and is a foreign language instructor in the school at Garden City, Michigan. He is married and has five children. He is a native of El Salvador, Central America.

The Evangelistic Singer for this meeting is Francisco Rolando Bilbao. He is soloist and song leader with the Argentine Baptist Convention and in evangelism work in Costa Rica. He served as soloist with the Billy Graham Crusade in South America.

Latin American Crusades are sponsored by the Baptist General Convention of Texas. In addition to the crusade in Abilene, local Latin American Baptist Churches have each concluded a week of services and a week of revivals in tents throughout the area.

Dr. T. A. Patterson, executive secretary of the 1.6 million Texas Baptist, announced earlier that the crusades are designed to reach 2½ million unevangelized Latin Americans in Texas with the Gospel.

Churches in Mexico and New Mexico along the Texas border are also participating in the Latin American Baptist New Life Crusade.

TOP — This is the impressive new Oldsmobile Jetstar 88 Holiday Sedan with its roomier, strikingly styled body, re-designed chassis, Jetfire Rocket engine and optional Jetaway transmission. One of four Jetstar 88 body styles, the Holiday Sedan displays a sweeping new roof line. The Jetstar 88 is a lower priced companion to the Dynamic 88.

BOTTOM — Distinctively new for 1965 is the Delta 88, a deluxe companion to the Dynamic 88. The Holiday Coupe shown is one of three models offered. All are powered by Oldsmobile's new 425 cubic inch Super Rocket engine with an optional Turbo Hydra-Matic transmission. The graceful tapered design of the Holiday Coupe is complemented by a newly fashionable interior with a sporty new front seat, with a split back and dropping center arm rest.

MATTSON HOMECOMING

Principal speaker for the Mattson Homecoming, Saturday, September 26, will be Dr. Don Smith, a 1954 graduate of Mattson High School, and son of Mr. and Mrs. Henry Smith. Dr. Smith, a member of the United States Air Force, will address the group following entertainment by the "Cotton Pickers" of Rule, and recognition of returning alumni.

The program begins at 2 p.m., with a barbecue served at 5 p.m. The football game between Mattson and Putnam will begin at 8 p.m. During the half-time activities, the homecoming queen will be announced and crowned.

UNITED FUND

Allen Rieves was elected president of the Haskell United Fund at a breakfast meeting of the board of directors, Tuesday. He succeeds Joe Williams.

Other officers named were: Wayne Bradford, vice-president; Porter Oakes, secretary; and Mrs. W. A. Lyles, treasurer. Mr. Rieves appointed Rev. Douglas Finch, First Presbyterian Church pastor, as chairman of the admissions and budget committee.

A timetable for operation of the fund raising drive was set up at Thursday's meeting, at Felker's Cafe.

MARY JANE BROWN FUND

The Mary Jane Brown Fund is depleted and there is an urgency for aid to this cause.

Mrs. Brown, suffering from lateral sclerosis, is unable to walk or talk and must have someone with her at all times. If you can contribute to this cause, to pay for the much needed medicine and the housekeeper, you may do so with Mr. Abe Turner, Jr., at the Haskell National Bank. All donations are deeply appreciated.

CHAMBER OF COMMERCE

The Haskell Chamber of Commerce, in an effort to raise \$13,500 to revitalize the chamber and hire a manager, sent out some twenty-five volunteers to contact the present members. These members are asked to increase their membership dues. A drive was then made to add new members to the organization. The results of these drives were reported by Don Muenzler, to the board of directors at a meeting Tuesday morning, September 22.

Miss Kathy Dorner has accepted the job as secretary for the Haskell Chamber of Commerce. She succeeds Mrs. Jerry Jetton, who resigned September 18.

ENROLLED IN SCHOOL

Mr. and Mrs. Truman Murphy, former Haskell residents, have enrolled in North Texas State University, in Denton. They began classes last Thursday.

A business session was held after which refreshments of ice cream, donut twists, punch and coffee were served to, Opal Alsbrook, Neat Bevel, Lillian Buerger, Pansy Harris, Donna Thomas, Jewel Lea Wallace, special guests, Peggy Harris, and Julie Wallace, and the hostess Ruby Lee Brown.

B&PW CLUB

The B&PW Club met recently at the home of Mrs. Roy Johnson. Mrs. W. P. Trice, president of the Haskell Business and Professional Women's Club, opened the first meeting with a discussion of "Responsibility of Full Partnership".

A garden supper was served honoring eight past presidents.

ROTARY CLUB

A film of the 1963 World Series, put out by Coca Cola Bottling Company, was shown at the Rotary Club meeting, September 17. Bob Herren was program chairman.

Curtis Johnson and J. F. West of Stamford were visiting Rotarians. Rev. Douglas Finch was a guest of Ira Hester, and Miss Judy Anderson was student guest of the month.

LIONS CLUB

Gerald McCoy, Haskell High School science teacher, was in charge of the program at Tuesday's Lions Club meeting. He gave a talk on the advancement in the field of science.

A discussion period, with questions and answers about scientific progress, completed the program.

UNITED FUND

October 12-31 has been set as dates for the annual fund raising effort of the Haskell United Fund. September 24, at 7 p.m., has been set as the time for completion of organizational efforts.

There are three separate segments: advance gifts, employe divisions, and general solicitation. Allen Rieves is president of the 1964-65 drive.

FAMILY REUNION

The Tidwell Family Reunion was held recently with 115 persons present. There was lots of food and everyone enjoyed visiting throughout the entire time.

All the children were there except one son, C. W. Tidwell of Freeport.

Those attending from Haskell were, Mrs. May Larned, the Jack Harveys and Ben, the W. D. Larneds and sons, Jerre Colbert, Joy Burestrom, the N. J. Do you need a new car
...or just NEW RINGS?

let your Doctor of Motors install
PERFECT CIRCLE PISTON RINGS
and restore original power and economy

There's no need to buy a new car just to enjoy the thrill of new-car engine performance again. Instead, head for your experienced garageman, your Doctor of Motors. He's a capable mechanic who'll stop oil burning and put back new-car power with Perfect Circle Power Service products. He'll install Perfect Circle piston rings that will double piston and cylinder life. PCs are the ring sets specially-designed to fit each specific type of engine. They're precision-machined—have a thick, solid chrome surface that is super wear-resistant. They keep their perfect fit for thousands of extra miles—deliver the kind of new-car power and economy you remember. And to make sure you won't lose oil through valve guides, your Doctor of Motors will install Perfect Circle Valve Seals, too. See him today . . . and specify these Perfect Circle Power Service products for your car.

See And Test Drive The

The New FORD for '65

The 1965 Ford is the most-changed in the 15-year history of Ford Division. The traditional, round Ford taillight is replaced by a modernistic hexagonal shape in keeping with the crisp, elegant look of the new Ford. Luxury styling is combined with a luxury car ride described as so smooth and so quiet the heater and air conditioner fans had to be moved into the engine compartment because their low-toned whirr was distracting. A luxurious new Ford Galaxie 500 LTD series (above) features an interior of quality and style previously obtainable only in higher-priced cars. Five separate roof lines are offered with interior and exterior trim features to give greater distinctiveness to each of the 17 models than ever before.

The complete line of 1965 Fords — two- and four-door hardtops, sedans, convertibles and station wagons — will be introduced in Ford dealer showrooms on Friday, September 25.

Scholarship Awarded By GI Forum to Alexandra Silba

A scholarship award of \$200.00 was given to Miss Alexandra Silba at a dance at the Corral Hall at Haskell. Miss Silba is a 1964 graduate of Rochester High School. She is attending Cisco Jr. College. She is studying to become a teacher.

Alexandra was a 90% average student, and was a participant in almost all school activities. She is a very well liked girl and always has a smile for everyone.

She was presented the award by the American GI Forum of Haskell and presented as the "John F. Kennedy" scholarship in Memory of our late president. We, of the GI Forum feel that in helping Alexandra a little bit towards her goal, she will in turn strive to help her fellow Americans toward a better tomorrow.

Miss Silba's proud parents are Mr. and Mrs. Tim Silba of Rochester. She was a member of the FHA where she received her pin. She was a basketball player also. We are

very proud of Alexandra and we wish her all the best wishes in the future.

We are equally proud of another member, as also are his parents, Mr. and Mrs. Willie Galindo. We are proud to be able to give two scholarships.

Another scholarship of \$200.00 was presented to Almo Galindo of Haskell, by the American GI Forum of Haskell.

Almo is a 1964 graduate of Haskell High School. While in school, he was a member of the Spanish and Drama Club. The drama class went to Lubbock for the district and he was in the group. Almo is attending Wayland Baptist College in Plainview. He plans to major in Sociology.

We, of the GI Forum, feel very proud to be able to help in some small way, those citizens and leaders of tomorrow, who in trying to better their education and knowledge, will someday look back upon us and with a smile of assurance, let us know that we had a small part in helping them to build a better land in which to live. We believe in our Motto: "Education is our Freedom, And Freedom should be Everybody's Business."

Mrs. Manuel Casillas, chairman of the Auxiliary, wishes to let everyone in Haskell County and surrounding counties know that without the help of all those people who go to our dances, also the votes for our queen contestants, and those that, week after week, help out at the dance, and ladies Auxiliary who sell at the concession stands, these awards would not be possible, without all of us working together. Again, thank you for your help.

We have already started working toward scholarships for next year. So if you see us coming with a bag of cookies, a can of candy, we hope you will buy one. Then you can feel that you have done your part to help educate one of the leaders of tomorrow.

Some retail merchants hold onto small change to save trips to the bank. Today there is a temporary shortage of halves, quarters, dimes, nickles and pennies. It would be a big help if everyone would put any surplus back into circulation.

Nine Rural Accidents In Haskell Co.

The Highway Patrol investigated nine rural traffic accidents in Haskell County during the month of August, according to Sergeant Frank Jirek, Highway Patrol Supervisor of this area.

These wrecks accounted for two persons injured, and an estimated property damage of \$185.00.

The rural traffic accident summary for Haskell County from January through August shows a total of 40 crashes resulting in two persons killed, 15 persons injured, and an estimated property damage of \$19,075.00.

The statistics compiled as a result of these accidents and their consequences are very alarming. However, they are increasing and more people are being killed or injured each year as a result of someone's inadequate driving procedures. In addition, crimes of all kinds including murder, rape, armed robbery and burglaries are increasing at an alarming rate nationally as well as in our own state of Texas.

In order to try and save some of the lives lost each year and help combat the increasing crime rate, the Patrol Sergeant requests everyone to encourage eligible young men to inquire about a

It's Field Trip time in Kindergarten already. Pre-schoolers ventured out in proper procedure (hand in hand by two's) down the street (on the proper side of course) behind a selected leader (never

position with the DPS as a law enforcement officer.

According to the Sergeant there are over one hundred vacancies in the Patrol Services of the Department and a training school is scheduled to start in November. Men between the ages of 21-35 years who have a high school education and desire more information about a career in law enforcement are invited to contact any member of the DPS for the additional requirements as well as job benefits and an application form.

The Sergeant stated that the examinations will be given the second Saturday in October, throughout the State, for the November training school.

traveling very far apart) and went to the Band Hall. Mr. Venable had carried his Band to Abilene to enter a contest and they had won a trophy, which we wanted to see. We discovered that there were several trophies on display besides this latest one. Mr. Venable very graciously explained other interesting things in the Band Hall to us. We thank him for giving us some of his time.

Jerry Don Hudgens and Camey Glover attended the West Texas Fair in Abilene, last week and gave us a report on the good times they had. We had already been watching TV during the week and now we have a pretty good idea about the Fair as a whole.

WSCS News

Mrs. Grady Newsome was the leader of the program for the WSCS, of the Rochester Methodist Church, at their meeting, Monday afternoon, at the church.

The program theme was, "Mothers of Other Cultures." Mrs. Gene B. Louder gave the opening prayer, followed by the singing of the hymn, "Christian Home and Family."

Mrs. Phil Simmons spoke on "The Changing Roll of Women." Mrs. Odell Cox's subject was, "Christian Missions and Women", "How Do They See Us", was the theme of Mrs. Newsom's talk. The closing prayer was given by the organization's president, Mrs. Dan Wadzeck.

The worship setting was an open Bible beside an arrangement of flowers in a small basket, on a table.

Mrs. R. A. Shaver, Jr., will be in charge of next week's program.
