## Reno Has Nothing On Meadow

We noticed from an article in the Lubbock Morning Avalanche a few days ago that any student of the public school in that city would be excused from classes to go fishing if they would bring permit from home and a fishing license. The school officials of Meadow school have informed me that they will not allow Reno to get ahead of them. A permit from home and fishing license is all needed to be allowed to go fishing on the day fishing season is opened at Rich Lake.

## Be Careful In Buying

Meadow persons who are planning on buying gas appliances should make some investigation before you allow some slick tongued salesman talking you into a trade. There are three appliance dealers in Meadow, any one of whom would be glad to trade with you. Here is one

thing you may rest assured of, that the one who offers you more trade in for your old stove or what have you than it is worth has padded his price to take care of it. After all is said and done, at home is a fine place to trade.

### Senator Formby To Support Omnibus Tax Measure

Declaring that he believed it is necessary for the State to raise at least \$20,000,000 to meet its social [security obligations, Senator Formby said this week he intended to vote for the omnibus Tax bill, soon to be voted on by the

Texas Senate.

"I have always been opposed to a sales tax," Formby said, "and I think we can raise this money by a fair tax upon natural resources and upon other taxable products. We have already disposed of one big issue when we raised the truck load limit" he pointed out.
